COOLIDGE WILL TRY TO AVOID ADVANCE TALK

PRESIDENT FROWNS ON ENTHUSIASM OF FRIENDS.

BY DAVID LAWRENCE.

Washington, Aug. 30.—President Coolidge would like to have "political speculation" tabooed so far as he is concerned. This information divulged in the last few hours was not surprising to those who have followed the career of the man in the administration...

REPUBLICANS IN IRELAND GAIN

Government Still Leading in Dail Eirean Race By 13 Seats.

Dublin, Aug. 30.—(By the Associated Press)—The return in the Dail Eirean election showed at 11:30 o'clock tonight that seats have been won as follows: Government candidates 41; Republicans 25; Independents 14; Farmers 3; Laborites 9.

Congressional Term Tells.

Mr. Coolidge has in all probability been advised that the best policy he could possibly play with reference to 1924 is to play no politics at all. Since he has taken the oath of office there has been no concrete evidence that he is playing the political game.

Will Maintain Silence.

Mr. Coolidge has taken occasion to intimate what his policy toward congress will be. He will hesitate to express an opinion about a bill while it is pending. He will not threaten a veto or promise his approval to anything...

The map and instructions were taken from Hilbert Nielson, who was held questioning by police after he had told friends about the matter.

JERSEY POLICE FINALLY BREAK UP DISORDERS

Perth Amboy, N. J., Aug. 30.—A crowd of 5,000 persons broke up a meeting of the Ku Klux Klan at Odd Fellows' hall tonight, 75 policemen and 150 firemen being unable to drive back the throng that stormed the building. Firemen drove trucks into the mass of people, but to no avail. A hurry call was sent for the state police at Trenton.

TEAR GAS, FIRE HOSE, FAIL TO STOP CROWD.

Patrolmen fired shots in the air threw gas bombs and swung their night sticks while the firemen poured streams of water on the fighting throng. The leaders of the mob were knocked down by patrolmen when they first started towards the hall, but after they had been carried away, another attack was started. This time stones were thrown, and all windows in Odd Fellows' hall, as well as many others in nearby buildings were broken.

THROW GAS BOMBS.

Police Chief Tonneson then ordered his men to throw tear gas bombs and 13 of these, the town's entire supply, were exploded. The crowd fell back, but advanced again, hurling more stones. It was then that a riot call was sounded and 150 firemen dashed to the scene.

KLANSMEN BEATEN UP.

Chief Tonneson in the meantime had ordered the Klansmen to leave the building. Scrambling out of windows, down fire escapes and through every available exit they were met by their assailants and many hand-to-hand fights ensued.

AS SOME OF THE KLANSMEN BREAK AWAY FROM THE FIGHTING MASS, THEY SHOUTED, "WE'RE COMING BACK TEN THOUSAND STRONG."

"All-right, we'll be waiting—twenty thousand strong." Police in Readiness. The Klan meeting had been widely advertised. Chief Tonneson took special precautions against possible trouble as the result of a somewhat lesser disturbance at a Klan meeting several months ago. He stationed uniformed patrolmen and plain clothesmen on the inside and outside of the hall and at several other points in the vicinity.

THE KLANSMEN GATHERED SOON AFTER 8 O'CLOCK, DONNED THEIR ROBES, AND BEGAN THEIR CEREMONIES.

Soon, little groups began to form in front of the building, the number being augmented until it was estimated that 5,000 persons were in the crowd. These, those in the front rank demanded admittance to the hall and when they were refused the fight began. Police declared after quiet had been restored that they knew the instigators of the trouble and promised the arrest of prominent local men.

MILWAUKEE ELKS WILL GIVE CITY MUSICAL TREAT

Three hundred members of the Milwaukee Elks lodge are coming to Escanaba on the steamship Muesouri on Wednesday night, September 3, but that ain't the best of it.

The bulk of the occasion, for the greater portion of Escanaba folks, will be furnished by the forty piece band which the Cream City visitors will bring with them and the thirty-piece Escanaba music manufacturer which will be rounded up and put to work for the evening.

John Bartella, who is handling the arrangements at this end, announced yesterday that the plan had been abandoned, due to the lack of room on the boat. The large number of reservations taken up by the Milwaukee Elks left only forty of the "moochies."

The steamer will dock at 6 o'clock Wednesday night, arriving just as the Carolina is leaving port. Chauncey Yockey, former Escanaba man and now Exalted Ruler of the Milwaukee lodge will lead the parade down the gang-plank. Chauncey is mainly responsible for the fact that Escanaba has been included in the itinerary of the Elks cruise.

Following a short parade through the business section of the city, the crowd will adjourn to Ludington Park where the combined bands will stage a concert program. The Elks will board their ship again at 10 o'clock to continue their cruise.

Sisters United After Twenty-Eight Years

Mrs. Mary Christopherson, 531 South Sixteenth street was surprised Monday by the arrival in Escanaba of her sister, Mrs. Agnes Kropp of Clinton, Iowa, whom she had not seen for twenty-eight years.

Epworth League Social. The Epworth League of the Swedish Methodist church will hold a social Friday evening. Mrs. Ivan Stromberg and Miss Mildred Stromberg will serve. A very good program will be rendered.

Marriage Licenses. A marriage license was issued yesterday to Miss Wilma Olson of Esnign and Pear Pearson of Escanaba. A license was issued on Wednesday to Miss Anna Couillard and William Pettier, both of Bark River.

Phoebe Rebecca Card Party. Members of the Phoebe Rebecca lodge will hold the first of a series of Fall card parties at the Odd Fellows hall on North Tenth street Friday night. It is expected that the affair will be well attended.

MARINE

FORD PLANS LAKE FLEET

Sault Ste. Marie, Aug. 30.—Plans have already been completed for the construction of a fleet of ore carriers to be operated under the Ford Motor company flag next season, according to unofficial reports received here. The fleet will haul ore from the docks which the auto-concern will build at L'Anse, Mich. The Lake Superior fleet will handle ore from the Imperial mine at Michigamme and other Marquette Range properties.

First Scout Rally To Be Held Tuesday

The first Scout Rally of the school year will be held at the east end of Ludington Park at 7:30 Tuesday night, Sept. 4. Scout Commissioner Harry Brackett will be in charge of the work. Details of the program have not yet been announced, but an evening of unusual interest to Scouts is promised.

Mr. and Mrs. William Bush of Chicago are visitors at the home of Mrs. A. G. Crose in this city.

Exportation of intoxicating liquor from Prince Edward Island or holding it for export, except by duly licensed brewers and distillers, is to be prohibited from this date.

ESCANABA BOY ARRESTED AFTER LENGTHY CHASE

Wanted in Marquette for Alleged House Breaking

Carlton Smith, 17, of Escanaba, was arrested in Menominee late last night by Phil Bruce, motor-cycle officer of the local police department, when Smith stepped out of an automobile he is alleged to have taken from the curb in front of a South First avenue home early in the evening. Smith fled from the city, it is believed, when he learned that officers were searching for him, to turn him over to Marquette authorities where he is wanted on charges alleging burglary and auto theft.

Clinton Thompson, a former Escanaba youth, about Smith's age, confessed in Marquette yesterday, it was said, that he and Smith had committed several burglaries in that city. A third youth, whose identity was still unknown last night, also had a hand in the alleged robberies, Thompson is said to have told police.

The three boys are alleged to have stolen two automobiles in Marquette Wednesday night, which they were forced to abandon at Rapid River. Thompson was captured and told authorities that he had promised to meet the other lads in Menominee tonight. Smith returned to Escanaba late yesterday afternoon, it was revealed, and upon learning that police were looking for him, attempted to make his escape in another stolen machine. Thompson's story, it was claimed, has been corroborated by the discovery of much of the property stolen from homes in Marquette, and by other details disclosed last night.

Coliseum Rink Has Good Opening Crowd

Appropriate festivities, staged under the direction of Richard Flath, manager of the Coliseum, attended the formal opening of the roller skating season in Escanaba last night. New music, fantastic favors and an excellent floor contributed their part to the success of the opening night. The Grand March, which led off the evening's program, was led by Mr. and Mrs. A. O. Syverson. A capacity crowd attended. The rink will be open again for skating on Sunday and Monday nights.

Walch and Pavlov Honored by Veterans

Dr. John J. Walch, commander of Cloverland Post of the American Legion, Escanaba, has been named as alternate delegate to the national convention at San Francisco from the twelfth Michigan district, according to reports of returning Escanaba delegates. Nicholas Pavlov, member of the local post, was named by the "40-8" society as state executive committeeman from the upper peninsula. The Michigan "volunteers" of the society held their state convention in connection with the state Legion meet.

This is the 4th birthday of Queen Wilhelmina of the Netherlands, the only woman in the world who is a reigning sovereign in her own right.

MARKET REPORTS

NEW YORK STOCKS

New York, Aug. 30.—Chief interest in today's stock market, the most active since July 2, centered in the spectacular fluctuations in Davison Chemical, which opened 1 1/2 points higher at \$3 1/2, spurted to 7 1/2, dropped back to 5 1/2, advanced to 6 1/2 and then saw-sawed up and down at 5 1/2 where it closed with a net gain of 3 points. While movement of this stock caused bullish demonstrations in other issues it had an unsettling effect on other stocks. Pressure was brought on copper shares when the price of the metal fell to 13 5/8 cents a pound, the lowest price this year. Day's total sales were \$36,400 shares.

City Crews Push Light and Street Repairing Jobs

City street crews are well advanced with the work of making permanent repairs to the Hartnett avenue pavement. The pavement is of concrete, and the same material is being used for the patching of the holes which exist. The hole in the Washington avenue pavement, at the intersection with Stephenson avenue, will also be filled and the stretch of Washington avenue leading to the Fair Grounds will be placed in shape to handle the traffic during the fair.

Other city crews are busy on Fourteenth street and Tenth avenue south, scarifying and re-surfacing the macadam pavements there. The portion of Fourteenth street from Eighth avenue south to Tenth avenue south is already in shape to receive the final surface coat of tar and screenings. This will be applied all at one time, as soon as the Tenth avenue section is ready. Meanwhile, the Fourteenth street section is closed for traffic.

