GERMANY PREPARED CREDITS FOR THE WAR MONTHS PRIOR TO OPENING OF HOSTILITIES

MORE EVIDENCE OF THE KAISER'S GUILT IS GIVEN THE WORLD BY THE UNITED STATES.

AMERICAN BANKS USED

Final Installment of Evidence Given Out by Department of Public Information Yesterday.

Washington, Sept. 20.—Evidence that the German government was arranging for unlimited credit in both Europe and America at least five months before the rest of the world knew it was to be warred upon by the Central Powers—a fact of great international importance and one which Germany will have to face in the future—is disclosed in the final documentary evidence made public by this government.

Further proof of direct payment of Lenin and Trotsky out of the Berlin corruption chest is contained in this chapter.

WARNS BANKS TO GET MATTERS FIXED

One of the most illuminating documents which forecasts the war is dated February, 1914, and headed, "From all Groups of German Banks and by Arrangement With the Austro-Hungarian Government."

The banks are officially advised that the "imperial government has deemed it an extreme necessity to make all arrangements for credit by placing funds at the credit of the government in Luleum Hargargara and Varde on the frontier of Finland and in Bergen and America."

SECRET RELATIONS WITH AMERICA ADVISED

There is a reference to the banks of the United States.

"Moreover," the document adds, "the management of the banking institutions are urged to immediately arrange for secret relations between German and the Finnish and American banks."

The second document bearing the date of June 19, 1914 the German general staff advises that all military attaches that "in banks of Switzerland, Norway and the United States, war credits have been opened for future requirements."

INSTRUCTED TO PREPARE FOR DESTRUCTION

Then follows this remarkable proof of Germany's program of frightfulness.

"The general staff is authorizing you to avail yourself in an unlimited way for credit for the destruction of factories, plants and the most important military and civil structures. Simultaneously with the instigation of strikes it is necessary to make provisions for the damaging of machinery and mechanisms, with the sinking of vessels, setting incendiary fires in warehouses where material is stored and manufactured and the cutting off of the electric power in manufacturing towns as well as the burning of stores of fuel and provisions."

A later and more startling document dated January 15, 1915, and the bribing of anarchists to carry on the war of destruction in this country.

SHOWS ORDERS TO PAY BOLSHEVIKI

One note says that \$15,000 marks have been transferred to Mr. Lenin's account in Kronstadt as per order of the syndicate. It was from Kronstadt that Lenin and his co-conspirators conducted their operation in the summer of that year. Another authorizes the payment of 207,000 marks as "per order of Mr. Lenin." The total, it is seen, that even at that early date was more than half a million marks.

Other payments direct to Trotsky are disclosed and connect him with the dealings of Warburg and Furstburg of Berlin. The evidence all shows that Berlin gold flowed freely to the Bolsheviki.

A. D. Partian arrived last night from Houghton to spend the week end with his wife here.

Enlistment Time In Ireland Extended

London, Sept. 20.—The period for voluntary enlistments in Ireland has been extended from October 1 to October 15, when Parliament reconvenes, the official press bureau announced tonight. The statement advances the prediction that unless results of the recruiting campaign are satisfactory, steps may be taken to conscript men after the middle of next month.

ATROCITIES DESCRIBED BY SOLDIER

Naturalized Soldiers of United States Army Appear Before Great Audience at Strand Last Night.

BELGIAN IS SPEAKER

Cyriel van DeWiele, born in Belgium and one of a party of nine naturalized soldiers of the United States army, thrilled an audience that taxed the capacity of the Strand theatre last night with his story of Hun atrocities committed in his home city in Belgium. Sgt. H. C. Bellow briefly addressed the big audience in the interests of the Fourth Liberty Loan and when he said that he and his companions were to sail for France immediately after Sept. 28, ready to give their lives for the cause of their adopted nation and asked those who are expected to give only their money to support Liberty Loan loyally, he was given a tremendous ovation.

Soldier Tells Story.

Private Van De Wiele came to the United States in the spring of 1914, leaving in Belgium his mother, an unmarried sister, and a married sister with eight children. Of the eleven but two escaped from the Hun murderers. His married sister, with one babe, badly mutilated, escaped and are now in the United States. From his sister he learned the story of the devastation of his home town and the murder of its people. The Germans reached the Belgian city in September. The town was surrounded and Germans made ready to kill all of the inhabitants. His mother attempted to escape and was bayoneted. His unmarried sister was seized by German officers and her fate is not known. His married sister escaped with two of her eight children to a place of temporary safety. She returned to the town next morning to find her 11 months old babe with one ear, four fingers and one leg off and her remaining five children lying dead in a pile with scores of other innocent boys and girls of the town. Van de Wiele told an interesting story of his sister's escape from Belgium with one child.

During the recital the audience sat as if stunned but when Sgt. Bellow stepped to the front of the platform and urged the buying of Liberty Bonds there was a tremendous roar of applause.

Seven Delta Men Are Called For Limited Service

The Delta county draft board yesterday received a call for seven limited service men to be sent to Columbus barracks at Columbus, Ohio, on the same day during the five day period ending on Sept. 30.

The work of selecting the men qualified only for limited service was undertaken by members of the draft board yesterday.

Charles Bostick of Chicago is in the city on business.

Pershing Reports A Quiet Day For Yanks

Washington, Sept. 20.—The following communique from General Pershing was received by the war department late tonight.

"We made up attempts of the enemy to raid our lines at four points in the Woivre and Vosges. Aside from artillery activities in the Woivre and in Alsace, there are no further developments to report."

DELTA WILL FALL SHORT ON BIG CALL

Draft Board Is Able to Find But 44 Class One Men to Fill Call for 101

Oct. 1—Adjutant Notified.

LIST MADE PUBLIC

Delta county will be forced to fall short for the first time in filling a call for men for military service on Oct. 4. According to instructions received by the draft board this week this county's quota for enrollment during the five day period opening on Oct. 4 was fixed at 104 men. "A careful combing of the registration lists of June 5, 1917, June 5, 1918 and Aug. 24, by members of the draft board, completed yesterday, produced but 44 Class One men qualified for general military service. It is possible that a few more will be secured from the three lists but members of the board last night were satisfied that it would be possible to produce not to exceed fifty men for the call from the lists now at their disposal.

The adjutant general was informed yesterday of the condition faced in this county and the board will have no other alternative than to send to the colors on the date fixed all the remaining Class One men of the county, no matter how few the number may fall below the quota that is fixed.

His Is Selected.

- Following are the men who will go to the colors on some date during the five day period opening on Oct. 4: Clarence J. J. Mohr, Escanaba. William Lusier, Osler. Carl A. Lamber, Gladstone. Clarence Nelson, Gladstone. George R. McCarthy, City. Sidney Boda, City. Samuel Fillion, City. Adolfe Gerou Perkins, City. Emil Lusardi, Rock. Napoleon Rivard, City. Albert Derouin, Brampton. Isolation Of Germ Started By Doctors

Washington, Sept. 20.—Isolation of the "Spanish influenza" germ was undertaken by the National Research Council at the suggestion of the Public Health Reserve today.

