

HARDING RENEWS WORLD COURT PLEA

DEMOCRATS TO WATCH HARDING WESTERN TRIP

HOPE FOR ADVANCEMENT DURING LONG TOUR.

BY DAVID LAWRENCE. Washington, June 21.—The democrats look upon President Harding's western trip without apprehension or concern. They really think it will ultimately yield political benefits in their direction.

President Taft's swing around the circle was followed by widespread insurgency in the republican party. Disaffection exists in the ranks of republicanism today, especially in the West. The democrats are not expecting a victory to be developed this time as in 1912 but any friction in the republican party will tend to enhance the opportunity of the democrats to make a platform and nominate a candidate of special appeal to the discontented elements.

Trail Not Planned. As yet no plan has been made to trail the president with speakers or to answer his speeches. The strategy of the democrats is to let Mr. Harding have the political stage to himself for he is in defensive position anyway and his critics will analyze his utterances much more effectively if unhampered by the partisan outbursts of an active political opposition.

The president will have to defend the issues. The democrats are in a position to pick flaws in the presidential program without at this time offering an alternative. Their tactics will be to break down the force of the presidential argument and leave until the next democratic convention the task of framing a platform in answer to it. The "outs" always have that advantage in politics and the democrats will not hesitate to take a leaf out of political guide book of their opponents in hammering away on everything they can avoid any commitments in advance of the party convention. More or less the same strategy of guerrilla warfare will be pursued in the next congress except that the democrats will be aided by the group of insurgent republicans who already have begun to make miserable for the Harding contingent.

May Not Invite Attack. The president himself will be able to some extent to keep his political face from being marred if he sticks to a non partisan style of speech. If, however, he plunges boldly into republican achievements he will invite rejoinders. Mr. Harding, however, is more likely to find himself attacked by republicans who disagree with him than democrats. His first speech on the world court is awaited with much interest in his party. The general expectation is that Senator Borah will be particularly aggressive in attacking the president on the world court question but it would not be surprising if the Idaho senator made only a gesture of opposition. The truth is Senator Borah is up for re-election next year and he needs the support of the regular republicans to win the nomination. Politically speaking, it behooves him to straddle at the moment and not to antagonize the regulars. This is an important phase of Idaho politics at the moment and will bear watching in connection with the trouble that some of the democrats have been hoping and wishing would begin to brew for Mr. Harding in the West. It will not be as material a factor as they think.

Hiram Is Quiet. As for Hiram Johnson, senior senator from California, nobody knows yet what his attitude will be. The president makes a speech in California after returning from Alaska. Should he mention the world court or anything else on which Senator Johnson disagrees, there will certainly be some response from the California "irreconcilable." The last word, however, is that the world court will be made the subject of presidential discourse in St. Louis where the comment of Senator James Reed, democrat, will not hurt republican harmony and that the subject will not be revived in California. Any attempt to turn Hiram Johnson's home state against his way of thinking against the warpath and President Harding knows it.

West Is Not Talking. Democratic hopes of western earthquakes may therefore not materialize so far as insurgent republicans are concerned though it is quite possible the

CONSECRATION OF BISHOP IS SCENE OF FIGHT

Chicago, June 21.—Two warring factions within the church here turned the consecration of a bishop in the Saint Constantine Hellenic Orthodox Greek church into a free-for-all fight today which subsided only after policemen had arrested eight of the ring leaders.

The disturbance brought to an end the ceremonies in which the Rt. Rev. P. Joannides was receiving the consecration as bishop of the Midwest See of the Greek Catholic church. Both American and London bishops were in attendance at the first ceremonies of its kind ever held in Chicago. When the ceremony reached the point where the assembled congregation was asked "Is our new bishop worthy of the honor that has been bestowed upon him?" a score of men jumped to their feet with cries of protest.

UNCLE SAM TO SEIZE LIQUOR

Will Not Permit Ships to Bring Sealed Booze Inside Country.

Washington, June 21.—Beverage liquors, brought into American territorial waters under foreign government seals, will be seized. This policy was announced late today at the treasury and when the liner Berengaria docks at New York tomorrow, customs agents will break the British customs seals that guard her beverage liquor stores and take charge of them. Any other attempt to bring intoxicating beverages inside the three-mile limit, it was declared, will be dealt with in the same fashion.

Decision Positive. Announcement of the treasury's determination to stand pat on its regulations and to carry out the recent supreme court ship liquor judgment was partly expected. The decision was made after a day of conferences between Secretary Mellon and his advisers and officials of the state department. It was made clear that the decision was unqualified and positive.

The procedure to be followed in the case of the Berengaria, and it is assumed in respect to other ships making like efforts to retain beverage liquor sufficient for homeward voyages, provides for the seizure of sealed stores, their transfer to bonded warehouses and the issuing of receipts to masters of the vessels involved. No trouble is anticipated, for, in the cases of the Berengaria and the liner Olympic, which is now on the sea bound for New York, the American agents of the lines operating the vessels have been fully informed of what the treasury intends to do.

To File Protest. Assistant Collector Stewart of the port of New York conferred with the lines agents today and advised Assistant Secretary Moss of the treasury by telephone that each shipping representative will file a formal protest against the American government's action as soon as it is taken. Such protests, in the natural course, will be forwarded to Washington for consideration. Neither Mr. Mellon nor Mr. Moss would discuss possible action by the treasury on the protest, the former explaining that such a course was the obvious one for the shipping companies to take under the circumstances.

Liberty Hall in Hands of Union

Dublin, June 21.—Liberty Hall and the head offices of the Transport Union in Rutland Square, seized by Jim Larkin several days ago, were recaptured by the executive of the union today, without opposition.

Financial Compensation Due Family of Volunteer Deputy, Citizens Urge

That the state or county, under whichever governmental province the matter could be taken up, should make some effort to compensate Mrs. Frank Curran of Lathrop for the killing of her husband, a special volunteer deputy sheriff, by an escaped state prison convict was the substance of many expressions noted in Escanaba and throughout the county since the killing. Curran, one of the most typically American and worthy citizens in Delta county, volunteered his services in the interests of criminal law enforcement, unhesitatingly and with full appreciation of the danger into which the work would bring him. His assistance was thankfully accepted by those in charge of the search for the escaped "lifer"

Convict-Murderer Eludes Posse Of Riflemen

KILLER SPENDS SECOND NIGHT IN ROCK SWAMP

Forty Men Will Continue Drive Through Jungle Today.

Rock, Mich., June 21.—Natchoff was reported to have been seen by members of the posse at the south end of the swamp about 7:30 tonight. He was reported to be crawling on hands and knees but still retaining his automatic pistol. One shot was heard in the swamp at about 10:30 last night. Members of the posse believe that it marked Natchoff's suicide. He was apparently exhausted when sighted early last night.

BULLETIN.

Creeping from covert to covert in a mile square area of almost unbelievably dense swamp just north of the village of Rock, driven completely insane by hunger, thirst, exposure and the winged torments of the marsh lands and possessed of a fiendish determination to exact the heaviest possible life toll for his capture, George Natchoff, escaped convict who shot and killed Deputy Frank Curran of Lathrop, eluded the scores of armed searchers for another day and spent another night alone in the jungles, with expert riflemen patrolling the borders of his refuge, anxious for a chance to "shoot it out" with him.

Natchoff is worth \$500 to the man who captures him, dead or alive. There is small chance that he will permit himself to be taken alive, and there is no preference expressed by the leaders of the search to have him delivered otherwise than feet foremost, dead as the sterling officer to whom he brought untimely death.