Planting New Poles On Hartnett Avenue

City electric department crews have about completed the work of planting new and higher electric light and power poles on Stephenson and Hartnett avenues and are ready to begin changing the wires from the old to the new line. The old poles will be removed. The improvement, with the addition of the new street lights, will bring those thoroughfares up to date in every respect.

VICTIM'S WIFE IS KNOWN HERE

It was learned yesterday that Mrs. Clay M. Wilbur, whose husband, a prominent Flint attorney, was killed in an automobile accident on Wednesday night, was formerly Miss Alice Hansen of

Exploded Grains

Airy, flaky—3 times normal size

Quaker Puffed Wheat is whole wheat steam exploded. Over 125 million steam explosions are caused for every kernel. Thus the food cells are broken for easy digestion. The grains are puffed to airy globules, flaky, savory food confections.

Quaker Puffed Wheat in milk forms the supreme dish for all. It makes whole wheat and milk so enticing that children revel in them. Everyone enjoys them.

Whole wheat supplies 12 minerals which growing children must have. Also their need of bran. Milk is rich in vitamins.

Quaker Puffed Rice—airy, thin and nut-like—is the finest breakfast dainty ever served.

These are matchless foods, fascinating, hygienic. And people welcome them morning, noon and night. See that they always get them.

No More Chickens on Gladstone Cars

Chicken will no longer be allowed to ride on the cars of the Escanaba Power and Traction company between Escanaba, Groos and Gladstone.

Let the younger generation "view with alarm," let it be explained that the word "chicken" in the foregoing shall be here interpreted to mean feathered fowl of the sort mainly concerned in egg sandwiches, fried eggs, boiled eggs, egg nog and like concoctions.

Complaint was registered at a recent city council meeting against the practice of carrying crated live chickens on the interurban lines running into this city. It wasn't the cackles, so much as the aroma which prompted the complaint.

The matter was taken up with the traction company and the city received a letter from the carrier company, stating that it had been referred to the express company which was employing this method of transfer. The practice will be discontinued, it is understood.

Rex Company To Spend Next Week at Delft Theatre

"Rex" and his over-popular company of players are coming back.

The Rex Stock company will open a week's engagement at the Delft theatre Monday night with a repertoire which includes "Cheating Cheaters," "Too Many Husbands," "Twin Beds," "Foolish Wives," "Over Night" and several other well known plays. Each will be a production with the usual high standard of scenic equipment and electrical effects.

Along with the intangible "Rex" and his charming leading lady, Zana Vaughn, the well-remembered Seymour & Williams and Old Bill Yule. "Rex" will introduce a number of players new to Delft audiences. These include Ethel Van Orden, recently leading woman with Drinkwater's "Abraham Lincoln." Fred Dampiere, who was featured with the Australian "Too Many Husbands" company. Herbert Lewis of the Oak Park Chicago Stock company. Betty Lindsay who joined the company from Rochester, N. Y., stock. James Jourdin, discovered by "Rex" in a Vancouver stock company and who was an officer in the Canadian army overseas, with several others.

The "Rex" company has, for a number of years, been a favorite with Escanaba audiences, and its engagement next week is certain to accentuate that popularity.

Two Men Buried As Foundation Topples

Buried under rock and sand when a wall at the rear of the Oliver building in the 600 block on Ludington street toppled over on them yesterday morning. Oden Erickson and Joseph La Valley, both of Escanaba, escaped without serious injury.

The men were engaged in excavating for a driveway which is being built to provide entrance to the cellar of the building. In removing the sand along the base of the old sunken foundation wall the men failed to notice that they had weakened the natural footing for the wall.

La Valley was almost completely buried in the fall of rock. Olson was only partly buried. La Valley received severe bruises but no serious injury. It is expected that he will be able to resume work in a short time.

London—A distinguished gentleman has been walking into small stores as a Scotland Yard inspector, asking to see bills of high denomination, in quest of counterfeiters, receiving for them and taking them to "headquarters" for examination. Real detectives can't find his headquarters.

AMUSEMENTS

"MY CHINA DOLL."

"My China Doll," an entertaining and tuneful musical comedy in two acts and eight scenes, pleased a capacity audience at the Delft theatre last night. The piece has a novel plot, is replete with good songs, twirling situations and a great deal in the way of novel settings and original presentation.

Barbara Ironell, Beanie Delmore, Laura Baer, Robert Wynne Jones, Billy Murphy, Bertram Goltz, Tom Crowley, George Ellis, and others, were among the folks in the cast whose work pleased, and the chorus was better than the average.

Songs which the audience liked best were: "Winky Blinky China Maid," "I Want a Man," "In Story Book Land," "The Tale of the Blue Bells Told," "The Leader of the Big Brass Band," "Tell Me Pretty Flower," "My China Doll," "Jazzmania," and the theme song, "Land of Dreams."

AT THE DELFT.

John Barrymore, whose screen appearances have been marked by quality rather than quantity, is to be seen at the Delft theatre today in a characterization which he has declared to be the most interesting he has ever made—none other than fiction's greatest detective—Sherlock Holmes.

"Sherlock Holmes" was directed by Al Parker. Perhaps no other character in fiction is so universally liked and known, and from all indications, the same universal interest is attaching itself to the picture of the famous detective story. Aside from the magnet of having so distinguished an actor essay the stellar role, the supporting cast has been chosen with such definite care and detail, that it reads like a roster of the best known players of the stage and screen. In fact, the making of the picture was delayed until every character down to the most unimportant super, was perfectly cast.

In the cast of players occur such distinguished names as Carol Dempster, who plays the role of Alice Faulkner; Roland Young, who is the faithful Watson, and Gustave von Seyffertitz, who gives an amazing portrait of the despicable Professor Moriarty. Hedda Hopper, Anders Randolph, Percival Knight, Lumsden Hare, Louis Wolheim, John Willard and Reginald Denny are also in the roster.

AT THE STRAND.

Frederick Santley, brother of Joseph Santley and who himself has been featured in many of Broadway's biggest successes, returned to the silent drama after an absence of more than ten years when he began work in "The Go-Getter," a Cosmopolitan picture of a Peter B. Kyne story, which will be shown at the Strand Theatre today. T. Roy Barnes, Seena Owen, William Norris, Tom

Lewis and Louis Wolheim are featured in the production, a Paramount picture.

Ethel Barrymore.

During recent years Santley has confined his work to the musical stage, being featured in three George M. Cohan revues, "The Royal Vagabond," "The Gay Hussars," "When Dreams Come True," in which he replaced his brother Joe in the leading role, and "The Poor Little Ritz Girl." He has also appeared in vaudeville.

This climate does not always agree with the calendar.

A THOUGHT

210 NEW MICH. LAWS EFFECTIVE ON WEDNESDAY

Many Important Changes Made By the Legislature.

Lansing, Aug. 30.—Two hundred and ten new state laws became effective on Wednesday. They ranged in importance from fish acts and increases in salary for circuit court stenographers to statutes affecting every person in the state.

The 1923 legislature enacted 345 measures. One hundred and twenty-two of them, mostly appropriations bills, became immediately effective when signed by the governor. Sixteen of them were vetoed. The remainder became

enforceable Wednesday—90 days after the final adjournment of the legislature, which was May 31.

The most important of the new statutes are:

Uniform traffic regulations providing that automobiles must stop behind street cars in all cities and giving cars on trunk lines the right of way. (Palmer).

Centralize Control. Authorizing the appointment of one of the wardens of the state prisons as manager of prison industries. (Jolly).

Prescribing 14 instead of 10 circuit judges in Wayne after September 1. (Wood).

Prohibiting the marriage of mentally or physically unfit persons. (Howarth).

Authorizing the issuance of three year teachers' certificates to graduates of junior colleges. (Dykstra).

Prohibiting the manufacture and sale of filled milk products in Michigan. (Town).

Specifying standard grades of grapes and apples. (Brannan).

Providing for the suspension of teachers' certificates for contract

violations. (Leedy).

Can Have 14 Jurors. Providing for juries of not to exceed 14 persons for protracted cases. (Miles).

Allowing fishing for rainbow and steelhead trout in September, October and November in Muskegon and White Lakes, Muskegon county; Pentwater Lake, Oceana county; Pere Marquette Lake, Mason county; Manistee, Arcadia and Onekema Lakes, Manistee county, and Pine Lake, Charlevoix county, Lewis.

Regulating the sale and manufacture of ice cream. (Strauch).

Providing a \$5 general license fee for non-resident anglers. (Howell).

Authorizing the education of adult aliens and illiterates. (Warner).

Permitting telephone companies to condemn land for right of way. (Lewis).

Ku Klux Klan Hit. Prohibiting the wearing of masks or covering in public which partly or wholly conceal the face except by children or persons participating in religious, educational or historical demonstrations. (Burns).

Providing for the certification of farm land to prevent fraudulent sales. (Meggison).

Placing insurance rating bureaus under the regulation of the state insurance department. (Brower).

Prohibiting the publication of betting odds on races or gambling events. (Bahorski).

Compelling children, when financially able, to support indigent parents. (Condon).

Prescribing regulations for aircraft. (Condon).

Providing for the sterilization of mentally defective persons. (Slighbaxter).

Amending the state corporation tax law to make the rate 2 1-2 instead of 3 1-2 mills; raising the maximum limit from \$10,000 to \$50,000 and reducing the minimum limit, from \$50 to \$10. (Sligh).

Authorizing the creation of superior courts in counties of 100,000 population or more. (Wood).

Bathing beauties who have been tanning their hide will soon start hiding their tan.

Warning!

Beware of fakirs! This is a timely warning—perhaps too late for some of our good citizens.

During the course of a year many peddlers come to our city. Many of them are not physically fit for hard work and take this means of earning their daily bread. We are of a generous nature and more to help a poor man than the need of their wares, we gladly patronize them.

During the past month Escanaba has frequently been visited by clothing peddlers, claiming to sell tailor made clothing at \$20 to \$30 below the price asked by local tailors. And they do sell suits at a much lower figure than it is possible for any local tailor to make them. However, before you order it would be a wise move to let your tailor explain the difference between fabrics and tailoring methods.

