HARDING LAYS TAX BLAME ON STATE, CITY

U. S. GOVERNMENT HAS BEEN CUTTING EXPENSES.

BY DAVID LAWRENCE.

Harding laid the blame for the tax situation on the state and city governments, claiming that the federal government has been cutting expenses.

Local Extravagance.

Mr. Harding has set out to show that the states and cities are spending far beyond their means and are piling up a debt which is even bigger in proportionate growth than the federal debt.

Federal Debt Cut.

The figures in both instances are for 1921 and the president says frankly he hasn't the data as to what has happened since but he doesn't think the states and cities are cutting down their debts by very much and he points proudly to the record of the federal government which since the war has steadily reduced the public debt so that this month it is about twenty two and a half billions or a cut of about five billions.

On the matter of taxes paid

however the president did have later figures and he emphasized the fact that in 1922, the state and local taxes constituted sixty per cent of the nation's entire tax burden.

Mr. Harding impressed his audience with the comparison he made of taxes paid by American citizens and those of other countries.

He showed that while the American with a \$5,000 income pays an income tax of sixty-eight dollars, the German of similar salary pays \$292 and the Frenchman \$98, and the Briton \$320.

Some of the critics will say of course that other expenses—such as the cost of living—are cheaper in Europe and that the case of the man with a \$5,000 income doesn't touch the real difficulties of America's tax problem as compared with Europe's where it is contended the burden is more evenly distributed so that business is not strangled and retarded by high taxes.

Talking to "Average Man."

Still Mr. Harding was striving to reach the average man and convince him that his tax burden is not so heavy after all and that the states and cities are exacting more from him than is the federal government.

Curbstone Soapbox Strike Leader Puts Crimp in Building

CHICAGO, June 28.—Building construction valued at millions of dollars, including work on city projects, and many new skyscrapers, was either crippled or tied up tonight by an unexpected strike of unskilled workmen while Chicago contractors asked themselves and one another "who is Martin Egen?"

STATE DENIES BRIBE CHARGES

Says Higginbotham Lawyers Try to Influence Members of Jury.

Lake City, Fla., June 28.—Charges by the defense that a "slush fund" had been raised in North Dakota to prosecute Thomas Walter Higginbotham, convict whipping boss, and to pay expenses of G. Grimson, assistant attorney general of North Dakota, to come to Florida to spread "propaganda" and coach witnesses, which was characterized by the state as a play to prejudice the jury, featured today's session of the Higginbotham trial.

Charged With Murder.

Higginbotham is charged with the murder of Martin Tabert, of North Dakota, it being alleged that he whipped the Dakotan so severely that it brought about his death while Tabert was confined as a convict in the county jail camp of the Putnam Lumber company, sixteen months ago.

What will be the next move relating to this particular feature of the much complicated prohibition question has not been revealed, but the immediate result of the foreign secretary's announcement here was to revive speculation as to possible action at the next session of congress to revise the law as to make it less offensive to foreign governments.

Coal Conspiracy Counts Quashed

Indianapolis, Ind., June 28.—While indictments against 226 coal operators, officials of the mine workers union and mining companies, returned here Feb. 25, 1921, were dismissed in the United States district court here today, on motion of United States Attorney General Harry Daugherty, indictments against 125 operators and officials of the union, returned Nov. 8, 1920, under the Lever act, remains on the court docket.

CURZON FEARS GRAVE TANGLE OVER SEIZURES

BRITISH FOREIGN CHIEF WATCHING NEXT STEP.

London, June 28.—(By the Associated Press)—Marquis Curzon, secretary of foreign affairs, made a long and important statement in the house of lords today in reply to Lord Birkenhead, who called attention to the seizure by the United States of liquor on British vessels.

Raises Grave Issue.

Lord Curzon explained that it was a very difficult and delicate matter raising grave issues in both international law and policy. The British government was not concerned with American prohibition, which was a matter of domestic policy, in which the British government was not interested in expressing an opinion; neither would he suggest the interpretation of the United States supreme court on that country's laws.

Law Is Decisive.

It would be premature for him to say, indeed, he did not know what would be the result of their labors. He would not discuss the legal right of the United States to impose conditions on foreign vessels entering its waters, because on this subject international law was decisive.

NEXT STEP AWAITED.

Washington, June 28.—(By the Associated Press)—Foreign Secretary Curzon's last rejection of the 12-mile limit proposal has countered effectively the efforts of the state department to clear away at one stroke the ship liquor controversy and the rum smuggling problem along the Atlantic coast.

SLAYER TAKEN INTO CUSTODY AFTER BATTLE

Makes Full Confession of Shooting and List of Robberies.

Flint, Mich., June 28.—Lying at the point of death from a bullet wound received when he attempted to shoot his way through a group of officers seeking him in connection with the slaying early this morning of Avery Hudson, motorcycle officer, Earl Hanner, a mechanic, made a full confession shortly after noon today, according to the authorities.

Receives Arrest.

Hudson was shot on the running board of an automobile bearing an Ohio license, when he attempted to stop its driver for speeding. Hanner, taken into custody at his room, at first denied any knowledge of the slaying, but the officers announced they had found a set of Ohio license plates under mattress of his bed.

License Plates Changed.

At the hospital where Hanner was taken, it was said the detective's bullet had passed through the shoulder and lodged near his spine.

Hudson, 24 years old, was shot off the running board of a speeding automobile he attempted to stop.

The machine, a light sedan, bearing an Ohio license plate was sighted by the officers as it sped through the thickly populated district of the city. Hudson gave chase, and as he leaped onto the running board the driver fired at him three times, one bullet entering the officer's head and another lodging in his heart.

Okmulgee Hearing On Sheriff Opens

Okmulgee, Okla., June 28.—With the completion of a military hearing at Henrietta into charges of misuse of power lodged against the force of Sheriff John Russell, indications were tonight that martial law would be lifted from Okmulgee county within a day or two.

Detroit Street Car Magnate Succumbs

Detroit, June 28.—Frank W. Brooks, former president of the Detroit United Railway died in a hospital here early today following an extended illness. He was born in Cherokee county, Texas, March 4, 1864, and began his railway work in the engineering department of the Texas and Pacific railroad. He retired from the presidency of the Detroit United two years ago, a year before the city system of the company was taken over by the city of Detroit.