Surrounded in a swamp too large to be completely combed except by a force of at least two hundred men, Natchoff has a temporary advantage over his pursuers. Where the searchers must travel in a wide-stretched line, with the consequent added noise to warn of their presence, their quarry can lie in hiding and shoot at any form which shows. The members of the posse must exercise every care lest they shoot one another.

Need More Men. The force of more than one hundred men who engaged in the chase on Wednesday has dwindled to the original groups of state police, prison guards, county and city officers and volunteers. About forty remain. Augmentation of the force to a considerable extent will be necessary hereafter the search can be pushed offensively. Many Escanaba and Gladstone men are planning to join the posse today, many of them ex-serve men with records and medals for sharpshooting. If a sufficient force is available, the swamp will be thoroughly searched today.

At 3 o'clock yesterday morning two automobiles left the Escanaba police station for the scene. Assistant Chief Ettenhofer, with Patrolmen Finn, Peterson, Pierson, Sandhorn and

DELEGATES TO PYTHIAN MEET STAGE PARADE

IRON RIVER BAND LEADS LINE OF MARCH.

Headed by the Iron River Pythian band, state officers and the Boy Scouts of Troop 12, the unit sponsored by the Escanaba Knights of Pythias lodge, more than 500 delegates to the annual convention of the Upper Peninsula Pythian League staged a parade on Ludington street last night, just before returning to the Coliseum for the night session.

With a dozen teams in their robes and regalia, ready for the contests in the exemplification of ranks, in the line of march, the parade was more colorful than the usual event of its type. There was a long line of marchers representing a score of lodges and the Ishpeming Khorassan Temple, followed by a train of automobiles.

Execution Today. The league, this morning, will select its next meeting place and elect its officers for the ensuing year. Ishpeming and Menominee are leading contenders for the honor of entertaining the organization next year, it is understood, with indications last night pointing to the selection of the Marquette county "Pythian capital." Officers of the league generally are chosen from the city which entertains the next meeting.

The annual convention of the Pythian sisters, in the Knights of Pythias castle hall, also a well-attended and interesting affair. The day's program follows:

- 9:30 A. M. Introduction of Grand Chief. Opening Song - America. Invocation - Emma Blomstrom. Flag Salute - Escanaba. Song - Alma Shaw. Crystal Falls. Address of Welcome - Viola Green. Escanaba. Response - G. C. Hettie S. Whitney. Roll Call of Temples and Reports. Memorial Service - Crystal Falls Temple No. 105. Instrumental Selection - Ethel Browy, Escanaba. 2:30 P. M. Singing Opening Ode. Paper - Ingebar Oberg, Iron River. Exemplification of Balloting; Private Installation. Twin City Temple, No. 104, Ishpeming. Remarks - G. C. Hettie S. Whitney. Solo - Alma Shaw, Crystal Falls Paper - Irma Waters, Manistiguic. Piano Solo - Ethel Browy, Escanaba. 8 P. M. Exemplification of Ritualistic Work by Arbutus temple No. 5. Sault Ste. Marie. Exemplification of Floor Work by Cloverland Temple No. 106 Marquette. Remarks - G. C. Hettie S. Whitney. Closing With Social Hour. Exemplification of work by teams from Laurium and Hancock were features of the morning session. Last night the third rank was presented by the Iron River and Escanaba teams.

Tonight the convention will close with a reception ball at the Coliseum, to which the public is invited. Prizes for superiority in degree work, special vaudeville features and special music, will find prominent places on the program. More than a score of individual and team cups are on the list of trophies for which the Pythians are competing.

Dokles Coming Saturday. Third rank will be exemplified during the day, by Menominee Lodge No. 407; Marquette Lodge No. 6, Zenith Lodge No. 33, Birdseye Lodge No. 211, and Erergreen Lodge No. 91. First rank work will be given by teams from Iron River Lodge No. 162 and Zenith Lodge No. 33. Saturday, the entire program will be given over to the Dramatic Order, Knights of Khorassan.

Complete with operating room, kitchens, and a saloons, a derailed hospital train in Mesopotamia now serves a native sheik as a Turkish bath. The train cannot be moved, as it stands on a side-track which was destroyed some time ago.

CURB MARKET JOINS STATE IN CLEAN UP

Thorough Reorganization to Be Started, Directors Announce.

New York, June 21.—The housecleaning in Wall Street, inaugurated after the failure of E. M. Fuller & Co. for \$5,000,000 and disclosures that the house was one of scores of bucket shops where brokers bet their brains against their customers' money, brought four important developments today.

One—Inauguration by Atty. Gen. Sherman of a campaign to close all bucket shops by injunction, under the recently adopted Martin Act.

Two—Announcement that W. S. Silkworth, who has been shapely under fire because of his alleged relations with now bankrupt members of the Consolidated Stock Exchange, had decided to resign the exchange presidency next Thursday and that Lawrence Tweedy, vice president, slated to succeed him, would immediately start a thorough reorganization of the exchange.

One Member Expelled. Three—Disciplinary action by the New York curb market against two members alleged to have committed acts injurious to the exchange. One was expelled and one suspended for a year.

Fourth—Reports that powerful banking interests in the street had inaugurated a series of conferences to seek some means of stabilizing conditions in the financial zone. In this connection, the statement last night of President Cromwell of the New York stock exchange that a movement was on foot to organize a pool to save houses subjected to runs, was recalled.

Injunctions Sought. The attorney general's drive announced last night was begun in earnest today when he obtained from Supreme Court Justice Wasservogel temporary injunctions restraining the interlocking brokerage firms of W. W. Weese & Co. and J. H. Dube & Co. from bucketing and otherwise engaging in fraudulent stocks and actions.

W. W. Weese and Joseph Dube who recently consolidated but kept both firms names were ordered to appear Monday to show cause why the injunction should not be permanent. The firms were said to have no direct exchange connections. While only two injunctions were sought today, the attorney general's office indicated that similar actions would be forthcoming from time to time, as the widespread investigation being conducted by the department bears fruit.

TUCKER DENIES HYLAN CHARGES

Marquette, Mich., June 21.—(By the Associated Press)—Sharp challenge to prove the charges in what he terms, unwarranted attacks against the American Order, Sons of St. George, is made by Mayor Hylan of New York and David Hirschfeld, his commissioner of accounts, by George Tucker, of this city, supreme president of the order.

This followed the report to Hylan by Hirschfeld made 15 months after the latter was commissioned to investigate American History textbooks used in New York schools, in which Hirschfeld alleged certain books contained pro-British propaganda.

Tucker branded the investigation and report as ridiculous. In a letter to Hirschfeld he requested that full text of the report and informed Hirschfeld that if the allegations can be proved, the order, charged by Hirschfeld with carrying on propaganda work, will be disbanded and all monies accumulated by the organization given to charity, providing the using of \$50,000 to be so distributed, if the charges are not proven.

Essen, June 21.—(By the Associated Press)—A Belgian corporal and a private were killed and one private was wounded at Marl, today when they endeavored to search two Germans at a control post.

"Husband" Of Tesmer Slayer Goes Insane; His Confession Probably Will Be Worthless

Chicago, June 21.—Frank Carrick, "husband" of Fred C. Thompson who is being held by police as the "smiling woman landlubber" who shot and killed Richard C. Tesmer, was removed from his cell in a police station to the psychopathic hospital in a raving condition. Before being removed from the cell in which he was placed by police after his arrest three days ago at the home of Thompson and Marie Clark, said by Thompson to have been his wife for two years Carrick is said to have made a confession implicating Thompson in the murder of Tesmer, but detectives, because they do not believe the confession, Lockup Keeper Clemens found Carrick tearing his clothing and mumbling to himself. Michael Hughes, chief of detectives, was called and under questioning, Carrick declared he, Thompson, and another man known as "Slim" started on the night of the murder to steal automobiles.

