

# "FIGHT BOL SHEVSKI"—KING

## JUDSON URGES PROBE OF HIS LABOR STAND

### Tells Crowd in the Seventh Ward He Would Welcome Investigation.

"No more pernicious propaganda has ever been circulated in the city of Escanaba than the statement that I am opposed to labor. If I cannot measure up to standard in my attitude towards those who toil, I ought to be defeated. But if, on the other hand, I can show my worthiness of the suffrage of labor in a calm, unbiased investigation, I ought to be supported. I shall welcome any committee that may want to look into my record to know whether I speak the truth."

This was the challenge of T. M. Judson, candidate of the Taxpayers party for mayor of Escanaba, at a meeting last night in Unity hall.

"I am a working man myself," said Mr. Judson. "I work by the month. I do not own the plant where I labor. I get a salary just as the others who work there get salaries and I don't get all that I earn, either."

"I pledge that before the people of Escanaba go to the polls on April 7, they shall know the truth. The issue cannot be blinded and camouflaged. I will make this statement: 'If there be one among us who is a friend of the men and women of Escanaba who toil, it is myself.'

### Class Hatred Dangerous.

"Across the sea you will see the result of propaganda spread to divide man against man by holding one up as a capitalist, another as a laborer. There is no greater danger and no more pernicious doctrine could be spread, there or in the United States, in Michigan or in Escanaba. It is un-American. It is all that breeds disruption in our national life, in our city life and in our home life."

"If the question of my attitude on labor were the only issue upon which men and women of Escanaba failed to support me, and the men and women understood my attitude, I would be elected by the largest majority ever given a candidate for office in this city."

### Campaign is Unusual.

Mr. Judson characterized the present campaign as one of the most unusual ever staged in the city, for the following reasons:

For the first time in the past 12 years, one party has a platform;

For the first time in the city's history, all political barriers have been broken down;

For the first time, all of the city's newspapers are supporting one party;

For the first time, but one issue is involved.

"Our opponents do not say a word against our platform," he charged, "but they seek to divert the issue. By inference, they say they favor the old regime and you know what that means."

### Honesty Not Only Need.

"It takes more than honesty to do business."

"So far as I know and believe, all of the men now in control of the city's affairs are honest. There is no accusation of graft."

"An honest man may be inefficient. We have had men who were honest, but incompetent, inefficient and careless in charge of our city business and things have been allowed to go from bad to worse, until the city's financial condition is deplorable."

As examples, the speaker called attention to the condition of the Hartnett avenue paving and the change in the contract for this job made after the agreement with the contractors had been made.

### Gas Plant an Example.

With reference to the public utilities, Mr. Judson pointed out that while the combined electric and gas plants have shown a profit, the gas

## Reports On Egypt Borne Out, Reveal

Washington, March 26.—That the situation in Egypt is very serious as painted by Winston Churchill in parliament is borne out by detailed advices to the state department. These advices show that the British military has regained control of the country north of Cairo, but are obliged to maintain guards and patrols at all the railway stations.

All railway stations in the Minus district, it is stated, have been destroyed.

The general characteristics of the rioting and opposition to British military control are apparently of the same stripe as those which appeared at the beginning of the Bolshevik outbreak in Russia and elsewhere in Europe.

## Saginaw Cars Again Furnishing Service

Saginaw, Mich., March 26.—A compromise was reached today whereby car service, which was stopped Saturday when an increase of six cents for fare was refused, will be resumed. School children and laborers will be granted a five-cent rate; others must pay six cents.

## SOLDIERS DUE

Washington, March 26.—The cruiser Frederick from Brest is due at New York April 4, with units of the 337th Infantry, totaling 38 officers and 1,533 men, who will go to Camps Carter, Dix, Lewis, Beauregard, Pike and Sherman, it was announced today.

## POSSE TRAILING ILLINOIS SLAYER

Champaign, Ill., March 26.—Farmers in the southern part of Champaign county are aroused to-night over the murder of Edward Nossitz, aged 35, who lived two miles southeast of Pesotum.

The body of Nossitz was found concealed in oats bin at his home late this afternoon. He was slain after his wife had been bound to a chair in the house. A neighbor found Mrs. Nossitz, released her, and gave the alarm.

A posse of 50 farmers trailed and captured two farm hands who are accused of the crime. The men, who refused to give their names, were sent here last Saturday by a Chicago employment agency. They were armed with two rifles, but submitted to arrest without a fight. They were making a getaway with a team belonging to Nossitz.

## Fifty Cent Boost In Woodman Rates

Chicago, March 26.—A sharp advance of 50 per cent in dues in the present membership of the Modern Woodmen of America was announced by the head camp, after a special meeting held here today.

## WEATHER

THURSDAY, MARCH 27.

Forecast: Thursday partly cloudy. Highest yesterday, 49 degrees. Lowest yesterday, 28 degrees.

The southwestern low pressure system appeared Wednesday morning in elongated form from its principal center in the Lake region southward over the central valleys to the Gulf. It was attended by general precipitation from the Rocky mountains eastward over the Plains states, Mississippi valley, Lake region and Gulf coast. A reaction to decidedly colder weather was in progress in the north-eastern and Plains states. East of the Mississippi river it was generally somewhat warmer.

Rain or snow was indicated for this locality last night, with much colder weather. It will be cloudy today, it is forecast.

## CONFEREES NOW WAIT TO FORM GENERAL PEACE

### Leastwise Such is Belief of Watchful Waiting Element.

Paris, March 26.—The new high consistency of peace met this morning at President Wilson's private house and this afternoon in the French ministry of war, which means Premier Clemenceau's office. Premier Orlando joined the "Big Three" for a close consultation.

Immediately after the second session, the rumor was afloat that the statesmen have abandoned the plan of making immediate separate peace with Germany and substituted the project of a general peace, including Austria, Bulgaria and Turkey.

### Would Delay Delegates.

This would delay the arrival of the enemy delegates at Versailles until about May 1, but it would hasten the final conclusion of a general peace.

The change, if true, is supposed to be due to two things: the events in Hungary, which shows what dynamic lies around in Southern and Eastern Europe and that certain nationalistic currents will not wait on the peace congress, and the Italian insistence that their loaf must be cut at the same time with the others.

Though the Italians deny having threatened to quit the conference unless given Fiume, they did not deny having insisted that they must have peace with Austria at the same time as with Germany.

Premier Orlando now is included in the big pow-wow, which is taken to mean that he carried his point.

Furthermore, Rome is offering her historic advantages as capital of the league of nations. The Italian press is agitating this. Not only have the "Big Four" discontinued the communiques but it is useless to wait for smoke to learn when anything is decided.

Nevertheless, Le Temps announces that instead of considering each little group a separate piece in the great picture puzzle, the allies will try to consider the whole picture together, each power presenting a resolution which its experts consider best, hoping thereby to discover a composite picture which will reflect the best that everybody desires.

### Foch at Meeting.

This afternoon the "Big Four" had the benefits of expert military advice from Marshal Foch and a British general and though no smoke was visible anywhere around the Quai d'Orsay it is believed important conclusions were reached concerning Russia, Poland and Hungary where it is evident Bolshevism must be overcome somehow.

The big peace makers are now in the mood to tackle the hardest problem first, whereas they previously followed the practice of putting off anything "ticklish" for further meetings.

It is safe to assert that the real leaders at large are at close grip with bitterest criticisms from the French fundamental problems.

The change of methods arouses the press, which charges that the British and American newspapermen were informed first of what happened, but this evening's papers announce:

"The French government has opened an inquiry to learn the source of information which has permitted the French press to become informed of the activities of the supreme allied council."

This indicates that there have been charges of leaks on the French side likewise. It is understood the new council of four is pledged to reveal nothing, whereas doings of the council of ten are recorded officially.

## Epidemic Has Killed 25 Per Cent of Folk

St. Johns, Newfoundland, March 26.—More than 25 per cent of the native population of Labrador has succumbed to smallpox, measles and influenza, according to advices received here today.

## Murder Of Chief Is Not Confirmed

Copenhagen, March 26.—Only round-about dispatches were received here today concerning the Hungarian situation and these were vague. The report of the assassination of Count Michael Karolyi, whose resignation as president of the Hungarian republic was the signal for the country's going over to Bolshevism, is still unconfirmed tonight and conflicts with other reports to the effect he was arrested.

Colonel Vix, chairman of the French mission in Budapest, is said to have been slightly wounded when resisting arrest. All other allied officers, save an unnamed American officer, had safely left the Hungarian capital.

Czech troops are less than 60 miles from Budapest.

Hope is entertained in some quarters that the Allies' rescinding of their original rule on the Hungarian line of demarcation and consequent withdrawal of allied troops from the previously fixed line may have its effect on the situation and win back the safe and sane element to the entire cause.