Boiler Explodes; 3 Dead; 3 Dying

Albany, Ga., June 28.—Three men were killed and three fatally injured at Sumner, this afternoon when a boiler in the saw mill exploded. The explosion is said to have been caused by putting cold water into the boiler when the water was low. The boiler was a double one and only one part blew up. The plant was wrecked.

President Harding decided to try his hand at heat binding when he passed through Hutchinson, Kas., recently, en route to Alaska. The "demonstration" of presidential efficiency a bit later was given on the Chester O'Neil farm.

LONG DISTANCE FLYERS HOP OFF

Smith & Richter Hope to Stay in Air Four Days, Four Nights.

San Diego, Calif., June 28.—With their DeHaviland airplane performing in perfect form and with three contacts already made with a supply plane, which twice delivered gasoline and once provided the two aviators with food, Captain Lowell Smith and Lieut. J. C. Richter, late today had completed the first 12 hours of their journey in the air which they have planned if possible to prolong for four days and four nights.

Seamen See Birth of Ocean Island

Washington, June 28.—The birth of an island is described in a report received by the hydrographer's office from Captain George Genevieux, master of the steamship Jacox, who declared he was an eye witness to at least part of the phenomenon. Recently while on his usual route from Singapore, the captain said, a violent disturbance was noted on the surface of the sea where a mass "dark in color with straight sides, about 100 feet in height and about two or three miles in length" had risen above the water.

Insect Causes Auto to Plunge in Ditch

Lake Geneva, Wis., June 28.—An insect wrecked an automobile and severely injured Mrs. Lillian Daley on the Elkhorn road near Como, Wis. When a child became frightened as the insect flew into the car, the infant grabbed the arm of Miss Mearle Marden, Janesville, who was driving. The car went into the ditch and was smashed.

Whitfield Firmly Linked Up With Griffin Burial

Cleveland, O., June 28.—John L. Whitfield, alleged slayer of Patrolman Dennis Griffin of Cleveland, was identified tonight by Mrs. Agnes Briel as the man who borrowed a shovel from her on May 11, the day that the officer disappeared. Whitfield, who had steadfastly denied that he knew anything about the struggle, admitted when confronted by the woman that he borrowed it for another man who buried Griffin's body. He refused to reveal the identity of this man.

TEN VESSELS TO BE RAIDED BY DRY SQUAD

5 Already Separated from Liquor; New Regulations to be Framed.

New York, June 28.—A few hours after customs officials had broken the French government seals on the liner Suffren and removed 2,227 litres of wines and liquors, the liner Rochembeau arrived in port today from Havre with one of the biggest supplies of wet goods to come in since the treasury department's ruling prohibiting the transportation of liquor over the three mile limit.

NEW REGULATION.

Washington, June 28.—Treasury officials revealed today for the first time that the proposal to seize liquor carrying liners in American waters had reached the stage where new regulations to carry such a policy into effect had been drafted in tentative form and were in the hands of the prohibition unit.

Abandon Attempts?

Mr. Griffin's statement is understood to have been made after he had heard that several of the foreign shipping companies were ready to abandon their program of bringing to this side of the Atlantic under seal a sufficient stock of bar liquor to supply passengers on the return voyage. He had said previously that the government could not continue to tolerate what was regarded in some quarters as a studied effort by the foreign shipping companies to ascertain how far they could go in the attempt to bring beverage liquor inside the American three mile limit.

Boy Confesses to Killing Aged Woman

Springfield, Ill., June 28.—While a posse of farmers was searching the country near Auburn, 15 miles south of here, for a tramp supposed to have murdered Mrs. Mary Seales, a 75 year old widow, as she sat at her noonday meal, her 15 year old foster son, Ivan Wooten, confessed, according to police, that he had committed the murder. According to the boy's story he killed the woman to gain his freedom from the home where he had lived three years. He had been planning the murder and the story he was to tell for three days, he said. The lad was sent to Mrs. Seales, who lived in the country two miles east of Auburn, from the county home at Paris, Ill. His own mother died three years ago and his father is living in Iowa he told police.

Pistol Explosion Fatal to Boy

Chicago, June 28.—Fast, 15 years old, injured days ago when a revolver, which he and the boy's chum playing, exploded, died today at the county hospital. His chum, Ralph Pianna, disappeared shortly after the shooting, leaving note for his father that he on his way to Florida. He not been found since.

Fight Over Penny Causes Damage Suit

Chicago, June 28.—An argument over a penny resulted today in the filing of a suit for \$10,000 damages against the Chicago Surface line by Frank Hill, an attorney. Hill, according to his attorneys, said he boarded a street car, gave the conductor a dime and was given 10 pennies in change and told to deposit seven in the fare box. He dropped one penny which the conductor recovered but refused to put in the fare box for him and finally threw it at his feet and telling him to put the penny in the box or get off the car. Hill declared he was humiliated to the extent of \$10,000.

FIRE IN HOME AT GLADSTONE TRAPS BABIES

TWINS, AGED ELEVEN MONTHS, VIVIAN, THREE, PERISH.

Three small children were burned to death early yesterday afternoon when the Gladstone home in the Buckeye addition, Gladstone, was destroyed by fire. The dead are: Bert and Bertha Wickman, twins, aged 11 months; Vivian Wickman, aged years.

The mother of the child

was at the home of a neighbor when the fire was discovered. The babies were in the house, a small frame structure. Mr. Wickman was at work on his farm in the Flat Rock element.

The fire, when it was discovered, had gained such head

that attempts by neighbors to free the children were impossible. Matches caused it? The mother was in hysterics when she was called to the scene and saw the fire enveloped in flames and Dr. N. Kee was called to attend to the efforts to quiet her by keeping screaming for her help and complaining that had left her fire in the kitchen when she left the home. She believed that the children perished with some matches although it was no way to determine exactly how the fire originated.

The smoke and the flames

were first discovered by J. Crandall, who lives nearby who at the time was working his garden just in front of Wickman home. He rushed the front door, kicked it open and at the time heard one of babies scream. Smoke flames forced him back and went to the rear door where again tried to enter the flames. But again he forced back and he could find way of entering the place, shouts had in the mean time alerted the neighborhood and a phone call was put in for the department.

Home Ablaze.

