

60,000 ALREADY CREMATED IN TOKIO

WILL WEEKS BE CANDIDATE FOR SENATE?

TENDENCY OF STATE POLITICS IN THAT DIRECTION.

BY DAVID LAWRENCE. (Copyright, 1923, by The Escanaba Press) Washington, Sept. 11.—Robert Lincoln O'Brien, editor of the Boston Herald, had luncheon with President Coolidge today...

Tangerine and Glass Hair To Be New Vogue

New York, Sept. 11.—Glass hair and tangerine hair will be in vogue this year, it was announced at the annual convention of hair dressers today.

RELIEF FUND OVER THE TOP

AMERICA EXCEEDS QUOTA MORE THAN \$100,000.

Washington, D. C., Sept. 11.—The five million dollars originally asked of the American people for the Japanese earthquake sufferers was exceeded by more than \$100,000 today as contributions continued to pour in from all sections of the country...

GREEK CRISIS STILL GRAVE; ITALY IS SLOW

PROSPECT OF WAR STILL LOOMS ON HORIZON.

Geneva, Switzerland, Sept. 11 (By the Associated Press)—The Jugo-Slavian foreign minister, M. Nincich, declared in a statement today that his government had no intention of submitting to the League of Nations in the difference with Italy over the Fiume question.

IF THE GREEKS AND ITALIANS FIGHT

HUNTER ASKED TO TESTIFY TO LIES IN HERRIN

Decatur, Ill., Sept. 11.—(By the Associated Press)—Disclosure of a proposal which Col. Sam Hunter today told the State Federation of Labor was made at Herrin that he testified to "lies" that would have secured the indictment of Gompers, Ferrington, Lewis and Olander...

FRENCH SHY AT GERMAN PLAN

BELIEVE ONLY PARTS OF REPARATION TALK.

Paris, Sept. 11.—(By the Associated Press)—The optimism in financial circles arising from the conversations the French ambassador had had with the German chancellor manifested by a rise in the franc, is shared only slightly in official circles where a settlement is thought some distance off.

COAL COSTS ARE SUBMITTED TO THE PRESIDENT

Washington, D. C., Sept. 11.—The cost of a ton of bituminous coal to mine operators ranges between \$1.20 to \$2.80, the coal commission reported to President Coolidge today in submitting the latest installment of its report on the industry in compliance with instructions from congress.

Want Weeks Nominated. "Naturally the people of Massachusetts would like to see the republican nomination go to John W. Weeks, secretary of war, if he wants it."

The friends of Louis Coolidge predict that he will be a candidate for the republican nomination, and that William M. Butler, republican national committee man from Massachusetts, will be another.

There is no telling what the attitude of President Coolidge will be toward the selection of a republican nominee for U. S. senator in his own state.

Chicago, Ill., Sept. 11.—Reports to the headquarters of the central division of the American Red Cross today showed that the division had exceeded its \$800,000 quota for the Japanese earthquake relief fund by \$2,927.

South Bend, Ind., Sept. 11.—Between 1,000 and 1,500 negroes are reported to have left this city in the last 24 hours following the receipt of a threatening letter by a well known member of the negro community here.

Quotas Are Exceeded. Three of the country's divisions to which the work of collecting the relief funds was allotted, exceeded their quotas on the first \$5,000,000. They were the Washington, Central and New England divisions.

President Coolidge expressed today to John Barton Payne, chairman of the Red Cross, his deep personal gratification of the response made by the American people to the appeal for relief funds.

Negroes Fleeing From South Bend Fearing Violence

Chicago, Ill., Sept. 11.—The police expressed the opinion tonight after a day of investigation that John Hale, an escaped convict from Joliet penitentiary, deliberately placed his head in a noose today rather than return to the prison, when he confessed to the murder three years ago of Howard Rhodes.

During a storm in Texas two negroes and two Mexicans were sitting on a bench. A bolt of lightning struck one of the negroes, passed over the Mexican between them, and struck the other negro, killing both instantly.

PARIS IS NERVOUS. Paris, Sept. 11.—(By the Associated Press)—At the request of Baron Avezano, Italian ambassador, the ambassadorial council postponed its meeting until tomorrow, as Baron Avezano said that he had not yet received instructions from Rome regarding the evacuation of Corfu.

ITALIANS POLICE CORFU. Athens, Greece, Sept. 11.—Anxiety here over the Italian occupation of the island of Corfu has been increased by the reported substitution of Italian police for the Greek functionaries in Corfu.

MUSSOLINI IN ROME. Rome, Sept. 11.—Premier Mussolini, who arrived today from Milan, went immediately to the foreign ministry to receive the latest reports about the Greco-Italian and the Jugo-Slav-Italian situation.

Ex-Convict Admits Slaughtering Because Health Is Failing

Chicago, Ill., Sept. 11.—The police expressed the opinion tonight after a day of investigation that John Hale, an escaped convict from Joliet penitentiary, deliberately placed his head in a noose today rather than return to the prison, when he confessed to the murder three years ago of Howard Rhodes.

Precious Metals Are Requisitioned

Berlin, Sept. 11.—The currency controller will requisition from tomorrow on, all precious metals such as gold, silver and platinum, whether raw, manufactured or mixed with alloys in coinage.

Finnish Harvest Is Failure This Year

Helsingfors, Finland, Sept. 11.—Owing to inclement weather, the harvest in northern Finland is a failure. The situation is serious and the government is considering relief measures.

Eclipse Pictures To Test Out The Einstein Theory

Yerbanis, Mex., Sept. 11.—The expedition under Prof. John A. Miller, sent to Mexico by Swarthmore College to study yesterday's solar eclipse, obtained 40 photographs of the phenomenon.

Air Service Head Falls Into River

Moundsville, W. Va., Sept. 11.—Brigadier General William Mitchell, Assistant Chief of the United States Air Service, had a narrow escape from death this afternoon. He and Private J. C. Woodruff were flying to McCook Field at Dayton, Ohio, when the machine fell into the Ohio River.

Physician Declares War on Overeating

Cleveland, Sept. 11.—War upon the habit of over eating was declared by Dr. John Buckley of Los Angeles, president of the American Dental Association, in his annual address before the 65th convention of the organization here today.

Escanaba Boys Enter Pleas Of "Guilty"

Marquette, Mich., Sept. 11.—Carlton Smith of Escanaba, and Clinton Thompson, formerly of that city, in circuit court today pleaded guilty to a charge of robbery. They are in jail awaiting sentence.

Prohibit Klux From San Antonio Parade

San Antonio, Tex., Sept. 11.—An ordinance prohibiting any person or persons from appearing on the street or in public places in disguise in the city of San Antonio, was adopted at a called session of the city commission here today.

Traffic Tieup Again Looms Up In Windy City

Chicago, Sept. 11.—Chicago's threatened street car tieup, started several weeks ago when shopmen, trackmen and electrical workers of the surface lines demanded increased wages, became serious again today, when dissatisfied workmen demanded immediate action of Mayor Dever.

Martin B. Madden, Republican Power, Is Seriously Ill

Representative Martin B. Madden of Chicago, chairman of the house committee on appropriation and one of the republican leaders in congress is seriously ill at his home here from a heart attack.

