

BELGIANS AND BRITISH PROGRESSING

DELTA SHOWS FINE SPIRIT IN CAMPAIGN

Assurance Given by First Day's Record in Cities and Townships That Quota Will be Subscribed.

TO GO OVER THE TOP

That Delta county will send its quota for the Fourth Liberty Loan "over the top" in record time, was ascertained yesterday.

The magnificent volunteer records hung up yesterday in Escanaba and Gladstone coupled with the remarkable showing made in many of the townships convinced County Chairman M. N. Smith last night, that Delta county is going to prove that the people are back of the nation in the prosecution of the war, in no uncertain manner.

Wells and Brampton Lead.

Wells and Brampton townships vie for the honor of being the first in Delta county to oversubscribe their quotas. At 2 o'clock yesterday afternoon word came Brampton township had oversubscribed her quota of \$13,500. At almost the same time the report came from Wells that the quota of \$50,000 set for that township had been more than doubled and the indications were that it will be more than trebled.

Preliminary reports received last night from practically every township in the county showed that the canvass is going forward with most excellent results.

Work Progressing.

In the townships no effort was made to arrange for volunteer subscriptions and because of the distances to be covered it may be two or three days before the final results are known.

The volunteer plan in the cities of Escanaba and Gladstone proved a tremendous success. In both cities approximately two-thirds of their quotas were subscribed in a single day. Throughout yesterday and until late last night volunteers streamed into the city hall and No. 3 fire station here and to the city hall at Gladstone. Even yesterday morning it became evident that the experiment was going to prove a big success and the results announced last night offered definite proof.

Canvassers Are Ready.

On Monday or Tuesday flying squads of canvassers will be sent out by City Chairman M. K. Bissell in Escanaba and City Chairman James T. Jones in Gladstone, to call upon all people who did not make volunteer pledges. By Wednesday or Thursday it is hoped to have the campaign entirely finished in both the cities and townships of the county.

Two Members Ill As House Appropriates

Washington, Sept. 28.—With the Spanish influenza laying hands upon two conspicuous leaders of Congress, Champ Clark and Majority Leader Kitchin, both houses passed a resolution today appropriating \$1,000,000 to help the Federal authorities combat the epidemic. In both houses the vote was unanimous, it being stated that the emergency is grave and calls for immediate action. Both Clark and Kitchin are confined to their beds, but reports on their condition tonight were to the effect that both were resting easily and no serious developments are looked for.

Influenza Spread Is Alarming To Govt.

Washington, Sept. 28.—The Spanish influenza epidemic raging in the army camps made great progress again today. There was an increase of more than 2,000 new cases reported. There was a material decrease, however, in the new cases of pneumonia, 538 new cases having been reported as compared to 717 on the previous day.

U. S. Weather Forecast

Forecast: Sunday fair; moderate northwest winds. Highest yesterday, 57. Lowest yesterday, 47. Precipitation, trace.

Take Pledges At City Hall This Morning

Because of the belief that there are many people in Escanaba who were unable to visit the city hall or Fire Station No. 3 yesterday and who wish to volunteer subscriptions for the Fourth Liberty Loan Bonds, Members of the City Liberty Loan committee, will be at the city hall from 9 o'clock this morning until 12 o'clock, noon, to receive pledges.

FAILS TO GET A SHOW DOWN ON SUFF BILL

Both Sides Charge Politics and Leaders Throw Up Sponge in the Windup of the Struggle.

NO CHANCE TO PASS IT

Washington, Sept. 28.—The fight for the passage of the Woman Suffrage amendment at this session of Congress became a lost cause today. Senator Jones of New Mexico, who had charge of the bill did not attempt to press a vote and asked that the Senate adjourn until Monday. That which looked a few days ago like a sure victory for the measure, became a virtual defeat after three days struggle.

Absentees Blamed.

The defeat, it is believed by leaders of both parties who are friendly to suffrage, was due to the fact that not all of the "Pros" were on the job when the bill was called Thursday.

Politics Charged.

