

TIDAL WAVE HITS LOWER CALIFORNIA

NEW HOPE FOR A SETTLEMENT IN THE RUHR

WHOLE SITUATION LOOKS FAVORABLE AT THIS TIME.

BY DAVID LAWRENCE.

Washington, Sept. 12.—Almost overnight has the spirit of hope and encouragement with reference to the European outlook come over official Washington.

The news that Germany is about to cease passive resistance in the Ruhr is accepted as due in large part to the influence of Great Britain.

The break in the Ruhr situation is not due to any sudden realization by Germany that passive resistance was a wrong policy but to a knowledge that France was determined to go through to the bitter end and that the support of Britain was of little value unless the British were ready to take drastic steps.

Significant rumors. For many weeks the American government has been aware that beneath the surface negotiations were proceeding between the industrialists of all European powers with a view to effecting a settlement.

The gradual decline of the mark and the certainty that if unchecked the situation in Germany would drift into the hands of the monarchists and bring about economic chaos with no particular advantage to anybody has brought the present German ministry to its senses and will no doubt have a sobering influence on the French.

The belief here is that Great Britain has assumed the role of confidential mediator and that she will be in a position to regain the trust of France and preserve the entente by the negotiations now in process.

The American government is taking no active part in what is going on but is an interested and well informed on-looker.

Deputy Sheriff Is Held For Killing

Chicago, Ill., Sept. 12.—Daniel McFall, a deputy sheriff was arrested late this afternoon on a charge of murder, growing out of the shooting of Jerry O'Connor in a saloon here, in a gang war alleged to have been staged by a band of rival beer runners.

The first British society for lowering the cost of living through co-operative buying and selling of staple commodities was formed seventy-five years ago by a few workers employed in a cotton mill near Leeds.

Yes, We Have No "Banana Belt"

Ironwood, Mich., Sept. 12.—The first snow of the season in the Iron Range country was witnessed here at noon today when snow flurries lasting 20 minutes followed a gradual drop in temperature.

At other points south of here in the west and south, the declining temperature was followed by hail, doing little or no damage.

SNOW AT HOUGHTON. Houghton, Mich., Sept. 12.—Snow fell at Houghton between 3 and 4 o'clock this afternoon, lasting for about one hour.

FLURRIES AT ISHPEMING. Ishpeping, Mich., Sept. 12.—Snow flurries beginning at 3 o'clock and lasting about a half hour fell this afternoon.

READY TO GIVE REAL GUARANTY

GERMANY ANXIOUS TO SECURE FREEDOM OF RUHR.

Berlin, Sept. 12.—(By the Associated Press)—Admitting that the Ruhr fight had been lost and that they could see no prospect of the internal reconstruction of Germany until the foreign conflict had been adjusted, Chancellor Stresemann remarked:

"Candor is preferable to illusion and Germany desires to speak out plainly."

Informal conferences with the occupying powers had revealed the gravity of the existing difference which he said primarily involved the question of German sovereignty and the restoration of complete administrative freedom in the Ruhr.

Outlines Plan. The chancellor's speech did not contain a direct reference to any readiness on the part of Germany to call off passive resistance but presented a more precise formulation of the nature of the productive guaranty which Germany had to pledge for security of her creditors.

Berlin, Sept. 12.—(By the Associated Press)—Chancellor Stresemann in an address today declared:

"We are ready to give a real guaranty in order to secure the freedom of the Ruhr."

He admitted that a solution of the problem could not be obtained by passive resistance in that district.

Addressing a gathering of newspaper editors, the Chancellor, after reviewing the economic position of the country turned to foreign questions.

He said that candor was better than illusion and therefore he wished openly to say that without a solution of the foreign policy disputes, that the financial situation could not be settled and the collapse of the mark could not be restrained.

Preparations are going forward for the second national exposition of power and mechanical engineering, to be held in New York city next December.

70 KILLED AT PRAYER DURING JAP DISASTER

STRICT CENSORSHIP OF MESSAGES ENFORCED.

Tokio, (Via Osaka) Sept. 12.—(By the Associated Press)—Among the casualties in the earthquake disaster reported today were 70 men who were killed while in church praying. Many persons are said to have been injured as a result of the quake.

STRICT CENSORSHIP. Shanghai, Sept. 12.—(By the Associated Press)—Refugees arriving here say a strict censorship is enforced in Japan. Japanese government officials, they said, had sealed all ships' radio and prohibited the sending of even private messages from Tokyo and Yokohama.

Other refugees reported that many illiterate Japanese attribute the earthquake to the influence of "foreign devils." Still other Japanese of low trade intelligence, the refugees say, have spread rumors that the earthquake was caused by the explosion of the Standard Oil tank.

Japanese officials are doing everything possible to prevent the spread of such rumors. It is believed that the censorship was announced by the Japanese authorities in connection with code messages. No messages may be sent either to or from Japan by cable unless they are in plain English or Japanese.

Nothing but government messages can be sent to Japan by radio as yet although the private personal messages may be sent from Japan by radio.

APPALLING LOSS CONFIRMED. Washington, Sept. 12.—Further confirmation of the appalling loss of life among refugees who crowded into the compound of the army clothing warehouse in Tokio during the fire following the earthquake, was received in official despatches from the Tokio foreign office to the Japanese embassy. Almost all of the 32,000 persons who thronged into the compound were burned to death, the despatch said.

Detailing measures of relief being taken, the foreign office said: "At the cabinet meeting on the 9th it was decided to exempt from import duty all rice, poultry and eggs. Since the earthquake 4,000,000 bushels of rice have been shipped to Tokio and Yokohama."

SITUATION UNDER CONTROL. Washington, Sept. 12.—Ambassador Wood in an undated radio message apparently sent from Tokio several days ago, reported to the state department that the relief situation in the Japanese capital "was now thoroughly in hand."

"Five American destroyers of the American squad had arrived at Yokohama. "All Americans surviving in Yokohama are on ships and in safety," the message said.

"The embassy heads evacuated 140 Americans and 21 British from Tokio today on an American destroyer. Relief ships being loaded in Manila. Arrival of food removed danger of hunger of the foreigners."

Another long list of Americans "definitely known to be safe" was forwarded to the state department by Consul Dickover at Kobe.

Preparations are being made in Vancouver for the entertainment of the annual convention of the Trades and Labor Congress of Canada, which will meet in that city on September 10.

DAVID WILTSE, DELTA PIONEER, PASSES AWAY

Was One of Oldest Twins in America.

David Wiltse, who with his sister, Mrs. Maria Senaba, of Pensacola, Fla., were the oldest living twins in the United States, passed away shortly after noon yesterday at the home of his son, George Wiltse, at Pine Ridge, at the age of 92 years.

DAVID WILTSE

when a complication of disease developed. His strength gradually ebbed and shortly after he passed peacefully away.

Born in Canada. Mr. Wiltse was born at London, Ont., May 23, 1831, and remained at that place until he was a young man of 22 years. He entered Michigan through Port Huron, before the Michigan Central railroad was constructed through the lower peninsula to Chicago. The ties for the proposed railroad were scattered along the right of way and he frequently told of his walk to Chicago over the ties of what afterward became one of the principal railroads of the state.

He remained in Chicago, then but a frontier trading post, but a short time, going to Green Bay in 1853.

Traversed Wilderness. After stopping in Green Bay for but a few months, he walked through the wilderness to what is now Delta county, arriving here before the village of Escanaba was established. He stopped at Masonville, then the county seat of Delta county, and since that time had been a citizen of this county, making him a continuous resident of Delta county for over 70 years.

In spite of his advanced years Mr. Wiltse retained all of his faculties nearly to the end of his life, retaining a lively interest in all public matters.

The body was removed yesterday to the Alto Funeral Home, where it will remain until definite arrangements for the funeral are made. It is expected that plans for the funeral will be concluded today and it is likely that the service will be held on Friday afternoon.

Mr. Wiltse was widely known throughout Delta county and it is expected that his funeral will be largely attended.

Tobacco Smoke Not As Deadly As Was Claimed

Milwaukee, Wis., Sept. 12.—(By the Associated Press)—The tobacco smoke is far less deadly than scientists in the past have claimed. This is the opinion expressed by three investigators of Pittsburgh before the semi-annual meeting of the American Chemical Society here today.

COLD WEATHER ADDS TERROR TO JAP CASE

FEAR IT WILL TAKE BIG TOLL AMONG SUFFERERS.

Washington, D. C., Sept. 12.—Japan's dire need of clothing and building materials to protect the multitude of earthquake sufferers was recognized by the American Red Cross which authorized the quick shipment of hundreds of thousands of dollars worth of clothing as well as large quantities of corrugated iron sheeting.

Urgent requests came from the stricken area, stating that the advent of cold weather made immediate action imperative.

An indication that the Japanese government feared that freezing weather will take a heavy toll from the half-nourished population was found in a message received at the Japanese embassy here.

It is said that in addition to shelter and clothing, heating apparatus of all types was needed and gasoline was also asked for. The relief fund being collected for the sufferers grew steadily, with \$5,562,100 entered in the books at nightfall. This sum is exclusive of \$122,500 payment made early last week by the American Red Cross.

CHICAGO PAYS HALF QUOTA. Chicago, Ill., Sept. 12.—The first payment of Chicago's aid to stricken Japan, \$250,000, was turned over to the Red Cross of fields today. This is half of the amount the Chicago business men set as the city's quota and \$100,000 less than that asked by Red Cross officials.

The central division of the Red Cross over subscribed their quota of \$300,000 but continued gathering funds for the Japanese Relief fund today. Walter Davidson announcing that the drive would continue till all states had reached their quota amounts which had been set.

MUSSOLINI IS ODDLY SILENT

Rome, Sept. 12.—(By the Associated Press)—Premier Mussolini remains absolutely silent with regard to the attitude Italy will take if at the expiration of the time limit set for Sept. 15, Jugo-Slavia does not accept the conditions laid down in a joint agreement of the Italian Jugo-Slavia commissioners concerning the administration of Plume, or shows signs of proceeding in what is termed her procrastinating policy.

One thing seems certain — that Mussolini is determined that the Plume question shall not be settled and that immediately.

The Italian newspapers say that there are signs of a campaign about regaining Plume which had its origin in Jugo-Slavia propaganda. They also pretend to detect an inclination to mix the Plume question with the Greco-Italian quarrel and also express the belief that the suggestion of the mediation of a friendly state — France — between Italy and Jugo-Slavia which Italy neither could nor would accept because of this propaganda.

Although thus far the Serbian government has not notified Italy whether it accepts or declines the plans suggested by the joint Italian-Jugo-Slavia commission, hope is held that a direct understanding between Italy and Jugo-Slavia still is possible which might prove less favorable to Jugo-Slavia than the plans of the joint commission.

SETTLEMENT LABORIOUS. Paris, Sept. 12.—(By the Associated Press)—Arrangement of details for the settlement of the Italian-Greek conflict is proving laborious. The council of ambassadors with Sheldon White, counselor of the American embassy representing the United States as an observer, held two sessions today without arriving at final agreement. The instructions of Premier Mussolini received in reply to reports of yesterday's proceedings of the council sent to him by Barron Avezano, the Italian ambassador, apparently were unsatisfactory to all the ambassadors.

