

DEMPSEY-GIBBONS FIGHT CALLED OFF

HARDING BIDS FOR VOTES OF PROGRESSIVES

WESTERN SPEECHES SEE HIM TAKING LEADERSHIP.

BY DAVID LAWRENCE.

(Copyright, 1923, by The Escanaba Press) Helena, Mont., July 2.—President Harding is aspiring to the role of moral leadership which Woodrow Wilson and Theodore Roosevelt held on that great body of independent voters, sometimes called "Progressives" who swing the balance of power in the American electorate today.

Tingling his speeches in Idaho and Montana with a little of what might in other days have been called "radicalism" the president made these significant declarations:

First, recognizing that his Hutchinson, Kansas, speech, didn't go to the root of the farm problem, he came out four square for the principle of co-operative marketing by the producer with a hint of co-operative buying by the consumer if the middle man didn't take warning. Definite plans have not been worked out but will be submitted to Congress next fall.

Second, he struck boldly at those republicans of the conservative variety who since the campaign of 1924 have sought to convey the impression that with Harding in the White House, un-organized labor would be fought with the influence of the federal administration and that the "open shop" would be made the rule rather than the exception.

Third, the president preached a sermon on the proper relation of woman to the home but pointed out that social justice demanded living wages for the father, the mother, too, he compelled to work to support the family. Mr. Harding's statement in his speech here that the high scale of wages brought by the war had done a great deal to correct inequities in America's economic system was coupled with remarks that he didn't sympathize with those who shout for "deflation of labor" or who advance the argument that wages must come down and un-organized labor crushed. This will have an important bearing on the next campaign.

Ready to Out Law War.

Fourth, preaching the outlawry of war, the president took a leaf out of Senator Borah's book of ideals in the senator's own state. Incidentally, the eagerness of Senator Borah to be seen with the president in Idaho and the interview given by him approving Mr. Harding's world court scheme as amended in the St. Louis speech means nothing more or less than a recognition on the part of Mr. Borah that in the campaign of 1924 he must be a regular republican in Idaho if he wants to be re-elected. Mr. Borah has slowly but surely been disavowing connection with third party movement for president. Idaho republicans say Borah must come in line and be a regular if he wants to be re-nominated. They have successfully amended the primary law so that Mr. Borah must cater to the regular organization in the state which is pro-Harding.

It will be noted, by the way, that Mr. Borah doesn't think the world court program will be finally acted upon by the Senate in the next session of Congress which fits in with the prediction made by the writer immediately after the St. Louis speech last week, namely that the world court controversy had been shelved until after the 1924 election for it isn't acted upon at the next session, as Mr. Borah prophesies, there will not be another meeting of Congress until December 1924. This also will give plenty of time to negotiate with foreign governments the suggested changes in the world court's constitution.

Helena Address Pro-Labor.

The Helena speech was distinctly pro-labor. It was utterly unlike any previous addresses in which Mr. Harding was wont to balance what nice things he said about labor with some equally weighted phrases about the rights of capital. The president felt this was an opportune occasion however to rid his administration, if possible, of the taint of unpopularity which Samuel Gompers and others have been persistently attempting to fasten on especially since Mr. Harding didn't recognize their candidates for secretary of labor at the outset and since Charles O. Dawes of Chicago, intimate friend of Mr. Harding, started his "mine man" organization to help the cause of the "open shop" in American industrial warfare.

DEVELOPMENT OF RESOURCES NATIONAL NEED

Harding Urges Gradual Program of Adding to Nation's Wealth.

Spokane, Wash., July 2.—(By the Associated Press)—Gradual development of the nation's natural resources rather than preservation of them in their original state was advocated by President Harding here tonight as the only conservation policy to which America dare commit herself. The president, speaking on "Developments, Reclamation and Water Utilization," declared against locking up the public domain "as a treasure house of potential wealth," on the ground that such action would prevent it from being ready for use when needed. He made it plain that he stood for gradual developments, such as the use of water both for irrigation and power, and for a policy of reforestation that preserves the national interest, while permitting use of the timber as needed.

First Speech on Coast.

Mr. Harding's address, delivered in the armory here, was the first he made on the Pacific slope since he became president. He expressed the belief that "we may confidentially look forward to a generation in which the young and vigorous commonwealth of the west will boast as great a population as the entire nation numbers today."

The chief executive outlined in no explicit reclamation program, but declared "we must look for plans that are safe; plans so conceived that they will not unduly burden the settler in the day when he is reducing his land to production; plans that will not reasonably burden and that will not commit the government to unwise or unreasonable expenditures."

Leaves for Mescham.

Mr. Harding's address concluded a nine hour visit to Spokane during which he made an automobile tour in the business district, inspected the dam site for the proposed Columbia Basin Irrigation project, and was shown a series of motion pictures of the Columbia Basin. After the address, the presidential party left here for Mescham, Ore., to participate in the Old Oregon Trail celebration there tomorrow.

President in Prepared Speech at Helena.

President Harding's prepared speech at Helena, "that there were some who imagined before the present administration was voted into responsibility, that it was going to act to acquiesce if not definitely sympathize with projects for the deflation of labor and the overthrow of labor organizations. Before this time these have come to realize their error. Nothing has been father from the purpose of the present administration than any thought of destroying the right of either labor or capital to organize and each to deal in its organized capacity."

Answers Rea Charges.

Mr. Harding in one part of his speech made answer to the contention of Samuel Rea, president of the Pennsylvania Railroad, who insists that the United States Railroad Labor Board is wrong in rebuking the Pennsylvania for failing to recognize the elected spokesman of shop craft and clerical unions not affiliated with the labor organizations created and managed by the Pennsylvania itself.

Right of organization and of co-operative dealings.

"The right of organization and of co-operative dealings," said the president in this connection, "is no any longer the special prerogative of management and of capital. The right of men and brains and skill, and brawn, to organize, to bargain through organizations, to select their own leaders and spokesmen, is no less absolute than is the right of management and of capital to form and work through those great concentrations of interests which we call corporations."

Religion Plays Part.

There is something evangelical about President Harding's Western travels. His ardor for social justice and the rights of labor is mingled with expressions of deep religious fervor and moral appeal. Two of his predecessors were successful by similar position in enhancing their prestige. Whatever effect it may have—whether it disappoints the so-called "hard bodied" element in the republican party which has been generous with campaign contributions because of a belief that Harding would bring back the "good old days" of low wages or whether it tends to bring the West back to a regular republican president who proclaims himself a progressive—there can hardly be any doubt that Warren Harding is sincerely cooperating.

SOLON DEFINES HIS ATTITUDE ON MILD BEER

NOT MORE HARMFUL THAN COFFEE—COUZENS.

Detroit, Mich., July 2.—Declaring that an appetite for mild beer of 2 1/2 to 5 per cent alcoholic content is no worse than an appetite for tobacco, tea or coffee, Senator James Couzens today reiterated his advocacy of modification of the prohibition act. "The Volstead act is my issue henceforth," Senator Couzens asserted. "I don't figure on any man denying me the right to satisfy my appetite for tobacco. Beer with a limit of 5 per cent alcohol will satisfy the appetite but is not intoxicating."

The senator's statement was made in reply to a speech made by his democratic colleague, Senator Woodbridge N. Ferris, who declared that to legalize 5 per cent beer would be to recognize that an appetite for alcohol still exists. The appetite should be killed, Mr. Ferris asserted.

WHEELER PLAYS CONGRESS

Alma, Mich., July 2.—Speaking before the state synod of the Presbyterian church here tonight, Wayne B. Wheeler, general counsel of the anti-saloon league, declared he did not believe Senator James Couzens, of Michigan, had seriously considered the question of liquor enforcement when he advocated raising the alcoholic content of beer to not more than 5 per cent. "If this senator thinks public sentiment is for beer, why have the wets failed three times to elect a congress favorable to it?" he demanded. "Senator Couzens never could have been elected on a 5 per cent or a 3.5 per cent beer platform. This state has spoken on this question."

Beer constituted over 90 per cent of the liquor trade before we had prohibition.

To permit its return would bring back 90 per cent of the political corruption and evil of the former wet regime.

