AGREEMENT SUBMITTED BY COMPANY

Water Company Submits Tentative Agreement for Sale of Plant to City

TERMS ARE NAMED

Members of the Escanaba city council last night took another forward step in negotiations that may result in the purchase by the city of the plant of the North Michigan Water company for \$298,650.

A tentative agreement for the purchase of the plant, prepared by attorneys for the water company was submitted to the council last night and was referred to the water committee and city attorney.

In addition the council last night adopted a resolution empowering the mayor and city clerk to sign the agreement between the city and the water company when it has received the approval of counsel for the city.

The resolution also provides that should the agreement be signed the question of purchasing the plant shall be submitted to the electors of Escanaba at the November election. The mayor and finance committee, also by the resolution, are empowered to negotiate and enter into a contract, if they deem it necessary, for the sale of bonds for the purchase of the water company's property.

The agreement offered by the water company provides that in the event the people of Escanaba vote to purchase the plant \$138,000 of the purchase price will be accepted in bonds of the city to replace bonds now outstanding against the water company. It is further agreed by the company that should the city desire to pay the remaining \$160,650 in bonds, such bonds, running for 20 years and bearing interest at the rate of 5 1/2 per cent, will be accepted by the company. The agreement provides that the principal of the \$138,000 shall be paid \$5,000 annually beginning on March 1, 1919, while the principal of the \$160,000 issue will be paid at the rate of \$10,000 a year.

Following is the resolution adopted by the council last night, authorizing the taking of additional steps in negotiations for the purchase of the plant:

Resolved, by the council of the city of Escanaba, that the offer of the North Michigan Water company for the sale of its property to the city of Escanaba for the sum of Two hundred ninety-eight thousand six hundred and fifty (\$298,650.00) Dollars, be accepted, and that the agreement submitted to the city by the North Michigan Water company be approved by this council, subject to any changes that may be made by the attorneys for the city and that after any changes that may be made by the attorneys for said city the mayor and city clerk are authorized to sign said agreement for and in behalf of said city.

Be It Further Resolved, that after said agreement is duly executed by said Water company and said city, the question of whether or not the city shall purchase said property at said price and as to whether or not the city shall issue its bonds for the purpose of paying therefor, shall be submitted to the electors of said city at the general election to be held in said city in November, 1918.

Resolved Further, that the mayor and finance committee are hereby authorized to negotiate and enter into a contract if they deem it necessary for the sale of the bonds for the purchase of the property of the North Michigan Water company;

Resolved Further, that any contract that the mayor and finance committee may enter into shall be null and void in case the electors of the city do not approve of the purchase of the property of the North Michigan Water company.

Resolved Further, that the city attorney be directed to prepare the necessary resolutions to submit the question of whether or not the city shall purchase said property at said price and issue the bonds of said city for same.

AUSTRIANS NEAR MUTINY

Stock Market Is Not Shaken By Peace Note

New York, Sept. 17.—While a few freakish movements of stocks were seen here yesterday, as a whole the market were staunch. The weakness is contributed to the fact that the news from London regarding a "peace conference" led to buying which sent some stocks up but as a whole the day was quiet. This is American business' answer to the request for a peace conference.

7 BILLION IS WANTED FOR WAR COSTS

Will Need Two Billion More Than Earlier Figures Monday Show

COMES IN MANY GROUPS

Washington, Sept. 17.—The revised estimate of the cost of maintaining the army to June 30, 1919, has swelled the army deficiency bill to \$7,347,727,602.32. These figures were made public today by Representative Sherley, chairman of the house appropriations.

When Mr. Sherley left his office yesterday he stated that something over \$5,000,000,000 would be needed but added requests received today raised that figure by \$2,000,000,000.

The largest item in the list of requests is for \$2,000,000,000 for armaments and fortifications. This means that the above will be spent for heavy siege guns and light field pieces during the next six months. The next largest is \$1,777,850,000 for the transporting of men and supplies.

A temporary office building in New York is to cost \$2,250,000.

Changes Needed.

The task of the appropriations committee is to ascertain how much of the money must be available immediately and make recommendations as to the total to be included in the new revenue bill. Chairman Kitchen of the House Ways and Means committee who has charge of the \$8,000,000,000 revenue bill, stated that he will not attempt to find ways of adding the \$2,000,000,000 to the provisions of the measure, which means that he expects to leave it to the senate finance committee to decide.

It is believed that consumption taxes will add the above amount, if the senate finance committee decides to make such a recommendation.

Boer General Is To Visit United States

London, Sept. 17.—Gen. Jan Christian Smuts, celebrated former Boer leader, and now a member of the war cabinet without portfolio, is to visit America for six weeks. His mission will be to establish closer "political and military relations."

General Election In Great Britain Coming

London, Sept. 17.—A general election in the British Isles is now certain. Authoritative information to this effect was secured by the correspondent of the Universal service today.

U. S. Weather Forecast

Forecast: Wednesday fair and continued cool; gentle to moderate shifting winds.

REFUSE TO FIGHT FOR THE KAISER

Secret Order of Ludendorf Captured Recently Shows up Sinking of German Army's Morale.

USE OWN BALLOONS

BULLETIN. London, Sept. 17.—Two mutinies in the Austro-Hungarian forces are reported from Tyrol, according to Geneva dispatches. The Austrian soldiers refused to go to the west front to fight with the Germans.

With the American Army in Lorraine, Sept. 17.—Germany insists on her pound of flesh from Austria.

Prisoners taken in the Lorraine sector assert that the "kaiser's general staff demanded 200,000 Austro-Hungarian troops to help the Germans on the west front, in return for that number the kaiser loaned Emperor Charles in the Italian drive last autumn."

Secret Orders. A captured secret order signed by Ludendorf himself demands vigorous suppression of utterances concerning a possible revolution in Germany.

The order it appears, was prompted by the talk of German soldiers on leave. The remarks of a party of men were overheard by an officer who reported the conversation to the general staff and as a precautionary measure. Ludendorf forbids the carrying of small arms by soldiers on leave.

Care for Graves. A group of French women trudged miles through the dust yesterday to place flowers on the graves of American soldiers who fell in the Vosges drive.

In dug-outs and nests captured by us today, a number of American uniforms and helmets were found, supposedly for the use of spies working in our ranks.

Use Own Balloons. For the first time all observation work in this area was done by our own balloons. In the past we have depended upon French balloons for this work. Our observation planes penetrated 10 miles behind the German lines and returned with information of much value.

Silence Gunners. Early today, German machine gun nests north of Jaulny annoyed our advance patrols for several hours, when the men finally asked permission to silence them. They wiped them out in half an hour and returned cheerfully to their former positions.

Urges Leasing Plan For Public Oil Land

Washington, Sept. 17.—Government control of the mining industry in the western states, including the oil fields and deposits of coal, iron, copper, gold and silver, will be necessary very soon unless a bill is passed permitting the leasing of oil lands in the public domain. These were the assertions of Senator Pittman of Nevada, who greatly deprecates, he said, a situation which would make further government control necessary. Senator Pittman was substantiated by Senator Borah of Idaho, who predicted that public ownership will come to these industries in a very short time.

Plotters In Portugal Foiled By Government

Madrid, Sept. 17.—Several arrests in connection with a plot against the Portuguese government, were made here today. The plotters had planned to seize all railways and cut off communications to Lisbon.

Local Boards Will Send Them Out Today

Washington, Sept. 17.—Local draft boards will begin today, the work of mailing questionnaires to registrants between the ages of 19 and 20 and 32 and 36. They are to be sent out at the rate of ten per cent a day or faster if the boards are able to send more. The registrants are to be given ten days to return them, which means that they will be in by October 5.

LID ON BEER AFTER FIRST OF DECEMBER

President Signs Proclamation Which Will End Use of Foodstuffs In the Manufacture of Intoxicants.

WILL CONSERVE FOOD

Washington, Sept. 17.—President Wilson today signed a proclamation putting an end to the manufacture of beer after December 1. The order bans the brewing of food stuffs in beer after October 1 and between October 1 and December 1 brewers may make pure hops and malt beer. They may market the stock on hand as long after December 1 as the sale is permitted.

The order is to conserve food and fuel. The brewers will have a supply sufficient to last the country from two to six months, it is estimated, so that the order will not immediately withdraw all beer from the market.

New Officers Will Begin At The Bottom

Washington, Sept. 17.—All new officers in the United States army will be enlisted first as privates and sent to training camps and schools. Failure to qualify for positions will return them to the ranks. It was stated here today. No new men will be given ranks higher than second lieutenants and further promotions will be made entirely on merit, it was stated. In special branches where technical training is necessary, civilians may be accepted but men in the ranks will be given first chance. The new program will include a process of weeding out those not qualified.

Sixty-Five Planes Teuton Planes Downed

London, Sept. 17.—Sixty-five German airplanes were brought down by British flyers today. The British lost sixteen machines. Thirty-five tons of bombs were dropped on various German targets.

