

SUFFRAGE VOTED DOWN

START ROUNDUP AS STRIKE AT SEATTLE ENDS

Department of Justice Plans Deportation of the Agitators.

Seattle, Wash., Feb. 10.—Following the issuance of an official order by the general strike committee that the Seattle strike be terminated at noon tomorrow, agents of the department of justice today started a roundup of foreigners in an effort to bring about the deportation of trouble makers.

The city has taken on a normal appearance tonight. Streetcars are running and the police and soldiers are not so much in evidence. Business is normal.

Many Return to Work. The union order directing the strikers to return to work already is being complied with, many night workers having returned to their posts.

An attempt was made to have the streetcar men, whose union was the first largest organization to break away from the general strike corral, quit work again this afternoon. However, the carmen continued at their posts, as did the members of various other leading unions that had previously abandoned the sympathetic strike.

The return-to-work order also provided that unions whose men returned to work Saturday, Sunday and today, be instructed to strike again so that when the hour designated for the termination of the general strike arrives Seattle labor would be found 100 per cent union and in such strength return to work.

Status Remains Same. The Seattle shipyard workers continued on strike. The sympathetic strike won them nothing. Their status is the same as before the call for the general strike.

Mayor Hanson denied tonight that he is planning to go to Washington to confer with Edward Hurley, of the United States shipping board. "I am planning nothing until I finish up this job here," he said. "The calling off of the general strike will not replace union in the high position it held in Seattle," he added. "Without reason, without cause, our city lay prostrate. Union labor must clean house. Seattle may forgive, but it cannot forget."

Soldiers Are Defied. Butte, Mont., Feb. 10.—Bolsheviks and I. W. W. among the Butte strikers issued a deft tonight to the military order prohibiting a parade of union workers tomorrow. Machine guns were in place tonight, covering every approach to the Anaconda mine and the soldiers have made it clear that they will shoot if any hostile demonstration is made toward the miners by the strikers.

The electrical workers voted tonight to strike. Should they do so the city will be plunged in darkness, but it is not believed they will carry out their threat.

Squads of soldiers broke into an I. W. W. hall this afternoon where agitators were holding a meeting. The

Bandits at Wayne Blow Deposit Boxes

Detroit, Mich., Feb. 10.—Masked bandits secured \$15,000 when they blew open 49 safety deposit boxes in the Wayne Savings bank at Wayne near Detroit, last night, it was revealed this evening. Officials of the bank say the loss may reach \$25,000. Much of the loot was Liberty bonds.

300,000 Carpenters Plan Walkout Today

New York, Feb. 10.—Some 300,000 workers in building trades will go on strike tomorrow, according to a statement issued by William L. Hutcheson, president of the United Brotherhood of Carpenters and Joiners, which corrected the premature announcement by him yesterday that a strike would be projected today.

BEST PAL

She Lies Cold in Death But He Doesn't Know It.

While a westward bound train speeds on to bring an Escanaba soldier, Alvin Klassell, to his home here for an anticipated joyful reunion with his mother, the body of the matron lies cold in death in a cemetery here.

Such is the fate of the soldier whose long service overseas with the American army he expected to relate while he fondly caressed his best pal on earth—his mother.

Klassell arrived at an eastern point of embarkation a little more than a week ago. Every day since his arrival in the United States he has written to his mother. And every day his anxiety to once more see her has doubled.

Monday he sent a card to a friend here. It told of his leaving Huntington, W. Va., on his homeward bound trip. In no mild terms he expressed the anticipated joy of seeing his mother once more.

But—"There will be a vacant chair."

5 SHOTS FIRED; DOCTOR IS DEAD

Prominent Physician Killed By Patient in His Office.

Muskegon, Mich., Feb. 10.—Local police are searching for August Frondo, who is thought to have been connected with the murder of Dr. I. M. J. Hotvedt, prominent physician of this city, who was murdered in his office at 3 o'clock this afternoon and died while being taken to the hospital, with five bullet wounds in his head.

Pollee Get a Clue. At about 5 o'clock word was received by the police that a man answering the description given as that of the assailant, was inquiring as to the time the boat left for Chicago, and members of the sheriff's force and police started in pursuit. The police have no idea as to the motive of the crime.

The murderer called at Dr. Hotvedt's office, apparently for treatment, and was closeted with the physician for some time. No loud talking was heard, nor was any scuffling, before the first shot was fired. Four more shots were fired at the doctor's face and the man who appeared to be a Greek, walked quickly out of the office with the smoking automatic revolver in his hand.

Four People in Room. There were four people in the waiting room of the office, but they made no attempt to stop the murderer.

The only description given was that the man wore a dark overcoat and had on a green striped hat, was yellow in complexion as if with jaundice.

Dr. Hotvedt's death claimed one of the most distinguished scholars and linguists of Muskegon. He was born in Norway and acquired most of his education there. He was proficient in the use of German, French, Hebrew and Chinese tongues, and after his marriage in Minneapolis left for China as a missionary, returning some time ago.

Knotty Problem is Facing Politicians

Whether nomination petitions must be filed with the city clerk by 4 o'clock this afternoon, or whether they can be filed on the following day, is a matter yet undecided among city officials. According to the state law, the petitions must be filed 21 days before the time designated for holding the primaries, the law being applicable to cities of less than 70,000 population. The question has arisen regarding Lincoln's birthday as a legal holiday, some maintaining that the petitions cannot be filed on a legal holiday.

JUDSON NAMED CANDIDATE FOR MAYOR'S CHAIR

Tax Payers' Ticket Formed—Running Mates to be Announced.

T. M. Judson will be a candidate for mayor of the city of Escanaba on the Tax Payers' ticket with a complete list of candidates for all city offices.

This announcement was made last night following a meeting of prominent business men, working men and professional men of the city. The running mates of Mr. Judson on the city ticket and for the various wards will be announced today.

Frame Platform Today. It was announced, following last night's meeting, that the complete platform of the Tax Payers' party, will be framed today and will probably be announced tonight.

One of the central planks in the platform, it was said, will be a declaration for efficiency in city government. Another plank, it was said, will probably be a pledge to take the necessary steps and to push with all possible haste plans for the establishment of a commission-manager form of government for Escanaba.

Will Rush Petitions. Plans for the launching of a complete new ticket in the field for the municipal election have been under way for several days and as nomination petitions for all offices must be filed by 4 o'clock on Wednesday, the organization meeting was scheduled for last night.

