

# VILLISTAS CAUSE ALARM

## WOOD PLANS TO OPEN GATES IF BEER LAW GOES

### To Introduce Bill Permitting Sale of Liquors in Groceries.

Lansing, Mich., March 18.—Permits for and licensing of all incorporated food establishments to serve cider, beer and wine with meat and the sale of such beverages in original packages by manufacturers, wholesalers and food distributing concerns are provided in a legislative bill to be introduced by Senator Arthur E. Wood, of Detroit, if the beer and wine amendment to the constitution is adopted at the April election.

### Would Offset Objections.

Senator Wood gave notice today of his intention. This measure is calculated to offset objections made by the drys to the form and scope of the proposed constitutional amendment which would put Michigan back into the wet column, at least until July 1.

In his notice Senator Wood states that the bill he will introduce will not re-establish the old saloon system.

### An Increase in Passenger Rates to Three Cents a Mile is the Provision Carried in a Bill Introduced by Senator William W. Smith, of Traverse City.

### Remainder Left Intact.

The remaining provisions of the existing law are left intact, allowing 150 pounds of baggage, a half fare for children 12 years of age and under, and minimum fares of five cents.

### A Bill was Introduced by Senator Roy M. Watkins, which is of vital interest to companies doing health and insurance business. It is in effect a reciprocal law to work in conjunction with similar laws in other states and which would allow companies incorporated in such other states the privileges of doing business in Michigan without additional deposits or being subject to special assessments, as now required.

### Revise Tax Commission.

The board of state tax commissioners would form a majority of the board of equalization to pass upon their own work by the terms of the bill introduced in the house by Representative Edward E. Read, Kalamazoo county. Under the provisions of this bill the equalization board would consist of a tax commission, the auditor general and secretary of the public domain commission.

### Another phase of the taxation law is dealt with in a bill introduced by Representative F. A. Smith, Wexford county. It would provide for the state paying to the city or county local taxes on the homestead property of soldiers and sailors' widows.

## Five New Sleepers Found in Chicago

Chicago, March 18.—Five additional cases of sleeping sickness in Chicago were reported to the health department today. This is the largest number of new cases reported in any one day since the malady appeared. Sixty-nine cases of influenza and 85 cases of pneumonia also were reported.

## 175,000 Discharged in February—Baker

San Francisco, March 18.—Secretary of War Baker announced today 175,000 American soldiers were demobilized during February and that 225,000 will be released during March. Thereafter the number will be increased to 250,000 or more each month.

### Secretary Baker, chief of staff, arrived here today on a tour of inspection of demobilization camps. Asked when demobilization would be completed, including troops in Europe, Secretary Baker replied: "No one can tell. It depends upon conditions abroad."

## Hun Planes To Be Used In Big Loan

WASHINGTON, March 18.—Fourteen German planes, captured by American fliers in France, arrived in Baltimore this afternoon. They are to be used in the Victory Loan advertising campaign. Five will be sent to Mineola, L. I.; five to San Diego, Cal., and the remaining four to New Orleans.

### The treasury department is experiencing difficulty in getting fliers to pilot the machines. It was desired to obtain the services of American aces who achieved distinction over the battle fields of France. The honorarium asked by the fliers, however, is almost prohibitive, running as high as \$10,000 a week in some cases.

### Want Larger Salaries.

When the promoters of the Victory Loan conceived the idea of using the German planes as a means of stimulating interest in the campaign, several of the aces who have lately returned from abroad were approached with offers to pilot the planes. They were offered \$1,000 a day, or \$6,000 a week, for their services. This offer was refused and a counter proposition of \$10,000 a week was submitted.

### Negotiations have not been abandoned and it is hoped that some satisfactory arrangement may be made which will put the flight of the German machines under the direction of American aces that aided in their capture.

### Use Less Famous Men.

Unless this can be done it will be necessary to use other fliers who have not achieved the fame accorded the fliers to whom the original offers were made.

### The plan of the treasury department is to have the various flying squadrons that will man the Hun machines make daily trips from Mineola, San Diego and New Orleans and give "cloud line circuses" over the towns and cities in their zones. The machines are also to be exhibited in the various cities throughout the country.

### May Use Women.

Although Ruth Law and Katherine Stinson have offered their services, it has been the original plan to only have pilots who actually participated in the war. If the government does not give the price named by the aces, the aviatrixes may guide the machines.

## PROPRIETOR OF CHICAGO HOTEL IS GUN VICTIM

Chicago, March 18.—Scores of diners at the St. James grill, a fashionable resort on top of the majestic hotel, were thrown into panic early tonight when a man, yet unidentified, fired three shots into the body of Charles Sommer, the proprietor.

### After the shooting the assailant faced the frightened guests calmly and told them he would kill any who attempted to summon assistance. He rang for the elevator, commanded the boy to take him to the lobby floor without stopping, and walked from the hotel. When he was outside the door the boy sounded the alarm but the man had disappeared on the crowded street.

### Sommer was removed to a hospital with one bullet in the side, another in the left arm and a third in the right leg.

### The only clue is a dinner check, which the man had signed as Dr. Roscara shortly before the shooting, and a detailed description by the waiter who said he visited the grill frequently in company with a strikingly handsome woman.

### The shooting resulted from a dispute with the manager earlier in the evening over the amount of the man's dinner check.

## Bandits Make Haul of \$7,000 in Chicago

Chicago, March 18.—Pay roll bandits made a \$7,000 haul here this afternoon when four masked men held up the offices of Sykes & Co., sheet metal contractors. After locking six officers and employees of the company in an afternoon, the bandits opened the cash drawer and escaped.

## NO NEED FOR A CONSTABULARY, TELLS LEMIRE

### State Senator to Put Up a Fight Against Passage of Measure.

The proposal to make the state constabulary a permanent police organization of the state is another measure that is the fondling of a political machine; it is designed to procure an appropriation for the maintenance of a public force at a time when, with the entire country coming under the scope of the national prohibition law in a few months, there will be little need for a state police.

### This is the opinion of Senator W. A. Lemire, who recently arrived from Lansing. He is putting up a fight to stop the passage of the measure to make the state constabulary a permanent organization for the state. Senator Lemire will return to the state capital Sunday night.

### Would Disband Force.

The concurrent resolution offered in the senate by Senator Lemire requests the war preparedness board to continue to maintain the state constabulary until July 1 of this year, and to disband that force on that date.

### Figures furnished on the cost of maintaining the state police force show there is an expenditure of more than \$50,000 each month. The continued maintenance of the constabulary after July 1 would result in unnecessary duplication of effort and multiplication of expense, argues Senator Lemire, because it is now and will continue to be the duty of the sheriffs and other police officers of the counties and cities to enforce the law.

### Injunction Conditions Cease.

The only present use of the state police is enforcing the prohibition laws based upon a temporary injunction granted by the circuit court of Monroe county and the conditions under which that injunction was issued will cease some time during the month of May.

### Still another argument against it is that a recent decision of the supreme court of the state prevents further use of the constabulary in making searches and seizures without warrants.

### The state constabulary measure will come up in the senate some time next week. It is expected, when arguments will be put forth in an attempt to check the passage of the bill. The bill is known to have many backers, however, and a stiff fight is expected to result.

## WOMEN NAMED BY ALDERMEN

The following women were appointed inspectors of election at the city council meeting last night, the aldermen acceding to a request from the Delta County Equal Suffrage committee presented at a previous meeting:

- First—Mrs. Guy Ramsey.
  - Second—Mrs. Miles Thomas.
  - Third—Miss Nellie Perry.
  - Fourth—Mrs. J. B. Wilkinson.
  - Fifth—Mrs. Hazel Kamerer.
  - Sixth—Mrs. Pearl Nolden.
  - Seventh—Mrs. Fred Mathiesea.
- These inspectors will assist the men already appointed in caring for the heavy vote expected at the city election.

### It was announced by Alderman Tolan that the polling place in the First ward will be the Elks building instead of the old fire station.

## 36 Prisoners Are Let Out at Leavenworth

Leavenworth, Kan., March 18.—Thirty-six prisoners confined in the United States disciplinary barracks at Fort Leavenworth have been granted full discharges and left the prison today for their homes. The men were serving sentences for infractions of military rules during the period of the

## WIRELESS TELEPHONE

THIS apparatus broke all records. Below, Secretary Daniels conversing with the airplane of Ensign Harry Sadenwater, in flight 150 miles away. The conversation carried on

via wireless telephone was from the secretary's desk to the plane at sea. Upper photo shows the wonderful apparatus used on the plane.

(C) Underwood & Underwood

## Blackmailer Hurls Bomb; One Killed

OAKLAND, Cal., March 18.—Mrs. George Greenwood, wife of the vice president of the Savings Union Bank and Trust company, of San Francisco, was killed tonight by a bomb that exploded in the garden of the Greenwood home, which overlooks Lake Morris.

### In January, 1918, Mrs. Greenwood's husband received a letter demanding \$5,000 or the destruction of his home by dynamite. For several weeks the Greenwood home was guarded night and day. The letter was signed "G. C. C." and the police believe it was sent by the same persons who sent threatening letters to Governor William Stephens the day before the executive mansion in Sacramento was dynamited.

### It is not known whether the bomb was hurled at Mrs. Greenwood or whether she picked it up. The body of Mrs. Greenwood was blown ten feet from where the bomb exploded. The right arm was torn off.