313,000 Troops Go Over In One Month

London, Sept. 17.—More than a quarter of a million troops were transported to Europe by the United States during the month of August, the navy department announced today. The exact number was 313,000, the publicity bureau said. Of these 180,000 were brought over on British ships.

Women Hired For Work In Chicago Office

Chicago, Sept. 17.—Postmaster Carlisle today appointed 56 women as clerks in the mailing department of the local postoffice. These are the first women here to be named for this sort of work.

LAND LAUDS WILSON FOR BRIEF REPLY

Washington Settles Down to Work of War—No Excitement When Reply to Note is Sent.

ANSWER SENT YESTERDAY

Washington, Sept. 17.—The capital settled down today to the business of winning the war. Save for the Senate and House where the president's reply to the Austrian peace suggestion was commended in glowing terms, there was no "peace talk". Wilson's 68 word message had ended all discussion of the matter.

All day the White House received telegrams from all parts of the country, from men and women, millionaires and proprietors of rural cross roads stores, praising his stand and the directness of his words. Editorial comments were also highly favorable.

Were No Changes. There were no changes in the copy of the note as dispatched. It was sent to the Swedish embassy where Minister Ekengren received it for transmission. There was not a ripple of excitement.

At the State Department there were no references to it. Neither was it mentioned at the cabinet meeting. At the allied embassies there was enthusiastic praise for the answer but no talk of peace.

"All in all, the president's 68 words were the finest tonic the country has been given since the entry of the United States into the war."

Nine Perish In Fire In Button Factory

Newark, N. J., Sept. 17.—Nine girls, men and boys perished in flames here today when entrapped on the fourth floor of the American Button company plant. Five other girls, who are in hospitals, are expected to die. About 135 were in the building and 35 on the fourth floor when an explosion below caused by the contact of an exposed electric wire with a lacquer can, took place. The flames reached the windows quickly and many who climbed down fire escape ladders were severely burned. One girl who leaped from the fourth floor died a few moments afterward. The loss of so many lives is said by labor inspectors to be due to a panic which followed the explosion.

Cardinal Farley Is Dead In Eastern Home

Maronáneck, N. Y., Sept. 17.—Cardinal Farley died at 9:17 this evening after a long illness, during the larger portion of which but scant hopes were entertained for his recovery.

Cardinal Farley was born April 20, 1842, in County Armagh. At the age of seven he was left alone by the death of his parents. He received his early education at St. Martin's college near his home and when still a young man he was persuaded to come to America. Here he finished his education, with the exception of a course in the American college in Rome. His rise was rapid.

His death removes one of the best-loved men in the church world.

Bolshiviki Troops Licked Is Report

Amsterdam, Sept. 17.—The Berlin press quotes the Bolshhevik organ, Pravda, as saying that allied troops including Americans had put a force of Bolshheviks to rout south of Archangel on Sept. 12, after a bitter fight.

Huns Would Withdraw From Enemy Territory

Copenhagen, Sept. 17.—The newspaper Politiken learns that a prominent German now in Stockholm, has declared that the Germans would be willing to withdraw their troops from foreign soil during a peace conference in Alsace. While the authority for the statement is not known, it is believed to have been inspired by the Wilhelmstrasse, as a part of the peace offensive.

MORE DOPE ON RUSSIA GIVEN OUT

Creel Continues Series of Articles Which Show Up Character of German and Russian Usurpers.

WOULD KILL LOYALISTS

Washington, Sept. 17.—As a tragic and impressive idea of what a "Man-in-Berlin" peace conference would resemble, the Committee on Public Information continued the publication of official original documents or photographic copies of letters that passed between the Bolsheviki government and the German rulers.

How the Brest-Litovsk treaty was violated by the consent of Lenin and Trotsky and the other information revealed are the most striking examples of the "Tutun" idea of a "negotiated" peace. Some of the revelations are summarized below:

1. The assassination of all "loyal" and patriotic Russian generals.

2. Dastardly plots against General Brevelich, head of the Russian general staff in Petrograd, who was overthrown and succeeded by a man "hand picked" by Berlin.

3. Suppression by military forces of all patriotic Russians both soldier and civilian, who sought to save their country from disgrace, disaster and plunder.

4. The treachery of Lenin and Trotsky and their agreement to the treaty as it affected the Ukrainians—similar to all at the present time.

5. Complete brotherhood of Germany, Austria and Lenin and Trotsky as early as November, 1917.

Planned Before Treaty. It is to be borne in mind that all these things were planned before July 4, 1918, the day Petrograd received official notice of the signing of the treaty.

They took place at a time when Russia was supposed to have been at war with the Central Powers.

Leaders Have Fled.

The actual desire of the treason of the Bolsheviki chiefs was to enable Germany to release her Russian front army for the big drive of March, 1918, in the west. The climax of that ill-fated campaign is now history.

Cable dispatches show that the discredited betrayers of the Russian people have been cowed by the storm of anger and have flown from their last place of refuge in Russia.

It is pointed out that Sisson's success in securing the damning evidence shows the collapse of Germany's boasted secret service as well as her diplomatic forces and her retreating armies.

Reichstag Sticks To July Peace Terms

London, Sept. 17.—The majority leader in the Reichstag, according to advices in Amsterdam, decided today to "stick to" the July 7 resolution for a peace without "indemnities or annexations." The correspondent adds that when the body reconvenes there may be a new discussion.

YANK PATROL GAINS MILE IN LORRAINE

ACTIVITIES OF YANKS ARE LIMITED TO PATROL AND OBSERVATIONS.

ITALIANS ARE ACTIVE

Macedonian Front Holds Center of Interest for the Day—French and Serbian Progress.

BULLETIN.

Paris, Sept. 17.—American troops on the right wing of General Pershing's army in Lorraine according to LaLiberty, have reached Vandieres on the Moselle, a little more than a mile west of the German border and half way between Pangy sur Moselle and Font a Mousson.

BULLETIN.

London, Sept. 17.—The Franco-American advance so close to the Lorraine border has struck terror into the Rhine towns, the Geneva correspondent of the Daily Express learns. He reports that the Germans are preparing for evacuation of Muehlhausen, the important Alsatian town which figured so prominently in the fighting earlier in the war.

BULLETIN.

Washington, Sept. 17.—The following communique from Pershing was made public tonight by the war department:

"Section A—In the St. Mihiel sector the day was quiet except for artillery and aerial activities and patrol encounters in which we captured prisoners. Enemy raids in the Vosges were repulsed."

BULLETIN.

London, Sept. 17.—A fresh gain of at least a mile was registered during the last 12 hours by the right wing of the American army in Lorraine. Pershing's combat patrols at last accounts, had entered Vandieres, only a mile from the German border.

Against the American left flank, the Germans reacted during the last 24 hours with great vigor but without the slightest success. A further German retreat in the Moselle valley is indicated. For the present Pershing is marking time and the comments of all critics hint at important developments before many days have passed.

MACEDONIAN FRONT IS HOLDING SPOT

Meanwhile, in point of fighting, the Macedonian front is holding the center of the war stage. Up to late this evening, Serbian and French troops had captured 30 guns and 4,000 prisoners and penetrated the third line of the Bulgars at Gradnita.

Nearly 50 miles east of the scene of the Franco-American success, Greek forces made substantial progress on the Vardar line. A Jugo-Slavic army participated in the allied attacks on this front and acquitted itself with honor and valor.

Earlier in the day, the Serbian official statement gives the total advance as five miles on a wide front. Latest reports indicate that it has not slackened.

The allied Macedonian offensive is likely to upset the German plan to bring Bulgars to the west front where German man-power has been cut down seriously by the recent campaigns and her Austro-Hungarian allies fight only under threat of death if they do not.

VIENNA REPORTS MORE ITALIAN RAIDS

Vienna, via London, Sept. 17.—"Yesterday morning following a fire, the Italians attacked Drenova, the Soleroale," says tonight's

war office statement. "They were driven back."

GERMANS BURN TOWNS IN YANK FRONT

London, Sept. 17.—The German, according to the Evening Star, are burning towns in the Moselle. The writer says that their conduct is taken to mean another large scale retreat before the American army and hints at more and interesting developments.

AMERICANS HELPED IN MT. HEMMEL BATTLE

At the British Front, Sept. 17.—It is now permitted to say that the 27th division composed of New York troops and the 30th division of North and South Carolinas and Tennesseans helped the British in the capture of Mt. Hemmel and thus, the first American blow on Belgian soil took place on August 31 and September 1. The Americans advanced more than a mile in the two days.

AMERICANS ADVANCING TOWARDS VANBIERES

With the American Army on the Lorraine Front, Sept. 17.—Activity today entered on the banks of the Moselle, below Pagny where our forces sent their patrols in the direction of Vanbieres for considerable distance.

BRITISH GAIN GROUND IN FLANDERS

London, Sept. 17.—The British today gained ground near Holcon. 2 1/2 miles northwest of St. Quentin. Field Marshal Haig reports in the north, German posts near LaBasse were captured and two British posts near Neuve Chappelle were established.