Democratic senators are charging political treachery on the part of the Republican suffragists, who are declared to have promised 33 votes and delivered but 22. On the other hand, Republican senators point to the fact that although the bill is an administration move, Democratic solons refused to put personal prejudices in their pockets long enough to vote "yes."

Just what sort of tactics and excuses the parties will use in suffrage states when called upon to explain to the feminine voters the cause for the bill's defeat, are still "up in the air." A majority of the Republican members had endorsed the bill at a recent caucus. On the other hand, the Democrats were able to show a majority favorable a few days ago and the White House had requested the passage of the amendment.

Had a Chance.

Suffrage workers charge that the fault lies in the fact that many senators of both parties were "afraid of the cars" and decided that a roll call would not be advisable at this time.

At any rate, Senator Jones, after three days of postponements, barely succeeded in keeping the bill alive, although he with his colleagues made a gallant fight. Whether the matter can be revived at the next session is still a matter of conjecture.

Seven Buildings Of Flivver King Taken

Washington, Sept. 28.—The government today took seven buildings of the Ford Motor company, to be used as storehouses and headquarters for the quartermaster department. They are located in St. Louis, Atlanta, New York, Long Island, Cambridge, Louisville, San Francisco and Philadelphia.

Licenses Of Big Miller Revoked

Washington, Sept. 28.—Revocation of their licenses is the penalty imposed by the Food Administration today upon the Davis-Scott Flour Mills of Detroit, with branches in New York, Boston, Maine and New Hampshire. The offense was "failure to keep proper accounts and 'purely fictitious accounts' in their jobbing departments. The revocation is effective October 1, the matter of resuscitation will be taken up, the administration said, after the company submits revised accounts.

BULGARIA IS IN EARNEST LEADER SAYS

Turkish Sultan Calls Emergency Meeting of Council and Austria May be On Verge of Collapse.

WHOLE LINE CRACKING

Washington, Sept. 27.—If any further evidence of the certainty of Bulgaria's "meaning business" in her cry for peace, in spite of Germany and Austria rather than for them, was needed, it came today from Stephen Panateress, Bulgaria's own diplomatic representative at Washington. In a remarkably frank interview he expressed the opinion that Bulgaria is out of the war and will be willing to withdraw her troops at once. The Sofia government, he stated is determined to break with the Central Powers notwithstanding the possibility of a German invasion or other German punishment.

He believes that the present negotiations will bring peace and if there is a hitch in the proceedings, he is confident that Bulgaria will appeal to the United States to use its good offices in her behalf.

BELIEVES BULGAR PLEA 'STARTS FINISH'

London, Sept. 28.—The Bulgar cry of "kammerad" has rippled the "unified" front of the Central Alliance wide open and has unloosed the brewing storm that threatens to dash it to pieces.

In every capital of the Central Powers from Constantinople to the ground which was to have been the foundation for "Mittel Europa" the home front is cracking.

Even in Germany, where Prussian discipline is so much flesh and blood and cannot be cast aside over night, there are ominous rumblings, while the leaders are attempting to present an air of defiance to the world. One by one the Germans may expect to see their "allies" become "foes." It is believed in Paris and London that Turkey will follow Bulgaria and that Austria will be the next.

Reports here tonight states that Austria has already begun the withdrawal of her armies from Albania where they have been attempting to cover the flight of the Bulgarians. With Austria no longer in Macedonia and Bulgaria out of it, the Balkan front will surely collapse and Austria apparently wants to "get from under" while it is still time.

The Turkish internal unrest is growing hourly. The Sultan has called the Musselman Council together for an emergency session to "discuss Turkey's position."

BULGARIAN PACIFISTS ARE PRAISED

In Sofia and throughout Bulgaria, Premier Malinof, who made the offer, is the man of the hour. Others who backed him in his stand are given equal credit.

In Germany, von Hertling, who a few months ago was called the "Saviour of the Empire" is today deserted even by his own party. He is the object of wrath of every party in Germany except the mangled-fist crowd who merely call him a failure. Resignation is the only avenue for his escape, but he cannot request to be relieved and his place cannot be filled on short notice by the Imperial Master.

