

# WITNESSES TELL OF ATROCITIES BY CARRANZANS

## Senate Sub-Committee Is Told Stories of Murdered Americans.

San Antonio, Jan. 14.—Stories of terrible cruelties, murders and devastations of properties, were given the senate sub-committee investigating the Mexican situation today by men in close touch with Mexican conditions. T. M. McBea, a cattle man from a border town; J. J. Britt, a Tampico lawyer, and G. E. Blalock, once head of what was the largest colony of American farmers in Mexico, were witnesses. The effect of their testimony was to strengthen the testimony that insecurity of American life and property in Mexico is growing.

**Worth More In Argonne.**  
Britt asserted that American life "was worth more in the Argonne than it is today in the country about Tampico." He is one of the men who assisted in caring for the bodies of F. J. Roney and Earl Bowles, killed in the oil fields Dec. 30. He appeared confident that the men were killed by Carranza soldiers.

Britt said the Americans stood guard over the bodies until an autopsy could be held. "We had one instance of neglecting that phase of such a case," he said, "when James Wallace was shot. I know for a fact that he was not a drinking man and yet the claim set out was that he was drunk. They had poured tequila into his mouth and over his face after he was dead in order that the odor might support their claim."

**"Only An American."**  
Reference to the killing of Gabriel Porter was made by the witness. "Who was he?" inquired Senator Fall.

"Only an American."  
Britt's arraignment of Carranza was caustic. He charged officials with misappropriation of government funds and insisted the spirit displayed in official circles found its reflection in the common peoples' robberies.

# BORAH OPPOSES APPOINTMENT OF GOTHAM LAWYER

## Says Four Members of Committee Are Sufficient.

Washington, Jan. 14.—Authority granted by the senate to the foreign relations sub-committee to employ counsel to aid in investigation of Russian propaganda developed a strong disagreement today between committee members as to the choice of an attorney.

Chairman Moses and Senator Knox favored Archibald Stevenson. Senator Borah served notice he would withdraw if Stevenson was chosen. Senator Moses pointed out that Mr. Stevenson would be particularly valuable in view of the information he had gained by his connection with the Lusk committee of New York state.

Senator Borah declared himself opposed to hiring counsel, as there are four lawyers on the committee, and particularly objected to Stevenson, saying he did not want to transfer the Lusk investigation to the senate. Protest also was made by E. P. Jennings, a machinery manufacturer, who declared Stevenson himself "should be investigated."

Mr. Jennings explained he had been unable to fill contracts for 1,000 printing presses with the Russian soviet government because he could not secure an export license from the state department.

Monday has been set for the opening of the hearing with Ludwig Martens as the first witness. Chairman Moses announced tonight.

# FIFTEEN NAVAL CHIEFS CALLED FOR TESTIMONY

Washington, Jan. 14.—A list of 15 admirals, headed by Rear Admiral Sims, was handed to Secretary Daniels today by Senator Hale, chairman of the senate naval sub-committee on investigation of navy decorations awards, with the request that the officers be summoned to appear before the committee, which will meet first on Friday.

Included in the list are Rear Admirals Benson, retired, former chief of naval operations; Knight, retired, head of the board of special naval awards; Badger, retired, general board, and Mayo, former commander of the Atlantic fleet. In addition the committee requested the appearance of Major General Barnett of the Marine Corps, and all bureau chiefs.

**Sims First Witness.**  
Admiral Sims, who recently wrote Secretary Daniels, criticizing the action in changing awards made by commanding officers and refusing the distinguished service medal awarded him, should be the first to testify.

Secretary Daniels announced today that he had received another letter of a "controversial" nature from Admiral Sims. The secretary said he had not read the letter carefully and would not make it public until he had done so, but that "a cursory examination had convinced him it contained general criticism of the navy's conduct of certain phases of the world war."

**Decker Not Included.**  
Surprise was expressed tonight that the name of Rear Admiral Decker was not included in the list of officers to be called. Admiral Decker, after the publication of Admiral Sims' letter declining the medal, in a similar letter of refusal to Secretary Daniels declared his services as naval attaché at Madrid practically prevented an alliance of Spain with the central powers.

# Bryan Predicts Speed in Treaty Settlement

Chicago, Jan. 14.—William Jennings Bryan, who stopped here today on his way to Washington, predicted the senate would ratify the peace treaty tomorrow. He said the senate must bow to the public demand that there be no more delay. "The people everywhere want action instead of words," he said.