SERBIANS CROSS RIVER AND TAKE CITIES

Paris, Sept. 17.—The Serbians have crossed the Brandesina and in a junction with the French in a new drive in Macedonia, took Chien Heights, Colobie, Kozlak and the defenses around Zbrozke. More than 4,000 prisoners and 30 guns are reported by the war office. In the west the statement reports only local action.

Delft Club Is Offering Prize

Manager Olmsted of the Delft club has hung out a couple of cash prizes for bowlers at this establishment to try for until midnight on Sept. 30. The first will give the producer of the highest score a \$5 bill and the second man will receive \$3.

Adam Henry Is Made Supervisor

Adam J. Henry was last night appointed as supervisor from the first ward, succeeding J. P. Miller, resigned, by the unanimous vote of the city council. The name of Mr. Henry was proposed by Ald. James Tolan, and the election by unanimous vote followed immediately.

Resolutions of Thanks Passed

Members of the city council last night adopted resolutions expressing the thanks of the city to Mrs. Nellie F. Green of Detroit, for her action in donating to Ludington park a drinking fountain that will be erected in the memory of Attorney and Mrs. J. C. Jennings. A copy of the resolutions will be placed on the records of the city and one copy will be forwarded to Mrs. Green.

All Street Names Are Now Changed

To include all of the streets of Escanaba in the renaming plan adopted by the council a year ago, the aldermen last night adopted an amended ordinance. In the first ordinance three streets in North Escanaba were omitted from the list and in the ordinance adopted last night they were included.

Want Permission To Veneer Store

The city council last night referred to the building committee, a communication from the Needham Electric company requesting permission to brick veneer and stucco the sides and rear of the frame building at 921 Ludington street.

Two Insane Men Are Held At Jail

Richard Quarry, a sailor who claims Chicago as his home and Abraham Freybert, a woodsman, are being detained at the county jail to be examined as to their sanity. Quarry came to the city aboard an ore carrier while Freybert, who has been employed by the Post Office, came from

OLD GLORY NOW FLYING IN LONDON

American Activities Bring Home Near To Visitors In Capital of British Empire.

"DIST. OF COLUMBIA"

London, Sept. 17.—London has a miniature "District of Columbia" Victoria—that busy section in the heart of this throbbing, war-charged metropolis—is rapidly becoming the American colony of England.

It is here where one can neither turn to the north, south, east nor west without a sight of the Stars and Stripes floating from some window in one or another of the great houses in the neighborhood.

In this section are located the headquarters of General Biddle, Admirals Sims, American Red Cross, American Nurses' Club, American Officers' canteen and other American institutions.

The United States Navy go here first. Admiral Sims with a vanguard of a staff, arrived in England as commander-in-chief of American Naval forces in European water within two weeks after the United States entered the war. Now he supervises 150 warships of all classes and nearly 40,000 officers and men. His headquarters—a miniature admiralty by itself—buzzes with activity day and night. He now has a large staff, including Captain Twining, chief of staff, and Commander Babcock, chief aide.

Down the street, a half a block or so, is the headquarters of General Biddle. The United States Army has established a regulation "lines of communication" base in London under General Biddle, who has charge of training camps, rest camps, aerodromes and other military institutions.

The American Red Cross headquarters adjacent is in charge of Major Endicott, assisted by Mrs. Whitelaw Reid, wife of the late American Ambassador to England and others.

Nearby is the American Nurses club, formerly a commodious, beautiful mansion, which was turned into the club as a result of the work of the Viscountess Harcourt, of New York, a relative of J. Pierpont Morgan, and other American women here.

She is doing yeoman service also as honorary secretary of the American Woman's Relief Fund and active head of the American Red Cross Hospital for officers at Lancaster Gate.

Lady Alastair Innes-Ker, daughter of W. L. Breese, of New York, is managing the Y. M. C. A. Washington Inn for American and Allied officers, in St. James' square. Lady John Hubert Ward, daughter of Mrs. Whitelaw Reid, is also a busy war-worker. She is the wife of the commandant of the hospitals in London and Regate.

Will Remain Cool Says Weather Man

Local weather observer, H. H. Spindler said yesterday in his daily statement: Within the last twenty-four hours rain fell in the Missouri valley, the region of the Great Lakes, the west portion of the North Atlantic States, and in the southwestern states. Pressure has risen generally in the interior sections and it is cooler in the Mississippi valley and southwest.

The indication are that the weather will be generally fair in this locality tonight and Wednesday. It will remain cool with probably frost tonight.

Will Furnish Information

Superintendent of Schools F. E. King has received a number of inquiries recently from young men who desire to enroll as students in the Student Army Training Corps, to be organized at all of the important universities and colleges for men of draft ages. The government pays the soldiers \$30 per month and gives them technical training needed by army officers. Mr. King will be glad to talk the matter over with any young men interested.

Atty. Gerald Clifford of Green Bay is in the city on professional business.

Too Late To Classify

LOST—Between Strand theatre and Jacob street, on Elmore, Ludington or Jacob, lady's hand purse containing \$20 in bills and change. Finder return to 809 Jacob street or Phone 123W, and receive reward.

Miss Vera Martin has returned to her home in Chicago, after visiting with her brother here.

SOCIAL NEWS

Entertainers for Guests. Mrs. N. LaChapelle entertained a number of friends at her home on Ludington street, Monday evening, in honor of Mrs. Derosier and Mr. and Mrs. Derosier of Iron Mountain, who are visiting here. The evening was spent in dancing with dainty refreshments in conclusion.

For Chicago Guest. Mrs. Kahlo entertained at her home on Mary street Tuesday afternoon in honor of Mrs. Jack Richardson of Chicago who are visiting here. The afternoon was spent in playing cards. At the close of the party dainty refreshments were served by the hostess.

London, Sept. 17.—At the annual meeting of the British Pharmaceutical society, the president, C. A. Hill, dealt with the rapidly dwindling supply of drugs. Incident to the war.

In some instances he said, stock are becoming dangerously low—in fact, are approaching exhaustion—and are not replaceable without Government assistance. Among the drugs referred to in the address were the following: Asafoetida—Almost a famine prevails in this article, as with most others from the Persian Gulf.

Calumba Root—There is at present a famine in this drug, and anything available would fetch more than 12 times the pre-war price.

Cascara Sagrada—Stocks have diminished steadily and the price is steadily advancing.

Ergot—Little is coming in from Russia, and the market is now dependent on Spain and Portugal.

Galbanum—Is now unobtainable.

Liquorice Root—The present price is fourteen times as great as the pre-war price, and the quality is very inferior.

Balsam of Tolu—The shipping difficulty is responsible for the scarcity.

Jalap—Owing to scarcity prices have quadrupled since the war.

Saraparilla—Owing to its bulky nature shipping space can seldom be secured.

Turmeric—The market is bare of all grades.

The following drugs from enemy countries are quite unobtainable: Storax, hebeore, Austrian stramonium, uva ursi, scammony, Turkish opium, Turkish tragacanth, Bulgarian atar of roses.

Fortunately the cultivation of certain drugs in this country has furnished adequate supplies; these drugs are colchicum (digitalis), poppy heads, belladonna and henbano.

Council Transacts Grist Of Business In Record Time

Members of the city council last night gave action to many routine and special matters.

Members of a special investigating committee recommended that the matter of purchasing a truck for the municipal lighting plant be deferred until next spring.

The action of the mayor and clerk in issuing an order for the new motor sprinkling truck for \$8,200 was approved.

A request from the Northwestern road to connect a sanitary sewer with the trunk sewer at North Escanaba, filed a year ago, was renewed last night and was referred to the sewer committee.

A petition from the members of the fire department to increase their salaries \$10 a month was referred to the fire and finance committees.

To prevent flooded basements in homes on the sanitary sewer line into which water from the boilers at the Escanaba Manufacturing Company's plant is emptied, the city engineer recommended last night the construction of a sewer between the plant and the trunk sewer at a cost of \$1,100.

A communication was received by the council from J. C. Kirkpatrick announcing that his suggestion made a few weeks ago that the feasibility of fixing a rate for electric current that would allow it to be used for cooking in homes of the city had been misunderstood. Mr. Kirkpatrick announced that if a rate of 3 cents a kilowatt could be provided, electricity at that cost would be placed on the same basis as coal at \$10 a ton.

Diarrhoea in Children. For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

INSTITUTE TO BE FULL OF INTEREST

Splendid Program in Store for the Teachers of Delta County—Many Prominent Speakers.

WILL COME NEXT WEEK

Of wide interest, is the program for the Delta County Teachers' Institute, which meets here next week.

The list of speakers secured for the event by Superintendent of Schools F. E. King, conductor, and School Commissioner C. U. Woolpert, chairman of local arrangements.

By order of State Superintendent Keeler of Lansing, the meeting has been designated as a "State Institute" and all teachers who return attendance blanks, properly filled out, will be given full pay for the days they attend.