General von Stein, Prussian war minister, has been recalled and the Reichstag, has demanded an accounting. His last flowing speech falls to convince and many grave things have happened to cause the kaiser's sudden order.

Many important Reichstag committees have been summoned to Berlin post haste and an emergency session is looked for. Meanwhile the government is mapping out a campaign to bolster up the morale of its subjects. DARK CLOUDS IN THE KAISER'S SKY

The skys look blacker for the kaiser. His people are letting him know that they are very much dissatisfied and his allies are severing their alliances—or threatening to do so.

In authoritative quarters in London and Paris, words are heard against undue optimism but the emphasis is always placed upon the word "undue."

That the situation never looked more promising, is the plain, unvarnished truth.

Your Duty Is Plain
Escanaba's quota - \$400,000
Amount subscribed - 260,000
Balance to raise - \$140,000
We have \$140,000 more to raise to complete our quota.
Everyone who has not subscribed is expected to do so.
In view of the large amount yet to be pledged, we ask those who have not subscribed to their limit to revise their subscriptions and make them larger.
Solicitors will call on those who have not yet subscribed.
We must raise our quota of \$400,000 and we expect everyone to do his share. Allotments have been made to all, according to their ability to buy. Such allotments are fair and we expect them to be taken.
Remember, people, our own boys are in the thick of the fight and let us stand back of them.
This is the only time we have been called upon to do our duty:
A United States government bond is The Best Security in the World.
(Signed) M. K. BISSELL,
Liberty Loan Chairman for the City of Escanaba.

GERMANS TO RETREAT ON THE NEUSE

Fighting Continues With Success but Details are Withheld at Request of General Pershing.

YANK FLYERS ARE BUSY

With the Americans on the Neuse, Sept. 28.—There are signs that the enemy is planning to evacuate Gun sur Neuse. Seven supply trains were spotted on the move by our aviators and considerable damage was done by our bombs.

The Germans are reported to be blowing up bridges in this section back of their lines and there are indications at Ormont that the evacuation is already in progress.

Air observers report that the roads leading into these towns are filled with artillery and wagon trains and that many villages are being blown up and burned.

PROGRESS IS REPORTED SATISFACTORY

Details of the progress of the day's fighting, which continued all day long cannot be cabled until General Pershing's official communique has reached Washington.

However it is permitted to say that it was entirely satisfactory. Our artillery is still active and according to air observers has scored a number of direct hits in its duel with the Krupp's. The German artillery fire is diminishing slowly and it is believed that a withdrawal is planned by them.

BRING DOWN 21 HUN PLANES YESTERDAY

During the day 21 German airplanes were shot down by American flyers, and all the American machines returned to their bases in safety.

Newberry Expense Light In Delta

The Truman H. Newberry campaign managers in the recent primaries have filed with the secretary of state at Lansing a sworn itemized statement of all money expended in his behalf in the senatorial contest. It may be of some interest to know that the amount of money expended in Delta county was \$140 outside of newspaper advertising. The amount was expended for stenographer letters, circulars, distribution of same, etc.

All talk about the large sums of money being expended in Delta county is simply street talk and made with out any regard for truth or fact.

Milton Buzo of Ishpeming was in the city Saturday to attend the football game.

EXTRA BABY WEEK WILL SAVE MANY LIVES

Government Believes That One-Third of Annual Death of Children Can be Prevented.

PLANS GOING FORWARD

In the belief that 100,000 of the 200,000 children's lives which are lost every year in the United States can be saved, the government in its Child Welfare and Baby Week plans is doing everything in its power to improve conditions. This is very much a war measure, for it is believed that with so many fathers in military service, nothing should be left undone to safeguard their home interests.

While "Baby Week" is designed primarily for the children under the age of six, the week in Escanaba will also include much that will be helpful to the older children.

While actual medical aid will not be given, medical advice is promised and every possible aid will be given to mothers who desire it.

The week here will open on October 6. The Woman's Committee of National Defense, in whose charge the government has placed the movement, is arranging for special Child Welfare services in all of the churches on that date.