## WIRE TIE UP IS TO BE CALLED?

### Strike Ballots Issued to Telegraph and Telephone Workers.

Washington, March 26.—Information reached Washington tonight that of America has issued strike ballots to all telegraph and telephone workers proposing a nation wide "tie up" effective April 22.

The employees demand recognition of their union, the re-instatement of those who were put out last year, and higher wages. They are resisting the refusal of Postmaster General Burleson to treat with the union.

The workers say they will quit work unless their grievances are adjusted in the meantime by the United States wire administration. The proposed strike would affect nearly 400,000 workers, grouped as follows: Telephone, 265,000.

Commercial telegraph, 70,000.

Railroad telegraph, 70,000.

The strike ballots, which are signed by S. J. Koenekamp, international president of the Commercial Telegraphers Union of America, after setting forth a resolution adopted by many districts demanding that a strike vote be taken, and explaining that the general committee of the union elected last October to try to adjust grievances with the wire administration had exhausted its resources. It declares that representatives of the government have not kept their word.

## MAKE CHANGES FOR ELECTION

Changes in all polling places but one will have been completed in the course of the next several days by Ernest Johnson, carpenter engaged by the city. Johnson finished practically all work at the third ward voting place, basement of the city hall, Wednesday afternoon.

In most polling places there will be double the number of booths. The third ward will have eight, where previously four were used. The same is true of the seventh ward. In the fifth ward polling places there will be twelve.

Because the old fire station is no longer available, as a voting place, the building at 508 Ludington street, formerly the Elks' cafe, will be used as the first ward polling place. The fire station is now being used as a storage place for city wagons and machinery.

## COMPROMISE IS SEEN IN HOME RULE MEASURE

### New Bill Would Give Public Service Companies Right To Arbitrate.

Lansing, Mich., March 26.—Local arbitration to effect agreements on rates for public utilities doing business within the limits of a city or village is a feature of the Young bill, introduced in the house, which its advocates believe will win it additional support. The measure was drafted as a compromise between those who are out and out for state control of all public service companies, and the stalwarts who believe that "home rule" should prevail.

### Experiences at Ann Arbor.

The Young bill is based on experiences at Ann Arbor, where the plan was successfully tried more than a year ago, according to speakers at a public hearing held on the bill.

Four of the 543 bills which have been introduced in the house of representatives this session that stand out because of their importance were acted on at today's session, one being passed. Others were advanced to third reading.

The measure which was passed by the house was the bill presented by Representative A. Ward Copley, of Detroit, which provides that cities of 25,000 or more may take the absolute title of any public utilities operating in such city.

### Two Election Bills.

Two important bills dealing with the election were advanced to third reading. Both are from Representative Warner and are a direct result of experiences gained during the last campaign in the race for United States senator. One is intended to wipe out the "I did not know" campaign such as was conducted by United States Senator Truman H. Newberry, while the other resulted from Henry Ford's racing in both the Republican and Democratic primaries.

The third important measure advanced to third reading was the De-Foe bill regulating commercial fishing. It is a compromise between the desires of the fish and game commission as reflected in the bill introduced in the senate and the wishes of the commercial fishermen.

### Urges Three-Cent Fare.

A three-cent passenger fare for railroads is provided in a bill reported out favorably in the senate by the railroad committee. Another measure reported out by the same committee would allow railroads to charge an excess fare of ten cents where passengers fail to buy a ticket before boarding a train when the company's employees have complied with the law.

The three-cent fare bill was introduced in the senate some time ago by Senator William W. Smith, and as chairman of the railroad committee he explained that unless the increased fare is granted when the property is returned to them by the government the people will probably experience the mixed freight and passenger service which he says is now partly used in the north part of the state.

### Must Be Increased.

"It is not reasonable to expect that when the government has not been able to break even with a three-cent fare the companies can get along on two cents under their own management," said Senator Smith. "The government has increased wages immensely and other operating costs have advanced, so that it means increased returns or a breakdown of the railroad organizations."

## Returned Strikers Again Quit Plant

Passaic, N. J., March 26.—Nearly 7,000 workers in local woolen mills, who returned to work yesterday after a strike lasting eight weeks, walked out again this afternoon. The strikers declare that officials of the mill discharged labor leaders and members of the workers' shop committee, contrary to the agreement by which the strike was ended.

## VETERANS

Gen. John J. Pershing shaking hands with Lieut. Meunier, a French veteran who fought in the Franco-Prussian war of 1870 and the present war. Lieut. Meunier made his home in America before the war.

(C) Underwood & Underwood.

## SENATOR URGES VOLUNTEERS TO DEFEAT LENIN

### Asserts Only Way to Check Terror Is To Do It By Force.

Washington, March 26.—Participation by the United States in a military movement against the Bolshevik movement in Europe was vocated by Senator King, of Utah, in an interview today. For this purpose he intends to ask the president to authorize the organization of a volunteer force of 500 men to fight Bolshevism in Russia, Hungary, Germany, Spain and in other countries where it has shown its head.

Senator King likened the Bolshevik movement to a fire on a western prairie, and added:

"The trouble with President Wilson and Lloyd George is that they do not know how to fight a prairie fire."

### Stamp It Out.

In the senator's opinion, the only way to stop the spread of the revolutionary movement now sweeping the nations of Europe is to "stamp it out as you would a fire; build a wall of fire around it and let it burn it out."

Senator King is convinced that outbreak in Spain during the past days is a direct part of the Russian Bolshevik movement. He fears if the trouble in the Spanish kingdom is unchecked it will engulf the republic of Portugal and constitute a menace to France, which is already threatened on the eastern border by the revolutionary element of Germany.

### "Allies Hungled It."

The senator characterized the course of this government in dealing with the Russian situation as "wallowing" and declared the Allies "bungled the whole Russian problem from the start."

Early in May of last year, he was urged upon President Wilson to send a strong force to the support of the Jugo Slavs and the Czech Slavs, who were making the only stand against the Lenin-Trotsky regime. Nothing was done in response to the appeal.

"If help had been given to those opponents of Bolshevism at that time Senator King asserted, 'the men would have been stifled.'

### "At End of Rope."

"I had information from confidential sources then that Lenin and Trotsky were at the end of their rope. It needed only the help of America and the Allies, with union and supplies to the Czech Slovaks and Jugo Slavs, to put an end to the Bolshevik movement. This was not given, and now the terror has swept like a prairie fire over Europe and no one can tell where it may end."

"If I were in authority today would go into Russia and call for volunteers to take up arms against Bolshevism wherever they are found. There would be no trouble in getting 400,000 or 500,000 men to volunteer as such a cause."

### Send Only Volunteers.

"I would be unwilling to do anything to interfere with the home movement of the troops now in Europe and would not send an army out upon such an enterprise except one that had volunteered for this specific purpose."

Senator King had a resolution, the last senate providing for a volunteer army of 500,000 to fight the Bolsheviks. He will renew this resolution as soon as congress meets. As member of the subcommittee and advisory committee investigating Bolshevism in the United States the senator has a great quantity of information which discloses the real forces behind the movement and their purposes.

The senator regards the rule of the Bolsheviks as essentially more to be dreaded than the rule of the former German or Prussian autocracy.

### DUNN IS IMPROVED.

Sam Dunn, proprietor of a news shop on Ludington street, who was shot on operation ten days ago at St. Francis Hospital, has sufficient recovered to be removed to his home at 411 North Mary street.

## BLOOD STAINS ARE LATE CLUE

### Assert Dr. Wilkins' Suit Sent to Cleaners Had Such Clots.

Mineola, N. Y., March 26.—Stains which detectives from the district attorney's office at Nassau county believe were from blood, were cleaned from the gray suit of Dr. Walter K. Wilkins, a few days after his wife had been murdered at their summer home at Long Beach, L. I. The suit he wore on the night his wife was killed, Dr. Wilkins has insisted, was dark colored.

### Took Suit to Cleaners.

Dr. Wilkins, it has been learned, took the gray suit to a valet establishment in New York City on March 3, four days after his wife was murdered. The manager of the shop noticed the stains, which he is now disposed to believe were blood stains, and suggested that the suit be sent to a cleaning establishment.

Dr. Wilkins agreed to this and three men who handled the suit, a presser, an examiner and a cleaner, have been listed as prospective witnesses at the physician's trial. The three men say they saw the stains on the garment, one of which was in the right hand pocket of the trousers.

### Cooking in Rooms.

Dr. Wilkins declared to his attorney today that he had ordered Audrey Munson, an artist's model, and her mother, to move from his house on 65th street, New York, because they were cooking in their rooms, which was against the rules.

The physician said he had not advised Miss Munson to refrain from getting married because she would "lose her symmetrical figure," Dr. Wilkins emphatically denied this report.

## CHICAGO'S BREAD LINE IS GROWING

Chicago, March 26.—The number of unemployed that daily line up at the city hall demanding work was increased today to 2,900.

