

OPERATORS MAY DEFY COMMISSION

BEND EFFORTS TO END FIGHT ON PEACE PACT

Wilson's Letter Fails to Lessen the Activity of Treaty Friends.

Washington, Jan. 9.—The fortunes of the treaty of Versailles became even more unsettled today when, on top of President Wilson's pronouncement for taking the question to the people and William Jennings Bryan's opposition to such a course, Democratic and Republican friends of the treaty in the senate renewed determinedly their efforts to secure a compromise ratification.

Senator Hitchcock, democratic leader, said he did not regard President Wilson's declaration as calculated to cut off any reasonable compromise and predicted ratification before the campaign was under way. The mild Republicans took the same view and the group of Democrats who have been urgent in their demand for a compromise declared their position was in no way altered.

Conferences Proceed.

Discussion went forward as actively as before, a conference being arranged on the Republican side to take up the set of reservations recently submitted by Senator Kendrick and other Democrats.

Among the treaty's foes, however, the president's stand and the statement last night of Senator Lodge, Republican leader, that he would "most cordially welcome" the treaty as a political issue were hailed as having put the question into the campaign. This group consistently has predicted failure for the compromise negotiations and they were more positive today than ever that there would be no agreement.

In announcing that compromise plans would proceed, Senator Hitchcock declared he could not agree to any compromise impairing the treaty and that there would be an endeavor to work out reservations that the president could accept.

Speech Put Into Record.

Mr. Bryan's speech, opposing an effort to carry the treaty into the presidential campaign, was put into the senate record today by Senator McCormick, Republican, after the president's letter had been presented by Senator Hitchcock. Senator McCormick requested that the speeches "be printed in just opposition in view of reports that they are agreed on the treaty."

Mr. Bryan did not tarry long in Washington, leaving today for Lincoln, Neb. He will deliver an address in New York Jan. 18. So far as was learned, he did not confer with party leaders here before his departure.

Effect Far Reaching.

Democratic leaders did not attempt to minimize the effect that the split between the president and his former secretary of state might have, both at the convention and at the polls in November if it should be carried, that far. They recalled the dominant role Mr. Bryan played at Baltimore in 1912 when Mr. Wilson first was nominated and while the convention date is still far off, they look forward to stirring events in San Francisco.

RÉBEL CHIEFS ARE GOING TO QUIT EFFORTS

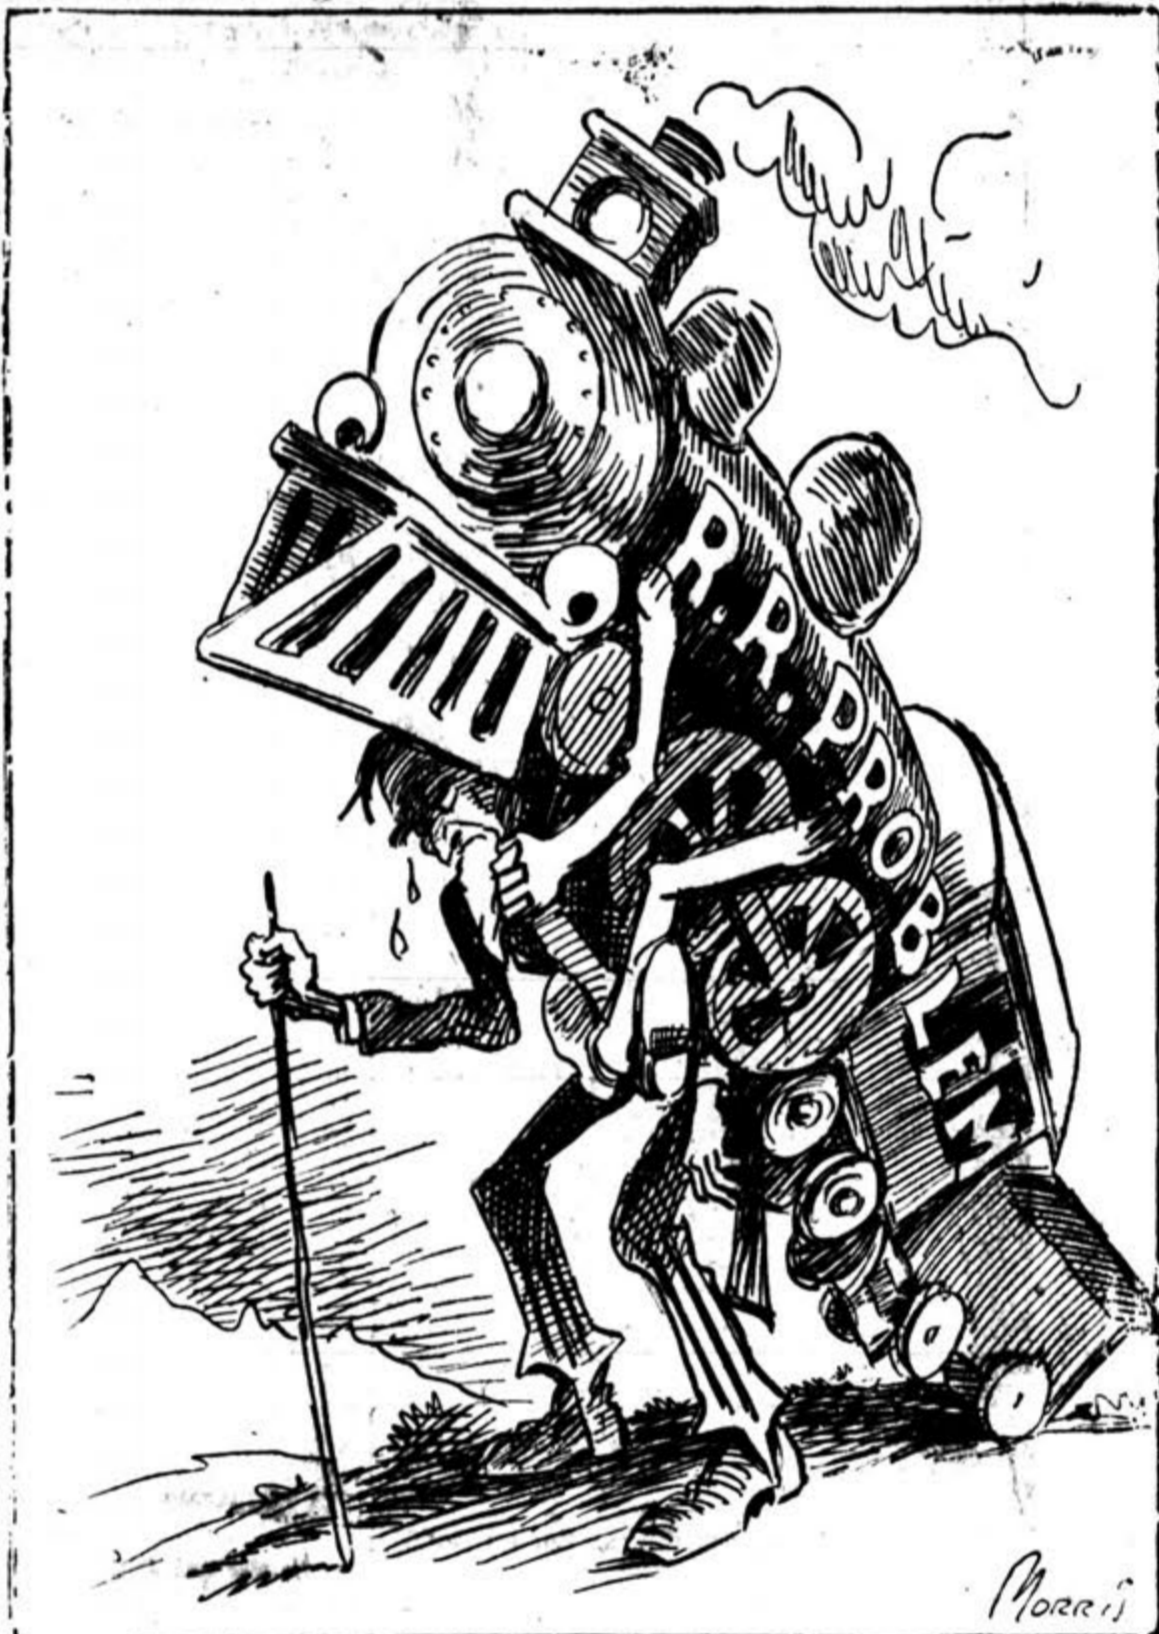

Brownsville, Jan. 9.—Followers of Gen. Luis Caballero, Mexican rebel commander who surrendered to federalists under guarantee of amnesty, are rapidly surrendering.

