HARDING MUST FIND MANAGER FOR CAMPAIGN

DAUGHERTY ILL, UNABLE TO BE PILOT.

BY DAVID LAWRENCE.

Washington, May 16.—President Harding is having a somewhat awkward experience handling the pre-convention campaign that confronts him.

Many people believe a renomination is automatically accomplished, that all the friends of the president have to do is to let the political world know he is a candidate for renomination.

Postmasters General Helped. Presidents Taft and Roosevelt each had their postmaster generals who got busy at the proper moment and lined up the delegates for the renomination campaign.

"Owes It To Party." But somebody must visit these federal officeholders and tell them what to do and how to do it so that delegations may go to the republican national convention pledged and instructed to cast their ballots for Harding.

State Seeks Plan of Keeping Road Program Moving

LANSING, Mich., May 15.—An opinion from the attorney general as to how far the state administrative board can go to relieve the highway department of its financial distress is expected soon.

"ALL ABOARD" IS RARE TREAT

WOMAN'S CLUB SHOW PLEASURES LARGE CROWD.

The S. S. Florida, bound for Bermuda, sailed a tuncful and entertaining course across the Delta theatre stage last night, in "All Aboard," a musical comedy presented under the auspices of the Escanaba Woman's club.

Direction of the piece was by Mr. and Mrs. Melvin C. Park, of the John B. Rogers Producing Company, an organization which has piloted other successful entertainments in this city.

Missing Teeth Cause Tangle. "All Aboard" relates, in typical musical comedy fashion, the affairs of a number of passengers and members of the crew of a liner bound for the West Indies.

More than 150 boys and girls took part in the choruses, which were well-coached, well-costumed.

PRESBYTERIANS READY TO OPEN

Indianapolis, Ind., May 16.—(By the Associated Press)—Presbyterians of America tomorrow will open their 135th general assembly with the final sermon of their retiring moderator, the Rev. Calvin C. Hays, and the election of his successor.

Presbyterian leaders from all parts of the country and missionary delegates from 22 missions in foreign countries are gathered here.

Among those prominently mentioned as candidates for the office of Moderator are Dr. Charles F. Wishart, president of Wooster College of Wooster, O., William Jennings Bryan, former secretary of state, and Will H. Hayes, former republican national chairman and now president of the Motion Picture Producers and Distributors of America.

Woman Dies, Result of Arkansas Flood. Hot Springs, Ark., May 16.—(By the Associated Press)—The Hot Springs flood claimed its only known victim tonight with the death of Mrs. Bertha Christensen, wife of a chef, at the army and navy hospital.

OFFICIALS TO SEARCH HOME OF KING BEN

EXPECT TO EXAMINE GIRL WHO FAILS TO APPEAR.

St. Joseph, Mich., May 16.—Invasion of the House of David by state officers seemed imminent tonight as the colony and the legal authorities of Michigan faced an impasse over delivery to the one man grand jury investigating charges of immorality of the girl known in the records as Eldorpha Smith.

Attempts to have Dr. R. M. Olin, state health officer at Lansing, come here to examine the girl were started at soon as the court received a certificate from the colony physician that she was not in a condition to attend.

Dr. Olin has promised to have a representative at St. Joseph tonight or early in the morning. This representative will be authorized to secure a competent alienist, if necessary to make a mental examination.

Stories Confirmed. The determination of Judge Harry Dingeman, the grand jury, and Attorney General Dougherty and their associates, to bring the girl here was increased by the testimony of Mrs. Elizabeth Stroupe Rowe, who declared she had roomed with Eldorpha Smith for the last year in the "Little Cottage" near Shiloh and that her companion had walked back and forth from the cottage to Shiloh for meals during and after the time the certificate was signed declaring her unable to appear.

TROOPS CLASH WITH BANDITS

Tientsin, May 17.—(By the Associated Press)—Government troops clashed with outposts of the Suchow train bandits near Hanchung yesterday, according to advices received today from Tsaochung. The bandit forces were said to have been driven back by the troops, but the extent of the casualties is not known.

PRISONERS SUFFERING. Shanghai, May 17.—(By the Associated Press)—Two priests returning from the mountain stronghold of the Suchow train bandits report that the condition of the Chevalier Musso, one of the captives, is exceedingly grave. It was said Dr. Martens was in constant attendance on the Italian.

The American prisoners, Major Pinger and Allen and Lee Solomon also are suffering as a result of the forced march over the mountains. The priests described the feet of these captives as being "in a terrible condition."

Roy Anderson, an American in close touch with political affairs in China, has departed for the camp of the bandits to renew negotiations for the release of the prisoners.

Germany Building Airships for U. S.

Friedrichshausen, Germany, May 16.—(By the Associated Press)—The greatest aircraft factory has even seen its slowly taking form under the gigantic shed of the Zeppelin plant in which were built the mammoth ships that wrought such havoc in the world war. This craft, known as the ZR-3 is being constructed for the American navy and will attempt a flight to America when completed, which, however, will not be earlier than October or November of this year and possibly not until next spring.

The Zeppelin is being built entirely from German plans and although American officers are here, they are merely inspecting the work.

NORTHWESTERN OFFERS REWARD IN MOUNT CASE

Will Pay \$10,000 to Person Solving Mystery of Boy's Death.

Chicago, May 16.—While the state hunted for new leads, Northwestern university today offered a reward of \$10,000 for definite information leading to the solution of the mystery surrounding the disappearance following a class fight 20 months ago, of Leighton Mount, freshman student.

The reward offered to Robert E. Crowe, state's attorney, through Walter Dill Scott, president of Northwestern, was phrased to include the three possible theories of Mount's death held by the authorities—that Mount met death in a class fight, that he committed suicide or that he disappeared voluntarily.

Crowe Accepts Offer. The university will pay the reward for information leading to the indictment and conviction of anyone for the murder of Mount or for the indictment and conviction of anyone for manslaughter in connection with his case for information leading to a verdict of suicide in the inquest over a skeleton found under an Evanston pier and identified as Mount's or for the discovery and return to Evanston of Leighton Mount alive.

The offer was accepted by Mr. Crowe, who also expressed to President Scott his satisfaction with the information obtained from students who have been questioned, asserting that all gave straightforward answers to the questions asked.

Students Vote Confidence. While President Scott and the state's attorney were conferring, Northwestern students, in a mass meeting, adopted resolutions expressing their confidence in the university's head and criticizing the attacks which they said were being made on the university and its leader.

The grand jury that has been making an investigation of the case questioned no witnesses in connection with it today and the state's attorney's office spent most of the time trying to check up on information already in its possession.

DR. FRIDAY IS ASKED TO QUIT

Lansing, Mich., May 16.—Resignation of Dr. David Friday, president of the Michigan Agricultural College, is said to have been demanded at a special meeting of the state board of agriculture held here last night.

Members of the board, when asked whether it had been decided to ask Dr. Friday's resignation, declined to comment. Another meeting of the board has been set for next week when Dr. Friday, now in the east, has returned.

Unconfirmed reports in circulation today were to the effect that some members of the board expressed dissatisfaction with Dr. Friday's administrative policy, and charged him with attempting to take over entire direction of the school work and departments.

Lloyd to Increase Size of Factory

Memphis, Tenn., May 16.—The Lloyd Manufacturing company, through its general manager, Marshall B. Lloyd, wealthy inventor, announced today that it would increase its capacity 70 per cent through the erection of new buildings and would give employment to 1,500 men. Several years ago Lloyd invented a loom for weaving wicker products. The company, now said to be the largest manufacturer of baby carriages, also will make wicker furniture.

"Dry Seas" Regulations Bump Into Tangle of European Law, Correspondence May be Opened

Washington, May 16.—Possibility of President Harding being requested to seek an understanding with nations which compel their ships to carry liquor as crew rations loomed tonight in reports that officials had struck a snag in drafting regulations to carry out the supreme court decision banning liquor within American territorial waters.

At the same time there were hints that the date, now fixed as June 10, for the new regulations to become effective, might be postponed unless some way is found to "write around" the rigidity of the court's ruling.

It was evidenced that those preparing the new rules had not given up hope, but optimism as to success was lacking as a result of another conference today on the question.

EX-NAVY CRAFT CARRIES BOOZE

Dispatch Boat Yankton Is Found in Smuggling Service. New York, May 16.—Once proudly floating the American flag during a world cruise of the United States navy and with a brilliant world war service record, the former navy dispatch boat, "Yankton," was revealed today as the rum runner, "Yankton," under British registry.

