

## IMPROVEMENT IN OUTLOOK FOR PACT

### THRIFT WEEK IS CELEBRATED ON POTOMAC RIVER

**Economy Spasm Grabs Both Houses of National Legislature.**

Washington, Jan. 21.—Congress held its "thrif week" celebration today, a wave of economy sweeping both the senate and house. The result was decision by the house building committee not to recommend at this session, a buildings bill. Reduction by the house foreign affairs committee of the annual diplomatic and consular service appropriation bill to \$8,843,380, which is \$3,085,125 less than the state department requested and \$1,032,974 less than was appropriated for the present fiscal year, was ordered. Cut Allen Measure. Elimination by the senate of an appropriation of \$42,500,000 for the Americanization bill and substitution therefor of an appropriation of \$6,500,000 restricted to use until the end of the 1921 fiscal year instead of an expenditure over four years as the larger appropriation contemplated, was voted. Democrats and Republicans joined forces in the slashing of appropriations, the vote to eliminate customary "porky" building bills being unanimous. "We have gone mad on the question of conceiving new questions that will reach into the federal treasury," said Senator McCumber, referring to the Americanization bill which is designed to educate illiterates and Americanize foreign-born residents. The only thing that will stop it will be getting to the end of the rope when we will have to bond the country to meet expenses." Deny Salary Raises. In cutting down the diplomatic service appropriations, the house committee denied Secretary Lansing's request for an increase in the salaries of ambassadors and ministers. The only increases granted over recent expenditures were a flat \$1,000 advance to secretaries of embassies and legations and an additional item of \$250,000 for passport control, bringing the total for that purpose up to \$440,431. The drastic cut in appropriations for river and harbor improvement ordered in tearing down the annual bill for that purpose from \$42,900,000 to \$12,400,000 continued to arouse members of the house and a minority committee began the drafting of a new bill which would appropriate \$25,000,000.

### ANXIETY FELT FOR TRANSPORT

Hallifax, Jan. 21.—Anxiety was felt here tonight for the safety of the transport Powhatan and her 271 passengers after a wireless message was received from Captain Travis of the Canadian Steamship Lady Laurier, stating that his ship was along side the transport and that weather conditions were bad. The brief radio said: "Lady Laurier along side the Powhatan. Weather conditions bad."

### Montana Merchants Are Making Money

Helena, Mont., Jan. 21.—Margins of profit ranging from 34 on groceries to 75 per cent on table linen are taken by Montana retail merchants, it is declared in the annual report of the state railroad commission submitted to Governor Stewart today.

### ASQUITH SEEKS BRITISH VOTE

LONDON, Jan. 21.—(By the Associated Press)—Ex-Premier Asquith seeks to return to parliament through the by-election in the Paisley constituency arising out of the death of Sir John Macculum. The local Liberals adopted Mr. Asquith as their candidate. There is already a Labor candidate, J. M. Bigger, and as the coalitionists had decided not to contest the seat if Mr. Asquith is selected, there is likely to be a straight fight between the Liberals and Laborites, unless the Unionists run a candidate.