A. S. L. LEADER AUGERED.

Westerville, O. July 2.—Declaring that Senator Couzens of Detroit, "has joined Senator Edwards of New Jersey, Copeland of New York, Stanley of Kentucky, Reed of Missouri and Shields of Tennessee, in their pursuit of the beer wagon," Dr. P. A. Baker of the Anti-Saloon League of America, in a statement here today declared "the people of Michigan must feel very proud of their appointed senator."

Dr. Baker's statement was in answer to recent remarks of the Michigan senator about prohibition including the latter's declaration that 5 per cent beer is not intoxicating.

"It is surprising that Senator Couzens would attempt to use the thrashed over and abandoned argument that was used by the ignorant saloon keeper when they were forced to close the doors of their frog shops," Dr. Baker continued. "We have seen, and has seen, hundreds of cases of maudlin drunkenness produced by drinking beer of less than 5 per cent alcohol."

City Council Will Meet Tonight, 7:30

There will be a special meeting of the city council tonight at 7:30, it was announced at the office of City Manager Fred R. Harris yesterday afternoon. The regular meeting, night of the council is Wednesday. That day, however, this week is Independence Day and it was decided to advance it twenty-four hours because of the holiday. Dredge Goes Down in Escanaba Harbor

The Gladstone Milling and Supply Company dredge, Oceanic II, which had been at work around the St. Paul docks, sank in 24 feet of water Sunday afternoon. No one was aboard when she went down and the cause has not been determined. Early in the afternoon the dredge was seen to list and start to sink, slowly. She was submerged before measures could be taken to prevent it. Work of salvaging the craft will begin at once.

VATICAN ASKS BERLIN TO PUT END TO UPROAR

French Take Over Private Property in Ruhr.

Rome, July 2.—(By the Associated Press)—The Stefanni agency, semi-official organ, declared that, according to information obtained at the Vatican, Pope Pius has instructed the Papal Nuncio in Berlin to make representations to the German government with a view to securing cessation of the passive resistance in the Ruhr.

Duesseldorf, July 2.—(By the Associated Press)—The French seizures under General DeGoutte's recent decree giving the occupation forces power to take over private property for reparations purposes were announced today. Three plants were taken over by the French, the first being a branch of the Krupp locomotive works at Segeroth, a little station near Essen.

Four new locomotives were seized at these works, which are occupied with the manufacture of locomotives instead of big guns. Reports from Berlin state that the capital was greatly excited today by messages that the Krupp works in Essen had been taken over but the dispatches apparently were founded on this seizure of a comparatively small branch.

Take Steel Works.

The other plants seized were a large steel works near Oberhausen, with branches throughout the Ruhr, employing 100,000 men and part of the great Phoenix works near Dortmund in addition to taking over the three private banks of the Ruhr, the French seized the government repair shops and round house near Nien, in the Frankfurt district, the largest repair shop in Germany, seizing 86 locomotives. In connection with the killing of a German at Duisburg for disobeying the curfew order, it is now stated that he was shot by a French patrol and not by the Belgians.

Champ Gate Crasher Has Lot of Bad Luck

Great Falls, Mont., June 30.—"One-Eyed" Connolly nearly lost his other eye on the way out here.

The most famous gate-crasher of all times, hailed as world champion in the art of breaking into prize-fights without a ticket—either paid for or free—was waiting to add forcing his way into the Gibbons-Dempsey fight to his list of achievements. He arrived in Great Falls via the bumper route. On the way, a cinder got imbedded in his sole good eye. For a time, it was feared he would lose his sight entirely. But a local oculist performed an operation gratis and extracted the chunk of burned coal.

Illinois Miners Buy Herrin Mine

Springfield, Ill., July 2.—(By the Associated Press)—Purchase by the Illinois Mine Workers union of the Lester Strip mine at Herrin, Ill., the scene of the riots of last June, was confirmed here tonight by labor union officials. The purchase price was \$725,000. The property was bought, it is understood, to satisfy the heavy damage suit which W. G. Lester, principal owner of the mine, filed against the miners' union to recover damages to his property and by death of 22 men employed by him at the time of the riots. The mine was owned by the Southern Illinois Coal corporation, of which Mr. Lester, it is said, is the principal stock holder.

Toledo Syndicate Wants Willis Stock

New York, July 2.—Thomas Tracey, representing a Toledo, Ohio, syndicate, has made a bid of \$2,000,000 for the 739,000 shares of Willis-Overland stock held by Francis Coffey, receiver in bankruptcy for the Willis corporation. This was disclosed today before Federal Judge Klox in proceedings at which creditors seek to have the stock sold by Mr. Coffey for \$3,000,000 to previous bidders, whose identity has been kept secret.

WONDERS NEVER CEASE.

London.—London to Berlin in less than seven hours! Seems incredible, but nevertheless it's true. That's all the time it took an 11-passenger plane to cover the 750-mile distance between the two capitals the other day. Maybe the Dempsey-Gibbons winner could whip a baggage man.

OHIO SLAYER ENDS HIS LONG HUNGER STRIKE

WHITFIELD FEARED POISONING BY POLICE.

Cleveland, O., July 2.—After going without food for 14 1/2 hours—within 1 1/2 hours of six days—John L. Whitfield, alleged slayer of Patrolman Dennis Griffin, broke his fast late today. He ate a special meal prepared by Sheriff Stannard, consisting of a bowl of milk and a box of Graham crackers, it being his first food since he was arrested in Detroit last Tuesday.

Whitfield told Stannard in the presence of his counsel that he was afraid of being poisoned, and admitted that he had been feigning when he gave sickness as his reason for not eating. "The police told me that I ought to be poisoned and that I probably would be when I was in jail," Whitfield declared, "so I was afraid to eat. I thought the sheriff's office was part of the police department and that they would put poison in my food."

Stannard assured him that his fears were groundless. Furthermore, he issued orders forbidding anybody to see him except his attorneys and the county prosecutor.

Rainbow Commander Visitor to America

New York, July 2.—General Henri Joseph Eugene Gouraud, of France, war time commander of the Rainbow division, "the iron man of the Argonne, saw New York today. Accompanied by army officers who once campaigned with him, he invaded the city hall, penetrated the strongholds of the financial districts, scaled the Woolworth tower, and concluded by paying his respects at Grant's tomb on Riverside drive.

The one-armed general came to attend the Rainbow convention at Indianapolis, July 15. The freedom of the city having been bestowed upon him in behalf of the mayor, he was led into a noisy reception in the stock exchange. Brokers who have fought with him quit their trading posts to shake his left hand and cheer.

"Second Michigan" Stages a Reunion

Camp Custer, Mich., July 2.—Michigan's second infantry today celebrated its 132nd anniversary with an "organization day" at Camp Custer. Michigan has one of the oldest regiments in the army, it having been organized in 1791 and is a participant in over 100 battles and engagements. The plans were also announced today for celebration of Independence Day at the camp. General Foley, camp commander, has invited the public to spend the day here and there will be a horse show, baseball game, swimming, band concerts, boxing and fireworks at night.

Officers Charged With Manslaughter

Eldorado, Kan., July 2.—Charges of fourth degree manslaughter were filed here tonight against the county health officer, the county physician and two county commissioners, following an investigation by the attorney general's office of illegal unsanitary conditions at the Butter county poor farm, which are said to have resulted in the death of John Hays, aged inmate. Ouster proceedings also were instituted against the health officer and against three county commissioners.

Strange's Estate Totals \$200,000

Oshkosh, Wis., July 2.—John Strange, former lieutenant governor and head of the Strange Paper company of Menasha, left a will disposing of an estate with personal property valued at \$200,000. The will appoints his wife and two sons executors. It provides that his wife be paid \$4,000 a year and that this amount later be increased to \$6,000. Strange advised in his will that the executors give "liberal assistance" to the Wisconsin anti-saloon league in which he is deeply interested.

Breckenridge, Minn., July 2.—A posse from Moorhead and Breckenridge in Minnesota and Fargo and Waberton, N. D., was still searching tonight for Edwin Rust who shot and killed Sheriff J. E. Fulker, of Aberdeen, N. D., on a Great Northern train near Wolverton, Minn., late last night.

