

HARDING MAY DELAY DRY CONFERENCE

HEARST DENIES FORD LEANING FOR PRESIDENT

PUBLISHER INSISTS HE WAS GROSSLY MISQUOTED.

BY DAVID LAWRENCE.

Washington, June 8.—William Randolph Hearst announced today that while he favors a third party ticket at the coming presidential election he is not committed to Henry Ford.

Mr. Hearst agrees with his fellow publisher, Frank A. Munsey, on the need for a third party but does not attempt to select its candidate. He has not, however, turned his back on Hiram Johnson of California, an impression which swept the country after Mr. Hearst gave an interview in New Orleans on the Ford boom. He says "A great man is generally the creature of a great occasion; therefore, let us not despair; we have the occasion—it will create the man."

In a telegram to this correspondent, Mr. Hearst takes issue with the inferences drawn from his New Orleans interview. The text of Mr. Hearst's telegram follows:

"I notice in one of your dispatches an extremely interesting and important interview with the publisher, Mr. Frank A. Munsey. Mr. Munsey said the time is ripe for a third party. I agree with him.

"The time has been ripe for a third party for several years; that is to say, for several elections the people have been disgusted with both of the old parties.

"But people are hard to win away from the old habits, and they have expressed their dissatisfaction by voting on the old party that was in and voting in the old party that was out.

"This situation has been an easy one for the party machines and the privilege seeking interests to deal with. The machines have cooperated and protected each other no matter which party was in power.

"The privilege-seeking interests have controlled the machinery in both of the old parties, and have not cared much which party was elected.

"The only difference between the parties has been that the democratic party has had sufficient remnant of democratic consistency to make professions of service to the public, but not enough conscience to live up to its professions.

"The republican party has had no consistency except in service to the interests and no conscience in that.

"A situation has developed, therefore, which absolutely demands a third party if the public is to secure the service from its government for which government was created.

"There is needed, therefore, for the success of a third party only a dominating issue and a dominating man.

"The issue has been provided by the refusal of both of the old parties to heed the overwhelming declaration of the people of the United States against any further participation on the part of our country in European conflicts and complications.

John or Ford.

"The man has not yet appeared, but he may be Hiram Johnson or he may be Henry Ford.

"He can be any man of character, who has the courage to stand by the principles of the fathers of this country, and the founders of both of the old parties; for what the people demand is a return to the first principles of Americanism, to the fundamentals of freedom—freedom from foreign interference or entanglements, freedom from class distinction or domination.

"Independence as a nation, independence as individuals, are what the people want; 'Government with the consent of the governed,' the kind of government we started out to secure, as defined in our Declaration of Independence, the kind of government which, after one hundred and fifty years of effort, the American people today distinctly have not got.

Lincoln a Savior.

Brother And Sister Who Have Never Met Join For Vacation

Wilmington, N. C., June 8.—A 21 year old brother and a 16 year old sister, who have never met, were united here tonight when Miss Mildred Moore, of Bay City, Mich., arrived and joined her brother, M. V. Moore, a proof reader on a local newspaper.

Young Moore left home before the birth of his sister and never returned home. It was not until after the world war that he learned of his sister's existence and established communication with her.

ROGERS URGES BIG PROGRAM

Five Hundred Miles Construction Schedule Advised.

Lansing, June 8.—A tentative highway program calling for the completion this year of nearly 500 miles of new and reconstructed roads will be submitted to the state administrative board by Frank F. Rogers, state highway commissioner.

The total expenditure for the new program will be less than half the contemplated \$18,000,000 worth of work originally outlined. With the \$5,000,000 bond issue authorized by the board there will be enough cash to completely finance the revised schedule.

Proposes Big Program. Although there will be available this year nearly \$14,000,000 for road work, about \$7,500,000 will be spent to finish contracts remaining uncompleted from last year. The state will pay about \$3,800,000; the rest coming from the counties and the Federal Aid.

Three million dollars will be available for new construction and this will probably be concentrated on the most heavily traveled highways. State expenditures on this work will be met dollar for dollar with federal aid and with the county contributions there will be nearly \$7,000,000 ready for new work. Material and labor costs may modify considerably the amount to be carried out.

GREW AGAIN PEACE MAKER

Lausanne, June 8.—Joseph C. Grew, the chief American observer at the near east peace conference, again has been asked to use his good offices in an endeavor to prevent a rupture of the conference, as he did in the Turco-Greek crisis. The Turks and the allies seem to be without hope of settling the Ottoman debt problem among themselves, but feel that Mr. Grew, because of the American disinterestedness, can do much to bring the two parties together.

Talk regarding the Chester concessions has been renewed, but the most reliable information available is that the main interest of the United States in this matter is the establishment of broad underlying principles, like the open door and recognition of the concessions in treaties only when their validity is undisputed. This doctrine may affect the French railroad contract, which the Turks assert is invalid because the Angora government has not ratified it.

Concessions questions, however, seem nearer settlement, or it is said the Turks contemplate offering the French a substitute for the Anatolian railroad branch.

Street Car Overturns At Toledo; 25 Hurt

Toledo, O., June 8.—More than 25 persons were injured, a number of them perhaps seriously, tonight when a street car overturned in the business district and caught fire, causing a panic.

The car, which was a special, run to accommodate employees of the Willys-Overland Company, was crowded to capacity.

The rear trucks are said to have buckled during the car forward with such force that it overturned. Fire started in one of the small motors under the car which caused a wild scramble from those imprisoned to make their escape.

Nation's Future Is Guaged by Morality

St. Paul, Minn., June 8.—America's future depends on the Christian morality of its people and on their education, Gov. J. A. O. Prewer, of Minnesota, declared today in an address at the triennial convention of the Norwegian Lutheran Church of America.

"WARRENITE" PICKED FOR TENTH ST. JOB

General Construction Co. Bids \$1.99 Per Yard for This Type.

Tenth street will be paved with "Warrenite" bitulthite pavement. The city council has so resolved, and it shall be done.

Meeting in an adjourned session yesterday afternoon, the city council received bids for paving Tenth street with "Warrenite" and with Asphaltic concrete "Topeka Mixed". After a pow wow which lasted from 5 o'clock until nearly 7 o'clock at night, the council decided to ask the recommendation of the City Manager and to act upon it as they chose.

Mr. Harris recommended the Warrenite pavement for Tenth street, qualifying his recommendation to the effect that he did so because he thought Warrenite the best pavement under the circumstances and that he was not aiming to establish a precedent in type to be followed on other streets. Tenth street has a traffic condition peculiar to itself, he felt, and the pavement which would be suitable in quality of service and price on that street might not be desirable elsewhere.

Councilmen Agree. Councilman Hanrahan, who had been holding out for an investigation of the comparative values of the Warrenite and the Topeka Mixed pavements—an investigation based on something more than letters and circulars and the arguments of salesmen, agreed to act on the manager's recommendation. So also did Councilman Rose, when it was made clear that their decision would not be establishing a precedent in favor of any particular type of pavement. This point he thought important in view of the city's contemplated paving program for the next five years.

Representatives of paving companies and material concerns were present and were given an opportunity to proclaim the merits of their particular products. They did, using up their allotted ten minutes each and intermittently "rising to remark" all through the session. Councilman Cotton's Shakespearean references, "The devil can quote Scripture to his purpose," seemed to crystallize the attitude of the council towards their expressions.

The Warrenite pavement bid of the General Construction company was \$1.99 per square yard for the pavement itself and seven cents per yard for the scarifying and reshaping to be done on the old macadam base. The Willite Road Construction company bid \$1.59 for Topeka Mixed with Texaco asphalt and \$1.55 for the same with Trinidad or Bermuda lake asphalt, both bids with an additional twelve cent charge for preliminary work.

John McGarry and company bid \$1.56 for Topeka Mixed, plus a seven cent scarifying and shaping charge.

The difference in price on the Warrenite was felt justifiable in view of the recommendations of city managers in other places. The stretch of road between the upper docks and Wells was pointed out as one example of the Warrenite work in this county.

Other Bids Lower. The bid of the Willite concern gave 12c per yard as the price for scarifying and reshaping the old macadam base, \$1.59 per yard for Topeka Mixed asphaltic concrete made with Texaco asphalt, \$1.55 per yard for the same type with Trinidad or Bermuda asphalt, \$1.57 if allowed to use stone larger than three-quarters of an inch with Texaco asphalt and \$1.55 for the same with the lake asphalt.

John A. McGarry and company bid 7c for the preliminary work of scarifying and reshaping and \$1.66 for a 2 inch asphaltic concrete Topeka Mixed street using Texaco asphalt. The General Contracting company bid 7c per yard for the preparatory work and \$1.99 per yard for a Warrenite Bitulthite pavement.

Fred R. Harris, city manager, had on hand answers to a number of telegrams he had sent to various city managers asking their opinion on the comparative qualities and "service per dollar value" of the Topeka Mixed and the Warrenite pavements as based on their own experience. The majority were strongly in favor of the latter type.

On receiving the city manager's recommendation, the council passed a resolution for the preparing of a special assessment roll and another instructing the city attorney to prepare proceedings for paving the street as decided upon. Objections will be heard at a meeting set for June 15, at 7:30 p. m. and it is expected that the contract can be definitely awarded by June 23.

Princeton and Boston College, the two best college ball teams in the East, are running a neck-and-neck race in the winning of consecutive games.

BANDIT CHIEF MAKES PROMISE FOR RELEASE

PRISONER SAYS CAPTIVES ENDURE HARDSHIPS.

Tien Tsin, China, June 8.—The chief of the Shantung train bandits, now holding eight foreign captives in their mountain stronghold, has promised that the prisoners will be released within four days, according to a letter received today by the French consul here from Emile Gensburger, a Shanghai broker, who is among those held.

While the general health of the prisoners was said to be satisfactory, all those who were ill had virtually recovered, the intense heat of the past few days is causing some discomforts.

Held With Lepters. A German priest who has just returned from the bandits' mountain retreat said that the heat and flies were the worst of the captives' troubles at present. Many of the bandits, he said, were suffering from some ailment or other, two of them being leprous.

The attitude of the outlaws toward their foreign prisoners varies according to circumstances. Some of the bandit guards seem to be willing to do anything for their captives while others indulge in petty tyranny. J. B. Powell, Shanghai newspaper man, is held by the brigands, is said to have lost his temper recently and literally knocked out one of the guards who had become offensive. The bandits are continually quarrelling among themselves when they are not conversing with the prisoners.

Many of the brigands, unfamiliar with firearms, have nearly caused several tragedies among their comrades by their careless handling of weapons. Yesterday one of the bandits is said to have blown his hand off by accidentally discharging a rifle he was handling.

"SPEECHLESS" TRIP PLANNED

Washington, June 8.—President Harding will make a "speechless" trip to Delaware tomorrow, stopping at Wilmington, Dover, Milford and Lewes. With Mrs. Harding he will be the guest of Senator and Mrs. Fall and at Milford the chief executive will be initiated into the Tall Seedeers of Lebanon, a branch of Masonry.

The presidential party will include the Secretary to the president and Mrs. Christian, Brig. Gen. Charles E. Sawyer, the secretary of the interior and Mrs. Work; Secretary Wallace and Mrs. David Tod, of Youngstown, O., who has been a white house guest this week. Thomas W. Miller, alien property custodian, and Senator and Mrs. Edge, of New Jersey, will join the party in Wilmington.

Sunday will be spent cruising in the presidential yacht Mayflower in Chesapeake Bay and the party will arrive in the capital Monday morning.

White house officials in announcing plans for the trip today said the president was firmly determined to make no addresses during his stay in Delaware.

Peace Obtainable Only Through Arms

Washington, June 8.—A series of pronouncements adopted by the conference of religious and welfare workers called by Secretary Weeks was submitted to him today at the conclusion of the meeting. The religious advisors of the war department, who include representatives of the Protestant, Roman Catholic and Jewish denominations, joined unanimously in the assertion that peace at home and abroad was the mission to which America was devoted and adding:

"To pursue it unarmed and undefended would be the quickest way to invite war."

Michigan Woman To Represent U. S.

Washington, June 8.—Appointment of ten delegates to represent the United States on the international congress against alcoholism to be held at Copenhagen, Denmark, in August, was announced today at the white house. Among those appointed is Mrs. E. L. Calkins, president of the Michigan Women's Christian Temperance Union.

ROTARY CLUB AT MANISTIQUE GETS CHARTER

Clubs of Peninsula Represented at Inspiring Meeting.