# Give Germany Mandate Against Bolsheviki?

LONDON, Jan. 14.—(By The Associated Press)—The Berlin press, says a wireless, calls attention to an alleged intention of the entente to give Germany a mandate for suppression of Bolshevism in Russia. The press declares it is regarded as out of the question that Germany would undertake such a campaign unless she received guarantees from the entente.

# Oregon Ratifies the Suffrage Amendment

Salem, Ore., Jan. 14.—Ratification of national equal suffrage in Oregon was completed today when the president of the senate and speaker of the house in the legislature signed the resolution adopted Tuesday.

William J. Bryan says the treaty and League of Nations should be kept out of the 1920 campaign, and he is not talking in the interest of the Republican party at that.—Indianapolis Star.

# ROME PREPARES A CELEBRATION OF WAR VICTORY

## Was Somewhat Delayed by D'Annunzio Off the Reservation.

ROME, Jan. 14.—Italy has not yet had its victory celebration. The ceremonies which were to have taken place early this month had to be postponed because of the D'Annunzio incident and the unsettled political conditions. But preparations continue and when the palms of victory are handed to the heroes of the great war early next spring it will be a celebration not excelled since the most glorious days of the Roman Empire.

Workmen are now engaged in making highways by which the troops may pass along exactly the route followed by the forces of Titus and Constantine when they returned to Rome along the Alpien Way and made their way through the Roman Forum to the capitol. The victorious army will march under the famous arch of Constantine, through the arch of Titus, past the ruins of the Coliseum, which Titus built after his conquest of Jerusalem, through the historic ruins of the Roman Forum, past what remains of the Temple of the Vestal Virgins, up the Capitoline Hill to the Altar of the Father and, the monument erected to the illustrious Victor Emanuel II.

**Many Changes.**  
Since the days of the Empire the center of Rome has undergone many changes and it will require much temporary reconstruction to make it possible for troops to follow the ancient course of victors. Steps have replaced the ancient highway leading from the Roman Forum to the capitol. Consequently it will be necessary to build wooden roads over these to accommodate the cavalry and artillery. Part of this road has already been constructed and rises generally from the ruins of the tribune where Marc Anthony delivered the funeral oration over Julius Caesar to the level of the approaches leading to the capitol steps.

Cannon and ammunition carts and motor lorries will replace the chariots and mortars dragged up the famous Capitoline Hill centuries ago. There will be no elephants and camels, no prisoners in chains. But aircraft will hover over the ceremony and attest modern man's conquest of the air, even though he has never been able to equal the art achievements of pagan Rome when it was capitol of the entire known world and all discovered portions of Europe, Asia and Africa were ruled from the very spot where Italian soldiers will receive their palms.

# Bolshevism in East Directed at British

The Hague, Jan. 14.—The apparent Bolshevik movement in parts of Southern Asia and the East Indies is not so much genuine Bolshevism as it is a movement directed against Great Britain, according to a Dutch official who is in constant touch with affairs in the Far East.

"We have learned," this official told The Associated Press correspondent, "that delegations from Afghanistan, from British India, and from some other Asiatic countries, have been at Moscow in close communication with the Soviet government."

"It is apparent that those who seek aid from the Russian Bolsheviks almost invariably are those elements which have fought British rule in India, or British control in other parts of the East. The aim is simply to get Russian backing for their anti-British campaigns."

Holland has had considerable difficulty with Bolshevik agitators in her East Indian colonies, but at no time has an actual revolt been started.

# SEND OUT CALL FOR CONFERENCE

New York, Jan. 14.—A call for one of the greatest international conferences of commercial and financial figures ever assembled in an effort to find a remedy for the financial and commercial chaos caused by the war, was issued today after the meeting of a coterie of well known financiers. The appeal was issued simultaneously in France, Great Britain, Holland, Switzerland, Denmark, Sweden and Norway. In each case the documents were signed by business, financial, political and educational leaders.

Among the American signers are J. P. Morgan, Herbert Hoover, Frank A. Vanderlip, H. P. Judson, president of Chicago University, Arthur T. Hadley, president of Yale, A. W. Mellon, Pittsburgh, William Howard Taft, Daniel Willard, Baltimore, Harry A. Wheeler, Chicago, and J. H. Barnes, president of the grain corporation.

# WOMAN'S CLUB HEARS A FINE WELFARE TALK

## Supt. Olds Enlightened Big Crowd Yesterday Afternoon.

One of the most inspiring and informative talks delivered before the Escanaba Woman's club in many months was given yesterday afternoon at the Elks hall when Supt. W. E. Olds spoke at considerable length on child welfare problems. The meeting was well attended and Mr. Olds presented so much constructive thought in such a graceful flow of words that the big crowd of women present caught much new light.

