

...ing on March 5, was made certain today.

Administration officials allowed it to become known today that the president does not feel this is an opportune time to seek endorsement of the league of nations plan, for two reasons.

First, because he feels the plan would be considered as a part of the general peace pact yet to be drafted.

Second, that as the life of the present congress expires Tuesday, it will be the next congress that will have to ratify the peace treaty and endorsement by the present congress would only have moral value and could be obtained after a hard fight, as determined in opposition by several party leaders in the United States joining the league.

Confers With Committees.

The president's only discussion with members of congress, except such individuals as he may be during his short stay at home, is to be with members of the senate committee on foreign relations and the house foreign affairs committee at the white house dinner tonight.

The second day of the president's home stay was filled with as much work as the first. He was at his desk at 9 o'clock this morning and remained either there or in conferences until after 5 o'clock this afternoon, when he went out for a short drive, before meeting his congressional guests tonight.

Signs Many Bills.

During the day the president signed another score of bills recently passed by congress, but none of which was of general interest.

This afternoon the president met members of the war cabinet, Secretaries Daniels and Baker, and Chairman Hurley of the shipping board, Fuel Administrator Garfield and others of the president's advisers were present. It was the weekly meeting of the cabinet which has been held throughout his absence.

The president's interests in the conference of mayors and governors on reconstruction work was emphasized today by the announcement that the conference to begin next Monday will be held in the east room of the White House.

Will Address Mayors.

The president will address the conference at 10:30 o'clock in the morning of the opening day. The session will continue through Wednesday.

Although telegraphic invitations went out only last night, this afternoon acceptances had been received from twenty governors and 60 mayors, nearly as many more are expected.

## TWO SENATORS SPEAK AGAINST WORLD LEAGUE

### Cummins and Owen Oppose Present Form of Pact Between Nations.

Washington, Feb. 26.—The league of nations debate in the senate today brought speeches from Senators Cummins of Iowa, Republican and Senator Owen, of Oklahoma, Democrat, both of whom opposed the plan now proposed for the league. They declared themselves in favor of the league principles, but said they would not support the pending plan unless amended.

Senator Cummins spoke first, delivering an argument which was generally conceded to be on the same high plane of discussion as the speeches by Senators Borah, Reed, Poinsett and Lewis. He declared himself unwilling to place the destinies of the American nation in alien hands, concluding his speech with the statement:

"I was born an American, I have lived an American and with the help of God, I hope to die an American."

**Suggests Amendments.**

Senator Owen's speech was of the same type, although he was compelled by the lateness of the hour to curtail it. He suggested a number of American amendments, among them an amendment to the article to preserve the individual sovereignties of the states in the league.

Pleading for abandonment of America's historical policy of isolation, Senator Owen said:

"The day of American isolation has long been ended. Our interests are bound up in the welfare and happiness of mankind. We are on longer isolated. We are face to face with the duty and the task of using the influence of this great nation to bring about the security and peace of the world."

**Interests Demand Peace.**

"Our people realize this when they determined the time has come for us to engage in suppressing the military autocracy of the Teutonic allies, and we have just completed the task at a tremendous cost in lives and treasure. We cannot afford to have another war. The interests of the American people demand peace, security, stability in order that they may enjoy the rights guaranteed by our constitution of life, liberty and the pursuit of happiness."

Senator Owen expressed the hope that the senators would consider the league plan with patience and deliberation. He said that the time has come when peace and liberty should be established in the world and that America should do her part in this task.

He added that he has been one who advised the president to go to the peace conference believing that the president's influence would be effective in bringing about the establishment of a league of nations.

**Conclude Peace First.**

Senator Cummins said he found in the league constitution a great deal of good, but that the bad points outweighed the good points. He declared that peace with Germany should be concluded first and discussion of plans to maintain peace should come later.

"I cannot believe and will not believe that American people with red blood in their veins, with a fervid longing for peace in their hearts, who have pride in the history of their country, and who love the institution with which the honorable distinction of the United States throughout the world is inseparably connected, will endure and much less approve those parts of the proposed constitution which in my judgment not only neutralize all the benefits of a peaceful settlement of disputes, between nations, but which affirmatively destroy the national structure and which commits the United States to a course which must end in humiliation and disaster."

**Calls It Reactionary.**

"I am opposed to it because it is the most destructive, unjust, reactionary proposal which has ever been submitted to a patriotic and intelligent people. If I were not curbing my tongue I would declare that it is the wickedest proposal ever submitted to a free people."

