

GOV. WALTON ORDERS OUT MORE TROOPS

SHIP BOARD IS NOT PERMITTED TO SWAP POWER

ADMINISTRATION IS SEEKING NEW WAY OUT.

BY DAVID LAWRENCE. (Copyright, 1923, by The Escanaba Press) Washington, Sept. 27.—President Coolidge today asked Albert D. Lasker, former chairman of the United States Shipping Board, for his advice and judgment as to the best way to handle the shipping problem.

The shipping situation as the moment is literally up in the air. The recent opinion of Attorney General Daugherty not only declared illegal the proposed scheme of setting up subsidiary corporations under state laws with the stock to be owned in entirety by the United States government but argued that the shipping board could not delegate its powers to any agencies, thus casting doubt on the legality of the present method by which ships are handled by managing agents.

Farley True Author. The opinion of the attorney general objects chiefly to the idea of transferring the title of ownership of the government fleet to the subsidiary corporations but it revealed that the board did have the right to lease its vessels "on terms satisfactory to the board."

Mr. Farley is the true author of the plan having suggested it to Mr. Lasker when he was still chairman of the board and it was largely through the influence of the latter that President Harding approved the policy.

Doesn't Mean Citizens. One of the curious phases of the attorney general's opinion is his ruling that the "United States" is not a citizen of the United States.

President Coolidge has told some of his callers that he believed in the Farley plan and wanted to see it put into operation. He did not commend it before the attorney general rendered his opinion but is said to be expressing disappointment now over the snag which the plan has struck.

SHE "MOTHERS" MANY CONVICTS

By NEA Service. Salem, Ore.—They call her Mother—because "Mother" means love and understanding and sympathy and HOPE.

And to the convicts in state's penitentiary here, Mrs. Johnson S. Smith, wife of the warden, means all of that, and much more.

When men are shunted by society into the Big House to meditate upon the folly of not doing toward others as they would have others do toward them, there wells into their hearts a violent hatred against the world.

They think they never will care for the society of others. They are content to be alone, off in a corner, by themselves. But that doesn't last long.

And so they will tell you that the dearest thing to them in life is a helping hand and a tender word.

And Mrs. Smith gives them that. "I am not a sentimentalist," she says, "but I do think there is a great deal of salvage among the accidental criminals who make up the majority of the prison population here."

"I never discuss with prisoners their crime or the causes which led up to it, but I only undertake to do the little practical things that tend to arouse the better natures of those with whom I come into contact."

"I get real pleasure in doing something for the fellow who has no friends, life's greatest tragedy. It means happiness for me."

And so, every day, dressed in pure white with her gray hair capping a face lit by a happy smile, she walks among them down the otherwise gloomy corridors.

They like to tell the story of Leo, Leo, ill in the prison hospital, was condemned to die of tuberculosis. Mother Smith did all she could for him on that last day, and when she finally left late at night, told attendants to phone her if Leo wanted anything.

He awoke with a raging fever, and a craving for an orange. They phoned Mother Smith. She left her bed, dressed, and drove a long way to get one for the dying boy.

And then, they like to tell of the time she crossed the prison courtyard with only a prisoner as an escort, in order to watch the men at work in the mill. Never before had a woman been in the courtyard or shops.

The prisoners will tell you that walk to the shops was dramatic. Men stopped to watch. Some wept unashamed. That what her implied confidence in them meant.

DELFT BOOKS BRADY COMEDY FOR OCT. 6TH

"Up the Ladder" to Appear in Local Theatre For One Night.

"Up the Ladder," which ran for a whole season in New York and six months in Chicago, will be presented by William A. Brady at the Delft Theatre, Saturday, Oct. 6th.

The story of "Up the Ladder" relates the joys and vicissitudes of the lives of a young married couple who begin their matrimonial venture in a typically American way and win a place for themselves in business and society. Together they set out and make a place for themselves. The young man, through skill and industry progresses "up the ladder." Beginning in an eighty-dollar-a-month New York flat, the action develops and advances to a modest bungalow in the country; then to a more pretentious country estate. There is an atmosphere of sport and outdoor

life together with a touch of pathos that creeps in once in a while. The young wife takes a decided stand against a proposed act of dishonesty on the part of her life partner, and takes a firm opposition to the step he contemplates, although the step would mean enormous gain.

We Puff Wheat To 8 times normal size

Quaker Puffed Wheat is whole wheat steam exploded. The food cells are blasted for easy digestion. The grains are puffed to airy globules, thin, savory food confections. In bowls of milk, it forms the ideal dish for suppers, luncheons or at bedtime.

