COOLIDGE TO STAND BACK OF NEW SHIP PLAN

SUBSIDIARY COMPANIES PROPOSED TO RUN VESSELS.

BY DAVID LAWRENCE.

Washington, Sept. 1.—President Coolidge has given his approval to the policy of the United States Shipping Board to split up its present operating system into subsidiary companies analogous to the United States Steel Corporation.

Not only will millions of dollars be saved annually through the new plan but the entire fleet will be put into such organization as to make the whole enterprise saleable when the time comes for private interests to take it over.

The president made clear to the members of the Shipping Board whom he received in his study in the executive mansion that he believed wholeheartedly in a merchant marine. He pointed out that not only did America need her own ships as a measure of economic protection in time of peace but as an indispensable auxiliary to the navy in time of war.

Mr. Coolidge realizes that while the present situation means that the federal treasury must make up the losses annually the few millions involved are a small sum compared to the protection to American shippers against arbitrary raises in freight rates which would inevitably occur if shipping were a monopoly held by foreign countries.

If the government's fleet is ever turned over to private interests, the latter must be in a position first of all to guarantee the maintenance of certain trade routes as well as rates that are equitable and must also be ready to pay the government a fixed price for the ships.

Look For Better Bids. The offers received thus far for ships have not commended themselves to the government as being in line with either of the foregoing points so the shipping board is going ahead with its own operation of the fleet but is to build subsidiary companies so that each will be a going concern and will have a better market value than if the ships themselves were to be offered for sale.

Milk Deluge Saves A House As Barns Burn

Libertyville, Ill., Sept. 1.—A deluge of milk on the roof of the farm house of H. Breidenburg, near here, saved that property from fire to-night. Two barns and other out buildings were destroyed by fire with the loss of approximately \$15,000.

14TH STREET IS WHITE WAY

Boulevard Lights Turned On for First Time Last Night.

A northbound tourist swung his baggage festooned Packard into Fourteenth street early Saturday night and gazed down the long, brilliantly lighted stretch of concrete pavement.

"This must be the Main Stem," he surmised. "Look at those ornamental lights and the pavement and these neat little houses. Escanaba must be quite a burg."

Continuing eastward, he finally came to the Ludington street intersection and gaped in open-mouthed awe at the flags and bunting and the apparently unending rows of beautiful boulevard lights.

A mile long and a block wide, lit up like a revival meeting, and decorated like a county fair, he exclaimed. "This looks like a real city, folks! Guess we'll stop here overnight, the Blue Book says there are two excellent hotels here and we need a bath."

Without preliminary ballyhoo or pressagony of any sort, the new boulevard lights on Fourteenth street were turned on for the first time last night. To say that they are beautiful would be putting it mildly indeed.

The new lights were installed entirely at the cost of the city. The hat was not passed and no special assessment was levied. There are about fifty lights in the stretch from Ludington street to Tenth avenue south. The cost was in the neighborhood of \$7,500. Graceful cast iron columns support the moulded globes of frosted glass. The actual lighting units inside the globes are of the most powerful used in residential street lighting.

READJUSTMENT PROGRESSING SAYS BABSON

NOTED BUSINESS EXPERT NOT BULLISH BUT OPTIMISTIC.

Wellesley Hills, Mass., Sept. 1.—Roger W. Babson today expressed his monthly review of general business conditions. Mr. Babson is not bullish on the immediate outlook believing rather that we have begun in earnest to complete the period of readjustment which was started in 1922.

"Business is beginning to feel the shock of President Harding's death which so affected the American people. Although there is consolation in the fact that his successor, Calvin Coolidge, has had great administrative experience, yet should make the president to another must break many connections and change many plans.

The first people to feel the results of this change are the retailers. Retail sales fell off immediately following President Harding's death and have not yet resumed. Hence, wholesale buying is on only a moderate scale. Buyers are not inclined to purchase beyond their immediate needs.

The best immediate business opportunities are believed to be in the South. Although current cotton reports are somewhat disappointing, yet the good prospects should make the South prosperous during the next twelve months.

Chicago, Ill., Sept. 1.—Charged with impersonating an American, Paul Kare said to be a Greek, was taken into custody here today. According to Federal officials who arrested him, he came to this country 10 years ago and has since then taken an important part in local Democratic politics and has held several prominent offices.

NO PAPER TUESDAY In order that our employes may have an opportunity to participate in the observance of Labor Day, there will be no issue of the Press on Tuesday. The next issue will be on Wednesday morning.

By Warren S. Stone, Grand Chief, Brotherhood of Locomotive Engineers. It is fitting that out of the three hundred and sixty-five days of the year, one day should be set aside and consecrated to the holiness of human toil. So to every worker with an earnest purpose, Labor Day means all that is best in the ideals of organized labor.

Labor's Own Day Observed Monday Fittingly In Escanaba

Committees of the Escanaba Trades and Labor Council on Saturday announced the completion of their preparations for the celebration of Labor Day in this city. The observance arranged, while far from elaborate, will be of such character as to fittingly commemorate the day which has been set aside as 'Labor's Own'.

Three talented speakers have been secured for the program which will be carried out at the Delft Theatre, beginning at 10 o'clock in the morning. Eugene Brock, Detroit, and Frank B. Aldrich, Long Point, Mich., both well known speakers, will lead the program. Lawrence Hartwig, champion high school orator of the Upper Peninsula and runner-up for the state championship, will also deliver his masterful oration on the child labor evil, 'The Tragedy of Today'.