The Staff. The staff includes the following: F. E. King, conductor. C. U. Woolpert, Escanaba, chairman of local arrangements.

Dr. C. O. Hoyt, Ypsilanti Normal. Miss Etta Michaels, Milwaukee State Normal. Dr. E. A. Steiner, Grinnell, Ia. E. J. Willman, Gladstone. Miss Francella French, Escanaba. Miss Avis Edgerton, Escanaba.

Public Invited. The public is invited to attend all of the sessions of the institute and a special invitation is issued to the parents of children in the schools of the county. The meeting will be held at the Escanaba high school. The program in detail, follows:

- Monday.
- 9:00—Music.
- 9:15—"Education as World Building"—Dr. C. O. Hoyt.
- 10:00—Intermission.
- 10:25—Music.
- 10:30—Reading—E. J. Willman.
- 11:10—Delta County School Problems—C. U. Woolpert.
- 11:40—Noon Intermission.
- 1:30—Music.
- 1:40—Interest and Course of Study—Dr. C. O. Hoyt.
- 2:30—Music.
- 2:40—School War Work Activities—F. E. King.
- 3:10—Intermission.
- 3:20-4:00—Round Table—Primary and Intermediate Section in High School Music room.
- 3:20-4:00—Round Table—Grammar and High School Section in High School Assembly room.
- Tuesday.
- 9:00—Music.
- 9:15—"Language Work in Primary Grades"—Miss Etta M. Michaels.
- 10:10—Intermission.
- 10:20—Physical Education Exercises—Pupils, led by Miss Avis Edgerton.
- 10:40—"Geography and History"—Dr. C. O. Hoyt.
- 11:40—Noon Intermission.
- 1:30—Music.
- 1:40—"Vocational Aspects of Education"—Dr. C. O. Hoyt.
- 2:30—Intermission.
- 2:40 to 3:45—Round Table—Primary and Intermediate Section in High School Assembly room. Topic, "Supplementing Work in Phonics" led by Miss Etta Michaels.
- 2:40 to 3:45—Round Table—Grammar and High School Section in High School Music room.
- Wednesday.
- 9:00—Music.
- 9:15—"Dramatization as a Mode of Expression"—Miss Etta Michaels.
- 9:50—"The Problem of Race Patriotism"—Dr. E. A. Steiner.
- 10:50—Intermission.
- 11:00—"The Art of Teaching"—Dr. C. O. Hoyt.
- 11:40—Noon Intermission.
- 1:30—Music.
- 1:40—Physical Education Exercises—Pupils, led by Miss Avis Edgerton.
- 2:00—History, National Consciousness.
- 3:10—Problems in Juvenile Literature—Miss Etta Michaels.
- 3:45—Adjournment.

Senior Class Elects Heads

A meeting of the Senior class of the High School, was held Monday evening after dismissal. The following officers were elected:

President—Charles Gosner. Vice president—Catherine Joddy. Secretary—Ernest Desilets. Treasurer—Cornelius Van Donk.

Italian Gives Bond To Trial

August Posonta, one of the Hermansville men arrested on a charge of bringing liquor into the state a few days ago was released yesterday on a cash bond of \$200 for an appearance in district court. An effort is being made to secure bail for his "partner" arrested at the same time on a similar charge.

Expect To Visit Cloverland Fair

Escanaba will be well represented at the Cloverland fair in Stephenson today. Indications were last night that 40 or 50 auto loads of local people will make the trip. Stephenson folks came to the Escanaba fair in large numbers and it is expected that the visit will be repayed with interest.

Services For Bittner Babe

Funeral services for the infant son of Mr. and Mrs. John Bittner, 1211 Stephenson avenue, were held yesterday afternoon, Rev. C. A. Lund officiating. Interment was in Lakeview.

Fire Protection Is Badly Needed By The Birdseye

The necessity of providing fire protection for the plant of the Birdseye Veneer company was called to the attention of the aldermen last night by C. P. Byrne, general manager for that company, and prompt action was proposed by the aldermen.

It was proposed by Aldermen Tolan and Wood that a four inch main be laid this fall from the nearest hydrant to the plant that greatly needed fire protection may be at once afforded.

Mr. Byrne appeared before the council last night and made a strong plea for the granting to the company protection against loss by fire and once won the support of the aldermen, all of whom expressed themselves as anxious to grant the request as soon as the necessary plans can be carried through.

The matter was referred to the water committee to report at the next meeting with a plan of action.

Work on the proposed new road leading to the plant of the Birdseye company was delayed again last night because no bids were received from contractors.

The city clerk was instructed to re-advertise for bids to be opened at the next council meeting.

Christmas Gifts For Soldiers Over There Are Planned

Christmas gifts for soldiers will be shipped this week, according to present indications.

The whole question, however, of continuing the practice, limiting the quantity, or eliminating gifts entirely, is now before General Pershing, it became known today.

The war department has assigned an officer whose sole duty is to straighten out this problem. While details are not available, it was said officially at the war department that present indications are the Yanks will get their gifts.

As the force is far greater than last year this practice would mean the use of a tremendous tonnage. Hence, it is quite probable that some scheme of reducing the size of packages will be enforced, provided General Pershing does not counsel eliminating the gifts altogether.

War department authorities in touch with the situation believe that the stimulation of morale, resulting from remembrances of the folk at home, will be sufficient to warrant taking even the much needed tonnage such a course requires.

Senior Class Elects Heads

A meeting of the Senior class of the High School, was held Monday evening after dismissal. The following officers were elected:

President—Charles Gosner. Vice president—Catherine Joddy. Secretary—Ernest Desilets. Treasurer—Cornelius Van Donk.

Services For Bittner Babe

Funeral services for the infant son of Mr. and Mrs. John Bittner, 1211 Stephenson avenue, were held yesterday afternoon, Rev. C. A. Lund officiating. Interment was in Lakeview.

SON IS VISITING WITH BEREAVED MOTHER

Pierre M. Sweig, who is stationed at Fort Benjamin Harrison, Indianapolis, Ind., has arrived in the city to visit with his mother, Mrs. Schultz. Mrs. Schultz within a few weeks has received official notice of the death in action of one of her sons and the wounding of another.

Great Military Hospital Is Ready For Yank Wounded

London, Sept. 17.—American wounded will be splendidly housed at a new military hospital near Southampton, which, when completed, will accommodate nearly 3,000. The site comprises 186 acres with half a mile frontage on Southampton water, where fishing and boating will add to the well-being of the patients. Ten acres of vegetable garden will be intensively cultivated, and the hospital will also produce most of its dairy requirements, its bacon, eggs and poultry.

With the old Manor House, containing fifty rooms as a center, nearly 400 acres of frame huts will be built. The central corridor will be 1,900 feet long, opening on either side into the wards, which will accommodate from 60 to 100 patients each. Contracts signed by the American Red Cross provide for the opening of the hospital with about 400 beds available in six weeks.

Some of the beds will be located in tents of the Eosoneau type, with windows set in the wall for light and air. The hospital, situated on one of the most beautiful spots of Southern England, will be the largest American military hospital in this country.

For a Weak Stomach.

The great relief afforded by Chamberlain's Tablets in the multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

Boyce Winner Of Golf Title In Final Match

Dr. W. B. Boyce won the city golf championship at the local links Sunday from C. J. Harney by 6 up and 4 to go. The contest was an interesting one and witnessed by a large crowd of spectators. The event was the finish to a highly successful and spectacular season, which closed with a long list of entries in the qualifying rounds for the title. Dr. Boyce played a consistently top-notch game all through the season and both he and his nearest competitor, Mr. Harney, have clinched their places at the top of the upper peninsula golf ladder.

WHY RUN-DOWN PALE EXHAUSTED WOMEN SHOULD TAKE IRON

"There can be no beautiful, healthy, rosy-cheeked, steady nerves without iron. When the iron goes from the blood of women, the roses go from their cheeks—their charm and attractiveness depart. I always insist that my patients take organic iron—Nuxated iron—(not metallic iron which often corrodes the stomach and does more harm than good). Nuxated iron is easily assimilated, does not blacken nor injure the teeth nor upset the stomach. It will increase the strength and endurance of weak, nervous, irritable, careworn, haggard women in two weeks' time in many cases. I have used it in my own practice with most surprising results."—Ferdinand King, M.D., well known New York Physician and medical author. (Satisfaction guaranteed or money refunded—On sale at all good druggists.)

County Board Proceedings

Mr. Harmon, president of the Upper Peninsula Development Bureau, appeared before the Board and outlined the work the Development Bureau had done in the past, and requested a donation from the County Board to continue the work.

Moved by Supervisor Riley supported by Supervisor Good that the donation requested by Mr. Harmon be referred to the Finance committee. Motion carried.

Moved by Supervisor Atkins supported by Supervisor Chatfield that the meeting adjourn until two o'clock this afternoon.

AFTERNOON SESSION. All members present excepting Supervisors Frank Johnson and J. P. Miller.