Gen. Eugenio Lopez, rebel leader and former federal commander in Matamoros, is the latest to announce his intention of quitting the rebellion. Lopez has been operating in the mountains in the southern part of the state. The surrender of Caballero leaves only two important rebels operating in the state of Tamaulipas, General J. A. Almanzan in the west and General Manuel Pelaez in the Tampico oil region.

MISS GASTON IN G. O. P. CONTEST

CHICAGO, Jan. 9.—Miss Lucy Page Gaston today opened headquarters to campaign for the Republican nomination for President on an anti-tobacco platform.

Sinbad's Little Old Man Of The Sea Was Nothing To This—

BOLSHEVIKI IN SOUTH MAKING LONG ADVANCE

Krasnoyarsk Is Taken; Poles Also Score Gains.

LONDON, Jan. 9.—The town of Krasnoyarsk, Eastern Siberia, has been captured by the Bolsheviks, according to a Moscow wireless. "The remnants of the first, second and third enemy armies have surrendered and 60,000 prisoners already have been counted," the message adds.

Krasnoyarsk is on the Trans-Siberian railway, about 300 miles east of Tomsk.

ADVANCE IN SOUTH.

Washington, Jan. 9.—Advices to the state department today from Siberia and European Russia asserted that the foreign representatives had quit Irkutsk, that the Japanese had taken control of the Balk railway tunnels, that the Bolsheviks were practically unopposed at Taiga and were advancing in South Russia, that hostilities between Estonia and the Soviet had ceased and that the Poles were making inroads in territory formerly occupied by General Denikine's forces.

Ernest L. Harris, the American consul general at Irkutsk, now is at Verkhni-Ubinsk, having left Irkutsk with the other representatives.

In South Russia the Denikine forces, the advices said, have been cut in two by the Bolsheviks. In the northwest, while an armistice between the Estonians and Soviet Russia has been signed, the Poles and Letts, through the capture of Dvinsk, have straightened their lines and obtained direct communications between Poland and Riga.

In the Ukraine the Polish troops have taken territory abandoned by Denikine, occupying Jitomir and Proskuryr.

Astor Property Is to Be Disposed Of

New York, Jan. 9.—Tracts of property in the heart of New York city valued at \$6,000,000 which the late Henry Astor inherited from his grandfather, John Jacob Astor who bought the land in 1797 for \$25,000, will be sold at auction, it became known tonight.

Count Leopold Ferri, of Padua, had a library consisting of thirty-two thousand volumes, all of them the works of female authors.

Austrians Appeal To Americans

Washington, Jan. 9.—(By the Associated Press.)—An appeal to the American people to extend aid to 7,000,000 Austrians threatened with anarchy and death from starvation during the winter has been forwarded to Washington by Baron Eichhoff, head of the Austrian peace delegation.

"The representatives of the allied and associated powers in Paris are fully aware of the distress by which Austria is actually afflicted," says the appeal. "By the end of the present month the people will perish by cold and starvation. This is a fact which nobody calls into question."

Must Have Credit.

"It has been established by the deliberations of the reparations committee and of the supreme council that Austria can only be saved by granting her the necessary credits and the hope that the powers would do so holds up to a certain extent the morale of the people. At the present moment this situation has come to an especially critical phase, the European powers having declared that they cannot grant credits and that America's co-operation offers the only chance for saving Austria.

Aid Is Imperative.

"It is therefore the sacred duty of every representative of the Austrian people to address a most urgent appeal for help to the whole population of the United States of America. We ought to point out to every man and every woman in the United States that they alone can save our people and that by refusing aid they would abandon seven million creatures to death from cold and starvation."

VANDERBILTS NOW HOMELESS

New York, Jan. 9.—The Cornelius Vanderbilt home, fronting Fifth avenue from 57th to 58th street, has been sold for \$5,500,000 cash, it was announced today. It was said that the residence, one of the most costly in America, would make way for a \$20,000,000 structure. The name of the purchaser has not been disclosed. Representatives of the family said they had decided to sell because of the cost of maintaining the mansion.

SOCIALISTS TO PUT UP FIGHT FOR ASSEMBLY

New York Radicals to Make Effort to Stay.

New York, Jan. 9.—Republican leaders from all over the state held informal conference on the assembly's suspension of its socialist members and the resultant effect on the electorate of the state. Meanwhile the five suspended assemblymen are planning a bitter fight for reinstatement.

The executive committee of the New York socialist party issued a statement today demanding that the assembly immediately repeal its action which was characterized as an "affront to the voters of the state, disgraceful and un-American."

Solomon Makes Statement.

In a statement issued, Charles Solomon, one of the suspended assemblymen, declared undue emphasis had been placed on the manifesto of the socialist party adopted in Chicago at the national convention.

Asserting that it was being used in the "plot to unseat the members," he said: "This manifesto said the league of nations is the 'capitalist block international'; that the true aim of this alliance of capitalist powers is to safeguard their plunder, to bully and dominate the weak nations, to crush proletarian government and to swat everywhere the movement of the working classes."

WEATHER

SATURDAY, JAN. 10.

Forecast: Partly cloudy and warmer Saturday; local snows; colder on Sunday.

Highest yesterday, 24 degrees. Lowest yesterday, 11 degrees. Precipitation, a trace.

COAL MEN MEET TO PLAN THEIR FUTURE COURSE

Power of Wilson's Board to Fix Price May Be Put to Test.

Washington, Jan. 9.—The policy of the coal operators in the settlement of the coal strike issues and the attitude to be assumed towards the president's commission to investigate wages and prices was considered today at a meeting of the wage scale committee of the central competitive field considering the commission's hearings at which both miners and operators will appear.

It was learned today that refusal to accept the commission as now constituted was advocated by some of the operators who have charged that the body will begin its work with commitments.

Most of the operators agreed that a declaration of their stand should be made before the work of the commission gets under way. Another course favored by some of the mine owners was to furnish the commission with all of the data it might ask for; with the understanding that the operators would not consider themselves bound by the conclusions of the commission.

MARTENS NABBED BY OPERATIVES

Washington, Jan. 9.—Subpoenas were served tonight on Ludwig Martens, self-styled Russian soviet ambassador, and his secretary and spokesman, Santori Nuorteva, calling for their appearance Monday before the senate foreign relations committee, charged with an investigation of Russian propaganda in the United States. Both accepted the summons. Martens, for whom department of justice agents have been seeking with a warrant, was served with the subpoena here at the home of a friend with whom he had spent the afternoon.

Reformists Decide on Separate Church

LONDON, Jan. 9.—A Prague wireless dispatch says the Society of Reformist Priests of Prague has decided by a vote of 140 to 66 to separate from the Vatican and form a (Czecho-Slovak national church.

GERMANS TRIED TO STEAL IDEAS FROM FACTORIES

New York, Jan. 9.—Inclusion of the clause in the covenant of the league of nations "affording protection to American creative thoughts and inventions equal to that which we afford to foreigners," was the plea of Simon Lake, submarine boat inventor, in an address at the organization of the National Laboratory Foundation.

He declared the pirating of American ideas has been practiced by certain countries for years. As proof, he read a copy of a document he said was given him by an American consul in Germany. It was a notice to German manufacturers and warned them from permitting foreigners to visit factories and laboratories where any new design of machinery or processes were in use, but urged them to "send confidential representatives to secure employment in foreign factories, especially American. You would thus acquire what others know, which, added to what you alone know, will give you the advantage over the rest of the world."

Name Successor to Herrmann Feb. 11

Chicago, Jan. 9.—Selection of a chairman of the national baseball commission to succeed August Herrmann who has resigned, probably will be made at the joint session of the two major leagues here Feb. 11. John Heydler, president of the National League, announced tonight.

It is said that all the soldiers in the armies of Sweden and Denmark can read and write.

WAR TO END FOR ALLIED POWERS THIS AFTERNOON

United States Still Will Be at War With Germany.

Paris, Jan. 9.—(By the Associated Press.)—Tomorrow's ceremonies establishing a state of peace between the allies and Germany and putting an end to the armistice, will be divided into two parts.