**"Germany Will be Sorry" Says Bill**

Copenhagen, Feb. 26.—Germany will soon regret having overthrown the monarchy, the ex-kaiser is quoted as having said recently in an interview.

The condition of Mrs. T. J. Smears of Ralph, who is ill at the home of her parents on Tephonson avenue is somewhat improved.

Mrs. James Hannigan of Marquette has returned to her home after a few day's visit with relatives in

## With Service Men

### Comrade Tells of Osier Boy's Death

Mr. and Mrs. Octave Chenail of Osier have received the following letter from France, outlining the particulars of the death of their son, Octave Chenail:

"A few days ago my company commander received a letter from you requesting information concerning the death of your son and as he was not with the company at the time it happened he asked me to write and give you as much of the detail as possible."

On October 6th.

"This is the most difficult letter I have ever attempted to write for I cannot help but think of the sorrow it would bring to my own mother and relatives if God had will that I should die in battle."

"Your son was in my platoon and not a finer man could be found on earth; always willing and faithful to his duty as a true American soldier."

"On the sixth day of October we relieved another regiment of the 3rd division and went into the front line and attacked just past Montfaucon in the Argonne forest. After six days of the most bitter fighting we had ever experienced we reached the further edge of the Canal Modac and just this side of a small town named Canal."

**French Mortar Shell.**

"It was here that your son was killed. There was a Boche machine gun nest about 300 yards ahead of us and we were advancing towards it. Your son was right at my side within three feet of me when a shell from a German trench mortar struck straight in front of us. A fragment from the shell struck him in the chest."

"He fell without a sound or cry, facing the direction in which we were going—towards the Rhine. I stooped down beside him to see if I could do anything but it was of no avail for he had been killed instantly."

"I can truthfully say that your son was fully avenged. We advanced fast from there and as pioneers were following us right up, he was undoubtedly buried in the spot where he fell the same day."

**Four Big Battles.**

"Your son fought through the battles of Chateau Thierry, The Marne, St. Mihiel and part of the Argonne at my side and showed as fine courage and bravery as I have ever seen in any man."

"I don't know of any more to tell you and I hope that the little information I have given you will help to lessen your sorrow. You have my deepest sympathy and if at any time I may be able to do anything for you, I will gladly do it."

"Sergt. Herbert D. Kirkpatrick, Co. D., 30th Infantry, A. E. F., 'Mayen, German."

**Captain Writes.**

Capt. O. J. Trainer of the 30th Infantry attached the following note:

"It is my deep regret to inform you that your son, Octave J. Chenail unfortunately lost his life in the Argonne Forest battle. For eight days his division had cut through the best troops in the whole German army. He

fell in completing the greatest feat of arms in France by the U. S. Army. In your moments of sorrow, accept my heartfelt sympathy."

### Ned Haring Tells of Army Experience

Ned C. Haring, with Headquarters Co., 127th Infantry, has written relative a most interesting letter sketching his experiences from the time he arrived in France on March 4, 1918 to early this year. Haring saw much active service in the front lines. Like most of the men in France, he is anxious to return to the states.

### Naval Recruiter is Visitor in the City

W. E. Strasberg, in charge of the Isipeming naval recruiting office, was an Escanaba visitor yesterday. He will return to the city March 12 and every two weeks thereafter. The government, he says, is offering some mighty attractive things to young men for the new navy and he desires to meet all who are interested.

### Godfrey Goodman is Back from Overseas

Godfrey Goodman returned home late last night after 18 months in the service, four months of which was overseas. He was a member of the 46th Coast Artillery.

**BACK FROM CAMP.**

Arthur Pouillon has returned home from Camp Grand where he was honorably discharged from military service.

## Negaunee is Given 1920 Convention of Boys' Conference

Negaunee will entertain the 1920 gathering of the Older Boys' conference, it was announced with the close of the 1919 convention in Ironwood, where the two-day session ended Sunday night. But three representatives of Escanaba, were in attendance, a fourth being taken sick just before he planned to leave.

Despite certain conditions not favorable to the meeting, it was well attended, there having been about 350 boys present at the various sessions. In addition, there were some forty-four group leaders. The personnel of the conference represented practically every city and town in the upper peninsula.

The three days of the conference were taken up with the various group meetings, which were well attended, and the annual banquet proved to be the usually enjoyable affair. Several outside speakers helped entertain and instruct the boys. The principal speaker was A. T. Roberts, of New York, who has lately returned from France, and who spoke most interestingly of the war and the conditions that have developed following the armistice.