A record run was made to scene but when the firemen arrived the whole home was enveloped in flames. The turned out to be too late and structure was left with only floor. The building was just small frame cottage without basement. After the fire was extinguished the bodies of three babies were found, two them near the door leading what had been a bedroom, the other near the kitchen.

A call was put in for Sweeney brothers undertakers and the bodies removed there by funeral home. Funeral arrangements have not been completed.

C. M. T. C. Quota From County Is Not Yet Complete

Escanaba's quota for the Citizens' Military Training Camp summer course is still four or five boys short of completion, according to Fred R. Harris, city manager, who is in charge of the work of signing up boys from this section for the course.

The camp will run from August 1 to Sept. 1 and will be held at Camp Custer, Battle Creek, Mich. Boys from Michigan, Wisconsin and Illinois will attend. Courses in cavalry, infantry, artillery and the engineering branch will be given.

The whole thing is entirely free. All that the "rookie" is required to bring are his toilet articles and four suits of light underwear. Uniforms, shoes, blankets and equipment of every sort are furnished by the War Department.

"I know of no finer place where a parent could send a boy for part of his summer vacation," Mr. Harris said yesterday. "The work is enjoyable, physically beneficial and also educational. Any parents who are interested or who have boys who are interested in the course are requested to come in and talk it over with me at any time."

This condition is more true of batters than pitchers. Many players with the bases empty, and the pitcher working carefully, can hit any kind of pitching. But these same batters up in the pinch and they immediately lose their confidence and keen eye. Their nerve fails them.

Nearly every club has some star player who seldom delivers in a pinch, and on the same club is usually some ordinary player who is a whole of an athlete with something big at stake. That is how certain players, who according to the averages are very ordinary batters, are more feared by pitchers than some player who ranks 75 points better in cold figures.

I was umpiring the bases in the game that I have reference to. As the poor batsman came thru for the second time with a timely hit, the manager of the team who was coaching at first base turned and remarked to me. "Give me those kind of batters any time, in preference to the .300 batters who get all their hits with the bases empty."

SOCIAL

Surprise Miss Todd. Miss Alta Todd was pleasantly surprised last evening by a number of friends at her home, 417 South Eighth street, in honor of her birthday anniversary. The group of friends met at the home of one and in a body surprised Miss Todd. A social evening was enjoyed, with music, singing and cards featuring the entertainment. Refreshments were served. Miss Todd was presented with an electric lamp as a memento of the occasion.

Auxiliary Meeting. The Women's Auxiliary to the Episcopal church will meet in the basement of the church this afternoon at 2:30. A large attendance is asked by the officers.

Peterson-Priester. Stealing a march on their friends who have been looking forward to this wedding for some time, Miss Marie Peterson, daughter of Mr. and Mrs. Edward Peterson, 1308 First Ave. So., and Charles Herbert Priester, son of Mrs. Matthew Priester, 423 So. 8th St., were quietly married at eight o'clock Thursday evening by Rev. Fr. Bertrand, O. F. M., at St. Joseph's Rectory.

The attendants were Miss Evelyn Peterson, sister of the bride and Gerald Priester, brother of the bridegroom.

The bride wore a dark blue traveling suit with hat to match and a corsage of valley lilies and white roses. The bridesmaid wore a pretty gown of black canton crepe with black picture hat and corsage of pink roses.

The couple left immediately after the ceremony for Chicago, Rockford, Ill., and Minneapolis, where they will visit for two weeks.

The bride of yesterday was born in this city and numbers her friends by the score. She was the honored guest at several pre-nuptial functions during the last two weeks when she received many pretty gifts. She was employed in the traffic department of the Michigan Telephone Co.

Mr. Priester is also a "home-grown" boy and like his bride has a large circle of friends. He is employed as a machinist for the C. & N. W. Ry.

They will be at home at 1310 First Ave. So., after July 15th.

Scott-Splan. Miss Grace J. Scott and Thomas Splan of the Soo, were married at the Presbyterian Manse Thursday afternoon at 2:30. Rev. Harry Staver performed the ceremony. The bride is a school teacher from Colorado and the bridegroom is a farmer from Parkerville near Sault Ste. Marie, Mich.

Piriot-Dahlh. Among the June weddings which took place in this city, decidedly pretty ceremony was that which was performed Thursday morning at nine o'clock at the First Presbyterian church when Rev. Harry Staver, pastor of the congregation pronounced the words which united two young people in the holy bonds of matrimony.

The bride was Miss Marie Piriot, daughter of Mr. and Mrs. Eli Piriot of Harris, Mich., and the bridegroom was Mr. Henry Dahlh of Peshtigo, Wis. The attendants were the Misses Lillian Strahl, Malina Piriot and Lillian Piriot, while Mr. Dahlh was attended by John Piriot, Emil Dahlh and Harry Burgeon.

The young people entered the church to the strains of Lohengren's wedding march and Mendelssohn's march was played as they left the church. During the reading of the double ring service, Mrs. M. F. Fernstrom rendered some excellent music.

The bride wore a white canton crepe dress with tulle veil and carried a bouquet of bride's roses. The bridesmaids were dressed in white organza and carried carnations.

A wedding dinner was served at the home of the bride's parents at Harris, where a large number of relatives and friends were entertained during the afternoon and evening.

Mr. and Mrs. Dahlh will make their home at Green Bay, Wis.

The taxes thereon levied can be paid at the City Hall at any time from July 10th to September 15th, 1923, inclusive, without any charge for collection, and demand for such payment is hereby made in accordance with the City Charter. Four (4%) per cent collection fee will be charged upon all taxes remaining unpaid upon said 15th day of September, 1923. Office Hours: 8:30 a. m. to 12:00 m., 1:00 p. m. to 5:00 p. m. A. J. MANLEY, City Treasurer. Dated this 29th day of June, A. D. 1923. 5627-189-61

The strain gets 'em. Pitching on a tall-end club with nothing at stake, certain pitchers are almost unbeatable. Working on a club with a chance for the pennant, when something depends on every ball pitched, these same pitchers are practically worthless. They break under the strain. Often the players vulgarly refer to such pitchers as "yellow."