Search for Six. The warrants were issued for Jacob A. Kirch of New York, Nathan Scharlin and Abraham Scharlin of Chicago, alleged "master minds" of the syndicate; Charles W. Johnson of Philadelphia, said to be a member of the brewing firm of Johnson and company of Uniontown, Pa.; Harry L. Marks of New York; Edward Flannigan of Washington and Chicago; Charles T. Cox, Brooklyn tug boat captain and Alfred Corns of Uniontown, Pa.

Kirch and the Scharlins it was said, would be produced in court tomorrow by their attorney. Federal agents tonight began a search for the other men.

Made Big Purchases. The rum syndicate, government officials said had recently cabled \$168,000 to Scotland, apparently for the purchase of liquor to be smuggled in from Rum Row.

ENGINEER DIES, TRAIN WRECKED

Lima, Ohio, May 15.—That the hand of a dead engineer rested on the throttle of the engine pulling passenger train No. 2 on the Lake Erie and Western Railroad when it crashed head on into a freight train at Oakland this afternoon is the belief of officials. More than a score of passengers were injured.

George Bassler, 61, of Lima, the engineer, is believed to have been stricken with apoplexy as the train sped northward.

F. G. Early, fireman on the train seeing the impending collision, yelled to Bassler to "shut her off," according to word brought back from the wreck. Bassler made no reply, it is said nor any move to shut off the power of the locomotive. Early leaped from the engine. Bassler was crushed when it plunged into the freight locomotive.

Wealthy Chicagoans Forced to Testify

Chicago, May 16.—Orders to "treat 'em rough" were given by United States Marshal Howard today when deputies sent out to bring wealthy Chicagoans before the federal grand jury investigating the Grommes & Ullrich liquor distribution reported that some of the men wanted "were too busy to come," and sent word to the deputy marshals through office boys to "come back some other day." The Grommes & Ullrich corporation, liquor dealer, recently liquidated by distributing its stocks of liquors, valued at \$200,000 among stockholders and as a result the corporation and seven officials were indicted for conspiracy to violate the prohibition laws.

ABIDING PEACE FOR U. S. SEEN BY SECRETARY

Hughes Says America Enjoys Good Will of Entire World.

Washington, May 16.—America has "every assurance of abiding peace," so far as "our relations with other peoples are concerned," Secretary Hughes said tonight in an address before the National Conference of Social Work.

"The clouds which two years ago darkened the far eastern sky have been dissipated," he said, "and we have been able to associate the great powers of the Pacific in a friendly accord supported by mutual confidence, while at the same time we have carefully preserved the sound American tradition of freedom from alliance and the principal of equality of opportunity."

"Disarm Thought." Mr. Hughes said this had been accomplished by achieving "a disarmament of thought," and that the Washington arms conference "had managed to scrap distrust as well as the vessels of war," and to end wasteful competition "which spells suspicion."

Mr. Hughes declared that those who create a public sentiment which makes it difficult for honorable statesmen to find ways of practicable adjustment of international problems were worse offenders than intriguing diplomats.

"Responsible leaders," he continued, "are harried by their opponents, ambitious editors and orators are quick to caricature those who seem to make any national sacrifice in the interest of a reasonable adjustment and thus an atmosphere is created which renders futile the agencies of peace however admirably contrived they seem to be."

Good Will Towards U. S. The secretary of state said that if America was understood abroad it was because of the gratitude there for the work done by American relief agencies, it is well to recognize, he added, that there does exist "what has happily been called a ground swell of popular good will toward this country."

MRS. CATT TO QUIT OFFICE

Rome, May 16.—(By the Associated Press)—Mrs. Carrie Chapman Catt was greeted with a tremendous ovation when she was renominated today for the presidency of the International Women's Suffrage Alliance. After the ovation, Mrs. Catt took the platform and said: "I simply cannot do it. At this age you need young women full of spice and energy and all that sort of thing."

Electioneering for the various other candidates has been exceedingly brisk. The most likely candidate is Mrs. Corbett Ashby, of Great Britain, who has already been offered support from various delegations. South Africa, India, Chile and Argentina are insisting upon the acceptance of Mrs. Catt, however.

China Is Urged to Speed Negotiations

Peking, May 16.—(By the Associated Press)—The diplomatic representatives have sent another communication to the Chinese government through the dean of the corps, expressing astonishment over the government's failure to obtain results in its negotiations with the bandits, who are holding Americans and other foreigners captive in Shantung, and reiterating their previous notification that the government will be held responsible. They further indicated that penalties might be imposed in addition to indemnities because of the long detention of the prisoners and demanded to know precisely what instructions has been sent by the government to its envoys respecting the negotiations.

British Prepare New Debt Proffer

Washington, May 16.—The British government has sent a new statement to its embassy here regarding changes it seeks in the Anglo-American debt funding agreement and indications were given at the treasury tonight that an early meeting of the American debt commission was probable. Sir Auckland Geddes, British ambassador, was understood to have asked for an appointment with Secretary Mellon to deliver his government's communication. The meeting probably will be held Friday.

BUILDERS ASK HOLIDAY FOR CONSTRUCTION

RELIEF FROM HIGH COSTS OBJECT OF ACTION.

New York, May 16.—(By the Associated Press)—A recommendation that all new building construction be deferred for a few months to relieve a "serious situation throughout the country," was contained in a resolution adopted today by Representatives of virtually every branch of the building industry from various states who met to discuss the situation at the home of Franklin D. Roosevelt.

Asks Temporary Halt. Calling a halt to new construction, it was declared, would bring down "steadily mounting costs in the industry. It was urged, however, that projects under course of construction be carried to completion.

The meeting was called to consider with the board of directors of the American Construction Council of which Mr. Roosevelt is president, the present abnormal condition of the building industry and to take action that might possibly relieve the situation. Groups represented include bankers, architects, contractors, material dealers and manufacturers, bond and insurance interests, labor and federal, state and municipal authorities. The findings were unanimously adopted at the meeting passed the following recommendations:

Provisions Included. "First, that banking interest curtail the financing of speculative building until after the close of summer. "Second, that wide publicity be given to the increasing trend of construction costs, both of labor and material. "Third, that governments, municipal, state, county and town construction departments be urged to delay their work as much as possible until September or October. "Fourth, that the cooperation of newspapers and trade publications be sought to keep the public informed of the monthly increases in construction costs, and that they be requested to use their influence in curbing the demand for construction until early fall."

George J. Gould Is Dead in France

Camp Martin, France, May 16.—(By the Associated Press)—George J. Gould died at his residence here this afternoon after a long illness beginning with an attack of pneumonia in March. The American financier was conscious until the end and never gave up hope in his stubborn fight to recover. To the last he opposed recalling to his bedside, doctors who brought about an improvement in his condition several weeks ago that he was that time declared out of danger. His wife and two children were at the bedside.

CITY ENGAGES SERVICES OF PLAN EXPERT

Glenn Phillips, City Planning Expert, to Come Here.

By action of the Escanaba city commission at its meeting Wednesday night, the services of T. Glenn Phillips, consulting city planning engineer of Detroit will be retained at a cost of \$500 for the purpose of formulating and placing in operation a workable city plan on which the future development of Escanaba may be outlined.

The decision of the commission after a protracted discussion of the proposed street extensions, paving repairs and utility work, and after the need for a far-sighted plan had made itself apparent in the conflicting opinions as to which streets should have precedence in the work to be done.

Street lighting extensions started. Although Manager Harris reported that the labor situation was such that he could not hope to get at the work before next spring, the commission talked things to a standstill, finally coming to rest with the ultimate questions of finance and time blocking further progress.

Abundant Ideas. One commissioner held that the Shore Drive, as one of the best paved streets and as a reward for the repair work done entirely at the expense of the abutting property owners, should be first to be "lit up." The commissioner does not live on Lake Shore Drive. The idea met with

another suggested getting busy with street lighting, to provide a brightly lighted "loop" boulevard system. Still another advised the proposition of lighting Eight Avenue South so that motorists driving into town would properly and incandescence beamed to the city.

Another suggested opening another street to relieve Stephens and Hartnett avenues of a part of their large volume of traffic. Then came the proposition of opening up and paving Eleventh street, connecting with State Road and Third Avenue

Phillips is Hired. At this point Manager Harris produced Mr. Phillips' proposition to come to Escanaba as many as was necessary, and to work out a city plan which would be the care of natural expansion for years ahead. The plan would combine practically with attention to appearance, and would be an accurate guide for the commission in outlining extensions and changes from year to year.

On the manager's recommendation, the proposal was accepted, Commissioner Hanrahan carrying the motion of Commissioner Rose.

