

YANKS TAKE 5,000 IN NEW DRIVE

BULGARS AND TURKS STILL ON THE RUN

Eastern Theatre of War Holds Important Place in Drama in Spite of the Pollu-Yank Dash.

ALLIES PUSH FORWARD

London, Sept. 26.—The last act of the Turkish drama in Palestine is about to take place and unless a miracle saves them, the flin will be the annihilation or capture of another Turkish army—the Fourth—at least 25,000 or 30,000 strong.

If the conclusion that seems inevitable comes to pass, the Turks will have lost in killed, wounded and captured, and Palestine will have been liberated from the misrule of the Ottoman empire.

Total number of prisoners to date is 455,000. The Turk army is hopelessly trapped. A ring has been hung around it by the British and Arab horsemen and infantry. To the east where the vast Syrian desert seemed to the Ottomans the last place of safety, there is a solid line of Arabs and Turks awaiting the fleeing followers of Mohamet.

In the north, in possession of all vital means of communication, natives and Arabs are sweating with all the vengeance and hatred of centuries of oppression, to pay their age-old foe "an eye for an eye and a tooth for a tooth." In the south a large body of British infantry is pressing forward.

To the west flows the river Jordan and on its opposite shore at every crossing British infantrymen are counting the days before the last punishment is dealt for the trapping of Townsend in "Amara," the Turkish gloating over that "victory" and the brutality and barbarism practiced on the Christian soldiers.

BULGARS ARE ALSO UP AGAINST IT

Invasion of Bulgaria proceeds with unabating energy and success. The British and Greeks on the allied right are battering across the Nelegista ridge northeast of Lake Doiran. The Greeks, at last accounts, had made substantial progress. The British forces are all across the border.

Meanwhile the Serbs on the left of the main attacking front—the Italians are far to the left—have made rapid strides in encircling the routed enemy. They have entered Istip, an advance of many miles since they took Priep two days ago.

To the east of Vardar the Serbs too are smashing northward. They have captured Caradsko, overcoming all resistance rendered largely by German troops. Here they took immense quantities of supplies.

INFLUENZA GETS VICTIM

The first Delta county man to succumb to Spanish influenza, is Robert Pierson, son of Mr. and Mrs. John Johnson of Bark River, who succumbed to the disease at the Great Lakes Naval Training Station. Word of the death was received by the parents on Wednesday and the father left at once for Great Lakes.

Owing to the contagious nature of the disease, the body cannot be shipped to Bark River, but will be interred at Great Lakes.

He entered the naval service several months ago and was known and held in the highest esteem by a host of people about Bark River. He was ill for but five days when pneumonia developed and his death followed.

Wilson's Speech To Open A New Epoch

Washington, Sept. 26.—President Wilson tomorrow will be in New York to officially open the Fourth Liberty Loan campaign and also deliver a speech which is expected to be epochal in its consideration of the war and the part the United States is playing in it.

Take Only Pledges!

A mistaken notion in the new Liberty Bond Campaign gained currency in regard to Volunteer Day, which is Saturday, Sept. 28. The report has been quite widely circulated that all people who sign up to take their full allotment of bonds on that day must pay spot cash in full for their bonds with the application.

This is absolutely untrue. The same terms are in effect for Volunteer Day as for any other day of the campaign. These terms are as follows:

Ten per cent by Oct. 19; 20 per cent by Nov. 21; 20 per cent by Dec. 19; 20 per cent by Jan. 16 and 30 per cent by Jan. 30.

OPPOSITION TO FULLER BREAKS DOWN

Delta County Man Is Renominated for Auditor General for Sixth Consecutive Term—Honor Paid.

OAKMAN WITHDRAWS

Grand Rapids, Sept. 26.—All of Michigan's state officers were renominated without opposition at the Republican state convention here today.

The convention proved one of the most harmonious ever held by the Republican party in the state.

Pro-convention threats of opposition to the re-nomination of O. B. Fuller for auditor general, failed to materialize when the convention got under way today. Milton Oakman of Detroit was the personage credited with aspirations to stampee the convention against an official who has established a reputation as the most efficient auditor general Michigan ever had, but Oakman's stampee failed to develop.

Instead friends of Mr. Fuller were in complete control of the convention from the outset and Oakman and his friends early abandoned their plans and the name of the Detroit man was not even presented to the convention.

The officials renominated are: Coleman E. Vaughan, secretary of state.

O. B. Fuller, auditor general. Alex J. Groesbeck attorney general. Samuel O'Dell, state treasurer.

The keynote speech of the convention was delivered by Will H. Hays, chairman of the Republican National Committee.

Chairman Hays' address was more of a patriotic appeal than a party keynote speech. But he accepted the opportunity to unmercifully grill the democratic party for the effort of its cadets to mix politics and the prosecution of the war. Governor Albert E. Sleeper also delivered a brief address.

6,139 New Cases Of Plague During Day

Washington, Sept. 26.—The acting surgeon general of the army announced today that 6,139 cases of Spanish influenza were reported today. New cases of pneumonia in the 24 hours numbered 722. Deaths from all causes were 179. The total number of cases of Spanish influenza to date is 36,146; the total amount of pneumonia, 3,036. Influenza was reported for the first time from Camp Kearney, Calif., and Camp Justus, Va., for the first time.

Foreign Trade In August Was Large

Washington, Sept. 26.—The passing of all previous records in foreign trade was reached in August when imports amounting to \$273,000,000 and exports amounting to \$529,000,000 were recorded. During the 8-month period ending with August the imports were \$2,060,000,000—a slight increase over the same period in 1917—but the exports showed a decrease of \$138,000,000 as compared with a similar period last year.

BLOODSHED IN RUSSIA INCREASING

State Department Received Definite Information Which Draws Bloodier Picture Than First Painted.

THOUSANDS MURDERED

Washington, Sept. 26.—The state department today received information from Russia which applies into significance the most dreadful chronicles of the French revolution.

Thousands have been slain in Moscow and Petrograd. Hundreds of them have been shot; other hundreds are dying of starvation in the prisons; women are being attacked and outraged and neither city offers a single place of refuge.