As Wednesday is a holiday it is probable that the petitions will be completely circulated today and filed with the city clerk before his office closes for business this afternoon.

CHANCE TO SEND CITY DELEGATES IS GLIMMERING

Unless an immediate interest in the project is aroused, Escanaba will be the single important upper peninsula city not represented at the next Y. M. C. A. group training conference at Camp Custer. The next conference will be held at the cantonment from Feb. 19 to Feb. 24, and an effort is being made to induce from three to seven Escanaba men to represent this city at that conference.

Want Delegation Here.

E. A. Hubbard and A. J. Young are in charge of the work of securing a delegation to go to Camp Custer for the conference on those days. Any men of the city who are interested in the work and will volunteer for the duty are requested to confer with either Mr. Hubbard or Mr. Young at once.

During the time they are at Camp Custer they will be under semi-military discipline and it will be their duty to hold conferences with soldiers arriving at the camp for demobilization, advising with them as to their future and attempting to impress upon them the desirability of taking advantage of benefits they have gained since entering military service.

No Representation Yet. Several similar civilian "Y" conferences have been held at Camp Custer and Escanaba has been represented at none of them. At the coming conference practically every upper peninsula city will be represented and a strong effort is to be made to send an Escanaba delegation.

Articles for Fight Signed at New York

New York, Feb. 10.—Articles for the proposed heavyweight contest between Jess Willard and Jack Dempsey were signed this afternoon in New Jersey. Dempsey was satisfied with everything, especially with the promise of \$27,500 for his part of the bout.

The articles call for a bout in July and were signed in New Jersey because the laws of New York frown upon such arrangements being made in this state.

I PROMISE

This Girl Was Forced to Promise Man Her Hand

Menominee, Mich., Feb. 10. (Special)—"I, Anna Slavick, do promise Steve Minarik not to marry any person within one year from this date, Feb. 1, 1919, without his consent, or he may bring court action for breach of promise in this state or any other state."

That's the agreement that a Menominee girl signed because she feared a Marquette fisherman might do her bodily harm, despite the fact that a soldier who recently returned is a suitor for her hand.

The romance—if it can be called such—dates back a year when Minarik made frequent visits to see Miss Slavick, who finally "turned him down." And when the police here found that the girl had signed an agreement because Minarik had frightened her, they guaranteed every protection against the fisherman.

To convince Minarik that she didn't love him, Miss Slavick gave him in cash \$24, the sum he had paid for a watch which he gave her for Christmas and which she had reluctantly accepted for fear of the consequence.

FIRST DRAFT OF LEAGUE FORMED

Society of Nations in Its Infancy is Secret Let Out.

Paris, Feb. 10.—The society of nations came into existence today under turbulent circumstances, due to the threat to withdraw the peace conference from Paris.

No matter how sincere or unsincere, are the rumblings of the political storm, the society is expected to weather the conditions which greeted its formal birth at noon today.

Concluded First Reading.

At that hour President Wilson and other members of the league of nations committee had concluded their reading of the first draft of the constitution of the society and were agreed on all points.

The usual draft communicate which was issued this evening does not give this information, but it was authoritatively stated at the expiration of the meeting that this day saw the birth of the society of nations.

For the present a first draft of the constitution of this international body is being guarded with great secrecy.

"Thick as London Fog." The air of secrecy around the Hotel de Crillon, where the society first saw the light of day, was as thick as the proverbial London fog.

Nevertheless, it was reported that President Wilson will address a plenary conference either Thursday or Friday—possibly Saturday, and will present the report of the committee for adoption.

In a large measure, the creation of a society of nations is due to the ceaseless work of the American chief executive. That his efforts have been crowned with success is apparent, for he will return home with the details of one of the greatest individual accomplishments of the peace conference. He will be ready to tell Congress what part he expects the society of nations to play in preventing future wars.

Meet Again Frequently. The committee will meet at frequent intervals for the purpose of ironing out what are deemed trivial differences.

The committee assembled at 10:30 o'clock this morning. Word was passed out at noon that it had agreed upon the first draft and had adjourned at 12:30.

RESTS COMFORTABLY. F. B. Houston, 602 Michigan avenue, who fell on an icy sidewalk Saturday, fracturing a bone in his left arm, was reported as resting comfortably last night.

LACK ONE VOTE WHEN SENATE'S ROLL IS TAKEN

Early Forecast Indicated Measure Had Little Chance.

Washington, Feb. 10.—Lacking only one vote the suffrage amendment to the constitution failed of passage in the senate today. The vote was 5 to 29. One vote changed from the negative to the affirmative would have given the required two-thirds and insured the submission of the amendment to the people.

Twenty-four Democrats and 31 Republicans voted for the amendment, and 18 Democrats and 11 Republicans against it.

Goes to Next Congress. The question now goes to the next congress in which friends of the amendment claim they will have a majority in both houses. In the senate the suffragettes will gain three votes and lose one.

Senator Pollock, of South Carolina, supported the amendment at the urgent request of President Wilson by cablegram from Paris.

In the house where the Republicans will have a majority of 48 votes, it is said that more than two-thirds of the membership will support the amendment.

No Scenes Are Created.

The ceremonies attending the defeat of the amendment were of the most perfunctory order. There was little debate, both sides being willing to end the long struggle over the question with a roll call. The suffrage leaders had made a careful poll of the situation and even the most optimistic forecast as a result showed that they would fall short by one vote of the number desired.

The desire of both sides for a show down on the amendment was so strong, however, that when Senator Jones, of New Mexico, who had the amendment in charge, asked unanimous consent to bring it up no objection was made.

CHARGES SECRET SERVICE MEN IN STATE AID FORD

Washington, Feb. 10.—The Ford election contest took a new turn today when Senator Townsend, of Michigan, introduced a resolution calling upon the department of justice to inform the senate about the particulars of some of its alleged agents engaged in collecting evidence in the recent Michigan senatorial election.

Unwarranted Practices. The resolution says men "representing themselves to be agents of the department of justice are accused of indulging in unlawful and unwarranted practices."

"The attorney general is hereby directed," the resolution reads, "to inform the senate whether he has any special agents in Michigan and if he has, how many have been sent, together with their names, how many are there now, the purpose for which they were sent and are now retained there, and what instructions, if any, were given these men by him."