Manistique, Mich., June 8.—(Special)—Seventy-five Rotarians from all corners of the upper peninsula tonight participated in the ceremonies which marked the formal presentation of a charter to Manistique Rotary club No. 1347. In addition to Ex-District Governor Austin Olmsted, of Green Bay, tonight's meeting was attended by John Olds, of Sault Ste. Marie, governor of the eighteenth Rotary district, and James Kaye, of Marquette, former governor of this district. Large delegations were present representing the Rotary clubs of Escanaba, Gladstone, Marquette and Sault Ste. Marie.

Elaborate Dinner Served. An elaborate turkey dinner was served at 6 o'clock at the Odd Fellows hall by members of the Ladies' Aid society of the First Methodist church. A colorful feature was added to the dinner in the presentation of bright colored Rotary paper hats to each of the members as they entered the hall, while the table decorations were Rotary and national flags and suspended from the chandeliers in the hall were scores of bright colored Rotary balloons.

Kaye Presents Charter. The formal presentation of the charter to the Manistique club was made by Ex-District Governor James Kaye of Marquette, who was accorded that privilege because of the fact that he is soon to leave Marquette and this Rotary district. His address dealt with the serious side of Rotary and was a most excellent one, thoroughly impressing the members of the club. The club gavel and Rotary code of ethics were presented by Ex-District Governor Olmsted to W. B. Thomas, president of the Manistique club. Mr. Olmsted likened the reception of the new club into the international organization to the arrival of a newborn babe in a home and made his address an appeal to the club members to build their club and shape its destinies on sound Rotary principles. In his response President Thomas reviewed the movement that led to the organization of the club, giving credit for the accomplishment to Paul Baldwin of this city and William Wright of Marquette. He told of the work accomplished in January, since its organization in January, calling particular attention to the successful Boys Week program that was staged a week ago. Dist. Gov. John Olds of the Soo, urged members of the club to make Rotary more than a mere name in Manistique and to allow it to become a real force for good.

A. J. Young of Escanaba most acceptably presided as toastmaster of the evening, conducted by C. M. Thatcher, also of Escanaba.

A most pleasing feature of the program was a vocal solo by W. F. Kofauer, with accompaniment by George Grenney.

BOGUS STAMPS ARE SEIZED

Detroit, Mich., June 8.—Bardwell \$500,000 and \$600,000 worth of counterfeit American and Canadian government stamps were seized by prohibition and secret service officers today in a raid on a West Warren Avenue shop. The seizure included thousands of labels of all the principal brands of Scotch, Canadian and American whiskeys, branded corks and wrappers.

The officers also found a dozen cases of genuine liquor which they believe was to be used in labeling counterfeit mixtures. A man giving the name of Isadore Greenberg, was arrested. Allen J. Muscovitz, believed to be a member of the same gang, was arrested several hours previous to the raid.

No press or any part of a counterfeiter's outfit were found at the shop. Officers say the shop was merely a clearing house for the counterfeiters.

It is quite probable, the government men said tonight, that the counterfeiting was done in England or France where they said firms did a big business before prohibition in supplying labels to distillers.

Two Killed When An Airplane Crashes

Peoria, Ill., June 8.—An aviator and a student flier were killed tonight at Kellar field, near here, when the plane in which they were riding crashed to the ground.

In Christian art the goat is regarded as an emblem of impurity.

BROKERS FAIL AS NEW YORK STARTS PROBE

SWEEPING INQUIRY INTO BROKERAGE BUSINESS BEGUN.

New York, June 8.—State Attorney General Sherman today announced he and five deputies had begun a sweeping investigation into the affairs of several stock brokerage houses holding memberships in the New York curb market. The announcement was made in connection with the bankruptcy of L. L. Winkelman & Co., largest active house connected with the curb market.

"Investigation of other members of the curb will go on," Mr. Sherman said. "We began our active campaign a week ago. Several members of the Consolidated Stock Exchange also will be investigated."

May Close Many Firms. "We are not empowered by law to make any general investigation into the affairs of the curb market, itself, but we will take up one firm after another and we will close every one whose books warrant such action."

Mr. Sherman revealed that his office had on receipt of various complaints, begun an inquiry into the affairs of the Winkelman firm last Saturday, when books of the firm were subpoenaed.

Failure of the Winkelman company and reported investigation by the curb market of their other houses caused federal Attorney Haywood and District Attorney Banton earlier in the day to extend their investigation of the recent series of failures into general stock brokerage conditions.

The investigation which already had begun into the affairs of the four large failures previous to the Winkelman collapse, it was stated, would be extended to include inquiries into conditions which caused losses of millions of dollars to thousands of investors.

Members of the New York Stock Exchange with curb connections, it was learned, have brought pressure to bear for a general housecleaning in the curb exchange.

Filing of an involuntary petition in bankruptcy against the Winkelman firm in federal court was the climax of an exciting forenoon around the company's offices during which the doors were closed for a time and then reopened only to be closed by announcement of the failure.

Charles S. Livingston was appointed receiver under a bond of \$50,000. Liabilities of the firm were unofficially estimated at \$1,800,000 and assets at \$1,500,000. It was intimated, however, that the company was doing \$5,000,000 worth of business with four, thousand customers. The firm had subsidiary offices in 13 other cities.

SEEK PURNELL IN AUSTRALIA

St. Joseph, Mich., June 8.—Toward Melbourne, Australia, and Sidney, Antipodean outposts of the House of David, are turned the hopes of state and county officers of finding "King" Benjamin Purnell, whom they seek on a warrant charging a statutory offense against a 15 year old girl.

Officers were uncommunicative tonight regarding their plans for the cult leader's arrest, but indicated that as the search of places in the state where he might have been expected to seek refuge fails to uncover him, they lean more and more to the theory, held by some of his followers, that he has returned to Australia. Several localities in this country where followers of Benjamin are known to reside, are also being watched, it was learned.

They Stood On The Bridge; It Went Up

Chicago, June 8.—A young man and a girl whose names were not learned had a narrow escape from death today when the "jackknife" bridge spanning the north branch of the Chicago River at Chicago Avenue was raised while the couple were on the bridge unnoticed, by the bridge tender. The youth managed to snatch the girl about the waist and cling to the railing as the blades of the bridge were raised 60 feet in the air to an almost perpendicular position, leaving the couple dangling in the air. The bridge machinery was reversed as the crowd noticed the predicament of the couple and after being treated by a physician they left without giving their names.

POINCARE IS DETERMINED TO REFUSE OFFER

Italian Premier Says Germany Can and Ought to Pay.

Paris, June 8.—Premier Poincare absolutely rejected the German reparations proposal tonight in his first official expression since the receipt of the note from Berlin when he appeared before the senate commissions on foreign affairs and finance to answer a long questionnaire on the operations in the Ruhr.

The premier said the French and Belgian governments had agreed not to consider any proposal from Chancellor Cuno unless it was preceded by complete and final cessation of the German passive resistance campaign. He assured the senators that the government's relations with the Belgians were entirely satisfactory and that everything was going well in the Ruhr.

GERMANY CAN PAY. Rome, June 8.—Germany can and ought to pay a precise sum as reparations which should be universally acknowledged "and which should be quite a different sum than the several hundred billion gold marks spoken of following the signing of the armistice," according to a statement made by Premier Mussolini in addressing the senate today.

The premier added that Italy held to her previous belief that reparations and inter-allied debts were intimately connected. The greatest necessity of today, he said, was general political action of a nature which would serve to bring back to normal as rapidly as possible the situation on the European continent.

"Italy's prime interest is to hasten the peaceful settlement of the European crisis which since the signing of the treaty of Versailles has been dominated by the questions of reparations," the premier declared.

Name President Of Synod Today

Rockford, Ill., June 8.—Impressive ceremonies here tonight marked the formal opening of the 64th annual convention of the Lutheran Augustana Synod here tonight. President C. A. Brandelle, D. D. Rock Island, opened the session, which will continue most of next week. The first business session is scheduled for tomorrow when Dr. Brandelle will present his annual report.

Particular interest features on the election of a president tomorrow Dr. Brandelle, who is a candidate for reelection, shows considerable strength. There are five other candidates. They are Dr. S. V. Ohman and Dr. Marwitz Stolhe, both of New York; Dr. Peter Peterson, Chicago, president of the Illinois conference; Dr. P. Mattson, Chicago, president of the Minnesota conference; and Dr. C. A. Lund, Escanaba, Mich., secretary of the synodical council.

Six additional candidates for the ministry were passed favorably by the Ministerium today and with 19 others, who were examined yesterday, will be ordained Sunday. Among those favorably passed today is George A. Ostergren, Rock Island, who was called to Metropolitan, Mich.

Dr. Brandelle will conduct the ordination services. Dr. Peterson and Dr. Lund will give ordination sermons.

Customs Service Not Financially Hindered

Washington, June 8.—Creation of a deficit by the treasury so that the customs service may continue with a full staff has been authorized by President Harding. It was announced officially today. The president's authorization means that the New York and Boston customs houses will not have to lay off any of their personnel to keep within appropriations.

Secretary Mellon has estimated that the deficit will amount to probably \$60,000. New appropriations will become available July first.

Republican Party To Recognize Women

Washington, D. C., June 8.—Decision to give women a more prominent part in the councils of the Republican party was reached at a conference tonight between President Harding and John T. Adams, chairman of the Republican National committee.

The exact nature of the participation was not fully decided upon, but it was said after the conference that the initial step probably would be the appointment of a woman from each state to act in an associate or advisory capacity to the committee.

GOVERNORS TO MEET IN FALL ON PROHIBITION

PRESIDENT IS SILENT ON RECOMMENDATIONS.

Washington, June 8.—The conference of state governors, which the president intends to call a discussion of prohibition enforcement may be postponed to next fall. At the white house today, it was said, the conference was "somewhat up in the air" and that a definite announcement would be forthcoming next week.

Although President Harding had hoped to have the governors meet here before he leaves on trip to Alaska, the president's silence on the subject, officials said today, might be a postponement of the conference at least until after the president returns to Washington, another factor is the brief time remaining before the president's departure for the west. With adequate notice to the governors regarded as requisite, it is doubted whether a substantial number could be assembled prior to the president's trip.

Advise Postponement. Some of the president's advisors are known to favor postponement of the conference until these officials believing that prohibition enforcement is workable satisfactorily.

President Harding told today that there was no immediate conference with officials slight on the New York prohibition question. It was understood that the present conditions would be allowed to continue for a time being until more definite plans can be worked out.

The president also declined today to discuss the ban on liquor or the possibility of making recommendations to congress for legislation on this point.

KILLS WOMAN; NABBED SOON

New York, June 8.—Stands on a lonely Staten Island pier, Elizeo De Loza, a Filipino, seized by a police sergeant today, as he was about to hurl a package containing the body of a young white woman into the Kill or Kull, which separates Staten land and New Jersey.

The body, wrapped in newspapers, had been brought from Manhattan on a ferry boat to the George ferry, police said, and taken from there in a taxicab to Mariner's harbor, about six miles away. The young woman, blonde, about 30 years old, had been strangled to death.

British Vessels To Reach here Bone Dry

Southampton, England, June 8.—Announcement is made that, after June 19, British vessels will carry on their bound voyages to the United States only sufficient alcoholic liquors to bring them to the mile limit. They will make a return trip to Europe dry.

The White Star Line Steamship Majestic, which will be the first vessel to sail under the new regulation, will have its liquor stores curtailed one half the usual quantity.

Deputies Not Guilty Of Strike Killing

Pittsburgh, Pa., June 8.—Deputy Sheriff Edward Mannis and D. J. Riley, charged with the murder of Fannie Sellins, organizer of the United Mine Workers of America, were found not guilty by a jury late today. Mrs. Sellins was shot and killed at Duets town, during the 1919 Ste. Strike.

WEATHER

Table with weather forecasts for Saturday, June 9, 1923, including locations like Escanaba, Marquette, Boston, Buffalo, New York, Jacksonville, Chicago, Detroit, Omaha, Minneapolis, Helena, San Francisco, and Cincinnati.

CCALAUREATE SUNDAY TO OPEN SCHOOL WEEK

JOHNSON IS COMMENCEMENT SPEAKER HERE

Prof. Francis M. Ingler to Open Commencement Week.