Immigration Quotas Of Asia, Africa Filled; 3,000 Persons Admitted; 9,000 Are Waiting

New York, July 2.—The number of immigrants who have been examined and allowed to enter the United States since the new quota opened Saturday, passed the 3,000 mark today. The people, many of whom traveled as much as 5,000 miles and spent the entire trip worrying about whether they would arrive in time to enter the country, hurried off the small ferry which runs between Ellis Island and Manhattan, dividing their attention between the friends who rushed to greet them and the towering buildings of lower Broadway.

Some 9,000 others are being held at the immigration station or awaiting aboard ships for their examinations. Thousands will be sent back over the long miles without ever having set foot on the United States.

The quotas of Asia and Africa already have been filled, according to Deputy Immigration Commissioner Ohio and many more will be exhausted when the ships now in port have been examined. Among these will be the Greeks, Turkish, probably the Swedish and Italians and six or eight small European countries.

REJECTED AT DETROIT.

Detroit, Mich., July 2.—About 25 per cent of the 500 immigrants who rushed across the border from Windsor Sunday to become residents of the United States, were rejected, it was announced today. Most of these failed to pass the literacy test. A majority of the new comers were from the British Isles, although there were some French, Italians and Swiss.

FORD POPULAR BUT "OUTSIDE"

COPELAND THINKS PEOPLE WANT HENRY. Detroit, Mich., July 2.—Henry Ford is undoubtedly the choice of the people for president of the United States, but stands very little chance of being nominated by either Democrats, Republicans or any third party, United States Senator Royal Copeland, Democrat, of New York, said here today.

"Throughout the west," said Senator Copeland, who is en route home, "I have heard the name of Henry Ford mentioned prominently in connection with the presidential nomination. Ford would win easily if nominated by either of the old lines. No matter where you go you hear his name mentioned. He is the choice of the masses and the people believe his election would put the country on a solid foundation."

"But when you talk of the Democrats nominating him, that is another question. No one knows whether he favors the polls of the Democrats or Republicans. No party is going to select an outsider, and so far as the major parties are concerned, Ford is out of the running."

SHERIFF GIVES STATE'S CHECK TO MRS. CURRAN

Sheriff Joe Carney has turned over to Mrs. Frank Curran, the \$500 check received at his office for the capture of George Natchoff, escaped convict, who fired the shot which caused Curran's death in the Maple Ridge township man hunt two weeks ago. The reward was earned by a four-man posse—Sheriff Carney and Deputies Bourdelaine, Carlson and Sharkey—and the announcement was made immediately after Natchoff's capture, that the \$500 reward, offered by the prison, would go to the widow of the officer who lost his life in an attempt to arrest the escaped lifer. The check was taken to Mrs. Curran immediately after its arrival from Marquette.

KEARNS FAILS TO GET FINAL INSTALLMENT

CRISIS BREAKS LAMP IN DAY; NO COIN IN SIGHT.

BULLETIN.

Great Falls, Mont., July 2 (1 a. m.) (By The Associated Press)—The Jack Dempsey-Tom Gibbons fight for the heavyweight championship of the world was definitely called off shortly after midnight by George H. Stanton, Great Falls banker, after a last minute conference with Jack Kearns, Dempsey's manager. Kearns, it was stated, agreed to go on with the fight if the promoters would pay him \$50,000 immediately and permit him to take the remaining \$50,000 of the guarantee out of the first gate receipts.

Mr. Stanton stated that he told Kearns that it would be impossible to pay him that amount as the committee he represented had already mailed back checks to those who had advanced sums to make up the final \$100,000 installment.

Great Falls, Mont., July 2.—(By The Associated Press)—The one framed of \$1,000,000 heavyweight championship fight between Jack Dempsey and Tommy Gibbons at Shelby July 4, tonight hung in the balance with Jack Kearns, manager of the world's champion, holding the key to the situation and every indication pointing to a complete collapse of the battle.

The crisis broke late this afternoon when Major J. E. Lane, trustee of the promoters, admitted that the \$100,000 due Dempsey on his \$300,000 guarantee was not raised and that he saw no prospect of raising it unless a bundle of money drops from the sky.

Kearns Threatens.

Calling the newspaper correspondents into a hotel room, Major Lane told them that any statement calling off the bout must come from Jack Kearns or Edy Moulumb of Great Falls who signed the articles of agreement when the match was made in Chicago early in the spring.

Kearns, who has held out for the complete fulfillment of Dempsey's contract from the start, said he would not have any statement to make until midnight, at which time the limit for the payment of Dempsey's final \$100,000 installment expires. The heavyweight champion's manager gave threatening indications, however, that he would leave town with the champion unless the money was raised.

Major declined to reveal how much money had been raised for the \$100,000 fund and also declined to issue a formal statement after he and his associates announced their retirement from all connections with financing the fight.

George Stanton, the Great Falls banker, who personally advanced \$50,000 two weeks ago to make up the second \$100,000 due Dempsey, declared he had no statement to make.

Mr. Stanton and Mayor Johnson closed themselves in the banker's private office and declined to make any statements tonight. The banker two weeks ago personally advanced \$50,000 to make up the second \$100,000 of the \$300,000 which the promoters had agreed to pay Dempsey. Some of those personally interested in the championship battle were inclined to believe the event would go on as scheduled; others, however, were extremely pessimistic.

Gladstone Firm to Build H. & J. Dock

Contracts for construction of the new Hansen & Jensen dock in the Escanaba harbor have been let to the Weber Dredging company of Gladstone. Work will start immediately and an attempt will be made to complete it by the last of September. The new dock will be constructed on the site of the "gravel dock." It will be 300 feet square, constructed of wooden timber and filled with sand. The structure will provide an adequate docking place for small craft now being used and will greatly improve the appearance of the Escanaba harbor.

WIFE DEFENDS FLOGGING BOSS

Says Strap Higginbotham Used Weighed Only 1 1/2 Pounds

Lake City, Fla., July 2.—Testimony tending to show that the whipping given Martin Tabert, North Dakota youth, was "within the law" was introduced by the defense today in the trial of Thomas Walter Higginbotham, former convict whipping boss, charged with the murder of Tabert. The state is contending Tabert died after being struck 75 times to 119 times by Higginbotham.

Ten witnesses, in answers to questions propounded by the defense, said only 8 to 10 licks were given Tabert. They also allege Tabert was able to go to work the following day after the whipping which occurred on Friday, Jan. 27, 1922, and performed hard labor.

Mrs. Higginbotham, wife of the defendant, was the last witness heard today. She said she was an eye witness to the whipping and that only 8 or 9 licks were struck. She also declared the strap used by her husband weighed only 1 1/2 pounds.

Detroit, July 2.—William Mayo, chief engineer of the Ford Motor company, today accepted appointment as general manager of the Detroit's municipally owned street railway system. Appointment as head of the street railway system was offered Mr. Mayo after a conference between Henry Ford and Edsel E. Ford and Mayor Frank Doremus, at which the city was promised all possible assistance from the Ford organization in solving municipal ownership problems as they apply to the street railways.

Elkhorn, Wis., July 2.—Sidney Smith, Chicago cartoonist, will pay honors to Maj. Gen. William H. Haan, one of the world's greatest commanders at a Legion celebration here on the Fourth of July. Maj. Gen. Haan, who led the boys from Wisconsin and Michigan to the World War as commander of the "Fighting 32nd" division will be the speaker of the day. Mr. Smith will fire the 13th salute for the major general.

Miners Will Strike Against Pit Guards

S., July 2.—The miners of Cape Breton, district No. 26, United Mine Workers of America, will strike at midnight Tuesday unless withdrawal of provincial police and federal troops from Sydney has begun by that hour, union officials said tonight. ### DOUBLE FUNERAL FOR VICTIMS OF AUTO ACCIDENT

The victims of the fatal accident of Saturday when Train No. 216 hit an auto at the West Gladstone crossing are doing as well as can be expected at St. Francis hospital where they were rushed, following the collision.

Up to a late hour yesterday Mrs. Wm. Busineau and Miss Alice Robbins were resting easily and were gradually getting over the effects of the shock. No visitors are allowed to see them and although it is hard to refuse their relatives and friends admission to their rooms, the public will readily understand that it is for their good that visitors are not allowed to enter their rooms.