Most of them were negroes discharged from industrial plants because of soldiers returning to their jobs. A few soldiers and sailors were in line. Jobs on city work were found for about 600, of this number 175 being soldiers and sailors.

The street department has asked the finance department of the city to release \$1,000,000 for street improvements to furnish jobs for unemployed.

AMERICAN CLAIMS TO BE SETTLED?

Washington, March 26.—Steps to be taken in the next congress to settle an international claims commission to settle claims of American citizens for loss of life and property in the hands of Mexican bandits...

Big Wheat Supply On Hand, Report Shows

Washington, March 26.—Commercial stocks of wheat reported in a survey made by the department of agriculture for March 1, 1919, amounted to 197,754 bushels...

MANISTIQUE BOY LANDS

The list of soldiers who returned on the Manchuria, which docked at New York Monday, contains the name of Van L. Remell of Manistique.

WILL GIVE SUPPER

The Ladies' Aid of the First Baptist church will give a supper at the home of Mrs. John Sourwine, 213 First street, Thursday evening from 5 to 8 o'clock.

With Service Men

Lieut. Hatton Writes Enroute to Trieste

Lieut. W. J. Hatton, Jr., writes to his parents, Mr. and Mrs. W. J. Hatton, 87, of this city, telling of his experience going to Trieste. His letter follows:

"Dear Father and Mother: Well, we will be at the end of our trip in about two days. We are due to arrive some time Thursday at Trieste.

"This port is the one that the Italians were fighting so hard to regain during the war. It was taken away from them some time ago by the Austrians. Since the signing of the armistice it has been under Italian control. It is a city of about 300,000. That is what the city is about tells us.

"We have had a very nice trip and I have enjoyed it very much. We had a little rough weather, but it was not bad. Not rough enough to make any one sick.

"On our way to Trieste we passed through the Masseni straits and saw Stromboli, that active volcano, and Mount Aetna which was all white with snow. We passed right by the city of Masseni which was destroyed by earthquake a couple of years ago. Yesterday we stopped at a place called Gillipi and took on an Italian naval officer who is acting as pilot for us.

"Venice is only about a six hour run from where we are going and I am going to try to get over there before we start back. I was in hopes that we would stop and pick up in France before we came back to the states, but I don't think that there is much chance of that now.

"Hoping this finds you both in good health, I remain, "Your loving son, "WILL."

(Hatton enclosed some Spanish and Italian money in the letter.)

Stanley Hartadu In Overseas Hospital

Word received from Stanley Hartadu by his parents, Mr. and Mrs. A. R. Hartadu, announces that he has been in hospital overseas but is now on the way to recovery. It was the first word received from him in four or five months.

LATE ARRIVALS FROM OVERSEAS

The following upper peninsula men are listed as late arrivals in New York from overseas duty with the American army:

- Major Henry T. Sethney, Menominee. Elias J. Garrett, Manistique. Carl J. Tapko, Calumet. Domine Leonatti, Calumet. Charles J. Grapes, Calumet. Elmer Olson, Manistique. Norman J. Treglowne, Dollar Bay. August Anderson, Ishpeming. Ethel E. Ahola, Republic. John G. Ulmich, Ironwood. William Corvian, Powers.

Ernest Ballard Is Back From Russia

Ernest Ballard, who has been with the Expeditionary Forces in East Russia, has landed in New York and will remain in a hospital in this country for treatment for a time, according to word received by his parents, Mr. and Mrs. Edward Ballard yesterday.

Ballard was wounded on Nov. 23. He hopes to be sufficiently recovered to return home soon.

Coast Artilleryman Visits Friends Here

Erick G. Pierson of Ford River, who was in France for four months with the Coast Artillery, is visiting with relatives and friends here. He was mustered out of the service at Camp Custer a few days ago.

BIG MEN COMING HERE APRIL 16th

Charles P. Craig of Duluth, Minn., will speak on the deep waterways project at the annual meeting of the Upper Peninsula Development Association to be held at the city hall in Escanaba on April 16. Mr. Craig has been prominently identified with associations interested in pushing the deep waterways project.

George L. Lusk, secretary of the public domain commission of immigration, will also be heard, it was announced by the secretary of the bureau.

Other addresses will be made by Lee G. Harmon, president of the bureau, and Charles P. Ross, assistant high commissioner of the Chicago Herald and Examiner. He will discuss "The Value of the Foreign Business to Cleveland."

AMENDMENT LEAGUE IS MORE FAVORED

Washington, March 26.—Administration senators declared today that the amendments to the league of nations constitution which have been proposed at Paris will wipe out all objections on the part of senators and bring about prompt ratification of the covenant by the senate.

They made this assertion after analyzing the cable reports from the Paris conference, indicating the nature of the amendments proposed by President Wilson. These amendments, in the view of the president's supporters, will meet the fundamental objections which Republicans have advised against the league's constitution.

At the same time, it is asserted, the changes made in the document will win over the doubting Democrats whose support of the covenant has been withheld by reason of their fear that it might not protect sufficiently the Monroe doctrine.

Independents Lose Battle to Niagara

In what was a virtual contest from start to finish, the Niagara city basket ball team defeated the Escanaba Independents Tuesday night at Niagara. The final score was 26 to 23. It is likely a return game will be played here in the near future.

Managers of the Escanaba team played for Escanaba. Sonnenberg and O'Brien caused the majority of baskets for the Independents.

Commissioner Picked To Settle Trouble

Washington, March 26.—Commissioner J. J. Garrett was assigned this afternoon by the department of labor to act as mediator in the controversy between employees and the Max Rubber and Racine Auto Tire companies, both of which are in the hands of men who join the union are discharged.

Villistas Destroy Big Railway Bridge

El Paso, Tex., March 26.—Villistas, under command of Chief Montoya, who are dominating the southwest Parral states in the Chihuahua district, destroyed a large railway bridge of the Durango railway, owned by Americans, Monday night, according to word reaching here today.

Schooners Collide; Abandoned at Sea

London, March 26.—The American schooners Kiptop and Wainwale were abandoned in sinking condition after a collision in Kaul channel, according to Lloyd's advices from Honolulu today.

TOO LATE TO CLASSIFY

WANTED TO SELL.—My land at Beaver, Mich., 240 acres, with considerable city property. Also a large interest in a large bed of marl which has been analyzed with good results. Write Aug. Detloff, 1406 Ludington street, Escanaba, Mich. 1683-82-21.

FOUND—A mackinaw, owner can have property by proving same and paying for this ad. Inquire Box 82 A. R. F. D. No. 1, 1640-86-31.

OBITUARY.

Edward Farnell. Funeral services for Elcido Ryan who died Monday in an Escanaba hospital were held in St. Anne's church at 8 o'clock yesterday morning. Interment took place in St. Anne's cemetery.

Mrs. John Berg. Word was received in the city yesterday of the death at Marquette of Mrs. John Berg of that city. Mrs. O. E. Youngquist will go to Marquette today to attend the funeral.

Bellevue Funeral. Funeral services for Charles Bellstrom were held yesterday afternoon at the city chapel, Rev. Lund of the Swedish Lutheran church officiating. Burial was in the city cemetery.

Funeral services for out of town were held yesterday at St. Ann's, Oreg. W. W. Whitver, of Gwinn, Mich.; Mrs. H. Passenrath and daughter, of Escanaba; Daniel Oberg and August Olson, of Rapid River; Peter and William Bellstrom, of Neeganee, and John Sjodin, of Galesburg, Ill.

Break in Circuit; North Esky is Dark

A break in the No. 3 circuit, supplying juice to the street lights in North Escanaba, kept that section of the city in darkness last night. Supt. Goddard stated that the trouble will be adjusted today.

Lenroot Considers Constitution Weak

Madison, Wis., March 26.—United States Senator Lenroot told the Wisconsin legislature tonight he considers the present constitution of the league of nations unsatisfactory and that it should not be adopted in its present form. With revision in the constitution he would limit the life of the league to ten years, subject to extension.

Commissioner Picked To Settle Trouble

Washington, March 26.—Commissioner J. J. Garrett was assigned this afternoon by the department of labor to act as mediator in the controversy between employees and the Max Rubber and Racine Auto Tire companies, both of which are in the hands of men who join the union are discharged.

**Thrift Club Will Result From Meet**

County Agent B. P. Pattison, Atty. James Frost, County Treasurer George F. McEwen and Miss Sylvia Richardson, home economic specialist, were speakers Tuesday night at meetings held in the town hall and school house at Perkins.

While the men of the Perkins community heard talks on soils and War Savings Stamps, Miss Richardson addressed the housewives on matters of household interest.

Considerable interest in the government's Stamp sales plan was created by the addresses of Mr. Frost and Mr. McEwen and it is likely that the Perkins grange will soon have one of the most active Thrift Clubs of the county.