Weather

WEDNESDAY, SEPT. 12, 1923 Forecast. Upper Michigan — Partly cloudy Wednesday and Thursday. Possibly showers by Wednesday night; slightly warmer; west portion Wednesday.

ANNUAL REPORT NOW READY FOR DISTRIBUTION

Interesting Figures On Council-Manager Operation for First Year.

Copies of the first annual report, covering the operation of the Escanaba city government for the first year under the council-manager plan, were received from the printer yesterday.

The booklet is crammed full of facts and figures relative to the operation of the various municipal departments and should be of interest to every taxpayer. One of the most interesting tabulations is the one which shows the distribution of the general tax dollar and how the city's 28 cent slice of it is split among the various branches of the city government.

Heaps of Information. Detailed reports of the operation of all departments are also given. Full page photographs of the police and fire departments and of Ludington street at night, together with many views of the city, are used throughout the book in illustration.

City Making Money. The tabulations contained in this report will bear witness relative to the success of our operations during the past year from a financial standpoint. Our administration assumed control of the municipal government with a five thousand dollar deficit and at the end of the first fiscal year transferred forward a surplus of well over twice this amount.

Traffic Tieup Again Looms Up In Windy City

Chicago, Sept. 11.—Chicago's threatened street car tieup, started several weeks ago when shopmen, trackmen and electrical workers of the surface lines demanded increased wages, became serious again today, when dissatisfied workmen demanded immediate action of Mayor Dever.

Representative Martin B. Madden of Chicago, chairman of the house committee on appropriation and one of the republican leaders in congress is seriously ill at his home here from a heart attack.

In the Tyrol it is the custom to plant an elder bush on a newly-made grave.

YOKOHAMA HAS 110,000 DEAD AND INJURED

REMOVAL OF CAPITAL FROM TOKIO DENIED.

Washington, Sept. 11.—The bodies of 60,000 dead have been cremated by the authorities in Tokio up to midnight of Sept. 11, the Japanese minister for foreign affairs said in a telegram received here today at the Japanese embassy.

The number of bodies uncovered is probably very great. The casualties in Yokohama are estimated at 110,000 or one-fourth of the entire population and many more of the dead were said to be unaccounted for in unvisited districts.

An official investigation it was said, showed that in Yokohama 3,000 foreign residents, 1,000 were killed, including 50 British and 20 Americans.

Capital Not Moved. The foreign minister declared to be untrue reports that the capital was to be removed from Tokio, although he said that many of the industries, commercial and publishing houses have moved temporarily to the Osaka and Kobe districts.

Legations Rationed. Tokio, Sept. 11.—(By the Associated Press Via Osaka)—Military authorities have permitted the members of each legation and embassy staff and families with one week's rations because of the difficulties in obtaining food.

Killing Zoo Animals

London, Sept. 11.—(By the Associated Press)—A heavy rain is adding to the general misery of the thousands of homeless destitute Japanese refugees, straggling the public parks, and finding walking around the zoological gardens or the fish tanks from the ponds, says a dispatch to the Daily Express from Tokyo dated Monday.

Withdraw Honor Paid War Hero

Fort Worth, Texas, Sept. 11.—Overriding protests which have come from all parts of the nation, especially from patriotic organizations, the city commission this morning granted permission to the property owners living on the Vernon-Castle Boulevard to change the name of the boulevard by dropping the name of the war hero.

Weather

WEDNESDAY, SEPT. 12, 1923 Forecast. Upper Michigan — Partly cloudy Wednesday and Thursday. Possibly showers by Wednesday night; slightly warmer; west portion Wednesday.

MOUNTAIN OF YOUTH FOUND IN FLORIDA

Natives of One Town Have Combined Age of 12,321 Years.

Moravia, N. Y.—Found: the town of eternal youth.

When Ponce de Leon came to Florida to search for the fountain of eternal youth,

and they have known for a long time. For 58 of the natives have passed their eighth birthdays,

and women amounts to 12,321 years.

There is almost no sickness among these venerable men and women.

Miss Julia Everson, 90, is one of the oldest and most loved women in the town.

When there is Charles W. Brigham, an 85-year-old blacksmith,

We young fellows have to do something to keep in shape," he is hopping on his wheel.

in Sicily a branch of the pomarine tree is believed to have power of revealing the whereabouts of hidden wealth.

SH-SH! DON'T TELL A SOUL! PRINCE'S COMING INCOGNITO

LONDON

QUEBEC

EDWARD, PRINCE OF WALES, NOW TRAVELING INCOGNITO.

Enroute to High River, Canada, Sept. 10.—Being a prince of a fellow may be all right most of the time, but it's tough on a vacation.

So decided His Royal Highness, Edward, Prince of Wales, as he laid plans for his few weeks off.

He wasn't going to be pestered with demands for speeches and hand-shaking and formal welcomes.

So he got a paint brush, and bags. Where once "Edward Albert Christian George Andrew Patrick David, Prince of Wales" stood now blazed forth: "Lord Renfrew."

Instead of taking with him a long retinue of royal attendants, he traveled light, accompanied only by a general, a baronet and a major.

Instead of riding on the high seas in a warship, as he did on his last trip, he engaged passage on the Empress of France, a regular Canadian Pacific steamer.

"Twas a great secret, his identity—to nobody. Newspaper men and photographers were down at the railroad station to see him off,

"But I'm not," cried Edward in despair. "I'm only a lord."

And all across Canada the word has gone that Renfrew is none other than Edward himself.

And the prince is going to be in for it. For thousands are making ready to cheer him as he crosses the continent. And even on his 6000-acre ranch in the shadows of the Rockies, 5000 miles from home, he will find his real name staring him in the face.

For his ranch has been christened the E. P. ranch—Edward Prince.

"It's a hard life," sighs the Prince of Wales, "even on a vacation."

FINISHED. The Swedish maid was sobbing as if her heart would break, and the mistress, coming upon her in tears, asked what was the matter.

"My husband bane get put in jail," wailed Hilda.

"In jail? Oh, isn't that too bad! But there's a cheerful side to everything. I understand they give prisoners splendid educations there nowadays."

"He bane got all the eddication he needs," asserted Hilda through her tears. "He bane been there ten years before."

SOCIETY WOMEN GOOD MOTHERS, SAYS INSIDER

Employment Agent in Position to Know.

BY MARIAN HALE NEA Service Writer. New York.—"Society women are among the highest types of mothers we have in the country today."

"Debutantes develop into splendid mothers. Daughters of first families usually have from four to six children, sometimes more."

This version of "high life" comes from Edyth Charlick, who manages an agency that supplies babies' nurses to many of the first families of New York.

"The young mothers of today have become well educated in the way in which their babies should be cared for," she continues.

Nurse Agency. Miss Charlick started her agency nine years ago and now has 5418 babies' nurses registered with her.

With these she may command from \$110 to \$125 a month and have every expense of living included in her contract.

In connection with the regular work of the agency, Miss Charlick carries a line of fine hand-made baby clothes.

"My primary interest in my work," says Miss Charlick, "is in the babies. I have tried to raise the standard of requirements for babies' nurses in the minds of the mothers as well as with the nurses themselves."

"And I find no class of people more responsive to interest in babies than the society girls and those who have every opportunity to submerge their maternal interests in the pursuit of pleasure."

"I believe it speaks well for the future of the race when the richest women of the country are so interested in baby welfare and in having large families."

