

PINCHOT PRESENTS COAL COMPROMISE

BONUS PROJECT AGAIN APPEARS IN WASHINGTON

ADMINISTRATION'S VIEWS EAGERLY AWAITED.

BY DAVID LAWRENCE.

Washington, Aug. 29.—Enough has been said by President Coolidge in conference with his cabinet and with members of Congress to indicate that he wants to make the word of economy in government expenditures. He has selected this as his first major objective. Chairman Madden of the house committee on appropriations, after consultation with Secretary of the Treasury Mellon has given a hint of Mr. Coolidge's second objective—reduction of taxation if possible.

While these two things might seem to be interwoven, there is still a third problem which overshadows them both—the soldier's bonus. Although nobody has said much about it publicly, it is a fact that hardly a discussion develops among government officials about fiscal affairs that doesn't wind up in the vagaries of whether Congress will or will not demand a bonus bill and pass it over a presidential veto if Mr. Coolidge should object.

Won't Speak At Once.

The president has not made known his attitude on the bonus and probably will not do so until he finds himself compelled to speak. While governor of Massachusetts Mr. Coolidge signed a bonus bill so in-principle at least he favors it. Thus the whole matter resolves itself for him into a question of whether the government can afford a bonus. That's where the significance of Chairman Madden's statement lies. Mr. Madden opposed the bonus last session. He now comes out in favor of a program of reducing taxation. Having proposed tax reductions immediately after talking with the president and Secretary of the Treasury makes it possible to draw the conclusion that he has the moral support of the executive in his project.

Bonus or Lower Taxes?

But there can be no reduction of taxation if at the same time the government undertakes added financial burdens in the form of soldier's compensation. Which course, therefore, should the federal government take? Should it continue as at present and squeeze a bonus out of the revenues now coming in especially when the administration has in the last two years not only been able to balance the budget but actually show a surplus? Or should the administration resist the bonus advocates and make a drive for lower taxation?

From a political viewpoint, few people are able to estimate which would be more effective. There are many more million taxpayers of course than there are soldiers entitled to a bonus. The support of the big business and financial circles of the country would be given the Coolidge administration if at the same time that a bonus was shelved taxes were reduced. The agricultural west is off the political reservation anyhow and is an uncertain quantity but a program of lower taxes would tend to hold the east solidly behind the republican administration—that's one theory by which the politics of the hour is being calculated.

Sales Tax Advocated.

Senator Smoot, chairman of the senate finance committee, has said that he didn't look for a reduction of taxation at the next session. But there is no doubt that the western insurgents, especially the LaPollette group, will press for tax revision especially on smaller incomes and for a raising of the taxes on higher incomes. If the western senators are going to take the initiative in tax revision, the regulars who want to keep the administration lined up with eastern sentiment would prefer to control the situation by offering a program of their own. It is inconceivable that the administration would sit silently while the insurgents offered programs of tax revision. Can the government reduce taxes and pay a bonus too? The advocates of sales tax think so. This introduces still another element into the controversy as there are many people in congress who think the present system of taxation could be simplified by a sales tax and they are glad of the excuse that the bonus situation offers to renew their advocacy of a sales tax.

Madden Forces Issue.

The announcement of Chairman Madden however will for the present have the effect of forcing the issue between a bonus and tax reduction with the administration watching carefully the trend of public opinion to see whether the country would rather add to its expenditures with a possibility of increased taxation or keep on for

Eugene Brock, Frank Aldrich, Escanaba Labor Day Speakers

COMMITTEES from the Escanaba Trades and Labor Council are busy this week with details of their Labor Day celebration plans. While no elaborate program is contemplated, the organization is determined that the day shall not pass without a fitting observance. Speakers for the day will be Eugene Brock, leader in the state Progressive Voters' League organization; Frank B. Aldrich, flag bearer for the party in last year's race for the lower house of Congress, and Lawrence Hartwig, Escanaba High School boy, runner-up for state interscholastic oratorical honors. The program of speeches will be carried out at the Delft theatre, beginning at 10 o'clock in the morning. Brock and Aldrich have not announced their topics. They will undoubtedly take some phase of the labor situation for their subjects. Hartwig will give his oration on child labor, "The Crime of Today." Prizes have been posted for the athletic events which will be run off at Ludington Park in the afternoon. The Manistique Band will furnish music.

CUBA TO WATCH CABLE TRAFFIC

Political Messages Will Be "Observed", Says Havana.

New York, Aug. 29.—The Commercial cable company received word late tonight that no censorship had been declared on telegrams passing through the company's Cuban offices as was reported by the company today. Cuban officials, in a message to the company's main office here, declared that "observation" would be limited to cablegrams "of political significance." This message was in direct opposition to a communication received from the company's Havana office earlier in the day. The Havana office stated that it had been notified all incoming and outgoing cablegrams would be subject to censorship until further notice. No explanation was given.

WASHINGTON UNINFORMED.

Washington, Aug. 29.—Imposition by Cuba of a censorship on cables between the United States and the island announced today by the Commercial cable companies, lacked official confirmation in dispatches received tonight by the state department. A message from the American embassy in Havana contained no reference to censorship. It was intimated that if censorship was applied, to the exclusion of interchanges between American commercial concerns and their Cuban offices, the Washington government undoubtedly would make the matter one for immediate representations to the Cuban government.

Opposition Recognized.

The belief prevailed in circles in closest touch with the Cuban situation that the Havana government has recognized as formidable the opposition to its policy, particularly those relating to the lottery and railroad question, revealed at the recent assembly of veterans and patriots. Mass meetings under the auspices of the assembly for the purpose of stating more effectively their protest against the lottery bill and the Tarafa transportation measure and its demand for "better government" have resulted, it is indicated in dispatches received by officials here, in a wide spread movement through the island not entirely friendly to President Zayas.

Gamblers Held Up for Over \$50,000

Detroit, Aug. 29.—Police today were investigating a report made to them verbally that five bandits last night walked into an alleged gambling house in West Grand River avenue, forced the manager to open a safe and escaped with between \$50,000 and \$60,000.

The loot, according to the report, represented the night's returns at the house.

Immediately after the report reached the police this morning, a detail of reserves was dispatched to the house. The room where the safe was located was unoccupied but in an upstairs room the officers found 50 men divided among six or seven dice games. The men were taken to police headquarters but denied any knowledge of the holdup.

Hiram Maintaining Political Silence

Omaha, Aug. 29.—Senator Hiram Johnson of California alighted for a few moments' chat with friends when he arrived here today enroute to the Pacific coast. Saying that he was not talking politics now, Senator Johnson would not discuss the subject nor did he make more than passing reference to the political outlook in California.

a few years with its policy of reducing the public debts and taxes generally.

Three Prominent Flint Attorneys Killed in Wreck

FLINT, Aug. 29.—Three of Flint's most prominent attorneys were killed and two other members of local law firms were injured last night when the automobile they occupied was struck by a Michigan United Railway car at Mount Morris, five miles north of here. The dead: Marshall Frisbie, 40; Clay M. Wilber, 45; Clark Johnson, 40. The injured: Capt. Frank Millard, 37; and Hugh Parker, 25. The automobile, a closed car was owned and driven by Johnson.

DETROIT ADDS TO CAR WAGES

Officials and Clerks Get Increases Along with Carmen.

Detroit, Aug. 29.—Salary increases, totalling more than \$200,000 annually have been granted or are about to be granted by the board of street railway commission, to officers of the municipally owned railway and employees in the general offices. Ross Schram, assistant general manager, informed Acting Mayor John Lodge today. Mr. Lodge announced shortly afterward that William Nagel, city controller, on advice of Mayor Frank Doremus, would refuse to honor the payroll containing the salary increases.

10 to 25 Percent.

The pay boost given officers and office employees of the railway company, range from 10 to 25 per cent. An annual wage increase of \$600,000 recently was given platform employees, followed by announcement that fares on the company's lines would be raised from five to six cents, nine tickets for fifty cents. At that time, officials of the system declared a higher fare was necessitated largely because of the increase to platform men. This wage increase was retroactive to July 1, and the report of the street railway commission for that month showed a deficit of approximately \$20,000. Previous to that time the commission had steadily reported profits.

Pay of Officials.

Mr. Schram, in announcing salary increases for officers, says his own salary remains unchanged. Among the increases granted were: superintendents, respectively, of transportation and track, from \$6,000 to \$7,500 and the same increase for the auditors; the claims attorney was raised from \$5,000 to \$6,000 and the supervisor of supplies was entered at \$5,500 instead of \$5,000.

Masked Men Flog World War Veteran, Seven Are Arrested

Bryan, Tex., Aug. 29.—Alleged to have had a hand in the flogging Tuesday night of Manuel Moon, a Mexican living three miles north of Bryan, seven white men were arrested late today by Sheriff Morehead.

All seven acknowledged they participated in the flogging, the sheriff announced, but they declined to give any reason for their alleged action.

Moon, who had lived in and around Bryan for 15 years and who served with the army in the world war, is at a local hospital undergoing treatment. His condition is serious. The flogging was administered with wet ropes and six shooters, the sheriff said. The victim bears an excellent reputation in this community. He is a farmer and is married. Recently he returned to his home from a government hospital where he was under treatment by army physicians.

ITALY SENDS ULTIMATUM TO GREEK CAPITAL

INDEMNITY ASKED FOR MURDER OF 5 OFFICERS.

Athens, Aug. 29.—(By the Associated Press)—The Italian government has demanded from Greece an answer within 24 hours to a note demanding that Greece shall pay an indemnity of 50,000,000 lire, salute the Italian fleet and punish the Greeks responsible for the killing of five Italians of the Greco-Albanian frontier delimitation mission. Premier Conatas told the newspaper men that while all of the demands were not acceptable, some of them would be agreed to and that the Greek government would consider modification of the others. The premier added that the government would make reply to the Italians within the time limit set by them.

GREECE BLAMES ALBANIA.

Athens, Aug. 29.—(By the Associated Press)—As an outcome of an exchange of visits between G. C. Montagna, the Italian minister to Greece and Foreign Minister Alexandris, the latter, after again expressing his government's regret over the assassination of the five Italian members of the Greco-Albanian boundary delimitation mission, said that with a view to conducting an inquiry, it had been decided to dispatch a warship to Santi Quaranta, one of the ports of Albania, near where the murders occurred. The secretary of the Italian Legation, speaking in the name of Signor Montagna tonight, said the murder of the Italian mission was a political crime, due to Greek hatred of Italians, which hatred was the outgrowth of propaganda. The opinion was the murder had been committed by Albanians there, was to be discounted.

Grave Consequences.

Apart from the reparations which would be demanded, the secretary said the crime would have the greatest consequences for Greece. Premier Conatas, alluding to the murders, said that according to reports received from the authorities at the site of the murder he had concluded that the murderers were Albanians and not Greeks. The premier expressed the opinion that the incident would not disrupt relations between Greece and Italy.

CANADA SPEEDS WATERWAY HELP

Duluth, Aug. 29.—Formal steps for a joint conference between the United States and Canada to consider a treaty between the two nations relative to the canalization of the St. Lawrence river and the opening of a waterway to the sea, will be taken by the Dominion government before December, in the opinion of Charles P. Craig, executive secretary of the Great Lakes-St. Lawrence Tidewater association.

The situation is clearing up, said Mr. Craig, and indications are that President Harding's invitation to Canada to appoint a commission for the purpose of considering a joint treaty will be formally acted upon within the next two or three months.

Clew to Missing Tourists Found

Albuquerque, N. M., Aug. 29.—A clew to James R. Lowe and Phillip Evans, of Grand Rapids, Mich., missing automobile tourists, has been received, according to Warren Sturkis, a special detective sent to New Mexico from Grand Rapids, by Edward Lowe, wealthy real estate dealer and father of James Lowe.

It is believed the young men are safe and on their way to Berkeley, Calif., but the trip will be checked up until they are located.

Whitfield Leading Mississippi Vote

Jackson, Miss., Aug. 29.—With three precincts missing, revised and complete unofficial figures on yesterday's Democratic runoff primary, as compiled tonight by the Jackson Clarion, gave H. L. Whitfield, a majority of 16,588 over Theodore Bilbo, for governor. The total vote was 249,354, of which 132,971 was credited to Whitfield and 116,383 to Bilbo. The nomination is equivalent to election.

One swallow does not make a summer, and one flea does not make a success.

MUSKEGON GETS NEXT MICHIGAN LEGION CONFAB

Elect Benton Harbor Man State Commander at Ironwood.