One of the first points to which your tailor will call your attention is the quality of fabrics and the meaning of pure wool manufactured by reliable mills. You no doubt know that the worn clothing picked up by the "rag man" is made over into new cloth. The finished product is hard to distinguish from pure long wool. Short wool, or shoddy, has not the wearing qualities of new long wool and, no doubt, it will take him but a short time to show you the reason. He will then show you circulars from firms who will make up suits as low as \$8. Were he satisfied to give his customers workmanship of this grade he could realize more profit on a suit at \$50 than he now does at \$85. Even then you would be getting woolsens of the highest grade as he would send his own fabrics to this firm to be made up.

Keep this in mind when you are again approached by a clothing "order taker." You can buy ready-made clothing from local merchants for \$10 less than they are asking for their goods and you are sure of getting full value for your money. If you want real tailor made clothing (let your tailor explain what tailor-made means) go to your local tailor and give him an opportunity to get your business. He would be much more pleased to see you buy ready-made clothing from a local merchant than to buy so-called "tailor made" clothing from out-of-town clothing peddlers.

MAINTAIN THE ROADS.

Repair work, now nearing completion on Delta county's road system, should give to this county the reputation of having one of the most perfectly maintained road systems to be found in any county in the peninsula. In fact this is probably the first year when such a claim could be established as a more extensive and complete repair program has been carried out this year than ever before. At least that is the impression given to the motorist who travels over the roads of the county and finds that repair work has either been completed or is underway on practically every highway in the county.

The program carried out this year is such a program as the people of Delta county have come to recognize as an annual necessity. It is now agreed that with the increasing volume of traffic there is no type of road now constructed in Delta county that does not require annual repairs. To pass up for a single year any stretch of road is to make that road unfit for ordinary traffic.

Until Delta county begins to construct concrete highways, and then minor annual repairs will be necessary even on concrete, we must recognize that our annual road repair bill must be a considerable one. We have the roads and if we are to realize the full benefits, commensurate with our investment, we must stand the cost of annual maintenance.

SERVING LAW AND ORDER.

The Ku Klux Klan in Steubenville, Ohio, threatens to put the law on the leaders of a crowd which recently attacked and overwhelmed a street meeting of the "knights of the invisible empire." It demands the resignation of the Mayor and the Chief of Police because they permitted a lawless outbreak. And in all these lawless things the Klan is strictly within the American rights. It is the American theory that if discipline is needed in any given situation, the Law and the Courts will supply it. The moment we recognize the extra-legal right of private persons—whether as individuals, or as groups or in mobs—to regulate society according to their particular prejudices, that moment we shake hands with anarchy and invite the dissolution of American institutions. Whereof we repeat, the K. K. K. in Steubenville is entitled vigorously to complain when its lawful assemblage is unlawfully invaded. But! We beg of the K. K. K. that it be consistent! It is a poor rule that fails to work both ways! What it demands of others, others are entitled to demand of it. How many times has the K. K. K.—masked and sheeted, to hide from responsibility—proceeded, extralegally, to inflict its mandate upon victims who never get their "day in court" and who are so pathetically outnumbered, in the hour of private judgement, that they lack a dog's chance for their rights? There is, today, a veritable spasm of extra-legal whippings and tarrings and shootings and hangings in various parts of the country. It would be gross injustice arbitrarily to charge up all these outrages to the K. K. K. Yet the power of example—and the urge to reprisals—is tremendous.

The K. K. K. cannot escape a measure of moral responsibility for what is happening. Let Steubenville be a lesson! If it wants to stand for the highest and the purest in Americanism, let the K. K. K. discard its sheets and throw away its masks and take open and unashamed responsibility for its acts! Let it proclaim exclusive allegiance to the processes of Law in its "Americanization" adventures! Let it damn—rather than inspire—the night-ride! Then it will come into court with clean hands—at Steubenville or anywhere else—and serve true justice when it demands that outlaws shall be outlawed.

FRECKLES AND HIS FRIENDS

"THE MISFIT"

BY JANE PHELPS

HARPER AGAIN TESTS NATALIE.
Chapter XLV.
Harper made some plausible excuse for his presence in the quiet resort; then, after spending the following day with Horace and Natalie at the lodge, he declared himself so attracted by the place that he would spend a couple of weeks in the vicinity.
Natalie, seemingly forgetting her resentment against him, in fact it had been completely swallowed in gratitude, approved his plan, and she as well as Horace urged him to spend as much of his time as he could with them.
Harper did not neglect this opportunity, and almost every day saw him at the lodge. But he seldom saw Natalie alone, seldom had a chance to talk with her. Then fortune favored her. Horace was called to the city on business, Natalie would be alone with only the servants for company. Horace would be gone three days, so he said.
It was not until the third day that Harper allowed himself to test the feeling he thought Natalie had for him, deceived as he was by her gratitude. They were walking along the beach. The night was ardent, the soft air, the full moon enticed. They sat down on a rock, and a silence fell between them. Harper laid his hand over Natalie's.
"You are bewitchingly lovely tonight, Natalie," he said softly.
"It's the moon," she laughed lightly.
"No it is you, yourself, to me always the loveliest woman in the world."
A bit embarrassed by his words and tone, Natalie made some

careless reply, then tried to change the subject, speaking of Horace, that he would return in the morning. She said:
"We will go fishing if the day is right."
"Don't talk of tomorrow. Tonight is ours. I love you Natalie, love you as the cold dignified husband you have chosen never can love, love you so that I can't live without your love. His mother is more to him than you ever have been. He grieves for her, would make you miserable again by having you take second place in his household, make you submit to an old woman's whims." Natalie's arm stole about her waist and he drew her to him.
Suddenly Natalie threw him off, rose, and indignantly repulsed him.
"Oh, I never dream you'd say such things to me again! I felt grateful to you for saving Horace, the man I love with all my heart. I tried to forget what you did when I was alone and lonely because of that. Why, I would rather be a servant in Horace's home than be a queen away from him."
Craig tried to speak, to plead with her, but Natalie gave him no chance. Hot words of condemnation rushed from her lips, and then standing rigid before him she said:
"Never, so long as I live, will I speak to you again." And turning she walked, swiftly back to the lodge.
Neither had heard or seen Horace, who, standing back of the rock had taken in the entire scene, had heard Natalie's impassioned repulse of the man he had thought his friend.
With hands clenched he waited, the habit of a lifetime strong upon him. To make a scene, to cause gossip was hateful to him. He longed to punch Harper, yet the man had probably saved his life, and Natalie had ably defended herself. Yet he could not deny himself the satisfaction of letting Harper know he had heard. Striding around the rock he stood before him:
"You cad! You dirty cur!" he exclaimed. "Aren't there women enough in the world that you have to force your unwelcome attentions on another man's wife, and that man a friend. Get out of here, and get out damn quick if you expect to go unharmed." And Horace strode swiftly in Natalie's footsteps.
It was not the first time Harper had offered his wife an insult, that much Crandell had gained from the conversation. Natalie had repulsed him before when she was alone, and in need. Oh, what a brute he had been to expose her to such degradation. It was all his fault. Had he been kinder, kept her with him Harper never would have dared. Even now he had presumed on the fact that Horace had put his mother before his wife, had made it a cause for Natalie to prefer him.
"Cleave only to her as long as you both shall live," he quoted aloud as he recalled what she had said: "I would rather be a servant in my husband's house" and this was the woman his mother had made unhappy, that he had allowed to take a second place in his home. A "misfit" no, rather a good pure woman whom neither in their narrow social code could appreciate.

DOES HIGH SCHOOL PAY?

W. E. OLDS TO DISCUSS QUESTION IN SERIES OF ARTICLES.

By W. E. OLDS

A high school course will bring you and develop your best qualities and your greatest strength. It will broaden your sympathies, sharpen your intellect, extend your mental horizon, and multiply your capabilities. Once in a while you will hear some one telling you that the high school spoiled this or that young man. The truth is he was spoiled in spite of the high school. Instead of because of it. Laziness, discipline, too much money, too much leisure, too many outside distractions, too little high school study, too much high school loafing; these are the things that ruined him. He went to the bad, not because he went to high school, but because he was in the high school physically and not mentally. His interest never reached high school. All his thoughts and impulses were at cross purposes to the high school. His purpose was not to get his lessons, but to criticize, find fault, and make objections. Too often his parents were willing listeners to the same petty complaints. When they fanned this discontent until the thoughtful person sees readily why the boy failed in high school.

People emphasize the failure of high school graduates because they are not common. It is the strange and unusual that attracts attention. Because a few persons with high school training fall by the wayside, people speak often of these examples. They forget that the same high school at the time was both life-saver and life-giver to ten times as many others. They point to the one failure in a hundred, the one knotty apple on the whole tree, and exclaim, "that is what the high school does!" It is like unto a drunken husband who beats his wife and gets a three-column newspaper picture on the front page of a daily, while ten thousand other husbands go unmentioned. Anyone pupil out of a high school wrong and unthinking croak for a decade will point it out as what will surely happen to you should you ever go to a high school. There is little more logic in it than to argue because one boy becomes a thief while working in a certain store, that every other boy who goes to that store to work will become a thief.

GLADSTONE NEWS.

CITY EMPLOYEES HOLD JOINT PICNIC TODAY

City employees of Gladstone from all departments will join in a big picnic which will be held at Terrace Gardens, beginning at 2:30 o'clock this afternoon.

The picnic program will begin in the afternoon with games, contests and surprise stunts; and will be followed by a big supper at 6 o'clock and a dance in the evening. Details of the program are being kept a secret by the committees in charge and a number of surprises will be included in the entertainment arranged.

The joint picnic this afternoon will be the first to be held by the employees of the neighboring cities and is being promoted to form closer relationship and cooperation between the department forces of the two places.

MISSIONARY SOCIETY HOLDS MASS MEETING

Members of the Foreign Missionary society of the Alice Memorial Methodist church, will hold their annual mass meeting Tuesday afternoon at 3 o'clock at the home of Mrs. Charles Nla, 1206 Michigan avenue.