## Clemenceau Takes Automobile Ride

Paris, Feb. 26.—With his doctor's permission, Premier Clemenceau motored to Versailles today, the first time he has been out since the attack on him. His car was closely followed by a special police auto.

## May Examine Youth Who Got Cash Roll

Erwin Metelver, held on a charge of grand larceny following his confession to the theft of more than 1400 from Milos S. Radmanovich, pool room proprietor of North Escanaba, may be examined for his sanity. It is probable the youth will be given an examination following the request of his father, who believes the boy is insane.

## OBITUARY.

**Gertrude Mary Veraghen.**

Pneumonia caused the death of Gertrude Mary Veraghen, 19 months and 27 days old daughter of Mr. and Mrs. George Veraghen, Cornell. Death came Monday night. Funeral services were conducted at the Holy Family church Wednesday afternoon with burial in the cemetery at Fiat Rock.

**Mrs. Harriet Bond.**

The body of Mrs. Harriet Bond was shipped to Bay City yesterday, accompanied by relatives. Burial will take place there. Mrs. Bond, who was 80 years old, died at the home of her daughter, Mrs. W. Schloeter, Perkins.

## Find Films Stolen from Houghton Train

Manager Jacobs of the local picture houses received word yesterday that the "Woman" feature, stolen from a train near Houghton Sunday, had been found on the Palmsdale station platform. It was apparently unharmed.

It is believed that the thief, when he found that he had "lifted" a suitcase containing 60 pounds of material with no drinkable properties, took that means of returning it.

Mr. Jacobs has asked for new bookings on the picture and hopes to be able to show it here in the near future.

## Organized Labor is for Daylight Laws

Washington, Feb. 26.—Organized labor today endorsed the proposed "daylight law." Frank Morrison, secretary of the American Federation of Labor, issued a statement saying that under the plan men, women and children in industry have greater opportunities for recreation in the sunlight. He also said that it reduced the number of accidents in industrial enterprises.

## MARKET REPORT

Chicago, Feb. 26.—The following quotations on farm produce were issued here today:

BUTTER—54c.  
EGGS—39 1/2c.  
POTATOES—\$1.50 to \$1.60.  
TURKEYS—59c.  
CORN—51c.  
WHEAT—51c.  
RICE—39c.  
SUGAR—24c.  
BEANS—28c to 32c.  
LARD—39c to 42c.

## ONE YOUTH WILL STAND TRIAL IN THEFT OF CASH

One youth—Erwin Metelver—will stand trial on a charge of grand larceny for the theft of \$440 from Milos Radmanovich of North Escanaba, it was decided at a hearing before Judge C. D. McEwen Wednesday afternoon.

Robert Sullivan, implicated in the deal, will be sent back to the state reformatory from which he was paroled some time ago.

Michael Sullivan and Harold Gangstad were fined \$25 and costs each. Sullivan was charged with assault and Gangstad was arraigned on a charge of vagrancy.

Leniency was shown by the court in the cases of Michael Sullivan and Gangstad because the latter refused to leave town and at no time had any of the money, although it was planned for him to get a share of it. Sullivan was shown leniency because he gave himself up to the police after leaving the city, procuring a share of the stolen money, and breaking away from the Rhineland sheriff.

Metelver will be given a hearing this afternoon, when it is likely he will be bound over for trial at the next term of circuit court.

## Germany Will be Sorry' Says Bill

Copenhagen, Feb. 26.—Germany will soon regret having overthrown the monarchy, the ex-kaiser is quoted as having said recently in an interview.

## Street Commissioner Puts Sand on Walks

To make the sidewalks less slippery, Street Commissioner John Garrity and a crew of men have been engaged in putting sand on sidewalks throughout the city for the past several days. The practice will be continued if conditions warrant it.

## Indigestion.

Take a few doses of Chamberlain's Tablets as directed for indigestion, and you will soon forget about your stomach trouble. Try it.

## Important!

Income returns must be made by March 15. All single persons with an income of \$1,000 or more, and married persons with an income of \$2,000 or more, must make a return to the Federal Government.

If you made a return last year, blanks will be mailed to you. If you did not, you must secure the proper blank and this bank will gladly supply you. A representative of the Internal Revenue Office is now at the Court House in Escanaba prepared to answer questions and render assistance.

There is a penalty attached for failure to make a return, so remember the date.