## 12 Wobblies Allowed to Return to Homes

Washington, March 18.—No statement was forthcoming today from Anthony Caminetti, commissioner general of immigration, "giving the details of his decision" that resulted in setting at liberty the twelve members of the I. W. W. detained at Ellis Island and listed for deportation.

### Government agents brought them in from the West in the famous "Red Special." It is said tonight that the government will defray their expenses to their former homes in the West.

### When Commissioner Caminetti was asked for a statement as to his course he referred the questioner to his "only explanation" printed in the official bulletin.

"There is nothing further to give out," he said. "That statement tells

## Prominent Physician Is Murderer?

NEW YORK, March 18.—The disappearance of Dr. Walter Keene Wilkins, wealthy, distinguished appearing physician, prominent in New York and Long Island social circles, who is wanted for the alleged murder of his wife at their country estate at Long Beach on the night of Feb. 21, has stirred the police of a continent and a country wide search has been instituted to get him in the police dragnet.

### No Clue Left Behind.

No sooner were the police officials of Nassau county, the district attorney, the Burns detective agency and the New York police who took an active part in running down clues, convinced that they would find a solution of the murder mystery through the arrest and close interrogation of the slain woman's husband that they were confronted with another and deeper mystery.

### Physician Is Old Man.

The following official bulleting, together with the physician's photograph, has been sent to every nook and corner of the country where it is believed he might have found refuge:

### Wanted—Dr. Walter K. Wilkins for murder. Fugitive is 64 years old, florid complexion, gray side whiskers closely trimmed, gray hair and when last seen wore dark clothes and a black derby with a mourning band.

### Probably Shaved Whiskers.

The difficulty of the man hunt is enhanced by the fact that the fugitive, according to the official belief, probably took the first occasion to shave off his side whiskers and mustache.

### No one knows better than the trained detective the entire change a man's appearance undergoes by the removal of whiskers and they, therefore, are not undertaking the task of picking him out of millions. With his hirsute adornment Dr. Wilkins wore a senatorial dignity. He is pictured a face of splendid appearance with round face and bold eyes.

### Comb Entire City.

Every possible avenue of escape from the metropolitan district has been placed under the strictest police surveillance while the city itself is being combed carefully for the trace of the physician. The police are certain he could not have left the country by train or steamer, for steamers have been closely watched, and have all trains and roads on which he could have crossed the Canadian border.

## RED FLAG FLIES; POLICE BEATEN BY THE STRIKERS

Lawrence, Mass., March 18.—While the police were trying to break up a parade of textile workers today strikers were fired from tenement houses, policemen were stoned and persons in crowds clubbed. Many arrests were made.

### It was the most violent disturbance that had occurred since the strike began six weeks ago. The strikers had picketed the mill during the opening hours. After the gates were closed they formed a column for a parade. At the head of the line, according to City Marshal O'Brien, were red flags. He summoned reserves from police headquarters and read the riot act.

### Stones and bottles were thrown from the crowds. Shots were fired from nearby house but no one was wounded. Officers arrested at the occupants of the building.

### The rioting was resumed tonight.

## Taxpayers Request Service Extensions

Two requests for extension of service by the city were received by the council last night.

A dozen citizens residing on Var. Clevelo avenue ask that the water main be extended to their property.

A petition from 45 tax payers of Hartnett avenue calls attention to the bad condition of the street because of improper drainage and they urge that drainage sewer be extended to their section of the city. Both petitions were referred to the council committee and the city engineer.

## DISORDERS ARE FORCING CLOSE BORDER PATROL

### State Department Wires to Embassy to Ask Help of Carranza.

Washington, March 18.—The disorders throughout northern Mexico whereby the property and lives of American citizens are again in imminent danger, has reached such a state that the United States has once more appealed to President Carranza for their protection.

### Villa is on a rampage, as evident by statements issued today by the state department. One part of his army, under Martin Lopez, numbers 400, and this is surrounding an American ranch and threatening death to the workmen unless they hand over \$5,000 to the bandits.

### Cavalry is on Alert.

The American cavalry on the border is on the alert, as shown by local dispatches, indicating that there is constant fear of raids by the Villistas into the United States territory, and a repetition of the outbreak that forced the president to send General Pershing on his first expeditionary detail with orders to "get" Villa.

### How soon this will occur is not known, of course, or where it will appear.

### There appears to be very little information either at the army headquarters or at the state department as to the extent of the Villista revival or its immediate purpose.

### Department Takes Hand.

The situation as thus far developed is set forth in the following statement issued to the press by the state department:

"The state department has telegraphed the American embassy at Mexico City regarding the reported capture by Villistas at Las Cruces, Chihuahua, of James G. Whetton, an American, and Joseph Bentley, bishop of the Mormon church. The latter is said to be a Mexican citizen by naturalization. The embassy was directed to request the Mexican government to take every possible step to rescue Whetton and to insure the protection of American citizens wherever the bandits operate.

### Two Held for Ransom.

"Another case is that reported by Representative Edward L. Hamilton, of Michigan, who telegraphed the department:

### "Warren & Co. inform me that Martin Lopez and Ocajocoz hold men in ransom for \$5,000, with threat to kill them and destroy the ranch if money not paid."

### Congressman Hamilton stated that Lopez has 400 men and has taken the town of Janos and Asuncion and that Warren & Co.'s foreman is raising the money for the ransom. Two days before the receipt of Representative Hamilton's telegram the department requested the embassy at Mexico City urgently to request the Mexican government to extend protection to the lives and property in question.

### No Answer Received.

As the state department today gave out all the information it has on these outrages, it seems that the government has yet no answer to the request for the protection of the Warren ranch.

### It is stated today at the war department that a good deal will depend on what force Carranza has to dispatch after the bandits. The presence of the Villistas at various places, it is pointed out, must have been known to the Mexican government long ago for the reason that the press here have been printing stories of the activities of the old murderous robber gang of Villistas.

### Await Carranza's Action.

It is possible, however, that Carranza will make a very definite campaign in force against the Villistas in order to prevent another diplomatic clash with the United States and a repetition of the crossing of the border by United States troops.

It occurs again in some quarters that Villa is trying to secure the release of the prisoners held by the

condition into Mexico to embroil the United States with Mexico. In the meantime the American cavalry is closely watching the points on the border where it is thought the Villistas might make a sudden dash across the frontier to precipitate a clash with Carranza.

**Expect Early Results.**

Present occurrences are regarded with great regret by officials for the reason that Carranza has called a special session of congress to discuss oil taxes, labor problems and various domestic troubles. The relations between Mexico and the United States are ideal in almost every effect and on that basis the hope is expressed today that, as Carranza formally has been advised specifically of the attack, he will hurry his army to the front and get Villa and his entire bandit outfit.

**"Indees" Will Give Ishpeming a Battle**

Just to show what sort of basketball may be expected when Ishpeming Y. M. C. A. comes to the city Thursday night for a game with the Escanaba Independents the "Indees" went to Rock Saturday night and on a tiny hall dimly lighted with oil lamps scored 42 points to a total of nine by their wood crafter opponents.

Sonnenberg scored a total of 13 baskets, Beath and O'Brien got four each. Hirn and Baum whose eyes could not pierce the blackness about the net-draped hoops, distinguished themselves on the floor.

**Distinguished Opponents**

Ishpeming is coming with one of the fastest aggregations in the upper peninsula. It is a team that has met and bumped the best ones in the whole copper country and iron country.

On the roll is Viquant who had three years of High School and "Y" records, Prin, who has made the "All U. P." team at the Marquette tournament last year; with others of almost equal renown.

The "Indees" were organized a short time ago to give the high school team more strenuous scrimmage practice than the scrubs were able to furnish. All are old timers and old favorites here. Beath at center, was an especially brilliant player on E. H. S. not many years ago. O'Brien, Hirn, Baum and Jaegers are well known to followers of the sport here. Sonnenberg, coach of the high school team is a former Marquette Normal forward, who attracted much attention in all branches of athletics during his schooling there.

**COUNCIL TAKES UP LABOR PLAN**

(Continued From Page One.)

forced to pay for a job," agreed Alderman Wood. "I move that the city attorney be requested to draw up a resolution to be considered at a meeting Thursday night, asking the private employment agencies to refund fees for securing positions for soldiers and sailors. I think the agencies will be willing to co-operate with us in seeing that all the fellows who quit work to go to the front get something to do."

The motion was carried without a dissenting vote.

**Dock Matter an Old One.**

The dock matter is one that has been hanging fire since the Mackilligan administration two years ago. At that time a petition from a number of farmers and others who reside in the Stonington community was presented, asking that the city rebuild the "Gravel dock" at the foot of Tilden avenue, opened when the alleyway ran from North Tilden avenue to the bay.

For some reason the deal was never completed. However, the clerk announced that Mayor Cuthbert had been informed that all necessary formalities had been taken care of and that there was no longer a reason for further delay.

However, since the mayor is out of the city, Mayor Protom, Folio suggested that final action be held up until Thursday night, when an adjourned meeting will be held.

**MARKET REPORT**

Chicago, March 18.—The following quotations on farm produce were issued here today:

BUTTER—61c to 62c.  
EGGS—39c to 39½c.  
POTATOES—\$1.60 to \$1.75.  
TURKEYS—30c.  
FOWLS—31c.  
ROOSTERS—22c.  
SPRINGERS—32c.  
GHESE—20c to 22c.  
DRECKE—28c to 32c.  
TIMOTHY—\$28 to \$31.  
STANDARD—\$28 to \$32.  
CLOVER—\$18 to \$24.