CIRCUS RIDER "JOLTS" JURY

SPRINGS SURPRISE AT HER MURDER TRIAL.

New York, June 21.—Two women at the trial of Mrs. Anna Buzzy charged with the murder of Frederick Schneider, today accused William Turc, Mrs. Buzzy's brother-in-law, of having threatened to kill Schneider upon several occasions. This came as an unexpected development, after Turc's testimony of yesterday that Mrs. Buzzy had confessed to him that she committed the crime.

Enemies Four Years. The two were Turc's wife and her sister, Mrs. Sofia Dickie. Mrs. Dickie testified that the Saturday before the murder Turc drew a revolver, waved it menacingly and yelled: "I'd like to see that Hun, Fred Schneider."

"Schneider made improper advances to me," she said, "and although my husband did nothing at the time, as soon as she left he made threats about Schneider. The first time he threatened to kill Fred was about four years ago and he's been continuing ever since."

Frequently Quarreled. Mrs. Turc, who was formerly a circus rider, testified that her husband had experienced a great deal of trouble with Schneider who used to ridicule him for his small stature. She left Turc shortly after the murder.

Nelson's Charges Nipped by Court

Lansing, June 21.—A petition and affidavit filed by Walter Nelson, Detroit attorney, in appealing from a 30 day sentence for contempt of court, and in which he accused Gov. Grosbeck and other officials of adopting a "hands off" policy on the House of David colony at Benton Harbor, were virtually thrown out of the state supreme court. The court ordered Nelson to withdraw his petition, without prejudice to his right to file another setting up only facts within the knowledge of Judge Harry Dingeman, who ordered him jailed in connection with testimony he gave in the grand jury investigation of the House of David.

Finance Minister of Poland Quits

Berlin, June 21.—(By the Associated Press)—The Polish minister of finance and trade has resigned because of the collapse of the Polish mark, according to an agency dispatch from Warsaw. The dispatch adds that all the banks in Poland have been ordered to surrender their foreign currency holdings to the government before tomorrow and that meanwhile all the exchange markets in the country are closed.

Exchange Bankers in Berlin Worried

Berlin, June 21.—(By the Associated Press)—Nervousness prevailed among the dealers in exchange today when, on the eve of the government's new drive against them, they read of the firm manner in which the Polish authorities are handling the falling currency situation. Sweeping restrictions on traffic in monies are forecast as a result of the government conference with financial and economic experts. Every summer, when it gets so hot, we decide we want to grow up and be an ice cream maker.

"TRIBUNAL IS SURE PATH TO WORLD PEACE"

SUGGESTS CHANGES IN MEMBERSHIP PLAN.

St. Louis, Mo., June 21.—(By the Associated Press)—President Harding placed before the country tonight a renewed plea for American adherence to the Permanent Court of International Justice, "as the one and only existing agency of peace" to which we can safely prescribe without violating the basic principles of our natural being. Making the first prepared address of his western trip, the president said that to bring about the end he desires he "would gladly wipe out factional differences" and propose a reconstruction of the machinery of the international tribunal "to dispose conclusively of all other sinister apprehensions of danger from the exercise of any influence whatsoever, either open or fugitive by the league of nations or by any other organization."

SLAYER OF 33 IS EXECUTED

Former Russian Cabinet Officer and His Wife Are Shot.

Moscow, June 21.—(By the Associated Press)—Ivan Komarov, known as "the wolf of Moscow," convicted of murdering 33 persons since 1921, and his wife were executed Monday night by a firing squad. Throughout his trial Komarov had affected bravado, but after his conviction he underwent in every way to save his life. First he appealed for a new trial, and when this was denied, he pleaded with the government for clemency. The man showed surprising knowledge of the technicalities of the criminal code. He contended that he had been wrongly convicted, and also that the law provided for only a sentence of ten years imprisonment instead of death.

Komarov was a former Moscow cabinet officer. He was arrested last month on a charge of having murdered 33 persons, 22 of the bodies being found in the cellar of his house tied in sacks. When arrested he made an escape and jumped from a window and was at large for a while. Later he was taken into custody while writing a confession of his crimes. The confession involved his wife and other persons. He said all the victims were killed while attending a tea party in his home, where they had been invited for the purpose of robbery.

Battle Creek Man Won Seat by 412

Detroit, June 21.—Complete unofficial figures on the vote last Tuesday in the special congressional election in the third Michigan district show that A. D. Williams, Republican of Battle Creek, was elected by a majority of 412 votes over Claude Carney, Democrat of Kalamazoo. It was one of the closest congressional elections in Michigan history. The vote was Williams, 9,045; Carney, 8,634. The election was ordered to fill the vacancy caused by the death of Rep. J. M. C. Smith, Republican.

GREETED BY BIG CROWD. St. Louis, Mo., June 21.—(By the Associated Press)—Completing the first leg of his transcontinental trip here late today, President Harding entered upon a round of activities that completely filled the eight hour visit allotted to St. Louis. The chief executive addressed the annual convention of the International Rotary in session here, laid the cornerstone of a new city club building and made a short address there, shook hands with the crowds that thronged his hotel, delivered the first prepared address of his trip with the world's court as his subject and attended a number of minor affairs. The presidential party left the train in Forest Park and Mr. and Mrs. Harding were placed at the head of an automobile procession that took them over a seven mile route to downtown St. Louis. The pavements from the park

INSURANCE MAN WARNS AGAINST HOLIDAY FIRES

L. M. Beggs Declares Fireworks Are Dangerous.

"In spite of the increasing popularity of the safe and sane idea, every Fourth of July brings destruction of life, limb and property," L. M. Beggs, local agent of the Hartford Fire Insurance Co., said yesterday. "It is not possible to urge the people of Escanaba too strongly to see to it that celebrations are conducted with every care for the safety of the children and the preservation of our homes and other buildings."

The "Harmless" Sparkler. "In recent years the so-called 'harmless' sparkler has achieved a dangerous popularity," Mr. Beggs said. "Although its sparks may not cause ignition, the wire holding the sputtering material becomes incandescent and when in that condition will set fire to inflammable material. Its chief victims have been little girls wearing flimsy dresses. A number have been burned to death because of these 'harmless' playthings."

The paper balloon that uses kerosene-soaked waste to heat the air it contains was mentioned by Mr. Beggs as another dangerous toy. He said that the balloons frequently drop upon inflammable roofs and other combustible materials.

Hopes for Clean Slate. "Statistics of the National Board of Fire Underwriters for the six years 1916-1921 show fire losses of \$2,501,094 from fireworks, firecrackers, etc.," said Mr. Beggs. "Some people still try to prevent the elimination of what they believe to be 'one of the chief joys of boyhood.' But a 'joy' which, since the signing of the Declaration of Independence, has taken a toll in excess of the casualties suffered and the wealth expended in the war that upheld that Declaration, is a 'joy' that comes at too high a price. Patriotism surely does not need to find expression in mere noise-making. A parade never started a conflagration; pageants, drills and singing contests are all good fun and without danger."

"I hope that on July 5 the people of Escanaba will be able to look back at this year's Fourth without regret for a single accident or a single fire."

1818-The Barnburners assembled a Democratic National convention at Utica, and nominated Martin VanBuren for the presidency.