Superintendent of Public Instruction Honors Escanaba

The Senior Class of 1923 is fortunate in being able to have Professor Francis M. Ingler of the Department of Social Science of Lawrence College, Appleton, Wisconsin, to deliver the commencement sermon to the class to the patrons of the Escanaba public schools at the high school Sunday evening, at 8 o'clock. The music for Sunday evening will be furnished by the Appella Choir of the Escanaba High School. Besides taking part of his work in the Department of Social Science at Lawrence College, Professor Ingler is of the regular lecturers of Entertainers Bureau. This organization has the following to concerning Professor Ingler: "Francis M. Ingler, an excellent lecturer, probably due to the fact that he is a teacher of natural ability. From a timid, shifty, backward country lad, has by an indomitable will red himself to the forefront of American scholars and is representative of the best thought of our national life. He is a natural leader, of an amply fine appearance, is gifted with a brilliant judicial mind. Speaker Widely Known. During the past year he has offered professorships in colleges and universities in many different departments. The breadth of preparation along legal, religious and educational are a matter of universal knowledge. He is now professor of Lawrence College, Appleton, Wisconsin. He is a graceful and forceful speaker. His influence and the immunity he visits is beneficial and lasting." Professor Ingler is very prominent as a speaker at meetings of members of Commerce organizations. Under date of March 14th Merrill Daily Herald of Merrill, Wisconsin gave nearly one-half of a page in telling of the wonderful talk which Professor Ingler delivered before the Toxawak Civic and Commercial Club. He was the speaker for the Booster Banquet of the Drymen Association and the Chamber of Commerce at Clingville, Wisconsin this year. The Dairyman's Gazette of Clingville, Wisconsin gave nearly one-half of a page in telling of the wonderful talk which Professor Ingler gave at this meeting. The Battle Creek News of Battle Creek, Michigan gave a splendid write-up of Profes-

The Honorable T. E. Johnson, Superintendent of Public Instruction of the state of Michigan, will be the commencement speaker for the final exercises of Commencement Week given in honor of the Senior class of 1923 of the Escanaba High School. Mr. Johnson is a Michigan man, being born and educated in Michigan. He was superintendent of schools at Montrose, Michigan; Onaway, Michigan, and Coldwater, Michigan. While superintendent of schools at Coldwater, he was elected member of the State Board of Education of the state of Michigan and gave very efficient service on that board. Four years ago last April he was elected to the position of superintendent of public instruction of the state of Michigan and was reelected to the same position last April. During Mr. Johnson's four years administration he has been instrumental in placing more progressive school laws upon the statute books of the state of Michigan than any other superintendent of public instruction Michigan has ever had. During this last fall and winter Mr. Johnson gave untiringly of his energy and time in promoting before the various school organizations of the state of Michigan and the house and senate, the Equal Opportunity bill which was promoted by the Escanaba Chamber of Commerce. It is hoped that the high school auditorium will be crowded to capacity to greet Mr. Johnson Thursday evening. He is the state head of all education in the state of Michigan and there is no doubt but that Mr. Johnson will have a real worth while message to give to the people of Escanaba in his address. If Pitcher Donohue of the Cincinnati Reds continues his brilliant work he will be there or thereabouts when the figures denoting leading pitchers are given out. Professor Ingler's address before the Chamber of Commerce of that city. There will be no charge for any of the exercises connected with the graduation of the Class of 1923. It is the desire that a large number attend the exercises Sunday evening.

TO STIMULATE CONSUMPTION OF ALL FARM CROPS

Governors of Seven States Issue Call For Meeting.

"A fair price for the wheat crop" is the goal of the National Wheat Conference to be held at Chicago, June 19 and 20 next. It is hoped that the outgrowth of this conference will be a good national campaign to stimulate American consumption of wheat and its accompanying farm products. It is to be a public conference, held at the call of a committee including the governors of seven of the principal grain states, one United States senator and one senator-elect, and the heads of the three great farm organizations. A copy of the call for the conference has been received by E. L. Beauchamp, local representative of the International Harvester Company. "The problem which the National Wheat Conference hopes to solve," said Mr. Thieman, "vitally affects every person living in the United States. As the committee calling the conference, says, more than ten million of our men, women and children are directly interested in the production of wheat. Indirectly every one of us Americans has a similar and important interest in the wheat crop and the price it brings. Basic Price Low. "It is pointed out by the conference call committee that the price of wheat, measured by the cost of production or by the purchasing power of the farmer's dollar, is lower now than in the last fifty years. "As a matter of fact, agriculture is so far out of line with other industries that the entire market price of an average acre of wheat will pay a Chicago bricklayer's wages for only a day and a half. "Quoting the call, 'a fair price for the wheat crop means purchasing power to the farmer, smoking chimneys for American factories and a full dinner pail for American workers.' "The men who have called this conference are convinced that America cannot now sell her surplus wheat crop in the open markets of the world at a profitable price. The purpose of this gathering is to adopt ways and means to provide a profitable outlet in our own country for the surplus wheat by stimulating consumption of wheat and its accompanying farm products. "The character and aims of

this conference are amply guaranteed by the names of the men signing the call. They are, Governor Prosser of Minnesota, Small of Illinois, Davis of Kansas, Hyde of Missouri, Nestos of North Dakota, Donahay of Ohio, and Walton of Oklahoma, United States Senator Capper of Kansas, United States Senator-Elect Copeland of New York, President Barrett of the National Farmers' Union, President Bradford of the American Farm Bureau Federation, S. J. Lowell, Master National Grange, George E. Chamberlain of the United States Shipping Board, and Aaron Sapro, Counsel in Agricultural Economics."

St. Joe Freshmen Trim Hi Freshmen

Members of the St. Joseph high school freshman baseball team yesterday afternoon defeated the Escanaba high school freshman squad in a tight game at the city park diamond by a score of 3 to 1. Brotherton, hurler for St. Joseph's team, hung up a total of 16 strikeouts to his credit. Scores were made by Paquette, Lemmer and Moreau for St. Joseph's and Eastwood for the Escanaba Hi.

TOM SIMS SAYS

These fool files wouldn't be so bad if they had sense enough to eat and go on back home. Our idea of a fine job these days would be sitting on a cake of ice waiting for it to melt. You never can tell when we will have a flood. Let the children learn to swim this summer. People going on picnics to forget everything usually forget even the salt for the eggs. Find a bridge. Jump off and break a leg. A very effective method of staying single this June. A porch swing may stay still, and still go a long way toward landing a prospective husband. We took this land away from the Indians. Eskimos better not start anything these hot days. A common dog is the safest watch dog. Get a valuable dog and burglars may steal him. To keep a new table, phonograph or piano looking nice, make the family wear rubber heels. Save old electric light globes. Very valuable for scaring stray cats at night. Our expert opinion is that the man who calls sweat perspiration doesn't know much about it. Faint heart never won fair lady, but faint light has won fair lady many a faint heart. Men are not always superior to animals. A horse can switch his tail to keep the flies off.

AGED MOTHER OF REV. SAVAGEAU DIES THURSDAY

Mrs. Delima Savageau, Mother of Two Priests, Dead at 68

Mrs. Delima C. Savageau, mother of the Rev. Fr. V. C. Savageau of Cooks and the Rev. Fr. E. E. Savageau of Rice Lake, Wis., died Thursday night at the home of her son, Cooks, Mich. She was 68 years of age and had been suffering from angina pectoris for fifteen years. Mrs. Savageau appeared in good health all day Thursday, attending church twice and retiring about 9 o'clock at night, apparently feeling well. About an hour later she was heard to cough, and when members of her family reached her bedside she was in the throes of a heart stroke. She died at 11 o'clock. Besides her husband, Severe Savageau, she is survived by the following sons and daughters: Rev. V. C. Savageau, Cooks, Mich.; Rev. E. E. Savageau, Rice Lake, Wis.; David Savageau, Escanaba; Mrs. J. C. Finnegan and Mrs. John Jacobs, Escanaba and Mrs. Chris Toonen, Green Bay. She was a devout churchwoman and was known in every place she had lived as a person of great sympathy and many charities. She was a member of the Third Order of St. Francis and of the Court of Honor of St. Joseph's church, De Pere, Wis. Two of her sons are already in the priesthood and a third, Frater Paul, is studying and teaching at St. Norbert's College, De Pere, Wis. He will be ordained in the Premonstratensian order. Mrs. Savageau, with her husband, have made their home with their daughter, Mrs. Finnegan, in Escanaba during the past winter. Early this Spring they went to Cooks to visit at their son's home. He is pastor of the Catholic church at that place. Funeral services were held at Cooks yesterday morning at 8 o'clock, the Rev. Fr. V. C. Savageau officiating at the services over his mother. The body was brought to Escanaba by motor Friday night and will lie in state at the home of her daughter, Mrs. Finnegan, 513 South Ninth street until Monday morning, when a solemn requiem high mass will be sung at the final services to be held at St. Anne's church. Rev. Vincent Savageau will be the celebrant. Rev. E. E. Savageau will be deacon and Frater Paul will be sub-deacon. Burial will be at St. Anne's cemetery.

HEARST DENIES FORD LEANING FOR PRESIDENT

(Continued from Page One)

They are made by situations far more than they make situations. "A great man is generally the creature of a great occasion. Therefore, let us not despair. We have the occasion. It will create the man. "The man may not be great now, but he will be great when he rises to the occasion; he will be written as great on the pages of history. "You wrote in your article that I had said that I would support Henry Ford. "I did not say anything of the kind, and some one of the papers which carried my interview must have misquoted me. "I did not say whether I would support him or not, I was not asked whether I would support him. "I was asked what I thought of Henry Ford's strength before the public and I said that I thought he was the strongest democrat before the public, and that if there were a direct presidential primary (which there is not) Henry Ford would be nominated on the democratic ticket; but that since the nominations were made by machine controlled conventions, and it took a two thirds vote in the convention to nominate, I felt sure Henry Ford would never be nominated by a democratic convention, as the interests opposed to any kind of a man of Ford's pronounced popular views could always control more than one third of the vote of the convention and prevent the nomination of Ford or any such man. "A somewhat similar situation exists in the republican party, but a situation not quite so favorable to the privileged interests, because a clear majority nominates. "Johnson came before the last republican convention, however far and way the strongest man before the people. "But neither Johnson nor any other popular candidate had a ghost of a chance of nomination. "What the convention wanted to know was not whom the people wanted, but whom the international bankers wanted; not who would poll the biggest vote but who would get the biggest campaign fund. "So the republican nomination was made in a private room in the Blackstone Hotel, with George Harvey, 'democrat' sitting in and

representing the Morgan contingent. "That is why we have Harvey as ambassador to England, in spite of all the humiliating things, to genuine Americans, he has said and done. "And that is why we have the republican party declaring for the international bankers' world court, exactly as the democratic party declared for the international bankers' league of nations. "If you like government of the international bankers by the international bankers and for the international bankers, you have got it no matter which party you elect. "But if you want Washington's freedom from foreign entanglements, Jefferson's government for the greatest good of the greatest good of the greatest number, Lincoln's government of the people, by the people, and for the people, you have to have a new party which the public and not the international bankers will control."

THE SERGEANT COMMANDS In the small town of Wayback there were so many holdups that the police were being seriously annoyed. Try as they might, they failed to arrest the persons responsible. Late one night an excited voice came over the telephone: Burglars have broken into No. 54 Lyons street! Send help quick! The sergeant looked at the solitary policeman in the station. "Mike," he said simply. "The house at 64 Lyons street is being robbed. Go up and surround it."

Plant Buckwheat As Partridge Feed

Officers of the Escanaba Game Conservation Club are urging autoists of Escanaba who visit various points in the country during the next few weeks to carry buckwheat seed with them and sow the seed along woods roads to provide food for partridge and prairie chickens next winter. Buckwheat makes an ideal forage for the birds and it is pointed out that the cooperation of a large number of people would result in a most plentiful bird food supply next winter.

NOTICE OF DETERMINATION TO PAVE SOUTH 10TH STREET.

Pursuant to Resolution of the Council of the City of Escanaba, duly passed at its session held on the 8th day of June, 1923, notice is hereby given that the City of Escanaba proposes to make the following improvement, viz:

To grade and pave 10th Street South from the South line of Ludington street to the West line of Lake Shore Drive; that plats, specifications, diagrams and estimates of cost have been filed by the City Manager in my office and are open to public inspection and examination. That the Council have designated as the district to be assessed for said improvement all the lands and lots, and parcels of land fronting and abutting upon said improvement. The same to be assessed according to frontage thereon.

The Council of the City of Escanaba will meet at a session on the 15th day of June, 1923, at 7:30 p. m., at the Council Chambers in the City Hall, Escanaba, Michigan, when it will hear objections to the improvement as aforesaid and to the district to be assessed.

CARL E. ANDERSON, City Clerk. 5367-11.

SOCIAL

A farewell party was given Thursday evening for Miss Margaret Wroblewski an employe of the telephone exchange, who has been transferred to the Detroit office of the Michigan State Telephone Co.

The evening was spent in playing 500 and other games after which a dainty lunch was served. Miss Wroblewski will leave Saturday to take up her new work. Her many friends regret to see her leave but as the change comes in the way of a promotion their best wishes will follow her to the metropolis.

Community Picnic.