**Squirrel Chases Big Dog Often th' Lease**

Can a grey squirrel whip a dog? Well, mebbe a grey squirrel can't, but one did, at least the force at the sheriff's office were highly amused yesterday to see a big bushy tailed fellow chase a good sized dog for nearly a block.

The dog was the best runner. Sheriff O'Dess sized the matter up by saying:

"I wonder what the squirrel would have done with the dog if he had caught him"

**Delta Hardware Has Fine Thrift League**

"One of the liveliest War Savings Clubs in the county, is that now in operation at the Delta Hardware company's store," said County Chairman George F. McEwen yesterday. I have been getting some fine reports from their workers and their organization is growing.

The work is proceeding satisfactorily in all parts of the county, Mr. McEwen added, and a record year is promised.

**Draft Board to Pack Its Records Today**

The work of rearranging the registration cards in alphabetical order was completed yesterday by the Delta County Draft board. The packing cases have been built and lined and the packing of the records will probably be finished today. After an inspection, "fines" will be written in the board's work.

**Insane Man Taken Near Mashek Camp**

Sheriff O'Dess sent Undersheriff Iverson and Motorcop Bourdials to Camp 17 near Mashek yesterday for a woodsman who is reported to have become violently insane. A hearing in the matter will probably be held today.

**New Applications for Citizenship**

Three new applications for citizenship have been filed with the county clerk, making 17 new ones to be heard at the next term of circuit court.

The recent applicants are Waldemar Flink, native of Sweden, who resides in this city; August Pickard, Belgian and Jack Anderson, Finn, both of Gladstone.

**NOTICE**

The Woman's Guild of the St. Stephen Episcopal church will hold a pantry sale at the Ellsworth drug store Friday morning, March 28, at 10 o'clock. In connection with the pantry sale there will be a sale of attractive paper shopping bags, at 15 cents each.

**Forgot What He Wanted.**

From the Republican, Mt. Gilead, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to this office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now, I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerks named over everything in the line on the shelf except 'Chamberlain's.' I'll try again, and I'll never go home without Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substitution is permitted, to say nothing of the injustice to makers of good goods and the disappointment of customers.

# What Do You Know About Standard Oil?

**D**O you, or do you not, believe it to be an institution which has performed its function of public servant in a manner satisfactory to the world at large, and beneficial to every individual in it?

Is your belief based upon experience, impression, or indifference, or have you given the subject any thought?

Has it ever occurred to you just what part the Standard Oil Company has played in making the American the best educated man in the world?

Have you ever thought how the Standard Oil Company has increased property values?

Have you thought to what extent the Standard Oil Company has increased crop production?

Have you thought to what extent Standard Oil Company efficiency has added to your pleasures and assisted you in the expansion of your business?

Do you know what the Standard Oil Company has done to alleviate the sufferings of humanity?

It is the ambition of the Standard Oil Company of Indiana, that you shall have a distinct pride in it, as an example of how American brains and American efficiency, in a highly specialized branch of industry, has led the world, not only in production, but in practical usefulness.

You will have a full measure of such pride when you know the ideals, the ethics, and standards of integrity that dictate its policies.

To this end the Standard Oil Company of Indiana, through the medium of this newspaper, will present a different phase of its business each week.

**When you have read these advertisements you will know all about the Standard Oil Company**

**STANDARD OIL COMPANY, (Indiana) 910 South Michigan Avenue, Chicago, Illinois**

### AMERICA'S MERCHANT MARINE.

The old difficulty of competing with the cheaper labor of Europe in the world's markets appears to have been minimized, for the shipping board announces that America is rapidly regaining her place as leader of the world's merchant marine. We read in the Official Bulletin that at the opening of the European war the sea-going tonnage operating under the American flag carried only 3.7 per cent of the exports and imports of this country, while today the American merchant marine comprises 46 per cent of all shipping plying between our own and foreign ports, and this new and rapidly increasing fleet now represents nearly one-fifth of the entire sea-going tonnage of the world.

And yet a very large number of our ships are still absorbed by army and navy needs. "When the army and navy return to the shipping board the 353 ships which they are now operating," reads the announcement, "the commercial fleet under the American flag will be augmented by 1,873,521 gross tons, equivalent to 2,434,617 dead-weight tons." The shipping board is now operating 732 vessels, aggregating 1,961,239 gross tons, including 361 freighters, 34 freight and passenger vessels, 71 steam tankers and 230 sailing vessels. This is indeed an encouraging showing and the shipping board's optimism would appear to have very substantial basis.

### PAY MORE—GET LESS.

In spite of the fact that taxpayers of Escanaba are today getting less for the money they pay in taxes than they did in years when their property was assessed at about one-half its present assessed valuation, under the present regime the tax burden is becoming heavier with each year.

When property in this city was reassessed by the state tax commission and placed on the rolls at its true cash value, it was generally believed and the tax payers had every right to believe that the tax rate would be reduced in proportion to the increase in valuation.

In other words if the assessed valuation of property in the city was doubled the former tax rate should have been reduced by one-half.

Had the plan been carried into effect the increase in valuation of the city's property would not have increased taxes.

Instead, however, we today find the city's assessed valuation nearly doubled and the tax rate reduced but \$1.50 a thousand.

The increased property valuation has been merely sized up as a means of getting more from the tax payers.

And the tax payers have been getting no more service from the city government than they did during years of lower taxes.

In fact total property taxes today are about equal to the combined city and special taxes that were assessed during the years that important street improvements were being carried out.

But two new pavements have been constructed in recent years and their cost was borne by the property owners benefited; practically no money has been spent in general street repair work, to protect the investment of former years.

The tax payers have merely been paying more money into the city treasury and getting less service in return.

The single big issue involved in the campaign of this spring is the initiation of means for reducing city taxes to a reasonable level.

The Taxpayers party is pledged to save and not waste the city's funds; the Tax Payers' party is pledged by every possible means to reduce city taxes, and, above all, the Taxpayers party is pledged to initiate a commission-manager form of government, which, when established, will bar for all time extravagant methods and provide Escanaba with a workable, modern charter that will operate always to the benefit of the taxpayers.

### JUST FACTS.

The government of the United States is your government. That government has given its sacred word to do certain things. These things require the expenditure of great sums of money. Your government must keep its word, must spend these sums of money. This money can only be secured now in two ways: either by taxation or by borrowing. Taxes are high enough, are they not? Nevertheless, they will not produce enough to meet the present need. Then, the only way the United States can pay for peace is by borrowing the balance needed—probably \$5,000,000,000.

All right, then, your government must borrow \$5,000,000,000 and since other countries have no money to lend, it must borrow this money in the United States and from one of two sources.

Your government must borrow from the banks and other financial institutions or it must borrow from millions of patriotic citizens.

If this money could be borrowed from the banks, would it be wise? With all of their capital tied up in government securities, how could the banks perform the normal functions of financing regular business enterprise and development projects? Without being able to do this, how could factories and business operate, how could the country be developed, how could labor be employed? Think it over!

As election time approaches we note from our front window that the squirrels are becoming more active.

government must borrow from you and from every other individual up to each one's limit of lending.

Hence the Victory Liberty Loan on April 21, 1919—the loan of victory, peace and thanksgiving.

These are just facts. Can you see any other way out of it? We can't. The treasury department cannot, and after you think it over and consider that the government is going to ask you to subscribe for an absolutely flat-edged, short term, good interest-bearing security, and by doing it help pay for victory and peace and prosperity, you won't want to find any other way out but will. Like a true American, you will step up and say: "Sure, we'll finish the job! Uncle Sam can have the use of all my money to pay for peace! I can go over the top in the Victory Liberty Loan if my boy could do it at St. Mihiel."

### JAPS AND FACTS.

It is right and proper that the state department should make a thorough investigation following the California Senator Phelan's declaration that negotiations are under way by a California and Mexican land company to sell to a Japanese syndicate 800,000 acres of Mexican land fronting upon the California border. Senator Phelan urges that such acquisition of land will be in violation of the Monroe doctrine and also in defiance of the Lodge resolution warning foreign governments against making purchases of land on the American continent.

Now, when a Japanese agricultural colony threatens to set up in Mexico just south of the California border, the Californians call up the Monroe doctrine and the Lodge resolution. It is indeed proper for the state department to investigate. If the Japanese government is in any way associated with the land buying syndicate, the duty of the United States will be to register formal protest; but if the Japanese government is not associated, then it will be the duty of the anti-Jap Californians to quit their protests. If they don't like the way the Japs act, let them practice diplomacy and lead the Orientals to American ways, or, if the Japs are outstripping Americans, let the white Californians stop grumbling and set about out-Japping the Japs.

One thing we should remember, Japan has shown a religious regard for treaty observance; and the Japanese terrors heretofore conjured by Californians have proven groundless. Let us have facts, all the facts, not mere half facts.—Detroit Free Press.

