BERLIN HOLDS KEY TO WHOLE DEBT PROBLEM

FRANCE PREPARING TO SETTLE WITH AMERICA.

BY DAVID LAWRENCE. Paris, July 22.—France has never dreamed of repudiating her debt, but she is sure her allies will understand that so long as she has received nothing from Germany it is impossible for her to make any reimbursement. This is what Count De Lasteyrie, the minister of finance in the Poincare government, told the writer in an intimate interview on the possibility of France beginning payments on the three billion dollars she owes the United States.

The minister of finance expressed gratitude that America had recognized the difficulty of the financial situation and had not pressed for payment. The writer pointed out that that in the United States many people had taken seriously the statement of M. Loucheur, the former minister, who had said that France would not pay the debt to America. To this Lasteyrie replied that Loucheur gave a personal opinion when he was no longer in an official position and that at no time had any official made such a prediction.

Depends on Germany. Lasteyrie reviewed in detail the process whereby France had consolidated her internal debt in the last five years and insisted that the question of what France could pay America, indeed the question of when she could begin to reduce her internal debt, was entirely dependent upon what Germany would pay and when.

Incidentally the French at this very moment have reached an impasse in handling their finances which strikingly illustrates the general reparations situation and confirms the impression that a settlement can not be delayed beyond next fall.

In Saturday's dispatch, for example, the correspondent outlined the assets and liabilities of France and then pointed out another three and a half billion dollars must be raised to finish the reconstruction of houses and factories in devastated areas.

This Has Been Voted. The French government now must find a way to develop necessary revenues. Shall it be by another internal loan? The answer is that the interest rate offered to the investors on government loans to make them attractive already has reached six and a half percent. Will the French continue to buy bonds when nothing appears to be forthcoming from Germany? It was at this point that Lasteyrie shrugged his shoulders characteristically and said: "You have put your finger on the crux of the whole problem."

Former Priest to Be Put on Trial for Fourth Time

MONTRIAL, July 22.—Adel-Marie DeLozier, former Catholic priest, will have to stand trial at the next session of the court of King's Bench, on a charge of having murdered his half brother, Raoul for life insurance. The jury which for several weeks has been considering his case, this afternoon reported for the third time that it was deadlocked and Chief Justice Sir Francis Lemieux discharged the jurors after rebuking them for the expense they had caused the people by not reaching a decision. The court refused to admit the prisoner to bail pending retrial.

BRITISH HOUSE SPURNS CONFAB

Refuses to Support Leaders in Movement to Call Arms Parley.

London, July 23.—(By the Associated Press)—J. Ramsay MacDonald, leader of the opposition in the House of Commons, moved a resolution today in favor of convening an international conference to discuss the limitation of armaments but the house rejected this proposal, 286 to 169. No vote was taken on an amendment introduced by R. W. O'Neill, which had been accepted by the government, inviting the government to take the earliest favorable opportunity to attain the object desired through the agency of the league of nations. This amendment was talked out.

The opposition leader explained that no mention had been made in his resolution of the league of nations because that organization had not yet won the confidence of all the important nations of the world. It was most desirable that the United States should come into such a conference and be wanted to make it perfectly clear to the people that there was no wish to make it difficult for them to come in.

Earthquake Rocks Insanity Hospital

San Bernardino, Calif., July 23.—The removal of 519 patients from the state hospital for the insane at Patton, near here, was ordered today when it was discovered that damage to walls of a hospital building by the earthquake last night had rendered the structure unsafe for occupancy. Edward Watts, acting superintendent, said he expected many of the patients ordered removed would be obliged to sleep in the open tonight. There are 2,350 patients enrolled at the institution and there is no room in the other wards for those ordered taken out.

Condemned Men to Get Radio Programs

New York, July 23.—A radio set will be installed in the death house at Sing Sing to give the condemned their last contact with the outside world. The idea originated with the chief electrician at the prison and was sponsored by Captain Stanley Shepard of the Salvation Army. The brain is the most variable in size and quality of all the parts of the human body. The British sovereign is forever barred from stepping foot inside the House of Commons. A small test balloon sent up in a gale travelled 108 miles in less than two hours and a half. Over in China, the China cabinet is all broken up.

SHEESLEYS WIN FIGHT AGAINST RAINY WEATHER

CARNIVAL OPENS TO BIG CROWD LAST NIGHT.

With glare of light and blare of brass, the joy zone of Cleveland post, American Legion, which is presenting the Greater Sheesley Shows all this week at the fair grounds, was thrown open last night to several thousand pleasure seekers. With clearing skies late in the afternoon, the showmen were able to get most of the rides and shows in operation, after a day of labor in a steady downpour.

With only two rides and several shows not in commission, the big midway presented a colorful panorama, with brilliantly-hued electric bulbs, artistically carved wagon showtrains, with lavish display of gold leaf and all canvas as presentable as when it came from the tentmakers. Tonight all six riding devices, Over-the-Falls and the dozen-and-one shows presenting tented vaudeville, minstrels, animals and freaks, will be going full blast and, judging from those who braved the weather last night, a big week in attendance is promised. The rain seeped through the sandy soil of the grounds and the big midway offered practically dry footing last night.

Atmosphere is Wholesome. The spick and span appearance of all equipment of the Sheesley Shows, the well kept rides, wagons and wardrobe all bespeak the policy of Capt. John M. Sheesley and his staff—to present outdoor amusement in a clean and wholesome manner, barring all features which have been undesirable on midways in the past, such as 49-cams, girl shows, money gambling, crooked games and Gypsy fortune tellers. Capt. Sheesley is one of the leading American showmen who are demonstrating the success of the Showmen's Legislative Committee crusade, under guidance of Thomas J. Johnson, noted Chicago lawyer, against all unsavory features and followers of outdoor attractions.

Passport Forgery Frauds Revealed

Marsailles, July 23.—Three Italians were arrested here today for supplying would-be Italian emigrants to the United States with false passports and forged tickets at prices between 3,000 and 4,000 francs. The victims, who are men, will be unable to leave Marsailles for the United States owing to lack of proper papers.

Sweetser Leads In First Day's Play

Mayfield, Country Club, Cleveland, O., July 23.—(By the Associated Press)—Fast golf was played today in the first qualifying round of the Western Amateur championship, and it fell to Jesse Sweetser of New York, national amateur champion, not only to lead the field by three strokes, but to establish officially his score record of 63 first scored Sunday in practice.

Boom for Hiram Is Started in Chicago

Chicago, July 23.—The Progressive Alliance of America meeting here tonight launched a campaign for 2,000,000 members by the first of November to further the election of Senator Hiram Johnson as president.

FOURTEEN PLEAD NOT GUILTY ON BOOZE CHARGES

Only One Guilty Plea Received Out of Entire Criminal Slate.