Ironwood, Mich., Aug. 29. (Special)—Dr. C. V. Spawr of Benton Harbor was elected department commander of the American Legion for the state of Michigan in the final session of the state convention here today. He succeeds Dr. Robert Harkness of Houghton. He was elected by a large majority over William E. Winegar of Grand Rapids.

Joseph J. Herbert of Manistique was named first vice commander; R. K. Anderson, Tecumseh, second vice commander and John F. Roehl, Detroit, third vice commander. Clarence Myers of Caro was elected state finance officer. The Rev. Fr. Frank Seifert of Daggett was elected state chaplain and M. M. Van Valkenburg of Cadillac, state historian. Glenn R. Wilkins of Saginaw was named sergeant at arms. Adjutant, Not Picked.

No reports were available tonight in the balloting for state adjutant. Guy M. Cox of Iron River is being boomed for the office by upper peninsula delegates and his election is thought certain. The committee had made no report at a late hour tonight.

Dr. Robert Harkness, Houghton; Grant Kass and Abraham Zussman, Detroit; Harvey Gormely, Newberry and Wilbur Brucker, Saginaw, were named delegates at large to attend the national convention at San Francisco. Alton T. Roberts of Marquette and Ted Van Waxner of Iron River were picked to represent the twelfth district at the national confab. Earl Burridge of Crystal Falls was elected to the state executive committee from the twelfth district.

Muskegon Next Year.

The bid of the Muskegon post for the next state convention was unopposed. Muskegon delegates and Chamber of Commerce representatives stated that the Legion men and civic organizations of that city would combine forces to stage a convention program which would make new history for the Legion in this state.

Larned Post, of Detroit, won the \$200 prize for the post having recorded the greatest number of man-miles. Detroit's total was 16,771 miles. The Zouaves drill team of Jackson took the \$100 prize for the best drill in Michigan. A float representing the Michigan Legion Children's Bazaar at Otter Lake won a \$50 prize. All three prizes were paid by Dr. Harkness, retiring state commander, out of his own salary.

Wealthy Man Found Dying in Bare Room

Traverse City, Aug. 29.—A man found dying Monday in a rooming house here where he had locked himself in four days previous, was today identified as James Bland, of Paris, Mo., by his sister, who told police of his inclination to spend the remaining days of his life as an itinerant. Bland was taken from the floor of his barren room writhing in pain. On the dresser stood two empty bottles. On his person hospital attaches found valuable papers and letters including land deeds. He died at the hospital several hours after being taken home several months ago to roam about the country. He is reputed to be wealthy, although he was unshaven and attired in tattered clothing.

Baron Goto Offered Foreign Ministry

Tokio, Aug. 29. (By the Associated Press)—It is reported here today that Baron Shimpel Goto, former mayor of Tokio, has accepted the office of foreign minister in the new Yamamoto cabinet.

Baron Shimpel is 67 years old. He is a physician by profession but has played a prominent part in domestic and foreign affairs since 1890 when he made an inspection tour of social and sanitary institutions and Europe. He studied medicine in Japan and Germany.

Wisconsin Farmer Is Killed by Train

Chippewa Falls, Wis., Aug. 29.—William Hanson, a farmer near Withee, was killed and Joseph Beck and Edward Dergstrom, neighbors, were injured, probably fatally, when their automobile was struck by a passenger train on the Soo Line railway at Withee.

Princess Anastasia Succumbs At Her Home in City of London

London, Aug. 29.—(By the Associated Press)—Princess Anastasia, wife of Prince Christopher of Greece and former Mrs. William B. Leeds, widow of the American (in plate magnate, died in her London home tonight. She passed peacefully away at 11:55 without regaining consciousness. Prince Christopher, the queen mother, Olga, William B. Leeds, Jr., and his wife, Princess Xenia, and other members of the family were at the bedside.

The immediate cause of her death was cancer complicated by cirrhosis of the liver. It is thought likely that the body will be sent to the United States immediately for interment in the family mausoleum at Woodlawn cemetery, New York, although some officials tonight expressed the hope that the burial might be in the Greek royal cemetery at Potli, near Athens, where the late King Alexander is interred. An English-speaking Russian priest administered spiritually to the princess during her last hours. When she was married, the princess became a member of the Greek orthodox church. It was impossible to obtain a Greek priest in London, so a Russian priest was substituted. Prince Christopher is prostrated.

FREE STATERS HOLDING LEAD

Elect 27 Members to Nine Republicans, Partial Returns Show.

Dublin, Aug. 29. (By the Associated Press)—The election situation tonight, with unofficial returns and estimates still coming in, is such that it is almost impossible to form any accurate idea of how the returns stand. No count is yet complete for any constituency, and though some candidates whose names have been mentioned as among the elected have not yet been officially declared so. The declarations today, however, greatly increased the confidence of the government, and tended to lower the hopes of the Republicans. Labor made a poor start and neither the Farmers nor the Independents fared well. The outstanding feature of the election has been the heavy polling of the ministers. A comparison of the party strength of those already unofficially declared to have been elected, gives no idea of ultimate strength pending allocation of the surplus vote.

De Valera Elected.

Tonight it was semi-officially stated that Eamonn de Valera had polled 17,000 votes in County Clare against 8,000 for Prof. John MacNeill, minister of education. Both figures are above the quota, but it is expected that each will be increased as the count continues. De Valera probably will carry the two other Republican constituencies with him. At 11 o'clock this evening the returns indicated the election of 27 government members, 9 Republicans, 4 Farmers, 4 Laborites and 7 Independents.

RED CROSS TO APPEASE

Geneva, Aug. 29. (By the Associated Press)—Extraordinary efforts are being made at Geneva to lessen the importance of the sensational incident affecting the American Red Cross and the International Geneva organization. Geneva officials even hope that they may induce the Americans to come here from Paris and attend the closing of the Red Cross sessions.

A telegram sent today by the International Committee of the Red Cross to John Barton Payne, chairman of the American organization, in which intention to censure the American Red Cross was disavowed, was inspired by a desire to bridge the chasm caused by the text of a report submitted to the Geneva congress of the International Red Cross, to which the American representatives took strong exception, and by a letter of protest immediately forwarded by the Americans.

City to Receive \$56,590 As Share Of Primary Fund

Escanaba's share of the state primary school fund for this year will amount to \$56,590 according to the figures just sent out by O. B. Fuller, auditor general. The share for the entire county is \$132,000. Escanaba's school census lists 4,921 persons of school age in the city at the time of the census, last July. The amount per capita is \$11.50 this year, twenty cents less than last year. The city school census this year is 5,188. The county returns are not yet completed. These figures will be used next year.

The entire amount to be distributed by the state is \$11,938,916. Other upper peninsula counties will receive the following amounts: Dickinson \$84,617; Gogebic 126,603; Houghton 239,590; Iron 91,920; Marquette 173,362; Menominee 106,650; Ontonagon 54,280; Wayne county, which is composed mostly of the city of Detroit, will receive \$8,365,256.

OFFERS MINERS FLAT INCREASE OF 10 PER CENT

Harrisburg, Pa., Aug. 29.—(By the Associated Press)—Gov. Pinchot of Pennsylvania tonight laid a proposition before officials of the miners' union and the representatives of anthracite coal operators on which he asked them to compromise the controversy which threatened to shut down the mines on Sept. 1. His suggestion calls for a flat increase of 10 percent in the pay of all mine workers; for the abolition for all other than eight hour working day arrangement; for the dropping by the union of its demand for checkoff collection of dues with the provision that union agents might be stationed in company offices on pay day to collect from the men; for full recognition of the union by the operators; and for acceptance of the principle of collective bargaining.

Wants Answer Friday. He dismissed both groups of leaders from his offices with a request that they return him an answer by Friday noon to the proposition as made. John L. Lewis, president of the United Mine Workers, immediately summoned a meeting of the full scale committee of miners for 10 a. m. tomorrow. The committee has 38 members in addition to the union officials who have handled negotiations.

Samuel D. Warriner, chairman of the operators' policy committee, also called in for consultation as many of his associates as he could reach. Comment was withheld by both sides, not only because of a desire for time to study the proposals, but also because of a peremptory request from the governor that they give him their first responses Friday.

MIDDLE MARGIN BOOSTS PRICES

Wholesalers Blamed for Last Year's High Coal Costs.

Washington, Aug. 29.—Responsibility for high prices paid for anthracite by the consumer last winter was attributed "to the speculative jobber or wholesaler" in a report issued today by the federal coal commission. In some instances, it was found by the investigators, four wholesalers intervened between the mine and the retailers, "margins" running from 20 cents to an aggregate of \$4.75 a ton. "Should a stoppage of mining occur on Sept. 1," said the report, "it will accentuate the already heavy demand for anthracite and unless the buyer and the retailer representing him learn from past experience, unscrupulous wholesalers will repeat their speculative activities of last fall and winter on any anthracite coal that may be on the market after Sept. 1, as well as following the resumption of mining.

No Real Authority.

"In the absence of any regulatory powers over either mine prices or wholesalers' margins on the part of state and federal authorities, the extent of such activities and the amount of premium added by wholesalers will depend largely upon the willingness of the retailers and the public to pay the prices demanded." "It is only the retailers' consent that the middleman may receive as much margin as the miner receives in wages from the same ton of anthracite."

Mining Engineers to Tour Ranges

Duluth, Aug. 29.—Representatives of iron ore mining concerns in Minnesota, Michigan and Wisconsin, gathered here today for the opening session of the Lake Superior Mining Institute. The program called for a banquet, entertainment and business meeting late today and this evening before the party leaves by special train for a tour of the iron ranges. Ending their two day convention this morning, delegates attending the convention of the Lake Superior section, National Safety Council, pointed the institute party.

German Marks Make Vendor 20,000 Pct.

New York, Aug. 29.—German marks which made a new low record today, dropping to ten cents a million, were being sold by street vendors at 20 cents for 10,000. One of the vendors, making a neat profit of 20,000 per cent, had to make several trips to a foreign exchange counter to replenish his supply. Each trip he bought 10 cents worth, 1,000,000 marks—and each trip he made \$20. Even Wall street admitted that was a fair profit.

Carnegie Rioter Freed on Bonds

Pittsburgh, Aug. 29.—Patrick J. McDermott, Carnegie undertaker, arrested in connection with the Klan rioting Saturday night, during which Thomas Abbott, a Klansman, was killed, was released from the county jail today on \$10,000 bonds after a charge of inciting to riot had been filed against him. McDermott had been held on order of the coroner but today he was turned over to the district's attorney's office. The people who report that business is coming back are those who went after it.

EIGHT HOUR DAY GRANTED, UNION RECOGNIZED.

Comment was withheld by both sides, not only because of a desire for time to study the proposals, but also because of a peremptory request from the governor that they give him their first responses Friday. The governor's proposal for a wage increase was based on the calculation that 10 percent would add 60 cents a ton to the cost of mining coal, and that the operators, armed, he said, with unusual profits during recent months, could absorb 10 cents per ton of this amount. The remaining 50 cents per ton, he said, "in the end can not be taken from the consumer" and he promised to make proposals later for getting this absorbed out of existing costs of transporting and distributing coal. The employers' repeated tenders of arbitration to settle all details of the controversy, he set aside. He suggested that the wage and work arrangement he proposed be effective for not less than one year. As before, the governor called both groups to seats around a table in the official reception room facing each other while he read his ultimatum. They listened attentively but the full miners' scale committee, given a place in the audience, made evident their anxiety and difficulty in hearing. Two or three times he broke away from the text of his prepared address but only briefly.

Answer Is Promised.

"I'm speaking to both sides of the table," he admonished them, when he spoke of getting this bitter and lasting resentment." In another strain he thanked them for "confidential treatment" of his previous communications and asked the same regard in their deliberations between now and Friday. "Your excellency, in behalf of the United Mine Workers, I promise that every consideration will be given to this proposal," Mr. Lewis told him at the conclusion. "And we shall answer it by Friday."

"We'll do the same," said Mr. Warriner, chief spokesman for the operators.

Mayor of New York has a cold. He can get something for it.

WEATHER

THURSDAY, AUG. 30, 1923.

Forecast.

Upper Michigan—Generally fair Thursday and Friday; somewhat warmer.

Upper Lakes—Gentle to moderate variable winds and mostly fair weather Thursday.

Temperatures.