The representatives of the five powers will meet first in the office of the minister of foreign affairs, Baron von Lersner, head of the German peace delegation, and Herr von Simon will be invited to sign in Germany's name the protocol of November 1. They will receive from Premier Clemenceau a letter binding the allies to reduce the amount of material for the destruction of German war vessels at Scapa Flow.

Powers to Sign.

The second part will follow immediately in the Clock Hall. The thirteen powers which have ratified the treaty will be represented here by one delegate each. Minutes will be drawn up on the following matters:

Signing of the Versailles treaty; the signing of the protocol and signing of the agreement of the United States, Belgium, Great Britain, France and Germany relative to occupation of the Rhine. After the signature of these is complete they will be handed to France for deposit in the archives. The records will be printed on large sheets of quarto parchment paper and the seals of each plenipotentiary will be affixed with the signatures.

The ratification ceremony will be followed by the resumption of diplomatic relations between the allies and Germany.

Another immediate result of the ratification will be the repatriation of German war prisoners.

"Tiger" Asks Speed.

It was at Premier Clemenceau's request that the work was hurried to get the documents ready for Saturday instead of for Monday or later. The French premier desired that Premier Lloyd George sign for Great Britain and Premier Nitti for Italy before their departure rather than have lesser members of the delegations affix their signatures. Premier Clemenceau also wished to have the ratifications finished this week so as to devote all of next week to preparation for the Versailles elections next Monday.

POLICE GRAB MAN WHO SAW LAFRANCE DIE

Chicago, Jan. 9.—Harry Bonnie, aged 19, of Marine City, Mich., was arrested today and confessed, according to the police, that he witnessed the murder of John LaFrance, a retired ship builder, in Fair Haven, Mich., the night of Dec. 27. He accused Louis Parquette, also of Marine City, of shooting LaFrance, the police asserted. Parquette is being sought in Benton Harbor.

The pair had entered the LaFrance home and rummaged the house when they were surprised by LaFrance, according to the police version of the story. Then Parquette shot LaFrance. The dead man's clothing yielded \$67. It was said.

DEATH PENALTY ASKED FOR NEW

Los Angeles, Jan. 9.—Harry New, on trial charged with the murder of his fiancée, Freda Lesser, was described "cold blooded murderer" and the death penalty demanded for him by Asa Keys, deputy district attorney, before the jury tonight. Keys reviewed the evidence for both sides and said that out of the hundreds of persons who had known New the defense could secure depositions from only three persons who expressed a definite opinion that New was insane.

Missouri Republicans to Meet 5th of May

Kansas City, Jan. 9.—Kansas City was selected today as the place and May 5 for the date of the Missouri Republican state convention to name delegates-at-large to the Republican national convention. The decision was reached by the Republican state committee. The league of nations was made the issue in the Third Congressional district, where a special election is to be held to select a successor to Secretary of Commerce Alexander.

The different diseases that affect mankind number about twelve hundred.

UNCLE SAM GOT TRADE SECRETS WITHOUT COST

Chemists Gave Services to Nation, Manufacturer Testifies.

New York, Jan. 9.—A story of how American capitalists spent vast sums without expectation of return or profits to aid in the manufacture of explosives for the war was told today to members of the house committee on expenditures of the war department. It developed incidentally that the same men had put at the service of their country important secrets for the extraction of nitrogen from the air.

The committee met to open an investigation of an expenditure of \$84,000,000 for two nitrate plants at Mussel Shoals, Ala.

Wanted No Profits.

Frank S. Washburn, president of the American Cyanide Co., which built one of the plants, informed the committee that the company had made no profits on \$89,000,000 worth of war work.

"It was inconceivable to me," he said, "that during the war some men of affairs should be enabled by the government to make large profits and others should give their services for \$1 a year or risk their lives at the front. The American Cyanide did not want any profit out of its war work."

Extended Its Services.

Mr. Washburn said his company had acquired the American rights to the process of extracting nitrogen from the air from the German inventors in 1907. When the United States entered the war, he said, he offered his company's services to the government but they were not accepted until after the government had started work on another air nitrate plant to use another process. This plant, according to members of the committee, cost \$22,000,000 and was abandoned after it had produced 50 tons of ammonium sulphate.

Shortage Was Feared.

Colonel J. E. Hopper, former chief of the gun division, was asked by the committee about the necessity for building air nitrate plants when the government had 600,000 tons of Chilean nitrates when the armistice was signed. He said that if the war had been continued there would have been a shortage of nitrates, even had the partially built plants at Toledo and Cincinnati been completed.

PALMER ASKS FOR SUFFRAGE

Newark, Jan. 9.—Attorney General Palmer has written to the twelve Democratic assemblymen-elect of New Jersey, requesting their influence to secure ratification of the woman suffrage amendment at the coming session. The request is similar to that recently made by Homer S. Cummings in a letter to James R. Nugent, a state Democratic leader, which Nugent refused on the ground that "woman suffrage is the greatest menace now threatening the stability of American institutions."

Mr. Palmer wrote that he was convinced that immediate ratification would "furnish an important force in helping stabilize our institutions."

Eight Documents in Peace Pact Signed

PARIS, Jan. 9.—Eight preliminary documents, concerning enforcement of the treaty, have been signed in preparation for the signing of the Versailles compact. Five of these concern Galicia and other territories affected. The other three between the Poles and the Germans details the relations of these countries.

KAISER ASKED TO GO HOME?

THE HAGUE, Jan. 9.—The first chamber of the Dutch parliament has drafted and presented to the Dutch cabinet a suggestion that it is now desirable that Holland request former Emperor William of Germany to return to his own country. The government, however, does not consider the memorandum of importance. So far as the correspondent has been able to learn, the Dutch will not surrender the one-time German ruler.

PERSHING GETS BIG RECEPTION FROM KANSANS

Visits Leavenworth and Is Guest at Famous Home for Veterans.

Leavenworth, Kan., Jan. 9.—A military reception and ball attended by 330 army officers and their families and many civilians brought to a close the visit of General John J. Pershing who came here on an inspection tour.

One feature of the visit today was General Pershing's welcome at the soldier's home. More than 2,000 veterans of the Civil war gave him an enthusiastic greeting when he appeared. Addressing the veterans the general said:

"The soldiers who fought in the great war learned patriotism and duty from you. We are proud of their conduct on the field where they have maintained the best traditions of the American soldier. They carried to the field of France the inspiration from you."

"They have organized an American Legion which has for its creed, practically the same principles as the G. A. R. and I trust that all patriotic people will support this new organization which is going to carry on in your stead in years to come."

General Pershing was given a reception at the court house where 15,000 people shook hands with him. He was presented with a set of silver spurs.

BRONZE HORSES ARE REPLACED ON GREAT CATHEDRAL

VENICE, Jan. 9.—The four bronze horses which adorned the facade of St. Mark's cathedral have again been put in place after an absence of more than two years due to their transfer to Rome where they had been kept to avoid capture by the Austrians or destruction by air bombs.

The horses are regarded as the finest specimens of ancient bronzes and, according to tradition, graced the triumphal arch of Nero. In the reign of Constantine, they were taken by that emperor to Constantinople. There they stood until 1204 when they were brought to Venice and placed on St. Mark's cathedral. There the horses remained for almost six centuries.

Napoleon, after he had conquered Venice, took them to Paris to adorn the arch of Triumph in the Place du Carrousel. After his defeat at Waterloo they were returned to their original place in St. Mark's, where they remained undistributed for a century.

The horses stand five feet in height and are the only ones in existence representing an ancient chariot quadriga.

Turkish fans, though often elaborately decorated, must never have upon them the likeness of any living thing.

No Great Act of Heroism Required.

If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it. Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual.

Jan. 1-1 mo.

Turn Hair Dark With Sage Tea

If Mixed With Sulphur It Darkens So Naturally Nobody Can Tell.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage, and the messy mixing at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wych's Sage and Sulphur Compound." It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wych's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustrous appearance of abundance which is so attractive.

"PHONEY" CHECK CAUSES ARREST OF LUMBER MAN

Says Check Was Given Him by Friend for Cash Advanced.

A man giving his name as Savio was arrested last night while attempting to pass what is believed to be a worthless check for \$47.50 at E. W. Wickert's soft drink parlor.

The check is on the First National Bank of Hancock, Mich., is made payable to John H. Nelson and is signed by the Wilson Lumber Co.