The village of McFarland will be the scene of a merry picnic today when all the residents of that place and the surrounding vicinity will attend a stump pulling exhibit at the Everett Lane farm which will be followed by a picnic lunch and other refreshments which will be served by the ladies.

Mr. Walker of the U. P. Development Bureau will have charge of the stump pulling exhibit while Miss Wixon will entertain with a moving picture. Other amusements will be provided for the young and old and a good time is in store for all who attend.

Lawn Social.

A lawn social will be given Saturday evening at the home of Fred Lindquist at Bark River Ice cream and cake will be served. The public is cordially invited and a hearty welcome awaits every one who attends.

Mrs. Coleman Surprised.
Mrs. Joe Coleman was pleasantly surprised by a large group of friends yesterday afternoon at her home, 1016 Ludington street, in honor of her birthday anniversary. "500" was played, the first prize being awarded to Mrs. Longton, Wells, and Mrs. Salder of this city receiving second. Mrs. Coleman was presented with a beautiful dinner set.

Beating up a burglar is safe compared to cussing a waiter. This new Greek offensive is very offensive to the Turks.

OBITUARY

AARON STEIN.

The body of Aaron Stein, who died at his home 313 Stephenson Ave., Thursday afternoon, was taken to Marinette, Wis., yesterday morning accompanied by relatives, where services were held at the Hebrew Synagogue. Interment was in the Hebrew cemetery at Marinette.

WM. J. TULLY'S FUNERAL.

The funeral of William J. Tully of this city, who died at a hospital at LaCrosse, Wis., last Saturday morning was held at Fond du Lac, Wis., Wednesday morning, June 6th, at 9:50 o'clock at the Hardgrove & Gordon Funeral Home and at 10 o'clock, at St. Joseph's church, Rev. J. J. Collins officiating.

A large number of relatives, friends and neighbors of the family attended the services. In the sanctuary was Rev. Fr. James Lenhart, pastor of St. Agnes' church at Iron River where the Tully family worshipped for years before they moved to this city.

Out of town relatives and friends who went to Fond du Lac, for the obsequies were, Rev. Fr. J. Lenhart, Iron River; Mrs. Wm. Tully, wife; Mr. and Mrs. John Colbert, Miss Anna Webb, of this city; Dr. and Mrs. Joseph Hardgrove, Eden, Wis.; Mrs. Kate Carlin, of Dublin, Ont., sister of Mr. Tully, Miss Margaret Fortune, Detroit; niece, James Addis Colbert of Rockford, Ill, nephew, Thomas Webb and sons Dennis and William of Iron River, Mich.; Mr. and Mrs. Herman Holmes, Mr. and Mrs. John Wall, Crystal Falls, Mich.; Mr. and Mrs. J. P. Hogan, Green Bay, Mr. and Mrs. James Farrell and sons William and Parnell, Green Bay, Mrs. Dan McCarthy, Marinette, Wis.; Mrs. Mary Murphy and sons, John and Joseph, Mrs. Ellen Houlihan, Mrs. Kate O'Donnell, Mrs. Miller, Mrs. Newfelt, Mrs. Myron Hollister and Miss Elizabeth Caffery, Green Bay, Wis.; Archie McIsaacs, Iron River.

The close friends who carried the casket to and from the funeral car were, D. McIsaacs, John Hogan, James Brockway, Herman Holmes, M. J. Murphy and Joseph Murphy.

Burial was in Calvary cemetery in the family lot.

Mr. and Mrs. J. Colbert have returned to this city. Mrs. Tully and Miss Webb will arrive tomorrow.

The Knights of Columbus of Iron River sent a beautiful pillow of roses to Fond du Lac and the large number of beautiful floral tributes from Crystal Falls, Iron River and this city and from Fond du Lac friends, were silent testimonials of the esteem in which Mr. Tully was held by his many friends.

They go anywhere. See page 49 in today's Saturday Evening Post. 5363-160-11

Solemn Ceremony To Take Place Wednesday, 13th.

A beautiful ceremony will take place at St. Joseph's church Wednesday, June 13th, when the blessing of the lilies in honor of St. Anthony will take place. This is ceremony which has never before taken place in this city. It is performed annually at St. Anthony Chapel in Mt. Airy and in St. George church, Cincinnati, Ohio. The lilies are blessed on June 13th, the feast of St. Anthony, either in the solemn ceremony, or privately, by a Franciscan priest having the necessary faculties.

The Franciscan Ritual contains the ceremony of the blessing which is very beautiful and solemn. The chanting of the Gospel of the Birds and the Lilies, (Matthew VI, 24-24) and a procession, in which all the Friars attending carry blessed lilies, are a part of the ceremony.

At St. Joseph's church the pastor and his assistant will bless the lilies which will be distributed among the people after the mass and all who wish to procure a lily or several of them are requested to register their names at the Rectory as soon as possible or if unable to call in person, a telephone call will do, just give your name and address and the number of lilies wanted. This must be done as soon as possible so the pastor may order the required amount of lilies. All orders should be in not later than Sunday noon.

The Blessed Lily is not a charm neither is it an infallible remedy. It is a sacramental; an article blessed by Mother Church, in order to enlist more readily the powerful assistance of the Wonder Worker, St. Anthony. If you have not already ordered your lily do so at once.

That her husband objected to her rolling her stockings was the reason given by Mrs. Ruth La Rosa, young Indianapolis woman, for attempting suicide.

**School Exhibit
Attracts Crowds,
High School Gym.**

The exhibit of work done during the school year by the pupils of the 6th, 7th and 8th grades of the high school which was held Friday at the High School gymnasium was attended by a large number of persons who were surprised as well as pleased with the large assortment of useful articles and many pretty things which had been made and which were shown to the visitors by the students who were in charge of the exhibit.

On entering the gym the visitors were greeted by students who were courteous and willing to explain the various kinds of work done and the kinds of work shown through every section of the exhibit, young men explained the work done by the boys, while young ladies described the exhibit of work done by the girls.

From the manual training department was a large number of table lamps, floor lamps, cedar chests, desks, tables, porch swings, benches, made by pupils of the high school. A very well made victrola, round dining room table and buffet to match also an epinet desk were on exhibition made by Charles "Chuck" Priest. These articles were very well made and the victrola can say any kind of record. The music furnished Friday was from this machine and many persons commented on the work which is out of the ordinary. The other boys also had some very good samples of the work done in this department which is under the direction of R. C. Shaw, L. Shaw, and Robert Hills.

The wood used in this work is oak, cedar, bass wood and walnut, the articles were all well stained and varnished showing a finish of which any cabinet maker may well be proud.

The 6th, 7th and 8th grades had a fine exhibit of bird houses, wheel barrows, carts and small wagons.

The 9th grade exhibit contained some pretty book ends, umbrella stands, coat racks, hall trees, book cases, lamps. Also three lamps which is a new course which has been introduced in this department since the beginning of the last semester.

The domestic science classes which are under the direction of the Misses Richards and Jackson, had a fine line of dresses, aprons, rompers, kimonos, knickers, underwear and other articles of clothing besides luncheon sets, tray cloths and towels. And all were very well made showing the excellent training which the girls received in this department.

The cooking exhibit was very attractive, it contained, cakes, muffins, cookies, doughnuts, and other articles of food and this was in charge of several young ladies who served the refreshments to the visitors.

The printing class had a good showing of their work among these were printed programs, menus, advertising plans and other sketches such as larger printing concerns would use for samples when soliciting business.

This department put out the manuals this year and they have just reason to feel proud of this section of the work as it was very interesting.

The mechanical and architectural drafting department which is composed of pupils from the 10th to 12th grades showed some fine specimens of the work accomplished. In the mechanical drafting section was seen a collection of drawings of globe valves, cable nipples, pulley wheel shafts, tool holders, furnaces and motors.

In the architectural drafting exhibit some of the work done by George Dunn was of unusual interest. There was a theatre plan and several plans for dwelling houses. He also drew plans for the new Junior High school. This set of plans was complete showing the exterior plans, and all floors, also all departments connected with the school. A sign above the theatre plan read "Escanaba Theatre" which proves that George is a booster for the home town.

Many pleasing comments were heard and the visitors were well satisfied with the work which is being done in the schools. The talent shown by some of the pupils in some particular line of work is indicative of the work which they will follow after they finish their studies.

The sheet metal department

which is under the direction of Mr. D. Cook had a good exhibit also. This is a very interesting line of work and the work shown was marvelous.

The cups, funnels, measures, cookie cutters of all descriptions, pans and basins were all very attractive. A new article was introduced at the exhibit, it being an air tight varnish container in three sections. The varnish is placed in the can which is set in a cup a few inches larger than the can and a cover which is tall enough to hold the brushes is then placed on top of all forming an air tight receptacle.

**Parent-Teacher
Association Is
Formed At E. H. S.**

Seventy parents of public school pupils who will attend the Escanaba high school next year met at the school Friday night for the purpose of organizing a Parent-Teachers association for that school. An initial enrollment of 55 members was secured.

The executive committee, which will meet later to choose officers for the association, consists of Dr. A. S. Kitchen, Mrs. O. L. Raymond, Mrs. Phil Labre, Mrs. William Auerbach, Stanley Matthews, Mrs. E. G. Rogge, L. M. Beggs, A. H. Ryall, G. N. Harder, R. E. Cheney and W. E. Olds. Stanley Matthews was chairman at the opening meeting.

Talks by W. E. Olds on the purpose of the organization; by R. E. Cheney on the school course for next year; by Miss Jean Guthrie on dress and deportment in high school and by Mrs. W. E. Olds on the state and national affiliated organizations were features of the program Friday night.

**J. A. DRESSER
PASSES AWAY**

Word has been received in the city of the death of J. A. Dresser, dean of Michigan accountants, who was well known in Delta county, having been engaged in earlier years in making biennial audit of the books of this county.

Mr. Dresser was born in Stockbridge, Mass. He became a civil engineer and moved to Chicago during a period of great expansion in that city. It was while in this work his genius as an accountant came to the fore and he decided to devote his entire time to this work.

His first work in Detroit was on the Wayne county books and his specialty was municipal and bank account. Much of his time was spent in the state and it is said of him that there is hardly a town of importance in Michigan whose books he has not audited.

Funeral services were held in Detroit where he made his home.

MAKE 'EM WALK.
"It's gettin' to be fierce nowadays," says Gave Getrox, "how the women standin' in the street cars tramp all over the feet of the men settin' comfortable readin' their newspapers."

Pitching horseshoes would be a nice game if chewing tobacco wasn't such a bad habit.

**St. Paul Hikers
Make New Record,
But With Lifts**

Four days of hiking out of St. Paul, covering an average of 105 miles a day, brought three young women members of the St. Paul Municipal Hiking Club into Escanaba on Thursday night. This incredible record was made possible by the fact that the "hikers" hiked but little of the distance and accepted rides in automobiles instead. "We intended to walk the entire distance when we started out and anyways we actually are going to hike all the way back, but you see it rained and rained and one could hardly turn down rides in perfectly good automobiles, particularly if they were going our way," explained one of the members of the party yesterday.

Party Is Vouched For.
The members of the hiking party are: Mrs. Reba Barnes, saleswoman for Montgomery Ward & Company at St. Paul; Miss Myrtle Martinson, cashier for Tubesting & Nelson, St. Paul, and Miss Allee Lon, stenographer for the Ward Publishing Company of St. Paul. They carry letters from Mayor A. E. Nelson, of St. Paul; Frank W. Sommers, Chief of police at St. Paul; H. C. Hotaling, executive secretary of the Ten Thousand Lakes Association of Minnesota; and R. J. Dunlap, assistant managing editor of the St. Paul Pioneer Press.

Escanaba was selected as the destination of the party as Mrs. Barnes has a brother, Karl Cummings, residing in or near Gladstone whom she has not seen for a number of years. The trip was made with such ease that they will spend a week hiking to the various beauty spots in this end of the peninsula, allowing themselves ten days for the return trip which they insist they are going to hike every foot of the way.

**Large Class Is
Received in Lodge**

Members of the Escanaba lodge of Pythian Sisters received a class of 42 members into that organization on Thursday night, at one of the most enjoyable meetings held by the order in many months. The degree work was most impressively exemplified and following the ceremonial session a supper was served.

Benefit Association Dance.
The Benefit Association of Railway Employees will give a dance and supper at Wasa Hall, Gladstone, tonight. Good music and a good time are assured by the committee in charge.

Hardly any brown or orange-colored flowers are of value for making scent.

Now, a Quick Quaker Oats

Cook in 3 to 5 minutes. The quickest cooking oats in the world.

Now your grocer has Quaker Oats in two styles. One the kind you have always known—the other is Quick Quaker.

Quick Quaker cooks in from 3 to 5 minutes. And it cooks to perfection. So it is almost like a ready-cooked dish.