Ashurst Blocks Action. Senator Ashurst, of Arizona, Democrat, blocked immediate action on the resolution although it is the custom of the senate to adopt without debate measures merely calling for information. The resolution will be brought up again in a day or two.

British Alarmed as Enemy Army Remains

London, Feb. 10.—British newspapers are taking a serious view of the German military menace which they claim to be acute, owing to the slovenly German demobilization. Marshal Foch is said to be alive to the situation of Germany possessing an army of 8,000,000 men and the demand is made at each renewal of the armistice that a specific decree of German demobilization should be insisted upon.

NON-PARTISAN TICKET NAMED FOR THE CITY

Escanaba's Non-Partisan ticket was named at a session Sunday afternoon with O. P. Chaffield, former mayor of the city, named to head the ticket. Both Carl E. Anderson, present city clerk, and Arthur Mayou, city treasurer since the death of W. H. Yockey, were chosen.

Nomination petition were drawn up and at a late hour yesterday practically all of the 100 signatures necessary for each petition had been procured.

Few changes from the present list of aldermen and supervisors were made.

The ticket by wards follows:

First Ward.

Alderman—James Tolan, Guy Ramsey.

Supervisor—Adam J. Henry.

Constable—Jacob Franz.

Second Ward.

Alderman—Clement W. Bissell.

Supervisor—Frank H. Atkins.

Constable—Henry Doughty.

Third Ward.

Alderman—John Sheehan.

Supervisor—George E. Harvey.

Constable—Joseph Peppy.

Fourth Ward.

Alderman—Wm. L. Kennedy.

Supervisor—Adolph D. Dupuis.

Constable—George Hovers.

Fifth Ward.

Alderman—Louis Folio.

Supervisor—Frank Scanlon.

Constable—Chas. Grunert.

Sixth Ward.

Alderman—Ed. A. Zerbel.

Supervisor—Dolphus F. Villemur.

Constable—Charles N. Johnson.

Seventh Ward.

Alderman—Charles Roberg.

Supervisor—Albert Halvorson.

Constable—Ole Asp.

6 WOMEN NAMED DELEGATES TO G. O. P. MEETING

Benton Harbor, Mich., Feb. 10.—In the most red-blooded convention held here since 1912, Berrien county Republicans this afternoon, with women comprising one-third of the delegates, passed resolution demanding the immediate withdrawal of American troops from Russia, or sufficient reinforcement to guarantee safety.

Pledge Faith in Newberry. They pledged their support to Senator-elect Truman H. Newberry in his contest to gain the seat awarded him by the vote of the state last fall, now contested by Henry Ford, paid tribute to the late Theodore Roosevelt, and forwarded a strong set of endorsements to Mayor Hanson, of Seattle, in praise of his handling of the recent outbreak of anarchy and Bolshevism in that city.

Out of thirty delegates elected to the state convention, six were women. The convention also went on record for jobs for returned soldiers with the declaration that "patriotic demands acts of gratitude, not mere words," in behalf of those who have served their country.

A Woman's Committee. G. O. P. women organized their own county committee, which is headed by Mrs. R. A. Smith of this city, and will take an active part in future political contests.

Menominee Wants the Ford Libel Hearing

Menominee, Mich., Feb. 10. (Special)—This city has extended an invitation to the counsel for both the Chicago Tribune and Henry Ford in the \$1,000,000 libel suit to hold the court case here. It is believed that counsel will take favorable action.

A change of venue was granted by the jurist in Detroit on applications of counsel for the Chicago Tribune. In the event the case is taken into circuit court here, Judge R. C. Eganigan, who presided over the James Roosevelt case at Marquette, will be on the bench.

WEATHER

TUESDAY, FEB. 11, 1919. Forecast: Tuesday cloudy and probably snow; warmer. Highest yesterday, 30 degrees. Lowest yesterday, 9 degrees.

YANKEES MUST SPEND WINTER AT ARCHANGEL

Conference Decision Can't Change Aspect; Stay Until Spring.

Paris, Feb. 10.—Whatever may be the final outcome of the negotiations between the Allies and the different Russian factions regarding the proposed conference on Princes' Islands, it seems certain that American troops in the Archangel region will be doomed to stay there for the remainder of the winter.

Winter in Archangel holds the little group of Allied troops in the holocaust of its hand. It will be impossible to withdraw the soldiers until April or May.

Today saw another lull as regards the arrangement of details of the Princes' Islands conference. The original date, Feb. 15, has been postponed because of the delay in the Bolshevik acceptance. The new date for the conference will be about March 1.

League Draft is Read.

Paris, Feb. 10.—The first reading of the draft of the league of nations was finished at today's meeting of the commission dealing with the subject, and it is confidentially expected that the commission will be able to proceed with the second reading at tomorrow's session, says an official peace conference communication issued this evening.

At today's session of the supreme war council the French finance minister, Klotz, gave a detailed analysis of the works published in 1916 by the German general staff proving supreme mediated character of the destruction of French industry, according to an official statement. The matter was referred to the economic committee.

Will Hear Belgians Today.

The Belgian members of the supreme war council will be heard first when the body meets tomorrow.

The commission on reparation at a meeting today discussed the principles upon which rests the right of reparation. The memoranda submitted by the various delegates were looked into. William Maurice Hughes of Australia set forth the constitution upon which the British memorandum is based.

Paris, Feb. 10.—Premier Clemenceau's interview published in this morning's press had the effect of a bomb from a zeppelin at the Hotel de Crillon, and at British headquarters here.

Call It Propaganda.

The French prime minister's statement is regarded as an appeal to create sympathy in Great Britain for the French point of view as against the viewpoint of America and England at the peace conference.

Indignation ran so high that threats were made to remove the peace conference from Paris unless the attempt to make French propaganda and censorship of news unfavorable to the French be stopped immediately.

The threats are not likely to be carried out. They are probably due to peevishness over the presumption of Premier Clemenceau to appeal to the American people direct while the American president is in Paris.

The indignation seems belated. It ought to have been started, if at all when the American public was confronted by the censorship, and held back until cause was given to the president for personal grievances. The French feel deeply about the plan to provide economic reconstruction of Germany while France's factories are motionless.