Second reading on a number of minor ordinances was then taken, among the list being one for restricting the sale of meats to persons properly licensed, another to fix new electric light rates, to define and providing for the punishment of disorderly persons and establishments and other pertaining to sewer extensions. All were passed on the second reading and will come up again for final action.

Pop Permits Granted. A claim entered against the city by Mr. and Mrs. Herman Kamath for damages caused by seepage of gas from a leaking main was ordered settled for \$125. Applications for beverage shop licenses by C. B. Bartley, 200 South 10th street; F. J. McGovern, 320 Stephenson avenue and M. LaCur, 1300 Ludington street were granted. The application of David LaCase was held up pending the outcome of his trial. LaCase's place was raided yesterday morning.

An ordinance regulating the sale of milk in Escanaba and providing for regular inspection of dairies, retail distributing outlets and sources of supply was reduced by title. The ordinance

When Dawn Came Photo Play At St. Joseph's May 24th

The Kinema Film Service presents "When Dawn Came," a soul stirring story of human appeal with the beautiful Coleen Moore as Mary, the blind girl of the mission.

The story is one that might happen any day to any one. It is the picture par excellence and a story of human life as it is.

The story tells of Dr. Brandon, a protégé of Father Farrell, who finds peace and happiness tending the poor people. He meets Norma Ashley who introduces him to Dr. Thurston, a society physician.

Dr. Brandon abandons the poor district and becomes associated with Dr. Thurston. He is soon disillusioned and breaks away from his associates and becomes a doctor, finally drifting into a California village.

In the meantime Fr. Farrell is transferred to a mission in California, where he meets Dr. Brandon and brings him back to his lost manhood. The prayers and strong faith of Mary, the little blind girl, help much to bring the Dawn of Faith.

This interesting picture will be shown Thursday afternoon and evening, May 24, at St. Joseph's auditorium, under the auspices of the Young Ladies' Sodality of St. Joseph's church. The advance sale of tickets is very encouraging and it is expected that the hall will be filled at both performances.

Party at Wells by Girl Scout Troop Friday Night

The Girl Scouts of Wells have made elaborate plans for a party and a program which will be given at the Wells Club House Friday evening, May 18th. The program will begin at 8 o'clock and will last until 9 o'clock after which there will be modern and old fashioned dancing from 9 to 12 o'clock. Music for the dance will be furnished by the "Wells orchestra," "The Agonizers."

The hall will be decorated in rose and wisteria blossoms. The Girl Scouts invite the public as they are hoping for a large attendance. The proceeds of the party will be to defray their camping expenses this coming summer.

The following numbers have been prepared for the program: Song by Grace and Dorothy McGibbons.

Ribbon Dance—Girl Scouts. Song—Jenkins Sisters. Dance—Aurilla Tibert. Monologue—William Weissert. Song—Laverne Tolan. Everyone is heartily welcome.

Garbage Truck In; Starts Work Today

Escanaba's new municipal garbage truck arrived yesterday afternoon and will be placed in service today collecting garbage. The truck is built on a Graham chassis, powered with a Dodge motor and is equipped with a Wood Hydraulic Dump body. It is of 2-ton capacity and is expected to handle the garbage hauling problem here with a high degree of efficiency.

NOTICE. An important meeting of Escanaba Lodge, Knights of Columbus, will be held at 8 o'clock Thursday night. The Rev. Father Daniel of St. Joseph's church will speak. All members should attend.

MARINE.

Ice Shifts at Soo. Sault Ste. Marie—Southeast winds are moving the ice from the south shore out into Lake Superior, and the movement of vessels will soon resume normal proportions, according to reports of marine men. Slush ice in the St. Mary's river still continues to impede traffic and all vessels are compelled to anchor at night because of the fact that channel lights have not all been placed in position.

Two Steamers Aground. Sault Ste. Marie—The steamers "Brocton" and "Paisley" ran aground at Vidal shoal on Tuesday. Shifting of the stakes near the shoal is believed to have caused the grounding of the vessels. Tugs are working to effect their release. The government will spend more than \$250,000 this summer in dredging out this shoal.

Steamer Hits Crib. Sault Ste. Marie—The Cleveland Cliffs steamer, "Grand Island," downbound Monday night, struck the concrete light crib No. 24 in the West Neebish Channel. The light was not burning, according to report. The vessel was forced to return to this city for inspection and repairs.

MEMORIAL DAY PROCLAMATION

By the Governor.

Lee's surrender to Grant at Appomattox marked the close of the Civil War which had cost this country millions of treasure and many, many thousands of precious lives. Three years later Memorial Day was instituted to honor the memory of the brave men who had given their lives in the Union cause.

A generation passed and America again found herself in arms, not to put down rebellion but to establish the liberties and maintain the rights of a young, sister republic.

Less than a score of years saw the outbreak of the great world conflict and, while at first it seemed that we might be able to keep out of it, as the war progressed it became more and more evident that the fruits of liberty, so dear to the heart of every American, were seriously menaced and that to insure our national independence we must take our place by the side of those who were battling for the freedom of the world. We know how splendidly on land and sea our gallant soldiers, sailors and marines upheld the honor of the American name.

Memorial Day is for the men who took part in all these wars, but our first thought will be for the grey-haired veterans, that fast thinning blue line whose step is growing feebler year by year; and in this thoughtfulness for the old soldier none will join more heartily than the younger veterans of more recent wars.

Therefore, in order that we may pay a tribute of respect and affection to the surviving veterans of the Civil War, the Spanish American War and the Great World War, and do honor to the memory of their fallen comrades, I hereby sincerely urge that Wednesday, May thirtieth, 1923, be fittingly observed as Memorial Day; and I earnestly appeal to the people of Michigan for hearty cooperation in plans for the observance of the day in their respective communities.

On Memorial Day flags should be displayed at half-staff until noon and then hoisted to the top of the staff.

Given under my hand and the Great Seal of the State this fourteenth day of May, in the year of our Lord one thousand nine hundred and twenty-three, and of the Commonwealth the eighty-seventh.

ALEX J. GROESBECK, Governor.

By the Governor: CHARLES J. DELAND, Secretary of State.

Until Attorney General Daugherty got back here for conference, pre-convention plans have literally been up in the air. EVERY DAY

Every week—every month—every year adds to the satisfied customers or men and women who appreciate Quality Leather Goods.

To the Particular Man or Woman

who appreciates this class of goods, and who realizes that it's economy, to regard the opportunity as a favor to be able to get a class of leather goods handled by the larger city shops—but, best of all, at a saving of from 25 to 50 per cent.

It Has Been Our Policy—from the start to be able to give "the Best to Be Had." We say "Best" because our many years of experience in handling leather enables us to get and demand "the Best."

When We Get it, We "Know" That It Is The "Best"

There is as much or more deception in leather and leather-manufactured products than in cloth or any other material.

When we say you get the best, you can be assured of that fact, for we are not guessing. It's our business to know.

We don't ask you to buy here through any favor, but it's to your interest, as well as our own, for we both benefit. Besides, we are able to maintain the High Standard of Quality—that has been our aim from the start.

The Thinking Man or Woman—buys Leather Goods at a Leather Store, for the cost is no more, but the Quality is Assured.

U. P. Convention Sunday School Workers, Calumet

The Upper Peninsula of Michigan has been chosen again as the scene of one of the most important religious conventions ever held in this section of the state. The Upper State Sunday School Convention will be held at Calumet in the heart of the Copper Country.

Many Sunday School workers and members from this city are planning on attending the convention which is scheduled for May 22, 23, 24. The train service in this section of the state is highly satisfactory, and upper peninsula roads are in excellent condition for any one who wishes to make the trip by auto. It is expected that each Sunday School in the U. P. will be represented by several members.

Auto parties are being planned and groups will make the trip to the copper country for the convention which promises to be very interesting to all.

Prof. H. Augustine Smith's wonderful religious pageant: "The Light of the World" is to be presented. This pageant given at the State convention at Lansing last November, was one of the outstanding features of the gathering and produced far-reaching results.

Other features of the convention will be lectures and addresses, devout scripture studies, vocal and instrumental music, sectional conferences, handwork displays, book exhibit, luncheon conferences and dinners, demonstrations, officers' training and fellowship.

Some of the best talent available has been secured. R. A. Waite, Chicago, Associate Young People's Division. International Sunday School Council of Religious Education; James Garrison, St. Paul, Executive Secretary, Minnesota Sunday School Association; Mrs. W. H. Deitz, Chicago Children's Division specialist; J. H. Engle, E. K. Mohr, Miss Irene Roebenbach and Clarence N. Wright, staff members of the Michigan S. S. Council of Religious Education and who appeared in this city recently during the S. S. convention.