Gov. Walton Asks Resignations Of Tulsa Officials

Tulsa, Okla., Sept. 12.—(By the Associated Press)—Charging that Tulsa county's three jury commissioners and the police commissioners are dominated by the Ku Klux Klan, Gov. J. C. Walton today demanded the resignation of the jury commissioner and asked a committee of citizens to call upon the sheriff and police commissioners to retire, in presenting the charge upon which he will revoke the declaration of martial law here.

KLUX LEADERS ARE INDICTED

HOLD TEXAS MEN HIGH IN PUBLIC LIFE.

Dallas, Tex., Sept. 12.—(By the Associated Press)—Indictments alleging connection with recent flogging and white-supremacy charges against with prohibited weapons, others charging misconduct in office, were returned almost simultaneously this morning against men who have been high in public life in the South West.

C. W. Reber, former major of the Oklahoma National Guard and Malcolm Touch, formerly chief of the Shawnee, Oklahoma fire department are alleged to have directed the abduction and whipping, in March 1922, when the Ku Klux Klan took part in the flogging party, according to flogging charges filed at Shawnee.

Indictment against Sheriff Loss Whitaker, county attorney, Henry Ford, and four others were also returned today by the Potter county grand jury at Amarillo, Texas.

The indictments were returned in connection with the recent flogging of MacDonald, who was severely beaten and a coat of tar and feathers applied.

The sheriff and the county attorney were charged with misconduct in office while the other four men were charged with assisting with the floggings.

Rangers were sent here to investigate the case and charge against all men under indictment with the exception of four, were filed.

ALEXANDER AND ADAMS WIN BY GREAT CONTROL

Why are Babe Adams and Grover Cleveland Alexander, two veteran pitchers of the National League, right up among the leaders in games won?

The answer is control. These two great pitchers have the happy faculty of getting the ball over. The opposition must earn their way on the bases with Adams or Alexander pitching.

The National League average reveals some interesting facts relative to these two great pitchers. Adams, in winning 13 out of his first 17 games, was only 17 bases on balls, an average of one a game.

Alexander, always noted for his steadiness, boasts an even better record for control. In winning 18 of his first 25 games, Alexander passed only 12 men, considerably less than one a game.

DAUGHERTY SAYS ENFORCEMENT IS SHOWN SUCCESS

Declares Prohibition Being More Strictly Observed.

Washington, D. C., Sept. 12.—Conviction of judges, attorneys, Federal and state officials and millionaires among the hosts found guilty of violating the prohibition law, was detailed in a report submitted to President Coolidge today by Attorney General Daugherty.

A synopsis of the report made public with the consent of the president reviewed the Federal judicial work in administering the prohibition law in the first forty-one months of operation. It showed that since the law went into effect Jan. 16, 1920, more than 90,000 cases had been formulated in the United States court with 72,459 convictions and fines aggregating \$12,467,850.

There has been a constant yearly increase in prohibition prosecutions the report of Atty. Gen. Daugherty showed while full sentences for the past twenty-three months have totaled more than 2,000 years.

Went After "Leaders." The report also disclosed that more than a year ago he sent a special series of instructions to district attorneys, an prohibition enforcement, demanding a more relentless campaign against bootleggers and other prohibition violators, especially "cliques," "rings," and so-called "leaders" in all large cities.

In eighty per cent of Federal court cases, the report said, the defendants were found guilty. Although the records for the past fiscal year are not complete, the report estimated that there has been at least 10,000 more convictions than in the preceding year and 15,000 more than two years ago. The figures, Attorney Daugherty said, indicated a stricter enforcement in all sections of the country.

Charges Covenant Of the League Is Weak and Fragile

Geneva, Sept. 12.—(By the Associated Press)—A lively discussion over the covenant of the League of Nations which was held in practice here by the Geneva delegation again a dramatic tone today. The sub-committee was considering the proposed pact for mutual assistance which was provisionally arranged at Paris as a compromise of the British and French conception of the pact when Branding arose and said the treaty appeared to be all guaranty and no disarmament and more coercive than conciliatory.

After all, he declared, the covenant of the league had in practice proved ineffective. He questioned whether it was wise to adopt the more stringent measures provided in the new treaty when they could not enforce those already existing.

This allusion to the Greco-Italian crisis brought Lord Cecil to his feet with the vigorous answer that there was no question that the league had lived up to its duty.

To Outline Use of Navy As Dry Force

Washington, D. C., Sept. 12.—The opinion of the department of justice as to the locality of the use of the army and navy in enforcement of the prohibition law, was completed today and Attorney General Daugherty said that it would be handed to President Coolidge tomorrow.

They are turning tin cans into copper in Arizona. In many of the mining centers cartons of tin cans as well as scrap iron are put through a process to extract the copper from water seepage pumped from the mines. The water contains a small quantity of copper and the scrap iron and zinc deposited in the bottom of the canisters containing the scrap. A very low expense is involved in this process.

ADVICES SAY LOSS OF LIFE MAY BE HEAVY

FISHING VILLAGE UNDATED AND RELIEF SENT.

Mexicali, Lower California, Sept. 12.—Wireless message received here late today reported the destruction by tidal wave, of San Jose Tlaco, a small fishing town on the west coast of Lower California just above Cape San Lucas. The number of lives lost is not known.

Most of the 500 inhabitants are believed to have escaped to high ground when the tidal wave swept over the place yesterday according to radio advice sent out by a steamer which cleared Cape San Lucas shortly before the tidal wave occurred.

Sixty-two carrying merchandise from Guaymas which had cleared the cape in time to escape damage in the tidal wave, has been ordered to return to town for relief work, the message stated.

One of the vessels, it was said carried 300 laborers for the cotton fields.

KILLING FROST INDICATED IN THE NORTHWEST

Chicago, Sept. 12.—With repetition of frost which reached crop killing intensity in several sections of the North and West expected for tonight, still further crop damage was predicted here by weather bureau officials with the utmost certain prospect, summer being definitely left behind.

Killing frosts were reported from various sections of the North and South Dakota with still lower temperatures in Montana and part of northern Wyoming.

Frosts for tonight are expected in sections of Montana, North and South Dakota, Northern and Eastern Minnesota, upper Michigan and Wisconsin.

The cool weather starting off the country several days ago from Canada has made it almost certain, weather forecasters state that warm summer temperatures are gone till next season brings them back.

Cloverland Post To Meet Tonight

Cloverland Post of the American Legion will meet at 8 o'clock tonight in the new clubrooms, 595 Ludington street for an important business session, to be followed by a luncheon, smoker and athletic exhibition. Eddie Brunell has been detailed to handle the entertainment by straw, which assignment is in itself a guarantee of an enjoyable session. Reports of the state convention delegates, plans for furnishing of the clubrooms, outlining and adoption of house rules and football plans will be subjects taken up in the business session.

Table with 2 columns: Location and Temperature. Includes entries for Escanaba, Marquette, Boston, Buffalo, New York, Jacksonville, New Orleans, Chicago, Detroit, Omaha, Minneapolis, Helena, San Francisco, Winipeg, Cincinnati.

AMERICA'S EMISSARIES IN JAPAN

This is the official American diplomatic group in Japan, with which the State Department at Washington is frantically trying to re-establish communication.

and exercise their voices. If you ask Mr. Barnhart about it, you find that his method of making a crowd want to sing, which looked so simple, is based on complex principles.

Some of the sing leaders have a limited and definite aim—to make people sing. They achieve this end by employing crude vaudeville humor and by bringing the affair down to the supposed level of the public intelligence.

Mr. Barnhart says that the singing is the obvious side of the community music project, but he is equally interested in tracing unseen causes and effects.

A Fountain of New Life. It is the idea that singing can be a great fountain of new life that guides Mr. Barnhart.

need to every man from the first tribal days to the present. It cheers. It heels. It radiates joy and releases fresh creative energy.

These solemn ideas and others still more profound are back of the cheerful, magnetic manner with which the conductor leads his singing audience.

New York doesn't know much about Mr. Barnhart's metaphysics. It only knows that he can make 10,000 New Yorkers sing and he does it with great success every Thursday night.

When the sea birds gather on the isles of the Pacific Northwest in Alaska and British Columbia, in June, the Indian follows the white-winged flocks for his summer harvest of eggs.

Peanut oil is one of the prime necessities of the average Chinese in South China. As a cooking oil and foodstuff it means to the Chinese what olive oil does to the Spaniard or Italian and lard to the American.

HEY, CADDY!

Jewish Residents Observe Festival Of The New Year

Orthodox Jewish residents of Escanaba at sunset last night brought to a close their two day observance of the Hebrew New Year, Rosh Hoshana, marking the beginning of the year 5685 in the Jewish chronology.

The Hebrew calendar dates back to the creation of the universe 5684 years ago. According to the Hebrew chronological calculations the flood occurred in 4028 and the ancestors of the Jewish race are believed to have entered Egypt in 3466.

Thursday, September 20, Yom Kipur, or Day of Atonement, will be observed. At this time all members of the orthodox church whom refers to live up to the teachings of the faith pause to reflect upon the deeds of the past year.

TOM SIMS SAYS

Pinchot says he will go through with coal troubles until cat is skinned. We may be this cat. Auto hit a man named Solineki in Los Angeles. Our guess would be the auto thought he was a Polo.

People who don't like stock actors will enjoy learning one was failed for speeding in Oregon. Chicago agents have seized 1,594,640 had eggs. Grand Opera will open in Chicago soon.

About 6000 cases of beer were seized in Philadelphia, but the weather is getting cooler now. Major General March has married. Now he will learn how it feels to obey orders.

Michigan vacationist was lost in the woods 13 days. Just think of the money it saved him. Two brothers parted 60 years ago in Boston. Bet one said, "Where is that necktie of mine?"

Lloyd George continues to prove his greatness. He will visit America without lecturing. Had a 40-mile canoe race on the Illinois river. The man best at paddling his own canoe won.

Since 30,000 horses are killed in bull fights in Spain every year they ought to use dividers. It has been about six years since a potticoot showed. New rule permits Turks to have gold teeth. It will make them grin.

Russians will celebrate Christmas this year. Hope they get razors.

CITY BRIEFS

Miss Amelia Perow returned to Fond du Lac, Monday after a visit at the home of her parents in Bark River.

Miss Elsie Olson of Escanaba, visited at Fond du Lac, enroute to Chicago, where she has accepted a position.

Miss Irene Perow of Bark River, has accepted a position in one of the department stores at Fond du Lac.

N. C. Baum, of Omaha, Neb., is visiting at the home of his parents, Mr. and Mrs. C. A. Baum.

HARRY BARNHART THE PIED PIPER OF NEW YORK CITY

Community Singing Should Be Fountain of New Life.

New York.—They call Harry Barnhart the Pied Piper of New York, not because he has any interest in rats but because of the dream. Every Thursday evening a troop of children watch a signal and follow in a gay parade the walks of Central park, where the band plays a Sousa march.

He is of a more solid build and white suit lacks the bizarre coloring of Browning's original farmer's costume. But the neary twinkle in his eye, and the dream who follow him have the look of eager interest as the children are said to have seen.

The piper finally leads his band not out of sight but up to a bandstand, and there in full view of the adult audience they sing "America, the Beautiful."