But his talk is construed as a reflection upon the policy of the United States and England. It began to look as if secrecy on the part of the public statesmen is to get public support by their conflicting points of view. Certainly will be the case unless another state of mind than was manifested today is quickly brought about.

Clifford Pulver returned Monday from a visit with relatives at Norland.

START ROUNDUP AS STRIKE AT SEATTLE ENDS

Department of Justice Plans Deportation of the Agitators.

(Continued From Page One.)

Inmates were driven to the street at the point of the bayonet. Two men and one woman received bayonet wounds. Several discharged soldiers in uniform, most of them foreigners, were found with the agitators.

Jerome Fears Trouble

Jerome, Ariz., Feb. 10.—The arrest here late today of a score of men said to be I. W. W. leaders caused anxiety tonight on the part of city authorities when a crowd surrounded the jail and threatened to tear it down unless the men were released. Violence, however, has not been attempted. The men are charged with obstructing traffic.

At a large mass meeting held outside the city limits, 300 workmen, said to be I. W. W. voted unanimously to strike tonight. The central labor council decided, however, to work under protest pending the arrival of Federal Mediator Davis.

NAVAL PROGRAM OF DANIELS NOW SCENTS DANGER

Washington, Feb. 10.—The big navy program urged by Secretary Daniels and President Wilson and unanimously recommended by the house to the naval affairs committee, is in danger.

The part of the annual naval bill providing for the construction after July 1, 1922, of ten first class battleships and as many scout cruisers was stricken from the bill on a point of order made by Republican Leader Mann in the house this afternoon, and sustained by Representative Garrett, of Tennessee, who was in the chair.

The point of order was that this part of the bill is general legislation providing for wholly new work attached to a regular appropriation bill a violation of the house rule and further that it is an authorization without an appropriation for carrying it into effect.

To meet the emergency, Chairman Fox of the rules committee, hurriedly drafted a special rule to make the legislation in order. The special rule undoubtedly will be reported to the house tomorrow and the test of strength will come then. If the special rule goes through it will be a decisive victory for advocates of the big navy program and means that it will be adopted.

Military Program is Called "Huge Bluff"

Washington, Feb. 10.—Repeal of the Overman act insofar as it relates to the army and the war department is recommended in the 1920 army appropriations bill reported out by the house military affairs committee today.

This law authorizes the president to co-ordinate and consolidate executive branches of the government in the interest of war efficiency. Its repeal will take from the general staff the broad powers it has exercised during the war emergency, and restore the bureau system of administration in the war department.

Debate was marked by criticisms of the additional building program as a "huge bluff," because of the section authorizing the president to suspend construction if the peace conference brings about disarmament by the great military powers.

Angry Head of the Family Kills Three and Wounds a Trio

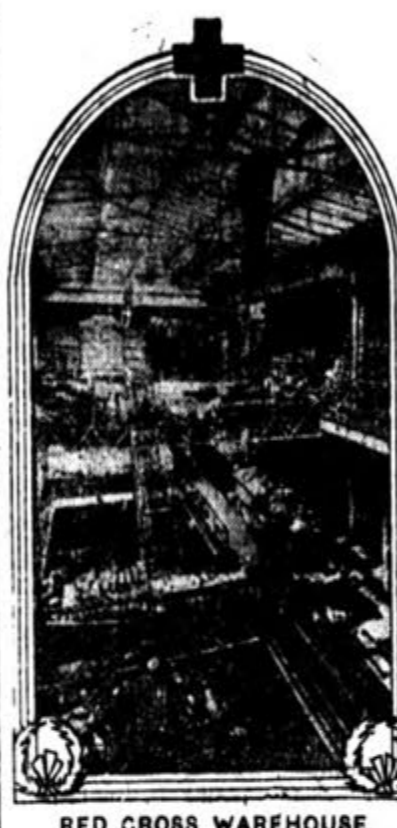

Lexington, Ky., Feb. 10.—Thomas Rout made a wholesale shooting attack on his family here today, killing two instantly and wounding three others, two seriously. Rout's 15 months old baby was the only one of the family to escape. Rout and his wife had separated. The shooting occurred when he learned she had filed suit for divorce.

Billions in Next Loan, Glass Wants

Washington, Feb. 10.—Secretary of the Treasury Glass today submitted to congress a bill which would authorize a bill to issue a Liberty loan of \$500,000,000 and increase the interest rate. Secretary Glass further asked authority to issue a 2 1/2 sinking fund for the retirement of the war debt and to exempt from the income tax and profit taxes all issues of Liberty bonds and bonds of the war finance corporation held abroad.

Young Italy sharing the cares of war

RED CROSS WAREHOUSE.

American Red Cross officers on frozen White Sea. Captain Mills, secretary of mission to Rumania, quenches his thirst with icicle.

BOLD HOLDUP IN MARINETTE GETS CASH IN SALOON

Marinette, Feb. 10. (Special)—Police officers here are holding in jail a man who is suspected of having committed the bold holdup at The Wisconsin clubhouse on the Peshtigo road, just outside the city limits, holding Jack Leahy, proprietor, and two other men at bay while he emptied the cash register, helped himself to a pint of whiskey and walked out, threatening to shoot if they moved.

Robe Over His Head. George Jandro and George Singer, neighbors of Leahy, came into the clubhouse for a light lunch. They had been seated but a few minutes when they heard an automobile stop outside. A second later a stranger entered with a .44 caliber pistol in his hand and an automobile robe thrown over his head to conceal his identity.

He commanded them to hold up their hands. Keeping them in that position the bandit went behind the bar and emptied the till of all cash, helped himself to a bottle of whiskey and walked out. Twice he re-entered the saloon, however, to be reassured that the men had not sounded an alarm after he had cautioned them. They had been warned not to move until they heard the automobile drive away.

Automobile Was Stolen. Later Leahy telephoned the Marinette police and told of the holdup. Police officers were dispatched to the vicinity immediately and found the automobile abandoned by the wayside. The engine was running and one tire was punctured. The bandit is believed to have walked into town down the railroad track.

The automobile belonged to a farmer who had left it in front of a drug store while he took his family to the movies.

54 ALIENS ARE SENT EAST FOR ATLANTIC TRIP

Immigration Officer Says Wholesale Deportation Has Started.