Savio tendered the check in payment for a ten cent purchase and when asked to "wait a minute till we look it up" he grabbed for the check, tossed down a dime and started for the door. However, he was detained by Constable Gus Asp, who is employed at the Wickert place, until communication was established with police headquarters.

Savio claimed he had been given the check by a man to whom he had advanced the cash, but investigation failed to disclose any such man as described.

The matter will be further investigated today and some action taken on the case.

AT THE THEATRES

At the Delft.

Mary Roberts Rinehart, one of the most prolific and entertaining writers in this country created a charming and whimsical character in Dorothy Grant, the diminutive patriot who is the chief figure in "Her Country First." Vivian Martin's latest Paramount picture, which will be shown at the Delft theatre today. It is certain a more gifted actress than Miss Martin could not be found to visualize the part on the screen. Discriminating critics call "Her Country First," one of the best stories Mrs. Rinehart has ever written. The scenario version was made by Edith Kennedy and the support is unusually capable.

At the Strand.

A woman's soul cannot be read like a book. It is too complex. Yet it is possible to take fragments of it and reveal some of the keen suffering, the unknown joy that surge through a woman's heart.

Gladys Brockwell has done this to perfection in "The Call of the Soul," a William Fox photodrama which opened yesterday at the Strand theatre. In this play she portrays a woman whose heart is torn between love for the little child that came to her as a result of a dreadful experience and her love for a man who believes her to be a pure woman. It is a bitter love she tastes while the child is kept in hiding, and still more bitter is the trial when her husband discovers the secret. But his heart softens as her overpowering motherly love is revealed, and he takes the mother and child into his arms.

The tensely emotional role of the mother is a typical Gladys Brockwell role, and Miss Brockwell does full justice to the manifold opportunities it offers her dramatic skill. The work of the supporting cast, also, is excellent.

W. Scott Darling and Roland Conklin are writing Supreme comedies which are being made by a southern California producing company for Robertson-Coie. Henry Depp, Teddy Sampson, Molly Malone, Kathryn Lewis and Paul Willis are some of the stars.

Second Violet Heming Story.

"The Princess of New York," a story by Cosmo Hamilton, has been selected by Famous Players-Lasky for the second screen starring vehicle for Violet Heming. Miss Heming has completed the title role in Famous Players' production of "Everywoman."

Reproduce Music Hall.

A London music hall of 1850 was built at the Amsterdam Opera house, by Famous Players-Lasky for the screen version of "Dr. Jekyll and Mr. Hyde," starring John Barrymore. Director John S. Robertson obtained the ideas for the details of this set from talking to a number of old actors and from the New York public library, and he claims that the result is accurate in every way.

Scott Sidney is directing Fay Tincher, Earl Rodney, Neal Burns and Eddie Barry in a new western comedy.

Saccharine is so sweet that one part dissolved in ten thousand parts of water is easily tasted.

UNITED STATES BUSINESS MEN ENCOURAGED

Seven Passenger Liners Assigned to Trade in Latin Americas.

Buenos Aires, Jan. 9.—American business men in Argentina received with pleasure the announcement that the United States Shipping Board had allotted seven of its fast passenger liners for service between New York and South American ports including Buenos Aires. They have felt that they have been struggling against a handicap owing to slow mail communication and passenger transportation between the United States and this country.

If the Americans here wanted to send a letter to the United States they knew that in the past it would require at least 30 days for the letter to reach New York and that frequently it would require 40. To send a representative to the United States on a business mission would require three months before the agent could return to Buenos Aires.

Meantime the American's chance of doing business has fallen into the hands of a European competitor who could communicate with his principals by mail within three weeks. Fast steamships have been arriving here from European ports almost twice a week while the mail from the United States came mostly by slow freight steamers.

One of the difficulties of which the Americans here complained was the delay in receiving bills of lading for goods sent from the United States to Argentina. This was due to the fact that the bills could not be sent on the steamer which carried the goods and there were few fast steamers which could bring them here at the time the goods arrived.

Bills of Lading Slow.

When the bill of lading was sent on slow ships the goods were held in the custom house here until she arrived.

On the other hand bills of lading on goods shipped from England came through on fast steamers which often arrived here before the goods were received.

The Americans here say that cable communication to the United States costs 53 cents a word and that the capacity of the cables is trebly overtaxed.

He Says Finger-Print 'Em.

One of the interesting suggestions for a novel way in which Constance Binney may autograph photographs has come from a Colorado mining engineer. He suggests that Miss Binney finger-print all of her pictures and gives several examples of fitting autographs to be signed with it. The contests for novel suggestions is still open with an autographed picture of Constance offered as a reward for the most clever idea.

"The Beloved Cheat," starring Lew Cody was directed by William Christy Cabanne, former chief of staff for D. W. Griffith and more recently director of Douglas Fairbanks pictures.

To the Dyspeptic.

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

Jan. 1-1 mo.

FRAME-UP PLOT IS CHARGED BY COMMISSIONER

Colver Defends Men Taken in Recent Raids.

Washington, Jan. 9.—Charges that arrest of federal trade commission employees made in the recent department of justice campaign against reds have been the result of "frameups" designed to build the theory that the commission is a "hot-bed of Bolshevism" were made today by W. B. Colver, of that body, before the senate agriculture committee. Colver left the intimation that the larger Chicago meat packing concerns had connived in some degree with Ludwig Martens, "ambassador from the Russian soviet republic" and S. Nutovata, Martens' secretary.

Colver likewise voiced a demand for legislation to regulate the industry, need of which was proved, he said, by the recent agreement between the packers and the government in settlement of anti-trust proceedings.

"Competition is lessening and monopoly is increasing even though we exhaust the powers of federal law intended to restrain it," said Mr. Colver. The first instance of the "frame-up," he said, had resulted in the arrest of Robert Mallen, a former clerk for the commission in raids directed last week at Chicago. Mallen was later released.

Johann Ohso, another employe of the commission, Colver said, was arrested in Washington this week, while on a visit to S. Nutovata, having been pointed out to police as Martens, who is being sought by the secret service.

Reading an alleged claim of Nutovata and Martens that purchase of meat supplies from Chicago packers had been arranged with the object of getting it through the allied blockade to Russia, Colver said he considered this connection between packers and the soviet representatives "significant" as it concerned Ohso's arrest, as Ohso visited the office of Nutovata in response to a direct telephone request. Principles incorporated in the recent Palmer settlement with the packers should be worked out in laws and amplified, he said. The federal trade commission would not stop because of the settlement, any of its proceedings against the packers, having to do with unlawful trade practices.

Consumer Is "Goat."

To show that the consumer was not getting any benefit from lower livestock prices, Colver presented a diagram showing that August 1 live hogs sold at 22c, while pork loin sold in Boston for 34c, while on Oct. 23, when live hogs sold at 12c, loins sold at 37c in Boston.

Member of Show Co. Gets Death Message

Miss Lillian Keith, one of the chorus of the "Listen Lester" company, was called to her home in Pittsburgh by a telegram received yesterday afternoon, announcing the death of her father. She left on the evening train and did not appear with the company last night.

The city of Winnipeg has decided that married women shall no longer be employed in municipal positions, except in exceptional cases.

The Best Cough Medicine.

When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it, and when in need of such a medicine is almost certain to use it himself and in his family. This is why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cubrun, Ky., says: "I have used Chamberlain's Cough Remedy in my family for the past seven years and have found it to be the best cough medicine I have ever known."

P. A. LINT MADE BOY SCOUT HEAD IN COLUMBUS, O.

Friends of P. A. Lint, former principal in the Escanaba high school, will be interested to learn that he has been selected as head of the Boy Scout activities in Columbus, Ohio, and is now having his household goods which have been stored here since he went to war two years ago, shipped to him there. Mrs. Lint is in Grand Rapids and will join Mr. Lint in their new home at once.

More than 250 varieties of cheese are made in France.

DRINK HOT WATER BEFORE BREAKFAST

Says you really feel clean, sweet and fresh inside, and are seldom ill.

If you are accustomed to wake up with coated tongue, foul breath or a dull headache; or if your meals sour and ferment, you have a real surprise awaiting you.

To-morrow morning, immediately upon arising, drink a glass of hot water with a teaspoonful of limestone phosphate in it. This is intended to first neutralize and then wash out of your stomach, liver, kidneys and thirty feet of intestines all the indigestible waste, poisons, sour bile and toxins, thus cleansing, sweetening and purifying the entire alimentary canal.