**OBITUARY.**

**Victor Hill Buried.**

With expenses defrayed by Scandinavian and Finnish societies of the city, funeral services for Victor Hill, a war veteran who was found dead after a long illness at the Henry Norstrom home, were held Tuesday afternoon at the City parlors. L. E. Palm of the Swedish townships, has arrived at the office of County Treasurer George F. McEwen.

Ishpeming, Mich.—There was no material change in prices today. There was some profit taking in evidence, but generally, the demand for stocks was very good. Many have been figuring on a reduction in the industrials before buying and have been disappointed. One of our New York correspondents who has been tight of late, today wired to buy Southern Pacific and Columbia Gas. Industrial Alcohol made a new high today and Willy-Overland sold to 30 7-8. The strength in Anaconda and Utah Copper is the outstanding feature in the coppers. United Verde Exten should announce dividends any day. We feel that markets are acting very good and that the upward movement will continue. Gadsden has started drifting in that mineralized formation which was encountered in crossing a few weeks ago.

Superior & Boston—E. G. Deane, formerly efficiency engineer for the Miami has accepted the superintendency of the Superior & Boston. Mr. Deane was mayor of Miami. A. C. M. Jardane and is considered very competent.

Dow Jones & Co. says—Ontario Silver will pass next quarterly dividend, namely 50 cents using earnings, which are not large, to cover expense of development.

**NEUTRAL ENTRIES OF LEAGUE HEARD**

Paris, March 18.—The subcommittee of the league of nations met a committee of neutrals today, representing Holland, Switzerland, Sweden, Norway and Denmark and went over the proposed constitution of the league.

Switzerland's claim for membership on condition of neutrality will be maintained regardless of war developments and is likely to be conceded in view of her geographical position.

The subcommittee is expected to report tomorrow to the full committee which has now been pulled down to five members. They are President Wilson, Premier Lloyd George, Premier Clemenceau, Premier Orlando and the Japanese representative.

**Jury in Inch Case Fails to Decide It**

New York, March 18.—Following announcement tonight by the foreman that it would be impossible to reach an agreement, the jury in the case of the beautiful Mrs. Betty Inch, charged with extortion, was discharged.

The case was given to the jury at 12:15 today and the report of disagreement was made at 10:05 tonight. The first jury to try the case also disagreed following a long and sensational trial.

The amount involved was \$250, and the principal witness against Mrs. Inch was Eugene Herrman, the alleged victim in the extortion.

**Soldiers Can Send Copy of Discharge**

Washington, March 18.—Certified copies of discharge papers will be accepted in lieu of the original in applications for the \$60 bonus allowed discharged soldiers, the war department announced this afternoon. The former ruling was reversed as the result of a campaign waged in Chicago.

The copies must be sworn to by a recruiting officer and forwarded to the zone officer it was stated.

**Stocks React Fast Just Before Close**

New York, March 18.—Stocks had a sharp reaction just before the close today and just following the meeting of steel men which adjourned to reconvene in Washington with representatives of the government. The cause of the decline was the fear that the price of steel would be reduced.

**ANOTHER REPORT ARRIVES.**

L. E. Scott, treasurer of Masonville township, has arrived at the office of County Treasurer George F. McEwen.

**CONTINUE STATE AND FEDERAL AID FOR SCHOOL HERE**

The Escanaba High school has as good an agricultural department as any school of like size in the state, according to E. E. Gallup, state inspector of vocational agriculture, who visited the school here yesterday. He is here from Lansing on an inspection tour of the schools in the state.

A recommendation that Escanaba continue to get state and federal aid will be filed at Lansing by Mr. Gallup on his return to the capital, he announced last night following his inspection here. The present total outside aid given the schools is about \$487, which is equal to any sum allowed other schools of the state who have not a full-time agricultural instructor.

**Praise for Instructor.**

Mr. Gallup had considerable praise for the manner in which the agricultural course of the school here is being conducted.

"The food production problem is of vital importance now and the farmer of the future must be a more intelligent person. The city people must become interested in farming to make a better feeling between the farmer and the city man. Your course here is not only doing that, but is showing good results in home gardening," he said.

"The course at the Escanaba High school is just that good that I shall give it the best rating any school can be given in agriculture without having a full-time agriculture course," says Olds is Good Man.

Asked if he knew W. E. Olds, Marshall, recently selected as superintendent of the school here to succeed F. E. King, Mr. Gallup replied that he did and said Escanaba was fortunate in procuring his services.

Olds is a young man—comparatively young—but he is a splendid superintendent and he is recognized all over the state as a man of unusual ability, Gallup said.

**DELTA DEALERS REORGANIZED**

The Delta County Automotive Dealers' association passed out of existence last night and in its place stepped the Delta County District of the Cloverland Automotive Dealers' Association.

F. J. Earle was elected president of the new organization. L. K. Edwards became its vice president and G. L. Beal, secretary and treasurer.

John H. Knutson, who retired as president to assume the duties of the Cloverland association, thanked the various working committees for their cooperation in making the recent convention a success.

Rising votes of thanks were extended to the Milwaukee Journal, O. V. Thatcher of Milwaukee and The Escanaba Morning Press.

A number of minor matters were disposed of. A dinner preceded the business meeting.

**South Bend Reports Seven Cases Malady**

South Bend, Ind., March 18.—Seven cases of sleeping sickness were reported to health authorities here today. No fatalities from the malady have been reported and there is no cause for alarm, according to health authorities.

Aurora, Ill., March 17.—The first case of sleeping sickness was reported to health authorities here today. The patient is a young college student.

**Bakers Will Put Up New Building Soon**

A petition to the city council last night from Hoyler & Baur, asking permission to move their building at 477 Ludington street to the rear of the lot to make room for a new building to be erected on the two lots, 415-17 during the summer, was referred to the building committee, which was given power to act.

**Ray Hill Is Visitor With Friends Here**

Ray Hill, who in the early stages of the war left a position as foreman for the Stack Lumber Co., at Masonville to enter the service with the 10th Engineers, is visiting with friends in this city.

Hill went overseas in the summer of 1917 and saw a great deal of active service with the timber unit. He was recently discharged at New York.

**New Instructor for Cloverland School**

Miss May Beard, recently of the Bryant & Stratton School of Commerce in Buffalo, has arrived in Escanaba to take charge of the classes in typewriting in the Cloverland Business College.

Miss Beard took over her first class last night.

Principal Deak announced yesterday that he expects to offer a summer school this year, covering two

**BUT IT WASN'T AN ARMY HORSE**

A youthful army lieutenant, recently returned from the service, has been "pinch hitting" on the parental delivery wagon. Leaving the horse standing in front of a residence down on Georgia street the other morning, he dashed around the house with his "delivery."

The horse started to walk away. "Halt!" commanded the recent military man. "Halt—er, I mean, whoa, there!"

**Clark Will Remain Quiet and Stand Pat**

Washington, March 18.—Cham Clark will ignore the attack made upon him by the insurgent Democrats seeking to prevent his election as minority leader of the next house of representatives. On his return to Washington today from a two weeks' lecture tour through the South he announced he would have no reply to make regarding the criticisms of his opponents.

**Clark Favors League.**

Regarding the league of nations the former speaker will stand on a statement he made in February. He declared at that time he had always been in favor of some kind of league to prevent war.

News of his return to Washington brought many of his close friends to his office today. Among them was Representative Flood, of Virginia, chairman of the foreign affairs committee in the last house, and Senator Pat Harrison, of Mississippi, a member of the house before his election to the senate last November.

**Can't Poll Big Vote.**

Supporters of Mr. Clark for the minority leadership let it be plainly understood following the conferences with him today that they were not disposed to take a serious view of the opposition. The insurgents, they declared, will not be able to poll more than 25 votes when the caucus meets.

It is not believed that any support from the White House has been received by the new faction.

**Attorneys Coming to Move Ballots**

In accordance with the terms of the orders, attorneys for Henry Ford and Truman H. Newberry will visit the city hall in Escanaba April 3 and at the city building in Escanaba April 5, for the purpose of transferring the ballots used in the senatorial election to other boxes, to relieve the present containers for the use at the April elections. The hours set in both instances are 10 a. m. to 4 p. m.

Courts have held that these ballots must be kept until Mr. Ford's contest is settled, but made provisions for the use of the ballot boxes at the April election, in case they are needed.

Officials who do not need the boxes are not required to take them to the above places for transfer but according to the court order, no box may be open or the ballots disturbed except in the presence of the representatives of both principals.

**Radicals Plan Coup, Berlin Wire States**

London, March 18.—The weaknesses of the German government are becoming more evident, according to an Exchange Telegraph dispatch from Berlin today. The radicals are speeding up organization for the overthrow of Philip Scheidemann, the German chancellor, and for the proclaiming of a Soviet republic in April. The people are not responding to the government's advertisements for volunteers.

**Have Dark Hair And Look Young**

Nobody Can Tell When You Darken Gray, Faded, Hair With Sage Tea.

Grandmother kept her hair beautifully darkened, glossy and attractive with a brew of Sage Tea and Sulphur. Whenever her hair took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this old-time recipe, improved by the addition of other ingredients, all ready to use at very little cost. This simple mixture can be depended upon to restore natural color and beauty to the hair.