Let's Give Name Of "Delta" To A Warship Or Tank

A United States warship bearing the name of "Delta" may yet run a submarine, or a monster tank, bearing the name of this county may break through the Hun lines for a big advance on Berlin, according to an offer received yesterday by M. N. Smith, county chairman of the Fourth Liberty Loan campaign, from A. R. Rogers, chairman of the Ninth Federal Reserve district.

The four counties in the Ninth district having the largest percent of distribution of bonds in the Fourth Liberty Loan issue, will win the distinction of having four new warships given the names of the four successful counties. Ten tanks will be named after the ten counties in the district having the next largest percentage of distribution.

Following is the offer received yesterday by the Delta county chairman from the head of the Ninth Federal Reserve district:

"We have just received a telegram from Washington, granting to the Ninth Federal Reserve district, the privilege of naming four warships and ten tanks. We have decided that four ships shall be named after the four counties having the four largest percentages of distribution of Fourth Liberty Loan Bonds.

"The above awards are to be based on the estimated population, according to figures now on file at this office.

"This award is independent and apart from the opportunity just offered your state to have a ship named after her, the details of which plan our state chairman will inform you immediately.

"Here is a chance for the people of your county to see their ship possibly sinking sub, or their tank going through the Hun line. Get busy and secure the prize. Move quickly, as the time is short.

Minister To Rumania Reported Arrested

Amsterdam, Sept. 20.—United States ministers who were at Jassy, capital of Rumania, have been arrested by order of the Soviets. It was learned today. It is believed that they were seized by the Bolsheviki, while returning through Russia.

Archbishop Ireland Rallies; Hope Scant

St. Paul, Sept. 20.—Archbishop John Ireland, 80 years old, of the arch diocese of St. Paul, who has been ill for many months and who it was said early tonight could not live more than 48 hours, rallied at 10 p. m. His condition does not permit of great hope, however.

Lauds Germany Peace Move By Austrians

Amsterdam, Sept. 20.—A German government note at Vienna late yesterday stated last night, lauds, the Austrian peace move and adds that "Germany is ready to participate in the proposed exchange of ideas."

Wholesale Arrest Of Americans Reported

Stockholm, Sept. 20.—Wholesale arrests of Americans, said to have been made at the order of the Bolsheviki, are reported in Moscow advices late today.

U. S. Weather Forecast

Forecast: Saturday, fair and slightly warmer; moderate northwest to north winds. Highest yesterday, 50. Lowest yesterday, 41. Precipitation, trace.

Spain And Germany Are Reported Near Break

San Sebastian, Spain, Sept. 20.—The situation between Germany and Spain has taken a more serious turn. The final word of the German government in the submarine controversy, according to authentic information, is that Germany "forbids" Spain to seize entered tonnage for Spanish vessels sunk as Spain has threatened. The German ambassador is reported to have said in private conversation: "The country more or less against us makes little difference."

STROM WILL BE ON HAND TO AID MEN

Will Assist Registrants This Afternoon—Lewis, Baker and Ryall Will Help Them Tonight.

BEGINS AT ONE O'CLOCK

At one o'clock this afternoon County Prosecutor T. E. Strom will open the "questionnaire aid" council, arrangements for which have been made by the Delta County Bar association. A staff of clerks will assist the attorneys assigned to the work.

The assignments for tonight are: C. E. Lewis, J. C. Baker and A. H. Ryall.

"The Lord helps those who help themselves," and the lawyers expect to work along similar lines.

That is to say that the registrants are expected to read their questionnaires over carefully and be in possession of all the information asked for.

If deferred classification is to be claimed, they are requested to bring dependents whose affidavits are required.

In case the claim is to be based on "agricultural grounds," the claimant should bring with him, the required witnesses. Those who do not speak English are requested to bring an interpreter.

This will facilitate and shorten the work of completing the information asked for as it will not be necessary for registrants to return home for the required proofs before the work can be finished.

For Next Week.

Attorneys assigned to the work at the city hall here for next week are as follows:

- Monday—Afternoon, S. M. Mathews; Evening, Joseph Cuddy and H. J. Rushton. Tuesday—Afternoon, J. C. Baker; evening, T. J. Riley, Judd Yelland. Wednesday—Afternoon, H. J. Rushton; evening, T. E. Strom, Henry Dotsch, C. D. McEwen. Thursday—Afternoon, T. J. Riley; evening, A. P. Pierson, N. C. Spencer. Friday—Afternoon, N. C. Spencer; evening, S. M. Mathews, J. F. Carey.

At Gladstone.

At the city hall in Gladstone, Glen W. Jackson will handle the work on Thursday and Saturday evenings; A. W. Wolfe on Monday and Wednesday evenings; G. R. Empson on Tuesday and Friday evenings.

At Rapid River.

W. J. Miller will aid registrants every evening.

There are local advisors in every community in the county. In the majority of cases these men will be able to render any assistance needed by the registrants and all men who receive questionnaires are urged to call upon these men first. Then if legal aid is necessary, they should be free to visit the city hall where their cases will be handled.

Registrants should bear in mind that the attorneys are busy men, that they are giving their time from patriotic motives for good of the cause and that all possible co-operation should be given them in return for their legal advice.

Word has been received that a daughter has been born to Mr. and Mrs. George Hedsten of Minneapolis. Mr. Hedsten was formerly an Escanaban and has a large number of friends here.

BRITISH PALESTINE FORCES BREAK TURK LINE WHILE ALLIES GAIN IN MACEDONIA

Senator Lewis Gets Back To New York

New York, Sept. 20.—Senator James Hamilton Lewis of Illinois returned to the United States today following his visit to the allied countries abroad. The senator was a passenger on the Mount Vernon, returning transport steamship which was torpedoed in foreign waters several weeks ago and he was mentioned in press dispatches for gallantry in assisting with the rescue of many members of the crew.

HINDENBURG LINE CROSSED IN SEVERAL PLACES IN DAYS FIGHTING.

THOUSANDS CAPTURED

Enlistments and Turks Routed in the Advance Continues as Night Falls in Eastern Field.

BULLETIN. London, Sept. 20.—The British troops have joined in the Balkan drive. Co-operating with Greek forces on the right of the line of attack, they have gone forward in the Voina region, taking 700 prisoners, the Serbians have crossed the Ibrani river. Accordingly, the word from the Macedonian front this evening, the French and Serbs are steadily advancing on Priolo. Five thousand men and 50 guns have been captured by the French and Serbs so far, the statement adds.

BULLETIN. London, Sept. 20.—The British troops under Sir Edmund Allenby have scored a smashing victory on the Palestine front as the result of a quick and irresistible surprise drive. A force of 18,000 Turks are reported trapped. The concerted attack was launched yesterday on a 16 mile front between Rasat and the sea. By mid-afternoon according to advices received here, the British had gained 12 miles and captured the city of Tulkereh, with 3,000 prisoners. The Turkish line was broken, through which the British cavalry is advancing to the rear of the retreating Turkish army. West of the Jordan river, the British advanced on a four mile front, capturing Elmagheir, the dispatches from the Palestine front add.