Whereas, George Nebel, a member of this Board, from the City of Gladstone, Michigan, has enlisted in the service of our Government, and given up his seat as a member of this Board.

And Whereas, this Board, for and on behalf of Delta county, appreciate the great service said George Nebel is rendering our country in the great and righteous world war now waging.

Be It Resolved, That this Board hereby records its deep appreciation of George Nebel's conduct, in enlisting in the service of our government and hereby extends the sincere hopes of his safe return to our midst.

Be It Further Resolved, That there be added to the Service Flag on the wall of the Court Room, another service star, to represent the entrance into the service of said George Nebel, and to stand in his honor, during his absence.

Be It Further Resolved That a copy of this resolution be sent to his family by the Clerk of this Board.

Moved by Supervisor Soren Johnson supported by Supervisor Daniels that the resolution be adopted. Motion carried.

Your committee on claims and accounts respectfully submit the following as their report, recommending the allowance of the several amounts as given and that the clerk be authorized to draw orders for the same.

Save on Wheat

That St. Mihiel saloon had very much the shape of an appendix, yet it's doubtful whether the German government will be any better off for having it removed.

A lot of otherwise perfectly good people are making a terrible fuss over being forced to burn soft coal in their furnaces this winter. And two million Yanks on the battle front will cogitate themselves lucky every time they can locate a smoke trench stove.

Fears were expressed in some quarters that the war relief train would not attract a stable crowd in Escanaba. The actual size of that crowd can best be estimated by those who were mannaled and hauled for four hours to the jam—and then didn't get within hailing distance of the train.

Revelations contained in actual documents, showing that the Bolshevik government of Russia was inspired, backed and is being supported by the German government, form conclusive proof of matters the people of the United States have known for months.

THE FOURTH LIBERTY LOAN.
The campaign for the Fourth Liberty Loan begins September 28 and closes Oct. 19. The American people, therefore, are called upon to raise a large sum of money in a shorter length of time than ever before. There is need, therefore, for prompt action—prompt and efficient work and prompt liberal subscriptions.

We have a great inspiration for a great effort. The news from the battle front inspires every American heart, not only with pride and patriotism but with a great incentive to do his or her part. There is no shirking, no shifting of the individual burden, no selfishness by American soldiers in France; there should be none here. We are both supporting the same country and the same cause—our Army in one way, ourselves in another. There is the harder part, but at least we can do our part as promptly and loyally and efficiently as they do theirs.

A DAILY DUTY.
Each day every American soldier in France is confronted by a great duty. Our army there has a great task to perform for our country, for the world, for civilization, and for humanity. Our soldiers are doing their duty with a courage and ability and efficiency that thrill every heart.

Each day every American citizen at home is confronted by a great duty as a duty as imperative upon him or her as the duty of our soldiers is upon them. The American people have

Unpatriotic?

great task to perform. It is to support to the limit of their ability our Army, our Navy, our country at large. To work with increased energy and efficiency so that our national production may be increased; to economize in consumption so that more material and labor and transportation may be left free for the uses of the Government; and with the resultant savings to support the Government financially; it is the daily duty of every American citizen. It is a duty that will be met by every American whose heart is with our soldiers in France, who glories in their courage and fighting ability and their success.

IT WAS EXPECTED.
In answer to Austria's, Kaiser Wilhelm inspired, peace proposal, President Wilson has given the answer at America hoped he would make.

"The government of the United States feels there is only one reply which it can make to the suggestion of the Imperial Austro-Hungarian government. It has repeatedly and with entire candor stated the terms upon which the United States would consider peace and can and will entertain no proposal for a conference upon a matter concerning which it has made its position and purpose so plain."

Speaking for the entire Entente Allies, the head of the government of the United States has vigorously and rightly rebuffed what must be considered as the opening gun of a determined Hun peace campaign.

With soldiers of the United States standing on Germany's border, bombarding Germany's cities and towns with a vigor and spirit that is copied only after Germany's treatment of hundreds of cities and towns of Belgium and France, the cry for peace from the murderers of innocent women and children, the desecrators of every land they invaded, was to be expected.

FEW CHANGES IN THE NEXT LEGISLATURE ANTICIPATED

Lansing, Mich., Sept. 17.—There seems to be every probability that the next state legislature will be made up practically as was the last, for most members of both houses who asked for nomination in the recent primaries and now ask for re-election will be again chosen to serve. It is believed.

Forty-nine members of the lower house, 43 of them republicans and six democrats, were renominated. Mr. and Mrs. F. J. Byrne have returned from a visit in Superior. Rev. Father Dufort was over from Garden yesterday.

CLOVERLAND

ENROLLMENT FALLS SHORT.

Although there was an excess enrollment in some of the precincts, the registration for the first district of Marquette county, as a whole, fell somewhat below the government estimates. With the omission of Turin township, which has not made returns as yet, the enrollment reported by the board is 3,071. The estimated registration, on the basis of the government's figures, was 3,395, so the district will be about 300 names behind the government's estimate.

All that has been learned of the registration, however, indicates that the response was general, and there is not a known case of slacker in the district, though it is inevitable that some men who should have registered failed to do so, either through neglect or through an unwillingness to obey the law.

FINES GOING UP.

Eighty-seven dollars was the fine imposed upon Jake Kirinsky, when he was arraigned in Menominee municipal court, before Acting Judge Geo. Barstow, on the charge of bringing booze into the state.

The large fine indicates that the denominee officials intend to punish all violators of the liquor traffic law to the fullest extent, and shows that nothing will be laid aside in an effort to run down all violators.

ONE ROAD ELIMINATED.

Under an order issued by Federal Manager Huntington of the South Shore, Mineral Range and Copper Range, has ceased to haul freight to Calumet and all shipments for Calumet north of Houghton must be hauled by the Mineral Range. The order specifies that the Copper Range must deliver freight for Calumet and Laurium to the Mineral Range at Houghton and freight routed via the Copper Range will be hauled to the Copper Range warehouses here by Mineral Range switch engines.

The return movement on freight originating at the Copper Range station in Calumet will be made on the Mineral Range train to Houghton and Janek, with delivery at the transfer at that point.

The object of this arrangement is to conserve coal and a considerable quantity of fuel consumed in the haul from Houghton to Calumet daily will be saved.

The freight office at the Mineral Range railroad at Laurium has been closed permanently and all freight for Laurium, via the Mineral Range, will be hauled from Red Jacket.

WILL ASK DEFERMENT.

Announcement has been made that he producing mines of the copper country will endeavor to facilitate the exemption from draft of essential employees by supplying supporting affidavits for all employees who desire to be claim for deferred classification. This will apply to all essential departments, whether skilled or unskilled, though under the latter category large will come trammers of which there is such a great shortage.

It must be understood, however, that a blanket claim for exemption will be filed with the district board, but supporting affidavits will be filed or every man who is engaged in essential work and who desires deferred classification.

This step became necessary through the prospect that the copper mines, which are so necessary in the production of munitions, will face a great depletion in their forces unless the government come to their aid. During the past few months there has been an exodus of great numbers of workmen who have sought work in munition plants, shipyards, and other similar industries elsewhere. The belief has existed that copper mining was not as essential as railroading, shipbuilding, motor truck manufacture and because of this, many have left the mines.

GERMANS IN TERROR OF LONG RANGE U. S. GUNS. COWER LIKE CHILDREN

Washington, D. C., Sept. 17.—The American offensive at their very doors and stories of a long range gun about to be turned loose upon their towns is giving the war a new aspect to the Germans. An official dispatch from France today says there are evidences of excitement everywhere across the German border and quotes the following from the Muelhausen Tageblatt:

"The American offensive in Upper Alsace and the long range gun supposed to be intended to reduce to ashes the towns of this country is madly alarming the inhabitants. Even people of a high rank tremble at the news like little children listening to ghost stories. Of course the evacuation of Muelhausen and the whole of Alsace is again in question and it is said that all measures for the actual evacuation of the grand duchy of Baden to Friburg have already been taken."

The German papers remind the public of the punishment those who spread such rumors may incur and for anxiety, but at the same time say there is not the slightest reason to continue to publish the reports.

PLEADS FOR DEMOCRACY.

Amsterdam, Sept. 17.—Protest of the German Socialists party against the Prussian "electoral reform comedy" and a demand for the dissolution of the Prussian House of Lords, is published by the Berlin Socialist newspaper Vorwaerts in display type on its front page.

"In the name of the millions who are behind us and who cannot today bring their influence to bear on the government," the manifesto reads, "we enter the strongest protest against the continuation of the electoral reform comedy in the Prussian upper house, and demand the immediate dissolution of the upper house. Away with the three-class parliament! Away with the upper house! Up with universal, equal, direct, secret suffrage! Long live democracy and peace!"