Whole wheat supplies 12 minerals which growing children must have. It supplies their need of bran. Milk is rich in vitamins.

If you wish your family to eat more wheat, more milk, combine them daily in this fascinating form.

Quaker Puffed Rice is rice grains puffed in like way. Thin, airy morsels with a nut-like taste. It forms the most delicious breakfast dainty homes ever serve. And never was a grain food so fitted to digest. Let no day pass without these premier foods.

These Boys Build and Sail Their Houseboat

THE THREE YOUNG BROTHERS AND THEIR HOUSEBOAT

Springfield, Ill.—Say, kids, did you ever want to build a real, honest-to-goodness houseboat, and then take a long cruise? Of course you did. A few days ago three Springfield boys, Bartlett Bain, 12, and his brothers, Walter Jr., 13, and Francis, 14, set sail from here for St. Louis in a houseboat they designed and built themselves.

The boys' father, Dr. Walter G. Bain, bacteriologist at St. Francis hospital in this city, entered into the plans of the boys wholeheartedly. And so did their mother. The result was a boat with a cabin 16 feet long and eight feet wide. It has a front and back porch, running water, a library and radio outfit.

Tenth Street Pave Work Commenced

The work on the tenth street paving job started yesterday. Upon the arrival of the equipment at the Bridges Asphalt company's yard yesterday morning, a roller and scarifier was immediately dispatched to the lower end of the thoroughfare and started to work preparing the base course for surfacing. A large crew of men will be recruited at once, it was announced, and the work speeded up as much as possible.

They call it "Maz," the affectionate nick-name for their mother, who encouraged them during the long days of construction when they themselves believed the task well nigh impossible. The youngest boy acts as captain. Just \$299 was spent on the boat and they expect to sell it at a profit in St. Louis, before returning to school near Boston. In their library is a copy of Jerome's "Three Men in a Boat," but instead of having a dog as mascot, the boys will have a black cat. "It means good luck," they cried, as they set "sail" in the Sagunam River on the long cruise.

Car Trade; One Man Arrested; Settled

Louis Bedore of Bark River township was arrested yesterday on a charge of unlawfully driving away an automobile belonging to Edward Dentre, also of that part of the county. The charge filed by Dentre, was the outgrowth of a disagreement between the men over an automobile trade. The case, finally, was settled out of court, and the charge dismissed by Judge C. D. McEwen.

Eskey Looking For Nov. 3 Opponent

Principal R. E. Cheney of Escanaba high school is attempting to fill the year's football schedule by booking an out of town game for Nov. 3. Mr. Cheney would prefer to schedule a team which will enter into a two year home and home contract. There are already five home games on the Orange & Black card and additional home games are not desirable, it was explained, because the exchanges next year will have only two games to be played in this city.

PAUL SECURES THE POSITION.
 Chapter XX.
 It was nine o'clock when Paul came in. I had been in a perfect fever of impatience for hours. He might have telephoned when he knew how anxious I was, especially when he did not come home to dinner.
 "Did you get the position, Paul?" I asked, running to meet him.
 "Of course," he answered nonchalantly.
 "What will they pay?"
 "A fair salary. But they will have to increase it if I stay with them. I let them understand that it was only taken to please Logan, that I was capable of better things."
 "How much?" I demanded.
 Paul frowned, then said slowly: "I never have been accustomed to give an account of my finances, and I don't intend to begin. I told you it was a fair amount. That is all that is necessary for you to know."
 "But how can I plan if I know nothing of your income? It isn't fair in you not to tell me," I replied, trying to speak calmly.
 "You spend what I give you. If there's any planning to do I'll do it."
 I said no more, realizing it would only anger him. But I was far from satisfied, although after he had gone to bed I wrote brother Tom a long letter telling him Paul was sales manager for a large automobile concern. Only then did I remember I had not asked the name of the concern, that Logan had not mentioned it. In the morning I asked Paul the name of the firm.
 "The Maynard," he replied,

been most kind, that it was through him that Paul had secured the position.
 "He may be kind, but he isn't a decent man for you to know, Ruby. I spoke to George about him, and he said he was absolutely taboo in really good society. Not among the ultra fast set, perhaps," she added, "but with really nice people."
 "I feel grateful to him. Even-ly. I am glad for your sake that Logan helped him. But don't make a friend of such a man. Not that I am over-particular, but there's a limit, you know."
 "And you think Dave Logan the limit?" I said with a nervous laugh, recalling my own distrust.
 Tomorrow—Dave Logan Again Visits At Paul's Home.