**Mother Not Told.**  
Mrs. Busineau has been informed of the death of her little Wilfrid, but does not know that her husband has died. She inquires for him constantly and her pastor, the Rev. Fr. Coignard of Perkins will break the news to her gently at a later date when her nervous condition will permit him to do so. Hundreds of persons have called at the hospital to see the accident victims but it will be impossible to allow any one to enter their rooms as this order is for their own good.

Mrs. Busineau and Miss Robbins will recover providing they get the absolute quiet which their nervous conditions require. The funeral of Mr. Busineau and little daughter, Wilfrid, will be held this morning at nine o'clock at the Catholic church at Rock when Rev. Fr. A. Coignard will be the celebrant at the requiem high mass. Burial will be in Rock cemetery.

## BISHOP SPEAKS AT ST. JOSEPH 50TH JUBILEE

### Stirring Sermon, Splendid Music Features of Occasion.

Sunday, July 1, will remain as a red letter day in the memories of the large number of persons who attended the double jubilee which was celebrated at St. Joseph's church in honor of the 50th anniversary of the building of the church and the 25th anniversary of the ordination to the priesthood of Rev. Fr. Bertrand Labinski, O. F. M., pastor of the parish.

Long before the hour set for the service had arrived, the church was filled with the faithful, not only from the parish but from every denomination and creed. The church had put on a gala appearance and was most artistically decorated for the occasion. Long streamers of white and gold cloth were festooned from the ceiling to the chandeliers, and draped from one window to another along the sides of the church and across the choir loft. The profusion of beautiful flowers, all white and gold, was out of the ordinary. The altars were fairly hidden from view by white daisies with yellow centers and the foliage of vivid green added a wonderful background for the setting.

**Impressive Procession.**  
The procession from the rectory to the church was a sight never to be forgotten. Four hundred and fifty members of the Holy Name society formed a guard of honor to the Bishop and the Jubilarians and they were preceded by the cross bearer and two candle bearers. Following them were 24 little girls in white, each carrying two large, white peonies, on their heads were wreaths of smylax entwined with silver tinsel, following them were 28 altar boys in red cassocks and white surplices the larger boys wore black cassocks and white surplices.

Then followed Rev. Brother Joseph who has been at St. Joseph's church since 1889 and Rev. Brother Stanislaus Labinski of Louisville, Ky., Rev. Fr. Eugene Buterman, O. F. M., who the first Franciscan pastor at St. Joseph's church 40 years ago when the Bishop ceded the church to the Franciscan Fathers. Rev. Frs. O. J. Bennett, Gladstone; P. N. Fillion, Spaulding; Albert Pellastier, St. Anne's church, city; W. Welbely, St. Patrick's church, city; Daniel, O. F. M., St. Joseph's church, city; Wm. Geers, Bark River; Fr. Geysnet, Flat Rock; Seifert, Dargott; Peter Munderfeld, Munising; V. C. Szymanski, Gogebic; Doyle, Foster City; Schaal, Rapid River; Hubert Lorenz, O. F. M., Peoria, Ill.; Brother Germain, O. F. M.; and Frater Paul Sauvageau, St. Norbert's College, DePere, Wis.

**Formic Pastor Present.**  
Next in line were the Jubilarians, Rev. Fr. Bertrand, O. F. M.; Rev. Frater Alvin Christoff, O. F. M., Cincinnati, O.; Rev. Fr. Julius Henze, O. F. M., Calumet; and Rev. Fr. R. G. Jacques, of St. Anne's of this city. The deacons of honor to the Bishop the Very Rev. Henry Bucholtz of Marquette and Rev. Fr. James Miller of St. Francis hospital, city, preceded the Right Rev. Bishop J. P. Nusbaum, D. D., in his pontifical robes of purple.

Arriving at the sanctuary the bishop ascended the throne and the celebrant ascended the altar steps to celebrate the solemn jubilee mass, "coram Episcopo."

Rev. Fr. Daniel, O. F. M., gave the announcements - for week. The mass was one of the most solemn ceremonies which ever took place in the state. The occasion of the golden jubilee of the church and the silver jubilee of the Pastor made it the most happy moment in the lives not only of those who took part in

the elaborate program but in the lives of members of the parish who were grateful for having been given the privilege to attend such a wonderful ceremony.

Rev. Fr. Bertrand, O. F. M., was the celebrant. Rev. Fr. Alvin Christoff, O. F. M., was deacon. Rev. Fr. Julius Henze, O. F. M., was sub deacon and Rev. Fr. R. G. Jacques was master of ceremonies.

**Fr. Lorenz Speaks.**  
The Silver Jubilee sermon was delivered by Rev. Fr. Hubert Lorenz, O. F. M., who spoke in a clear and distinct voice. He recalled the various parishes in which the Jubilarians has labored as a priest, he told of the club houses in the state of Illinois, which stand as monuments to his work as an organizer among men and boys. He told of the interest he had taken in Parochial schools of which he had been the principal and the great success of these schools over which he presided with the care and interest of a father. He recalled the number of times when the Jubilarians mounted the altar steps to offer the Holy Sacrifice of the mass thousands of times in the twenty five years of his priesthood. He also recalled the years of faithful work in the service of God, 23 years of which were spent in the state of Illinois.

Right Rev. Bishop Nusbaum addressed the parish on the golden jubilee of the church and congratulated the members for the loyal support they had always given their pastors when they had to work here under trying circumstances to build the beautiful edifice which now stands as a monument to their labors.

**Beautiful Music.**  
The choir to which had been added more voices for the occasion is deserving of much credit for the excellent program of music which was rendered. To Miss Eva Cossette the organist and John Christoff as musical director much credit is due for the beautiful and harmonious ensemble of voices which added so much to the solemnity of the celebration.

A dinner was served at the club rooms to the visiting clergy and members of the local clergy also to relatives of Fr. Bertrand who came to this city for the occasion. The decorations which were in charge of the Sisters of Notre Dame were out of the ordinary and many pleasing comments were heard about the beautiful assembly of white, gold and silver with suitable banners which adorned the club rooms.

An excellent menu was served by six young ladies in white and the preparations of this were in charge of the ladies of the parish.

**Banquet and Program.**  
A six o'clock banquet was served followed by an excellent program.

This jubilee will go down in the annals of the history of the church as a never to be forgotten day.

Monday morning a solemn high mass was celebrated by Rev. Fr. Buterman, Rev. Fr. Hubert, O. F. M., and Rev. Fr. Alvin, O. F. M., assisted as sub deacon, Rev. Fr. Daniel, O. F. M., was master of ceremonies. Rev. Fr. Buterman addressed the congregation on the occasion. A large number of people attended the services.

### SPEAKER URGES CHECK AGAINST 'ENEMY WITHIN'

#### Dr. Perry Appeals for Support of Legion Work and Ideals.

The constitution and the governmental structure of the United States never will be seriously menaced by exterior enemies; it is ever in jeopardy, that menace will come from the enemies within the nation's borders. Dr. Frederick A. Perry of Detroit, director of Boys' Work on the state staff of the American Legion of Michigan, told a joint session of the Rotary and Kiwanis clubs yesterday at the Peterson Inn at Ford River.

Dr. Perry's address, one of the most inspiring and interesting of the luncheon clubs have ever heard, was one of a series of public appearances he will make in this territory in the interests of the Legion's children's billet at Otter Lake—the only institution of its kind supported by the veterans' organization in the United States.

**To Legion Last Night.**  
Last night, at a dinner in his honor, given at the Delta hotel by members of the Legion and Legion Auxiliary, Dr. Perry reviewed in detail the origin, the history and the progress of the Otter Lake institution, and discussed other welfare and relief measures of particular interest to former service men.

"America of the Future," which was Dr. Perry's subject at Ford River, was a frank, straight-forward and stirring plea for better Americans and a better America. Describing himself as an optimist and begging his hearers not to believe that he was attempting to paint a gloom picture, the speaker listed some of the factors which, he said, were working for the downfall of the constitution and the republic.

Among these he mentioned the radical propagandist who is teaching doctrines of communism, the foresters of class hatred and religious intolerance and the citizen who is indifferent or negligent to his citizenship duties.