There are Older and Larger Banks but None Safer or Better

FRIENDLY ENEMIES  
A PLAY FOR THE NATION  
BY SAMUEL SHEPARD AND YIP HARBIN

A. H. WOODS  
NEW YORK AND CHICAGO'S SENSATIONAL COMEDY SUCCESS

THIS IS NOT A PHOToplay  
PRESIDENT WILSON

Publicly endorsed "Friendly Enemies" from his box at the National Theatre, Washington

The President said: "All that I can say has already been said most admirably in this beautiful play. All the sentiments I could express have been admirably represented—sentiments that, I hope, will soon grip the world."

"Friendly Enemies" is a national play, because it is a play of and for the times. But the effectiveness of its presentation lies in the fact that it is artistically one of the finest plays of the generation.

"There is the fun of a 'Potash' yarn and now and then there is the pathos of a 'Music Master'."—Anton Stevens, Examiner.

Played 31 Weeks Woods Theatre, Chicago.  
Now in its 8th Month Hudson Theatre New York.

PROBLEM IS GRAVE.

The Escanaba board of education is considering the applications of some 25 or 30 men who have offered their services as superintendent of the city's public schools.

The annual cost of running the public schools is approximately \$100,000. It is an expense from which there are no returns in dollars and cents.

The man whom the board picks to run the schools either make that heritage a rich one or a mess of wreckage.

The answer is: Not unless the board makes a wise selection and then stands back of their man.

If Escanaba's chronic fault-finding, chip-on-your-shoulder spirit has before been carried into the schools with it from which the schools did not recover in many months.

That judgment being justified, it's up to the people to keep their mouths closed and their eyes fixed on the doors of the schools and Escanaba.

GOVERNMENT CONTROL.

Government railroad control is now coming into the light more and more. Mr. McAdoo stood under when he realized he had bitten off more than he could chew.

The Peoria Star points out that Peoria is getting a lot of what it means. For instance, the Chicago, Rock Island & Pacific used to work twenty-two engines in the yard.

And the extraordinary fact of trying to convert the old system into a vast political machine—for that is what it means—is only equaled by the significance of the fact that while wages have been advanced there is more dissatisfaction with wage conditions than ever before.

AN OUNCE OF PREPARATION.

Women have the advantage of knowing they are in politics, and are willing to admit their ignorance.

PROBLEMS.

Cardinal Gibbons asks the United States to interest itself in the self-determination of Ireland through the league of nations.

CLOVERLAND and WISCONSIN

Margaretta Man Found Dead at Green Bay. GREEN BAY—Thomas Considine, 50 years old, believed to be of Marquette, Mich., was found dead at 7 o'clock this morning at the Transit House, corner Washington and Doty streets.

Considine had been in Green Bay for more than a week, according to Ed Houck, proprietor of the Transit House. He is believed by Sheriff Henry Vandenhoevel to be a woodsman or a mill worker who had come to this city to spend a vacation.

These are mere incidents, the like of which will come before the league of nations with a regularity that may be astonishing in its frequency.

Great Britain has released an additional 50 per cent of spirits for public consumption. The difference is, over there it wasn't a Supreme Court decision.

New York voters have voted that after July 1 if there is no beer there will be no work. That is to say, if nothing goes down, nothing goes down.

The Panama canal has been ruled outside of the jurisdiction of the Allies, so they won't be able to take that dig at the Peace Conference.

Presumably none of the League of Nations critics was inconsistent enough to celebrate George Washington's birthday.

Not by several jugsful was the Damon law finally held constitutional.

Ishpeming Band Has Officers Now. ISHPERING—Ishpeming's new city band, which will be in fine condition to furnish music during the coming summer, has been organized with the following officers:

Arnt Shoenberg, director. Charles J. Shaddick, manager. John Lacey, president. Harry S. Peterson, vice president. W. H. Willis, secretary and treasurer.

Thomas Curby, librarian. Twenty experienced bandmen have started practice work, and plans have been made for increasing the membership to thirty before the summer season opens.

It is reported that work on the new addition will begin late this spring.

Charge of Rape Against Stephenson Man. STEPHENSON—Melvin Parlett, Cedarville townships, is being held at the county jail, on the charge of rape preferred by Margaret Westman also of Cedarville township.

Parlett is said to be about 44 years of age. Miss Westman has just reached her eighteenth year. The alleged offense was said to have been committed on Aug. 27, last, but until this week no complaint was made.