No other oat flakes on the market cook anywhere near so quickly.

The two styles are identical in quality and flavor. Both are flaked from the finest grains only—just the rich, plump, flavory oats. A bushel of choice oats yields but ten pounds of these delicious flakes.

But in Quick Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small, thin flakes cook quickly.

Ask for Quick Quaker if you want this style. Your grocer has both. But always get Quaker Oats for their delightful flavor.

High School Athletes Await Gong At Menominee

CLASSIFIED COLUMNS

CRACK TEAM TO PLAY HERE

The Menasha Legion baseball team, which last season played Cleveland for the national semi-pro championship, will come to Escanaba for a series of two games, next Saturday and Sunday, according to the announcement issued yesterday by Manager John Perrin. Negotiations for bringing the crack semi-pro aggregation to Escanaba have been under way for some time and yesterday terms were agreed to by long distance telephone.

Store Keepers Add Another Victory

Members of the Store Keepers team in the local Northwestern baseball league maintained their unbroken string of victories yesterday when they defeated the Round House crew by a score of 5 to 6. Matters looked dubious to the league leaders when at the opening of the fifth inning the score stood 3 to 0 in favor of the engine wrestlers. In the fifth, however, the Store Keepers staged a batting rally that netted eight runs and following that inning they were never headed. Frost and Johnson made up the battery for the league leaders while LeMire and Crawford did the heavy work for the Round House crew.

TERRA FIRMA AND FIRMER

"Man, oh man," wailed the sea-sick colored doughboy, "does Ah oncet get me on dry land ag'in, Ah's gwine buy me a lot. Wid de dust installment Ah digs in. Try to move me. Dat's all Ah says."

Ruth Hits Twelfth Homer; Yanks Lose

New York, June 8.—The Chicago White Sox hit three New York pitchers for 13 hits, totaling 21 bases, and made it two out of three from the American League champions by a score of 7 to 3. Ruth made his 12th homer of the season in the third inning.

Score: R. H. E.
Chicago 310 201 000—7 13 0
New York 102 000 000—3 8 1
Batteries: Cveengros and Schalk; Shawkey, Jones, Mays and Hoffman.

Homers Feature Troop Two Win

Two home runs, by opposing catchers, featured a game between Troop 2 of the Boy Scouts and the Wells troop yesterday afternoon. The Troop 2 boys won, 11 to 6. Batteries for the Troop 2 crew, Valind and Brown; for the Wells troop, Ellingson and Roebberg.

Troop 1 Scouts defeated the Troop 5 gang the same afternoon by a 7 to 6 score. Post and Vealentic and MacKenzie formed the battery for Troop 1; Anderson, Johnson and Palmer serving for the Number Fives.

The honeymoon ends when the furniture store collector begins.

ESKY PLACES IN THREE FINALS

McGuire Qualifies in 100 and 220, Erickson in Low Hurdles.

Escanaba high school athletes competing in the trials for the Upper Peninsula Interscholastic Track meet at Menominee yesterday landed three starting places in the final events which are to be run off today. Escanaba men qualified for the finals in three-out of four events in which preliminaries were held yesterday.

McGuire, Escanaba, qualified both in the 100 yard dash and in the 220. Five men survived the tryouts in the hundred. They were McClure, Menominee, Wilkins, Marquette; Dyer, Negaunee; Corosolla, Vulcan and the Escanaba entry, Wilkins for Marquette made the best time in the preliminaries, equalling last year's record of 10 and two-fifths for the century.

Wilkins Is Fastest.

In the 220 dash, Wilkins again made the best time, 23 and six-tenths seconds, McGuire, Escanaba; McClure, Menominee; Gilbert, Soo and Corosolla, Vulcan, running close up. Two Erickson's, Menominee and Escanaba, with Gibbs, Menominee and Stramard, Normal High, Marquette, qualified in the 220 low hurdles. The best time was 29 seconds, by the Normal High entrant.

Erickson and Larsen, Menominee, with Stramard and Carlson, Marquette, earned places in the finals for the 130 low hurdles. Pintler of Escanaba worked his way as far as the semi-finals where he was eliminated. The remaining preliminaries and the final events will be run off today.

The track and field were fast and in fine condition, according to Coach Al Loucks of the Escanaba squad, who telephoned the results from Menominee last night.

Fourteen Schools Compete.

Fourteen Upper Peninsula schools are competing for the peninsular championship, with a total of more than 150 entrants. Coach Yost of the University of Michigan is chief official on the field. The members of all teams competing, with their coaches, attended a special motion picture showing of the Michigan and Ohio State and the Michigan and Wisconsin football games at the Menominee Opera House last night. A short talk by Yost was one of the features.

Michigan alumni will attend a banquet to be given in Yost's honor at the Menominee hotel tonight at 7 o'clock. Escanaba alumni have been invited to attend.

ALL FIXED.

Wee Askem: "I hope you didn't put yourself out by returning this ten-spot."
Hugh Tellem: "Not at all. My landlady attended to that."

Shut your mouth and open your eyes. Now, that's the way for a girl to catch a June groom.

Senators Take Four Straight from Tys

Washington, June 8.—Washington bunched hits to take the fourth game of the series from Detroit today, 7 to 4. Manager Cobb used 18 players, including four pitchers.

Score: R. H. E.
Detroit 000 000 022—4 9 1
Washington 100 002 04x—7 9 1
Batteries: Daus, Cole, Francis, S. Johnson and Bassler, Woodall; Hoffingsworth, Johnson and Ruel.

Wahlberg Stars As A Relief Hurler

Philadelphia, June 8.—Excellent relief pitching by Rube Wahlberg gave Philadelphia the final game of the series with St. Louis today, 6 to 5.

Score: R. H. E.
St. Louis 032 000 000—5 8 5
Philadelph. 102 007 11x—6 9 4
Batteries: Kolp and Severeld; Masty, Wahlberg and Perkins.

Two Homers Win for Pirates Over Champs

Pittsburgh, June 8.—Circuit clouts by Russell and Traynor figured largely in Pittsburgh's 9 to 6 victory over New York today. Russell's hit was over the right field wall in the third inning with two runners on. Traynor's home run to left center sent Russell in ahead of him and tied the score in the fifth.

Score: R. H. E.
New York 010 500 000—6 9 0
Pittsburgh 103 020 30x—9 13 0
Batteries: McQuillan and Snyder; Cooper, Morrison and Gooch.

PACKED AT HOME.

A social worker with somewhat more enthusiasm than tact, went to call upon Terrence Shea, night watchman, at his home.

"I hope, Mr. Shea," she said, "that you do not squander your money in liquor and riotous living. I am trying to interest the people of the neighborhood in the new savings bank which has just been started. May I ask where you deposit your wages?"

"I'd just as soon tell ye as not," replied Mr. Shea. "Tis twenty-five dollars a week I make. When I've paid the rent, the provisions and the grocery bill, an' the milkman, and bought what's needed for Maggie an' me five children, I deposit the rest of the money in barrels. Mostly, ma'am, I use sugar barrels. They're bigger an' hold more. But when I can't get them I make, shift with plain flour barrels."

ESCANABA TO IRON MOUNTAIN

Capt. Perrin's Crew to Battle Ford Athletics Sunday.

With one of the strongest lineups to carry Escanaba's colors on the diamond this spring, Capt. Perrin will lead his heavy slugging aggregation of game wreckers to Iron Mountain tomorrow, where they will battle with the Ford Athletics in that city. Members of the team engaged in a fast workout at the South Park ball grounds yesterday afternoon and last night Capt. Perrin announced himself as thoroughly satisfied with the condition of his team. The beating administered to the locals by Marquette last Sunday has served to infuse a greater fighting spirit into the team than has been shown before this season and to meet Marquette again in an early game is the most fervent hope of every player on the squad.

City Team Disbands.

Announcement was made at Iron Mountain yesterday that the Iron Mountain city team will disband after next Sunday's game at Houghton, leaving the baseball field at Iron Mountain to the undisputed possession of the Ford Athletics.

Of the proposed dissolution of the team the Iron Mountain News yesterday said:

"Manager Biagio Ferracca and E. F. Sandercock, secretary-treasurer, faced with the proposition of putting out a team that is costing close to \$200 a game last night decided that the financial strain is too great and dissolution of the squad was agreed upon.

"A city baseball team here has a hard row to hoe, in view of the competition from the Ford Athletics. It is hard to get jobs for men outside of the Ford plant that will pay enough money to warrant the players working on a split basis, and to pay a salaried team men the expenditure of too much money. With a salaried team, it is practically impossible to present the same lineup for two straight games. One man receives a better offer from Menominee, Escanaba, Marquette, Marquette or some other team and he is not honor-bound to play here; consequently, it is a case of pitcher, catcher or any other player going where he can get the most money.

"We could finish the season

and keep our heads above water," Ferracca said today, "but there is too much involved. It would mean soliciting funds from the businessmen and fans, who have always been very willing to help us along, and we do not care to do that. If baseball can't pay its own way there is not much use of playing. Then there is the player problem. To present a strong team it means finding jobs that pay well for good players, or else pay them salaries that will soon drain any treasury. If means chasing around the peninsula every week looking for men to replace those who fail to make the grade, or to take the place of others who, lured by a better financial offer, go to some other town. "We would like to continue in the field, but, even though we did raise say \$1,000 by soliciting, it would only be a matter of a few games before it would be necessary to start all over again."

Cubs Take Opener From Boston Braves

Chicago, June 8.—Bob O'Farrell's batting and Ernie Osborne's pitching enabled Chicago to defeat Boston, 4 to 2, today in the first game of the series here.

Score: R. H. E.
Boston 001 000 010—2 6 1
Chicago 201 001 03x—4 7 1
Batteries: Fillingim, Genewich and O'Neil; Osborne and O'Farrell.

Cards Make Clean Sweep of the Series

St. Louis, June 8.—Making a clean sweep of the series, St. Louis took the third and final game from Philadelphia today, 3 to 1.

Philadelph. 000 000 001—1 7 0
St. Louis 000 000 03x—3 9 1
Batteries: Weintert and Wilson; Haines and G. Smith.

ESCANABANS TO BECOME DOKEYS

Sixteen members of the Escanaba lodge of Knights of Pythias will go to Ishpeming today and tonight will form a special class for induction into the Dramatic Order of Knights of the Khorassan.
Members of the Escanaba class will be the guests of honor at a 6 o'clock banquet, following which the ceremonial session will be held.
Dokeys of the peninsula are making plans on attending the Upper Peninsula Pythian convention here in force, it being promised that at least 350 members of the order will be present by the second day of the big meeting.
Following are the Escanaba men who will go to Ishpeming today: C. E. Snyder, F. L. Baldwin, August Bloomstrom, George H. Cobb, B. G. Gregoria, A. W. Moberg, John Fredenberg, Simon Peltin, William Winkler, O. E. Gidlund, Nicholas Eva, Elmer McKana, Walter Darrow, Nelson A. Cook, Samuel Diller and Henry Lueneberg.

MARKET REPORTS

NEW YORK STOCKS.
New York, June 8—Intermittent profit taking and short selling imparted a reactionary trend to industrial shares in today's more active stock market, but the railroad issues, particularly the lower price carriers, were in good demand at advancing prices. The large bulk of the business was again in the hands of professional traders.
CHICAGO PRODUCE.
Chicago, Ill., June 8—Butter—higher; creamery extras 38 1/2 at 35; standards 39 1/2; extra firsts 37 at 38; firsts 35 at 36; seconds 33 1/2 at 34 1/2.
Eggs, unchanged, receipts 26, 187 cases.
Poultry, alive, lower; fowls 21; broilers 39 at 44; roosters 12 1/2.
Potatoes, steady, receipts 66 cars; total U. S. shipments 946; Wisconsin and Michigan sacked round whites 75 at 90 cwt. New Stock: weak, South Carolina barreled cobbler, No. 1, \$6.35; Alabama and Louisiana sacked Triumphs too few sales to establish a market.
CHICAGO GRAINS.
Chicago, Ill., June 8—Wheat, July \$1.10 1/4; Sept. \$1.08 1/4; Dec. \$1.11 1-8.
Corn, July 81 1/2; Sept. 77 1/2-8; Dec. 66 7-8.

CANADA HAD HER CHANCE.

Nearly thirteen years ago President Taft in a misguided moment gave ear to what he interpreted as a country-wide demand for reciprocity with Canada, and the Republican party was rent asunder on that proposition. The Democrats captured the House in the 62nd Congress largely because of the factionalism which Canadian reciprocity had stirred up in the Republican camp, the border States and their Representatives being bitterly opposed to the idea. But Mr. Taft was persistent and he called an extra session of Congress with the Democrats in power and Champ Clark as Speaker for the sole purpose of putting Canadian reciprocity into law. That Congress met in April, 1911.