**Tribute to Legion.**  
He paid an eloquent tribute to the American Legion, its ideals and the work it is doing for disabled war veterans, their families and dependants, and the ideals which he believes will make the organization one of the major factors in saving the constitution from its enemies.

Recalling Lord Macaulay's gloomy prediction that "the experiment in self-government" in the United States would fail, not as the Roman empire failed before the barbarians from without, but before the attacks of "barbarians created within her own borders," Dr. Perry declared his confidence in the future welfare of the nation, but admitted that there is cause for apprehension among thoughtful students of conditions.

The first step in bringing America on the path which means her future stability, he asserted, was to restore to the home, the church and the school to their old place among the institutions of the country. Home life, religion and education are vital factors in civilization, he asserted, and by the latter he meant, he said, "not only the teaching of

ways to make money," but the making of broad, tolerant and intelligent citizens.

**Wipe Out Class Hatred.**  
"Every capitalist who is worth the powder to blow him up is a laborer and every laborer in America is, in a measure, a capitalist," the doctor declared, and he characterized the men who are attempting to build barriers between the two classes, both necessary to an industrial system, as enemies of the republic. "Confidence must be established. Capital cannot be harassed and Labor cannot be oppressed," he said.

"Each must recognize the other and appreciate the other." The organizations and publications which are fostering and building religious intolerance, attempting to align Protestants against Catholics and Jews, and to tear down great moral influences like the parochial schools, were denounced by Dr. Perry. Legionaires, he said—men who have fought together in the trenches of France—will never permit such movements to gain great headway in this country, he declared.

**Advocates Preparedness.**  
The need for a deeper and more profound patriotic spirit, reverence for American history, for American institutions and the American flag, was declared by Dr. Perry to be a vital one. Internationalism was characterized as "asinine stupidity," and dangerous.

Preparedness for war as the only sure method of keeping peace, was advocated. Millions of dollars are being spent, he said, in the attempts of pacifists to convert clergymen and teachers of the country to their doctrines. "We of the Legion hate war. We know its horrors," he said. "But we know that the only way to prevent war is to be too strong and too well prepared for any nation to attack us."

"Our armies will not be maintained for fighting but held in readiness, like a fire department—always prepared, yet hopeful that their services will not be needed."

**Pleads For Legion Support.**  
The American Legion, Dr. Perry asserted, "is the organization from which will be broadcasted the spirit which will guarantee the future of the republic. It was born, he said, under fire, not as a military organization but one dedicated "to God and country," pledged to the support of the constitution and American ideals. It recognizes no class, no religious creed. It aims to build for brotherhood and unity and justice and patriotism, to care for the disabled men in the ranks of former service men and their wives and children, and it is worthy of the support and confidence of every true American.

For that reason, he urged members of the clubs he was addressing to support it in all of its undertakings, especially along relief lines.

Officers of the Legion were guests of the clubs at the luncheon. R. R. Kenseel of the Kiwanis club led the assemblage in a number of patriotic songs. A. H. Ryal of the Rotary Club presided.

### St. Stephen's Is Honored By Visit Of Rt. Rev. Bishop

Right Rev. Bishop R. L. Harris of the Episcopal Diocese of Marquette was in the city Sunday and delivered an eloquent sermon at the ten thirty o'clock services at St. Stephen's Episcopal church.

His oration was a plea that America should accept a full responsibility for the establishment of a new world according to the principals of Christ. There was an unusual large attendance at the church and the audience greatly appreciated every word of the eloquent sermon which was delivered with a clear enunciation.

The Right Rev. Bishop Harris left Monday for Iron Mountain where he will visit with the Rector of the Episcopal church of that city.

**WOMEN SHOULD ACT QUICKLY**

When a woman finds herself afflicted with backache, headaches, nervousness, dragging-down pains, pain in her side, irregularities and irritability, dark circles appear under the eyes and her complexion gets sallow, she may be sure the underlying cause is some ailment peculiar to her sex. Such women should act quickly and take the great American remedy for such conditions, Lydia E. Pinkham's Vegetable Compound, and they may be saved years of suffering. For generations this old-fashioned root and herb medicine has been restoring ailing women to health, and it may be relied upon with perfect confidence. Adv.

# Cowboys!

—in the Northern Pacific Country

ON AND off, for a thousand miles or more, the Northern Pacific runs through a land where the cowboy is a familiar part of the landscape. You see him at railroad stations or galloping "cross-country, or on a hillside, a mile away, rounding up his charges.

The cowboy is as picturesque a figure as ever was. See him at a "round up"! See him mount and utterly subdue a broncho! See him rope, throw and tie a steer—in 37 seconds! Whew!

When you go west, this summer, plan your trip so that you will be present at at least one of the "Wild West" celebrations listed below: Whoopce-ee!

**"She's Wild" Roundup**, Bozeman, Montana, August 3, 4  
**Frontier Day**, Cheyenne, Wyoming, July 24 to 27, Inc.  
**Annual Roundup**, Pendleton, Oregon, Sept 20, 21, 22.

Bozeman is on the Northern Pacific's main line. Cheyenne is on the Billings-Cody-Denver line of the Burlington Route—see the map—and can be visited on the way back from Yellowstone Park. Pendleton is easily reached from Spokane.

Looking into the future to the next business depression, economists are redoubling their efforts to find a way to stabilize the buying power of the dollar. Herbert Hoover especially interested.

Most of the suggestions for stabilization have to do with gold manipulation—regulating the amount of gold back of each dollar.

If you could come back to the United States a couple of thousand years from now, you'd find the gold system junked and money based on units of human energy—a bricklayer, for instance, exchanging an hour's work for an equivalent value of some one else's production. ## "THE MISFIT"

BY JANE PHELPS

NATALIE LEARNS WHO IS MISTRESS. Chapter XI.

Natalie knew her dress was becoming, that she looked well. Her beautiful hair, worn in her usual simple fashion, was carefully dressed, the delicate rose of her gown harmonized with her coloring. Yet Mrs. Crandell gave no sign of pleasure.

"What shall we do tonight, Mother?" Horace asked. "What about a theater?"

"Not tonight, dear son. We'll play chess. Mrs. Baxter was here to luncheon, and she told me of a play that would interest me. I have forgotten what it was, but I will have Ann call her up and then we'll plan to see it."

At the mention of the theater Natalie's eyes had brightened. But evidently she was to have nothing to say in the matter. And while Horace was very attentive to her, tried to draw her into the conversation, she couldn't help but feel that her wishes would be second with him. That Etta was coming, would see her new home, her lovely things, comforted her a little. Yet she was glad when the long dinner was over.

"We'll be with you presently, Mother," Horace said, as he left Mrs. Crandell at the door of her room.

"Oh, Horace, there is so much I want to talk to you about! Can't you stay with me a while?"

"I'm staying. What is it, dear? You are very lovely tonight, Natalie."

"Horace, whose house is this?" Natalie asked abruptly. "Mine, why?"

"I thought perhaps it belonged to your mother. If it is your house, I am the mistress—"

"I shall miss your excuses to Mother."

Natalie made a wry face as he went to his mother's room. Must one make excuses for not sitting like a block of wood while his mother amused herself? Oh, these society ways, would she ever learn them—to like them?

"There's a girl asking for you," announced the maid. "Oh, bring her right up!" Natalie interrupted.

"But—she—"

Natalie flew past the maid and down the stairs.

"Oh, Etta! I'm so glad to see you! Don't take off your things down here. Come up to my room." Etta had been about to divert herself of her hat and wrap in the hall.

"This is some swell!" Etta declared as they went up together. "It almost scares me."

"It does scare me," Natalie returned.

## FATHER BEATS SON IN SLAB BATTLE, 7 TO 5

It was the case of father and son battling for honors in a pitching duel Saturday afternoon on the Court House grounds, when the Rotarians of this city and a group of collegiate stars engaged in an exhibition tilt of indoor baseball. Age was pitted against youth in this engagement, science was matched with skill, and strange to relate, age and science triumphed by a 7-5 count.

William S. Crowe, quondam satellite for Manistique in the days of yore, proved that age was no barrier in a brilliant comeback in his favorite pastime when he held the enemy to six scattered hits, the marks registered against him being the result of errors. On the other hand, attempting to worst his father in the argument, Stanley Crowe was on the bill for the younger athlete, and the brand of ball he twirled seemed to reveal a sort of pitching inheritance.