The march of the children takes place at the end of New York's weekly community singing, a man who, by merely saying, "Sing now, children," can get a thousand boys and girls to follow him, has a similar magnetic influence on adults.

Through the summer crowds of from 100 to 20,000 come to the concerts by the people. For an hour or two they forget lights and singing over on Broadway and the stress of life on the crowded streets of the city. They come out to Central park to sing the old songs, and perhaps to learn a new song as well.

They say that the man who never sang before timidly added their voices to the volume of sound. Even a man who is afraid of his own voice gains confidence in him as he knows that 10,000 others are with him.

Community singing is an old thing, but there is something new about Harry Barnhart and his band and his singers that preside over your taking the affair as a matter of course. It is hard to say, but you notice for one thing that here is a large audience of all classes and nationalities.

All of them are enjoying themselves, and most of them are singing.

Sing to Be Cheerful. The leader does not talk him-horse urging them to join in music. He does not try to be funny, though the gathering is a jolly, cheerful. He does say things like this to his audience: "When you came here you were sad and looked depressed. You slumped down on the benches. This is a Merry Life—is a jolly song. It can make you feel cheerful and you can carry that cheer home with you. Sing it as though it ought to be sung."

And the audience does brighten and sing with enthusiasm. This looks as if the singing had purpose back of it, more than usual idea that it is a fine way for people to get together.

Wishing for sleep is a poor way to get it.

iced Postum is delicious

6 Cylinder Touring Car GOOD MECHANICAL CONDITION. FINE FOR HUNTING TRIPS. \$85 Escanaba Motor Co.

Special DEMONSTRATION R. H. South, factory representative of the Maytag Company, will be with us for a short time showing the new

This machine has more points of real merit than any washing machine on the market. It is beautiful in appearance, simple, safe and economical in its operation.

These Points Make The Maytag Gyrafoam Washer Stand Above All Others

- 1. It is made entirely of metal, with a cast aluminum tub, which cannot warp, rust, rot, swell, or corrode.
2. It is not a dolly, cylinder, vacuum or oscillator; the action of the water is produced by a startling new principle, which actually washes faster and cleaner than by any other principle.
3. It has a metal frame wringer of low design which makes it easy to reach over; swinging backward or forward; adjustable to five positions, and can be lifted from the machine if so desired; automatic drain plate; positive tension release, which entirely separates the 12 inch wringer rolls.
4. The lid is free from mechanical contraptions of any kind, which allows the operator to open the machine while it is in operation and inspect the clothes as they are being washed.
5. The Model 80 machine has a one-quarter horse power, General Electric motor, while the model 82 is equipped with the MAYTAG MULTI-MOTOR three-quarter horse engine.
6. The machine can be adjusted to any height; and has extra heavy castors permitting it to be easily moved.
7. It has a worm drive gear, the same as 95% of the large, heavy duty trucks, which insures plenty of power and smooth operation; all gears run in a bath of oil; less gearing on the Gyrafoam machine than any other washer on the market.
8. Will wash faster, cleaner and more efficiently than any other machine, due to the gyrotator which is in the bottom of the tub.
9. Behind it is the largest washing machine factory in the world, and a company of 30 years of successful manufacturing experience.

### TO MAKE PLANS FOR WORK WITH GIRL SCOUTS

Thursday to Be Girl Scout Day in County.

Plans for the year's work for the Girl Scouts of Delta county will be officially made at a meeting to be held today according to action taken at a meeting of all of the Girl Scout leaders of the county on Monday night.

As in the past Thursday of each week will remain "Girl Scout Meeting Day," but this year it will apply to all of the towns and cities of the county doing Girl Scout work.

This weekly Girl Scout Day has been found to be practical because through the courtesy of the schools that day has been left free as far as possible for Girl Scout activities.

**Need More Leaders.**  
There are several troops still lacking leaders but they will be notified as soon as leaders are assigned to them. Several changes have already been made. Oak Troop, formerly in charge of Miss Dorothy Kieffer, will have as their Captain Miss Alda Robb, with Miss Kieffer serving as lieutenant. Pine Cone Troop, formerly in charge of Miss Helen Roads, will have as their captain Miss Mary Nee with Miss Lita Shaw serving as Lieutenant.

Although several troops did not hold regular meetings through the summer to their members accomplished a great deal of Scout work by themselves. Three girls built a shack to qualify for their Pioneer badge. Several others have practically accomplished all the work required for their "Bird Hunter," "Tree Hunter" and "Flower Finder" badges.

**Attains High Place.**  
The Girl Scout are proud to acclaim the first girl in the county to complete her first class rank, Florence Valentine of Red Clover Troop. Florence not only completed her first class rank but she has qualified for the Golden Eaglet, the highest rank a Girl Scout can attain, in all requirements except the swimming work which she expects to complete at college this fall and return to us at Christmas time a "Golden Eaglet". To earn the Golden Eaglet badge a girl must have earned twenty one merit badges of which fifteen must be, Athlete, Bird Hunter or Flower Finder, Citizen, Cook, Dressmaker, Economist, First Aid, Health Guardian, Health Winner, Homemaker, Home Nurse, Hostess, Landlady, Child Nurse, and Pioneer.

**Two Near Goal.**  
Delight Mashek and Helen Valentine of Pine Cone Troop have nearly completed their first class rank and need only 6 or 7 merit badges for their Golden Eaglet rank.

Red Clover Troop and Pine Cone Troop two of the first troops organized are the present "Honorary Troops." Red Clover Troop has 54 merit badges to its credit and Pine Cone Troop has 65 merit badges to its credit. These two troops will be called upon this year to assist with the younger troops. Other troops are steadily climbing to these goals however and the end of the year will add to the honor ranks.

**Troops Assigned.**  
Assignments for services at the Fair Grounds was made at the leaders meeting. The girls will care for babies and small children on three afternoons in the following order:  
Wednesday, 12 p. m.—3 p. m. Troop 4 (Red Clover)  
Wednesday, 3 p. m.—6 p. m. Troop 7 (Oak)  
Thursday, 12 p. m.—3 p. m. Troop 5 (Pine Cone).  
Thursday, 3 p. m.—6 p. m. Troop 5 (Pine Cone).  
Friday, 12 p. m.—2:30 p. m. Troop 6 (Poppy).  
Friday, 2:30 p. m.—5 p. m. Troop 14 (Poppy).

**WOODLAWN NEWS.**  
Frederick Wickert was in Woodlawn Saturday.  
Miss D. Peterson and "Little Martha" started to Cornell with a horse and after going for some distance they had a break down.  
Mrs. H. D. Campbell was a Woodlawn caller.  
Mrs. F. L. Traylor of Gladstone was in Woodlawn last week to visit with friends.  
Joseph Kanupki and family of Toluca, Ill., and Andrew Zeglis and family of LaSalle, Ill., motored to Woodlawn to visit with their relatives here.  
Paul Nauman came home to spend Sunday with his wife and children on his farm in Woodlawn.  
Mrs. Layman and daughter Irene were in Woodlawn visiting with Mrs. Zeglis and children.  
Mrs. Paul Nauman and son Lester was in Escanaba shopping Wednesday.  
Miss Ursula Lakal of Alfred, is now visiting in Escanaba.  
Miss Jusion, Woodlawn school teacher, spent Sunday at the home of her parents at Escanaba.  
Joe Nevoroski of Woodlawn who is now employed at Northland in a camp, spent Sunday with his wife and children.  
Tony Auskis was in Cornell last week.  
Miss Lillian Kallman was a caller at the Nauman residence.  
Joseph White of Ensign was in Woodlawn to attend to business on Wednesday.  
Miss Norma Charlebois was at Woodlawn last week.

**UNINTERESTING ITEM.**  
A traveler who had stopped in Springfield, Ill., was being piloted along the route by a loquacious but somewhat tiresome cab driver who insisted on regaling him with local news of little interest to strangers. As they passed one house the jehu pointed the butt of his whip at it and remarked:  
"Lincoln's home."  
"Is he, indeed?" returned the traveler, bored but still polite.  
Canadian duck season has opened. Canadian farmers had better and children visited at the Phillip duck.

**COOKS NEWS.**  
Mr. and Mrs. O. J. Lovell left for an extended trip in lower Michigan, stopping at different places on their way and will remain a short while with their daughter Luella, who is at Chicago at present. The trip will be made by auto. They will be gone about two weeks.  
Mr. X. Savageau, has returned from an extended trip visiting relatives in Wisconsin. He will visit with his son, Rev. Father Savageau for a short while, then will spend the winter in Escanaba.  
Services will be held in the Catholic church at Nahma Sunday.  
Mrs. Andy Cooper and children accompanied by Mr. and Mrs. Napoleon Dubey of Manistique, called on Mr. and Mrs. John Leveille Sunday.  
Mr. and Mrs. Theodore Martin and sons Royal & Walter, visited Mr. and Mrs. Ozona and John Leveille Sunday.  
Ernest Cousineau whom has been recently employed at Rock, is home on a short vacation.  
Mrs. Anne Rubare is visiting relatives and friends in Cooks.  
Mr. and Mrs. Geo. Roberts and family motored to Garden Sunday night and took in the show of which they were well pleased.  
Mr. and Mrs. Theodore and Zebor Leveille were caller at the John Leveille home Sunday.  
Mr. and Mrs. Joseph Cousineau and children visited at the Phillip duck.

**AMUSEMENTS**

**AT THE ESTRAND.**  
Fans who recall "The Gentleman from America" and "Dead Game" will find a peculiar interest and an unusual attraction in the latest Hoot Gibson starring vehicle, Universal's "Shootin' for Love," showing at the Strand theatre, this last time today. For its direction it and "The Gentleman from America," which Raymond L. Schrock wrote. Now comes "Shootin' for Love" as a story from the combined pens of Sedgwick and Schrock and directed by Sedgwick. Some combination!

**AT THE DELFT.**  
Mother love has long been sung in poetry and song, but Father Love has not been mentioned so often.  
The deep, powerful love of a father for his son is exquisitely pictured in "Westbound Limited," Emory Johnson's gigantic human drama. Johnson, with that rare human touch that makes his work stand out distinctively, makes the great Father Love episode in "Westbound Limited," which is coming to the Delft Theatre, starting today, one of the really big features in this spectacular production. Ralph Lewis plays the leading role with Ella Hall as the feminine lead.  
In the supporting cast are a notable list of artists: Claire McDowell, Johnny Harron, Taylor Graves, Wedgewood Nowell, David Kirby, Richard Morris and Jane Morgan.

**BARKS FROM A PUP TENT.**  
It used to be said that a woman's crowning glory was her hair. In these bobbed days that can't be so. Nowadays it's her marksmanship. To some women a marriage license is just a gun permit. And to use a naval term, some husbands are, or rather were, gunner's mates.  
Some people can make you laugh without any effort. Others have to participate in those long-distance dance contests.  
Gone but not forgotten: "Lead me ten francs till payday, will ya?"  
Gone and forgotten: Last New Year's resolutions.