Fourteen Delta county people, charged with violation of the prohibition laws, stepped up in circuit court before Judge Richards and Flannigan yesterday morning and plead not guilty to the charges entered against them. Ten of the defendants were residents of Escanaba. Only one guilty plea was received, out of the twenty four cases on the criminal calendar. This was in the case of Charles Terrien of Schaffer, charged with the sale of liquor during the month of July, 1922, to Albert Ravel, member of the state police force. This is a case which had been transferred from federal court to the county calendar.

In the case of Adam Michaud, charged with the murder of John Ekblad, Gladstone contractor, on request of the defense attorneys the taking of a plea was withheld until the defense could file a motion to dismiss. The motion will probably be filed today. Attorney H. J. Rushion is conducting the defense.

Tom Garland "A. W. O. L." Bonds in the case of Thomas Garland, charged with booze law violation, were ordered forfeited when Garland failed to appear. The case against Frank Gunville, also charged with prohibition law violation, was scratched off the books, Mr. Gunville having just started on a four months term at the Detroit House of Correction for another offense of the same nature. This being a non-jury term the cases in which pleas of not guilty were entered will be tried at the October term. Those who entered pleas of not guilty to prohibition law violation charges were: Frank Ootla, Alfred Lalonde, Ben Clairmont, Axel Johnson, Grover Lewis, Charles Larson, Marie and John Kell, John Peitler, John Conahan, David L. Case, Mary Larson, Stance and Philip Edgard, Cyril Van Rossem and Edward Skog. In addition, John Wagner, plead not guilty to unlawfully driving away an automobile and Steve Busorac stood mute on charges of manufacturing, possession, and keeping a place where liquor is sold.

Photographer Held on Girls' Charges

Chicago, July 23.—Joseph Sussary, an amateur photographer of Oak Park, Ill., was arrested by the police today in a charge of disorderly conduct, after semi-nude pictures of more than 50 girls were found in his basement studio. Two girls, who were with him, were released when they promised to appear to testify against him. According to the police, girls who posed for him, many of them from well-to-do Oak Park families, said that his first pictures were harmless, but that he later induced them to have pictures made in what he termed "more artistic poses."

Governor of Texas Asks for Prisoner

Austin, Texas, July 23.—Requisition was issued by Gov. Neff on the governor of Michigan for the return of L. S. Woody. Woody is charged by complaint with arson and felony in connection with the recent burning of property on a nearby railroad. He is under arrest in Detroit.

HIRAM REFUSES TO TALK ABOUT FUTURE PLANS

CALIFORNIA SO LOON TO MAKE SPEECH WEDNESDAY.

New York, July 23.—Senator Hiram Johnson of California, boomed by his friends for the Republican presidential nomination in 1924, returned today from Europe on the Leviathan and tonight was preparing for delivery at a banquet to be given in his honor Wednesday night, a message to the American people on the nation's foreign relations. The senator, who spent four and one half months abroad, refused to discuss either domestic or foreign politics and declared that on Wednesday night he would set forth the attitude "which in my humble opinion America should adopt towards Europe."

Recall of Wood Is Demanded by Island Legislative Houses

Manila, July 23.—(By the Associated Press)—Immediate recall of Gov. Gen. Leonard Wood was demanded in a resolution unanimously adopted at a joint meeting of both houses of the legislature here tonight. The resolution was addressed to President Harding.

Helene Chadwick Sues for Divorce

Los Angeles, Calif., July 23.—Helen Chadwick, motion picture actress, today filed in the superior court a suit for divorce from William Wellman, whom she charged with desertion. She asked the courts to restore her maiden name.

Lake Ship Facing Liquor Charges

Chicago, July 23.—Federal officials tonight were reported to be preparing to take their first action against a lake ship on a charge of selling liquor to passengers, following the arrest of prohibition agents of two employees of the whaleback, Christopher Columbus, on charges of selling liquor. Reports tonight were that the owners of the Christopher Columbus, one of the largest boats on the lakes, will face an attempt to have the boats tied up in the same manner that buildings harboring saloons are closed by federal order for a year at a time.

Milwaukee Yacht Is Leading Field

On Board U. S. Subchaser Off Skillagalee Lights, July 23.—(By the Associated Press)—Running in heavy seas and with a steady drizzle off beating down on her crew, The Dorella, Milwaukee entry in the 331 mile Mackinac Cup Race, maintained her lead over the fleet of 17 yachts in the Sixteenth Annual dash to Mackinac Island as the boats passed Skillagalee shoals, ship graveyard of Lake Michigan, tonight.

Angora Cat Picks Owner in Court

Chicago, July 23.—An Angora cat decided its owner by jumping into the arms of Mrs. William O'Leary instead of those of James Calino, who had been arrested charged with stealing the cat. Unable to determine ownership, the judge told each of the principals to call the animal and left the case to the cat. Kitty left Calino's side and jumped into Mrs. O'Leary's lap. "The cat is yours," the judge said.

Three Men Suspected of Part in Assassination of Pancho Villa Taken

Mexico City, July 23.—(By the Associated Press)—General Eugenio Martinez, military commander in the state of Chihuahua, announces the capture by his troops of three men suspected of having participated in the recent assassination of Gen. Francisco Villa. Gen. Martinez report added that four additional flying columns of cavalry had been dispatched in pursuit of the assassins.

FRENCH ASSAIL GERMAN STAND

STIFF PENALTIES FOR OPPOSITION PRESCRIBED.

Berlin, July 23.—(By the Associated Press)—The Inter-allied Rhineland commission has issued a sweeping blanket ordinance, according to press dispatches received here, aiming to throttle the German passive resistance in the Ruhr and Rhineland. The ordinance apparently leaves no loophole but the Berlin newspapers declare it will serve only to stiffen the resistance. It provides extreme penalties for participation in propaganda or written or spoken opposition of the prevailing ordinance for interference with the commission's activity or otherwise organizing resistance. Punishment is provided even in the case of offering a sack of potatoes as an inducement of holding out against the occupational authorities. According to dispatches: "There is only one reply to this arrogant assumption of authority—passive resistance now more than ever before," says the Lokah Anzeiger. The Allgemeine Zeitung says the ordinance virtually makes punishable any action by a German in the occupied areas, as "naturally no German would lend a hand to help the commission."

Rock Girl, 17, Dies in Lake

Miss Gertrude Mattilla, 17, of Rock, drowned Saturday afternoon while bathing in Pine Lake, near the Huron Mountain Club, thirty miles west of Marquette. Miss Mattilla was employed at the Huron Mountain Club, and with a number of other girls had gone wading in the lake Saturday afternoon. Apparently, the girl had waded out until she slipped off a shelf into deep water, sinking without an outcry. It was several minutes before her companions missed her. They immediately summoned help from the club, but the body was not recovered until two hours later.

Rotary Leaders to Discuss New Plans

Chicago, July 23.—Rotary leaders from all sections gathered here today for a four day caucus on the platform and program of the new administration installed recently at the St. Louis convention. President Guy Gundacker, Philadelphia, devoted most of the initial session to an outline of the new year's international program of the board of directors and district governors from some forty provinces.

