

BERLIN TROOPS CALLED

CITY COUNCIL VOTES 8-HOUR WORKING DAY

Swan Named Assessor; Will Name Women to Election Boards

In a smoothly running, business like meeting which was unmarred by the wrangling and differences characterizing so many sessions of the past two months, the city council last night granted an eight hour day to employees of the lighting, gas and water plants, appointed a part of its election inspectors and transacted a large volume of other business.

Some Working Twelve

The employees in the gas and lighting plants are at present, working 12 hours. At the pumping station, 12 hours has been the rule. The change will necessitate the employment of another fireman for the gas plant and another engineer and fireman for the pumping station. The resolution was passed without a dissenting vote. It also includes an increase in salary for A. J. Manley, head of the utility-accounting force, who will hereafter be paid \$2,000 per year.

Long Hard Job

"I am heartily in favor of giving the women representation if they desire it, but before I make the appointment from my ward, I want to know that the appointee understands that the job will begin early in the morning and extend far into the night—probably until the next morning without a let-up. There will be a large vote at this election and no one will be able to predict when the votes will all be counted. If the women, recommended in the communication really want the jobs, I think they should have them but I should like to make sure that they understand what is expected of them."

Women Suggested

The request urged that the following be named in the various wards: 1, Mrs. James Christie; 2, Mrs. M. E. Thomas; 3, Mrs. A. J. Connelly; 4, Mrs. J. B. Wilkinson; 5, Mrs. A. J. Crose; 6, Mrs. F. F. Davis; 7, Mrs. Fred Mathiesen.

Swan for Assessor

William Bacon was reappointed a member of the board of public works and Charles G. Swan, assessor. Both appointments were made by the mayor and confirmed by the council without debate or objection.

Last of Lawyers' Fees

From a long list of general bills, that of the engineers' and attorneys' fees and expenses growing out of the litigation and counter litigation in which the city and the North Michigan Water Co. were parties, were ordered paid. They totaled something more than \$1,600. One of them, at least was more than two years old.

Other Items Cared for

Requesting the board of public works to install an arc light at the corner of Wells avenue and Jennie street.

Referring the application of Fred Dahlquist for a position as motorcycle policeman to the police committee.

Permission to Peter Monson to move a building from 918 Charlotte street to the 900 block in Fannie street, provided the attached bond is approved by the city attorney.

Letter Has Cheer, But He Is Dead

Died of Pneumonia

The wire message was received at the home of her mother-in-law, Mrs. Nick Dugner of 306 May street, mother of the soldier. She immediately telephoned to the wife of the soldier. The wire communication from the war department told that Dugner had died in France of pneumonia on Feb. 13. The letter received late yesterday by the wife was dated Feb. 6, one week earlier, indicating he was not long ill.

Went With Engineers

Dugner was serving with the engineers in France, having left with the 85th division. He was prominently known in Escanaba and operated a jitney service here for some time before his departure to take up the life of a soldier.

In addition to the mother and wife, several brothers survive him.

JENSEN'S RED FLAG MEASURE PASSES HOUSE

Lansing, March 4.—Wholesalers, it is claimed, "in the trade," include the weight of wrappers about ham, bacon, and meat products in selling them to retailers. Representative Peter Jensen would put a stop to this, introducing a bill with that object in view.

The only bill which evokes any discussion or was amended in committee of the whole was the one by Representative Peter Jensen, of Escanaba, which fixes a severe penalty for the display of a red flag in any public place, assembly, parade or demonstration, the use of such a flag to be deemed evidence of its use as an emblem of anarchy.

First Included Socialism

The original bill included "when such flag is used as an emblem of anarchy or socialism."

Practically in the form in which it was introduced the Henry bill, prohibiting the employment of persons infected with infectious diseases in the manufacture, sale or serving of food was passed by the senate.

Baker's Plea Wins

"Up in our country," he said, "we are frozen up from three to six months of the year; all our travel is by sleds and log wagons. Just imagine a string of twenty log wagons going along the roads with lights showing front and rear. I hope you will vote to kill it."

Senators Hicks, who secured its reconsideration, moved to table the measure. He hopes to bring it up and to save its life by making some amendment designed to satisfy the Weadock colon.

were ordered paid. They totaled something more than \$1,600. One of them, at least was more than two years old.

Total bills for the water plant in February were \$2,53.85 and for the gas and lighting plants, \$6,850.40.

Some Minor Matters

Requesting the board of public works to install an arc light at the corner of Wells avenue and Jennie street.

Referring the application of Fred Dahlquist for a position as motorcycle policeman to the police committee.

Permission to Peter Monson to move a building from 918 Charlotte street to the 900 block in Fannie street, provided the attached bond is approved by the city attorney.

STREET RIOTS BREAK OUT IN CAPITAL CITY

Three Divisions Summoned to Check Outbreak of Hostility

Amsterdam, March 4.—

Grave rioting is going on in Berlin, many having been killed, according to word from that city late this evening. Street battles are raging in several parts of the capital. Military patrols have been attacked and killed.