Up to the seventh stanza, the score was a five all affair, with every indication that the youthful artists would stage a rally and register a win. But the masterly hurling of Mr. Crowe, Sr., and the wonderful support accorded him both in the field and at the plate proved too much of an enigma for the collegians, who played brilliantly, however, and took advantage of the enemy's miscues. In the ninth inning, the Rotarians amassed a total of hits, good enough for two markers, and incidentally for victory. Vern Smith cavorted at left short for the elders, knocking 'em down with the accuracy of a big timer. W. S. Crowe and Gonyea performed for the Rotarians, while Stanley Crowe and W. Drevdahl fired for the losers.

## Lakeside Giants Defeat Oklandals

## LOCAL WOMAN TELLS OF FIRE IN MINNESOTA

### Mrs. H. Johnson Narrowly Escaped Disastrous Blaze.

Mrs. H. Johnson of Cherry Street, who recently returned to the city after a six week's visit in Alden, Minn., related upon her return, the sad tragedy that snuffed out the lives of five persons and injured three, by a fire that completely wiped out the domicile of the unfortunate victims in that place during the latter part of May. Two of the people caught in the path of the spreading fire were cousins of Mrs. Johnson, while three children, Leroy Boetner, 7, Lee Boetner, 5, and Richard Boetner, 4, were children of Mrs. Boetner, nee Fethke, another cousin of Mrs. Johnson, and all save the mother perished in the flames.

At Another's Home. Mrs. Johnson had arrived in Alden the Saturday evening preceding the fire, and had gone to the home of another relative for a visit. Early on Sunday morning they received a message to the effect that the Fethke home was completely enveloped in flames. Rushing to the home, neighboring farmers were repelled from rescue work because of the intense heat and the rapid spread of flames. August Fethke, the father of William and Helen, who perished in the fire, and the grandfather of three young children, was the first to note any signs of fire. Shortly after one o'clock in the morning, he sensed smoke, and immediately sprang from his bed to locate the source; he opened the door of an adjacent room and a volume of smoke poured out. He aroused the occupants of the first floor, and when he attempted to ascend the stairs to the story above, flames repulsed his efforts.

Two Escape. His daughter, Mrs. Boetner, with a ten day old babe, and Mrs. Fethke, who slept on the ground floor managed to escape the clutch of the maddening flames without serious burns. Mr. Fethke received bad burns when he rushed a ladder to the second story from the exterior of the building in an effort to arouse the sleeping occupants; but the residence by this time was on the verge of collapse, and the five victims were left to perish in its ruins.

After the fire had subsided and the place made accessible, the bodies, burnt to a crisp, were located and placed together in a steel vault. Eight hundred people from nearby towns and villages assembled for the funeral services, which were the saddest and most impressive ever conducted in Alden. During the services, Miss Theresa Leibhaber, who was to have been married to William Fethke the Wednesday following the catastrophe, fainted and a brother of the unfortunate victim swooned away shortly afterwards. The two mothers of the deceased were able to attend the last rites.

Origin Unknown. The origin of the fire was unknown. At first it was thought that it had originated from the basement where some incubators had been placed, but the father, Augustus Fethke, started after the services, that no fire had been built during the day in his connection. The house and its contents were but lightly covered by insurance. Four hundred dollars, an amount that had been intended to pay off a debt on Monday were also lost.

CARD OF THANKS. We wish to thank our many friends for their kindness and sympathy manifested during our recent bereavement and especially to those who contributed so many beautiful floral offerings. To members of the fire department and Woodman Band, we desire expressly to express our appreciation.

Mrs. Joseph Bruckmayer and family.

## MUSIC LOVERS HEAR RECITAL BY PIANISTE

Some twenty-five lovers of music gathered at the home of Anna Coryell Owen on Park Ave. Friday evening and gave ear to a program given by Bernice Olson. In addition to the five piano solos rendered by Miss Bernice, she also participated in a piano trio and duet, sang a solo, and played the accompaniment for two songs rendered by little Esther Nelson. All the different numbers of the musicale were given in a very pleasing manner and showed excellent work on the part of so young a pupil.

The Program: Piano Trio, Graduation March—Streabog—with Mrs. Carlson and Mrs. Owen. Piano Solo, Tryolean Shepherd Boy—Oosten. Piano Solo, Heather Rose—Grieg. Victrola, To Spring—Grieg (Maude Powell). ## WOODMAN BAND TO GIVE FIRST CONCERT TONITE

The Woodman Band, under the able direction of George Hamill will render the first of a series of ten concerts at the Court House Square this evening at eight o'clock. In compliance with an appropriation made by the City Council a short time ago, the local band will furnish music to the Manistique public until the series of ten concerts are completed. A concert will be rendered next Tuesday evening in the same location, and on Thursday evening of the same week the band will entertain the sick at the local sanitarium. The program for this evening follows: March—Governor Wood Flies Fox Trot—When the Leaves Come Turning Down. Overture—Iron Count. Waltz—Through the Night. March—Trinity Bells. Fox Trot—Apple Sauce. March—American Bandmen. The Star Spangled Banner.

## Three Famous Stars in Feature Movie

Three famous screen stars, Betty Compson, Bert Lytell and May McAvoy, appear in George Fitzmaurice's superb Paramount production, "Kick In" which comes to the Gero theater on the evening of July Fourth.

While it is admitted that in some pictures too many outstanding players might give a "crowded" effect, nothing like this is possible in "Kick In" because of the act that while the production contains eleven persons of stellar and near-stellar rank, the scenes are so divided that the players appear in groups.

The featured players are Betty Compson, Bert Lytell and May McAvoy, while others in the cast include Gareth Hughes, Kathleen Clifford, Mary Kelson, John Milner, Walter Long, Robert Agnew, Jed Prouty and Carlton King.

## Bishop Nussbaum Visitor Saturday

Rt. Rev. P. Nussbaum, D. D., of Marquette Diocese passed through the city Saturday evening enroute to Escanaba, where he attended the Golden Jubilee anniversary of St. Joseph's church. While here the Rt. Rev. Bishop was the guest of Rev. Fr. Schevers, O. Praem, pastor of St. Francis de Sales church.

Saturday evening at 7:30 o'clock, Bishop Nussbaum gave an inspiring and forceful address to a large number of the members of the congregation. He particularly emphasized the need of an upright Christian life for the integrity of the nation. Accompanied by Rev. Schevers, the Rev. Bishop motored to Escanaba Sunday morning.

## Gives Her Testimony As Duty To The Public

Mrs. A. Tangenberg, 750 Oakland Ave., Grand Rapids, Mich., is another who gives the public the benefit of her experience with Tanlac as a stomach corrective, appetizer and upbuilding tonic. "Tanlac always gives me splendid results," says Mrs. Tangenberg. "I first began using it for stomach trouble two years ago and it gave me perfect and full relief. When I consider how bad my condition was and how much I suffered the results Tanlac brought me simply seem wonderful.

I have continued to use Tanlac from time to time as a tonic and builder, and it never fails to increase my appetite, tone up my system, and give me plenty of strength and energy. Everybody who feels the need of a good tonic at this time of the year will certainly benefit by taking Tanlac. It hasn't an equal."

### Independence Day Here To Be Full of Fine Events.

From the cannon salute early in the morning until late at night, Manistique residents are assured a day of merriment tomorrow, in observance of the Independence Day program. The committees appointed to arrange events, held a special session Saturday evening in the department store of L. Rosenthal to outline a definite program, and to make such changes as deemed necessary to make the day a round of continuous pleasure.

The parade will start at the White Marble Lime company's office at 8:30 a. m. sharp. The committee for this event urges all those who intended to file in formation, to be there at this hour in order to expedite the events of the day. After the dispersal of the line of march, Geo. W. Carr, of Escanaba, will give the Independence Day address, preceded by the reading of the Declaration of Independence. The baseball game is scheduled for 10 o'clock, and this will complete the morning's doings.