Los Angeles, Calif., Sept. 1.—Ethel Clayton, motion picture actress, filed suit for \$300,000 against Thomas Tompkin in Superior court here today, charging him with failing to safeguard her property and saying that a portion of her lawn and wall were destroyed because of carelessness and failure to treat her property as it should have been treated.

GREECE WAITS VAINLY FOR QUICK ACTION

LEAGUE OF NATIONS DEFERS DISCUSSION UNTIL TUESDAY.

Geneva, Sept. 1.—(By the Associated Press)—Uncertainty as to whether the Greek-Italian conflict is really before the League of Nations is causing much discussion. There is some disappointment that the council did not take a more definite stand in the afternoon with respect to sit, but merely postponed the discussion until next Tuesday and hoping that the two countries will not aggravate the situation.

Rome, Sept. 1.—The small islands of Oozoo and Passos, part of the Ionian group in the vicinity of Corfu, have been occupied by the Italian troops.

London, Sept. 1.—Five thousand Italian troops have been landed at Corfu says a dispatch to the Exchange Telegraph. These were sent ashore from 15 naval vessels.

The Italian government is undertaking a military movement to exact reparation from the Greeks for the killing of the members of the Italian Limitations Commission.

In addition to the bombardment and seizure of Corfu where 5000 Italian soldiers are reported to have landed the Italians have occupied several islands of the Ionian group to the south of Corfu. Italian warships are moving and reserves have been ordered to hold themselves in readiness.

LOOK TO GENEVA. London, Sept. 1.—The Eastern crisis pivoted today on Geneva where the council of the League of Nations had arranged a meeting before it was known how the great question would have to be met.

League Is At Issue. The Italian government said that the question was not one for the League, but concerns Italy and Greece and affords Italy's honor. The Greek government apparently advanced counter theory that the question is in the hands of the League and that it will do all that the League directs. Also says that it prepared to accept in advance reparations demanded by Council of Ambassadors.

Judson, Harris, Are Stars At Bi-City Picnic

"Was there much of a crowd there," asked the inquiring reporter, seeking for news of the joint Escanaba-Gladstone municipal picnic held Friday afternoon and night at the Terrace Gardens.

"Yes, darn tootin'," responded the city hall stenographer. "They all brought lunch too and they all had a high old time, about 250 of us. The afternoon was a scream and the evening program a dream. See? It was so good that it made me poetic—scream, dream, that's a fine rhyme!"

"The best thing was the horse-shoe contest between the Escanaba and Gladstone championship teams. We had a lot of trouble locating the respective city managers, but finally found Harris sitting out along the street car tracks figuring how much it would cost to string a line of boulevard lights to Wells. Ham was down the road, camouflaged in the bushes with a stop-watch in his hand. He was 'clocking' the speeders and wondering if they were going to keep it up until they got to Gladstone or whether they would fall prey to the Gladstone police."

"The Police and the Lighting crews staged a ball game too. I don't know who won, but it didn't make much difference because one team borrowed half of the other team's players and it was a rotten game anyway, not a

St. Anne's School Opens On Tuesday

Announcement was made yesterday that he repairs which have been carried on at St. Anne's school during the summer have been completed and that classes will begin on Tuesday, Sept. 4.

A large number of new desks and other items of furniture have been added and a complete electrical fire alarm system has been installed. The interior of the building has been entirely redecorated and the classrooms made very cheerful and attractive in appearance.

The music school, perhaps the most popular department of the school, will handle an unusually large enrollment this year. The school will be open for public inspection from 3 to 5 o'clock Sunday. Parents are invited to visit the school at that time and note for themselves the improvements which have been made.

AT THE STRAND MONDAY
A ship at sea on a stormy night with several of her passengers far from sober, simply invites a fight aboard. True to tradition, "The Sea Hawk," a yacht sailing the South Seas, is the scene for a stirring fight between Montagu Love and Edward Langford, leading male players in support of Alice Brady in "The Leopardess," which is to be shown at the Strand next Monday and Tuesday.

The fight ends in the skipper of the craft being heaved overboard into a raging sea, while the undermanned boat ploughs through the storm under the guidance of her intoxicated owner and crew. Miss Brady, who has the role of a South Sea island girl in this story by Katharine Newlin Burt, is a horrified spectator of this fight which rolls her at the champion and leaves her at the mercy of a brutal captor. The action from this point in the story is rapid and thrilling.

DOES HIGH SCHOOL PAY?

W. E. OLDS TO DISCUSS QUESTION IN SERIES OF ARTICLES.

BY W. E. OLDS.

"A Pleasant Four Years." Four years in high school will be an oasis of pleasure in your life. It covers the period of most enthusiasm. It is the dawn of young manhood and young womanhood. New and greater interests are aroused. New hopes and ambitions are born. Friendships made here last through life. Sordid things are forgotten. Every American boy and girl should have this four-year inherent birthright before assuming the weightier responsibilities of life. This should become an American standard. Life at its best will be serious enough later. Often the things condemned as utterly unpractical turn out to be the most practical things of all. Life at the forge or in the shop will grow monotonous at best. The gem of literature, and the appreciation of music, the touch of art hanging in memory that relieves the grind of the daily task may be the most precious thing learned in early life. To live over again the school drama, the pennant winning baseball games, the junior debate, or to recall the pretty poetic fancy which still shines a beacon light to your own better thoughts, these lived over again in later days make daily tasks less drudgery and restore youthful smiles to care-drawn faces. These after all are the most practical things. We need training for our avocations, our vacant hours, quite as much as for our vocations.