### TITLE IS POOR TIP TO MOVIE, AUTHORS AGREE

#### Alluring Changes Made in Originals by the Producers.

By NEA Service.  
Hollywood—Why titles are changed is one of the great mysteries of Hollywood.  
A fairly explanation was economy length, so that titles could be played in larger letters on posters and could be set up in the illuminated letters on theater marquees.  
Then when many new titles were physically longer than the originals, the producers said they were compelled to make the title alluring enough in itself to fill the posters.  
Now there is a perfect frenzy of title-changing. Titles are often changed before the camera starts turning, are changed once, twice—often three times—during the course of production, then may be given another title in New York.  
Take "The Faun," in which William Faversham played so successfully on the stage for years. When William De Mille started directing it for Laiky he called it "Moral Love." Half way produced it was retitled "Spring Magic." Now it's "The Marriage Maker."

#### Forty-four Changes.

Some out of curiosity recorded the various title changes. In the past two months there's been 44 of them.  
There is a certain merit to the idea of choosing a title that is self-attractive, and self-selling to the amusement seekers.  
Most picturegoers select their evening's entertainment, deliberately or subconsciously, from their reaction to the title. Unless they are rabid fans for some particular star (and the genius fan is rapidly dying out) the actors are not taken into consideration in choosing the title to see. And it would require a film enthusiast with a flair for detective work to keep track of the favorite story or author through the maze of title changes.  
But if a title will sell thousands of books, it will attract thousands of persons to hear spoken

plays, why should not the same title attract photoplay fans? There's the mystery.  
What They Like.

Producers are certain the photoplay fans are only interested in such fundamental things as Girl, Love, Woman, Marriage, Hate, Wife, Lure, Fool, Heart, Sin, Soul, Lie.  
Therefore "Marriage Morals," "The Marriage Maker," "Modern Marriage." Therefore "Other Men's Daughters," "Other Men's Money," "The Other Woman." And the great question series—"What Wives Want," "What Women Want," "What Is Your Daughter Doing?" "Whose Baby Are You?" "Why Do We Live?" "What Lore Will Do," "What a Wife Learned" and Ben Turpin's "Where Is My Wandering Boy This Evening?"  
It's easy to see the producer's viewpoint. The question is, does not the public tire of these obviously "alluring" titles?  
After once discovering that a tempting title may mean only a mediocre picture, the screening public may suddenly "go cold" on box office titles. When it does, the title-changing frenzy will be over.

Then when many new titles were physically longer than the originals, the producers said they were compelled to make the title alluring enough in itself to fill the posters.  
Now there is a perfect frenzy of title-changing. Titles are often changed before the camera starts turning, are changed once, twice—often three times—during the course of production, then may be given another title in New York.  
Take "The Faun," in which William Faversham played so successfully on the stage for years. When William De Mille started directing it for Laiky he called it "Moral Love." Half way produced it was retitled "Spring Magic." Now it's "The Marriage Maker."

### CITY BRIEFS

Mrs. Frank Schulte and two children, of Houghton, are spending a few days in the city with Mr. Schulte who is employed here.  
George McCarthy and sister, Miss Ellen McCarthy, returned from a motor trip to Marquette.  
Mrs. P. J. Krummy, Mrs. Earl Hruska and son, Gladwin, of Manistique, motored to this city yesterday and were the guests of Mrs. Elizabeth Marcotte.

Mrs. Elizabeth Marcotte will leave the latter part of the week for Davenport, Iowa, for an extended visit.

Mrs. Ted Walters, Jr., left yesterday to spend several weeks visiting friends in Munising.

**GORGEOUS WRAP.**  
A sumptuous evening wrap is of ashes of roses velvet with gold Chinese embroidery on the large sleeves and lavish trimming of kolinsky.

### HUBBY A CRAB? BLAME THE FURNITURE

MRS. PENRHYN STANLAWS

New York.—Have a care for the wall paper if you would hold your husband. The quarrel you had last night may have been due solely to the large yellow poppies on the dining-room wall.

For husbands just can't be discontented in tasteful homes, says Mrs. Penrhyn Stanlaws, the noted artist's wife. She's settling out to prove it. Having converted an old farm house into a lovely bit of colonial beauty for her own use, and having for years "made over" her friends' homes, she's embarking on an honest-to-goodness career as interior decorator.

"Nobody can tell," she says, "the suffering golden oak living-room 'sets' have caused.  
"Men may not realize it, but they're the first victims of ugly furniture, garish wall paper and glaring lights.  
"After a hard day's work, a man has a right to a restful home. His ash tray should be at his elbow, magazines and papers on the table, he should have an easy chair, a hassock, and a soft light to read by."

Any woman can have beauty in her home, thinks Mrs. Stanlaws. "Why not eat in the kitchen?" she queries. "Any kitchen can be lovely if it is sweet and clean, with gingham window curtains and a flower pot on the sill. Kitchen chairs can be painted. I bought five once for \$5.50 at a junk shop. Painted, they were lovely."  
"It's just as easy to have beauty in the rest of the house. Clear out all furniture except what is absolutely needed. Forego the gold framed picture you were going to get. Spend the money on plain wall paper.  
"Hunt up a bit of chintz, put it in a cheap wooden frame and paint the frame one of those funny Chinese reds. Buy a \$1.89 vase—one with soft yellows, vase—one with soft yellows, single flower in it. Set a book and a shaded lamp near by. You'll have a corner as lovely as a chapel niche.  
When you've done all this, she avers, you'll have a happier, better husband.

**Texas Negro Beaten, Ordered Out of Town.**  
Temple, Texas, Aug. 23.—A negro was warned by officers to leave town here today after he had been severely beaten by masked citizens, following his alleged association with a white girl of foreign nationality. The negro is said to have been warned to leave town several days ago and when the attack was made against him today, officers declined to promise him protection.

**Coliseum Opens Thursday Night.**  
Plans for the opening of the autumn skating season at the Coliseum tonight, include a number of new novelties. The building has been redecorated, 100 pairs of new skates added to the equipment and new selections for the big band organ, including the latest dance music, procured. There will be a grand march at 9:30 o'clock and favors will be distributed.

**NICE LITTLE PARTY.**  
Florence, Italy—A bull fight here came to an end without the bull having been killed. Customers, feeling defrauded, became threatening. A bull was led in and stuck with a sword three times cold-bloodedly. Everybody was satisfied.

**FISH HOUND.**  
Believe it or not, Fosco King, a Boston torrier owned by Mrs. W. H. Kilbourne, Eagle Ridge, Ore., craves to catch fish. His greatest joy in life is to land a rainbow as large as himself. Sometimes the trout is larger than Fosco. Then a battle royal ensues.

### AUTO SHOW AT U. P. FAIR TO BE BEST EVER

That the Automobile Show to be staged in connection with the Northern Michigan State Fair here next month will be the greatest ever seen in the upper peninsula was the prediction of the Fair officers yesterday, coincident with the announcement that all automobile display room in the north wing of the Fair building had already been sold out. An overflow into the main building is anticipated.

The number of exhibits this year has already set a new mark. On account of the large number of concerns which will advertise their business by preparing booths at the fair this year, the officers of the fair association have decided that no room can be spared for refreshment booths and like enterprises.  
The outdoor attractions this year, it is promised, will surpass anything ever seen. Secretary Oscar Kraus is at the present time dickering with a dozen outdoor amusement agencies in the effort to book an exceptional bill of outdoor entertainment.  
"I'm fishing for a good band now," said Mr. Kraus. "And I may have something surprising to announce in this regard within the next two weeks. A good band is one of the main things in any sort of an affair, and I want to get the best that our treasury can stand."

A dollar buys almost a newspaper headline of German marks.

### SOCIAL

**Telephone Girls Entertained.**  
Dr. and Mrs. John O. Groes entertained all the telephone operators at their cottage on Lake Shore in a most royal manner. The girls went in two groups, the first ones being entertained Friday evening, August 24th, while the second group had the same courtesy shown them Tuesday evening.

Cars were sent to the telephone office to convey the operators to the cottage where games were played and a marshmallow roast, beside the camp fire. After a pleasant time spent in the open air cards were played and dainty refreshments were served.

Other friends were invited to the party taxing the summer home to its capacity. All who attended voted Dr. and Mrs. Groes admirable entertainers.

**Birthday Surprise Party.**  
Miss Edith Dishno of Wells was pleasantly surprised by a large number of friends at her home Tuesday evening. The occasion being her birthday anniversary. An enjoyable evening was spent, followed by a delicious lunch. Miss Dishno was the recipient of many pretty and useful gifts.

**Cupola House at Chatfield Plant Damaged By Fire.**  
Fire which broke out about 8 o'clock last night on the roof of the cupola house at the Chatfield foundry and machine shop on Hartnett avenue, burned a large hole in the roof and gave the North Escanaba fire department a stiff half hour fight before it was finally subdued. The damage was not great.

The blaze is blamed to the overheating of a pile of coke or charcoal which had been stored on the second floor near the cupola stack. The cupola had been heated while casting operations were being carried on during the day, and the heat is believed to have set the coke afire.

Arvid Johnson, fire chief, issued a warning last night against the practice of motorists running over the hose which is stretched. No vehicle of any kind is permitted to run over a fire hose when it is in use. The offense is punishable by a \$25 fine and steps will be taken to discourage future offenders through arrest and prosecution.

**Stolen Tire Is Recovered, Hold Driver for Theft.**  
Charged with the theft of an automobile tire last Thursday night from a car owned by Geoffrey Daley of Menominee, R. B. Chapman of Escanaba was arrested last night by Assistant Police Chief Eitenhofer and Patrolman John Finn of the Escanaba Police Department.

The tire had been "spotted" on Chapman's car since Monday night, the police claimed, but arrest was not possible until today when the owner, Mr. Daley, returned from Menominee and gave the officers the serial number of the casing, in order that it might be identified without question.

Chapman declared last night that he had purchased the tire from two small boys. The police claim to have evidence which will disprove his statement. He was ordered to report this morning for hearing.

The oyster returns from its vacation in September, but shuts up like a clam about it.

RECORD CROWD EXPECTED FOR ZIONIST MEET

Leaders Expect at Least 1,000 People to Visit Green Bay Sunday.

Green Bay, Wis., Aug. 29—Officials of the Zionist association of Wisconsin and Upper Michigan peninsula expect approximately 1,000 delegates to be present at their convention here September 2, which it is said will be the largest gathering of Jewish people in the history of the organization.

Dr. Jacob Sonderling, a Jewish leader in Europe, and who as a rabbi in the armies of Europe, has traveled extensively in the war-torn regions, is the principal speaker of the convention. Dr. Sonderling was also one of the principal speakers at a Zionist convention in Baltimore recently.

Other men prominent in Jewish circles here are: Robert Hess, Milwaukee attorney; Dr. A. E. Abramowitz and Max Shulman, Chicago, Illinois.

Thirty-eight members of the Wisconsin - Northern - Michigan Zionist committee will meet at the armory here for a business session and election of officers.

Dr. Sonderling is expected to speak. He is expected that Dr. Sonderling who is visiting the United States in the interests of the Zionist movement, will tell of his experiences and the condition of Jews in Europe during the world war.

Dr. Sonderling was one of the first co-workers of the leader and founder of modern Zionism, Theodor Herzl, said Herman Gessner, Escanaba member of the Zionist National Executive committee.

In Germany he was invited to join the forces of the Keren Hayesot by Dr. Oscar Wasserman, director of the Deutsch bank and president of the German Keren Hayesot.

Dr. Sonderling is the author of a number of scientific works on the philosophy of religion and Jewish art.

WANDERS OVER WORLD POSING FOR PAINTINGS OF CHRIST

JAMES R. JOHNSTON

By NEA Service Cleveland.—His features resemble Christ's.

So James R. Johnston, printer, is capitalizing on them.

For more than a decade he has been posing his way around the world.

And here's how he came to take up his strange occupation.

Back in 1912, while soliciting orders for a job shop, he happened into a Chicago art school.

An artist asked to begin a painting of the Messiah, noticed the striking likeness between Johnston's facial features and the Savior's, as depicted in biblical pictures.

He asked the tramp printer to "sit" for him. The finished work got the critics by storm.

Johnston deserted his type case and became a model.

Since then he has roamed over the face of the globe. He has visited every city of any size in the United States and Canada.

Twice he has been in Europe. And always he shuns trains. He travels afoot and accepts "lifts" from motorists.

In journeying by water, of course, he must go by boat. But when the trip's over he takes to the road again.

Moses, David, Joseph! Johnston portrays them all. And other characters, too like the grizzly old prospector of the days of '49, the Hindu rajah, the Arab sheik, the Moorish chieftain.