American Steamer Hits French Boat

Hayre, July 23.—(By the Associated Press)—The United States Shipping Board Steamer Pikestone County, which left Hayre Friday, has been in collision with a French steamer off Calais. Both vessels are making for Dunkirk. Details are lacking.

CHAMPION GETS DECISION OVER 15-ROUND ROAD

CHALLENGER N EAR KNOCKOUT WHEN BOUT ENDS.

Ringside, Yankee Stadium, N. Y., July 23.—(By the Associated Press)—Benny Leonard, king of the lightweights of the past six years, demonstrated conclusively tonight his undisputed title to the throne by trouncing Lew Tendler, his Philadelphia challenger, in a slashing, bitterly fought, 15-round match at the Yankee Stadium. Before a crowd of more than 65,000 that paid a half million dollars to see the match, setting a new high mark for championships outside the heavyweight class, Leonard outgeneralized, outboxed and outpointed his foremost rival from start to finish. He held the upper hand, had Tendler on the verge of a knockout at the close and the judges' verdict in his favor at the finish was merely a formality.

MAGNUS WON BY 95,000 VOTES

Gov. Preus Carried Only Ten Counties Out of 87.

St. Paul, Minn., July 23.—(By the Associated Press)—Magnus Johnson, chosen United States senator from Minnesota in last Monday's election on the Farmer-Labor ticket, received a plurality of 94,846 votes, complete semi-official returns compiled today showed. This lead was shown in a compilation of county canvassing board reports, including 83 of the state's 87 counties reported to the secretary of state and the other four obtained direct from the boards. Johnson's vote, this compilation showed, was 290,165, as compared to 195,319 given Gov. J. A. O. Preus, Republican, and 19,859 polled by James Carley, Democrat. Johnson's majority of all votes cast was 74,992.

Fight by Rounds

ROUND ONE. They came together slowly sparring. Tendler missed a right lead. Leonard landed a light left to the jaw and took a left to the jaw. Tendler backed away from Leonard's lead and the crowd roared. Leonard landed two light left jabs to the face. Tendler rushed in again. The champion clinched. They were squaring away when the bell rang.

ALONG THE BOARDWALK

But the boardwalk on which President Harding is shown walking here with his military and naval aids, is not the famous one at Atlantic City. It is the only kind of walk in the town of Metlakatla, Alaska. Mrs. Harding may be seen in the rear. The party had just left the transport Henderson.

GOOD GAIN IS MADE IN YEAR BY LIGHT DEPT.

Street Lighting Program Aims at Total of Six Hundred Units.

The following extract from the annual report of the city manager deals with the operation of the city electrical department during the past year, with an outline of street lighting plans to be carried out in the near future. The report of the gas department will be published tomorrow.

ELECTRICAL DEPARTMENT.

General. The city owns and operates its own electric light and power distribution system, purchasing its current at wholesale from the Escanaba Power and Traction company at our switchboard under a contract that expires in 1927. The present contract is equitable, I believe, both to the Power company and to the City.

Meters and Services. During the year 1922, seventy-three new customers, both power and lighting, were connected to our lines, giving a total of 3,492 electric consumers.

Street Lighting. Following a tentative plan adopted by the City Council covering a five-year period, there will be constructed and installed in addition to the one hundred and twenty new 500-candle power lamps on Ludington street, which were placed in operation in February, fifty cast iron posts and lamps on South Fourteenth Street and 70 cast iron brackets on Stephenson and Hartnett avenues, which will give us a total of two hundred and forty new ornamental street lighting units in operation before the close of the 1923 construction season. No city with a population of fifteen thousand in the State of Michigan has an equal number of ornamental street lighting fixtures. By the time the five year program is completed, at the rate of one hundred and twenty units per year, Escanaba will have a total of six hundred ornamental street lighting units in addition to the one hundred and twenty now in operation on Ludington street.

Distribution System. Last year very few important additions were made to our distribution system, due to the fact that the city is now amply covered by our pole lines. During the year 1923, the pole lines in the alleys north and south of Ludington Street will be reconstructed and a new commercial circuit installed for the purpose of taking care of the downtown district only. The present circuits not only feed the business district, but, as well, extend into the outlying districts and country. The present situation is open to serious criticism because the falling of a branch of a tree across the lines on the outskirts of the city, interrupts the service in the business district.

Rates. During the year the initial lighting rates were reduced from 8.5 cents to 8 cents, less a ten per cent prompt payment discount. The initial power rates were reduced from six cents to four cents and the prompt payment discount reduced from ten per cent to five per cent. These reductions affected but slightly our gross revenue, but the rate schedules were re-arranged in order to establish equity as between the various classes of users.

Revenue. The total operating revenue was \$148,268.80, as compared with \$125,658.93 in 1921, or an increase of \$22,609.87. In view of a reduction in rates of approximately six-tenths of a cent per kilowatt hour, these figures reflect an extremely healthy growth. It is only fair to state, however, that a portion of this increase is due to the fact that practically all of the power meters in the city are of a type that require the multiplying of the direct meter reading by a constant of ten in arriving at the actual amount of current used and that in the past the using of the multiplier had been overlooked.

Sales of Current. We purchased from the power company this year 2,609,760 kilowatt hours of electric energy with 2,221,807 kilowatt hours in 1921. The following tabulation presents the comparative information relative to sales of current:

Current purchased (Kwh.)—1921, 2,221,807; 1922, 2,609,760. Per cent increase—14.8 per cent.

Current sold (Kwh.)—1921, 1,673,870; 1922, 2,125,236. Per cent increase—21.2 per cent.

Current unaccounted for (Kwh.)—1921, 547,937; 1922, 484,524.

Percent unaccounted for—1921, 24.66 per cent; 1922, 18 per cent.

Net operating cost per K. W. H. sold—1921, \$.042; 1922, \$.026, (excluding depreciation and taxes).

Total revenue per K. W. H. sold—1921, \$.075; 1922, \$.069.

Gross income per K. W. H. sold—1921, \$.032; 1922, \$.043.

Financial Results from Operation. Total revenue per K. W. H. for the year was \$148,268.80; deducting operating costs including \$7,695.12 for depreciation and \$10,266.63 for taxes, we have remaining as gross income

ESCANABA MAN LOSES LIFE IN AUTO ACCIDENT

Car Turns Over in Ditch Near Loretto; Funeral at Stephenson.

Pinned under his wrecked automobile when it crashed through a fence and turned over in the ditch near Loretto Saturday morning, Charles Vassaw, 26, of Escanaba, suffered injuries which caused his death at the Penn hospital in Norway early the next day. Vassaw was employed as a switchman by the North Western road.

Vassaw was driving towards Escanaba when he met another car on the turn east of Loretto. In turning to pass, he swung the wheel too sharply, the car swerving from the road and plunging through a fence to land bottom side up in the ten foot ditch with the driver pinned underneath.

