

NO CURTAILMENT IN OPERATIONS BY CHEMICAL CO.

Burned Mill Will Probably Be Replaced within Six Months.

Although no definite action will be taken looking to the rebuilding of the sawmill at the plant of the Delta Chemical Company, at Wells, destroyed by fire early on Monday morning, until General Manager George C. Craver returns from the south, about Mar. 23, it is certain that the plant will be reconstructed.

By the time General Manager Craver returns, it is expected that insurance companies carrying policies on the plant, will be prepared to proceed with the adjustment of the loss and as soon as that detail is fixed, active construction work will be started. By sorting the finer wood from the stock piled in the yards, it will be possible to keep every department of the big plant at Wells in operation at close to capacity production.

Need More Men.
Because of the extra work entailed in sorting the wood in the yards before being sent to the resorts, the employment of more men than formerly will be necessary and all of the men thrown out of work by the burning of the mill, will thus probably find employment.

All of the log size wood, now in the yards and received by the company for the next few months, will be kept in storage until the new mill can be placed in operation.

Build Mill in 5 Months.
It is estimated that if the necessary labor can be secured and prompt deliveries of equipment arranged the new mill can be completed in between five and six months.

It was at first feared that the burning of the sawmill and the consequent reduction in the quantity of charcoal turned out daily, it would not be possible to keep the plant of the Stephenson Charcoal Iron Company in full operation, but yesterday it was announced that it would be possible to keep the furnace in operation at close to normal capacity.

MARCH WEATHER IN CONTRAST TO BUT YEAR AGO

Although near zero temperatures of Tuesday and Wednesday mornings were in sharp contrast to temperatures that prevailed a year ago, below zero temperatures have frequently been recorded in March, at this station. The lowest temperature ever recorded in March at the Escanaba weather station was 29 below zero on Mar. 5, 1917, while on Mar. 7, 1920, a low record of nine below was hung up.

The mercury in the official thermometer at the weather station yesterday morning registered at three above zero and on Tuesday morning a low record of five above was registered.

Below the Normal.
Every day of March of this year has been considerably colder than the normal, the mean daily temperature for the month being 22 degrees. In March of last spring temperatures well above the freezing point were recorded almost daily and on one day of the month a high record of 51 degrees was registered.

A year ago at this time the snow had practically left the ground, weather records showing that on March, 14 of last year the average snow depth here was one and one half inches, while the average depth of the snow on the ground yesterday was nine inches.

The city hall of Conception has been branded a fire trap. A fire trap is what catches fire.

ASK YOUR NEIGHBOR

Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound

Perryburg, O.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ADA FRICK, Route 3, Perryburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

JOHNSON URGES SUPPORT FOR PRIMARY BILL

According to an official announcement issued at Lansing by Thomas E. Johnson, state superintendent of public instruction, to all of the school superintendents of Michigan, the bill instigated in Escanaba providing a more equitable method for distributing the state primary school fund, was due to be introduced in the legislature yesterday.

Plan Is Endorsed.
The letter referred to all educational matters before the legis-

lature referring particularly to the bill carrying the so-called Escanaba plan, the state superintendent of public instruction said:

"The proposed redistribution of the primary fund will be introduced next Wednesday. The bulletin on this is being mailed you under separate cover. Endorsements should be sent to the Committee on Education, either the individual members or to the Chairman. We wish a lot of them."

Bradyville (O.) man has grafted chicken skin on his dog's back and now the dog can go chase himself.

PLANING MILL STARTS TODAY

One machine will be placed in operation today at the new location of the I. Stephenson Co., Trustees planing mill, at Wells, and within a week or ten days all of the planing mill machinery will be running at the new planing mill quarters. The mill has been established in the first floor of the flooring factory, where one of the most modern plants of its kind in the northwest is being established.

Two weeks ago the work of moving the machinery from the

old planing mill, which had been housed in the big pine mill, now abandoned, was started and today the wheels will start turning in the newly arranged department.

Harder to Attend National Convention

G. N. Harder, general manager of the I. Stephenson Co., Trustees of Wells, will leave on Sunday night for New Orleans, La., where he will attend the annual convention of the National Lumber Manufacturers' Association. Mr. Harder expects to be absent in the south for about a week.

NorthWestern Is Dumping Cinders

The Northwestern road has a large crew of men engaged in dumping great quantities of cinders on each side of the company's tracks through Wells and at both the west and east approaches to the railway bridge over the Escanaba river. At the offices of the company here yesterday it was said that the dumping of the cinders at that point had no significance, although reports had been circulated that the company was making plans to rebuild the bridge over the river at that point.