Those subject to headaches, backaches, bilious attacks, constipation or stomach trouble, are urged to get a quarter pound of limestone phosphate from the drug store and begin enjoying this morning inside bath.

Just as hot water and soap cleanse, purify and freshen the skin, so hot water and a teaspoonful of limestone phosphate act on the stomach, liver, kidneys and bowels. Limestone phosphate is an inexpensive white powder and almost tasteless.

Entertains At Bridge.
Mrs. Fred Winchester, of Wells, entertained a company of friends at bridge at her home last evening. Mrs. Cecil Fisher winning the prize. The affair proved intensely pleasant and dainty refreshments were served during the evening.

Senior Class Ball.
Last night's senior ball in the gymnasium of the local high school eclipsed any former event of that kind held here for years. It was stated by many of those who enjoyed the great evening of entertainment.

For several days committees have been busy putting the floor of the big hall in condition, and arranging one of the prettiest and most striking decorative schemes so far used in a similar event.

The colors, gold and purple, were used in the most lavish profusion in the decorations, great streamers of this colored paper being festooned from a big square in the center of the hall to the balconies, on all sides. Evergreen was also used with clever artistic effect in the decorative scheme.

Over in one corner of the room, enclosed by a neat white fence was a cozy corner for pleasant social interchange and rest.

The dance was an invitation affair confined to the student body of the school, the faculty and the alumni.

Dewey's orchestra, seated in the center of the hall, furnished the music and punch was served during the party.

The ball was regarded as one of the most successful ever held by the high school body and was thoroughly enjoyed by the big crowd present.

His Job is Putting Out the Fire

Your job is preventing a fire. Care beforehand is better than the most efficient fire department service on earth.

The Hartford Fire Insurance Company has perfected as great a service for preventing fires as it has for insuring against fires. Do you want this service?

If so, we will gladly tell you how to get it. It costs you nothing extra.

Women's Apparel

---Begins Today---

THIS IS THE SALE YOU HAVE BEEN WAITING FOR

We are placing on sale *Today*, all Womens' and Misses' Cloth Coats, Womens' and Misses' Furs, Womens' and Misses' Suits, Children's Wool Dresses, Children's Coats, etc. When we say all that means **Hundreds**. Every single garment this season's style---and the very smartest shown in Escanaba.

Go On Sale Today at
25% to 33% OFF
THINK OF IT!

Even at the *original* prices, these Coats, Suits and Furs, etc., are real bargains. When you can obtain such class of merchandise as we sell at such extreme reduction, it means money well spent to buy. From all indications, there will be very little change in styles for next winter---so it will pay you to buy for next season's wear, as prices on all apparel will be much higher in the fall.

With this special January Clearance Reduction from our low prices, it will mean a saving to you of from 33% to 50%.

PACKAGES MAY BE RETURNED TO SENDERS

New Ruling to Abolish Present Return Plan.

By a new ruling of the post office department, second, third and fourth class matter refused, unclaimed or otherwise undelivered will be returned to the sender if the package or envelope carries a pledge that the return postage will be paid. Postmaster John O'Meara announced yesterday.

Heretofore, such undelivered matter was returned only after the sender had been notified and postage was sent to the postmaster at the destination point to cover the charges. Envelopes and packages informed the postmaster that in case the parcel was undelivered postage would be sent for its return.

This system often resulted in a great deal of unnecessary work for the receiving postmasters. Every post office of any size has huge stacks of unclaimed mail, the consignors of which had failed to redeem their pledge to "send postage" after formal notice had been given.

This nuisance will be done away with in the future. After the time for delivery has expired, the receiving postmaster will make the return and the patron who mailed the package will be expected to redeem his printed pledge by purchasing "due" stamps. In cases where the pledges are not filled and the returned mail is refused, postmasters are directed to notify the department at Washington and it is indicated that such "credit" will be stopped.

PEPIN TO COOK TURKEY DINNER FOR THE ELKS

Albert J. Pepin, who aside from being Michigan's best county clerk, is a chief of distinction and honor, has agreed to prepare a turkey dinner for three of four hundred hungry Elks at the annual homecoming celebration to be staged some time next month.

"We ought to have a big feed," a member of the committee suggested. "Certainly," replied Mr. Pepin. "That is understood. Make it a regular, old fashioned, honest to gosh turkey feed and I'll cook it." The members of the committee called him, expecting "Pep" to back down on the proposition. They were not a little jarred but mightily pleased when Mr. Pepin refused to retract and the matter was closed, with that understanding.

Preliminary plans for the homecoming were made at the meeting and smoker of the organization, held Thursday night. It is the hope of the men in charge that members of the local lodge, who now reside in all sections of the country, will arrange to be present. A great program will be arranged and every effort will be bent to make it the biggest of its kind the Escanaba antlered herd has ever staged.

Many distinguished members of the order are to be included in the list of speakers. It was announced yesterday.

MARKETS.

Oats, May 84; July 77 5/8.

At St. John, star of Paramount-St. John comedies, first appeared in motion pictures, doubling for Mabel Normand in a diving scene. "I never dreamed I'd be a star," he declared. "I was called on to do so many risky stunts that it seemed certain I'd be killed before I got that far."

LINDSTROM IS RECOVERING FROM A CRUSHED FOOT

August Lindstrom, residing at the old South Y, returned yesterday from Kenosha where he had been called by a rumor that his son Rudolph had been so badly injured on a railroad that amputation of his legs was feared necessary. However, Mr. Lindstrom found the boy had suffered a crushed foot in an accident while standing on the running board of a locomotive. The attending physician stated that amputation would not be necessary, and that the young man was getting along in good shape.

Ishpeming, Mich., Jan. 9.—Prices held firm today, though fluctuations were within narrow limits. At times, markets showed a certain degree of strength, only to be followed by a professional selling wave. Markets, such as these, are likely to encourage short selling and if such is the case this time, we will see a sharp rally in a few days. There was a little flurry in Call Money rates to 10 percent, though most of the renewals in the past few days have been at 6 and 7 percent. There were further advances in the Lead and Zinc stocks today. American Zinc selling to 21 1/2 and Butte & Superior to 28 7/8. All reports indicate general business is flourishing and this means satisfactory earnings per share. Just how long this quiet spell will continue remains to be seen, but it does look as if investment opportunities should be taken advantage of on days such as these. In the Curbs, Chief Cons. continues to hold strong while Nipissing is heavy. Some argue that the silver metal issues have already discounted the big advance in the price of the metal. Engineers Petroleum is in good demand. The Boston News Bureau states: Seneca has about \$330,000 in cash and quick assets, and are spending at the rate of about \$25,000 per month. C. & A. production for December was 4,502,000 or slightly above the November figure, while New Cornelia was 3,276,000 pounds, a decrease of nearly 1,000,000 pounds as compared with the previous month.
J. A. Minnear & Co.

GENERAL HEALTH OF ESCANABA IS REPORTED GOOD

Dr. W. A. Cotton, city health officer, in commenting on general health conditions yesterday stated that the general conditions here were splendid. "There are no dangerous contagions existing such as smallpox, which is quite pronounced in a number of towns in Northern Wisconsin and Green Bay. Conditions in the public schools show there are a few cases of throat and nasal trouble and 'everybody has a cold,' but there isn't a case of 'flu' or anything of a dangerous character here."

The Escanaba Morning Press

Official Paper of Delta County. Entered as second class matter April 4, 1909, at the postoffice at Escanaba, Michigan, under the Act of March 3, 1879.

MEMBER OF THE ASSOCIATED PRESS. The Associated Press is authorized to use for publication of all news dispatches credited to it or not otherwise credited in this paper, and also the local news published herein.

OFFICE: 404-412 LUDINGTON STREET, New York Office: 215 East 23rd St.

The Morning Press Company guarantees a daily circulation 1,500 greater than any other newspaper published in Delta county. Advertising rates made on application.

SUBSCRIPTION RATES. Daily by carrier, per week, 12 cents; Daily by carrier, per month, 30 cents; Daily by carrier, per year (in advance), \$3.00; Daily by mail, per year (in advance), \$4.50.

RAILROADS AND RATES.

While congress is considering the railroad problem it is pertinent to note the latest financial reports of government operation. In November, 1919, the gross earnings were a little less than those for the same months the previous year, and nearly \$150,000,000 above the average for November in the standard rental. However, the expenses and taxes increased \$213,000,000, and the deficit for the month was approximately \$64,500,000.