Cause Not Determined. He was brought to the Penn hospital for treatment, his injuries at first appearing of a minor character. Five minutes before his death he was able to stand upright alongside his bed, apparently recovering. The attending physicians have not yet determined the cause of his death whether from heart shock or unsuspected internal injuries.

Mr. Vassaw was born in Stephenson, where he lived until five years ago when he entered the employ of the road. He was a member of the Brotherhood of Railway Trainmen and was held in high esteem, both by his employers and his fellow workmen. During the war he served two years in the U. S. Navy.

Funeral at Stephenson. The funeral will be held at Stephenson this morning at 9 o'clock, with the Rev. Fr. Ludjens officiating. Burial will be in the Stephenson cemetery. Two brothers and two sisters survive. They are Mrs. A. C. Flood and Mrs. L. J. Neuville of Stephenson, Leo Vassaw of Escanaba and Edward of Stephenson.

Young Men Acquire "Wilke" Grocery

The Modern Grocery store, operated until his death by the late Henry Wilke, has been taken over by Gilbert Hinkley and Tom Dufor, both experienced young men and capable of giving the patrons of the establishment the excellent service which characterized it under the Wilke management.

The store will be re-opened Wednesday morning, with an array of opening specials, which will be announced in the advertising columns of the Press.

Everything your wagon to a star is fine, but don't let your little boy hitch his to the ice wagon.

\$75,146.89, from which should be deducted \$2,600.00 for interest and sinking fund purposes, leaving \$72,546.89 available for corporate purposes as per City Charter requirements. The reduction in rates which will be made during the year 1923 will reduce the net income of the electric utility approximately twenty thousand dollars (\$20,000) per year. Such a reduction, of course, represents nothing other than a saving to the people of the City of such an amount in their regular living expenses.

The law helps those who help themselves. Only place a man can write a telegram in two seconds is on the movie screens.

T. Glenn Phillips, consulting city planning engineer of the Detroit City Plan Commission, will arrive in Escanaba about Aug. 1 to begin his work of laying out a city planning program for this city. Mr. Phillips has written to the city manager, asking that certain desired information regarding the streets, commercial districts, location of factories and railroad lines, etc., be prepared in order that his work may not be delayed after his arrival here.

34 New Citizens Admitted Monday In Circuit Court

Thirty-four applicants for citizenship were admitted in circuit court Monday morning before Judge Richard C. Flannigan. Their names are:

Peter De Keizer, Joe Babich, Frank Sudac, Erick Anders Wickstrom, Alex Metor, John Tetlow, Niede Toussaint, William Samuel Morrison, Peter Buchholz, Gunnar Wickman, John Van Mill Jr., Joseph Ludiek, Mrs. Martha Roeder, Mellentine, Mrs. Laura Goodwill Van Mill, Karl Ivar Carlson, Matt Furie, Karl Sigvald Kallerson, William Ebbesen, Arthur Odilon Rheume, Knut Knutsen, Axel Ahlquist, Josef Grzybowski, Charles Henry Back, Christ Anderson, George Selranko, Mrs. Marie Holm Mattson, George Wielek, Miss Eva Cossette, Mike Kojic, Vincent Emanuel Tillman, Louis Francis Hillewart, Ivan Buntak, George Klenia, Andrew Romiesko.

The last four named were in the United States service during the recent war and were honorably discharged and admitted upon such evidence.

Four women were among those admitted, three of whom applied for citizenship under the married woman's act.

The following petitions were ordered dismissed by the court upon motion of United States Naturalization Examiner Geo. N. Danielson of St. Paul.

Mrs. Segred Kabra for failure to prosecute her petition, she now being a resident of Chicago and will file there.

Wille Ruotsalainen for failure to appear and prosecute his petition.

Fred Kosttke and Harold Heafield, both having a witness who was not a citizen of the United States.

Henry Montigny, at his request, as he will file in Rock County, Wis.

Gus Nocenti, being a deserter under the selective draft.

Albert Suomi, having claimed alienage exemption during the war.

Nine of those who were admitted had attended the night school classes in citizenship held in Escanaba.

Bond Issue For Street Paving Proves Popular

Convincing evidence that Escanaba people have faith in the city's future and take more than a casual interest in its development under the new administration is seen in the fact that of the \$30,000 bond issue authorized at the council meeting Wednesday night for the paving of Tenth and Ninth streets, two-thirds have already been subscribed by local investors, most of them residents on the two streets to be improved.

The announced policy of the city administration is to give local investors first chance at all municipal bonds, with a preference to persons living in the districts affected by the improvement. In the case of the latest issue, the 6 per cent interest on the bonds offsets the interest on the special assessment, making the bonds more attractive to residents on Ninth and Tenth streets.

It is expected that the entire issue will be subscribed within the next day or two.

"Caseys" Enjoy Monster Picnic At Fayette, Mich.

Six hundred members of the Manistique and Escanaba lodges of the Knights of Columbus met at Fayette Sunday morning in a joint meeting which had as its features an open air religious service, outdoor sports, a mock trial and pleasing musical and vocal selections.

The majority of the members made the trip by motor, only about fifty taking passage on the motor boat "Ora Endress," chartered by the lodge for the occasion.

Solemn high mass, sung in the open, with the Rev. Fr. Morin of Fayette officiating, was the first event on the program. Turkey dinner was served at the Fayette hotel immediately afterward. A string orchestra furnished music throughout the entire day.

Escanaba "Caseys" lost by a 6 to 5 score in a sharply contested ball game staged in the afternoon, the Manistique nine taking the long end. Escanaba retaliated by arresting a Manistique member for speeding. A fake trial was staged, the prisoner being duly convicted.

Jeanette Moreau and Lawrence Le Claire gave a number of delightful musical numbers. The program ended at 7 o'clock p. m., when the boat left for Escanaba.

RETAIL EXPERT TO GIVE TALK HERE JULY 31

"C" Engages G. W. Sulley, Nationally Known Authority, to Speak.

Through arrangement by the Retailers Committee of the Escanaba Chamber of Commerce, salespeople, department heads and managers of Escanaba retail stores will have an opportunity to hear an address on "Better Business" methods by G. W. Sulley, one of the country's leading authorities on merchandising.

Mr. Sulley will address the department heads and store managers at a dinner to be given Tuesday noon, July 31, at the Delta Hotel. Salespeople will attend a dinner to be given at 7:30 p. m. at the same place. Reservations for the event should be made at the hotel desk or with the secretary of the Chamber of Commerce.

Mr. Sulley is in constant demand for talks to business men, because he knows what he is talking about. He has learned the price of success in retailing. He has given years to careful study of merchandising problems in all kinds of stores in every part of the United States and Canada. And he knows how to tell others what he has learned.