### GERMAN MISSION REACHES PARIS

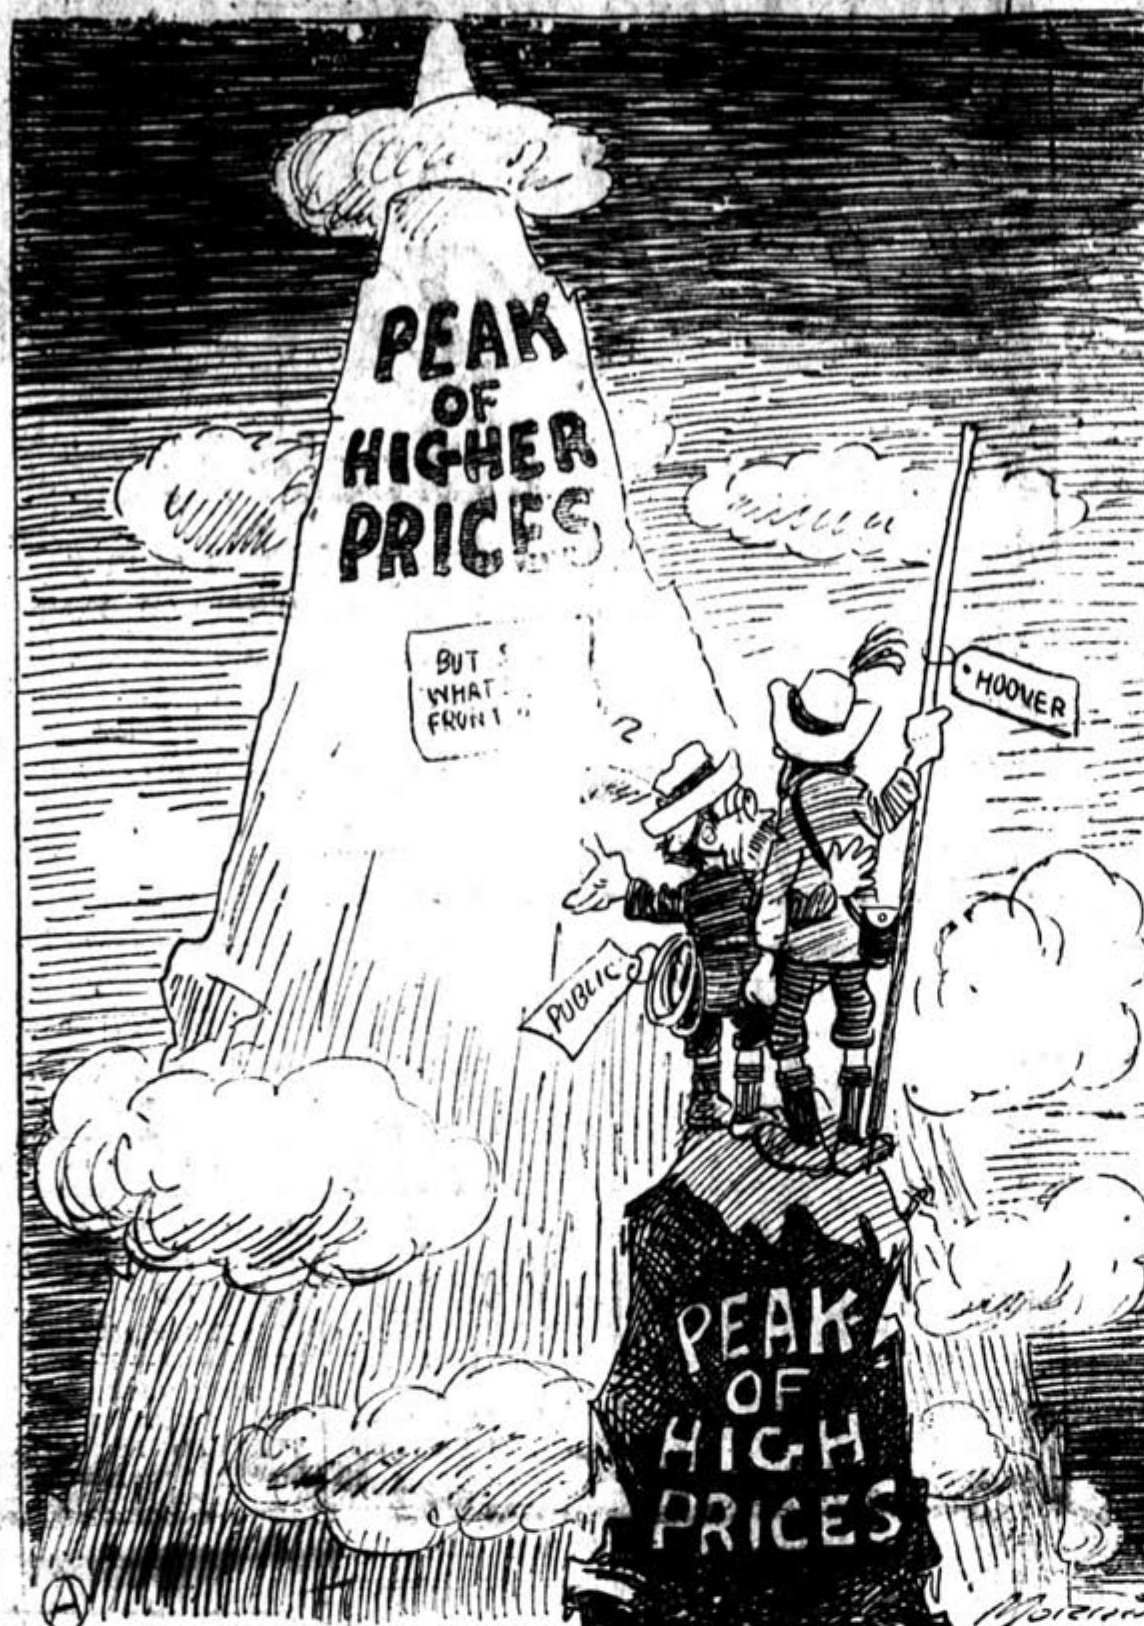

PARIS, Jan. 21.—(By the Associated Press)—The advance guard of the German diplomatic mission to Paris arrived today. It comprised secretaries and attaches who took up their residence in the former German embassy. Wilhelm Meyer, who is to be German charge d'affairs and who was due to arrive this morning was delayed in his departure from Berlin and will reach Paris Friday. Baron vop Treutler, minister plenipotentiary and delegate to the peace conference accompanied the mission.

### "We Have Reached The Peak Of High Prices—"

### DECISION IN BONAMER CASE IS RESERVED

**Judge Flannigan Will Hand Down Decision Later.**

The motion of T. J. Riley, attorney for Abe Bonamer, for the return of Mr. Bonamer of 34 bottles of whisky seized by the police last October, was taken under advisement yesterday morning by Circuit Judge R. C. Flannigan. Briefs will be submitted and the court's decision will be rendered at a later date. The motion not only attacks the validity of the search warrant under which the raid was conducted but challenges the constitutionality of the state's search and seizure law. Admitting that the search warrant may have been "drawn up crudely," County Prosecutor Torral E. Strom insisted that the intent of the law had been carried out, that the Bonamer place in reality was a public place and that the liquor was legally seized and held as evidence.

### Chicago Electrical Workers in Walkout

Chicago, Jan. 21.—Two hundred electricians in the city department of gas and electricity went on strike late today following a dispute involving the action of the commissioner of gas and electricity in placing a lineman in a street, lighting foreman's position.

### RED CROSS WILL RETURN AT ONCE

Washington, Jan. 21.—Withdrawal of American Red Cross personnel in Siberia is being carried out successfully, American Red Cross Headquarters was informed today in a cablegram from Vladivostok. With the exception of 17 nurses attached to the 27th United States infantry at Irkutsk, and six of the male personnel, the cablegram stated, all members of the commission to Siberia have started on their way to Vladivostok, from which port they will embark simultaneously with the American troops. Hospitals established by the Americans have been turned over to Anti-Bolshevik representatives and the Russian Red Cross.

### Dutch Reply To Allies Is About Ready

The Hague, Jan. 21.—(By the Associated Press)—The reply of the Dutch government to the demand of the allied powers that the former German emperor be given up to them for trial is being drafted and will be forwarded some time this week to the Dutch minister at Paris for delivery to the supreme council. Although Holland is determined to adhere closely to diplomatic precedent and not to publish the text of the reply until it is delivered, there apparently is no reason to make any change in the prediction of the Dutch newspapers that their government will decline to accede. The Associated Press was informed today by a high official that the former German emperor had been in no way consulted nor had he ever been officially informed of the demand for his extradition.

### Chicago Electrical Workers in Walkout

Chicago, Jan. 21.—Two hundred electricians in the city department of gas and electricity went on strike late today following a dispute involving the action of the commissioner of gas and electricity in placing a lineman in a street, lighting foreman's position.

### RED CROSS WILL RETURN AT ONCE

Washington, Jan. 21.—Withdrawal of American Red Cross personnel in Siberia is being carried out successfully, American Red Cross Headquarters was informed today in a cablegram from Vladivostok. With the exception of 17 nurses attached to the 27th United States infantry at Irkutsk, and six of the male personnel, the cablegram stated, all members of the commission to Siberia have started on their way to Vladivostok, from which port they will embark simultaneously with the American troops. Hospitals established by the Americans have been turned over to Anti-Bolshevik representatives and the Russian Red Cross.

### Strong Opposition to Sedition Bills

Washington, Jan. 21.—Strong opposition to the anti-sedition bills now deadlocked in the house because leaders believe them to be too drastic, is expected to develop tomorrow when the rules committee begins hearings on what constitutes sedition and free speech. The executive committee of the American Federation of Labor arranged tonight to present views opposing those of Attorney General Palmer who will defend the Graham bill. Samuel Gompers will be the chief spokesman for labor.

### POLICE OFFICER IS MURDERED IN CITY OF DUBLIN

**Two Men Believed To Be Implicated in Killing.**

DUBLIN, Jan. 21.—(By the Associated Press)—Assistant Commissioner of Police Redmond was shot and killed at 6:30 o'clock this evening in one of Dublin's main thoroughfares. When assaulted, Mr. Redmond attempted to draw his own pistol but was unable to do so before he was shot down. He was found gripping the weapon. Mr. Redmond recently was brought here from Belfast where he had been a constabulary officer, to assist in co-ordinating the Dublin police and secure increased efficiency in the detective department, in view of the murder of several policemen, for which no arrests have been made. The shooting took place within a few yards of his hotel. This hotel is almost opposite the recently closed Sinn Fein headquarters. The dead man was 40 years old and had made great changes in the Dublin detective department having placed in it several men from the north of Ireland. TWO MEN IMPLICATED. LONDON, Jan. 21.—According to the Daily Mail two men are believed to have been concerned in the shooting of Mr. Redmond. Both of them escaped. The streets at the time was in semi-darkness. The Lord Chancellor of Ireland was in the street when the shooting occurred. He stood on a corner watching the crowd gather, not knowing what had happened.

### Five Sugar Dealers Arraigned in Chicago

Chicago, Jan. 21.—Five wholesale food product dealers, recently indicted for violation of the Lever act because of alleged sugar profiteering, today entered pleas of not guilty when arraigned before Judge Carpenter. They were given 10 days in which to withdraw pleas and file demurrers.

### COMPLETE STUDY BY GROUP PLAN

Washington, Jan. 21.—Delegates to the Pan-American financial congress completed their study of international problems in groups today. Tonight they were the guests of Secretary and Mrs. Lansing at a reception at the Pan-American Union. Resolutions were adopted by the group conferences, recommending to American bankers the granting of loans to South American republics. Dr. Borja, financial minister of Ecuador reported to and obtained adoption by his national group for a plan for the refunding of the internal and external debt of the country involving \$50,000.

### New York State May Change Holiday Date

Albany, Jan. 21.—Thanksgiving day would be observed in New York state on November 11, armistice day, instead of being fixed as a holiday on a date appointed by the president or governor, under a bill introduced in the legislature today.

### NAVAL AWARDS FIGHT GETS TO SENATE FLOOR

**Marine Corps Commander in Testimony Takes Issue With Sims.**

Washington, Jan. 21.—The naval decoration award controversy twice reached the senate floor today, each time bringing forth bitter debate, while the investigating sub-committee continued its work with Maj. Gen. Barnett, commandant of the marine corps, and Rear Admiral Grant, war time commander of the first battle ship force of the Atlantic fleet, as witnesses. The controversy first reached the senate when Senator Walsh, Democrat, introduced a resolution criticizing Rear Admiral Sims for recent testimony before the investigators in which "instructions of the most confidential nature," the senator said, were laid before the world. After sharp debate, an objection of Senator Lodge, the resolution went over.

Fillibuster Blocks Vote. Later the dispute bobbed up when Senator Hitchcock, aided by Senator Pittman, Democratic member of the investigating committee, conducted a successful fillibuster against the resolution of Senator Hale, chairman of the committee, to allow the committee to employ counsel. After the two Democrats had spoken, Chairman Hale said that since "it was evident that a fillibuster was in progress" he would withdraw his motion for immediate vote. His resolution probably will be called up tomorrow.