The government has summoned three divisions of royal troops to put down the outbreak. The streets of the city appear the same as during the Spartan rebellion in January. Everywhere excited groups of soap box orators are talking to great crowds.

Marines Are Hostile

One of the marine divisions in the city heretofore loyal, is showing open hostility to the government.

Although thousands of workers are on the belief persists the strike will not be general and that railway traffic, the gas works, food industries and police protection will remain unaffected.

A state of siege has been proclaimed in Thron and other northwestern cities.

Hindenburg Is Reluctant

Zurich, via London, March 4.—"I am still true to the monarchy and do not sympathize with the new regime," Field Marshal von Hindenburg is quoted as saying in an interview published by the Bayerszher Kurier.

"It was only with reluctance that I retained my position in the army."

"I shall not participate in any counter revolutionary movement but will withdraw into complete retirement as soon as possible."

Pause in Peace Work

London, March 4.—There's a temporary pause in the work of the peace conference pending the arrival of Lloyd George in Paris tomorrow, but it is expected that following the arrival of the British premier matters will move forward with considerable speed and that in a few days the work of the commission will become manifest in decisions affecting the future of nearly every country in the world.

The peace work has quickened all around and the danger of leaving Europe in a state of paralysis and suspense a day longer than is absolutely necessary is fully realized. Meanwhile the Allies are taking no risks. They will not disarm until they have secured their terms and the army of the Rhine will be the guarantee that they are observed and that Germany acts rightly toward the new states and her border.

Royal Party Attends Tossing of Pancakes

London, March 4.—King George, Queen Mary, the Prince of Wales, and Prince Albert today were introduced to the famous kitchen stunt of "tossing the pancakes," a school custom dating from medieval times, at Westminster school.

Dennis Moonan, 14, fell upon a pancake and accomplished the feat of emerging with practically the whole of the treasure in his possession. He was rewarded with a handshake from the king, a smile from the queen and a five dollar prize.

CHURCHES OBSERVE DAY

As Wednesday and the opening of Lent will be observed at most of the churches in the city today, with morning and evening services.

WEATHER

WEDNESDAY, MARCH 5, 1919

Forecast: Wednesday fair and cold. Highest yesterday, 23 degrees. Lowest yesterday, 15 degrees. Precipitation, trace.

Dealers Of City Ready For Meet

Plans are in readiness for the organization meeting of the Upper Peninsula Automobile Dealers Association to be held in this city Thursday when 200 automobile dealers of Cleveland and northern Wisconsin, outside of Delta county, will come to this city. They will be greeted by 50 live wire dealers of this city and county who for the past three weeks have been exerting great energy to make the meeting here a success.

Hold Informal Sessions

Informal meetings are to be held by the various automobile, truck, tractor, battery and accessory groups while the formal organization meeting will be held in the evening. The visiting dealers of Delta county will make up a party of 250 men when they meet at the Delta hotel at 7:30 o'clock on Thursday evening to participate in an elaborate banquet.

Following the banquet a program of short addresses will be carried out and at the conclusion of that program the formal organization session of the Upper Peninsula Automobile Dealers Association will be held.

Knutsen Is Optimistic

Last night Mr. Knutsen was most optimistic over prospects for the success of the convention. All of the live wire dealers of the county are cooperating as never before and if successful in local plans count, the most successful convention of its kind ever held in the northwest is certain.

Yankees in Russia Anxious to Depart

London, March 4.—Direct from the northwest No Man's Land on the Archange front where American troops are battling the Bolsheviks, comes a first hand report that the American expedition will soon be withdrawn from Russia.

Four Y. M. C. A. workers just arrived in London from Archange, say the soldiers are dancing with glee at the persistent report which is not denied by American officers, that they will soon start for home.

Kills Two Children, Then Shoots Self

Alpena, Mich., March 4.—William Popke, 35 years old, this afternoon shot and killed his two children, aged 3 and 6 years, and then killed himself. He left a note in which he stated that he could no longer live without his wife, whose death occurred in November.

Demobilization in 30 Days Is Asked

Washington, March 4.—The final act of the Senate was to record a vote of 47 to 38 in favor of the demobilization within 30 days of all the soldiers now in military camps in the United States.

VISITORS HERE; DRESS UP NOW

Two hundred visitors are coming to Escanaba tomorrow to attend the organization meeting of the Upper Peninsula Automobile Dealers Association.

Escanaba should make an effort to look her best.

The merchants of the city are requested to have their display windows appear as neat as possible.

Turn on the lights in the windows tomorrow night.

Hang out the flags tomorrow morning.

FORMER KAISER'S DESK

Seated in the same chair and at the same desk where, but a short time ago, the German Emperor sat and gramed of "der tag" is General Nudot, Chief of the Allied Administrative Commission in Spa.

