

OKLAHOMA LEGISLATURE IS UNDISMAYED

IS KLAN ISSUE TO BE FACTOR IN POLITICS?

MATTER AGITATED BY THOSE FOR AND OPPOSED TO IT.

BY DAVID LAWRENCE.

Washington, Sept. 26.—The Ku Klux Klan issue will inevitably be an issue before the republican and democratic national conventions.

Politicians reluctantly have come to that conclusion after receiving reports from various parts of the Union. It will be agitated not by those who favor the principles of Ku Kluxism but by those who oppose the idea. And naturally the opponents will not be permitted to have things their own way for both conventions will number among their delegates men who are actually affiliated with the K. K. K.

The difficulty of avoiding or side-stepping the issue has been fully discussed in the inner councils of political leaders but it seems apparent that the various people who are opposed by the Ku Klux Klan will demand denunciations resolutions as the price of their continued support.

The situation in the republican party arises out of the fact that the republican vote in some of the pivotal northern states has been increased since 1920 by hundreds of thousands of colored voters who have migrated northward. They are demanding that the republican party denounce not only lynch law but all forms of lawlessness and all operations of secret, off-bound organizations.

The democratic party receives much of its support in the populous states of New York, Massachusetts, New Jersey, where Catholic societies are well organized and can wield considerable political power. The party that denounces the K. K. K. will make a strong bid for the Irish-Catholic vote which was strong enough in 1920 to swing several states on the League of Nations issue, for instance, which so many of the Irish-Americans violently opposed. The fact that the Irish Catholic vote will leave the democratic party if the issue is serious enough has been demonstrated with sufficient proof to make the democratic leaders wary about ignoring that element in the party.

The K. K. K. issue is so much of a factor already that it may have an influence on the choice of candidates. There are rumors, for instance, that friends of Senator Oscar Underwood are urging him to take the leadership in opposing the K. K. K., contending that since he comes from the South his opposition will be even more weighty than might otherwise be the case.

The growth of the Ku Klux Klan in the three years since the 1920 convention has been so widespread that political leaders have no basis of comparison with other years. There are always movements in every convention to denounce things but the K. K. K. in 1920 was relatively a negligible factor in national politics. Should an effort be made in the platform committees of either party to squelch the question without any expression whatsoever, it seems certain that the issue will be raised from the floor.

Reports received by some of the party leaders here indicate that both political parties will be challenged to say something on the question which will in substance seek to compel the K. K. K. to throw off its mask and conduct its campaigns in the open like other social, political or religious organizations.

Duelling is regaining popularity in France, where, although it is illegal, it is "winked at" by the police, so long as it is not made too public.

WEATHER

THURSDAY, SEPT. 27, 1923.

Forecast. Upper Michigan—Partly cloudy Thursday and Friday and probably showers by Friday; not much change in temperature.

Table with 2 columns: Location and Temperature (8 P.M. High Low). Locations include Escanaba, Marquette, Boston, Buffalo, New York, Jacksonville, New Orleans, Chicago, Detroit, Omaha, Minneapolis, St. Paul, San Francisco, Winnipeg, Cincinnati.

Ford Purchases "Wayside Inn"; Will Conduct It

Sudbury, Mass., Sept. 26.—I intend to restore the "Wayside Inn" as nearly into the original condition as possible, and intend to operate it both as a museum and a tavern. Henry Ford said today. The manufacturer has recently purchased the tavern made famous by Longfellow.

Mr. Ford said that he contemplated few changes. The old sign announcing an admission charge of 25c will remain, he said, remarking: "If people have interest enough to see the Inn, they will be willing to pay to see it. Anything free is not worth seeing."

LOTS OF WORK IN JAPAN NOW

COMMON LABOR HAS ITS GREAT CHANCE.

Tokio, Sept. 26.—(By the Associated Press)—Thousands of men, chiefly professional men, are out of employment in Tokyo as a result of the earthquake. They are also without hope of employment for months to come although there is plenty of work for the common laborer in clearing away the debris and in construction work. The authorities are faced with the problem of temporarily caring for these men. They have been advised to leave Tokyo but there is no other city where they can go that offers them a field for the work of which they are capable.

The clothing problem is next to that of employment in importance. Great quantities of clothing were destroyed and it will be months before the clothiers are restocked. Meanwhile, cold weather is approaching. Efforts are being made by the government and the Red Cross to deal with the epidemics of dysentery and typhoid fever which are spreading throughout the city. Many cases have already been reported. People are being warned against the use of old fashioned home remedies as these are more dangerous than effective.

Much Progress Made By Miners

Milwaukee, Wis., Sept. 26.—More progress has been made in reaching a solution of mining problems during the 26th annual convention of the American Miners Congress in session here than has been accomplished in many years by individual members. It is the opinion of representatives of the industry attending the congress.

This, it is claimed, resulted through a series of lectures delivered by the foremost authorities on the subject. The conference on a national standardization of equipment and public education and service held the leading interest of the session. An annual business meeting was held tonight to decide the question of policy and future endeavor. One of the net results of the congress was the submission by the committee on fire fighting which predicted a marked advance in the use of more and better fire fighting equipment in the metal mining companies. Eighteen recommendations were made by the committee.

Red Cross Pays Tribute To The Late President

Washington, D. C., Sept. 26.—The American Red Cross, in annual convention here, paused for a moment in silence today, in memory of Warren G. Harding, the late head of the organization, and adopted resolutions declaring the humane work "had lost a great leader, a loyal friend, and an ardent supporter, one whose counsel was of inestimable value."

During the day a great deal of routine business was transacted, including the selection of Washington as the next convention meeting place. Later in the afternoon they were received at the white house by Mrs. Coolidge. New comets are usually discovered at the rate of five a year; but during the past six months the only newcomer to the heavens was seen by an English boy of 16 living in Athens.

A man recently advertised in a west of England newspaper that he would give a woman's costume, made to measure, or a suit of clothes to anyone who would

GERMANY NOT PLEASED WITH NEWEST PLANS

R U H R, RHINELAND STILL STUMBLING BLOCKS.

Berlin, Sept. 26.—(By the Associated Press)—Dr. Van Kahr, former Bavarian premier has been appointed commissioner of state for Bavaria. He is empowered to proclaim martial law, if necessary, but it is denied that such law has been proclaimed as yet.

Munich, Sept. 26.—(By the Associated Press)—Dr. Van Kahr former premier of Bavaria, has been appointed general commissioner of Bavaria with full power to proclaim an exceptional state and adopt any military or police measures to protect Munich from insurrection from reactionary or other sources. The appointment follows the action on the part of the Hitler Guard, another so-called patriotic league who are mobilized for general review Friday. The official action is purely a local precautionary measure and is in no way aimed at the central government. The rumors that an exceptional state has been proclaimed are not true, although the commissioner has full power to do so.

Berlin, Sept. 26.—(By the Associated Press)—A presidential decree has been issued curtailing a number of constitutional rights in Germany and conferring executive power to the minister of defense. The decree which is termed "a decree for restoration of public security" was issued in President Ebert's name tonight. Among the rights restricted by it are freedom of the press and rights of public meeting, also authorizing domestic searches and seizures. Executive power is given the minister of defense, the military commander appointed by him and to the civil officials. Severe penalties including the death penalty may be imposed for breaking these.

Munich, Sept. 26.—(By the Associated Press)—An order has been issued establishing "temporary measures for the maintenance of public safety." It declared that several paragraphs of the Constitution of the Reich and of Bavaria will provisionally cease to operate to the extent necessary to ensure public safety. Liberty of the press and the right to hold public meetings are curtailed.

Berlin, Sept. 26.—(By the Associated Press)—Germany's foreign troubles are just about to start and the time to speak of "capitalization" has not yet arrived for the fate of the Ruhr and Rhineland are closely interlocked with the impending resumption of the reparations discussion.

This is the gist of a candid statement of the German leaders to an private audience of Berlin editors who were told that the government contemplated the immediate future with profound skepticism, tending to pessimism and that it is not deluding itself into belief that daylight and freedom await Germany now that she has ceased passive resistance.

"Our troubles are just beginning and we have yet to learn the national attitude toward our abandonment of passive resistance and whether the occupying powers are sincerely desirous of cooperating with us in completing the task of restoring order." Government Deeply Concerned. The question of whether the administration of the German railroad is to revert to German nationalists and whether the evicted officials will be reinstated, constitutes only one of the mooted points on which the government is not in position as yet to express an opinion. The government's outstanding concern, said this official, is to occupy itself with the fate of the Rhineland and it is a cardinal point on which clarity is demanded.

He believed that all the creditor nations were entitled to have a voice in deciding whether the Ruhr and Rhineland were to remain under French sovereignty, and added that Germany did not propose to engage in such a dangerous experiment as going on record, before the allies had expressed themselves.

Chancellor Stresemann was closeted with the foreign relations committee for two hours. He informed the public that the government would not make a declaration in plenary session of the Reichstag on Thursday as originally planned as it preferred to await possible reaction by the

E. P. SHANK TO LEAVE WELLS LUMBER PLANT

Veteran Superintendent Will Go to Big Bay About Oct. 15.

E. P. Shank, for the last 21 years identified in an official capacity with the manufacturing operations of the L. Stephenson Company at Wells, has resigned. Mr. Shank will leave Oct. 15 for Big Bay to assume the management of the Lake Independence Lumber Company's extensive holdings. His successor at Wells has not been selected, it is understood.

Invented Floor Machine. Mr. Shank was the inventor of the flooring machines in use at the Wells plant, and in most modern flooring plants of the country, which played a large part in the growth of the Wells mill to its place as the largest of its kind in the world. He was at first superintendent of the flooring mill, and later was advanced to the superintendency of other activities in the little industrial city. He is among the most widely known lumber men of the Great Lakes district and his decision to leave Wells where he had lived for so many years, is undoubtedly one of the year's outstanding events in the industry in this region.

Makes Bowling Pins. The Lake Independence Lumber Company is closely allied with the Brunswick-Balke-Coller Company, the world's largest manufacturers of billiard and bowling equipment and one of the largest phonograph manufacturers. Bowling pins are among the chief products of the Big Bay plant, which also turns out a vast quantity of lumber.

During his long residence at Wells, Mr. Shank has been a leader in civic and community affairs, and a citizen whose absence will be seriously noted in every circle in which he moved.

Tokio, Japan, Sept. 26.—(By the Associated Press)—Another severe earthquake occurred in Japan last Monday in the Miroshima district. The quake was especially violent around Kure. The extent of the damage has not been determined as communications between this region and the remainder of Japan have been disrupted. Floods have followed a typhoon in two wards of Tokio. Many have suffered as a result as thousands of refugees were encamped in these wards.

Entente to the newly credited situation. The chancellor probably will open the debate on the foreign situation with the government statement next Tuesday.

Paris, Sept. 26.—(By the Associated Press)—The Greco-Italian affair was brought to a close today, so far as the Inter-Allied Council of Ambassadors is concerned, when that body decided that the 50 million lire deposited by Greece in the Bank of Switzerland as security for indemnity payments should be paid to Italy. The payment was ordered as payment for Greece's dilatoriness in searching for assassins of the Italian-Albanian Boudhary mission, the slaying of which brought about the Greco-Italian crisis and the occupation of the Isle of Corfu.

The ambassadors upheld the decision that in view of Greece's action in fulfilling the terms including payment of the indemnity, saluting the allied fleet and rendering honor to the bodies of slain commissaries, Italy was in duty bound to evacuate Corfu. It was announced that the evacuation has already begun and will be completed tomorrow.

BALKS GREEK PLANS. Geneva, Switzerland, Sept. 26.—(By the Associated Press)—Nicholas Politis, representative of Greece on the League of Nations council, tonight made public his protest against the alleged decision of the council to compel Greece to pay Italy 40 million lire in connection with the assassination of the Italian member of the Greco-Italian boundary mission.

M. Politis declared that if the council of ambassadors had officially decided to award the money deposited by Greece as security for indemnity it would be an act of injustice of the big countries against the little countries.

He insisted that the inquiry had been finished and declared that the Greeks had evidence that the Albanian authorities were responsible for the murder. Flat feet will carry you farther than a flat head.

BULGAR REVOLT IS AT AN END, REBELS QUIT

DECISIVE BATTLE IS FOUGHT AND WAR IS OVER.

Sofia, Sept. 26.—(By the Associated Press)—A semi-official statement issued today says that the revolution in Bulgaria can be considered as approximately at an end. The insurgents are surrendering in parties, many saying that they were inveigled into the movement against their will.