Alaska Is First To Over Subscribe

Washington, Sept. 28.—America started her Fourth Liberty Loan Drive with a bang. No official figures are yet available at National headquarters but it was stated that Alaska was the first to subscribe her quota. The Alaska Packers corporation early this morning wired that it would take over the territory's entire allotment of \$1,375,000. St. Alban, Va., at an early hour this morning wired that its quota had been over subscribed \$30,000.

ALBERT LEADING FORCES

KING OF BELGIANS HEADS NEW BRITISH AND BELGIAN SMASH IN FLANDERS.

HITTING HARD

Believes His Answer to Separate Peace In Most Emphatic Manner Possible and Drives It Home.

London, Sept. 28.—At the head of his heroic little army, Albert, king of the Belgians, today delivered his answer to the secret proposals of the Berlin war dogs that a bastard peace be arranged.

In personal command of his own army and the British Second army, he dealt the Teutons a staggering blow today, which they were still staggering under, fighting fiercely and in vain, in an effort to prevent a great disaster to their own Flanders forces.

On a 20-mile front between Dixmude and Ypres, the British and Belgians smashed forward with irresistible force, outflanking and then capturing the Passchendaele ridge, taking all of Fonthill forest and Pucelleppe and many other town sand villages and bagging 4,000 prisoners.

The day's advance ranged between three and four miles. Unofficial reports that a 12 mile run had been made were not borne out in the official statements. The Anglo-Belgian forces pushed towards Roulers, 12 miles east of Ypres. That is the main German base in Flanders and with it falls the submarine bases at Ostend and The Bruges.

Ostend is 22 1/2 miles northwest of Roulers, as the crow flies, and a vital strategic railroad connects the two. Now that Passchendaele has fallen, it is the turn of Wypschaele—"Black Sheep Ridge" and the attack against that bastion may be expected at any time. In a measure, it is already menaced, a great semicircular bulge has been thrust into the German lines in this sector.

Of course, "at the head of his army" does not mean that Albert dashed into battle in front of his infantry, for that is not true leadership in Twentieth Century warfare, but he has charge of the drive and he spent the day in the heart of the battle zone, immediately behind his soldiers and well within the reach of the bombs and shells.

Dispatches from the front state that the monarch can scarcely rest in the face of battle. He aches to be with the foremost waves of his infantry on what they do towards delivering his end. He rode the raven black steed that he had three years ago when he rallied his armies again and again and stood in the way of the German juggernauts, where his men fought like true heroes in the foredoomed battle. Today his face did not show the lines of worry and mental suffering. His cheeks were flushed with the fire of a winning cause and his eyes claimed victory.

It is the beginning of a new dawn for Albert and his Belgian jaws.

DOZEN VILLAGES AND TOWNS TAKEN

At the British Front, Sept. 28.—Late reports of the attack launched today by the Belgians, in conjunction with the Second British army, show that exceptional progress has been made. In the north they occupied Wypschaele, Hullebeke, Klein, Villebeke, Gheleuvelk, Poelchallo, Striet and a number of smaller villages.

BELGIUM ADDS FORCES TO ATTACK

Paris, Sept. 28.—Dispatches from the front show that with the entry of Belgium into the allied offensive in Flanders, the greatest fight in the world's history is in progress. The entire battle line between the North and the Red seas is aflame. Late reports from the Campaign front states that the French have taken full advantage of the break in the German defensive. The compilation the prisoners taken by the British and Americans in to-

day's fighting at 30,000. There is no sign of a let-up in Foch's plans.

BELGIANS TAKE 4,000 IN FIRST DAY

Brussels, Sept. 28.—We have advanced 6 kilometers—nearly 4 miles—taken 4,000 prisoners," says tonight's official Belgian war office statement covering the Anglo-Belgian drive in Flanders. Belgium's Foch has captured the statement says. **BRITISH FORCES DRAW NEAR TO CAMBRAI**
The Canal de l'Escaut, the last water barrier between Cambrai and the allied forces, was passed today at strong German positions east of the canal are firmly in British possession. The west bank is now as far as Lafole wood. "Marioning Centre on Moyelles car L'Escaut all within radius of 2 to 2 1/2 miles of Cambrai have been taken. They lie southwest of that town.