### THE PIFFLE HOOK

By SLIM PICKENS.

MISSISSIPPI, Virginia, Kentucky and South Carolina were the four states leading the list of ratifiers of the dry amendment to the federal constitution. Reports concerning the popularity of the milt fulep in that section are evidently greatly exaggerated.

### Gone But Not Forgotten.

DEAR SLIM: Enclosed, herewith, in this envelope, on this sheet of paper, you will find a list of things I shall not miss after July 1:

- Prohibition lectures.
- Anti-prohibition lectures.
- Prohibition magazine articles.
- Anti-prohibition magazine articles.
- Prohibition editorials.
- Anti-prohibition editorials.
- Arguments about prohibition.
- Prohibitionists.
- Anti-prohibitionists.

DUSTY.

A Chicago woman told the judge that the \$275 she receives monthly as alimony forces her to live a life of "privation and penury." A six months' sentence in Armenia would probably assist her in learning to stagger on somehow with that income.

Still some people wonder why there are Bolshevists.

And now we'll see some politics. The American Woman Suffrage association is about to become an independent non-partisan voters' league.

The government has provided its fire watchmen at Washington with gas masks. The next move will be similar protection for spectators in the gallery of the senate chamber.

"Japan Frozen Out by Big Four," says a headline. Not at all. No more than the boy who put a tack on the teacher's chair at school was "frozen out."

### Just Leave It to George.

DEAR SLIM: Are we to suppose that George Barr McCutcheon is going to demand self-determination for "Graustark"? MacP.

The more you swat the Hun, it seems, the more he belches forth his propaganda. Sometimes one is tempted to propose a policy of extermination.

### Those Lapidifying Looks.

DEAR SLIM: Your rhetorical castigation of Theda Bara's imaginative imitators will only serve to draw in your direction cold and lapidifying looks from the juvenescent flappers in question. But what about the dulcet splendor of the male biped whose lambent mind is so stultified that he imagines he resembles Wallace Reed? P. J. V.

The day the Hungarians broke loose, a supposed extinct volcano in Caucasus began an eruption. Now if you believe in signs—!

### THE HALL OF FAME.

DEAR SLIM: Allow me to propose for the Hall of Fame a few famous (k) nights:

- Knights of Columbus.
- Arabian Nights.
- Sir Josephus Daniels.
- Sunday nights.
- Sunday night knights.
- Knights of Pythias.
- The night before.

H. A. M.

### Jake, Go Look It Up.

DEAR SLIM: What has become of the melodious vocal organs that used to warble, "Why Do You Weep, Dear Brother," in the Morning Press office at 2 a. m.? BTADIN.

As election time approaches we note from our front window that the squirrels are becoming more active.

## CLOVERLAND and WISCONSIN

**MENOMINEE**—Navigation of Green Bay in so far as the Menominee and Marinette ports are concerned will probably be opened officially on April 3 or 4, with the arrival of the first nouncement today in marine circles.

Reports current in the city were that the first car ferry would arrive here on next Monday, March 31, but this was denied by W. F. Kerwin, manager of the local Ann Arbor office, who suggested that the earliest possible time for the first car ferry in his opinion would be about April 3 or 4.

Rates over the Ann Arbor line are effective on April 1, and as soon after that date as sufficient tonnage from this port warrants a car ferry will be sent to begin its annual operations from local ports.

There is practically no interference with the navigation of boats on the bay, as far as ice is concerned, but despite this fact there is an unwritten hereditary law that navigation is not officially established on the Menominee harbor until after the arrival of the first car ferry. Business prospects for the present summer are bright in local marine circles.

### Matrimony Will Solve Unemployment Problem.

MILWAUKEE—Marriage is one way in which the unemployment problem can, to an extent, be solved; in the opinion of Rev. Herbert C. Noonan, president of the Marquette university, who declared that a "good woman by careful figuring can maintain a home on what a man would spend on himself" if living alone.

"Women should realize that it is their patriotic duty to step-out of jobs needed by soldiers," he said. "Women members of many families could relinquish their employment without hardship. Women should realize their employment was a war measure and that the emergency has passed. It may be difficult to convince some women of their duty because they have had a taste of economic independence.

"It is estimated there are 6,000,000 unmarried men between 21 and 43. This involves an economic problem which will become acute in these post-bellum days. If ever there was a time when marriage should be encouraged, it is now. If the women try, they will find that they can make ends meet without depriving the service men of their jobs."

### Escaped Convict Caught By Negaunee Police.

MARQUETTE—Alfred Evon, who walked from the prison lumber yard with one of his fellow prisoners, George Tumasell, is not enjoying the freedom of his pal. Negaunee proved his undoing Tuesday morning when one of the officers of the mining city identified him as the escaped convict and brought him back under the vigilance of Deputy Warden Catlin.

George Tumasell, however, did not sleep behind the bars. The escaped convict is an Italian of 30 years. He is 5 feet 7 inches in height and weighs 177 pounds. He has an impediment in his voice that renders him easily distinguished.

Joseph Manes, another escaped convict who made his get-away from the prison garage, the authorities report is still at large.

### This Dog Awakens Family, House Afire.

CALUMET—This is the season when dog taxes are due and consequently when there is likely to be a great increase in canine mortality. And just at such a time nature or providence comes in and says a good

word for the animal. The fire at the residence of Ben Fortunato, 289 Calverley street, at 2:30, offers a case in point.

The stove in the living room of the Fortunato home became overheated during the night and at 2:30 it had set fire to the house. The blaze had gained good headway and the living room was a roaring furnace when the smoke awakened the family—dog. The animal barked a warning and Mr. Fortunato heard it. He realized that it would not be possible to get down the stairs through the smoke and flames, so he jumped through the second story window, landing on the ground in a manner resulting in a slight injury to himself. He at once secured a ladder, propped it up against the window and rescued his wife and child.

### Heavy Shipments of Pulpwood Are Made.

MARQUETTE—During the past two weeks there has been considerable activity in local railroad circles in the transfer of cars from the Chicago & Northwestern to the Duluth, South Shore & Atlantic railway for use on the latter system for carrying shipments of pulpwood from points on the line to Negaunee to be transferred to the Northwestern. Most of the pulpwood transferred here goes to the paper mills at Niagara and Quinnesec.

During the past week 199 cars have been turned over to the South Shore by the Northwestern and one day last week 87 empty cars for points on the South Shore were delivered by the Northwestern.

Cars loaded with pulpwood are given to the Northwestern here by the South Shore at about an average of 15 a day. Most of the pulp is loaded on the South Shore at points east between Marquette and Newberry.

### Negaunee Won't Go to East Lansing Tourney.

NEGAUNEE—The managers of the Negaunee high school basketball team say there is a small chance of the team being sent to East Lansing to enter the state tourney, which will be held there this week end. It is thought that the Negaunee team or in fact any of the strong upper peninsula teams would make a good showing in the state meet.

Forty basketball teams, representing all sections of Michigan, will do 42 hours of continuous playing in the Michigan Agricultural college gymnasium Friday and Saturday, March 28 and 29, before championship claims are finally decided.

## CLOSEUPS and FADEOUTS

**Marguerite's First Picture.** "Wildflower," with Marguerite Clark, which will show here Sunday, is a picture of real interest to fans. In the first place it is Marguerite Clark's first picture, it marked her debut in motion pictures. Then, you will have a chance to see two shining lights of today when they weren't stars, but just an "adequate cast." They are Harold Lockwood, Miss Clark's lead, and Jack Pickford. One of the actors in "The Mystery Girl," starring Ethel Clayton, is Jack, an Alredale. He plays a war dog in the McCutcheon story.

Speaking of absurd situations, Tom Moore in "A Man and His Money," starts out to make a man of himself and win the girl he loves by taking care of an eccentric old woman's pet puppies.

The Famous Players-Lasky Corporation has purchased the screen rights to the famous Marah Ellis Ryan novel, "Told in the Hills."

At the Strand. Charles Ray, that clever creator of thoroughly human and likable young men, is again given a chance to show his skill in a difficult role in his latest Paramount picture, "The Sheriff's Son," which will be shown at the Strand today. The picture is said to be a keen character study as well as unfolding a story of splendid dramatic power.

Mr. Ray is seen in the role of Royal Beaudry, a young man who was born in the west, but who has been sent east to be educated.

At the Delft. The scenes of Norma Talmadge's latest Select Picture, "The Safety Cur-

tain," which will be shown at the Delft theatre today for the last time, are laid in two distinctly opposite atmospheres, behind the curtain of a cheap-London music hall, and its antipodes, social life in an army post in India.

When the safety curtain shuts Puck, Norma Talmadge, away from her former life and throws her into the protection of Captain Merrion, and later after she goes to India as his wife, she feels that she has been completely hidden away from her stage associates and seeks to draw the safety curtain of silence over the secret of her past.