ANOTHER STORM HEADED HERE

According to the prediction issued yesterday from the Escanaba weather station, another snow storm is headed in this direction out of the southwest and is due to strike this district this morning. The new storm era, of wide magnitude, was central yesterday morning over the southern Rockies and was moving rapidly in a northeasterly direction. While the official prediction called for snow today, a high pressure area, also of considerable magnitude, was shown by the weather may to

be moving in from the northwest and there was a possibility presented that the high pressure area might force the coming storm south from the peninsula and allow this district to escape.

New Modes

Created in a Joyous Abandon of Vibrant Color and Life

ONLY the miracle of Spring could do such amazingly lovely things to the mode. Inspired by her magic alchemy, a note of joyousness weaves its way like a thread of gold through all the enchanting new things to wear, now on display for Winter-weary eyes. From piquant chapeaux to silken hose the new costume is keyed to the note of Spring.

All through our store the blithesome spirit of Spring prevails. Merchandise for the home and for the individual is vibrantly attuned to Spring's pulsing theme.

We cordially invite you and your friends to be present during these Spring OPENING DAYS

ENTERING ERA OF PROSPERITY

The United States is on the eve of great prosperity.

From every corner of the country, and from every product, comes the same story of increasing demand.

Millions of citizens are in need of homes and have the money to pay for them.

One thing we like about the national sport—tossing the ball—is that there is no amateur class.

THE PORTRAIT IS NEARLY FINISHED

Chapter 90.

It was nearly 3 o'clock when Walter came in.

"You treated to supper?" I asked.

"How many were at supper?" I asked.

"I sighed. Had I been there it would have been an even number."

A THOUGHT

I felt simply I was not wanted.

"I had been shopping, and as it was nearly time for Walter to stop for the day I dropped in."

"I have a headache," I told Jennie, "don't let me be disturbed."

And the rain descended, and the floods came, and the winds blew, and beat upon the house; and it fell not: for it was founded upon a rock.—Mat. 7:25.

The man who is just and resolute will not be moved from his settled purpose, either by the misdirected rage of his fellow citizens, or by the threats of an impetuous tyrant.—Horace.

OPENINGS TO BE HELD TODAY AT TWO STORES

Fair Store and Ed. Erickson Co. Open Spring Season

Most elaborate plans have been made for the annual spring fashion openings today at the Fair Savings Bank and the Ed. Erickson Company's stores. At both establishments preparations have been under way for many weeks for today's event and every indication points to a most auspicious launching of the spring fashion season. Delicate spring colors have been used with telling effect in working out both the window and interior decorations at both stores and women of Escanaba will find a most delightful setting for the season's latest modes when they visit the stores today.

Windows All Alive
The opening windows were uncovered last night and attracted widespread interest among pedestrians during the evening hours. The management of both stores announced last night that unusually complete spring stocks have been secured for their openings and it is confidently expected that scores of shoppers will flock to downtown district today to participate in the two spring fashion exhibitions.

CAREFUL PLAN CARRIED OUT

Employees of the public utilities are engaged in making extensive changes in all of the primary electric circuits in the city, preparatory to the construction of a new commercial line to serve consumers on Ludington street, this summer. In the past the city's primary circuits have wandered through the city in no particular sequence or plan and all are now being cut over to establish a well balanced general plan.

The work is being pushed forward as rapidly as possible that all of this work may be out of the way before work is started on the new Ludington street commercial line early in the present summer.

Fraternal Column

F. R. A. Program Succeeds.
The program which was rendered at the Eagles' Hall Monday evening after the regular business meeting of the order was a marked success from start to finish. Although a terrific storm was raging an unusually large number of members and friends attended the meeting and program. A large class of candidates were initiated.

The musical selections rendered by Mrs. Fleming and Mrs. Flagstad were excellent. The recitations, monologues, solos and other sketches on the program were interesting and humorous. Martin Nygaard was unusually good in his humorous recitations and dialect; Lawrence Hartwig surprised the audience by his laughable number, which kept them in an uproar. Many encores were given each one who participated in the program.

Each one took their part in a very able manner and all are deserving of praise for the manner in which the program was carried out. The committee in charge of the program and the refreshments which were served in the basement of the hall, are deserving of much credit for the work which they accomplished in planning such an interesting and entertaining evening.

The utmost courtesy was shown the guests and all are loud in the guests and all are loud in which they were entertained.

Girl Scout Troop 5
Girl Scouts of Troop 5 held their scout meeting Wednesday afternoon at the Buckbee home. Mary Buckbee and Dorothy Lee conducted the meeting. The scouts reviewed in different games, the knot tying and compass tests of the tenderfoot examination. Other scouts will in turn conduct the meetings which are held every Wednesday afternoon.