Parlett will be arraigned for preliminary examination next Friday before Justice Dewitt, Brown at Stephenson. Prosecuting Attorney John J. O'Hara is appearing for the people of the state in this case.

North State Dairymen To Meet at Menominee. MENOMINEE—Supt. R. N. Kebler of the Menominee County Agricultural school received word late this afternoon that Menominee had been selected as the meeting place for the 1919 conference of the Upper Peninsula Dairymen's association.

The meeting will be held on March 19, in conjunction with the Farmers' institute which will be held at the Agricultural school during that period.

Cost of New Plant to Be \$102,000. MARQUETTE—The cost of installing the proposed hydro-electric plant was estimated at \$102,000, by T. W. Orblson of Appleton in his report submitted through Commissioner Sherman at the commission meeting Monday evening.

Mr. Orblson said, however, that he thought it was impossible at this time to estimate with an accuracy what building operation will cost because of the fact that the market is unsteady and the cost of labor is liable to change.

Alleged Wife Deserter Taken at Green Bay. MARQUETTE—After having evaded the authorities for the past month, Eyr Scott, Ludington street, this city, has been taken into custody. Scott left the city on January 22, in company, it is alleged, with Lena Rabideau, Maple avenue, this city, and had not been heard of until Monday when word from the Green Bay chief of police stated that he had been arrested, as requested by the Marquette sheriff some time ago.

Scott had been charged with wife desertion on January 15 and when the warrant was sworn he left the city, it is alleged, in company with Lena Rabideau. Although there seems to be evidence of a grant charge the wife desertion, that one will be preferred.

Appear in Court. Emmet Butts, undersheriff, went to Green Bay and brought the couple back with him when they were put in the county jail to await further action. They appeared in police court this morning and the girl was discharged on probation.

MARQUETTE—While Leonard Gensilver, of the Pendle Drug company, was devouring a dish of oysters at the Grill cafe and behold he found the jewel of the oyster.

But then Mr. Gensilver is not claiming that he has massed a fortune although the pearl he found in the food was a large one.

The fact of the matter is that it was an oyster stew and being cooked the oyster was worthless. It was inspected by a jeweler who said that were it in good condition it would have been worth \$40.

What has become of the old-time fruit tree salesman? asks E. M. W. They have all become efficiency experts.

She Has Red Hair. Arrangements have been completed by Mrs. Allis Nazimova for a new series of five pictures. The first production will be "The Heart of a Child," from the novel of that name.

At The Delft. Few motion-picture stars before the public today have more magnetic charm than has Dorothy Dalton, who will be seen in her new Thomas

Back in Florida. For the second time within a month, Elsie Ferguson is in Miami, Fla., where she will work under the direction of George Fitzmaurice on her Artercraft picture, "The Witness for the Defense."

Admirers of Harry Hilliard will see him as a minister in a production with Carmel Meyers.

CLOSEUPS and FADEOUTS

Clara Kimball Young's first picture since "Cheating Cheaters," the last to be released by Select, according to Miss Young's announcement, is "The Love Quest."

Albert Ray has started his first production for the Fox Film Company. The story is "Up Against It."

"Mission" Plays Polo. David Butler, who played "Mission Bebe" in D. W. Griffith's "The Great-est Thing in Life," is taking the part of Tom, a polo player in Olive Thomas' production "Upstairs and Down."

Billy West has just completed a new comedy titled "The Chauffeur," at the Bull's Eye studio in Hollywood.

Sylvia Bremer, who has been working in the East this winter, will go to Los Angeles soon to start work on a new production.

Coming to the Delft. "Never again for me—I'm done!" was the declaration of a well known Eastern artist after he had concluded, with eleven other artists, sculptors and photographers, the task of selecting 200 of the most beautiful young women out of a crowd of nearly 500 applicants.

For the second time within a month, Elsie Ferguson is in Miami, Fla., where she will work under the direction of George Fitzmaurice on her Artercraft picture, "The Witness for the Defense."

Jack Pickford's first picture for the First National is completed. It is "In Wrong," the story of "That Spivins Boy."

Charles Murray will not return to the stage as is reported. He is now playing in "Puppy Love," Lila Lee's March picture.