ROLLING PIN PLANT STARTS WORK AGAIN

Axel Ekstrom Re-opens Manistique Mfg. Co. Factory.

Wheels are turning again at the Manistique Manufacturing Co. plant on the west side, after a complete shut-down of several months.

The factory was opened by E. A. Coeper of Wausau, Wisconsin more than a year ago, and was engaged principally in the manufacture of rolling pins, branching into that line from the making of kant-hook and weaver handles.

For a time, Mr. Coeper operated the factory alone, adding to the number of employees as the business increased. He later took Axel Ekstrom of this city into partnership, the company then employing a crew of 11 persons.

A large number of orders remained to be filled when the firm was closed down a few months ago.

Mr. Coeper left this city to enter other lines of business soon after the plant closed down, and the factory has been idle for some time, pending the settlement of financial difficulties.

Man New Product.

A short time ago Mr. Ekstrom re-installed the motors that had been removed, and is now operating the factory with a small force, finishing up the stock of ready sawed lumber that remained in the mill.

When this work is completed, it is planned to start sawing "squares" for which there is said to be a constant and brisk demand.

No more rolling pins will be made here when the present stock on hand is cleaned up, and the mill will confine its activities exclusively to the making of small squared timber for other wood working plants.

Fine birch and maple timber for this purpose is readily available at Manistique, and several farmers have already contracted to bring bolts to the mill.

Mr. Ekstrom has already received assurance that the squares will have a ready sale.

BLACK BOYS TO PERFORM HERE TODAY

"Who's going to win today?" That's the question Manistique baseball fans are asking this morning, regarding the outcome of the tilt with the Illinois colored Giants this afternoon at the fair grounds.

Today's game is the first of a series of three to be played in the next two days, with two contests scheduled for Labor Day. As it now stands, both teams have won a game, and the local tansers hope to settle the question of superiority by taking at least two of the three games this week.

The only hope for good weather.

The games with the coons will give Manistique's team a good workout, and they should be in fine shape for the two games with Newberry on Wednesday and Thursday at the Celery City fair.

Hull Canning Club Stages Fine Dance

Members of the Girls' Canning Club at Hull Grange staged a dance and supper at the grange hall last night, as a means of raising money for their club work.

A delegation of the canning club was present at the recent club camp at Chatham, and their activities have attracted much attention throughout the county.

A new cornetist is to be added to the Manistique band soon; Gerald Kinser, formerly of Soudy, who recently moved to this city to accept a position with the Schoolcraft county road commission. Mr. Kinser tried out with the local musicians at their last rehearsal.

CITY BRIEFS

Mrs. Maiale Blackburn and son G. R. Blackburn returned to their home at Chicago Friday, after a vacation spent with the C. E. Kaye family at Thunder Lake.

The LaFave family left Manistique Thursday on their motor trip through Wisconsin, with Ladysmith as their first destination. At Ladysmith, they are visiting with Mr. and Mrs. Clarence LaFave, formerly of this city.

Miss Kathryn Fiebertz, who has been spending her vacation with her mother for the past month, left Manistique Wednesday, enroute to Menasha, Wisconsin, where she will resume her duties with the Banada Book Publishing company.

Mrs. Charles Belanger has returned to her home in Marquette after a week's visit in Manistique.

Mrs. Mary Carrington and Miss Effie Carrington returned Saturday morning from Green Bay, where they have been visiting relatives.

Miss Nellie Smith who has been visiting relatives in the city for the past month expects to leave this morning for New York City, where she is a teacher in the public schools.

Mr. and Mrs. V. P. Deemer have returned to Manistique, after an absence of several weeks, during which time Mrs. Deemer visited at Chicago, and in lower Michigan.

Earl Seller left last week for Detroit, and will return with a truck load of supplies for the local Ford garage.

The Frank Pasco family has returned from an extended vacation motor trip through Canada, and other points east.

Mrs. Irma Brown arrived yesterday from Milwaukee, accompanied by her daughter Edith, who has been spending her vacation with relatives.

Mrs. F. E. Baumgartner of Chicago, is visiting her grandmother, Mrs. Mary Christopher, 521 So. 16th St. Mrs. Baumgartner was formerly Marguerite Nelson, daughter of C. G. Nelson, a former resident of this city.

Mrs. W. R. Gillette was called to Detroit Friday morning by the death of her grandmother.

Miss Belle MacLean returned to her home at Gould City Saturday, after a visit with friends and relatives in Manistique.

Miss Opal Harsh, engaged as physical education teacher in the Manistique schools, arrived in the city Friday.

The J. H. McLellan family returned Friday from a visit in Marquette.

A meeting of the Schoolcraft county farm bureau's board of directors has been called for Tuesday of next week.

Several auto licenses were issued by the county clerk yesterday at the new half-price cut rate, effective September 1.

Jack Meyers, member of the Manistique baseball team, has been confined with an attack of the gripe for the past few days.