Ladies' Aid Meeting.
The Ladies' Aid Society of the First Methodist Church will hold a regular meeting at the church parlors Thursday afternoon at the usual hour.

I. O. O. F. Dance.
The I. O. O. F. will give an old-fashioned dancing party Thursday evening, March 15, for Odd Fellows, Rebecca and their friends. A large crowd is expected.

Through the work of the county road commission's snow plowing equipment the entire road from Escanaba to Rapid River has again been opened for automobile traffic. The entire road is now in excellent condition and many automobiles and trucks were in use yesterday over the route.

"Gets-It" Tames the Wildest Corn
No matter how long you've had your corn, how bad they may be, whether hard or soft, or what you have tried, believe that "Gets-It" will eat corn pains it once, and quickly you can lift the corn right off the toe or foot, with the fingers. It ends callouses, the same simple way. Millions use it. Money back guarantee. Costs but a trifle—everywhere. E. Lawrence & Co., Inc., Chicago.

Sold By All Drug Store, Ellsworth's Drug Store.

O'MALLEY HAS FINE ROLE IN IRISH MOVIE

He plays Role Created by Dion Boucicault Here Saturday.

"My Wild Irish Rose," which appears at the Delft Saturday under the auspices of the Ancient Order of Hibernians, is a production which requires fine character actors, and these were secured to make the production one of the outstanding pictures of the season and one which will appeal to all natives of Erin's Isle.

Pauline Starke and Pat O'Malley head the cast. A special part has been written into the story for "Micky" Daniels who made such a hit in Vitagraph's "The Little Minister" as Micah Dow in "My Wild Irish Rose." Daniels is cast as the young brother of Moya, a character taken by Pauline Starke. He will also be the nephew of Father Dolan, whose niece Moya is. This combination of Miss Starke and the freckled little Daniels should prove an exceptionally strong one.

The part of Conn, the shaughraun, was given to Pat O'Malley. He gives a typical version in personality of the devil-may-care Irishman, for which the part originally was written.

The story is based upon Dion Boucicault's famous play "The Shaughraun," and describes the life of every funeral and the first fiddle at all weddings. Unable to find anyone suitable for the role when the play was produced in the Drury Lane Theater in London, and later when it was produced in Wallack's Theater, New York, Mr. Boucicault assumed the role himself. Mr. O'Malley gives the role a characterization equal to that of Mr. Boucicault. Henry Hebert, a player of note, makes a fine Captain Molineux, a British captain who loses his heart to the beautiful sister of the man he was seeking to capture. The balance of the cast was selected with special care for the Irish atmosphere. All the picturesqueness of the Emerald Isle, the bitter battles against what was deemed English oppression; the wit and beauty of the Celtic character and face resulted in a splendid picture under the direction of David Smith.

Accompanying the picture will be the following program:

Hiff's quartette in several songs.
Irish step dance, by ten children.
Duet—"My Wild Irish Rose,"—Ralph Finley and Mrs. George Casey.
Irish clog dance—Jack Blaney.

Word was received today from Miss Millie Morrow, stenographer at the Boston Store who has been visiting in New York for the past five weeks that she has been quarantined for six weeks with a case of scarlet fever.

SOCIAL

Pastie Supper Tonight.
The Ladies' Aid Society of the Little Light Bearers Society of the First Presbyterian Church will hold a Pastie Supper this evening in the east room of the First Presbyterian Church at which time home made pasties will be served; also hot rolls, salad, ice cream, cake and coffee.

The proceeds are to provide offices and rooms for the societies and as this is a worthy cause the patronage of the public is solicited.

Supper will be served from 6 to 8 o'clock.
Mission Circle Meet Postponed.
The meeting of the Mission Circle of the First Presbyterian church which was to have been held Friday afternoon at the home of Mrs. P. A. Aronson, 609 South 15th Street, has been postponed until next week. Announcement of the date will be made later. It is expected that a set of slides called, "The Empire of the Northwest," will be available on one of the days of next week, and the meeting is postponed in order to secure them. There are 91 slides in the set telling the story of the white man in Alaska, and written by one of the pioneers of this land of the midnight sun, with a pictorial presentation of Robert W. Service's poem: "The Spell of the Yukon."

Woman's Club Card Party.
Members of the Escanaba Woman's Club held a card party yesterday afternoon at the Knights of Columbus clubrooms. The affair was very well attended. Prizes were awarded, the first going to Mrs. L. K. Edwards and Mrs. A. J. Connelly taking second. The committee which had charge of the arrangements and the party itself included Mrs. A. J. Kirstin, chairman, Mrs. A. O. Syverson, vice chairman, Mrs. Wm. Warrington, Mrs. H. Work, Mrs. Wm. Laine, Mrs. L. Perron, Mrs. C. Burns and Mrs. A. G. Lenz.