A well-known downtown druggist says everybody uses Wyeth's Sage and Sulphur Compound now because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a comb or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears, and another application or two, if desired, restores natural color and beauty.

**"Keep the Monument and Get Me a Job," Says This Soldier**

At the turn of the broad steps leading to the second floor of the Federal building the reporter met a soldier, a bright looking, courteous chap, who asked:

"Can you tell me which is the United States labor office?"

The reporter did, and then asked, casually:

"How is the job hunt making out?"

"Not very good," the service man confessed. "They all want to build a monument for me. I left a good job when I enlisted. I think I ought to have as good a place, now that I'm back, but I don't seem able to find it. There are plenty of cheaper ones open, but I still hold out that I hadn't ought to be doctored for going into the army and I've made up my mind that no cheaper ones go."

**Navy the Next Best.**

"I've got enough money to get a couple of meals and a bed tonight and tomorrow, unless something turns up. I'm going to hit a freight train for Ishpeming and enlist in the navy. I'll give the hunt one more swing and that's all. The employment agent up here may have something."

"Have you tried the private employment agents?" asked the reporter.

"I've tried two or three of them," the man replied. "The last one had a job I could have taken—a hundred miles away. All I had to do was pay a dollar fee and dig up my own carfare. I didn't have the money. Anyhow, I wouldn't have given him a dollar."

**He Is Given Card.**

At the United States employment office the man, a few minutes later, was given a card to a Delta county employer and the job was almost in sight.

Whether it materialized or whether he will "take the freight" to the naval recruiting station could not be learned last night.

**Miller Named for Gladstone Mayor**

M. J. Miller will succeed himself as mayor of Gladstone. E. Johnson will be treasurer and A. L. Williams clerk. All three men are the choice of both the Republican and Citizens' nominating conventions.

Fred Huber will be the Republican candidate for Justice of the Peace, opposing Phil Hupp, the Citizens' nominee.

Republicans nominated for aldermen are:

First ward, Henry Cole; second, M. M. Buck; third, Dudley Jones; fourth, Louis Tardiff.

For supervisors:

First, Robert Nebel; second, W. A. Miller; Supervisor W. J. Micks; fourth, James H. Murphy.

**Maple Ridge Ticket Is Named at Caucus**

The following were named for the township offices in Maple Ridge, at a recent caucus held at the town hall in Rock:

Supervisor—Albert Larson.  
Clerk—Christian Worth.  
Treasurer—Otto Larson.  
Commissioner—Frank Curran.

C. Wesley Grages, who was the auctioneer at the Wilson sale yesterday, returned last night to his home in Oconto. It was his first appearance here and his clever work made him many friends.

Mgr. Delft Theatre.

Prices—50c to \$2.00—War Tax Extra  
SEATS NOW SELLING

**Escanaba Will Send Delegate to Meet**

There is every indication that the City of Escanaba will be represented at the conference of municipalities, to be held March 28-29 in Milwaukee, where means of increasing facilities for handling package freight between the upper and lower lake points, will be discussed.

Due to war conditions, the number of freight carriers on the lakes has been greatly reduced and business is now feeling the effects of the loss of transportation lines.

It is hoped that the conference will find some means of putting at least a part of the old service back into play.

At last night's city council meeting, a communication from Mayor Hoan of Milwaukee was read and tabled until Thursday night, at which time it is

**Deliver Registered Letter to Addressee**

Washington, March 18.—Complaints of improper delivery of registered mail matter prompted the postoffice department this afternoon to instruct postmasters to "deliver to addressee only."

Mrs. Edward Tobin of Nahma is visiting friends here.

TRADE MARK KEATON'S AND POWERS

Labor Office Will Probably Close Up

The United States employment office in the Federal building will be closed Friday. This became evident yesterday when friends of the movement failed to find an organization willing to take over the work of financing the movement until congress meets and passes the urgent deficiency bill lost in the filibuster during the closing days of the last session.

W. W. Berry, superintendent, stated last night that he had completed arrangements for settling all accounts and storing the furniture at once. He has asked for a furlough and may resume the work when the government is financially able to continue it.

Labor Is Plentiful. Six soldiers and sailors were given cards to employers in this section yesterday by Mr. Berry. In this connection Mr. Berry said:

"So far as the office is concerned, employers of labor will probably not find it. Our work in the summer was finding men for jobs, but recently it has become a task of finding jobs for men. There is no great amount of unemployment here, but employers are able to get about all the men they want."

Service Men Losers. "The returning soldiers and sailors are the fellows who are going to be the losers. We have placed more than 50 per cent of the service men who have applied to us here and most of the others have been given cards to jobs they did not see fit to accept."

"The closing of this office will leave the city without any central agency to assist service men in getting jobs, without the payment of a fee. An appeal to mayors of all cities to use their influence to provide support for the maintenance of the bureau during the next three months was made yesterday by the federal director, Mark L. Crawford, at Chicago. After this time it is expected that congress will appropriate funds to put the employment service back in operation on a pre-war basis."

Galesburg, Ill., March 18.—The United States employment service in this city will be continued, it was announced today, when the landlord, electric light and telephone companies agreed to furnish free rent and service and the city council voted to pay the salaries of the staff for three months.

Germany Bought Plan of Super War Ship. London, March 18.—There is a good story in Admiralty circles about a wonderful British "hypersuper-dreadnought." Some nice tame spies in this country were allowed to get hold of all the intricate plans of this wonderful vessel. The plans were sold to Germany for a trifling few hundreds of pounds. Not only were the plans sold, but the Germans were sold too. First of all, the attempt to build such a ship would have exhausted the brains and labor of many Germans. Then it would have taken many months to build. Then it would have turned over and sunk.

Mrs. Byrne Injured in Fall Downstairs

Mrs. Tom Byrne, 321 North Norris street, was seriously injured Sunday morning when she fainted and fell down a flight of stairs, striking a heavy rocking chair. Her condition yesterday was but slightly improved. Unless she has been injured internally it is believed that she will recover.

DRUNK PAYS A FINE.

Victor Johnson was picked up by the police Tuesday and charged with being drunk. It cost him a fine of \$10 and costs amounting to \$6.25 when he was brought before Police Judge C. D. McEwen.

PUBLIC DOMAIN COMMISSION.

Lansing, March 8, 1919. NOTICE IS HEREBY GIVEN. That the land described below, situate in Delta county, heretofore withdrawn from sale, will be restored to market by offering the same for sale at a Public Auction to be held at the office of the Public Domain Commission (formerly the State Land Office) in the City of Lansing, on Wednesday, the 16th day of April, A. D. 1919, at ten o'clock in the forenoon, at which time it will become subject to purchase in the manner prescribed by law.

In the sale of these lands all rights in any mineral, coal, oil or gas lying on, within or under the same will be reserved to the State of Michigan, and the right of ingress and egress over and across the same, if lying along any water course or stream, will be reserved to the People of the State of Michigan as required by statute.

PUBLIC DOMAIN COMMISSION, George L. Luak, Secretary.

With Service Men

Oscar Johnson Goes Down on French Sub

How he went on board a French submarine is told by Oscar Johnson, corporal in the aero service overseas, in a letter to his father, Hans Johnson, Ford River. His letter in part follows:

Dear Father: Our camp is right on the bank of the Roire river and the docks are just three blocks below us. The other day there was a French submarine landed there. I was down on board her. She was about 125 feet long with two 12 inch torpedo tubes and two 105 mm. disappearing cannons. It was only a small sub for harbor defense, but she sure was full of machinery.

Boat All Machinery. Her crew of 2 men lived in a small room down through the center. The room was about 50 feet long, 4 feet wide at the bottom and two feet wide at the top, and 5 feet high, except where the conning tower was. She was machinery from end to end. Air compressed depth gauges, compasses, electric motors and two 6 cylinder Diesel motors. The submarine is sure a wonderful invention and I would give a lot to be mechanic enough to understand it all.

One day while I was down at Charlons, it was during the big drive, some English girls (ambulance drivers) brought in some wounded French soldiers. I helped to carry them in at the hospital. They had been wounded by artillery fire and their wounds were not bandaged, only such as they got on the field, their own wrappings used mostly. They were full of mud, blood, dirt and lice and it was a gruesome sight.

Many Lives Lost. Yet those that could since were cheerful, and when we would pick them up on their stretchers they would say "American Bon Comrad." They were all excited over the way the Americans went through the lines and for recklessness with which they regarded their own lives.

One Michigan regiment of infantry went in with 4600 men and after 5 hours fighting came out with 84 men. I could name other regiments with heavy losses and it is almost impossible to realize the sacrifice made in that drive.

Love from your son, OSCAR.

Ensign "Bob" Cleary Is on Big Transport

Ensign Robert Cleary, Menominee young man who was a salesman with headquarters in this city when he enlisted in the navy, is now on the U. S. transport Charles which is carrying troops between England and France. He recently returned after a trip thru the Mediterranean region on one of the U. S. destroyers and was transferred to the transport.