Chicago, Feb. 10.—Federal immigration officials announced today that a special train carrying 54 aliens enroute back to Europe under heavy guard is due at Ellis Island tomorrow morning. Forty-one of the trainload came from Seattle, Wash., passing through Chicago "secretly" last night. Five were picked up here and the remainder are from other cities.

Immigration officials also made it known today that another trainload of "undesirables" will leave Chicago for New York within a few days.

"Busy From Now On." "The government expects to be pretty busy with these trains from now on," said H. R. Landis, chief of the local bureau of immigration today.

"Our immigration laws permit us to deal with these so called Bolsheviks," Mr. Landis added. "Any man who believes in anarchism and sabotage is eligible for deportation. Likewise any aliens who have served one term in prison or who have served two or more sentences, no matter how long, can be deported."

Majority are Russians. Virtually all of the men aboard last night's special were foreigners. It was said. The majority were Russians, with some Norwegians, Swedes and Finns. Some displayed Red flags and brazenly voiced their views on government in general. Others sang I. W. W. songs and read "Wobblly" literature. There was one woman among the lot.

The train left Seattle early last week after having gathered up the agitators quietly. It was well on its way before the Seattle strikers knew what had become of their leaders. A detour was made around Butte, Mont., as the I. W. W. there had received word of the time the train was due and were waiting to free their comrades.

The train was guarded by soldiers.

DEPORTATION OF REDS HAS GOOD EFFECT

New York, Feb. 10.—Deportation by the United States government of Reds was the one important factor in Wall Street today. Its imports did not appeal to traders until late in the day, but when they caught the idea they began buying stock with such enthusiasm that the drooping market revived and closed firm.

Early in the session low prices were paid by several issues for the year. When the market closed several new high records had been made. United States Steel sold to the lowest record since the signing of the armistice.

Growth of \$150,000 Shown in 8 Years

From gross sales of \$29,515.13 in 1910 to \$182,715.18 in 1918, is the record of the Scandia Co-Operative store as shown by annual reports of its officers. The business was operated last year at an expense of 8.8 per cent and the profits were 1.9 per cent.

At a meeting of the stockholders held in the North Star hall Saturday evening, Ed. Peterson, Charles Molne, J. S. Back, Albert Halvorson, Gust Peterson, Claus Hogberg, Chas. Olson and F. O. Beck were elected directors. These men will meet on Feb. 17, to elect officers for the ensuing year.

The branch store at North Escanaba is also in a flourishing condition and it was suggested that other branches may be established in the near future.

Nat Goodwin Leaves Very Small Estate

New York, Feb. 10.—Nat C. Goodwin, the noted actor who died Jan. 31, left an estate of only \$6,000, all personal realty, it was disclosed today when his parents, Nathaniel C. and Caroline Goodwin, aged 85 and 80 years, respectively, made application for letters of administration.

Goodwin made large sums of money annually for many years, but he was a free spender and lender and lost much money in unfortunate business ventures in recent years.

LEAK IN GAS; SIX PERSONS ARE OVERCOME

Inhaling gas fumes escaping from what is believed to be a leak beneath the kitchen floor of the Joseph Boyer home, 417 South Mary, six members of the household narrowly escaped asphyxiation about 10 o'clock yesterday morning.

Miss Ruth Jader, maid, is at a local hospital where she was reported to be improving last night. Mrs. Boyer and two children, Mrs. F. Crozier and daughter, Miss Vida, have practically recovered from the ill effects of the accident.

Pulmotor is Called. To the quick response of the No. 1 fire department with the city pulmotor, Miss Jader probably owes her life. She was unconscious when the firemen arrived at the home of a neighbor, where the girl had been taken hurriedly.

The six persons were in the Boyer kitchen. All had noted the odor of gas but had given it no thought until Miss Jader fell from her chair to the floor. The others' suddenly found themselves nearing a similar condition. Mrs. Boyer hurriedly summoned aid and Miss Jader was taken to a nearby home. Medical attention was procured and the firemen notified.

It required several minutes treatment by the pulmotor squad before Miss Jader regained consciousness. She was hurried to a hospital.

Unable to Find Leak. The room was immediately closed and the gas connection to the house shut off. Workmen spent the remainder of the day in an attempt to find the leak. It may be underground, it was stated.

END OF WAR SHOWS FOOD CONDITIONS

VAST POPULATIONS OF COUNTRIES IN EUROPE URGENTLY NEED FOOD FOR THIS WINTER.

SAVE TO HELP THESE PEOPLE

Food Administrator Hoover said before going to Europe: "I am going to Europe to discuss the further food measures that must be organized as a result of the cessation of hostilities. The food problem in Europe today is one of extreme complexity. Of their 420,000,000 practically only three areas—South Russia, Hungary and Denmark—comprising say 40,000,000—have sufficient food supplies to last until next harvest without imports. Some must have immediate relief.

"We have a surplus of some 18,000,000 to 20,000,000 tons of food if we are economical so that the situation can be handled if this and the other smaller surpluses in the world can be transported.

"All continental Europe has reduced herds and is consequently short of meats and especially fats. These countries have their last harvest and under orderly governments this would furnish breadstuffs and vegetables for various periods from two months upwards, depending upon the ratio of social disorder. In these cases with transportation and financial demoralization, the tendency is for peasants to cease marketing even their surplus and thus instant difficulties are projected into the cities even when resources are available in the country. The peasant and villager of Europe always provides for himself for the whole year in any event. The problem thus narrows itself to the support of the cities and large towns pending restoration of order and the establishment of confidence in future supplies—and the cities are the center of anarchistic infection.

"Arrangements have long since been completed by which the big Allies, that is, France, England and Italy will be provisioned. This covers 125,000,000 people.

"Our first and deepest concern now must be for the little Allies who were under the German yoke—they are the Belgians, Serbians, Roumanians, Greeks, Czechs, Jug-Slavs and others. There are some 75,000,000 people in these groups and they must be systematically helped and at once. We have already doubled the streams of food flowing toward Belgium.

"Our next concern must be to relax blockade measures as far as possible in order that the neutral states in Europe who are now all on short rations, should be able to take care of their people and prevent the growth of anarchy. This is another group of about 40,000,000.

"Another problem lies in the 50,000,000 people in North Russia, a large part of whom are inaccessible owing to the breakdown of transportation and through sheer anarchy. Millions of these are beyond help this winter. These groups are the ones that must enlist the sympathy of the American people and for whom we are prepared to make any sacrifice.