Girl Scout Troop 2 Meets.
The Girl Scouts of Troop 2 held a meeting yesterday afternoon in the St. Joseph's clubrooms. The parts of the compass, how to de-

VICTORY BONDS MATURE MAY 20

Officers of the State Savings Bank, in response to a request from the officers of the Ninth Federal Reserve District, yesterday called attention to the fact that all outstanding 4 1/2 percent Victory Bonds, will mature on May 20 of this year and holders of such bonds are earnestly requested by the government to turn their bonds into their banks for redemption before the maturity date.

A portion of the Victory Bond issue matured on Dec. 15 of last year and all of the remaining bonds in that issue will mature on May 20 of this year.

Officials of the government are urging bankers throughout the nation to cooperate in every possible way in inducing holders of these bonds to turn them in before the maturity date.

GARRITY DOES A FINE JOB

Street Commissioner John Garrity was yesterday showered with compliments by all of those who inspected the work done under his direction in plowing out the road to St. Joseph's and St. Anne's cemeteries. With the equipment at his disposal, the results accomplished by Mr. Garrity were yesterday called by those acquainted with the winter condition of the cemetery road for many years, one of the finest pieces of winter road work ever completed in this district. The entire road to the cemeteries is now in ideal condition, in spite of the fact that over a portion of the route it passes through drifts seven feet in height.

STEEL POLES NOW WANTED ON AVENUES

Stephenson & Hartnett Residents May Buy Standards

Property owners on Stephenson and Hartnett avenues can secure iron poles upon which to mount the boulevard lights to be supplied by the city on those streets this spring, if the property owners will pay 15 cents a front foot into a special fund created for that purpose. It is planned by the city to place the boulevard lights in Stephenson and Hartnett avenues, wholly without expense to property owners on those streets, by hanging the brackets to the present wooden poles on those streets. Some of the property owners in that section of the city are not satisfied with plans made by the city and made inquiries yesterday as to the cost of securing iron poles. Figures were prepared by City Manager Harris, based upon the actual cost, it being found that the change desired by the property owners would cost each owner of a 50 foot lot an assessment of \$7.50.

Whether the original plans of the city will be carried out, or iron poles supplied at the expense of the property owners, will not be determined for a few days.

There are so many ways to serve Kellogg's Bran---the one great aid to humanity!
You will enjoy eating Kellogg's Bran because its nut-like flavor appeals to the taste. And, think what each mouthful is doing to drive constipation out of your system and to re-establish health! That's because it is ALL BRAN. Kellogg's Bran is scientifically made to relieve suffering humanity—IT WILL DO THAT AS NO OTHER FOOD CAN!
Physicians recommend the regular use of Kellogg's Bran for mild or chronic cases and as a preventive. Bran, eaten each day and in proper quantity, sweeps, cleanses and purifies the alimentary tract.
Get away from pills and cathartics—Kellogg's Bran will give you permanent relief from constipation.
Do not confuse Kellogg's Bran with common bran. Kellogg's is cooked, krumbled and ready to serve. It can be used in the most delightful baking products without in any way reducing its regulatory value. Try raisin bread or muffins or griddle-cakes made with Kellogg's Bran. Recipes are printed on each package.
Kellogg's Bran is nationally eaten for health's sake as a cereal—in winter time with hot milk. Others prefer it sprinkled over hot or cold cereals. Another way is to mix it with hot cereals just before serving. It can also be cooked with cereal. In each case add two tablespoonfuls of Kellogg's Bran for each person; in chronic cases as much with each meal.
Kellogg's Bran is sold by all grocers and is supplied in individual packages at first-class hotels and clubs. Ask for it at your restaurant! Adv.

March Fifteenth, Sixteenth and Seventeenth

THE MODES OF SPRING! Eagerly awaited and joyously welcomed this year as never before! With "smartness" and "charm" as the watch-words, Escanaba's Big Store's Apparel Section presents a wonderful line of delightful, new garments.

The newest and most exclusive have been gathered—and are here for your approval. Indeed, the new things, so fresh and so new in styling, in fabrics and in garniture reveal the most attractive creations ever presented in Escanaba. And, as always, there is a great variety throughout. In buying the season's new merchandise we carefully considered the tastes of our entire clientele, so that every woman can choose from this display according to the preference her individuality expresses. Last, but not least—this season's unusually low prices will be particularly noticeable and a pleasant revelation to visitors at this Spring Opening Display.