SOCIAL

Engagement Announced. At a pretty party given at the family home, 620 So. 9th St., Wednesday evening, Mr. and Mrs. James D. Mitchell announced the engagement of their daughter Bernice Catherine to Mr. George P. Howard, son of Mr. and Mrs. John Howard of Newark, N. J. Miss Mitchell arrived in the city Wednesday morning from Newark, where she has made her home for the past year and a half. Miss Mitchell and Mr. Howard were in the employ of Fidelity Union Trust Co. The date of the wedding has not been set.

Sunday School Gathering. There will be a group gathering of Sunday Schools at Nahma, Mich., Sunday, June 24th. The program will begin at 10 a. m. and continue until 5 p. m. A basket dinner will be served at noon. Each one bringing their lunch. Come and enjoy the big day and a good program is assured.

Ladies' Aid Meeting. The Ladies' Aid of the Swedish Methodist church will give a lawn social at the church this evening. The public is cordially invited to attend.

Delta Hardware Picnic. The Delta Hardware company will give their employees and their families a picnic Thursday, June 28, at which time their two stores will be closed all day. There will be a baseball game, contests and other out door sports.

Enjoy a Picnic. Young women employed in various departments of the city

participated in a picnic on the banks of the Escanaba river at Bay View on Wednesday evening. Members of the party went to the picnic grounds after the close of the city offices, with well filled baskets and enjoyed an elaborate picnic supper.

Fish-Rheume. A decidedly pretty wedding took place at the Sacred Heart church at Schaffer Thursday morning when Rev. Fr. Phillip Nori Juras pronounced the words which united Miss Ida Fish, daughter of Mr. and Mrs. J. Fish of this city in the holy bonds of matrimony to Mr. George Rheume, son of Mr. and Mrs. Joseph Rheume of Bark River. Miss Flora Fish, a sister of the bride and John Rheume a brother of the bridegroom were the attendants.

A wedding breakfast was served at the home of the bride's parents 424 S. 11th street city, and a wedding dinner at the home of the bridegroom's parents at Bark River. They left for Detroit, where Mr. Rheume has a responsible position with Dodge Bros. Motor Works.

The Fish family formerly lived at Schaffer, where the bride was very popular among the younger set. Mr. Rheume was born and reared in Bark River and like his bride numbers his friends by the score.

Children's Day Program. Children of the Wells Sunday school classes will present a Children's Day program in the church on Sunday, June 24, at 7:30 p. m. Parents are invited to attend. A silver offering will be taken.

Bankers Discuss Aid for Brokers

New York, June 20.—Formation of a banking pool to assist brokerage and banking firms likely to be inconvenienced by the widespread uneasiness of investors and speculators through the two large stock exchange failures since Saturday was under discussion in Wall Street today.

Seymour Cromwell, president of the exchange, told reporters this afternoon that he had not known whether it had passed the discussion stage. Mr. Cromwell admitted that the failure of Inman & Forsyth today could have been averted if the firm had had more time to negotiate a loan of its frozen credit in which he said, several banking firms would have been willing to participate.

 The first day of Summer on Friday arrives, so the almanac says. In fact, so we can expect, I've an idea, a couple of weeks of poor sleighin'.

now in full swing? With nature piling up wealth, why should not man cooperate instead of offsetting nature's bounty by foolish legislation or mistaken policies? The Republican plan of universal American prosperity for the enjoyment of the good times. If they wish to remain at the fat table and share in the good things, all they have to do is to refuse to put an end to prosperity. Let them insist that the policies now in effect shall stay in effect. Let them declare in favor of the man who represents prosperity and who is entitled to most of the credit for accomplishing good times.

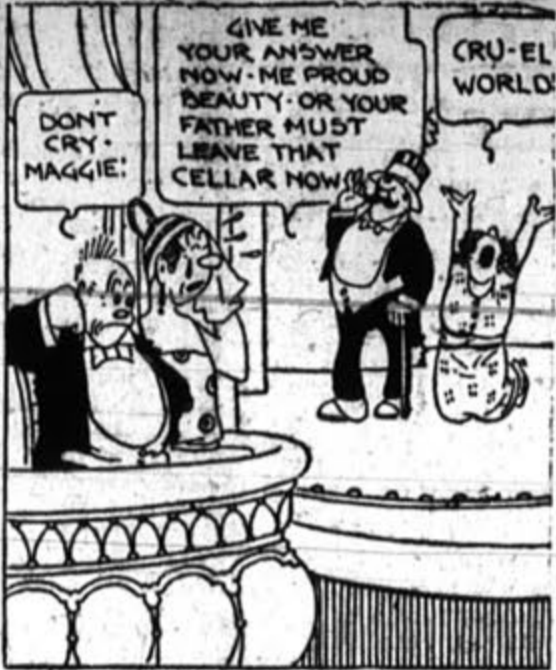

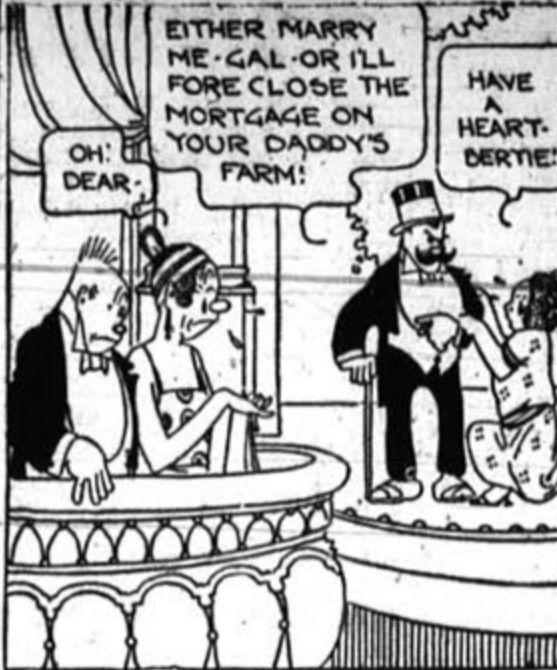

It is easy to hold prosperity, now that it is here. But it is also easy to lose it by monkeying with the government.

A LENGTHY VISIT. Secretary of War Weeks is having compiled a list of "don'ts" from the experiences of those connected with war-time activities. Men who served on the war industries board, the priorities board, and similar agencies are conferring with War department officials and pointing out the things that should be avoided in the event of a future war-emergency.

Judging from the records of some of the war bureaus, like the airplane production division, the Shipping board and the division that was supposed to produce artillery, the "don't" list will be a lengthy one.

Nashville to Have School 12 Months
Nashville, Tenn., June 20.—Something new in southern educational circles will be launched in Nashville next September when a 12 months school will be begun. This innovation will not mean an increase in city taxes. H. C. Weber, superintendent of city schools, has announced. The scholastic year will be divided into four terms of three months each. In no way will the children be affected by the summer term, unless they so desire. Each child is required by law to attend school nine months. The vacation of three months can be taken during the summer or during any other term.

CLASS DAY IS OBSERVED HERE ON WEDNESDAY

Second Stage of Graduation Program Passed By Seniors.

A capacity house greeted the senior graduating class at the high school auditorium Wednesday afternoon. The stage was beautifully trimmed for the occasion, lending a bit of color to the program. In addition to the various class exercises, the high school Glee Club rendered several musical selections and acquitted itself favorably. The club is under the supervision of Miss Deborah Strong of the local faculty. Wednesday's program, the class day exercises spoke for the industry of the present graduating class during the past year and augurs well for the future endeavors of each member. The class of 1923 excels in numbers, the classes of previous years, a total of seventy five, completing their scholastic work this year. Wednesday's program: Processional, "Loyalty - Song" - Margaret Wolcott; Glee Club and Orchestra; Salutatory - Mauritz Carlson; Class History - Florence Williams; Music, "When the Foxglove Bares His Head" - Sullivan; Girls' Glee Club; Oration - Ina Martin; Class Will - Walter Burton; Music, "Three Little Maids From School" - Sullivan; Anna Larson, Rita Girvin, Dorothy Horvath; Class Poem - Ginneth Pray; Giftable - Ethel Croas; Prophecy - Doris Morrison; Victrolary - Evelyn Peterson; Music, "Greetings to Spring" - Johannes Straus; Girls' Glee Club.