At The Delft. Few motion-picture stars before the public today have more magnetic charm than has Dorothy Dalton, who will be seen in her new Thomas

Practical Recipes. (All in Cup Cakes.) Soak one pint of dried Lima beans over night and in the morning arrange in a bean-pot with one pound of solid fat beef, two ounces of sweet fat or suet, a red pepper cut in rings, and half an onion (shaved). Cover with water, season with salt and one-half teaspoon of mustard. Put in vinegar and bake slowly in a moderate oven for three or four hours. This is a dish adopted from Mexican cookery and is a great favorite with us.

Kidney Bean Casserole. Two cupfuls boiled kidney beans, three medium-sized carrots, cooked and cut fine, one medium-sized onion, cut fine. One cupful tomatoes. Half cupful round steak, or other meat, raw or cooked chopped. Sear the steak in a small amount of fat in a pan, add the other ingredients and season them with salt, pepper and every salt. Bake the mixture in a covered dish in a moderate oven for about 45 minutes or until all the vegetables are well cooked.

What Everybody Thinks. "Better consider my course in efficiency training. I can show you how to earn more money than you are getting."

"I do that now."—Louisville Courier-Journal.

**SOLDIERS WHO WANT COURSES WILL BE PAID**

Washington, Feb. 24.—There was passed by Congress and approved by the President June 27, 1918, a law generally known as the "Vocational readjustment act," and sometimes the "Smith-Sears Act," which provides that any member of the armed forces of the United States government who has been so disabled as to entitle him to receive compensation from the war risk insurance bureau, and "who, after his discharge, in the opinion of the federal board for vocational education is unable to carry on a gainful occupation or resume his former occupation or enter upon some other occupation, or having resumed or entered such occupation is unable to continue same successfully, shall be furnished by said board where vocational readjustment is feasible, such course of vocational rehabilitation as the board shall prescribe and provide. \$50 Per Month.

"Every person electing to follow such a course of vocational rehabilitation, while following the same, receives monthly compensation not less than \$50 per month or equal to the amount of his monthly pay for the last month of his active service, if same was in excess of \$50."

The readjustment provided is purely voluntary on the part of the man taking it; there is no compulsion. Any man found qualified as entitled to undertake the course is allowed subsistence and all expenses of education such as tuition, books, library and laboratory and other fees. There is no time limit set for the completion of the education. The sole, dominating idea of the government is to make the man efficient in the line which he has elected.

When he has completed the course, if it be a wage earning occupation, the placement division of the federal board has found employment for him and he is inducted therein and supervised for a period of practical apprenticeship in order that he may demonstrate beyond doubt that he is able to carry on the work under conditions of active competition with men who have not been injured.

**Compensation Continues.**  
When he does so qualify and is accepted as a competent worker and is placed upon the pay roll as such, then his support from the federal board ceases and his pay, of course, begins as a skilled workman. At the same time, his compensation begins from the war risk insurance bureau and this is absolutely unaffected by any amount which he may be able to earn.

The federal board for vocational education at Washington is earnestly endeavoring to get in touch with all war disabled men to discuss their cases with them, and award the special training if it is necessary and the man is qualified.

**BOSTON Market Letter**

By J. A. MINNEAR & CO.

Ishpeming, Mich., Feb. 26.—The New York market was active again today. The motor shares were the feature and General Motors advanced 5 1/2 points. There was also excellent buying in Willys and Studebaker. Bethlehem Steel advanced today over two points and Steel Common 1 1/2 points. There is more interest in the New York market today and more trading than there has been for some time past. The Coppers continued to be firm in the face of the dividend cuts. Anaconda sold today to 61 1/2-8, Calumet and Arizona announced a quarterly dividend of \$1.00 payable March 24 to stock of record March 7th and Quincy \$1.00 payable March 31st to stock of record March 1st. Both of these companies paid \$2.00 last quarter. One of our New York correspondents wired that there is a better feeling in Copper Mineral circles, especially in the most important quarters. Bids have been received from consumers of 15 1/2 cents per pound cash. Railroad shares have lots of friends and should do better, likewise such stocks as Corn Products, Columbia Gas, U. S. Rubber, and the Equipment shares, according to our Eastern advices.  
J. A. Minnear & Company.

**MANY MEN ARE IGNORANT OF OPPORTUNITY**

Washington, Feb. 26.—The gates of hope are open for the young men who seem to be hopelessly handicapped by the loss of limbs and other disabilities—marks of the great battle they have fought for humanity.

It is the purpose of this country, to help them to use the remainder in a way more efficient than before. Veterans of this war will not be social cripples and dependent pensioners, but rehabilitated, self-reliant, and self-respecting men. That was the purpose of the framers of the vocational rehabilitation act passed by congress last June, and carried into effect by a government agency, the federal board for vocational education at Washington.