Among other things that are likely to result from this meeting is an organized movement having for its purpose the examination of children in the public schools for dental defects. Mr. Olds explained some results achieved in Marshall, Mich., as a result of the dental society of that city making an examination of the teeth of every child in the schools. Cards were prepared and by means of certain marks it was indicated just what work the child should have done. One card was preserved by the school and a duplicate sent to the parents.

Many diseases were traced to defective teeth, Mr. Olds explained, and this was found to be one of the commonest causes of malnutrition and backwardness in public school work.

As a result of this talk it is likely that the Woman's club will take steps to cause something of the kind to be done in this city. In fact, several dentists have already been consulted and it is more than likely that an organized effort will be made to improve health conditions among the youths of this city along the lines suggested by Mr. Olds.

# JOHN F. DODGE, AUTO BUILDER, PASSES AWAY

## Career Is One of the Most Spectacular of Michigan.

New York, Jan. 14.—John Dodge, Detroit Automobile magnate, died here tonight from pneumonia.

Mr. Dodge, with his brother, Horace, came to New York to attend the automobile show. Both were stricken with influenza which developed into pneumonia. Horace Dodge is said to be out of danger. While funeral arrangements are incomplete, interment will be in Detroit, the body being sent there tomorrow.

### CAREER SPECTACULAR

Detroit, Jan. 14.—The career of John F. Dodge paralleled in many ways that of most of Michigan's leading automobile makers. It began in a small machine shop, included many struggles against failure and poverty and ended when Mr. Dodge became one of the motor kings of the world with a fortune estimated at \$50,000,000.

He was born in Niles, Mich., 54 years ago. After attending public school he served an apprenticeship in his father's machine shop. In 1886 he moved to Detroit. He was soon joined by his brother, Horace, and for years they worked as machinists.

Their first business venture was in 1901 when they opened a shop employing 12 persons. In 1912 they announced they would enter the automobile business. The enterprise was a success and now employs 18,000 persons.

Mr. Dodge is survived by his widow, a daughter and two sons.

# Hindenburg on Way to Making Fortune

BERLIN, Jan. 13.—Field Marshal von Hindenburg bids fair to become a millionaire from his writings, according to the new Berlin Gazette. It is reported that he has sold some of his works in America for \$12,000 which, at present exchange, would amount to about 2,000,000 marks.

The newspaper adds this comment: "The German army leaders understand the pound and dollar reckoning better than they did the U-boat chances, the strength of the American army and the American tanks."

### FIRE STOPPED IN TIME TO PREVENT SERIOUS DAMAGE

The makings of a nasty fire was grabbed in time to prevent serious damage at the Royal Grocery on upper Ludington street at 7:30 o'clock last night, when an oil stove which had been kept burning in the basement to prevent the freezing of potatoes, is believed to have exploded. Being caught in time, the blaze was quickly smothered; though considerable damage was done to the grocery stock by the dense clouds of smoke. The company presented the firemen with a box of cigars in recognition of their efficient service.

**ANDERSON-DOAK  
CASE OPENED IN  
CIRCUIT COURT  
Third Personal Injury  
Case Started Late  
Yesterday.**

The Delta county circuit court at recess time last night was in the midst of its third personal injury case for the term—that of Edward D. Doak vs. Oscar E. Anderson. Mr. Doak asks damages of \$10,000 for injuries received about two years ago when the bicycle he was riding was struck by Mr. Anderson's automobile.

Last night the selection of a jury had been completed and the work of taking testimony was under way. Herbert J. Rushton for the plaintiff and Torval E. Strom for the defendant are the opposing attorneys. Jurors are: P. J. Corbett, Gladstone; Peter DeMars, Escanaba; Marshal Forrest, Escanaba; George Groos, Escanaba; Fred Ironside, Gladstone; Joseph LeChance, Baldwin; Henry Pfeiffer, Masonville; Joseph Valind, Escanaba; Frank Verheyden, Escanaba; George Reno, Wells; Frank Prinn, Escanaba; Francis McCauley, Escanaba.

The case of Charles W. Green, of Gladstone, vs. the United States railroad administration, in which damages were demanded because of injuries the plaintiff received when his horses became frightened at a Soo Line engine and ran away, was settled early in the afternoon and the jury dismissed. The matter was ready for the jury yesterday morning, when negotiations were opened for a settlement. The jury, however, was held until after the noon hour, before an agreement was reached. It was understood that \$2,000 is the amount the Soo Line agreed to pay Mr. Green.