Juvenile League For Manistique Advocated Here

In scanning over the amateur baseball situation in the city one finds ample material for the organization of a league composed of eight teams. Eight teams could easily be entered therein: four from the East Side of the city, and four from the West Side, and this would insure plenty of shapely ball as the rivalry existing among the "kids" from each side of the river is keen.

Lakesides Mop Up On Oakland Owls

The Lakeside Giants, captained by "Red" Malloy, romped away with a 15-7 victory over the Oakland Owls Wednesday afternoon on the Lakeside diamond. The victors pummeled their way to an early start and were never in danger of being headed. Malloy, McRitchie, Pillion and Casoy composed the battery for the Giants while Smart Call and Lindstrom carried the brunt of the labor for the losers. A warm argument is expected today when the Gants meet "Rik" Hayden's "hot pups" in the second tilt of the season. The Giants, having captured the first

Thunder Lake Booklet Ready

An illustrated booklet describing the resorting features and possibilities of Thunder Lake is in possession of the local department of the Press. E. Franke, who conducts the resort, is in charge of the publication, which contains a description of Thunder Lake, the various facilities offered there for resorters, and the rates per day. The brochure also contains directions for tourists from Chicago by auto and rail. The pamphlet is complete in every respect and is ready for distribution early this week.

"Sparks" Potter Signs Up With Manistique Team

Harry Potter, son of Mr. and Mrs. Jack Potter of this city, arrived here Wednesday evening from Kalamazoo, where he has been attending Western State Normal for the past year. During the past months Potter has gained an enviable reputation in athletic circles, winning monograms in both football and basketball. On the varsity eleven, "Sparks" was a luminary in the backfield and was responsible for the heavy scoring of the Normal during the football season. He also established a reputation on the Normal basketball team this spring because of his ability behind the bat and general all-around work on the diamond.

M. A. C. PLANS TO RENDER AID IN POULTRY WORK

Communities interested in poultry raising demonstrations will find assistance this year from the Michigan State Agricultural College, which is planning a campaign to weed out flocks that are non-producers. Such demonstrations will be held in communities where at least ten persons request it and make their wish known to the County Agent. The following receipt taken from a bulletin of County Agent Shantling outlines the scope of poultry culling demonstrations: "The fact that reliable poultry authorities state that 1-3 of the poultry kept on farms is kept at a loss should at least cause us to stop and ask ourselves, 'How far does this apply in my flock?' Poultry is an important side-line on many Schoolcraft county farms and together with dairy cows has been one of the few enterprises that have brought in any real money during the last two years. Assistance has been promised from the Agricultural College to put on a campaign to weed out our flocks that are non-producers. A week or more will be devoted to holding poultry culling demonstrations in all communities where wanted. A demonstration, however, will not be held in any community unless there are at least 10 persons in the community who are interested enough in having a demonstration in the community to attend. If you are interested take it upon yourself to send the County Agent the names of others who will agree to attend the demonstration if held. This is called to your attention a long time in advance for the reason that so many requests for culling demonstrations are received by the M. A. C. that we cannot receive the services of a culling specialist unless we ask considerably in advance."

Pythian Sisters Entertain Members

The Pythian Sisters of this city played host to Mrs. Hettie Whitney and Mrs. Gilbert, prominent in Pythian circles at a sixty-three dinner Wednesday evening in the K. P. hall. Immediately after the dinner, brief addresses were made by the lady visitors and the initiation of Charles Tyrell and Mrs. L. C. Harbin into the order followed. During the course of the program Mrs. Harzgraves sang several solos. A large number of Pythians were in attendance.

SUGGESTIONS FOR JULY 4TH ARE IN ORDER

Attempt Being Made to Arrange Program for Holiday.

What the city of Gladstone will do in the way of observing the Fourth was the subject of discussion here the city yesterday. While only a few days are left before the holiday, there is sufficient time left to arrange a suitable program if the people of the city seem to desire. The question was brought up when a representative of some entertainment or carnival company called on Manager Ham who later discussed the matter with Mayor L. N. Lushong. Both were agreed that a carnival company would be undesirable but that the city should in some way observe the Fourth.

SUGGESTIONS FOR JULY 4TH ARE IN ORDER

A big four-game series of baseball is arranged for Sunday, Monday, Tuesday and Wednesday, July 4, between the Gladstone Legion team and the Chicago Bears and this in itself will prove a big attraction but not sufficient to keep the people at home entirely satisfied when other cities around the peninsula have special celebrations. One citizen made the suggestion that a program be arranged to be held in the Van Cleve tourist park for the morning and early afternoon, those desiring remaining after the program to enjoy picnic lunches. Concessions could be granted to local dealers to conduct refreshment stands at the park and with games and music provided this would certainly prove a big attraction. It would serve one purpose of acquainting the local people with the wonderful park site they have right near home.

SUGGESTIONS FOR JULY 4TH ARE IN ORDER

Get Music. Just where music for the day could be secured is uncertain, but a little effort along that line might go a long way. A speaker could be brought in to give an address appropriate to the observance of the day of Independence. Probably those in charge of the ball park would be glad of the opportunity to stand a portion of the expense for the music if it could be brought to the ball park for the Fourth of July game.

Arrives Home For Vacation

Clement Foy, who is a student at the St. Lawrence college, Mount Calvary, Wis., has arrived at his home here, following the completion of the school term. Mr. Foy will spend the summer months at the home of his parents, Mr. and Mrs. Michael Foy.

Committee Meets To Plan Camp

Discussion of the plans for the Girl Scout camp trip at Garth July 16 to 23, was held at a meeting of the St. Troop committee held yesterday afternoon. The meeting was held at the home of Mrs. J. D. Staple.

At Graduation Of Their Son

Dr. and Mrs. David N. Kee returned Wednesday night from East Lansing where they were present at the graduation ceremonies when their son was presented with his diploma.

PERSONALS

Mrs. David Paige who has been seriously ill for some time is recovering nicely. Mrs. Mate L. Baptiste of Turin, Mich., is visiting relatives here. Mr. and Mrs. Dwight Ingerham and children left yesterday for a visit with relatives at Hazelhorz, Wis. Mrs. Jerry LeClair and children have left for a visit with friends at Manistique. Miss Josephine Sefick of Nahma is the guest of friends here. L. G. Leurie of Green Bay visited here yesterday. Misses Alice and Pearl Lines have arrived from Toronto, Canada, to visit their aunt and uncle, Mr. and Mrs. Sam Heslip. Mr. and Mrs. Henry Rosenblum, daughters Anita and June, and son, Herbert, will return today from a motor trip to Sault Ste. Marie, Mich., where they visited Mr. and Mrs. Leon Winkelman. Mrs. Winkelman is a daughter of Mr. and Mrs. Rosenblum. Misses Marguerite Murray and Luella Dabney will leave Sunday for Marquette, where they will enter the Northern State Normal for the summer session. Miss Dorothy Miller, daughter of Mr. and Mrs. Ed Miller, who suffered a fracture of the arm several weeks ago, is reported to be recovering rapidly from the injury. Romaine Vliet is assisting in the men's clothing department of the Rosenblum store. Alfred Raddant is the owner of a new Chevrolet sedan recently purchased. Miss Anne Sullivan has left for Chicago, where she will spend the summer months.