**MASONVILLE ITEMS.**  
Mrs. George Cook and Mrs. M. M. Bonz attended a meeting of the county council of the Girl Scouts last Wednesday afternoon at Mrs. Bushong's home in Gladstone.  
Ralph Dillingham received word last Friday of his wife's serious illness. Mr. Bonz took Mr. Dillingham to Munising Junction Friday afternoon so he could get the south bound train out of there that evening for Hart, where his wife has been staying with their son.  
The Osborne children are all sick with the whooping cough.  
Mrs. George Their left here Sunday morning to take a position at the Mackinaw depot for the winter.  
Mr. and Mrs. M. M. Bonz attended the Chatham fair, Escanaba, last Friday.  
Mr. and Mrs. Jay Dillingham motor to St. Ignace last Sunday to take Mrs. Dillingham's sister, Miss Mins Puffer and Mr. Gish. Miss Puffer was on her way home to Hart after spending several pleasant weeks visiting with her sister and Mr. Gish was making a short business trip to Alhuston. The Salvation Army from Gladstone held a meeting at the school house Sunday night.  
Mrs. Osborne and four children left here Sunday morning to go to Hulbert where Mr. Osborne is working.  
Mr. and Mrs. Bonz and Mrs. Gish and daughter Margaret drove to Munising Sunday afternoon.  
Mr. and Mrs. McIneston and Mr. and Mrs. Lewless were Gladstone callers Saturday night.  
Mrs. Niegren will give a Swedish coffee social Thursday afternoon for the benefit of the Girl Scouts. Every one invited.

**SPEED MANIAC.**  
"Walter," said a customer after waiting fifteen minutes for his soup, "have you ever been to the zoo?"  
"No, sir."  
"Well, you ought to go. You would enjoy seeing the turtles whizz past."—Juggler.

**WE TELL YOU SO**

There are no "Set Speeches" in our used car department. Every car has its own history, its own limitations and its own advantages. We tell you so—and even the inexperienced buyer knows at once that he can count on square treatment.

**A FEW OF THIS WEEK'S OFFERINGS.**

**DODGE BROTHERS TOURING.** 1921 car. Motor, finish and tires all in excellent shape. Equipped with shock absorbers. A snap at \$350.00.

**1921 DODGE TOURING.** Good shape throughout. A bargain at \$450.00.

**1920 DODGE TOURING.** Equipped with shock absorbers and in good mechanical shape. \$425.00.

**1916 DODGE TOURING** and still running as pretty as ever. A real buy at \$225.00.

**FORD ONE-TON TRUCK.** 1923 model, with stake body. Run only 4 months. A real buy.

### IF YOU WOULD LIVE TO 100—THEN WORK HARD!

LEFT TO RIGHT: AMELIA HINKLE, MRS. FRANK STEIN, MRS. M. JOHNSON.

The Marquess of Lousie once wrote: "Age is not all decay; it is the ripening, the swelling, of the fresh life within, that withers and bursts the husks."  
And here are three living examples of those words.

Three women, all past the century mark. All glorying in a long life of work. All happy in their age. All wanting to live longer.

Their stories are, or should be, inspiration to most of us—women who dread old age, who often have said: "I don't want to live longer than 90 years," or 50 years, or whatever age the individual fancy has dictated as the proper time to go on to the next plane of life.

**By NEA Service**  
Warren, O.—Plenty of hard work and an observance of the health rule, "early to bed, early to rise," has brought Mrs. Amelia Hinkle, oldest person in Trumbull County, to the advanced age of 101.

She still retains much of her youthful vigor, takes daily walks, knits without aid of specs and is as active as a woman half her age.

"Be a good citizen and do kind deeds," has always been her motto, "for you not only must be healthy in body, but in mind as well to obtain complete freedom from the vexations of life that shorten one's span."

For 54 years Mrs. Hinkle smoked a pipe and enjoyed herself.

At the age of 97 she abandoned the habit, not that she believed it injurious to her health, but because she "grew tired of it."  
Mrs. Hinkle also excels in needlework. In a homecoming gathering recently in the village of Vienna near by, she astonished many by knitting for a long time without aid of any spectacles.

**By NEA Service**  
Fort Worth, Tex.—Nimble of toe—yet 103 years of age—Mrs. Frank Stein wants a job that won't interfere with her dancing!

If she can find another job and once more becomes wrapped in the greatest of tonics—work—she is confident she can outlive her father who died at the age of 127, and possibly her mother who passed out at the ripe age of 137.

"Hard work has helped keep me young," she says. "I prefer work in a laundry, but am willing to cook or do housework in a boarding house."

Mrs. Stein goes regularly to the dances at a local dance hall. She scorns the shimmy and other up-to-date acrobatics, but she maintains stoutly she can hold her own in the "Virginia reel and square dances."

Mrs. Stein has been married five times. Her present hubby who is in his sixties, will not escort her to the dances, but contents himself with his work in his restaurant near the courthouse.

Her first four husbands were brothers, Harrigan by name, she says. And she adds that her first

husband died of heart failure at the wedding supper. While his funeral was being held, husband No. 4, then six weeks old, was in the next room crying for his dinner.

**By NEA Service**  
Carthage, Mo.—"Idleness shortens life."  
Those three words sum up the conviction of Mrs. Manora Johnson, who by her recent 107th birthday celebration, qualified as an expert on longevity.

Mrs. Johnson looks little past 50. And her resonant voice, her erect stance and her unflinching memory carry out that illusion.

"I've always found happiness in work," she will tell you. "I advise all of you, if you want to live long, to map out a life program that calls for work until the very day of your death."

"Not a day passes that I do not do some kind of work about my home. When the time comes that I can't work, it will be time for me to quit this life."

Mrs. Johnson came to this country as a nurse during the cholera epidemic in 1846. In her native Scotland a twin brother still lives.

The aged woman comes from a long-lived family. Her father died at the age of 127.

The civil war, for her, is but a short while back. During those troublesome days she served as a nurse in the federal army.

She takes an active part in club activities in her home town.

311 LUDINGTON ST.

### MEET TONIGHT TO DECIDE ON FACTORY PLAN

The final opportunity for Escanaba investors to get in on the ground floor with what promises to be a permanent, producing industry for Escanaba will be presented tonight at the city hall when the group of citizens working for the establishment of an auto signal device plant in this city will make the last effort to fill out the stock subscription of \$15,000 necessary to bring the plant here.

Five thousand dollars of the amount needed was subscribed at the initial meeting Monday night. A number of subscriptions have come in since that time and it is hoped that tonight's meeting will result in the completion of the subscription.

The Mack Auto Signal company, which it is desired to bring to Escanaba, owns patent rights and machinery for the production of an auto signal device which cannot fail to find a ready market. Accessory concerns have already intimated that they will stock the device in any amounts which can be turned out, and with the manufacturing facilities offered here the cost of production would permit a neat profit on each one made and sold.

"The people of Escanaba will be given their final opportunity tonight to decide whether or not they wish to bring to Escanaba an industry of promise," said a member of the committee yesterday. "Certainly we should not abandon our efforts until the public is given an opportunity to decide whether it wishes to see this factory brought here."

Luck is a thing that helps you most when you don't trust to it.

### A THOUGHT

Rebuke not an elder, but treat him as a father; and the younger men as brethren; the older women as mothers; the younger as sisters, with all purity.—1 Tim. 5:1, 2.

Consider how much more you often suffer from your anger and grief, than from those very things for which you are angry and grieved.—Marcus Antoninus.

**TODAY'S BIRTHDAYS.**  
General John J. Pershing, who commanded the American troops in France, born in Linn county, Mo., 63 years ago today.

The Piffle Hook

IF IT EVER STOPS RAINING.

Red leaves along the high road... partridge strutting across the old logging trails...

"Oh Piffle! Where's the Hook?" ejaculated the other nature faker on the opposite side of the table as he looked over the basket of copy for the "day side."

Oscar Kraus, to whom the poet credits inspiration for the above lines, informs us in his official capacity as secretary of the Northern Michigan Fair that the number of flapjack demonstrators at the Fair this year will exceed all records.

Does our esteemed evening contemporary seek to convey the idea that one side intends to talk the other into submission? "Jabber" instead of "St-ber"—something new in armament.

Merry Ann has discovered a way to win instant sympathy and attention from the male portion of the human race when all other methods fail. She had a "sore knee" the other day.

SIR: The "World's Greatest Newspaper" the other day printed a photo of Firpo's mighty right mitt. I tried to compare my own by laying it on the picture but my right thumb came where Luis' little finger was.

Viracopa, Wis., reports that a concrete road is stretching out at the rate of 500 feet per day westward from that town. At that rate it ought to meet our Tenth street pavement next fall and tell it to hurry along.

The Inklingers, an organization of Daily Press printers and devils, plans to enter a team for the sand lot championship of the city. They should be able to show the field a hard chase.

There's one thing about H. K. R. as a colyum conductor which appeals to us every time. He'll be back Monday.

"We want men who have a flair for epigram and who possess the talents of a vaudevilian. Yet, oddly enough, no group of business men would dream of accounting a flair for epigram and the talents of a vaudevilian in the least relevant when hunting round for an able executive."

The more discerning portion of the American public is gradually awakening to the realization that in Mr. Mellon it has an extraordinarily high type of public servant. That he will ever enjoy a widespread personal popularity is unlikely. He is contemptuous of "hokum." Indifferent to popularity, and unskilled in the arts of flattery and the mob. He hews to the line and lets chips fall where they may. He cares about nothing except discharging the duties of his great office efficiently. The more one reflects upon Mr. Mellon, the more is one forced to regret that the idiosyncracies of our voting public prevent us from using such men in public office on any large scale.

"I am not the kind of a man to be tied to a woman's apron strings, or to be questioned," he stormed. "The sooner you real-

ize that, the better. If we are to live happily you must learn to mind your own affairs and not interfere with mine."

From the very first he was often out evenings, sometimes staying out all night. The first time I objected he flew into a rage. "I am not the kind of a man to be tied to a woman's apron strings, or to be questioned," he stormed. "The sooner you real-

THE OLD HOME TOWN

He is an awful egotist, but he's so handsome, so entertaining when he wants to be that I'd forgive him if he was a murderer," she said, laughing. "He never bores me."

THE OLD HOME TOWN

Garden Bay News

Farmers in the Cook's district are feeling the ill effects of so much rainy weather. In some cases, the grain is sprouting in the shocks and the sheaves are being cut open in order to hasten the process of drying.

A letter was received this morning from Lainsburg, near Lansing. The writer said: "Yesterday, we had the first good rain that we have had in a good while. We surely did need it, too. Everything is about dried up." Funny! Rev. Fr. Schevers, of Manistique, officiated at the local Catholic church a week ago last Sunday in the absence of Rev. Fr. Morin.

A child was born to Sylvester Lewis and wife on Sunday afternoon. At the time of writing, Mrs. Lewis was very sick.

Dr. Trieber, Mrs. Walter Hodson, the Misses Winifred and Pearl Harvey, all of Escanaba, were guests of Ed Bureau and wife on Sunday. In the afternoon, Dr. Trieber and Mr. Bureau motored out as far as the Wm. McNally farm and from there they went about to the chain of lakes and on to the shore of Lake Michigan. This was the first time the doctor had been out there but in spite of the hardships endured on the tramp, all the members of the party enjoyed the afternoon's experiences.