AUTO SIGNAL STOCK SALES TO BE PUSHED

Investors Make New Agreement with Owners of Patents.

Agreement yesterday by the Mack Brothers to relinquish the one share of stock which would give them the controlling interest in the proposed auto signal plant which is sought for Escanaba cleared away the final objection to the proposition in the eyes of a number of local investors and resulted in pledges from a number of business men that they would see to it that the remaining \$5,000 portion of the \$15,000 stock subscription was taken up without delay.

In the original proposition submitted by the Mack Brothers, owners of the patents and machinery for manufacturing the Mack Auto Signal, the Mack Brothers were to receive for their patents, etc., stock in the amount of 2,501 shares, giving them control by a margin of one share.

This provision has been one of the drawbacks to the plan, in the opinion of many investors. Escanaba investors want to see the control in the plant divided 50-50 between local investors and the owners of the patents and

plant. This was arranged at a meeting yesterday afternoon and it is expected as a result that the remaining amount of stock will be subscribed within a few days.

The \$15,000 in stock which Escanaba people are asked to subscribe will be equivalent to a half interest in the concern. The Mack Brothers, for their part, are to turn over to the new concern their patent rights in the auto signal device, for which they have been offered \$50,000, and also their machinery, materials and their experience as executives in the new organization.

BIKE RIDER IS SLIGHTLY HURT IN COLLISION

Adolph Melinski was slightly injured and the bicycle on which he was riding was badly damaged yesterday in a collision at the corner of Ludington and Ninth streets with an automobile driven by William Cooper.

Mr. Cooper was turning into Ludington street from North Ninth street. He did not see Melinski. The rider of the bicycle was thrown to the pavement and the automobile passed over one wheel of the bike.

Mr. Cooper was arrested on charge of reckless driving, but when the situation was explained to Judge C. D. McEwen, the case was dismissed and the motorist immediately paid for the damages to the wheel.

NEW FOUNDRY TO BE PUT UP AT CHATFIELD'S

Work of Preparing Lot for New Structure Is Commenced.

Preparations for the erection of a modern fire proof foundry, which will make the plant of the Chatfield Brass & Iron Works one of the best equipped and most complete in this region, were commenced yesterday.

The small foundry now in use at the plant has not been of adequate capacity and has been after several times. The new building will be large enough to handle all of the concern's rapidly increasing volume of work and will remove the fire menace.

Contracts for the erection of the building have been let to Sam Mills, and work will be speeded up as rapidly as possible, it was announced yesterday.

The frame warehouses at the rear of the big machine shop are being razed to make room for the new structure.

Iron Trade Review

Cleveland, O., Sept. 27.—Iron Trade Review today says:

A slight quickening of interest in steel is shown this week but in the main, conditions remain under check as buyers pursue a waiting policy. With some exceptions, they are able to do so since they are receiving liberal shipments against old orders and with more flexible mill schedules and exceptional transportation service, they may fill their new needs without trouble. There is small incentive in the present situation for them to obligate themselves beyond the immediate future although some buying on fourth quarter contracts is developing, notably in merchant bars.

Steel Corporation bookings have shown a comfortable increase this month which is a better record, however, than that of the independents collectively. The new orders of the leading producer averaged 31,390 tons daily the first three weeks in September or about 65 per cent of finishing capacity. This compares with 15,268 tons daily average for the corresponding period in August and 26,047 tons daily average for the entire month of August. The Steel Corporation in August shipped approximately 1,200,000 tons. Its operations this week have been increased to 90.3 per cent of ingot capacity.

Independent sheet conditions are less favorable. Sheet production in the Mahoning Valley is the lowest since July. Wire buying has increased 40 per cent since the low point in July. Pipe and tin plate demand is good. The larger plate mills are in a strong position. Rails makers with the exception of the Colorado mill are booked full until June 1924.

Despite the sluggish character of the market, the volume of definite undertakings being initiated makes a good showing. Railroad demands still are heavy. Pig iron has weakened 50 cents to \$2. Except in the East where some of the smaller mills have had plates and structural shapes, finished steel prices have not softened.

The renewed decline in pig iron this week forced downward IRON TRADE REVIEW composite of fourteen leading iron and steel products. The week's index is \$44.47 against \$44.70 last week and \$44.72 two weeks ago.