Pending further action by the senate, Chairman Hale adjourned hearings of his sub-committee until Friday when Rear Admiral Knight, head of the board who passed on the award recommendations, will be heard. Barnett Differs With Sims. General Barnett, in his testimony, took issue with Admiral Sims, stating there was no need for promulgation by Secretary Daniels on naval medals awarded as Admiral Sims had contended. The act authorizing decoration, the marine corps commander held, was sufficiently explicit to guide commanding officers in selecting men to be rewarded.

Declaring that Thomas A. Edison, contrary to popular belief, had little to do with the perfection of submarine detecting devices, Rear Admiral Grant told the committee that two young officers on his staff, Commander G. S. McDowell and Lieutenant-Commander Miles Libbey, were largely responsible for the successful development of the apparatus. The admiral said he recommended both men for medals but they did not receive the awards.

### Five Sugar Dealers Arraigned in Chicago

Chicago, Jan. 21.—Five wholesale food product dealers, recently indicted for violation of the Lever act because of alleged sugar profiteering, today entered pleas of not guilty when arraigned before Judge Carpenter. They were given 10 days in which to withdraw pleas and file demurrers.

Albany, Jan. 21.—Thanksgiving day would be observed in New York state on November 11, armistice day, instead of being fixed as a holiday on a date appointed by the president or governor, under a bill introduced in the legislature today.

### STEPS TAKEN TO GUARD MEXICANS WHO ARE CALLED

**Mexican Government Is Hostile Towards Hearings.**

San Antonio, Jan. 21.—Cognizance was taken by the senate sub-committee investigating the Mexican situation today of the official effort that is to be made to prevent the taking of testimony, when there was inserted in the record the Mexican consul's instructions from the foreign office. That was followed by a request to Henry Forrest, who had just testified, to report to the committee any refusal by a Mexican consul to vize his passport.

A great majority of Americans who have testified do not expect to return to Mexico. Mexicans have not yet been asked to appear but many have given information regarding conditions in their country and have expressed a willingness to testify although most of them desire such protection as an executive hearing might afford them. Two witnesses today, E. L. Turner and W. B. Hinkley, testified concerning raids in the Lower Rio Grande valley where both were farming in 1915. These raids were those said to have been conducted in accordance with the "Plan of San Diego" and concerning which testimony will be heard tomorrow. Only one session was held today.

### VON BERNSTORFF TELEGRAMS ARE GIVEN TO WORLD

LONDON, Jan. 21.—(By the Associated Press)—The telegrams of Count Von Bernstorff, former German ambassador at Washington, to his government from April 1916 to February 1917 were published in Berlin according to the Daily Mail which prints a summary. It begins with Von Bernstorff's description of the situation caused in America by the torpedoing of the Sussex. The ambassador said he regarded the situation as hopeless and adding: "A repetition of such a blunder would force America into the war against us which President Wilson would greatly regret."

Bernstorff asked for instructions "with which I can calm the United States government, which now doubts us." Von Bernstorff was therefore instructed to watch President Wilson's intentions regarding mediation. Later Chancellor Von Jagow urged Von Bernstorff to encourage the president to issue an appeal for peace which he said would be gladly accepted by Germany. The Daily Mail adds dispatches to those published, showing that the peace offer of October 1917 was started by the Austrian premier, Baron Burian.

### ARMOUR SHOWS LESS THAN TWO PERCENT PROFIT

Chicago, Jan. 21.—Gross sales of Armour & Co., for the fiscal year ending Nov. 1, 1919 were \$1,038,000 and the net income was \$14,098,606, according to the annual financial report to the company's stockholders made public tonight. This was the first year in the history of the company when the gross sales passed the billion dollar mark, the report said, the figure comparing with sales of \$861,000,000 in 1918. The net income represented a return of 1.35 cents on each dollar of sales and of 6.74 per cent on the net capital investment, the statement said. Seven per cent dividends were paid on the preferred stock and the usual two per cent on the common stock, the remainder of the profits being invested in the business. "Our profits while fair considering the business conditions, show the utter absurdity of the charges that there exists undue control of the live stock and meat food market or that the packing business has profited, the statement said. It concludes: "We look to the future with confidence. We believe that the sanity of the American people will take us through the trying period in which we are living today. There must be some adjustment of prices, wages, salaries and incomes that will keep the nation in its present state of prosperity."

### Federal Troops Rush to Check Race Riots

Little Rock, Jan. 21.—A detachment of 120 federal troops from the military establishment at Camp Pike has been ordered to Dumas, Ark., where serious race trouble is feared at a negro settlement near there as a result of an armed attack by negroes late today upon a deputy sheriff and two white companions.

### MONSTER GATHERING GREETING PERSHING

Tacoma, Wash., Jan. 21.—General Pershing was greeted today by what he described as "the large crowd outside the army I ever talked to in my life" at the stadium here following his inspection of Camp Lewis. It was estimated that 20,000 persons cheered the general when he appeared at the stadium.

### CORNELL BEATS DARTMOUTH

Ithica, Jan. 31.—Cornell defeated Dartmouth 35 to 9 at basketball here tonight.

### AGREEMENT ON PEACE TREATY NOW POSSIBLE

**Many Wide Gaps Bridged by Conferees in By-Party Parley.**

Washington, Jan. 21.—Marked improvement in possibility of breaking the senate deadlock over the peace treaty was reported tonight, by party leaders participating in the bi-partisan compromise negotiations. Although the leaders yesterday came close to a schism, today's meeting, it was stated, upon authoritative information, resulted in progress in a compromise.

Outlook Is Bright. At no time since the conference began a week ago have the prospects been so bright for an agreement between the four Republicans and five Democratic members of the committee. Possibility of harmonizing differences over the fundamental controversies—Article X and the question of equal voting in the league—were the basis of feeling tonight that a compromise may yet be reached. The conferees also feel sure that possibility with some difficulties, any compromise which the conference could agree on would be accepted by the senate.

More Conferences. Another session will be held late tomorrow, after the Republican and Democratic confer separately. A number of "mild reservation" Republicans also plan to confer tomorrow.

### INCREASE SHOWN IN DEATHS FROM FLU-PNEUMONIA

Chicago, Jan. 21.—Although the number of new influenza cases reported late today decreased as compared with yesterday, the heaviest death toll for 24 hours since the 1918 epidemic was indicated. The pneumonia situation was reported to be similar. The health department said that 35 deaths from influenza and 47 from pneumonia have occurred. New influenza cases totalled 1,725 against 2,544 cases yesterday, with pneumonia cases numbering 191 as compared with 297 yesterday. Today's report placed the number of new influenza cases at 918 with 60 deaths together with 90 new cases of pneumonia and 27 deaths.

Four more moving picture theatres have been closed, the health department announced, and warnings have been sent to others to observe strictly the regulations as to sanitation and ventilation. Precautions are also being taken in restaurants and soda fountains. Following a conference with officials of the elevated lines, the car men promised to provide warmer cars. Decrease At Lakes. Great Lakes, Jan. 21.—Influenza cases here decreased one-half for the 24 hours ending at noon today as compared with the number reported within the previous 24 hours. Sixty cases were reported today as against 118 for the previous day. Deaths for the day numbered four, bringing the total fatalities to 11. There are now 524 influenza cases under treatment at the training station.

### Federal Troops Rush to Check Race Riots

Little Rock, Jan. 21.—A detachment of 120 federal troops from the military establishment at Camp Pike has been ordered to Dumas, Ark., where serious race trouble is feared at a negro settlement near there as a result of an armed attack by negroes late today upon a deputy sheriff and two white companions.

PRINTERS UNION ASSURES LEGION OF ITS SUPPORT

No Antagonism for the Organization in Typo Circles.

Hearty endorsement of the American Legion and its work was given in a recent meeting of the Escanaba Typographical Union...

It follows: "At a regular meeting of the Escanaba Typographical Union, No. 278, the following resolution was read and adopted:

"Whereas, the impression exists that there is some antagonism among union men toward the American Legion, and

"Whereas, Escanaba Typographical Union, No. 278, desires that such an impression shall be corrected,

"Therefore, be it resolved: That the Escanaba Typographical Union, No. 278, declares itself to have the most friendly regard for the organization whose aims and ideas, we are assured, are not in conflict with the principles of union labor, but are in fact devoted to establishing the highest standards of Americanism.