John Rushford, of Gould City, spent the week-end at the Jos. Nla home.

Walter Gunn returned on Monday after spending some days visiting at the Chester Winter home. Mr. Gunn is employed as an oiler on one of the big boats on the Great Lakes.

Carl Ekstrom, of the Ekstrom Lumber Co. of Manistique, made a business trip to Garden on Monday.

A dance was given in the Kate's Bay Grange hall on Friday night. Details are lacking except that the ante room was a favorite trysting place during the evening.

Mrs. Doris Ralph and son, Kenneth, visited her sister, Mrs. Edw. Goff, last week.

Mrs. E. H. Snow, of Cooks, and Mrs. James Axtel, of Danville, Ill., spent a couple of days visiting with Mr. and Mrs. Edw. Goff the past week.

John McLaughlin and wife, of Manistique, were guests at the Foster home at Van's Harbor on Sunday.

Gilbert Erickson and wife, of Gladstone, and Miss Evans, of Menominee, were visitors at the home of Mrs. Foster of Van's Harbor, on Sunday.

Mrs. Frank Thompson and little daughter, of East Lansing, are visiting at the home of their parents, Chas. Olmsted and wife, Mrs. Thompson is hoping to get relief from an attack of hay fever.

Mrs. Jay Walsch has gone for a visit with friends in Marinette.

Edward Lester and Clifford Gauthier have gone to Flint where they expect to find employment.

Leo Farley has just purchased a new Ford touring car from the Garden Motor Co.

Representatives from the Mick-eljohn Implement Co., of Fond du Lac, Wis., were in town on business Saturday. They were taking a kind of camping-business vacation.

Mrs. John Lang and daughter, Mrs. Thill, of Fayette, motored to Manistique and Escanaba on Friday. They returned home on Saturday.

Mrs. Jos. Pizala, Mrs. Clarence Pizala, of Fairport, and Mrs. Geirke, of Flint, motored to Manistique on Friday. The former stood the trip exceedingly well and is feeling much better. She expects to stay in the city for a few weeks and then hopes to be able to get down to Flint.

Mrs. Jos. Clifton, of Fayette, was in town on business on Saturday.

Carl Follo, thirteen year old son of William Follo and wife, of Fayette, met with a painful accident while attending to the bagger of the threshing outfit of Nicholas Thill. In some manner his fingers of the left hand became caught in the cog wheel, tearing the flesh badly. The unfortunate youth was taken to Dr. Foote where the wound was

ANOTHER PRIZE WINNER

While America searched for its most beautiful girl, Switzerland elected Miss Ellie Stader of Lausanne as its most beautiful. Here she is in native costume.

The injured hand is rapidly healing.

Supervisor John Follo, of Fayette, had a peculiar accident last week while doing team work near his home. His team, for some unexplained reason, started to back up, throwing the driver off the wagon. One of the wheels passed over his chest. It did not take long to realize that the horse heels were coming dangerously close to his head and with this sense of imminent danger Mr. Follo made a supreme effort and shouted at his team with all his might to "get up". They instantly changed their course and the wagon passed over the prostrate body without any further mishap. Mr. Follo made the resolve that he would be absolutely mum about the accident, even with his wife and the Press reporter, but however good his intentions were, his will power could not prevent him from limping as a result of his rough experiences. And, of course, pertinent questions were asked, and always of a truthful nature, our friend was compelled to tell the whole story. Fortunately, no bones were broken and whilst

feeling a little sore nothing serious developed.

One Follo returned from Escanaba on Thursday. He has been making his home with the Ed Laux family through the summer. He will stay indefinitely with his son, William and wife, at their Fayette home.

Word has been received that Ed. A. Laux and family will move to Sheboygan, Wis., as soon as they can locate a suitable home in that city.

Jos. Deloria was a visitor at the Jos. Joque farm at Fayette on Sunday.

Peter Deloria, of Escanaba, spent the week-end with his parents, Jos. Deloria and wife.

Rev. Fr. Morin left here after the services on Sunday for Marquette, where he will attend the "retreat" for the clergy of the Marquette and Sault Ste. Marie diocese. The trip was made in his Studebaker Sedan.

May: "Is Jennie keeping up her study of natural sciences?" June: "Oh, yes. She's so strong on entomology that she married a firebug."

U. P. BUREAU TO SUM UP RESULT OF ADVERTISING

Meeting to Be Held In Marquette On Friday

A meeting of the officers and directors of the Upper Peninsula Development Bureau of Michigan will be held Friday, September 14, at Marquette, according to a recent announcement by E. A. Hamar, president. Matters pertaining to the Bureau's future program will be discussed.

One of the subjects slated for discussion is the tourist traffic. The Bureau has expended approximately \$10,000 thus far this year advertising the upper peninsula of Michigan as a desirable tourist objective. The advertising has been distributed among the metropolitan dailies throughout the middle west; and several of the largest out-door publications throughout the country. In addition the Bureau financed an upper Michigan exhibit for the National Travel and Out-Door Life Exposition, held during May, of this year, in the Coliseum, at Chicago.

Booklets, maps, etc., featuring the tourist attractions of the peninsula have been prepared, and are being distributed. Among the latter are 10,000 map folders and 15,000 of the official tourist booklet, "Cleveland in Clovertime."

Hotel men, garage men, merchants and others throughout the peninsula who come in daily contact with the tourist are generally agreed that the present season is a record-breaker for the volume of tourist traffic. During the month of August an average of over 200 automobiles a day were ferried across the Straits of Mackinac, north into the upper peninsula of Michigan. This heavy traffic, with the influx of visitors

ON THE JOB

President Coolidge and his secretary, C. Bascom Slemph, photographed in the executive offices after Slemph had taken up his new duties.

via the various points of entry into the peninsula, is unprecedented in the history of upper Michigan, and it is estimated that already, irrespective of the fall touring season, over 75,000 tourists have visited the upper peninsula of Michigan.

With the completion of the con-

struction on the roads in the eastern end of the peninsula, probably late next year, it is anticipated that upper Michigan will become one of the most popular of the national tourist objectives.

TODAY'S ANNIVERSARIES.

1765—French under Wolfe captured Quebec from the French under Montcalm, both commanders being killed in the engagement.

1818—Gen. John Sedgwick, noted Union commander in the civil war, born at Cornwall, Conn. Killed in Grant's campaign of the Wilderness, May 9, 1864.

1858—Nearly 500 persons perished when the migrant steamer Austria was burned at sea.

1867—Great banquet in Petrograd in honor of the American commissioners who had come to present to the czar the address of the U. S. Congress congratulating him on his recent escape from assassination.

1906—American marines landed in Havana, but were withdrawn a few days later.

1916—Col. Frank O. Lowden won the Republican nomination for the governorship of Illinois.

St. Louis leads all large cities of the United States in American-born population.

DOCTORS WANTED TO OPERATE

Mrs. Quillon Tells How Lydia E. Pinkham's Vegetable Compound Saved Her from an Operation

Muskegon, Michigan—"After doctoring for eight or nine years with different physicians without any relief at all, they said that medicine would not reach my case and I should have an operation. I had heard of Lydia E. Pinkham's Vegetable Compound and often saw it advertised in different papers where some women had suffered just as I did and got well and strong again by taking the Vegetable Compound. I decided to see what it would do for me, and before I had finished the fourth bottle I was much better, the weakness stopped and the severe pains in my sides left me. I am now much stronger and do my own work and work in the factory besides. I am still taking the Vegetable Compound and give it all the praise."—Mrs. NELLIE QUILLON, 17 Morris St., Muskegon, Mich. Women should heed such warning symptoms as bearing-down pains and weakness, for they indicate some female trouble, and a persistent and faithful use of Lydia E. Pinkham's Vegetable Compound will seldom fail to help.

Blind Man's Buff

EVEN in this age of enlightenment some folks spend their money blindly. They buy with their eyes shut. They grope in the dark as truly as if their eyes were bandaged.

And all the time a powerful light is being thrown on the very things they need and want!

Advertising is a beacon to guide you in buying. It shows you what to buy—where to buy—and when to buy. At the same time, it protects you against fraud and inferiority.

Merchants and manufacturers who advertise deliberately focus thousands of eyes upon their wares. Their values must be honest and their prices right, or they could not advertise successfully.

Don't play blind man's buff with the elusive dollar. Spend a few minutes each day running through the advertisements in this paper. Then buy the products that have proved up in the light of advertising.

ENLARGE BRIDGE; BUILD ANOTHER SPAN

& L. S. Officials Attend Flood Prevention Meeting.

second span will be added to M. and L. S. bridge to take of spring flood waters at flume, according to the announcement of R. A. Craver, chairman of the Flood Commission meeting in the city hall Tuesday.

representatives of the various agencies interested attended the meeting called by the flood committee, who propose to deal with the flood danger which threatens the city of Manistiquette each spring. Edward Sheahan appeared for Manistiquette pulp and paper who had been asked to build a dam along the river to the flood danger was least. Mr. Sheahan stated company had decided to take further action and that such action was regarded by them as necessary.

the addition of another span to the railroad bridge will result in a greatly increased capacity and will do away with the danger of water in the spillway during the flood season. The railroad bridge was regarded as a critical point this spring, and sand-bags were placed along the tracks to keep the flood waters from starting over the edge. The enlarging of the bridge will prevent the flooding of the Riverside Coal company property, however, and those of that firm seek a wall to protect their property, which was flooded when logs are piled down the spillway.

another upstream danger will be done away with when recent improvements are completed by Manistiquette Improvement Co. in place of stump pullers to hold their logs, and keep them from jamming further down the river at time.

shops Reopen After Holiday

Wednesday was the final day of the Rosh Hashanah (Jewish Year) observance among the Jews, and the closing of Jewish stores will be resumed this morning.

the observance of the holiday general in this city, and all stores, grocery and clothing, were closed for the period.

AND NOT MOVIE MONEY, EITHER!

"Baby Peggy", who is Jean Montgomery, three and a half years old, has been signed by Principal Pictures, Inc., at the tremendous salary of \$200,000 a year for three years. The youthful actress is the latest to rise to glory in the movies.

HEALTH CLINIC STILL DRAWING MANY PATIENTS

Children Brought From All Parts of the County

Doctors and nurses had another busy day yesterday at the Schoolcraft County Court House, where folks from all parts of the county came to take the free health clinic examinations offered this week. Several children from Stoughton were among those examined at Wednesday's clinic.

Ishpeming Girl Becomes Bride; Manistiquette Man

Following is an Ishpeming account of the marriage of Theodore Gillingham, Manistiquette, the ceremony taking place at Ishpeming Monday.

The bride was attended by sister, Miss Blanche Woodward, and Clarence Thorell of Manistiquette, a friend of the groom, was the best man. Following the ceremony a wedding dinner was served at the home of the bride's father, after which the couple left on an automobile honeymoon trip.

Teacher Departs For St. Joseph

Accompanying Mrs. C. L. Milton, who has been her guest in Manistiquette, Miss Mary K. Mitchell left yesterday for St. Joseph, Michigan, where she plans to remain until the latter part of December.

Interment Made At Fife Lake

Relatives accompanied the remains of John Price, 61, whose body was shipped to Fife Lake from Manistiquette on Tuesday.