PERSONALS

GLADSTONE AID SEARCH FOR CONVICT

WILL ATTEND PRESBYTERIAN SYNOD AT ALMA

The Rev. and Mrs. J. M. Bolton will leave the first part of the week for Alma, Mich., where they will represent Gladstone at the annual synod meeting of the Presbyterian churches of Michigan which will be held there June 27 to July 3. The Presbyterian Synod of Michigan will hold its annual meeting this year in Alma. The custom has been to hold this meeting in the month of October. Ministers are not so busy in June as in October therefore the change is thought to be advantageous. In the past the meetings of this organization have been almost entirely of a business nature, but this year the educational feature will predominate. The names of nine leading educators appear on the program: Dr. John Timothy Stone and Dr. George L. Robinson of Chicago; Dr. Snowden of Pittsburgh; Dr. Squires and Dr. Smith of Philadelphia; Dr. Frank W. Bible of China, Attorney Wayne - B. Wheeler of the Anti-Saloon League of America, Mrs. Frances J. Diefenderfer of the order of Crusaders and Platform speaker and Dr. Joseph A. Vance of Detroit.

WILL ATTEND PRESBYTERIAN SYNOD AT ALMA

Some of the subjects for discussion are: "Genesis and Evolution," "The Bible an Oriental Book," "Christian Faith in the Light of Modern Knowledge," "Is The World Growing Better," "How We Know God," etc. Many other interesting subjects will be discussed. The time from 3:30 to 6 o'clock each afternoon is for recreation—baseball, tennis, golf and bathing. All Presbyterians planning to attend this meeting are looking forward to having an inspirational session. The Synod of Michigan represents eight Presbyteries and has a membership of 57,000. Last year it paid over \$131,000 to Home Missions and \$112,000 to Foreign Missions. Its congregational expenses last year were \$1,275,911.

GLADSTONE AID SEARCH FOR CONVICT

GLADSTONE AID SEARCH FOR CONVICT

Officers Eric Lindahl and Torval Kellerson of the Gladstone police force returned last night from Rock where they aided in the patrolling and search of the swamp in which George Natchoff, escaped convict from the Marquette state prison is believed to be hiding, following his get-away Wednesday when his companion and killing Frank Curran, sheriff's deputy. Officer Jerry LeClair and it is probable several Gladstone volunteers will leave this morning for Rock to aid in the continued search. Stories that Natchoff may have escaped during the night were scouted by one Gladstone man thoroughly familiar with the country in which the ex-convict is hiding. According to his description the swamp land forms a triangle which has for its three sides the Northwestern railway tracks, the Whitefish line tracks and the Osler road, and the patrol of these three lines would permit but little possibility of escape.

GLADSTONE AID SEARCH FOR CONVICT

Large Territory. The swamp land, it is said, covers between ten to twelve miles of territory and is what is known as dead swamp, cut over and covered by a dense growth of underbrush. There are in the swamp several shafts of hunters and trappers and it is possible, it was said, that the convict would stumble by chance on one of these shafts for shelter, but they are uninhabited, and he could obtain no food supply. Frank Curran, the deputy killed by the convict was known in Gladstone and the aroused people are following the man hunt with intense interest.

Dismiss Case in Justice Court. The case against Ted Sloan of Escanaba, who was taken into custody for violation of the speed regulations, was dismissed Thursday morning after a hearing in justice court. Sloan declared that he was not driving his own car on the night he was said to have been violating the speed rules and the officers who had taken the number of the car but had not been able to see the driver, made an investigation found his story to be true.

Escanaba Defeats Gladstone Team, 7 to 2

LOCALS TAKE EASY BATTLE

Kuhn's Wildness, Timely Clouting by Eskey, Put Tilt on Ice.

Timely hitting, coupled with Kuhn's wildness, enabled Escanaba to win another easy victory over Gladstone at South Park yesterday afternoon, by a score of 7 to 2.

Kuhn issued five bases on balls, hit four batsmen and was charged with one wild pitch. His inability to put the ball over the plate was continually getting him into trouble and Escanaba followed up his generosity with well timed and well placed hits which sent runs scampering over the plate. When the gigantic slasher unlimbered his smoke he was unable to find even the immediate vicinity of the platter. When he pulled his steam, the Escanaba batters clouted the ball.

Krasnick Effective.

Frank Krasnick, on the other hand, was effective, especially after the fourth inning. In the last five frames he held Gladstone hitless and runless, only one runner reaching first and that was on a base on balls, the only base on balls issued by the local pitcher.

Murray Boyle was missing from the Escanaba lineup and Freddie Olmstead, who replaced him, played a stellar game at first base. Freddie Terry, at second, also performed brilliantly, especially on fly balls which he caught in all positions and in all parts of his side of the lot. Pete Derwin, at third played nice baseball.

Gladstone scored one run in the second inning. After Big Bill Johnson, visiting first sacker, had skied out to Perrin, Curley singled. Kuhn then drove out a single to center field. Both runners advanced on Moberg's passed ball and Curley scored on Terry's bobble. G. Johnson flew out to E. Deslets, whose fast return held Kuhn on the bag and Teichler was an easy out to Olmstead.

Local Scores Banched.

In the third frame, Feeney doubled, advanced on an infield out and Moberg's error, and scored on Hileman's hot bouncer to Terry, on which the second sacker made a sensational stop and recovery, for a putout at first. Terry finished the visitors' chances for further scoring a moment later when he dashed back for Bill Johnson's pop fly.

Escanaba scored her first run in the third. Tom Deslets took a rib pass, and completed the circuit on two infield outs.

Escanaba scored three runs in the fourth. After one was out, Terry was hit by a pitched ball. Singler by Lantz and Moberg drove him across the counting station. Krasnick walked and Tom Deslets doubled, scoring two more runs.

Two More in Fifth.

Two more local runs came in the fifth. Derwin doubled and Perrin was hit by a pitched ball. E. Deslets singled, Derwin scoring. Perrin stole home a moment later when Gladstone, thinking Lantz' roller to Johnson was the third out. Moberg walked, but the festivities were closed when Krasnick grounded out.

MOTHER... 84, GOES OUT OF WAY TO WISH JACK LUCK

THE CHAMPION AND "MOTHER" COYLE.

She's a firm believer in athletics. A family of husky boys testifies to that.

"We always had the gloves and the punching bags and the dumbbells in our home," she says. "One of my sons, had he lived, would have been about as big as Mr. Dempsy."

Jack showed "Mother" Coyle all about his camp. A photographer snapped him as he was pointing out to her some of the sights at Dempsyville.

"Mr. Dempsy, I am sure you're going to win," "Mother" Coyle told him as she said goodby. "And I'm going to pray hard for you."

DICK RUDOLPH WONDER HEAVER

Comeback Startles Wise Ones Who Declared He Was Through.

BY BILLY EVANS.

The age of baseball miracles has not reached its end.

Not when Dick Rudolph, nine years after his 1914 world's series fame, returns to the hill and pitches a shut-out victory.

Youth must be served, but age lingers long when there is a bundle of gray matter on the shoulders.

For Dick Rudolph, retiring as an active performer several years ago, took a fling at his familiar spot on May 17, faced the hardest hitting team in the National League and won, 1 to 0, in 10 innings.

Rudolph's feat of blanking the Pittsburgh Pirates in his first game in several years, is one of the features of the present season.

Page Veteran Stars.