Majority of People Back League Plan, Says Wilson

New York, March 4. On the eve of his departure for Paris, President Wilson told an audience of 5,000 persons in the Metropolitan opera house that he was convinced that a majority of the people were in favor of the league of nations.

The league, he asserted, is the only means of assuring permanent peace. It is meant, he said, as a notice to all outlaw nations that they must not attempt any such enterprise as Germany had attempted.

Critics Not Farsighted

Critics of the covenant, he said, evidently had not observed the temper of the world or the temper of the boy in khaki.

"Those boys," he said, "went over there with the feeling that they were sacredly bound to the realization of those ideals."

Band Plays "Over There"

The band struck up "Over There" as the president stepped forward to speak.

"My fellow citizens, I accept the invitation of the air just played. I will not come back till it's over, over there." And yet I pray God in the interests of peace and of the world that that may be soon. The first thing I am going to tell the people on the other side of the water is that an overwhelming majority of the American people is in favor of the league of nations.

No Reference to Notes

Throughout, he spoke without reference to notes or manuscripts, making occasional reference to the utterance of Mr. Taft who had preceded him.

There was deafening applause at the conclusion of the speech, when the president speaking of the aims of the conference, said:

"God give us the strength and vision to do it wisely. God give us the privilege of knowing that we did it without counting the cost and because we were true Americans, lovers of liberty and of the right."

There were no interruptions until the president had finished, when a voice from the body of the house called out:

"How About Ireland?"

"How About Ireland?" The interrupter, however, was quickly squelched by a disgusted explanation of:

"Aw, shut up!"

The suffragists, who were supposed to have obtained tickets, did not make their presence known.

While the president was speaking, Mrs. Wilson and her secretary sat in a box directly in front of the stage.

All walks of life were represented and all sections of the city.

The president's entry was accompanied by Mr. Taft and Governor Smith and was the signal for a demonstration lasting several minutes.

Smith Introduces Taft

Governor Smith introduced Mr. Taft, who endorsed the president's plan for a league of nations.

Speaking of the purposes for which the United States had entered the war, Mr. Taft asked:

"Are we going to be a slacker nation and withdraw before these purposes are effected?"

The audience applauded loudly at this.

Mr. Taft concluded with a prophecy that President Wilson would find no need for concessions to win American acceptance of the league plan.

Governor Smith then introduced President Wilson. He brought the audience to its feet by exclaiming:

"The rank and file of the American people are solidly behind him."

CONGRESS ENDS AS FILIBUSTER CLOGS WHEELS

No Measure Allowed to Come Up for Passage in Final Period

Washington, March 4.—Promptly at noon today the war congress of 1917-19 passed in history. At that hour Vice President Marshall in the senate and Speaker Champ Clark in the house declared the congress adjourned.

Notable among the congresses in the life of the nation, the congress which opened in April, 1917, with the declaration of war, ended with the terms of peace and the problems created by the war still undetermined. This task will fall on the 66th congress, which soon is to be called in extraordinary session.

Good Feeling Evident

In most houses the rancor which marked the closing days of the session passed away and senators and representatives permitted the congress to go out of existence in an outburst of good feeling. The house had the presence of the marine band to cheer it on its way and members laid all dignity aside as they gathered in the "well," facing the speaker's desk, and joined in singing patriotic, religious and folk songs.

Some of the president's closest advisers were inclined to look upon this as an affront to the president, but he remained in the room for a short time after the adjournment, signing bills, taking leave of senators and members of his cabinet, finally departing at 12:30 for his special train which was waiting for it at Union station.

Just before he left the president told Senators Martin and Simmons, the leaders of the Democratic side, that he had not changed his mind regarding the calling of an extra session, and that one would not be called until his return.

Filibuster Marked Close

The last day of congress was marked by one of the most spectacular and successful filibusters on record. From 10 o'clock Monday morning until the hour of adjournment, not a single piece of legislation was allowed to pass.

The time was taken up by speeches by Senator Sherman, Senators LaFollette and France, all Republicans, who had made up their minds after the passage of the victory loan bill that they would not permit any other measures to become laws. They talked all day Monday, all night and up to 15 minutes before noon today.

The senators talked about every subject under the sun. During the night few of the senators remained in their seats, but by 8 o'clock this morning most of them, refreshed by the few hours of sleep, returned to their seats and remained to the finish.

Expected Bill to Pass

Although it had been generally understood that Republican senators were prepared to inaugurate a filibuster to prevent the passage of the army and navy bills and the sundry civil bill, it was not believed the general deficiency bill, which was before the senate, was in any danger. This bill carried the appropriation of \$750,000,000 for the railway administration to enable the director general to pay off obligations already incurred in operations and equipment. It was literally "talked to death."

In addition to the appropriation bill which died in the calendar, there were a great many navy bills of almost equal importance which were refused action. Among these were measures to insure the enforcement of prohibition, repeal of the espionage act, woman suffrage, railway control, wire control, the red flag bill, the oil leasing bill and many others.