Mr. Price is a well known resident of Manistiquette who died at his home there on Sunday, after a short illness. He is a blacksmith by trade, and formerly made his residence at Fife Lake, where burial was made yesterday. He is survived by a wife and several children.

CITY BRIEFS

Miss Alma Smyth of Gladstone is the guest of Miss Myrtle Brunet at Manistiquette this week. Oscar Stolberg was called to Newberry Wednesday to attend his brother, who had broken his leg in an accident.

Given Surprise At Cooper Home

Young friends of Elva Fydelld tendered a pleasant surprise party in her honor at the home of Evelyn Cooper, Miss Fydelld is to leave very soon with her mother, Mrs. Thos. Fydelld, and brother, for California, where they will make their home.

Alumni Plans Dancing Party

Invitations have been broadcast for a dancing party to be given at the Manistiquette high school gymnasium on Friday evening.

Gets Vacation And Bride, Too

Taking advantage of a vacation from his duties at the Manistiquette Post Office, Harry Ahlstrom was married Tuesday afternoon to Miss Hilda Branford, the ceremony performed quietly at the latter's home in this city.

Relatives Attend Manistee Funeral

Mr. and Mrs. Matt Larsen and Mr. and Mrs. R. Larsen left Tuesday on the railway for Manistee, to attend the funeral of Mr. Larsen's mother, Mrs. Caro Larsen, who passed away at her home in Manistee at the age of 76 years. The cause of her death was not learned.

HALL FILLED FOR KU KLUX KLAN SPEECH

Aims of the Organization Are Explained.

Applause greeted the Ku Klux Klan speaker who addressed a capacity audience of Manistiquette people at the I. O. O. F. hall Tuesday evening. The meeting was a public one, advertised by means of handbills, and its purpose was to inform the Manistiquette public of the aims and purposes of the organization, which has been quietly working in this vicinity for some time. In addition to the speaker, two other out-of-town organizers of the movement were present at the meeting, one of them appearing in the official Klan robes, but without the hood and mask.

CLUB WILL HAVE THREE TAG DAYS AT COUNTY FAIR

A hospital for Manistiquette. That is the objective set by the Manistiquette Women's Club, who will have three "Tag Days" at the Schoolcraft County Fair to start a nucleus hospital fund.

For the past year, a committee of Manistiquette citizens have been considering various plans for giving Manistiquette adequate hospital facilities, and as a result of their efforts have interested many local people in the movement.

Ladies' Aid Meets Today

The Ladies' Aid society of the Swedish Mission church will meet this afternoon at 2:30 o'clock with Mrs. A. Brodine, Skeleton road. All members are requested to be present.

HIS NAME IS WHISKEY

"Whiskey" is the name of the famous horse owned by an army officer at Fort Snelling, Minn. Here is "Whiskey", mounted by Jess Anderson, "practicing" for the society horse show at the Minnesota State Fair.

1923 SEASON OPENS WITH STAMBAUGH

Gladstone Out to Battle Strong Outfit in Booster Game Saturday.

Saturday will be football booster day in Gladstone. With only two home games on the 1923 schedule, the first one with Manistiquette October 13, the second with Negaunee, November 10, and with football fans howling for a game, arrangements were concluded yesterday for a Gladstone-Stambaugh scramble here Saturday afternoon.

Gladstone, in opening the season with Stambaugh is up against an as yet untried team. Stambaugh was not on the last season schedule but reports say that it has a strong organization and the Stambaugh bunch has announced its intention of cleaning up on the locals Saturday.

The visitors will have the advantage in having their last year's team to a man. Not a player was lost in June graduation and the men with a couple of practice seasons are in shape to begin their season where they stopped last year without a hitch.

MY FIRST DOLLAR

HENRY ROSENBLUM. "Well," said Henry Rosenblum, owner of the Rosenblum department store, Gladstone's biggest business house, "I've earned a few dollars in my day. The first dollar I made, though, was when I was a lad about nine years old. I went off to a neighbor's place early in the morning and spent the day helping to pick cherries. 'I'll never forget that, either. When I arrived home I got a good licking from my father for not staying and helping him turn the shocks. It had rained the day before and he needed all the help he could get. 'That's how it happened—walked four miles, picked cherries all day and then got a good licking. 'But, anyway, I earned my dollar.'"

PERSONALS

Mrs. Josephine Smith will arrive today from Everett, Wash., to visit here as the guest of Mrs. Max Neveaux. E. A. Erickson made a business trip to Escanaba yesterday. Miss Elsie Wolfe will leave the latter part of the week for Appleton, Wis., where she will enter Lawrence college to continue her music studies. Miss Wolfe is a member of the 1923 graduating class of the Gladstone high school.

AGUSTANA FOUR PLEASURES BIG AUDIENCE

The Harmony Four players of Augustana college, Rock Island, Ill., pleased the large audience at the Swedish Lutheran church last evening, when they appeared here in concert.

The program given the Augustana artists was well arranged and the varied numbers made their appeal to everyone who heard them. The numbers included sacred and secular music and was featured by the familiar classical Swedish selections which won the hearts of those of Scandinavian parentage and those others who love the charming Northern melodies.

School Children To Have Milk

Milk will be furnished the children in the Gladstone schools this year, as has been the custom, the Gladstone Child's Welfare club taking charge of the work. The milk supply for the children will begin October 1 and this nourishment will be provided daily until the close of the school term.

The first cargo of anthracite coal was shipped from Wilkes-Barre down the Susquehanna River in flat boats to the government armory at Carlisle, in 1775.

PARLOR, BEDROOM AND BATH

This little chap who lives in central Africa is the proud owner of an exclusive apartment of his own. "But," he probably was saying as the photo was taken, "be it ever so humble, there's no place like home."

WELFARE CLUB PLANS TAG DAY FOR SATURDAY

Annual Drive For Funds To Begin at 8:30 O'clock

Annual tag day to raise funds in assisting with the work of the Gladstone Welfare club during the winter months, will be held here Saturday, it was announced yesterday.

The tagging will be in charge of the Camp Fire girls, who were so successful in conducting the campaign last year and will begin at 8:30 o'clock Saturday morning.

The city will be covered in districts so that no confusion will result in the tagging and in order that Gladstone people everywhere will have the opportunity to contribute their share toward the good work.

No set amount for the tag will be asked but everyone will be requested to give according to his means and as his generosity dictates.

"FABIOLA" IS ITALIAN FILM MADE IN ROME

"Fabiola," the Italian film of Nicholas Cardinal Wiseman's famous story of Rome in the days when it was tottering to its fall, will come to the Lyric theatre Monday, to be shown as a benefit for All Saints' Catholic church.

"Fabiola" was produced in Italy. Most of its scenes were taken in Rome and its surroundings, in the actual localities represented in the story and many months were spent in research work to secure accurate copies of costumes of that period. A fortune was lavished on this photography, securing Roman actors, real settings, which include the Coliseum, the Catacombs, the Thermes, the fountains of Treve, magnificent reproductions of homes of wealthy patricians of the times and costumes perfect as to graceful line and historical correctness.

MODELS WILL SHOW STYLES AT ROSENBLUMS

An autumn style show at which new wear for men, women and children will be displayed by live models, will be held Friday evening from 8:30 to 9 o'clock at the Henry Rosenblum department store.

The style show will bring the fall opening week which will be held beginning Saturday, Sept. 15.

Gunnar Johanson and his orchestra will furnish music during the show. A cordial invitation has been extended to everyone to attend.

Lewis Emson will leave soon for Appleton, Wis., where he will attend Lawrence college during the coming year.

DEATH TAKES SECOND CHILD IN FAMILY

Mary, Daughter of Mrs. Mary Butch, Dies from Diphtheria.

Death claimed another member of the Butch family Tuesday when Mary, four year old daughter, of Mrs. Mary Butch, passed away, the second victim of diphtheria in the family.

The child, the only remaining daughter, was taken ill within a few hours after her sister, Flora, who died on September 1, contracted the disease. The child was given the best of medical attention and it was thought that she was well on the road to recovery, when on Monday she suffered a relapse, death coming Tuesday afternoon.

The body was prepared for burial by the Swenson Brothers undertaking establishment and funeral services held Wednesday afternoon. Interment was made in Fernwood cemetery.

Mrs. Erickson Is Hostess to Choir

Mrs. Edwark Erickson was hostess to members of the choir of the Swedish Mission church Tuesday evening following the regular church practice. The affair was held at the Louis Olson home. The guests enjoyed various social diversions followed by refreshments.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas. A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal-oil).

The inventor, L. L. Johnson, 609 W. Lake St., Chicago, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. Adv.

# "ZERO HOUR" ON DUCKS SUNDAY

### Shooting to Begin at 4:57 Sunday Morning; License Sale Heavy.

With the opening of the duck season only four days away, the sale of small game hunting licenses took a sudden spurt throughout the entire county this week.

Hardware stores report an accompanying boom in the sales of shotgun ammunition, guns and other forms of equipment. The comparative merits of singles, doubles and repeating shotguns, with side by side debate on the superiority of Ballistite, "semi" or full powder and the various gauges and types of shot are being argued in scores of Escanaba attics and woodsheds, where the hunters are busy oiling their artillery and overhauling decoys and wading boots.

The season on ducks, coots, Wilson and jacksnipe, geese and brant, blackbreasted and golden plover, yellow legs and rails will open one half hour before sunrise, Sunrise on Sunday, Sept. 16 will come at 5:27 o'clock. This will bring the "zero hour" to 4:57. Any cannonading before that hour will be illegal. Sunset of each day will mark the legal closing of each day's shooting.

The bag limit for one day on ducks is 25 in one day. Fifty may be held in the hunter's possession at one time. Fifty is also the limit for one calendar week. Geese and brant are protected by a bag limit of 6 in one day and 25 in possession at one time. The season limit is also 25 birds.

Partridge season will open on

October 15 and close on Nov. 9, one day before the opening of the deer season. The bag limits are 5 in one day, 10 in possession at one time and 26 for the season. It is unlawful to have them in possession more than ten days after the close of the season. It is unlawful to hunt from automobiles and unlawful to have loaded firearms in an automobile.

Licenses on Sale in County.

The following named persons have been deputized by the county clerk to sell small game licenses. The cost is one dollar.

Mead Drug Co., John S. Back, Mike Walsh, E. M. Stratton and Frank McGovern, Escanaba; Otto Haberman, Gladstone; J. P. Cameron, Nahma; Oscar Magnuson, Ensign; Jacob Groos, Groos; Emma Folio, Fayette; L. L. Malloy, Lathrop; A. Lundgaard, Cornell; John Nepper, Isabella; William Moreau, Perkins; George Cobb, Wells; C. J. McCauley, Wells; J. G. Gauthier, Ford River; Henry Charlebois, Woodlawn; W. W. Thompson, Osier; M. Bureau, Garden; Caswell Zrothers, Rapid River; Robert McPherson, Rapid River; E. J. Pecore, Schaffer; J. P. Carlson, Kipling; Herman Johnson, Rock; Otto Larson, Rock; Rene Labre, Bark River; Frank Caisse, Uno; Oscar Johnson, Duranseau's Corner; H. J. Gagnon, St. Jacques; C. K. Worth, Denance, and Mrs. G. J. Duranseau, Masonville.