A decade back Dick was pitching shut-outs without causing any commotion but when he turns the trick at the age of 35, then it is time to put out a call for Cy Young, Nick Altrock, Bill Dineen and others of days long ago.

Exactly 18 years after he pitched his first professional game Rudolph delivered his remarkable shut-out. He was with Fordham College in 1905 and with New Haven in the Connecticut State League the next year.

In 1911 he was given a trial with the Giants after four big seasons with Toronto but that spring McGraw had his share of pitching strength and Richard was sent back to Toronto.

In 1913 the Braves obtained Rudolph in a deal with the Giants.

His brilliant work for the Braves, especially in the 1914 series with the Athletics, when he scored two of the four victories, is known to all baseball followers.

Tribute to Smart Pitching.

Rudolph is a mite of a fellow, measuring 5 feet 9 inches and weighing 160 pounds. Yet he could stand the physical strain of regular pitching because he had the arm and brain work in harmony.

Rudolph was pressed into service because of the crippled pitching staff of the Braves. No doubt he chose the hard-hitting Pirates to make his debut. It is a well known fact that hard hitting clubs find it more difficult to hit half-speed pitching. Invariably they like pitchers with plenty of stuff, a burning fast ball.

Perhaps no one was more aware of this fact than Rudolph, who no longer has his old-time assortment of stuff. Rudolph's sensational performance stands out as a tribute to smart pitching.

Four Runs in Ninth Win for Washington

Washington, June 21.—Washington scored four runs in the ninth inning today to defeat Cleveland, 6 to 5, and to take the series, three games to one. Lutzke's error, a single by Harris, a pass to Garrity and Pinch Hitter Hargrave's double netted two runs in the last inning rally and drove Uhl from the box. Wright, first man to face Shaute, singled, driving in tying and winning runs.

Score: R. H. E. Cleveland—103 001 000—5 8 1 Washington—100 001 004—6 9 1 Batteries: Uhl, Shaute and Myatt; Friday, Zehner and Ruel.

Browns Make it 4 Out of 5, Boston

Boston, June 21.—St. Louis made it four out of five for the series by winning from Boston today, 3 to 1. Kopl held the home team to five hits and Mitchell's triple and an infield out giving Boston its single run in the eighth. Williams' triple in the second after Fewster's error on Sovereid's grounder and before a fast throw to the plate by Burns was instrumental in scoring two St. Louis runs.

Score: R. H. E. St. Louis—021 000 000—3 8 1 Boston—060 000 010—5 1 Batteries: Kopl and Sovereid; Piercy, Ferguson and Devorner.

FOUR BOUTS ON SHELBY "CARD"

Championship Battle to Be Preceded by Three Preliminaries.

Great Falls, Mont., June 21.—(By the Associated Press)—Three ten-round bouts will precede the Jack Dempsey-Tom Gibbons heavyweight championship contest at Shelby, Mont., July 4. Mike Collins, matchmaker for the championship contest, announced here tonight.

The boxing carnival will get under way promptly at 12 o'clock noon with the first preliminaries, and Gibbons and Dempsey are scheduled to get into the ring promptly at 3 p. m., mountain standard time. Matchmaker Collins expects that he will have the leeway of at least a half hour, provided the preliminaries go to the limit, before Dempsey and the St. Paul challenger crowd to the ropes.

Jimmy Delaney, the St. Paul light heavyweight, working in Gibbons' camp, will meet Jack Burke, of Pittsburgh, one of Dempsey's sparring partners, while Kid Herman of Los Angeles, also of the Gibbons camp, will meet Joe Simonich of Butte in another preliminary. These are welterweights. The third preliminary will be between Blakely Morrow of Portland, Ore., and Dandy Dillon, a Minneapolis featherweight.

ESCANABA TO PLAY SUNDAY AT MANISTIQUE

The Escanaba baseball club will go to Manistique next Sunday for its first tilt of the season with the Schoolcraft county aggregation. A large delegation of local fans will accompany the team.

Vic Crittenden, recently annexed by the easterners, is expected to give the Escanaba club a hard battle, and while the locals are confident of their ability to win, they are admitting that it probably will be one of the toughest games of the season.

The team will be under the management of Freddie Olmstead. Jack Perrin, who handled the club since its organization, left last night for Ann Arbor to enter the athletic director's summer school at the state university.

Boston Loses Close Game to Pittsburgh

Pittsburgh, June 21.—Boston ended its western invasion today by losing to Pittsburgh, 2 to 1, in a pitchers' battle between the veteran "Dabe" Adams and Jess Barnes. Adams scored the first run in the third inning on his double, an out and Carry's infield single.

Score: R. H. E. Boston—000 000 001—1 8 0 Pittsburgh—001 000 001—2 7 0 Batteries: Barnes and E. Smith; Adams and Schlicht.

Navy's Shells Are Taken to Speedway

Poughkeepsie, N. Y., June 21.—The Navy shells were in their allotted place in the Washington boat house tonight, a day ahead of the expected advent tomorrow of the Annapolis eight, the last crew to join Pennsylvania, Columbia, Syracuse and Washington in training here for the intercollegiate regatta of June 28. Two submarine chasers brought the navy shells to Highlands in the forenoon, when they were unloaded, as the varsity eight of Washington was going over the three mile course in the unofficial time of 40 minutes and 25 seconds. Tomorrow afternoon is expected to witness the arrival of the navy.

Cubs Blank Cards in Opening Game

St. Louis, Mo., June 21.—Hitting opportunely in the sixth and seventh innings, Chicago shut out St. Louis, 4 to 0, in the first game of their series here this afternoon. Changes made in the batting order failed to save the Cardinals from their fourth successive defeat.

Score: R. H. E. Chicago—000 002 200—4 7 0 St. Louis—000 000 000—0 6 1 Batteries: Kaufmann and O'Farrell; Doak, Barfoot and Cicomoni.

Sox Take Closing Game from Mackmen

Philadelphia, June 21.—Chicago took the final game of the series from Philadelphia today, 6 to 1. A rally in the fourth that netted four runs and drove Bob Harts off the hill was the turning point in the contest.

Score: R. H. E. Chicago—100 110 000—6 11 0 Philadelphia—000 100 000—1 8 1 Batteries: Cuyvers and Schalk; Haas, Walberg, Heimach and Perkins.

Illinois Clinches Big Ten Golf Title

Chicago, June 21.—(By the Associated Press)—Illinois clinched the western conference 1923 golf title today when two Illinois men were victorious in the semifinals. Rolfe, Illinois, defeated Hartman, Chicago, 4 and 2, and Captain Novotny, Illinois, beat Captain Smith, of Michigan, 4 up and three to play.

Marathon Golfer 238 Holes in Day

San Antonio, Texas, June 21.—N. J. Morris, local amateur golfer, set a new world's marathon record today when he completed 238 holes of golf. He started at 4:55 a. m. and finished the final hole at 8:10. He played 12 rounds over a 6,200 yard course and then played the first two holes twice before darkness forced him to quit.

Ireland and France Break Even on Net

Dublin, June 21.—(By the Associated Press)—Ireland and France broke even today in the play in the Davis cup competition. Henry Cochet, France, defeated E. D. McKee in the initial singles match and the Honorable Cecil Campbell, Ireland, won from Gen. Jorotra, the French star.

BILL EVANS SAYS

With the race in the two major leagues about one-fourth spent several surprises have already taken place. The dope pot has been upset in both directions.

When Connie Mack made the statement that the experimental days were over, that his team had arrived, few fans took him seriously. Knowing that Connie is an optimist in all things, fandom thought he was trying to feel that way about it.