Sofia, Sept. 26.—(By the Associated Press)—The decisive battle in the communicative uprising is being fought in the city of Ferdinand and the village of Borkowitza, four miles apart, according to a statement issued by the foreign office today. Five thousand communistic and Agrarian allies are besieged there, after having declared a soviet republic and established control over the area. 4,000 soldiers, aided by civilians, have been carrying out enveloping operations for the past five days and have drawn a line completely around Ferdinand and Borkowitza.

The rebels are armed with Soviet rifles and machine guns. As many are veterans they have elaborately entrenched themselves.

"Passing Buck" is Barred By Carriers' Body

Chicago, Sept. 26.—That the general policy of carriers in defending wage rates, as equal to those of competitors, and thus "passing the buck" precipitated the shopmen's strike of July 1922, was the argument of representatives of the Federated Shop Crafts committee of the railroad employees' department of the American Federation of Labor at a lively hearing here today.

Presenting their claim before the United States labor board for the right to negotiate for a contract with one of the railroads, the members of the committee were asked by the representatives of the carriers if the carrier affected by the strike had not had, on the average, a rate higher than that of competing roads. The labor representatives replied that this was the alibi of each of the competing carriers. The requests for an increase met with the suggestion that the committee first get their competitor to raise their rates. That led the committee to make a national issue, according to the committee representatives.

Miracles Are Order of Day In Golf Tourney

Pellam Manor, New York, Sept. 26.—(By the Associated Press)—Playing under leaden skies through a mist which hung deep over the court, and soaked the fairway, the majority of the players in the third 36-hole round of the professional golfers' association championship performed a countless number of little miracles.

The "miracle men" of the day's play were Joe Kirkwood, the Australian, George McLean, Robert Cruickshank and Fred McLeod. Gene Sarazen, the 1922 champion, had somewhat of a task in winning from Alex Campbell of Cincinnati but he finally downed him 3 and 2. Walter Hagen won from John Golden 4 and 3. There were two easy winners, "Long Jim" Barnes the Pellam pro, won from Cyril Walker, 8 and 6, and William McFarlane defeated Jacob Stalt, 9 and 8.

Suspend Hornsby For Not Playing

St. Louis, Sept. 26.—Rogers Hornsby, star second baseman for the St. Louis Nationals, has been fined \$500 and suspended indefinitely for refusing to play in today's game with Brooklyn. President Bredon announced tonight. Bredon declared that Hornsby, who has been out of the game for some time with a skin infection, declined to appear in the lineup after a physician had pronounced him in condition to play.

An ambitious scheme for a giant lighthouse of the most modern type, to be erected as a memorial to Columbus, was put forward at the recent meeting of the Pan-American Congress. The island of San Domingo is the site proposed for the memorial. High ideals do not attract as much attention as high instincts.

GARNET MAN BADLY HURT NEAR ENSIGN

"Dead Man's Curve" Claims Another Victim Late Yesterday.

Lansing, Mich., Sept. 26.—(By the Associated Press)—Resumption of the state grand jury investigation into the Ben-ton Harbor, is problematic. Assistant Attorney General Quay said today, announcing that he would confer shortly with Judge Harry J. Dingeman, who conducted the inquiry. Mr. Quay said that there was a possibility that the grand jury proceeding will be kept open till Benjamin Purnell, head of the colony, has been apprehended.

Although it was announced yesterday that information had been obtained that Purnell was not more than 200 miles from the colony, it was said that the missing cult leader would not be located in the next two or three days.

J. H. Patterson, 60 years of age, victim of the accident at "Dead Man's Curve" last night, passed away at a local hospital at 2 o'clock this morning, as the result of his injuries. He was a jobber in the employ of the Northwestern Co. Paper Company, of Gladstone. The body was removed to the All-Federal Home to be prepared for burial and will be shipped to Garnet today.

Patterson's companion in the car, Dr. W. E. Nyhart, of Kalkaska, escaped without serious injuries. Patterson was taken to Rapid River where first aid was administered and he was then removed to St. Francis hospital here. Relatives of the injured man, notified last night, are expected to arrive here today.

Knights of Columbus Lose an Officer

St. Paul, Minn., Sept. 26.—Dr. Edward Buckley, 63, St. Paul, member of the board of directors and supreme physician of the Knights of Columbus, died at his home here tonight after a long illness. Dr. Buckley was born on a farm near here and has lived here most of his life. When the United States entered the World War, Dr. Buckley went to France for the Knights of Columbus. He was a member of the Knights of Columbus commission which presented the statute of Lafayette to the city of Metz. For his services overseas, he was made a chevalier of the Legion of Honor by Marshal Foch. Other decorations were also bestowed on him.

Michigan Men Held Under an Indictment

New York, Sept. 26.—Harry and Jessie Martin, otherwise known as Henry and E. L. Gockley, wanted under federal indictments in Michigan on the charge of using the mails to defraud to the tune of \$10,000 and \$5,000, respectively, pending a hearing on removal proceedings Oct. 4. According to the indictment, the two organized a mail order concern at Holland, Michigan, and advertised for agents, assuring them that they could make from \$50 to \$100 weekly. From applicants, the indictment set forth, they required a deposit of \$100 and an additional \$250 for a working outfit.

Revoke Licenses Of 95 "Parlors" Down in Chicago

Chicago, Sept. 26.—The revocation of the licenses of 95 rooming and eating establishments, making a total of 269, was today's development in the fight of police and civil authorities to make Chicago as dry as the 18th amendment and the Volstead law intends.

Cleanup Campaign Is Getting Results

Officers of the health and police department yesterday continued their inspection of alleys and their campaign to remove rubbish, garbage and debris from back lots, and alley ways before winter sets in. Notices that rubbish must be removed within 48 hours, was served on a number of persons. Checkups showed that similar notices, filed previously, had been complied with. No arrests for failure to comply had been necessary last night, although it was reiterated that failure to comply would bring immediate prosecutions.

The Metropolitan A. A. U. will conduct its pentathlon championship at Newark, on September 29.

Think "King Ben" Nearing Arrest; 200 Miles Away

Lansing, Mich., Sept. 26.—(By the Associated Press)—Resumption of the state grand jury investigation into the Ben-ton Harbor, is problematic. Assistant Attorney General Quay said today, announcing that he would confer shortly with Judge Harry J. Dingeman, who conducted the inquiry. Mr. Quay said that there was a possibility that the grand jury proceeding will be kept open till Benjamin Purnell, head of the colony, has been apprehended.

100 YEARS TO BE MAN'S TIME

DOCTOR SAYS GLAND TREATMENT WILL PROLONG LIFE.

New York, Sept. 26.—One hundred years eventually will be regarded as an infant age when glandular treatment becomes better known. Dr. William Held of Chicago, declared today on his return from abroad after three months' study of the science. He worked with Dr. Abderhalden, leading European glandular specialist. Dr. Held has ordered to be shipped to Chicago, several chimpanzees to aid him in his research. "Men can live to a great age," he said. "Our present knowledge of cellular activities and glandular functions brought to understanding with accuracy, the cause of premature old age, senility, arteriosclerosis, epilepsy, high blood pressure and diseases in general." By removing the poison cholin from the system, he added, physicians now are highly successful in treatment of high blood pressure. After glandular treatment, he said, the hair of three patients which had turned white was returned to its natural color.

Married a Year But Didn't Know Much About It

Chicago, Ill., Sept. 26.—Antonetta Marchepowho, who came from Italy about a year ago with her parents learned today when she went to church with Carlos Bonnavolund to have their marriage bands published that she had been married to another for nearly a year. James Panico, living near the Marchepowho family, after their arrival here met with a friend that he could marry her. He told Antonetta and her parents that he could get a license for her and Carlos and took them to the county building and there the ceremony was performed, the girl and her parents understanding no English and therefore not realizing what was being done. Panico then collected the fee and sailed for Italy. When they learned that Antonetta was already married they asked Judge Thomas Lynch to annul the marriage. He took the case under advisement till he could learn more about it.

Northwestern Names Operating Expenses

Chicago, Sept. 26.—The total operating revenue of the Chicago & North Western for August 1923 was \$14,561,969, in comparison with \$12,860,000 in August 1922. It was announced today. The total operating expenses were \$11,585,386 as compared with \$10,051,357 for the same month last year.

Threatens To Kill; She Asks Divorce

Chicago, Sept. 26.—As she filed suit for divorce today, Mrs. Teachout declared that her husband, a wealthy local merchant, Frank Teachout, was sitting with a gun, waiting to make good his threat to kill her.

CLAIMS IT IS IN RECESS AND READY TO MEET

WALTON DECLAR MARIAL LAW IN 4TH COUNTY.

Oklahoma City, Sept. 26.—(By the Associated Press)—Martial law will be invoked in another county of Oklahoma tomorrow, Governor J. C. Walton announced tonight. The name of the county, which will be fourth to be put under military rule, was not made public, but executive said that a delegate headed by the mayor of one of the cities of the county had called upon him, asking military protection.

STILL UNDAUNTED.

Oklahoma City, Sept. 26.—(By the Associated Press)—Undaunted by the first skirmish with military forces of the state members of the lower house of the Oklahoma legislature prepared tonight for the next move, an attempt to meet and consider the official acts of Gov. J. Walton. Despite the fact that they were dispersed when they gathered at noon today before the barred doors of the House chambers at the capitol, the legislators contended that the House formally was convened and it now is in recess pending call of a presiding officer.

A statement by Representative W. D. McBea, leader in the assembly movement, declared in the proceedings of the state house constitutes a meeting of a house notwithstanding the intrusion by troops acting under orders of Gov. Walton. The statement, Rep. McBea made public what he declared to be official journal of the House Representatives. It detailed a brief action which was terminated in the capitol corridor by military. Prevented from meeting for even causing the House members pinned their hopes of protection upon the effort of a Legal Committee which is preparing court proceedings to make the next step in the conflict.

No Law Defiance.

That there would be no immediate attempt to assemble in defiance of martial law was a comment made today by a House leader. Observers predicted that the solons should await a court ruling before assembling another assembly. Representative W. Dine chairman of the legal committee said tonight the court proceedings "would not get under way before morning." He refused to dictate what form the action might take or whether it would be started in the state supreme court or the United States district court here. It is expected an injunction will be sought against Gov. Walton with the possibility national guard officers being made parties of a suit.

The "Journal of the House" Designed to Show that the Session Was Legally Called Today and That It Was Dispersed in Expectation of the Basis for the Suit.

The "Journal of the House" designed to show that the session was legally called today and that it was dispersed in expectation of the basis for the suit. The Journal, written on stationery of a local hotel where the legislators make their headquarters, describes the proceedings as follows: "Corridors of the House of Representatives, Sept. 26, 1923, 12:00 noon. 'Rep. Charles S. Brice accounting that 66 members of the House of Representatives were present, called the House to order at which time Col. William Key intervened and commanded that the House of Representative disperse, after which he read an order from the Governor of the State of Oklahoma authorizing such a demand. 'Caustic Interchange. 'Rep. Stevall: 'Will you please explain the order?' 'Col. Key: 'The order which have just read is self explanatory.' 'Rep. Stevall: 'You have the entire military forces of the state at your command, have you?' 'Col. Key: 'I refuse to answer the question.' 'Rep. Disney: 'Did you state that you would not answer any questions?' 'Col. Key: 'No Sir.' 'Rep. Disney: 'Are you dispersing us as members of the State Legislature?' 'Col. Key: 'Yes, sir.' 'Rep. Disney: 'Very well, sir.' 'Col. Key: 'Please move on.' 'Rep. Boyer: 'Am I dispersed as a member of the House of Representatives?' 'Col. Key: 'I refuse to answer individual questions; the order has been explained.' (Tearing) 'Major McCarthy, please see that the room is cleared.' But this unembellished record drew no adequate picture of the tense scene attending the dispersal between the legislators and the armed soldiers.

A bankrupt Chinese is a

OVERTHROW OF GOVERNMENT IS AIM OF "REDS"

York—"No greater victory of the overthrow of the government could be won than to bring about recognition of the Soviet regime in Russia."

...charged further that the Communist movement in the American continent is an "ath of, and, to a certain extent, a continuation of the Gerponage system here during the war."