"Be it further resolved, that a copy of this resolution be forwarded to the commander of Cloverland Post, No. 82, of the American Legion."

JUST KIDS—The Mustard Plaster.

AT THE THEATRES

At the Strand. One of the plots that has been supplied for Dorothy Dalton, the beautiful Thomas H. Ince star, is found in her new Paramount picture, "The Lady of Red Butte," which will be shown at the Strand theater today.

Miss Dalton appears as Faro Fan, a good girl but cast in a strange environment—a dying Western town. The story begins at a theological school in the East. Webster Smith, an impulsive student, is to deliver a thesis on religious intolerance.

At the Delft. It is confidently asserted that "The Valley of the Giants," which is Wallace Reid's new Paramount-Arcraft picture and which will be shown at the Delft theater today, is a photoplay that will transport the spectator into the land of the big redwoods of northern California.

The story, which is one of Capt. Peter B. Kyne's most charming and masterful creations, deals with life in the big tree country. There are found great and noble specimens of manhood, strong in mind and body, as invincible to greed and hatred and dishonesty as the big trees themselves.

Mr. Reid plays the role of a young man who has promised his father to protect, at all personal risks, a beautiful forest glade known as the Valley of the Giants, which had been a gift from the father to his wife before her death.

Carlos San Martin, a noted Spanish actor, who has appeared in stage productions in Madrid and the larger cities of South America, has reached the movies and is now playing a role in Wallace Reid's new Paramount-Arcraft, "The Dancin' Fool." Senor Martin came to the United States in 1912, intending to go on the stage in this country, but he found the English language a hard one to master and took up screen work.

Juanita Hansen, who recently arrived in New York from the west coast to start work in a Pathe serial, is busy selecting a new wardrobe. She is occupying the studio apartment formerly occupied by Texas Guinan.

Edward Galtier, noted playwright, has contracted to write stories for the screen to be produced by Thomas H. Ince. He is the author of "Within the Law" and "The Thirteenth Chair."

Back to Work.

Jeanie MacPherson, photoplay author and scenarist for Famous Players-Lasky, is back in Los Angeles after an extended trip through the East.

Milton Sills, popular leading man, has been engaged to play opposite Viola Dana in her new Metro picture, "Eliza Comes to Stay." He will have the part of "Sandy" Varrell.

Keeping It in the Family.

Mildred Harriet Zukor, daughter of Adolph Zukor, president of Famous Players-Lasky, and Arthur Marcus Loew, son of Marcus Loew, president of the Loew circuit of theaters, were married last week.

More of the Movies' Future.

William DeMille of the Famous Players-Lasky featured directors has his opinion of the future of movies from the standpoint of a director. "We have completed our apprenticeship," he says, "and for the most part we have learned our lesson. We have mastered the elements of our trade and in the future we will be able to make use of this knowledge in the production of pictures that are true examples of true art. Art is founded on truth—it is truth. With the years of our experimentation behind us we can turn now to the full development of that art. And this we are doing and will continue to do in the future."

OBITUARY.

MRS. J. B. NOBERT. Word was received in this city yesterday announcing the death of Mrs. J. B. Nobert at Racine, Wis. She was the mother of Mrs. A. M. Prenslow, formerly Miss Elizabeth Nobert.

Mrs. Nobert had suffered for six years from diabetes. In September, 1915, her right leg was amputated above the knee and two years later the left had to be amputated. Despite these misfortunes Mrs. Nobert maintained a cheerfulness and patience that was astonishing to her friends.

Funeral services were held in Racine from the Catholic church. She had many friends here who will regret to learn of her death.

McGIBBON FUNERAL.

The body of Mrs. James McGibbon was shipped to her former home in Spaulding last night and funeral services will be held there Saturday morning. Mrs. McGibbon passed away at her home here, 1008 Ninth Avenue South, Tuesday evening.

NELSON FUNERAL.

Funeral services will be held at 2 o'clock this afternoon for Carl Andrew Nelson, five and one-half months old son of Mr. and Mrs. Charles Nelson, of Gladstone. Interment will be made in the Gladstone cemetery.

JOHN DENNIS RILEY.

John Dennis Riley, two and one-half months old son of Mr. and Mrs. John Riley of Groos, passed away at the family home in that place yesterday morning after a brief illness. Funeral services will be held at St. Patrick's church at 2 o'clock Friday afternoon, with interment in St. Joseph's cemetery.

Imagination. "My imagination," he wrote, "is still going strong at 35, and I shall imagine the smile with which you will taste these candies of mine, which, while nothing extraordinary, are at least sweeter than the peas you shelled and ate in your last picture."

Entertains Society.

Hundreds of society men and women were the guests of Famous Players-Lasky recently during the filming of a scene in Wallace Reid's latest Paramount-Arcraft picture, "The Bear Trap." The screen set consisted of a complete and faithfully reproduced automobile show.

Later the spectators were guests at the big hotels of Los Angeles, Pasadena, Long Beach, Riverside and San Diego.

The first picture in which Molly Malone will be featured as a star in Supreme comedies, will be "Molly's Millions." James Liddy is the other featured lead in this story.

"Chic" Sale, famous stage depicter of small town and "hick" characters, has finally been brought to the screen by Robertson Cole and will be featured in "The Smart Aleck," the famous Saturday Evening Post story by Irvin Cobb. Mr. Sale has been with the Shuberts in their New York Winter Garden, and more recently was engaged by Flo Ziegfeld for the Midnight Frolic.

CIRCUIT COURT COMES TO CLOSE LATE WEDNESDAY

A motion for a rehearing of the case of Gust Roberts vs. Edward Johnson, decided in circuit court in October, brought the January term to a close late yesterday afternoon. The term began January 12 and a great mass of litigation of various types was disposed of in the eight or nine days of work.

Mr. Roberts filed a bill in equity to quiet title to a piece of land in Rapid River township. At the hearing in the autumn term of court, Judge Flannigan decided that each of the contestants was entitled to a part of the land in dispute.

Mr. Johnson, the defendant asked for a rehearing of the case. The motion was argued by Ryall & Frost for the defendant and Herbert J. Rushton represented the plaintiff.

The court reserved his decision, requesting that certain parts of the record be submitted, with briefs.

DID HE GO OR WAS HE SENT?
Writing in the New York Times of January 4, Isaac F. Marcenson says of the peace treaty at the time of the President's return from Europe: "Despite the disappointment over President Wilson's personal performance, there was still hope that the nation which sent him abroad would back him up."

So far, Mr. Bryan is decidedly ahead of General Pershing in the number of words in which he has expressed his views. As to what constitutes the American ideal, which so many have struggled to state, there is perhaps nothing much better, however, than a few sentences from the "Letters from an American Farmer," published by J. Hector St. John de Crevecoeur in 1782.

BILLION-DOLLAR SAGACITY.
In footing up the total of wanton war waste, that little item, amounting to something between \$800,000,000 and \$1,000,000,000, of wholly unnecessary increase in the American people's sugar bill, should not be overlooked.

Needless to say, the President refused the advice of the sugar equalization board. Needless to say, he spurned the urgent advice of Mr. Hoover. He turned from these gentlemen, who had the advantage of knowing something about the subject, to the "opinion" of somebody who demonstrably knew nothing whatever about it.

There was one dissenting voice in the otherwise unanimous advice of the sugar equalization board, and that voice was the voice of a Professor Tausig, chairman of the federal tariff commission. It is going to cost us only a billion dollars or so to enjoy the blessings of the Wilsonian-Tausig brand of economic wisdom.

And the American people submit to it—well, why? Probably because they have to.—Harvey's Weekly.

ONE WAY OUT.
"Strikes," says Senator William S. Kenyon of Iowa, "are a relic of industrial barbarism, but they cannot go on until the government supplies a way out." It is no credit to this government that it has not worked out plans to adjust these disputes. We have civil courts. Let us have labor tribunals.

Drinking a Glass of Hot Water is a Splendid Habit

Cleanse and sweeten the system each morning and wash away poisonous, stagnant matter.