The Piffle Hook

By Slim Pickens

ABNER HELPS OUT.
Abner Bangs, the "hard of Misery Bay," is the regular little helping hander. He wrote Slim a letter. Consequently Slim doesn't have to write a bloomin' thing. Abner says: Slim Pickens, Esq.;

The Piffle Hooker, Dear Mister:— I ain't writing no knocks on the Piffle Hook or nothing like that because I ain't no knacker myself but I was thinking maybe I could give you some advice on what to print which I ain't aiming to charge you nothing for ain't that fair enough

What I am objecting to is that you ain't making your pomes in the Piffle Hook refined enough and you use a lot of lowbrow language and they are not about things which we are more or less familiar with as all true pomes is supposed to be. I was thinking maybe perhaps you would be glad to have me give you some examples of some pomes I wrote myself about some things I have seen down here around Misery Bay, etc and put down on the backs of some envelopes that letters was sent to me in by fellos that says I owe them some money but I don't owe them nothing because the accounts is outlawed.

Maybe down there in Escanaba you don't have no chance to commune with natur like I do so you can't write very good natur stuff like me and Robt. Burns and all other real poets. For instance here is one I named, "Lines to a Cow Lying in a Fence Corner Chawing Her Cud," that I think is pretty good.

Peacefully the landscape viewing, By the fence thou layest chewing, Food that costs thee 'not a cent, Just thy time is all thou spent. Then when comes the winter day, Thou canst have thy fill of hay, No new clothes to buy or alter, Thy whole wardrobe is a hatter

Lenov. If the prices keep on rising, 'Twill not be the least surprising, If us humans one and all, Try thy diet in the fall.

Now aint that pretty fair Slim, and just to show you that cows aint got no monopoly on my observation I will just copy off one I wrote about "A Hobo Sitting Under a Tree Drinking Coffee Out of a Tin Can."

Blessings on the Oh thou Boomer, Tho thy nose looks like a tumor, And thy ugly mug needs shaving, Thous existest without slaving, I would like to come and have a Cup of thy hot steaming java; I would fain converse with thee, Underneath that elum tree.

If you will notice Mr. Pickens, how cleverly I synaptized the work "elms" so it would have two syllabals which I needed to have and I bet even Longfello never thought of that Slim.

Here is another one Slim I got the idea from an experience I had one for, which I named, "Lines to a Heavy of Spring Lambs gamboling in the Woodlawn"

Gambolling upon the greensward, Pretty sheep, I will sing thee praise and with it, Also weep. Thou canst gambol by the hour, Pleasure clinched. Every time I try to gamble I get pinched.

Now Slim, that ought to give you an idea how to write the pomes for the Piffle Hook and if you put them in I wish you would send me the paper because ever since the Morning Press begin putting that Slacker Hat in I aint had no times to read the paper and you can say that they was wrote by the Bard of Misery Bay.

Yours sincerely, ABNER BANGS.

Misery Bay, Mich. Sept. 15.

FORD HOSPITAL IN DETROIT TAKEN OVER BY GOVERNMENT

Detroit, Sept. 17.—The Henry Ford hospital, one of the largest in the country, was formally taken over by the government today for the care of the wounded soldiers. The four-story structure will be divided into sixteen wards, each with accommodations for a hundred patients.

George Perry was over from Gladstone yesterday

Closeups and Fadeouts

By Imogene

It is rumored that Charles Ray gives \$500 a week to small charities besides his contributions to various war funds and they say it wasn't the Press Agent who parted with the news either.

In filming the "Man From Brodneys" featuring Earle Williams, the location for ten days was the million dollar Gillespie Estate at Santa Barbara, where the climate registered 85 degrees in the shade. Every member of the company however is now ready to swear that there was no shade in Santa Baraba at noon.

Polly Moran, Mack Sennet's celebrated comedienne, has left for Australia where she will appear in vaudeville.

Vitagraph has started a four-serial-a-year plan. Under it, they have promised that the company will release four serials a year, with two companies alternating in them. One of these companies is headed by William Dunlop with Edith Johnson and Joe Ryan, the other by Antonio Moreno and Carol Holloway.

Constance Talmadge's support in "Up the Road with Sallie," coming to the Delft this week, includes Norman Kerry who plays the lead with Mary Pickford in "Armarily of Clothesline Alley."

Clara Kimball Young has a new leading man, Corliss Giles. He appeared with her in "The Marionettes" and so pleased Miss Young by his artistic interpretation of the role that she engaged him to play the leading part with her in "Suirley Kaye." Mr. Giles has a long line of stage successes behind him but he is especially known for his work with Lou Tellegen. This is his first appearance in pictures.

Antonio Moreno has again set up his gods in the room formerly occupied by him at the Vitagraph Hollywood plant. Tony's big smile is proof enough that he is glad to be back home again.

In "Our Mrs. McChesney," starring Ethel Barrymore, appears Wilfred Lytell. He is Bert's brother and they look enough alike to be twins.

Ruby de Remer has been engaged by Metro to be Harold Lockwood's leading lady. Since the Lockwood-Allison combination broke up, Mr. Lockwood has been sadly in need of leading ladies. Let's hope he has one this time.

Mary Pickford, since the expiration of her new contract with Famous Players and Paramount has received offers from Pathe, Goldwyn, First National Exhibitors and Sherman. No one knows where she will sign up. She's enjoying a real vacation just now.

The Green Room Cake, donated by the "Green Room Magazine" of Australia, has gone to Charlie Chaplin this year. Usually a beautiful and talented actress receives it, but the Australians voted Chaplin's "A Dog's Life," the best production of the season—so the historic cake went to Charlie.

Theda Bara has received a baby bear from C. I. 364th Illinois Infantry, Camp Lewis. The fat little fellow was their mascot, but they're going to France and they don't want it to starve while they are gone.

Fidel Clayton's first Paramount picture is the "Giri Who Came Back."

"Love Watches," a late Blue Ribbon release, which is coming to the Strand Saturday and Sunday, has had four "Jacquelines." Marie Lecomte created the role in Paris. Yvonne Andre played it on the continent. Billie Duke introduced it to London and they brot it to America and Corrine Griffith, Vitagraph star, brings it to the screen.

All Ray is now at the Ince Studios, Hollywood. He is to appear opposite Edna Bennett in her latest picture, "Where Do We Eat?"

Are you a Geraldine Farrar fan? Here's a chance to prove it. Jerry

Flour Mill at Bark River Will Be In OPERATION September 20th Van G. Engel Will have charge of the mill for the Season. Frank W. Aronson The Leading Tailor 804 Ludington St.

had founded. His two adversaries, T. J. Magen, a brusque Western financier, and his young associate John Rawson, she fights with different weapons—gaining the admiration of the first by the earnestness of her struggle on behalf of her own, and winning the love of the other, despite the fact that he "doesn't give a rap for any woman" especially Easterners.

At the same time she sponsors Daisy, "T. J.'s" spoiled young daughter and the apple of his eye, introducing her into society, for which her heart longs; also she provides her with a devoted lover Earl Rosselvin, a thoroughly likable representative of the English nobility.

Developments arise speedily and Shirley meets them briskly and confidently, overcoming every obstacle; and in her characterization Miss Young intersperses the many tense scenes with a winning and sparkling touch, and with a love story of heart-intrest that grips the audience.

AT THE STRAND.

The comedy-melodrama, "Ace High" starring Tom Mix, will be shown at the Strand today. This is what Wig Gunning says about it: "Oh Boy! This is sure a wild bit but because of the fast action, the rather good atmosphere and the dare-devil stunts performed by the star I think that picture audiences' most anywhere are going to pass over the impossible incidents with a smile and accept this as good entertainment. Certainly if Tom Mix's wild ride over a really treacherous rapids in a canoe doesn't get a hard at every show, then you're gang ain't the average movie audience."

Tom Mix the dare-devil star is featured in some of the most remarkable falls from horses that have ever been filmed and the dash over the rapids is worth making some noise about. There is a fast action, plenty of laughs and oodles of real thrills and if you folks are not particular about what happens as long as it entertains, my guess is that you are going to eat this up."

Chamberlain's Cough Remedy

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mother have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

PRESIDENT'S WORDS BACKED UP BY ACTION

Refusal of Austria's Peace Cry is Followed by Speeding Up Machinery for Producing More Manpower.

QUESTIONNAIRES OUT

Backing up the words of President Wilson on Monday in no uncertain terms spurned Austria's cry for peace, was an order that came yesterday from the provost marshal directing the local draft boards of the nation to speed up to the limit preparation for sending to the colors men who were registered on Sept. 12.

Draft boards, under the order received yesterday, are directed to undertake and accomplish in a few days work that it was expected would require weeks to perform.

Members of the Delta county draft board in common with every board in the country, yesterday received telegraphic instructions to begin today sending out questionnaires to all registrants between the ages of 19 and 35, both inclusive. Questionnaires will be sent to 10 per cent of the registrants in each county each day to nine days.

Move at Top Speed.

In spite of the fact that members of the Delta county board had rushed at top speed to give serial numbers to the 4039 registration cards, they were brought face to face with an even greater task yesterday.