Should Know Opportunities.  
Every man discharged from army and navy should know of the opportunities offered him. Friends should point out to him that if he is entitled to compensation from the bureau of war risk insurance, he is entitled also to the services of the federal board of vocational education.

The board will assist him in finding suitable employment, and if he is hindered by his physical condition from carrying on successfully his former occupation, the board will give him such a course of training—agricultural, industrial, commercial, or professional, as is suited to his needs and preferences.

To Get His Pay.  
While he is in training, his family continues to receive the usual allotment, his tuition and other expenses incident to his training are paid, and he is given at least \$65 per month for subsistence. If his last month's pay was more than that amount, he may receive an amount equal to his last month's pay.

When he has finished his training course a job is ready and waiting

**Fifty Navy Officers Are Waldorf Guests**

London, Feb. 25.—Entertaining fifty American navy officers at dinner in the Plymouth home of Mrs. Waldorf Astor, formerly Miss Nancy Langhorne of Virginia, with her butler and chef sent down from London to do the job properly was a recent achievement of the American Y. M. C. A.

Credit for engineering the affair was due to Miss Ethel Wynne Frick of Philadelphia, one of the American secretaries who make the Y. M. C. A.'s Mayflower Inn at Plymouth, a social centre for American officers and a portal to English homes rather than a mere building.

As a part of the Y. M. C. A.'s hospitality programme the finest homes have been opened to the Navy officers so far from their own domiciles.

**Name Commissioners for Coming Election**

**HEAD STUFFED FROM CATARRH OR A COLD**

Instant relief—no waiting. Your clogged nostrils open right up; the air passages of your head clear and you can breathe freely. No more yawning, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh disappears.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils. It penetrates through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just fine. Don't stay stuffed-up with a cold or nasty catarrh.

John Christoph returned last night to Escanaba after attending the silver wedding services of his parents. Mr. and Mrs. John Christoph.

## Social and Personal

### COMING DANCES

Eagles' Drill Team, tonight at the Clark Hall.

Brotherhood of Railway Clerks, Delft Hall, Monday night, March 8.

### Girls Have Party.

The girls of the Kratze store were entertained last night at the home of Miss Lillian Brault on Mary street. Dancing, games and music were enjoyed and dainty refreshments were served.

### Surprised by Friends.

Emil L'Heureux was pleasantly surprised by a number of friends last night at his home, 320 South Jennie street, in honor of his birthday anniversary. A program of music and games was carried out and refreshments were served.

### Entertains Friends.

The Misses Florence Needham, Florence Gaffney, Mary Bartel and Lillian Brown were delightfully entertained at the Brown home Monday night. The evening was spent in music and refreshments were served.

Charles Thompson is in Chicago on business.

George Martin of Iron River is transacting business in the city.

The Misses Marie St. John and Grace Smith have returned to their homes at the Soo after a visit with Mr. and Mrs. Sam Rogers.

Frank Austin of Calumet is here on business.

James Whitt is visiting friends at Detroit.

Miss Whitford left for a visit with friends at Negaunee.

John Beaumier of Schaffer has returned from France. He was eight months in active service.

Leo Guindon of Schaffer was here on business Wednesday.

Miss Dorothy Sovey has taken a position at the Metropolitan Store.

Romeo Gagnon, who is stationed on a transport at New York, has returned after a visit with relatives here and at Schaffer.

Miss Marion Beaumier of Schaffer is the guest of Miss Irene Villemue.

Mrs. Gus Olson is visiting relatives at Perkins.

M. W. Schaffer of the Soo is here on business.

James F. McGregor of Detroit is here in the interests of the Newberry-Ford case.

### OFFICE OF THE PUBLIC DOMAIN COMMISSION.

Lansing, January 25, 1919.

NOTICE IS HEREBY GIVEN. That the following described tax homestead land, situated in the county of Delta, heretofore withdrawn from sale, will be restored to market by offering the same at a Public Auction to be held at the office of the Public Domain Commission (formerly the State Land Office) in the City of Lansing, on Friday the twenty-eighth day of February, A. D. 1919, at ten o'clock in the forenoon, at which time the same will become subject to purchase in the manner prescribed by law.

In the sale of this land all rights in any mineral, coal, oil and gas lying on, within or under the same, will be reserved to the State of Michigan, as required by law.