The latest report is dated September 16 and shows that on that date the most violent elements of the Bolshevik party were in control of Petrograd. A reign of terror has been instituted which has completely cowed the entire population.

City Like Graveyard

The whole city is like a graveyard, the reports said, not only because of the bodies of the dead but because of the awful stillness in the wake of the murders.

Thousands have been arrested and lodged in vile jails at the points of the bayonets of the Russ guards.

The report states that 1,700 former officers are being held as hostages for the lives of the Commissars, although not a Commissar has been attacked since the assassination of Uritsky. Conditions at Kronstadt, where untold numbers are dying in jails are terrible, the report says. Here many of the 1,700 hostages have been murdered in cold blood by the Bolsheviks who refuse to allow burial but allowed the bodies to be eaten by starving dogs.

Even this does not affect the population in the Bolshevik grip, it was stated because of the deadly fear which exists, and there seems to be no hope of changing the situation.

Petrograd Is Worse

Another reported dated September 5 which just arrived from Petrograd shows horrible conditions. On that day murder was rampant everywhere. The average number of executions each night were given as 150. Up to Sept. 10, more than 1,000 who were suspected of implication in some manner with the shooting of Lenin had been put to death.

Officials Jailed

French and British officials who had failed to get safe conduct permits were jailed. Their fate, after the third day of their arrest is unknown. The American Consul General Dewitt Poole, was at the Norwegian embassy at the time and was un molested, doing all in his power to save the British and French parties, it was stated. The Norse officials also used every influence. Later an order was issued permitting the foreign parties to leave with the exception of males between the ages of 18 and 40.

Prison Conditions

Dispatches from Moscow state that prison conditions could not be worse. Twenty to thirty prisoners are lodged in one, unventilated, dark cell, where there is room but for three or four to lie down at a time. They are poorly fed—if fed at all—the air is foul and they are not given a chance for exercise of any kind. There is no bedding.

The International Red Cross has, in many cases, furnished food and bedding under the direct of its American representatives, but it has been impossible for them to assist the unfortunate in most cases.

Swedish Paper Tells

In all of Russia where the Bolsheviks are trying to hold control by its terrorism, the atrocities are increasing. A leading Stockholm paper this week printed a lengthy article, a digest of which reached the state department today.

The terrorism is centered against the upper classes which the Bolsheviks have sworn to exterminate.

Word was received on Wednesday by Mr. and Mrs. Peter Olson of the safe arrival of their son Lieut. Clarence Olson, in France.

Weigh Your Patriotism

"Liberty Loan Subscription Day" has been fixed for Saturday in the cities of Escanaba and Gladstone.

On Saturday the campaign for the biggest war loan ever attempted by any nation, is to be launched in the United States.

Its oversubscription will be the answer of a united people, standing staunchly back of their nation, in the prosecution of a war for the extermination of a world menace, to the threat of the blood reeking Hun.

Its oversubscription in record time will carry a message laden with cheer to the lads over there who are giving their lives for their nation and for the sake of the folks at home.

The cities of Escanaba and Gladstone must subscribe approximately two thirds of the Liberty Loan assigned to Delta county.

Through the plan prepared for the two cities, the loyal people of Escanaba and Gladstone are to be accorded the opportunity of voluntarily registering the standard of their patriotism.

The volume of Liberty Loan subscriptions pledged on Saturday will serve as a telling index to the standard of the patriotism of the people of the two cities.

Escanaba and Gladstone cannot afford to be weighed on the scale of patriotism and found wanting.

Escanaba and Gladstone must show their colors on Saturday.

PATRIOTS OF RUSSIA FORM NEW LEAGUE

Russian Embassy Receives Notice of Completion of Plans for Putting Nation Back On Its Feet.

WILL RE-ENTER WAR

Washington, Sept. 26.—The Russian embassy here today received advice of the formation of a stable governing body in Russia which unites all of the Russian parties excluding the Bolsheviks.

The news, which is cheerful in the light of the news of the reign of terror now raging under the Soviet rule, came from Ufa where delegates of all factions had gathered. Officials here believe that the move means the return of a million armed Russians to the allied cause by next spring.

The following decisions were reached by the assembly:

- 1.—To remain loyal to the Allied cause.
2.—To reject any offer of a separate peace.
3.—To refuse to recognize the Brest-Litovsk treaty.
4.—Continue the war against the Bolsheviks at home and the German government, by an alliance with the Czech-Slovaks.

Governing Body Named

The cablegram goes on to relate that the new League claims to be the rightful successor to the late Provisional Government of All Russia; that it has been deprived of communication with the allies and America because of conditions in the Russian empire; that the parties seated in the Ufa conference are:

"Delegates of the organs of Provisional Authority and the Siberian government; representatives of the Social Revolution and Social Democratic parties; delegates of the 'Union of Liberty of the People,' and the 'Group of the Renaissance'."

"The conference has aimed to create a united governing body with one lawful authority for all of Russia. The efforts have attained success. The sovereign authority is vested with a body of five persons, representing the assembly."

"This convocation is adjourned until January 1, 1919, on condition that 250 or more members are present."

"Members of the governing board are: Messrs. Achenstess, Astroff, Cologobsky, Pchikovsky and Lieut. Gen. Boldirev."

ORDERS THE EXAMINATION TO PROCEED

General Crowder Does Not Expect to Permit Delay of Getting Men Into Uniforms.

DRAWING DATE NOT SET

Washington, Sept. 26. Provost Marshal General Crowder is not going to permit an unavoidable delay in the fixing of the draft lottery date to hold back the program for speed in the work of getting the eligibles on Class One into uniform.

While actual induction into the service must wait the result of the drawing, the local boards will continue as rapidly as possible, the examination of registrants. They were so instructed by telegram today.

While in certain cases men may be inducted at an early date to fill gaps in the ranks of the army, navy or marine units, in all cases, the order will be established by the drawing to take place at Washington soon, it was stated. However, the examinations will do away with any confusion in the October and November calls.