Johnston wears his hair and his beard long. He can't help but attract attention as he goes along his way. Over in New York state, a village constable suspected him of being "King" Ben Purnell.

Doesn't Smoke. For seven years Johnston hasn't touched a bite of meat. Nuts, fruit, white bread and milk comprise his diet day in and day out. Christmas and Easter included. He quit smoking so long ago he can't remember just when it was.

He remains aged 12 to 15 hours daily, but really only sleeps seven or eight, he says.

"I'm 54 now, but I believe I can live to be 100," he declares. "And nearly all of us could if we only would try to live as our forebears."

When the first chill wind of winter whistles around the corner, Johnston expects to be on his way to Hawaii. He plans to open an art shop in Honolulu. He'll sell only his own pictures. He has several trunks filled with them and stored away in different cities.

"Maybe I'll stay over there," he says. "And perhaps I'll return in the spring. It's hard to tell. You know, when the wanderlust bites you there's only one thing to do—Pack up and move on."

"And that's the way it's always been with me."

Dr. John Walsh, of Escanaba, made a professional call here Sunday.

Mr. and Mrs. Stephen Rabideau and daughter spent a few hours in Escanaba Sunday.

Mr. and Mrs. August Larson and family motored to Bark River Sunday.

DEAUVILLE SQUARE. The Deauville square has taken a new step in that it is now being used for table covers with a braid edge.

HATS OF DUVETYN. Duvetyn is gradually supplanting suede for small severely tailored hats. Panne is also favored.

General Ong is moving on Amoy. Doesn't matter, but he sounds as if someone hit him.

MARKET REPORTS

NEW YORK STOCKS. New York, Aug. 29—The rally in stock prices which began Monday, continued through today's session with trading in larger volume and extending over a broad list. Speculators for the advance found encouragement in the statement of Charles Mitchell, president of the National City Bank, that all business was opening up in an encouraging way. Pools were in evidence in many issues but so called public buying was negligible. Sales for the day totalled 7,900,000 shares.

CHICAGO PRODUCE. Chicago, Aug. 29—Butter, unsettled, creamery extras 44; standards 43 1/4; extra firsts 41 1/4 at 42 1/4; firsts 39 at 40 1/4; seconds 37 at 38. Eggs, higher, receipts 9,663; firsts 27 1/4 at 28 3-4; ordinary firsts 25 at 26; storage packed firsts 30. Poultry, alive, unchanged. Potatoes, weak, receipts 109 cars. Total U. S. shipments 610; Minn. sacked early Ohio, U. S. No. 1, \$1.70 at \$1.85 cwt.; bulk \$1.50 at \$1.65 cwt.; Wis. sacked round whites U. S. No. 1, \$2.25 at \$2.30 cwt.; Minn. sacked Irish cobbles U. S. No. 1 \$2.30 at \$2.35 cwt. Nebraska sacked early Ohio \$2 at \$2.15 cwt.; Idaho rurals, U. S. No. 1, \$2.15 at \$2.20.

### ATTEND THE FAIRS.

The people of Delta county in general and of Escanaba in particular should, this fall, consider it a pleasant duty to arrange a series of motor caravan trips to nearby county fairs of the peninsula.

Officials of the Alger County Fair, to be held at Chatham, Sept. 8, have announced that, Saturday, Sept. 8, will be "Escanaba Day" at that fair. Officials of the Cloverland Farmers' Fair at Stephenson, have always designated an Escanaba Day during their fair and it is likely that the schoolcraft county fair at Manistique will include such a day in its program.

Escanaba and Delta county could find no better means for cultivating a friendly feeling with the people of surrounding counties than by attending their county fairs and demonstrating a keen interest in the success of their annual ventures. The problems faced by Delta and surrounding counties are identical and a common bond of interest should hold the people of these counties close together.

Neighbors, attracted by the screams of a Philadelphia woman who found a six-foot snake in her bathroom, killed the reptile. Is it possible that after all these years of prohibition, Philadelphia bootleggers has no better control than that over their reptiles?

A Cedarburg, Wis., expert established a new world's record for picking and cleaning a chicken the other day, completing the job in five seconds, which was somewhat less than the record for picking and cleaning fish established last month by Mr. Jack Kearns at Shelby, Mont.

SIR—Newspaper dispatches tell us that gasoline is selling at seven cents a gallon in Hollywood. Are they trying to make a dry cleaning of that city possible? —P. J. V.

DENVER officials blame a run on a bank to a conversation held over the telephone by two women. The excited depositor who overheard it and started the trouble might have known that the run in the bank "the girls referred to was in the old 'first national' silk one.

The other sundowner on the opposite side of the table flat-wheeled into a clothing store yesterday and asked for a pair of pajamas. "I thought," the clerk said, "that you worked nights."

A MISSOURI man was sentenced to prison on a charge of stealing his own automobile. It's a crime, all right, to be caught out in some of 'em.

SIR—Don't you think this extended incarceration thing can be extended to far? Take, for instance, the case of the "childhood sweethearts" in Scranton, who were married at the age of 75 years. —VIOLET

Leader of a jazz orchestra escaped to her day from a county jail in Illinois.  
We hope he has determined to go straight. —H. K. R.

GOLD AND SILVER EXPERT.  
Senator Oddie of Nevada, Chairman of the Senate Commission of Gold and Silver Inquiry, has announced the appointment of Fletcher Hamilton of San Francisco to represent the Commission in the gold and silver producing states of the West. For ten years Mr. Hamilton has been mineralogist of the California State Mining Bureau, and is eminently qualified for the work. The hearings will seek to develop the causes of the continued decrease in gold and silver production. Investigation will be made of the production, reduction, refining, transportation, marketing, sale, and uses of gold and silver in the United States and elsewhere and their effect upon commerce, industry, and prices. Such remedies for the situation will be recommended as the testimony may indicate are necessary.

## The Piffle Hook

IN OUR DESK we have several contributions, felicitations and expressions, based on The Alredale Pup's expression of views concerning the threatened comeback of Mr. Roscoe C. Arbuckle to the motion picture screen, printed recently in this column. Most of the writers of the missives conclude that our talented contributor's views are our views. As a matter of fact, we aren't particularly interested in what happened to Mr. Arbuckle. He never has contributed a line to this column. The Alredale Pup has assisted us materially on more than one occasion. We aren't going to permit anyone to kick our pup around without permitting him, at least to snap back if he desires. That would lead to a controversy of considerable proportion upon a serious subject and such wrangles have no place here. Must we repeat again that we aren't responsible for anything that appears between the heading and the signature of this column? Particularly do we wish to emphasize that we aren't responsible for anything The Alredale Pup says. Now, do we understand each other?

NEIGHBORS, attracted by the screams of a Philadelphia woman who found a six-foot snake in her bathroom, killed the reptile. Is it possible that after all these years of prohibition, Philadelphia bootleggers has no better control than that over their reptiles?

A Cedarburg, Wis., expert established a new world's record for picking and cleaning a chicken the other day, completing the job in five seconds, which was somewhat less than the record for picking and cleaning fish established last month by Mr. Jack Kearns at Shelby, Mont.

SIR—Newspaper dispatches tell us that gasoline is selling at seven cents a gallon in Hollywood. Are they trying to make a dry cleaning of that city possible? —P. J. V.

DENVER officials blame a run on a bank to a conversation held over the telephone by two women. The excited depositor who overheard it and started the trouble might have known that the run in the bank "the girls referred to was in the old 'first national' silk one.

The other sundowner on the opposite side of the table flat-wheeled into a clothing store yesterday and asked for a pair of pajamas. "I thought," the clerk said, "that you worked nights."

A MISSOURI man was sentenced to prison on a charge of stealing his own automobile. It's a crime, all right, to be caught out in some of 'em.

SIR—Don't you think this extended incarceration thing can be extended to far? Take, for instance, the case of the "childhood sweethearts" in Scranton, who were married at the age of 75 years. —VIOLET

What's the Matter Kid? Tell Uncle About It.  
HIRAM JOHNSON refused, in Chicago, to talk about politics. What in the world can be the matter with Hiram?

Some sort of explosion in Europe at an early date is confidently expected by those who recall that it has been nearly three weeks since the Prince of Wales has fallen off a horse.

WHAT HAS BECOME  
Of the old fashioned woman who used to chase the flies out of the dining room with a towel? —H. F. A.

Leader of a jazz orchestra escaped to her day from a county jail in Illinois.  
We hope he has determined to go straight. —H. K. R.

GOLD AND SILVER EXPERT.  
Senator Oddie of Nevada, Chairman of the Senate Commission of Gold and Silver Inquiry, has announced the appointment of Fletcher Hamilton of San Francisco to represent the Commission in the gold and silver producing states of the West. For ten years Mr. Hamilton has been mineralogist of the California State Mining Bureau, and is eminently qualified for the work. The hearings will seek to develop the causes of the continued decrease in gold and silver production. Investigation will be made of the production, reduction, refining, transportation, marketing, sale, and uses of gold and silver in the United States and elsewhere and their effect upon commerce, industry, and prices. Such remedies for the situation will be recommended as the testimony may indicate are necessary.

CAUGHT IN A STORM  
Chapter LXIV.  
There's a breeze, Horace. Can't we put up the sail? Natalie asked as a little puff of wind stirred through her soft hair.

"I believe there is," he answered. Standing up and taking hold of the rope Horace hoisted the sail which flapped idly for a few moments, then filled slowly. "I'll whistle for more wind. You know they say if one will they can bring a breeze that way," and whistling musically, Horace sat down and waited.

Neither of them noticed the dark cloud, now but a bit of grayness, grow larger and blacker; but with a suddenness that surprised them the zephyr soon turned into a very perceptible breeze, then into a squall.

"We're in for a wetting," Horace remarked, as he tightened the sail. "It's going to rain."

He had hardly spoken before the rain came, first in great drops, then in a downpour, the wind lashing the sail of the frail craft. "Don't whistle again, Horace," Natalie laughed nervously. "We have all the wind we want."

"More too," he replied as the little boat pitched in the trough of the sea. He waited until she righted, then looked anxious about it. It was very dark now. He had paid no attention to direction, and had no idea of the whereabouts of the shore. He said nothing to Natalie, but strained his eyes to discover some landmark.

"How far out are we?" she asked after a moment. "Not far. We couldn't be. But it is so dark I can't see."

As suddenly as it had begun the rain ceased. But not so the wind. Now it blew a gale. With great

impulsively thanked him for saving Horace. "Nonsense!" Harper said smiling in the gloom. "Crandell is too good a swimmer to need anyone's help. He would have saved himself if I hadn't appeared."

But Natalie would not have it so. She insisted Craig had saved Horace's life, that he should come to the lodge for the night. They would have a hot supper, for the weather had changed, and all three were shivering with cold.

So once again Natalie was under obligations to Craig Harper, the man who had tried to win her from her allegiance to her husband.

TODAY'S ANNIVERSARIES.

1780—Jonathan Belcher became governor of Massachusetts and New Hampshire.

1854—The first Republican congressional convention in Illinois met at Rockford.

1862—Gen. Kirby Smith defeated the Union troops at Richmond, Ky.

1870—A part of the army of Marshal MacMahon was defeated and driven across the Meuse by the Germans under the Crown Prince of Prussia.

1877—Turks defeated in a desperate sortie by the Russians at Pleyna.

1902—Beginning of a great eruption of Mont Pelee, which caused the loss of over 2,000 lives.

PARTY FROCK.

A miniature frock for the tiny miss is made of blue taffeta, with a full skirt on a high waistline. Pleated or ruffled meeting the skirt in a V forms the bodice while the sleeves are made of organdie ruffles edged with lace.

CHENILLE USED.

Combinations of velvet and chenille and georgette crepe and chenille in rust, brown, navy and gray are featured in the fall overblouses.

**Garden Bay News**

**GARDEN**  
John Watchorn, wife and son were motored to Manistique on Saturday. Mrs. Stewart and daughter Lida of that city returned with them and are spending a few days visiting with relatives at Fayette.

Mrs. Martin and little daughter of Trout Lake arrived on Thursday and are spending a few days visiting at the home of Mr. and Mrs. Hughes of Beach Grove Farm, Fayette.

The Ladies Aid society of the Fayette Congregational church held their regular meeting on Saturday afternoon at the home of Mrs. W. D. Hughes. After a short business session and a pleasant social hour, an unusually fine lunch was served, cafeteria style.

Besides a good representation of the local society, a large number of visitors were present at the gathering. It was generally conceded that this was one of the most successful meetings of the society for some time past.