Those of us who are accustomed to feel dull and heavy when we arise; splitting headache, stuff from a cold, foul tongue, nasty breath, acid stomach, lame back, can instead both look and feel as fresh as a daisy always by washing the poisons and toxins from the body with phosphated hot water each morning.

We should drink, before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary tract before eating more food.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a fine appetite for breakfast. A quarter pound of limestone phosphate costs very little at the drug store, but is enough to make any one who is bothered with biliousness, constipation, stomach trouble or rheumatism an enthusiast on internal sanitation.

KEEP URIC ACID OUT OF JOINTS

Tells Rheumatism Sufferers to Eat Less Meat and Take Salts.

Rheumatism is easier to avoid than to cure, states a well-known authority. We are advised to dress warmly; keep the feet dry; avoid exposure; eat less meat, but drink plenty of good water.

Rheumatism is a direct result of eating too much meat and other rich foods that produce uric acid which is absorbed into the blood. It is the function of the kidneys to filter this acid from the blood and cast it out in the urine; the pores of the skin are also a means of freeing the blood of this impurity. In damp and chilly cold weather the skin pores are closed, thus forcing the kidneys to do double work, they become weak and sluggish and fail to eliminate the uric acid which keeps accumulating and circulating in the joints and muscles causing stiffness, soreness and pain, called rheumatism.

At the first twinge of rheumatism get from any pharmacy about four ounces of Jad Salts; put a table-spoonful in a glass of water and drink before breakfast each morning for a week. This is said to eliminate uric acid by stimulating the kidneys to normal action, thus ridding the blood of these impurities.

Jad Salt is inexpensive, harmless and made from the acid of grapes and lemon juice, combined with lithia and is used with excellent results by thousands of folks who are subject to rheumatism. Here you have a pleasant, effervescent lithia-water drink which helps overcome uric acid and is beneficial to your kidneys as well.

ORIENTALS DO NOT DISTURB YANK INDUSTRY

Goods They Make Cannot Be Classed With Our Own Products.

Despite the steady growth of imports from Japan since the signing of the armistice, officials of the department of commerce today declared that American markets have been but little affected by the influx of oriental goods.

During the 11 months ended with November, 1919, the latest available figures, America imported goods valued at \$367,130,187 from Japan, compared with \$264,569,502 in 1918 and \$238,550,617 in 1917.

Of Cheaper Grade. One reason for the increase in imports is the shipping facilities, now available, officials declare, though Japan's expansion in foreign trade is regarded as general.

The constant increase in Japan's export trade not only with the United States but with the world indicates a heavy demand will be made in the far East for American machinery and mechanical devices, experts declare.

No Invasion of the American markets by Japanese manufacturers is expected by trade experts of the department of commerce. At present Japan has the advantage over European exporters, they say, because of the unsettled conditions brought on by the war.

HAGGARD THINKS MIDDLE CLASS IS ON ROAD TO RUIN

LONDON, Jan. 21.—Sir H. Rider Haggard, the author, believes the middle classes of England are on the "road to ruin." This opinion he expressed in a letter to the general secretary of the Middle Classes Union, regretting that other work prevented him from assuming the presidency of a branch of the union.

"I sympathize fully with your movement," he wrote. "The middle classes, by which I take to mean all beneath the rank of Peers who do not actually earn their living by the work of their hands are, without doubt on the road to ruin."

He declared that against these classes the profiteer is given a free hand and that "under pretence of a nefarious Anti-Dumping Bill, they are now threatened with the loss of the blessings of free trade which alone enables many with fixed, or dwindling incomes, to live at all."

"If the middle classes remain dismantled and in consequence are huddled and plundered to death, as happened to the Gauls before the fall of the Roman Empire, I am sure that with them will disappear the wealth and the ancient greatness of our country," he concluded.

No Great Act of Heroism Required. If some great act of heroism was necessary to protect a child from croup, no mother would hesitate to protect her offspring, but when it is only necessary to keep at hand a bottle of Chamberlain's Cough Remedy and give it as soon as the first indication of croup appears, there are many who neglect it.

Chamberlain's Cough Remedy is within the reach of all and is prompt and effectual.

SHIPS WILL MAKE NATIONS OF TWO AMERICAS REAL NEIGHBORS

Chairman Payne Tells Big Congress About His Plans.

Washington, Jan. 21.—Affirming his belief that only by ships, and more ships could the United States and South America be brought close enough together to "shake hands daily," Chairman Payne today outlined to the Pan-American Financial Conference the plans of the Shipping Board for linking the interests of the Pan-American republics on a chain of great steamers plying between the two continents.

Indicating the American government's keen desire to establish an adequate service to South American ports, Mr. Payne said the Shipping Board's policy "has sometimes manifested itself in an optimism which the cold logic of fact has not justified." Notwithstanding that, he declared the Board would proceed with its plans.

In explanation of why fast passenger steamers had not already been put into the South American service, the speaker said the war delayed the building of passenger steamers by creating an abnormal demand for cargo ships and that the repatriation of American soldiers had caused the War Department to keep in military service many big liners.

New Passenger Ships. "We are building 26 new passenger ships for delivery this spring," Chairman Payne continued.

"Our present plans for the passenger service to the East Coast of South America are: "Five steamers, maintaining a two-weekly service between New York, Rio de Janeiro, Santos, Montevideo and Buenos Aires. "South-bound, these vessels will proceed directly to Rio de Janeiro. The five vessels selected for this service are all ex-German steamers of 15 knots speed—The Aeolus, Huron, Pocahontas, DeKalb and Princess Matoika.

Of Great Importance. "The Board regards the passenger service to South America as of paramount importance," continued Mr. Payne. "Pending the reconditioning of the five steamers mentioned

above, is doing what it can to provide a temporary service. The Moccasin will be followed early in March by the Callao and it is hoped to secure temporary use of one of the vessels now in the Army Transport service to fill the gap and maintain for the present at least a monthly sailing.

"For the calendar year of 1919, 100 Shipping Board steamers were despatched from United States port to Brazil carrying a total of 444,400 tons of cargo. To the river Plate, 129 steamers with 689,600 tons of cargo. "We are planning to inaugurate a regular monthly service between the River Plate, Antwerp and other European ports in February, and will place on this run refrigerated cargo steamers capable of lifting approximately 3,000 tons of frozen beef loading such general cargo as may be available.

Many to Start Voyages. "Following its policy of encouraging established American steamship companies rather than competing with them, the Board will place in service for the west coast under the management of Messrs. W. R. Grace & Co., the Santa Theresa and the Santa Elisa, both 13-knot combination freight and passenger vessels built especially for this trade.

"During the calendar year 1919, 62 shipping board steamers loaded from United States port to the West coast, carrying 179,000 tons south-bound and 196,000 tons north-bound. Such additional cargo steamers as this business requires will be allocated as needed."

Sale of ships which have been advertised will not affect the South American service, Mr. Payne said. He estimated that the United States fleet when present rearrangements are completed would total 1,688 ships of 9,298,669 deadweight tons.

The Best Cough Medicine. When a druggist finds that his customers all speak well of a certain preparation, he forms a good opinion of it, and when in need of such a medicine is almost certain to use it himself and in his family.

Why so many druggists use and recommend Chamberlain's Cough Remedy. J. B. Jones, a well known druggist of Cubrun, Ky., says: "I have used Chamberlain's Cough Remedy in my family for the past seven years and have found it to be the best cough medicine I have ever known."

British Studying Some New Diseases

SYDNEY, Jan. 21.—The British government has sent a party to the Ellice and Gilbert Islands in the Central Pacific to study tropical diseases such as filariasis and allied ailments such as elephantiasis. Hookworm and dysentery also will be studied. The party is headed by Dr. F. W. O'Connor, who investigated disease in China and Africa and who in the war was attached to the British forces on the Sinai Peninsula where he devoted special attention to treatment of dysentery.

Don't You Forget It.

Bear in mind that Chamberlain's Tablets not only move the bowels, but improve the appetite and strengthen the digestion. They contain no opium or other digestive ferment, but strengthen the stomach and enables it to perform its functions naturally.