MANY HORSES ENTERED FOR FAIR RACES

Entries are already being received for the horse races at the Schoolcraft county fair, and indications are that the speed events this year will surpass last year's program. Among the horses to be entered are some from Green Bay, Escanaba, Pickford and the Canadian Sault, their owners attracted by the generous purses to be awarded at the Schoolcraft races this year.

The modern new horse barn now being completed offers every convenience to the horseman. The building is 40 by 130 feet in size, with a 30 foot driveway running the entire length of the barn, through the center.

A special meeting of the local fair board was held in the court house last night, at which several matters of importance were discussed, among them a proposition from the local Fordson dealers for the daily dragging of the race track. A special model tractor with rubber tires will be used for this purpose.

Heater Causes Fire Saturday

A small fire in the Peterson block brought out the Manistique fire department at 1:20 p. m. yesterday.

LOCAL FOLKS ARE SAFE AT POINT HOPE

Relatives Receive News of Rev. and Mrs. W. A. Thomas.

Rev. W. A. Thomas, his wife and their year-old son, Teddy, have arrived safely at their missionary post at Point Hope, Alaska, according to a newspaper clipping sent by friends in Seattle to Mrs. Thomas' parents in Manistique.

The receipt of the clipping was the first news of the missionaries since their departure for the last lap of their journey to Alaska. The newspaper article was a report of the progress of a rescue party sent to succor people supposed to be starving on an island of the northern Alaskan coast.

The rescuers had been entertained by the Thomases at Point Hope on August 8, the article stated, showing that the local people had arrived at their destination earlier than they had expected. In earlier letters to Manistique folks, the travelers said that they would not reach Point Hope until the middle of August or later.

The dispatch was warm in the praise of Rev. Thomas and his wife, and they were commended for their fine reception of the rescuers. In addition, Rev. Thomas offered the services of his Eskimos to assist the searchers in accomplishing their mission.

Because of the handicapped mail service in northern Alaska, letters written by the Thomases at their arrival have not reached Manistique yet, and the clipped newspaper article was received here as welcome news.

I. O. O. F. To Picnic At Gulliver Lake

Manistique Odd Fellows and their families will meet at 10 o'clock this morning, ready to depart for their annual picnic, which is to be held at Gulliver Lake this year.

With good weather, the I. O. O. F. expect to have an enjoyable time at the beautiful Gulliver Lake picnic site.

DANFORTH NEWS.

Miss Eva Beach returned to her home at South Ford River after a week's visit with Anna Brinker.

A marshmallow roast was given Sunday evening on the banks of the Ford River in honor of Miss Beach. A large number of young folks participated in the event.

Mrs. Hans Tengman was a business visitor Friday in Escanaba.

Robert Tengman called on Edward Brinker Thursday evening.

Mrs. Jennie Jorgenson visited in Escanaba with relatives Tuesday.

John Coia and Arthur Hamberg visited in Escanaba Thursday night.

Mrs. Henry Brinker and her son, Edward, were business visitors Friday in Escanaba.

Frank and Carl Nelson were in the city Monday on business.

NEW FLIVVER MODELS SHOWN IN THIS CITY

Improved Fords are Popular With Local Motorists

The first of the new type Ford cars which recently arrived in Manistique are now on display at the show room of the People's Auto and Tractor Company, and some deliveries have already been made. Recent additions to the Ford driver family in Manistique are, Miss Thora Anderson, teacher in the local public schools; John Johnson of Thompson; Louis Bouschor and Arnold Linden.

The higher radiators, now standard in all Ford types, has brought a general improvement throughout the entire line and the new radiator apron blending with similar apron effects on the fenders gives the front of the cars a highly finished appearance.

The Touring Car shows a decided improvement having a more streamline effect. It is lower in appearance, a feature adding much to the attractiveness of the slanting windshield and one-man top.

The Ford Runabout is likewise much improved and looks more sturdy.

Coupe Entirely New.

The Coupe is entirely new in body design and construction. There is a more trim exterior appearance, more comfortable seating arrangement and greater luggage carrying capacity. From the dash there is a graceful sweep in the cowl to the radiator. The doors are wide and heavily framed. A larger compartment at the rear gives increased room for luggage and the new type rear fender is more secure. Ventilator in the cowl and a visor over the windshield add to the exterior appearance, effecting a high quality aspect.

Interior arrangement is most convenient and the upholstery is choice. The seat is deeply cushioned and the cushions are divided, making it easy for filling the gasoline tank which is under the seat. A small recess shelf at the rear of the seat is handy for small parcels. The door windows are equipped with revolving type window regulators permitting any desired ventilation. Doors are provided with locks.

Appearance Improved.

The higher radiator has greatly enhanced the beauty of the Ford Four Door Sedan. This car, highly popular since its introduction a year ago because of its low, graceful lines, now presents a more sturdy appearance.

Another feature coming as the result of the change made in the front of the car, including larger cowl, radiator and hood, is that occupants of the front seat are afforded more space, thus insuring added riding comfort.

Many other little improvements and refinements are noticeable, including revolving type window regulators for all door windows and a dome light for illuminating the interior.

Mrs. Waddell Is Hostess Saturday

The spacious residence of Mr. and Mrs. R. B. Waddell on Oak street was the scene of a pretty affair Thursday evening, when Mrs. Waddell was hostess to a number of friends at a six-thirty dinner.