The best speaker heard here in months, is the verdict of those who hear Mr. Sulley. The editor of the Chicago daily wrote: "The intense interest aroused was manifested in the fact that fully half of Mr. Sulley's audience detained him after the address in an informal discussion for nearly an hour."

Mr. Sulley challenges to better business methods. His address will be of great interest and value to merchants, salespeople, and business men of Escanaba.

MICHIGAN BEER LAW ASKED IF U. S. GOES WET

Senator Couzens Outlines His Position

Bay City, Mich.—Amendment of the Michigan Prohibition Enforcement Law to permit the sale of beer, should Congress modify the Volstead Act to allow its manufacture, was advocated here yesterday by Senator James Couzens in a speech before the combined business men's clubs of the city. He also defined his attitude toward re-election, the Republican Party, President Harding, and several national issues.

"There is general unrest in this country at present," said Senator Couzens. "The election of Magnus Johnson to the United States senate in Minnesota Monday is an example, of which there are many. People are dissatisfied with conditions. They want something different."

"I believe that much of this discontent springs from too many laws regulating our people. It is almost impossible to turn around without violating some law for which one can be put in jail. Things are almost as bad as they used to be in Berlin, where everything bore the sign, 'Verboten.' If a man wishes to put through a business deal or to satisfy his appetite, he must consult a lawyer. Obeys the Law Himself."

"The Volstead Act is an example. I am for the Eighteenth Amendment. I would not violate it, break it, or even bend it. For five years I have supported prohibition, not only in theory but also almost absolutely in practice."

"I have had but few drinks. During the 15 months I was police commissioner of Detroit, doing my utmost to enforce prohibition in what was then the largest dry city in the world. I never took a drink of liquor, not even beer. I lived up to the law myself."

"Now, I think it is for the good of the country that the Volstead Act, the law which fixes the alcoholic content of beer, should be modified to permit the manufacture of 5 per cent beer, or from two and one-half to three and one-quarter proof, depending on your scale of measurement."

Would Amend State Act.
"I believe it would do much to restore contentment and peace to this country. The Anti-Saloon League declares that 90 per cent of the alcoholic beverages sold before prohibition was beer. That shows that the mass of the people do not care for the strong liquors. They want beer, and I believe they should have it."

"If Congress should modify the Volstead Act, making manufacture of beer possible, I believe the Legislature should amend our Michigan enforcement law so that beer could be sold in this State. I am not familiar with the wording of this law, so I can not recommend definitely, but I believe it should be changed to conform to any changes in the Volstead Act."

"The Anti-Saloon League and some of my friends say that I have killed my political future by taking this stand. Maybe I have. I don't care if I have. My political future is of no importance. It is of no importance to the United States senate. The important thing is that men should be placed there who have the courage to stand up and face the problems of this country as they see them."

TODAY I AM REAL WELL

So Writes Woman After Taking Lydia E. Pinkham's Vegetable Compound

Jamestown, N. Y.—"I was nervous, easily excited and discouraged and had no ambition. Part of the time I was not able to sit up as I suffered with pains in my back and with weakness. I took Lydia E. Pinkham's Vegetable Compound, both the liquid and tablet forms, and used Lydia E. Pinkham's Sanative Wash for inflammation. Today I am real well and run a rooming house and do the work. I recommend your medicine to every woman who complains, and you may use my letter to help any one else. I am passing through the Change of Life now and I keep the Vegetable Compound in the house, ready to take when I feel the need of it."—Mrs. ALICE D. DAVIS, 203 W. Second St., Jamestown, N. Y.

Often some slight derangement may cause a general upset condition of the whole system, indicated by such symptoms as nervousness, backache, lack of ambition and general weakness. Lydia E. Pinkham's Vegetable Compound will be found a splendid medicine for such troubles. In many cases it has removed the cause of the trouble.

His First \$

The elder John D. Rockefeller's first business deal was unprofitable.

John D. was born four miles from the village of Richmond, N. Y.

The money? He put it in the bank, of course.

One day afterward, while digging potatoes, young John D. named on his hoe and began thinking.

John D. withdrew his money from the bank and invested it in turkey hens.

After that, it was just a matter of multiplication.

From the turkey venture, the elder Rockefeller learned a lesson that shaped his entire business career.

That he did accumulate a billion was principally due to his causing money and other men to work for him.

Too sensible to be jealous of having able supporters around him, he early acquired a reputation for hiring the most competent men available.

The Rockefeller fortune was built up mainly on these two simple principles.

The first \$1000 in the bank is the hardest—and we are apt to become discouraged while accumulating it.

SIR—While browsing, yesterday, over "The Adventures and Observations of a Traveler in the Infrequently Visited Kingdom of the San Mallinians," (London 1743), my interest was awakened by the following paragraph:

"...the striking quaintness of the garb of the comely wenches who on gala days came in great numbers to the market-places, their hair trimmed after the manner of the Pharaohs of Ancient Thebes, their shoulders and arms bare, their robes of a material which suffered a sharp shadow to be cast through it when they walked towards the setting sun, their legs adorned in riotous colored hose, red were their cheek bones and lips from the application of vegetable pigments and their brows were darkened with charcoal to give their eyes a glowering owl-like cast which portended wisdom they did not possess.

Forsooth, I liked this strange costume, exotic though it seemed to me, and I would have remained longer there had not my good spouse observed me scrutinizing one of them more closely than she believed should befit one of my station."

Can you picture the old gentleman being led to his hotel by his pre-victorian, globe-trotting "Maggie"? And can you grasp the kick in the lines to the gals who speak, with feeling, of "the originality of the twentieth century woman?"

SIR—I have in my office, the following chemical analysis. It has no title, but it may prove useful if some expert home synthesizer will only tell me how long to let it stand before I put in the yeast:

Table with 2 columns: Ingredient, Amount. Wood alcohol, 43.2; Croosote, 11.4; Turpentine, 7.6; Sugar of lead, 2.9; Peerless tobacco, 5.3; Phosphate of lemon, 4.3; Nitrate of potassium, 2.3; Licorice chloride, 4.8; Purple Diamond die, 8.6; Organic matter, 7.5.

My partner claims that quicker results can be obtained by substituting for half of the turpentine, a 3.8 jigger of Dr. Shrivels' hepatolator. Have you any information on the subject?

BADGER TAKEN AS SUSPECT IN DOYLE MYSTERY

Police Suspect Him of Slaying Girl at Waukesha.

Chicago, July 23—A man identifying himself as George Barry, 28, of Avondale, Wis., was held in a closely guarded cell here tonight while police detectives were at work verifying anonymous information that he may shed some light on the mysterious death of Jessie Doyle, whose body was found on the roadside at Waukesha.

Barry denied all knowledge of circumstances surrounding the young woman's death, stating repeatedly that he had never known a girl of that name. He was held following a telephone call to Detective Sergeant William Byrnes through which an unknown informant advised that a card bearing the name of "George Barry" had been found among the effects of the slain girl. Local operatives immediately communicated with the Waukesha police.