Souvenir Books Ready Saturday Buy One Early

The souvenir books which have been prepared for the double jubilee which will be celebrated, Sunday, July 1, at St. Joseph's church will be ready for distribution Saturday morning. These books can be procured from Rev. Fr. Daniel, Victor K. Bloomstrom, or Oscar Kraus. They are pretty books made of an excellent quality of paper with a handsome dark gray cover of olive lodestone with gold print. The twenty-five pages of the book contain the history of St. Joseph's church since it was built in 1873 and the pictures of every pastor and assistant who has served at the church since it was built 50 years ago.

It also contains the pictures of the church, Notre Dame convent, the old green school before it was destroyed by fire, the new school building and a history of the school and a picture of the rectory.

The books will be sold for the small sum of 50 cents and any one can secure them regardless of denomination. They are a souvenir of a double jubilee which some have never seen and may not see again.

They are really worth more than the price asked but in order that all may secure one, the extremely low price has been set for this wonderful souvenir.

Seaplane Returns to Menominee, Mich.

Iron Mountain, Mich.—A large hydroaeroplane which arrived at Spread Eagle on Tuesday, enroute to Trout Lake, Wis., was forced to return to Menominee because of the lack of known landing places between here and its destination. They were to search from the air for the body of a wealthy Omaha man drowned a few days ago in the Wisconsin lake. They may continue their trip later after locating landing places to be used in case a forced landing is made.

OBITUARY

MRS. CARL E. JOHNSON.

The body of Mrs. Carl Egmar Johnson will be removed from the Anderson Funeral Parlors to the home of the family, 517 Ogden avenue, Saturday afternoon where it will lie in state until Sunday afternoon when funeral services will be held at the home at 1:15 o'clock and at 1:45 at the Salem Evangelical Lutheran church, corner Twelfth street and Fourth avenue south.

Mrs. Johnson was known to a large number of persons in this city and in the county, having made her home in Ford River township before coming to this city and the announcement of her death came as a severe shock to her many friends.

A brother, Carl Baranowski, of Duluth, will arrive in the city today to attend the funeral.

Grocery Firm to Continue As St. Jacques Grocery

St. Jacques grocery which, during the past two years, has been owned by Archie Villemure and William Riley, will continue to be known as the St. Jacques grocery. Mr. Villemure having taken over Mr. Riley's interest in the business. These young men have built up an excellent business and by their courtesy and attention to the trade, have won many warm friends.

Mr. Villemure will continue to give the same service and attention to their many customers and hopes for a continuance of their patronage. Mr. Riley will spend a few weeks with relatives at Appleton, Wis., before taking up some other work.

Work Progresses on New Ford Power Unit

Iron Mountain—Construction work on the new hydro-electric unit being built by the Ford interests on the Menominee river near here is progressing rapidly. The new dam will be 80 feet high and will impound water to operate three vertical water wheels directly connected to the latest "umbrella" type generators. The work will be finished early next year.

The strain plays a big part in the effectiveness of certain batters. It plays a like part in relation to certain pitchers. Some batters with high averages are worthless in a pinch. They break under the strain. It is the same with pitchers. Often a pitcher on a tall club looms up as a star. Transferred to, or bought by a club up in the race, the pitcher at once loses his power to deceive the opposition.

Rev. Fr. Alvin Visits Parents In This City

Rev. Fr. Alvin of St. Francis' Seminary of Cincinnati, Ohio, arrived Thursday morning to visit at the home of his parents, Mr. and Mrs. John Christoff, 512 South 10th street, and to take part in the golden jubilee of St. Joseph's church which will be held Sunday, July 1. Fr. Alvin left this city twelve years ago to complete his theological and philosophical studies at St. Francis' Seminary and was made deacon June 8th of this year. His many friends will welcome him to this city.

Fire Again Damages Wilson Restaurant

While workmen were engaged yesterday afternoon in repairing the damage done by a fire several weeks ago on one side of the roof of the Wilson restaurant building at 1206 Ludington, sparks from the chimney started another blaze on the opposite side of the building, necessitating a hurry call for the fire department and a stiff fight with chemicals before the blaze was extinguished. The damage was considerable.

CARD OF THANKS.

We wish to thank our many friends and neighbors who so kindly assisted us during our recent bereavement at the time of the death of our beloved husband and father. These many acts of kindness are engraved deeply in our hearts and can never be forgotten. (Signed) Mrs. Isaac Essler and family, Kipling, Mich. 5623-11.

TO THE PUBLIC: LUMBER PRICES ARE BELOW 1920 LEVELS.

Propaganda of one kind and another has led the average citizen to believe that lumber has not descended from war time peak prices. The fallacy of this impression is conclusively demonstrated by a survey just completed by the Wisconsin Retail Lumbermen's Association.

The result of this survey, on figures submitted from every section of the state, shows that retail sales prices on typical lumber bills for ordinary dwelling construction on today's market are 24% less than in June 1920.

The lumber merchant is doing his full share to stabilize the construction program and to keep the cost down.

The prospective home builder has every reason to proceed with assurance and confidence.

200,000 VESTA Batteries Selected as Replacement of Original Equipment. Two hundred thousand car owners stepped on their starter buttons this morning. Two hundred thousand Vesta Batteries jumped to the work that some other make of battery used to do. What has happened to the batteries that were in these cars when their owners purchased them? The owners of these 200,000 cars can tell you. When their original batteries wore out, the natural thing to do would have been to replace them with the same make. The presence of a Vesta Battery in their cars is significant. It simply means that when the opportunity was given to these motorists to exercise their own preferences they chose a Vesta Battery. Vesta Batteries are selected to replace original equipment in very much the same way a "cord" tire is bought to replace a "fabric" tire. The Vesta costs less per month of service. Your car manufacturer does not equip his car with a Vesta Battery because the production of Vesta Batteries does not permit us to supply him and at the same time take care of the rapidly growing needs of our 3500 service stations. Vesta Batteries cost less per month of service because they have inbuilt service features that make them last longer. These are patented features—exclusive to Vesta—no other battery has them. ### OLDEST "FLIV" TO GET OWNER NEW SWEATER

#### New List of Prizes for Cooperative Sales Today.

The out-of-town shopper who drives the oldest Ford car to the "Greater Escanaba Week" sales today will receive an \$8 men's sweater, provided the owner of the machine registers before 9 p. m., at the Hill Drug store. The sweater will be awarded, as a part of the week's cooperative sale program, by Young's Haberdashery.