Asters in profusion furnished the decorative scheme throughout the house. Covers were laid for seventeen, and after the delicious repast was served, the guests enjoyed bridge. Mrs. L. Yalomstein won first prize, while the consolation was presented to Mrs. W. J. Raredon.

Among those present were the following, Mesdames L. Yalomstein, W. S. Crowe, W. F. Keftauer, A. B. Waters, W. B. Thomas, H. T. Baker, V. I. Hixon, E. J. Jewell, W. J. Raredon, B. Odell, C. R. Orr, O. G. Quick, E. A. Craver, W. Gilligan, Miss Nellie Smith and Miss Edna Tucker.

Ahlstrom Makes Perfect Score In Postal Exam

Harry Ahlstrom came through with a perfect score in the postal clerk examination given him at Manistique last week by assistant chief clerk Burrell of Duluth.

The local post office employee received a mark of 100 percent both in the case and oral examinations, and was commended by the postal inspector for his unusual feat. The examinations take both speed and accuracy into consideration, and to pass the oral test it is necessary to have a good knowledge of the location of the many little post offices in this district.

Mr. Ahlstrom was ill at the time the regular annual examinations were given here, making the special exam necessary.

NOTICE TO PATRONS.

Beginning September Fourth, 1923, the West Side Barber Shop will be open at eight in the morning and will close at 8:20 p. m., except on Wednesday nights, when the shop will close at 6:00 p. m., and on Saturday nights, when we will be open until 11 p. m.

LABOR DAY WILL BE QUIET HOLIDAY HERE

No Public Observance of Day Planned; Many Go On Outings.

Labor Day will be a quiet holiday for Gladstone.

A Labor Day program will be held Monday morning at Alice Memorial Methodist church, a supper will be served in the evening by the Ladies' Aid society of the Swedish Lutheran church and the second of the series between the Buckeyes and the Negaunee city team will be played in the afternoon.

These, however, will make up the only observance of the day. There will be no public celebration with a program of games, contests and speaking, as has been the custom in years past and many people plan to spend the holiday quietly at home or at private outings to neighboring resorts.

A number of motor trips are also being planned, groups leaving Sunday and taking advantage of the double holiday for a more extended trip.

Stores Close.

All places of business, industrial plants, city and other offices and the post office will observe holiday rules, while in the schools final details will be arranged before the opening of the term Tuesday.

All in all Labor Day will have but little happening and people will be put on their own resources in planning amusements for the holiday.

COUGHS DISTURB SCHOOL WORK

School teachers should give the same advice to children who have coughs as did this Florida teacher. I recommended FOLEY'S HONEY AND TAR to the children in my school who had the 'flu' and good results came whenever it was used," writes Mrs. L. Armstrong, Okcechoche, Florida. FOLEY'S Honey and Tar contains no opiates. Ingredients printed on the wrapper. Quickly relieves colds, coughs and croup. Sold everywhere. 245-11

Howard Cameron arrived here Saturday morning from Minneapolis for a few days' visit with his parents, Mr. and Mrs. Wallace Cameron.

Ben Blodgett left Saturday for a visit with relatives and friends at Menominee.

John Gard of the Marble-Car Electric company was in Oshkosh, Milwaukee and South Bend on a business trip during the past week.

SERIES WITH NEGAUNEE WILL BEGIN TODAY

Interest in Two Day Tilts Between Buckeyes and City Team Grows.

That interest in baseball is not dead in Gladstone, despite the disbandment of the first team, is shown by the great deal of interest shown in the coming series this afternoon and tomorrow between the local Buckeye aggregation and the Negaunee city team.

Not only are the fans interested in baseball generally but they are anxious to see the brand of baseball the local youngsters are able to put up against a team of Negaunee's strength. The probability is that next year, the players on the Buckeye team will be the ones to represent Gladstone in all the important games.

The opinion prevails that the local players are not outclassed by the teams representing the other towns of the peninsula this year, the one exception possibly being in the battery which would have to be strengthened.

Lefty Gervais and Vanderwehe will be available for the games today and tomorrow and the Negauneeites are bringing Anderson, Peterson and Goldworthy. They will catch for the locals and Jarvinen for the visitors. Large sized crowds are expected to turn out to see both games.

Suspend Practice.

Regular practice had to be dispensed with yesterday as the team members, practically all employed at the Coeperage company plant, were at the Buckeye picnic at Terrace Gardens. They played in games of kitten ball arranged between the flooring and veneer mills and the latter won the morning game.

PASTOR PLANS SERVICE FOR LABOR DAY

Special Labor Day services will be held Monday morning beginning at 10 o'clock at Alice Memorial Methodist Episcopal church.

The service will be featured by a sermon on capital and labor by the Rev. Harry Colenso, pastor, who has chosen for his subject "Conquering the Essential." Special music will be given by the choir.

The Rev. Mr. Colenso's ability as a speaker is well known and undoubtedly many will take advantage of the opportunity to hear a Labor Day address by the pastor.

Will Conduct Sunday School

Sunday school at 9:30 o'clock will be the only service at the Swedish Mission church today. The Rev. Isak Skoog left Friday morning for Ishpeming to attend a conference and David Gustafson, who planned to take charge of the services, was called Saturday to his home in Evanston, resulting in the services for the day being cancelled with the exception of Sunday school classes.