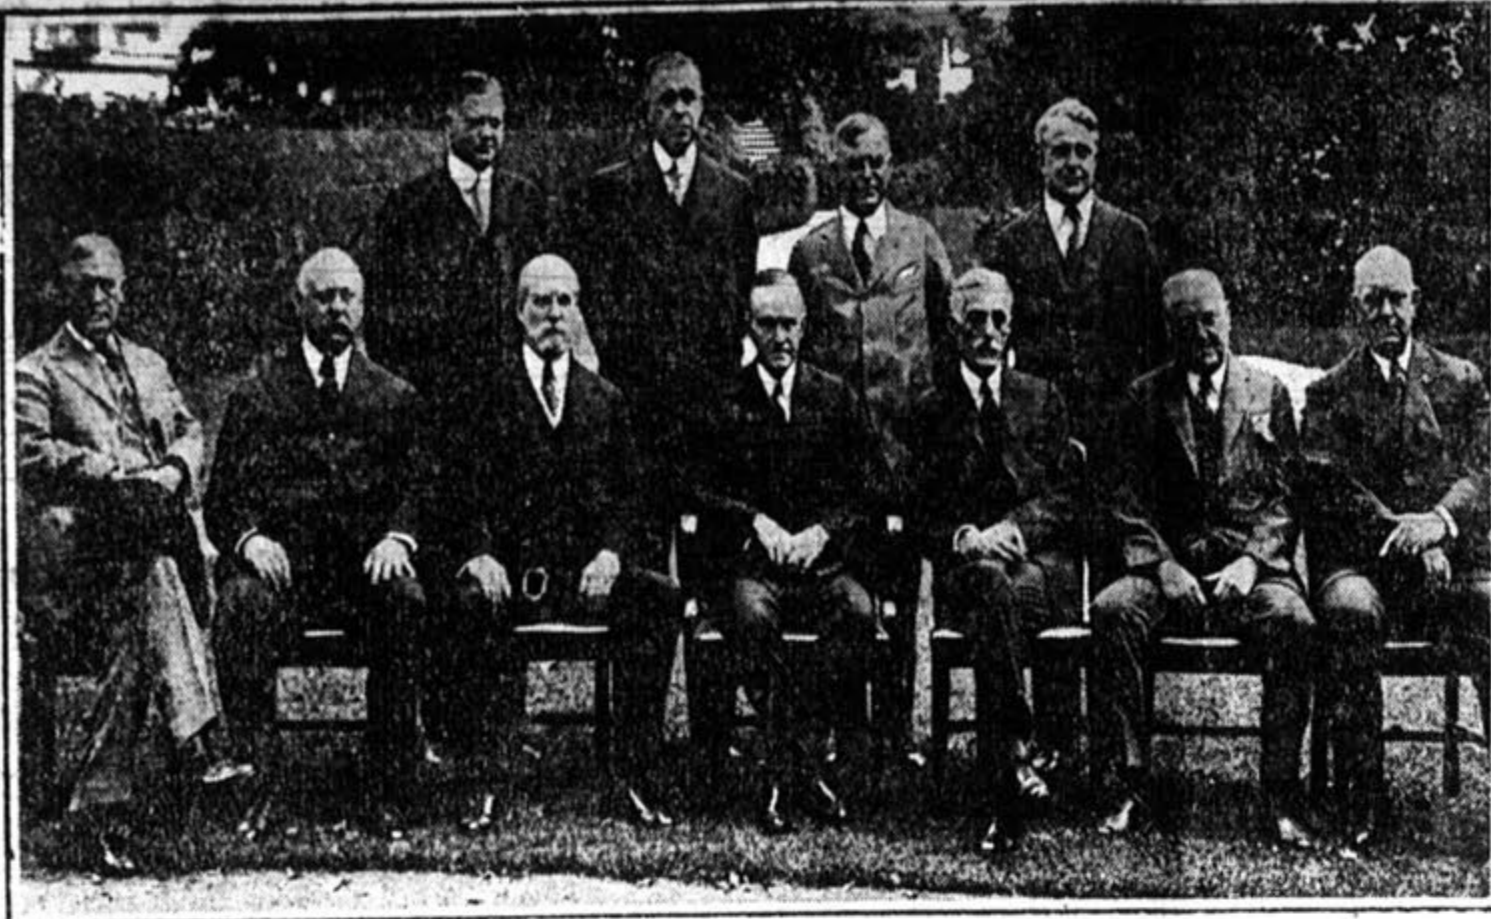

...Has Wide Power. The recognized government is to be a consulate in every city and a consular staff may be appointed as desired and may do what it wants to do.

...While the possibility of overthrowing the American government is not to be conceded, the major lines of development against them would be re-acted; they would be afforded opportunities for re-arranging work and energies are sorely needed for con-ly effort in America would be expended in fighting the ser-vice in the house.

...Underground Body. German espionage system in America is being organized to have taken over by an organization re-acted by agents of the Kaiser among the malcontents and anarchy of the United States, numbers of anarchists.

Can't Sleep? When Coffee disagrees Drink Postum There's a Reason!

PRESIDENT COOLIDGE'S FIRST CONFERENCE WITH COMPLETE CABINET

This photo was taken after President Coolidge's first meeting with his complete cabinet. Standing, left to right, Secretary of Commerce Hoover, Secretary of the Interior Work, Secretary of Agriculture Wallace, Secretary of Labor Davis. Front row, left to right, Postmaster General New, Secretary of War Weeks, Secretary of State Hughes, President Coolidge, Secretary of Treasury Mellon, Attorney General Daugherty, Secretary of the Navy Denby.

...syndicalists, agitators, would-be revolutionists, enemies of the government and individuals who had been convicted of crime, were enlisted in this service. An underground as well as a surface organization is said to have been established. After the loss of German money for maintenance of the espionage system was stopped during the war and the Soviet regime gained control of Russia, the German workers in America are said to have offered their services to Lenin and Trotsky. They "held out the prospect that with proper cultivation the revolutionary units already existing in the United States could quickly mobilize the labor unions and trade unionists for an armed uprising, with seizure and overthrow of the government and the establishment of a Soviet dictatorship."

...Communists Hopeful. The Communists are held to be "hopeful of controlling the next convention of the American Federation of Labor in October, and are carefully working now to control a majority of the delegates that attend it. They are hopeful that a nation-wide strike of the coal miners will take place next April which will afford them the opportunity to attempt again the seizure of the union through revolutionary methods, as they attempted in the strike of 1922." William Z. Foster, head of the Trade Union Educational League, is alleged to have declared at a Communist meeting at Pittsburgh last June that the one-big-union idea already had been adopted by 13 state federations of labor and that federations in other states gave promise of doing likewise. Names of the 45 major Communist organizations in the United States and Canada are changed frequently, says the writer of the article. It is set forth as Lenin's idea that "when the stigma of Communism is definitely attached to a 'surface' organization, it should be merged into a new group." Finally, the United Mine Workers charges that: "More than \$1,000,000 for the Communist movement was raised in this country under the guise of Russian famine relief. This

NEW EXPLOSIVE IS AVAILABLE TO U. P. FARMERS

"Sodatol" Great For Blasting Out Stumps.

A new war salvage explosive for use primarily in land clearing is available for distribution to the farmers of the Upper Peninsula of Michigan, according to recent information from Washington. The announcement coming to the Upper Peninsula directly through the office of L. I. Livingston, Land Clearing Department of the Michigan Agricultural College. This explosive is to be used for shooting stumps, rock blasting and for all other agricultural blasting. Mr. Livingston declares and a total of 18,000,000 pounds which is now available, Michigan will probably receive three million pounds within the next two years. A contract was recently signed which makes the Michigan Agricultural College the distributing agency for this material throughout the State. This new blasting material called Sodatol, is made from left over war salvage explosives which are so combined that they can be used like ordinary commercial dynamite. The material is boxed and cart-riddled the same as any other explosive.

Use Much Acid. During the past two years the farmers of Michigan have received and used practically one and one-fourth million pounds of Picric Acid. Sodatol will be distributed in much the same manner in which the Picric Acid was apportioned to the farmers and can be obtained only in carload lots. The Michigan Agricultural College, through Mr. Livingston's department is cooperating with the county agents, bankers, and farm organizations in making up carload shipments for the various counties throughout the state and the agricultural workers in Upper Michigan are urged to determine their apportionment at the earliest possible date. Sodatol will be delivered in carload money was deposited in banks in New York and Chicago in the name of relief committees and eventually found its way, after passing through various other bank accounts, into the hands of the real Communist emissaries in the United States."

quantities to any point in the State of Michigan at a cost of less than eight cents per pound which is about one-half the cost of the former war salvage explosives distributed in this way. The reduction in cost is due to the fact that the material has been stored in the State of Wisconsin whereas, the picric acid which has been distributed to the farmers during the past few years was stored in New Mexico and the cost of shipping was necessarily greater. Boon to Farmers. Through this arrangement it will be possible for the farmers of Upper Michigan and the entire state, to secure war salvage explosives for land clearing purposes at a much less cost than has been possible since the beginning of the land clearing campaign throughout the state and it is expected that every county in the Peninsula will place orders for the material. Caps Given Free. With every 100 pounds of Sodatol, 100 No. 5 caps will be delivered free of charge. These caps are worth at least \$1.50 per 100 which would bring the price of Sodatol down to 6 1/2 cents per pound delivered. Sodatol differs from Picric Acid, inasmuch, as it will shoot completely with a No. 6 cap. The State of Michigan does not have a certain amount for consumption or an allotment. The consumption of this material is placed on the "First come first served" basis. Due to this fact, while there is a vast quantity at present, owing to its low price, everyone should avail themselves immediately so that Michigan Farmers will get as much benefit as possible.

TURN INSIDE OUT. Many of the most gorgeous coats as well as those of figured tweed are reversible and may be worn with the plain or the figured side to the fore. People who think their grocer short weights them will enjoy learning one was arrested in Seattle. People who have stopped at hotels will enjoy learning lightning struck one in Atlantic City. Wichita, Kans., entertained a hocus prince, who probably learned it while being a waiter. Only a few years ago when you heard about a man leaving a family it meant he was dead. Maple sirup is being made from pruned juice instead of brown sugar. Seven stakes with an aggregate value of over \$100,000 will be run at the coming fall meeting at Latonia.

TOM SIMS SAYS

Well, Los Angeles ghost broke some dishes. Probably the shade of some movie comedian. Movie star stars divorce suit because wife threw an frog at him. New way of pressing a suit. In spite of the many shooting scrapes in New York recently the place is still too crowded. Chicago has built a new jail. It is understood crooks refused to patronize the old one. The put-and-take craze is back again. We put the heavies on and then take them off again. We predict the coldest winter on record because all winters are that. After eating onions, look at the coal bill. It will take your breath away. They say liquor traffic along the Canadian border is heavy. Wonder if it is going or coming? These are ticklish times for those putting on their scratchy heavy winter underwear. Cool weather does not cure summer laziness. But it does take away the excuse for being lazy. Never put off until tomorrow what you should put over today. Georgia wind carried a bale of cotton part of the way to town. Probably a trade wind. We are being reminded by the types that they use a loose leaf system. Women's fall dresses have less latitude and more longitude. With a daughter in high school there isn't very much that her parents don't put over today. Another European crown has changed hands. Only lasting crowns are those put in by dentists. A candidate for office doesn't have to go to a fortune teller to learn his past, present and future. The skinny have a slender chance of keeping warm, but the plump—they have a fat chance. Most of us can see how the styles change by comparing our suits with the new ones. Laugh and the world thinks you are a tax dodger. Work is all right if you have enough spare time for it. The early bird catches the hunter waiting for him.

Deserted Flatiron Starts Small Blaze

An electric flatiron, left standing with the "juice" turned on while the operator was away from the house, sizzled its way through a few layers of cloth and a soft pine ironing board and dropped to the kitchen floor of the George Steln home at 315 Stephenson avenue at about 5 o'clock Wednesday afternoon. The iron kept on scorching its way cellarward until neighbors noticed the smoke and called the fire department. A few squirts of chemical sufficed to extinguish the blaze. The damage was slight.

Four Defendants Are Still Absent

Search for four defendants in federal liquor cases, who were missing when Deputy Federal Marshal Paul E. Nelson visited the city Tuesday, continued yesterday. The men are believed to have left this part of the country when they learned they were wanted on liquor charges. Wild game is plentiful, according to baseball scores.

Gladstone Manager Is Visitor Here

Clifford W. Ham, city manager of Gladstone, was a business visitor at the health, police and accounting departments of the city hall here yesterday. Mr. Ham was formerly city controller here. Augustus R. Hatton, professor of American Government at Western Reserve University, born at Vevay, Ind., 50 years ago today.