The meeting will be held at this time next week instead of on Thursday in order that the yearly report may be forwarded to the state headquarters on September 5.

All members are asked to present their mite boxes at the meeting and to be prepared to meet all obligations. A large attendance is expected.

Young People Have Roast at Maywood

A group of Gladstone young people enjoyed a wicker roast Wednesday evening at Maywood. The roast was followed by a program of dancing, music and games. Those present were Mr. and Mrs. William DeKeyser, Mr. and Mrs. Leo Piotti, Mr. and Mrs. Henry Larson, Mr. and Mrs. Piotti, Mrs. Wilfred Leroux, Mrs. Henry Larson, Sr., Mrs. Frank McLaughlin, Misses Louise Schram, Mary, Tillie and Lydia Stock, Alice Van Damme, Madeline Van Derweghe, Rose DeMenter of this city, Ruth Simonson of Milwaukee and Marie Maurice of Escanaba and Harry Stock, Barney McMonagle, Roy O'Brien and Guy Ohman.

No Meeting of Rotary Monday

There will be no meeting of the Gladstone Rotary club Monday, September 3. The date of the regular meeting falls on Labor Day next week and the Rotarians will observe the holiday by suspending activities.

Representative of Detroit Paper Here

Peter J. Spotts of Detroit has arrived here by motor to spend a few days in Gladstone on business. Mr. Spotts is connected with "The Michigan Catholic," a newspaper published in Detroit, and is making a tour of the upper peninsula in the interests of his paper.

Lloyd Ackley to Teach at Schaffer

Lloyd Ackley will leave Monday for Schaffer where he has been assigned to teach during the coming year. Mr. Ackley was a member of the Gladstone high school which was graduated in June.

Catherine Call Goes to Nahma

Miss Catherine Call, daughter of Mr. and Mrs. Milton I. Call of this city, has been engaged to teach at Nahma during the coming year and will leave for that place Monday. Miss Call will be assigned to the Hay Shore school located on the outskirts of the village.

William Smith has arrived from Pittsburgh, Pa., to visit at the home of his parents, Mr. and Mrs. C. Smith.

City Saves \$1,000 By Bond Purchase

Through the exchange of three telegrams between Scranton, Pa., and Escanaba, a bit of business was put across yesterday which will save the city an even \$1,000 interest.

Scranton brokerage house, having for sale \$1,000 in six per cent Escanaba Water Plant bonds, maturing in 1938, offered the securities to the city of Escanaba at \$98 on the par value of \$100. Mr. Harris, city manager, wired back that he would give \$95 for the bonds. The brokers came back with a compromise, offering to accept \$96.

"Tell 'em we'll buy at that figure," Harris said. "We save just about \$1,000 hauling those bonds back now instead of paying the interest for the fifteen years they have to run."

He Is Looking 'Em Over Again

"Eight years of stomach and liver trouble reduced me to a walking skeleton. My skin was dried up and as yellow as a twenty-dollar gold piece. I was filled with gas and had severe pains in my right side. I could not think and had lost all ambition to do anything. Doctors' medicine did not touch me. My cousin advised May's Wonderful Remedy, which snatched me from the grave. I have gained sixty pounds, eat like a hired man and am looking 'em over again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.

EXPERT "DIP" TRAVELS WITH GYPSY TRAIN

Manistique Man Recovers "Roll" Neatly Taken from His Pocket.

During a recent hurried visit at Manistique, one member of a gypsy band appropriated a local man's pocket money without his knowledge, while engaged in telling his fortune, after which the band immediately left town—but the man got his money back. Here's how it happened:

Approached by one of the duck-faced fortune tellers, a young man on the highway near this city, the local man allowed the lady to forecast his future. While doing so, she also took his roll, a fact that he did not realize until later, when he reached into his vest pocket for the \$27 in bills that he had placed there. By this time, the gypsies were well on their way to Munising.

The Manistique resident, whose name has been withheld, immediately sought the sheriff, but found that he was out of town, and he also failed to find any deputies or policemen on duty. As a last resort, a friend of his borrowed an officer's badge, and the party gave chase to the gypsy band on the Hiawatha road, hoping to recover the money. The travelers were overtaken near the Perry Fletcher farm, and the Manistique party demanded that the money be returned. They denied the charge at first, and became rather noisy, but quieted down when the "phony officer" displayed his badge, and pointed his bulging pocket, as though covering them with a revolver. After a short conference in the Romany tongue, the money was turned over, and the impromptu posse returned jubilantly with the Manistique man's bank roll.

Another gypsy caravan stopped over at Manistique Wednesday evening, enroute to Canada. They pitched their tents near the Ruggles farm, but the Ruggles family objected, and called the chief of police and sheriff to move the rovers to another camping place. At the request of the local officers, the unfortunate travelers were forced to pull up their tents and move farther up the road.

Mrs. D. W. Roos and Mrs. Leon G. Purdy entertained a number of friends at tea Wednesday afternoon honoring Mrs. L. Yalomstein of Chicago and Miss Nellie Smith of New York, among those present were Mesdames L. Yalomstein, Miss Smith, Mrs. R. M. Cooper, V. I. Hixon, H. T. Baker, and O. G. Quick.

COUNTY ROAD CREWS HASTEN REPAIR JOBS

Hiawatha Street Being Resurfaced, New Method Being Tried Out.

With good weather for the next four or five days, Schoolcraft county highway workers hope to complete the re-surfacing of the Hiawatha road, from the city limits to the end of the macadam.

Engineer McCarthy has followed a new plan in applying the Hiawatha re-surfacing. After sweeping out all holes in the road and patching them with rock chips and tar rolled down, the entire surface of the road is given a heavy coat of the tar, after which a coating of small size crushed chips is applied. Then the tar sprayer is put into action again, and another coat of tar is sprayed over the freshly strewn rock chips.

Developments so far indicate that this system will make an unobtainable road surface, and one that will hold up under all kinds of traffic. The large quantity of tar used holds the crushed stone chips from all sides, and gives the road surface a smooth glassy appearance when completed.

All crushed rock and rock chips used on the Hiawatha job are being made with the crusher operated by Schoolcraft county at the Hiawatha hill quarry, and are of a superior quality. The small rock chips used in re-surfacing are of variegated sizes, recognized by road workers as superior for that work.

At the brewery river bridge, near the city, posts have been set for the first cable guard-rail, to be put in place according to the latest highway specifications. A 5-8 inch cable is used for this work, and the posts through which it passes are set five feet in the ground. With two strands of the cable, the guard rail will withstand any strain.

Repairs are also to be made soon on the Manistique west road, M-12. Hot applications of tarvia "A" mixed with rock chips are to be applied at the edges, where traffic has broken off sections of the surfacing.

POOR RESPONSE TO LEGION CALL FOR GRID MEN

Bid of \$3,275 Made by Local Contractors Accepted by Commission.

The contract for the construction of a sewer system on Minnesota avenue from Eleventh to Fifteen street was awarded to Nebel Brothers, contractors of this city, at the regular meeting Wednesday evening of the city commissioners.

The bid presented by the local firm was the only one received at the meeting and, since it was well within the estimates made by the administration when it considered by the cost of the work, the contract was immediately awarded.

The bid, which was submitted by Robert Nebel, representing the firm, placed the construction cost for the four blocks of the main sewer line at \$3,275 and the cost of the lateral connections at \$1 for each foot.

Pipe needed for the construction will be shipped at once to Gladstone, Mr. Nebel having previously received assurance that the sewer line could be had at once and work on the construction of the system will be started immediately.

It is planned to have the sewer line installed and in use before October 15.

Another step toward the construction of the Michigan avenue sewer, petitioned by residents of that street, will be taken Monday evening, Sept. 10, when a public hearing will be held before the commission.

Property owners on Michigan avenue between Twelfth and Fourteenth streets, where the sewer will be constructed, will present their views at this meeting.

Considerable legal procedure must be gone through before actual construction, but it is hoped by the administration that this work will be under way before October 1.

CONTRACT FOR SEWER GIVEN TO NEBEL FIRM

Bid of \$3,275 Made by Local Contractors Accepted by Commission.

The contract for the construction of a sewer system on Minnesota avenue from Eleventh to Fifteen street was awarded to Nebel Brothers, contractors of this city, at the regular meeting Wednesday evening of the city commissioners.

The bid presented by the local firm was the only one received at the meeting and, since it was well within the estimates made by the administration when it considered by the cost of the work, the contract was immediately awarded.

The bid, which was submitted by Robert Nebel, representing the firm, placed the construction cost for the four blocks of the main sewer line at \$3,275 and the cost of the lateral connections at \$1 for each foot.

Pipe needed for the construction will be shipped at once to Gladstone, Mr. Nebel having previously received assurance that the sewer line could be had at once and work on the construction of the system will be started immediately.

It is planned to have the sewer line installed and in use before October 15.

Another step toward the construction of the Michigan avenue sewer, petitioned by residents of that street, will be taken Monday evening, Sept. 10, when a public hearing will be held before the commission.

Property owners on Michigan avenue between Twelfth and Fourteenth streets, where the sewer will be constructed, will present their views at this meeting.

Middleweight Crown May Have New Owner Tonight

CLASSIFIED COLUMNS

GREB DOPED TO DEFEAT WILSON

Will Be Champion's First Real Battle in Two Years.

Sport—LEAD ALL GREB Bo New York, Aug. 30.—Championship boxing will return to the limelight Friday night at the Polo Grounds where Harry Greb, the Pittsburgh "windmill" will attempt to take the world's middleweight crown from Johnny Wilson of Boston in a 15-round match. It will be the first of three title matches scheduled here within two weeks, as Johnny Dundee and Henry Leonard battle for the lightweight championship next Wednesday and Jack Dempsey and Luis Firpo clash for heavyweight honors the following week.

Both Greb and Wilson were pronounced in excellent condition today. Both declared they would be under the limit of 160 pounds when they weigh in tomorrow afternoon.

New York, Aug. 30.—Johnny Wilson, of Boston, world's middleweight champion, and Harry Greb of Pittsburgh, former light heavyweight champion, are ready, physically and mentally, for tonight's 15-round decision contest at the Polo Grounds.