ALLIES TAKE 20,000 DURING WEEK

London, Sept. 28.—The allies have captured 20,000 prisoners and 70 miles of the four main fronts during the week according to reliable information reaching here this evening.

PAID REPORTS THE FALL OF FALLU

FRANCE GAIN BETWEEN GISE AND ALLETTE

Paris, Sept. 28.—A new smash advance by the French between Gise and Allette is reported by the British war office statement. The British were forced across the Aisne east of the line Allezant-Joy. The drive continues with success. The British are on the south side of the forest and the villages of Bantouze, Havignin, Dimeu and Malafroid. Progress north of Fallu was also made.

ANGLO-GREEK FORCES

London, Sept. 28.—The extreme attack by the Greek and British forces, has begun the invasion of Bulgaria east of Belgrade, the war office stated tonight. The Anglo-Greek forces are advancing on Petritz, 100 miles north of Mer and are on a level with Philipp. The advance northward is astride the Struma river. Several Bulgarian garrisons and some prisoners have been captured.

PARIS REPORTS VIOLENT GERMAN ATTACKS

Paris, Sept. 28.—Violent counterattacks launched by the Germans and 4 miles east of the line, were reported to halt the French progress. The war office announced tonight. The French drive between the lines resulted in the capture of 10,000 prisoners, 100 miles north of Fallu. The village of Fallu is now in allied hands. The French are on a level with Philipp. The advance northward is astride the Struma river. Several Bulgarian garrisons and some prisoners have been captured.

PERIN SAYS BELGIANS FAILED TO GAIN

Brussels, Sept. 28.—The Belgian war office statement tonight says that the British and Belgian forces have failed to gain ground in the Cambrai region. STILL GASLESS TODAY

Because of the close observance of the government's request to automobilists not to use their cars on Sunday for the conservation of gasoline, not a Delia county car owner has been reported as a violator of the request in the past two Sundays.

Announcement was made yesterday by the Delta County Fuel Committee that the request is still in full effect and auto owners of the city and county are expected to live fully up to the request today.

Celebrate 53rd Anniversary Of Their Marriage

Capt and Mrs. A.H. Rolph, 922 Second street, widely known and highly esteemed residents of Escanaba for the past 35 years, yesterday celebrate the 53rd anniversary of their wedding. Except for the congratulations showered upon them by their legions of friends, the event was a quiet one.

Capt. Rolph was born in England in 1841, coming to the United States with his parents at the age of 14. Near the close of the Civil War, where he had won a commission for gallantry and Mrs. Rolph were married in Chicago. They came to Escanaba in 1883 and have made their home in this city since that time.

For a number of years Capt. Rolph has engaged in the profession of a public accountant and he enjoys an enviable reputation in the field.

Their anniversary should fall upon the opening day of the Liberty loan drive is of particular interest to the couple, who can most vividly recall the stirring days of the Civil war and can likewise appreciate the demands of the government for money to keep the nation's fighter in fighting condition.

THE WHITE HOUSE
WASHINGTON

Again the Government comes to the people of the country with the request that they lend their money, and lend it upon a more liberal scale than ever before, in order that the great war for the rights of America and the liberation of the world may be prosecuted with ever increasing vigor to a victorious conclusion. And it makes this appeal with the greatest confidence because it knows that every day is becoming clearer and clearer to thinking men throughout the nation that the winning of the war is an essential requirement. The money that is held back now will be of little use or value if the war is not won and the selfish masters of Germany are permitted to dictate what America may and may not do. Men in America should have from the first until now dedicated both their lives and their fortunes to the prosecution and maintenance of the great principles and objects for which our Government was set up. They will not fail. They will show the world for what their wealth is worth.

POLICE HERE HAD THE MAN FOR FORGERY

Slacker Suspect Shot by Milwaukee Policeman Formerly Employed in a Local Restaurant.