Supper Will Be Served at Church

Women of the Swedish Lutheran church congregation have completed plans for their Labor Day supper which will be served Monday evening at the church parlors from 5 to 8 o'clock. A fine menu is being offered and it is expected that many people will attend the affair.

Marble Arms Plant Is Being Painted

The plant of the Marble-Arms Coating company was given a new coating of paint during the week. The work was done by D. E. Hoffman with his equipment for spray painting, the paint being applied by air pressure instead of by brush.

Spend Week End At Round Lake Club

W. W. Gasser, former cashier of the Gladstone State Bank, and now of Marquette, and Ernest Pierce, president of the Lake Shore Engine Works of Marquette, arrived here yesterday afternoon and left shortly afterward with Floyd Marble of this city, for the Round Lake club house where they planned to spend the week-end and Labor Day.

Entertains for Escanaba Guest

Miss Blanche Olson entertained members of the P. D. E. Club Thursday evening at her home on Wisconsin avenue, for Miss Ruth Judson of Escanaba, who is her guest. A 6 o'clock dinner was served, followed by various social diversions.

Herbert Peterson left Friday night for a visit with friends at Superior.

CITY EMPLOYE JOINT PICNIC, BIG SUCCESS

With over two hundred persons in attendance, the joint picnic held Friday afternoon by city employees of Gladstone and Escanaba and their families and friends proved one of the best and most successful outings held this season.

The picnic opened in the afternoon with games and athletic contests. These were featured by a ball game in which Gladstone city workers defeated the Escanaba team by a score of 12 to 6. Jerry LeClair, officer on the local police force, walking off with the only home run of the afternoon. A horse shoe pitching contest between Mayor T. M. Judson and City Manager Fred Harris of Escanaba and Mayor N. Bushong and City Manager W. Ham of Gladstone, also attracted considerable following.

The Escanaba team winning a score of 21 to 16.

At 6 o'clock a picnic supper which good things to eat of a varieties were in abundance was served, members of the committees appointed to look after the refreshment part of the affair handling the large crowds with ease.

The remainder of the evening was spent in dancing, with a program of old and new steps for the enjoyment of young and old. Among the Gladstone musicians who assisted in furnishing music for the dance were Erik Lund, Ted Ohlen and Edward Johnson.

The success of the picnic will undoubtedly make it the first of an annual event for the employees of the two cities.

THREE CASES OF DIPHTHERIA ARE REPORTED

The first outbreak of diphtheria in cases in Gladstone was reported Saturday morning when Flora Mary and Nicky, three children of Mrs. Florrie Butch, Third street, were found to be suffering from the disease and were placed under quarantine.

These cases, the first to break out in Gladstone are being cared for by the close personal supervision of Dr. Donald N. Kee, city health officer, and Mrs. Margaret Hauser Kanney, school nurse and nurse and with the opening of the schools Tuesday particular care will be taken by Mrs. Kanney in her examinations against any spread of the disease among school children.

Although a warning of an epidemic through the state was issued some time ago from the Michigan state health department, the cases reported Saturday are the first in Gladstone and will reasonable-care and precaution no spread of the disease will result.

Miss Leola Harris, of Pickford, Mich., is a guest at the Blodgett home.

AUSTRALIA IS BADLY BEATEN

Forest Hill, New York, Sept. 1.—Conquering Australia in a thrilling spectacularly fought double match, that takes the place of one of the most spectacular ever played here, the United States gained the commanding position in fight for the Davis Cup. A 2 to 1, lead in the first part of the play that was thought too great, was overcome by William Tilden, National Champion and R. Morris Williams, the team who were the heroes of the thrilling American triumph.

They defeated James Anderson and John Hawkes, the Australian team, 17-16, 13-12, 3-6, 6-3, 6-2, in 5 gripping, whirlwind sets that for dazzling brilliancy have never been equaled. Coming from behind in the early part, after dropping two out of three of the first sets in which the tide was against them, in an amazing display of courage and brilliant playing, the Americans rose to super-heights in the last two sets and beat the Australians with an invincible attack.

During six of the nine years in which Lipe set his remarkable record, he not only played but acted as manager as well. In all that time he missed only one inning of play, when he was put out of the game on June 10, 1909, for protesting a decision too strenuously. Lipe started on his long run of consecutive games in 1903 with the Greenville, Miss. team. The next four years he was with Macon, Ga. He shifted to Richmond, Va. in 1908 and 1909, then back to Macon for 1910 and 1911.

KANSAS CITY GIRL WINNER

Chicago, Ill., Sept. 1.—A 19 year old university student, Marion Burns, of Kansas City, playing fine golf today survived a force of 200 and became the Western Champion, defeating Mrs. Fordyce of Youngstown, the Ohio champion, 4-3, in the final round of the title tournament.

She added to her laurels by winning the low score championship from Mrs. Myers. They had tied at 80 and later Miss Burns won with 86, 2 under par from Mrs. Myers.

BILL EVANS SAYS

When Everett Scott played his 1000th consecutive game early in the season at Washington the crack shortstop of the Yankees was said to have established a record for continuous service.

Just when Scott was being handed all kinds of bouquets for being the "iron-man" of baseball, it developed that while Scott had set a major league record for consecutive games played, it was not a world record. Digging into the records it developed that Perry Lipe had it on Scott to the extent of 136 games. During a period of nine years Lipe, playing in some of the smaller minor leagues of the south, took part in 1136 consecutive games.