The country now realizes that first of all the railroads, in order to be of service to the nation and to promote the prosperity of all kinds of business and enterprise, must be solvent and efficient.

The country now realizes that first of all the railroads, in order to be of service to the nation and to promote the prosperity of all kinds of business and enterprise, must be solvent and efficient.

The people want the railroads to serve the transportation needs of the country. They want rates and conditions fixed to enable the railroads to do this, under the right kind of government supervision and restriction.

MANN ON THE BERGER CASE.

The announcement of Congressman James K. Mann of Illinois that he will support Victor L. Berger in his claims to a seat in the house is both surprising and disappointing. We do not believe it will have any effect upon the determination of the house to exclude Mr. Berger, but it involves a process of the mind in reaching such a decision that is difficult to understand.

A NEW RECORD.

A new record has been made for the amount of money paid for a single book. Not long ago newspaper readers, remote from the personal experience of signing a check equivalent to a small fortune for a single volume, marveled at the sum of \$56,400 paid for a single illuminated manuscript, the "Hours of Jeanne of Navarre," but the record was quite a bit distanced the other day, in London, when a book sold at auction for approximately £15,000.

THE INTER-CHURCH MOVEMENT.

Twenty religious denominations have accepted the invitation of the Presbyterian church to confer on a proposal for merger under the name of "The United Protestant Churches of America." The object is not organic union, but that may be the eventual result.

tion. The religious value will come from the clearing away of much of the theological fog that has obscured the simple precepts of the Christian faith.

TEACHERS' SALARIES.

Teachers, speaking in a general sense, are underpaid. It is a fact which is becoming more and more apparent as reports are received of movements in various parts of the country to bring about material increases in teachers' salaries.

There is a lack of good teachers; normal schools show a falling off in attendance; many are employed as teachers who do not possess the proper qualifications; young people are turning to commercial and industrial lines in which the compensation is greater.

The truth is that there is little incentive to enter the teaching profession and unless there is prompt, effective recognition of the situation, children will certainly be less well taught tomorrow than they are today.

The situation is one in which every community is interested, for a decrease in the number of teachers and a lowering of standards must in time affect every school system in the country.

BETTER LATE THAN NEVER.

It is announced that in addition to the government attempt to drive out the reds it will hereafter maintain a much closer watch over immigration in order to check the inflow of undesirables.

Well, better late than never. The lax methods at Ellis Island have been responsible for many of the country's present day ills. Reds have been freely admitted to preach and spread their doctrine of unrest. It is reassuring now to note that a closer watch will be kept of new comers. Even at this late day a stricter policy will save us a lot of trouble in the future.

DEPORTATION OF REDS.

The Chicago branch of the Federation of Labor has appointed a committee "for the protection of labor workers from deportation and exile." The action was innocent enough on its face, but when it is considered that its passage accompanied by speeches in eulogy of Emma Goldman and Alexander Berkman, and protesting against their deportation it assumes a sinister aspect.

D'Annunzio's denunciation of Wilson is nothing like so serious as his attempted d'Annunziation of Italy.

Rhode Island turned down the eighteenth amendment, but it must never be thought that the state of Anne Hutchison is ungallant; it gratifies the nineteenth.

To the red peril the ancient yellow peril is now added; it may be that out of all this will rise the rainbow of hope.

Chicago's mayor calls the league "hellish." Almost everybody is doing something to boost the league these days.

THE PIFFLE HOOK

BY SLIM PICKENS.

THE SAGE ACROSS THE TABLE is out after a regular job. He wants to be sports editor of the new city directory.

John L. Sullivan went to France to fight Charley Mitchell. The men battled thirty-one rounds, bare-knuckled in the rain to a draw and because John L. didn't win, he received nothing at all for his share of the purse.

Although Mr. Carranza probably will charge that the American oil companies are at the bottom of the eruption.

We've watched the wires closely but thus far we haven't seen the annual yarn about the bird who found a \$20,000 pearl in a plate of raw oysters.

A cargo of hemp was lost the other day in Chesapeake Bay. Pearls, hereafter, will come in ropes.

A Detroit newspaper reveals that Escanaba and Calumet, by mutual agreement, divided the upper peninsula football championship and issued a joint challenge to Lansing's claim to state honors.

There, however, is an idea. First, it would have saved us a lot of money if Mr. Willard and Mr. Dempsey had decided to become joint champions and the Reds and White Sox had followed their example.

By offering Mr. Dempsey \$400,000 to fight in Lower California the promoter is giving him the opportunity to get acquainted with some of the continent's lesser baddies.

It is possible, however, that the purse is another bit of anti-American propaganda, expected to give the greasers a chance to see Europe victorious on American soil.

We will confess, without a blush, that as far as our oyalty concerns Mr. Dempsey, we are pro-French.

Exchange of ratifications of the Versailles treaty will take place today and the United States will not be represented. Is it too late for Senator Sherman to file an objection to the proceedings?

Funny thing! During our stay in Illinois, we found a man who admitted that he was a charter member of the "Sherman for President Club" of 1916.

That gentleman, likewise, still insists that Senator Sherman looks like Lincoln—in a photograph.

Any "dry" will bear us out in the assertion that Mr. Root has drowned himself in the swimming tournament of his presidential ambitions.

TALKING IT OVER WITH SADIE

BY INOGENE

"IT'S A DARK GRAY WORLD ahead of me," said Sadie, sighing and looking dramatic at the same time, "I ain't got nothin' to live for—say, ain't that touchin' though—it's what she says in the swell love story Lis let me take, when Daddy closes the door in Oswald's face. But it ain't no kiddin' in this case.

"Me an' Henry's on the outside, don't never want to see each other again, an' ain't gona ever make up. Take it from your little Sadie, her heart's broke, but he ain't gona know it, an' take it again, there's a date with the undertaker waitin' for the next bird that even looks ouija board at this baby.

"Just you get next to yourself an' run fifty miles the other way if you lumps one of them outfits. They tells more lies on Pa when he's puttin' Ma next to what kept him out till all hours of the night, an' I'm bettin' Sadie's ain't the only young life they's ruined.

"Last night when me an' Henry lands from the show an' lunch, we cops onto the big idea of runnin' frien' ouija, just to see what he's got to say, not because we believes in it or nothin', an' ain't

the first thing it tells the world about, the dark haired vamp that's makin' eyes at Henry.

"Honest, you could a knocked me down with a look,—it even spells Mayme, the Jane's first name, an' from the way Henry's tryin' to pull the don't know nothin' 'in' about it, it don't take me long to put him wise to what I thinks of him an' Mayme too, an' it-don't him no good to put on that innocent baby stunt neither.

"Which mighta been alright, if he didn't go an' get clever an' ask frien' ouija what Sadie was doin' the other night when he was outta town. 'Show with a light man' says that outfit without a blush, when I stayed home all evenin' an' right there the party gets rough.

"By the time I gets through ravin' about Mayme an' Henry gets through with the light man, an' we both gets half way through tellin' each other they pushed, we's said so long forever an' Henry's half way down the street.

"Take it from your little Sadie, it ain't funny, an' if she didn't had to chop a hole in the ice first, she'd jump in the lake an' give people something to talk about."

January 10, 1920. January 24, 1920. LEGAL NOTICE. STATE OF MICHIGAN, THE PROBATE Court for the County of Delta.

At a session of said court, held at the Probate Office in the City of Escanaba, in said county, on the 5th day of January, A. D. 1920. Present: Hon. Judd Yelland, Judge of Probate.

D. 1919, have been allowed for creditors to present their claims against said deceased to said court for examination and adjustment, and that all creditors of said deceased are required to present their claims to said court, at the Probate Office, in the City of Escanaba, in said county, on or before the 7th day of May, A. D. 1920, and that said claims will be heard by said court on Monday, the 10th day of May, A. D. 1920, at 10 o'clock in the forenoon.

Dated December 29th, A. D. 1919. J. UDD YELLAND, Judge of Probate.

January 3, 1920. January 17, 1920. LEGAL NOTICE. STATE OF MICHIGAN, THE PROBATE Court for the County of Delta.

At a session of said court, held at the Probate Office in the City of Escanaba, in said county, on the 31st day of December, A. D. 1919. Present: Hon. Judd Yelland, Judge of Probate.

TODAY'S EVENTS.