"There is a great problem in the situation of the enemy people, about 90,000,000. This problem is not one of going to their relief. It is a problem of relaxing the watertight blockade, which continues through the armistice, sufficiently so that they may secure for themselves the bare necessities that will give stable government.

in "The Reason Why"

POMP TO MARK OPENING TODAY OF PARLIAMENT

London, Feb. 10.—With one of the most momentous reconstruction schemes before it, the British parliament will be opened tomorrow by King George.

The main problem in modern reconstruction, as will be touched upon by King George in his speech from the throne tomorrow, include:

1. Improvement of transports, both sea and land, by establishment of a ministry of ways and communications, headed by Sir Eric Geddes.
2. Improvement of national health by establishment of a ministry of health.
3. Land reform measures to be determined upon in government distribution, at easy and fair rates, of farms to returning soldiers.
4. Better housing appropriations to be made for a vast government scheme for better and more adequate housing throughout Great Britain relieving the

great present congestion.

Largest in History. The bulk of work of the great program naturally will fall on the house of commons, which, incidentally, is the largest in history, there being 707 members as compared with 670 during the last session.

The present house of commons was elected by 20,000,000 voters, the largest body of voters in the kingdom, women having voted for the first time in the British Isles.

Railroad Workers Favor Ownership

Washington, Feb. 10.—The four big brotherhoods of railroad men, embracing a membership of 1,900,000 employes, are for permanent ownership of the railroads as the only practical solution of the problem, according to A. B. Garrison, president of the Order of Railway Conductors. Mr. Garrison made his statement to members of the senate interstate commerce commission at the hearing today.

Piez Resigns But is Waiting for Hurley

Washington, Feb. 10.—Charles Piez, general manager of the Emergency Fleet corporation, will retire to private life upon the return of Edward Hurley, chairman of the shipping board, to America. This was indicated in official circles tonight, following reports that Mr. Piez already has resigned. Mr. Hurley is due in New York tomorrow from Paris.

\$25,000 Booty Haul by Bandits in Bank

Minneapolis, Feb. 10.—Four armed men held up the Liberty States bank on Franklin avenue shortly before 10 o'clock today and escaped with cash and Liberty bonds. The booty includes \$10,000 cash and about \$15,000 in Liberty bonds. The bandits drove up to the bank in an automobile and entered the building with drawn revolvers, forcing the clerks and customers into the vault.

WANT ADS!

A MURDER GENERALLY CREATES A SENSATION. SO DO REAL BARGAINS.

The merchant who succeeds today is the merchant who tells the people what he has to sell. He doesn't wait for them to inquire.

Here are a few arguments why The Morning Press guarantees the best results:

It's the biggest paper in the county.

It has by far the largest circulation of any paper in the county.

It covers the field more thoroughly than any other periodical.

It gives the news when it's news.

Four-fifths of Delta county homes openly boast they get The Morning Press.

SURE RESULTS

MORNING PRESS ADS BRING RESULTS THAT OTHER MEDIUMS CANT.

John Holm of Kipling was here on business Monday.

Alvin Olson, Gladstone, visited friends here Monday.

Social and Personal

Observes Anniversary.
Just forty-seven years ago Sunday, Mrs. I. Haring, 218 Harrison avenue, arrived in Escanaba from Marinette. The trip was made by stage. The anniversary of the event was celebrated in a quiet manner at the Haring home.

The Woman's club of this city has adopted a French war orphan—Charlotte Marchand—whose living expenses will be borne by the organization here. The child is in the care of its mother, Mme. Marchand, Longe, Maine et Loire, France. She is but 12 years old. Members of the club plan to write letters to the child and to send little articles to her, in addition to caring for her for a period of a year.

Address on Japan.
The Woman's club of Escanaba will have an extraordinary feature entertainment Saturday afternoon at the Delta hotel when Mrs. J. W. Wells, of Menominee, will give a talk on Japan. Mrs. Wells returned from Japan but a few years ago.

It was first planned to have Mrs. Wells come to this city on Wednesday, Feb. 12, but on finding the club had conflicting dates, arrangements were made for her to lecture here Saturday.

Mrs. Wells collected a large number of valuable curios during her visit in Japan. She plans to bring some of the curios to this city to place them on exhibition during her lecture.

Arrange for Ball.
Tonight at its regular drill, members of Company F will make final arrangements for the ball to be given soon under the auspices of the organization.

Naylor-Naylor.
Mrs. Mary Naylor and Frank W. Naylor, both of Rapid River, were united in marriage Monday at the office of Justice C. D. McEwen, who performed the ceremony. The groom recently was discharged from military service. The bride is the widow of the brother of the groom.

Entertains Friends.
Elvira and Frank Noonan entertained a party of friends Sunday night at their home on South Jennie street. Dancing and games were enjoyed during the evening and dainty refreshments were served in conclusion.

OPEN NOSTRILS! END A COLD OR CATARRH
How to Get Relief When Head and Nose are Stuffed Up.

Count fifty! Your cold in head or catarrh disappears. Your clogged nostrils will open, the air passages of your head will clear and you can breathe freely. No more snuffling, hawking, mucous discharge, dryness or headache! No struggling for breath at night.

Get a small bottle of Ely's Cream Balm from your druggist and apply a little of this fragrant antiseptic cream in your nostrils. It penetrates through every air passage of the head, soothing and healing the swollen or inflamed mucous membrane, giving you instant relief. Head colds and catarrh yield like magic. Don't stay stuffed-up and miserable. Relief is sure.

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons.

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact to keep your best, day in and day out, just try inside bathing, every morning for one week.

Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it as a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside-bathing will have them both looking and feeling better in every way.

Farewell Party Held.
Miss Catherine Fleming entertained at a farewell party at her home on Ayer street Sunday evening in honor of her brother, John Fleming, who has been spending a brief furlough at his home here. A program of music dancing and games was carried out and refreshments were served.

Yes, there is an abundance of sap in it, but it will not explode. It just lays there and gives out a heat that permeates through every corner of the room. No waste time looking for lug-me-tights, shawls or overcoats while you wait for the heat. Ask for Cloverland Butt or Split Hardwood. Birds Eye Veneer Company. 42-11

Lawrence and Miss Mae Quinn left Monday morning for Kenosha after spending a two weeks' vacation at their home on Hale street.