OFFICIALS ASK PHOTO

More facts in the case of William Aschenbrenner, alias William Ashburn alias William Pankratz, slacker suspect shot by a Milwaukee police officer Tuesday, were brought to the surface yesterday when it was developed by Chief of Police John J. Tolan that the man was formerly employed in a local restaurant, but at one time faced a charge of forgery in a local court.

position at the Burke restaurant on North Charlotte street. It was during this period of employment that the forgery matter came up. Aschenbrenner, or Pankratz, as he was also known, in the city, squared the matter to the satisfaction of the complainant by settling the amount of the forgery and escaped prosecution in this manner.

Sends Photo.
Chief of Police Tolan stated last night that a photo, with a full outline of the man's activities here, had been sent to Milwaukee, where the police department has seemed unable to dig up much information concerning the man.

Because of his peculiar actions and his frantic attempt to escape arrest, it was believed that he had been guilty of a more serious offense than "slackerism" or at least an offense that would entail more severe punishment than an induction into the army, and they have been trying to learn what it was.

Rally Day will be observed in the school. There will be an exceedingly

interesting program of songs and recitation appropriate for the occasion. We wish to make this a special day for the Sunday school, and urge the parents of scholars and friends of the school to be present. In the evening, at 7:30, three short talks will be given by representative men on Sunday school work and its importance. Come out and help us swell the Sunday school attendance.

Former Resident Dies In Nebraska

Alfred P. Hopkins, former well known Escanaba Lumber man, died in Fremont, Neb., on September 22. It was learned here yesterday. Mr. Hopkins was 72 years of age and is survived by his wife and two sons. He had been ill for several months.

While located in this city he was president of the A. P. Hopkins Lumber company and was a leader in community affairs. During his long business career he was identified with some of the largest lumber transactions in the history of the upper peninsula.

John Kemmer Is Visiting Here

John Kemmer, son of Mr. and Mrs. John Kemmer of South Jennie street, is in the city for a visit with his parents. Kemmer who is in the navy, returned from a trip abroad several weeks ago and had been stationed temporarily in the naval offices at Norfolk, Va.

In a letter received this week, he stated that he expected to make a trip across, but shortly after the letter was written he succeeded in getting a 15 day furlough, and immediately boarded a train for Escanaba. His arrival was a complete and most joyful surprise for his parents.

Miss Lorraine VanderWelle left last night for Green Bay to spend the week end with friends there. John Booth leaves Monday for Houghton where he will enter the Michigan College of Mines.

"Give The Devil His Due" And Buy Liberty Bonds

"Undisputable the best Liberty Loan advertisements ever written have been written by the Kaiser and the German soldiers if such they should be called—they are written in blood and in flames at the point of the bayonet and at the cannon's mouth—they have been written in the innocent blood of little children, and in the red shambles of Lorraine—they have been written in the charred embers of fair cities and on crumbling walls that stand as silent monuments to homes that are no more—they have been burned into the flesh of innocence and branded on the breasts of virtue—they have been written so indelibly on the face of the seas that the stain is still upon the waters that hushed the victims' prayers—that have been written in the name of God, but in the hand of Hell in the guise of defense, but in the cause of dominion and they have rallied over one hundred million Americans to the ensigns of Freedom, sold three Liberty Loans, are now selling one more and expected to send it victorious over the top in less time than any of the others and will sell them indefinitely till the race is emancipated from the maw of militarism and the tyranny of autocracy.

Buying Collegian Clothes is Good Business

MEN these days demand style and good materials, as always, but they are looking critically for that most important quality of all—good tailoring.

For long service must be built in, or the garment will soon wear out. Adler Collegian clothes have always been famous for their sturdy tailoring. That's why the splendid materials chosen for Adler Collegian Suits and Overcoats give you such long wear and satisfaction for your money.

REMEMBER—Collegian Nockabout Overcoats save you about one dollar of every five. No lining to wear out—none to pay for.

Volunteer Day

Volunteer Day is over and the result is encouraging. A good many more volunteers will be needed to put Escanaba—and Delta county—"Over the Top."

If you have not already subscribed for your Fourth Liberty Loan bonds, place your subscription with us early. Do not wait for the committee to call on you.