Mrs. Gaffney and Mrs. Hoefield of Eden attended the meeting of the Ladies' Society at Fayette on Saturday.

When visited by the writer a few days ago, Fred Van Remortel was down low and looking upward in the direction of the sky and the sunshine but instead of beholding those beauties of nature, he was busy engaged making some repairs on his automobile. He reports the breakage of one of the front springs while traveling over our much commented roads. Mr. Van exhibited a much-tempered public spirit when he was seen, armed with shovels and other implements and repaired a number of bad spots on the county highway. We believe that the traffic over these roads during the past summer has exceeded that of any previous season and it is deplorable that something cannot be done to make it a little pleasant getting down there. Those visiting Fairbanks township are enthusiastic about the place but Oh! the roads! But some of our residents are resigned to the fact that nothing may be expected until a few weeks before the general election and then, perchance, we will get a number of candidates for office, and vote seekers who will come along and tell us that our roads are bad, which by the way we know, and also that something ought to be done, which again we know. Apart from any outside help which we have a right to look for, we believe that a little more of the public spirit exhibited by Mr. Van would go a long way to remedy matters.

Rev. Dr. Truax, wife and daughter Rachel, Professor Otto McPherson, wife and son, Nurse Bryden, all of Mt. Vernon, Illinois, returned to their homes last week, leaving here on Friday after spending several weeks at the Fayette resort. They report one of the pleasantest vacations ever spent.

Professor J. D. Scott, wife and family of Ann Arbor left on Saturday after spending four weeks' vacation at the Fayette resort.

Dr. Nash of New York City left Fayette by boat on Saturday after having a vacation at the Fayette resort.

Mr. and Mrs. Frank Dhooge of Ashland, Wis., and Mr. and Mrs. Philip Dhooge of Superior, Wis., left on Saturday after spending ten days vacation at the Fayette resort. They returned by way of Green Bay and De Pere.

John Martill and wife of Flat Rock motored to Fayette on Sunday.

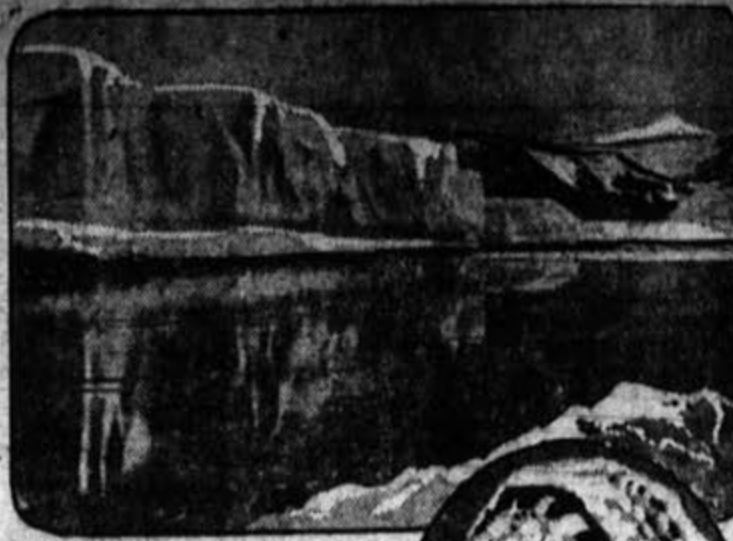

L. P. Peterson and daughter Marie of Fayette Bluff were in Manistique on Friday.

Jack La Motte, wife and family were guests at the John Watchorn farm on Sunday.

Mrs. Fred Olmsted, Sr., of Escanaba, is visiting with her sister, Mrs. Wm. Winters, Sr., of Van's Harbor.

A dance was given in the Town Hall on Friday night by the Misses Lila and Lela Winters and Bertha Ansell. This was largely attended by residents of Cooks, Manistique, Fayette and other places. The LaDuc orchestra was in attendance. The ladies of the Congregational church furnished a chicken supper. Those present declared that this was one of the most successful such social affairs to be staged in the hall for many months past.

**ICE MAKES TWO NATIONS HOT IN SCRAP OVER GREENLAND**

General—A huge cake of ice will probably come up before the League of Nations for discussion. It won't be brought into the council chamber as Exhibit A, because it's too large. Fact is, it's one-quarter the size of the United States! It's as big as Mexico. It's over one thousand miles long and 700 miles broad. Being so frigid, it has caused a coolness between Denmark and Norway. Its name is Greenland.

There is not much danger of the two countries going to war over Greenland, but for some time now they and their press and their Parliaments have been making faces at each other.

Greenland was discovered as long ago as the 10th century by Eric the Red, a Norseman who planted a colony there. Then Greenland was cut off from all intercourse with Europe by frozen seas. When white men once came there in 1585 no trace was found of the Europeans.

In modern times such government as has been known there has been carried on by the Royal Greenland Trade Board at Copenhagen, assisted by local Greenland councils consisting of the natives. The Danes claimed the whole of the immense territory. The Nor-

wegians disputed this. Denmark sharply asserted her position last December by passing a bill annexing Greenland. Norway has never disputed Danish rights in the west and southwest coasts, but claims northeast Greenland where its subjects conduct a certain amount of trade.

The whole vast country only has about 30,000 Eskimo inhabitants and there are about 60 trading settlements, consisting of a few houses each from which there is exported whale and seal oil, furs, eiderdown, fish and a little copper.

But Greenland will always be interesting to the rest of the world because its principal product is icebergs—the kind that caused the Titanic disaster.

Mrs. Ossie Hazen spent the week-end with her friend, Mrs. Wm. Winkel, at Cooks.

Ossie Hazen made a trip to Manistique on Saturday with the Stellwagen truck, hauling the family and household effects of John Ne-deau of Isabella.

Edward Underwood and family, of Newberry, were guests at the home of Supervisor John Foljo and wife of Fayette on Sunday.

Henry Deloria and wife and family were Fayette visitors on Sunday.

Threshing operations have commenced in the Garden district. The first run is on the Jacob Roberts farm at Kate's Bay. An unusually long season is anticipated.

Mrs. Presjner and family are occupying the residence on the Joque farm opposite the grade schools.

Visitors from Garden and Manistique comprised the greater part of the congregation in the Fayette Congregational church on Sunday last.

Richmond Stewart, wife and father of Manistique motored to Fayette on Sunday.

John Watchorn, of Fayette, was in town on Monday.

Paul Keifer, of Manistique, was a Fayette visitor on Sunday.

J. J. Griffin and wife, of Cooks, motored to Escanaba on Sunday.

Mr. Miglow, of Manistique, was in Garden on Sunday.

Harry Biehler, Mrs. Lewis Johnson, daughters Annie and Eleanor, and son Gordon of Flat Rock, visited at the cancer hospital on Sunday. Mrs. Johnson's husband is taking treatment there.

Adelle Mercier started out for Escanaba on Sunday. When just a little distance from home, her companion struck a match and in less time than it takes to tell the story, the lady's dress was ignited. It required some lively action to distinguish the blaze but this was accomplished. While nothing serious developed, some little embarrassment was experienced.

**SAVES BABIES, helps grown-ups, comforts elderly people. For cholera infantum, summer complaint, weakening diarrhoea—use CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY. Take in a little sweetened water. Never fails.**

**AMUSEMENTS**

**AT THE DELFT.**  
LeCombe and Flecher, who have established themselves in a few short years in the musical comedy field as producers of merit, will bring to the Delft Theatre tonight their brand new musical extravaganza, "My China Doll", with an important cast of principals and large chorus of unusually beautiful girls.

From its credentials, reviews from the press of other cities, there can be no doubt as to the marked merit of this new American musical production, the local engagement of which will be played by the original company.

In its brilliant score, written by Charles George, it boasts of twenty some musical numbers and no less than nine of these are recorded "hits", including "Winky Blinky China Doll", "I Want a Man", "My China Doll", "How Do You Do Miss Ragtime?", "Jazzmania", "The Leader of the Big Brass Band", "The Tale of the Blue Bells Told", "Wedding of My China Doll and Me" and the popular theme song, "The Land of Dreams".

The lyrics are also by Mr. George, who is responsible for the book as well. The scenes are laid in New York's Chinatown during the Fete of Lanterns; thence to the Land of Flowers, Melody Town the Land of Music; the Land of Story Books; and finally to a palatial home in up-town New York.

The story is a romance of love, unclouded in a novel manner and abounds in novel situations of the crackling comedy variety, enabling the clever players a continuous round of diverting experiences in which to display their joy making musical talents.

Much stress has been laid upon the beauty of the large chorus featured prominently as a corps de ballet, for they are second to none as dancers and can sing, too.

**TODAY'S EVENTS.**  
The Union of Canadian Municipalities meets in annual convention today at Shawinigan Falls, Que.

The National Camp Patriotic Order Sons of America meets in Philadelphia today for its second jubilee session.

As chairman of the committee on judicial ethics, Chief Justice Taft today will present his report on that subject to the American Bar Association convention in Minneapolis.

The superdreadnought Colorado, one of the most formidable battlehips afloat, is to be placed in commission today. The Colorado and her sister ship, the West Virginia, now nearing completion, will be the last battlehips constructed in the United States in 1910 years, under the terms of the Naval Limitation treaty.

**COSTLY PRICES OF COAL HERE MADE PUBLIC**

**Escanaba Dealers Pay \$14.72 a Ton for Anthracite**

The cost of anthracite coal to the dealers of Escanaba should be \$14.72 a ton, according to a report, issued in Washington yesterday by the federal coal commission. The report covers New York, Michigan, New Jersey, Delaware, Maryland and the District of Columbia.

No comparison of the findings with prevailing retail prices was made, however, and the commission made it clear that in using the report, allowances should be made for losses to the dealer through shipment, and the cost of handling.

Typical examples of the cost per ton to dealers follow:  
Detroit, \$12.66 to \$14.66.  
Escanaba, \$14.72.  
Iron Mountain, \$14.55.  
Ironwood, \$14.14 to \$15.59.  
Menominee, \$15.33 to \$15.55.  
The variation between maxi-

**Women Tell Each Other How They Have Been Helped by Lydia E. Pinkham's Vegetable Compound**

Perryburg, O.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my sides all the time. I can't remember just how long I suffered, but it was for some time. One day I was talking with a lady I met on a car, and I told her how I was feeling and she said she had been just like I was with pains and nervous troubles, and she took the Vegetable Compound, and it cured her. So then I went and got some, and I certainly recommend it for it is good. Whenever I see any woman who is sick I try to get her to take Lydia E. Pinkham's Vegetable Compound."—Mrs. ADA FRICK, Route 3, Perryburg, Ohio.

In nearly every neighborhood in every town and city in this country there are women who have been helped by Lydia E. Pinkham's Vegetable Compound in the treatment of ailments peculiar to their sex, and they take pleasure in passing the good word along to other women. Therefore, if you are troubled in this way, why not give Lydia E. Pinkham's Vegetable Compound a fair trial.

Marion Le Roy Burton, president of the University of Michigan, born at Brooklyn, Iowa, 49 years ago today.

**PRINTING with a PUNCH**

**PRINTING** must have a "wallop" to it to gain a favorable impression these days. It must be quality through and through--the sort that commands attention at all times.

We know printing--for that's our business--and it's your business to get the best at the lowest possible prices, consistent with such quality.

Whenever you're in the market let us figure with you.

**Escanaba Daily Press**

**A WONDERFUL DISCOVERY**

For six years, up to about two years ago, I was a wreck; then I discovered the wonderful remedy which cured me and which has made me feel as well as at any time in my life. And I now want you to have this wonderful remedy so you can use it if you should become sick

**HOW I CURED MYSELF OF NERVOUSNESS, HEART TROUBLE, RHEUMATISM AND CATARRH.**

Could not sleep nights, and after having been attended by two doctors, who failed to help me, I thought surely that I was about to die. Then by accident I discovered my wonderful remedy, and after experimenting with it for some time all these ailments left me. I was so weak I could not go up two flights of stairs or walk half a mile. Today I can go fishing and hunting. It is a mystery to the doctors how I cured myself. I am no doctor, but I have a right to tell you what has cured me and saved my life.

I am so well now I am in the real estate business, to sell summer homes, as Marquette is a beautiful summer resort. If you want a summer home, write for pamphlet of Marquette and printed letter containing references.

I am no fraud. I have been a business man in Marquette for fifty-nine years excepting the last few years, when heart trouble struck me. I am all right now and will attend to a business, as you see. In my younger days I had five stores in this city and in Negaunee.

This is a simple remedy. You can buy it in any store. I am giving you my experience, which should be worth to you and your family a large amount. I have thought for some time I would tell the public about this wonderful remedy.