NEW PROCESS WILL REDUCE COST OF IRON

Bureau of Mines Reports Favorably on Oxygenated Air Experiments.

Washington, D. C.—Revolutionary changes in the metallurgy of iron by which production costs should be materially decreased and quantities of low-grade ore and smelting fuels now considered worthless be made available as the result of the use of oxygen and oxygenated air in blast furnace practice are suggested in a report just made to the Department of the Interior by a committee appointed by the Bureau of Mines to study the problem.

In the past it has been necessary in the production of one ton of pig iron to pass three tons of inert nitrogen through the blast furnace, resulting in serious heat and metal losses.

In view of the many recent developments in oxygen manufacture, and considering the increasing cost and decreasing quality of the nation's raw materials, the Bureau of Mines appointed an advisory committee to study the problem of the application of oxygen or oxygenated air to metallurgical and allied processes.

"Quality Production" Is Answer. This committee has made a thorough survey of the existing processes for the manufacture of 99 per cent oxygen.

The committee has made a thorough survey of the existing processes for the manufacture of 99 per cent oxygen. The conclusions reached are that the comparatively small demand for the product has prevented the installation of large units suitable for metallurgical processes.

Plan Further Research. The committee has developed plans for experimentally determining the effects of oxygen-enriched air upon the operation of the blast furnace, and it is recommended that these plans be put into effect as the first step of an extended research as to the general applicability of oxygen to metallurgy.

The knowledge that German metallurgical industries at low cost.

The data collected by the Bureau of Mines committee indicate that the production and utilization of cheap oxygen should also accomplish great economies in the metallurgy of zinc.

Great possibilities are pointed out in the application of oxygen in the manufacture of artificial gas and for various other industrial uses.

The findings of the committee have been incorporated in Serial 2502, "The use of oxygen or oxygenated air in metallurgical and allied processes," which may be obtained from the Department of the Interior, Bureau of Mines, Washington, D. C.

Gives Half Million to Rebuild Y. M. C. A. New York, Sept. 11—A gift of \$500,000 by S. P. Fenn of Cleveland, Ohio, to the Y. M. C. A. of North America was announced today.

The money will be expended chiefly on reconstruction of the Y. M. C. A. branch buildings believed destroyed at Tokio and Yokohama.

The contribution by Mr. Fenn is the largest gift the organization has ever received from a living person.

Song hits soon miss. Yes, we have no "Yes, We Have No Bananas" is due.

Iron Mountain Check Artist Not Identified

Sheriff Joseph Carney and Police Chief John J. Tolan returned last night from Iron Mountain, where they went yesterday morning in response to a call which stated that a man was being held there for passing worthless checks.

According to reports from Iron Mountain, the man arrested there passed checks totalling to about \$300, paying for gasoline and oil and various other small purchases and finally buying a phonograph which he toted to a place where he could find entertainment of the sort he craved.

The Escanaba men who went to the Ford City were unable to identify the man as the one who fled them. They had a pleasant ride, save for the rain.

Roosevelt Advises Farmers For Good

Syracuse, Sept. 11.—Theodore Roosevelt, Ass't Secretary of the Navy, speaking today at the New York State Fair as the guest of the State Federation of County Farm and Home Bureaus, declared combination and cooperation is the hope of the American farmer, and warned against "fanatic and self-seeking politicians peddling false doctrines such as government price fixing and unsound loans."

Special DEMONSTRATION

R. H. South, factory representative of the Maytag Company, will be with us for a short time showing the new

This machine has more points of real merit than any washing machine on the market. It is beautiful in appearance, simple, safe and economical in its operation.

These Points Make The Maytag Gyrafoam Washer Stand Above All Others

- 1. It is made entirely of metal, with a cast aluminum tub, which cannot warp, rust, rot, swell, split or corrode.
2. It is not a dolly, cylinder, vacuum or oscillator; the action of the water is produced by a startling new principle, which actually washes faster and cleaner than by any other principle.
3. It has a metal frame wringer of low design which makes it easy to reach over; wrings backward or forward; adjustable, swinging to five positions, and can be lifted from the machine if so desired; automatic drain plate; positive tension release, which entirely separates the 12 inch wringer rolls.
4. The lid is free from mechanical contraptions of any kind, which allows the operator to open the machine while it is in operation and inspect the clothes as they are being washed.
5. The Model 80 machine has a one-quarter horse power, General Electric motor, while the model 82 is equipped with the MAYTAG MULTI-MOTOR three-quarter horse engine.
6. The machine can be adjusted to any height; and has extra heavy castors permitting it to be easily moved.
7. It has a worm drive gear, the same as 95% of the large, heavy duty trucks, which insures plenty of power and smooth operation; all gears run in a bath of oil; less gearing on the Gyrafoam machine than any other washer on the market.
8. Will wash faster, cleaner and more efficiently than any other machine, due to the gyrotator which is in the bottom of the tub.
9. Behind it is the largest washing machine factory in the world, and a company of 30 years of successful manufacturing experience.

See this machine on display at ESCANABA HARDWARE CO.

'WATCHDOG' FOR SINKING FUND IS CITY PLAN

Sinking Fund to Be Handled by Specially Appointed Board.

T. J. Riley, city attorney, is preparing for presentation at the next council meeting an ordinance which will amount practically to insurance that the city's bonded debt will be paid in cash and whenever its various installments fall due.

The ordinance, asked for by the city manager, is one which will create an board of trustees to have control and guardianship over the city's sinking fund which is supposed to take care of bonds which fall due from time to time.

No More Refunding. In past years the sinking fund has been neglected. The practice in most cases where bonds fall due and found no money in the treasury to pay them off was to issue refunding bonds for the amount needed. This merely re-bonded the city.

Last year the sum of \$9,500 was salted away for bond retirement. It is estimated that putting this much away each year will provide for the payment of outstanding bonds as they fall due. The first installment, a city hall bonding issue, will become due in 1930.

Fund Will Be Guarded. In order that such moneys as are placed in the sinking fund may not be diverted to other channels, the city manager has asked that a board of sinking fund trustees be formed. The suggestion made a hit with the council and the city attorney was ordered to draft an ordinance accordingly.

The new ordinance will provide for the appointment of trustees, and also will forbid removal of any of the sinking fund except by a vote of four of the five councilmen.

This bee's knees, cat's pajamas, gnat's eyebrows conversation is getting to be the snake's hips.

Nobody ins a dance. The couples come out neck and neck.

SOCIAL

"The Nooz" Staff.

Yesterday morning the ambitious Sophomores of St. Joseph's high school conducted an interesting meeting at which they elected editors for the various departments of their class paper, "The Nooz," which is to be issued monthly. The first copy will be issued Friday, September 28.

The staff is as follows:

- Managing editor—Victor Morcau.
Editorial editor—Eugene Rommer.
Literary editor—Vernon Paquet.
Sport editor—Nicholas Bink.
House notes editor—Olga Pavlov.
Humor editor—Matt LaViolente.
Help One Another Club editor—Harry Lemmer.
Typists—Marian Noman and Nicholas Bink.

Basket Social.

The Young People's Society of the Norwegian Lutheran church will have a basket social in the church parlors, Thursday, Sept. 13. The public is cordially invited to attend as it is going to be one of the best social events ever given under the auspices of the society.

Hold Weekly Party.