London, Sept. 20.—On five fronts, the Germans and their allies have suffered reverses in the past 24 hours in the two far distant theatres, Macedonia and Palestine. The Bulgarians and Turks with their German auxiliaries went down to heavy defeats and the allied horsemen are hard on the heels of the retreating foe. The battle in Macedonia is raging on a front of 100 miles. Along 70 miles of it the Bulgarians are fleeing in disorder before the Serbians and French who have taken nearly 5,000 bringing the total to nearly 20,000. On the right flank the British have joined the Greeks and taken nearly 7,000 prisoners.

ALLENBY RIPS TURK PALESTINE LINE

In Palestine, General Allenby, the 20th Century Crusader who liberated Jerusalem in a sudden smash on a 50 mile front between the Jordan and the sea, has ripped a wide hole into the Turkish Aeolus front and there his cavalry is pouring into the Ottoman rear guard, advancing nearly 20 miles and still going strong.

Three thousand Turks have been counted here and more are still coming in. A Turkish force of nearly 20,000 has been reported trapped.

From three sides Allenby's forces are advancing meaningly and there is only the difficult hills of Ephraim left for their escape.

With the three large scale offensives far from the European seat, the things in the west are taking a back seat. But there, too, the allies are having considerable success.

The British closed in further on St. Quentin and Le Catelet and are taking fresh bites out of the Hindenburg line defeating many furious counter attacks. The allies have taken Coueres, 7 miles from Cambrai and have advanced more than a mile from Lempire and Epehy, capturing Malafis, a miniature fortress.

The French, faithfully supporting the movement for St. Quentin, pushed

HOUSE PASSES REVENUE BILL WITHOUT 'NO'

350 Members Vote for Flight Billion Tax Measure Yesterday—Largest On Record.

NOW TO THE SENATE

Washington, Sept. 20.—By a unanimous vote today the House passed the \$3,000,000,000 war revenue bill, the greatest tax measure in history.

The roll call found 250 members in their seats and not a single member dodged the vote or voted "no." The bill as passed was practically unchanged from the one that came from the house ways and means committee. A few amendments were adopted during the debate that began September 3 but none of them altered the essential provisions of the bill of the rate of tax.

The bill now goes to the senate Finance committee which has already begun holding hearings on it. It was freely predicted that many sections will undergo radical changes at the hands of the senate committee, especially those articles fixing the rate of taxation of war profits and excess profits.

Secretary McAdoo has advised the committee that he desires to appear in defense of his stand on these points stated while the measure was under consideration by the house. He will state in detail why he believes these sections should be changed.

The senate will be forced to find new tax schemes to make up the loss in revenue which will be caused by the enforcement of the order by President Wilson stopping the manufacture of beer after December 1. It is estimated that the amount lost to the government by this order will be \$245,000,000 for the 12-month period.

Consumption taxes on coffee, tea, sugar and cocoa appear to afford the only avenue remaining, to make up the deficit.

McAdoo's Statement Strengthens Market

New York, Sept. 20.—Another strong stock market but a quiet one today was the result of the encouraging transactions. Secretary McAdoo's statement indicated more professional Standard stocks were strong as well as specialties and the action of the news from the various battle fronts announcement that not more than \$5,000,000,000 would be taken in the new revenue bill is encouraging to manufacturers. In the afternoon, rumors of increasing steel prices were current but according to well informed bankers, no increases are expected.

The announcement that workmen who secure exemptions because of their occupation will forfeit such rights if they are idle more than three days a month without a valid excuse was another reason for cheerfulness.

Mrs. Gladys Anderson of Sault Ste. Marie, spent yesterday with friends in the city.

farther from the southwest, capturing Escaig le Grande, four miles from the bulwarks of the Hindenburg line. North of the Aisne the French plowed west of Anisy and northeast of Vailly.

BRITISH WITHIN TWO MILES OF CITY

London, Sept. 20.—The battle of St. Quentin is about to enter its initial phase. The British are now within two miles northwest of that great German stronghold but the main effort of the day was the swinging of the entire line to a level with Hoinca and by the capture of Le Catelet, the line between Cambrai and St. Quentin will outflank St. Quentin itself.

In this endeavor the Third and Fourth armies in the past 12 hours made important headway. This evening they had advanced within a mile of Bellenchise, which lies four miles from St. Quentin. The fighting now in progress is of the hammer-and-tongs nature and the British are doing the most of the clouting.

Substantial progress was made towards Le Catelet, the strongly fortified Malassise farm has been captured. Between Lempire and Epeloy southwest of LeCatelet, the British lines were also pushed forward.

Moeuvres, which had been taken by the Germans, is once more in British hands.

HAIG REPORTS ADVANCE IN FLANDERS

London, Sept. 20.—Completion of the capture of Moeuvres, 7 miles west of Cambrai was announced tonight by Field Marshal Haig in his night report.

A German attack between Lens and LaBasse was repulsed by a number of prisoners remained in British hands.

Northwest of LaBasse, the British line was advanced on a front of 2 1/2 miles as far as Rue de Marais and La Tourelle, 100 prisoners being taken. Here also a counter offensive was beaten off.

John Bemis Is Reported Missing In Action July 21

A telegram was received yesterday from the adjutant general's department announcing that John Bemis, one of the first Escanaba young men to volunteer for service after the outbreak of war with Germany, has been recorded as missing in action since July 21. The message of the department was directed to Edmund Bemis, father of the young man, but as his father is out of the city the message was opened by friends and word was sent to the father.

Bemis attended the Escanaba high school and is a member of Company A, St. Patrick's Boys Brigade, in which organization he was one of the leaders since its launching. According to the message from the department no trace of the young man has been found since he was reported missing nearly two months ago.

Diarrhoea in Children.

For diarrhoea in children one year old or older you will find nothing better than Chamberlain's Colic and Diarrhoea Remedy, followed by a dose of castor oil. It should be kept at hand and given as soon as the first unnatural looseness of the bowels appears.

TWO COUPLES GET LICENSES TO WED HERE YESTERDAY

Two marriage licenses were issued at the office of County Clerk A. J. Pepin yesterday. The happy couples were: Edwin L. Larson, Escanaba and Madeline Kontnik, of Menominee and Archie Lamarche and Mary P. Kelly, both of Escanaba.

Air Service Is Open For Enlistments

Washington, Sept. 20.—Production of aircraft and motors and the training of the aircraft personnel are now so well advanced, the war department announced tonight, that additional pilots, observers and mechanics are needed. To secure these men the air service enlistment rolls have been reopened for voluntary induction of men of draft age. Since last March no civilians have been accepted for aviation that the fast moving overseas of air schools, but it has been announced quadrans, planes, motors and materials, together with the completion of 29, flying fields, 1,200 De Havilland planes, 6,000 Liberty motors, 6,000 training planes and 12,500 training engines has allowed all of the 6,000 prospective flyers enrolled last year, as well as numbers of men promoted from the ranks, to get their chance at flying tests.