Others who have been invited to take part are Dr. Marion Lawrence, Chicago, Consulting General Secretary, International Sunday School Council Religious Education, and the following state Sunday School specialists of their respective denominations; Dr. and Mrs. Peter F. Stair, Rev. W. B. Shirey, Rev. E. R. Latham, Rev. Morgan L. Williams, Mr. E. E. Piper, and a group of the best Sunday School workers of the Upper Peninsula.

The upper peninsula churches and Sunday schools are very fortunate in having such a convention in this part of the state giving them an opportunity to attend. Every pastor and every superintendent will be glad of a chance to meet with the workers from other schools in other counties. These opportunities lend a broadness to their work and makes them know that they are not alone in their struggles for promoting Christian education among children and youth of this expansive section of the state.

Those who saw the pageant and attended the convention at Lansing last November are all the more enthusiastic about going again. It is expected that Escanaba and Delta county will be very well represented at this convention for this city has a number of ardent workers who give up much of their time and energy for this good cause.

Public Schools Reception Day Friday, May 18th

Friday, May 18, the grade teachers of the public schools are holding their annual reception day. All interested in the work of the children are cordially invited.

The work of the schools can not adequately be shown by means of an exhibit of papers, written by the children. The child's way of working has become the most important consideration. With this thought in mind, each teacher has selected a phase of work in which she is particularly interested and will show how it is developed with the children. Several teachers have planned work in geography, others, lessons in arithmetic, reading and spelling.

A progressive program has been arranged, copies of which will be presented to visitors at each building.

Franklin Building. 2:00—2:20.

Kindergarten—Miss Dredericks. Songs and Rhythms.

First grade—Miss Eastwood. The Development of Phonics.

ASK ARREST OF CREAMERY MAN SECOND TIME

Asselin Named in Dairy Inspectors Complaint on Wednesday.

A warrant for the arrest of B. F. Asselin, owner and operator of the Cleveland Creamery, 301 Ludington street, on the charge of violating the state dairy laws, was issued yesterday. Complaint was signed by A. R. Schubert, Hancock, and Edward J. Friar, Grand Rapids, both representing the Bureau of Dairying, State Department of Agriculture.

The specific charge is that samples of butter made at the local creamery contained as high as eight per cent more moisture than is allowed by state law. The state permits the manufacture of butter with as high as 16 percent moisture. Samples taken at the Asselin plant contained as high as 24 per cent.

Second Offense. It became known yesterday that Mr. Asselin was arrested in December, 1922, on a similar charge and that he paid a fine of \$30 and costs. Mr. Asselin is out of the city at present but the warrant was placed in the hands of the police and service will be obtained on his return.

During their stay in Escanaba Mr. Schubert and Mr. Friar have made inspections of the various Escanaba dairies and milk distributing stations. Sanitary conditions were reported to be in general very good. In fact, according to Mr. Schubert, Escanaba's milk supply is easily the best in the Upper Peninsula.

At the present time there are in Escanaba five milk distributing plants here. Milk is furnished by 118 farmers and about 3,750 quarts are consumed here daily. The average daily consumption per each person is about one-half pint.

Advise Milk Ordinance. "We have recommended to Mr. Harris, City Manager, that Escanaba adopt a milk ordinance which will insure a clean and safe milk supply" said Mr. Schubert. "We have left with Mr. Harris a copy of an ordinance used as a pattern in many cities. This ordinance has been adopted in several Michigan cities, Monroe being the latest."

Escanaba is one of the few cities of its size in the state which has no milk ordinance, according to Mr. Friar. In most cities the local dealers welcome the passage and enforcement of a milk ordinance because in addition to furnishing the people with protection from unclean and adulterated milk it is a protection against unfair competition. Sault Ste. Marie is preparing a milk ordinance which will ban all milk from cows which have not passed the tuberculin test.

LIGHTHOUSE COFFEE

Now a QUICK Quaker Oats

Cooks to perfection in 3 to 5 minutes

Good News

For those who breakfast in a hurry

There is now a Quaker Oats which cooks in from 3 to 5 minutes—the quickest cooking oats in the world. It is called Quick Quaker—perfected by our experts. No other oat dish can compare with this in the little time needed to cook it.

The same Quaker flavor

Quaker Oats dominates because of its flavor. It is flaked from the finest grains only — just the rich, plump, flavory oats. A bushel of choice oats yields but ten pounds of these extra-flavory flakes.

That's why millions of mothers, all the world over, insist on this premier brand. They want their children to eat oats, so they make the oat dish tempting.

Quick Quaker is made from those same selected grains. But we cut the oats before flaking. Then they are rolled very thin and are partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

So there are now two reasons for Quaker Oats. First, that matchless quality and flavor. Second, oats that cook faster than the coffee.

Tell your grocer which style you prefer.

It was disclosed at the chamber of commerce forum meeting Tuesday night that approximately 140 of the 600 members of the Escanaba Chamber of Commerce are in arrears for their dues and there is immediate necessity for the collection of these outstanding accounts if the organization responsible for the revitalization of a spirit of progress among the people of this city, is to continue. That such action will be necessary is unthinkable and that we should be forced to even consider the contingency is lamentable.

Those who appreciate the value to the city of Escanaba of the accomplishments of the chamber of commerce are of the firm belief that there are today 140 members of the organization in arrears for their dues only because of the carelessness of those members and not because of any default on their part to withdraw their support from the organization that made possible the establishment of the present efficient form of municipal government for Escanaba, converted Ludington street from the poorest lighted business street in Cloverland to one of the best lighted thoroughfares boasted by any city north of Milwaukee and finally has made certain the passage within 90 years by the Michigan legislature of a law that will benefit the taxpayers of the city of Escanaba to the extent of at least \$5,000 annually.

It is inconceivable that anything but reasons of the direct necessity will stand in the way of any public spirited citizen of Escanaba in continuing to staunchly support the work of such an organization by maintaining his membership.

Today and tomorrow 30 patriotic citizens of Escanaba, who believe firmly in Escanaba and its chamber of commerce, will engage in an intensified campaign for the collection of delinquent chamber of commerce dues. They will call upon every delinquent in the city as a means of insuring the continuation of the work so worthily established in Escanaba. They will render this service voluntarily, as a duty to their home town and the organization in which they implicitly believe.

No individual who calls himself a good citizen will fail to cooperate with these men in their laudable purpose.

RE-ELECT DR. BOHN.
 Senator Frank P. Bohn, of Strawberry, representative of the 17th district in the Michigan senate, deserves reelection on a record without opposition, at an election still a year in the future.

No individual ever to serve this district in the senate has established a more enviable first term record than Dr. Bohn and his constituents owe it to him and to a record to see that he is returned to the office he now holds without being forced to the necessity of making even the semblance of a campaign next summer.

Dr. Bohn accomplished what was believed to be the impossible when he introduced and secured the passage of a bill providing for the establishment of a state owned ferry, linking the two peninsulas by a state owned ferry is destined to accomplish more in bringing the people of the two peninsulas to a common ground of understanding and cooperation than any action ever before known. That this has been made possible by a first term in the senate cannot be stated as monumental evidence of the ability and influence gained by Dr. Bohn during his term.

Those who have been urging the Administration to recognize the soviet government of Russia will probably have very little to say when the next Congress convenes in December. Recent incidents in Russia ought to convince the most optimistic observer that the soviet policies are utterly outside the pale of civilization, and that there can be no sort of friendly relations between Russia and countries governed by humanitarian laws.

"A PURITAN WIFE"

ANN CIRCUMVENTS GRACE'S PLAN.

Chapter I.V.I.

Dick was planning to go to San Bernardino. Grace had declared she would wait no longer for the payment of their wages. Ann called Bessie. She said: "Bessie, Dick and Grace are planning a day in town. Why can't you and Ned go, too? Take your car, and then we can all go. Can you arrange it?"

"You say Grace and Dick are going? She hasn't said a word about it."

"Yes, she won a silly wager with him and he has to take her in payment. And I thought—"

"Of course we'll go! It will do Ned and me both good. What time shall we come over?"

"Early. Dick is planning to start about 9 o'clock. You can bring Grace—and, Bessie—I'd rather she and Dick would think it your idea."

"I understand. We'll be on hand a little before nine."

Ann said nothing to Dick until after dinner. Grace had been over for a little while in the afternoon, but had not remained when she found Ann helping Dick wrap young lemon trees.