Cured His Rupture

I was badly ruptured while lifting a trunk several years ago. Doctors said my only hope of cure was an operation. Trusses did me no good. Finally I got hold of something that quickly and completely cured me. Years have passed and the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no lost time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write me, Eugene M. Pullen, Carpenter, 345F Marcellus Avenue, Manhattan, N. J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

SAULT SHERIFF DEFENDS STATE CONSTABULARY Says It Helps Preserve Order in Michigan All the Time.

Sault Ste. Marie, Jan. 20.—While the members of the board of supervisors are deliberating as to whether they shall put Chippewa county on record officially regarding the state constabulary, the matter is being discussed with a good deal of interest by the general public. While there is a diversion of opinion as to the worth of the constabulary, it is certain that a great many citizens are strongly in favor of the retention of that organization by the state.

Ready to Serve. Sheriff Wallace Lundy is outspoken in his declarations that the constabulary should be retained.

One citizen whose attention had been called to the cost of maintaining the organization (those opposed to it declare it costs the state a million dollars a year) declared that the state could well afford to pay a lot of money, even a million, because it is not what it costs but what it saves.

Has Concrete Case. It is the belief of the sheriff and others that the majority of good citizens, including an overwhelming number of labor union members, are in favor of the constabulary or would be if they were given all the facts in the case and took time for consideration.

"There was a strike at the tannery here some time ago," he recalled. "It was an orderly strike, with the exception of one or two little clashes which ended in a hurry. The union men, the strikers, would have suffered most heavily if those clashes had resulted in riots that might have

led to the destruction of the plant. They knew it, and they were against any disorder. They acted admirably. But they could not entirely prevent hard feelings or control the one or two hotheads sure to attempt rough methods. Had that plant been destroyed it would never have been rebuilt, in all probability, and who knows but what the mere presence of a few of the state police in town prevented that catastrophe."

Carranza Successor to Organize Army

Mexico, Jan. 21.—The Mexican army will not be reorganized in President Carranza's term but will be left for his successor, with Congress deciding the number of men and officers to be included in the permanent establishment, says the Excelsior.

Chinese Students to Organize at Once

SHANGHAI, Jan. 21.—Miss Liu Ching-yank of Tientsin is leader in the formation in China of a great national organization of student patriots which has been formed here. This is called the National Associated Bodies of China. Its purpose is announced to be to crystallize the patriotic aspirations of the Chinese as voiced in the student movement last June when the Peking cabinet was overturned.

Blame Yanks for Coal Shortage in Mexico

Mexico City, Jan. 21.—The soft coal shortage in Mexico is being blamed on American corporations. According to Excelsior two American firms have secured control of the principal mines in Coahuila and, during the coal famine in the states, exported a great part of their output, thus causing a scarcity in Mexico.

PENNSYLVANIA LEADS NATION IN ROAD WORK

Harrisburg, Pa., Jan. 21.—Pennsylvania, led the nation in 1919 in mileage of contracts let for road construction, according to the State Highway Department. Up to Jan. 1 the state awarded contracts for the building of 679.26 miles of durable highways. Its nearest competitor was Illinois which contracted for 516.70 miles.

Pennsylvania's 1920 program calls for the construction of approximately 800 miles of roads. The department says that Pennsylvania is far ahead of other states in the organization it has perfected to build durable highways.

German Employees to Share in Profits

BERLIN, Jan. 21.—A movement is in progress in Germany to provide for the participation of employees in the profits of the large industrial concerns by purchase of stock. Krupp's works have under examination a scheme of this nature and a large number of other industrial concerns have entered into negotiations with their employees in regard to profit-sharing.

To the Dyspeptic.

Would you not like to feel that your stomach troubles are over, that you can eat any kind of food that you crave? Consider then the fact that Chamberlain's Tablets have cured others—why not you. There are many who have been restored to health by taking these tablets and can now eat any kind of food that they crave.

**INSIDERS SAY ESKY HIGH HAS BEEN LOAFING**

More of the Fighting Spirit Will Be Necessary if Locals Win.

According to information which trickled out of the Escanaba high school basketball camp last night, neither Coach Shaw or Coach Shutes is satisfied with the showing the team made in the last two or three nights' practice.  
 The vim and energy which so brilliantly characterized the football season seems to be entirely lacking. The lads are not going at full speed, critics close to the interior of the machine state, and it is feared inclination to loaf has so slowed up the entire structure that the needed momentum may not be regained for several weeks.  
 Indications were, however, that the coaches expect to use strenuous methods during the remaining practice sessions before the Menominee game Friday night, in an attempt to inject the fighting spirit so necessary to real basketball and many were predicting a complete reversal in tactics by the players.  
 Menominee is bringing a top-notch aggregation to Escanaba, all reports say. It will be one of the most grueling contests of the year and the advance sale of tickets guarantees the largest crowd that ever saw a basketball game on the local floor.  
 If the locals can be whipped into a fighting mood, their close followers believe that they will be able to win.  
 At least, that is the way the matter was viewed in well informed quarters last night.

**CUBS HANG IT ON SENATORS FOR TWO AT DELFT ALLEYS**

Taylor's Cubs put it over on the Senators (transferred from Johnson to Blake) at the Delft alleys last night in two out of three interesting games. Taylor started for his team with two totals above 200, while Frenn was the only other Cub to pass that mark, but Kelly bested him on total pins although he did not hit up any high marks.  
 For the Senators Charley Rounds rose up and smote the timber for 202 in his third game, bowling his other two in very consistent form.  
 The following are the scores:  
 Taylor's Cubs—

**Let's Have Decisions**

Old Time Boxer Believes That No-decision Arrangement Is Strangling Boxing Game in United States; Expects Much of Ex-Service Men in Popularizing Sport.

Legalized boxing never will be successful as a sport until the absurd and unfeasible laws which forbid an official decision are removed. The laws as they stand are the best friends the crooked promoter, the man who is attempting to commercialize one of the best and cleanest sports in existence, can possibly have. Friends of boxing everywhere should take immediate steps to induce the legislature of their various states to lift this lid. Keeping it on will mean the death of the game.  
 This is the position of Thomas G. White of Chicago, former featherweight champion of America, a contestant in the first legalized boxing contest ever staged in the United States and a pioneer in the sport "before it became a business." White fought George Dix for the championship in his class, in September, 1916, just after the state of New York had decided to permit public contests. Incidentally, White, who visited Escanaba yesterday on business still looks mighty fit in spite of the gray in his temples. Likewise he has some views on the subject of boxing and the present status of the sport which may prove interesting.  
 "There isn't a valid reason why official decisions should be prohibited," Mr. White continued. "There always are verdicts of some sort. You can't prevent a newspaper man from giving his readers his opinion of the outcome. The sport writers of this country generally are competent to decide those matters and most of them know the game pretty thoroughly, but there isn't any more reason for a newspaper man being called upon to decide a boxing bout than there would be for a baseball scribe to sit in a grandstand and call balls and strikes."  
 Aids the Crooks.  
 "The theory is, I suppose, that it does away with betting. No self-respecting club permits ring-side wagers anyhow. Those who want to place secret bets on the outcome may select a newspaper man to render a verdict—usually without the reporter's knowledge—and the result is the same.  
 "The new writer is protected. The fans have no comeback. But the referee who makes a mistake—and they are only human—is due for a spanking for the rest of his career. The fans never forget it. He can't afford to go wrong very many times and consequently he's mighty careful."  
 The fact that championships cannot be decided under the no-decision laws, Mr. White believes, is one of its most injurious features. "There isn't any incentive for men to extend themselves—to do their best work," he continued. "Managers can frame results of matches, send their boys around in an endless circle of so-called exhibitions, A defeating B, B defeating C, C defeating A, with nothing proved, and then they can send B back to whip A and C until it becomes sickening to the fans. That's the way the wrestling game is being conducted merely because they have been permitted to get away with the crooked stuff, while friends of boxing have made no serious effort to keep the fist art from going the same route."  
 Managers Are Menace.  
 Mr. White's views on managers of boxers are also very pronounced. "Have you heard of a big fight recently, fought on a 'winner-take-all' basis, even where such a split of the money is permitted?" he asked, and he furnished his own reply. "You

**Fred Fulton Easily Defeats Tom Coules**

Philadelphia, Jan. 21.—Fred Fulton, the Minnesota heavyweight, so badly outclassed Tom Coules, of England, in their scheduled 6-round bout here tonight that the referee stopped the fight in the third round to save Coules from further punishment.