So far Mack's team has been the outstanding sensation of the two major league races. Instead of having a cellar position firmly clinched, Connie's club has been holding down a fairly prominent position in the first division. Getting good pitching, his club has made the most of the possibilities.

The Brooklyn club of the National League has been almost as big a surprise as the Athletics. A great many of the critics seemed to think that Brooklyn would have a merry battle with Philadelphia for the tail-end honors in the organization presided over by President John Heydler.

If a human being continued to grow at the same rate as he does in his first year he would be 68 feet tall at the age of ten.

YANKEES WANT FRANK BRUGGY

Mack Refuses to Sell Him to the League Champs.

Philadelphia, June 21.—Dame Fortune smiles blandly on some ball players while others merely draw an unkindly frown.

The new major league rule that no players can be bought after June 15 has made apparent such a situation. This rule was made to prevent clubs from buying star players at the rag end of the season, when the addition of a certain player would just about clinch a pennant.

The two New York clubs for years have adopted such a policy. The Giants inaugurated it, and the Yankees to keep in step had to follow in McGraw's footsteps. This is no longer possible.

Recently in an effort to bolster his club McGraw secured Hank Gowdy and Pitcher Watson from Boston. That was a great break for Gowdy, a player on whom the Braves asked waivers during the winter. It means that Hank has a great chance to share in a fat world's series melon.

Then there is the case of Johnny Rawlings and Lee Meadows. Rawlings refused to report to the Phillies when sold by the Giants. There was little incentive to play with the tail-end Phillies. Pittsburgh comes along and grabs the pair from a club certain to hold down the cellar berth.

On the other hand Frank Bruggy, second-string catcher of the Athletics, draws the tough break. Bruggy is a seasoned catcher with a good head. The New York Yankees wanted him to take the place of the ailing Schang. It is understood Outfielder Elmer Smith, a recruit pitcher and a lot of money was the bait laid before Manager Mack.

At present Mack is the leading contender with the Yankees for first honors, and Mack not desiring to strengthen an arch enemy turned the offer down. Nevertheless a very tough break for Frank Bruggy. Going to New York would have meant at least an additional \$5000 for the year.

Five Cities Still in Golf Tourney

Robust Country Club, Birmingham, Ala., June 21.—(By the Associated Press)—Nashville, Atlanta, Louisville, Jacksonville and Birmingham will be represented tomorrow in the second round of match play for amateur championship honors of the 21st annual tournament of the Southern Golf Association. In numbers, however, Birmingham and Atlanta will have the edge on the other cities, the Alabama metropolis having three survivors to Atlanta's two, while the three other cities will be represented by lone contestants.

Loads of Gold Discovered

AND EVERYBODY HAS AN EQUAL CHANCE TO CASH IN

FREE!

Five Dollars in GOLD OR ITS EQUAL

to be given away to each man, woman or child for name and address of people to whom they have spoken about the Western Electric Washer—which develops in a sale within eight weeks from this date—This special offer is open to everyone—every reader.

All you have to do—fill in their name and address on the coupon below and sign your name, mailing it or bringing the coupon to our Electrical Department, basement. Get lists in at earliest date—remember this offer is good for eight weeks only. In particular, if

you now are a user of a Western Electric Washer—and know of its wonderful performance records—you should be doing your friends and neighbors—a most neighborly act—by inducing them to buy a washer with such wonderful performance record as the Western.

We Have No Solicitors to Whom We Pay Big Commissions.

We sell washers the same as men's clothing, dry goods, shoes or any other merchandise—you wouldn't think of buying your clothes, shoes, etc. from a peddler—you go where you know a

square deal is accorded you at all times—you go there because you know if anything goes wrong—they'll make it good. Why buy a washer any other way?

OUR BIG MID-SUMMER EASY TO PAY SALE

Western Electric Champion Washers

—is now on. We make it easy to become an owner of one of these life-time servants.

13 Months to Pay

And a Twin Wash Bench Free With Every Washer.

A small amount a month will pay for it.

On our easy terms any family can afford one, every family needs one. The Western Electric is not only the best known—the most sold, but the most used washer in Escanaba. One of our local hospitals have had a Western Washer in use since 1910—and in daily uninterrupted use—with the use given it—in daily use in a public institution—would equal 50 years in an ordinary family—What better evidence would one want about a washer's performance record—You won't find a family washer of any other make that will equal records of the Western—go where you will—you'll hear the same story—none better made. So why take chances with washers with almost unknown performance records—in fact washers not even out of the experimental stage.

Buying a Western—you get a washer backed by the oldest and biggest electrical company in America—the Western Electric Company—for 54 years makers of the best in electrical lines.

Prices on Western Electric Washers—are going up!

We have received that advance information—so now is the time to buy—at present low prices and easy terms.

YOU need not hesitate to recommend it to your friends or neighbors—or suggest that they buy it now at this time—with the special terms and free offer in effect.

You can readily see that you are doing your friend a good turn advising them to buy a washer at this time.

We won't use your name in the deal, just send in the names. That's all we ask. If we sell the party a machine within eight weeks—we will mail you a check for \$5.00.

This is vacation time. Everyone has time to spare. Remember—we don't want a list of names unless they are of people to whom you have spoken to about the Western Electric Washers—We may add—if you can induce them to come in and look at the Western Electric's mechanical construction—if it's a man—who knows something about mechanics—We knew the result—He would buy no other machine but a Western.

Get Busy! Make some easy money—you can use during your vacation.

MARKET REPORTS

NEW YORK STOCKS.

New York, June 21.—Supporting orders placed at the opening of today's stock market, started a rally which reached fair proportions before the close. Reaction of such orders influenced aggressive short covering operations and there was strong evidence of buying by so-called "hair hunters." Recurrent liquidations of impaired marginal accounts resulting from yesterday's slump in prices, gave the market a stocky appearance until the final hour, when practically the entire list turned upward.

CHICAGO PRODUCE.

Chicago, June 21.—Butter: lower; Creamery extras 38 1/2 at 39; standards 39; extra firsts 37 at 38; firsts 35 at 36; seconds 23 at 24.
Eggs, lower, receipts 19.94; cases: firsts 22 at 22 1/2; ordinary firsts 20 1/2 at 21; miscellaneous 21 at 21 1/2; storage pack extras 24 1/2; storage pack firsts 24 at 24 1/2.
Poultry, alive, lower; fowls 19; broilers 33 at 40; roosters 11 1/2.
Potatoes, dull, receipts 62 cars; total U. S. shipments 677; Alabama, Louisiana and Texas sacked Bliss Triumphs, \$2.50 at \$3; too few sales to establish a market on barrels.

President Frees "War" Prisoners

Washington, June 20.—Immediate release of more than a score of federal prisoners convicted of violating war laws, but with continued detention of almost as many more, was ordered today by President Harding before leaving on his western trip. The president acted on 150 card and commutation cases, a record breaking number in the opinion of department of justice officials. He granted 30 conditional, and 14 unconditional commutations, one full pardon, restored civil rights to 27 former prisoners and denied 84 applications for pardons or commutations. He also ordered remissions of fines in two cases.

SULPHUR IS BEST TO CLEAR UP UGLY, BROKEN OUT SKIN

Any breaking out or skin irritation on face, neck or body is overcome quickest by applying Mentho-Sulphur, says a noted skin specialist. Because of its germ destroying properties, nothing has ever been found to take the place of this sulphur preparation that instantly brings ease from the itching, burning and irritation.

Mentho-Sulphur heals eczema right up, leaving the skin clear and smooth. It seldom relieves the torment or disfigurement. A little jar of Rowles Mentho-Sulphur may be obtained at any drug store. It is used like cold cream. Adv.