During six of the nine years in which Lipe set his remarkable record, he not only played but acted as manager as well. In all that time he missed only one inning of play, when he was put out of the game on June 10, 1909, for protesting a decision too strenuously. Lipe started on his long run of consecutive games in 1903 with the Greenville, Miss. team. The next four years he was with Macon, Ga. MRS. WICKING IS CLUB CHAMP

Wells Woman Wins Women's Championship Tournament.

Mrs. E. W. Wicking yesterday won the women's championship of the Escanaba Golf club, defeating Mrs. J. E. Byrns, the runner-up, by one stroke on the final hole of the championship match. The play between Mrs. Wicking and Mrs. Byrns was extremely close throughout the match and it was not until the final stroke on the last hole that the championship was decided.

Mrs. J. E. Mogan won the consolation cup of the women's tournament, defeating Mrs. A. H. Groesbeck only after playing 21 holes. Mrs. Mogan and Mrs. Groesbeck were all square at the end of the eighteenth, again at the nineteenth and twentieth holes and only at the twenty-first hole was that match decided.

Men Hang Up Scores.

The men of the Escanaba Golf Club yesterday began hanging up their qualifying scores for the handicap tournament for the president's cup to be staged on Monday. All of the players who are to compete for the cup must complete their qualifying scores for 36 holes by this evening. It was announced yesterday.

A GOOD SPORT—Crow's-foot about his eyes. An ever-present smile. A face that seems in love with life. Sir Thomas L. Pion. Just arrived in America. To send another shamrock to try to beat America. "They put something in the water to keep me from winning before," he says. "It was the Reliance."

"DON'T FIRE UNTIL YOU SEE THE FOAM ON THE BEER!"—W. C. T. U. workers at Springfield, Ill., have held many services in which they prayed for the destruction of booze and beer. But recently they held service of another kind when they were commanded by John E. George, chief of police, to destroy 70 cases of real beer which police seized in a raid. Photo shows the men in the act of smashing the beer on the police station driveway.

CAUGHT—Clear of the water in one wild leap. Inane with rage and terror. Frantic to free himself of the cruel barb in his mouth. Leaping. Plunging. Thrashing the water. An 180-pound tarpon in action at Ft. Lauderdale, Fla. It took two months to take this exceptional picture.

GLAD—Lee Houser (right) dressed up for a picnic after he found a box of gold and currency while working on a mountain road near Hagerstown, Md., to pay his taxes. He doesn't say how much was in the box, but the sum has been estimated at \$100,000. It is thought to have been cached by Governor Cleveland B. Boyd, escaped slacker. Robert E. Lee Waters (left) was digging alongside Houser, but missed the hidden treasure.

BEAUTY—Miss Lucy Deen Overzy, 18, is to be "Miss Oklahoma City" at the Atlantic City beauty pageant. She won over a field of 100 girls in a contest held by the Oklahoma News.

HELPING DAD KEEP PEACE IN THE LION FAMILY—The 5-year-old son of the keeper of the Memphis (Tenn.) zoo helps his dad keep the animals happy by petting three of the small lion cubs. The cub on the left is giving splendid evidence of a jealous disposition even this early in life, isn't she?

INVESTIGATES—Miss Sara Evans wanted to know how it feels to be swung on the side of Stone Mountain where Gutzon Borglum is carving the Confederate Memorial. So she donned kickers and was pulled up.

MEDIATORS—Governor Gifford Pinchot of Pennsylvania (left), mediator in the anthracite coal dispute, and John Hays Hammond, chairman of the coal commission, snapped as they talked at the White House.

BARRED—Helmar Liederman has been barred from the Atlantic City beauty contest. She was chosen as the most beautiful in Alaska. But she's married. That lets her out. She will compete in the professional class. Marriage is no bar in that.

EARLY TO BED, EARLY TO RISE—You can believe those stories about President Coolidge's early rising after seeing this picture. With a secret service man on either side, he returns to the White House after a brisk walk, through the capital's business district. Notice the clock—6:45 a. m.

NERVE—When Miss Nancy Knowles, Philadelphia society girl, saw Thomas McCloskey, a park guard, give chase to some automobile thieves, she stepped on the gas of her car and went to his help. As they closed in on the robbers, one of the tires of the girl's machine blew out and the two cars collided. The policeman was seriously injured, and the girl was badly shaken. But she tried to keep on after the thieves. They fled before she could reach them, however.

LUIS FIRPO, Dempsey's next opponent, mixes in with one of his sparring partners at his Atlantic City training camp, while Horatio Lavello (right), his millionaire trainer, watches him carefully.

PLANT STARS AND STRIPES—For the first time, the can flag has been planted at the top of Mt. Harding, in the Range, one of the scenic features of the Flathead Valley in Montana. Boy Scouts of Ronan, a small town, climbed the dangerous undertaking, on the occasion of the death of the executive.

"THE MISFIT"

BY JANE PHELPS

HAPPY DAYS. Chapter LXVII. Beverly's departure brought Etta, Clyde, and the baby, Natalie.

Natalie trembled as Horace picked it up. It was the end, unless— "A letter from mother. I expect she has decided what she will do about coming to us."