General Parkin is to visit Kansas City and Fort Leavenworth today. The New York Republican State Committee, meets in New York City today to fix the time and place for holding the unofficial State convention at which a slate for the four delegates-at-large to the national convention will be chosen.

William Howard Taft is to preside over a Safety First meeting for children of New York city, to be held today at Albany. Caution with reference to automobile traffic will be the principal subject of discussion at the conference.

Governors of Colorado, Arizona, New Mexico, Utah, Wyoming and Idaho are to meet at Denver today to formulate a course of action in the movement to have turned over to the States the public lands and also to make recommendations for a constructive irrigation program.

The identity of the mysterious "Mr. Smith" who in the past few years has given upwards of \$10,000,000 to the Massachusetts Institute of Technology, concerning which many surmises have been indulged in by the press and public, is to be revealed tonight at an alumni dinner in Boston.

TODAY'S ANNIVERSARIES.

1870—The Utah Central Railroad was completed. 1887—John Roach, a penniless Irish immigrant who became a millionaire shipbuilder, died in New York city. Born in Ireland in 1815. 1892—Main building of the University of Missouri, at Columbia, destroyed by fire. 1909—Lawrence City, in the Klondike, almost destroyed by fire. 1919—British House of Lords passed the woman suffrage measure.

TODAY'S BIRTHDAYS.

Jacob H. Schiff, whose achievements as a financier have been exceeded only by his record as a philanthropist, born in Germany, 73 years ago today. Maj. Gen. Edwin F. Glenn, U. S. A., retired, recently in command of Camp Sherman, born at Greenboro, N. C., 63 years ago today. Reed Smoot, senior United States senator from Utah, born in Salt Lake City, 58 years ago today.

THE WAR ONE YEAR AGO.

General Smuts published his League of Nations plan. President Wilson indicated he could not support the complete territorial claims of Italy.

Don't You Forget It. Bear in mind that Chamberlain's Tablets not only move the bowels, but improve the appetite and strengthen the digestion. They contain no pepsin or other digestive ferment, but strengthen the stomach and enables it to perform its functions naturally.

Jan. 1-1 mo. In Samoa nearly all babies are taught to swim before they are 2 years old.

Kearns Wants To Split 75-25 BOWLERS MAY BE SENT TO TOURNEY

SPORT WRITERS IN LOWER STATE JOIN MOVEMENT

Recognize Right of Upper Peninsula Teams to Recognition.

The insistent demand of upper Michigan high school football teams for some sort of consideration by the lower state critics, has led to a wordy combat between sport writers of the down-state section that at least, is calling the attention of fans down there that the ancient gridiron game is played north of the straits.

Following articles in upper peninsula papers, which objected strenuously to the exclusion of non-northerners from all of the all-state selections, a movement was launched by the "M" club at the state university to play a championship game between the champions of the two sections next year.

Most of the lower Michigan papers appeared to favor the plan. There were expressions of approval, especially from Ann Arbor, Grand Rapids and Kalamazoo. Lansing, champions of the southern region, however, attempted to make light of the idea, declaring that because "Escanaba and Calumet beat a couple of saw-mill towns, they think they have been playing football."

Not Claiming Title.
An impression has been shipped into the southern section that Escanaba and Calumet are laying claim to the state title. This is misleading. There was no "joint agreement" to "split" the up-state honors and, reports to the contrary notwithstanding, no def was issued to Lansing by either team.

Upper peninsula teams are not claiming on paper, something that only a football game could decide. What the up-state wants, and expects to fight for, is recognition that the upper peninsula is a part of the state of Michigan and that since football is played by upper peninsula high schools, teams and individuals of the upper peninsula are entitled to recognition when titles and all-state individual honors are being passed around.

Claims Prove Nothing.
Whether Calumet or Iron River or Menominee or Bessemer or Escanaba or any of the northern-elevens could have trimmed the Detroit, schools or Lansing, or Kalamazoo, or Saginaw, or Ann Arbor, or Grand Rapids or any of the other southern outfits this year isn't the upper peninsula's bone of contention. The upper peninsula believes it has the best teams. That's

TODAY'S SPORT CALENDAR

Harvey Thorpe vs. George Chaney, 6 rounds, at Philadelphia.

J. Bink Holds High Score for the Week

Jake Bink is holding the high score honors for this week's bowling at the Delft alleys, with his score of 277. Frank Stonehouse is next with 258 and Earl Taylor third with 256.

Minnesota Quintet Defeats Iowa Gang

Minneapolis, Jan. 9.—Minnesota defeated Iowa 21 to 19 in a thrilling basketball game tonight. Orson of Minnesota made two long baskets in the last minute of play.

natural. Lower Michigan believes its teams are superior. That's all right. But neither section has a right to claim a corner on all of the good material. The north hasn't tried to nail such a claim to the pennant pole. A few southern towns have. There's the rub.

Detroit Paper Agrees.
However, many sport writers in the lower section have been very fair. The Detroit Free-Press, in commenting on the situation recently, said:

"Years ago it was the custom for lower peninsula teams to recognize the teams from the upper peninsula, but of late years it has been the habit of the down-state teams to forget that the Lake Superior country is part of Michigan. During the time that it was customary for an inter-penninsula championship game to be arranged which was always played on some down-state gridiron, it was a usual occurrence for Escanaba, Ishpeming and Menominee, one of which always won the upper peninsula title, to defeat the champions of the southern part of the state.

"In late years the Southern teams have not given the up-state teams the credit which they are deserving on their past record. Lansing, Detroit and Grand Rapids are prone to act in the manner which Lansing in the past so criticized Detroit for being—'domineering'—was the adjective used by Lansingites to describe Detroit elevens in past years and now is taking that attitude toward upper peninsula teams."

Just Recognition.
None, folks, it ain't a matter of championships. It's a matter of demanding the recognition and consideration the upper peninsula is entitled to. That's what Upper Michigan wants and what it proposes to get next year.

GYM CLASSES TO BE OPENED OUT AT HIGH

Shutes and Hills to Lead Work; Enrollment Is Large.

Boxing and wrestling have an important part in the plans for the gymnasium class work which instructors Shutes and Hills of Escanaba high will lead, beginning next Monday. The course is an optional one, the instructors announced yesterday. Last year not enough boys chose to take the work to warrant the organization of classes. This year, however, the interest is keener and the enrollment will be large.

Program Is Varied.
Two of the classes will be taught by Mr. Shutes and another by Mr. Hills. The hours set are during the morning session and the course will include calisthenics, apparatus work with special attention to out of door athletics during the season for each open-air sport. Wrestling, boxing, track and field games will be given special attention.

When the matter was first brought up, just before the Christmas vacation, there were less than a dozen boys in school who did not express a desire to enter the classes. However, during the remainder of the present semester, the program will permit but about 75 of the lads to enter. Next semester it is hoped that there can be fewer conflicts in time between the class-room and gymnasium periods.

Aids Major Sport.
It is conceded that the gym work will greatly benefit the men who expect to participate in the school's major sports. The men improve their ability to think quickly and act as quickly as they think, and they are put into physical trim and kept in that condition.

Ziegler Horse Wins Field Trial Money

Montgomery, Ala., Jan. 9.—Great Island Diminutive, owned by William Ziegler, New York, today won the derby stakes of the All-American Field Trial clubs at Letchatchie, Ala. Second money was won by Invader, owned by F. F. Bedford, New York.

Willie Halls Beats Hammerlock Peters

Bloomington, Ill., Jan. 9.—Willie Halls, of Canton, O., beat Hammerlock Peters, of Davenport, Ia., in straight falls here tonight.

DEMPESEY BOSS IS SATISFIED WITH PLANS Will Insist That the Bout Be Staged in America.

San Diego, Jan. 9.—If Jack Dempsey and Georges Carpentier are matched to box for the heavyweight championship of the world, it will be on an agreement that the winner take 75 per cent of the purse, according to Jack Kearns, Dempsey's manager, here today to confer with James J. W. Coffroth, whose bid of \$400,000 for the bout to be held at Tia Juana, Lower California, has been declared acceptable by Kearns.

Reiterating his former statement that he would prefer that Dempsey fight in America and the bout be promoted by Coffroth, Kearns said: "The \$400,000 bid is acceptable to us and we see no reason why the fight should not be held at Tia Juana. If it is true that Cochrane of England has Carpentier signed for a fight with Dempsey and that agreement is effective until early in February, why naturally we must wait until the agreement expires, if Carpentier is to appear in a bout promoted in this country."