If you do not want this remedy now, you will some day. All my statements are true. This remedy has saved my life, and I am 12 pounds heavier than a year ago, and in good health. No doctor for two years. No heart trouble, no spitting phlegm.

It is wonderful for insect bites and cuts and bruises on man or cattle. Will cure poison from poison ivy. As a first aid lotion for cuts, bruises and insect bites it is wonderful and will cure dandruff and will rid anything of lice.

I have shown this circular and formulas to the Postmaster and he said he could see no reason why I could not send it through the mail, for he was satisfied it was true. I have also shown them to the Postoffice Inspector—he said he could see no objection. I have also sent circulars and formulas to the Postmaster General and U. S. Chief Postoffice Inspector at Washington.

**TESTIMONIALS**

**JOHN W. SPEAR, MARQUETTE, MICH.**  
I was a wreck for six years, suffering from Nervousness, Heart Trouble, Rheumatism and Catarrh. I found the Remedy that cured me and am now perhaps the youngest looking and active man in the U. S. at my age, 76. Born 1847. The more remedy I take the younger I seem to grow.

To Whom It May Concern:  
I met Mr. Spear some time ago and wondered what made him look so well, as I had seen him with Heart Trouble and Rheumatism. I got him to tell me what he had used. I believed him, as I had known him for over forty years. I could not get home soon enough, as I had Rheumatism a number of years. I am now improving and expect to be as well as Mr. Spear. He is looking fine.  
H. LIZOTTE,  
113 E. Ohio St., Marquette, Mich.

**JOHN W. SPEAR**

**CUT OUT THIS COUPON AND MAIL TODAY**

**JOHN W. SPEAR,**  
Marquette, Mich.  
Dear Sir: Enclosed find \$3.00, for which please send me the name of Remedy which made you a new man, and how to use it.  
Name \_\_\_\_\_  
Street \_\_\_\_\_  
County \_\_\_\_\_  
City \_\_\_\_\_ State \_\_\_\_\_

I swear every word of this letter is the truth and I have lots of witnesses to back it up. **J. W. SPEAR.**

To Whom It May Concern:  
We have known Mr. Spear quite intimately for forty years. He has been a business man in this city for the major portion of that period. For a period of several years and up till within about a year he had been in poor health, but during the last year he has mended remarkably and now is a map of vigor, although I know he must be well advanced in years. He must be at least seventy-five years of age.

- W. S. HILL, Attorney-at-Law.
- CHARLES F. BUTTON, Justice of the Peace and Municipal Judge.
- H. P. BRONSON, President Consolidated Fuel & Lumber Co., Ishpeming, Mich. Marquette, Mich.

We have known Mr. Spear from twenty to fifty years. He has been a business man in Marquette for fifty-nine years, and we know him to be an upright, honest man. Mr. Spear does not have to lie, so you can depend on what he says. If you are not sick now we advise you to get the name of remedy that has cured him of heart trouble, rheumatism and catarrh. It has made a new man of him. We never saw him looking so well as he is now—seventy-six years old. The circular is different from any you ever read—no humbug or swindle.

- FRANK STICKNEY, Real Estate & Insurance.
- JOHN H. JACOBS, Ex-Mayor.
- FRED F. LIZOTTE, Merchant.
- N. R. DUVOYE, Merchant.
- J. H. LEWIS, Prop. Hotel Marquette.
- G. A. WERNER, Photographer.
- GEO. A. LEHNEN, Merchant.
- CHAS. F. WILLESEN, Merchant.
- JAMES W. YOUNG, Real Estate.
- A hundred others of Marquette, Mich.
- CHAS. T. HAMPTON, Insurance, Iron Mountain, Mich.

**20c WILL BUY ENOUGH OF THIS REMEDY TO LAST A MONTH. IN FORMULA I WILL GIVE YOU PROOF THAT WHAT I WRITE IS TRUE.**

**TESTIMONIALS**

I have carried mail to Mr. Spear for many years. A few years ago he was in such a poor condition I was sure he would not last long.

Everyone is surprised at the change in him, and I firmly believe he has discovered something which has wrought the change and given him a new lease on life.  
**T. M. CLEARY,**  
313 Arch St., Marquette, Mich.

I am Mr. Spear's chore man at residence. He has sent me for Remedy—I did not know what it was for at the time. I will keep it home after this. I never saw Mr. Spear looking so well.  
**JOSEPH M. SMITH,**  
614 Baraga Ave., Marquette, Mich.

**Credits Approved**

Arrangements have just been completed whereby credits earned at Cloverland Commercial College will be accepted at the Normal at Marquette on the Teachers' Life Certificate Course.

Graduates of approved high schools who take a course here and probably nine months at the Normal will receive Life Certificates. We suggest that you call at once so that we may explain everything to you in detail.

## CITY BRIEFS

Mrs. A. C. Ludlow, Mrs. A. H. Sherman and a party of friends from Newberry, motored to Escanaba Tuesday returning to Manistique Wednesday evening. The party returned to Newberry Wednesday.

Mr. and Mrs. Howard Southland and Miss Esther Lundahl who have been the guests of Mr. and Mrs. Alec Cooper for several weeks left Saturday for their home in Indianapolis, Ind.

Miss Eva Rasmussen left this week for Leona, Wis., where she will visit friends before going to Neenah, Wis., where she has accepted a position.

Mrs. Carl Summervold of Wausau, Wis., motored to the city this week with a party of friends.

Mr. and Mrs. V. I. Hixon and Misses Helen and Catherine Husband returned to the city Tuesday after an extended trip thru the east.

Misses Margaret McCauley and Elizabeth Tully left Wednesday evening for Chicago. Miss McCauley will enter a hospital for training in nursing.

Miss Tillie Peterson returned Tuesday evening from a vacation spent in Boyne City.

Miss M. Pilka left Wednesday for her home in Detroit after a three weeks' visit with Miss Angeline Barnes of this city.

Mrs. Nels Merwin left Manistique Wednesday enroute to Corning, New York, where she will make her home in the future.

The Misses Belle and Mary MacLean arrived here last night for a visit with friends and relatives.

Attorney V. I. Hixon has resumed his duties at his law office following his return from an auto tour of the east.

## Organization Reported to Have Full Hundred Members Here.

Reports of Ku Klux Klan activities indicate that the organization is making surprising progress in this city and a considerable membership at 100 or more.

## Woodmen Band Gets Unusual Distinction

To the Manistique 8th Regiment W. O. W. band goes the honor of having organized the second Woodmen G. A. M. club in the United States, following a suggestion made to them at Camp Cad. Indiana, by "Tommy" Taylor, prominent W. O. W. worker in this state, and a great friend of the local band.

## Service Men Urged To Attend Clinic

Ex-service men in the city of Manistique are urged to take advantage of the free health clinic which will be held in Manistique the second week in September.

## Signs Planned for "Gateways" to City

Plans and specifications have been completed for three signs, to be placed on each of the main highways leading into Manistique marking the city limits to the tourist, and pointing the way to the heart of the city.

## Dr. H. L. Mead moved his family this week, and is now occupying the residence on North Houghton formerly occupied by Dr. A. R. Tucker.

## BUCKEYES WILL PLAY SERIES WITH NEGAUNEE

### Youngsters Booked for Labor Day Tilts with City Team.

Much interest is being shown in the coming baseball series here next Sunday and Labor Day afternoons between the local Buckeye team and the Negaunee City team. The local youngsters have been making such a fine showing in all their recent games that local fans are anxious to see how they will appear against a team of Negaunee's strength.

No outside players are being brought here for the series, it being believed that Gervais and Vanderweghe can take care of the pitching and the rest of the lineup has been showing to such advantage that little help is being wanted.

Both Gervais and Vanderweghe have won the majority of their games by the shut out routes.

While it is not believed that they can shut out a team of Negaunee's strength, still it is felt that with the kind of hitting the Buckeye team as a whole, has been doing, they can hold their own in the coming series. In the same that Vanderweghe will pitch, Gervais will play at first, and in the game to be pitched by the latter, Murdock will more than likely take care of the first base station.

Negaunee is said to have three promising young pitchers in Anderson, Peterson and Goldworthy and they are well fortified in the catching end of it with Jarvinen taking care of that end. It is noteworthy that both of these teams have been playing amateur baseball this season, the players on the teams being home boys who have devoted their time to the game more because of the pleasure they were deriving from the game than for the financial returns.

Home Players.

It is believed that if interest in the game is to be revived and maintained, that sooner or later all the cities of this section must return to home talent. Instead of each season has seen players imported from outside, with its consequent high pay roll and loss of interest when anything but a winning team was brought together.

## School Board Meets Sept. 5

Regular meeting of the Gladstone Board of Education will be held Wednesday, September 5. It was announced yesterday. The meeting will be the first after the opening of the new school year and will be a busy session.

## Principal Strickland Returns to Gladstone

C. C. Strickland, principal of the Gladstone high school, arrived Wednesday morning from Chicago to resume his duties as head of the junior and senior high schools. Principal Strickland spent the summer months at his home in Chicago. He made the return trip to Gladstone by motor.

## Father Paiement Visits Parents

The Rev. Father Aloise Paiement arrived here yesterday from Green Bay for a visit at the home of his parents, Mr. and Mrs. A. Paiement. The Rev. Father Paiement, who is a former Gladstone boy, has been stationed at Green Bay since his ordination to the priesthood.

## PERSONALS

Miss Muriel Andrew arrived last night from Prince Edward Island, Can., to visit here at the home of Mr. and Mrs. Herbert F. Timmons. Miss Andrew is a niece of Mr. and Mrs. Timmons. She will remain here for a few days before leaving for Winnipeg where she will visit relatives.

Mrs. C. Clark of Milwaukee is visiting at the home of her brother, A. L. Williamson.

Mrs. H. Dunker arrived last night from Manistique where she has been visiting relatives to spend a few days here as a guest at the John Schustarich home before returning to her home in Chicago.

Miss Bella Jacobs has returned from a visit with friends at Marinette.

Byron Miller returned Tuesday evening to Duluth after visiting here at the home of his parents Mr. and Mrs. W. A. Miller.

Mr. and Mrs. George Haas arrived Tuesday night by motor from Chicago to visit here as the guests of Mr. and Mrs. Herbert F. Timmons.

## CASE GRANTED POSTPONEMENT OF ONE WEEK

Hearing in the case of E. M. Perkins, father of nineteen year old Vivian, versus Emil Anderson, held on a statutory charge, scheduled for 10 o'clock Wednesday morning, was postponed for one week, until September 5, upon a motion entered by Prosecuting Attorney George Carr.

Attorney Carr, in his appeal asked that the hearing be postponed for two weeks, but this was denied by the court. Justice Phil Hugg ruling that one week, considering the amount of time already spent on the case, would give ample time for both plaintiff and defendant to present all sides of the case.

The postponed hearing will be held on the morning of September 5 at 10 o'clock.

A two weeks postponement was made in the case of the people versus William O'Brien, on assault and battery charge. This will be held September 12.

## Need Homes for High School Girls

Supt. C. H. Teague has requested that attention of Gladstone families be called a second time to the need of finding homes for girls of high school age who wish to aid with household duties in order to obtain a home here and complete their education. Any family willing to give a home to some student is asked to call Supt. Teague.

## Leave on Trip To Milwaukee

Mr. and Mrs. Henry Kaempf left Tuesday for an extended visit at various points of interest. They were joined at Escanaba by Mrs. Fred Kaempf, of LePomping, and at Marinette by Mr. and Mrs. Walter Hurd. The party will leave Marinette this morning by motor for Milwaukee where they will visit with Mrs. Leo DeLell. Both Mrs. Hurd and Mrs. DeLell are daughters of Mr. and Mrs. Kaempf.

## Rev. Bolton Will Return Here Friday

Rev. and Mrs. J. M. Bolton of the Presbyterian church of this city, who have been on a vacation, are expected to return tonight or Friday morning from a motor trip which took them to Akron, Cambridge and Dayton, Ohio, where they visited with relatives. Rev. Bolton will again take charge of service at the Presbyterian church next Sunday. The trip was made by motor.

## Pastor Returns Here Friday

The Rev. Father O. J. Bennett, pastor of All Saints' Catholic church, will return the latter part of the week from Marquette where he went for the annual retreat held by pastors of the diocese. The Rev. Father Bennett also assisted at the silver jubilee of the Rev. Father James Corcoran, pastor of St. Patrick's church at Franconia.