Word from him is to the effect that he expects to remain in the U. S. naval service and does not expect to be home for some time. His brother, Walter Cleary, is in France. He went over with the Eighty-fifth and was transferred to the quartermaster department and

Phil Bruce Returns For a Brief Visit

Phil Bruce, former Delta county motor cop, arrived in the city yesterday from Detroit, for a visit with relatives. Unless his leave is extended by the officers at the General Military hospital in the auto city, he will be forced to return tonight. Bruce, who left here last May, went

Overseas Six Months Without Active Duty

Overseas six months without seeing active service was the disappointment of Albert Christensen, son of Mr. and Mrs. Christ Christensen of 921 Delta avenue, who has returned after being honorably discharged. Christensen landed on March 7 and was sent to Camp Devens, near Boston, later going to Camp Custer where he was given his discharge.

Capt. Craddock Is Promoted to Major

A cablegram was received yesterday announcing the promotion of Capt. French Craddock, U. S. Medical corps, to the rank of major. Major Craddock is attached to the Third division and is now stationed at Andernach, Germany, with the army of occupation. Maj. Craddock entered the army at the outbreak of the war and served throughout the conflict. Mrs. Craddock and son have been visiting at the home of the former's parents, Mr. and Mrs. J. H. Walker, at Wells.

Mrs. Falk Receives Cross Given Captain

Mrs. Oscar Falk, widow of Capt. Oscar Falk of Menominee, Monday afternoon received the Croix de Guerre which was awarded to the deceased soldier by the French government for distinguished service under fire. With it came the original orders bestowing the award. Mrs. Falk also received a letter from the Red Cross giving details of the captain's burial stating that his grave is located at Breste, near Chateau Thierry. He was buried with full military honors, and his grave is marked No. 1, which would indicate that his is the first grave to be made there.

John Nicholson to Open Repair Shop

John Nicholson of the Delta Hardware has completed plans to open a tin and repairing shop in the Odd Fellows building on Charlotte street. Mr. Nicholson is an experienced tin worker. He has worked at his trade since he was 12 years old and has been with the Delta Hardware company for the last eleven years. His shop will be opened April 1.

CUSTER COOK IS HOME.

Philip LeQuia, for eight months a cook at Camp Custer, returned to his home here Saturday night. He has been discharged from service.

MANISTEE—Two homes were burned here Friday morning.

They belonged to William Friant and J. E. Secor. Defective chimney was the cause in each case. The loss on each house was about \$5,000.

may be over there for some time. The two brothers have been trying to arrange a meeting for some time.

What Makes Men of Blood and Iron? Men of Stamina, Force and Success—Men Who Lead The Way

Physician Explains Secret of Strong Nerves, Keen Active Brains and Great Physical Energy—says Nuxated Iron Helps Put Strength and Energy into the Veins of Men

It is the men of blood and iron—on a par with the war-hardened fellows returning from camp and field—who will forge ahead in the business and political life of the country today. Living in the open, eating coarse foods and leading regular lives have made blood rich in iron for these strong, healthy, vigorous specimens of manhood. But no such opportunity for building up their health is open to thousands of men and women in civil life whose wearing tasks and iron-impooverished food sap their energy and make them weak, anemic and run-down and often cause their blood to literally starve for want of iron.

In commenting upon the probability of building up a stronger race of people by increasing the supply of iron in their blood, Dr. George H. Baker, formerly Physician and Surgeon, Monmouth Memorial Hospital of New Jersey, says: "Iron is absolutely necessary to change food into living tissue, muscle and brain. Without iron there can be no strong, red-blooded men or healthy, rosy-cheeked women, and unless this strengthening iron is obtained from the foods we eat, it must be supplied in some form that is easily absorbed and assimilated. Refined foods and modern methods of cooking have robbed us of much of the iron which Nature intended we should receive. For supplying this deficiency and increasing the red blood corpuscles, I know of nothing more effective than certain iron—Nuxated Iron. From a careful examination of the formula and my own tests of Nuxated Iron, I feel convinced that it is a preparation which any physician can use himself or prescribe for his patients with the greatest confidence of obtaining exactly the desired result."

Will War Help Make New Race of Super-men With Strength and Endurance Like Athletes of Old?

overseas with the 85th Division. He was transferred in France to the 7th Infantry, 3rd Division, which was used as a reserve force at St. Mihiel. Although but a short distance back of the lines for weeks, he was not actively engaged.

About four months ago, Bruce was sent to an overseas hospital and he has been under a physician's care since that time. He arrived in the United States February 27 and last week was granted a five day pass. This is his first trip back to home town since he entered the service.

Bruce tells of seeing Elmer Swanson, former city motor cop, in France. They were on moving trains, going in opposite directions, and as they passed had a chance to wave but hurried "hello."

Bruce expects to receive his discharge from the service about the first of April.

CUSTER COOK IS HOME. Philip LeQuia, for eight months a cook at Camp Custer, returned to his home here Saturday night. He has been discharged from service.

## BOTH HONOR AND DUTY

"The women of this city, having shown themselves  
entitled to the ballot through their able and tireless ef-  
forts during the recent stressful period, are congratulated  
upon having by appropriate legislation and vote of  
the people obtained equal suffrage and are hereby wel-  
comed into the political life of our community."—Tax  
payer's Party Platform.

The women of Escanaba, as a political force, are  
an untold factor, but that their strength, as in other af-  
fairs, will be thrown to the cause of right in the direction  
of Escanaba's affairs, is recognized by the Tax Payer's  
party. Women voters of Escanaba at the election of  
April 7 will for the first time in history have a voice in  
the selection of the city's officials and thereby direct the  
policies of civic government. It is both an honor and a  
duty that comes to the women of this city at this election.  
The honor of holding the sacred right of franchise is  
without limit, but the right of franchise also carries with  
it the solemn duty to exercise that right in a just cause.

The cause of the Tax Payer's party in this campaign  
is a just one, because it involves the rights and interests  
of all of the taxpayers from the smallest to the largest.  
The sole purpose of the taxpayers' party is to substitute  
business methods for political methods in the conduct  
of the business affairs of this city to the ends that the  
funds of the people shall not be wasted but shall be con-  
served.

The Tax Payer's party proposes to establish the  
foundation for the development of a vigorous civic spirit,  
from which may spring a greater Escanaba.

Women voters of Escanaba cannot but be impress-  
ed with the advisability and the necessity for economy  
in the conduct of the affairs of the city. The patriotism  
of the woman of Escanaba has been put to the acid test  
in recent months and found 100 per cent perfect. Their  
devotion to their home city is in measure with the stand-  
ard of their patriotism, already proven. Escanaba's loyal  
women have always marched under the standard of  
Progress. They will not be found wanting in the move-  
ment to make Escanaba the metropolis of Cloverland in  
fact, as well as in name.

## MEN WHO WOULDN'T FIGHT

Over 50,000 aliens in the country who had taken out  
their first papers in naturalization previous to the war  
and who renounced these intentions in order to escape  
liability for the draft are now declared to have forfeited  
their rights to citizenship under the law enacted last  
July. Names are being checked up as between the draft  
boards and the naturalization courts and proceedings in  
cancellation are to be commenced on every name. The  
alien who showed a yellow streak when the country  
needed his services need never apply for American citi-  
zenship. He is not made of the right stuff.

The course inaugurated by the government is a prop-  
er one. The alien slacker who would not fight either for  
this country or for his own—and the great majority of  
these slackers owed allegiance to flags that were in the  
fight—has no claim on the United States. If he would  
not recognize and acknowledge the government in the  
time of its greatest need, the obligations of citizenship  
would mean nothing to him. American citizenship is  
not a meaningless thing, to be had for the asking, with-  
out question of qualification, and proved unworthiness  
should not be ignored. At some later day the nation may  
consider whether it ought to support and educate and  
protect indefinitely, aliens who will not become citizens  
or who are not deemed worthy of citizenship.

## NO CENSORSHIP NECESSARY.

A measure has passed the senate of the Michigan  
legislature providing for the establishment of a board of  
motion picture and lantern slide censors to consist of  
three men each, to receive \$1,800 a year. The board is  
to be authorized to examine every film and pass only such  
as are not immoral or obscene.

There is no necessity for this bill to become a law.  
A simple measure stating clearly that the display of im-  
moral and obscene films or lantern slides is forbidden,  
and providing a penalty for infraction of the statute,  
would be enough to accomplish everything that could be  
desired. With nothing more than a general prohibition  
and penalties for its violation, we have done very well in  
regard to the publication and circulation of the immoral  
and obscene in literature and art. No board of censors  
has been necessary to put a stop to presses that were  
printing what was offensive or contrary to the public's  
ideas of what was proper.

The passage of this bill would increase needlessly  
the army of officeholders, and would place practically  
unlimited power in the hands of a small group of men  
who not infrequently might have their hands out. There  
is not the least occasion for motion picture censorship.  
The concerns that are catering to the public realize that  
their greatest asset is cleanliness. Their patronage is  
among women and children and the prestige of  
the concern's trademark is greater than the infrequent  
imagines. Selfish aims of prosperity are enough  
to induce the makers of pictures, and the same senti-  
ment will make the local theatre management exercise a  
cautiousness far in excess of that possible with state  
censorship. The house manager is concerned with hold-  
ing the house.

moral or obscene picture would do his theatre irrepara-  
ble injury.

A general law with penalties for non-observance and  
faith in the public's guardianship of its own morals will  
be enough protection against vicious motion pictures and  
lantern slides.

## SHAKESPEARE AGAIN.

The war's over; that's been suspected by many for  
some time, but the real proof is just at hand. Prove it?  
Yes, indeed; it's proved by the fact that the old war has  
broken out all afresh.