PHONE TIEMP IS VOTE OF UNION

Entire Country Crippled if Decision to Strike Is Carried Out.

Washington, March 4.—The United States faces a simultaneous stoppage of both telephonic and telegraphic communications in the country. Tonight it was announced at the headquarters of the International Brotherhood of Electrical Workers that the strike vote of the telephone workers of the country was overwhelmingly in favor of a strike.

If the telegraph operators also vote a strike, as is expected, there will be a complete tieup of wire communications throughout the country.

In New England the tabulated vote was 7,444 for the strike, with only 29 votes against, according to John J. Parcell, international representative of the brotherhood. On the Pacific coast the vote was 95 per cent in favor of a strike.

The date of the telephone strike will be fixed by the executive board of the international brotherhood, which meantime is taking a referendum as to the per capita tax to be levied against the 135,000 members to support the strike. It is expected a fund of \$600,000 will be raised immediately for that purpose.

Allies May March Straight to Berlin

London, March 4.—"Germany is going to pieces," says the Daily Express editorially. "The Allies probably will be compelled to march straight to Berlin to establish order throughout the country. As far as Germany is concerned, 'no order' spells 'no indemnity.'"

MARKET REPORT

Chicago, March 4.—The following quotations on farm produce were issued here today:

With Service Men

Sergt. Cich Here on Furlough, Few Days

Sergt. Joseph Cich, for several years with the Young and Fillion company in this city, is here from Camp Alexandria, Va., on furlough. Sergt. Cich entered the service in April, 1917, and soon after was made a sergeant. He has been in training in a number of camps and was aboard a transport ready to sail when the armistice was signed. He will visit in Escanaba for several days.

Schwartz, Wounded and Gassed, Back

Edward Schwartz, son of Mrs. William J. Schwartz, of Wells, after being both wounded and gassed while serving with the American marines in France, has returned to the home at Wells.

The young man was wounded in action early in last summer and he credits his quick recovery to the fact he found in service at the hospital where he was taken, Miss Agnes Flemming, formerly his teacher in the Wells school and now a Red Cross nurse in France.

After recovering from his wounds Schwartz returned to the front and was severely burned by mustard gas. He has now fully recovered from both his wounds and the gas burns.

Surgery Experience Big Help—Lippold

That his experience in surgery overseas will be a big asset to him is told by Dr. Paul Lippold in a letter to his

brother here Walter Lippold. Dr. Lippold is stationed at Bordeaux, France, but was in Italy when the armistice was signed.
Dr. Lippold is assisting Major R. Smith, Grand Rapids, one of the most prominent surgeons in the service.
He expressed much sorrow at having learned of the death of Dr. Louis Kratze. It was not until he got word from his relatives here that he knew Dr. Kratze died in the United States.

Ensign Lemmer Back For Furlough Visit

Ensign John Lemmer, son of Mrs. Peter Lemmer, South Campbell street, arrived Tuesday morning from New York where he has been in training. Lemmer was awarded his commission in the navy last Saturday. He will remain here for a period of ten days, after which he will go back to New York with a view to "shoving off" on one of the United States battleships. Just how long he will remain in the service Lemmer does not know.

LABOR REFORMS FOR WOMEN AND CHILDREN, PLAN

London, March 4.—Sweeping international labor reforms, especially as regards women and children, are contained in the British draft understood to have been adopted "with very minor alterations" by the peace commission on international labor legislation. Some of the main proposals, as given by the correspondent of the Daily Telegraph, follow:

- No more employment of children under 15 in industrial occupations.
- Six Hours for Children. Six-hour day for children between 15 and 18, with at least two hours rest if substitutes are available.
- Workers right of free combination and association in all countries.
- Unemployment insurance in every country.

Special code of laws for protection of seamen.
No general prohibition of immigration, but recognition of rights of any state to restrict immigration temporarily in periods of economic depression or for protection of public health.

Standards of Education.
Recognition of right of any state to require certain standards of education for immigrants.

Eight-hour day or 48 hours weekly—and even less in dangerous trades—for all workers in all countries, with half holiday on Saturday and continuous weekly rests of at least 36 hours.

No women to be employed at night.
No home work for women under the regular day's work.

No women shall work in especially dangerous trades, nor in mines above or below ground.

Women shall receive same pay as for ten weeks altogether before and after child birth, six weeks of which shall be taken after child birth.

Same Pay for Women.
Maternity insurance in all countries

providing compensation.
Women shall receive same pay as men for the same job.
Prohibition of poisonous materials wherever substitutes are available.
Four hours daily devoted to technical or continuation classes, and no work at night, Sundays or holidays.

JUDGE COHALAN NOT RECEIVED BY PRESIDENT

New York, March 4.—The reception by President Wilson of the delegation of Irishmen seeking his help to influence the peace conference to declare for self-determination for Ireland was delayed 25 minutes tonight at the Metropolitan opera house because the President refused to receive the delegation while Judge Cohalan was present in person as a member.