Dick lighted his pipe and leaned back with a sigh of contentment. Then as he watched the smoke curl lazily toward the ceiling, he remarked:

"That's a good job done, Ann. It would have taken me almost twice as long for your help."

"It was fun helping! And we're tired enough to sleep well. We will have to be up with the chickens to get ready to go—oh, Bess and Ned are going, too. They're going to take their car, and we'll all make a day of it."

"Fine and dandy! When did you hear?"

Grace frowned, while Ann told Ned of the wager, stressing the fact that Grace had a toy for little Jack, and that he knew it.

"Any kid would have done the same," Ned answered as he helped Ann into the car beside Bessie.

"You go ahead, Grace. If you are going to burn up the road I prefer you go first."

"Dick always looks so odd when Grace drives," Ann said so he could hear. "He's so big to be sitting idle with a woman at the wheel."

"Leaves his arms free, eh, Grace?" Ned teased.

Dick flushed under his tan, but Grace only laughed as she started off, calling: "Catch us if you can!"

"I do hope they won't have an accident," Ann said, looking apprehensively after them.

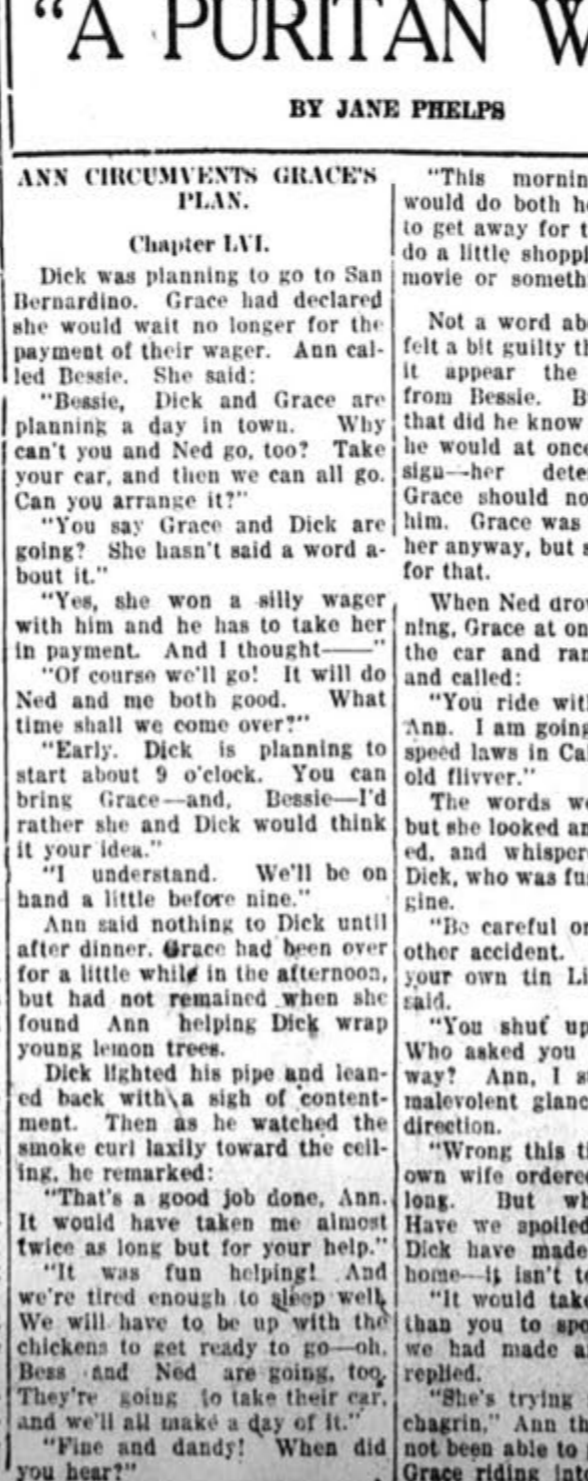

"Don't worry," Ned replied; Grace is a good driver, and it is morning, not dark like it was before. Just gossip with Bess and forget about them. We'll not let them get too far ahead."

Stanley Jogue was away from school the early part of the week on account of sickness. Alex McDonald of Fayette was in town yesterday. From here he went on to Germantask and then up to Newberry. While on the beach near Gill Net Haven on Lake Michigan last Monday, Alex McDonald noticed a boat on the lake, whose occupants were making frantic efforts to call his attention by signaling. Subsequently members of the party came ashore in a small row boat and informed Mr. McDonald that they were experiencing engine trouble and could not proceed he readily consented to go out with the party and render what assistance he could. It did not take him long to locate the trouble which was caused by a small particle of rubber in the carburetor. This was soon fixed up and the party which consisted of three women and six men were able to proceed on their journey to the Soo. They had come from Milwaukee and had been helpless at the point where Mr. McDonald found them from daybreak until 11 a. m. Their boat was a large gasoline boat of around 70 horse power. Nina Hazen spent the week end with her friend Jennie Birk at Fayette. Wm. Winters, Sr. at Van's Harbor is under the weather. Some days ago while engaged in his work he was lifting and strained the muscles in his side. For more than a week he has been compelled to remain indoors. Mrs. Wm. Winters, Sr. is suffering a bad attack of rheumatism. Louis Walsh of Van's Harbor is slightly improved. Lucella Walsh went to Isabella for a short visit on Thursday. Lucille Bondreau, teacher at the Kates Bay school was sick at her school on Friday. The morning session was held but school was closed for the day at noon. The lower grades of the local school enjoyed a potato roast in the school grounds Friday afternoon. Mrs. Edward LaMotte and little son Edward have left Garden on an extended trip to points in the big Rapids. They will call at Lower Rapids, Muskegan, Grand Rapids, Lansing, Ann Arbor, Holland and Grayling before returning home. Mrs. Frank LaLonde has been on the sick list during the greater part of the week. August Mercier, son and daughter of Puffy Creek went over to Gladstone on Wednesday to attend the funeral of the late Frances Rouleau. Mrs. Alvin Gray of Fairport also went. The party returned the same day. Adelle Mercier was a visitor at the cancer hospital on Wednesday. Mrs. Dion of Escanaba was a visitor at the August Mercier home during last week. Little Jas. Hennesey of Cooks was a visitor at the home of his grandparents on Thursday. Jerry Kitts and son Albert of Fayette were in Garden on business yesterday. Mrs. Mary McPhee of Fayette was in town yesterday. John Christensen is doing a good business smoking hams and bacon. He is kept going steadily for some days at this work. David Horning and Orval Lockhart motored to Trenary on Tuesday. The former returned to Garden the following day, accompanied by his father, Chas. Horning. Orval and his brother Fred left Trenary on Wednesday, on horseback. They spent the night at Ensign and arrived at the Horning home here yesterday afternoon. Repair work on the Church Hill was commenced. It is stated that this will be completed by the end of the week. Lee Tatrow, son of Chas. Tatrow and wife had an unpleasant experience at school on Thursday. One of the older boys was assisting him in a climb up the wall in order that he might reach his cap which was hanging on a high hook. He slipped and caught on one of the other hooks below. The flesh was badly torn from his arm for a distance of several inches. Edward Purtil hurried him to the home of Dr. Foote where his injuries were attended. Dr. Sellers of the Peoples' Auto and Tractor Co. of Manistique was in town on Thursday. Edward Von Boroskey went out to the Albert Beardsley farm at Kates Bay on Thursday. He expects to work there through the summer. Elder Bellows and wife of Cooks were visitors at the cancer hospital last week. Supervisor Wm. McNally and Road commissioner John Feldhusen made a trip to Isabella on Sunday. Harry Hennesey and wife, Alice Lamkey, Jack Gunn and Frank LeDuc all from the McPhee camp were visitors in town Sunday night. Mr. LeDuc said goodbye to his friends here and stated that he was leaving on Monday night for Iowa. His many friends in this section wish Mr. LeDuc a pleasant journey and much success in his new sphere of labor. Mr. LeDuc has been employed at the McPhee camp for the past several months. Mrs. Dotsch, John Baker and Leo Foye left Garden Sunday for the ball game at Escanaba. When near Ensign they experienced trouble with their car and were

ARREST SEVEN IN FOUR RAIDS ON WEDNESDAY

Kell Place Gives Up 160 Bottles of Home Brew, Plus Moon.