What war? Why, war over who wrote Shakespeare.  
For years and years Detroit was a storm center, with  
Dr. Orville Owen leading the Baconian cohorts. Some  
years later the good doctor led an expedition to England  
to seek conclusive evidence beneath the River Wye.

About that time an Englishman of letters, James  
Greenstreet, launched the proposition that it was neither  
Shakespeare nor Bacon who wrote Shakespeare, but  
William Stanley, sixth earl of Derby.

The world war interrupted the controversy, but the  
signatures were hardly dry on the armistice when a  
French savant revived the Shakespeare business—what's  
a belligerent name anyhow—and reiterated the Green-  
street theory that William Shakespeare was nothing but  
an actor and that William Stanley was the playwright.

Back from England, fired by Sidney Lee, has gone a  
literary projectile aimed squarely at the ink bottle of the  
Parisian Stanleyite.

Let's call a peace congress on all this Shakespeare  
controversy. Let's draw up a league of nations, allowing  
to each signatory power the right of self-determination  
whether it was Shakespeare or Bacon or Stanley or  
Augustus Thomas or Maeterlinck or Bernard Shaw who  
wrote Shakespeare, and let's provide for the creation of  
an international grenadier guard, with calcium lights  
and pole axes for the discovery and the mandatory main-  
ing of anybody who seeks to interfere with the individ-  
ual's inalienable right to revel in the antics of Sir John  
Falstaff.—Detroit Free Press.

Some day the world will find out that gun powder is  
of about as much use in civilizing the people as kerosene  
is in putting out a fire.

Dr. Chadsey now gets a salary as big as that paid  
by Cobb and the former couldn't make a base hit if he  
tried.

## THE PIFFLE HOOK

By SLIM PICKENS.

THE SHADE of Rip Van Winkle,

Awakening at dawn,  
Rolled over for another nap,  
And muttered with a yawn:  
"These modern doctors make me weep,  
If they'd my life review,  
They'll find that sleeping sickness  
Lacks a lot of being new."

"If glass stoppers stick, try greasing them," says  
"Home Helps." Glass stoppers? Glass stoppers in what?

"Germany will not pay a cent of indemnification for  
anything that happened in the war after December, 1916  
when her peace offer was rejected," the legend Erzberg-  
er is said to have warned. No one seems to be worried,  
with the bill in Foch's hands for collection. The world  
has learned that a dog is not responsible for his growl-  
ings while he is frothing at the mouth.

## Look in Our Overcoat Pocket.

DEAR SLIM:—A Chicago cartoonist draws a pic-  
ture of Ireland sitting outside the peace conference, play-  
ing an Egyptian harp. Have you a brick handy? PADDY.

Marbles.  
Golf Clubs.  
That tired feeling.  
Kids on roller skates.  
A man carrying a rug beater.  
A dog with a can tied to his tail.  
A show window filled with straw hat cleaner.  
A boy in a store asking for baseball paraphernalia.  
Bareheaded women with their arms wrapped in  
their aprons, conversing over the back yard fence.  
A school girl swinging her hat by the elastic band  
that should have been fastened under her dimpled chin.  
SPRING!

## A FAIR QUESTION

DEAR SLIM:—The United States government has  
a bureau to care for its wild animals; a bureau to look  
after its domestic beasts; a fisheries bureau; a seal com-  
mission and a few little things like that. But when it  
comes to an employment bureau to assist its jobless sol-  
diers—what is a jobless gob or doughboy compared with  
the publicity a senator can get from a dramatically  
staged filibuster? A SOLDIER-READER.

A national organization of women is planning a  
board of censors for movies in every city. Great heavens,  
hasn't the country had enough of censorship? What Am-  
erica needs now is less censorship and more sense. There  
are too many strings on business of all kinds and that  
includes the movie business. Let's not have another at-  
tack of Creelitis.

We wonder how many opponents—and advocates—  
of the League of Nations have read, carefully, the pro-  
posed constitution.

## All Outa Patience.

I'm weary of this slop and mud,  
And slush—I hate the peak,  
Of weariness when I found out  
That my new rubbers leak.

"A respectable woman wants washing," announces  
a want ad. You may write your own comment.

## GEE ROOSALEM!

DEAR SLIM: A perusal of the public prints gives  
me the interesting information that Miss Jennie Gee has  
been nominated for an office in Iron Mountain. If she  
wins, we suppose it will be "Oh, Gee!" or "Gee Whis!"  
but if she loses we can hear some vulgar person repeat-  
ing for the benefit of her neighborly ears: "Gee, Haw,  
Haw!" W. C. J.

Dr. Carlson advises us to boil our drinking water.

## CLOVERLAND and WISCONSIN

MARQUETTE—Plans were an-  
nounced Saturday by the Railway  
Employees Co-operative association  
for the opening of a grocery store  
and meat market in the building for-  
merly occupied by Dutmer Bros., on  
Front street opposite the South  
Shore station.

C. A. Siegel, who is to be manager  
of the enterprise, said that the store-  
rooms will be extensively remodeled  
and redecorated, and will probably  
be ready for opening in the next thirty  
days. It will be partitioned off into  
two sections, the north section be-  
ing for groceries and the south for  
meats.

The store will be conducted strictly  
on a cash basis and will be operat-  
ed along the lines of greatest econ-  
omy consistent with first class goods  
and service, Mr. Siegel said.

## Wisconsin Farmers Given State Honors.

MADISON—Two Wisconsin men  
have just been cited for distinguish-  
ed service in farming. L. E. Scott of  
Stanley and J. O. Parrish of Ply-  
mouth, farmers who have devoted  
years to the betterment of agricul-  
ture, were given honorary recogni-  
tion at the University of Wisconsin.

Every year the University grants  
recognition to two or three men or  
women who have devoted their lives  
to the betterment of farm life. This  
custom of honoring the farmer origi-  
nated in Wisconsin and is now fol-  
lowed by several states. For the last  
nine years, public recognition has  
been granted by the University to  
men and women who have been com-  
munity leaders in rural development.

## Attempt Made to Extend Dixie Highway.

HOUGHTON—At the instance of  
the Upper Peninsula Development bu-  
reau the Keweenaw Historical society  
has pledged itself to work for the  
selection of Copper Harbor, Kewe-  
enaw county, as the northern termi-  
nus of the Dixie highway. It is an  
object not considered difficult of at-  
tainment by persons familiar with  
road conditions in the upper penin-  
sula.

The Dixie highway, in a general  
way, is a continuous series of well  
improved roads running from the  
Gulf of Mexico to Lake Superior. The  
Soo has been selected as the north-  
ern terminus but the development bu-  
reau considers that Copper Harbor,  
still farther north, should be so  
named by the highway association  
having the matter in charge. The  
decision would divert nothing from  
the Soo, it simply would mean an ad-  
ditional road, or rather two branch-  
es of the national road.

## Stephenson Estate Pays A Large Tax.

MARINETTE—Advance payment  
of \$153,335.70 as state inheritance  
tax was made at the office of the  
county treasurer by the trustees of  
the estate of the late U. S. Senator  
Isaac Stephenson. The payment is  
the largest ever made in this county  
and one of the large ones of the state.  
The tax included that of the Steph-  
enson trust as well as the estate.

Should it develop further that the  
amount paid which has been approx-  
imated is too high a refund will be  
made by the state.

Attorney Black of Milwaukee, one  
of the attorneys for the estate was in  
the city. The tax which has been  
paid is only that of the state and does  
not include the large federal in-  
come.

## Claims Youngster Is World's Champion.

HOUGHTON—Manager McNama-  
ra of the Amphidrome says that next  
winter he is going to offer a chal-  
lenge to the boy skaters of the world  
on behalf of "Wiggy" Bowden, 12  
years old, of Houghton. He says this  
youngster is the most remarkable  
speed skater of his age that he ever  
saw.

Mr. McNamara's faith in the boy's  
ability is not based on performance in  
actual races because he has never had  
a race, but on seeing him skate in  
the Amphidrome. The veteran man-  
ager says the boy is simply a speed  
marvel. He is not indulging in any-  
thing but the most serious opinion of  
the boy's work and next year will  
start him early in the season to de-  
velop him. Any boy of his age in the  
world will be taken on.

## CLOSEUPS and FADEOUTS

by Imogene

The antics of a standard burlesque  
troupe provide an interesting scene  
in Madge Kennedy's picture, "A Per-  
fect Lady," which will show here this  
week.

Thomas Jefferson, a son of the late  
Joseph Jefferson of Rip Van Winkle  
fame, plays the role of T. W. Blades,  
"the tightwad" in "The Spender," star-  
ring Bert Lyell.

"Alias Mary Brown," a story of the  
underworld, has two stars, Pauline  
Starke and Casson Ferguson. Casson  
Ferguson looks a good deal like  
Harrison Ford, Constance Talmadge's  
leading man. Both played together  
with Vivian Martin in "Unclaimed  
Goods."

"The Price of Applause," starring  
Jack Livingston, is the story of a man  
with an unconquerable desire for  
praise.

## Tom Moore is Here.

Tom Moore's leading woman in  
"Thirty a Week," here this week, is  
Tallulah Bankhead, an Alabama so-  
ciety girl, daughter of Representative  
Bankhead. She is a newcomer in mo-  
vies, but she is making good.