The delegation at first appeared indisposed to show Judge Cohalan the door, but when President Wilson finally gave the committee five minutes in which to decide, it was determined to appear without the judge before the President.

HE LEFT TOWN.

The make-up man he left town when he saw it—miked 'em up quite some what Tuesday morning, when a line from a police court story dribbled over into the social column of the Press. It is probably unnecessary to explain that there are no cells in the Beaton home at Wells, where a party was given a surprise party Monday night.

"VERY IDEA" TONIGHT.

Indications are that "The Very Idea," which will be presented at the Delft theater tonight, will be greeted by a large crowd. The production comes to Escanaba with an enviable record for the season. Critics everywhere have pronounced it a most clever farce.

regard to this league of the civilized world.

"Conviction in Impulse"
"There was a conviction in the whole impulse. There was conviction of more than one sort. There was the conviction that this thing ought to be done, and there was also the conviction that not a man there would venture to go home and say that he had not tried to do it.

"Mr. Taft has set the picture for you of what a failure of this great purpose would mean. We have been hearing for all these weary months that this agony of war has lasted, or of the sinister purpose of the central empires, and we have not of the course that they meant their conquest; to take.

"Where did the lines of that map lie, of that central line that we used to call from Bremen to Bagdad? They lay through these very regions to which Mr. Taft has called your attention, but they lay then through Unfre empire, the Austro-Hungarian empire, whose integrity Germany was bound to respect as her allies lay in the path of that line of conquest; the Turkish empire whose interests she professed to make her own lay in the direct path that she intended to tread.

Wilson Cables His People Support Him

Paris, March 4.—The American high commission was greatly heartened today by receipt of a cable from President Wilson conveying his confident belief that the American people are favoring the league of nation covenant by an overwhelming majority. The president is expected back in Paris on March 12, and all the committees of the peace conference are busy getting all its problems in such

shape that he will be able to work without any delay.

The American commissioners confidently expect that the president will have completed the supervision of the work of the conference by March 20, and that the terms will be handed the Germans at Versailles not later than March 20.

Mrs. Hugh Kearns, Ogden street, Menominee is visiting relatives here. She will also visit at Foster City before returning to her home.

When Your Little Child

cries at night, tosses restlessly and mutters in its sleep, is constipated, fretful and feverish, or has symptoms of worms, you feel worried and have your night's rest disturbed by the little one's crying, or perhaps because of your own anxiety.

Mother Gray's Sweet Powders for Children.

Used by mothers for 30 years. These powders cleanse the stomach, act on the Liver and give helpful sleep by regulating the child's system. Easy to give and pleasant for the child to take.

Happy mothers in every community are using them with splendid results.
Mother, if your child has the symptoms here described, you should try these powders. Your doctor has them.

Report Burleson Is Out Against Clark

Washington, March 4.—A movement to prevent Champ Clark from becoming minority leader of the next house was launched by one element of Democrats immediately after adjournment of the 65th congress today. According to one of the representatives prominent in the new faction, Postmaster Burleson is active in the movement.

Eastern Star Dance.

One of the prettiest pre-Lenten parties to be given this season was the dancing party held in the Masonic Temple last night by the members of the Eastern Star society. The hall was prettily decorated for the affair. Newey's orchestra furnished the music.

THE BUSINESS OUTLOOK.

The history of American business after the Civil war proved that a period of expansion and prosperity may follow after the destruction and waste of a great war.

Up to April, 1917, the United States was growing rich on the war. Enormous quantities of food and munitions were shipped across. America in effect swapped its supplies in return for the cancellation of vast debts owed by its various enterprises to Europe.

Furthermore, people lived more simply during the war period and cut down many lines of expenditures. A great deal of money was put into Liberty bonds that used to go to luxuries.

National wealth is not much affected by the war debt. If a man's own personal share of that debt is \$1,000, and if while the debt was being incurred he made savings of \$1,000 in bonds, he is neither poorer nor richer.

It seems a fair judgment that the war period of 1914-1918 has not impoverished the United States at all. There is probably more wealth in the country than at the beginning of the period.

A PREDICTION AND AN ANSWER.

Secretary Wilson, of the Department of Labor, says: "The present period of readjustment is the critical time. If we can pass through it safely, we have before us from eight to ten years of industrial activity equal to any wave of prosperity we ever have had."

"If Congress will appropriate the relatively small sum which I have asked for the construction of soldier-settlements in every State in the Union, I can offer job almost immediately to 100,000 of our returned fighting men, thus helping to stem the tide of industrial unrest predicted by Secretary Wilson; provide farm homes for 25,000 of these men, thus mitigating the evils of tenantry; and bring into cultivation 1,500,000 acres of at present unproductive land, thus helping to make up the deficiency in the rate of growth of cultivated land as compared with the rate of growth of our population."

THOSE VEXATIOUS CAPTURED WARSHIPS.