LAKES ARE NOW FREE FROM ICE

Government Issues Closing Ice Report—Navigation April 1.

"As all the lakes are practically free from ice and only the St. Mary's river is a present obstruction, this will be the last report of the season," announced the government weekly ice report for the Great Lakes received by Observer Spindler yesterday. "General navigation will probably not be resumed until April," the report concludes.

The report states that no ice fields are reported visible between Duluth and Whitefish bay. In the latter body there are some few broken fields. In St. Mary's river the ice ranges from 12 inches at Sault Ste. Marie to 10 inches in Mud lake and about the

same above Ripa Island at Detour. It is reported that there would not be much difficulty in forcing a passage if necessary through this ice.

Little Difficulty. No ice was reported in Michigan and the Straits of Mackinaw are open. Lake Huron is entirely free from ice. In Lakes Erie and Ontario there is no ice at all. In comparison with the 12 year average, there is 7 inches less ice in the Duluth harbor, 8 inches less at the Soo and 7 inches less at Escanaba. There are practically only two barriers of ice for navigation, the St. Mary's River and the entrance to Escanaba, neither offering serious difficulty.

For Lake Michigan. For Lake Michigan, the reports add: Escanaba: Harbor ice ranges from 12 to 15 inches in thickness; it remains intact in the harbor and bay but shows signs of weakening. On south shore the fields extend out from 2 to 3 miles beyond which is open water; open water also at entrance to harbor and from thence along Stonington shore to main body of open water. Menominee: The bay ice is shifting with the wind and is full of cracks. Green Bay: The river is clear of ice and the channel in the bay is open to

Grassy Island light; the ice in the bay extends beyond vision. Plum Island: Under date of March 19 no ice was reported visible in the "Door" nor was any visible in Green Bay or Lake Michigan. Note: No ice is reported in Lake Michigan along the west shore or along the east shore as far north as the Straits. Harbor Springs: Ice still in the harbor but open water outside of Harbor Point; considerable slush ice near Cross Village.

MOTHERS Should see that the whole family take at least 3 or 4 doses of a thorough, purifying, system cleaning medicine this spring. The family will be healthier, happier, and get along better if the blood is given a thorough purifying, the stomach and bowels cleaned out, and the germs driven away. Hollister's Rocky Mountain Tea is one of the very best and surest spring medicines to take. Get it and see the difference in the whole family. Their color will be better, they'll feel fine and be well and happy. West End Drug Store. Thomas Shanahan is suffering from a broken arm, sustained by falling from a ladder.

Seymour Will Ride New Speed Machine

John Seymour, upper peninsula motorcycle racing champ will sit astride a brand new machine built especially for him by the manufacturers of the Indian motorcycle, D. F. Villenure, promoter of speed events in this section, announced yesterday. "It will be the fastest bike possible built for work on a half-mile track," Mr. Villenure said. Mr. Villenure stated also that his opening event, early in the summer, will give the Escanaba fans an opportunity of seeing such lights as Janke, Red Parkhurst and Crovastian, the 50-mile champion, in action. "It's going to be a big year," he said. "We are going out after some riders that will give followers here a chance to see Seymour at his best. With this new machine, you'll find that he'll sit tight and ride with any of them."

Jacob Lansen Comes Over in Gas Launch

Jacob Lansen, mail carrier between Escanaba and Stonington, made the first trip across the bay yesterday in a gas boat. He started the trip on the ice but the large cracks and the bad condition of the ice caused him to change his plans. A large field of ice went out at 11 o'clock yesterday morning and Mr. Lansen landed near the lighthouse.

Alumni Girls Form Team; Play Highs

Members of the alumni have formed a girls' basketball team under the direction of Miss Avis Edgerton, to meet the high school girls' team in a series of games. The first practice will be held tonight. Members of the alumni team are Edith Dahlberg, Vera Starrin, Ethel Gilmore, Gertrude Moersh and Anna Mae Snyder.

Another Sheep Deal Expected to Close

Another deal may be closed for the sale of sheep land in this vicinity it was announced yesterday with the arrival in Escanaba of Floyd Frazier and son, of Steamboat Springs, Colo. They plan to visit several tracts near Escanaba with a view to purchasing land to establish a sheep ranch.

Clerk Parcel Posts Election Equipment

Ballots for the coming city, village and township elections, were mailed to the election officials over the county yesterday by County Clerk Albert J. Pepin.

Bad Taste in Your Mouth.

When you have a bad taste in your mouth you may know that your digestion is faulty. A dose of Chamberlain's Tablets will usually correct the disorder. They also cause a gentle movement of the bowels. You will find this to be one of the best medicines you have ever become acquainted with.

NOTICE OF GENERAL ELECTION AND ANNUAL CITY ELECTION.

Notice is hereby given that the general election and annual city election will be held in the City of Escanaba at the following named places:

- First ward, Elks' building, 508 Ludington street. Second ward, Carnegie Library building, corner of Fifth Avenue south and Seventh street. Third ward, City hall building, corner Eleventh street and First avenue south. Fourth ward, City building, corner of Tenth street and Fourth avenue south. Fifth ward, City building on grounds of Washington school annex, First avenue north. Sixth ward, City building in the "600" block on Fourteenth street. Seventh ward, Fire station No. 3 on Hartnett avenue. Within said City, County of Delta, State of Michigan, on Monday, April 7, 1919, at which election the following officers are to be voted for and propositions and constitutional amendments as given below are to be voted upon, viz:

State. Two Justices of the Supreme Court, Two Regents of the University of Michigan, One Superintendent of Public Instruction, One Member of the State Board of Education, Two Members of the State Board of Agriculture.

County. One County Commissioner of Schools.

Proposition to bond the County of Delta, in the sum of \$300,000 for the purpose of constructing and repairing roads.

Constitutional Amendments. A proposed amendment to section 10, Article X of the Constitution, authorizing the State to borrow money to be used for highway purposes and issue bonds therefor.

A proposed amendment to Section 3, Article XVI of the constitution, to prohibit the increase or decrease of salaries of Public Officers.

A proposed amendment, to make lawful in the State to import, transport, manufacture, use, buy, sell, keep for sale, give away barter or furnish every kind of cider, wines, beer, ale and porter, and to possess the same in private residences.

And that at said Annual City Election the following officers are to be chosen, viz: One Mayor, One City Clerk, One City Treasurer, One Supervisor and One Constable for each Ward of said City; One Alderman to fill vacancy.

Absent Voters. Any absent voter as defined by Act 270 Public Acts of 1915, may vote at said election by mail, providing he shall apply to the Township or City Clerk of the City or Township in which he resides for the necessary ballots as provided by said act.

The Polls of said Election will be open at 7 o'clock a. m. and will remain open until 5 o'clock p. m.

Let Them Call It What They May It's Right Name Is—Saloon

COUNTLESS ATTEMPTS have been made in this and in other states to fool the people into voting for acts and amendments that will bring back the saloon with all its attendant evils and dangers.

THE USUAL PROCEDURE is to give such legislation harmless sounding titles, but by a tricky use of words—a camouflage of language—slip a joker into the text that will give it, when enacted, the opposite power and effect to that which appears in the title.

A MORE VICIOUS use—or rather abuse—of the intentions of voters cannot be imagined—but what can you expect from a business founded as was the saloon on the weakness and cupidity of the weaker members of the race?

RIGHT NOW IN MICHIGAN a last desperate attempt is being made to do just that sort of thing.

UNDER A TITLE that sounds like one thing, an amendment that means just the opposite, is up for your decision.

IT IS CALLED the "Beer and Wine Amendment." When the "Wets" speak of it they use the term "Light wines, etc.," but as a matter of fact the word "light" does not appear in title or text—and a heavier weapon was never used by the advocates of a befuddled world!

FOR IF YOU WILL READ this latest attempt to nullify Michigan's best piece of legislation—the "Dry" act—you will find that it means just this—bringing back the Saloon in its worst form and with its most harmful accessories.

CALL IT WHAT THEY MAY—word it as they may, to conceal its true intent—this "Beer and Wine" amendment's right name is "The Saloon Amendment."

DON'T BE DECEIVED by the wheedling of those who have always advised only for their own profit—and your loss.

READ CAREFULLY; weigh every word; and make up your own mind what the saloon interests are trying to get you to do.

JUST AS AN EXAMPLE of the difference between what they say about it and what they say in it—

THEY ARE SOLICITOUS—Oh! so feelingly solicitous!—lest the poor farmer be denied the privilege of making cider from his own apples. That would be a great hardship you will agree. They weep real tears over his predicament.

VERY WELL—Read that amendment and you will find cunningly concealed in verbiage, yet clearly stated, that if that "Beer and Wine" amendment were passed the farmer could neither make nor sell cider without first taking out a license—same as a saloon or a brewery.