Awaiting "Returns"

Until all states have reported, the date for the drawing cannot be fixed for the highest number in any precinct cannot be determined. The preparation of the capsules containing the numbers, however, is all ready and the ceremonies determining the order is awaited by 13,000 interested American men.

Rules Altered

Some alterations in the rules for examining men were announced today. Under the new plan, if there is any doubt about a man's fitness for service in the mind of the examining physician, the registrant is to be examined by the medical advisory board. On the other hand, if the registrant is dissatisfied, either may appeal to the advisory board, who will conduct a further examination.

A man to be disqualified for service must be sent to the advisory board, unless the local board definitely decides that he is unfit.

FOUR SOLONS ARE ABSENT; VOTE HELD UP

Expected Settlement of Suffrage Matter is Not Made—May Wind It up on Saturday.

SITUATION DELICATE

Washington, Sept. 26. The first day of the great fight for the passage of the woman suffrage amendment in the senate ended in a broad battle, with the suffrage workers bringing up reinforcements.

A decision in the shape of a final vote is not now expected before Saturday and with both sides claiming victory, the result is still in doubt.

Four Pros Short

When the fight opened shortly after noon, with the gallery filled with women, it was discovered that the entire membership of the anti-suffrage side was present, while four staunch "pros" were not in their seats because they had been unavoidably delayed in reaching the chamber. It was realized at that time that there would be no "showdown" unless the quartet "showed up."

Senator Gore of Oklahoma was the only one to arrive, coming in at three o'clock in the afternoon. Johnson of California, LaFollette of Wisconsin, and Townsend of Michigan all wired that they were on their way but could not reach the chamber before late in the day Saturday.

Anti-Forces Strong

The surprising strength of the anti faction and the absence of the four who are among the leaders in the movement, caused a change in front of the backers of the amendment who had expected to bring a vote today. The absence of a single "anti" or pro-pairing of the absentees would have permitted a decision. But to have forced a vote today would have meant the defeat of the measure.

As a result of the skirmish the situation is one of the most delicate ever developed in the Upper House.

Cotton Price Will Be Set In November

Washington, Sept. 26.—Basic price fixing on cotton was postponed by the price fixing committee of the War Industries board until November 16 at which time it is indicated that the investigation of the industry now going on, will be completed. Certain cotton products, however, underwent a price-fixing adjustment.

FIRST DAY'S OBJECTIVES ARE REACHED

"ADVANCE IS GOING WELL" THE PARIS WAR OFFICE FLASHES

LATE LAST NIGHT

DETAILS OUTSTANDING

Pershing Officially Reports Taking of 5,000 Prisoners and 7-Mile Drive

On Front of 20 Miles.

Paris, Sept. 26.—"The advance is going well" is the consensus of all dispatches from the Champaign fighting zone where the Americans and the French are engaged in one of the great undertakings of the war. The offensive which began at 5.20 this morning, was launched on a 50 mile front and extends over the greater part of the front between Rheims and a point on a level with the city of Verdun.

General Gouraud, who had command of the offensive of July 15, is in charge of this newest attack, but General Pershing, who helped to plan the smash, is responsible only to Marshal Foch, supreme allied commander.

The Germans appear to have withdrawn from their front lines as far as possible as soon as the offensive began. It was preceded by six hours of terrific shelling of the German positions with high explosives and gas.

If successful, the drive threatens to outflank Laon and turn the Hindenburg line on a southern pivot, clear to the North Sea.

It would, furthermore, split the northern and southern German armies in two and accomplish what Ludendorff failed to do to the allies in his offensives last spring.

With the exception of the attempted German offensive in July, there have been no major drives launched in this district since 1915, when the French attacked on a large front, an attack which resulted in one of the fiercest battles of the whole conflict.

SCANT DETAILS OF THE FIRST DAY'S WORK

For reasons best known to the war office, exact details are withheld for the present. The new system of keeping a more than usual check on all correspondents in the Yonne and St. Mihiel advances" is in force. It is Foch's fashion to talk after, not during a battle.

The length of the line, from fragmentary reports, is from 40 to 50 miles. It is the greatest offensive ever participated in by an American army. The French newspaper tonight explain that Pershing, like Foch is a modest man and his strong points is doing not talking. Thus, the detailed account of the first day of the offensive is yet to come.

From Berlin comes the usual soothing syrup for the German people. "A break through was frustrated," says the German war office. It added that the Franco-American offensive was launched after 11 hours of artillery preparation. French and American "troops give the time of this 'curtain raiser'" as about half. They agree, however, that it was one of the most terrific and concentrated ever executed by allied guns and that gas was used lavishly.

The new attack hit at a time when the German "home front" is showing signs of collapse, just like Russia. Ludendorff himself is furiously appealing to the soldiers to abolish punishment which he declares "borders on high treason."

PERSHING REPORTS THE TAKING OF 5,000

Washington, Sept. 26.—The Americans in the new drive between Rheims and Argonne, have taken 5,000 prisoners and penetrated the enemy lines on a 20 mile front at some points to a depth of seven miles, General Pershing reported in his official communication received late tonight by the war department.

The text of Pershing's communication follows:

"This morning, northwest of Verdun, the First American army attacked the enemy on a front of 20 miles and penetrated his positions to an average depth of seven miles." "Pennsylvania, Kansas and Missouri

troops serving in the corps command by Major General Liggett stormed Yverness, Mont Plainville, Basou and Chappy overcoming stubborn resistance. The troops of other corps, crossing the Forges brook captured the Bologne Forde and wrested from the enemy the towns of Malencourt, Belalincourt, Mont Saupin, Cusly, Mortillers, Veteareast, Ranneaux, Gecourt and Villancourt. The prisoners thus far reported are over 5,000.

BERLIN SAYS "BREKAS" WAS FRUSTRATED
 Berlin, via London, Sept. 26.—A break through our lines was frustrated, says tonight's official war office statement on the new Champagne Franco-American offensive. It read: "In the Champagne and between the Arronne and Neuse, the French and Americans attacked this morning on a wide front following 1 hour of a shilly preparation. Their attempt to break through were frustrated. The battle continues before our positions."