The regular weekly luncheon and card party for the wives of the members of the Escanaba Club will be held at the club house at noon today. The weekly parties have proven most enjoyable throughout the summer and it is expected that a large number of guests will be present today.

Swedish Ladies' Aid Meets.

The Ladies' Aid of the Swedish Lutheran church will hold their meeting Thursday afternoon in the church parlors. Mrs. August Bloomquist and Mrs. Antone Schills are hostesses. Everybody is welcome.

Ledly Marcabees to Meet. The Escanaba Hive, Number 531, L. O. T. M., will hold its regular meeting Wednesday, September 12.

Plan Harvest Supper.

The Ladies' Aid of the Methodist Episcopal church will serve a Harvest Supper the last of September, at which the public is invited to attend. The date of the supper will be announced later.

The Lowest INSTALLED Price ever announced for a Farm Electric Light and Power Plant

The DELCO-LIGHT Man is ready NOW to install your DELCO-LIGHT Plant COMPLETE-

only \$529.50

for the most popular farm size plant

UNEQUALLED installation facilities, including a nation-wide organization of over 4,000 installation men, make it possible for Delco-Light with their quantity production to set the lowest price ever announced for an electric light plant completely installed.

And—it is highly important, in purchasing any lighting plant that you know the installed price.

The installed price for the most popular size Delco-Light plant includes not only the plant itself—it includes the freight; it includes the actual installation of that plant; it includes the standard Delco-Light Exide Battery composed of sixteen large capacity cells, built for long life, with extra thick plates and heavy glass jars; the wiring of your house for ten lights to be located anywhere you wish; one power outlet wherever you may want it; a standard set of ten drop lights with sockets and the installation of these lights; and ten standard electric light bulbs—the complete installation ready for you to turn on the lights.

This is the way to buy your electric light and power plant.

Terms So Easy You Cannot Afford To Be Without One

To make it easy for you to get your Delco-Light Plant we have set a very low first payment and made the terms very easy. The local Delco-Light man will explain these terms to you. A liberal discount allowed for cash.

Back Wash

THE business of refining petroleum has many hazards—not the least of which accrues from the necessity of balancing the supply with the demand.

The Standard Oil Company (Indiana) always has kept itself in a position to supply the demand of its customers for petroleum products, no matter how great or abnormal the demand might be.

During the winter months, the Standard Oil Company (Indiana) refined and stored large quantities of gasoline in anticipation of the busy summer season. Other refiners in the Middle West pursued the same course.

In previous years the midcontinent refiners have found a ready market for their surplus product on the Atlantic seaboard.

This year the heavy, unprecedented and unlooked-for California production upset calculations. Enormous quantities of California crude petroleum and California gasoline were shipped to the Eastern seaboard by boat, flooding the market and cutting off one of the principal outlets of the midcontinent refiners.

The result was a back wash of distress gasoline in the Middle West which had to be sold.

It was this distress gasoline that the Governor of South Dakota was able to purchase at less than the present day cost of manufacture and distribution. By selling it without profit, and without any expense for distribution, he was enabled to announce a drastic, temporary reduction from the then existing selling price.

The Standard Oil Company (Indiana) while protesting that it was below the cost of production, refining and distribution plus a reasonable profit met this price because it is the established principle of the Standard Oil Company (Indiana) that its customers shall be able to buy its products as cheaply as they can buy similar products from any competitors.

The success achieved by the Standard Oil Company (Indiana) is due in larger measure to the fact that at all times it has held paramount the welfare of its customers whose respect and esteem it has won and intends to hold.

Standard Oil Company (Indiana) 910 S. Michigan Ave., Chicago, Ill.

1923 Chevrolet Touring

Very low mileage. This will be sold at a Great Saving.

ESCANABA DAILY PRESS

Morning Newspaper Published by The Escanaba Morning Press Co. (Incorporated)...

Subscription Rates: By carrier, per week \$1.00; by mail, per yr. (in advance) \$10.00...

IT'S UP TO ESCANABA.

If it isn't another case of much talk and little action Escanaba I add a new industry to its list...

There are no representations at the investment is "a gold mine" or that anyone will become richly through this investment...

Neither have promises been made that the proposed company will immediately become a large employer of labor...

Yours newspaper. Newspapers are great city leaders because they insist upon equal opportunities and equal rights for all...

WHICH DO YOU WANT? The demand of the Democratic is clear and every man should be able to make up his mind whether he favors it...

TOO MUCH TALK. Experts say Americans waste four million seconds a day saying hello on the phone...

THE SURE WAY. Placards around the hotel invited suggestions from patrons so one guest ventured to offer something in this line...

IN MEMORIAM. "I can't seem to get the swing of this," exclaimed the baffled ronder, when he found the ballroom door barred...

THE SURE WAY. Placards around the hotel invited suggestions from patrons so one guest ventured to offer something in this line...

IN MEMORIAM. "I can't seem to get the swing of this," exclaimed the baffled ronder, when he found the ballroom door barred...

IN MEMORIAM. "I can't seem to get the swing of this," exclaimed the baffled ronder, when he found the ballroom door barred...

The Piffle Hook

THE TEST UNFAILING.

A man died from drinking moonshine whiskey down in New York state. He was a man of many friends and high position in business and social life...

For Clem's information, we hasten to propound that it appears to be a game of many hazards and that since Mr. Volstead mislaid the blotter, the ball is the only thing which may become tied up on the course...

"COWS UNCOVERED BY STROKE OF LIGHTNING" (Menominee Herald-Leader)

A prize consisting of six second-hand safety razor blades will be given the person contributing the best hazard as to what happens to a cow when lightning treats her thusly.

SIR: I see by the paper that a season of Japanese fashion motifs is likely to follow in the wake of the earthquakes and fires. I have despatched a communication to Congress, asking them to plant another picket in the tariff fence to cope with the situation.

You should have sent us a five dollar bill to start off an incendiary counter barrage.

SIR: Why is it you always run your black face comments down on a slant like that. Don't you see that it takes twice as much space as going clear across the page?

You should at least give us credit for thinking that up alone.

We rifled H. K. R.'s desk to find this Army rag. The new recruit from the south of Europe was flagged one day by the colonel for failure to salute.

"What's your name?" snapped the "silver eagle."

"Hant got name, got number, obosome like boxer!" the reekle responded.

"I read the Piffle Hook every day, first thing," said our fair Florida Frappe, trying to kid us along into believing it was "hot stuff."

She needn't bother reading the Hook. We'll put H. K. R.'s name on the front page when he returns.

The fact that an old time-schneider slid across the bar Sunday night without causing a riot brings from Silver a demand for some sort of a wheeze.

THE DEMOCRATIC PROGRAMME. Tom and Dir-ctor, of Railroads. Too much language often exposes a man's faults and shortcomings.

BARKS FROM A PUP TENT. Experts say Americans waste four million seconds a day saying hello on the phone...

THE SURE WAY. Placards around the hotel invited suggestions from patrons so one guest ventured to offer something in this line...

"A WIFE'S STORY"

BY JANE PHELPS.

A HOME WEDDING.

Chapter IV. I often wondered why Paul loved me so brightly. I just loved my little town girl. I still wonder why he married me...

I couldn't blame him. My people were distinctly cool although they were not opposed him. I had told father and mother, when we first asked their consent to our marriage...