SOCIAL

Neck Tie Race At Coliseum. A neck-tie race will be a feature of tonight's skating program at the Coliseum. The event is a new one at the local rink and the management believes it will be a popular one. Six girls and six men are selected. Each girl is required to untie one of the men's four-in-hand ties, skate the length of the floor and return, and tie the tie again. The girl who completes the job in the shortest time is declared winner. There will also be a matinee at the Coliseum this afternoon. Barr P. T. A. Meeting. There will be a meeting of the Barr School P. T. A. in the kindergarten room of the Barr School at 3:45 on Thursday afternoon. This is the first meeting for this school year and we would like to have every mother in the Barr district attend whether she be a member of the P. T. Association or not. Lecee-Wright Nuptials. Marking one of the pretty nuptial events of the early Autumn was the marriage of Miss Mildred Lecee, daughter of Mr. and Mrs. John Lecee of Palmer, Mich., and Walter Wright, son of Mr. and Mrs. George Wright of Big Bay, Mich., former residents of Wells. The ceremony was performed at eight o'clock Saturday evening by Rev. H. C. Skinner at the Baptist parsonage. The attendants were Mr. and Mrs. Ralph E. Hammond of a sister of the bridegroom and formerly Miss Gladys Wright. The bride and matron of honor were attired in gowns of navy blue canton crepe with hats and other accessories of corresponding color and wore a corsage of Ophelia roses and swansonia. A reception was held at the Hammond home for the immediate relatives. The couple left Monday for a honeymoon trip to State Line, Wis., after which they will make their home at Rhinelander, Wis., where Mr. Wright has a responsible position. Mr. Wright is widely known among the younger set with whom he is very popular. He moved to Big Bay, Mich., three years ago with members of the family, later going to Rhinelander. The bride is one of Palmer's most estimable young ladies and like her husband enjoys the friendship of a large circle of friends. Epworth League Social. The Epworth League of the Swedish Methodist church will hold its monthly social in the church parlors at 8 o'clock Friday night. A good program has been arranged. The Misses Ethel and Bertha Kjellberg will serve refreshments.

DELFT Theatre TONIGHT—8 O'CLOCK Olle I. Skratthult And All-Star Company of Twelve People Presents the Three-Act Comedy "Lars Anders, Jan Anders and Their Children" The most popular Swedish Comedy ever written. An opportunity you cannot afford to miss. Under Auspices of North Star Society. Tickets Now on Sale at Box Office. Between the acts there will be music and singing. "Olle" himself will appear with songs and stories. This is his eighteenth season in America and his popularity seems to be growing from year to year. SWEDISH NATIONAL DANCES by two couples in costume are given in last act of the play. A program of entertainment that will be thoroughly enjoyed by every Scandinavian.

WHICH WEIGHS MORE? Here is a 54-pound watermelon, grown in Dalles, Ore. We don't know how much the little girl weighs, but it is a safe guess the difference between the two is not so great, either way. Image of a girl holding a large watermelon.

Fraternal Column

Ladies' Aid Meeting. The Ladies' Aid of the Swedish Lutheran Church will meet Thursday afternoon at 3 o'clock in the chapel at North Escanaba. Mrs. John Borgstrom and Mrs. Vesterburg will serve. Everybody is welcome. Rebekah Dance Tonight. The Phoebe Rebekah Lodge will stage another of their famous dancing parties at the Odd Fellows' hall this evening when Bohr's Kittens will furnish the musical program for the occasion. Unusually good looking decorations have been purchased and the patrons will be treated to a great surprise when they enter the hall. The parties given by these ladies in the past have always been very successful and their reputation as royal entertainers is known far and wide.

Meeting at St. Patrick's Hall

The Ladies' Auxiliary to the Ancient Order of Hibernians will hold a meeting at St. Patrick's hall Friday evening at 8 o'clock. It is expected that there will be an unusually large attendance as business of importance will be transacted.

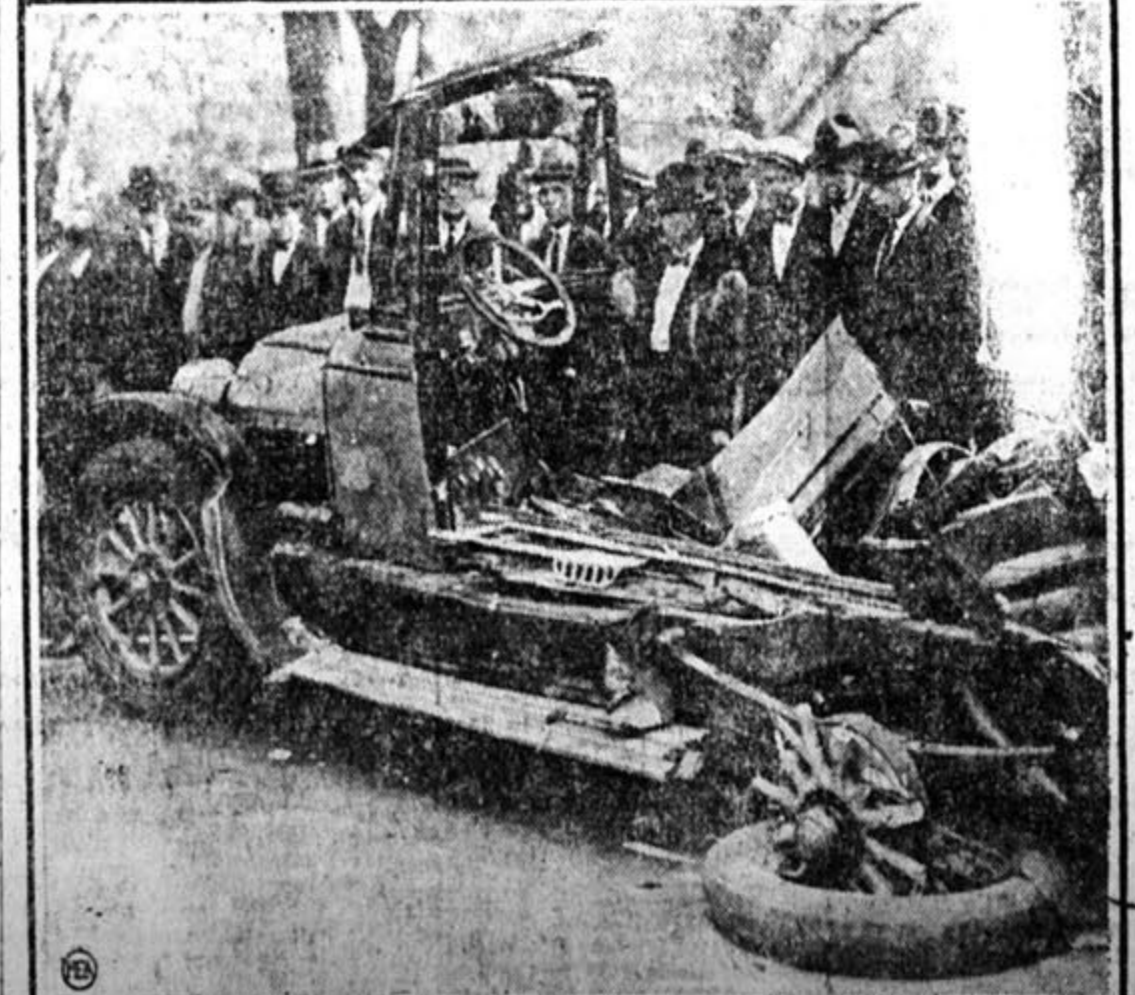

Street Department Repairing Bridge

The Escanaba street department is making repairs to the bridge on West Livingston street over Butcher's creek. A new top is being placed on the structure. The work may be completed today.

NOTICE

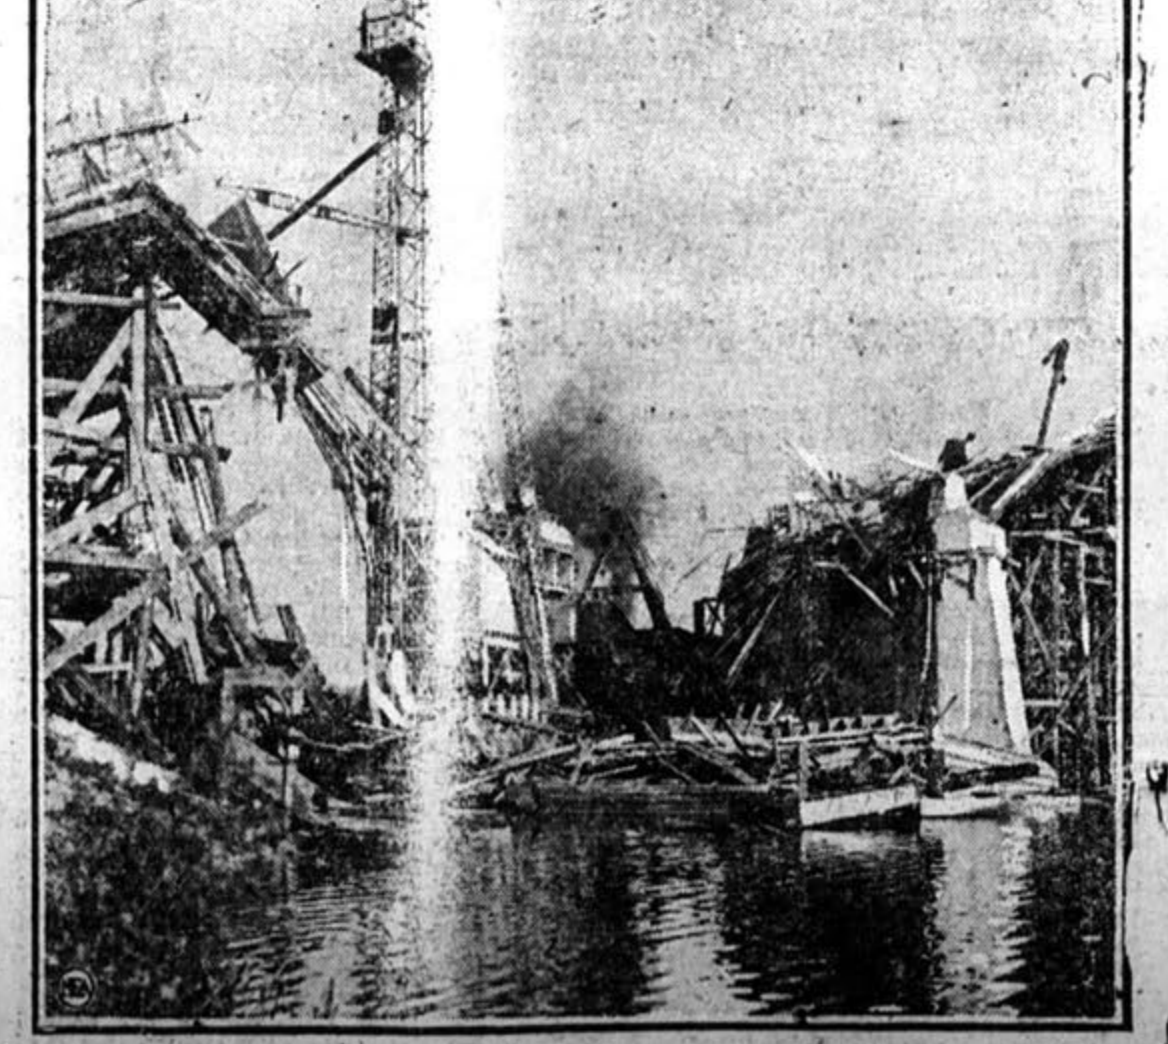

The ransy sale in charge of Madames Syverson, King and Frost, which was to be held on Saturday, has been postponed until October 6th, on account of the Baptist church holding their sale.

ANOTHER RIGHT-OF-WAY ARGUMENT

What happened to the auto of Assistant Postmaster General Bartlett was a plenty, when it disputed the right of way with two street cars in Washington. Bartlett narrowly escaped death.

THREE MILLION DOLLAR COLLAPSE

As the workmen on the new bridge connecting Schenectady, N. Y., with Scotia and the west were pouring the concrete on the last span, the wooden supports gave way, throwing them to the water below. Many were injured, some fatally, while five are missing.

AUTO SIGNAL CONCERN MAY COME TO ESKY

Local Investors Attempting to Bring Factory to This City.

Though it will be necessary to find purchasers for about \$2,000 worth of a \$15,000 block of stock before any definite announcement can be made, it was said last night by a group of local business men who are interested in the project to bring the plant of the Mack Automatic Traffic Signal company to this city, that there was every reason to believe that the transaction would be completed and the factory moved here within the next six weeks.