Hearings on Canadian reciprocity had been held by the Republicans during the previous fall, Champ Clark then being the ranking minority member of the Ways and Means Committee, and since the Congressional elections held just previous to the hearings had marked the Republican defeat, it was well known that Champ would be the next Speaker.

Mr. Bruno E. Fink was testifying before the Committee in opposition to the bill, which, he averred would ruin the producers of barley and barley malt, when Champ Clark broke in with—
"What are you going to do if we annex Canada?" to which Mr. Fink replied, "That is something I had not thought of." Champ then said: "You had better think of it, because that is what we are all fixing to do." There were fourteen newspaper men in the committee room when that statement was made, and not one of them made a note of it.

April came, and with it Clark's coveted ambition to be Speaker of the House. When the debate opened on Mr. Taft's pet measure, Champ vacated the Chair in order to speak to the bill, and again he asserted that this was the first step toward the annexation by the United States of Canada. Clark was strong for the measure.

The ignored statement of the Speaker-to-be when repeated by him as Speaker in fact, created a tremendous furore in Canada and the Canadian political slogan that year in opposition to Sir Wilfrid Laurier was "No Annexation!" Laurier had compacted with Taft for reciprocity.

The Canadian reciprocity law was passed by the 62nd Congress and signed by Mr. Taft. By its terms many American interests were marked for sacrifice to Canadian competition in order that certain other American interests might profit in the Canadian market, which is typical of reciprocity. But Canada was canny. In her campaign that year Laurier went down to defeat, being succeeded by Borden, but for a number of years Canada enjoyed certain advantages in our market as a result of the reciprocity law, which we got nothing from Canada in return.

It is unlikely that the Republican party will again take kindly to reciprocity, notwithstanding the fact that Canada is now approaching the United States with a view to a new reciprocity law, a matter in which she is being ably seconded by the usual aggregation of free traders, and straw-grasping politicians who are hard up for an issue. Nor is there any good reason for such a law. The official records show that Canada is making large gains in sales to us, despite the protective tariff law now in operation, while our exports to Canada have increased \$111,000,000 in the six months operation of the Fordney-McCumber tariff law, compared with the corresponding six months under the Democratic law, or from \$203,000,000 to \$314,000,000. Canada had her opportunity. She was foolish to pass it up. We are not disposed to give her another.

BRYAN ENTERS LISTS.

William Jennings Bryan is going to "run again" according to reports in Democratic circles. Bryan is going to Europe late in June to attend the International Economic Conference at Göttingen.

The Piffle Hook

With the Escanaba Gun Club safely tucked away for the season in layers of uncut ammunition catalogs and empty membership blanks, there falls on the torpedo shoulders of the Pinch Hitter, the Herculean task of stirring up something else in the way of cannonading to preserve the balanced ration which the sport page aims to place in the nosebag of the voracious reader. We have wind of a pistol competition. Not one of the impromptu affairs such as make Chicago famous but a real shooting match, for a \$50 prize, and one which will be conducted under the rules of a sub-caliber subsidiary of the National Rifle Association or some such group, rather than under the old time "code duello." The names of the participating organizations are not yet ready for release. There are a few Bill Hart's scattered among the bunch and there are a few who from present indications couldn't hit a balloon with a snow shovel while riding atop the thing. Weighty talk of ballistics and the comparative properties of inside lubricated and full patched cartridges fills the air whenever either gang gets together. Sample targets are on display in their places of business every day. An air of powder smoke clings to their clothing. The sporting editor grows impatient and threatens to spill the beans prematurely unless they cease telling what they'll do to each other and get to fanning the hammer instead of the air. Fair warning!

"Every knock is a Boost," asserts C. T. S. in the Detroit News. "When it is the landlord at the apartment door."

"The world at large is estimated to consume something like seven million needles every day," informs a "filler."

Has the world taken to drinking some of the Uppuy Peninsula's most famous Forest Product?

The lobster catch in Rhode Island last year brought in \$645,000.

Some of the lobstermen are crabbing yet.

SIR:—What has become of the old fashioned storekeeper who used to keep all his books, open the boxes, keep the shelves in order, ten to the sales and the base burner and the delivery horse and sweep the front side walk and still find time for a game of checkers with the town champion?
—KARO LINE

He's still doing it at the same old store. His suit wasn't satisfied with the good old ways and went to the city where he has a job running a six story factory.

"New York is the last place in the League," says the Detroit News, "The Anti-Saloon League."

Not so bad, not so bad!
—THE GALLEY SLAVE

berg. He will return in August, when, it is stated, he will muster his cohorts and prepare for a stage of the Democratic National Convention in the summer of '24. The report that the "Peerless One" is after the job of banner bearer for the Democrats has stirred up a lot of enthusiasm among his admirers, of which he still has a host. And there are a healthy lot of young Democrats who have come on the scene since Bryan was the idol of his party who are favorably impressed with his candidacy. They argue, and with some logic, that it would be better to have a man who may be mistaken, but honest, than one who is plausible and mendacious. No one questions Bryan's honesty. Bryan is 63 years old and as sound as a "nut." He may be a formidable contender for the nomination, for with the wrangle certain to develop among the McAdoo, the Underwood, the Smith and other forces, Bryan against the field would be a fair bet. It is assumed that when Chairman Hull, of the Democratic National Committee, learned that Bryan had taken a reservation for the next campaign, he promptly capsize.

The New York World remarks that "Blundering is the specialty of opportunist government." The World ought to know. It was closer to the Wilson administration than any other newspaper was.

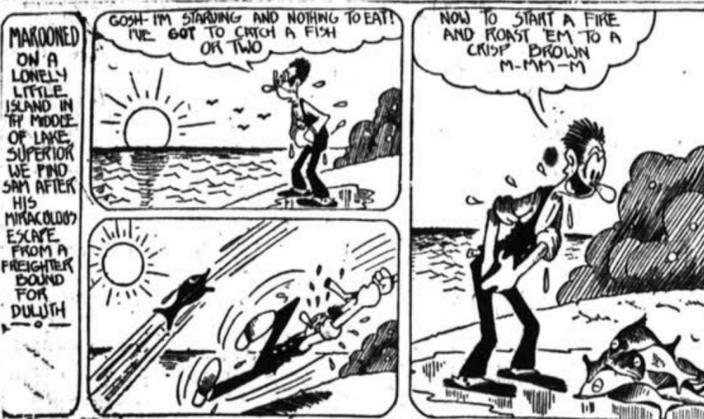

Every time one gets the notion that perhaps something ought to be done to save Europe one European nation or another does something to create doubt whether Europe is worth saving.

"A PURITAN WIFE"

BY JANE PHELPS

ANN, NORA AND JACK LEAVE THE RANCH.

Chapter LXXVIII.
His careless nature would let Dick think Ann in earnest in her talk of leaving him—yet she never had talked like that before. In that queer voice. If she thought he was going to stand for Norton's love-making she was mistaken. After he had punished her enough, and she asked his forgiveness he might be friends again. His first anger had cooled. Down in his heart he did not believe Ann unfaithful. But he hadn't "got even" yet. She had not been punished enough for what she had let Norton do—kissing her hand like a love-sick fool, and telling her he loved her.
He'd see whose house it was! The idea of her daring to say Grace could not come in it while she was there. Cute, sympathetic Grace, whom she always had hated and misunderstood.
He showed his independence—or thought he did—by calling Grace whenever he was in the house to meals, chatting with her over the phone, and not speaking to Ann save as it were necessary. She still did all the bookkeeping for the ranch, and the data he required could be learned only from her. Aside from matters of business, however, they held no conversation.
It was a heart-breaking situation for Ann. She had done all she could. It surely wasn't her duty to be humbled before Grace Edmunds further. To keep from thinking, from breaking down completely she was busy every moment. She helped Nora clean, she sewed, she played with little Jack, telling him stories that taxed her so that she had to keep

her mind upon what she was saying. Not imaginative, she had undertaken to fancy to entertain the child, to wean him away from thoughts of "Gace."
Bessie had told Ann that Grace's burns had healed so that wearing her clothes no longer distressed her. Sure that Dick also knew this, she awaited their next move nervously, but with no outward sign of her feeling. She had grown pale and thin, but took the greatest pains with her appearance, her hair, her clothes. The house never had been more neatly kept, the meals were all just as Dick liked them. Jack, dressed in the cunning suits she made him, was healthy and happy. When Dick spoke she answered pleasantly, even brightly, but she made no effort to really talk to him. The set of his lips, the way he left immediately after he had eaten let her see plainly it would be useless.
He'd gone to town, had come home partially intoxicated. She had said nothing, but had quietly gone to her room, leaving him undisturbed until he awakened from the sleep that always followed any indulgence. But she had wept bitterly. If only she had been able to wean him from that habit, perhaps all that had happened might have been avoided. Grace had made light of it, had seemed to like him better when he had been drinking, treating that and his forgetfulness as a joke. Playing on the weak points in his character, flattering him—and he was like a child when flattered.
Her mother wrote her long, loving letters, advising her to be just and generous in her treat-

ment of others, praising Dick, telling her how she and father had liked their son. By her silence, by protecting Dick she had lost the comfort of their sympathy. Aside from deploring her worldliness, they both liked Grace.
Hugh was improving faster than the doctor expected. He stopped in one day and told Ann it was all owing to her nursing, the care he had received. But though she was glad to hear Hugh was doing so well, the doctor's visit brought her little comfort. Dick would be sure to think Hugh had sent him.
Ann and Jack were in the dining room, Nora cleaning the porch, when Ann heard the unmistakable sounds of wrangling. She rose, opened the door through which she could see and hear. Nora stood in the doorway, her bare arms spread wide. Just in front of her was Grace Edmunds. "You can't come in!" Nora said.
"I can't! I'd like to know why, and what right have you to keep me out?" Grace tried to push by.
"I have my orders," Nora said, pushing Grace none too gently.
"You! Why, you common servant! How dare you talk to me like this! I'll have you discharged at once."
"Oh, will you? Well, you can't come in this house."
Just then Dick appeared. Grace ran to him, her anger at white heat, her words tumbling over each other.
"Stand out of the way, Nora. Come, Grace." Dick took her arm, about to lead her into the house.
"Just a moment, Dick," Ann said, as she came out, holding Jack by the hand. "Come, Nora, and without a look or word further she walked down the pathway, followed by Nora, who had not hesitated one moment to follow her mistress.

NEW CLASS TO GET DIPLOMAS SUNDAY NIGHT

Thirty-four Complete Eighth Grade at St. Francis de Sales.

Thirty-four pupils of the class 1923 at St. Francis de Sales school will complete their eighth grade work at the school with commencement exercises to be held Sunday evening, following a banquet tendered the graduates of the seventh grade.

Following is the program of the Sunday evening graduation program, which begins at 7:30: Hymn to the Sacred Heart—Dr. Saccagawea Sermon—Rev. Speck. Hymn, "Ave Maria"—Choir. Presentation of Diplomas—Rev. B. J. Schovers. Benediction. P. M. Deum.

Valley Lily Class Flower.

The lily of the valley has been chosen as the class flower, and its colors are purple and gold. Its motto is: "Character is the True Diploma."

Officers of the class are: President, Frances Bauer; Vice President, Earl LeBasson; Secretary, Derrick Griffin; Treasurer, Mrs. Strong.

The Class Roll.

Following is a complete list of those who have completed school at St. Francis with the class 1923, and will receive their diplomas Sunday evening:

Mary Berkovich, Regina Barr, Mrs. Beaudoin, Milton Casey, Belle Duber, Elizabeth Fackety, Marie Garrett, Genevieve Gosselin, Stella Hoffmann, Irene Hohl, Catherine Kasun, John Kocis, Dorothy Matthews, Irene Meece, Harriet Strahl, Helen Long, Ronald Thibault, Jacob Thibault, Francis Thibault, Louise Thibault, Evelyn Charlier, Lida Thibault, Charles Frankovich, Madeline Golden, Frederick Griffin, Mrs. Hohl, Hildegarde Gosselin, Mary LaBelle, Earl LeBasson, Mildred Mulhaupt, Vera Rodman, John Schultz, John Sidock, Francis Vasqui.

Former Pastor's Mother Passes Away

Friends of Rev. Fr. Savageau mourned yesterday the death of the Cook's pastor's mother, death occurring Thursday night.

The details of the funeral arrangements were available yesterday.

Miss Flora Tebo of the Special Agency is spending the week-end with relatives in Garden.