Candidates as pilots and observers must be between 18 and 30 years of age and balloonists between 18 and 45. They must apply for examination before the aviation boards in Atlanta, Boston, Chicago, Dallas, Fort Sill, Los Angeles, Minneapolis, New York, San Antonio, San Francisco, St. Louis, Washington and the Panama Canal zone.

Skilled men for enlistment in the ranks may be between 18 and 49. Those who pass the grade test and concentration test will be sent into service at once for special training.

Since the declaration of war, the announcement said, the enlisted ranks of the air service have increased from 11,110, to 147,424.

Allied Drive On Austria Urged

Washington, Sept. 20.—Sentiment is growing for a united entente offensive against the Austrians on the Italian front, in the opinion of diplomats and military experts of the allied powers. Military pressure is declared to be necessary, as well as the political strokes registered by the entente in recognition of the Czech-Slovaks and extension of sympathy to the Poles and the Jugo-Slavs, to bring about the disruption of the dual monarchy.

It is common knowledge in diplomatic circles that Italy is not only ready, but anxious to launch an offensive against Austria. She does not underestimate the strength of her adversary, however, and must have the assurance of the full support of her allies in such a move.

Official Rome cables refer to an interview given out by Premier Orlando, setting forth the desire of the Italians to strike, but warning Italy and the entente against a too optimistic view of the Austrian internal situation. Premier Orlando stated that there was no doubt that the entente recognition of the Czech-Slovaks had had a deep effect throughout Austria-Hungary, but that the action had not affected the morale of the Austrian army.

He said that the Austrians had proved themselves fighters on every occasion.

It is indicated that the successes of the Americans in the mountainous regions of the St. Mihel salient will stimulate the efforts of the Italian for American aid in an offensive on the mountainous Italian front.

Lieut. McGillan Gets Promotion At Great Lakes

Lieut. James H. McGillan, U. S. N., brother of Mrs. H. J. Robertson of this city and known to many Escanaba people, has been promoted to the position of personal aide to the commandant, Capt. W. A. Moffett, U. S. N., at the Great Lakes naval training station.

Prior to going into the office with Captain Moffett, Lieut. McGillan has been acting district enrolling officer in charge of all recruiting in the Ninth, Tenth and Eleventh naval districts. While in that capacity he enrolled 55,000 boys in the station since last May.

Lieut. McGillan, when the United States entered the war, offered his large yacht, Killarney, and his own services to the country. During the summer and fall of 1917 he was in command of the boat while doing patrol duty on Lake Superior. He was called into the Great Lakes station when the season of navigation closed and has been located there since that time.

Patriotism Is The Keynote Of Church Meeting

Prayer for Allied Victory Urged in Resolutions Adopted by Presbytery

Calumet, Mich., Sept. 20.—Patriotism was the keynote of the fall meeting of the Lake Superior Presbytery church convened in Calumet Tuesday night and concluded this afternoon. The meetings, which were held in the Calumet Presbyterian church, were attended by representatives, from practically all of the Presbytery churches in the Lake Superior district; and the meeting was one of the most successful on record.

A patriotic tone prevailed at all sessions and resolutions urging prayer for early victory for the allied nations, were adopted.

A feature of the convention was a patriotic meeting last night, which was attended by members of the church and friends, the audience taxing the capacity of the auditorium. Patriotic addresses were given by Rev. Conrad Blum of Marquette and Dr. Mitchell of Manistique on the respective themes "God Will Win the War" and "Prayer and the War."

The resolutions recommended that all churches in the district observe the noon-day prayer each day for the success of the allies and also that mass meetings be held for supplication to the Almighty to grant an early victory for America and her allies.

Resolutions for Prayer. The resolutions committee was composed of Rev. H. M. Albert of Ishpeming and Rev. J. R. Mitchell of Manistique. The judiciary committee, which submitted its report at the opening session, was composed of Rev. R. S. Brown of Escanaba, Rev. Dr. Marsh of Grand Marais, and Mr. Forgraves of Rudyard, a lay delegate.

At the business session, the sum of \$3,000 was allotted for aid in missionary fields in the Presbytery and a campaign was outlined to raise \$50,000 for extension purposes to be used under the Home Missions.

The committee on installation of pastors reported that Rev. Wylie of Stambaugh was installed during the year and that two pastors, Rev. Gyles of Rudyard and Rev. J. W. Bond of St. Ignace will have left the Presbytery, the former going to Farmington, Ill., and the latter taking a charge in Indiana.

The committee on revision of standing rules of the Presbytery submitted its report in which various recommendations for changes in the rules were made. The revisions will be submitted to the churches in the Presbytery and will be presented at the spring meeting for adoption.

Officers Are Elected. Officers for the ensuing year were named as follows:

Moderator—Rev. O. H. Hood, Ontonagon. Temporary clerk—Rev. D. S. Carmichael, Houghton. Stated clerk and treasurer—Rev. F. A. Kuder, Menominee.

The spring meeting was awarded to Manistique, the dates to be selected later.

The annual meeting of the Woman's Missionary society also will be held in the same city during the week of the Presbytery meeting.

Mrs. Renner and son, Bud, of Canada, are visiting relatives in the city.

Ray Buell Is Injured When Truck Upsets

Ray Buell, well known Escanaba young man was painfully injured yesterday when the truck he was driving tipped over near Wilson, while he was on his way to Spaulding.

The young man was thrown out and one of his knees was badly wrenched. He was brought back to this city where his injury was treated and he will probably be laid up for some time.

Buell was slated to accompany the next draft quota to Camp Custer, but it was thought last night that the accident will stand between him and the uniform for the time being.

Raid Party; Pay Fines In Justice Court

A dozen cakes, a gallon of apple sauce, three pounds of pork steak, were on the list of things a party of boys ranging in ages from 12 to 18 were alleged to have stolen from the pantry of a local home during a party recently. Three of the older boys, Herbert Nault, Clarence Paulin, and Ralph Kennedy, all pleaded guilty to the charges in Justice C. D. McEwen's court yesterday and each paid fines and costs amounting to \$13.50. It was stated that the smaller boys would be arraigned before Judge Yelland in juvenile court.

Miss Clara Hatch of Ishpeming who has been visiting relatives here for the last week, left Friday afternoon for her home.

SOCIAL NEWS

Dinner Party. Mr. and Mrs. John Tolan entertained a number of friends at a dinner party Thursday evening at their home on Third street. The affair was arranged in honor of Ray Williams of Portland, Ore., who is visiting here.

Girls' League Officers. A meeting of the Girls' League of the High school was held last evening at dismissal. The following officers were elected:

President—Nina Vezina. Vice president—Elizabeth Rice. Secretary—Helen Sedenquist. Treasurer—Ora Fallis.