At first thought the problem of disposing of captured German war vessels by distribution among the victorious powers may seem a simple one and the agitation for destruction of the boats as the easiest way out of the whole matter may seem absurd.

It is to be noted that French and Italian officers want the German war boats preserved and distributed, and we may presume that they hope to secure for their countries goodly amounts of tonnage which in their present financial condition they cannot otherwise well acquire.

The British and American officers who seem to be largely in favor of destroying the German vessels represent nations whose positions on the seas cannot be hurt by destruction, but may be injured by retention.

the high value they do on bits of colored cloth on a sleeve or bits of metal pinned on a coat. So to value them, however, is a human tendency so nearly universal that it is entirely normal, and it is a "weakness" of which those whom it amuses would certainly be guilty if they had a chance.

There is nothing derogatory to him whose chances for heroism or for a particular form of service has not come, when he to whom that chance has come and has been well utilized gets a badge of honor for all to see.

The soldiers on foreign service were by no means all on the firing line, and the blue or gold stripe in itself does not say that they were. It merely tells an indubitable truth, and it creates a grievance no more than does the fact that not every soldier who took part in the actual fighting won a medal or a cross.

Secretary Daniels has asked the House for legislation prohibiting the use of the word "navy" or "naval" in the titles of public or commercial organizations. This recalls the fact that Daniels and Colonel Thompson of the Navy League had a rumpus some months back, in which Thompson did not come out second best.

VIC SHOULD BE THANKFUL.

National Republican: "Our old friend Victor Berger has at least this consolation: If he were in socialist Russia and found guilty of opposing the government, he would be given not twenty years in the penitentiary but twenty minutes to prepare for the firing squad. He ought to thank God, therefore, that he lives in a 'capitalist' and not a socialist country."

THE PIFFLE HOOK

By SLIM PICKENS.

ADVJCES from Paris indicate that no matter what is done or said in the United States senate, the peace conference will okeh the original covenant of the League of Nations.

DEAR SLIM: You asked for a parody on an ancient ditty, describing if possible the brevity of Prexie's sojourn in the bloomin' states. Try this on your phonograph:

Woody walked right in and he turned around and he walked right out again. He left poor congress sitting there, before they could count ten.

The Democrats said, "Ain't he swell;" The G. O. P. gasped, "Wot th' hell," When he walked right in and t. a. a. w. r. o. again. —HEAVY.

Lodge is evidently determined to lodge the League of Nations in the senate chamber.

Two hundred automobile dealers are to be Escanaba's guests tomorrow. The fellow who hasn't placed his order may make up his mind that he'll be the owner of at least three machines by one a. m. Friday.

It Might Be Called Such.

DEAR SLIM: Joe Tumulty won't run for the senate in New Jersey. Now isn't it a shame? Tumulty and Frelinghuysen would have been such a cosmopolitan combination in names. Don't you think so? —SKID.

Wilson announces that he longs to return to his writing. His longing is shared by several others, according to advices from Washington.

DEFINITIONS.

The League of Nations—Something else for Senator Sherman to oppose.

The Income Tax—A dead give away for some birds who were too poor to invest in Liberty Bonds.

Tires—Rubber, doughnut shaped objects that will not become tiresome as topics for tomorrow's conversation.

Statesmen—Leaders of the part you belong to. Politicians—Leaders of the party you don't belong to.

Peanuts—Five for a dime, formerly five* for a quart. Ford—Tribune Libel Suit—Double header publicity.

*Cents.

Fist fights were staged on the floor of House of Representatives Monday. Let 'em fight—they haven't done anything else worthy of mention.

Every time we see a stinging letter, we think of Eugene Field's poetical anecdote about the editor who called a rival "an uncouth ass" and signed the epistle, "Your fraternally."

"What am dat, Liza? Shoe polish?"

"No Rastus, dat am mah' vanishing cream."

Henry Ford's lawyers can't tell when "B. L. T." is serious and when he isn't.

If King Filiver's attorneys possessed a sense of humor, they'd be tickled plain to death all the time.

SUGGEST THAT F. D. DAVIS IS MAN FOR JOB

That there is a growing sentiment among many of the businessmen of the city, favoring an effort to secure F. D. Davis as superintendent of schools, has been evidenced frequently during the past week.

Mr. Davis is at present, an officer of one of the leading life insurance companies operating in this section of the United States. His connections with this organization might make it impossible for the city to secure his services.

Mr. Davis was instrumental in getting the high school built, is a property owner, has a son now in school and is qualified in training, ability and interest to fill the office, it is pointed out.

No Trace Gained of Smears, a Deserter

The police here have gained no trace of McKinley Smears, wanted for desertion at Fort Benjamin Harrison, Ind. Smears broke away from the sergeant sent here to take him back to Harrison. At that time he claimed that he had been discharged, but the army sergeant said Smears was a deserter.

Meeting Conflicts, So It Is Cancelled

Because the meeting of the upper peninsula representatives scheduled to be held here was in conflict with plans of the attorney general in preparing the defense for municipalities against the increased telephone rates, the meeting for this city was cancelled.