New In Use Here.
The auto signals, installed on a number of automobiles here yesterday, have been attracting a great deal of attention. The device is intended to do away with the necessity of holding out an arm to signal the driver's intention to stop or turn a corner, and although it only recently was put on the market, several thousand of them are now in use.

The signal now is being made in Minneapolis where it has been given the enthusiastic and unqualified endorsement of police and traffic officers and a large number of other persons interested in handling automobile traffic expeditiously and safely.

The Mack signal is a small semaphore arm on a hinge which permits it to be turned, by hand, quickly to the three positions specified in the signal code of the national automobile association—up for a right turn, out for a left turn and downward for a stop signal. It can be seen from all directions, and can be attached to any automobile.

State Laws Favorable.
Seventeen states now require that drivers signal, either with their arms or by means of some mechanical device, when they expect to turn a corner or to stop. The Mack signal is the only mechanical signal which complies with all of these requirements.

In developing the signal the inventor has spent more than \$33,000; has machinery and equipment worth \$15,000 and merchandise and stock on hand valued at about \$4,000. He has agreed to move the plant to Escanaba, provided \$15,000 is invested in the project by local investors. No bonus has been asked by the manufacturer.

No concentrated effort has been made to sell the stock here. That which has been subscribed is largely in the hands of men who have seen the device, talked to the manufacturer and believed that the industry has a future which will be profitable for them as well as a mighty good thing for Escanaba.

Chance for Growth.
At the outset, the concern would employ about 75 to 20 skilled workers, and there is every indication that, if the signal is as popular as those interested hope it will be, the growth of the concern will be rapid.

COMMITTEE WILL MEET TODAY TO DISCUSS BUDGET

Members of the Finance Committee of the Delta county board of supervisors will meet at the court house this afternoon with heads of the various county de-

partments to prepare the 1924 budget estimates for submission to the board at its meeting early next month. The department head will be required to submit at the preliminary meeting today the estimate of the amount which will be required to run the department for the next year. More than \$45,000 will be required this year for the payment

of interest and retirement of the annual installments of the county's bonded debt. The report of the Interest and Sinking Fund committee lists the following amounts due for payment during 1924.

County Bridge Bonds, 1914, 4 per cent—Principal \$5,000, Interest \$200; Total \$5,200.
County Road Bonds, 1913, 4 1/2 per cent—Principal \$10,000, Interest \$1,575; Total \$11,575.
County Alms House Bonds, 1913, 5 per cent—Principal \$1,000; Interest \$50; Total \$1,050.
County Agricultural Society Bonds, 1914, 5 per cent—Principal \$1,000; Interest \$250; Total \$1,250.
County Road Bonds, 1916, 5 per cent—Principal \$10,000; Interest \$2,000; Total \$12,000.

County Road Bonds, 1915, 5 per cent—Principal \$5,000; Interest \$900; Total \$5,900.
Total—Principal \$32,000; Interest \$3,075; Total \$35,075.
Italy has set today as the date for evacuating Corfu, the seizure of which several weeks ago brought a war cloud over southern Europe.

CASES TO BE TRIED BY JURORS HERE

Jury Cases to Be Tried During the Week.

Those Manistique people who participated in the jury cases at this week's session of the Schoolcraft county circuit court were disappointed. Out of the nine cases listed in the calendar for jury trial, not one will be heard at this term of court, and the jury panel was notified that they would not be needed. After reviewing the cases on Monday with the attorneys, Judge Louis H. Freed found that there are but two cases ready to come up for trial by jury.

The case of *The People vs. Walter Stigall*, rape, and the case of *Con Martin vs. Herman Miller*. Upon further investigation, it was found that these cases were also not in line to be tried at this term. The Stigall case was practically the only important jury case on the docket. Stigall, a resident of Blaney, had been charged with attack on his brother's 12-year-old daughter, the justice terms filed August 18 at Justice A. McKinnon's office. Arraigned in circuit court Monday, Stigall pleaded not guilty to the charge, a stand that he has stoutly maintained since the arraignment in justice court.

Witness in Kentucky. Reviewing the case on Monday, it developed that Stigall had father in Kentucky which he wished to use as a witness and he was not able to get to Manistique for this term, and the case was continued over to the January court session. In the meantime, Stigall was returned to the county jail, until the January term, or until he obtains bail.

Stigall is an unique character, and was according to his own statement, at one time a "hard-core" Baptist preacher. He is 35 years of age and married. His only child died at Blaney last month, while the father was in the custody of authorities here. His brother Charles, is somewhat older, and has nine children.

Two Holidays For School Kiddies At Manistique Fair

Manistique schools will be closed on both Thursday and Friday afternoons this week, so that pupils may have an opportunity to attend the twelfth annual Schoolcraft county fair.

WOMEN'S CLUB ASKS ADEQUATE FIRE SAFETY

Adequate forest fire protection for Schoolcraft county is the theme of a petition circulated this week from the Women's Club conservation booth at the Schoolcraft county fair. It reads as follows:

"Hon. John Baird, 'Director of Conservation Lansing, Mich. 'Dear Sir: 'We, the people of Schoolcraft county, in the State of Michigan, feeling that complete and efficient forest fire protection is essential to the present and future prosperity of our county, and feeling that our present forest fire organization is inadequate and in need of much improvement, hereby petition that the Department of Conservation take immediate steps to insure efficient fire protection for Schoolcraft County and all of Michigan.' (Followed by signatures.)"

On exhibition also in the conservation booth is a wren house which the property of Mrs. Fred Baker, Manistique, and was sent to her by her daughter, Miss Roma, who is a teacher in the Topeka, Kansas schools. The little bird house was made there, and won first prize in an exhibition of 3,000 bird houses.

Wonder Picture At Gero Tonight

Something unusual in the line of a movie has been booked by the Gero theater, showing tonight. It is one of those under-water adventures, called "Wonders of the Sea."

The picture teems with enthralling scenes enacted on the bottom of the ocean. Divers descending to battle with giant octopuses and other monsters of the deep, are recorded on motion picture films by a cameraman concealed in the observation chamber of the Williamson submarine. Tube System fathoms below the surface.

The daring cameraman who did the photographic work is J. Rescher, who has had a wide and varied experience in the field of photography for a period of ten years, and has to his credit the filming of twenty-six outstanding picture successes.

Most of the underwater scenes in "Wonders of the Sea" were filmed at a depth of from 35 to 80 feet. Mr. Rescher says, that some were taken at a depth of 85 feet.

There are slow motion pictures, the first ever taken below the surface of the sea, and some remarkably beautiful pictures of a swimming girl. A vicious barracuda, which is quicker to attack than a shark, adds a thrill to the film, while a touch of tragedy is given by the scenes of great schools of fish about the sunken ships. A deadly moray is speared and gives battle, and a great shark is shown gulping down a baited hook in clear view of the camera, disproving the belief that a shark turns on its back to attack. Then the great professional diver, Jack Gardner, and Mr. Williamson hunt and battle the giant octopus of the deep, and escape through the "smoke screen" thrown out by their wary prey. There are many other hair-raising scenes in this story, laid in the crystal clear waters of the West Indies.

TODAY'S EVENTS. Centenary of the birth of Gen. James S. Jackson, a noted Kentucky commander in the civil war. Today has been fixed as the date for beginning the elections for the first parliament of Egypt.

SAVES BABIES, helps grown-ups, comforts elderly people. For cholera infantum, summer complaint, weakening diarrhoea—use CHAMBERLAIN'S COLIC AND DIARRHOEA REMEDY. Take in a little sweetened water. Never fail.

COUNTY FAIR PROMISES TO BREAK RECORD

Exhibits Attractive, Many Novel Features Are Presented.

Bright with nature's own autumn colors, and fragrant with the smell of fresh apples and spruce branches, the main exhibition hall at the Schoolcraft county fair was the Mecca of all fair visitors yesterday.

The apple exhibit was especially good for this year, for the crop has been a big one, and the quality of the fruit is of the best. This exhibit is in its usual place at one of the south entrances.

The various booths have also been made colorful by the use of vari-colored leaves, and the central space, occupied by the cold welfare exhibit, is entirely enclosed with spruce branches. To mothers, this has been an interesting and instructive booth. The public health service and the M. A. C. extension service also have space in the main hall, and their display case showing the ingredients of properly balanced meals has attracted much attention.

Business Houses Represented. Local business houses are well represented as usual, and have some attractive lines on display. Special mention has been made of the exhibit of L. Rosenthal, who displays a line of furs, with an unique autumn background suggestive of the cold days when furs are needed. Squirrels, birds, and other game are seen amid the riot of autumn coloring, while a clever arrangement of mirrors gives the illusion of a long trail leading into the woods, a fur clad figure standing on a fur clad figure standing on a fur clad figure.

George Bruckelmyer and Claude Wendlund, both former residents of Manistique, arrived in the city yesterday, and attended the county fair. Both are known here as musicians, the former as a trombonist, and the latter on the saxophone, and have been traveling with a musical organization this summer.

A well-filled hall greeted Tony Ledue's orchestra at the K. C. Hall last night in the first fair dance of the week. The Manistique post of the American Legion is staging another dance at the same hall tonight.

Select your tur coat now at 25 per cent discount. A small deposit will hold it for delivery at Rosenthal's.

Business Wells and Larry Kurts were business visitors at the local farm bureau during the fair week. Buy your winter fur coat now. Twenty five per cent off at Rosenthal's. A small deposit will hold it until you want it, and you save 25 per cent.

Mr. and Mrs. H. B. Baker motored to Seney on Thursday. Edward Peterson returned to Manistique Wednesday morning from a business trip to Minneapolis. George Nicholson has purchased a Hudson four passenger speedster from the Cloverland Garage.

WOMEN FANS OF MANISTIQUE ARE ASKED TO EAT

"Lady baseball fans? Sure!" said Dr. H. L. Mead of the Manistique baseball banquet committee. "We're extending a special invitation to the fans of the fair, and we want them all at our banquet to the Manistique baseball team next Tuesday night. We don't intend to make the affair 'for men only.'"

The banquet was planned by local business men as a tribute to the members of the baseball team who have given Manistique so much favorable advertising this year through their performance on the diamond. The banquet will tend to show the appreciation of the fans, and is being staged without any intention of financial gain.

The committee announced that they had secured the main dining hall at the fair grounds, which was the only space available to accommodate the horde of fans. Music and speaking has been provided for the banquet entertainment.

Scheduled to begin at six o'clock next Tuesday evening, October 2, the affair promises to be the best community get-together mixer of the year.

Tickets have been placed on sale in several business places. Joe J. Boholik and Emery Barnes arrived in Manistique Monday night from Detroit for a week's visit with relatives and friends during the Schoolcraft county fair.

Ross H. Boyle spent the week end at the Florida home in Manistique, on his way to Lansing, where he is attending M. A. C. We have just received a line of ladies' fur coats from one of New York's leading fur houses, and sell them at 25 per cent less. We will have them for three days, than regular prices. Buy your fur coat now, at Rosenthal's.

FORESTERS PAY TRIBUTE TO CHAPLAIN

Sacred Heart Court Says Farewell to Father Bennett.

Members of Sacred Heart Court, Number 186, gathered last evening at All Saints' parish hall, to say farewell to their pastor and the chaplain of their order for the past sixteen years, the Rev. Father O. J. Bennett, who is leaving Gladstone to assume charge of the Holy Family church at Ontonagon.

The affair was a social gathering but throughout the evening a note of sadness was evident, members of the lodge seeing in the occasion the last meeting at which their chaplain would be present.

The feature of the program arranged for the affair was the presentation to Father Bennett of a purse of twenty-five dollars in gold, a slight token of the esteem in which members of the lodge hold the pastor. The presentation was made by Mrs. James D. McDonald, chief ranger, who, in a few well chosen words, expressed the feeling of the entire organization at the departure of so valued a friend and adviser.

Father Bennett responded, as he said, taking the opportunity to tell how much pleasure his association with the lodge has meant and thanking the members for their cooperation in every movement undertaken during his stay here.

A gold pin emblem of the Woman's Catholic Order of Foresters, was presented by the lodge to Miss Margaret Hurley, active worker, who will go to Ontonagon to take charge of the pastor's new home.

Following a program of musical numbers and readings was given, including a musical reading, "The Lesson of the Water Mill," by Miss Maurice McDonald, and selections by the girls' quartet, Misses Ethel Bennett, Gertrude Schustarich, Flora LaRoche and Mrs. Elmer Vandenberg, with Miss McDonald as accompanist.