One hundred and sixty bottles of home brewed beer, one and one half pints of "white mule," one half pint of "red ikker" and seven arrests for violations of the prohibition laws were the net results of a series of four police raids staged yesterday morning. The residence of John Kell, 1613 Second avenue north, contributed all of the beer and the blond moonshine. The goods were found concealed under the floors, in wall receptacles and other cunning covers. Mr. Kell, the only one of the family who was at home, was arrested on a warrant charging sale and possession of liquor. Mr. Kell is out of town, but a warrant charging sale, possession and keeping a place awaits his early return. The establishment operated by Grover Lewis at 110 South Tenth street yielded a good hair-pint of amber fluid of presumably high flash and gravity test. Mr. Lewis is charged with keeping a place and with possession of booze. His bartender, John Conahan, faces charges of possession and sale.

Two Places "Dry" The Sailor's Home, at North Escanaba, belied the traditions attached to the name by proving itself at the time barren of alcoholic liquors. The proprietor, David LaCasse was served with warrants charging previous sales, possession and keeping of a place where those things are done. The Groth place, 209 North Tenth street was also dry as the desert when the officers arrived but charges of keeping a place and possession were entered against Helmer Groth, proprietor, and charging sale of intoxicants against his wife.

The raids were made by John Tolan, Chief of Police; Mike Eltenhofer, assistant chief; and Officers Bruce, Carlson, Pappineau and Finn. All defendants were arraigned before Judge McEwen yesterday and hearing in their cases was set for May 11.

ORDER EXTENDING THE CLOSED SEASON FOR MOUTH BLACK BASS AND SMALL MOUTH BLACK BASS AND SMALL MOUTH WHITE BASS IN THE WATERS OF THE COUNTIES OF MACKINAC, CHIPPEWA, SCHOOLCRAFT, LUKE, ALGER, MENOMINEE, ONTONAGON, GOGEBIC, IRON, DICKINSON, DELTA AND SARAGA. STATE OF MICHIGAN. County of Ingham. WHEREAS, petitions having been filed at my office in the city of Lansing, signed by twenty-five residents of each of the Counties of Mackinac, Chippewa, Luze, Schoolcraft, Alger, Menominee, Ontonagon, Gogebic, Iron, Dickinson, Delta and Saraga asking that a time and place be fixed to hold a public hearing to determine the advisability of making an order to extend the closed season on large and small mouth black bass in the waters of said counties, and

WHEREAS, a proper notice of said hearing was duly published in accordance with law, and hearing thereon having been held in the city of Newberry on the 14th day of May, at which time and place all persons were heard both for and against the issuance of such order. THEREFORE, I, John Baird, Director, Department of Conservation of the State of Michigan, after due deliberation of the evidence submitted at such hearing, do hereby order that the closed season on large mouth and small mouth black bass provided by Act 155 of the Public Acts of 1921 be extended from June 15 to July 15, inclusive, during which closed season, from April 1 to July 15, inclusive, for a period of five years, it shall be unlawful to take or attempt to take large mouth black bass or small mouth black bass from the waters of said counties, or to take more than five large mouth, or small mouth black bass in one day, or to have more than ten such fish in possession at one time, during the open season, under penalties provided by Section 5 of Act 9 of the public Acts of 1917.

Signed, sealed and ordered published this 15th day of May, 1923. JOHN BAIRD, Director. Approved by the Conservation Commission, this 15th day of May, 1923. ALBERT STOLL, JR., Secretary. 4862-137-11. Norwegians in all parts of the world today will celebrate the 19th anniversary of Norwegian Independence.

WOMAN SO BLUE SHE CRIED Because of Ill Health—Tells How She Found Relief by Taking Lydia E. Pinkham's Vegetable Compound Burlington, Ia.—"I used to dread the time for my monthly period as it came every two weeks and lasted for two weeks, and during that time I would have the blues and cry. Since I have taken Lydia E. Pinkham's Vegetable Compound I am so happy I can hardly express myself. I have gained several pounds and look fine. I have recommended your medicine to my friends and you may publish my letter as a testimonial. I hope your medicine will give others the relief it did me."—Mrs. RALPH GAIL, 2021 Des Moines St., Burlington, Ia. Lydia E. Pinkham's Vegetable Compound is a medicine for ailments common to women. It has been used for such troubles for nearly fifty years, and thousands of women have found relief as did Mrs. Gail, by taking this splendid medicine. If you are suffering from irregularity, painful times, nervousness, headache, backache or melancholia, you should at once begin to take Lydia E. Pinkham's Vegetable Compound. It is excellent to strengthen the system and help to perform its functions with ease and regularity.

"I hear Henry Ford is planning to build a new dock at Wells," said the Well Known Business Man, adding "D'you know anything about it?" "Nope!" answered the second W. K. B. M., "But that's the rumor."

"I also hear that he's bought the tannery and is going to manufacture synthetic rubber out of hemlock bark to make tires," the first speaker continued. "That's so?" queried the second, "That's a new one on me. I did hear that he was buying up the old Ford River mill site and is going to run a railroad from Iron Mountain to ship his body parts by water."

"Just a rumor, probably," the first remarked, "I did hear from a brakeman who talked to one of his scalars that Hank is going to buy the logging line that runs up northwest of here and is going to run his ore clear down to Escanaba and build a battery of blast furnaces here."

Some old-time wit, with a grouch against womankind, coined long ago a phrase in which he credited the gentler sex with almost a perfect monopoly on the business of collecting and disseminating false report and extravagant impressions. "Dame Rumor," he wrote it, and the name has stuck through the ages. The Skipper rises to remark that the expression constitutes a slander against the fair name and reputation of women in general and that in the matter of rumor reviewing and gossip ear-bling the W. K. B. M. is equally if not more an offender.

Women will gossip, of course, there's no stopping them; but woman's chatter is in most cases confined to the region bounded on the north by the washbub, on the east by the kitchen stove, on the south by the ironing board and on the west by the supper table. Well Known Business Men, however, casually joss to the winds stupendous figures of imaginary stock dealings, extravagant ideas on the development of natural resources and ingenious solutions of the world's social, political and economic problems.

Over a glass of malted milk they will build a four million dollar ore dock, spend ten million making a seaport of a frog pond or run railroads through the brush as thick as rabbit trails. It's plenty of fun for them, and as long as no one pays much attention there's little harm done. There is a report, however, which the Skipper has been unable to trace to any reliable source, to the effect that a Well Known Mining Corporation has a crew of men sneaking about with dip needles and forked hazel twigs locating the boundaries of an immense body of iron ore said to be located more or less handy to this city. So far nothing definite has been learned, and probably never will, but anyway:

THAT'S THE RUMOR!

compelled to get a team to tow them into Ensign. There they secured help and got fixed up so that they proceeded to the city. They arrived there about 7 p. m. The opening dance of the season was given in the Town Hall on Friday night last. During the evening a bed spread was given away in the interests of the funds of the Graduating Class of the Garden High School. This was awarded to Miss Rose Mercier. Mrs. Nellie McLeod took an annual trip out near her old home at Puffy Creek last Monday. This is the first time she has been out for a long time. She has been sick during a great part of the winter.

Advertising Shortens the Road to Success Do you doubt that a new hatter could spring up in New York and with honest hats and brilliant advertising, in five years take its place abreast of the leaders of fifty years? It has been done. Do you doubt that a new thought could arise in pencils, and, in two years, backed by good advertising, make a place for the pencil on the desks of the nation? That, too, has been done. Do you doubt that a New York department store, in a bad year, could, largely through the improvement in its advertising attract 110,000 new customers to its shop? That was done, last year. A fine old business may consider advertising as a protection for today and insurance for tomorrow but to the young growing business it is a pair of seven league boots, which bring fame, friends and volume, years before their normal advent.

"SHEIK" COMES
TO LYRIC IN
BALZAC STORY

Following is the story of "The
Conquering Power," the famous
film featuring Rodolph Valentino
and Alice Terry, famous stars of
"The Four Horsemen of the Ap-
ocalypse" which will be shown at
the Lyric theater today.
The Grandet family live in
an ancient house in Noyant, a
French city. A desperate econ-
omy rules their existence, although
Monsieur Grandet is the wealth-
iest man in the province. Mad-
ame Grandet, a deeply religious
woman, readily submits to the
regime of "poverty, and their
daughter Eugenie, Alice Terry,
knows no other life.
Eugenie, being an heiress, at-
tracts aspiring suitors as she be-
comes of age. Matrimonial plans
are interrupted by the arrival of
Grandet's nephew, Charles, a
parisian dandy, played by Rod-
olph Valentino whose good looks
arouse a sudden tender love in
Eugenie. Charles brings with
him a letter from his father to
old Grandet—a letter in which
the father announces that he is
committing suicide because of his
business failure and recommend-
ing his son to Grandet's good
graces.
Old Grandet decides to pack
Charles off to Martinique with-
out a cent. But Eugenie forces
him to accept some pieces of gold,
birthday gifts from her father.
When Grandet discovers this, he
orders Eugenie to her room,
where she lives on bread and wa-
ter. Her release comes only on
her mother's death, when Grand-
et conjoins her to sign away her
inheritance.
Eugenie sees letters from
Charles to her which her father
had failed to deliver. In a fury,
she leaves her father as he fond-
les his precious metal.