HIGH REPORTS THINGS QUIET UP NORTH
 London, Sept. 26.—"In the last few days," says Field Marshal Haligh report, "we have captured strong trench systems with several villages west of St. Quentin, with 1,000 prisoners. Aside from raids, there is nothing of importance to report."

ALL OBJECTIVES ARE REACHED BY YVERAS
 Paris, Sept. 26.—The American nightfall had captured beyond all their first day's objectives and advanced in some places 7 1/2 miles, according to latest dispatches from the American front. Montsouain and Gecourt are among the places captured. Both the northwest of Verdun about 15 to 2 miles, in the valley the Neuse.

Power Bill May Meet Strong Opposition
 Washington, Sept. 26.—Debate on the emergency power bill opened the house today. Members who opposed to national ownership of control announced their intention of proposing certain amendments designed to limit the authority of the president to take over any of the war plants except those which have actually failed to deliver power subject to the government's control.

ESCANABAN IS WOUNDED AT SOISSONS

With Canadian Overseas Forces—Parasents got First Word Since His Arrival in Europe.

LETTER FROM HOSPITAL

John Flemming a son of Mike Flemming, 1311 Ayer street, was severely wounded at the battle of Soissons last month, according to a letter received from him yesterday. It was the first word they had received since his arrival in Europe three months ago.

The young Escanaban has had more than his share of thrills and hair-raising experiences. Rejected by recruiting officers in every branch of the service in this county, he went to Canada where he was accepted. His hearing, while in the United States army, was impaired, did not prevent his entrance into the Dominion army.

The letter does not give particulars of the fighting nor the extent of his injuries. He states, however, that all of his face that is visible is his eyes and nose, since his head is covered soundly with bandages. Taken at first to a base hospital in France, he was later transferred to England, but the ship which took him across the channel was sent to the bottom by a German submarine.

His letter is cheerful, assures his father that he is having the best of care and states that he hopes to return to the front line in the near future.

Frankfort-On-Main Successfully Bombed

London, Sept. 26.—Frankfort-on-the-Main was successfully bombed by British raiding planes at noon yesterday, the war office announced tonight. In the engagement, seven German planes which attacked the raiders were shot down. The raiding squadron lost five machines. All together the British lost 10 machines yesterday, but bagged a total of 11 German aircraft.

Call To Arms

Chairman of National Republican Party Calls to Nation for Liberty Loan Support.

New York, Sept. 25.—William H. Hays, chairman of the Republican national committee, today issued the following appeal in behalf of the Fourth Liberty Loan:

"To Republican state chairmen, district chairmen, county chairmen and all Republican workers:

"The mission of America is about to be accomplished. American soldiers in France are at this moment demonstrating to the world the reason for America and the stuff of which this Republic is made.

"There complete success and the consequent eternal establishment everywhere in the world of the integrity of American rights, interest and honor and the right of men to govern themselves, are all assured with the proper performance of the plainest duty of the citizenry at home.

"The Fourth Liberty Loan is our next objective.

"There is no geography, political or physical, in the patriotism of this country. Democrats and Republicans alike love their flag and are ready to die for it. We continually insist for all parties that the war be kept out of partisan politics and that partisanship be kept out of the war.

"Just as in Congress, the Republicans led the fight that made possible the passage of the great war measure, so now the party membership and organization has an immediate, definite war task in the accomplishment of which it can fully function. I repeat, let there be no contest in this country as to anything that touches the war except that contest—who best can serve, who most can give.

"The success of the Fourth Liberty Loan shall be the Republican party's supreme motive of thought and action until that objective is attained.

"Wherever Republicans are together, by two or two thousand, it shall be a win-the-war-meeting. Just as the Republican party's every action at all times has been and shall be determined solely by how we can contribute most of the war's success, so now our every thought and action shall be deter-

mined entirely by how we can make certain the quick over-subscription of the Fourth Liberty Loan.

"This is a united country's next message to Germany.

"The entire Republican organization in every voting precinct in this country shall be a fighting force in this Liberty Loan drive.

"This is the Republican organization's business.

"This is the real business of every man, woman and child in America.

"WILL H. HAYS,
 "Chairman Republican National Committee."

New Headquarters For War Relief Is To Be Open Today

The headquarters of the Delta County War Relief association was yesterday moved from the second floor of the Escanaba National Bank building to the storeroom at 703 Ludington street formerly occupied by Grinnell Brothers.

The change in location of the headquarters was made to make the office more accessible to the public and to provide room for the more expeditious handling of the tremendous work of the association.

It is believed by the officers of the association that the placing of the office on the ground floor in a central

location will serve as a reminder to the public of the payments due the organization each month. In the former location the office was hidden from view and but a small percentage of the monthly contributors ever found their way to the headquarters.

At the new location it will be possible for M. J. Lang, in charge of the office to provide a patriotic display that will attract public notice. Today a number of war relics received by various Escanaba people from France will be placed in the window and the display will be changed from time to time.

Help Win the War

Fourth Liberty Loan

Subscription Day

Saturday, Sept. 28th

Has Been Designated As
"SUBSCRIPTION DAY"

In the Ninth Federal Reserve District for
 this Fourth Liberty Loan

Escanaba is a part of the Ninth District. On this day, September 28th, it is requested that the people of Escanaba go to the City Hall, or to the Fire Station Hartnett Ave., North Escanaba, and subscribe for the Bonds that have been allotted to them. All persons living at North Escanaba, north of the C. & N. W. Railway Tracks, should go to the Fire Station. All other to the City Hall.

At the time of the Third Liberty Loan last April, many of the Railroad men bought their bonds thru the Railroads on the "Railroad Plan." For this Fourth Loan it is considered best for all of our people, including the Railroad Employees, to subscribe for their bonds thru the Local Committee on the "Government Plan."

Everyone should subscribe for all the bonds that they are able to take. Our Government needs the money.

This Committee will be at the City Hall and Fire Station from eight A. M. until midnight on Saturday, September 28th, to receive subscriptions and urgently request all of our citizens to meet them on that day and subscribe for their allotment of this Fourth Liberty Loan.