Burglary Suspect.
"I don't know that Doyle woman. I don't know any women." Barry protested continuously during his long examination. At intervals his emphasis ran to incoherence.

Barry was taken into custody as a suspect in local burglary operations. A suit case containing valuable jewelry, clothing and a revolver was being carried by Barry to a west side hotel when the police took the suspect in charge. The bulging case gave up six valuable watches, silk shirts, a fur coat, pearls, rings, brooches and ornaments of every description.

No Criminal Record.
At the police identification bureau, Barry was examined for more than three hours. He had no previous criminal record, though he admitted to examiners he had been arrested before on a charge of disorderly conduct.

Dewey Sisters Lead Program At Rotary Club Meet

Just because John Norton sent in a card from British Columbia showing that he had attended Rotary meetings regularly while touring the Pacific Coast region, the "X. Y. Z." group of the Escanaba Rotary club, of which Mr. Norton is a member, were declared winners in the recently concluded attendance contest, and the consolation of being permitted to "throw a party" for them was awarded to the "A" group, trailers in the contest.

The event was staged yesterday noon at the Peterson Tea Room on Ford River. Entertainment of the highest order was furnished, feature numbers being violin and piano numbers by Mrs. Harry Markham and Mrs. R. Morton Bliss, formerly the Misses Ethel and Clio Dewey of Escanaba; and vocal selections by Samuel C. Ham, of the De Paul University School of Music.

G. N. Harder, general manager of the I. Stephenson Company organization, read a paper prepared by him, covering the subject of reforestation and timber supply.

Automobile Club Will Meet Tonight

The Escanaba Automobile club will meet at 8 o'clock tonight in the city hall for the purpose of electing officers and transacting a list of other important business. The meeting is expected to be of unusual interest to members of the club and to motorists of the city in general.

AMUSEMENTS

AT THE DELFT.
More pictures like "The Flirt," which is showing now at the Delft theatre, and there would be no motion picture consors.

Clean, brilliant and dramatic, "The Flirt" is one of the best pictures ever offered a public as an antidote for sin, sorrow and slumber.

Booth Tarkington wrote it as a vivid cross-section of American family life.

It was filmed at Universal City under the direction of Hobart Henley, and is released as a Universal-Jewel production with a cast that is entitled to be called "all-star."

Eileen Percy, blonde and flippantly pretty, plays the title role. Helen Jerome Eddy, beautiful, of a type distinctly her own, appears as a sacrificing sister. George Nichols establishes himself as a master-actor by his work as the father. Buddy Messinger, a comparatively new kiddie of the screen, is a riot of rollicking fun as the small brother of the household. Lloyd Whitlock, Harold Goodwin, Lydia Knott, Bert Roach, Edward Hearn, Dorothea Wolbert and William Welsh have the remaining roles.

Elaborately produced to gain the simplicity required by the locale, told by a remarkably good cast, cleverly directed and photographed with brilliant snap, "The Flirt" is a milestone along the road to motion picture progress.

AT THE STRAND.

"The Prodigal Judge," which will be shown at the Strand again today, was adapted from Vaughan Kester's famous novel of the same name. Jean Paige, whose success in "Black Beauty" brought her into the limelight, is featured in the production and heads an all-star cast under direction of Edward Jose.

In this production Vitagraph has produced one of the greatest pictures in its long and notable career. Scenically it is a feast for the eye. With the action laid in Tennessee in 1835, there were splendid opportunities for costuming. The Southern scenery, with its moss-covered trees, its broad stretches of the slow moving Mississippi river and great vistas of plantations afford colorful and picturesque backgrounds for the wonderful story of the love of Betty Malroy for Bruce Carrington, the riverman, and the Damocles Price Tuberville, the prodigal but lovable judge, and Solo-

mon Mahaffy, his dour but equally lovable companion. These two types, new either to the screen or the stage, undoubtedly rank with the best known characters of stage tradition. There is a tear and a laugh; exciting spectacular scenes interspersed with quiet humor—everything that goes to make the perfect picture.

BILL EVANS SAYS

A good pitching staff is most essential to a winning ball club. Proper use of such a pitching staff is just as necessary.

Picking a spot for a pitcher is a baseball manager's greatest worry. What pitcher should start and who should be sent in as relief in case the original selection falters? There's where the real woe comes in.

"I have always regarded Connie Mack as a past master in his selection of pitchers. The judgment of Mack has always seemed to me to be almost unerring. Invariably he dericks a pitcher who is weakening at the right spot. Usually his relief pitcher stems the tide.

In the handling of pitchers I am inclined to think Mack errs less than any other manager I have ever come into contact with during my major league experience. Yet it is possible for even the master mind to make a grievous mistake in this respect.

When a manager makes a shift in pitchers he gambles with fate. If the successor stops the hitting of the opposition, the manager receives huge gobs of credit. If the relief pitcher is bombarded even harder than the twirler he succeeded, the fans insist a "bone" was pulled in making the change. Picking the spot for the pitcher is the bane of every manager.

In a recent series at Philadelphia between the Athletics and the White Sox, I saw Manager Mack get the toughest break in this respect that I have ever seen come up on the ball field. Mack made what seemed to be the correct shift, yet fate played him decidedly false.

At the start of the fifth inning the Athletics were leading 2 to 0. Slim Harris, doing the pitching, was invincible. Then the Sox got their bats into action. In a hurry three runs scored over the plate. With the score 3 to 2 in favor of Chicago, two down and two on, Eddie Collins was up.

Collins is a left-handed hitter. Helmsch, a left-handed pitcher, had been warming up as per instructions. When Collins stepped to the plate, Mack removed Harris the right-hander, and substituted Helmsch, the southpaw. It was a logical change as Collins much prefers a right-hander to a southpaw, although Eddie hits the portersiders pretty well, as he later demonstrated.

Helmsch pitched two balls wide of the plate at which Collins did not offer. He was in the hole. The next pitch was a fast ball on the inside. Collins shifted his stance, timed the ball perfectly and drove it over the right-field wall for a home run, scoring two men ahead of him and virtually settling the game.

In the ninth inning of the ball game pitcher Helmsch injured his back in throwing a curve ball. It was necessary to send in a relief

pitcher. Ogden was the choice of Mack. The recruit pitched two balls to Hooper. The third ball delivered was waist high and on the inside, a style delivery made to order for Hooper. He hit it over the wall for a home run.

It is the first time in over 20 years of umpiring I have seen two relief pitchers batted for home runs by the first man to face them.

BROWN GIANTS SWEEP SERIES

New York Colored Team Makes It Two Straight From Locals.

The New York Royal Giants made it two straight from the Ecscanaba club at South Park Sunday afternoon, taking the long end of a 13 to 3 score.

The contest was a booters carnival on the part of Ecscanaba, and the occasion for some good pitching by Whitworth, of the Black and Tans.