When I asked about the girls and women he knew, he seemed a bit uncertain. I wondered if he was afraid I would appear contrived to them.

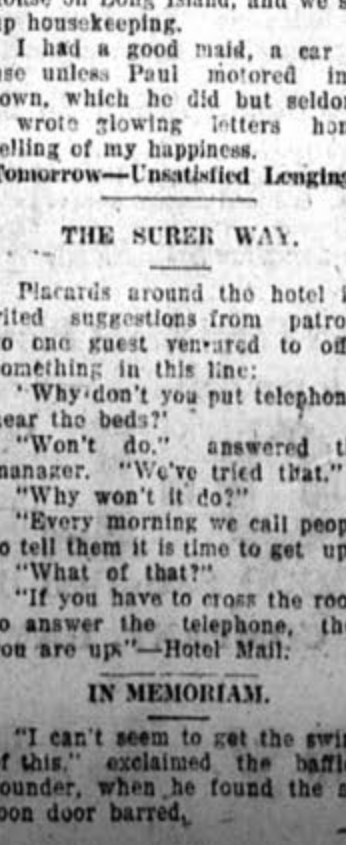

He decided we would not live right in New York, but down on Long Island. We could commute in half an hour, and he said I would feel more at home than if I were cooped up in the city...

"I can't seem to get the swing of this," exclaimed the baffled ronder, when he found the ballroom door barred.

WHAT'S TH' FUSS? YOU SAY THE CALF JUST WANTS TO PLAY? NO-NO- DAD'S HAIR MUST LOOK LIKE HAY!

### FAIR GROUNDS HUMMING WITH PREPARATIONS

#### Small Army of Workmen Preparing Buildings and Grounds for Fair.

The big fair grounds presents a scene of considerable activity these days with a large crew of men engaged in preparing the buildings and grounds for the reception of the exhibits, acts and the countless other things which go to make up a large fair. The roads inside the grounds are being improved with cinders and Street Commissioner John Garity with a crew is making improvements to Washington street to put it in good condition for the great traffic which will find fairways next week.

All Details Arranged. Practically all details have been arranged, the acts which are decided features are booked and special poles and paraphernalia are being placed for their accommodation. The Fisher Sisters for instance, do their act at the top of poles which according to advance instructions must be at least forty feet high, and can be made as much higher as is convenient.

All the amusement features this year are of an exceptionally high class. Music by the Calumet and Hecla band on the 19th, 20th and 21st. This feature alone should be well worth a trip to the fair. This band is made up in large part of the men who made this band famous all over the state of Michigan and many other states as well. The Flying Valentinos, the Three Lenora and the Fisher Sisters have thrilled the audiences of some of the largest fairs in the country with their daring and skill.

"Lone Facer" s Star. In addition to the fastest horses ever entered for races here, there will be shown a lone pacer, claimed to be the fastest in the world. At the Norway fair this horse ran a mile in less than two minutes and eleven seconds which is about three seconds faster than a mile has ever been run on the Escanaba fair grounds track.

1777—Washington, with the remains of his army, entered Philadelphia, after the disastrous defeat at Brandywine.

### AMUSEMENTS

#### AT THE STRAND.

What makes a motion picture good or bad is "elements." That's a big word. The "elements" in "Shootin' for Love," the Universal attraction in which Hoot Gibson is starring at the Strand theatre, Wednesday and Thursday, consist of the inimitable star, peer of western stars; the director, Edward Sedgwick, who has guided Gibson in such successes as "Dead Game" and "The Gentleman from America;" the story, written by Sedgwick, Raymond L. Schrock and Albert Kenyon, the best, which includes several "elements" in itself, notably Laura La Plante, Alfred Allen, William Welsh and William Steele, and the excellent photography by Virgil Miller.

#### AT THE DELFT.

The poisoning of Poi provides a heart twinge in "Fury," Richard Barthelmess' latest starring vehicle, which is thrilling picture patrons at the Delft Theatre this week.

Poi is a little green parakeet that "Boy" Leyton, bashful second mate of the "Lady Spray," had picked up on the cruise and planned to present to Minnie, a winsome young waitress in a Limehouse, London, boarding house for seafarers.

When Morgan, the first mate, learns of "Boy's" intentions his jealousy is aroused and he does away with Poi.

"Boy" is quite downhearted when the "Lady Spray" docks at London, but Looney Luke, the poetical cook of that food ship, comes to the rescue with some bird of paradise feathers which help win the heart of Minnie for the young second mate.

Richard Barthelmess as "Boy" Leyton is seen in perhaps the finest screen role he has yet been given. Dorothy Gish is quite irresistible as "Minnie," while Pat Hartigan as Morgan is a villain that everyone wants to hiss. Barry Macollum, as Looney Luke, is the drollest of characters. Great credit for the splendidly sustained drama, running through nine reels must be given to Henry King, who directs all the Barthelmess productions for Inspiration Pictures.

#### BIG THRILL COMING.

The thrilling spectacle of a forest fire sweeping forward at lightning-like speed while two express trains are rapidly tearing toward each other, with a youth plucked under a fallen horse is only one of the many thrills to be seen in Emory Johnson's terrific railroad drama, "Westbound Limited," coming to the Delft theatre beginning Thursday.

### RECORD RIDE

Clarence W. Wagner at City Hall, New York, after riding his bicycle from Los Angeles in 24 days, 12 hours. He covered 3229 miles. The best previous time for the transcontinental bike trip was 28 days and eight hours.

#### TODAY'S ANNIVERSARIES.

- 1814—British advancing on Baltimore were repulsed at North Point.
- 1816—A Mexican force occupied Galveston Island and organized a government with Don Luis Aury as governor of Texas and Galveston Island.
- 1818—Richard J. Gatling, inventor of the machine gun which bears his name, born in Hartford county, N. C. Died in New York City, Feb. 26, 1903.
- 1829—Charles Dudley Warner, celebrated author and editor, born at Plainfield, Mass. Died at Hartford, Conn., Oct. 29, 1906.
- 1843—Queen Victoria and Prince Albert left England on a visit to the King of the Belgians.

Limited," coming to the Delft theatre beginning Thursday.

### ENGLISH PRINCE TO VACATION ON ALBERTA RANCH

#### Seeks Recreation and Rest from Worries of Court.

High River, Alberta, Canada—Edward, Prince of Wales, in coming to his extensive ranch 25 miles from here early in September for a real vacation.

That is the sole purpose behind his determination to spend some weeks in roaming about on the 6000 acres of beautiful farm and ranch land in the shade of the Canadian Rockies.

He sails from England on Sept. 5 and his visit to Canada is not to be interfered with in any way by official engagements. In the past few months he has had plenty of those.

His world-wide popularity and his position as the probable future ruler of the British empire, has caused countless demands to be made upon him to attend every conceivable kind of function and ceremony.

Until the end of October he is going to spend the time directing management of his pure bred horses, cattle and sheep; in riding over his extensive acres in which ambitious streams well filled with fat trout ripple and partridge and other game is plentiful.

Engages Manager. In 1919 the prince became a land owner in Canada. At that time, when a guest of George Lane, native of Des Moines, Ia., on the latter's "Bar U" ranch, Edward became so enthusiastic about the country he asked Lane to arrange the purchase of the territory he now calls his own. Prof. W. L. Carlyle, one of the best known agriculturists in the west, was engaged as manager.

ger, and soon after the prince reached home he shipped pure-blooded stock to the E. P. ranch across the sea.