Dollars that Fight

By SENATOR HENRY CABOT LODGE

The war will be won by men and ships, by guns and airplanes. To raise armies and supply them, to build the navy and support it, and to furnish ships and transport, we must have money in large amounts. The expenditures of the Government for the ensuing year are estimated at \$24,000,000,000, a sum which baffles the imagination to conceive. That vast amount

must come one-third from taxes and two-thirds from loans. The success of the Fourth Loan, like those that preceded it is, therefore, absolutely necessary. We must work with the highest speed, as if the war was to end in six months. We must prepare in every direction, as if it was to last for years. Speed and preparation are both expensive.

Without the Loans We Cannot Have Either

We are fighting to secure a just, righteous and lasting peace. For a complete peace we must have a complete victory. It must not be a peace of bargain or negotiation. No peace which satisfies Germany can ever satisfy us. No peace that leaves Germany in a position to renew the war against us will be worth having. It will be far from sufficient to gain all our objects on the Western front—Belgium, Alsace-Lorraine, Italia Irredenta. The President with wisdom and foresight and great force expressed his determination to redeem Russia. Russia

must not be left in Germany's hands. That would mean another war. Poland must be free. Slav republics must be established to bar the way between Germany and the East. Serbia and Roumania must be redeemed. All these things are essential. *Nothing will bring them but complete victory and a peace dictated by us and our allies.* It is a conflict of ideas. It is the principle of evil arrayed against the principle of good. It is the battle of freedom and civilization against barbarism and tyranny. *We must win and we shall win.*

We Cannot Win Without Money, and, Therefore, These Loans Are Vital, and the Country Should Rally in All Its Strength and Subscribe and Oversubscribe the Fourth Loan

Liberty Bond or Liberty bond, which, shall it be? Buy Liberty Bonds. Bar barbarism by buying Liberty Bonds.

The Sick Man of Europe is rapidly growing sicker. Buy Liberty Bonds. Buy Bonds and back the gans that smash the Huns.

Let Liberty Bonds put the dam in Potsdam. Buy Liberty Bonds.

Don't be a financial slacker. Every man at home owes it to the man at the front to VOLUNTEER to buy Liberty Bonds.

Now it develops that von Hertling's peace address was intended only for home consumption. When he gets down on his knees and prays to the world to forgive the grievous sins of the Huns, we will begin to pay some attention to his rantings.

Henry Ford had the timidity to speak out in the Democratic state convention and assert that if elected he will be bound by no party platform or pledges. Sort of free lanceing it as 'twere. Neither Henry nor the Democrats, who find themselves in such an embarrassing predicament, need worry about the safety of time honored party pledges. Henry will never get close enough to the senate to wreck anything.

PAINT DELTA ON BATTLESHIP Let's put the name of Delta on a battleship. The opportunity is ours and but the will to accomplish is needed. Delta county's percentage of distribution for the Third Liberty Loan was approximately 16 per cent.

Let's treble the distribution for the Fourth loan and make it 48 per cent. That percentage or anything approaching it will win for Delta county the coveted honor. The offer has been made to name a battleship after the four counties in the Ninth Federal Reserve district having the largest percentage of distribution in the Fourth loan. The ten counties having the next largest percentages of distribution will have their name given to a tank.

Delta county could surely place her name on a tank but "Delta" on a battleship would be so much more splendid.

Let every Delta county family determine at once the limit of the amount of bonds they can pay for in the four months that are allotted. Then divide the bond purchase between father and mother, brother Tom and sister Sue.

It's up to the people of Delta county. Let's Go. Buy Liberty Bonds. WHY BUY BONDS? HERE'S THE ANSWER.

To influence the American people to subscribe to the Fourth Liberty Loan.

Let's Go. Buy Liberty Bonds. WHY BUY BONDS? HERE'S THE ANSWER. To influence the American people to subscribe to the Fourth Liberty Loan.

The figures of the enormous expenditures of the government in conducting the war have been compiled and made public.

"Since the beginning of the war we have spent for army use for flour, \$37,000,000; the statement declares. "We have spent \$14,000,000 for sugar; \$42,000,000 for bacon; \$12,000,000 beans; \$9,000,000 for canned tomatoes and \$3,900,000 for rice.

"We have spent \$126,000,000 for shoes; \$500,000,000 for clothing and \$150,000,000 for blankets. "Our axes for the army have cost \$6,000,000; our rolling kitchens, \$47,000,000, and field ranges, \$1,500,000. The army is using 2,500,000 shovels that cost \$1 each.

"Our motor trucks to carry supplies and ammunition cost \$240,000,000 and for horse-drawn wagons we have spent \$37,000,000. Our 279,000 horses and 132,000 mules have cost us nearly \$100,000,000 to feed them has cost over \$60,000,000, and the harness for them nearly \$30,000,000."

These figures are large, but we have nearly 2,000,000 men in France and nearly as many in cantonments here, and the United States and the people of the United States, through the Liberty Loans are making these soldiers as safe and as comfortable, as powerful and effective as possible.

Every subscriber to the Liberty Loan has helped, and every subscriber to the Fourth Liberty Loan will help to win the war.

NOTICE TO CONTRACTORS The city of Escanaba hereby gives notice that proposals will be received until 5:00 o'clock p. m. on Tuesday the first day of October, A. D. 1918, at the office of the City Clerk for furnishing all material and doing the work of grading, and draining west Ludington street to range line between Range Twenty-two (22) West and Range Twenty-three (23) West, then north to a point fifty (50) feet north of the Chicago & North Western Ry Company's right of way. Also for the building of a bridge spanning Butcher creek on the line of said roadway.

The work to be done according to specifications, plans and diagrams now on file in the office of the City Clerk. Said work to be completed on or before ninety-(90) days from date of contract. A certified check for at least 5 per cent of the amount bid by each bidder, must accompany the bid. The same to be forfeited if the bids be accepted and the bidder neglect or refuse to enter into contract.

The city reserves the right to reject any or all bids. Bidders will be required to furnish satisfactory bonds for performance of contract and labor and material.