Miss Agnes Sullivan of Ishpeming is visiting friends here.

Miss Mary Bink has taken a position with the Cloverland Specialty company of Gladstone.

GET READY FOR DOLLAR DAY—IT'S COMING SATURDAY.

George Frasher has resigned his position at the Delta Hardware.

Andrew Swanson, George Peterson of Scammon, and Gust Herbst of Pine Ridge were here on business Monday.

A daughter was born Sunday morning to Mr. and Mrs. Peter Steinmetz, of Leano, Wis.

Robert Kositzke returned Sunday morning from a month's visit at Itasca.

Every time you see a load of our Cloverland Butt or Split Hardwood going down the street you can truthfully say, there goes another bunch of good cheer for some good Escanaban. Telephone 810 and get the habit. Birds Eye Veneer Company. 42-11

Ralph Simonsin, who has been ill for the last week, has recovered.

Charles Walker of Hyde was a business caller here Monday.

Miss Doris Menard returned Monday to Northland after a week end visit at her home here.

W. C. LaBelle and daughter, Aurelia are visiting at the home of Mr. and Mrs. E. J. Yelland, Iron River.

Con Lane of Lathrop visited friends here Monday.

Judge R. C. Flannigan passed through Escanaba Sunday night on his way to Marquette where he is disposing of some official business matters.

Sweeten up and order a load of our Cloverland Butt or Split Hardwood. It is sugar coated inside and out. An order placed with us will always give you a good taste. It is going fast and the time to get a good thing is when it is to be had. Our telephone is 810. Birds Eye Veneer Company. 42-11

GET READY FOR DOLLAR DAY—IT'S COMING SATURDAY.

Half of French Army

1,500,000 killed in battle and an equal number seriously wounded is the enormous sacrifice of France in the world war. This constituted about half of the men she put into the field—a larger ratio of her 36,000,000 population than any other nation gave. America owes France a large debt of gratitude for this heroic outpouring of her life's blood that liberty might live, and also to the peasants of France who discovered a perfect remedy for stomach, liver and intestinal ailments, which is reported to have relieved incalculable suffering, prevented many surgical operations and saved thousands of lives. Geo. H. Mayr, a leading Chicago chemist, imports the ingredients and sells this remedy in America under the name of Mayr's Wonderful Remedy. It is a simple harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

Grow Your Hair FREE RECIPE

After being almost totally bald a New York business man grew hair—and now has a prolific growth at the age of 66—for which he will send the genuine recipe free on request to any man or woman who wishes to overcome dandruff or gain new hair growth. His address is John H. Brittain, BA-492, Station F, New York, N. Y. This is genuine.

MAGAZINE TELLS EXPERIENCES OF SHEEP GRAZERS

Lumber World Review Has Very Interesting Story About Cloverland.

In a recent issue of "The Lumber World Review" there is a most interesting article by a staff writer dealing with the progress Cloverland lumbermen are making in the sheep business on non-productive cut-over lands.

"Profit from Northern Waste Lands" is the title. The writer reviews the circumstances leading to the introduction of the sheep business in the upper peninsula and there are interesting interviews and sketches concerning the work of the Upper Peninsula Development Bureau, Leo C. Harmon of Marquette, R. M. Andrews and Charles R. Hutcheson of Cloverland Magazine, R. E. MacLellan of Wells, G. M. Mashek of Escanaba as well as statements by several western grazers who have made good in this section.

Will Bring 50,000 Sheep.

Among these are the following paragraphs: "One of the most enthusiastic of recent additions to the Cloverland colony of sheep owners is Francis T. K. Hewlett. Mr. Hewlett came to Cloverland from Rapid City, S. D., and has acquired a large tract of range land in the northern peninsula and has announced his intention of putting in between 40,000 and 50,000 head of sheep. He is one of the most enthusiastic men in the north country over its possibilities for stock raising."

Grazers Report Success.
"Elmer Quinn, of Henry, Ill., last year purchased a large tract of land near Ralph, Mich., and put on it 2,000 goats. He made a handsome success of his enterprise and this year repeated the operation.

"John L. Gray, of Brimley, also bought a considerable tract of cut-over lands near Ralph and has this year put on it 19,000 head of ewes and lambs.

"Early in 1917 a band of yearling sheep from Oregon were turned into a fenced range of 4,500 acres in northern Michigan. Their average weight in May was eighty pounds; in November, when they were brought into winter quarters, they averaged 125 pounds.

Mashek's Experience.
"One of the leading members of the bureau is George M. Mashek, who has been grazing cattle and sheep on his lands northwest of Escanaba for several years and who is devoting much attention to that branch of agriculture than any other man in the territory. Mr. Mashek is a thorough-going lumberman and has made a great success in all of his undertakings. He talks about his methods and the results he said:

"I'd been looking into those cut-overlands a good deal and getting the information I could about range sheep, and in 1913, I decided to try them. I bought 200 western range ewes, fenced in 100 acres of pretty wild land and put up cheap, rough sheds for winter shelter. I wintered those sheep on oat straw and some very poor clover hay, just to see how they would come out in such low feed. And I had a good lamb crop in the spring; at four and a half months old they averaged sixty-one pounds, which I sold at the market top at Chicago as killers.

Healthy Gains.
"That settled it with me. I've saved every ewe lamb since and bought others, and I've learned enough about handling them to bring the wethers up to seventy-two pounds in four to four and a half months without grain and sell at top prices."

New Questions are Rider on License

"Was this groom in the service in war against Germany? If so, from what state and county?" These questions must be answered on a little "rider slip" and attached to all marriage licenses issued in the future by Michigan county clerks. The slips are printed in blank and are to be posted to the engraved "permit to consolidate."

It is explained that the information will be used in compiling Michigan's war service record. A similar rider must be attached if either of the contracting parties has ever been divorced.

DENTIST HOLD MEET.
Members of the Delta County Medical Society held a business meeting, in the office of Dr. C. J. E. Kitcher last night. A number of important matters were brought up for decision.

Miss Nellie Fleming has returned from a week end visit with friends at Spaulding.

With Service Men

Elmer Ecklund Dies of Wound Overseas

Struck by an artillery shell in the right side on July 18 last, Elmer Joseph Ecklund, Sturgeon Bay, formerly a resident of this city, met death on the battlefield in France. Information to this effect reached here Monday.