The other personal injury case, P. J. J. Borow vs. Fred Borow, arose from a collision between the Baker motorcycle and Borow auto. The jury was out but a short time when a verdict for \$102.50 was returned.

The case of Matilda Caswell against Charles Phelan was called for hearing but dismissed when neither the plaintiff or her attorney, W. J. Miller, of Rapid River, appeared in court. The Charles Erikson-Erick Anderson case, which was to have been heard this term, was continued by consent.

**F. R. A. Membership Contest.**

The contest inaugurated at the meeting held Monday night by the local council of the Fraternal Reserve Association, it is reported by members of the council, has already resulted in the securing of a number of applications.

The entire membership of the council, which now numbers 250, is divided under the leadership of Deputies R. A. Langley and Olaf Annundson on the one side and C. A. Walstad and R. M. McFee on the other. The first are known as the "Rainbow" division, the second as the "Black Hawk" division. The contest will close the night of April 12, at which time a supper will be provided for the entire membership of Escanaba council who may be able to attend. The supper to be served by the members of the losing side. E. R. Hicks, of Oshkosh, Wis., supreme president of the association and other supreme officers have been invited to attend the supper and the meeting and social session which will follow.

An interesting feature of the contest is the silver loving cup which has been offered to the member who secures the largest number of completed applications within the prescribed period. The cup, which will be engraved with the name of the winner, was placed on exhibition at Monday night's meeting and it is said that much friendly rivalry has developed among the membership as to who shall carry away this desirable trophy. The cup will be presented to the successful member by Supreme President Hicks at the supper which will mark the close of the contest. It is expected that the membership will reach the 500 mark, or double the present number, by that time.

**DEATH TRAINS IN SIBERIA ARE REAL HORRORS**

TOKIO, Jan. 14.—The death trains constitute a fearful feature of the Siberian railroad, says Colonel R. B. Teusler, American Red Cross commissioner to Siberia. Into these trains are packed at the front, say, 500 refugees most of them suffering from typhus or some other disease and infested with vermin.

The trains are sent eastward from Vladivostok. None of the towns along the way want the refugees to be added to their own troubles so the trains are passed along, the refugees dying on the way. By the time the train reaches Vladivostok frequently more than half the sufferers have died. As the bodies are removed from the cars every morning, fresh passengers are likely to be thrust in their places.

Another feature of the suffering of the inhabitants, according to Colonel Teusler, is the towns composed of dugouts which are to be found in many places. They consist of hundreds of holes dug in the ground in which the inhabitants are herded. Smallpox

is frequently among them. Colonel Teusler said that underwear is one of the greatest needs of the Serbian people. Many girls of people formerly well-to-do are now clothed in rags. If they could have ribbons and simple laces, he said, it would help to support the morale of the people.

As labor-saving machines are almost unknown in Korea, women's work is done by the crudest and hardest methods possible, from shelling rice with a heavy wood or stone pestle to washing clothes by beating them in the streams and ironing them with sticks.

We Start Our Annual  
January Clearance Sale

This sale is an annual event with us—and in fact the most important of the entire year. This year more than ever it should prove a welcome event to every person who is anxious to do his or her share in combating the tendency to higher prices. The fact that prices on most every line of merchandise is advancing right along—makes no difference in our case—Must regardless of the fact that goods going into this sale—is worth more, instead of less; close out same—to make room for new spring merchandise. Not only make-room—But need the money represented by here in advertised lines—to buy spring goods at most advantageous prices. Regardless of market—we stick to our usual policy—"Clean-up" on stocks—before the end of the season—while there is still a big demand and need of winter merchandise. In this year's sale—we offer most remarkable values—in nearly every instance, the prices quoted—are actually less than whole-sale cost today, and market prices are still climbing with leaps and bounds. Knowing today's market situation, we hope that you will buy liberally and wisely—we want you to profit to the fullest in this January Clearance.

NATIONAL CLOAK, SUIT & SKIRT MANUFACTURERS' ASSOCIATION  
PHILIP FRANKEL, Secretary  
GUARDIAN BUILDING, CLEVELAND

To The Retailers:  
Despite all efforts to control the rising cost of outer garments, we are now facing a season where every component part in the manufacture of Coats and Suits has experienced another emphatic increase in price. Men of experience engaged in the manufacture of the various materials used in our industry are sincere in their belief that the crest of high prices has not yet been reached and that, with the present high prices of raw material and labor, the next twelve months will find no relief. In fact, the outlook for fall 1920 is for a still further advance.