It will be the first real ring engagement Wilson has had since his return bout at Jersey City nearly two years ago with Bryan Downey of Cleveland. Because of his repeated refusal to fight challengers for his crown, he has annexed considerable unpopularity and disfavor in fistic circles. Fans will be "pulling for Greb" to beat him. And while Greb will enter the ring a decided favorite, there are many followers of the sport who believe that the blond Pittsburgh windmill will encounter more or less difficulty in his attempt to wrest the title from the Boston Italian's grasp. This factor maintains that Wilson's superior punching power and his left-handed attack will keep the active Greb at a safe distance.

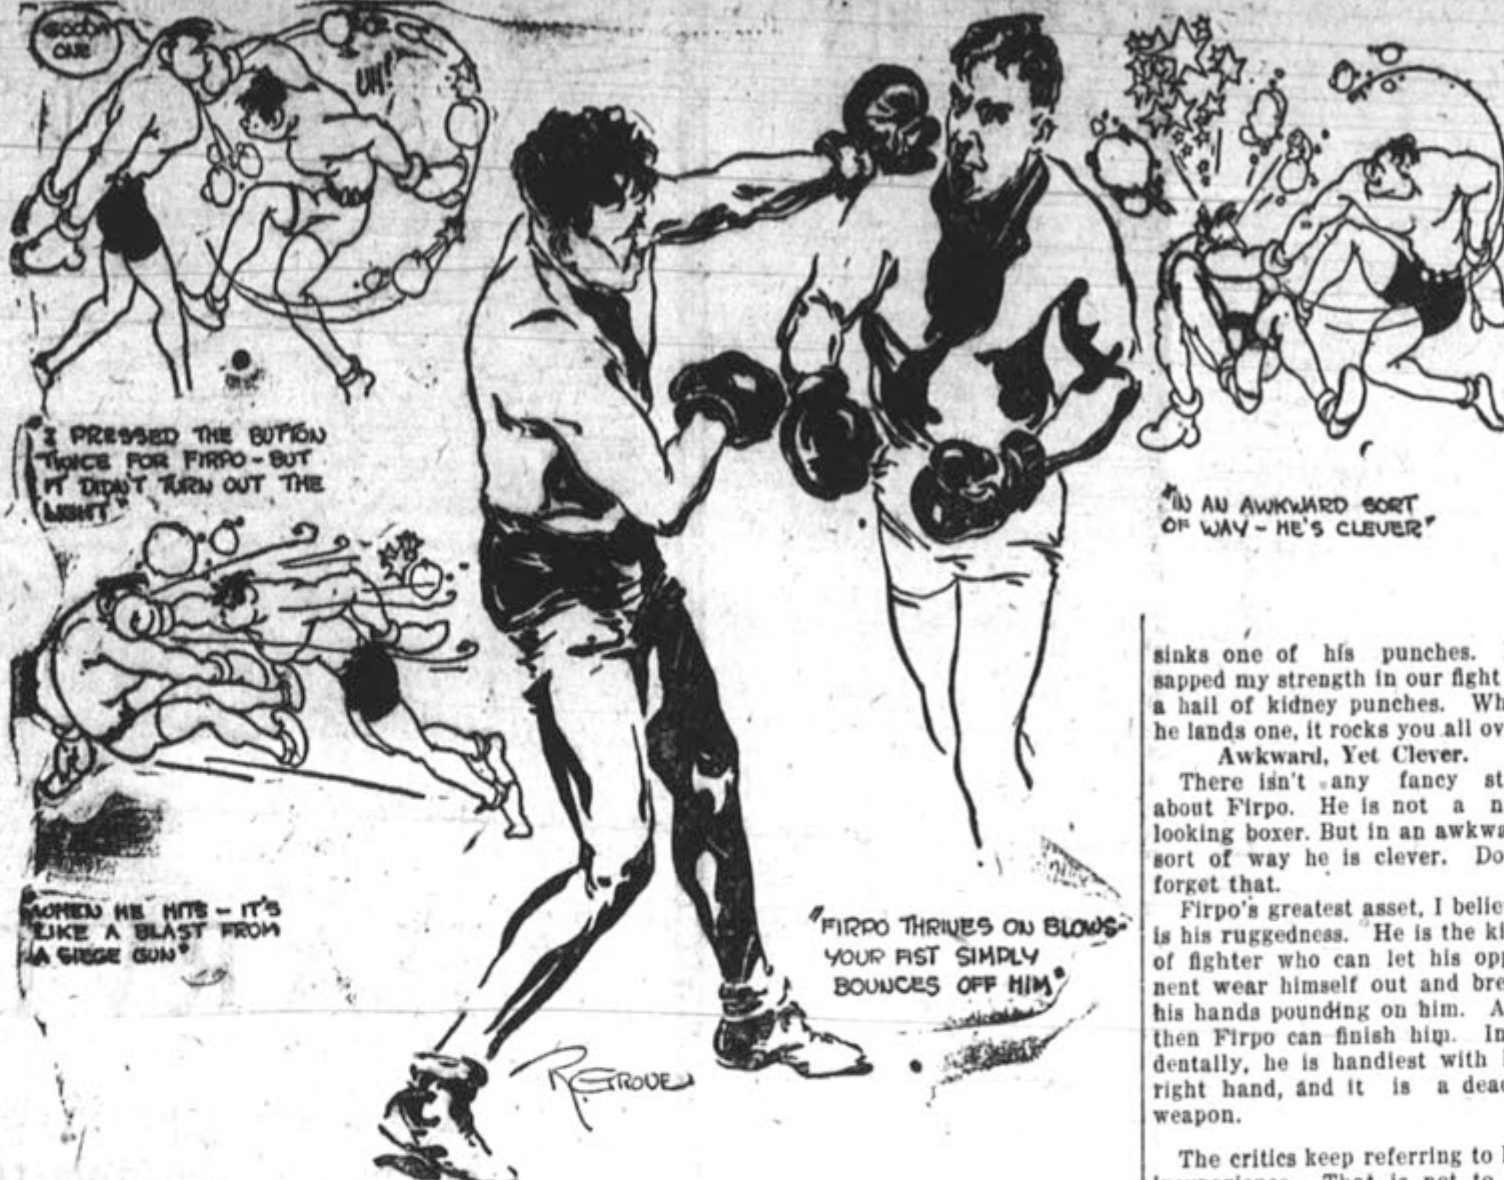

Greb has made 160 pounds for the bout, which is slightly less than 10 pounds under his normal ring weight—not enough, probably, to slow him up—and is depended upon, by his admirers to display all of the speed and punch, tossing ability which has made him one of the big hope pillars of the game. Critics believe that, as middleweight champion, he would restore that badly abused class to its former glory.

It is interesting to note that it was because of his refusal to box Greb that the New York athletic commission two years ago took away Wilson's title. Similar action was taken in several other states. Boxing fans, however, are reluctant to recognize champions who win their titles anywhere save in the squared circle and the New York action was technical rather than acceptable or popular to a majority of fans. Greb later won the light heavyweight champion of America, a title which he lost last winter to Gene Tunney.

Wilson came into prominence nearly three years ago by hopping out to the almost nowhere,

FIRPO NOT HALF AS GREEN AS SOME CRITICS THINK

No Fancy Stuff About Argentine But He Sure Is Real Bull, Willard Declares

"I PRESSED THE BUTTON TWICE FOR FIRPO—BUT IT DIDN'T TURN OUT THE LIGHTS"

"MOMENT HE HIT—IT'S LIKE A BLAST FROM A GIGGE GUN"

"FIRPO THROWS ON BLOOD—YOUR FIRST SIMPLY BOUNCES OFF HIM"

"AN AWKWARD SORT OF WAVE—HE'S CLEVER"

EDITOR'S NOTE—This is the first of a series of articles by Jess Willard, former heavyweight champion, sizing up Champion Jack Dempsey and Challenger Luis Angel Firpo. It gives a good insight of the Argentine's ring tactics.

BY JESS WILLARD
Former Heavyweight Champion Is Luis Angel Firpo a second Jim Jeffries?

I don't propose to answer that question, although I worked up a tremendously intimate and comprehensive acquaintance with Firpo one evening in July. But I offer it to fight fans as a fertile subject for speculation.

It is true for a certainty that the talk about Firpo as he faces his championship battle with Jack Dempsey is exactly on a line with the dope on Jeffries when he tackled Bob Fitzsimmons. The experts objected that Jeffries was too green and lacking in polish. They had to admit he was strong and game, but they didn't allow him a chance against the experienced title holder. But everybody knows what happened. Firpo is a great big tough fellow who thrives on hard blows. Your fist simply bounces off him. In the seventh round of our fight, for instance, I shot two hard ones in succession straight to his jaw. I pressed the button for him, all right, but it didn't turn out the light. He seemed to come on stronger and stronger every round.

And when Firpo hits, it's like a blast from a siege gun. He puts a hole in you. That is just what he does. An opponent may be ever so clever, but Firpo takes a lot of the cleverness out of him when he

sinks one of his punches. He sapped my strength in our fight by a hail of kidney punches. When he lands one, it rocks you all over. Awkward, Yet Clever. There isn't any fancy stuff about Firpo. He is not a nice looking boxer. But in an awkward sort of way he is clever. Don't forget that. Firpo's greatest asset, I believe, is his ruggedness. He is the kind of fighter who can let his opponent wear himself out and break his hands pounding on him. And then Firpo can finish him. Incidentally, he is handiest with his right hand, and it is a deadly weapon.

The critics keep referring to his inexperience. That is not to be denied, although he appears to be making quick improvement. But it is a mistake to underestimate him. Firpo isn't a popular personality, but if you want a fighter, that's what he is. I don't say Firpo will win from Dempsey, but he has more chance than most people think. Take it from me that he is a real wild bull, he has been fighting steadily without any soft living and he is ready to do his best with everything to gain and nothing to lose. In his next article, Willard will discuss Dempsey's merits and demerits.