Horses that came from the royal stud. Cattle of the king's own. Sheep of the finest.

The affection of the prince for Canada is genuine. He likes to come here.

The way to approach the E. P. ranch is from Calgary to High River, 40 miles south, on the Canadian Pacific Railroad. From High River one has to drive southwest, a distance of 25 miles, through one of the richest grain growing and stock raising countries in North America.

His Retreat. For the first 10 miles or so the road goes through an undulating country, where in the summer time great fields of wheat and rich pasture lands stretch as far as the eye can see. Then come generous grazing areas, where cattle stay out all winter and do well.

In the distance the jagged peaks of the Rockies clip the clouds and below, well wooded, are the foothills, with extensive belts of rich natural grass on which horses, cattle and sheep thrive.

This then, is the country to which the heir to the British throne is coming. It will be his retreat from the tiring social and official duties which a crown

prince inherits whether he wants it or no.

He is going to shut himself from the world, to get back to nature in its truest sense, to take a real vacation.

#### A THOUGHT

The world passeth away, and the just thereof; but he that doeth the will of God abideth forever.—1 John 2:17.

Let a man be never so ungrateful or inhuman, he shall never destroy the satisfaction of my having done a good office.—Seneca.

1921—Methodist World Conference in London; called for disarmament.

### TIMBER FOR SALE

In Sec. 6, T. 43, R. 22. Six miles east of Lathrop. 4 1/2 miles by good log road to Whitefish Branch C. & N. W. Two other camps will use same road this winter. Your opportunity to purchase excellent hardwood and mixed timber at reasonable price. Estimate and price on application. Buckbee, owner. 801 Ludington St., Escanaba.

## Announcing the 1924

# Oakland "6"

### It's Brand New—and True Blue!

Embodying Exclusive Features of Engineering Design and Superior Coachwork Never Before Associated With Cars of Moderate Price

This True Blue Oakland was deliberately planned to be the finest built light-six in the world.

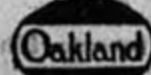

Two years have been devoted to its design, manufacture and test. Two years—plus the wealth of Oakland experience in light-six manufacture and the limitless resources of General Motors.

From axle to axle—it's new! It embodies features of mechanical superiority—of beauty and comfort

and performance—heretofore unheard of in cars of its price! Every single part was designed and built to fit and function in perfect harmony with every other part.

And because it has been so soundly built—Oakland places upon it the same written 15,000 mile engine performance guarantee and the same Mileage-Basis gauge of value that have proved the quality and the value and the excellence of Oakland cars in the past.

OAKLAND MOTOR CAR COMPANY, PONTIAC, MICH.  
Division of General Motors Corporation

A Nation-Wide Demonstration! "True Blue Travelers"—of which the 1924 Oaklands are exact counterparts—have started on a remarkable tour! They are part of Oakland's fleet of test cars, some of which have traveled fifty thousand miles. They are demonstrating the remarkably efficient performance buyers may expect from their True Blue Oaklands after months of the hardest service.

DOCTORS BUSY AT THE FREE HEALTH CLINIC

Doctors and nurses of the Free Health Clinic were unable to see all the people who came for the opening day at the clinic.

Groups of parents and children gathered for the opening of the clinic at the Court House yesterday.

Even before the doctors and assistants were ready to begin the examinations there were large waiting lists in the court house, who had come early to be ready for the opening of the clinic.

We're glad to have them come," said Miss S. Hamrick, nurse, "as that enables us to get an early start, but we aren't quite ready for them so on the very first morning, some of our volunteer assistants have not yet reported for duty."

Doctors Rose and Pinkney are in charge of the work, a corps of assistants assisting.

Over a hundred men in the city have been urged to take advantage of the special hour set aside for convenience from four to six each afternoon. The clinic will close on Friday.

and Mrs. C. P. Pressley left for Chicago, enroute to their future home. The wedding was held in this city Wednesday.

Beatrice Baker left last night for Chicago, enroute to her course in Home Economics.

BURNS STILL HEADS SWAT STICK LIST

Manistique Can Beat Sox, Says "Cully" Lantz

Charley Burns still retains his position as leading batter on the Manistique baseball team, as shown by a perusal of recently corrected batting average figures.

Following is the list of bat averages: Burns .333, Vassau .320, C. Meyers .306, Telo .299, Wilson .228, Potter .241, Goodwin .227, Crittenden .209, Norton .174, J. Meyers .167, Lantz .0.

CITY BRIEFS

Frank Butt is enjoying a two weeks' vacation from his duties at the Cleveland Oil Station.

F. J. Gonyea left Manistique Sunday evening, enroute to Fond du Lac, Wisconsin, where he stopped for a short visit on his way to resume work at St. Francis Seminary, Milwaukee.

Dave Watson and "Babe" Hebeau returned Monday evening from Cedarville, where they have been employed for the summer.

A meeting of the Manistique flood committee was scheduled for last night at the city hall.

Mrs. G. A. Russell and Mrs. Tremont of Lansing, are the guests this week of Mrs. C. L. Clemens.

Mrs. E. Oliver left Tuesday for Alpena, after a stay at the Chas. Bartlett home in this city.

Paul Bushong, of Gladstone, was a Manistique business visitor on Monday.

Gillingham Weds Ishpeming Girl

Manistique people learned yesterday of the marriage of Theodore Gillingham, Manistique, which took place at Ishpeming on Monday, at the home of his bride's parents.

Mr. Gillingham was accompanied to Ishpeming by Clarence Thornell, of this city, who acted as best man.

As a prize for Howard Logan, the Michigan Agricultural College offered Howard free admission to the College for two years.

Mr. Perry was similarly non-determined, and plans to spend once previously.

F. W. Mellinger, new owner of the Manistique Coopers plant in this city, has been closing up the company's business this week.

WOMEN OF MIDDLE AGE

Much Interest Being Shown in the Large Number of Women Safely Carried Through the Change of Life by Lydia E. Pinkham's Vegetable Compound

The Following Letters Are Impressive

Owing to modern methods of living, few women approach this inevitable natural change without experiencing very annoying and often painful symptoms.

Lydia E. Pinkham's Private Text-Book upon "Ailments Peculiar to Women" will be sent you free upon request.

CIVIC CLUB STARTS JAP RELIEF FUND

Manistique Business Men Will Help Red Cross.

In the absence of a Red Cross unit in Manistique, members of the Manistique Civic club have taken a hand to help alleviate suffering in the Japanese earthquake zone, and a committee from the club is now at work collecting a relief fund in Manistique, which is to be sent to the National Red Cross.

Because of the fact that the local Red Cross has relinquished its charter, Manistique was not advised as to what amount would be required here as a quota, and for that reason no action had been taken here.

The committee appointed to collect the relief fund and forward it to the Red Cross is composed of O. G. Quick, E. W. Miller and R. W. Goodwillie. These men estimated that \$500 would be a fair share for Manistique to raise, and contributions taken this week will go to make up that quota, though it is also probable that the amount may be over-subscribed in fixing the sum, the club men based their estimate on the sums allotted to other upper peninsula cities by the Red Cross.