## AT THE STRAND.

"Thirty a Week," Tom Moore's sec-  
ond Goldwyn starring vehicle, which  
comes to the Strand theatre, begin-  
ning today, is undoubtedly the great-  
est production in which the handsome,  
popular young star has ever been seen.  
The role of Dan Murray, the chauffeur  
offers the Goldwyn star every oppor-  
tunity to give freely of his admirable  
art, appreciation of which is found in  
the hundreds of requests Goldwyn re-  
ceived to make the talented player  
a star in his own right.

Dan elopes with the employer's  
daughter, Barbara Wright.

## Opposes Censorship.

Everett Dean Martin has been elec-  
ted chairman of the National Board of  
Review of Motion Pictures, an orga-  
nization working with producers and  
exhibitors and opposed to coercive  
censorship. Mr. Martin says, "There  
is no greater menace to the manhood  
and womanhood of this land than  
the growing tendency to treat every-  
one as if he were either a moral per-  
vert or a kindergarten child. Surely,  
people must be trusted to have an  
hour of amusement after their work,  
free from the meddlesome interference  
of bureaus, censors and official regu-  
lators."

## ADVANCE SALE OF TICKETS STRONG; IS GOOD COMEDY

The farce comedy—"Parlor, Bed-  
room and Bath"—which has the per-  
sonal guarantee of Manager L. J. Ja-  
cobs, will play to a large house to-  
night at the Delft theatre, the advance  
sale of tickets indicates.

Do women prefer Don Juan to Sir  
Galahad? Do they prefer the man  
with the rosy past to the man with  
the rosy future. No matter which  
side of the controversy you take you  
will find delight in this play, people  
who have seen it in Chicago declare.

This play is said to contain one of  
the most ingenious plots ever em-  
bodied in a comedy, and one that  
afford unlimited opportunities for  
broad and rollicking fun both in  
dialogue and situation. As much  
of the plot as has been revealed con-  
cerns the romantic escapades of a  
mild and shy young husband who  
seeks to live up to his wife's opinion  
of him as a gay, Lothario.

## LONG-LASTING

## When Your Little Child

cries at night, tosses rest-  
lessly and mutters in its  
sleep, is constipated, fretful  
and feverish, or has symptoms  
of worms, you feel worried  
and have your night's rest  
disturbed by the little one's  
cries, or perhaps because of  
your own anxiety.

Many thousands of mothers  
rely at such times upon a tried  
and trusted remedy always kept  
in the house.

## Mother Gray's Sweet Powders for Children,

Used by mothers for 30 years. These  
powders cleanse the stomach, act on  
the liver and give healthful sleep by  
regulating the child's system. Easy  
to give and pleasant  
for the child to take.

Happy mothers in  
every community are  
using them with splen-  
did results.  
Mother, if your child  
has the symptoms here  
described, you should  
try these powders.  
Your druggist has  
Trade Mark  
Don't accept  
any substitute  
them.

Be sure you ask for,  
and obtain,  
Mother Gray's Sweet Powders  
FOR CHILDREN.

## MONEY AT 5 1/2% INTEREST

"The Federal Farm Loan Bank  
will loan money at 5 1/2% interest  
to any actual farmer, to pay off  
debts; to buy stock, tools or fer-  
tilizers; to build necessary build-  
ings; or to clear land, and some  
other purposes.

Don't try to farm without equip-  
ment.

Write or call any Wednesday  
or Saturday on

NOTICE

Place your order now if you want a monument or marker erected for Decoration day. Open evenings.

Escanaba Granite Works 1602 Ludington Street

Gunn First Goes U. P. Tournament

Gunn high school will be Escanaba high first opponent in the upper peninsula basketball tournament to be held Friday and Saturday on the Marquette Normal gym floor. Between the Gunnberg quintet and the Cleveland pennant are games with Ishpeming and Houghton, as nearly as the hope can be hashed up at the present time.

Ishpeming has a remarkable record this year, losing but one game and that Escanaba. Houghton has trimmed every contender in its section. With a brand of luck, the locals should at last be in the running.

Geh Sonnenberg is driving the lead over the polishing route this week taking off the rough spots that were evidenced in the Negaunee contest Friday night and strengthening the weak spots. Christie, who has been out of it because of a case of biliousness in an arm, will be able to play at least a part of the tournament games.

With a weak beginning and a second play that has been more or less erratic, the coach seems to have succeeded in settling the lads down to a smoothly running, hoop-hitting machine.

Games in the Escanaba camp for success at the tournament are higher than at any time during the year.

Delta Takes Fifth in War Stamp Sales

Delta county took fifth place in War Savings Stamp sales in the upper peninsula during the month of February, a statement from A. R. Rogers, chairman of the Ninth district committee, to County Chairman George F. McEwen shows. Delta's sales were \$4,767.99. The upper peninsula total was \$49,889.14.

Table with 2 columns: Item, Amount. Total \$49,889.14

Try This for Sour Stomach. Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one Chamberlain's Tablets before going to bed.

Photos Show Inside of Aviators' Work

Miss Myrtle Plucker of the Mead Drug Co., has received from overseas a most interesting collection of photographs taken on allied aviation fields in France.

A group of allied aviators standing about the wreck of a German plane from which a dead Hun had just been extricated; a French plane in flames and posed photos of several distinguished pilot flyers are among them. Another is an interesting birdseye view of the city of Verdun, taken during the fighting in the vicinity of that famous city.

MOTHERS

Should see that the whole family take at least 3 or 4 doses of a thorough, purifying, system cleaning medicine this spring. The family will be healthier, happier, and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs driven away. Hollister's Rocky Mountain Tea is one of the very best and surest Spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. West End Drug Store.

NORTH STAR MEMBERS NOTICE!

A special meeting of North Star Lodge will be held at the North Star hall tonight to act on applications for membership. Signed: AXEL ANDERSON, Secretary. 1623-78-1t.

Wesley Tennis has returned from a few days' visit at his home in Bark River.

Many Students Out for Part in Play

From an eighty per cent turnout of the High school Senior class to try out for the Senior play, "Couple of Millions," a cast has been selected and rehearsals for the play were started last night.

"Couple of Millions" is a high class entertainment and it took special efforts on the part of the class officers and the faculty advisors to secure it for a presentation. The direction will be in the hands of Miss Kathleen Walsh, who has successfully directed a large number of school entertainments.

Members of the Senior class who will take part in the play are Marian Norton, Donna McGuire, Hildur Dahlberg, Elizabeth Sparks, Ida Beyers, Frank Lawrence, William Cotton, Charles Gessner, Theodore Jensen, Cornelius Van Donk and Charles Malloch.

Bad Taste in Your Mouth.

When you have a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

CARD OF THANKS.

We wish to thank our friends and neighbors for the sympathy extended to us at the time of the death of our beloved daughter, Muriel Alice. We wish also to thank all those who sent floral offerings. Mr. and Mrs. Wilfred Peterson.

Large Advance Sale For School Annual

With 648 advance orders for copies of the high school annual, the circulation committee has decided to print 750 of the books, with all confidence that the later demands will more than make up the supply.

To Ora Faille, chairman of the circulation committee and Mary Cobb, her assistant, go the honors of taking the most orders. These girls sold nearly as many annuals as all of the other committees combined.

**Sale Record Broken.** The sale is considered remarkably successful when it is recalled that but 187 copies of the 1917 annual were sold. Last year no book was published.

The alumni has been especially generous in its support this year and the advertising patronage has been large. Then, too, the book will be sold for fifty cents instead of a dollar, to all who ordered in advance.

**Soldiers' Department.** Two features about the volume this year have helped to make the project a success. The first is the fact that it will be entirely the work of the students. The classes in printing, under the instructor, C. S. Barns, will do all of the printing work. The other feature is the department for men in the service. Every former student whose picture can be secured, will be represented in the book.

**AN INTERESTING CONTEST.** With both teams in the Knights of Pythias attendance contest well represented at the meeting Monday night, the race promises to be an interesting one. The standing at the present time is very close.

SOCIAL & PERSONAL

**Pythian Card Party.** Members of the Pythian Sisters of Justice Temple will give a card party Thursday evening, March 20, at eight o'clock in the K. P. hall. Prizes will be awarded and refreshments will be served at the close of the party. The public is cordially invited.

**Birthday Party.** Mrs. Frank Candora entertained a number of friends Monday at her home, 610 Ruth street, on the occasion of her twenty-seventh birthday anniversary. The home was prettily decorated in green, with the color scheme carried out in the centerpiece and the favors. Social diversions were enjoyed during the evening, followed by dainty refreshments. Mrs. Candora was presented with a number of pretty gifts as mementos of the affair.

**Meet for Relief Work.** The women of the Swedish Methodist church will meet this afternoon at the Red Cross headquarters to work on Belgian relief garments.

No! It is not especially cold. It is worse—it is damp. Keep the home fires burning and save a doctor's bill. We still have some of the Cloverland butt and split hardwood left. Birds Eye Veneer company.

G. W. McDermott of Marquette is spending a few days here on business. Miss Laura Duchaine and Miss Raymond of Gladstone visited friends here Tuesday.

Don't miss this opportunity to get high class goods at less than wholesale cost at North Star Clothing company's sale. 1624-78-11.

Alton J. Carutel, of Minneapolis, is visiting at the home of Mrs. Joseph Moreau, a few days before going to Washington, D. C., where he has been reinstated in the government civil service.

Tickets for basket ball game Thursday night on sale at Delft club, Scanlan's and Tilbert's. 1621-77-21.