The remainder of the meeting was an informal gathering, the affair closing after the serving of refreshments.

Enters School At Milwaukee

Mrs. A. Harrington and her daughter, Miss Idella, left Tuesday night on an extended trip to Ladysmith, Wis., Minneapolis, Minn., Boyceville, Wis., Stevens Point and Milwaukee. Miss Harrington will remain in Milwaukee, entering the Hoffman business college, while Mrs. Harrington will go to Kenosha, Wis., where she will visit as the guest of Mr. and Mrs. James English, former residents of Gladstone, before returning to her home here.

Mrs. Fred Anderson Hostess to Aid

The Ladies' Aid Society of the Swedish Lutheran church will meet at the summer home of Mrs. Fred Anderson, Lake street, at 2:30 o'clock this afternoon. Following the business meeting a social hour will be enjoyed. Refreshments will be served.

Rev. Anderson to Speak Before Aid

The Rev. David Anderson of New York, who is visiting here, will speak at the meeting of the Ladies' Aid society of the Swedish Baptist church, which will be held this evening at the church at 8 o'clock.

Meet for Prayer At Whitefish

A prayer meeting for members of the Swedish Baptist congregation will be held Friday evening at 8 o'clock at the Gust Nelson home, Whitefish. The Rev. Hugo Herrgard, pastor, will be in charge.

NEW LAMP BURNS 94% AIR

Beats Electric or Gas. A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94% air and 6% common kerosene (coal-oil).

The inventor, L. L. Johnson, 609 W. Lake St., Chicago, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. Adv.

Legion Is Selling Many Tickets For Dance This Week

Every member of the Manistique American Legion and Auxiliary has been allotted a quota of tickets for the American Legion fair-time community dance which is to be staged at the K. C. hall tonight.

Early ticket sales indicated that the Legion's first fair of the season would be a big success, and officials of the Legion were gratified at the fine spirit of co-operation shown by the members and ladies of the Auxiliary.

The "Postrot Five" has been engaged especially for the occasion, dancing to begin early and quit early (in the morning).

Proceeds of the dance are to be used in a cause which the Legion is sponsoring.

The Oxford University debating team is to begin its second American tour this evening with a debate against the Bates College debating team at Lewiston, Me.

GENE IS AN OLD FIEND OF THIS COACH, TOO

If Escanaba high school ever has a coach who has not known Gene Dayton in the old football days in lower Michigan, there will be something unusual to talk about.

When Al Loucks took over the neighboring city of Escanaba, he and Gene staged a reunion. Saturday afternoon Gene walked across the field and a minute later had found an old friend, Coach Glenn Thompson, whom he had known well when the coach was playing football at Rockford and Grand Rapids.

Which will mean another reunion—Glenn and Gene this time.

MY FIRST DOLLAR

PETER J. LINDBLAD. "It isn't how you make your first dollar that counts," said P. J. Lindblad, prominent grocery man. "It's how you save it." "Yes, I can tell you how I made my first dollar and I can tell you what I did with it. I put it in the bank." "My first money was made when I was a boy in Sweden. I worked for a farmer nearby, doing chores and helping around the farm. I think I must have worked for a couple of weeks before I had a dollar." "But that part does not count so much as saving. Saving is the only way to succeed, to get along in the place where you have something. That I firmly believe. That is the lesson the young people of today with their many advantages need to help them to get a start." "I don't mean being stingy—being extreme is as bad as the other, but I do believe that the theory of saving works out to the best advantage of all concerned. "It's the only way."

LUTHER LEAGUE WILL PRESENT MUSIC PROGRAM

Members of the Luther League of the Swedish Lutheran church have completed arrangements for a musical program which will feature their regular meeting Friday evening.

The meeting, which will begin at 8 o'clock, will be an informal gathering and following the program a social hour will be held and refreshments served.

The program announced yesterday by the committee in charge is: Piano duet—Agnes and Hattie Elquist. Reading—Selma Olson. Vocal solo—Ethel Segerstein. Vocal solo—Noble Swenson. Vocal solo—John Strand. Vocal solo—William Nelson. Reading—Thelma Olson. Piano duet—Lillie and Anderson. Vocal solo—Rev. and Mrs. Olson. Piano solo—Helen Erickson. Reading—Ethel Jackson. Vocal solo—Gunnar Von Elm. Vocal solo—William Nelson.

PERSONALS

Mr. and Mrs. Joseph Richard have returned by motor to their home at Rosmo, Mich., after visiting at Escanaba and at the home of Mrs. Frank Brown, here.

Henry Rosenblum returned yesterday from Sault Ste. Marie, Mich., where he visited at the home of Mr. and Mrs. Leon Winkelman.

Mr. and Mrs. Joseph Stern of Escanaba have returned to their home after visiting at the home of Mrs. Stern's brother, Julius Vandysel, Delta avenue. William Duchaine returned last night to Danville, to resume his duties as member of the Commercial News staff after a week's visit at his home here.

Secretary Calls F. R. A. Meeting

Announcement was made yesterday by Mrs. Mary Henke, secretary of a meeting of the Fraternal Reserve association of Gladstone this evening at Wasa hall. Every member is urged to be present as an important business is to be transacted.

Paisley Miller Buys New Home

The Edward Anderson home at 905 Dakota avenue has been bought by W. Paisley Miller, See Line engineer, formerly of Escanaba.

SCHOOL BUDGET IS SUBMITTED TO COMMISSION

Fax Rate of \$55.99 Needed to Meet Fund of \$119,448.48.

A fund of \$119,448.68 will be necessary to run the Gladstone public schools during the coming fiscal year, according to a budget statement prepared by the board of education and submitted to the city commissioners. This will make the Gladstone school tax this year \$55.99 for every \$1,000.

The budget this year, will not only cover the cost of running the schools, but will take care of notes, due on the school debt, totalling over \$37,000 and bonds amounting to \$15,000, that will fall due within the coming year.

This policy of paying off the indebtedness as soon as possible and particularly of taking care of last year's indebtedness, carried over, immediately, was adopted at the annual meeting of the board and was given the approval of taxpayers, who preferred to see a higher tax rate, rather than have a big amount of interest added each year.

START WORK ON MINNESOTA SEWER TODAY

Construction work on the Minnesota sewer system, contract for which was let to Nebel Brothers at a recent meeting of the city commission, will begin today.

A supply of pipe, needed for the work, arrived yesterday and the construction of the sewer will be started without any delay. It will be completed by October 15, according to present plans.

The system, which Minnesota avenue residents have been petitioning for, for the past ten years, will extend from Eleventh to Fifteenth streets. The estimated cost of construction is close to \$4,000, most of which will be raised by special taxation.

POLICE FORCE HAS NEW GUNS

New police guns, Colts, 32-30, have arrived and have been added to the department equipment. All members of the department will be supplied, with the new guns.

NERVOUS WOMAN COMPLETE WRECK

Tells How She Was Made Well by Lydia E. Pinkham's Vegetable Compound. Indianapolis, Ind.—"Now I want to tell you just what induced me to take your medicine. It seemed that I had some kind of weakness so that I could not carry a child its full time. The last time I was troubled this way I had a nervous breakdown and was a complete wreck. The doctor thought I would not live, and I was going to die just then. My husband got me Lydia E. Pinkham's Vegetable Compound and I took six bottles of it. I soon got strong again and had three more children. I have recommended the Vegetable Compound ever since, and if you could see me now you would think I had always been well."—MRS. MARY F. HERRICK, 224 Detroit St., Indianapolis, Ind.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for expectant mothers and should be taken during the entire period. It has a general effect to strengthen and tone up the entire reproductive system, so that it may work in every respect effectually as nature intends.

MISS SCHULER IS BRIDE OF MINNESOTA MAN

Wedding of Popular Gladstone Girl Announced

Of deep interest to many Gladstone people is the announcement made yesterday by Mr. and Mrs. C. W. Schuler of the marriage of their daughter, Gertrude, to Gordon W. Gieseke of Minneapolis, at Marshall, Minn., Sunday, September 16.

The young people will be at home after October 14 at 1521 LaSalle, Kingsdowne Apartments, Minneapolis.

The wedding, news of which will come as a pleasant surprise to a large number of Gladstone people was performed Sunday morning at 10:30 o'clock at the parental home at Marshall, Minn., by the Rev. J. J. Jones reading the marriage service.

After a wedding breakfast and reception for immediate relatives and friends, the young people left by motor on a wedding trip after which they will go to Minneapolis where they will make their home. The bride is the daughter of Mr. and Mrs. C. W. Schuler of this city and made her home in this city until a few years ago when she left for Minneapolis to take a nurse's training course. She is a graduate of the Gladstone high school and of the General Training hospital of Minneapolis. Shortly after her graduation she was appointed supervisor of the Lyman Hurst hospital at Minneapolis which position she was holding at the time of her marriage.

COMMITTEEMEN TAKE ACTIVE PART IN DRIVE

Active work on the drive being conducted by the Salvation Army to raise \$1,200 in Gladstone started yesterday when the Army workers with a committee of Legion men, began a canvass of the downtown business places.

The drive will be in full swing today and will continue until September 29, by which time it is hoped that the \$1,200 Gladstone quota with \$300 for outside communities will be raised.

The Legion committeemen assisting in the drive are Delbert Calder, E. C. Dayton, John Mattson and Clifford Murker.

Gladstone, Michigan.

FENSKI HELD FOR TRIAL ON DEATH CHARGE

Escanaba Autoist's Bond Fixed at \$5,000 at Hearing.

Menominee, Sept. 26.—At a preliminary hearing before Judge George Barstow in municipal court here yesterday afternoon Herman Fenski, Escanaba contractor, was bound over to the October term of circuit court on a charge of negligent homicide. His bail, set at \$5000 when he was taken into custody by local authorities in connection with the death of Miss Belle Lemieux who was killed by an auto alleged to have been driven by Fenski in this city on the night of September 16, was reduced to \$2,000 at the preliminary examination yesterday.

Miss Lida Wright, Coroner John Axelson, Mr. and Mrs. Bert Miller and Francis Lezotte, all of this city, were called by the court to tell of their knowledge of the circumstances surrounding Miss Lemieux' tragic death, and it was the testimony which they had to offer which resulted in the carrying of the charges to the higher court. Fenski was represented at the hearing yesterday and will be defended in circuit court by Attorney H. J. Rushton of Escanaba.

Many at Hearing.
Because of the great interest in the case and its outcome an unusually large audience was on hand in the municipal court rooms yesterday afternoon when the case was opened.

Miss Wright, who was walking with Miss Lemieux at the time the latter met her death, told the court all she knew of the accident. She stated that she had been unable to see what kind of a machine it had been that ran down Miss Lemieux because she could only observe its lights when it was coming toward her and when she turned around after it had passed and struck her companion it was already at some distance.

Coroner Axelson merely testified in his official capacity as to his findings in an examination of the young woman's body. He stated what injuries he found and declared that the unfortunate woman's clothing had been torn in such a manner as would indicate she had been dragged for some distance.

Eye Witness Testifies.
The most positive evidence offered by the witnesses for the people was that introduced by Mr. and Mrs. Bert Miller, who were sitting in their car at the Barkhausen oil filling station when the fatal accident occurred. Mrs. Miller was probably the only person who witnessed the accident in its entirety. From her position in the machine she was able to see everything which occurred and she described the car which struck down and dragged Miss Lemieux as a coach, color undeterminable because it was dust covered. Her detailed description of the death car, which included a description of its passengers, tallied with that of the machine driven on the night of the accident by Fenski.

Miller Chased Fenski.
It was the Miller car which raced away from the filling station and down Ogden avenue in mad pursuit of the machine which struck Miss Lemieux and overhauled the Fenski car in front of the St. Joseph's hospital. Mr. Miller said that during the time he was chasing the machine he never lost sight of the machine which figured in the accident.

Lezotte it was he who picked up Miss Lemieux's lifeless body after the car had passed on, leaving it on the railroad tracks. He said he had not been a witness of the accident and declared when questioned that in his opinion Miss Lemieux was dead when he picked her up.

The Pacific Coast League fans are again being entertained with a thrilling last lap in the race for the pennant.

GEN. MARCH AND BRIDE ABROAD

General Peyton C. March, chief of staff of the U. S. Army during the World War, and Miss Cora Virginia McEntee of New York, stole a march on their friends when they were married within a few days of the announcement of their engagement. They are leaving St. George's Register Office in London.