Whit Smith, appearing on the mound for the first time for the local club, pitched good ball but slow fielding and bobble ball of him kept him in the hole almost constantly. He also gave a good account of himself at bat.

The Giants scored five runs in the second inning on five blows, one of them a triple, and an infield error. A single and a double gave them another in the fifth. A pair of errors, two passes with four hits sprang in, netted seven runs in the ninth.

Ecscanaba's three runs were scored in the second inning. With one out, Deslets and Moberg singled and Smith doubled scoring them. Smith struck out and T. Deslets grounded out, completing the inning.

Nine Ecscanaba men were left on bases during the afternoon, while seven Giants met a similar fate.

CHAMPION GETS DECISION OVER 15-ROUND ROAD

(Continued from Page One)

had a furious exchange of body blows. They moved to the center of the ring and clinched. Ben stepped back, landed two hard rights to the body and hooked two lefts to the head.

ROUND FOUR. Tendler led with a right but was short. Leonard retaliated with his left, sending two long uppers to the jaw. They did considerable dancing. Leonard caught the challenger with two stiff rights to the jaw, just before the bell stopped the challenger's rush.

ROUND FIVE. Leonard met Tendler's rush and they exchanged evenly, moving to a neutral corner where they clinched. Leonard was getting much the better of the clinches now, shooting both hands to the challenger's jaw, and then crossing both hands to the jaw when they separated. Tendler caught Leonard with a hard left to the belt and then took a left cross to the head.

ROUND SIX. They met in the center and clinched. Leonard hooking a left to the jaw. They danced around. Tendler's right was short and Leonard smashed him with a left to the head before they clinched. Leonard sent solid rights to the jaw, the body and to the jaw again and had no difficulty in avoiding Tendler's left lead. The champion appeared the least worried as they backed away from a light exchange in answer to the song.

ROUND SEVEN. They sparred for a second after the bell and then both fell away. Leonard gave an opening and Tendler rushed in with a light left to the jaw. Tendler relaxed and Leonard whipped out two rights to the jaw.

ROUND EIGHT. Leonard caught Tendler with hard rights to the jaw and sent in a few more when Tendler clinched. Tendler landed two short uppers and then took two body blows. Tendler punched the champion's kidneys. Tendler sent a terrific right into the stomach that gave a resounding plump. Leonard jabbed with his right. Leonard caught Tendler with three right crosses in his corner when the bell rang.

ROUND NINE. Tendler walked into a straight left and then was cautioned for hitting low with the same hand. The champion blocked him effectively in two clinches. Tendler walked into Leonard's stiff right hook and the champion crossed and hooked. Tendler became more inaccurate and missing with his left again fell partly through the ropes.

ROUND TEN. The champion revolved about the challenger who stood in the center of the ring. Leonard backed into a neutral corner and landed swiftly two hard rights to the head. Leonard smashed Tendler on the jaw with a hard right and they were sparring when the round ended.

ROUND ELEVEN. They stood in the center of the ring and again the champion danced around his opponent.

CUBS BATTER OUT 9 SCORES IN 12TH FRAME

Pittsburgh, July 23.—With the score tied 3 to 3 in the 12th inning, Pittsburgh went to pieces, allowing Chicago to hit, run and score at will and the game ended 12 to 3 for the Cubs. The Cubs started their rally which accounted for nine runs in the 12th, against Meadows, and continued against Kuntz when he was sent to the mound.

Score: R. H. E.
Chicago—000 011 009—12 17 1
Pittsburgh—100 000 011 000—3 11 3
Batteries: Alexander and O'Farrell; Hamilton, Meadows, Kuntz and Goeh.

Tendler fell into a clinch. Leonard uppercut with his left and hooked with his right. Tendler caught the champion and hooked his left to the body.

ROUND TWELVE. They sparred cleverly. They clinched. They locked their left arms and exchanged rights to the body. Tendler landed a light left, two light rights and another light left. Leonard stopped short and punched his adversary's head with his right and then allowed him to clinch.

ROUND THIRTEEN. The fighters walked into a clinch. Leonard hooked with his left and then hooked harder with his right to the jaw. He smashed Tendler's mouth with a battering right. Leonard uppercut sharply with his right, then pushed Tendler away. Tendler fought hard. One of his blows was low and Leonard objected to the referee. The bell rang and Leonard's manager stepped into the ring protesting.

ROUND FOURTEEN. They clinched. Leonard led lightly with a right. Tendler landed a left to the kidneys in a clinch. They boxed around and then Leonard landed stiff blows to the head. Tendler appeared slightly groggy and the champion was anxious for a knockout. Tendler covered his face with his two fists while Leonard flailed him briskly.

ROUND FIFTEEN. The big blow-up in the aforementioned frames came about in this manner: After two were mugged, Yonda was given free transportation to first, went to second when the lanky twirler heaved wild to Kessler, and scored on Boyak's single. Mikelson, whose services are leased by the Chicago White Sox, singled, scoring Boyak. J. McDonald bled to Higbee, retiring the side. One man was away in the third, when the second blow-up occurred. Maille walked; young reached first on an infield boot; Foster walked, filling the paths; McDonald walked, and Maille scored gratis; Yonda was safe on an out-field miss, and Young scored. Kuhn settled down to seriousness, and retired the side by whiffing the battery mates, Boyak and Mikelson.

Only Score in Third. Gladstone counted its lone tally in the third. With two down, Kessler doubled, and scored on Corey's miff of Higbee's long fly. Gladstone's opportunity of annexing further markers were nil as Mikelson kept his hits scattered, and was thereafter never in any difficulty.

Kuhn outside the fatal second and third, easily outpitched the Chi-Sox recruit. The big fellow struck out a sum total of thirteen men, while his enemy heaver whiffed eight of the local tribe. "Bubs" issued six passes, and Mikelson, not so generous, allowed only two free trips. Foye led the locals with the willow, smashing out two safe drives out of four stands at the plate. Curley continued to hit in consecutive games, when he poked a single in the eighth frame of the tussle. Cap Kessler and Johnson got the longest pokes of the contest, doubles that soared high over the infield. Corey and Boyak of the visitors, who hit safely in their initial trips to the plate, were whiffed on every succeeding appearance.

Kuhn Whiffed Thirteen. Kuhn shone out prominently in the tilt. A total of thirteen strike outs, and being touched by only five hits were the results of his day's labors on the mound. His wildness in the second and third, coupled with his team mates' erratic support, precluded a perfect day for the big fellow. Mikelson was only nicked for six blows, but the support of his mates was of a high order, and he seemed to possess an abundance of control.

U. P. GOLFERS MAY TAKE MEET TO IRON MOUNT

Houghton Also Bids If Site Is Changed

Governors of the Upper Peninsula Golf association are considering seriously, a proposal that the Upper Peninsula Golf tournament be changed from Ishpeming to Iron Mountain, it became known here yesterday. The matter was discussed at the invitational tournament last week at Houghton and although no definite decision was reached, there was a strong belief, it was said, that the Iron Mountain course would be far more satisfactory than that of the Marquette county club. Houghton has also been suggested as a possible tournament city.