Chicago, Aug. 30.—Leading performers from all sections of the country wound up training for the National A. U. championship at Stagg Field, University of Chicago tomorrow, Saturday and Monday. Two hundred picked men are entered in the outdoor classic, which is expected to produce the most brilliant competition of the track and field season. New records in several events are in prospect. Winners from sectional and collegiate meets from the four quarters of the country, will compete.

NELSON BLANKS CANNIBAL TEAM

Northwesterns Pitcher Lets Opponents Down with One Blow.

Nelson, pitching for the Northwesterns yesterday afternoon, held the Cannibals to one hit, struck out ten men and shut out the Cannibals, another railway team, by a score of 4 to 0.

The contest was one of the fastest and most interesting staged here this summer. Wittke started on the mound for the Cannibals but was forced to retire in the first inning in favor of Bill Ranguette who pitched excellent ball. However, the inability of his mates to hit Nelson robbed him of any chance to win the battle.

MICHIGAN GOLF PLAYERS OFF OF TOURNAMENT

Chicago, Aug. 30. (By the Associated Press)—Utah, Ohio, Missouri and Texas golf stars will contest the semifinals round of the women's western golf championship at Exmoor tomorrow, as a result of today's matches in which all Chicago contestants were eliminated including Mrs. F. B. Lewis, thrice title holder. She fell before Florence Halloran, of Salt Lake City, who shot better than par by two strokes in the 17 holes she required to win, 2 and 1. Miss Holloran will play the Ohio champion, Louise Fordney of Youngstown in the semifinals.

Equally good golf was played by Elaine Rosenthal Reinhardt, of Dallas, Tex., twice holder of the title; who had to shoot 44-45 to win from Mrs. Harvey Higbie of Detroit, 1 up. The Detroit player was out in 42, three under par, but still was one down when her 45 on the second half could not overcome even the slight lead for Mrs. Reinhardt had 44.

Mrs. Reinhardt will play Marion Burns of Kansas City, Missouri champion, who had the

PAIGE RIDES LIKE PULLMAN

R. E. Allingham, of the Delta Motor Company, returned yesterday from Detroit, after driving a Paige seven passenger sedan from the factory for delivery to E. J. Bergman at Bark River. Of the new model Paige sedan delivered to Mr. Bergman, the local Paige dealer said yesterday:

"The Paige 6-70 rides as easily as a modern steel Pullman sleeping car because it is similar in construction and proportionate weight of frames.

"According to the Pullman company, its most modern steel sleeping cars weigh 152,000 pounds. The weight of the 6-70 touring car is 4,060 pounds or one thirty-seventh of that of the Pullman. Despite the difference in total weights, the Paige 6-70 has a frame which weighs one-sixteenth of the car or 276 pounds. The corresponding part of the Pullman car weighs proportionately the same.

"As designed by our engineers, the Paige 6-70 with its heavy frame is veritably a 'Pullman' of the concrete road. The solid substantial cast steel frame of the Pullman resists the jolting of the rail joints and protects the rest of the car from consequent wear and tear.

"The same is true of the Paige 6-70. Its frame, heavier by far than that of a motor car of similar weight, absorbs the jolt of every rough spot in the road and protects the working parts of the automobile from early destruction.

"When a prospect is given a demonstration in the Paige 6-70 he invariably mentions that it 'rides like a Pullman' and our salesman invariably replies 'It should. It is built like a Pullman.'"

Liquid Fire

A liquid fire to the bedbugs, moths and roaches is what the new chemical discovery really is, although there is no damage to be done by using it to your springs, furniture or clothing.

This new chemical is known as "Foxy Devils" (Gelsol, P. D. S. Co.) and it does not require the use of heat, steam, or any other power to rid your house of bedbugs, moths and roaches if you purchase P. D. S. It is used and recommended by the leading health and railroad companies as the safest and quickest method of getting rid of bedbugs, moths and roaches in any location. Double strength, liquid form.

There Are Many Reasons

There are many reasons why you should do your banking at this state-chartered institution, but we will point out here only one important one.

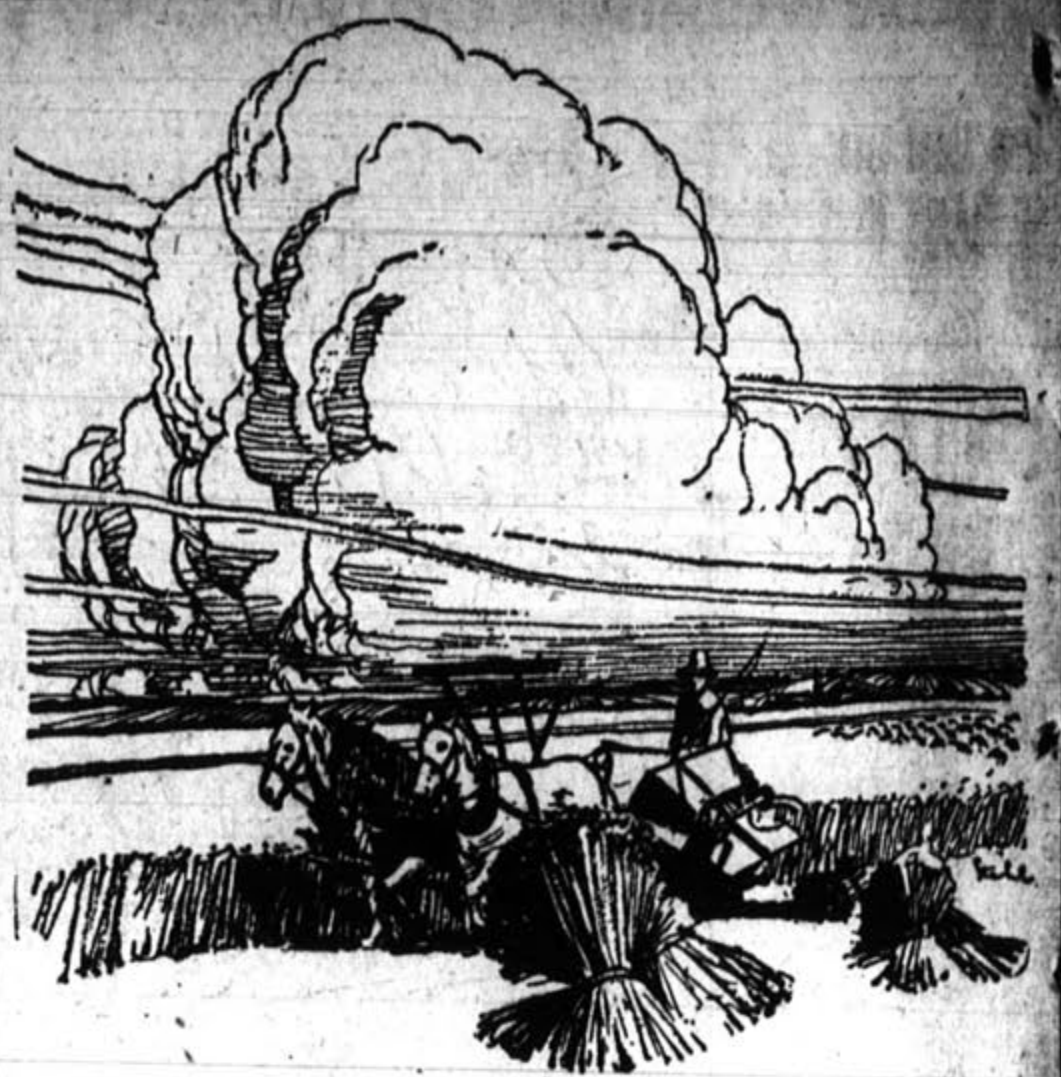

State banks outnumber every other kind of bank more than two to one.

Bankers keen to give their patrons every advantage would not so overwhelmingly show their preference for state charters unless they knew they were best.

MOB RAIDS KU KLUX KLAN MEETING

COOLIDGE WILL TRY TO AVOID ADVANCE TALK

PRESIDENT FROWNS ON ENTHUSIASM OF FRIENDS.

BY DAVID LAWRENCE.

Washington, Aug. 30.—President Coolidge would like to have "political speculation" tabooed so far as he is concerned. This information divulged in the last forty-four hours was not specifically related to the many utterances of men in the administration itself who have been publicly booming Mr. Coolidge for the 1924 presidential nomination but the inference being drawn is that Mr. Coolidge would like it just as well if he were not made the center of political discussion at the moment. He feels there is time enough for that later on.

Nothing, of course, has come from the White House to indicate that Mr. Coolidge is averse to winning the nomination. But there are embarrassments to the presidential job if ten months before the national conventions, the chief executive is even passively a candidate, especially while his own appointees issue public statements predicting his active candidacy.

Congressional Term Tells.

Mr. Coolidge has in all probability been advised that the best politics he could possibly play with reference to 1924 is to play no politics at all. Since he has taken the oath of office there has been no concrete evidence that he is playing the political game. Many of the federal office holders, however, have declared themselves for Coolidge and the organization of Coolidge-for-president clubs is proceeding just as if the man in the White House had given his consent.

The word direct from the administration therefore that the president would like to be spared political speculation is as much a bit of advice to the press as it is to the well-intentioned friends who have been extolling the virtues of the president. Old political observers are rather amused by the spectacle of federal appointees rushing to the bandwagon of the incumbent especially when the latter hasn't been in the White House long enough to demonstrate whether he is the best candidate the party can offer. The coming session of congress will answer the whole business particularly when it is seen whether the executive can exercise any influence with a legislative body in which the balance of power is held by the so-called radical wing of the republican party.

Will Maintain Silence.

Mr. Coolidge has taken occasion to intimate what his policy toward congress will be. He will hesitate to express an opinion about a bill while it is pending. He will not threaten a veto or promise his approval to anything that can help it, preferring to let congress act in its wisdom and permit him to exercise his constitutional prerogative of signing or vetoing at the proper time. This theory of the executive precludes wielding the moral suasion of Roosevelt or exercising the moral suasion of Wilson. It means a free hand to the executive till the bill actually reaches him. While this method is unquestionably the most desirable that could be followed, it doesn't always work out that an executive can remain silent in the face of inquiries from members of congress as to what his attitude would be toward a bill if passed. Many measures are side-tracked at the slightest intimation of executive disapproval and time is saved that way.