Parish Ladies Formulate Plans For Diversions

The ladies of St. Joseph's parish held a meeting at their club rooms Tuesday evening when plans were formulated for many social diversions which will take place during the months of October and November. It has been customary each year to hold a sale and bazaar for the church. These affairs have always proven very successful in the past, but realizing that the merchants and business firms of the city have been approached often enough when they solicited donations to conduct these bazaars they have made other plans. Each lady in the parish has a quota of from five to ten dollars to raise in some manner or other.

The ladies have planned card parties, quilting bees, socials and various programs to be held in their homes or any other suitable place at which time funds will be raised to defray expenses in connection with the church. This new plan will eliminate the unpleasant feature of soliciting from business firms. Already several of the ladies have begun their work and each social affair will be advertised that the public may patronize them if they wish. The announcements will appear in this paper from day to day and those wishing to attend can follow the crowd where they will be held, thereby helping the good cause along.

A limited time has been allotted them and all money raised in this manner will be turned over to the pastor December 1. After December 1, the regular routine of card parties will be held at St. Joseph's club rooms. The first of the party series will be under the auspices of the Holy Name society. The proceeds of this party will be used as an endowment fund for the improvement and maintenance of an up-to-date library for St. Joseph's school.

A meeting will be held in the near future to tally the names of the ladies who have responded to the call for contributions for the next season.

Experiments seem to prove that spiders can call to one another. Several spiders have on the underside of their abdomens a round depression containing small, hardened projections, which is suggested to be the calling organ.

RAPID RIVER NEWS.

Mrs. A. Franzel, son Irwin and daughter Vivian returned to their home in Milwaukee Saturday, after spending the weekend with their cousin, Mrs. Wm. Vietzke. Lester Peterson, of Stephenson, is the guest this week of his sister, Mrs. Norman Hall.

GOOD YEAR

UP-TO-DATE WALLPAPER

Ralph Stevens, New York doll importer, has papered his office with German money of a total value of \$6,000,000 marks. Before the war they would have been worth about nine million dollars.

A Worth-while Reputation

THE head of one of this country's great manufacturing institutions says:

"The man who builds and the man who buys are both beneficiaries of reputation. To the one it is a continuous spur and incentive—to the other, the strongest of all guarantees that what buys is worthy."

Personify the manufacturer or merchant who has a reputation for honesty and fair dealing. Such motives must actuate the consistent advertiser. The man who invests real money in building a reputation for himself and his merchandise cannot afford to risk any of it by taking unfair advantage of his customers. He must retain the good-will of the buying public. Without this, his business cannot succeed.

Every time he advertises he puts his reputation in your hands. His products or the wares he has for sale must make good. His service must be as advertised. That is why it pays to read advertisements, to deal with advertisers and to buy advertised goods.

Yes, it is worth your while to read the advertisements.

10 CASES TO BE TRIED BY JURORS HERE

Jury Cases to Be Tried During the Week.

Those Manistique people who deplored seeing women jurors action at this week's session Schoolcraft county circuit court were disappointed.

WOMEN'S CLUB ASKS ADEQUATE FIRE SAFETY

Adequate forest fire protection for Schoolcraft county is the theme of a petition circulated this week from the Women's Club conservation booth at the Schoolcraft county fair. It reads as follows:

"Hon. John Baird, Director of Conservation Lansing, Mich. Dear Sir: We, the people of Schoolcraft county, in the State of Michigan, feeling that complete and efficient forest fire protection is essential to the present and future prosperity of our county, and feeling that our present forest fire organization is inadequate and in need of much improvement, hereby petition that the Department of Conservation take immediate steps to insure efficient fire protection for Schoolcraft County and all of Michigan."

COUNTY FAIR PROMISES TO BREAK RECORD

Exhibits Attractive, Many Novel Features Are Presented.

Bright with nature's own autumn colors, and fragrant with the smell of fresh apples and spruce branches, the main exhibition hall at the Schoolcraft county fair was the Mecca of all fair visitors yesterday.

WOMEN FANS OF MANISTIQUE ARE ASKED TO EAT

"Lady baseball fans? Sure!" said Dr. H. L. Mead of the Manistique baseball banquet committee. "We're extending a special invitation to the fans of the fair, and we want them all at our banquet to the Manistique baseball team next Tuesday night. We don't intend to make the affair 'for men only.'"

FORESTERS' PAY TRIBUTE TO CHAPLAIN

Sacred Heart Court Says Farewell to Father Bennett.

Members of Sacred Heart Court, Number 186, gathered last evening at All Saints' parish hall, to say farewell to their pastor and the chaplain of their order for the past sixteen years, the Rev. Father O. J. Bennett, who is leaving Gladstone to assume charge of the Holy Family church at Ontonagon.

Active work on the drive being conducted by the Salvation Army to raise \$1,200 in Gladstone started yesterday when the Army workers with a committee of Legion men, began a canvass of the downtown business places.

URIC ACID TRY THE WILLIAMS TREATMENT

55 Cent Bottle (32 Doses) FREE

Just because you start the day worried and tired, stiff legs and aching muscles, aching head, burning and bearing down pains in the back—worn out before the day begins—do not think you have to stay that condition.

FOR EXCESSIVE URIC ACID TRY THE WILLIAMS TREATMENT

55 Cent Bottle (32 Doses) FREE

Be strong, well, with no stiff joints, sore muscles, rheumatic pains, aching back or aching trouble caused by body made acids. If you suffer from bladder weakness, with burning, stinging pains, or if you are in and out of bed half a dozen times a night, we will appreciate the rest, comfort and strength this treatment should give.

ADD FEATURES TO SCHOOLCRAFT COUNTY FAIR

County fair officials yesterday announced the following added features for the Schoolcraft fair's night program, which opens at 7:30 tonight:

Legion Is Selling Many Tickets For Dance This Week

Every member of the Manistique American Legion and Auxiliary has been allotted a quota of tickets for the American Legion fair-time community dance which is to be staged at the K. C. hall tonight.

NEW LAMP BURNS 94% AIR

A new oil lamp that gives an amazingly brilliant, soft, white light, even better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps.

Gladstone, Michigan.

FENSKI HELD FOR TRIAL ON DEATH CHARGE

Escanaba Autoist's Bond
Fixed at \$5,000 at
Hearing.

Menominee, Sept. 26.—At a preliminary hearing before Judge George Barstow in municipal court here yesterday afternoon Herman Fenski, Escanaba contractor, was bound over to the October term of circuit court on a charge of negligent homicide. His bail, set at \$5000 when he was taken into custody by local authorities in connection with the death of Miss Belle Lemieux who was killed by an auto alleged to have been driven by Fenski in this city on the night of September 16, was reduced to \$2,000 at the preliminary examination yesterday.

Miss Lida Wright, Coroner John Axelsson, Mr. and Mrs. Bert Miller and Francis Lezotte, all of this city, were called by the court to tell of their knowledge of the circumstances surrounding Miss Lemieux' tragic death, and it was the testimony which they had to offer which resulted in the carrying of the charges to the higher court. Fenski was represented at the hearing yesterday and will be defended in circuit court by Attorney H. J. Rushton of Escanaba.

Many at Hearing.
Because of the great interest in the case and its outcome an unusually large audience was on hand in the municipal court rooms yesterday afternoon when the case was opened.

Miss Wright, who was walking with Miss Lemieux at the time the latter met her death, told the court all she knew of the accident. She stated that she had been unable to see what kind of a machine it had been that ran down Miss Lemieux because she could only observe its lights when it was coming toward her and when she turned around after it had passed and struck her companion it was already at some distance.

Coroner Axelsson merely testified in his official capacity as to his findings in an examination of the young woman's body. He stated what injuries he found and declared that the unfortunate woman's clothing had been torn in such a manner as would indicate she had been dragged for some distance.

Eye Witness Testifies.
The most positive evidence offered by the witnesses for the people was that introduced by Mr. and Mrs. Bert Miller, who were sitting in their car at the Barkhausen oil filling station when the fatal accident occurred. Mrs. Miller was probably the only person who witnessed the accident in its entirety. From her position in the machine she was able to see everything which occurred and she described the car which struck down and dragged Miss Lemieux as a coach, color undeterminable because it was dust covered. Her detailed description of the death car, which included a description of its passengers, tallied with that of the machine driven on the night of the accident by Fenski.

Miller Chased Fenski.
It was the Miller car which raced away from the filling station and down Ogden avenue in mad pursuit of the machine which struck Miss Lemieux and overhauled the Fenski car in front of the St. Joseph's hospital. Mr. Miller said that during the time he was chasing the machine he never lost sight of the machine which figured in the accident. Lezotte it was we picked up Miss Lemieux's lifeless body after the car had passed on, leaving it on the railroad tracks. He said he had not been a witness of the accident and declared when questioned that in his opinion Miss Lemieux was dead when he picked her up.

The Pacific Coast League fans are again being entertained with a thrilling last lap in the race for the pennant.

GEN. MARCH AND BRIDE ABROAD

General Peyton C. March, chief of staff of the U. S. Army during the World War, and Miss Cora Virginia McEntee of New York, stole a march on their friends when they were married within a few days of the announcement of their engagement. They are leaving St. George's Register Office in London.

Parish Ladies Formulate Plans For Diversions

The ladies of St. Joseph's parish held a meeting at their club rooms Tuesday evening when plans were formulated for many social diversions which will take place during the months of October and November. It has been customary each year to hold a sale and bazaar for the church. These affairs have always proven very successful in the past, but realizing that the merchants and business firms of the city have been approached often enough when they solicited donations to conduct these bazaars they have made other plans. Each lady in the parish has a quota of from five to ten dollars to raise in some manner or other.

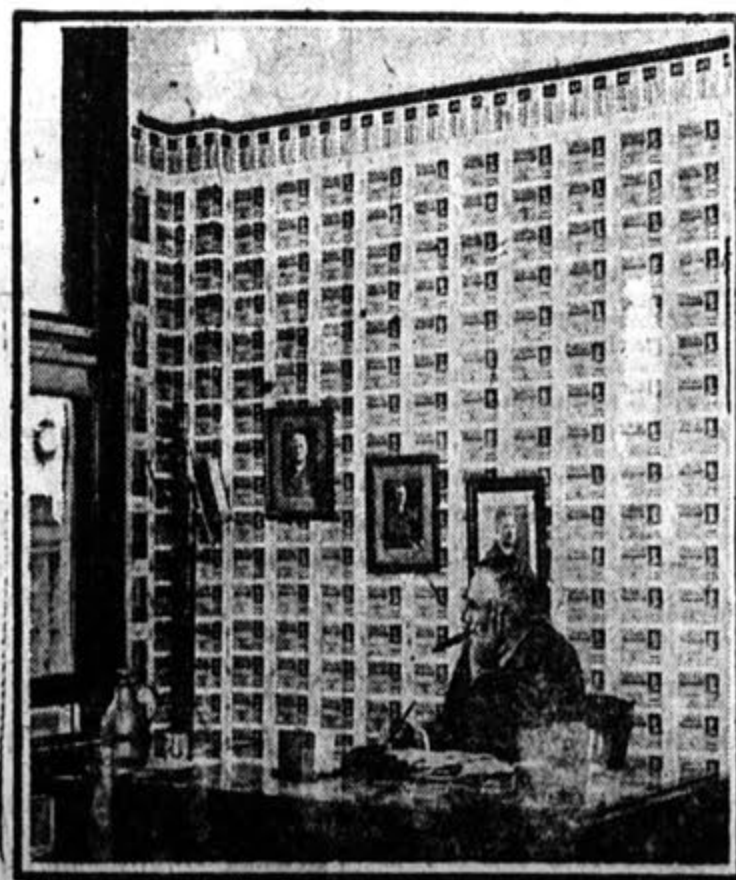

The ladies have planned card parties, quilting bees, socials and various programs to be held in their homes or any other suitable place at which time funds will be raised to defray expenses in connection with the church.

This new plan will eliminate the unpleasant feature of soliciting from business firms. Already several of the ladies have begun their work and each social affair will be advertised that the public may patronize them if they wish. The announcements will appear in this paper from day to day and those wishing to attend can follow the crowd where they will be held, thereby helping the good cause along.

A limited time has been allotted them and all money raised in this manner will be turned over to the pastor December 1.

After December 1, the regular routine of card parties will be held at St. Joseph's club rooms. The first of the party series will be under the auspices of the Holy Name society. The proceeds of this party will be used as an endowment fund for the improvement and maintenance of an up-to-date library for St. Joseph's school.