A CORDIAL INVITATION IS EXTENDED TO EVERY WOMAN READER OF THIS PAPER—IN PARTICULAR ARE THOSE LIVING SOME DISTANCE AWAY FROM OUR CITY URGED TO ATTEND.

Easter Coats and Capes

Whether one chooses a coat or cape for the cooler days and evenings of Spring, the mode in either case will follow long, slenderized lines. Anticipating every requirement with individualized themes. In the newest Springtime fabrics and shades.

New Suits for Easter

The Egyptian influence is smartly apparent in these new suits—and fashions wisely divides her favor, between graceful side-tied suits, or trig box-coat and straightline hip-length models. In Gray, Tan and Navy Twill Cords, Coverts and Tricotines.

Winsome Spring Frocks

Foremost Parisian and American designers contributed to the ensemble. Offering widest latitude for choosing "the dream frock" for the Easter Promenade and for the varied other Springtime occasions. Spirited modes that will express rather than submerge milady's personality. In Silks and Crepes.

BLOUSES, SWEATERS AND SKIRTS WILL PROVE IMPORTANT ACCESSORIES IN THE SPRING WARDROBE, AND MILADY WILL FIND THEM HERE IN THE COMPLETE GLORY OF THEIR VIVID COLORINGS, IN WIDEST STYLE VARIETY FOR CHOICE.

Newest Spring Millinery

Featuring in Our Opening Display a Most Wonderful Array of New York Models.

Above all other recommendations, New Spring Hats shown, possess the desirable quality of "Wearableness." Not freakish designs, but hats created for every whim and fancy. Those who like extreme styles will find what they want in our display.

EVERY HAT ON DISPLAY WAS PERSONALLY SELECTED BY MRS. LUERY. THIS IS ABSOLUTE CONFORMITY TO ESCANABA TASTES ASSURED. IN OUR DISPLAY WILL BE FOUND PICKED CREATIONS FROM NEW YORK'S AND CHICAGO'S LEADING HOUSES.

DETROIT WOMAN IS CANDIDATE

Mrs. Frederick T. Ranney, 263 Elliot Street, Detroit, has announced her acceptance of a place on the ticket of Mrs. William Cumming Story, candidate for President General of the Daughters of the American Revolution for election at the Congress of the society in Washington, April 16th. Mrs. Ranney is a member of the St. Clair Chapter of the D. A. R., and is a former member of its board of directors. She has been very active in patriotic work in Michigan, as a former President of the Society of Colonial Dames, Treasurer for three terms of the Society of Descendants of Mayflower Passengers, and Hereditary Order of Colonial Governors.

Mrs. Ranney has also been prominent in club work as Vice-President of the Detroit Federation of Women's Clubs, and as Secretary of the Board of Directors of the Detroit Y. W. C. A. She is a daughter of the late George W. Hale.

ROTARIANS GO TO MILWAUKEE

Delegations representing the Rotary clubs of Escanaba and Gladstone left last night for Milwaukee, where today and Friday they will attend the annual district conference of International Rotary. Representatives of the Escanaba club who left last night were: President and Mrs. A. J. Young, Dr. and Mrs. C. M. Cuthbert, L. J. Jacobs, Guy F. Sullivan, Matt Peterson, Charles M. Thatcher, John S. Lindsay, Fred B. Houston, C. R. Henderson and George G. Geniesse. Representatives of the Gladstone club were: Mr. and Mrs. George Slining, E. J. Noreus, Floyd Marble, Atty. G. R. Empson, James T. Jones, R. J. Riley and J. Card.

CITY BRIEFS

William Egan, a young roller skating speedster of local prominence, submitted to an operation for appendicitis at St. Francis hospital yesterday morning.

Don't forget the pasty supper at the Presbyterian church Thursday night at 6 o'clock. A good meal at 50 cents. 4074-73-21

OUCH! BACKACHE RUB LUMBAGO OR STIFFNESS AWAY

St. Jacob's Oil stops any pain, so when your back is sore and lame, or lumbago, sciatica or rheumatism has you stiffened up, don't suffer! Get a small trial bottle of old, honest St. Jacobs Oil at any drug store, pour a little in your hand, and rub it right on your aching back; and by the time you count fifty the soreness and lameness is gone. Don't stay crippled! This soothing, penetrating oil needs to be used only once. It takes the pain right out and ends the misery. It is magical, yet absolutely harmless, and doesn't burn the skin. Nothing else stops lumbago, sciatica, backache or rheumatism so promptly. It never disappoints! Adv.