Take advantage of this sale. If you need a Winter Coat this winter or next, you should buy it now and save, as prices are sure to be much higher for next season

# ESKY HIGH IS READY TO MEET ISHPENING "V"

Players in First Class Condition for Opening Battle.

Escanaba high school's basketball quintet is rapidly nearing "the pink" in its preparations for the opening game of the year Friday night, when Ishpening high comes to the local floor. Splendid progress has been made during the past week by Coach Shaw and bidders for places on the quintet are working consistently and strenuously to make up for the days lost in the Christmas vacation.

Ishpening is reported to have one of the best teams it has produced in several years and the northerners are coming to the city with a great store of confidence. The battle should be one of the best in the early portion of the local schedule. Indications are that a big crowd will view it.

## Water Basketball Played at Urbana

Champaign, Jan. 14.—Water basketball as an intercollegiate sport is now being revived at University of Illinois under the coaching of E. J. Manley. Although the squad began work in November, not very much was accomplished; but since the reopening of the university, the polo players have been hard at work in preparation for the coming season. The presence of three football men on the squad somewhat brightens the prospects. H. R. Shlandeman '20, center on the eleven, being captain of the water basketball team, and R. A. Livendahl '22, guard, and R. W. Slocum '20, substitute end, also trying out. Other candidates are M. C. Cary '21, G. P. Christ '20, S. L. Peterson '20 and C. G. Chase '21.

# HARVARD HAS BIG FIELD OF TRACK HOPES

New System Is Being Tried by Crimson's Trainers.

Cambridge, Jan. 14.—Approximately 125 candidates for the Harvard University track team attended the mass meeting at the Harvard Union last night, where the present status of this branch of athletics was discussed. A new system has been laid down, by which, instead of the usual development of the few who enter as candidates because of particular prowess, the rule will be to encourage all to the ranks.

Several alumni speakers, notably W. M. Rand '09 and Herbert Jacques '11, emphasized the need for a large number of second and third-string men on the squad, adding that Cornell University's past success in track sports has been due to its encouragement of the many to try out for places.

## Premiums for Tourney Are Worth Winning

Marquette, Jan. 14.—The Northern State Normal school athletic officials, in charge of the upper peninsula high school basketball tournament, have announced the following list of prizes for the event, which will take place March 5 and 6.

First Place—Large loving cup, with smaller loving cups to second and third place winners.

Individual awards of gold watch fobs for first, second and third place winners and lettered ribbons to winners of fourth place.

Special prize to the player who is considered by officials to be of the most value to his team.

# SKATING IS BUILDING UP POPULARITY

Sport Is Rapidly Becoming Leader in Winter Season.

Skating suffered during the war, too. But it has made a healthy comeback and today is enjoying a real boom. There is more skating in the country today than ever before.

Skating associations in east and west are endeavoring to enforce regulations for championship contests that will put the sport on a par with other competitive pastimes.

In many of the cities of the country they're playing many games on skates—baseball, hockey, boxing, etc.

Hockey always has been a thrilling sport and seems greater than ever this season.

Hockey is being played in many of the big schools where it never before had been recognized in athletics.

## YOST CALLS ON ALUMNI TO AID

Ann Arbor, Mich., Jan. 13.—Coach Fielding Yost wants Michigan Alumni to send him more and better men for his football teams. He wrote recently:

"You can well realize how little real work is done by the Alumni or students themselves to influence promising athletes to cast their lots with Michigan."

He then goes on to urge that the inter-fraternity committee do all it can to keep the good men now on the Campus eligible for next fall.

"One of the most important things is to see that the men who do come are eligible," he writes. "Very few from the freshmen teams are ever eligible for the 'varsity.' This year there must be an exception—we must have all the best men of all classes at Michigan eligible for the team next fall."

The inter-fraternity commission has organized to provide free volunteer tutoring service for athletes down in their work and is also carrying on a wide publicity campaign to induce promising athletes to come to Ann Arbor. It is working through Alumni organizations and sectional student clubs.

## TODAY'S SPORT CALENDAR

Baseball—Annual meeting of American Association at Chicago.  
 Golf—Tournament of Winter League of Advertising Interests at Pinehurst.  
 Close of annual New Year's tournament at Belmont, Pa.  
 Annual meeting of Massachusetts Golf Association at Boston.  
 Yachting—Meeting of New York Yacht Club to set on the Lipton challenge for the America's Cup.