The woman driver who brings the largest load of women shoppers from not nearer than eight miles, will be awarded a \$5 plaid blanket by the Ed Erickson company; the largest load of shoppers from the longest distance will receive 100 bars of soap from the Fair store; the shopper making the biggest day's purchase in any or all of the cooperating stores will get a \$5 trading coupon from the Boston store.

All persons competing for these prizes must register at the Hill Drug company's store. The awards will be announced at 9 o'clock tonight.

The largest shopping crowds of the week motored in from far and near yesterday to take advantage of the sales. The cooperating merchants are offering another list of excellent "specials" to today's visitors.

#### Yesterday's Winners.

Prizes yesterday were awarded to the following:

One hundred bars of soap to largest load of shoppers from the longest distance, F. J. Benton, Ralph, and party of five.

Subscription to Mirror and insurance policies to largest family, M. G. Michels and family of 7, Ford River.

Five dollar purchase coupon at Boston store for largest purchases at cooperating stores, J. S. O'Dell, Rumley, Mich.

Candy jar, value \$5, given by Young's, for largest purchase at a cooperating store by woman shopper, Mrs. J. Biggels, Bark River.

#### Big Demand for City Gas Service

While scores of new gas customers signed up since the first of the year are clamoring to have the service installed in their homes immediately or sooner, the city crews engaged in the installation work have been making service connections at the rate of ten or a dozen each day. About 170 have been installed since June 1. The work has been slowed lately by the shortage of meters. One carload which has been on the road for nearly a month is expected to arrive soon, and in the meantime a number of "quarter in the slot" meters are being installed temporarily.

#### MARINE.

Storm Damages Schiller. Sault Ste. Marie, Mich.—Work on the raising of the sunken steamer Schiller was again delayed by the fifty mile gale which on Tuesday washed overboard the cabins of the vessel. The deck of the boat at the stern is several feet under water, it is sad, and all openings made by the storm will have to be covered before the vessel can be pumped out and raised. It was hoped last week to have the vessel started toward the Sault by Thursday.

#### Timber and Land to Go On Block In Auction Today

Want a slice of timber land, not any use for a cutover forty or would a nice piece of river or lake frontage appeal to you as a place to build that summer cottage the wife has been talking about? Here's your chance to get it cheap.

Three thousand acres of Delta county land, some heavily and some lightly timbered and some not timbered at all, will be placed on sale this morning in the first land auction ever to be held in the county and perhaps the first in the state.

Cheever Buckbee, owner and auctioneer, declares that every parcel will be found exactly as represented. He has inspected every acre and knows just how much timber it bears, what sort of soil it has and all other essential facts of interest to a prospective purchaser.

Besides the timber lands, Mr. Buckbee will put on the block the timber or "stumpage" on 1,200 additional acres, also a number of building lots in Gladstone and Escanaba. The 3,000 acre block of timber land which will be sold, land and all, consists of more than 50 separate parcels, ranging in size from 40 to 200 acres. A great many people will undoubtedly attend the sale, seeking either timber or farm land or a site for a hunting or fishing camp.

**NEW YORK STOCKS.**  
New York, June 28.—The reactionary trend of stock prices which has been in progress for five consecutive days, came to an abrupt halt today, closing prices of active issues showing net gains of one to three points. The turn for the better did not come, however, until after speculators for the decline had staged another attack on the list which sent 75 stocks to new low prices of the year.  
Day's total sales were 1,185,500 shares.

**Uniform Thread Is Adopted By Fire Department**  
Hydrant connections, hose couplings and other fittings used by the fire department are being re-threaded this week by a representative of the national underwriters association, to make them conform to a national standard thread which has been adopted in practically every city throughout the country. The idea of the uniform standard is to enable cities to help one another out in case of a general fire which might threaten to destroy the community. Gladstone and many other Upper Peninsula cities have already adopted the standard connection. Factory owners who have private fire lines throughout their plants are advised to get in touch with the underwriters representative while he is here and have their connections inspected and changed so that they will conform to the standard.

## PAPER MILL TO BE ENLARGED, BELIEF HERE

### Minneapolis Consolidation of Papers Will Help Manistique.

With the absorption of the entire circulation interests of the Minneapolis News into the Minneapolis Tribune, Manistique residents are looking for a greater building expansion at the Manistique Pulp and Paper company plant, controlled by the Tribune.

The merger which went into effect yesterday afternoon means an increased circulation for the Tribune amounting to \$1,000 new readers. In order to meet this increase, it has been estimated that the local plant must produce five hundred tons of paper per month, which means necessarily better and greater facilities to speed up production. There is a possibility that the local plant will increase its present capacity at an early date although no definite word has yet been received from Minneapolis officials regarding such a move. By the transfer of the circulation end, the former owners of the News retain their property, other than the circulation, but temporarily, the Tribune is using the News machinery and other equipment to take care of the additional circulation.

The work of completing a line of track from the Paper Mill to the lake shore was completed last week. Two thousand cords of pulp wood, recently purchased from jobbers along the Michigan shore line and islands therein, will be towed by John Orvin to the shore, and from there transferred to the local plant by way of the new railroad. The work of transferring the pulp wood will begin at an early date.

## HISTORIANS ARE INVITED TO LECTURE

Manistique folks interested in the Pioneer Historical Association movement now in full swing in this city are invited to attend a lecture of Dr. C. Johnson, noted research worker, at the high school auditorium this evening. His topic for this evening, "French Footprints in the Upper Peninsula," will reveal a wealth of wholesome information regarding the early historical developments of the peninsula, and should prove of particular interest to local citizens.

To the labors of the early French missionaries and explorers, who labored so zealously for the Christianizing of the pagan Indians, we are indebted for their contribution to civilization in Cloverland. Then there came to this section, a student and explorer, a missionary and laborer, Frederick Baraga, who was perhaps the luminary in the fields of missionary endeavors. In 1832 he dedicated the Indian Lake Mission, and it is very probable that the edifice was built by him. The cemetery adjoining the church was presided through the agency of an Indian, Osewimamee by name, who was affiliated with the Chippewa tribe in these parts.

Mrs. W. B. Seamark of Cheboygan, Mich., arrived in the city Tuesday evening and will spend several days camping at Ossa beach with Mrs. Ralph ... who arrived in the city Wednesday morning from her home in Chicago.