CAN YOU BEAT THAT for double dealing? Yet they fondly hope that enough Michigan voters will be fooled by the title and by their propaganda to vote for this thing that would put the saloon back even stronger than it was.

"OH, WINES ARE HARMLESS," they say. Verily! Wine is the standby of the "Side Door" and the Cabaret. And the Cabaret and the "family entrance" are the most vicious phases of the Saloon—they ruin women as well as men and degrade both.

WHY, SOME FOREIGN WINES have almost as great an alcoholic content as the strongest whiskey—and create a worse form of intoxication.

"AND BEER" they used to tell us—"why in Germany even the children drink beer. Beer drinking is universal there."

WELL, WE HAVE SEEN what Beer will do when universally used! We've seen a people more degraded—more brutalized—more degraded to the difference between right and wrong?

MAKE THE BRAIN SODDEN—render it, by constant soaking in beer, only half active—and you have a being more akin to a brute than a man. Tractable? Yes—but never dependable.

NO—WE NO LONGER hold a beer soaked people up as examples of anything.

AMERICAN GENERALS found that men who went over the top were better able to do their part and take care of themselves—especially if wounded—than were soldiers who had gored served to them to lend an artificial, momentary courage.

THEY EVEN TRY—the Saloon propagandists—to make you think our soldier boys resent the abolition of the saloon.

WHAT AN INSULT to those brave boys and to your intelligence.

AS IF EVERY AMERICAN SOLDIER were a toper so addicted to his booze that, like a dope fiend, he would fight if deprived of it.

THAT'S THE VERIEST ROT of course. They know it is—else why do they not dare say just what this "Beer and Wine" Amendment really means?

WHY DO THEY TRY TO HIDE its real intent under an innocent sounding title, and hide its meaning again by a tricky use of words? Why?

BECAUSE THEY KNOW that the people who voted Michigan dry still want it dry. And they know, too, that the votes of the men will now be supported and augmented by the votes of Michigan women—and they know what that vote will say.

THEIR ONLY CHANCE to get the saloon back is to make you think they want something else. For they know you want no more of the saloon.

IT IS THEIR LAST forlorn hope—their last dying kick. The saloon is gone never to return. The longer we are without it the less we miss it—the less does anyone want it back.

THEY'D LIKE TO DRIVE a wedge in the Federal act by getting this amendment through in Michigan. That is the big significance of this attempt—that is why so much outside money is being spent in propaganda here.

TRUTH TO TELL there isn't much Michigan money being spent—Michigan breweries and Saloonists look upon it as a dead issue. They are making other plans and are not sending more good money after bad.

BUT OUTSIDERS are still frantically trying to get Michigan back in the wet column so as to prevent nation-wide prohibition and the utter dismantling of every brewery and distillery in this country.

FOR THAT KIND OF PROHIBITION does prohibit—no more chance for disgraceful scenes like that recently between Toledo and Detroit.

THEY HAVE EVEN TRIED to make this appear a religious issue—their propaganda says some denominations are against a dry state.

IT'S NOTHING OF THE KIND—a few men of all denominations favor a Wet condition. But the vast majority of all religious denominations are for a dry state and a dry nation.

THIS ISN'T A MATTER of religion; of sect; of nationality. It is just a matter of decency and sanity and good citizenship as against rowdiness.

WATCH THIS THING—it is counterfeit. It does not mean what it says. Its title is a misnomer. Its intent is vicious. It dresses in the guise of liberty—"personal liberty"—its effect would be to enslave again.

IT IS CALLED "The Beer and Wine Amendment"—its real name is Saloon.

DO YOU WANT the Saloon back?

IF NOT—vote NO April 7th to the so-called "Beer and Wine" Amendment.

Michigan Anti-Saloon League

# JUDSON URGES PROBE OF HIS LABOR STAND

Tells Crowd in the Seventh Ward He Would Welcome Investigation.

(Continued From Page One.)

plant has been losing money at the rate of \$10,000 a year.

"Is that not sufficient indictment to warrant a change in the government of this city?" he asked.

"The utilities should be separated and each made to stand upon its own bottom. If I cannot square that thing away, I can at least find out what is wrong.

"As for the water, little need be said, except that the manner in which the situation has been handled for the past year, is sufficient to cause every man who had anything to do with it, to be buried under an avalanche of ballots.

Concerning the suit of the property holders along the Stephenson avenue paving, against the city, he said:

**Seventh Ward Hard Hit.**

"The case will be taken to the higher courts. It will pile up costs on both sides. You taxpayers will pay your own attorney and then go down in your pockets to pay your proportion of the city attorney's expense.

"When I am mayor, I shall see that a city attorney is appointed who will arrive at the facts concerning the Stephenson avenue paving job.

"You, as citizens of the seventh ward have been hard hit by the inefficiency of the present regime and you ought to see that Harry North and Dr. Kitchin and myself and the whole taxpayers ticket are given substantial majorities in this ward.

**Attack of Indigestion.**

Mr. Judson was introduced by Atty. A. P. Pierson, who told the audience that "Escanaba has been fed on the wrong kind of stuff so long she is suffering from indigestion which may develop into hardening of the arteries. Unless she is given a change of diet," he said, "she may have an attack of apoplexy and die of paralysis."

"On the ballot you will have a bill of fare. One item will be the same old diet. The other will be a change in the form of a 'table dote dinner' otherwise known as the Taxpayers ticket.

"The city needs a stimulant and a tonic. The stimulant she needs is T. M. Judson for mayor and the tonic, the commission form of government."

## BIRTHS

A son was born Wednesday to Mr. and Mrs. Vernon Kolb at the St. Francis hospital.

Mr. and Mrs. John Gasman, Sr., are the parents of a son, born Wednesday at the Bloom Maternity hospital.

A daughter was born to Mr. and Mrs. Gust LaPorte, 5066 Hale street, Monday.

Mr. and Mrs. Bernard Krackebush of Gladstone are the parents of a son born recently.

A daughter was born a few days ago to Mr. and Mrs. George Smokovich, 1601 Stephenson avenue.

A daughter was born on Sunday to Mr. and Mrs. Ewald C. Beck.

For a "Bad Cold,"

Take Chamberlain's Cough Remedy. It has stood the test of time and can be depended upon.

MANISTEE—Capt. Thomas J. Peterson, 45 years old, fell dead at his home. He was in charge of the Sands sail and lumber tugs for 15 years.

MANISTEE—Following an illness of two years, Mrs. Eleanor Russell, a resident of Manistee for 15 years, died at her home here. She was 81 years old.

## SOCIAL & PERSONAL

### MARRIAGE LICENSES.

Marriage licenses were issued yesterday to the following:

Jack Spirk of Charlebois and Dora Oster of Osler.

Henry J. Rose and Hlema Backlund, both of Cornell.

### Plan Easter Ball.

Arrangements have been completed by members of the 552nd Infantry, Michigan state troops, to entertain at an Easter ball on Monday, April 21.

The party will be given at the Coliseum hall. Through a misunderstanding the date conflicts with that of the homecoming dance, but because the hall and orchestra were engaged several weeks ago, the troop members were unable to change the date. The company hopes to make a financial contribution toward the fund to be obtained in the homecoming dance.

### L. C. Hanna.

L. C. Hanna, for many years the active head of M. A. Hanna & Co., owners of one of the largest fleets on the Great Lakes, died Sunday at Cleveland, communications reaching Escanaba announce. When the Bessemer Ore Association was organized, Mr. Hanna was elected the first president. The Hanna company built the first steel vessel floated on the Great Lakes.

### Ladies Aid to Meet.

The Ladies' Aid of the Swedish Lutheran church will meet this afternoon in the chapel in North Escanaba. Mrs. Alex Peterson will be hostess. All members and friends are invited to attend.

### Wed by Justice Here.

Miss Dora Oster, of Osler, and Jack Spirk, of Charlebois, Mich., were united in marriage at 4 o'clock Wednesday afternoon by Justice C. D. McEwen at his office on Ludington street. They will make their home at Charlebois.

Mr. and Mrs. E. C. Voght have returned from Lansing where Mr. Voght attended a pharmaceutical convention. They were guests of Auditor and Mrs. O. B. Fuller during their stay in Lansing.

George Hughes was called to Fairbury, Neb., yesterday, by the accidental death of his brother. No particulars of the tragedy were received.

Lloyd Venton, student at Lawrence college, Appleton, Wis., arrived Wednesday morning to spend the spring vacation at his home here.

Miss Catherine Doherty has taken position at the municipal lighting plant office.

Mrs. George Hebert has returned from Sturgeon Bay where she attended the funeral of a brother-in-law, Edward Kraft.

Miss Bernice Young has returned to her home at Bigger, Sask., after a month's visit with relatives here.

Perform at least one commendable deed while you are on earth. We are still selling half round, split and butt hardwood. Place your order NOW. Birds Eye Veneer company.