Ecklund was born in Escanaba on June 29, 1893, and graduated from the grammar school in June 1908. He entered the high school here but did not finish, as his parents moved to Sturgeon Bay when he was 16 years old. He finished high school there and was a member of the Congregational church. Ecklund enlisted in the Sturgeon Bay national guard unit, going overseas with that organization. His first training was in the Alsace Lorraine sector and later he was sent to the front line trenches where he took part in the fighting of May 26, 27, 28. From a rest camp where he was sent following the fighting he went to Soissons. He was killed here while taking part in the big allied drive.

According to information to the parents from the war department he is buried in a military cemetery near Soissons. Surviving are his parents, a sister, Eva and a brother, Lawrence.

Godley Tells of Experience Aboard

At the First Methodist church Sunday night, Corp. Joseph Godley, who recently returned home from the Verdun front gave a most interesting lecture on his experiences in France. Corp. Godley is still suffering from the effects of poison gas inhaled while in action on the southern end of the long west battle line.

The bravery and fortitude of the French people under the most trying conditions and during the severest suffering was described by the speaker as was the courtesy shown Americans, especially by the French children. Most of the French learned by the Yanks, he said, was taught them by the little folks of the sister republic.

He told briefly how his own company of 200 men came through the line at Cambrai with his eight.

Another feature of the program was a vocal solo by Miss Francella French of the high school faculty.

Sergt. Sliger and Wife Coming to City

Sergt. and Mrs. Roy J. Sliger will arrive here some time this week from Merga, Tex., where Sliger has been stationed since he left Camp Custer. During his stay in this city the sergeant was in charge of the recruiting station and established an enviable record in the number of recruits he procured for the service. Mrs. Sliger former was Miss Marion Wurth of this city.

Capt. Kessler is Back in New York

A telegram received here yesterday announced the arrival of Capt. Theodore Kessler of this city, in New York. Capt. Kessler left his work in Canada shortly after the declaration of war, to enter the Port Sheridan R. O. Y. C. He was commissioned an captain in the ordnance department and has been overseas for more than a year. He is expected to arrive in Escanaba within a week or ten days.

Fleming Leaves Today to Get His Discharge

John Fleming, son of Michael Fleming, leaves this morning for Toronto, Can., where he will be discharged.

BOWLING

The Tigers lost three straight to the Reds last night at the Delft bowling alleys. In the last game, not one of the Reds fell below 172, scoring a total of 929 for the game. The score follows:

Tigers.		
Swan	151	218
Blanchett	124	145
Tousignant	135	135
Nelson	179	168
Lenz	179	193
Total	768	792
Reds.		
Blake	170	178
Greis	150	149
Moreau	124	151
Feller	178	181
Hirn	211	169
Total	834	828

Earl Taylor left Sunday night for Green Bay where he will bowl with one of the teams matched in the Wisconsin state tournament, now in progress in the Wisconsin city. Taylor has maintained an average of 202 for 18 games played in the city league journey here and should make a strong showing in Green Bay, if he can become accustomed to the alleys. He will bowl there two nights.

ed from the Canadian service. Fleming was turned down for enlistment in the United States army on five different occasions, but undaunted he tried the Canadian service and was successful. He had not been fighting for more than about a month, however, before he became the victim of German shrapnel and was sent to a hospital. Before he recovered from his wound, the armistice was signed.

CLEARY IS VISITOR.

Kenton Cleary, Milwaukee, formerly of this city, is here for a visit with relatives and friends. He was discharged from military service about a month ago.

STEGATH IS DISCHARGED

Guy Sullivan, of the firm of Manning-Peterson, is here from Detroit on a short furlough. He is in the quartermaster corps.

STEGATH IS DISCHARGED.

Richard Stegath has been honorably discharged from military service at Camp Eustice and has returned to his home here.

FONTAINE IS BACK.

William Fontaine arrived at Newport News, Va., yesterday according to a telegram received from him by relatives.

OLSON MUTERED OUT

Olaf Olson arrived Sunday morning from Camp Custer where he was mustered out of service.

OBITUARY

Octave Hickey.

The body of Octave Hickey, who was accidentally killed in Minneapolis last week, will arrive this morning on the S. & O. line. It will be taken to the Alto und-taking establishment. Funeral arrangements have not been made.

Miss Mary E. Willette.

The body of Miss Mary Wilhelmina Willette was laid to rest in the Maple Ridge cemetery Monday with the Rev. Alphonse Cougnard of Perkins, officiating at the services held in the Catholic church.

Miss Willette is survived by 2 1/2 parents, Mr. and Mrs. Felix Willette, and four brothers: A. J. Willette, Felix Willette and Cybil Willette, of Troy, and A. L. Willette, Saskatchewan, Canada.

Miss Willette died from an ailment of long standing. She was 41 years old.

Mrs. Pat Dillon.

The following account of the death of the mother of Mrs. T. C. Curran, of this city, is from a DePere (Wis.) paper:

Mrs. Isabel Murray, beloved wife of Pat Dillon, passed away Friday evening at her home on N. Wisconsin street after a brief illness. In the death of Mrs. Dillon DePere has lost one of its oldest and highly respected residents. Born in Burg, Quebec, Canada, on Jan. 3, 1847, the decedent grew to womanhood in that country, coming to DePere in 1868 and making her home here ever since. On Jan. 8, 1871, she was united in marriage to Mr. Dillon, who survives here with three daughters, Clara (Mrs. T. C. Curran), Escanaba, Eva and Lily at home; three sons, Ray and William of DePere, and Arthur of Topeka, Kansas, and an adopted son, James; Mrs. Dillon is survived by four sisters, Catharine and Clara of Montreal, Canada, Mrs. John Bennett of Bury, Canada,

Abraham Lincoln Said:

"Teach economy, that is one of the first and highest virtues."
As true today as in the time of the great emancipator.

"It begins with saving money"—and you can learn the meaning of economy by opening an account in this Institution today.

A small deposit will register the start.

February is Health Crusade Month Here

February will be observed as a health crusade among the children of the schools throughout the country. The movement is fostered by the Junior Red Cross unit in each city and the Juniors here are striving to make the month a banner one among the children. In order to be awarded the Red Cross button for the month, the children will have to attend school with hands and faces clean and their teeth brushed well, it was announced Monday. There is considerable interest being shown both by children and elders.