SOCIETY

Surprised by Friends.

Three delightful surprise parties were given Monday night in honor of three old employees of the C. & N. W., who were recently pensioned, when a large number of their friends called at their homes and presented them with remembrances of their railway service.

The first was given in honor of Ella P. Ness by 118 employees of the car department. At the close of an enjoyable evening Mr. Ness was presented with a purse.

Walter J. Duff was similarly entertained at his home on South Mary street by the members of the blacksmith department. He was given a big easy chair.

The third surprise was given in honor of David Peitler. He was also presented with a gift by his shopmates.

The three men were entitled to pensions two years ago, but because of the war conditions they continued their services until recently.

Filibuster Checks Sale on the Market

New York, March 4.—Failure by congress to pass the deficiency appropriation bill carrying with it the railroad revolving fund of \$750,000,000 unsettled the stock market today and at one time resulted in decline of from two to five points in the most active issues.

At the opening strength prevailed but around midday announcement of the adjournment of congress without taking action on the deficiency bill resulted in heavy offerings of all classes of issues.

Railway shares were foremost in the downward movement, declines the most active of this group being from one to three points.

Public Should Demand Original Nuxated Iron

Physician Warns Against Danger Of Accepting Substitutes—Says That Ordinary Metallic Iron Preparations Cannot Possibly Give The Same

Strength, Power and Endurance As Organic Iron—Nuxated Iron

The remarkable results produced by Nuxated Iron and its widespread sale (it being estimated that over three million people annually are today using it) has led to the offering of numerous substitutes, and these physicians mentioned below say that health officials and doctors everywhere should caution the public against accepting substitutes for Nuxated Iron, as these substitutes instead of being organic iron may be nothing more than a metallic iron compound which may in some cases produce more harm than good.

There are thousands of people taking iron who do not distinguish between organic iron and metallic iron and such persons often fail to obtain the vital energy, strength and endurance which they seek simply because they have taken the wrong form of iron. If you are not strong or well, you owe it to yourself to make the following test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of Nuxated Iron three times per day after meals for two weeks. Then test your strength and see how much you have gained.

SOCIAL & PERSONAL

Farewell Party. Mrs. Guy Sullivan entertained at a farewell party Monday night in honor of Mrs. Taylor Peterson, who left yesterday afternoon for Hancock to join her husband. A pleasant evening was spent in social amusements and dainty refreshments were served at the close of the affair.

Drill Team Dance. The Eagle Drill Team held their regular dancing party at the Clark hall last night. Olmsted's orchestra played.

Taffy Party. Miss Agnes LaFave entertained a number of friends at a taffy party last night. A program of special features was carried out and refreshments were served.

Yeoman Dance. Members of the Yeoman lodge entertained at a dancing party last night at the North Star hall.

Sleigh Ride Party. The Misses Irene Aubon and Sigrid Lilquist entertained at a sleigh ride party to Rapid River Sunday afternoon. Dinner was served at the Rapid River hotel at six o'clock, followed by a theatre party.

Entertains Friends. Mrs. C. R. Raymond, 902 Escanaba avenue, entertained a number of friends at her home Monday night. The evening was spent in playing cards and refreshments were served at the close of the affair.

Dinner Party. Mrs. E. C. Sullivan entertained a number of friends at a dinner party last night in the Sullivan apartments in the Jepsen building. The affair was arranged in honor of her birthday anniversary.

Ladies' Aid Social. The Ladies' Aid of the Swedish Methodist church will hold its regular monthly social Thursday afternoon at 2:30 o'clock in the church parlors. Mrs. Herman Nelson and Mrs. Valdemar Flink will act as hostesses. All are cordially invited to attend.

Surprised by Friends. John LaChapelle, 1214 Stephenson avenue was the guest of honor at a delightful surprise party given Saturday night on the occasion of his fifty second birthday anniversary. An enjoyable evening was spent in dancing, music and games followed by dainty refreshments. Mr. LaChapelle was presented with a gift.

Joint-Bourdlais. Miss Bernadette Marie Joint, daughter of Mr. and Mrs. Flavian Joint, and Lawrence Bourdlais, son of Mr. and Mrs. Robert Bourdlais, were married Tuesday morning in the St. Anne church. The Rev. R. G. Jacques performed the ceremony. The attendants were Miss Matilda Joint and Robert Joint, brother and sister of the bride, and Miss Regina Beauchamp and Robert Williams. The bride wore a dark traveling suit and carried a bouquet of pink roses.

Following the ceremony an elaborate wedding breakfast was served at the home of the bride's parents, at 3-1 South Charlotte street. Mr. and Mrs. Bourdlais will make their home in Escanaba.

IF BACK HURTS BEGIN ON SALTS

Take a glass of Salts is your Back hurts or Bladder troubles you.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood; then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleepless and urinary disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by sensation of burning; stop eating meat and get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast, and in a few days your kidneys will act fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jad Salts is inexpensive and cannot injure; make a delightful effervescent lithia-water drink which overcomes the pain and keeps the kidneys clean and active.