At one o'clock in the afternoon, the various street events will commence on the West Side, and upon their completion these duplicate series will be run off on the East Side on Cedar street. The afternoon ball game will start at three o'clock, the second game of the series scheduled with the Illinois Giants. After the ball game, a series of pony and horse races, bicycle races, and foot races, will be conducted. At seven p. m., three boxing contests are slated to take place on Cedar street. Handsome prizes are being offered to the contestants in these events, and already several youths have signified their intention of meeting some tough opponent. Oral Hupfer, Chas. Underwood, O. R. Fondren, and F. J. Gonyea will conduct the different street events.

Fireworks on a large scale will conclude the free entertainment of the day. They will be exhibited from some vantage point on Lakeside. Several dances are slated for the evening in the city and county. A good time is assured those who attend the city dance in the K. C. Hall, while Manager Fitch at the Fitch's pavilion has arranged for a carnival dance.

## BISHOP MAKES FIRST VISIT TO GLADSTONE

### Special Service Held Last Night at All Saints' Church.

The Right Rev. Paul J. Nussbaum, D. D., Bishop of Marquette diocese, made his first visit to his people of All Saints' Catholic church last night at special services conducted by the Rev. O. J. Bennett, pastor, the Rev. Father Raymond R. Jacques, pastor of St. Anne's church, Escanaba, and the Rev. Father Albert Pellissier, assistant pastor of St. Anne's church.

The services held in honor of Bishop Nussbaum's visit here as the guest of the Rev. Father Bennett, were most impressive. The large church was crowded to the doors with members of the congregation and their friends who had not before had an opportunity of coming in contact with the head of the diocese, who a short time ago succeeded the Right Reverend Bishop Eis, recently retired.

The sermon was delivered by the Right Rev. Bishop Nussbaum who addressed the members of the congregation, expressing his pleasure in being able to visit them, complimenting them on the beautiful All Saints' church building and urging them to continue in the practices of Christian faith and charity.

During the services special music was given All Saints' choir, among the numbers being a solo, "Ave Maria," and a trio, "O Salutaris," by Misses Gertrude Schustarich, Flora LaRoche and Maurie McDonald.

The services were conducted with the assistance of the Right Reverend Bishop with the Rev. Father Jacques as deacon and the Rev. Fathers Pellissier and Bennett as sub-deacons.

At Jubilee. Bishop Nussbaum's appearance here last night marked his first visit to Gladstone. He visited at Escanaba during his tour of the upper peninsula shortly after his appointment as head of the diocese, but at that time was unable to come to this city. His attendance at the golden jubilee celebration at St. Joseph's church in Escanaba Sunday gave him the desired opportunity and he extended his stay for a day to permit him to visit his congregation in Gladstone.

### LOCALS DEFEAT MUNISING, 5-2

#### Joe Van Goethan Given Shower of Clouts by Former Mates.

The Escanaba baseball club staged a shower for their former laymate, Joe Van Goethan, Sunday, when he started on the mound for Munising at South Ark. They presented him with a bunch of stinging wallops that sent him running for cover in the second inning, walloping his offerings for several runs to lead the Algerians all the way. The final score was 5 to 2 and three of the local allies were made during Van Goethan's occupancy of the slab. Van finished the encounter in eight field and obtained a small measure of revenge for the treatment accorded him, by driving out the pitcher in the third inning, soaking the first ball thrown to him by Krasnicky over the left field fence. There was nobody on the sacks at the time and one marker as all that the clout produced.

Krasnicky's effective. Frank Krasnicky pitcher steady and consistent baseball, and although he frequently had men on base, he worked himself out of the difficulties nicely and the result was a highly interesting game of baseball.

A crowd of about 1,000 fans saw it. It was one of the biggest games of the season. Escanaba scored its first run in the opening inning. Olmsted worked Van Goethan for a pass, but was thrown out. Boyak took Johnson, a moment later, Cully again singled, and was safe at second when Mallie bobbled. Three outlets singled and Lantz sped home.

In the second inning, Smith walked, went to second on E. Deslett's sacrifice and scored on Morgan's double. Krasnicky was hit by a pitched ball, and Olmsted tried, driving in the local's third run.

In the third inning Smith was safe on an infield error, advanced on an infield out on Krasnicky's hit. That was all until the seventh. Terry doubled and was driven home by Smith who singled. Van Goethan added a bit more revenge at this stage of the game by going far to his left to rob Ernie Deslett of what looked good for two bases, by making a sensational catch and doubling Smith at first.

Colored Boys Today. Van Goethan's four bager was the first Munising rally. The second was cleaned in the fourth inning by means of Johnson's single, base on balls which placed him in position to count on Boyak's double.

The Deslett brothers furnished the local club with its fielding features, both getting a pair of difficult fly balls.

The Illinois Giants, Chicago colored team, plays here this afternoon and Marquette comes here early.

### LITTLE MONEY ON BIG FIGHT PLACED HERE

"I hope Gibbons wins but I don't think he can."  
This statement sums up the discussions in Escanaba of the Tom Gibbons-Jack Dempsey heavy-weight fight tomorrow in Shelby, Mont.

Gibbons is not without his backers, however. A number of followers of the sport give him better than an outside chance in their personal opinion of the outcome, but little money has been placed and very little will change hands here.

One man, it was learned yesterday, bet \$100 at even money that Gibbons would last at least eight rounds; another has \$40 that the bout will go at least seven rounds. Odds, in the few wagers made, are at 2 1/2 to 1 to one.

Only one of the freak bets which generally accompany such sporting events had come to light up to last night. An Escanaba sportsman bet \$5 to \$25 that he could pick the round without reference to who would win and placed his guess in an envelope to be opened by the stakeholder after the fight.

### Giants Drop First of Phillie Series

### SCHOOLCRAFTS WIN LONG TILT

#### Manistique Defeats Marquette in 10 Frame Battle Sunday.

Manistique, July 2. (Special)—Those pesky Manistique athletes made it four straight wins on Sunday and moved into second place in the Upper Peninsula golf-chase in virtue of a victory over Marquette. It took a ten-furlong brawl chock full of thrills to do the trick, but it was a heat lacing administered to the Prison City boys in the form of a 5 to 4 verdict. And by Bill Vassau, hero of many a battle, gets credit for the win, but no one can remain oblivious to the work performed by his team mates.

A double and two singles constituted Vassau's contribution by way of the stick, and when he went to the hill in the last half of the eighth frame to replace Crittenden, he added further laurels to his day's achievements. In the three stanzas he toiled he was touched for four blows, but they resulted in naught.

### UPBAYS TAKE ONE, TIE ONE

#### Gladstone Wins Sunday, 13 to 1; Battle Monday to 12-inning 2-2 Tie.

Gladstone, July 2. (Special)—The Gladstone Legion and the Chicago Bears battled yesterday afternoon to a 12-round draw, the game being called at the conclusion of a dozen sensational innings with the count 2 to 2. Darkness stopped the play at 8:30.

Big Bill Johnson on the hill for the up bays veterans, and Young, a young man of no mean parts in the art of pitching, were the heroes of the encounter. Gladstone got but four blows off Young, while the lanky collegian was touched for nine, but the Bears' tallies were well scattered and good support helped materially.

Gladstone scored one run in the first inning. The Bears tied it in the fourth. Gladstone again took the lead in the eighth and the Bruins again came from behind with a tying marker in the first half of the ninth. That was all there was to it as far as scoring was concerned, the teams battling on even terms until night fell.

By innings it was: R. H. E.  
Bears 000 100 001 000—2 9 0  
Gladstone—100 000 010 000—2 4 0  
Batteries: Young and Wolfe; Johnson and Foye.

### UPBAYS WIN SUNDAY.

Gladstone got away with the first win when they defeated the Chicago Bears in the game on Sunday, 13 to 1. But Kuba was working in fine shape, striking out 16 men and allowing only three hits. In the meantime the locals nicked Vandienes for a total of 13 hits which coupled with bad plays on the visitors' part netted them an equal number of runs.

The visitors were handicapped through not having their regular catcher with them for the opening game. Schilling is the player usually playing that position but he and a brother who is a star pitcher were forced to stay behind because of the death of some relative in Chicago.

### TODAY'S EVENTS.

Twenty-five years ago today Uncle Sam's ships destroyed the Spanish fleet off Santiago.

Sixty years ago today the North became greatly agitated over news that the Confederates under Gen. Morgan had crossed the Ohio.