Dated Escanaba, Mich., September 26th, A. D. 1918. CARL E. ANDERSON, City Clerk.

ANNOUNCEMENT! I have moved my dressmaking establishment from 1315 Fifth street to 215 Third street, where I am ready to give all work the usual expert and careful attention.

The Piffle Hook

By Slim Pickens

ST. VITUS VERSE. Fair maid of habits nice, Pause as you walk, I'll have said in a trice, My little talk. I know you wouldn't wear, Another's boot. Another's phoney hair, Another's suit; One question if you have, No large objection, Who is it owns, Your new complexion?

Slim knows a girl who, if she can face the power as well as she powders the face, ought to be in the army. Never play poker with a dentist. He's an expert at drawing and filling.

HE HAS FAITH. A peaceful, trusting sort of man— Is Uncle Henry Bardz, Why even in a poker game He never cuts the cards.

The turtle doesn't move as rapidly as the bat and he doesn't cover as much ground in the course of a day, but he usually gets farther from home because he knows where he is going before he starts out. This paragraph has a moral.

JUST PIFFLE. There was a young fellow named Ed Gately, Who took a hot bath one day lately, Which caused him to shrink, More than you'd ever think, And now he's not nearly so stately.

A man must either make way for himself or get out of the way of others.

TUFF LUCK. I've got a little blister, On the tail-end of a thumb, Such a cunning little blister That I'm proud of it by gum. And 6 a. m. this morning, Found me hard at splitting wood, Just to get another blister, Like the first one if I could. Then thumb would have a blister And when people look at me, They could see a pair of blisters Where one blister used to be.

JAWN. When a man wants to make sure that he's right before he goes ahead, he may find himself distanced by a less conservative individual who is willing to take some chances.

KNOW HIM? There is a man in our town, An ivory headed pug, At 4 a. m. he mows the lawn, And wakes the neighbors up.

HEAVY. A nice gentle hold-up man on a dark night, stepped out from the shadows and pushed a well filled automatic under the shapely nose of a handsome young man. "Put 'er up," he said in a persuasive tone.

THE YOUNG MAN DID AS REQUESTED. The stick-up man frisked him. He found a wad of copy paper, a pencil and 113 unpaid bills. "What's your line, pal," asked the robber.

"I'm a newspaper man," replied the victim. Then, with a look that bubbled over with sympathy, the bad guy slipped four bits into the other's hand and kum-shoed into the darkness.

THE END. OLD VERSE REVALED. The day is cold and dark and dreary, It rains and the wind is never weary A bill collector came to the door, I turned him down and he was sore, I could tell from his voice there'll be some war, And the day is dark and dreary.

ALL EXPLAINED. Says Holly, to me—you know Holly, he's the business manager of the meat-dicket and a very nice young man, everything considered—well, sezze to me, "Slim," he says, "It was I who took them cigarettes outen your desk," he says, "and them was my fifteen-cent you found," sezze, "which I left there, and furthermore I demand a complete retraction," he says, "to the charges that there is somebody connected with this establishment," sezze "who would steal your cigarettes."

So the thing aint a mystery no longer since Holly apologized.

Sneat the Hun—but then why not, Get some interest on your swat? STOCK EXCHANGE TO PRAY FOR VICTORY Chicago Sept. 26.—Board of Trade directors at their meeting today adopted the following resolution:

At the ringing of the bell at noon each day all activities on the floor of the exchange shall cease for one minute for silent prayer for an allied victory and an early termination of the war.

When Mary Pickford was in San Francisco working on "Amarilly of Clothes Line Alley," which is showing at the Delft today, Red Cross officials requested her to speak to 15,000 workmen of the Union Iron Workers. Miss Pickford wore a coat and cloth hat, and some of the men were doubtful as to her identity. "If you're Miss Pickford, where are your curls?" yelled a oil debauched worker. At that Mary whipped off her hat and the famous Pickford curls tumbled over her shoulders. The men cheered and they responded generously to the little star's eloquent appeal.

"If I were a man," recently said Irene Castle, star of the "Girl from Bohemia," which is coming to the Strand theatre Thursday and Friday, "I would like to be in the aviation corps, like Mr. Castle. No muddy clothing, or wet feet from standing in the trenches, but the most daring and exciting of all the work of the war."

Mary MacLaren has filed another suit for \$25,000 damages and \$1,500 hospital expenses against the Roth Brothers of Los Angeles, whose machine collided with her's last summer. The first time Judge Monroe told her she didn't have any suit. But Miss MacLaren got busy and discovered additional witnesses and now she's at it again.

There was some excitement in Los Angeles when Wanda Hawley was arrested, along with her husband for signing a false affidavit in connection with a draft questionnaire. A Burton Hawley is an electrician, and he claimed that he was Wanda's sole support. Secret Service officials charge that the pretty ex-lord of Doug Fairbanks was receiving \$100 a week at the Lasky studios. Liberty Bonds up to \$3,000 were put up as bail but the Hawleys stayed in jail for a day.

The Teatro de la Comedia at Santiago, Chile, has opened a week's run with "A Grain of Dust," and "Just a Woman," released by the Co-operative Film Co. of New York. Jose Travers and Co., their local managers, report that "Thais," "Dodging a Million," and "Polly of the Circus," all Goldwyn, have been shown throughout Chile.

In "Peck's Bad Girl" the newest Mabel Normand picture, a good many of the scenes are taken in a cellar, but that doesn't bother Mabel. Critics say that "Peck's Bad Girl" is the best work of her screen career.

Tom Moore is usually very quiet but the other day he got busy with his funny stories, and created havoc at the Goldwyn studios. First he whispered one of his best to Mabel Normand who was in the midst of a scene and her laughter broke up the scene. With a satisfied grin Tom transferred his attentions to Madge Kennedy, who was about to start a scene and broke that up too. Hereafter they are going to shut Tom up when ever he shows signs of feeling funny.

An announcement concerning details of the production, "Private Peat" was made September 9, by Famous Players-Lasky. The soldier-author himself enacts the leading role. "Private Peat" was made at Fort Lee, under direction of Edward José, who is now staging Caruso in Artercraft pictures. It is now entirely completed and will be released in October, as a Paramount Artercraft special, one of the nine to be distributed during the season 1918-1919. In New York, the production will have its premier at the Rivolt.