Sturgeon-Gardner. Word has been received by Mr. and Mrs. Joseph Richards, of the marriage of Joseph Sturgeon, formerly of this city to Miss Regina Gardner of Manistique. The marriage took place at Battle Creek where Mr. Sturgeon is stationed.

Mr. Sturgeon was employed by the Escanaba Morning Press for a number of years and has a large number of friends here to whom the news of his marriage will come as a pleasant surprise.

Byrne-Clemons. Announcements were received in the city yesterday of the marriage of Miss Agnes Byrne, daughter of Mr. and Mrs. F. F. Byrne of Fort Worth, Tex.,

The name "Delta" on a ship would look bad—in fact after calm consideration it becomes a matter that has got to be.

The registration card has come to be something most highly prized. We know a lot of men who wear their cards on their sleeves, as offering convincing evidence that they are a lot younger than they look.

Secretary McAdoo says the eight billion dollar tax levy will be sufficient. The way the limit with the people of the United States in providing either money or men to make certain a just peace.

When the German people are finally told that 18,000 prisoners were taken by the British in the offensive on St. Quentin, the Hun military head quarters will say: "We retired to positions previously prepared, unnoticed by the enemy."

POLITICS AND THE CENSUS.

The census bill which passed the national House of Representatives on the 2nd day of July is the subject of a protest published by the National Civil Service Reform League.

It points out that the methods of appointment prescribed in the case of the chief statistician, the disbursing clerk, the appointment clerk, the eight expert chiefs of division and the private secretary of the director would make all these positions subject to patronage; also that while the measure stipulates that the temporary clerks and employees in the Census Office, some forty-five hundred in number, shall be subject to special test examinations as the director shall prescribe, open to all applicants without regard to party, it does not provide that appointments shall be made from those graded highest. Thus even the census clerks would be subject to political patronage were this bill to become law.

There have been times past when much money was wasted and very little

ferior results were achieved in the compilation of the census because of the evil of making political appointments. This would be peculiarly unfortunate at the present time, as reliable industrial statistics will be a desideratum in planning readjustments likely to become necessary after the war.

"KILLED IN ACTION"

"Forest D. Sebastian, 21 years old, of East St. Louis, one of the soldiers who was pardoned by President Wilson, May 4, after having been sentenced to death by court martial for sleeping on duty in France, was killed in action July 20."—News dispatch

"Killed in action"—what better epithet could he have wished? His death carries a particular appeal to the patriotism of the American people and they are glad he was given his chance, an opportunity to show the stuff that was in him.

President Wilson is a keen student of human nature. The heroic death of the young soldier has vindicated the president's judgment.

NOTICE TO CONTRACTORS

The city of Escanaba hereby gives notice that proposals will be received until 5:00 o'clock p. m. on Tuesday the first day of October, A. D., 1916, at the office of the City Clerk for furnishing all material and doing the work of grading and draining west Ludington street to range line between Range Twenty-two (22) West and Range Twenty-three (23) West, then north to a point fifty (50) feet north of the Chicago & North Western Ry Company's right of way. Also for the building of a bridge spanning Butcher creek on the line of said roadway.

The work to be done according to specifications, plans and diagrams now on file in the office of the City Clerk. Said work to be completed on or before ninety (90) days from date of contract. A certified check for at least 5 per cent of the amount bid by each bidder, must accompany the bid. The same to be forfeited if the bids be accepted and the bidder neglect or refuse to enter into contract. The city reserves the right to reject any or all bids. Bidders will be required to furnish satisfactory bonds for performance of contract and labor and material.

Dated Escanaba, Mich., September 20th, A. D., 1916

CARL E. ANDERSON, City Clerk. Mr. and Mrs. F. E. Davis returned Friday from Rochester, Minn. Miss Chlo Dewey leaves today for Appleton, where she will enter Lawrence college.

CLOVERLAND

BIG TIMBER DEAL

What is said to be one of the biggest timber deals that has been put thru in years in the northern part of the state was the sale by the Eddy Lumber company of Lake Linden, recently of 40,000,000 feet of standing timber and 2,500,000 feet of logs to Charles Hebbard & Sons of Pequaming. The timber is in the Misery river district on the south shore of Lake Superior, and comprises hemlock and hardwood. Hebbard & Sons will cut and raft the timber more than 100 miles along Lake Superior and through the Portage Lake waterways and Keveenaw bay to their milling plant.

TO TAKE UP SPURS.

As a result of the visit of a party of government representatives to Marinette and Menominee, some of the unused spur tracks in both cities will probably be torn up.

A railroad official said "There are a number of small spur tracks in both cities that have not been in use for some time because industries have suspended and these will probably be torn up and the rails put to better advantage elsewhere."

MARINETTE PAYS PRICE.

Thirteen Marinette county men have made the supreme sacrifice for their country in the present war. Most of these men were killed in action, the proudest tribute that can be paid to a soldier, to die as he is going forward for his country. The other equally heroic, succumbed to the wounds which they received while advancing toward the foe. The list of wounded is extensive and no record of it can be published at the present time. It is said that the number of wounded seriously and slightly in Co. I alone amounts to nearly eighty.

MINES GET INCREASE.

An increase in wages and salaries, ranging all the way from ten to 30 per cent has been announced for the following companies and other allied and associated industries:

Calumet & Hecla, Osceola Consolidated, Isle Royale, Superior, Ahmeek, White Pine, Centennial, Allouez, Lake Superior Smelting Co., Lake Milling Co., Mohawk, Wolverine. This increase applies to mines, mills and smelters. It comes on top of the highest wages that ever have been in vogue in the Lake Superior copper district. The general increase in wages is scaled so that the man now receiving the smallest pay will have the greatest increase and the men receiving the largest pay will obtain the smallest increase, the men on salaries of \$150 or more, receiving a flat increase of \$15, the full 30 per cent applying to the common labor.

Other mining companies of the district will probably make similar announcements within a short time to meet the increases established by the Calumet & Hecla and subsidiaries and the Stanton mines.

Under the new schedule conglomerate lode miners, company account, will receive a minimum rate of \$5 per day, trammers, \$4.80 and experienced timbermen \$4.25. The minimum pay for amygdaloid miners, company account, will be \$4.80 per day, for trammers \$4.60, and experienced timbermen \$4. The minimum rates of employees of other mines will be as follows: Miners company account, \$4.80; trammers, \$4.60; hoisting engineers, first motion hoist, \$4.50; firemen, \$4.25; experienced timbermen, \$4.00. The pay for trammers at Superior, however, will be \$4.25 per day.

"PING" FOSTER IS DEAD

William H. "Ping" Foster, deputy state game warden for the Copper Country, noted trapper and guide, reached the happy hunting grounds at Grace hospital in Detroit Tuesday night, according to advices received by Mayor Ferris.

"Ping" Foster was one of the best known public characters in the Copper Country, in the upper peninsula, in fact. He had had a varied career but was best known as a trapper and guide for hunting parties. A few years ago he was made a game warden and was a fearless one. He would rather have been a game warden than to have had the income from a million dollars.

CAPT. FISHER TRANSFERRED.