"COOKIE DAY"
WILL BE HELD
HERE SATURDAY

With the cooperation of all
members of the Legion Auxiliary
and of others outside the or-
ganization pledged, the success of
"Cookie Day" which will be held
by the auxiliary here Saturday to
the donation of cookies to ex-
service men at Roosevelt Memori-
al hospital, is assured.
One dozen cookies, home made
if possible, is the amount asked
from every member of the auxil-
iary and from all others wishing
to contribute to the affair. The
cookies should be taken to the Le-
gion club rooms on Central Ave-
nue, which will be open all day
Saturday. A committee will be in
charge there to receive the cookies,
wrap them and pack them in

cookies will be sent to the Memori-
al hospital at Battle Creek to
add a home-made touch to the
menu of the former service men
who are being treated at the in-
stitution.

PUPILS OF ALL
SAINTS TO GIVE
FAIRY OPERA

"The Witch of Fairy Dell," is
the name of the charming light
opera which will be presented by
the pupils of All Saints' school
as their closing program in June.
"The Witch of Fairy Dell," is
an attractive play and the deligh-
tful story woven about the central
character combined with the mus-
ic, chorus and solo numbers and
the various characters such as
fairies, and flower girls will pre-
sent some of the prettiest scenes
ever seen on a Gladstone stage.
Selection of a cast of characters
is occupying the time of the Sis-
ters of St. Joseph, who are direct-
ing the play, and rehearsals will
be started in earnest as soon as
this is completed.
The success of the play given
by the All Saints' pupils attracted
widespread notice and a new play
by members of the school is being
eagerly awaited.

NEW "RED BIRD"
CAR RECEIVED
IN MANISTIQUE

Spectators gathered at the
Cloverland Garage yesterday to
inspect the new "Red Bird" car,
which arrived here Tuesday eve-
ning. The car is the first of its
kind to be shown here, a new
model just put out by the Over-
land company, and has several
new features, in addition to its
novel red and nickel fittings and
body.
The car is one of two which
were driven up from Milwaukee
by the local agency. They were
secured from the Overland Wis-
consin company of that city. Leav-
ing Milwaukee Monday noon, the
garage men came to Green Bay on
the first day, and made the re-
minder of the trip Tuesday.

Police Seek Boys
For Auto Stealing

Report was made to the police
yesterday of the theft of an auto-
mobile belonging to M. Robarge
of this city. The car was in the
garage at 9 o'clock Tuesday
night, according to Mr. Robarge.
Late in the evening a motorist,
coming in from Ford River Switch
reported seeing the Robarge car
in the ditch about six miles from
Escanaba. Two young Escanaba
lads were in the car at the time,
according to the report. Another
motorist came along and gave
the lads a lift to Escanaba.
The police are anxious to learn
the identity of the person who
brought the lads to town, in order
that they may be called in to
explain their presence in the car.
Assistant Chief Mike Ettenhofer
requests that the person who
brought the boys, in communicate
with him as soon as possible.

Former Residents of
City Back for Visit

Recent visitors in Manistique
are Mr. and Mrs. Arthur Dubois
of Ridgewood, New York, who are
spending several days at the
home of Mr. and Mrs. George
Govar on Maple street.
Mrs. Dubois was a resident of
this city 27 years ago, and this
is her first visit since she left
with her husband to make her
residence in New York. The local
Macabee lodge was originally
known as the "Dubois tent."
Mr. Dubois has served 24 years
with the Bell Telephone com-
pany.

Six "Silent Cops"
to Be Installed

The city of Manistique is await-
ing delivery of six new model
traffic devices, or "silent policemen."
These will be installed at the
junction of Oak and Cedar, Wal-
nut and Cedar, and Maine and
Cedar on the east side, with one
at Houghton and Deer and Mack-
inac and Deer on the west. The
new signs are to be installed in
the pavement, and will display a
red light at night.

Auxiliary Dues to
Be Paid by May 23

Announcement that May 23 is
the final date set for the payment
of dues to the Legion Auxiliary,
has been made by Mrs. E. C.
Dayton, treasurer, and every
member of the unit, as well as
those contemplating joining are
urged to pay their assessments be-
fore that time. After May 23,
it was announced, an additional
fee of fifty cents will be charged
each member.

MEETING OF
DRUM CORPS
IS IMPORTANT

All former members of the Bug-
le and Drum Corps must report
at the high school tonight at 7
o'clock if they wish to remain in
the corps, it was announced
Wednesday by Matthew Wagner,
leader.
Those desiring to drop out
must turn in their equipment at
this time, it was also announced,
as there are others waiting to join
the corps.
Anyone who will be unable to
attend the meeting tonight must
present his excuse to Mr. Wagn-
er before Thursday afternoon
and his place will be held.

CHAMPIONS WIN FAST BATTLES

Mickey Walker Floors Cowboy Twice, Fails to Stop Him.

Coliseum, Chicago, May 16.—(By the Associated Press)—Gene Tunney, American lightweight champion, had a shade the better of Jimmy Delaney, of St. Paul, Minn., in a ten round no decision contest here tonight in the opinion of newspaper men at the ring.

Mickey Walker, 21 year old welterweight champion of Elizabeth, N. J., floored Cowboy Padgett of Dolores, Colo., twice in ten rounds tonight but could not knock him out.

The champion won every one of the ten rounds, flooring Padgett in the first with a right cross to the chin, and dropping him again in the fourth with a left hook.

Tonight was the first time Padgett had been knocked off his feet in 150 fights.

WILLARD BACK, EVANS THINKS

Says He Should Give Firpo Hard Scrap When They Meet.

BY BILLY EVANS.

Jesse Willard is back. Luis Firpo has arrived.

These two decisions stand out as the result of last Saturday's big heavyweight elimination contests at the Yankee stadium in New York.

The aged Kansan took everything that the youthful Iowan could offer, and smiled. Then to show he still retained the old-time punch, he sent Johnson sprawling to the floor with a right uppercut as the bell rang at the end of the eleventh round.

Firpo Biggest Hit.

It was a clean-cut knockout. And when the bell sounded for round 12, Johnson was unable to respond. Willard had come back!

Luis Firpo made perhaps the most pronounced hit of the day. The easy manner in which the Argentine wallower disposed of the much touted Jack McAuliffe of Detroit makes Firpo loom up as a likely contender for the heavyweight title.

Luis Firpo is the "Absydonal Brute" of the late Jack London's ring fiction. Firpo, the silent man of the ring, who never seems to smile, who knows fighting only as a serious business, has yet to be put to a serious test. Willard looms just ahead.

While in New York recently, I made a survey of the training camps of Willard, Firpo, McAuliffe and Johnson. At the same time I had a chance to see Johnson in action against Fred Fulton.

I voiced the opinion then that Willard and Firpo were far the most impressive. The result of the elimination tourney has borne out that opinion.

Floyd Johnson's showing in the Fulton bout was a distinct disappointment. He hit Fulton with everything but the ceiling. But the much plastered plasterer took everything Johnson sent his way. He still was fighting back at the end of the twelfth and final round.

Johnson Game Fighter.

In the Fulton bout, Johnson made it apparent that his punch packed no dynamite. In the Willard bout the performance was repeated. Johnson seemed to have no trouble reaching big Jess, but there was nothing back of his punches.

Johnson is one of the gamest fighters I ever have seen in action. He can take it and keep coming. If his knowledge of the ring game, plus his punch, were equal to his gamest, Jack Dempsey wouldn't have a chance with the Iowa farmer boy.

But Floyd lacks experience and the ring technique that goes with it. He throws his punches over hard, but apparently doesn't deliver them properly.

The defeat of Johnson at the hands of Willard doesn't mean that he is through. Johnson has youth and courage—two assets capable of surmounting all other obstacles of the ring.

Firpo, as I watched him in training, seemed to have little or no science. When he landed a punch on a sparring partner, though even with the heavy gloves used in the gymnasium, it was evident he had something back of every swing. Each punch perceptibly jarred his sparring mates.

Luis Clumsy Yet Clever.