Constance Talmadge is at work at the Morosco studios, on "A Lady's Name," written by Cyril Harcourt, under the direction of Walter Edwards.

Bessie Love and her company have gone to Sunland on location for scenes in "Sue" an adaptation of Bret Harte's story, "The Judgment of Bolinas Plain."

Alice Joyce has returned from ten days along the Maine coast, where her company took many beautiful exteriors for her Blue Ribbon release, "Cap'n Abes Niece."

Mabel Normand is a stickler for truth-telling, and she'll tell it no matter what she's asked. On her recent trip to Washington where she met Mrs. Woodrow Wilson, at a performance of "Joan of Plattsburg" a child asked the Goldwyn star her age. "Honey," said Miss Normand, "I'm as old as there are scenes in 'A Venus Model' divided by 20, and multiplied by 2. Here's a nickel for a pencil and write me the answer."

Grace Darmond has worn sixteen bows in making "The Man from Broadway" starring Earle Williams. The members of the company worked on the "oceans and mountains" locations at Inceville-by-the-sea for the past week. A great deal of night work was done and the result they say is some of the prettiest scenes ever shown on the screen.

For the first time in its history Cody and its bevy of cow-punchers have assisted in the making of motion picture. "The Hell Cat," Goldwyn, starring Geraldine Farrar had to learn to mount, ride and shoot. Western fashion, before the scenes could be taken. An old cow-puncher, named Curley was her teacher.

A speaking tour which will have as its scope the shortest road between Los Angeles and Washington, D. C. in the interest of the Fourth Liberty Loan, is the latest venture of dainty Anita King. The trip is to be made by automobile and it will take at least six or ten weeks. Two years ago Miss King completed a trip from the Pacific coast to New York.

Mme. Nazimova made a crowd of bystanders pay for their curiosity recently when she was appearing in scenes of "Eye for Eye." The fascinated crowd refused to budge from the spot, so Nazimova dispatched Eugene Caudlo, cameraman to take up a collection for the Red Cross. They all payed up, but they said it was worth the price of admission.

In "All Woman," Goldwyn production starring Mae Marsh, which is coming to the Delft Wednesday and Thursday, the storm scene shows the wrecking of an automobile, throwing the elopers and the chauffeur in a heap on the muddy road. "I've seen some intense realism in picture making," remarked Miss Marsh, "but nothing to equal that automobile smash-up in the rain. I only got a bit of a drenching but it took three hours to dry the clothes of the other three."

During the making of "We Should Worry" which will be at attraction at the Strand Wednesday, after the set was ready, and the cast in position for the scene, Jane Lee, co-star with Katherine, couldn't be found. Director Buel searched all over the studio and at last, in a corner, Jane was found. While waiting for the scene she has climbed up on an old cane seated chair. The cane gave way, Jane went through, and she couldn't get out.

AT THE STRAND. Everyone likes stories that are full of action and thrills. That is shown by the large sale of books of that description, which are read with avidity by persons of every class. Such a story is that of the Pathé play, "The Girl From Bohemia"

staffing the charming Irene Castle, which will be at the Strand theatre today. It is tremendously exciting and there is a mystery in it which has you guessing from start to finish. There is a strong patriotic denouement that will grip you and make you glad you are an American.

Saturday and Sunday, "To the Highest Bidder," starring Allee Joyce will be shown.

AT THE DELFT. Mabel Normand's most extraordinary eyes and madcap moods, is showing at the Delft theatre today and Saturday, in another of her Goldwyn Pictures. This time it is "Back to the Woods," and the plot bristles with excitement and as must be expected of Mabel Normand, wholesome fun.

She is Stephanie Trent, daughter of a lumber king, who elects to go to a village as a poor little schoolmarm that she may meet the sort of man she can love. Stephanie is weary of society beaux. And of course she does meet him. He is Jimmy Raymond, outwardly a mountaineer, but really more than that. And Stephanie adores him at the start.

Learning that he is in danger from the rough element, Stephanie goes to his lonely cabin, perched in a precipice to warn him. Jimmy locks the door and laughs at her, declaring that he resorted to a ruse to get her there. Stephanie throws herself across the sill of the open window and threatens to jump if Jimmy persists in keep-

ing her there. Delighted, Jimmy declares that it's all right—he will use the situation in his next newspaper serial. Then he releases the girl and she, angry and humiliated, promptly makes her identity known to her father's employees. A spirited fight follows in which Jimmy is wounded. Stephanie then pitiles him and learns who she is, after she nurses him back to health. Nevertheless, the young fellow is firm in his resolve to use the story despite Stephanie's pleadings.

What follows forms a surprising and delightful climax to a story refreshingly different.

Chamberlain's Cough Remedy
This is not only one of the best and most efficient medicines for coughs, colds, croup and whooping cough, but is also pleasant to take, which is important when a medicine must be given to young children. Chamberlain's Cough Remedy has been in use for many years and has met with much favor wherever its good qualities have become known. Many mothers have given it their unqualified endorsement. Wm. Scruby, Chillicothe, Mo., writes: "I have raised three children, have always used Chamberlain's for coughs, colds and croup. It is pleasant to take. Both adults and children like it. My wife and I have always felt safe from croup with it in the house." Chamberlain's Cough Remedy contains no opium or other narcotic.

Use Less Sugar

Many people use sugar and waste quantities of sugar because they are not impressed with the vital necessity of conserving it.

Each man and woman who is a true red-blooded loyal citizen will appoint himself and herself a monitor over his or her own action and where flagrant violations are made and where abuse is made in regard to canning sugar—same should be reported to local food administration.

Use Substitute for Baking.
We suggest a generous use of honey and Karo Syrup for baking as well as other purposes. You won't notice the difference.

COOKSON TO REMAIN IN THIS CITY

Popular Methodist Minister Assigned to Escanaba for Another Year—His Congregation Pleased.