The batters went even farther in their effort to hold the advantage. Four-piece bats were manufactured, which made for greater driving power. Plugged bats also were used, although it is hard to see the advantage of the plugged bat. It might offer a chance to cheat by loading the bat. However, President Johnson of the American League has called a halt on the bat question by ruling all such bats illegal, and making a player automatically suspend himself for five days when he uses one.

## LOUCKS TEAM TO BE STRONG

Alvin Loucks, former athletic director in the Escanaba high school and now holding a similar position at the Morgan Park high school at Duluth, is strongly in hopes of turning out a championship team for that school this season, according to the Duluth News Tribune.

Of the prospects for a winning team being turned out by the former Escanaba coach that newspaper says:

"With seven letter men back and a whole squad of 11 second string men coming out daily for practice, Coach Alvin Loucks, new athletic director at the Morgan Park high school, expects to spring a surprise to the fans of the Head of the Lakes conference this season.

"Coach Loucks, star end man for the University of Michigan several years ago, has taken the hole left by the departure of Frank Gogins, the Morgan Park mentor for the last several years. Coach Loucks has coached football at Escanaba, Mich., and has turned out championship eleven.

"All interest is centered for Sept. 24, when the first football game of the conference will be played at Athletic park. Morgan Park will encounter the Centralites."

## Hagen, Kirkwood To Show Stuff At Soo, Canada

New course records which will stand for many years are expected to be established at the Canadian Sault Country Club on Friday when Walter Hagen and Joe Kirkwood, two of the game's greatest players, will play two eighteen hole exhibition games, one in the morning and one in the afternoon. They will play with Clarence and Harry Bishop of the Canadian Sault Club.

Hagen has held the titles of

## DETROIT WINS FROM THE REAR

### Yanks Take Double Header from White Sox.

Washington, Sept. 12.—Detroit overcame a four run lead and defeated Washington, 6 to 4, in 12 innings today. Daus was complete master after the third inning, while Mogridge had two bad innings.

Score: R. H. E.  
Detroit—000 400 000 002—6 13 0  
Washington—211 000 000 000—4 10 3  
Batteries: Daus and Haagler; Mogridge and Gharrity.

### YANKS TAKE TWO.

New York, Sept. 12.—The New York Yankees defeated Chicago in both games of a double header here today, 2 to 1 and 5 to 3.

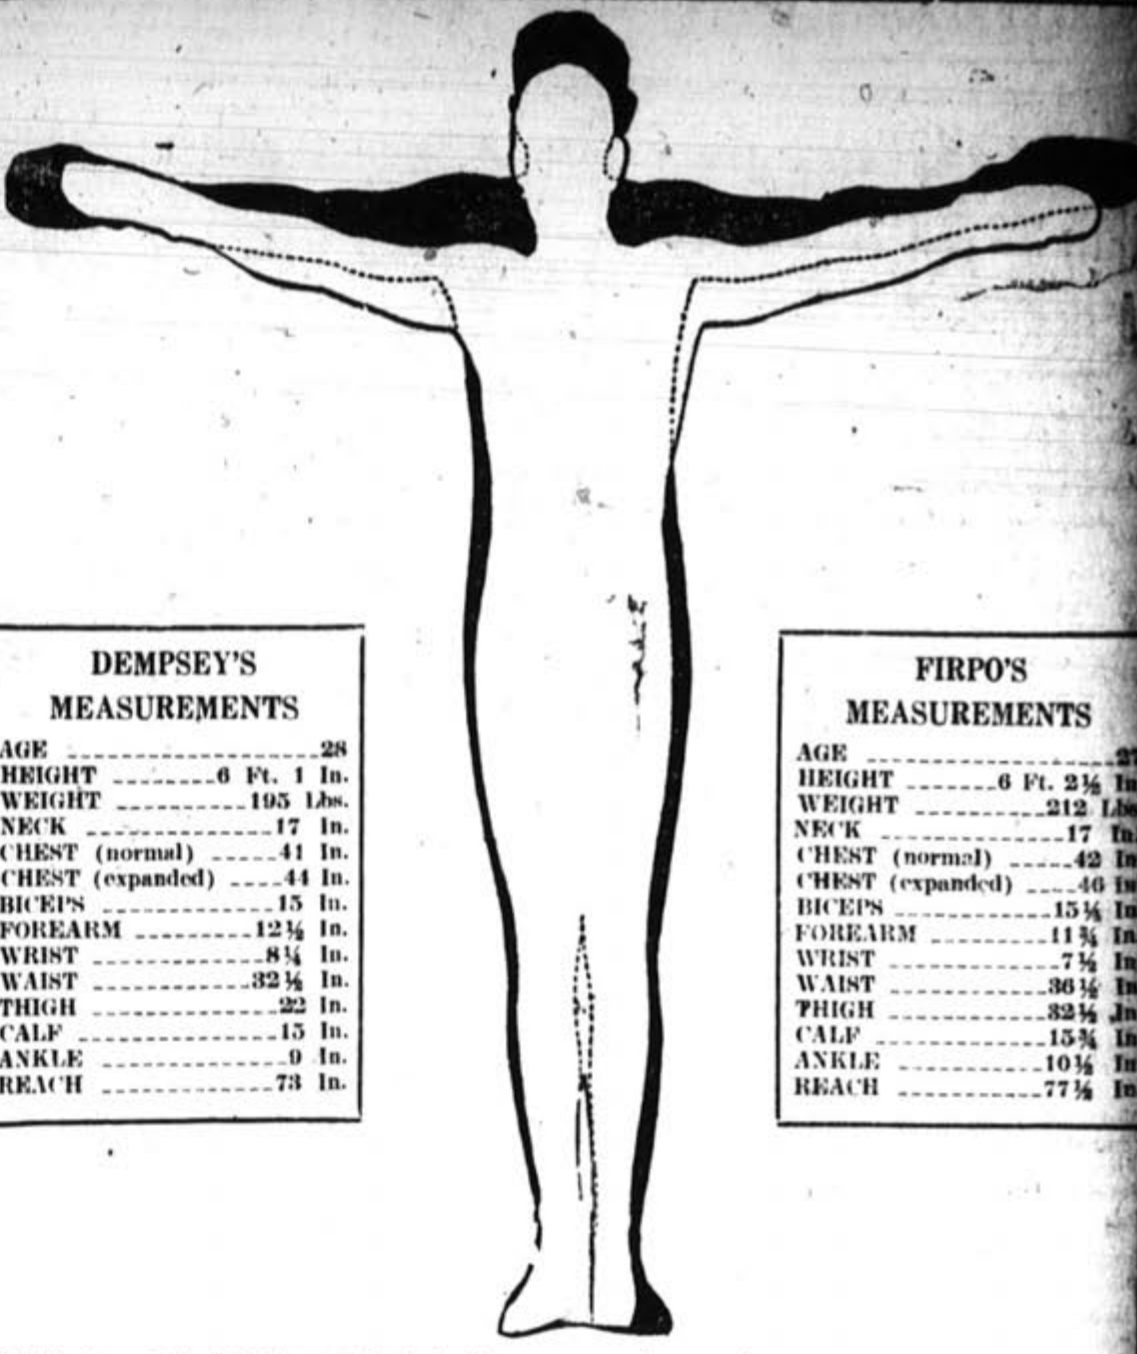

First Game: R. H. E.  
Chicago—000 100 000—1 6 0  
New York 001 000 10x—2 6 0  
Batteries: Robertson and Crouse; Hoyt and Schang.

Second Game: R. H. E.  
Chicago—000 110 100—3 10 0  
New York 100 000 22x—5 12 2  
Batteries: Cvengros and Schalk; Pennock and Schang, Bengough.

American open and professional champion and British open champ, losing the latter title this year by only one stroke. Kirkwood, besides being one of the best golfers in today's field, is known as the greatest trick shot man of all time.

The Canadian course has recently been lengthened to regulation size, the total yardage now being in excess of 3,000 for the nine holes. It is likely that a number of Escanaba golfers may journey to the Canadian Sault to witness the exhibition rounds.

## HOW DEMPSEY AND FIRPO STACK UP

**DEMPSEY'S MEASUREMENTS**

AGE	28
HEIGHT	6 Ft. 1 In.
WEIGHT	195 Lbs.
NECK	17 In.
CHEST (normal)	41 In.
CHEST (expanded)	44 In.
BICEPS	15 In.
FOREARM	12 1/4 In.
WRIST	8 1/4 In.
WAIST	32 1/2 In.
THIGH	32 In.
CALF	15 In.
ANKLE	9 In.
REACH	73 In.

**FIRPO'S MEASUREMENTS**

AGE	27
HEIGHT	6 Ft. 2 1/2 In.
WEIGHT	212 Lbs.
NECK	17 In.
CHEST (normal)	42 In.
CHEST (expanded)	46 In.
BICEPS	15 1/4 In.
FOREARM	11 3/4 In.
WRIST	7 3/4 In.
WAIST	30 1/2 In.
THIGH	32 1/2 In.
CALF	15 1/2 In.
ANKLE	10 1/4 In.
REACH	77 1/2 In.

HERE is a new departure method in the manner of comparing prizefighters. The gentlemen in white is none other than Champion Jack Dempsey, against whom is silhouetted the blackened figure of Luis Firpo. These outlines are actual photographs, taken by Bob Dorman, who made them to scale and enlarged each the same amount.

When making the first picture, which was of Dempsey, Dorman marked the spot on camera where it had been focused, and then hustled way to Atlantic City, where, setting camera at the same mark again, he backed away from Firpo until the focus was sharp.

The combined results give two photos—one of Dempsey and another of Firpo—which are exactly the same perspective and measurement in every detail. These were then cut out, superimposed and painted over, producing the graphic comparative sizeups seen above.

## LEGION ELEVEN OPENS PRACTICE WITH FAIR CREW

With about twenty-five men showing up for the first workout, the Escanaba Legion football team started practice yesterday afternoon for the fall football season.

Work in the opening practice was confined to throwing the ball and running after short passes. No heavy work will be undertaken until the players of last year have all dug up their uniforms. Light practice will be the order for the rest of the week, at least.

All persons who played on the team last year, and who will not be out for practice this season, have been requested to turn in the uniforms and equipment which was issued to them, in order that this year's squad may be fully equipped.

Efforts are being made to book a game for Sept. 23 or 30. The Stambaugh All-Stars have asked for a game to be played at Stambaugh on Sept. 16, but the offer was turned down on advice of Captain Waino Thompson, who declared that he would not send his men into the field on only three or four days' practice.

## CHICAGO SHUT OUT BY RIXEY

### Cubs Play Thirty-five Innings Without Scoring.

Chicago, Sept. 12.—Rixey out-pitched Grover Alexander in a pitching duel today and Cincinnati shut out Chicago, 4 to 0, in the first game of the series. The locals have played 35 innings without registering a run.

Score: R. H. E.  
Cincinnati 010 011 001—4 8 0  
Chicago—000 000 000—0 7 2  
Batteries: Rixey and Harrave; Alexander, Dunovich and O'Farrell.

## BROOKLYN BEATS PHILLIES.

Philadelphia, Sept. 12.—Brooklyn defeated the Phillies, 6 to 4, after pounding Ring for five runs in the sixth inning.