J. J. Hoffmann of Watersmeet, Michigan, is expected home today on a visit with his family.

MRS. COFFMAN LIVES SEVEN YEARS

Recovered from an Operation by Lydia E. Finkham's Vegetable Compound

Miss M. H. "I was a nervous wreck, suffering from a pain in my left side, which was almost unbearable, and I could not even let the bed clothing rest on my body at night. I had been sick for seven years, but not so bad until the last eighteen months, and had become so run-down that I cared for nobody, and would rather have died than live. I couldn't do my work without help, and the doctors told me that an operation was all there was left. I would not consent to that, so my husband brought me a bottle of Lydia E. Finkham's Vegetable Compound and begged me to take it. I have taken four bottles and I feel ten years younger. Life is full of hope. I do all my house work and had a large garden this year. I never will be without the Vegetable Compound in the house, and when my two little girls reach manhood I intend to teach them to take it. I am never too busy to tell those suffering sister of my help, and you can use my name and letter to spread the good news of Lydia E. Finkham's medicine."—Mrs. Ida M. Coffman, R. B. T. 111.

Our Customers Asked For the Best Ice Cream So We Selected the

HOYLER'S

Quality Brand

For over twenty-five years it has been known as the Ice Cream with a reputation. We are exclusive agents in Manistique and Sunday we will feature the Hoyle's Ice Cream. Order a brick and taste its wonderful goodness.

Manistique, Mich.

AGED RESIDENT PASSES AWAY AFTER ILLNESS

Four years a resident of Manistique, Andrew S. Pray passed away here Thursday at the age of 79 years, leaving to mourn his death a wife, five sons, and four daughters.

Mr. Pray was a native of New York state, where he spent his early life, coming to Michigan when he was eight years of age, when his family moved to Williamsburg, near Traverse City, Michigan. From that time until about four years ago he made his home at Williamsburg, and moved to Manistique only after he had retired from business, joining his three sons who reside in this city. He has been making his home at the American House, where death came to him early Thursday morning.

Funeral services are to be held in Traverse City, and the body was sent from here Friday morning, accompanied by the wife, Mrs. Pray and a son William Pray of this city.

It is expected that all members of the family will be able to attend the funeral, including two sons who are now on the way from California. The two other sons from this city left Thursday by auto from Traverse City, going by way of St. Ignace. Daughters from Carp Lake, Boyne City, Flint and Williamsburg will attend the funeral.

It is planned to have the funeral services on Tuesday, with interment in the Traverse City cemetery.

ENGINEER GETS ROAD PROGRAM

Seeking a solution to Schoolcraft county road problems, J. H. McCarthy left Thursday night enroute to Lansing for a conference with state highway department officials.

Mr. McCarthy will ascertain on his visit to Lansing whether or not it is possible to get additional construction work done in Schoolcraft county this season, in addition to old contracts which are already in progress, now that arrangements have been made for a method of financing some of the highway program.

SEND TWELVE TO MENOMINEE FOR BIG MEET

Manistique high school sent twelve entries to the Upper Peninsula track meet at Menominee, the last delegation leaving here yesterday. Men taking part in the 100, 220 yd. dashes, and the high and low hurdles left earlier, in order to be on time for these events which were run off Friday afternoon.

Accompanied by Coach W. L. Johnson, the following delegation will represent this city at Menominee today: Burton, Fagan, N. Marin, G. Marin, Weber, Thibault, Gustafson, Carlson, W. Mueller, Schuster, Bannan, Orr.

Press to Get Returns. Arrangements have been made by the Manistique office of the Daily Press, so that final results of the meet will be available at the local office Saturday evening, and those interested in learning how the Manistique boys fared may find out by calling 155.

Supt. A. F. Hall expected to make the trip by auto to Menominee today, in order to witness the final day's events.

Little Miss Jeanette Craver is entertaining this afternoon in honor of her birthday.

BETTER COWS IS THE AIM OF BIG CAMPAIGN

Estimating that poor cows of Schoolcraft county are causing a loss of \$127,800 each year, the Tribune Publishing company of this city has fired the opening gun in the campaign for better dairy cattle in Schoolcraft county, and has published figures which show where this loss comes from and what could be done with the money that is lost for this county every year.

The statement says: There are 1,600 cows in Schoolcraft County. They produce 136,000 pounds of Butter Fat in a year, worth about \$54,000.00.

If these were real good dairy cows, they could produce 480,000 pounds of butter fat worth \$192,000.00.

A real dairy cow will cost approximately \$85.00 to \$90.00 more than a scrub, and after allowing interest on the investment it is estimated that we are losing a possible profit of \$127,800.00 on the 1,600 cows we have.

We wish some of the Pessimists and Kill-Joys who are continually telling us that the country is joy riding to ruin and hell-bound in automobiles could lift their eyes off the ground long enough to see that our net annual loss on scrub cows would pay cash for all the Automobiles all the garages in Schoolcraft county have sold this year.

Big Annual Loss. The trouble with a good many of us is that we haven't got a proper sense of proportion.

Think it over. \$127,800.00 loss each year. The difference between scrubs and good cows in Schoolcraft county.

\$127,800.00 is more than the annual net profits of all the following companies:

White Marble Lime Company. The Berry Chemical Company. Brown Lumber Company. Goodwill Bros., and several others in addition.

\$127,800.00 would buy in one year:

- 42 Cadillacs, or
- 85 Hudsons, or
- 200 Overlanders, or
- 100 Studebaker Light Sixes, or
- 125 Dodges, or
- 320 Fords.

Comparison Offered. \$127,800.00 would buy the Depot Park, improve all the parks, build a driveway around the lake shore, and pave with concrete the streets from the Peoples store to the bridge in one year.

\$127,800.00 would build forty good dwelling houses in one year.

\$127,800.00 would build a good hospital.

\$127,800.00 would pay the cost of operating our public schools.

\$127,800.00 would maintain our county roads in first class condition.

\$127,800.00 would pay the interest on \$2,558,000.00.

Suppose one of our local manufacturing plants by adding \$140,000.00 to its plant could increase its yearly profits \$127,800.00, how long would it take them to raise the money and do it?

Suppose a new industry could be brought to Manistique which could guarantee dividends of 40 per cent per annum, how long would it take us to raise the money?

Look At Our Neighbors. Study these figures which show what other U. P. Counties are doing.

1920 CENSUS.

County	So. Mi.	Population	Val. Dairy Products
Manistique	1,654	21,778	\$458,000
Delta	1,182	30,220	\$365,000
Schoolcraft	1,501	9,977	\$2,000
Macquinn	1,501	8,829	\$2,500
Chippewa	1,973	24,813	\$40,000

Manistique—Two and one-third times the people and ten times the dairy income.

Delta—Three times as many people and six times as much dairy income.

Macquinn—With 20 per cent less people has 30 per cent more dairy income.

Chippewa—Two and one-half times the people and six times as much dairy income.

Sell It the Classified Way.

SCHOOL ART WORK CENTER OF INTEREST

Many Manistique people stopped at the Elita Shoppe yesterday to inspect the exhibit of the art department of the public schools, now on display in one of the windows of the shop.

Among the articles displayed are baskets, rugs, water color work, free hand cutting, and other products of the art department, which is under the supervision of Miss Deborah Strong.

In the primary grades, the industrial art has been under the supervision of Miss Carrie Moore, and the exhibit has been prepared by these two teachers, to show the Manistique public what is being done in their schools.

The central figure of the window display is a reproduction of a scene from the "Three Bears" of little "Goldenlocks" fame, done in paper work, with chairs, tables and beds cleverly arranged to illustrate the story.

The course of art work under which the articles shown here are made is a part of the "Baltimore" course of study, which was recently adopted by the school board for use in the local schools, and the exhibit at the Elita Shoppe shows work made by all grades from the first to the eighth.

L. O. E. AND REBECCAS. All Manistique Odd Fellows and Rebecas are urged to meet at the Odd Fellows Hall Sunday afternoon to take part in the graves decoration service of the order.

CITY BRIEFS

A recent arrival in this city is Wesley Orr of Detroit, who is visiting relatives and old friends in Manistique.

They go anywhere. See page 49 in today's Saturday Evening 5363-160-11.

Having completed their school work for the year, the Misses Ruth and Anna Nelson and Carl Nelson are spending their vacations with their parents here, Rev. and Mrs. Augustus Nelson. The daughters are teachers at St. Peter and LaSueur, Minn., respectively. Carl Nelson has been attending college at St. Paul.

To Make Payment In American Dollars

An announcement has been made by Manager Thornton of the local Western Union office, embodying a new arrangement of transferring cabled money, effective in the Manistique office June 1st.

To Manistique people who are sending money to relatives in France this means that any sum of money cabled to France via the Western Union may be paid at the destination either in U. S. Currency or francs, according to the wish of the person sending the money.

The particular value of this arrangement is that it eliminates questions of exchange and places the payee in a position to take full advantage of the premium on American currency. It also involves refund of the full amount deposited in case of non-payment, which is another great advantage in the case of a declining foreign currency.

NORVAL LEASES ENGADINE STORE

Chas. Bretz of this city announced yesterday that a deal had been completed whereby he leases his Engadine store to Wm. Norvall, Manistique, formerly of Engadine.

Mr. Norvall will manage the store personally, but will retain his residence in this city, and his family will continue to reside here.

The store at Engadine deals in general merchandise, and is enjoying a steady trade. As manager of the store, Mr. Norvall's extensive acquaintance in the vicinity of his old home will prove a valuable asset, and a success is predicted for him in the new venture.

The new lease will take possession immediately.

Welfare Club Meets Monday

Regular meeting of the Child's Welfare club will be held Monday evening at the kindergarten building. A number of matters of importance will be discussed and members of the club are asked to be present.

Mrs. H. E. Weber has taken a position at the Fair Store in Escanaba.

Foresters Will Meet Wednesday

Members of Sacred Heart court, Catholic Order of Foresters, will hold their regular meeting Wednesday evening, June 13, in the All Saints' school hall. A good attendance is desired.

RETIREMENT ENDS SERVICE OF 34 YEARS

Miss Eunice Derry Will Leave Teaching Profession.

One of the most remarkable teaching careers in the entire state will come to a close at the completion of this term of school, when the retirement of Miss Eunice Derry, for thirty-four years a teacher in the city schools of Gladstone, becomes effective.

Miss Derry, who will close her unusual teaching career when she leaves her pupils of the second grade of the Central building, began teaching thirty-four years ago when the Gladstone public school consisted of a small store building on Delta avenue, near the present site of the Pacific hotel.

"There were less than 300 school children in Gladstone at that time," said Miss Derry, talking of the changes which have taken place in the schools during her teaching career, "and as I remember, only five teachers. Special courses, such as sewing, physical training, music and art were unheard of. The three r's, reading, 'riting and 'rithmetic were the fundamentals of our teaching."

"Later," she continued, "a small white church building at the corner of Tenth and Wisconsin streets was added to the city school. In a few years, the Central building, one half its present size, was erected. The ward schools sprang up, an addition was built to the Central building, and today we have the finest junior high school building to be found in any city the size of Gladstone."

"The thirty-four years of my teaching service have been spent in Gladstone," Miss Derry concluded, "and that means seeing all the changes that brought Gladstone's school system from a one-building, five-teacher, three hundred pupil institution to a system which is educating over 1700 pupils under the direction of forty instructors and in six modern school buildings."

Resignation By Board. At the meeting of the Gladstone board of education Wednesday night, a resolution proposed by Bill Shipy and supported by Dr. J. H. Mitchell, was unanimously adopted, commending Miss Derry on her remarkable record and thanking her for her untiring service in the public schools of the city. She is the first Gladstone teacher to retire.

Miss Derry, in leaving the teaching profession, has not made her plans known, other than that she will begin enjoying a well deserved vacation.

New Roadster Catches Speeder

A Buick roadster added to the police department equipment added considerably in the arrest on Thursday evening of one speeder who was enjoying the fine stretch of road along the lake front residential section. The violator of the speed limit, Gilbert Hammond of Wells, will be arraigned in justice court charged with violation of the city traffic regulations.

Welfare Club Meets Monday

Regular meeting of the Child's Welfare club will be held Monday evening at the kindergarten building. A number of matters of importance will be discussed and members of the club are asked to be present.

Mrs. H. E. Weber has taken a position at the Fair Store in Escanaba.

Foresters Will Meet Wednesday

Members of Sacred Heart court, Catholic Order of Foresters, will hold their regular meeting Wednesday evening, June 13, in the All Saints' school hall. A good attendance is desired.

NOVEL STUNTS ON PROGRAM FOR MONDAY NIGHT

1923 Seniors Add Class Day to Graduation Activities.

The 1923 graduates will add a new activity to commencement week Monday night when they present their class day program, an observance that will become an annual event in the high school.