Export buying in this country is heavier though Japanese tonnage is coming through slowly. The Steel Corporation foreign sales the first three weeks this month total 21,500 tons including one lot of 12,000 tons of tubular goods.

AMUSEMENTS

AT THE DELFT.

One of the most powerful dramas seen on the screen of the Delft theatre in some time will be presented there tonight. Bearing the title of "My American Wife" and directed by Sam Wood, this feature de luxe presents Gloria Swanson as the star with Antonio Moreno in the leading masculine role.

Miss Swanson, as Natalie Chester, in love with an Argentine nobleman, gives an excellent performance. Mr. Moreno, as the nobleman, makes his debut in Paramount productions and a creditable one at that.

SCHOOL BOARD MEMBERS MEET HERE OCT. 10

School officers of Delta county, including members of all school boards, will hold their annual meeting at the City Hall in Escanaba on Wednesday, Oct. 10. Members of all school boards within the county are required by statute to attend. All necessary traveling expenses of out of town school officers are paid out of the general fund of their district.

The meeting this year will be conducted by C. L. Goodrich, state inspector of High Schools. The call for the gathering was issued by G. N. Otwell, state superintendent of rural education. The morning session will open at 10:30 and the afternoon session at 1:30.

At this meeting all phases of school law, including new laws of special interest, the administrative work of school officers, and topics of general interstate school officers, teachers and patrons will be discussed. The meeting will also afford an opportunity for school officers to discuss with the representatives of the state department of public instruction all problems pertaining to their schools.

Notices of the meeting were mailed out yesterday by C. U. Woolpert, county school commissioner, to the 98 members of the various boards in this county.

A first step towards an amalgamation of the railway and transport workers in England has been taken by a joint conference of the Transport Workers' Union and the National Union of Railwaymen. The combined organizations will have a membership of nearly 1,000,000.

MUNISING HIT FOR 5 TO WIN

Manistique Bats Smith from Hill in Seventh Inning Rally.

Manistique, Mich., Sept. 27.—(Special)—Landing like a ton of brick on the offerings of Smith, Munising pitcher, Manistique staged a batting orgy in the "lucky seventh" at the Fair Grounds park today and pried four runs across the platter before the smoke cleared, adding this to a fourth inning tally for a 5 to 1 win over the Sulphite crew.

The game was the last of the County Fair series and was witnessed by the largest crowd ever to assemble in the local park. Excellent support on the part of the Manistique team was an equal feature with Crittenden's mound work.

Munising scored one in the opening stanza, McDonald and Dillman drawing singles and the former scoring on Corey's sacrifice. Manistique evened things in the fourth when Burns got across with the tying run.

Smith Hit Hard. Smith was hammered to all corners of the field in the seventh frame, Crittenden, Wilson, Young and McDonald all scoring during the batting jamboree. Munising was unable to stage a comeback and was held down with ease for the rest of the game.

Manistique will play the final game of the season on Sunday when the Neagunee team will come here.

PHILS LOSE TO THE BRAVES

President Heydler Is a Spectator at the Game.

Philadelphia, Sept. 27.—Boston took the opening game of the series from Philadelphia, 7 to 2, today. President Heydler of the National League was a spectator.

Score: R. H. E. Boston 7 0 0 0 0—7 12 1 Philadelphia 0 0 0 0 0—2 11 0

Batteries: Cooney and Schmidt; Ring, Head, Bisnop and Wilson.

HOMER WINS GAME.

Chicago, Sept. 27.—Bob O'Farrell's home run drive into left field bleachers with two on base gave Keene a winning margin in the first inning and Chicago easily won the first game of the series from Pittsburgh here today, 8 to 2.

Score: R. H. E. Pittsburgh 0 1 0 1 0—2 6 1 Chicago 3 0 0 2 0—8 11 0

Batteries: Hamilton, Stone and Schmidt, Gooch; Keene and O'Farrell.

MY SWEETHEART CAPTURES FIRST IN "2:20" PACE

Manistique, Mich., Sept. 27.—(Special)—First place in the 2:20 race at the Scholcraft County Fair today went to "My Sweetheart," owned by John Cochrane, with three straight heats in slightly over 2:24. Five horses competed in this event. The placings were:

Arthur Dillon, the noted "Lone Pacer" owned by Joseph Beauchamp of Escanaba, went the mile alone in the remarkable time of 2:15, making the first half in 1:07 and lowering Wednesday's time by three full seconds.