PUBLIC DOMAIN COMMISSION  
Augustus C. Carton, Secretary  
Description Sec. Town Range  
SW 1/4 of SW 1/4 9 43N 20W  
2724-3015thurs.

### Getting Rid of Colds.

The easiest and quickest way to get rid of a cold is to take Chamberlain's Cough Remedy. This preparation has been in use for many years and its value fully proven. No matter what remedy you use, however, care must be taken not to contract a second cold before you have recovered from the first one, and there is danger of this. A man of middle age or older should go to bed and stay in bed until fully recovered. It is better to stay in bed three days at the start than three weeks later on.

Justus Boucher left Wednesday for his home at Stephenson after a visit with friends here.

John K. Olson was a business caller here Wednesday.

John Berg of Brampton and W. E. Moreau, township treasurer of Perkins, were here on business Wednesday.

Paul Martin left last night for Philadelphia to resume his duties on the U. S. Kingfisher.

Fred Clish has resumed his position at the Gamble Robinson company.

The Rev. Bonifas Klinger will return this morning to Calumet.

Frank Sullivan and Edward Carlson of Chicago are visiting friends here.

Miss Mayme McCauley has returned from a three weeks' visit at Gary, Ind., and Chicago.

### Large Sum Spent by "Y" for Autos Since Peace Sign

Purchases of automobiles and accessories to a value of \$327,126.20 since the armistice was signed show that the overseas motor transport department of the Y. M. C. A. war work counsel is still one of the biggest buyers in the industry.

This total is significant as an indication of the responsibility for service which the "Y" has accepted for the period of occupation and demobilization, when it is compared with the total expenditures of the motor transport division for all the months of the war prior to October 31, 1918. For all motor transport purposes during the period of actual hostilities the Y. M. C. A. appropriated \$1,750,215.13 for equipment and \$581,250 to cover cost of operation which includes such items as expenses of drivers and mechanics, garage expenses and hire of cars for temporary needs.

### Mind Unbalanced by Severe Flu Attack

August Dettlaff of Beaver, brought to Escanaba by Sheriff Frank O'Dess for a physical examination and sanity test, has been released from custody. Dettlaff, who is nearly 60 years of age, had been acting strangely for some time. It was disclosed that he had been a victim of influenza, followed by a relapse which nearly cost him his life, and that he had been in poor health mentally and physically for several months.

Physicians decided that his condition was not serious enough to make treatment at a state hospital for mental defectives and recommended that he be given his liberty.

### 1919 Maple Syrup is to be Short Crop?

The spring of 1919 promises to be a poor one for the making of the home brand of maple syrup. Farmers coming to town the latter part of the week predict the season and fruits will be the poorest in years.

### No Reduction in Price of Woollens

That there will be no reduction in the prices of all wool garments, was the opinion given yesterday by a prominent dealer in men's clothing. High prices on woollen materials are continuing with no prospect of change, with the result that the same high prices for men's clothing will prevail next fall.

### Richer Breaks Bone While at Farm Work

Walter Richer suffered the fracture of a bone in the ankle when he stepped on a rock while walking alongside a sleigh on the farm at Flat Rock. The foot was thrown against the runner, causing the injury. It is probable he will be incapacitated for a period of about six weeks.

### Dreadful Cough Cured.

A severe cold is often followed by a rough cough for which Chamberlain's Cough Remedy has proven especially valuable. Mrs. F. W. Olson, of Maryville, Mo., writes: "About two years ago my little boy Jean caught a severe cold and coughed dreadfully for days. I tried a number of cough medicines but nothing did him any good until I gave him Chamberlain's Cough Remedy. It relieved his cough right away and before he had finished taking one bottle he was cured."

## Co-Operation Is Necessary

The United States is naturally destined to play a more important part in the world's history than ever before.

If the nation is to fulfil its destiny or zenith, co-operation is necessary.

Every business and financial interest represented in the country must respond with a will.

All must be united in the effort.

The business interests of this community will find a most effective ally in this institution.

Test our service—it is for you.

## Come in and Let Us Convince You

### "THE BANK OF THE PEOPLE"

### Which Class is Yours

The spenders of today Will NOT be the men of affairs of tomorrow.

Neither will the spender make the coming leading business man.

The spenders may be clerks, employees, holding on to their jobs as long as they can.

And losing them to younger men when they reach the age limit.

The future leaders, the future men of affairs are the young men who save.

The young man with a future is the one that plans for it and saves for it.