## Confirmation Class Will Meet Friday

All members of the confirmation class of the Swedish Lutheran church will meet Friday morning in the church parlors. The meeting will be important and every member is asked to be there on time.

## Report Shows Utilities on Paying Basis

All departments of the city are keeping well within their budget allotments, the water department is a little better than paying its own expenses and the light department is showing a net sum over operating expenses of over \$5,000—these were the high lights of a statement of the city's financial condition made last night by Manager C. W. Ham at the commission meeting.

The meeting last night was adjourned from Monday, the regular meeting night. All members of the commission were present with the exception of John Mattson who is attending the Legion convention at Ironwood.

The report on finances covered the past six months through July 31. The present balance, it shows, is \$14,006 in cash and \$1,500 in Liberty bonds, making a total fund of \$15,506.

The water works department is paying for itself and just a little bit over. Its earned revenue for six months ending July 31 was \$6,789.69, its total expenses amounted to \$6,667.10, leaving a net fund over expenses of \$122.59.

The light department, report was more than gratifying to the administration. It shows a total revenue earned of \$17,484.17, operating expenses of \$12,279.29, leaving a net fund of \$5,204.88, an exceptionally good showing.

Teague depreciation, interest on the investment and other items were not included in the figures named but these will be given due care of by the net funds.

## ATTORNEY HAS CONVERSATION WITH TAFT

The privilege of an extended conversation with William Howard Taft, former president of the United States and now chief justice of the supreme court, was recently accorded Attorney C. Raymond Emmons of this city. Attorney Emmons, leaving St. Minneapolis Sunday night, boarded the train on which Mr. Taft was riding on his trip to that city and enjoyed a most interesting conversation with the statesman during the trip.

## REPORT SHOWS UTILITIES ON PAYING BASIS

### City Finances Reviewed at Busy Meeting of Commission.

All departments of the city are keeping well within their budget allotments, the water department is a little better than paying its own expenses and the light department is showing a net sum over operating expenses of over \$5,000—these were the high lights of a statement of the city's financial condition made last night by Manager C. W. Ham at the commission meeting.

The meeting last night was adjourned from Monday, the regular meeting night. All members of the commission were present with the exception of John Mattson who is attending the Legion convention at Ironwood.

The report on finances covered the past six months through July 31. The present balance, it shows, is \$14,006 in cash and \$1,500 in Liberty bonds, making a total fund of \$15,506.

The water works department is paying for itself and just a little bit over. Its earned revenue for six months ending July 31 was \$6,789.69, its total expenses amounted to \$6,667.10, leaving a net fund over expenses of \$122.59.

Teague depreciation, interest on the investment and other items were not included in the figures named but these will be given due care of by the net funds.

Action was also taken at last night's meeting on the proposed sewer construction on Michigan avenue from Twelfth to Fourteenth street. Estimates on the cost presented, showed a total of \$1,732 for the main sewer and \$42 apiece for lateral connections.

Bids Opened.

Action was also taken at last night's meeting on the proposed sewer construction on Michigan avenue from Twelfth to Fourteenth street. Estimates on the cost presented, showed a total of \$1,732 for the main sewer and \$42 apiece for lateral connections.

Bids for construction of the Minnesota avenue sewer to run from Eleventh to Fifteenth streets were opened at last night's meeting and action will be taken on them at once.

The commissioners heard matters of minor importance and adjourned after one of the busiest sessions held in some time.

## SCRAPE GRAVEL STREETS FOR SECOND TIME

Scraping of the Gladstone gravel streets was started yesterday following the heavy midsummer rains, by a crew of men working under the direction of the administration.

Several of the streets were scraped some time ago but constant traffic since that time has left them in poor condition and the recent rainfall gave the road workers an opportunity to give them additional scraping.

Work is now in progress on Little, Railroad, Michigan and Wisconsin avenues.

## Radio Fans Hear Fine Programs

Radio owners in Gladstone have been securing fine results lately, due probably to weather conditions more favorable to broadcasting and receiving. Tuesday night was a particularly radio night, fans here hearing any number of stations clearly.

## Today Marks Final Thursday Closing

Gladstone's places of business will be closed this afternoon for the last time this summer. This is the last Thursday of the month and the Thursday afternoon closing rule adopted for the convenience of employes during the summer months, will be discontinued September 1.

## CLASSIFIED ADS.

FOR SALE—Six room all modern house. Centrally located. Garage in connection. 905 Dakota Ave. Phone 392. G6082-241-31

## ATTORNEY HAS CONVERSATION WITH TAFT

The privilege of an extended conversation with William Howard Taft, former president of the United States and now chief justice of the supreme court, was recently accorded Attorney C. Raymond Emmons of this city.

Attorney Emmons, leaving St. Minneapolis Sunday night, boarded the train on which Mr. Taft was riding on his trip to that city and enjoyed a most interesting conversation with the statesman during the trip.

The talk was doubly interesting to Mr. Emmons, coming as it did from a great lawyer as well as a statesman, and the discussion touched on several matters of interest to lawyers.

# Two Michigan Women Survive in Golf Tourney

## CLASSIFIED COLUMNS

### WESTERN MEET FIELD SHRINKS

#### Medalist Eliminated in Yesterday's Play.

Chicago, Aug. 29. (By the Associated Press)—The leading women golfers of Ohio, Utah, Missouri, Michigan and Texas and the champion of Chicago, along with a girl member of the women's club today survived in the Women's Western Golf association championship at Exmoor after the second round had produced some records and was marked by the elimination of the medalist, Mrs. Melvin Jones, of Olympia Fields country club.

The Michigan champion, Elsie Hilding, of Grand Rapids, had a close match with Mrs. J. W. Taylor of Chicago, winning 1 up after losing the first four holes. She will play Burns of Kansas City, Mo., tomorrow.

The other Michigan contenders who survived was Mrs. Harley Highie of Detroit who had the first match of the day, defeated Miss Dorothy Klutz of Chicago, 9 and 4.

Oh, look who's at the wheel! Luis Angel Firpo isn't going to let Jack Dempsey put anything over on him if he can help it. Jack is a motorist, so Firpo has gone in for motoring, too. It's his first machine.

### WALKER READY TO TACKLE OLD ENGLISH POOL

#### Cleveland Will Try Channel Swim Soon.

Cleveland. — Swimming the English Channel in 16 hours and 33 minutes.

Humph! What's that? Enrique Tiarobochi, from way down south in Argentina, did it just the other day.

So Farba A. Walker sees absolutely no reason why he can't go. Luis Angel Firpo's countryman once before.

Walker, you'll remember, recently swam Lake Erie. And he's the only white man who ever did, in so far as the books reveal.

Wants to Start Soon.

He made the 32 miles from Point Pelee Lighthouse on the Ontario shore to Lorain, O., 25 miles northwest of here, in 20 hours and 15 minutes.

A couple of days later he was giving exhibitions in local amateur meets.

Carbis is on his way across the pond now. He expects to dive into the channel, not take it, than the first week in September, while, as he puts it, the "water is still warm." And that's his idea of a vacation!

The trip is being financed by a group of Cleveland business men. Carbis wants to get back to his desk here around the middle of September. He's a civil engineer by profession.

Former Pupil of "Duke."

But he's a regular duck. He's never satisfied unless he's trying to dig up some new aquatic record.

In his youth he spent considerable time in Honolulu. There he was an understudy of Duke Kahanamoku.

One time, over in Hawaii, he proved to folks that an apt pupil could do some things better than his teacher. That was when he defeated Duke in a 5-mile marathon.

For several seasons, Walker has

### Earth Tremors Are "Heard" at Capital

Washington, Aug. 28.—Earth tremors of marked severity were recorded from 6:22 to 7:59 o'clock tonight on the George university seismograph. Father Tondorf, director of the observatory, estimated the center of disturbances at 2,000 miles from Washington, apparently north.

One thousand Scottish girls find work with the herring fleet each season begins. Some of them are not "girls." It is quite common to see two, or even three generations represented in these groups. Their work is to split and clean the fish and an expert at the work can clean hundreds of fish in an hour. Other girls are employed to pack the herring in barrels of course salt. Usually the girls employed with the fleet are richer by about two hundred and fifty dollars for their three months' work.

**FOR STREET WEAR.**  
Belts, coat dresses, with loose plain backs and long, tightly fitted sleeves, promise to be the popular street dress for autumn.

**BARRINGS TO SHOULDERS.**  
Wear bracelets to the elbows and earrings to the shoulders if you would be smart.

**RIVALS.**  
Charmeen and twills, it is said, will rival the wool jersey frock popular with college and boarding school students.

**CHILDREN'S FROCKS.**  
Basque waists and bouffant skirts are carried into children's models. The flaring skirts are accentuated with cording and puffing.

been wearing the colors of Central Y. M. C. A. here.

"I'm just doing this stunt for the fun of it," he commented before leaving for New York.

But he'll probably get as much glory as he'll get out of it.

And if he does, it will be just that much more power to Uncle Sam—athletically speaking.

### LUIS' FIRST AUTOMOBILE

Oh, look who's at the wheel! Luis Angel Firpo isn't going to let Jack Dempsey put anything over on him if he can help it. Jack is a motorist, so Firpo has gone in for motoring, too. It's his first machine.

### Cubs Pound Cooper for 6 to 2 Victory

Pittsburgh, Aug. 29.—Chicago fell on Wilbur Cooper for eight hits and five runs in the first two innings of the playoff of a postponed game today and beat the Pirates, 6 to 2. Meadows relieved Cooper in the second with one out and held the Cubs scoreless until the eighth when he retired for a pinch hitter. Bagby yielded the Cubs' last run in the ninth.

### Reds Slip Backward—Another Half Game

Boston, Aug. 29.—Cincinnati lost half a game in its race with the Giants by losing a 10-inning game, 1 to 2, to Boston today while the New York Giants were idle.

### Yankees Victors in Exhibition Battle

Buffalo, N. Y., Aug. 29.—The New York Yankees defeated the Buffalo Internationals here today in an exhibition game, 13 to 7.

### Jack Perrin To Coach at Detroit S. W.

Jack Perrin, of Escanaba, has been appointed athletic director at Detroit Southwestern high school. Perrin, a former football and baseball man at the University of Michigan and manager of the Legion football team here last year and the Escanaba baseball team early this season, sold out his retail sporting goods business here early in the summer and enrolled as a student in the state university coaching school. He was recommended for the Detroit position by Coach Fielding H. Yost.

### ARCADGETS ALL READY FOR BOWLING START

William Speers and Lindsay Peterson, managers of the Arcade Recreation Parlors, have been making some wonderful improvements at the recreation parlors during the last three weeks.

They are preparing for a big season of indoor sports and expect to be able to handle a larger crowd of bowling fans this year than any previous season.

The bowling alleys have been renovated, new approaches have been built, the kickbacks have been rebuilt, new automatic pin setting machines have been installed, the ceilings and walls redecorated, benches painted, furniture and fixtures varnished, pool and billiard tables recovered, new mats installed, a complete line of new bowling pins have arrived, and a number of new balls are on the way.

A new lighting system is being installed although the delay in the arrival of fixtures has caused the electricians an unpleasant wait. Some very attractive prizes which will be offered for bowlers during the season which is soon to begin, the proprietors announced yesterday.

### Escanaba to Play Series at Houghton

The Escanaba baseball team will go to Houghton Sunday and Monday, it was announced yesterday.

The Labor Day series with the Houghton Copper Sox originally was scheduled for Escanaba, but the poor attendance here last Sunday, and the weak financial condition of the local club, prompted the management to cancel the series unless the games could be transferred to Houghton. The Houghton club was so notified and arranged to take care of the series in the Copper Country.

The Escanaba club will be disbanded after the two games, it has been announced.

### GOOD HORSE FOR SALE

Regular Meeting Second Thursday of each month.

### Rangette Air Tight in Junction Game

BILLY RANGETTE, local ball player, pitching for the Spruce team yesterday afternoon, shut out the Junction City aggregation without a hit or a run and the Spruce crowd won, 3 to 0. Rangette was invincible at all times, striking out 23 men. The game, staged at Junction City, was played in 1 hour and 30 minutes.

### CALIFORNIANS HAVE TRAINING

Pacific Coast Tennis Man Gives Away Secret of Success.

BY A. H. FREDERICK — NEA Service Writer.

San Francisco.—Recent sensational victories of Helen Wills, youthful Berkeley (Calif.) tennis star, on eastern courts, again brings up the question, "Why does California develop so many racket stars?"

"Climate" is the usual answer. But this tells less than half. The other half-plus is the California Lawn Tennis Association.