Capt. O. O. Fisher, commanding the training detachment at the Michigan College of Mines, has been transferred to New York. He will leave to report to the Rockefeller Institute, where he expects to be engaged in army medical research just as soon as his successor arrives.

There is a mystery in connection with the transfer. The telegrams received by Capt. Fisher were addressed to "Major" Fisher and their recipient has reason to believe that he has been promoted to that rank but could not say so officially.

Capt. Fisher goes back into work for which he is fitted by education and experience. Here he has appeared only as an infantry officer, excepting for his occasional addresses to the men on communicable diseases, subjects on which he displayed a know-

ledge unusual in an army officer. The fact is that Capt. Fisher is a bacteriologist by profession and shortly before entering the army held a position of state bacteriologist of Florida. He was engaged in special research work at Johns Hopkins university when commissioned in the national army.

ENSIGN HENES HOME.

Ensign Walter E. Henes, son of Mr. and Mrs. John Henes, Sr. of Menominee, is home from Pelham Bay, N. Y., where he completed his course for a naval officer's commission, which has been awarded him. He will remain in the city for a ten-day leave, and will then report to New York, to be assigned to a United States ship. Ensign Henes left Menominee about six months ago, going to Municipal Pier, Chicago, where he trained for one month. The following three months he spent on board training ships, and was then assigned to the officers' school at Pelham Bay, where he completed his training.

POSTMASTER AT NORWAY.

According to Washington advices John C. Wickstrom has been nominated for postmaster at Norway by President Wilson. The appointment was sent to the senate nearly a week ago, but has not yet been confirmed. Mr. Wickstrom has been advised to have his bonds in readiness. An examination for postmaster at Norway was held in that city about a year ago. The candidates appearing were Mrs. Jennie Gee, Willard Perkins, and Mr. Wickstrom. James Dush, the late postmaster, has been dead nearly 70 years. Since his death, J. Chester Knight, administrator of the Bush estate, has been acting postmaster, with Mrs. Gee in charge. Mr. Wickstrom has been an active democrat for many years. Several years ago he was the party candidate for state senator.

The Piffle Hook By Slim Pickens

PROFESSIONAL JEALOUSY.

Slim makes no apology for introducing to the world of art and literature, Abner Bangs, "The Bard of Misery Bay."

He believes that he has discovered a man with the true poetic soul which means the inclination to write poetry on the slightest provocation—or without provocation.

Furthermore Mr. Bangs has promised to become a constant contributor to this Mess of Madness. That means less work for Slim.

But it seems that the jealousy of others of the Morning Press staff refuses to permit them to peer through Abner's unguoth exterior into the undoubted genius beneath.

In spite of this—in spite of anything—Slim proposes to stand back of Abner to the last Camel cigarette. He flashes that word of warning as he hangs this on the copy hook.

"That the entire United States and part of Wisconsin may know and appreciate his fighting spirit Slim permits the following gas attack to defile perfectly good space in his clever, unique, original, artistic and highly popular column:

As a baby needs its mother, We all have needs each day, But Slim Pickens needs no other, Than the Bard of Misery Bay. —Imogene.

Only a bookkeeper but these words I'll say, Believe me, they are good as a volume, Omit if you please, the Bard of the Bay, From your otherwise worthy column, —Evaleen.

"Slim Pickens" as you sign yourself, (And a name's a name they say) The pickin's must have been awful slim, When you fell for that "Bard of Misery Bay" Ye Ed.

Here's to the Bard of Misery Bay, With his heart full of hope and his head full of hay, Tho' I wish him success—as I favor I askit, Consign his bum chatter to your waste basket.

From that overworked assembler of the metallic messengers of thought—The Linotype Operator.

O smite the Bard of Misery Bay, Smite him sure and fast, I say, Don't let his bunk appear within, The Piffle Hook's confines again. —Holly.

These libels will no doubt wound the feelings of Mr. Bangs. We are grieved to thrust so cruel a dart into his already overburdened heart.

But such things must be. Humbly asking Mr. Bangs' pardon and assuring him that his stuff is always welcome.

SLIM PICKENS Bury the German vagabonds Beneath a pile of Liberty Bonds.

Mrs. Carl Johnson and daughter, Dagmar, and son, Wilfred, leave this morning for their home at Duluth, Minn.

Closeups and Fadeouts

Paul Powell, director, who assisted D. W. Griffith, has been engaged by Bluebird. Under Griffith's supervision, Powell directed "The Matrimonia," a Fairbanks Fine Arts production, "The Wild Girl of the Sierras" with Mae Marsh, and "Hell-to-Pay-Austin."

Dorothy Dalton is now working at the Ince-Paramount Studios on "The Cross of Shame." She wears a new wardrobe which she selected in New York especially for this picture.

Henry B. Walthall's new picture is "False Faces," from the novel by Louis Joseph Vance. The story is another episode in the life of the "Lone Wolf," in which Bert Lytell appears. Thomas H. Ince is personally supervising the production.

Marion Davies, who recently starred in "Cecilia of the Pink-Roses" has completed "The Burden of Proof." John G. Adolph directed it and the cast includes L. Roger Lytton, John Merkle, Fred Hearn, Eloise Clement and Mary Richards.

A featureless show, made up of a two reel O. Henry story, aviation pictures, baseball plays, a scenic and a news reel, was tried out by Mr. Rothapfel of the Rivoli in New York. There was no five reel feature and no star. It worked because the aviation pictures were an attraction, but Mr. Rothapfel says he won't try it again until it has something else out of the ordinary.

Dorothy Gish famous as "The Little Disturber" in "Hearts of the World" has signed with Paramount and will make seven pictures a year for Famous Players-Lasky. The first of these is well under way.

Donald Crisp, Lasky director, is another lucky fisherman, who has been made a member of the Cataline Club. He and Mrs. Crisp spent two days fishing and landed \$25 pounds. Three hundred went to the Children's Hospital, Los Angeles and the rest to his Hollywood friends.

May Allison is having a hard time finding a home in Los Angeles. She was living at a Hollywood hotel, now she's leased a house on La Brea street not far from the Chaplin studios where she will stay until she can buy a home.

Frank Campeau, who created the role of Trampas in the "Virginian" will put it on the stage. Other actors who will appear in prominent roles for the next two months are Tully Marshall, George Fawcett, Dustin Farnum, Winifred Kingston Douglas Fairbanks and Ruth Allen. The proceeds will go to war relief.

Marie Doré has hurried back to New York to appear in "Among Those Present," with H. B. Warner. She was visiting her husband, Elliott Dexter, but had to cut her visit short.

Carol Holloway has started divorce proceedings against her husband "Jack" M. Shaw. She says he was cruel to her.

Milton Sills, who has been appearing with Clara Kimball Young, will play opposite Geraldine Farrar in her Goldwyn productions. It certainly will seem queer to see anyone but good looking Wally making love to Geraldine.

Norman Kerry, who has appeared with Mary Pickford, Dorothy Phillips, and Constance Talmadge, has moved bag and baggage to Triangle studios at Culver City, where he will play the lead with another star, Olive Thomas.