**Jack Sharkey Wins From Albany Boxer**

Detroit, Jan. 21.—Jack Sharkey, of New York, won a newspaper decision over James White, of Albany, here tonight in their 10-round bout.

**ANNOUNCE TANK MEET.**

Chicago, Jan. 21.—A swimming team from Northwestern will meet a Milwaukee Athletic association team in the tank at Evanston Saturday night. Northwestern was twice defeated last year by the Milwaukee swimmers.

**GRIFFITH BEATS GLOVER.**

PARIS, Jan. 21.—Johnny Griffith, welterweight, of Akron, O., tonight knocked out Bill Glover, of London, in the third round of a bout here.

**MECHAN NAMED COACH.**

Syracuse, Jan. 21.—John S. Meehan was tonight chosen head coach of the Syracuse university football squad. Meehan played quarterback on the Syracuse eleven for three years.

**ESKANABA WILL SEND DELEGATION TO HANCOCK MEET**

Indications now are very bright for Escanaba being represented at the Upper Peninsula bowling tournament by five and possibly more five-man teams. The teams are now being selected at the Delft alleys by a process of elimination and special match-games between chosen bowlers and by the time for the tournament it is believed Escanaba will have a bunch of men in shape not only to make a fine showing in going after the tournament, but also having a fine chance to bring home some bowling trophies.

**FRENCH CHAMP TO REACH U. S. NEXT MONTH**

**Jimmy Bronson Says He Is in Dark About "Knocks."**  
 New York, Jan. 21.—Private advices from France indicate that Georges Carpentier, European heavyweight champion, will arrive in this country about the middle of February.

**BRONSON IN DARK.**

Joplin, Mo., Jan. 21.—James Bronson, manager of Bob Martin, heavyweight boxing champion of the A. E. F. said he had no information other than press reports of the telegram Jack Kearns, manager of Jack Dempsey, is said to have sent him, attacking his alleged methods in boosting Martin in opposition to Dempsey.  
 "Kearns is running in circles," Bronson said. "The letter to which he refers was only a copy of the resolutions adopted by the Pueblo, Colo., Post of the American Legion and an announcement of an offer I have received from promoters there to stage a fight between Martin and Carpentier."

**Legion Shows Promise.**

In the second game, the American Legion team gave the school boys a stiff chase and the game was fast and interesting. Baum at Center and Corcoran at guard gave an excellent exhibition of team work but lack of ability to score baskets annulled their efforts. Gallagher shared with Corcoran in scoring honors for the ex-service men while Murphy contributed one basket. Baldwin featured the soldiers' defense until near the close when Brotherton netted four baskets.

**CALLS TWO MEETINGS.**

Chicago, Jan. 21.—President Tearney of the Western and Three-I league tonight issued calls for meetings to be held in Chicago during the second week in February when the American and National League, American Association and National Commission will also be in session here.

**Mike Gibbons Wants to Meet O'Dowd Again**

St. Paul, Minn., Jan. 21.—Mike Gibbons and Mike O'Dowd may meet again in a ten-round bout here.  
 Although Gibbons announced his retirement from the ring after O'Dowd defeated him in their recent match here, it is said that the Phantom is willing to come back and try to defeat the Harp.  
 Gibbons thinks he can beat O'Dowd. He was not satisfied with the outcome of their recent bout, and wishes, so it is rumored, to try it again and outpoint the Harp, then retire.  
 Jack Reddy, matchmaker of the St. Paul Boxing club, thinks that the match will draw, and is willing to give O'Dowd the same guarantee for another match with the Phantom as he received last time, \$15,000.  
 After the recent bout Paddy Mullins, manager of O'Dowd, said he would be willing to give Gibbons a return match any time that the latter would wish it.  
 Reddy thinks that the bout would draw as much as did the last one. He says that but for Gibbons hurting his right hand severely and sustaining a severely cut left eye he might have beaten O'Dowd.

**MIKE GIBBONS WANTS TO MEET O'DOWD AGAIN**

St. Paul, Minn., Jan. 21.—Mike Gibbons and Mike O'Dowd may meet again in a ten-round bout here.

**SCORES FOR WEEK SHOW ESCANABA HAS GOOD TIMBER FOR TOURNAMENT**

In figuring on talent to go to the Hancock tournament next month, the local bowling league has some splendid guidance at hand in the list of high scores recorded during the past week. While these scores represent the high marks of the various individuals, they do not show that most of these men are bowling consistent games right around but below the 200 mark and that is the sort of bowling that tells, more than the spectacular stuff.  
 Following is a list of the high scores for last week at the Delft alleys:  
 Earl Taylor—225, 234, 226, 214, 216, 239, 231.  
 O. Larson—201, 202.  
 C. Driscoll—208, 212.

LEGION FIGHTS FOR RIGHTS OF SERVICE MEN

Will Begin Campaign for 100 Percent Americanism in Short Time.

One of the most enthusiastic and well attended meetings yet held by the American Legion...

Some Examples. One such case is that of a man who is drawing the magnificent sum of \$3 a month from a grateful government.

Another case is that of a man discharged at Yonkers, N. C. while he was still ill from influenza and pneumonia.

Another case of interest is that of a service man who is not a member of the legion, but who, while in the Argentine forest before the armistice was signed...

Comfort Service Men. The legion members have been sending cigarettes and candy to service men in hospitals...

It was also announced at last night's meeting that an Americanization campaign is to be started...

The legion also expects to develop the athletic possibilities of the organization and to that end named a committee last night...

Entertainment Committee. A committee on entertainment is composed of Dr. H. J. Defaet, chairman; Frank Buchanan, Benjamin Kraatz, Harold McNaughton, L. D. Goddard, Ralph Carroll, Andrew Perrin, Carl Peterson, T. F. Kessler and Guy Sullivan.

It is how pretty well established that the Bloom Syncopators, of Milwaukee, one of the most famous dance orchestras in northern Wisconsin...

Does Now Payable. It was announced at the meeting that dues for the fiscal year beginning Jan. 1 are now payable...

L. D. Goddard, post historian, soon is to begin the compilation of narratives, adventures and facts with which members of the local legion had to do in their various capacities during the war.

Americanization Plans. The Americanization plans so far received in this city are of a general nature but it is indicated that it means the teaching of a 100 percent Americanism.

The tentative program includes a campaign of education in Americanism and good citizenship. The immigrant and alien resident will be prepared for the fundamentals of citizenship. They will be taught English and the movies will be utilized to vi-

FAIR VICE-PRESIDENT OF FEDERAL EMPLOYEES UNION TO INSTRUCT AT WASHINGTON, D. C. Miss Florence Etheridge, U. S. Probate attorney for the Choctaw Indians of Vinita, Okla., who is at Washington, D. C., where she will instruct a class in sales at the Washington College of Law.

TRIS SPEAKER ONLY MAJOR TO MAKE 5 RUNS

Tris Speaker was the one major leaguer of 1919 to score five runs in a game. He did so at the New York Polo grounds on August 11, when the Indians scalped the Yanks, 15 to 9.

The major league record is seven, and it was made 34 years ago by Guy Hecker of Louisville. The Colonels were playing at home on Sunday, August 15, 1886, the American association schedule calling for them to play morning and afternoon games with Baltimore.

It was after lunch that Hecker got busy and established the record for scoring that still remains. The Kentuckians, with Guy on the rubber, beat the Orioles by a score of 22 to 5.

Guy batted seven times against Dick Conway and made one single, two doubles and three home runs. An error gave him his base once. The official scorer must have been a conscientious individual, for he did not transform that error into a blow in order to have a perfect day for Guy.

Rumanians Plan to Fortify Odessa

WARSAW, Jan. 21.—It is rumored that the Rumanians are about to occupy Odessa and organize the defenses against the Bolsheviks, according to a local newspaper.

Tame snakes are used in Morocco to clear houses of rats and mice. The sight of a snake seems to terrify the rodents.

To Fight Bolshevism. The insidious propaganda of Bolshevism and all other forms of anti-Americanism will be met with the facts of history and the presentation of American ideals and American advantages.