In case the change is made, Ishpeming officials would be in charge.

Ironwood, where a new club house is being completed, and the two Soos, where the only 18-hole course in the peninsula is located, are expected to extend invitations for the 1924 meet.

ALGERITES WIN FROM UPBAYS

Mikelson Pitches Munising Team to 5 to 1 Victory Over "Mathys."

Gladstone, July 23.—"Bubs" Kuhn, crippled and handicapped, took the mound for Gladstone against Munising, pitched a wonderful brand of ball, but suffered a 5 to 1 defeat at the local park Sunday. The Algerite victory centers around the second and third innings, when Kuhn found difficulty in locating the plate, and coupled with errors, paved the way for Munising's fourth win over the local artists.

The big blow-up in the aforementioned frames came about in this manner: After two were mugged, Yonda was given free transportation to first, went to second when the lanky twirler heaved wild to Kessler, and scored on Boyak's single. Mikelson, whose services are leased by the Chicago White Sox, singled, scoring Boyak. J. McDonald bled to Higbee, retiring the side. One man was away in the third, when the second blow-up occurred. BOUWMAN SHUTS OUT CRAFTERS

Errors in First Inning Give Marquette Only Tallies.

Manistique, July 23.—(Special)—Two lone tallies on Manistique errors in the first inning won for Marquette at the Schoolcraft capital Sunday, and Debut's men were shut out, 2 to 0, for the first time this season.

After that first fatal inning, it was a gill-edged exhibition of real baseball, and the score board was decorated with goose-eggs only. The pitching honors were even. "Nig" Vassau, the west side wizard, and Bouwman, the lanky 19-year-old college phenom, allowed but five hits and two walks apiece. Both whiffed six men.

Errors Costly. Vassau whiffed the first Marquette man up. Then Belanger hit a high one to left field back of short. Both J. Meyers and Weltholter got under it, and Meyers muffed the piff, allowing Belanger to reach first. Burns got him at third, however, on a fielder's choice of Henne's swat. Doc Embell followed with Marquette's only extra-base hit, a deep bingle to the right field scoring Henne. Urquhart knocked to short, and a wide throw to first found him safe on the sack, while Embell scored the second scratch tally. McDonald retired the side by popping a hot one to Vassau.

Manistique was all set for a come-back after McDonald dropped a throw from third of Wilson's bouncer, but McDonald made up for his slip by a circus catch of Goodwin's bunt down the first base line. Meyers hit to a hole in the center field; but was nabbed before he reached second. Burns also failed to reach second after he had made first on a fielder's choice, and the side was retired.

Air Fight After That. Then followed the story of the goose-eggs. Vassau struck out the first man up in the second, and Carty and Bouwman were doubled in a pretty bit of play. Manistique had a chance in the sixth, after Marquette had been retired; one, two, three. Wilson bled to a throw to first, Goodwin struck out, Wilson stole second, and took third on an overthrow to second base. Lady Luck was A. W. O. L., however, and all Chas. Meyers could do was strike out, while Burns was only able to pop one to the pitcher. Wilson, by the way, was the first Manistique man to reach second and third.

The screws were put on in the ninth inning. With one Marquette man gone, two hits and a walk filled the bases. The crowd groaned, but a little infield out finished it, and McDonald and Lamere were benched.

Chance in Ninth. Burns was up in the ninth, and Manistique had not yet conceded the game to Marquette, but Dame Fortune refused to smile. Burns went a mile high for Bouwman's pad, and the best Vassau could do was a roller. Tebo got on by a nifty left field hit, and things looked brighter again when "Dutch" Weltholter came up. Weltholter was one of the stars of the day's performance. In the seventh, he registered Manistique's best hit of the day: a double to center field. Bouwman presented him with a base by hitting him on the leg. With two Manistiguers on bases, the crowd was yelling for a hit when Jack Meyers came up, but he was unable to connect, and a whiff wrote "anis" to the tale.

OH, HOW WE HATE TO GET UP! SHE KNOWS! SHE AROUSES 600

CATHERINE MARTIN New York.—For four years Catherine Martin has been human nature at its worst. She has encountered men ranking with venoms, women torn with melancholia, city rounders worn with nights of dissipation. And yet, she has but to speak and the rancor vanishes, the melancholia lifts, the world weariness disappears.

To keep their appointments. And here, according to Catherine, are some of the things that come back over the wire when she says, "Good morning." "Well, my dear, ordinarily I'd be in a very bad humor this morning, but at the sound of your sweet voice I can't say a thing except thank you very much and I'll get right up." "Oh, well, alright-ugh-ugh I suppose I'll have to get up, but how's the weather this morning? Think I better wear my rubbers?" Or "Oh say, be a good kid and give us another five minutes. Now you call me in five minutes and I'll get right up." It's this last class, says Catherine, that tries a woman's soul. First they want five minutes and sometimes you'll be ringin' 'em till 9 o'clock and still they don't seem to be able to negotiate the distance between the foot board and the fur rug. Once there was a man that got Catherine downright alarmed. He was saying, "Oh, my, give us another five—" when his voice trailed off utterly and a deep silence reigned. The telephone operator rang and rang but there was no answer. Then she called the floor clerk. The floor clerk called the houseman. When the houseman broke in the door the man was sleeping peacefully across the bed, the telephone clasped tightly to his chest. "Yes," says Catherine, "men are terribly hard to get up but once they're thoroughly awake they're the nicest things imaginable." "Only once I remember I got a 'calling down.' One of the regulars had checked out and a traveling man had come in about 5 o'clock in the morning and I didn't know it so I rang at the regular hour." And the language that man used, says Catherine, no lady would dare repeat.

Miss Holston Vigorous In Discussing Case

"The results I have obtained from Tanlac have delighted me beyond expression, and there's nothing too good I can say for the medicine," is the enthusiastic statement made a few days ago by Miss Anna Holston, residing at 5085 Irtagon St., Detroit, Mich. "The way my appetite was helped, my digestion improved, and my strength and health built up is simply remarkable. "I was badly in need of something to strengthen and build me up, for my health had declined to where I was run-down and weak and wholly indifferent about my eating. Tanlac Vegetable Pills are Na-

"The good Tanlac did me was plain from the very start. It really astonished me how forcefully my appetite asserted itself and how quickly I regained the weight I had lost and got back in buoyant health. "This is not my first experience with Tanlac, for last winter I realized wonderful benefits from the treatment also. Tanlac has been of such great aid in giving me health and strength that I don't see how it can fail to help anyone. Tanlac is for sale by all good druggists. Accept no substitute. Over 37-million bottles sold. Tanlac's own remedy for constipation. For sale everywhere.