## Legion Team Begins Season's Workouts

Workouts to prepare the American Legion basketball team for its season's schedule were started Tuesday night in the high school gymnasium. Practices will continue while the team's management is arranging the year's program. Candidates for positions include Baldwin, Baum, Hirn, Bartley, Murphy, O'Brien, Corcoran and others.

## High School Boys to Use the Gymnasium

The high school gymnasium will be used by the high school boys Thursday night of this week and every Monday and Thursday night until further notice. It was announced yesterday: Only high school students will be admitted, between the hours of 7:30 and 9 o'clock. The boys will play basketball and indoor baseball, box, wrestling and use the apparatus. Members of the school faculty will be in charge.

## Hickey's Election Today Seems Likely

Chicago, Jan. 14.—Re-election of T. J. Hickey as president of the American association seemed assured tonight with arrival of the club owners for their annual meeting tomorrow. Hickey has served a three year term and probably will be elected for three more.

## United States May Send Crews Abroad

Boston, Jan. 14.—The United States probably will be represented at the Henley rowing regatta in England next summer by a crew from the Union Boat Club of this city but the selection of June 20 to July 4 as dates for the meeting is expected to restrict American entries.

## Jones to Return to Yale as 1920 Coach

Seattle, Jan. 14.—S. T. Jones, former Yale football star and coach, today telegraphed Yale stating he would grant the request that he return as coach next season. He is general manager of the Ames Ship Building and Dock corporation here.

## DEMPSEY ASKS OPPORTUNITY TO EXPLAIN

Kearns Telegraphs to Commander of the Legion.

Los Angeles, Jan. 14.—Jack Kearns, manager for Jack Dempsey, announced tonight that he had telegraphed the grand commander of the American Legion at Indianapolis asking an opportunity for the champion to appear before the supreme council of that body and give testimony as to his war record.

## Mike O'Dowd Winner of Newspaper Verdict

Detroit, Jan. 14.—Mike O'Dowd, middle weight champion, won a newspaper decision tonight over Frank Carbone, of New York, in a 10-round bout.

## Two Dartmouth Men Barred from Games

Hanover, N. H., Jan. 14.—Murphy '22 and G. E. Cogswell '20, Dartmouth college football players, have been barred from further participation in Dartmouth athletics, for playing football with the Ohio and Chicago professional teams during the winter vacation.

## Flyweights May Go for Championship

Toledo, Jan. 14.—George Bremer, of Fort Wayne, manager for Frankie Mason, announced tonight that a boxing bout for the flyweight championship of the world between Mason and Jimmy Wilde, of England, reported from Milwaukee, has not been closed. Bremer is negotiating with Promoter Ad Thatcher who staged the match here.

## I. S. Company Team Defeats Emco Five

Amateur Golfers to Play on Long Island

New York, Jan. 14.—The amateur golf championship, the most important event of its kind of the summer season, will be held in 1920 on the links of the Engineers Country Club at Roslyn, Long Island. This was decided by a unanimous vote at the annual meeting of the United States Golf Association. Of the 155 active member clubs, 108 were represented at the meeting, among the notable delegates being R. W. Lesley of Philadelphia, donor of the Lesley Cup; A. H. Pogson, secretary of the Metropolitan Association, and Oswald Kirkby. The other championships were awarded as follows: Open championship to the Inverness Club of Toledo, Ohio; women's championship to the Mayfield Course, Ohio at Cleveland, Ohio.

We Start Our Annual  
January  
Clearance  
**Sale**  
This sale is an annual event with us—and in fact the most important of the entire year. This year more than ever it should prove a welcome event to every person who is anxious to do his or her share in combating the tendency to higher prices. The fact that prices on most every line of merchandise is advancing right along—makes no difference in our case—Must regardless of the fact that goods going into this sale—is worth more, instead of less; close out same—to make room for new spring merchandise. Not only make-room—but need the money represented by here in advertised lines—to buy spring goods at most advantageous prices. Regardless of market—we stick to our usual policy—"Clean-up" on stocks—before the end of the season—while there is still a big demand and need of winter merchandise. In this year's sale—we offer most remarkable values—in nearly every instance, the prices quoted—are actually less than wholesale cost today, and market prices are still climbing with leap and bounds. Knowing today's market situation, we hope that you will buy liberally and wisely—we want you to profit to the fullest in this January Clearance.