### Cincinnati Beats Chicago, 9 to 8

Chicago, July 2.—Cincinnati came from behind and after being held to two hits for six innings launched a new vicious attack against Grover Alexander and drove him off the mound in the eighth inning, winning the first game of the series from Chicago today, 9 to 8. Home runs, extra base hits and errors were responsible for Chicago's runs.

Score: R. H. E.  
Cincinnati 000 000 441—9 13 5  
Chicago—104 020 100—8 10 3

### Walker and Padgett Fall Out of Ring in Eleventh Round

Newark, N. J., July 2.—The 12 round bout here tonight between Mckey Walker of this city, world-weight champion of the world, and Cowboy Padgett, of Dolores, Colo., came to a sudden end in the eleventh round when both fighters tumbled out of the ring into the press box. Two of Padgett's ribs were broken and he was unable to continue.

### Ruth Clouts Out His 15th Home Run

New York, July 2.—The New York Yankees hammered three Washington pitchers at will here today, winning, 13 to 1. The Yankees knocked out 13 hits for 30 bases. Ruth leading the charge with a home run, his 15th of the season, a triple and a double.

### Five Homers Only Ironwood Markers but Team Wins, 5-3

Ironwood, Mich., July 2.—Five home runs featured the victory of Ironwood over Bessemer Sunday, 5 to 3, with Eddie Foster of the St. Paul association being knocked for two and Lefty Hoelt local product, for three. ### Suzanne Will Not Meet Molla; Yank Girl Champ Loses

Wimbledon, England, July 2.—(By The Associated Press)—The tennis fans of this world will have to get along this summer without either seeing or reading about a match between Suzanne Lenglen, of France, and Mrs. Molla B. Mallory, of America. For this, Mrs. A. C. Bemish, one of Great Britain's best tennis players, is to blame. It was she who stopped Mrs. Mallory this afternoon just when the American champion was rushing toward another collision with Suzanne.

EARLY DAYS OF ST. JOSEPH'S ARE RECALLED

Interesting Program Given Last Night in Parish Hall.

Surpassing by far the expectations of the various committees in charge of the jubilee which was held at St. Joseph's church was the grand success of the entertainment which was staged Monday evening at St. Joseph's auditorium when a capacity was entertained for more than two hours with an excellent program of music and singing addresses and talks by the jubiliarians, visiting priests and local men who had charge of the preparations for the jubilee celebration.

The stage was elaborately decorated with cut flowers in large baskets with bows of silver and gold lace and white tulle ornamenting the handles. The flowers were white and gold. A large flag completed the decorations. St. Joseph's high school orchestra rendered several fine selections which won the applause of those present. St. Joseph's choir gave two good numbers, the first with Frank Hira as soloist, and the other with Mrs. VanVollear, Mrs. Kimmel, the Misses Alta Todd and Rose Bing as soloists.

A solo by Mrs. Kimmel was very well rendered and the encore was favorably received. A quartet of female voices was also good. An address by Attorney Thomas Riley, "a young and promising young man," who was born in this city, who was reared within the shadows of the spire of St. Joseph's church and a product of St. Joseph's high school—a fact of which both he and the school are proud, gave a beautiful memory picture of the Catholic church, contrasting it with a business corporation, and stated that it was the biggest and best corporation in the world which was guided by one single man, its property devoted to a benevolent and religious purpose.

John Lemmer, also a graduate of St. Joseph, acted as chairman and by his witty remarks in introducing the various speakers, won his way into the hearts of the audience. Mr. Lemmer carried his audience back 50 years ago when Escanaba had only about 4000 inhabitants, when Solomon Greenhook had a clothing store, the late C. C. Royce was a druggist, James Bacon sold coffins from three feet long to six feet three inches, when the Tilden House, the Oliver and the Ludington were the only hotels; when the late J. F. Oliver was cashier of the only bank in the city. There were three physicians here at that time, Drs. Tracy, Smith and Brewster, and they in one week took care of 170 cases of measles. There were also six barbers and in July, 1870, a dentist came to the city and did a wonderful stroke of business in one week's time. A traveling show troupe was an unusual treat in those days. It was then that St. Joseph's church was built, when the small community of faithfuls stuck together and erected the edifice which

now stands as a memorial to their labor.

Fr. Julius Speaks. Rev. Fr. Julius, O. F. M. delivered an eloquent address mingling many humorous anecdotes which caused bursts of laughter among the many people in the audience.

Milton Tanno, also a graduate of St. Joseph's, who is now a student at St. Francis Seminary, at Cincinnati, gave an excellent address entitled "Jubilae Deo." The quartet composed of Deegan brothers, Frank, Ed and Bernard Dwyer made the biggest hit of the event. The boys were encored ten times and the audience refused to let them leave the stage.

Last but not least was the presentation of purses to the pastor, a purse of \$25 was presented by the St. Mary's Court, W. C. O. F., and a purse of \$50 by the Young Ladies' Sodality.

Rev. Fr. Bertrand thanked the members of the parish for their support in all undertakings and for the hearty welcome given him since his arrival in the city also for the numerous gifts with which he has been honored since he came to this city and especially during the last two weeks. He especially thanked the Holy Name society for the part they played in arranging the grand jubilee celebration and all who took part in making it the grand success that it was.

To Victor K. Bloomstrom great credit is due for the success of the entire enterprise which was one of the biggest undertakings of its kind ever carried on in this city. Mr. Bloomstrom, who is chairman of the executive committee of the Holy Name society, and devoted much of his time to the plans and carrying out the work which is usually connected with an affair of this kind, especially when staged in such an elaborate manner. No small detail was overlooked by Mr. Bloomstrom, who through his untiring efforts, has helped to put St. Joseph's church to the fire.

The entire evening was like the reunion of a big happy family, and will live long in the minds of all who attended.

DON'T RISK NEGLECT

Don't neglect a constant backache, sharp, darting pains or urinary disorders. The danger of dropsy or Bright's disease is too serious to ignore. Use Doan's Kidney Pills as have your friends and neighbors. An Escanaba case. Henry McFarland, 920—2nd Ave., N. Y., says: "When I got up in the morning my back was stiff and sore. Pains always caught me when I stooped and it was hard to do my work. I tired easily and my back was so weak it was almost impossible to sleep at night. I became tired and my kidneys were so weak I had to get up two or three times at night to pass the secretions which burned in passage. I bought a box or so of Doan's Kidney Pills at the Hill Drug Store and they cured me in good shape."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. McFarland had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.—Adv.

CROSSING CRASH ACCIDENTAL, IS JURY'S VERDICT

A verdict of accidental death was returned by a coroner's jury yesterday following an inquest into the circumstances surrounding the death of William Busineg, Winifred Busineg and Anthony Robbins, all of whom are dead as the result of a grade crossing accident which occurred at West Gladstone on Saturday.

The Robbins boy, 7 years of age, was killed instantly when the morning Northwestern passenger train crashed into the Busineg automobile, in which he and his sister were passengers. William Busineg, the owner and driver of the car, died shortly after reaching the hospital and Winifred, his daughter, aged 2 and one-half years, died early the next morning.

Mrs. William Busineg, wife of Mrs. Alice Robbins, who was also in the machine at the time of the crash, are expected to recover although their injuries are severe.

The coroner's jury, after receiving the statements of a number of witnesses, including the members of the train crew, returned a verdict of accidental death, clearing the train crew from all blame for the tragedy.

He has many friends and admirers here who desire to renew the friendship and discuss old times with him.

PESKY BED-BUGS

(Pesky Devils' Quins) P.D.Q. is the new chemical that puts the everlasting to the Pesky bedbugs, moths and roaches—impossible for the pesky devil to exist where P.D.Q. is used.

Recommendations for Hotels, Hospitals, Rail Road Companies and other public institutions are a guarantee to the public that the relief, quickness and most economical way of eradicating the pesky insects is by the use of P.D.Q. as this chemical kills the eggs as well as the insects, and will not injure the clothing. A six ounce package makes a full quart, enough to fill a million bedbugs, moths and roaches—and also makes a pleasant insecticide for use in the home in the hard-to-get-at-places and corners. P.D.Q. can also be purchased in smaller bottles double strength, liquid form.