Miss Robb on Tour. Miss Alda Robb, daughter of Mr. and Mrs. H. H. Robb of this city, is one of the members of the Lawrence college glee club and will go on the spring tour with the organization according to advices reaching this city. The tour will be for a period of two weeks commencing March 24.

Everybody is doing it. Doing what? Buying a bottle of Muscadell, composed of grape and other unfermented fruit juices blended to make a real drink. 2891-63-1f.

Extensive Remodeling Work

Going On, Second Floor

By Wednesday expect carpenters and electricians will be through with most of the work. We sure will be more than delighted to be "rid" of them. Shall then temporarily arrange cases, racks and fixtures—so at least some of the new merchandise can be shown. In our Apparel Section our stocks are now more than 50% complete—our Big, New Cloak Cabinets are jammed full of beautiful, smart, snappy, stylish Gowns, Suits, Coats, Skirts, Blouses, etc. Dozens and dozens of packing cases not even been unpacked.

Regardless "topsy turvy" conditions of the department last two weeks—have sold a lot of new goods.

We know you'll be well pleased with the appointments of the greatly enlarged Apparel and Millinery Department—when all remodeling work is completed—will be able to boast of the largest and finest display floor in the Peninsula—a real daylight store in every sense of the word.

Nearly Cleaned Out of Left Over Winter Merchandise

Only a Few Garments Remain

FINAL REDUCTIONS

Remaining Lot of **WOMEN'S WINTER COATS** In the Lot Values to \$27.50 Choice Now

OBITUARY.

Kraemer Services. Services will be conducted at 9 o'clock this morning for Edward Kraemer, engineer who was killed near Quinnesoc when the engine he was riding overturned. The services will be held at the residence, 328 North Oak street, and at 10:15 the body will be shipped on the south bound train for Oakfield, Wis., where burial will take place. The Rev. Frank Cookson, pastor of the First Methodist church, will officiate.

Viola M. Gustafson. Funeral services were conducted at the Allo parlors Tuesday afternoon for Viola Marjorie Gustafson, little daughter of Mr. and Mrs. G. Gustafson who died Monday night. Burial was made in Lakeview cemetery.

Hessel Funeral. Probably one of the largest funerals to be conducted in Escanaba was that for Q. R. Hessel, Tuesday morning, at the St. Joseph church. Mr. Hessel was prominently known throughout the peninsula, died suddenly Saturday afternoon while apparently enjoying good health.

Special services included a solo by Mrs. John Semer, "In This Day, O Beautiful Mother," and solos by both William Belanger and Frank Hlm. A large crowd attended the church services and the funeral cortege was exceptionally large as well.

People from other cities attending the last rites included: Mrs. Henry Landgraf and Mrs. Joseph Penish, Eau Claire, Wis., sisters of the deceased; Charles Hessel, of Francis Creek, Wis., brother; Mr. and Mrs. Albert Krudich, of Manitowoc; William and John Kellner, Manitowoc, brothers of Mrs. Hessel; Mr. and Mrs. William Schlotten, Manitowoc; Miss Olive Kellner, Manitowoc; Richard Bleum, Mr. Braun and Mr. Schram, of Milwaukee.

Civil Service Exam To Be Held March 22

The United States Civil Service Commission has announced an examination for Delta county to be held at Escanaba and Gladstone on March 22 to fill the position of rural carrier at Ensign and Stonington and vacancies that may later occur on rural routes from other post offices in the above mentioned county.

The examination will be open only to male citizens who are actually domiciled in the territory of a post office in the county and who meet the other requirements set forth in Form No. 1977.

This form and application blanks may be obtained from the offices mentioned above or from the United States Civil Service Commission at Washington, D. C. Applications should be forwarded to the Commission at Washington at the earliest practicable date.

Typical Hoboes Here Told to Leave Town

Two typical hoboes, relics of past history in Escanaba, were told to ramble on their way yesterday by the police authorities here. They came into Escanaba Monday and had tools that would be of fine assistance to most any burglar. After one threatened to "secure a license to carry concealed weapons" he changed his mind and quit bluffing. The two spent a night in jail here to sort of wear off the rough edges.

Pull Box at School; Firemen Are Called

Students of the High school were on the stage at 3:45 o'clock Tuesday afternoon when some one played with the fire alarm box. A few minutes later the fire department had arrived on the scene. The arrival of the firemen caused considerable confusion, as many feared there was a fire in the building and they didn't know which way to go to avoid the blaze.

NOTICE!

The annual caucus for the township of Bark River will be held at the township hall on Saturday March 15, 1919, at 2 p. m., for the purpose of nominating township officers for the ensuing year.

Signed: ALEX WILSON, Township Clerk.

Justus Boucher of Stephenson visited friends here Monday and Tuesday.