Chapter LXVIII. Natalie scarcely breathed while she waited for Horace to read his mother's letter.

"My Dear Son: I have at last decided to return. The longer to be with you, to be in my old home, endeared by many associations, has been too strong for me to longer resist."

Feeling Horace's eyes upon her, Natalie looked up brightly. "I was sure she would come," she said quietly.

They rode all the morning, visiting all the places they had learned to love during the long summer days.

"We will, dear," Natalie answered quietly, but with an effort unperceived by him.

"Then I shall not have an ungratified wish," he had said. "He has not been really happy with me."

"Wake up, lazy bones!" she called. "It is a lovely morning."

"ROBERT E. LEE," A DRAMA POWERFUL IN ITS SHEER SIMPLICITY

BY JAMES W. DEAN

New York.—The simpler anything is the more effective it is. The fewer the parts, the less chance for an engine or a pilot to go wrong.

This is by way of prelude to a review of John Drinkwater's new biographical play, "Robert E. Lee," now out in book form and to be produced on the stage this fall.

Drinkwater has reduced the whole matter of the Civil War to a question of loyalties. Men on either side were moved to their decision by loyalty. Loyalties were different, hence the conflict.

"Robert E. Lee" makes a thin book. Its significance lies between the lines and as a play much will depend on the business of acting and direction.

Beyond the focus of the audience a Union soldier is falling each time that rifle cracks. The sniper, never misses. That situation is more dramatic than a full battle scene.

How much greater a great event can be made when treated by a dramatist rather than by a historian? The historian chronicles the big events.

The soldier speaks: "Please, sir, you mustn't, you mustn't. It isn't brave to die now, sir. The South is dying. There is nobody to save us but you."

And after the surrender, Lee says to one of his soldiers, "We asked no leave four years ago—we shall ask none now."

Look, there is just the right breeze for sailing. Cook has our luncheon all packed.

PEEL, CONFEDERATE SOLDIER, CARRIES THE WOUNDED COLONEL HEWITT FROM THE FIELD OF BATTLE AT MALVERN HILL.

We are Americans once more. We must not dispute about it. Rafael Sabatini turns to the England of the Restoration period for the setting of his new novel, "Fortune's Fool."

Sabatini is a master story-teller. He delineates the drama and conflict of his individuals against the background of a national drama. His picture is complete in every detail.

A country is without honor in its own prophetic, it would seem. Sabatini, an Italian, uses the history of England to a better end than most writing Englishmen have done.

Elinor Glyn's "The Great Moment" comes to hand. I glance through the first chapter. It seems strangely familiar.

Wives are women who tell husbands when to change their socks. Babies are real small people who cry before company.

Young children are little people who run everything around the house except errands. Grown children are large people who are going to the dogs.

Married children are grown persons who are doing much better than everybody expected. A small boy is a young person who shouldn't do the things his father did at that age.

Little girls are young persons who are not going to be a help to their mothers soon. Brothers are your parents' boys who won't leave you alone.

Sisters are your parents' daughters who usually ought to be ashamed of themselves. Young girls are medium-sized people who horrify parents.

The Piffle Hook

We have gone. With the ripples stirred by the pronouncement of his gubernatorial aspirations and ideals still fresh on the surface of the political millpond he has sidled out of town, leaving "the other mugwump on the opposite side of the table" to wage the campaign in his behalf.

His departure was shrouded in secrecy. Merry Ann, who appeared at the station with bouquet of carrot tops and a ham sandwich all wrapped in a paper napkin to sustain him in his voyage went home disappointed.

When the last air hose had been coupled and the "car tiak" had hammered on the last wheel rim, the lid of a bread box on the baggage track slowly lifted and a dark form was seen to fill stealthily into the express car, to pass quickly through to the smoker. The conductor gave the engineer a highball (Volstead type) and the hogger responded with two hilarious rots on the whistle, the only sort of a lot permitted him.

City Briefs: Hal K. Rammel, chief editor of the Daily Meadletick, left Saturday morning for a visit with relatives and friends at Bloomington, Decatur, Maroa and any other Illinois burg he may take a notion to flutter into during the next three weeks.

We wanted him to take the Piffle Hook along with him but he said he didn't calculate to do much fishing.

SIR.—Perusal of the new Michigan Anti-Klan law brings the information that masks or other covering which wholly or partially conceal the face are henceforth "verboten."

Your remarks are entirely too complimentary to the parties named. The law does not cover cosmetic camouflage either. See?

SIR.—I see by the paper that the Milwaukee Elks will visit Escanaba on Wednesday. You state that there will be a forty piece band. You err. There will be 800 musketers. Doesn't every Elk wear a flock of horns on his head?

The football season is almost on our necks. Coach Thompson has already assembled his warriors and is holding daily workouts. Fifty three men turned out for the first call.

Ob, alright! We'll get even. —THE PINCH HITTER.

We Serve Michigan

Geographical isolation makes the Railroads of Michigan a transportation system like that of no other state.

Bridge the Great Lakes with car-ferris and tunnel under the mighty connecting rivers, though we may, such accomplishments merely better our service to you.

To a degree greater than any other state, Michigan's welfare, and the welfare of her Railroads, are therefore one and inseparable.

We invite your suggestions toward bringing about a better understanding and closer cooperation between the Public and the Railroads.