## STACK COMPANY PUTS LARGER FORCE AT WORK

A large force of men have been employed by the Stack Lumber company the past few weeks for the erection of several tramways in the lumber yards to replace those that were demolished by the April floods. It is expected that the work will come to a completion within three weeks.

Other tramways not affected by the force of the floods are also being wrecked and being replaced by a larger and more durable type. The different slips to the lake are being drained for the location of several buttresses, and it is understood from reliable sources that a large financial expenditure is involved in order to expedite the work. Bridges have been constructed across each slip to facilitate matters for the laborers.

For the past years, the tramways in the vicinity of the mill, were in a bad condition and it only would have been a matter of another year before their removal would have been necessary. Then came the recent flood carrying in its path almost the entire series of tramways, and wrecking others to such an extent that many repairs or the erection of new ones necessitated. The completion of the new system will improve the appearance of the yards considerably, and add to the safety of employees.

## Thibault Cartoons Sunday Ball Game

Emille Thibault, who is as versatile with a pen as he is on the diamond, cartooned the fatal "fifth inning" of the Manistique-Escanaba clash last Sunday. The sketch is now on exhibition in Bill Debut's tonorial parlors and is occasioning much comment.

Represented in a large circle in the center of the sketch is a uniformed Eaky athlete carrying a number of balloons. On each of the inflated rubbers, the story of the fifth frame is strikingly told. The three triples, double, and three singles, are inscribed on as many balloons, and thus illustrate Escanaba's "blow up" in that inning. Another sketch shows seven Manistique runners crossing the rubber, while the remainder of the cartoon is given over to impersonations of disappointed Escanaba fans, bearing morose countenances. The picture is entitled, "Flashes of Action."

## JUDGE PAROLES BOY WHO TOOK CAR FOR RIDE

### Youngster Took Machine to Explore the Neighborhood.

Lloyd Boyce, the fourteen-year-old son of Oscar Boyce, appeared before Judge Ashford in Juvenile court Wednesday morning to explain his motives in appropriating the new sedan of Louis Tebo to himself for a short ride last Friday evening. The youth informed the judge that he, in company with several of his intimate companions, out of desire to explore neighboring hamlets, had taken the car, and had made trips to White Lake, Indian Lake, and Fitch's pavilion. At the latter place he was constrained to stop for lack of gas, when he was apprehended by Patrolman Larry Bamrick.

Judge Ashford hearing the story of the youth, reprimanded him severely and placed him under probation for six months. During the summer vacation, moreover, he must by his own labor accumulate twenty dollars and make this payment to the owner of the sedan. At the same time, the youngster is to make occasional reports to Chief J. P. Police John Petersen, informing him as to the nature of his employment and the amount accruing from each piece of labor. Boyce agreed to the stipulations and was then dismissed.

### Charges Not Pressed.

It was during Tebo's attendance at the Gero theater last Friday evening, that the auto was removed from its parking quarters. After the first performance, when the owner was about to leave for his home, he noted that the car was absent from the place in which he had parked it. A call was immediately sent to the local police, who, after a thorough investigation of the Gero premises, extended their investigations to roads leading from the city. It was at Fitch's pavilion that Boyce was apprehended, after he had been forced to stall the machine to await a supply of gas. Tebo did not press charges against the youthful offender, preferring to let the matter rest with an authority who could mete out a strict reprimand.

Mr. and Mrs. James Bennett, of Watrusey, stopped in the city Tuesday enroute to Charlevoix, and spent the day at the guests of Mrs. J. J. Hefferman.

Mr. and Mrs. C. L. Milton and three children arrived Tuesday evening from lower Michigan and are the guests of Mrs. Milton's father, Rev. J. R. Mitchell, and sister, Miss Mary Mitchell.

A Ludlow and E. Lundstrom motored to Newberry Wednesday.

## Recovery of Miss Jackson is Talk of the Neighborhood

The public is invited to inspect the exhibit, which will be conducted from 9 to 12 o'clock in the morning, and from 1 until five o'clock in the afternoon. The girls also plan a candy booth on this occasion, and they promise that sweet meats disposed by them on that day is bound to satisfy the most epicurean tastes. Both events will be held under the auspices of the Ecliptan Camp Fire Girls.

## FUNERAL FOR LINEMAN WILL BE HELD TODAY

Funeral services over the body of Joseph Brucklmayer, who was instantly killed Tuesday morning while at work in the capacity of telephone lineman for the Manistique Telephone company, when his arm came into contact with a secondary light wire, will be conducted from the St. Francis de Sales church this morning at 8 o'clock. Rev. Fr. Schevers will officiate at the last solemn rites.

The floral offerings presented by different organizations and individuals of the city, attest to the esteem in which the young man was held by local people. For fourteen years the deceased young man was a member of the fire department and was the veteran of the local volunteers. The firemen as a final tribute to their comrade will escort the remains to the church and thence to the cemetery. Six members of the department have been selected as active pall bearers: Clyde Hut, Conrad Thompson, Volney Teeple, L. Gorsche, Jno. Durno and Joseph Carlson.

The Woodmen band, of which the deceased had been a member for years will also file in procession to pay their final respect to the comrade musician. Appropriate selections will be played by the local musicians enroute to the burying grounds after the solemn services in the church. Burial will be conducted in the family plot at Lakeview.

## FEW LAWSUITS REMAIN TO BE HEARD, COURT

Only a few more cases on the June circuit court docket remain for settlement, and a clearance of all matter is expected by the end of the week. The sessions this week are a continuation of the calendar set for June 18, when court adjourned, and deferred until last Wednesday.

On Thursday morning, a decree of divorce was granted Dorothy Batway Clark from Claude H. Clark. The case of E. Nye Johnson vs. the Shirkat Cutlery company was heard before Judge Feud without a jury. A judgment was returned in favor of E. Nye Johnson. The case of the Manistique Light and Power company vs. Ed. A. Cooper and Axel Ekstrom, co-partners, involving default resulted in a judgment in favor of the Light and Power company. Friday's session was given over to a consideration of the suit pending between Marquette University of Milwaukee and the Northern Michigan Land Company. The case involves a foreclosure, the bill being filed Aug. 17, 1922. It is not probable that the consideration of this case will terminate before the expiration of the week.

Mr. and Mrs. James Bennett, of Watrusey, stopped in the city Tuesday enroute to Charlevoix, and spent the day at the guests of Mrs. J. J. Hefferman.