Unknown Driver "Running Wild"

Manistique authorities sought yesterday to locate the unknown motorist who charged on the Soldiers' and Sailors' monument during the night, tearing up the turf at the base of the memorial, and demolishing a large flower bowl which stood at the south end of the little park.

The tracks left by the skidding car on the curb and sod indicated that the right rear tire was flat or had come off, and the officers took this as a possible clue to locate the wild autoist.

Mr. Perry left yesterday for his the remainder of the week at the Wisconsin resort, where an attractive program of activities has been arranged for the men whose records have earned for them the free recreation trip.

Mr. Perry was similarly non-determined, and plans to spend once previously.

F. W. Mellinger, new owner of the Manistique Coopers plant in this city, has been closing up the company's business this week.

Perry Is Given Waukesha Trip

In recognition of his good record for writing Metropolitan Insurance, J. N. Perry of Manistique has again been chosen from this district to attend a big get-together meeting of insurance men, held this week at Waukesha, Wis.

Mr. Perry left yesterday for his the remainder of the week at the Wisconsin resort, where an attractive program of activities has been arranged for the men whose records have earned for them the free recreation trip.

Mr. Perry was similarly non-determined, and plans to spend once previously.

F. W. Mellinger, new owner of the Manistique Coopers plant in this city, has been closing up the company's business this week.

WASN'T DRUNK SAYS AUTOIST TO MCKINNEY

"I've been here 11 years, and nobody's ever seen me drunk," said William Hayden, Manistique township, who was arraigned in Justice McKinney's court Tuesday morning, charged with driving his car while intoxicated.

Hayden's home is at Marblehead, but he has been employed at Manistique for the past two months as a garage mechanic. He has served enlistments with the United States Navy, and was one of the sailors making the famous trip around the world in 1907.

According to Chief of Police Petersen, Hayden has usually been a careful driver not given to exceeding the speed limit with his car. The arrest was made Monday evening by Officer Mike Bond.

OLD FAVORITES STAR IN GERO FILM TONIGHT

"Looks like a movie colony directory," commented Manager Ben Gero of the Gero theater, as he perused a list of famous screen stars who will appear here tonight in the feature picture, "Souls For Sale."

Mae Busch, also a member of "The Christian" cast who made a new reputation for herself by her acting in that film, appears as Robina Teale, screen leading lady. Miss Busch was recently given a long term contract by Goldwyn and is now a member of its permanent stock company.

Barbara La Marr was especially engaged for the role of the film vampire, Leva LeMaire. She has been seen in many important productions of late, "The Prisoner of Zenda," "Trifling Women," "Quincy Adams Sawyer" and "Poor Men's Wives."

Frank Mayo was engaged for the role of Tom Holby, film leading man in the picture, and did such excellent work that Goldwyn at once engaged his services for a term of years. He will be featured in future big productions. Mr. Mayo has been starred in many Universal productions.

Low Cooley, famous as a screen villain, was engaged for the part of Owen Scudder, the man responsible for Remember Stedon's leap from small town life as the daughter of the minister into the motion picture business in Hollywood. He makes Scudder a delightful screen acquaintance despite his villainy.

Councilmen Have An Easy Session

There was very little work for the Manistique city council at their regular meeting this week, and the five aldermen present Monday evening had nothing to do but approve the usual current bills.

A petition from James Gardner asking permission to erect a sign was granted, and the city fathers adjourned early. The matter of a school resolution which was to have been taken up at this meeting was postponed because the required number of aldermen were not present to vote on the question.

Potato Experts Take Vacations

Two Cadillac potato experts stopped at Manistique Monday, and held short conferences with Miss Haze Wickwire, secretary of the Farm bureau here. They were C. C. Wells, general manager of the Michigan Potato Growers' Exchange and Robert Wiley, who is regarded as an expert on potato growing matters.

The men were on a short vacation trip, which they were employing to good advantage by making a survey of potato crop conditions throughout the state.

Tons of Apples Will Be Wasted

Tons of fine Schoolcraft county apples will go to waste this year, the growers are unable to market them at a profit. Trees in this vicinity are heavily laden with the fruit, some of which will never be picked, because there is no market offered for their disposal.

Kantzler Inspects Goodwillies Plant

A possible buyer for the Goodwillie Box Company plant inspected the property in Manistique on Tuesday, and dismantling of the plant has again been postponed, pending the outcome of negotiations.

The prospective buyer is John Kantzler, who arrived in the city Monday, and has been looking over the facilities offered in Manistique. He was accompanied by R. W. Goodwillie, who is attending to the Goodwillie Green interests in this city.

HARMONY FOUR GIVE CONCERT HERE TONIGHT

Augustana Players Will Appear at Swedish Lutheran Church.

Indications are that the Swedish Lutheran church will be crowded this evening when members of the Augustana Harmony Four appear in concert.

The Harmony Four, a group of musicians of Augustana college, Rock Island, Ill., will present a program of the finest concert numbers. They are making a tour of the upper peninsula and appeared in Escanaba last night, coming here for one concert this evening.

MY FIRST DOLLAR

E. J. NOREUS.

Edward J. Noreus, cashier of the First National bank of Gladstone started out as a newsboy.

"My first dollar," said Mr. Noreus, "was made selling papers on the old docks at Escanaba. Any number of small sailing vessels docked there in those days and I sold my papers to the sailors. They cost two cents and I sold them for five cents, so it didn't take more than a day or two to make that first dollar."

"I might add, though," said Mr. Noreus, with a chuckle, "that the first money I earned I didn't get."

"An older boy promised me a quarter if I'd help pile three cords of split wood. I went to work like a trooper. A few hours later, with several aching muscles, I reported to collect. He handed me a quarter of a cent."

"G'wan, he growled, 'I never said what I'd give you a quarter of.'"

"I want to tell you, I've never forgotten that."

PERSONALS

Mr. and Mrs. Fred Kaempff left yesterday for their home at Ishpeming after a few days' visit with relatives here.

Mr. and Mrs. Alfred Radandt and Mr. and Mrs. Edward Miller have returned from a day's outing at Thunder Lake.

Mr. and Mrs. Otto Christenson, their niece, Miss Hilda Christenson and Miss Edith Olson have returned to Escanaba after visiting relatives here.

Edward and Frank Erickson have returned to their home at Carney after a visit with relatives here.

George Sinclair and Helmer Blomquist have returned from a motor trip to Powers.

Mr. and Mrs. Jack Rogers and children and George Pease, Jr., have returned from an outing at Thunder Lake.

George Anderson left last night for Detroit where he will attend school during the coming year.

MOONSHINE MASH PLUGS SEWER LINE

Some Gladstone moonshiner is becoming careless.

Monday, the sewer on Wisconsin avenue was discovered to be blocked and a hurry call was sent in to city administration for help.

A member of the city water department responded and found the sewer plugged completely with none other than corn mash.

Now the city sleuths are busy tracing up the corn mash and they are confident that they will soon know who dumped it in the sewer.

TAX ROLL FOR SEWER SYSTEM IS REPORTED

E. M. Perkins Given Lease On South Gladstone Property.

Gladstone's city commissioners held a busy two hour session Monday evening at the regular meeting held in the city hall.

All members of the commission were present, as well as City Manager C. W. Ham, City Attorney Glenn W. Jackson and other citizens interested in the matters to come before the commissioners.