UP-TO-DATE WALLPAPER

Ralph Stevens, New York doll importer, has papored his office with German money of a total value of \$5,000,000 marks. Before the war they would have been worth about nine million dollars.

RAPID RIVER NEWS.

A Worth-while Reputation

THE head of one of this country's great manufacturing institutions says:

"The man who builds and the man who buys are both beneficiaries of reputation. To the one it is a continuous spur and incentive—to the other, the strongest of all guarantees that what he buys is worthy."

Patronize the manufacturer or merchant who has a reputation for honesty and fair dealing. Such motives must actuate the consistent advertiser. The man who invests real money in building a reputation for himself and his merchandise cannot afford to risk any of it by taking unfair advantage of his customers. He must retain the good-will of the buying public. Without this, his business cannot succeed.

Every time he advertises he puts his reputation in your hands. His products or the wares he has for sale must make good. His service must be as advertised. That is why it pays to read advertisements, to deal with advertisers and to buy advertised goods.

Yes, it is worth your while to
read the advertisements.

Public Policies Tried and True

When the duties and the responsibilities of the president are suddenly thrust upon shoulders of Calvin Coolidge...

Tabulations in a thorough canvass of the nation...

ABNER BANGS writes that Nate Heppson no longer is the champion musical soap eater of the county...

IT'S A GAMBLE When a woman buys an automatic pistol...

NOTHING'S IMPOSSIBLE But did you ever try to shave in the dark?—R. A. L.

Men of America are in rags, says a speaker at a tailor's convention.

No wonder! Look at the women!

lean National Convention of 1920.

WHAT IS SUCCESS? Success of all worldly things, a most sought after. It is also of all worldly things probably the least often obtained.

Plan your work and work your plan are basic, fundamental, necessary—they are the universal laws of success.

There never was a time when concentrated thought and unaided effort were not rewarded by a full measure of success and there never will be.

1922—Raisuli, the Moroccan chieftain, surrendered to the Spanish.

1894—President Cleveland proclaimed amnesty to certain persons accused of practicing polygamy under the teachings of the Mormon church.

The Piffle Hook

YEARS of tearfulness on the part of nonrotle prison reformers of the country are being nothing save more tears. The penitentiaries are still an unattractive that conveys escape from them whenever the opportunity is offered.

A soloist with an eastern concert orchestra is said to have paid \$6,500 for a saxophone, but of course if he hadn't given it to an instrument manufacturer, he might have spent it foolishly.

WHICH WOULD you rather be, inquires the other Chinese mushroom on the opposite side of the table, a fly in a jug of molasses, a rat in a livery stable (fire or the governor of Oklahoma?)

SIR—Your older readers—if any there be—no doubt have often remarked what a wonderful thing those long skirts are for the girls with brown eyes. The new readers need never know why.

THE Brown Eyed Girls, at Least, Will Never Tell.

IT MAY HAVE been merely accidental when the press agent for the lycium bureau referred to the "drawing" power of Sidney Smith, but we imagine he's correct.

TABLATIONS in a thorough canvass of the nation, up to a late hour the other day, reveal that only two cities in America have not invited Mr. Lloyd George to call. One of them is Escanaba and we don't know how to spell the other one.

SIR—We were seated in a cave one afternoon back in the stone age—old Tin Tooth Ivan and I—talking over the financial and economic situation. Ivan owned three of the best caves and the finest trained mastodons in town in came a farmer who wanted to borrow five alligator scalps to tide him over until he had thrashed his oats. Ivan made the loan on condition that the peasant should pay him six scalps three new moons after date. Accept, sir, my personal assurance that in that transaction was the origin of interest.

ABNER BANGS writes that Nate Heppson no longer is the champion musical soap eater of the county. "Since Nate had that last batch of teeth pulled," relates Mr. Bangs, "he sort of rater or gets a overtime on some notes in the upper high register."

SIR—The English language has won a great victory in the New York Evening Post. One of that paper's editorial writers uses the word "intrepid" when he isn't talking about aviators and "overt" when he isn't speaking of acts.

But Did His Readers Know What He Was Talking About? The most vacant thing in the world is an empty theatre.

IT'S A GAMBLE When a woman buys an automatic pistol...

WHAT HAS BECOME of the old fashioned family who used to walk out to the cemetery Sunday afternoon?

NOTHING'S IMPOSSIBLE But did you ever try to shave in the dark?—R. A. L.

Men of America are in rags, says a speaker at a tailor's convention.

No wonder! Look at the women!

"A WIFE'S STORY"

BY JANE PHELPS.

AN INSTINCTIVE DISTRUST OF LOGAN.

Chapter XIX. I remained on the porch until Paul returned. I was excited, longed to talk to him about Logan's offer. Was it possible he had so much influence that he could guarantee Paul a position? Logan surely was mistaken in her idea of the man. He was kind, at least. Yet as the thought flashed through my mind I also felt a return of the repugnance I felt for him, and I shuddered as I recalled the pressure of his hand when he left, the look in his eyes as he bent them upon me.

THE OLD HOME TOWN

By Stanley

"But that would make you late for your appointment," I urged. "I told you last night I wasn't an office boy, that I didn't intend to work by the clock. Do stop nagging and let me eat in peace." I said no more, but when Joan came in and asked to walk to the station with him I sent her quickly out of the room. She would be sure to delay him. Finally he finished and deliberately left the house. I watched him go sauntering down the street, then with eyes on the clock I listened for the train. It was five minutes late. He had been in time after all. I had had my worry for nothing. All day I was restless, nervous. Why hadn't I asked him to telephone me if he were successful in obtaining the position? "I must be patient, I'll know at 6 o'clock," I said aloud. "Something that will either make me happy or sad," I replied evasively. Tomorrow—Paul Secures the Position.

A THOUGHT

Yet little sleep, a little slumber, a little folding of the hands to sleep: so shall thy poverty come as one that traveleth; and thy want as an armed man.—Prov. 24:33, 34.

Idleness travels very slowly, and poverty soon overtakes her.—Hunter. Rear Admiral Robert S. Griffin, U. S. N., retired, former chief engineer of the U. S. Navy, born at Fredericksburg, Va., 66 years ago today. Louis F. Swift, one of the outstanding figures in the Chicago packing industry, born at Sagamore, Mass., 62 years ago today. 1889—Cheyenne was selected as the State capital of Wyoming.

THE OLD HOME TOWN

By Stanley

MEMORINEE TO FORM PRO TEAM

State Liners Prepare to Enter Sunday Football Field.

Memominee, Sept. 26.—The organization of a professional football team to represent the twin cities throughout the state of Wisconsin and the upper peninsula is under way, and according to plans a squad of pigskin chasers will be rounded out of the twin city material that the fans will be proud to refer to as a Marinette and Memominee organization.

Reclaims His Title

George May, former national champion, again rules supreme in the world of barnyard golf. He reclaimed his lost laurels at the national horseshoe tournament in Cleveland in winning 14 out of the 15 games he entered.

Johnson Shuts Out White Sox, 1 to 0

Washington, Sept. 26.—Johnson held Chicago to six scattered hits today, Washington winning 1 to 0 and taking the season's series, 12 games to 10.

Boston Red Socks Beat Browns 3 to 2

Boston, Sept. 26.—Boston defeated St. Louis, 3 to 2, today in the first meeting of the two teams this season.

Bille Evans Says

Recently I read a statement where the cost of balls to a club for a season play had increased practically ten fold in the last 20 years. One club owner made the statement that his baseball bills 20 years ago amounted to \$300; that last season it cost him \$3,000 to keep the athletes supplied with new balls and that this year the cost would probably run to \$3,000.

Compliment From Speaker

"Don't let that kid get away from you, Branch," said Speaker Dyer made a non-live catch of a line drive with three on.

CONFIDENCE TO HELP ST. JOE

Parochial Backers Certain Their Team Can Beat Esby High.

Never were partisans of a high school football team more certain that their favorites would be returned victors, than are the backers of St. Joseph's high school, now completing its preparation for the annual contest with Escanaba high at South Park Saturday afternoon.

Work Tapered Off

Both mentors are expected to lighten workouts today and shade things down to possibly a light scrimmage drill and a skull session on Friday night.

Parochial Backers Certain Their Team Can Beat Esby High.

Coach Glenn Thompson has been sending his Escanaba High squad through the stiffest series of drills so far this year. All of his men came through the Newberry game—one of the cleanest ever played here—in first class condition and football practice has been a mighty serious proposition throughout the week. His team will be ready to give its best and hopes of Orange & Black fans are pinned to the belief that the best squad has will be good enough.

BATTING RALLY IN THE NINTH

Munising Defeated by Last Minute Manistique Recovery.

Manistique, Mich., Sept. 26.—(Special)—Turning the tables on their opponents of last Sunday in a game which was the feature of the Wednesday program at the Schoolcraft County Fair, the Manistique baseball team staged a ninth inning batting rally and defeated the Munising team by a score of 3 to 2, the same score by which they were defeated by Munising last week.

Game Starts Late

The game was not started until after 4 o'clock and it was only a halt at 5 o'clock that the deadlock was broken.

McDonald, first up for Manistique

McDonald, first up for Manistique in the ninth, made three empty swings for the first out. Bill Vassau followed with a double to the center wall.

Morrison Blanks Phils With 1 Hit

Pittsburgh, Sept. 26.—Morrison held Philadelphia to one hit today and Pittsburgh won the final game of the season at Forbes Field today, 6 to 0, making it three games out of four for the series.

OATS GROWERS TO BENEFIT BY LATER SEASON

Prices of Small Grains Stiffening, Says Dealer.

Farmers of this territory who have small grains to market this year will benefit somewhat from the heavy rains which delayed harvesting...

The oats market's stiffening of the last few days, it was said by local dealers is due to the refusal of farmers in Iowa, Illinois and other states where threshing time is earlier, to sell their grain at the prices offered...

MARKET REPORTS

NEW YORK STOCKS. New York, Sept. 26—Stock prices were sluggish during the greater part of session but turned abruptly upward in the afternoon...

"Where Better Things Costs Less"

Garden Bay News

Mrs. Herman Haas has torn her hand badly with barbed wire. Work has just commenced on the preliminary for the building of the new cancer hospital on the top of the church hill.

A number of local residents attended the dance given in the Dickson Pavilion on Wednesday night.

A large number of Garden, Fairbanks and Cooks attended the fair at Escanaba, Thursday appeared to be the popular day. The schools in town were closed for the occasion, part of these on Thursday and others on Friday.

Dayton Beardsley motored to Menominee on Saturday and returned on Sunday. Mrs. Beardsley returned with him to her home at Kate's Bay. She had been visiting with her parents, Mr. and Mrs. Lyons of that city.

After the school sessions on Thursday afternoon, the pupils attending the Kate's Bay school were escorted down to the Beardsley beach where they enjoyed a pleasant little picnic gathering.

A box social was given in the Cooks Town hall on Wednesday night by the school ma'ams in charge of the Inwood schools.

A decided improvement has been made at the point where the Garden road joins the state road between Cooks and Isabel.

A committee of women, under the leadership of Mrs. Lucy Holben has commenced work on the painting of the Cooks Congregational church.

Andrew Cooper, and Edward Von Borsowke were Cooks visitors on Thursday.

Sheridan Road May Be Lighted Saturday

Work of installing the new boulevard lamps on Sheridan Road is being rushed by the city, and an attempt will be made to turn them on for the first time Saturday night.

BARK RIVER METHODIST.

There will be special meetings at the Swedish Methodist church at Bark River beginning Friday evening, Sept. 28. Rev. A. F. Hagberg, the pastor, will be assisted by Rev. I. Skoog of Gladstone who will preach Friday and Saturday evenings at 8:30 o'clock.

The large chorus of thirty-five voices from the Mission church of Iron Mountain will sing at the morning service, Sunday at 2:30 o'clock the choir will render a song service.

No admission fee, but a free will offering will be expected of those who attend. The music rendered by this chorus ranks with the very best of its kind and all who attend will be delightfully surprised.

AMUSEMENTS

AT THE DELFT. Two notable figures in Argentine politics are portrayed in "My American Wife," Sam Wood's production for Paramount with Gloria Swanson in the stellar role, which comes to the Delft theatre Friday and Saturday.

AT THE STRAND. An entrancing story of the Hawaiian Islands is "The White Flower," a Paramount picture starring Betty Compson, which appears for the last time today at the Strand theatre.

AT THE COLISEUM. The machinery and equipment of the Bridges Asphalt Company of Wabash, Ind., the concern which has taken over the Tenth street paving job, is expected to arrive in Escanaba today.