Mr. and Mrs. C. L. Milton and three children arrived Tuesday evening from lower Michigan and are the guests of Mrs. Milton's father, Rev. J. R. Mitchell, and sister, Miss Mary Mitchell.

## BONDS ON FIRE TRUCK PRE-PAID BY MANAGER

### Administration Saves City Another Sum of Interest Money.

Retirement of six bonds, each amounting to \$102.50, the remaining payment on a fire truck bought by the city some time ago, was made yesterday by prepayment of the notes by City Manager G. W. Ham.

The bonds were issued a number of years ago when a fire truck was purchased for the city. The terms of the transaction included \$1,000 in cash and the balance in twelve bonds of \$102.50 each. These bonds have been drawing interest at 7 per cent.

Up to date the bonds have been paid as they fell due, leaving six to come due within the next few years. It was decided by the city administration, however, to pre-pay the bonds and close the deal, thus saving the city the seven per cent interest of the six bonds and clearing another item of the city liabilities.

The policy adopted by the administration of retiring as much of the bond issues which constitute the bigger part of the city's indebtedness, is one that is meeting with favorable comment from those interested in the city management.

### Funds Saved.

The first retirement, made possible by the earlier payment of taxes, was made by the retirement of \$15,000 of the \$55,000 bond issue of February, saving the city a god sized amount of interest and the pre-payment of the six bonds on the fire department equipment, while not dealing with as large an amount, nevertheless will mean a substantial sum added to the funds being saved by the city.

## WILL SELECT QUEEN OF THE JULY JOLLIES

Who will be queen of the July Jollies? Who will win the diamond ring?

A contest in which the girls of both Escanaba and Gladstone are eligible will begin today. The girl receiving the largest number of votes to be awarded a diamond ring and to be crowned queen of the festival at one of the evening performances.

Each girl entering the contest will be given a book of season tickets, the tickets to count for twenty-five votes each, and the girl disposing of the largest number of tickets and thus raising the largest number of votes will be announced winner. The season ticket admission will be only 55 cents while the admission for single performances will be 25 cents. In addition to the prize offered a certain sum of money will be paid on all tickets sold. The prize ring will be placed on display in one of the local jewelry stores.

The contest is open to every girl in Gladstone and Escanaba and the girls are urged to enter at once and pile up a good head in votes before the show opens.

## Legion Needs Eight Girls

A call for eight girls to aid the Legion men who will be in charge of concessions the July Jollies and Circus has been issued. The work will not be exacting and those assisting will be well paid. Those interested are asked to communicate with E. C. Dayton.

## Junior Aid Will Meet Tonight

A meeting of the Junior Aid society of the Swedish Mission church will be held tonight at the church parlors with Mrs. August Goodman as hostess. A program will be held, favored by refreshments.

## Hold Ice Cream Social Tonight

An ice cream social will be given tonight by members of the Missionary society of the Presbyterian church at the church parlors. Every arrangement for the entertainment of patrons have been completed by the committee in charge and it is expected that a large crowd will attend.

## SOUND TESTIMONIAL EVIDENCE

showing the power of Lydia E. Pinkham's Vegetable Compound over the ills of women is constantly being published in this paper. The strongest recommendation any article can have is that borne by the persons who use it. Once ill with ailments that caused suffering and despair, but now restored to the joys of health, from a grateful heart multitudes of women write letters of appreciation to the Lydia E. Pinkham Medicine Co. of Lynn, Mass. Such evidence of the power of Lydia E. Pinkham's Vegetable Compound over the ills of women should induce every suffering woman to try it. Adv.

## GARTH CAMP IS NEARLY READY FOR TENANTS

### Gladstone Boy Scouts Place Site in Readiness for Girls' Stay.

The Boy Scout camp committee of Gladstone has made great progress in putting in shape the camp site at Garth which will also be used by the Girl Scouts of the county. The large house has been made thoroughly habitable, the lawn has been mowed and raked, the surrounding land cleared of underbrush, and a path cleared to the beach. Tomorrow the tents will be pitched in the yard adjacent to the house. Saturday the kitchen and dining room equipment will be set up. A committee of women from several Girl Scout committees in the county will go to the camp Saturday and scrub the house from top to bottom and thoroughly disinfect it. Altogether, the camp facilities this year through cooperation with the Boy Scout committee of Gladstone will be by far the best that the girls of this county have as yet enjoyed.

James Costley of Escanaba has been engaged as cook for the camp season and Mr. John Starr will act as cook.

Mrs. Mabel Briggs Snow will act as camp nurse for the girls' camp. Dr. Rodger Chenoweth will be physician at the leaders' camp.

Mrs. E. C. Voght, Miss Flora Clark and Mr. W. L. Marble of Gladstone, will give various phases of woodcraft and nature work.

Camp counselors for every eight girls will be in camp and a competent woman in charge of sanitation and menus each week.

Practically all of the leaders' registrations are in the office and Thursday, July 5, will see the camp in full swing.

## Pastor Attending Church Conference

The Rev. Isak Skoog, pastor of the local Swedish Mission church, in company with the Rev. N. Anderson, of Escanaba, and the Rev. Mr. Anderson of Stephenson, has left by motor for Duluth, Minn., to attend the conference of Swedish Mission churches there. The pastor will return to Gladstone the early part of the week. His place in the church will be taken by P. J. Lundblad, church clerk.

## Office Manager Takes Vacation

Miss Mae Green, manager of the Gladstone office of the Western Union company, has left for Sault Ste. Marie, where she will spend a two weeks' vacation. Miss C. J. Noel of Green Bay is in charge of the office during Miss Green's absence.

Miss Mabel Hoyem arrived yesterday from Cadillac, Mich., to visit here as the guest of Misses Esther and Lillian Peterson at the home of their parents, Mr. and Mrs. P. Peterson, at the home of their parents, Mr. and Mrs. P. Peterson.

LOOKIN' BACK'ARD

YOU OLD timers remember, of course, where the creek made the sharp turn through a baby canyon of clay, topped by hazels and willow and shaded by poplar and box-elder trees; the slippery, barkless, bleached log that had fallen across it and the roots of the mulberry tree that projected over the water to form a ladder up to the oak plank we used for a spring-board.