Mrs. Fred W. Good of Nahma was here shopping Wednesday.

Miss Ethel Douglas returned Wednesday from Bark River where she visited at her home.

Mr. and Mrs. Joseph Walch returned Tuesday night from Arnold, Mich., where they spent the winter.

Miss Mary Cook returned Tuesday from a millinery buying trip to Chicago.

John Fitzgerald of Schaffer was a business caller here Wednesday.

Miss Eloise Judson arrived Tuesday from Appleton where she is a student at Lawrence college, to spend the spring vacation with her parents, Mr. and Mrs. T. M. Judson.

Mr. and Mrs. A. C. McCafferty left last night for Toledo, O., called by the serious illness of Billy Desilets, son of Mr. and Mrs. William Desilets, formerly of this city. Mrs. Desilets was Miss Loreta McCafferty.

Buy a load of our Cloverland half round sanitary hardwood and let your money talk for you. Telephone \$10. Birds Eye Veneer company.

M. H. Larson motored from Brampton Wednesday.

Gibson Elliott, who is attending Carroll college, arrived Tuesday from Waukesha to spend a few weeks' vacation at his home here.

Amel Monsted and Z. Derouin of Pina Ridge were here Wednesday.

Miss Mabel Farrell of Hardwood is visiting friends here.

Mrs. D. Young of Alfred was here shopping Wednesday.

Mr. and Mrs. Jesse Allard of Nadeau visited relatives and friends here Wednesday.

Miss "Bob" Grimes of Turin is the guest of relatives and friends here.

Mrs. L. Jacobs of Ralph was an Escanaba visitor Wednesday.

Frank Rydl of Stack was a business caller here Wednesday.

Miss Esther Baldwin, who is attending Lawrence college, is spending the spring vacation at the home of her parents, Mr. and Mrs. F. L. Baldwin.

Mrs. E. J. Yelland returned Tuesday night to her home at Iron River after a visit at the W. C. LaBelle home.

Miles Brophy, Camp Douglas, Ariz., who is spending a furlough at his home in Bonifas, is visiting friends here.

Supervisor F. W. Good motored over from Nahma yesterday.

The downfall of man is not always accomplished by slipping on a banana peel, but the fellow that sells you sapless wood will always start you down the toboggan. Avoid the slide by ordering a load of our Cloverland wood. Telephone \$10. Birds Eye Veneer company.

## NICK WALCH TO SELL ICE HERE

Nick H. Walch has completed all arrangements for engaging in the ice business in this city and announcement was made yesterday that he is now ready to begin service for his patrons. Mr. Walch has filled a section of the old Escanaba Brewing Company's plant with ice, having stored a tremendous stock. His entire equipment for making deliveries to all sections of the city is now ready and orders are being booked.

## Junked Engines and Machinery Is Sold

A deal was closed yesterday for the sale of all old machinery owned by the public utilities department of the city to a junking concern in Green Bay. Old boilers and two engines used for driving dynamos, were disposed of in the sale. The deal was sanctioned by the board of public works and probably will be approved by the council at its next meeting. A price much higher than was expected was procured from the Green Bay firm.

## To Enforce Housing Rules of the State

The health department will enforce the state laws regarding specifications in plumbing and lighting in all houses and buildings that are rented to families. It was announced yesterday. The regulation requirements will be given to property owners on application at the city hall.

## Hold Farmer Meeting Today at Ford River

Another meeting for farmers will be conducted today by E. P. Pattison, county agricultural agent, at Ford River. Meetings will be held both this afternoon and tonight. Mr. Pattison is being assisted by George Kingsting, agricultural agent of Schoolcraft county.

## Michigan Railway Case Is Postponed

Washington—The rate case of Alex J. Groesbeck, attorney general of Michigan, against the Duluth, South Shore & Atlantic Railway has been advanced by the Supreme Court. Arguments have been set for Oct. 6. The Michigan Supreme Court held several months ago that the railroad was entitled to a 3-cent rate, being an exception to the state's law. The case was fought through the state courts for three or four years. The road made a practice of charging a 5-cent rate and issuing rebate checks, good in case the courts decided against it.

## MARKET REPORT

Chicago, March 26—The following quotations on farm produce were issued here today:

BUTTER—59 1/2c.  
EGGS—36c to 37 1/2c.  
POTATOES—\$1.70.  
TURKEYS—31c.  
DUCKS—35c.  
ROOSTERS—28c.  
SPRINGERS—33c.  
BEESE—23c.  
DUCKS—31c to 33c.  
TIMOTHY—\$33 to \$34.  
STANDARD—\$31 to \$32.  
CLOVER—\$20 to \$26.

## WOMAN'S CASE AMAZES ESCANABA

A business man's wife could not sew or read without sharp pains in her eyes. For years her eyes were red and weak. Finally she tried simple witchhazel, camphor, hydrastis, etc., as mixed in Lavoptik eye wash. The result produced by a single bottle amazed everyone. We guarantee a small bottle Lavoptik to help ANY CASE weak, strained or inflamed eyes. Aluminum eye cup FREE. Ellsworth's Drug Store. Sold at Garden by Herman J. Saladin, druggist.

## PAINTING AND PAPER HANGING

Henry Mosch or Alfred Peals, companies, prize wall paper, shown to you at your disposal in your own home. Estimates given on house painting. All work guaranteed. No obligations incurred. A postcard will bring us. Yours for business. JOHN ROUNDS - 314 Stephenson Ave.

## HAS IT COME? Has what come?

Spring house cleaning time. If it is with you already or is to come in but the near future, would ask you to kindly bear in mind that we have your money's worth in brooms which are brooms and which we sell you at 75c, 90c and \$1.15 each, allowing us from 5c to 8c per broom. Shop around a bit—then look at brooms we are offering, and you will appreciate a good broom.

Yours  
Central Cash Market

## Ticket Sale for the Glee Club Is Strong

Advance ticket sales for the concert by the Lawrence Glee club here Friday night indicate there will be a large attendance at the Presbyterian church, where the club will appear. The Lawrence singers and musicians have an excellent program.

## Parlor Car Service Into Effect April 1

Complete parlor car service on North Western trains north and south of Manistee will go into effect April 1, it was announced, following efforts on the part of the Manistee chamber of commerce to procure the service of pre-war days.

## Leury Returns Today With Special Suits

H. H. Leury, department manager of the Fair store, will return this morning with a special selection of suits and cloaks made during his stay in Chicago. He visited a number of marketing places and procured some of the late styles.

The annex to the Fair store, now nearing completion, will be ready to be thrown open Friday. It was announced by the management. The opening of an annex will give the management additional room for display.

MANISTEE—Following an illness of two years, Mrs. Eleanor Russell, a resident of Manistee for 15 years, died at her home here. She was 81 years old.

## Your Fondest Hopes

Wealth may not be among the things you long for, but you do desire a competence. You hope for enough to insure peace and comfort during your declining years.

There is only one sure way of accumulating money and that's saving a little of every amount you receive.

A savings account at this bank will assist you in realizing your fondest hopes.

## The State Savings Bank

ESCANABA, MICHIGAN

## Ice Ice Ice Ice Ice

Place your order for your season's ice supply with us. Strictly pure ice—Prompt service—Always on the job.

## NICK H. WALCH

Phones 121-6227-678

## Pick Vegetables Fresh From Your Garden

Crisp and delicious, picked at just the right time—there is nothing like vegetables fresh from your own garden. Lay your plans now and begin with the right kind of seed.

Northrup, King & Co.'s seeds are bred to produce vegetables of finest flavor and quality. They are hardy and vigorous. They are safe seeds to buy because they are always carefully selected and tested. Gardeners have successfully depended upon them for thirty-five years.

Dealers in nearly every community handle Northrup, King & Co.'s seeds. Merchants' names will be sent on request.

## NORTHROP, KING & CO'S SEEDS

## Auto Owners OF ESCANABA

Before taking or sending your casing and tubes "out of town" for repairs, call at the Escanaba Vulcanizing Co. "The Square Deal Shop." We can save you money and our work is fully guaranteed. Don't forget the place "The Square Deal Shop." Opposite the Postoffice. McCELLAN & SON, Proprietors.

## ALL EYES HERE Sweeping Reductions in Automobile Liability Rates

Our rates for \$5,000 and \$10,000, Limits follows:

|                                     |         |
|-------------------------------------|---------|
| Cars listing under \$1199.00        | \$18.00 |
| Cars listing \$1200.00 to \$2499.00 | \$19.00 |
| Cars listing \$2500.00 to \$3499.00 | \$24.00 |
| Cars listing \$3500.00 and over     | \$28.00 |

The attorney fees in one case, whether you were liable or not, would amount to more than this premium. Think it over.

Why take a chance on Mutual or Inter-Insurance policies, when you can get Old Line protection cheaper?