Kenneth Voght of Northland is visiting relatives here.

Miss Rose Young of Gladstone visited friends here Tuesday.

Your little ones' reasoning powers are not yet developed sufficiently to know what heat units are. Think for them by heating 810. You will find them in Cloverland butt and split hardwood. Birds Eye Veneer company.

The big sale at the North Star Clothing company's store will continue to the end of the month. 1624-78-11.

John Grandholm and Emil Carlson of Ogontz, and J. B. Stratton, Claus Sydmark, Julius Brandt, Gunnar Anderson, Sam Bruseau and Victor Peterson of Stonington were here Tuesday.

D. H. Casper of Ishpeming is an Escanaba business visitor.

Mrs. A. Genore of Northland is visiting relatives and friends here. Frank Walters will leave tonight on a business trip to Chicago.

Miss Evelyn Anderson, who has been visiting relatives here, left Sunday for her home at Minneapolis.

Mr. and Mrs. Peter Sturgeon of Nahma are visiting friends here. They will leave Thursday for Manistique.

Donald Bell has returned from Menominee where he visited his mother, Mrs. Charles Bell.

Don't forget the social at the First Presbyterian church Friday night. 1619-77-41.

William Cook, Chicago and North Western engineer, has returned to Menominee after a week end visit at his home here.

Tremendous bargains in staple, wanted merchandise are offered at the North Star Clothing company's sale. 1624-78-11.

Miss Alice Gansworth is the guest of Marquette friends.

Mrs. N. Bonner is visiting at the McNellis home in Marquette.

Miss Rolande Brunel has taken a position with the Metropolitan store. Eric and M. Hall of Perkins are visiting friends here.

Miss Jeanette Jorgenson, who has been visiting relatives here for the last month, left Monday for her home at Chicago.

Dorothy Corey has resumed her position at the Metropolitan store after a few days' illness.

BOWLING

ESCANABA MAPE SMASHERS GO TO TOURNEY FRIDAY

At least one Escanaba team will take part in the twelfth annual peninsula bowling tournament which opens Thursday at Marquette and will continue through the following Friday. The Escanaba bowlers will leave Friday afternoon, participating in the events of that evening.

Escanaba has one of the strongest teams in the entire peninsula. It depends entirely on whether or not the men can become accustomed to the Marquette alleys sufficiently soon enough to get down to business.

Earl Taylor looms up as one of the strongest contenders for honor in singles, and he is the mainstay of the Escanaba team. The other men seem to take part also as crackcracks in the game and have topped the averages around the 20 mark for the greater part of the season. They include Joe Johnson, Joe Boyer, Hugh Bee, Fred Olmsted and Al Lenz.

Earl Taylor scored high for the period ending March 15 and won the first award for the individual scores at the Delft bowling alleys. Klier was second with a score of 247, at ten pins behind Taylor's mark of 7. The highest team score was made by Al Meier's followers—Fred Johnson, A. Carlson, E. Nelson and E. Taylor. The team mark was 940.

Former Governor of Ohio to Speak Here

Frank B. Willis, former governor of Ohio who lost in a close race against the present state executive, Governor Cox, will make an address here Thursday night, March 25, on the proposition of beer and light wines amendment. Willis is a practical man who has had similar measures in Ohio and has had much experience in dealing with opponents of prohibition. It is likely he will speak at the Swedish Lutheran church, if no other place is available.

STATE OF MICHIGAN

Twenty-fifth Judicial Circuit, in Chancery—Suit pending in Circuit Court for the County of Delta, in Chancery, at Escanaba, on the 27th day of February, A. D. 1919.

Laura Steel, Plaintiff.

vs. Guy Steel, Defendant.

In this cause it appearing that the Defendant's residence cannot be ascertained after due inquiry, and that cannot be ascertained in what state or county the Defendant resides, but that his whereabouts are unknown; therefore on motion of C. D. McEwen, attorney for Plaintiff, it is ordered that the defendant enter his appearance in said cause on or before three months from the date of this order and that within twenty days the Plaintiff cause this order to be published in the Escanaba Morning Press, said publication to be continued once in each week for six weeks in succession.

JOS. F. CUDDY, Circuit Court Commissioner Delta County.

C. D. McEWEN, Attorney for Plaintiff. Business Address: Escanaba, Michigan. 46-61er.

Mr. and Mrs. Beeson Freytag of Isabella were Escanaba callers yesterday.

Invitation YOU are invited to come to this financial institution in the same matter of fact way that you enter a store to secure merchandise or service. YOU will find a welcoming human interest in whatever matter invites attention, whether it be depositing money, planning a loan, or any other form of modern banking service. WE are here to co-operate with you. YOUR banking business will receive courteous attention. A friendly call will also be welcome. Escanaba National Bank Escanaba, Mich.

City Collections At Clerk's Office Reach High Figure

A total of \$1,568.60 was paid into the office of the city clerk for licenses and privileges during the fiscal year that comes to an end soon, according to figures compiled yesterday by City Clerk Carl E. Anderson. Of that total \$555.15 were paid for licenses.

Electrical inspectors turned in \$42.25 for permits issued for electrical wiring.

Collections for rental of bath rooms at the city bath house were a total of \$361.65.

- Licenses were issued in the following numbers: 16 jitney licenses, 23 dray licenses, 3 plumber licenses, 2 bill poster licenses, 2 herding cattle licenses, 8 paddler licenses, 1 circus license.

North Star Sale Has a Tremendous Crowd

By far the most successful sale in the history of the North Star Clothing company was that opened at that store yesterday. From the moment the store was opened at 8 o'clock yesterday morning until the close last night the store was packed with patrons. So great became the crush several times during the forenoon hours it was necessary to lock the doors. The sale is to be continued throughout this week and the remainder of the month.

Tickets for basket ball game Thursday night on sale at Delft club, Scanlan's and Tilbert's. 1621-77-21.

Six Ballots to Be Voted on April 7th

Voters here this spring will have six ballots to mark before they complete their duties in the little voting booth. It is indicated by a report of the total ballots to be voted on, which has been filed with the city clerk.

The ballots will afford a vote on the following:

- Bonding county for \$300,000 for good roads, two justices of the supreme court, two regents of the University of Michigan, one superintendent of public instruction, one member of the state board of education, two members of the state board of agriculture, amendment authorizing the state to borrow money to be used for highway purposes and to issue bonds therefor, amendment to prohibit the increase or decrease of salaries of public officers, in addition to the city tickets.

REMODELING BOXES.

Workmen are busy remodeling the packing cases into which the draft records are to be stored and lining the boxes with waterproof paper. The work of rearranging crads is still going on, but considerable progress has been made. Every effort will be made to complete the job by March 31.

For a 'Jad Cold.

Take Chamberlain's Cough Remedy. It has stood the test of time and can be depended upon.

When your feet are wet and you are chilled through, a few pieces of our Cloverland butt or split hardwood will make you feel like a jumping jack. Order now and we will deliver promptly. Birds Eye Veneer company.

Women's & Misses' Spring Apparel

Unmatchable Low Priced

THOSE Who Buy Now Secure the Best and Smartest New Styles and Also Enjoy Economies That Are Most Unusual.

A CORDIAL INVITATION extended to women readers of The Morning Press to visit our beautiful Sunlight Cloak Parlor (second floor), now the largest and best appointed display room in the peninsula—devoted to the exclusive showing of Women's and Misses' Apparel.

WE KNOW you'll like the new metropolitan arrangement—not only will you like the display room, but you'll fall in love with the classy spring garments shown.

BIGGER VARIETY of our spring garment stock is one of the many reasons why you should come here—and come before deciding to buy elsewhere.

HERE SELECTION is twice as big as in any former season. You can feel sure of finding just what is wanted—the new styles are of an exclusive kind that you'll not meet face to face on every street corner.

Our New Spring Suits, Coats, Dresses, Blouses, Skirts, etc., are chosen with an idea of personality, and we feel quite sure you'll find many especially adapted to your ideas and requirements.

YOU'LL FIND that the New Spring Garments, considering their ultra-fashion, their exceptional tailoring and their beautiful practical materials, are being offered at prices that are positively unmatchable.

When Will You Come In and Look Them Over?

Spring Hats

WHETHER your taste and income call for the most exclusive model hats; if your taste but not your purse demands Paris style, or if your needs are for the every-day hats that sacrifice nothing of beauty in becoming practical—here they all are in a variety of styles that leaves no preference unnoted.

If Kidneys Act Bad Take Salts

Says Backache is sign you have been eating too much meat.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well known authority. Meat forms uric acid which overworks the kidneys in their efforts to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve the bowels; removing all the body's urinous waste, else you have backache, sick headaches, dizziness, your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three times during the night.

Either consult a good reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize the acids in the urine so it is no longer irritating, and the body is free of uric acid.

THE BANK OF THE PEOPLE Established 1871 Nationalized 1887 To Those Holders of Second Liberty Loan 4% Bonds Who Did Not Exchange Them: The Treasury Department will now allow you to exchange your 4% Bonds for 4 1/4% Bonds, provided that the exchange shall be made either on May 15th or June 15th, 1919. You should make this exchange. Bring your 4% Bonds to us now. We will give you a receipt and attend to the matter at the proper time. This is probably the last opportunity that will be given. A charge of 15c will be made to cover actual expense. The First National Bank