Patriotic exercises for at least ten minutes each day will be urged in all public schools and every public meeting and political gathering will be graced by the American flag. These are just a few of the things contemplated by the campaign which will begin within a short time.

And the local post means to make every effort to show that it is maintaining the standard set by the parent organization.

Tonight's Big Party at the Coliseum will feature the Nordyke dance orchestra with Billy Clark, former Escanaban, playing the drum. NO ADDITIONAL CHARGE except the war tax, which will be paid by patrons. FOUR HOURS OF DANCING guaranteed for all who want to dance that long, and every minute of it will be lively—but not too lively for the "old timers" and not to slow for the "younger set."

BRYAN TRAINS HEAVY GUNS ON COMMITTEEMAN

Declares Cummins Must Go as Head of Democratic Pilots.

Norfolk, Jan. 21.—William Jennings Bryan, speaking here today under the auspices of the Anti-Saloon league declared he would oppose the selection of Governor Edwards of New Jersey as the Democratic nominee for president in 1920.

Edwards has picked out my own state, Nebraska, to launch his campaign in," declared Mr. Bryan. Referring to the address by Chairman Cummings, he said: "If that is Cummings' attitude he will never be chairman of the national committee again if I can help it."

CONTINUES ATTACK Richmond, Jan. 21.—William Jennings Bryan, in an address here tonight, continued the attack against Homer S. Cummings, chairman of the Democratic committee which Mr. Bryan inaugurated in an address at Norfolk this afternoon.

Referring to Chairman Cummings' attendance at a dinner for Governor Edwards of New Jersey at Newark, Mr. Bryan declared that Cummings must separate from the New Jersey governor or resign. "The Democratic party," said Mr. Bryan, "is too dear to me to ever consent to have its interests allied with those of the liquor interests."

KAISER'S FRIEND DIES IN LAPORTE

LaPorte, Ind., Jan. 21.—Henry Wolfe, who walked into his home at Wanatah, Ind., last night unexpectedly returning from the federal prison at Atlanta where he had been serving a sentence fell dead after greeting his wife. Physicians said his death was due to heart failure.

Wolfe was sentenced at Indianapolis, June 6, 1918 after conviction on a charge of aiding in falsifying draft questionnaires. He was said to have declared that he "did more for the kaiser than any man in the community."

CAN'T GET ROUGH WITH UMPRES IN ASSOCIATION

Chicago, Jan. 21.—Base ball players in the American Association will be permitted to argue in a "gentlemanly way" with umpires next season when they believe close decisions have been given against them, but the use of profanity will be stamped out, the club owners decided at their adjourned meeting today.

President Hickey said the players would be let off with warnings at their first offense, but if they persisted in using objectionable language in protesting to umpires, drastic action in the form of heavy fines would be taken.

"We have decided all 'rough' work and profane talk must be stopped," he said.

With the decision reached to play 163 games for the 1920 season, the club owners went into session today to adopt the schedule. A committee, of which John Savage, secretary of the Kansas City club, was chairman, worked nearly all night to draft a new playing chart. The committee considered all suggestions made at the meeting yesterday so as to avoid further wrangles over the awarding of holiday and opening dates.

Social & Personal

Teachers Plan Party. Members of the Escanaba Teachers' Council and their friends will enjoy a dancing party in the high school gymnasium Friday evening, January 30.

Marriage Licenses. Marriage licenses were issued yesterday to the following: Albert Sabourin, of Niagara, and Sarah Pecon, of Escanaba; Frank McLaughlin, of Escanaba, and Rose Stack, of Gladstone; Jerry Alore, of Escanaba, and Lillie Dube, of Hermansville.

Vallencourt-Paraventi. A charming wedding ceremony was performed Sunday afternoon at the home of Mr. and Mrs. O. Vallencourt, 415 9th street S., when their daughter, Miss Margaret, became the bride of Ernest Paraventi of Iron River.

The attendants were Miss Martha Rockstad of this city, who acted as maid of honor, and Anton Toti, of Iron River, who was best man. The bride wore a gown of blue silk and a white picture hat. She carried a bouquet of white carnations. The maid of honor wore a plum colored dress with a picture hat to match, and carried pink carnations.

An elaborate dinner was served at six o'clock at the Vallencourt home, which was prettily decorated for the affair in the national colors in honor of the bridegroom who served overseas with Company L, 125th Infantry. Mr. and Mrs. Paraventi left Monday morning for Iron River where they will make their home.

L'Heureux-Louis. A pretty mid-winter wedding ceremony was performed at the St. Anne church Wednesday morning when Miss Tillie L'Heureux of this city became the bride of Joseph Louis, of Gladstone. The ceremony was performed by the Rev. Raymond R. Jacques at eight o'clock.

The bride wore a traveling suit of dark blue with a close fitting silk hat to match and a corsage bouquet of pink tea roses. Her bridesmaid, Miss Annelia Louis, of Gladstone, sister of the bridegroom, was dressed in dark brown and wore a corsage bouquet of pink roses. The bridegroom was attended by Emil L'Heureux, brother of the bride.

An elaborate wedding breakfast, served at the home of the bride's parents, Mr. and Mrs. G. L'Heureux, followed the ceremony. Mr. and Mrs. Louis left last night on a wedding trip to St. Paul, Minneapolis and other points after which they will make their home in Gladstone.

The bride has been engaged as a clerk at the North Star clothing company for some time and is well and favorably known here. The bridegroom has been employed as an engineer at Gladstone.

Dube-Alore. Miss Lillian Dube, of Hermansville, and Jerry Alore, of this city were united in marriage yesterday afternoon at the home of a relative of the groom in North Escanaba. Mr. and Mrs. Alore left for a short wedding trip after which they will take up their home in this city.

Mrs. George Lehr left Tuesday night for Chicago.

LITTLETON IN TRIAL, FLAYS SOCIALISTS

Charges New York Quintet With Arrangement With Lenine.

Albany, N. Y., Jan. 21.—Investigation of the loyalty of the five suspended Socialist assemblymen at their trial was asserted before the assembly judiciary committee to involve the question as to whether Socialists "can masquerade as a political party, strike hands with every force and agency of revolution and still make simple American people understand they are not sworn enemies of their country and ready to overthrow it."

This assertion was made by Judge Martin W. Littleton, who withdrew today as associate counsel for the committee to handle the case of United States Senator Newberry of Michigan in connection with whose election charges of fraud have been brought.

Taking the floor in the height of an oratorical battle in which counsel for both sides unlimbered their heaviest artillery, Mr. Littleton declared the present investigation will not prove "a tempest in a teapot."

He charged that Lenine and Trotsky were attempting to establish the soviet form of government in America and that "before the waves of public opinion stirred by this case have subsided, this country will understand that this so called political party is the agent and co-conspirator with the dark forces of the invisible empire whose object is destruction of constitutional government in America."

Von Mackensen Wants to Find Residence

BERLIN, Jan. 21.—Field Marshal von Mackensen is advertising for a home. He formerly lived in Dantzig, but refuses to reside there now that the city has been internationalized and made a port for Poland. The former German commander seeks a residence somewhere in Germany with a little land to cultivate in the neighborhood of woods where he can do a little shooting.

NORDYKE DANCE TONIGHT TO BE MOST ENJOYABLE

Manager Flath of the Coliseum rink has made elaborate preparations for handling the big crowd expected to attend the Nordyke Orchestra dance this evening. This famous orchestra comes to this city for its first appearance since Billy Clark has joined forces with the Sojag organization. With him comes his son, Willard, the youngest trap drummer in the world. The little fellow is but six years of age and during the evening will take part in a number of dance pieces. Billy himself will be found at the traps and his many friends here will be glad to see and hear him again.

It has been arranged with the traction company for a special car to wait for dancers from Gladstone, Wells and the chemical plant locations and it is expected this affair tonight will be one of the most thoroughly enjoyable of any dance put on by Manager Flath since he has had charge of the hall.

Originally meaning a field of any size, the limits of an acre of land were first established by statute during the reign of Edward I of England, as the amount a yoke of oxen could plough in one day. Later it was fixed as 4,840 square yards.

Every ancient city of note was located on or near the sea or a river.