School Students to Work at Golf Club

Through an agreement between the officers of the Escanaba Golf Club and the principal's office at Escanaba high school, school boys are being used as caddies during the afternoon.

Boys who have no classes late in the afternoon will be permitted to go to the golf course, provided they are able to maintain satisfactory school work.

In numerous industries there have been conspicuous examples of what can be accomplished in the way of speed when human energy as well as mechanical appliances are put to the test against time. For example, an English baronet once wagered that he would dine at 7 o'clock in a suit of clothes made from wool which had been growing on the sheep's back the same day.

Operations began at 5 a. m. with the washing of sufficient sheep to provide the wool. From a neighboring factory the wool was returned as cloth late in the afternoon, but early enough to permit of a tailor's assistance in completing the suit by 7 p. m. In plenty of time for the baronet to don it preparatory to sitting down to his evening meal.

The biggest store in the world under one roof is in Moscow. It is a gigantic department store, or bazaar, under a thousand different heads, selling all kinds of goods and carrying on every kind of business.

TYGERS TRIM THE SPEAKERS

Advance One Game Nearer Second Place.

Detroit, Sept. 27.—The Detroit Tygers advanced a game nearer second place, winning from Cleveland, 5 to 4. Today's victory placed the Tygers within two games of second place, held by the Indians.

Score: R. H. E. Cleveland 102 001 000—4 11 1 Detroit 000 041 00x—5 9 1

Batteries: Shante and Myatt, O'Neil; Cole, Dauns and Bassler.

MUSKEL INJURED.

Boston, Sept. 27.—New York defeated Boston, 8 to 3, today, but in the eighth inning, Right Fielder Bob Muskel injured his left leg in sliding into home plate and had to be carried off the field.

Score: R. H. E. New York 303 000 020—8 10 9 Boston 000 003 000—3 8 3

Batteries: Pipgrass and Schanz; Fullerton, Pierry and Peinich.

ST. JOSEPH'S TO HAVE PLENTY OF VOCAL SUPPORT

St. Joseph's high has fewer students than Escanaba high, but the parochials will not be lacking in side-line support when they meet the Thompson Orange & Black aggregation at South Park Saturday.

Rooting of partisans of the rival schools is expected to be a feature of their annual battle. Coach Carr sent his team through a fast, snappy signal drill and other light work last night. Tonight's workout will be largely limbering up and skull stuff.

BARRS WIN CONTEST.

The Barr sixth graders defeated the Franklin seventh graders 26 to 11 in an indoor baseball game played at the Barr school last night. The two teams will meet again next Thursday.

Harding Stamps Placed on Sale Here

The first of the newly issued series of the Harding memorial stamps to be received at the Escanaba postoffice were placed on sale yesterday morning. Robert Cass was the first person to appear at the stamp window and received the first ones sold. The stamps are issued in the two cent denomination and are of plain design, bearing on their face in black an engraving of the late President, with the date of his birth and death, "1865-1923". The amount of the stamps printed is not known and as it is believed to be a temporary issue, many persons are buying them with the intention of preserving them in their private collections.

Spend Part of Their Vacation In A Jail

Miss Lillian Grenier and brother, John Grenier, returned Tuesday evening from a month's trip to points in Canada. They were accompanied by their aunt, Mrs. Francois Derouin, of De Pere, Wis.

While in Canada, they visited at Montreal, St. Anne de Beaupre, Quebec and other points along the Gulf of St. Lawrence. The young people had a novel experience while on their trip. They slept in jail. Now, they did not violate the speed laws, nor do anything very wrong, but it all happened this way. Their uncle, Ernest Maranda, who is turnkey at the county jail of Temiscuata County, lives in the jail building and they visited at his home so had the unique experience of spending part of their vacation in jail.

Mr. Maranda is the father of 17 children and all are healthy and assist their father with his work about the jail. They report having spent a most enjoyable vacation and

have taken home many kodak views of places of interest at points in Canada and on the Gulf.

CARD OF THANKS.
I wish to express my most sincere thanks to all the kind people who so kindly favored me with flowers, books, home cooked articles and other gifts and especially to the residents of Perkins and Rock for the purses of money with which they presented me, after giving the benefit parties.

To Rev. Father Colgnard I shall ever be grateful for his kindness and fatherly advice and counsel and for the many favors done me since I have been confined in the hospital. To the strangers who in any way showed their sympathy to me in my sickness and for the gifts which they have brought to me I shall ever be grateful. Words can never express my gratitude to the Sisters who are nursing me during this long sojourn.