True, the climatic conditions in the Golden State allow a much longer tennis season than elsewhere, but it is the association which has recognized this chance for world supremacy, and directed potential stars to championships, national and international.

Among proteges of the association are players as Helen Wills, Maurice McLoughlin, William Johnston, John Strachan, Roland Roberts, C. J. "Peck" Griffin, and others well known to all followers of sports.

### SOO WINNER TO MEET DUNDEE

Eddie Stanton Confident Williams Will Beat Jimmy Brady.

Jimmy Brady, the Michigan lightweight champion, and Johnny Williams, the Brooklyn lightweight, have been matched to box ten rounds at Sault Ste. Marie on Sept. 3.

Williams and Brady boxed a 10-round draw in the Lock City recently and the fans who saw it pronounced it one of the toughest battles ever staged in this region.

Holds Junior Tourneys.

Ever alert is the association for promising players, "pushing back the curtains of the cradle to see if the new arrival is a tennis star," as one member phrases it.

While this is exaggeration, the association does keep a watchful eye over boys in the "short pants" age and girls in the "pigtails."

This part of the work for San Francisco is in charge of Miss Philomena Hagen, executive secretary of the Playground Association, who works in conjunction with the Lawn Tennis Association.

Miss Hagen keeps close watch on the boys and girls who play on the playground courts and holds tournaments for them yearly. Last year there were 1700 entrants, and this year more than 2500.

When a youthful star is found by Miss Hagen, the Lawn Tennis Association arranges for its membership in one of the city's clubs. These boys and girls under 18 are known as "juniors" and their development is in charge of Howard O. Kinsey, coast singles star and doubles champion with his brother, Robert.

Meets Instill Confidence.

Membership in these clubs is considered of prime importance for two reasons—the chance to compete with players better than themselves and the opportunity of playing frequently in tournaments, which are held on an average of once a month.

"The confidence gained by this method of playing before spectators is of inestimable value," declares Dr. Sumner Hardy of San Francisco, president of the association.

"His installation cannot begin too young. In fact, with this in mind, we have special tournaments for boys and girls under 15 for Pacific Coast and other state championships."

After one of the association's proteges has made good through these stages, he or she is ready to make trips as the association's representative.

Usually the first such trip is to southern California. Then come jaunts to the northwest, Victoria, Vancouver, Seattle, etc., and finally east.

Consists of 25 Clubs.

Nor is the prospective champion abandoned if he doesn't win the first few times he represents California. If he makes a good showing and such as to indicate a fair chance for improvement to championship caliber, the association sends him again and again.

Credit for the work of the association is largely due to Dr. Hardy, the president. While the organization has been in existence since 1889, it did not start the present work until some 25 years ago, with the inauguration as president of Dr. Hardy. He has held this position ever since. Dr. Hardy himself was coast singles champ with his brother, Samuel, for six years.

The California association is the only tennis organization in the country doing this kind of work. Others are prone to wait until they have a champion before adopting him, or at least one who looks like an imminent champion.

### PENNANT RACE DIFFERENT NOW

Little Resemblances to the Good Old Days of 15 Years Ago.

By NEA Service.

New York.—The apparent run-away race the New York Yankees are making in the American League this season, in deep contrast to the great finish in the same circuit back in 1908. For the dash for the flag that year was without a doubt the most sensational ever witnessed in either of the two major leagues.

In that hectic campaign there were no less than four clubs fighting for the leadership way into the month of September. And it was an even battle all around. Detroit, Chicago, Cleveland and St. Louis, the contesting teams, each had an equal chance to cop.

The situation was of further interest in that it was a purely "western affair," the four Atlantic seaboard clubs all being left out in the cold.

Down the home stretch came the quartet like so many race horses. It looked like a blanket finish. But with about two weeks to play, the St. Louis entry faltered, and was outdistanced, leaving the other three to wage it out. And what a merry old battle it was.

But with the final wire almost in sight, Cleveland, likewise, found the pace too hot, and fell back, though still remained in the running, should either or both of the other two slack up momentarily. The Indians, in other words, retained an outside chance.

On to the last series of the season went the trio, with Detroit and Chicago almost neck and neck. Thus with only three games to play, the Tigers were due in the Windy City to wind up the chase and incidentally decide the pennant winner.

Detroit needed but one of the contests to grab the gonfalon, Chicago had to sweep the series, providing that Cleveland didn't win all four of its games from the Browns, in which case the Indians still had a show. But Cleveland was put out by St. Louis in the opening tilt, thus giving Detroit and Chicago a clear field.

Seemingly to make a sensational finish to an otherwise sensational race, the White Sox captured the first two games, leaving the championship to hinge on the final encounter of the season. Victory for either club meant the pennant, and a chance to get into the world series.

Needless to say, that last game was watched with intense interest throughout the country. Baseball fans were all "het up." For a championship was at stake. And championships aren't won in a day.

But the Tigers, with their backs to the proverbial wall, and on hostile soil, aided by the great pitching of "Wild Bill" Donovan, turned back the chesty Chicago gang, and won their second pennant in as many seasons. Not a single run did the White Sox get off of the offerings of Donovan that day, so well was the "Smiler" the master of ceremonies, while the Tigers almost annihilated the Chicago hurriers, leaving no "ifs and ands" as to the rightful victor.

And thus ended the 1908 pennant race in the American League. A campaign that no doubt ranks without parallel in the history of baseball.

### FOR SALE

- FOR SALE—Improved farm. Located at Gladstone, R. F. D. Route 1, 25 the Corbett Road, 60 acres, with or without tools and machinery. Kelly Johnson, Gladstone, Mich., Route 1, Box 22. Tel. 643-732. 652-232-2wks

Miss Alma Gaufrin returned from a buying trip in Chicago, New York and other eastern markets.

DOES HIGH SCHOOL PAY?

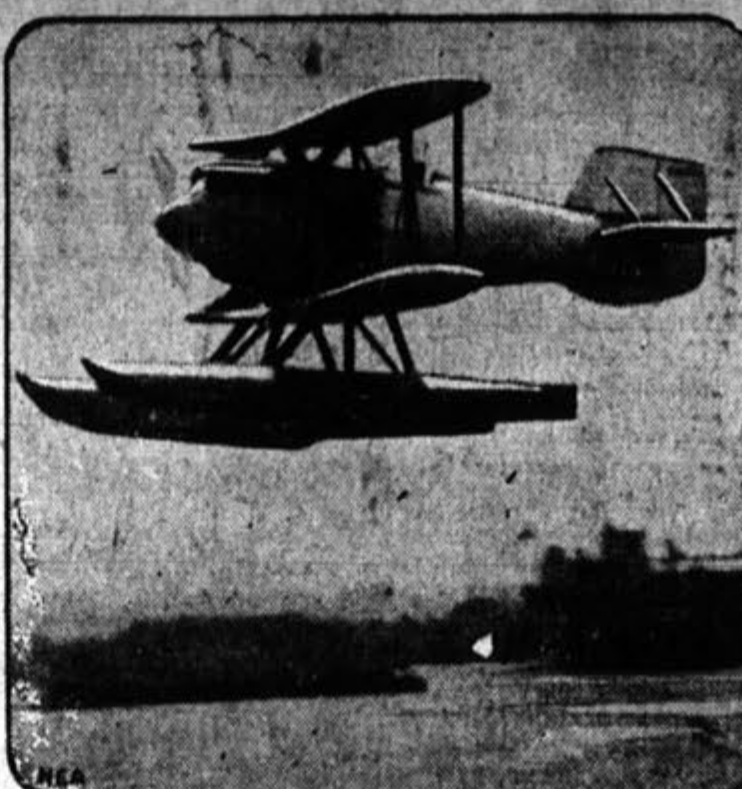

W. E. OLDS TO DISCUSS QUESTION IN SERIES OF ARTICLES.

BY W. E. OLDS.

"The Demand for High School Graduates is Growing."

There was never a greater demand for high school graduates than at present. Many firms now expect and demand a high school education for their employees. Other qualities being equal the high school boy will win over those without such training. This law is as immutable as a law of nature. You can neither change nor escape it. You may deny it, you may rage against the justice of it, you may try to explain it away, but the stubborn fact remains that with equal native ability, like application and faithful devotion to duty, young people trained by a high school course will surpass in any undertaking the same number of those without such training. Here and there are exceptions, but the rule is true. The discipline and training of a high school course will give you a tremendous advantage in most lines over the person not so trained. A returned soldier, a friend of the writer, declared there was no chance for promotion in the army unless you had a high school or college education. He firmly believed there was much injustice done because as he said, "Every fellow with a high school or a college education became an officer in three months while the rest of us had to earn them." The poor boy could not understand that the training of high school or college had increased the power of leadership many fold. The judgment, the self-reliance, the determination and often the self-denial that had made the boy persevere and complete a high school or college course were the very qualities needed in an officer. This same young man less than ten years ago was boasting of how much money he could earn than any of his classmates. He actually thought they were wasting time and money in going to high school. No great

MAKING 173 MILES AN HOUR

The NW-2, Wright seaplane with 700 horse-power motor, making 173 miles an hour in a test flight over the Delaware River. It was piloted by Lieutenant A. W. Groton, who will fly it for the United States in the 200-mile Schneider Cup race on the Isle of Wight, Sept. 28.

er tribute can be paid to the worth of a high school or college course than the great number of officers that developed from such men. Count up the number of high school graduates you know who were in the service a year or more and then find what proportion of them were officers when mustered out. There is a reason for it. Four years of training bore fruit in leadership. ATTENTION STUDENTS OF ST. JOSEPH'S HIGH SCHOOL. All students who will attend St. Joseph's high school during the coming year MUST register on Tuesday, Aug. 28th, or Wednesday, Aug. 29th, in St. Joseph's Club Room. Registration hours for both days: 9:00 to 12:00 a. m., 1:30 to 4:00 p. m. Principal of St. Joseph's High School. 6496-237-51. ST. FRANCIS HOSPITAL. Mr. and Mrs. John Gustafson are the parents of a daughter, Mrs. Omer O'Callaghan underwent an operation and is resting easily. She was formerly Miss Rose Jaegers of 223 So. 19th St. Charles Harrison of Cornell is a medical patient having been admitted recently. Much interest centers in the address to be delivered by Secretary of State Hughes before the American Bar Association today because of the possibility that it may reflect the attitude of the Coolidge administration on important international problems. VELVET TIE. A narrow tie of velvet ribbon completes many of the new slip-over blouses. The sleeves are long and tight.

Escanaba People Are On Program At Baptist Meeting

Baptist churches of the upper peninsula opened their thirtieth annual meeting at the Marquette First Baptist church last night. Escanaba is represented at the gathering by a large delegation from the local congregation. The Rev. C. H. Skinner, E. A. Hubbard and Lloyd Walker, all of this city, will have important parts in the three day program. The opening session last night began with a young people's all at 6 o'clock. Devotional services at 7:30 were led by the Rev. H. J. Sharp of Marquette. Dr. Allen Eppen, president of Kalamazoo college, gave an address of "Building the Walls of Christian Character". The evening session closed with a conference on young people's work and benediction. The Rev. E. W. Miller of Marquette will lead the Thursday morning devotional service. The Rev. Hugo Herrgard of Escanaba will have charge of the afternoon devotionals. Lloyd Walker of Escanaba will speak on "Building the Life of the Soul" in the Friday morning service. E. A. Hubbard will lead the Friday Sunday School conference and the Rev. C. H. Skinner will lead the final conference of the meeting. ANIMAL PATTERNS. Imitation biche lace with animal patterns, including elephants, dogs, cats and butterflies, is the favorite handkerchief decoration. A mannish handkerchief for women has a border of woven cord in color on white linen. PERSIAN TRIMMING. Persian lamb embroidery makes an effective trimming for a dress of black satin made in the Russian tunic effect. Kansas hogs are being fed on good wheat. They will be the laughing stock of the country. Sell it the Classified Way.

Food Dealers Cancel Their Annual Picnic

J. A. Stromberg, secretary of the Delta County Food Dealers association, announced yesterday the postponement of the organization's second annual picnic, which was to have been held at Terrace Gardens on Monday, Sept. 3. Conflict with the Trades and Labor Council plans for the days observance was the reason for the postponement. Henry F. Hollis, former United States senator from New Hampshire, born at Concord, N. H., 54 years ago today.

YOU SAY IT!

Speaking of the banana shortage—this young lady is picking some now almost extinct fruit in the patio of the Pan-American Union at Washington, D. C.