A tax roll covering cost of construction of a sewer system on Michigan avenue between Twelfth and Fourteenth streets was reported by E. M. Johnson, city assessor. Date for hearing of objections by property owners affected, to this tax roll, as reported, was set for Monday night, September 24.

This hearing will be held before the commissioners. A petition that the Michigan avenue sewer be extended to include three lots west of Fourteenth street, was taken under consideration and Manager Ham was instructed to prepare plans, profiles and estimates of the cost of construction of the extension.

Given Lease. Elmer M. Perkins was granted a lease for any rights the city may hold to the easterly end of avenue B at South Gladstone. Mr. Perkins plans to move his filling station from its present location, east to that portion of the avenue.

Other matters were discussed and the meeting adjourned.

NEGAUNEE TO TRY COMEBACK HERE SUNDAY

The Negaunee City team has been scheduled for a game here next Sunday afternoon with the Buckeyes. These teams met in a double header on Labor Day and the locals won both games, by a 9 to 7 score in the forenoon and 3 to 2 in the afternoon game.

The Negaunee players are not satisfied with their showing in these two games and yesterday wired a request to the Buckeye management for a game this coming Sunday.

Several members of the Buckeye team have already started practice for the Gladstone high school football season but they will nevertheless appear in the lineup for the game with Negaunee. Either Vanderweghe or Gervais will pitch the game.

Negaunee has three pitchers, Anderson, Peterson and Goldworthy, but the latter is expected to start against the locals as he was most effective in the last series. He and Gervais engaged in a pitchers' duel that probably will be re-enacted next Sunday.

Theft of Papers To Be Punished

Taking papers from doorways is a serious offense, and unless the practice, which has become quite common in Gladstone, is discontinued, offenders will be severely dealt with.

Subscribers along Delta avenue are continually complaining about stolen papers and it is known that parties waiting for street cars have made a practice of taking these papers. Those guilty of the theft probably do not realize the seriousness of the offense and this warning is given at this time in order to save trouble for them.

RECEPTION FOR TEACHERS TO BE HELD FRIDAY

A reception will be held at the Alice Memorial Methodist Episcopal church next Friday evening in honor of the teachers of the city of Gladstone and vicinity.

The reception is in charge of a committee composed of members from the several departments of the church.

Special arrangements have been made to put on a program which will make all attending the reception to feel at home. There will be no wall flowers.

Those invited to attend—All public school teachers in the city of Gladstone and vicinity irrespective of their denominational affiliation.

All members and friends of the Alice Memorial Methodist church congregation.

All strangers in the city who desire to get better acquainted with Gladstone boosters.

Place of reception—The Alice Memorial Methodist Episcopal church, corner of Twelfth and Wisconsin.

Time of reception—Friday evening, September 14.

GLADSTONE JEWS OBSERVE NEW YEAR'S

Gladstone followers of the Jewish religion with Escanaba Hebrews joined in the observance Monday and Tuesday of Rosh Hashanah or the Jewish New Year.

A celebration was held Monday evening at all Jewish places of worship and Tuesday morning, also. Among the more ritualistic followers, the New Year feast will be observed two days, ending this evening. The observance is a religious one only, marking a time to renew resolves and assume new courage for duties.

Gladstone Jews refrained from regular activities throughout yesterday and the Hub store remained closed all day.

Foresters Will Meet Tonight

All members of Sacred Heart Lodge, Catholic Order of Foresters, are asked to be present at the regular meeting which will be held this evening at All Saints' parish hall.

A number of business matters of importance will be taken up, followed by a social hour.

Time to Face the Facts

"So much has been said against the use of patent medicines that I have had a strong prejudice against them. But after four years doctoring with six different doctors, without results, for acute indigestion, gastritis, constipation, appendicitis and other ailments, I was said to possess, I was encouraged to try Mayr's Wonderful Remedy, seeing what it had done for a friend similarly afflicted."

"I also was entirely relieved of my trouble, and am sure this medicine will do all and more than is claimed for it." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere. Adv.

### MARKET REPORTS

**NEW YORK STOCKS.**  
New York, Sept. 11—Stock prices showed a firm tone in today's market but principal activities were in a few shares. Speculators for the advance continued to use the favorable foreign news as an excuse for bidding up favorites but there seemed a disposition on the part of many to await more definite developments. Day's sales were 605,200 shares.

**Chicago Produce.**

### PRESIDENT'S PROMINENT VISITORS

Henry Ford, the auto manufacturer, and Secretary of War Weeks, recently were closeted with President Coolidge in the executive offices at the White House. This photo was snapped when they finished the conference concerning the Muscle Shoals project.

### CITY BRIEFS

Mr. and Mrs. John Christoff have returned from a motor trip after visiting at Milwaukee, Racine and Fond du Lac.

Mr. and Mrs. Andy Burrows and son of Minneapolis, formerly of Gladstone are guests at the home of Mr. and Mrs. P. Mayotte.

Ice Cream is an American dish. And the best ice cream is always flavored with Van Duzer's Extracts. All good grocers. 255-11

Mr. and Mrs. Fred H. Stricke, of Chicago, are visiting with relatives and friends in the city.

Mrs. N. W. May of Minneapolis is the guest of relatives and friends in the city.

Yes, Mr. Grocer, I want Big Jo Flour. Why use any other. It is the best I ever used. 255-11

John McGuire of Oak Park, Ill., formerly of Ford River, who has been visiting with relatives and friends here for the past week, returned to his home last night.

You will never know how much there is in that little film of yours 'til you see an enlargement from it made at the Photo Art Shop. 255-11

Cyrus La Motte of Garden returned last night from Muskegon, where he has been employed by the Continental Motor company.

### "P-T" Members To Inspect Gardens

Gardens which have been kept up during the summer by members of the Garden Club of the Jefferson School will be inspected this week by members of the Jefferson Parent-Teachers' association. Reports will be made at the next meeting of the parent-teachers' group.

### FALL SUITS.

Green shades, of dark and grayish hue, are chosen for many of the fall suits on which mole and seal constitute the trimming.

### SHOE SATIN FOR HATS.

One of the crushable little hats useful for motoring and all-round fall wear is of black shoe satin. It is all over stitched and self trimmed.

### OBITUARY

#### HOLD FUNERAL TODAY.

Funeral services over the body of Anthony Kosky, of Wells, who passed away on Friday, will be conducted at St. Patrick's church at 9 o'clock this morning. Interment will be at Lakeview cemetery. Mr. Kosky had lived at Wells for a number of years and it is expected that the funeral of today will be largely attended.

#### WILLIAM SHOMIN.

William Shomin, aged four months, son of Mr. and Mrs. Frank Shomin of 1515 Stephenson avenue, died last night at the family home. The body was brought to the Allo Funeral Home. Funeral arrangements have not yet been completed.

#### COMING AND GOING.

Arrived—Mariposa, W. L. Brown, Rock.

Cleared—(All).

As leaves are falling from the trees hay fever comes in with a sneeze.

## Checks Save Miles

A hundred years ago it was often necessary for a business man to travel many a rough mile with his money to settle an account.

Later it became possible to send his money by express. Today he merely sits at his desk and writes a check in settlement of an account at home or abroad.

A checking account at this bank is a mighty handy thing.