Keep Them Guessing.

In all probability the president means to apply his policy to major questions such as for instance the bonus. Mr. Coolidge will not follow the precedent of President Harding who announced that he would veto a bonus bill unless the sales were enacted to finance it. Mr. Coolidge will wait for congress to pass the bill and if the means of financing the bonus have been devised he will sign the measure. Advocate of the bonus are sure the bill now can be financed and they are hopeful of executive support when it is needed.

The slogan of the Coolidge administration is caution. No commitments in favor of or against anything will be given until absolutely required. Congress will have a hard time guessing the man in the White House.

French Make Record Roundup of Marks

Bonn, Aug. 30.—The French today seized 1,300,000,000,000 marks, at the Dusseldorf printing office. This was by far the largest haul the French have made since their occupation of the town.

Parochial School Petitions Turned Down by Secretary

LANSING, Aug. 30.—An effort to reinitiate a constitutional amendment that would outlaw private and parochial schools in Michigan, failed, Secretary of State Deland announced today after checking over petitions filed at his office yesterday. The petitions carried 55,945 names, whereas 53,357 are required.

The secretary of state announced that all petitions filed yesterday are nullified because a new law governing the filing of initiative petitions became effective a few minutes after the petitions were received.

Mr. Deland ruled that if the sponsors of the movement proposed to make another attempt to initiate the amendment, new petitions containing 53,357 names must be filed.

REPUBLICANS IN IRELAND GAIN

Government Still Leading in Dail Eirean Race By 13 Seats.

Dublin, Aug. 30.—(By the Associated Press)—The return in the Dail Eireann election showed at 11:30 o'clock tonight that seats have been won as follows: Government candidates 41; Republicans 28; Independents 14; Farmers 9; Laborites 9.

The Republicans appeared to be improving their positions and assert a belief that they will fulfill their own forecast and win 40 seats.

Today's returns covered most of the candidates known to the public. Dan Breene was elected as a Republican from Tipperary. He has been a noted figure in politics and always identified with the extreme wing. He now is in jail.

Mellows Returned.

Bernard Mellows was returned as a Republican for Galway. He is a brother of the late Liam Mellows, who was executed with Rory O'Connor. Osmond Esmond, son of Senator Sir Thomas Esmond, was elected as a government supporter. During the Sinn Fein troubles, he was deported from British Columbia to Australia where he was refused permission to land in consequence of his attacks on the British.

George Wolfe, who was returned for the government, is a large Kildare land owner. He served in the British army in the World War and is a descendant of George Wolfe who took Quebec.

DETROIT RAIL PAY HELD UP

Detroit, Aug. 30.—Salary increases amounting to \$14,040 a year affecting 33 executives and office employees of Detroit municipally owned street railways will be permitted to stand, William J. Nagel, city controller, announced today after a conference with Mayor Frank Doremus. All other increases contemplated, however, must be submitted by the street railway commission to the mayor for his approval, Mr. Nagel said.

Immigrants Begin Monthly Contest

New York, Aug. 30.—Steamers crowded with immigrants today began lining up in the outer water of New York harbor for the Sept. 1 quarantine race. Two dropped anchors today and nine more are due to arrive in time for the September opening of the September immigrant quota at midnight tomorrow. They carried 11,667 second and third class passengers, mostly aliens.

Tumble of Grain Price Hits Russia

Moscow, Aug. 30.—Continuous fall of grain prices in the world market threatened to make Russian grain export unprofitable and having a tremendous effect on the Russian peasantry in the lowering of prices in the home market.

COAL FACTIONS PREPARE REPLY TO MEDIATOR

MAINTENANCE MEN WILL BE KEPT IN MINES.

Harrisburg, Aug. 30. (By the Associated Press)—Gov. Pinchot's proposal for settlement of the anthracite controversy and avoidance of a mine shut down Saturday, won their way sufficiently far into the miner's union regard today to insure continued discussion after formal answer is filed with him tomorrow.

Operators, who must likewise bring him response to the peace proposals, transferred their deliberations today to Philadelphia, but the miners' union was textually complete tonight, though awaiting formally of a ratification by the union scale committee at a meeting just before the governor's reception.

Union Gets Busy.

That matter cleared away, John L. Lewis, international president of the United Mine Workers, the vice presidents and the three anthracite district presidents, called the full scale committee of more than 40 delegates of the organized miners into executive session. The governor's chief proposal, which offers as its main point a flat wage increase of 10 per cent., for all miners' workers, the abolition of all but eight hour employment, permission to the union to install agents in company offices for collection of dues, full recognition of the union and of the principle of collective bargaining was thoroughly discussed.

Operators Ready.

Philadelphia, Aug. 30.—The general policies committee of the anthracite operators held a long session here today considering the proposal of Gov. Pinchot for bringing a settlement in the wage controversy with the hard coal miners and reach a decision which will be presented to the governor at Harrisburg Friday.

In keeping with the suggestion of the governor that he be the first to be informed of the responses made by both miners and operators, the coal company representatives withheld all information.

"The general policies committee of the operators has arrived at a decision which will be presented to the governor at noon tomorrow," is all that Samuel Warriner, chief spokesman of the committee, would say.

Asked whether he was hopeful that the decision arrived at would prevent the suspension tomorrow night, Mr. Warriner said he would not make any attempt at predictions. Virtually the entire industry was represented at the meeting which was held in the office of the Lehigh Coal & Navigation company, of which Mr. Warriner is president. As soon as the meeting was over the operators quickly separated, pointing to Mr. Warriner as the spokesman.

Berlin Officials Raid Exchange Banks

Berlin, Aug. 30.—A large force of police today raided the premises of dealers of foreign exchange in a district near the Bourse and arrested 82 dealers, 41 of whom were detained for infringement of the foreign currency regulations. A large amount of foreign currency was confiscated.

ENROLLMENT AT HIGH SCHOOL TO PASS 670 MARK

Registrations This Year Lead by Class of 228 "Freshies."

Two hundred and twenty-eight verdant freshmen will walk in trembling apprehension down the corridors of the Escanaba High School when Tuesday morning ushers in the new school year.

That is, they will in theory and according to mildewed tradition. As a matter of fact the "Freshies" came up from the eighth grade with a pretty fair idea of what's going on and what they are backing up against. The old days when the Freshmen furnished the butt for many a clumsy school joke are apparently gone for keeps.

The "Freshies" may be last in a lot of things by they are always ahead in numerical strength. The "Sophisticated Sophomores" this year have only 187 representatives, the Juniors 125 and the Seniors 108.

Heavy Enrollment.

The enrollment to date is 661 students. Late entrants are expected to bring the total to 725. Last year's total was 632. R. E. Cheney, High School principal, announced yesterday that all persons who have been enrolled at the close of school last Spring, need not show up at the High School before Friday night in order that they may be certain of a place on the seating chart, which will be made up on Saturday. Late comers will have to take their chances.

The book store will be opened at 3:30 Monday afternoon. All who can arrange to do so are urged to purchase their books on Monday to relieve the congestion which results from last minute buying.

First Classes Tuesday.

Teachers and pupils will assemble in the auditorium at 8 o'clock Tuesday morning. Every student must be present. Short classroom sessions will be held following the general assembly. Part of the morning will be given over to the sale of books. The afternoon classes will start at 1:15 sharp. Part of the afternoon will also be devoted to selling text books and supplies.

On Wednesday morning it is expected that the school machine will be running full force, with classes all meeting for their full and regular periods.

BERLIN AGAIN STATES TERMS

Berlin, Aug. 30. (By the Associated Press)—Passive resistance in the Ruhr and Rhineland will automatically collapse the minute the Germans are permitted to operate their railway lines without molestation and when they are granted complete industrial freedom.

This broadly reflects the German official attitude of the subject and in the main, reiterates the position outlined in Chancellor Stresemann's inaugural declaration before the Reichstag when he emphasized the principle of Germany's right to exercise the nation's official and private prerogatives in the disrupted areas.

The question of unimpugned German sovereignty was not referred to in a discussion today with a leading member of the cabinet who permitted the inference that the problem of evacuation would be left for subsequent solution as the main springs of passive resistance are primarily to be located in Franco-Belgian seizure of railways, mines, industrial plants and administrative functions.

Red Cross Confab to Be Continued

Geneva, Aug. 30.—(By the Associated Press)—The special commission appointed to study the reorganization of the entire Red Cross organization will begin its labors tomorrow and every effort will be made to conciliate the divergency and arrange a satisfactory fusion of the two rival Red Cross associations—the International Red Cross, and the League of Red Cross Societies.

Twelve Million for Dollar, Berlin Curb

Berlin, Aug. 30.—"Twelve million marks for a dollar," was the reading of signs stuck up by curb brokers around the Bourse this afternoon. Officially the rate was posted at 10,522,500 marks to the dollar.

GREEKS SPURN 3 PROVISIONS OF ULTIMATUM

FOUR PROVISIONS ACCEPTED WITH PROVISOS.

Rome, Aug. 30.—(By the Associated Press)—The correspondents of Greek newspapers have been ordered to quit Italy, according to the Tribuna.

HOSTILE DEMONSTRATIONS.

Milan, Aug. 30.—Crowds of youths carried out repeated hostile demonstrations today in front of the Greek consulate. A bomb thrown at the consulate exploded without damage.

NOTE HANDED TO ITALY.

London, Aug. 30.—The Greek note in reply to the Italian ultimatum was handed to the Italian minister at 5 o'clock this afternoon says an Athens dispatch to the Exchange Telegraph. It is understood that if Italy does not accept, Greece will appeal to the League of Nations. The note refutes the statement that the Greeks were committed, under the eyes of the Greek authorities and declared that the nearest Greek post was ten kilometers distant from the scene.

Athens, Aug. 30. (By the Associated Press)—The Greek government has replied to the Italian ultimatum embodying demands for reparations for the massacre of the embers of the Italian boundary mission and the Albanian frontier. Greece accepts four of Italy's demands with modifications and rejects three of them.