BEER. A ship from Hamburg docks at New York and off step 10 German girls. They have jobs in advance, as cooks, but they admit that they are willing to marry—preferably men who like beer. Each claims she is an expert at making old-fashioned German beer—you may recall it, the coffee-black that carried more kick than a letter to the editor.

Rather formidable and serious competition for our local girls. All joking aside, it makes good light reading for warm days, and reminds us that our best imports from Germany have been the industrious men and women, millions of them, who became good American citizens. The German gets along well as long as he keeps off the war path—nationally or individually. Psychology wins wars, and as a race this may be their weakness—inability to understand others.

Chapter VII. BEAUTIFUL LOVE MAKES THE WORLD

If occasionally, because of something Etta said, or when thinking of his mother, Natalie was pricked with doubt of her wisdom in marrying a man so far above her in the social scale, the thought of Horace, his love for her, his kindness and consideration, dispelled all doubts. It was foolish to ever think of anything beside the love they had for each other—the happiness they would have together.

"You'll have regular spending orgies, I know you will," Etta declared, but without envy. "If I do you must orgy with me," Natalie replied, laughing. "I wonder what that aristocratic mother of his would say if you had your working girl friends hanging around. I'll bet she'd throw a fit."

fully that she was all his, that she couldn't get away. "Just as if I'll ever want to," she told him, snuggling closer. "Oh, how we have crushed my lovely bouquet!" she held it up to him.

"Never mind, dear, I'll get you another one."

"Another bride's bouquet! How soon do you think I shall want to be married again?" she asked saucily.

"Till death us do part," Horace quoted quietly.

A friend of Horace's had loaned him his lodge for their honeymoon, and here, away from everyone, they knew, Natalie passed two gloriously happy weeks. So happy that all her fears and doubts left her, and she looked forward to a future undimmed by one disturbing thought. Love was hers, and it is love that makes the world beautiful—at 20.

Tomorrow—Natalie's Homecoming.

### MISS ANDERSON SCORES HIT AT DELFT THEATRE

#### Soprano Pleases; Feature Movie Also Pleasing to Patrons.

Miss Jennie Anderson, a youthful soprano of unusual ability and personality, opened a three day engagement at the Delft yesterday, which promises to be an artistic event of more than passing importance in Escanaba's musical circles, as well as a popular box office attraction. Miss Anderson not only sings extraordinarily well, she adds to her vocal offering, the entertaining touch which has made the act highly pleasing to Delft patrons.

The feature offering is "The Little Church Around the Corner," from the popular stage play of that name.

Many of the delighted audience that saw the picture yesterday saw its story through the foot-light version and were pleased to

have the opportunity to see it again with so capable a star as Claire Windsor featured. The supporting cast, a strong one, is made up of such well known actors as Kenneth Harlan, Hobart Bosworth, Walter Long, Alice Francis, George Cooper, Margaret Seddon, Winter Hall, Cyril Chadwick and Pauline Stark.

#### AT THE STRAND.

"Honor First," a William Fox feature with John Gilbert as star, has been called by certain reviewers one of the great pictures of the year—not only from an artistic standpoint but in the uniform excellence of the acting. Gilbert plays a dual role—twin brothers, both soldiers of France in the world war, but diametrically opposite in character and disposition. One is red-blooded, the other white livered.

Gilbert has been a star for only a short time. He has, however, made greater strides than any other player appearing on the silver sheet. Although an actor of marked ability when first cast for a stellar role, his improvement, as witnessed in his present vehicle, is declared to be most remarkable. "Honor First" is to open an engagement today at the Strand Theatre. Renee Adoree, a very charming young actress, is leading woman with Gilbert.

### John C. Pancratz, Totally Deaf, Prize Winner

Among the 13,000 prize winners in the contest which the Chicago Tribune conducted for several weeks in which the pictures of movie actors and actresses were to be assembled correctly, several Escanaba persons took part. Prizes were awarded to a few adults in this city but the only child who won a five-dollar prize was John Curtin Pancratz, son of Mr. and Mrs. George Pan. ratz, 1307 First avenue south.

John, who has been handicapped in many ways, is a movie enthusiast and the pleasure he derives from seeing a picture is unusual for this reason. John was deaf and dumb until four years ago when he began to utter a few words. Two years ago he began to make sentences and if one is accustomed to his way of speaking he is easy to understand. John is 16 years of age and is totally deaf. He has been attending the oral, deaf department of the local schools and under the guidance of Miss Adeline Thust, his teacher, has made unusual progress. This department of our schools has done wonderful work since it has been started. The pupils are

taught to speak without using signs. When John Pancratz goes to a movie picture he absorbs every little detail. He can write the picture from start to finish after seeing it once, so remarkable is his memory, and he often adds little bits of witticisms which are very amusing and which would have caused the audience to laugh if they had been in the picture. Writing scenarios is John's favorite pastime. He is unusually bright and has the faculty of memorizing anything he sees or reads. He is keen in noticing every little detail which would be unnoticed by any one else who has the use of their voice or ears.

#### CARD OF THANKS.

I wish to express my most sincere thanks to the members of the Delta County Board of Supervisors for the check for \$500.00 which I received from them Wednesday, June 27, in recognition of the services which my husband rendered to the county and state and although his death has darkened our home we have the consolation of knowing that he died as a hero. ### Former Resident Visits in City After 20 Years

Mrs. Angeline Hamilton, of Seattle, Wash., and formerly of this city, arrived in Escanaba Thursday morning and visited with Mr. and Mrs. Nelson Cook, 517 South 11th street, enroute to Marquette where she will spend ten days with relatives and will return to this city for a longer visit with friends. Mrs. Hamilton left for the west twenty years ago and is now located at Seattle, Wash., where she holds a responsible position with a real estate company. Her sister, Mrs. Emma Bourke, is also employed in the same city. Mrs. Hamilton finds many changes in this city since her departure.

#### TODAY'S ANNIVERSARIES.

### QUARRELED SINCE WEDDING DAY

"My stomach and liver trouble made a regular grouch of me. I was sore at everyone, including my wife, and we quarreled every day since the wedding. She is a dear little girl and I know it was my fault. Mayr's Wonderful Remedy was recommended for my stomach trouble, and since taking it I have felt like a new man. My wife and I now get along beautifully." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. \*For sale by druggists everywhere. Adv.