Score: R. H. E.  
Brooklyn—000 105 000—6 13 0  
Philadel.—000 012 001—4 13 0  
Batteries: Grimes and Taylor; Ring and Wilson.

## Hunter Defeats Richards Under Heavy Handicap

Philadelphia, Sept. 12.—(By the Associated Press)—Francis T. Hunter of New Rochelle, New York, provided a crowd of 10,000 with a startling upset today in the third round of the lawn tennis single championship of the United States at the Germantown Cricket club.

Faced with a handicap of overcoming a lead of two sets to one, the New Yorker, who was the finalist in the world championship tournament at Wimbledon this year fought his way to victory in 5 sets, defeating Vincent Richards of the American Davis Cup team and one of the ranking players of the country. The score was 8-6, 4-6, 2-6, 6-4, 6-4.

All the other leading players came through to the fourth round as was expected.

## ESCANABA HIGH FOOTBALL SQUAD SHOWS REAL PE

Football practice at Escanaba High is going ahead this year with an enthusiasm and energy which has not been seen since "way back when."

Under the direction of Coach Thompson and Hills, between 25 and 30 candidates are going through regular daily drills at South Park field. Four full teams are in play at all times. Thompson handling two and Hills two.

"Penty of Pep."

The amount of "pep" which has been injected into the proceeding is amazing. Thompson's crew are working every minute of the time, rounding out into shape the opening game. Hills has a gang fighting like a pen of wild cats.

"I'm not saying anything yet," said Coach Thompson, who sounded out for an expression of how the team looked to him. "We've got lots of material a plenty of pep, but they have whole lot to learn yet. They ain't much beef, so they'll have even things up by learning me football."

Prepare for Opening.

Fencing in of the field, a planting of the goal posts is being done by students this week, anticipation of the Manistic game here on Saturday, Sept. 15. No selection of a "varsity" team will be made until shortly before the day of the game.

But even that wasn't enough. In order to give the fans in batting the so-called "lively ball" was adopted. This ball is lively because it is a far superior ball in every way from the cork center to the cover. The result all these changes produced a orgy of slugging in which the premy of the pitcher has passed entirely. The batter now enjoys wide margin of advantage in clash with the pitcher.

**A CRY IN THE NIGHT, grip pains in the vitals, cramp, weakening diarrhoea - whether child, adult, immediate comfort and ease**

**CHAMBERLAIN COLIC AND DIARRHOEA REMEDY**

Pays to keep always on hand.

"What a difference just a few cents make!"

So everlastingly good! That's why so many men swear by 'em

You'll be surprised at the difference a few cents make. You'll find, for example, that Fatima is

- a smoother, cooler smoke
- rich, but not heavy
- mild, yet not flat

and with that rare delicacy of taste and aroma which has won Fatima just recognition as the most skillful blend in cigarette history.

Mighty few men ever switch from Fatima.

# FATIMA

—a mild cigarette

Pitching has become a serious problem in the major leagues. Not a team in either the National or American League is willing to stand pat on its pitching staff. The various scouts now out in search for promising material have been instructed to pay particular attention to the pitchers and not pass up any pitcher who looks at all worth while.

The pitching problem sooner or later will have to receive serious consideration from the men behind baseball. Each year it seems harder to find pitchers worthy of the majors. Perhaps a slight toning down of the lively ball would tend to improve pitching more quickly than any other one thing.

Ten states forbid the reading of the Bible in public schools, six permit, and six others require it.

MARKET REPORTS

NEW YORK STOCKS.

New York, Sept. 12.—Stocks were decidedly heavy in the market after a period of moderate strength. The selling started largely from bear operators but the ease with which the market lost ground was unusual.

The day's sales were the largest in more than two months. The only apparent reason for the burst of selling was the report of curtailment of steel operations in the weekly trade review.

NATIVES OF HAWAII NOW FEAR KILAUEA'S RUMBLINGS

MT. KILAUEA

Hilo, Hawaii, Sept. 11.—Natives, mindful of the Japanese earthquake disaster, are looking fearfully at Mt. Kilauea, most famous volcano of the Hawaiian islands. Recently it has been very active. This is especially true since the quakes in Japan, and it indicates the extent of the subterranean upheaval that all but destroyed Yokohama and Tokyo.

Situated on the south slope of Mauna Loa, on the island of Hawaii, Kilauea is three miles across. Quake experts some time ago predicted it was due for a violent and final eruption, and then would probably die out altogether.

Superstitious Hawaiians will tell you that when Kilauea erupts, Pele, goddess of volcanoes, is wrathful. Many beautiful stage dramas have been woven around Kilauea, which probably accounts for its widespread notoriety.

OFFICIALS FOR THE YEAR ARE NOW SELECTED

Girl Scout Leaders and Committees Named.

Officials and standing committees of the Escanaba-Wells Girl Scout council have been selected for the coming year as follows:

- Escanaba-Wells Council Officers, Commissioner—Mrs. E. G. Rovee. 1st Deputy—Mrs. H. W. Reese. 2nd Deputy—Mrs. E. P. Shaw. Treasurer—Mrs. Coleman. Secretary—Girl Scout Director. Activities Committee. Mrs. L. A. Erickson, chairman. Mrs. G. W. Moll. Mrs. Phil Labre. Mrs. E. A. Hubbard. Mrs. Matt Fillion. Mrs. Chas. Chalson. Mrs. Geo. Harder. Mrs. C. W. Kates. Camp Committee. Mrs. George Heath. Mrs. E. O. Anderson. Entertainment Committee. Mrs. Ted Hanson, chairman. Mrs. Sadie Leighton. Mrs. John Cumiskey. Mrs. W. A. Cotton. Mrs. Stanley Mathews. Finance Committee. Mr. Fred Houston, chairman. Mr. E. C. Voght. Mr. Earl French. Mr. C. E. Lewis. Leadership Committee. Mrs. Cheever Buckbee, chairman. Mrs. Geo. Mashek. Mrs. Chas. Semer. Mrs. A. H. Grossbeck. Mrs. Carl Peterson. Mrs. Emil Christensen. Mrs. Chas. Malloch. Mrs. A. P. Hammond. Mrs. George Harvey. Mrs. F. F. Davis.

Fraternal Column

Ladies' Auxiliary Meeting. A regular meeting of the Ladies' Auxiliary to the Order of Railway Conductors will be held Friday afternoon at the Eagles hall on South Ninth street. The meeting will be called to order at 2:30 o'clock. Every member has been requested to attend. Lady Macabees to Meet. Cora Hivie, L. O. T. M., will meet at the North Star hall tonight at 8 o'clock. Business of importance is scheduled and the attendance of every member is requested by the officers. Swedish Baptist Church. The weekly prayer meeting for the Swedish Baptist congregation will be held tonight at the home of Mr. and Mrs. Axel Soderlund, 522 South Seventeenth street. MIDSUMMER MILITIA. The general complaint is about the heat. The major movement is toward beaches, lakes and mountains. Captains of industry are enjoying furloughs. The corporal aim is cool comfort. Private picnics are being staged. And summer resort prices are still shooting up.

OBITUARY

ANTHONY KOSKY FUNERAL. Funeral services were held yesterday morning at 9 o'clock at St. Patrick's church over the remains of Anthony Kosky of Wells, who died last Friday after a short illness. Scores of friends and neighbors attended the funeral, and a great number of floral testimonials were received. The pallbearers were George Lemire, Harvey Rasmussen, Earl Baker, Henry Hebert, Carl Place and Wilfred Roberts. Interment was at Lakeview cemetery.

DOWN!

The cabaret dancer was going the dance of the seven veils (none in the wash). After embracing the air frantically a few times, she shed one. Several more gyrations and another bit the dust. "Two down—five to go!" muttered the irrepressible football fan.

MARINE.

The Branch Hydrographic office of Chicago, makes the following announcement: "Lake Michigan: The Master of the Steamer Republic reports sighting a floating crib adrift Saturday noon September 8th about 4 miles off Racine, Wis., which is a serious menace to navigation. Press Want Ads Get Results.

SALVATIONISTS MAKE APPEAL

A number of Escanaba citizens have expressed a desire to contribute to the relief of the Japanese earthquake sufferers by making direct donations to the cause, in addition to the quota raised for this county by the Red Cross. The Salvation Army, unit of Escanaba has been assigned a quota and an appeal is being made to the people of this city to give to this organization, thus offering to many the opportunity they have been awaiting. The following appeal was issued yesterday by the Escanaba Salvation Army unit: "Our country from ocean to ocean the Salvation Army you'll see." is the beginning of an old Salvation Army song.

The Salvation Army is now working in seventy-two different countries and colonies doing a work which no other organization has yet come up to. Every day thousands are being fed, nursed, comforted and cared for through the Salvation Army.

During the great World War their work was more than willing to give their services and lives for "Our Boys Over There" than the Blue clad Salvation Army lassies and lads. Our work did not quit here, but is going forward to do greater things. Undoubtedly we have all read of the great disaster that has overcome Japan, leaving thousands starving and suffering today.

The Salvation Army, as usual, was one of the first to offer her services. She has already sent several shipments of supplies and officers. The Salvation Army is making an appeal all over the country for funds. You may not be able to go over there but you can do your part by sending your donation through the Salvation Army.

Paroled Convict Returned to Cell

Henry Mayfield, sentenced to Marquette Prison over two years ago from Luco county for burglary and later paroled, was picked up by the police department last Friday and returned to prison for violating the provisions of his parole.

Mayfield was sentenced to serve from six months to 15 years. Through the intercession of friends who promised to keep an eye on him he was released on parole two years ago after serving five months. He was picked up Friday night in an intoxicated condition and was returned to Marquette on Saturday to serve his time. He had only six months to continue on the "straight and narrow."

GET TO WORK. "An' what's your job around here, young feller?" asked the farmer of an official in a big city railroad station. "I'm the train caller," answered that dignitary. "Well, call me one, then. I'm in a hurry!" Bargains in the Classified Ads.

HEAVY HAUL OF "BREW" IN RAID AT FORD RIVER

One hundred and eighty pints of home brewed beer, alleged to contain in excess of the prescribed one-half of one percent alcohol, together with one pint of moonshine whiskey were taken by federal, state and county officers last night in a raid on the establishment at Ford River Switch formerly operated by Paul Stricker of this city.

Harvey Wolfe, who claimed to be the operator of the place, was arrested and held at the county jail awaiting arraignment. All but six pints of the alleged beer were destroyed. The six pints spared, with the pint of "moon" were held as evidence.

Floyd Smith, of the federal force, Trooper Charles Engle of the state police, Sheriff Joseph Carney and Deputy Earl Bourdelle comprised the raiding party. Tim Hurley, now with the federal dry squad, with Undersheriff Swanson and two state troopers visited and searched the Charles Carlson place at Rapid River at the same time as the other party was working west of Escanaba. They found no liquor.

Affidavits of sale have been procured against both persons, according to the officers, making the search for booze being only an additional measure toward clenching the cases in federal court. Carlson was not arrested last night. Action on his case has been delayed pending a report to the United States Marshal.

Vesuvius was silent for over two thousand years before it suddenly woke up, and in a few hours, destroyed Pompeii.