The commandant of the place where the murders were committed, it is specified, shall express the Greek government's sorrow to Signor Montagna, the Italian minister to Greece. A memorial service shall be held in the presence of the members of the Greek government. On the same day, a detachment of th guards shall salute the Italian flag at the location, and the military forces at Treveza shall render honors to the bodies of the victims while they are being transferred to an Italian warship. The fourth, fifth and sixth demands are rejected on the ground that they infringe on the sovereignty and honor of Greece.

What Italy Asked.

(The fourth demand provides for the severest inquiry by the Greece authorities at the scene of the massacre at which Italian military attaches will be present. The fifth demand, capital punishment for all the guilty, while the sixth seeks an indemnity of 50,000,000 Italian lire to be paid within five days from the presentation of the note.)

The first demand covers apology of the most sweeping nature; the second relates to funeral ceremonies; the third to honor to the Italian flag; the fourth to military honors to the victims.)

INDIANA GOVERNOR NEARLY BANKRUPT

Indianapolis, Aug. 30.—Gov. Warren T. McCray, operator of one of the largest farming projects in Indiana, today asserted financial difficulties in his personal affairs, and issued a call for a meeting of his creditors to be held here tomorrow. Appointment of a creditors' committee to administer the governor's assets is expected. The governor declared that with fair liquidation he could pay dollar for dollar to every creditor. He expressed the opinion that he was "the victim of the general economic conditions affecting agriculture and the pure bred livestock industry." His position has been aggravated, he added, by his subordinating personal interests to those of the state.

MICHIGAN ANTI MASK LAW MADE EFFECTIVE

Lansing, Aug. 30.—Any person who appears in public in the state of Michigan wearing a mask over his face, or any other obstruction which partly conceals his face, is liable to arrest and punishable by \$25 to \$100 fine or 30 days in jail, under the provisions of the Burnes law, which went into effect in this state at midnight last night. The law exempts children and participants in religious, educational, historical or dramatic functions and persons going to and from masquerade parties. The law provides "it shall be unlawful to assemble, march or parade on any street, highway or public place in this state while wearing a mask or covering which conceals in whole or in part the face of the wearer." The law, which is aimed at the Ku Klux Klan, is largely a matter of local enforcement, according to state officials.

WISCONSIN MAN BUYS IRON MT. GAS PLANT

The sale of the Iron Mountain gas plant of the Citizen's Gas company to E. J. Koppelman, Milwaukee, was reported this week. The property was recently ordered sold at a receiver's sale by Judge Richard C. Flannigan. The old company was unable to make a success of the venture. Mr. Koppelman intends to modernize the plant, improve the service and lower the rate, which is at present \$2.75 per thousand feet.

We will have putting parties soon, after nut coal.

Williamson County, Scene Of Mine Riots, Stirred By Klux

Marion, Ill., Aug. 30.—With feeling reported running high between members of the Ku Klux Klan and an anti-Klux organization, known as "Knights of the Pet" for alleged lack of enforcement of the prohibition law in Williamson county, the scene of the Herrin mine killings in June 1922, members of the county board of supervisors, conducted a liquor raid today in which two men were arrested.

The raids followed an executive meeting of the board of supervisors at which time Sheriff George Galligan and Delos Duty, state's attorney, were reported to have been "called upon the carpet" for alleged law enforcement of the dry law.

BADGER COAL COSTS BARED

COAL COMMISSION CONTINUES ITS REPORTS.

Washington, Aug. 30.—Continuing its publication of statistics gathered in the recent exhaustive survey of the coal industry, the coal commission today announced "cost to dealer" prices of anthracite in cities in Indiana, Pennsylvania, Ohio and Wisconsin. Similar reports for other states are to be issued from time to time, it was announced, with a view to advising the public in each locality of the approximate delivery price of the fuel they buy.

"In using this cost to dealers information," the commission said, "allowance must be made for the dealers' losses by deterioration, and his cost item and a fair margin of profit."

Attention was also called to the practice of selling coal at the mines on a long ton basis, 2,240 pounds, while retailers usually sell on a short or "net" ton basis of 2,000 pounds. In the case of Indiana and Ohio, some of the prices quoted represented delivery "at some point between the mine and place of destination." Typical examples of the report issued today, the figures representing minimum and maximum costs to dealers, follow for the state of Wisconsin:

- Appleton \$13.95-\$16.51; Chipewa Falls \$15.04-\$16.80; Eau Claire \$15.11-\$15.12; Green Bay \$13.95-\$16.65; Janesville \$14.65-\$18.09; Kenosha \$14.43; La Crosse \$15.50-\$17.85; South Madison \$14.92; Manitowish \$14.07; Marshfield \$14.64; Milwaukee \$13.40-\$19.34; Oshkosh \$14.14; Racine \$14.25-\$15.75; Rhineland \$16.25; Superior \$13.30-\$14.25; Wausau \$14.59-\$16.40.

SCOTBY RESIGNS AS DIRECTOR OF MINT

Washington, Aug. 30.—F. G. Scobey, intimate friend of President Harding and appointed by him director of the mint, will retire from official life on Oct. 1. Despite an invitation by President Coolidge to remain at his post, Mr. Scobey informed the white house today that private consideration compelled him to insist that his resignation be accepted. Even if Mr. Harding were still in the presidency, he said, his decision would be the same.

WEATHER

FRIDAY, AUGUST 31, 1923.

Gopher Cops Start Hunt for Treasure

Minneapolis, Aug. 30.—Search for bank loot believed to total \$30,000 was started today near Richmond, Minn., in Becker county, following finding by Minneapolis police of a crude map and detailed instructions for locating the supposed treasure. The map and instructions were taken from Hilbert Nelson, who was held for questioning by police after he had told friends about the matter. Nelson said, according to police, that the map drawn by a man whose name was given to him by a man now serving time in the penitentiary.

JERSEY POLICE FINALLY BREAK UP DISORDERS

TEAR GAS, FIRE HOSE, FAIL TO STOP CROWD.

Perth Amboy, N. J., Aug. 30.—A crowd of 5,000 persons broke up a meeting of the Ku Klux Klan at Odd Fellows' hall tonight, 75 policemen and 150 firemen being unable to drive back the throng that stormed the building. Firemen drove trucks into the mass of people, but to no avail. A hurry call was sent for the state police at Trenton.

Patrolmen fired shots in the air threw gas bombs and swung their night sticks while the firemen poured streams of water on the fighting throng.

The leaders of the mob were knocked down by patrolmen when they first started towards the hall, but after they had been carried away, another attack was started. This time stones were thrown, and all windows in Odd Fellows' hall, as well as many others in nearby buildings were broken.

Throw Gas Bombs.

Police Chief Tonneson then ordered his men to throw tear gas bombs and 13 of these, the town's entire supply, were exploded. The crowd fell back, but advanced again, hurling more stones. It was then that a riot call was sounded and 150 firemen dashed to the scene.

After the firemen had run their apparatus directly at the surging mass of humanity and had failed to disperse the crowd, they attached hose lines to every available hydrant and drenched the rioters with several streams of water. Drenched for a few seconds, the crowd fell back. Several of the more sturdy, however, braved the water and cut the hose lines with axes and knives while those in the crowd threw stones at the firemen.

Klanmen Beaten Up.

Chief Tonneson in the meantime had ordered the Klanmen to leave the building. Scrambling out of windows, down fire escapes and through every available exit they were met by their assailants and many hand-to-hand fights ensued.

As one man started from the crowd, someone shouted: "that man has a gun." A patrolman seized him, shoved him into an automobile and hurried him to the police station. Other cars, loaded with men, followed, but the prisoner was rushed to the station and locked in a stable at the rear. After searching the station, those who had followed returned to the scene of the fight.

As some of the Klanmen broke away from the fighting mass, they shouted, "We're coming back ten thousand strong." "All right, we'll be waiting—twenty thousand strong."

Police in Readiness.

The Klan meeting had been widely advertised. Chief Tonneson took special precautions against possible trouble as a result of a somewhat lesser disturbance at a Klan meeting several months ago. He stationed uniformed patrolmen and plain clothesmen on the inside and outside of the hall and at several other points in the vicinity.

The Klanmen gathered soon after 8 o'clock, donned their robes, and began their ceremonies. Soon, little groups began to form in front of the building, the number being augmented until it was estimated that 5,000 persons were in the crowd. Then, those in the front rank demanded admittance to the hall and when they were refused the fight began. Police declared after quiet had been restored that they knew the instigators of the trouble and promised the arrest of prominent local men.

PAIGE RIDES LIKE PULLMAN

R. E. Allingham, of the Delta Motor Company, returned yesterday from Detroit, after driving a Paige seven passenger sedan from the factory for delivery to E. J. Bergman at Bark River. Of the new model Paige sedan delivered to Mr. Bergman, the local Paige dealer said yesterday:

"The Paige 6-70 rides as easily as a modern steel Pullman sleeping car because it is similar in construction and proportionate weight of frames.

"According to the Pullman company, its most modern steel sleeping cars weigh 152,000 pounds. The weight of the 6-70 touring car is 4,000 pounds or one thirty-seventh of that of the Pullman. Despite the difference in total weights, the Paige 6-70 has a frame which weighs one-sixteenth of the car or 276 pounds. The corresponding part of the Pullman car weighs proportionately the same.

"As designed by our engineers, the Paige 6-70 with its heavy frame is veritably a 'Pullman' of the concrete road. The solid substantial cast steel frame of the Pullman resists the jolting of the rail joints and protects the rest of the car from consequent wear and tear.

"The same is true of the Paige 6-70. Its frame, heavier by far than that of a motor car of similar weight, absorbs the jolt of every rough spot in the road and protects the working parts of the automobile from early destruction.

"When a prospect is given a demonstration in the Paige 6-70 he invariably mentions that it 'rides like a Pullman' and our salesman invariably replies 'It should. It is built like a Pullman.'"

There Are Many Reasons

There are many reasons why you should do your banking at this state-chartered institution, but we will point out here only one important one.

State banks outnumber every other kind of bank more than two to one.

Bankers keen to give their patrons every advantage would not so overwhelmingly show their preference for state charters unless they knew they were best.

Do your banking with this state-chartered bank of personal service.