GOLFERS ELECT ST. LOUIS MAN

New York, Jan. 9.—The annual meeting of the United States golf association here tonight was one of the most harmonious gatherings recorded in the 26 years history of that association. The election of officers for the ensuing year and the awarding of the three national tournaments were decided by a vote.

The new president, George H. Walker, St. Louis, in accepting his election, said he hoped that uniform rules governing the game and conforming with the accepted wish of golf players would soon be adopted.

The American and British authorities will also take up the question of standardization of balls and the much discussed stymie.

John P. Henry Will Coach Cornell Nine

Ithica, Jan. 9.—John P. Henry, former catcher for Washington Americans, today was appointed coach of the 1920 Cornell baseball team. His contract is for one year.

Kirstin Teams Will Bowl Monday Night

Two teams representing the Kirstin One Man Stump Puller company will contest for supremacy on the Delft alleys next Monday evening when a team representing the office force and one representing the factory workers will clash. Both are sassy and confident and some good bowling is predicted.

More Encouragement Is Received by Boosters Yesterday.

Enthusiasts behind the movement to try and land the 1920 Upper Peninsula Bowling Tournament for Escanaba felt more encouraged yesterday after talking the project over with a few business men. No straight from the shoulder effort to solicit funds to put the plan over will be attempted before Monday but it is expected that the required amount can be raised within a day or two after work is started.

Yesterday two donations of \$25 each were volunteered and this made the boosters feel that the idea would go through in good shape.

Want To Send Thirty.
The plan is to send about 30 bowlers from this city to Hancock during the tournament which begins Feb. 12. The funds are wanted to help defray their expenses as most of them are working men who are willing to sacrifice the wages they will lose, but are not quite prepared to defray all other expenses. With a delegation of this size singing the praises of Escanaba and pointing out the splendid facilities afforded by the Delft alleys for taking care of a tournament, it is believed Escanaba will have a fine chance to land the next meeting and it is considered worth a trial.

The advertising value of the plan to the city at large is also pointed out and if there is anyway to put the movement across, it will be done. A bowling tournament here would mean that about 300 bowlers from various parts of the upper peninsula would visit this city during a ten day period and that if those visitors had a good time here they would go a long way in boosting this city generally as a live city—a kind of advertising which is always profitable.

Don't Pay Fancy Prices

Don't let them put it over on you. You don't have to pay these fancy prices for coffee unless you see fit to do so. We sell you coffee at 35, 40 and 45 cents per pound, and we challenge all comers to give you as good a quality at from 5 to 20 cents per pound more. We buy from importer direct—our margin of profit is small, even if we do say so ourselves. Hence the saving. Live-and-let-live rules our coffee prices, as well as any price we make you.

HOLT TRACTOR IS COMING FOR HIGHWAY WORK

County Road Department
Notified of Shipment
Yesterday.

Delta county residents are promised something new this winter in the way of seeing state and county road work maintained. Yesterday County Highway Engineer R. P. Mason received word that a Holt caterpillar tractor had been shipped to the road officials of this county from Charlotte, Mich. which is the state base for the distribution of these machines.

After the war the government apportioned these tractors, which were purchased for use in Europe, among the various states and each state then distributes them to the counties desiring them. The Holt caterpillar is really a big tank with the armor knocked off. It weighs 20 tons and has 120 horsepower.

Make Auto Traffic Possible
The general plan is to use this tractor on the roads of the county this winter to keep them passable for automobiles by plowing off the snow and otherwise working them to the best advantage. In the summer season when road building is going forward the big machines will be used in hauling trains of material in grading, sloping, scarifying, etc. and doing all the heavy work which heretofore has been done by teams.

In this connection it is interesting to note that the county highway department expects sometime within the next few months to receive several trucks from the state for hauling material. The state already has furnished two of these trucks which the county has rebuilt so as to make them useful for hauling stone and gravel.

More Trucks Expected.
Mr. Mason stated yesterday that he had no idea when the trucks would be received or how many of them there would be. With the tractor and a half dozen or more trucks in use in the summer, the use of horses would practically be eliminated in road building.

Although the tractor has been shipped, there is no way of knowing just when it will arrive but it will be put to use as soon as possible after its arrival, it was stated yesterday. Being furnished by the state, it is likely that the first use of the machine will be made on state roads and that trunk lines will get the first benefit from its arrival here, although it is probable the machine will be used on county roads also.

OBITUARY.

MRS. ROBERT FINGEL.
Mrs. Robert Fingel, 24 years' of age of Turin, Mich., passed away at a local hospital yesterday afternoon following a long illness of a complication of troubles. Mrs. Fingel is survived by her husband and three children. The body was taken to the Allo undertaking parlors to be prepared for burial and will be shipped to Turin Monday morning. Services will be held in the Turin Catholic church, Rev. Father Meyer, of Gwinn, officiating, and burial will be made in the Turin cemetery.

LONDON VEXED BY MEANING OF THE TERM F. O. B.

LONDON, Jan. 9.—The question of what "f. o. b." means in America has been vexing British and American commercial interests in London. Until the question arose, British traders believed "f. o. b." meant "freight on board export vessel." American in quoting prices calculated on the customary "freight on board at point of origin." There is considerable difference and Britishers, it is stated, complained when bills were rendered. The American Chamber of Commerce says a conference of British and American business men held here decided to accept the British version. American business men here and British agents for American firms now are advising that in quoting prices of merchandise originating in America concerns there should base quotations on "freight on board export vessel." Deep collars of lace are frequently seen.

DANCE TONIGHT North Star Hall All Are Welcome

Social & Personal

COMING DANCES.

Dance at North Star Hall Saturday evening, Jan. 10th.

Dance Saturday night at North Star Hall, Ladies free.

Leap Year dance, given by Lady Maccabees, Delt Hall, Tuesday, January 13.

Entertains At Lion Shower.

Mrs. Walter Kasholm and Miss Cecilia Belanger entertained at a lion shower Thursday evening, complimentary to Miss Mary Perow of Bark River. Social amusements were enjoyed by the guests during the evening, after which refreshments were served. Miss Perow was the recipient of a number of pretty gifts.

Birthday Party.

Miss Viola Wood was pleasantly surprised at her home, 1301 1st avenue S., by a party of friends Wednesday evening on the occasion of her eighteenth birthday anniversary. The evening was spent in social amusements, featured by a number of vocal selections by Miss Jeanette Cyr. Refreshments were served at the close of the affair. Miss Wood received a number of pretty gifts as mementos of the occasion.

Installation Of Officers.

Members of Division 229, G. I. A. to the R. of L. E. held a meeting Thursday afternoon in Grenier's hall at which the following officers, elected to serve during the coming year, were installed:

Mrs. Matthew Sullivan, past president.
Mrs. Mary Harrington, president.
Mrs. S. J. Todd, vice president.
Mrs. John Trotter, secretary.
Mrs. Alice Kreamer, treasurer.
Mrs. Edward Sorley, chaplain.
Mrs. William Caren, guide.
Mrs. James Carr, sentinel.
Mrs. Stanley Tyrrell, insurance secretary.

Farwell Shower.

A farwell novelty shower was given Thursday evening complimentary to Mrs. Joseph Larrin at the home of her parents, Mr. and Mrs. Wilfred Lequia, S. 16th street. Mrs. Larrin was formerly Miss Mary Lequia. During the evening games and various social diversions were enjoyed, after which an elaborate supper was served. Mrs. Larrin was the recipient of a number of pretty and useful gifts. She will leave today for Marquette, where she will visit relatives, before going to Racine where her husband is located.

Election Of Officers.

The Woman's Auxiliary of St. Stephen's Episcopal church held an enjoyable meeting Thursday afternoon at the home of Mrs. L. J. MacMartin, 1015 6th avenue S. The following officers were elected:

Mrs. R. Schwartz, president.
Mrs. F. Raymond, vice president.
Mrs. William Kammler, secretary.
Mrs. A. G. Crose, treasurer.
Mrs. F. Olmsted, custodian of united offering.

Entertains Friends.

Mrs. C. A. Carlson, S. 14th street, entertained a few friends at her home Thursday afternoon. Social amusements were enjoyed, followed by an elaborate luncheon.

Young Peoples' Meeting.

Members of the Young Peoples' society of the Norwegian Danish Lutheran church met last night at the S. Jensen home, 704 S. 12th street. A program was carried out, after which refreshments were served.