The class night program will be an upper class affair and it promises some of the best entertainment featured by novel stunts, that has been arranged during the entire year.

The program will be given at the high school auditorium and will begin at 8:15 o'clock. The senior class motto, "Launched, but not anchored," and the senior colors, maize and blue, will be in evidence. The senior invocation, "Teach us to see with eyes of understanding. To feel with hearts of sympathy, suspend our judgment, if it be harsh. And train us well in kindness," will be given.

The program is: Announcers—Milton Banz and John Foy.

Welcome—Adaptation from Merchant of Venice, Portia—Meryle Moore.

President Speaks. Senior Address—George Beach, president.

Junior Response—Elizabeth Ward, president.

Salutatory—Elyna Williamson. Class Roll Call—adaptation—Louise Clark.

Class Picture—Elsie Wolfe. New Junior Cap and Gown—quartet—Antoinette La Pine, Aileen Hufford, Blanche Olsen, Blanche Mathison.

Seniors, as diagnosed by a junior—Merwin Kircher.

Senior movies—Lloyd Ackley, supported by Irving Fillmore, Ronald Olson, Henning Bjork and Elliott Germaine.

Valedictory—Aileen Hufford.

The program arranged is under the direction of Miss Bertha Fassette and Miss Avis Johnson, who will be assisted by Miss Esther Baldwin, Miss Marion Whipple, Miss Mabel Harris and Matthew Wagner.

Something New. Costumes are in charge of Jessie Brown and Cecelia DeVet, while Louise Clark will take care of properties.

The class-night program promises something new and entertaining and it will undoubtedly draw considerable attention.

GLADSTONE TO OBSERVE FLAG DAY JUNE 14

Proclamation Issued By Claude Hawkins, Mayor Pro Tem.

All Gladstone will unite in the observance on Thursday, June 14, of Flag Day, the day set aside throughout the country for the paying of tribute to the country's national emblem.

Following the proclamation issued by Gov. Alex J. Groesbeck, asking for the cooperation of every city and town in the state in observing that day, a proclamation announcing the observance has been made by Commissioner Claude Hawkins, mayor pro tem in the absence from the city of Mayor I. N. Bushong.

The proclamation which calls for the display of the flag on all public and private buildings is as follows:

Flag Day. To the Citizens of Gladstone: "Flag Day has been proclaimed in late years in order that we might call to mind again the significance of our national emblem. The flag is a token: a symbol of the principles of Republican Government and free institutions. The endurance of the nation depends upon the extent to which we remember and defend its fundamental principles.

"I am therefore glad to join with the Governor of this State, in proclaiming Thursday, June 14, 1923, Flag Day. To quote from the Governor's proclamation, 'Let flags be displayed on both public and private buildings and let community exercises appropriate to the day be held wherever practicable.

Cooperation. "This is done in the hopes that the citizens of the city will join in the spirit of the day, in the display of flags.

C. E. HAWKINS, Mayor Pro Tem."

ROTARIANS AID ORGANIZATION AT MANISTIQUE

Gladstone Members at Meeting Held Last Night.

Gladstone Rotarians met yesterday afternoon by motor for Manistique, where last night they assisted in the organization of a Manistique Rotary club.

The Rotary delegation left Gladstone at 4:30 o'clock, arriving in Manistique in time for the big banquet at 6:30 o'clock. Formal organization of the Manistique rotary with initiation of members by the Gladstone members, followed the banquet.

Among the leading speakers at the meeting was James Kaye of Marquette, formerly district governor of the Rotarians.

Gladstone members who went to Manistique yesterday were: E. J. Noreus, G. Raymond Emphos, W. L. Marble, Charles Elsing, Floyd Marble, James Joy, Claude Hawkins, John Card, Gus Dehlin, John Olson, Rev. H. W. Colenso, A. C. Clark, James T. Riley and Jackson Stephenson.

Will Deliver Annuals Monday

Members of the High School annual subscription committees are checking over the lists of subscribers, preparatory to quick delivery of and prompt collection for the year book. The annual will be out on Monday and will be immediately delivered to all subscribers.

GLADSTONE NEWS

WEDDING IS PERFORMED AT MINNEAPOLIS

Announcement was received in the city yesterday of the marriage in Minneapolis of Mrs. Marie Fitzpatrick and William R. Galbraith, both of Gladstone. The marriage took place Wednesday afternoon at the home of Mr. and Mrs. Charles Hutchinson, 1521 22nd avenue, No. Minneapolis, with Rev. W. E. Loucks, pastor of the Fourth Baptist church reading the service.

Missionary Meeting Has Two Surprises

A double surprise featured the meeting of the Woman's Foreign Missionary society of Allice Memorial Methodist church which was held Thursday afternoon at the home of Mrs. James Montgomery. Following an interesting program of missionary work in China, Mrs. Montgomery surprised her guests with a delicious luncheon, whereupon the members of the society, who had learned that Thursday was Mrs. Montgomery's birthday anniversary, produced a big birthday cake which formed a beautiful centerpiece for the luncheon table.

Will Be Guests At Escanaba

Members of the Gladstone Christian Endeavor society, Presbyterian church, will be the guests of the Escanaba Christian Endeavor on Sunday, June 17, returning the visit made by the Escanaba society here several days ago. A program of games, music and the serving of refreshments will be part of the entertainment in store for the Gladstone young people.

Students Begin Final Examinations

Seniors examinations ended and final tests for the rest of the high school students started on Friday. The examinations will continue until Thursday afternoon.

It is just one hundred years since cars were first introduced to the public in London, in honor of the birthday of King George IV.

TAX EXEMPTIONS EXPIRE ON MANY BONDS ON JULY 2

Large Holders of Liberties Hit Under Law of 1921.

The prices of Liberty Bonds will soon be seriously affected by the change in their tax exemption features, pointed out Mr. M. L. Seidman, tax expert of Seidman & Seidman, Certified Public Accountants, in his address before the Committee of American Business Men.

"It is not generally known," Mr. Seidman remarked, "that a considerable part of the tax exemption allowed on Liberty Bonds will be lost on July 2, 1923. At the present time an individual can hold \$160,000 of Liberty Bonds without paying any income or surtaxes on the interest received. On July 2, 1923, however, \$105,000 of such \$160,000 holding will be deprived of the surtax exemption privilege.

Exemption Expires This Year. "Under the Income Tax Law," Mr. Seidman explained, "exemption is allowed for surtax purposes to the extent of a maximum of \$160,000 to each individual holder of Liberty Bonds for two years after the ending of the war. These two years officially end on July 2, 1923. The law provides that after the two year period the exemption is reduced to interest on a \$55,000 principal to be held by any individual, and even this exemption runs to July 2, 1925 only.

At the present time the \$160,000 total possible exemptions on Liberty Bonds can be held as follows: \$5,000 aggregate of first 4s, first 4 1/2s, first second 4 1/2s, second 4s and 4 1/2s, third 4 1/2s, fourth 4 1/2s, treasury certificates of indebtedness and treasury (war) savings certificates; \$30,000 of first second 4 1/2s; \$125,000 in the aggregate of first 4s, first 4 1/2s, first second 4 1/2s, second 4s and 4 1/2s, third 4 1/2s and fourth 4 1/2s.

Effective July 2 next, only \$55,000 will be exempted from taxation, running to July 2, 1926, divided as follows: \$5,000 aggregate of first 4s, first 4 1/2s, first second 4 1/2s, second 4s and 4 1/2s, third 4 1/2s, fourth 4 1/2s, treasury

certificates of indebtedness and treasury (war) savings certificates; \$50,000 in the aggregate of first 4s, first 4 1/2s, first second 4 1/2s, second 4s and 4 1/2s, third 4s and fourth 4 1/2s. Corporations Preferred. "It should be noted," Mr. Seidman concluded, "that the change does not affect corporations. All Liberty Bonds held by corporations under the present law are entirely tax exempt, as Liberty Bonds are always exempt from normal taxes both to individuals and corporations. Since corporations under the present Federal Tax Law pay only a normal tax and since Liberty Bonds are entirely exempt for normal tax purposes, the interest from all Liberty Bonds will be entirely tax exempt to corporations as long as the 1921 law is not changed."

A THOUGHT

He was wounded for our transgressions, he was bruised for our iniquities; the chastisement of our peace was upon him; and with his stripes we are healed.—Isa. 53:5.

The severest punishment suffered by a sensitive mind, for injury inflicted upon another, is the consciousness of having done it.—Hosea Ballou.

NOTICE TO CONTRACTORS.

Sealed bids will be received by Mr. Louis Sehemmel, Secretary of the Board of Education, Escanaba, Michigan, on or before the 15th day of June, 1923, at 1:30 P. M., for furnishing all labor and material to install and complete a new heating and ventilating system, the plumbing and electric wiring in the remodeling and new addition to the Webster Grade School at North Escanaba, Michigan, according to plans and specifications for same, prepared by G. Arntsen, Architect, Escanaba, Michigan.

Plans and specifications for the different branches of the work may be inspected at the Architect's office, Escanaba, Michigan, at the Builders and Traders Exchange, Milwaukee, Wisconsin, and Duluth, Minnesota, and at the office of the Secretary of the Board of Education.

The successful bidder whose bid is accepted will be required to furnish a bond equal to 100% of his bid to protect the School District of Escanaba, Michigan, and one bond equal to 50% to protect the People of the State of Michigan.

The bids must be sealed and marked "Proposal" for the addition and remodeling of the Webster Grade School, Escanaba, Michigan, and addressed to the Secretary of the Board.

LUMBER TRADE VERY "SPOTTY"

The wholesale lumber trade remains spotty, reports received this week from important manufacturing and distributing centers indicate that the lull is being broken and that activity is slowly returning to the market, says the American Lumberman, Chicago. Retail yards, having enjoyed a big volume of business throughout the spring, are rapidly cutting into their stocks and are being forced into the market for replenishments. Transit cars

of which there are comparatively few now afield, are being quickly picked up and a close watch is kept for any kind of bargain. However, dealers still show a strong disposition to postpone mill buying on any large scale, expecting that the recent price decline may be carried farther before their needs become imperative. Distributors are of the opinion that retailers, if they persist in their present policy of this respect, will all reach the bottom of their piles about the same time and rush into the market simultaneously with long lists of requirements, in which event, seeing that stock conditions at mills

are none too good, prices would quickly shoot upward again and dealers lose what advantage they now have. The advice of the distributors, therefore, is to buy now, leveling out demand and thereby insuring greater price stability. Industrial demand also appears to be improving, and an excellent maintained export movement continues to feature both softwoods and hardwoods. Production in the South continues to be hampered by bad weather, particularly in the Lardwood sections of the Mississippi Valley, where many mills have not produced a board for some

weeks on account of lack of logs, and are not likely to be able to start up again before July 1. Conditions in the Inland Empire and on the Pacific coast have been more favorable, and the output remains heavy in those sections. The transportation situation generally is favorable and shipments are moving promptly. The mills are, therefore, able to make material progress in cleaning up their old orders, so that they again are in a position to book a fair volume of business. Stocks, however, are not much improved and there is still trouble in placing orders for badly mixed cars or for material needed immediately.

ASIDE FROM MATHEMATICS. The teacher had been explaining fractions to her class. When she had discussed the subject in length, wishing to see how much light had been shed, she inquired: "Now, Bobby, which would you rather have—one apple or two halves?" The little chap promptly replied: "Two halves." "Oh, Bobby!" exclaimed the young woman, a little disappointed. "Why should you prefer two halves?" "Because then I could see if it was bad inside."—Chicago News.

Quality Merchandise at Prices LESS Than Elsewhere

Proving to the people of Escanaba and vicinity that the Boston Store Ready-to-Wear Dep't sells nothing but quality merchandise and the lowest in the city. Prices,—Challenge Sale means, that we challenge any other store in the city of Escanaba and vicinity to come anywhere near meeting our low prices, not only low prices in our ad, but the Merchandise just as advertised at the low prices in our store!

Another One of Our Famous Dress Events!

DRESSES

Worth \$35 to \$65 at

In An Extraordinary Saturday Sale

Models for Evening, Dinner, Party, Afternoon or Street Wear, That Express the Latest Style Thoughts of Noted Creators, But Priced at Fractional Cost Because of Special Purchases.

When this great value giving Ready-to-Wear Dept., announces a Dress event, all Escanaba gets ready for something unusual, and this sale will prove no exception. This dress event again proves our ability to sell quality merchandise at prices lots lower than elsewhere.

These New Dresses are Beauties! Every One! Many smart copies of original Parisian models. The smartest and newest silhouettes and elaborations; latest drapes; in fact everything and anything new in the world of fashion seems to be included, so we advise you to take advantage of these great savings.

Most any kind of material you want.