LEESON DISTRICT HEAD

Rev. Frank Cookson, pastor of the First Methodist Episcopal church here has been reassigned to this charge by the conference which closed its sessions in Detroit Saturday. Rev. Cookson was present at the meeting, returning to the city yesterday.

Rev. Addison Leeson was named as District Superintendent for the Upper Peninsula for a period of six years. He succeeds Rev. W. E. Marvin of Marquette and Rev. Leeson will make his home in that city. He has been for several years, pastor of Mary Palmer church in Detroit and one of the best known clergymen of the auto city.

News of Rev. Cookson's return to Escanaba for at least another year is enthusiastically received by members of his congregation. His year here has been one of achievements for the church and inspiration for the members and he has made hundreds of warm friends of all faiths who warmly welcome the opportunity of continuing the work with him.

Escanaba Woman Gets Word Of Her Brother's Death

Word was received yesterday by Mrs. Thomas Powers of the death of her brother, Norman Berg, in the U. S. army service, stationed at Syracuse, N. Y. No details of the death of the young man, which followed a brief illness, were received yesterday by the sister, who left at once for the home of her mother at Bruce Crossing, Mich. The body will be shipped to that place for interment.

The young man entered the military service immediately after the outbreak of war. He sustained an injury to his leg that necessitated his being invalided home until a month ago when he reported for service.

HEAR THIEF IS CAPTURED

An unconfirmed report was received in Escanaba last night that the thief who in January stole a mail pouch containing \$7,000 consigned by Escanaba banks, firms and individuals, to Minneapolis and points west has been captured.

The mail pouch was carried by the street railway company from the Escanaba postoffice to the Gladstone station of the Soo Line. After being delivered at that place all trace of the pouch was lost. Postoffice inspectors and secret service men have been at work on the case for months.

Team All Set For The Trial Battle Sat'y

"All ready for the boss' whistle," was the big word from the Escanaba High school camp last night. Coach Walton's youngsters are in mid-season condition, have been working continuously and energetically and are set for the opening scrap, which will occur at South Park Saturday afternoon at 3 o'clock.

The final scrimmage before the game was held last night, when a long drill at breaking up open field plays, especially forward passes, was given the boys by the coach. The scrubs, who earlier in the week, romped away nicely with the tosses, were stopped nicely and efficiently.

With a large field of candidates, it is difficult for anyone to pick players at the present time but the boys who will participate in the drive, both as shock troops and reserves, are probably included in the following list:

- Center—Buell.
- Guards—Londo, Farzier, Nelson.
- Tackles—Gleich, Anderson, Vandok.
- Ends—Brotherton, Gessner, Finch.
- Quarter—Desllets.
- Halves—Quinn, Christie, Brotherton.
- Full—Londo.

Officials have not yet been selected.

For A Weak Stomach.

The great relief afforded by Chamberlain's Tablets in the multitude of cases has fully proven the great value of this preparation for a weak stomach and impaired digestion. In many cases this relief has become permanent and the sufferers have been completely restored to health.

Hearts Of World Is Big Feature

Of the presentation of the "Hearts of the World," to be shown at the Delt for four days opening Monday, the Minneapolis Tribune said:

Judged by the crowds which yesterday thronged the Shubert, a stranger might easily have supposed Griffith's "Hearts of the World" was having its first showing in the city instead of commencing the fourth week of its Minneapolis engagement.

Thursday afternoon, Mr. and Mrs. Henry F. Westervelt, 2610 Hennepin avenue, purchased matinee tickets which put sale over the 50,000 mark. This attendance record exceeds even the high water mark scored by Griffith's first great picture, "The Birth of a Nation." Books of the Shubert theatre show that in the forty-two showings of "Hearts of the World," which includes Saturday's performance, 55,291 persons have seen the Griffith photoplay. This is an average of 1,315 persons at each of the forty-two showings of the picture.

Signalman Tom Skehill, who Thursday night thrilled 3,000 Minneapolisites at the Auditorium with his stories of the war, dropped into the Shubert during the afternoon to see "Hearts of the World." It was, he explained, the fifth time he had seen it.

"I have been on four of the fighting fronts," he said, "and spent some time with my own Australian troops in France, fighting in the very salient shown in the picture. I met Griffith over there when he was making the films. Its scenes to me are very familiar, and just like a person will look at a picture of his home town. I love to drop in and see "Hearts of the World," for I know how accurate its historical value and under what difficulties it was made."

Time Limit Is Set For Yarn

According to a statement made by Mrs. Barras yesterday, all knitters who have Red Cross yarn for socks must turn the knitted articles in at the Red Cross rooms within a week. This is the limit of time set. The socks must be fourteen inches from the heel to the top, including the heel. The feet may be from eleven and a half inches to twelve inches long. Red Cross workers are asked to hurry this work up because the material must be turned in during the next week.

Thought Man Was Crazy

"I have suffered from stomach and liver trouble for years; the last two years people have been calling me crazy. The doctors could not do anything for me. The awful bloating of gas seemed to press against my brain and I could not think clearly. Three months ago a friend advised taking May's Wonderful Remedy and it has worked wonders in my case. All my bloating and suffering is gone and I feel as though newly born. It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

Volunteer Day

Upon Saturday, September 28, the Fourth Liberty Loan Campaign Opens

Let's make that day Volunteer Day. Let's voluntarily place our subscriptions for the Fourth Liberty Loan on that day and not wait until the soliciting committee calls.

Our city's quota is large, but the things our boys are doing at the front are still larger.

It's up to you and me to buy bonds and it ought not to be necessary for some one to ask us.

The Committee will be in session at the City Hall Saturday, September 28th, from 7 o'clock in the morning until 12 o'clock, midnight, for the purpose of receiving subscriptions Volunteer Day

Patriots Day

On Saturday, Sept. 28th, you will have the opportunity of subscribing for your share of Liberty Bonds at the City Hall or at the North Escanaba Fire Station.

Those who subscribe will be given an emblem and will not be solicited later.

Escanaba's answer to the hellishness of the Hun largely depends on what each of us does on that day. Lets go.

Yours for the 4th Liberty Loan,