The instructions received yesterday require not only the listing of the registrants but the determination of the age of each, that questionnaires may be sent to only those of the ages designated in the order. A sufficient start was gained on the new work yesterday to insure the forwarding today of the first 409 questionnaires to men in this county and the work will be prosecuted night and day if necessary to keep pace with the orders of the provost marshal general.

Order is Telegraphed.

Following is the order received by the board yesterday from Provost Marshal General Crowder:

Beginning on Wednesday, Sept. 18, and continuing for 8 days thereafter, questionnaires of the third edition shall be sent each day to 10 per cent of the registrants who were on Sept. 12, 1918, between the ages of 19 and 35, both inclusive. Questionnaires shall be sent to all registrants within such ages who registered on Sept. 12, 1918, or who have registered thereafter, except British subjects including Canadians.

In mailing questionnaires be governed by provision of Section 92 and the last paragraph of Section 99 as amended selective service regulations, except as otherwise herein provided and except that in mailing questionnaires boards shall proceed according to serial numbers of such registrants and shall defer making any entries on the classification list until after the order numbers have been assigned in accordance with regulations subsequently to be promulgated.

Space for the order numbers on the questionnaires shall be left blank the order numbers to be filled in after they have been determined and the questionnaires are returned. After the order numbers have been determined, the names shall be entered upon the classification list in the order of their liability for service as will be prescribed under later regulations and the date on which the questionnaire is mailed to each registrant shall then be entered in column 5 of the classification list. For such purpose a tentative list of dates on the questionnaires were mailed must be kept by each local board.

In preparing form 1002 under the Provisions of section 92, selective service regulations, immediately below the words, "Important notice to registrants" insert the words "Who were on Sept. 12, 1918, between the ages of 19 and 35 both inclusive."

If the opinion of the local board with due regard to the convenience of the registrants and the work of the legal advisory boards, questionnaires can be mailed more rapidly than at the rate of 10 per cent per day, the local board may mail more expeditiously, but not, however, at a rate less than 10 per cent per day.

CROWDER.

CARD OF THANKS.

We wish to thank the Red Cross chapter and all those who sent us flowers and tendered their sympathy during our sad hours of sorrow at the death of our beloved son and brother. We also wish to thank the Escanaba Co. F for their service rendered.

Mr. and Mrs. Geo. Neurohr & Family

Eating Houses Get New Rules

County Food administrators have received a copy of the following letter addressed by the state food administrator, Mr. Prescott, and the chairman of the state hotel committee, E. C. Puffer, to the managers of hotels and restaurants in the state:

"The loyal and patriotic results accomplished in wheat conservation especially during the last seven months have been so effective that an international arrangement has now been determined upon and hereafter the wheat bread for the allies will contain 20 per cent of other grains than wheat. Therefore wheatless days and wheatless meals are hereby abolished and all bread, rolls, cake and pastry shall contain 20 per cent substitutes and 80 per cent of Victory mixed flour, with the single exception that when rye flour is mixed with wheat flour the proportion shall be 60 per cent wheat and 40 per cent rye.

"Licensed bakeries will receive instructions direct. Flour shall be purchased on the basis of one pound substitutes to four pounds wheat flour, except in the case of rye, where two pounds of rye flour go with three pounds of wheat flour.

"The two-ounce rule for individual wheat bread portions shall be maintained. This proportion of wheat flour products should not affect, in any way, the large use of corn bread.

"It is greatly desired that all grease which flows into kitchen, drain pipes be recovered. This material furnishes nitroglycerine for shells, as well as for manufacture of candles, soap, waterproofing compounds, etc. Every ounce of grease in every hotel and restaurant should be carefully caught and sold and not allowed to go into the sewers.

"Take sugar conscientiously. You must not exceed your allowance of two pounds per ninety meals, or see view to guests. Hotels operating their own licensed bakeries, are entitled to 70 per cent of the amount of sugar used in June, 1918."

No Victory Bread.

"While the recent declaration of the national food administration providing for an 80-20 substitute rule for wheat flour, instead of a 50-50 rule, referred to in the proposed sale of Victory flour in which the substitutes would be blended in the proper proportions, the housewives will probably have a long wait for this flour."

"A local man, who represents a big milling company, declared:

"As a matter of fact there is on the federal statute books a law forbidding the blending of flours as proposed by the food administrator. As the situation stands now, the only legal blend is of rye and wheat flour, and before the Victory flour can be sold the law will have to be changed. As I understand the situation, this will not be possible of accomplishment this session of congress. The Victory flour will not be on the market, ready mixed, for several months, at least, it appears. Housewives who desire to get it will have to buy the wheat and substitute flours separately, and mix them themselves."

NOTICE!

One of the most patriotic and useful organizations in the city is the Eagles' Drill Team. Proceeds from all of our activities go to some worthy war work. We wish to announce that our dances, in the future, will be held in Clark's hall instead of South Park and we hope that the same splendid patronage that has been ours during the summer will be continued. We wish to thank all of our friends for their hearty support in the past and extend a cordial invitation to our future dancing parties.

Can Put End To "Gasless" Days

Entirely satisfied with the manner in which the last "autoless Sunday" was observed throughout the country the gasoline section of the United States fuel administration is now working on a plan which, it is hoped, will make it unnecessary in a short time to ask further recourse to "gasless" days.

C. C. Wingham, chief of the gasoline fuel, has informed W. J. Clark, fuel administrator, that the administration is preparing for general distribution posters containing "don'ts" to users of gasoline.

Motorists will be asked to save every available drop of gasoline ordinarily wasted in handling, as well as to refrain from keeping motors running while cars are stopped, the latter aimed particularly at truck drivers.

Mr. Wingham says that if such cooperation can be obtained the administration is convinced the autoless Sunday rule will be drawn shortly.

Says Garfield is Right.

Commenting editorially on the "gasless" Sunday rule, the Detroit Free Press says:

Dr. Garfield is quite right in declining against any rationing system for users of gasoline. The "gasless" Sundays which have been instituted at the request of the fuel administration are not for the purpose of relieving actual shortage of gasoline but for the purpose of releasing quickly available stocks, east of the Mississippi river for immediate use in the war zone.

The call was to automobile users to send on emergency supplies to the front line. In Dr. Garfield's opinion the need for abstention from pleasure driving on the first day of the week will soon be a thing of the past.

Rationing is a good thing where it is absolutely necessary, as it seems to be in handling the sugar situation;

WISCONSIN - MICHIGAN CASUALTIES

Three hundred twenty-five casualties in the American expeditionary forces are released for publication as follows:

- Killed in action 51
- Missing in action 99
- Wounded severely 134
- Deaf of wounds 20
- Die of disease 7
- Wounded, undetermined 12
- Wounded, slightly 1
- Prisoners 1

The early list contains the following names:

KILLED IN ACTION.

Privates,
Arthur Danl, Galesville, Wis.

WOUNDED SEVERELY.

Corporals,
John Caradine, Monroe, Wis.

Privates,
Frank Aulman, Augusta, Wis.
J. J. Therica, White Water, Wis.
A. B. Wiggin, Washburn, Wis.

MISSING IN ACTION.

Privates,
J. E. Johnson, La Crosse, Wis.
E. T. Laracey, Kawlin, Mich.

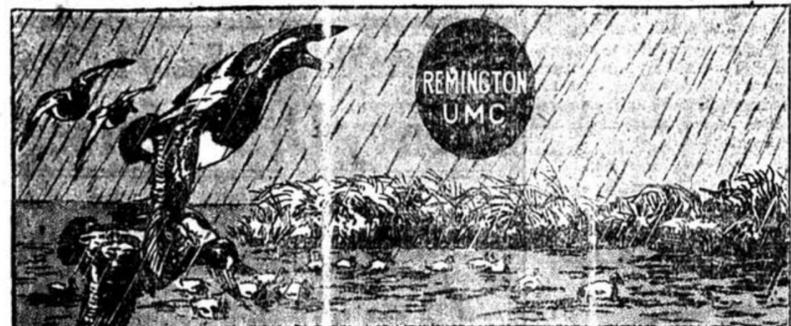

but it is a complicated process, easily productive of injustice and discrimination and needless hardship, and it ought not to be employed where it can be avoided. It is not a device to be utilized lightly as a cure for any little problem that may arise.

The only rationing of gasoline required in the United States at this time is intelligent, voluntary rationing by the individual. The conscientious citizen will not recklessly waste fuel, and he will curtail his pleasure

riding to reasonable limits. If each automobile owner does this it is extremely unlikely that the government will be obliged to take action.

Good for Billousness.

"Two years ago I suffered from frequent attacks of stomach trouble and billousness. Seeing Chamberlain's Tablets advertised I concluded to try them. I improved rapidly."—Mrs. Emma Verbyrke, Lima, Ohio.

Wetproof Steel Lined Shot Shells

DOUBLE your duck hunting luck in rough weather with the right shotshell—Remington UMC Smokeless "Arrow" or "Nitro Club" Wetproof Steel Lined "Speed Shells," made to stay dry and firm as a bullet no matter how wet the pocket that contains them, and shoot right.