Following the completion of "Cheating Cheaters" Clara Kimball Young has announced her intention of going West and erecting a studio of her own. Her father and mother have built a beautiful house in Los Angeles and will make their home there.

Carlyle Blackwell and Evelyn Greely, under the direction of Dell Henderson, are at work on "Allies." This play was originally published in story form in the Saturday Evening Post, under the title "The Huge Black One Eyed Man."

Fred Stone has completed three pictures for Famous Players-Lasky, and has left Los Angeles for Chicago, where he will appear in "Jack O' Lanterns." He promised to return to pictures sometime Doug Fairbanks and a crowd of cow boys say him off at Los Angeles.

Mack Sennett has purchased a tract of land near Silver Lake and is thinking of building a home there. It is opposite Julian Eltinge's house.

Bessie Barriscale visited her naval godsons at San Pedro, one day recently, and had her picture taken with the captain.

William S. Hart will leave Los Angeles September 20 for the East.

Virginia Lee Corbin, little Fox star, was the guest of honor at a boxing bout, given last week by the Los Angeles Evening Express for the benefit of its newboys.

where he will tour the prominent cities in behalf of the Fourth Liberty Loan. He will take in Washington, Philadelphia, New York and Boston. Mr. Hart is doing this at the special request of Secretary McAdoo.

The old Keystone comedies have been re-edited and will be released under the original titles. The first of these is "The Snow Cure." We'll see Sid Chaplin, Mabel Normand and "Fatty" together again.

Out at the Lasky studios they asked Theodore Roberts to grow whiskers in five days for a Lila Lee picture. Mr. Roberts was indignant. He says it can't be done, and that furthermore he wishes the Press agents would stop marvelling over his chin halos, and getting him in wrong every time they change directors.

AT THE STRAND. Refusing to marry a preoccupied book-worm, Jacqueline chooses a dashing Parisian count with many affairs, who promises never again to look at another woman. But a young widow pursues him after their wedding, and, although entirely innocent, Jacqueline, in a fit of jealousy, flies to the apartment of the harmless book-worm. Both families are in a furor, all but the father of Jacqueline, who is steadfast in his belief that Love watches over its own and is a talisman that protects either man or woman.

"Love Watches," the Vitagraph Blue Ribbon feature which will be seen in the Strand theatre today and Sunday, derives its title from the theme of the play. It is a fascinating French farce, featuring Corinne Griffith in the role of Jacqueline, made famous in this country by Billie Burke. Miss Griffith is seen in one of her most pretentious and appealing roles and is capably supported by Denton Vane, Edward Burns, Florence Dashon, Julia Swayne Gordon and Charles Stevenson.

AT THE DELFT. Constance Talmadge's director in "Up the Road with Sallie," which will be the feature attraction at the Delft theatre today, is William D. Taylor, admittedly one of the leading men in that branch of the motion picture industry. Mr. Taylor achieved a valuable record in the screening of "Tom Sawyer," his sequel "Huck and Tom," and "His Majesty Bunker Bean." The present picture includes many moments of delightful humor heightened by dramatic passages which make it an ideal vehicle for Miss Talmadge as well as for Mr. Taylor, whose forte is precisely along these lines.

"It isn't necessary," says Mr. Taylor, "to make Constance Talmadge more beautiful than she is. Our aim is just to get her beauty and her talent into that little black box standing yonder." And the many thousands who seen "Up the Road with Sallie" unanimously agree that the combination of Miss Talmadge's and Mr. Taylor's talents make this picture one of the choicest screen treats of the year.

"The House of Mirth" with an all star cast will be shown tomorrow.

TO KEEP WELL A Teaspoonful of PERUNA Three Times a Day PERUNA THE GUIDE POST TO HEALTH Has Never Been Down Sick Since Taking PERUNA Read this letter from Mr. Robt. Minnick, Grass Range, Montana. "In 1906 I was out in Kansas running a threshing engine and the threshing crew had to sleep out of doors. One of the crew brought a Peruna Almanac to the engine one day and I was feeling very ill from sleeping out. I decided to give Peruna a trial and sent for a bottle of Peruna and a box of Peruna Tablets, which straightened me out in a hurry. "I have never been down sick since that time. I do not take any other medicine except Peruna. I always keep it on hand. If I get my feet wet, get a cold, feel chilly, or a little bad, I always take Peruna. People should not wait until they are down sick and then take it, but should keep it on hand like I do and when they feel bad, they should use it." Plans Huge War Work Program

Philadelphia, Sept. 19.—A huge war work program has been planned by the army general staff for the next eight months.

The war department definitely plans to produce twice as much material from now until next June as it has produced since the beginning of the war.

Miss Hilda Anderson left Thursday for Ishpeming to spend the week end with friends there.

Tucker To Have Vital Message

The address to be delivered by Geo. Tucker tomorrow (Sunday) evening at the First Methodist Episcopal church of this city will be a patriotic address, and will take that place of the regular Sunday evening preaching service at 7:30 o'clock.

STATE OF MICHIGAN. The Circuit Court for the County of Delta in chancery.

John Dineen, Plaintiff vs. Martha Berrigan-Benjamin and the Phonograph Co., of Milwaukee, Wisconsin, a corporation, defendants.

Suit pending in the Circuit court for the County of Delta in Chancery, at the city of Escanaba, in said county, on the 6th day of September A. D. 1918.

In this cause it appearing from affidavit on file that the defendant, the Phonograph Company of Milwaukee, Wisconsin, a corporation is not a resident of this state but resides at the city of Milwaukee in the state of Wisconsin.

On motion of Joseph F. Cuddy attorney for the plaintiff, it is ordered that the said non-resident defendant, the Phonograph Company of Milwaukee, Wisconsin, cause its appearance to be entered in this cause within three months from the date of this order.

ALFRED PIERSON Circuit Court Commissioner. JOS. F. CUDDY, Plaintiff's Attorney. 250-5wks.

Chamberlain's Cough Remedy

This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children.

Great Anxiety By Reports Of Capt. Falk's Death

Menominee Mich., Sept. 20.—Unconfirmed reports continued today that Capt. Oscar Falk, former commander of Company L, had died from wounds sustained while in action in France.

The silence of the war department regarding the reporting of the casualties to Mrs. Falk has tended to increase the anxiety of the captain's relatives in this city.

Up until noon today no further word had been received by Mrs. Falk from the war department regarding Capt. Falk, other than the first and only message which was received two weeks ago and told of his being seriously wounded.

When Sergt. Ernest Spoerke, Menominee's first hero to return from the battlefields of France, arrived the people of the city were most concerned in the fate of Capt. Falk.

"I heard from Lieut. Wilson that Capt. Falk died two days after he was wounded. Lieut. Wilson was in the hospital suffering from shell-shock shortly after the captain was wounded. From what I was able to learn, Capt. Falk received a minor wound, and he was being taken to the hospital on a motor truck, when he left the truck, and taking off his instep of a captain—for military reasons—joined his company and went over the top. He was wounded seriously and taken to the field hospital, where I heard he died two days later."