Firpo is an awkward, clever fighter, who regards fighting in a business way, and likes it.

When hard hit, he appears to fly into a rage and starts swinging his hairy arms in such a wild manner that a dozen of them, instead of two, appear to be flying through the air. No doubt his opponent imagines he can see a hundred gloves being thrown in his direction.

Questionably Luis is crude as far as boxing science goes. Yet he is perhaps Dempsey's most dangerous rival. He has proved he can take punishment.

Likewise he has shown that he can hit. The veteran Bill Bron-

HOPE FOR CHEAP BEER.

London—Beer prices may come down soon in England. The government may reduce the tax a penny a pint. Brewers are expected to knock off another penny.

nan spent a couple of weeks in a hospital after Firpo had knocked him out in their recent bout.

Best of all their likes to fight. He is cave man of the ring. He fears no one.

Jess Never Better.

Willard probably never entered the ring in better shape than he did last Saturday. Despite his 40 and more years, he showed plenty of stamina. He routed the belief of many experts that he must win inside of five rounds. The experts thought he would tire rapidly after going that distance.

Jess Willard versus Luis Firpo! That is the next big attraction for New York fight fans. In all probability, Tex Rickard already has the bout closed. Such a meeting should draw close to \$1,000,000 if staged at the Yankee stadium.

It would be a battle of giants. Both Firpo and Willard are supermen physically.

It should be a contest worth seeing, provided you like the heavyweights.

I'll take the little fellows, for mine. With them action and science take the place of brute strength.

LOUGKS PICKS TRACK SQUAD

Coach Cuts Track-Field Aggregation to 20 Men.

Coach Al Loucks last night cut his track squad at Escanaba high school to 20 men and started a program of intensive work which will lead up to the dual meet with Manistique high and the annual upper peninsula track and field meet at Menominee.

The men retained on the squad and the events in which they will participate, were:

Dashes—McGuire, Savard, Gidlund, Bray, Powers.

440-yards—Tolan, Gidlund, Powers, Lancour.

88-yards—Smith, R. Sanders, Tolan.

PITCHERS SAY RUBE WADDELL MARK WILL RIDE

New York, May 16.—The modern strike-out record for a nine-inning game is 16, held by the late George Edward Waddell, otherwise known as "Rube".

Back in 1884, Ramsey, pitching for Providence in the National League, whiffed 19, but conditions were quite different then.

Waddell made his strike-out record as a member of the St. Louis club, at a time when the "Rube" was regarded as well nigh through. Connie Mack, tired of Waddell, passed him on to Jimmy McAleer at St. Louis.

Shortly afterward the Rube took deep dark revenge at the expense of the Athletics. Sent against his old teammates, Waddell struck out 16, establishing a modern whiff record for nine innings.

No pitcher in recent years has had so many chances to break that record as Walter Johnson. Had the Washington star been a pitcher who sought the limelight he probably would have turned the trick. With Johnson, however, winning the ball game always meant more than an individual record.

There are two records which baseball players think will stand for a long time. One of them is Babe Ruth's 59 home runs, the other Waddell's 16 strike outs.

"With the lively ball now in use, to think of striking out 16 or more players is a joke," says Walter Johnson.

"The lively ball and no freak pitching makes Waddell's record safe for some time," opines Ed Walsh.

Giants Take Odd Game From Pirates

New York, May 16.—The New York Giants took the odd game from Pittsburgh today, 6 to 2. Jack Scott was in great form and let the Pirates down with four hits which he kept well scattered.

Score: R. H. E.

Blacksmiths Victors In Monday's Game

The Blacksmith team of the Chicago & Northwestern league objects right strenuously—and justly—to a story in the Daily Press Tuesday morning that they lost to the Round House by a score of 14 to 4 on the previous afternoon. The fact is that the Blacksmiths beat the Round House 14 to 4. The reporter who twisted the story has been charged with an error. He denies that he was bribed by the Round House management.

ANAPHAGUS

CAKE PUDDING

If you bake a cake and it falls, next day steam it and serve with a good pudding sauce.

Titles in Chicago Bouts

ELEVEN YEARS A CHAMPION

Immediately after Kilbane won the championship, he sought his wife in their hotel 20 miles away. Then with Mrs. Kilbane and their nine-months-old baby, Mary, he went for a stroll on the beach, away from the crowds, to be alone with his family. This photo was made that day. Inset shows a clinch during the Kilbane-Attel battle.

BY JOHNNY KILBANE Featherweight Champion of the World.

A crowd always is with a champion before the fight. As soon as his opponent starts to hit him, they cry for a knockout of the title-holder. But when the champion steps into the ring, the cheers are all for him.

I learned that especially at Vernon, Calif., on that day back in 1912 when Abe Attel and I clashed for the featherweight title. I had been told by so many that he was unbeatable.

I didn't encourage me any more than witnessing an execution would encourage a man sentenced to die. But I sort of gathered my wits and asked myself whether it wasn't an advantage to me to have Attel such a great fighter.

Surely it would be no credit for me to lick or be beaten by a dud! And so I climbed in the ring. I didn't mind the half-hearted cheers I received, and the room-smashing cheers that went to Abe. I determined not to rush him, but to have him bring the fight to me. When he brought it, I'd have a reception committee consisting of a couple of rights and a few lefts there to greet him.

Attel Talked.

I followed this course, and at-

though Attel gave me a severe tongue lashing—he certainly tried to discourage me vocally—he didn't do any particular damage to my husky young body.

"So you're the guy who beat Kilbane," he said at one time in a clinch. He was so excited he even thought he was fighting Rivers! "I'd answer with a simple: 'Yes.' Or 'I'd even add a 'Yes—sir.' That made him so mad he dropped his hands once, and asked me why I didn't come in. I was polite, but firm, in replying that the honors were all his. And I wound up the day by getting the decision, and with it the championship, which I have kept ever since.

When the referee lifted my arm and proclaimed me champion, the crowd was all for me.

I didn't seem to realize it. It was all so new. And to this day I can't seem to get excited over it. I've never realized I was the champ. My life's habits have not changed a bit.

After the fight the talk of the town was Kilbane. Those in the cabarets wanted to know where he was. Why didn't he come around and show himself?

The Reason Why.

I don't mind telling for the first time, was that he was walking up and down the beach with Mrs. Kilbane, pushing their baby carriage. We slipped away from the crowds and stayed together all that evening, walking back and forth, talk-

CAR REPAIRERS BEAT GENERAL OFFICE, 6 TO 1

A freezing wind, coupled with a late start, halted play at the end of the fifth inning in yesterday's game in the Chicago & Northwestern twilight baseball league, with the Car Repairers leading the General Office team by a score of 6 to 1.

Klinger, on the slab for the Carmen, held the office men to three hits, all scattered, their only tally coming in the second inning without the assistance of a safe blow. Touchet was hit by a pitched ball, stole second and scored on a passed ball.

The Carmen's score all came in the first inning when hits by Klinger and Blake and a double by O'Dess, combined with a pair of errors, some good base running and some slow fielding, permitted half a dozen men to cross the rubber. After that frame Deslites allowed only three hits.

Friday night, the Storekeepers will play the Machine Shop team at South Park.

Score: R. H. E.
General Office, 010 00—1 3 2
Car Repairers, 600 00—6 6 2
Batteries: Deslites and Morton; Klinger and Decker.

FELT POPULAR.

ing, plaining, our future.

Because my wife's happiness meant more to me than all the championships put together. Our baby was only about a year old.

Our second baby, whom we were to lose, had been born.

Our future meant everything. The few curious ones who wanted to see the new champ meant nothing.

We decided to go back to Cleveland but to take the journey leisurely, playing a few theatrical engagements on the way.

We started back about six weeks later, and all went well until we hit Syracuse, Kansas. There we ran into a snow storm that held us up nearly two days. I'll always remember that storm. It was a terrible one.

Finally, on March 17, a Sunday, we reached Cleveland, and what a reception!

Kilbane describes vividly that homecoming when he returned to Cleveland the champion, in his next article.

HAVE KIDNEYS EXAMINED BY YOUR DOCTOR. Take Salts to Wash Kidneys if Back Pains You or Bladder Bothers. Flush your kidneys by drinking a quart of water each day, also take salts occasionally, says a noted authority, who tells us that too much rich food forms acids which almost paralyze the kidneys.

FLUSH YOUR KIDNEYS. To help neutralize these irritating acids, to help cleanse the kidneys and flush out the body's urinous waste, get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys may then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate sluggish kidneys; also to neutralize the acids in the system so they no longer irritate, thus often relieving bladder weakness.