With the right shells in your Remington UMC Pump Gun or Auto-loading Shotgun there will be no hitch at the critical moment—no gun jammed with a water-soaked and swelled shell—no fizzled shots from mushy turn-overs of the shell ends.

Remington UMC Smokeless "Arrow" and "Nitro Club" without charge. You will not be able to see this improvement but you will know it is there when you put it to the test of shooting under conditions which only Wetproof shells can stand.

They will stay hard and smooth as usual, with the turned-over end entirely firm and top end flat. If you can detect any difference in the results in shooting them when they "ought to" be good and wet, you will be the first to succeed in doing so. The same highest dependability and performance qualities as always.

In black powder shells, buy the old reliable "New Club," now Wetproof sealed at turnover and top end.

FOUNDER-OF GLADSTONE SUMMONED

Hon. Richard Mason, One of Peninsula's Oldest Residents Passes Away at His Home in This City.

PROMINENT IN STATE

Richard Mason, pioneer lumberman of the peninsula, father of the city of Gladstone and for many years prominent in affairs of district and state, passed away yesterday at his home in this city, 421 South Elmore street.

Mr. Mason was 76 years of age and had been a continuous resident of this section of the peninsula for 61 years.

Until a few months ago he had enjoyed excellent health and his mind remained wonderfully clear until the last.

Several weeks ago complications, caused by advanced years developed and the strength of the aged patient gradually ebbed away.

Born in Michigan. Mr. Mason was born at Spring Lake Mich. in 1851. When nine years of age he came to Masonville to join his father, after whom the town of Masonville was named.

He came to Escanaba to reside in 1881 and remained here until 1887. He was one of the prime movers in the founding of the present city of Gladstone and was one of the first officers of the Upper Bay City.

He is survived by two sons and three daughters who are: Richard P. Mason of Escanaba; Miss Myra Mason of Escanaba; Charles D. Mason of Cleveland, O.; Mrs. Carl Brewer, Ishpeming; Mrs. Henry Brewer, New Haven, Conn.

All of the sons and daughters were at the bedside of Mr. Mason when death came peacefully yesterday.

Mrs. K. C. Pellow and children returned to their home in Negaunee after visiting at the home of Mrs. Mary Carroll.

War-Time Money SAVERS

From Escanaba's Pure Food Market

Our Grocery Department is operated under United States Food Administration License, No. G-33290.

- 3 packages of well known Argo Corn Starch 25c
3 cans of well known Dutch Cleanser 23c
1 lb. Best Sugar Cured Picnic Hams 24c
5 lbs. 90 to 100 size choice California Prunes 47c

Full line of reasonable vegetables as well as a full line of fruit, all at Escanaba's lowest prices.

Good Coffee

If you are a lover of good coffee you should try some of our leading brands. We can also save you from 1c to 5c a pound on every brand.

LOCAL NEWS

L. R. Messenger and Mose Buchman of Rapid River were in the city yesterday.

PERSHING VET IS STRANDED IN ESCANABA

George Langdon, Principal Speaker of War Curio Train's Party Misses the Special Here.

LEAVES FOR EAU CLAIRE

"Just like No-Man's-Land," said Private George Langdon, Pershing veteran and principal speaker of the party aboard the war curio Liberty Loan train, which was exhibited here Monday night, when he found that the special had pulled out for Rhineland, Wis., without him.

After three hours of strenuous efforts to induce someone in Escanaba to take him to Pembine, where he could meet the special, he gave it up and decided to wait here until yesterday when he could get a train for Eau Claire.

Hun Gas Did It. Langdon is a victim of Teuton gas and his lungs are not in the best of condition.

With money, clothing—everything—aboard the train, his efforts to secure an automobile to Pembine were unavailing. Neither could he locate the members of the Canteen committee or Liberty Loan workers, under whose auspices the train was brought here.

Money On Special. With money, clothing—everything—aboard the train, his efforts to secure an automobile to Pembine were unavailing.

Party Up Against It. The train was up against it yesterday for speakers. Sergeant Davis, the other inviolated soldier with the party is minus his voice, due to over exertion of his vocal organs in the strenuous open air meetings since the tour started.

Another Nabbed For Bringing A Bottle With Him. Charles Gustafson of Rapid River, was taken in by the police department yesterday, when it was apparent that he was carrying more Wisconsin extract of Rye than he could conveniently handle.

Arrested before Judge Glaser, he entered a plea of "not guilty" to a charge of bringing liquor into the state and was held to await the action of the circuit court.

Gustafson is keeping up the record of "one a day" set last week by the police department, the county prosecutor office and the sheriff's department.

Treiber Case Is Dismissed Tues. The assault and battery case against Dr. L. P. Treiber, who was charged with striking a patient, was dismissed yesterday in Judge McEwen's court, after the doctor's side of the story had been heard.

GRAPHIC PEN PICTURE OF OUR ARMY IN ACTION

London—The Daily Mail correspondent at the American front sends the following description of battle along the St. Mihiel sector:

"The first American army under the personal command of Gen. Pershing for the first time went into action on Thursday in the St. Mihiel salient.

"Never before has there been such a large concentration of American troops for one operation and never have the Americans been in such complete control of their own operations.

"The event had long been anticipated, some people having assigned to it grandiose objectives, but, in reality, the attack is for limited objectives only.

"The concentration of a great part of the most experienced United States troops had taken place during the last two weeks and everything was planned minutely, and with exactitude for a great event in American history.

Wednesday night the final preparations were completed.

"The country over which the Americans are fighting is very difficult. The high ridges and thick woods offer every concealment for enemy machine guns and, in addition the Germans have a fortified line of resistance which has everything in its favor.

"At 1 o'clock Thursday morning the artillery preparation began with a roar that could be heard many miles away and all the rest of the night it rose and fell with peculiar fluctuations.

"From all the roads that radiate parallel, the flashes of innumerable guns told of the impending assault. Towards 5 o'clock the hour of the attack, the firing became even more rapid and its sullen tone mingled strangely with the sound of the rain.

"At dawn whole fleets of tanks manned by strong young Americans and French were to be seen moving out of their shelter to lead the attack.

"They lumbered on, but the Germans offered little opposition. The American infantry followed in open order, plowing through the mud, but they were little troubled by the feeble artillery resistance.

"At one time near Seicheprey, where the Americans had previously fought desperately with the Germans, machine guns and automatic fire swept down upon the Yankees' right flank, but the tanks and artillery quickly moved in that direction and the Americans went steadily forward.

"At 7 o'clock the tanks had disappeared amid a smoke cloud over the ridge in front of Seicheprey.

"The Germans have offered very little resistance to the advancing Americans. Occasionally, a stray machine or automatic rifle has been discovered, but it is apparent that the enemy has withdrawn his main forces to a second line, which possibly he will defend with a certain degree of tenacity.

"His artillery has been firing from behind a ridge which runs in front of the American line, but he is being pursued by tanks, which at one point lost only one out of forty-five, and that stuck in the mud.

"A few prisoners of the Tenth Landwehr division have been taken.

"The Americans are pressing forward in fine style and slowly closing in the extreme ends of the St. Mihiel salient.

"At the time of telegraphing, news of what has happened is very meagre but the correspondent has just visited the battlefield and heard of the progress of the American units in the region of Montsee and Seicheprey and of the capture of several villages.

"From Beaumont I could see—lying just below me—the trenches from which the Americans started and the valley through which they are fighting. The sun was streaming across the valley, casting shadows from the melancholy wrecks of villages at around.

"At the left was the black forbidding heights of Montsee, with the tiny village of that name, resting on its side. Spurts of earth sprang from its capacious sides as the American artillerymen battered at it.

"In the valley the tops of what once had been houses in the village of Richecourt were discernible when the smoke disappeared.

"Away to the right, bathed in the sunlight, was the village of St. Bausant, resting on the side of majestic promontory Khaki figures were moving along the valley. The smoke occasionally blotted them from view but they would reappear soon after ward, walking with easy stride.

"Meanwhile the air was rent with the torrent of shells passing overhead. American gunners, manning every possible type of gun, were working with mechanical rhythm as they loaded and sent the shells to their destination. The light railways continually brought up supplies.

"There will be a dance in the Danforth Grange hall next Monday night. Flagstad's four piece orchestra will furnish the music. 1123-261-1

If Cows Could Talk

If your cows could talk, they would tell you much better than we can how much they would appreciate the advantages of a shed like this. It's just a simple shelter from the weather, and costs but a trifle, but is rich in results.

Even if you leave your cattle's comfort out of your consideration and look at it from a purely mercenary standpoint, you cannot afford to dispense with it. Keep the cost down by building with "Old Faithful" HEMLOCK, and get the full-sized working plans from us.

We will also supply you gladly with free plans for any of 26 other "Old Faithful" HEMLOCK buildings. Just let us know what you want—today.

THE HEMLOCK MANUFACTURERS (of Wisconsin and Northern Michigan) Office at Oshkosh, Wisconsin