Last night Sergt. Ralph Brown of Marquette, who went through the 41st division, of which Capt. Falk's company was a unit, corroborated Sergt. Spoerke's statement by saying he heard from men who were in the same battalion as Capt. Falk that the captain had died of wounds.

Brown Heard He Died. "I was told that Capt. Falk died two days after his wounding on July 31. When I met Sergt. Spoerke later, he told me what Lieut. Wilson told him concerning Capt. Falk. I did not see Capt. Falk after we landed in France nor during any of the fighting. He was in the Michigan guard and not located very near to our company," said Sergt. Brown.

In the Detroit Free Press, under date of Sept. 16, an item appears in which a letter from a lieutenant from Detroit contains a mention of Capt. Falk. The announcement reads: "Capt. John Falk, an employe of the Menominee postoffice and a former commander of a company in the old 33rd Michigan guard, was killed."

Nothing has been received directly from Capt. Falk since his wounding. Because there has been no word from the war department on the matter, Menominee people are in hopes that the reports are untrue, and the captain is still alive.

Richard Harding of Marquette was in the city Friday on business.

Missing Boys Located Here By The Police

Harold Griffith and Alsid Tassnoul, 16-year-old Munising boys, who disappeared from their homes in that city earlier in the week, were taken into custody by the police department at Wells yesterday.

The boys had arrived at Wells Sunday and gone to Stephenson Camp No. 17. They came down to Wells yesterday, where they were spotted by a resident who had read the Morning Press advertisement. The police were notified and brought the pair here.

Word was sent at once to the juvenile court at Munising and they will be taken to their homes, either by an officer or relative.

Ready For Institute Next Week

Superintendent F. E. King of the city schools and C. U. Woolpert, county school commissioner have completed plans for the Teachers' Institute to be held here on Monday, Tuesday and Wednesday of next week.

Teachers of the county will be expected to attend and consequently there will be no sessions in any of the schools on those days. However, Mr. King asks all children to finish up their school garden work during their three days' liberty and if they are all through with this work, they are urged to look for odd jobs to earn money for thrift stamp cards.

The instructors of the county will have the opportunity to hear some of the best and most widely known educators of the country and a live, interesting session is anticipated with pleasure.

Threshermen Must Secure Grain Permit

According to the county agricultural agent's office, not all threshermen in Delta county have secured the licenses required by the government.

"This," says the food administration "is an extremely important law, especially at the present time and the Bureau of Markets at Washington is depending upon the weekly reports from threshermen for the compilation of the grain production of Michigan."

There is no fee attached to securing a license and the secretary of state even goes so far as to furnish blanks and stamped envelopes to be used in returning the reports.

It is explained that farmers who thresh their own grain do not need a license but should make application which to make reports of grain.

In America Shown At Our Store Right Now!

MEN WHO TAKE THE TIME TO SEE THESE OVERCOATS BUY!

Months ago when you and every other man were thinking of and buying spring clothes, we bought these overcoats. We bought them to save you money. We knew that even a few weeks' delay would mean much higher prices. You've got the same chance now that we had last spring. To buy one of these beautiful overcoats now will save you \$5.00, \$10.00 to \$20.00.

Winter Overcoats

Worth \$25.00 to \$50.00

\$17.75 \$16.75 \$21.75 \$34.75

In season's newest models and very best and most popular wool materials

As time goes on there will be obtainable fewer and fewer of the fabrics that gave overcoats of past seasons such beauty and wearing qualities. We strongly urge you to buy now while we're still able to show you the best in overcoats.

In our overcoat stock will be found models from the luxurious weather-defying great coats to the dressy, dignified box coats, single and double-breasted models, quarter and full sized. Some have belts others are plain. A wonderful lot of fine overcoats priced at much less than their regular worth.

Fall Business Here In Earnest

And we are getting more because we are giving our patrons more for their money than ever before. We saw months ago that this fall and winter would bring a scarcity of real wools, so we prepared by buying all we could afford when we could get them.

Woman Believes Baby's Missing Hand 'Enfueced'

It is an accepted fact in the learned medical world that pre-natal influence is one of the ancient fishwives' views, but the Milwaukee Maternity hospital houses a woman who is firm in the belief that absence of the left hand of her infant makes him as much a victim on the altar of Teutonic crucifixion as if he had actually been struck by the sword of the butchering boche. Before the child was born the woman told her attending physician of how she had seen, at a New York Liberty loan demonstration, a Belgian youngster, whose left hand had been severed by a German soldier and that she feared she had permitted her mind to dwell too much on the remembrance for the good of the little stranger who was approaching the Gates of Life. Her wise medical adviser shook his head, explaining that there were no accepted facts in science to point to existence of such a situation. But the baby rasts quite content in his soft little nest at the hospital, but absence of a tiny left hand makes him different from the others, as do two little eyes of violet. And the mother remains unconvinced that her sight of that mutilated Belgian child had nothing to do with nature's unkindness.

Speaker Finds Cousin Here

That E. L. Vander Wiele of this city and Private Vander Wiele of the foreign soldiers' Liberty Loan party, who spoke at the Strand theatre last night, are second cousins, was discovered in a conversation between the two men after the meeting. The conversation was brief as the soldier was forced to take a train at once for Duluth, but he promised to return to Escanaba for a visit if possible. The men's father, were cousins.

DUMMY GUNS OF GERMANS FAILED TO FOOL YANKS

With the American Army on the Lorraine front, Sept. 20.—A German trick, designed to deceive the allies, has been discovered in the St. Mihiel salient, where the Germans abandoned large quantities of decoy artillery, big guns, little guns, mortars, and even machine guns, made of wood and sheets of iron and tins. This dummy artillery has been found in various sections for the most part in places where it could be plainly seen by photographers. It is assumed that the Germans believe the allies can be deceived by camouflaged artillery and had hoped that the allies would plan a heavy attack on the sections where the dummy artillery was located. Some of the larger "guns" were made of sheet iron mounted on worn out wheels that were scarcely able to stand even light use in one town a shop where this decoy artillery was manufactured has been found.

CHAPIN WANTS TO GO TO CHAIR FOR MURDER

New York, Sept. 20.—Any attempt to have Charles F. Chapin, former city editor of the New York Evening World and self-confessed slayer of his wife, adjudged insane, will meet with vigorous opposition from the district attorney's office. Chapin himself according to the prosecutor, claims to be sane and has said that he wanted to go to the electric chair and pay the penalty for his crime.

MAN KILLED, WIFE MAY DIE, IN AUTO-TRAIN SMASH

Eau Claire, Wis., Sept. 20.—Herman Erickson, Virginia, Minn., was instantly killed and his wife probably fatally injured here this morning when a Chicago, Milwaukee & St. Paul passenger train struck their automobile at a grade crossing five miles south of here. The car was struck squarely and hurled nearly a hundred and fifty feet from where it was struck.
