DIRECT HELP FOR FARMERS NOT PLANNED

GOVERNMENT FUNDS NOT AVAILABLE OR PENDING.

BY DAVID LAWRENCE. (Copyright, 1923, by The Escanaba Press) Washington, Sept. 29.—Farm relief so far as government appropriation of funds or any other form of direct or indirect subsidy is not going to be granted.

The committee of bankers from the wheat growing states comprising the ninth federal reserve district are in conference today with the directors of the war finance corporation.

For one thing, the government is satisfied that it has done all that it can possibly do in the way of extending credits. More money has been lent by the war finance corporation to the wheat growing states than has been given in proportion to other parts of the country.

But the question asked in Washington is whether the farmers want the government to go into the export business and take a loss for if the world price of wheat is down the government would be unable to sell its wheat at any higher price than could the farmers themselves.

Officials point out that the price of wheat today is higher than it was a year ago today and that prices are bound to rise still further.

Europe is buying from hand-to-mouth and currencies abroad are fluctuating due to unstable political and economic conditions.

Next Wednesday will be Escanaba and Delta County day at the Cleveland Farmers' Fair in Stephenson and arrangements are being made here to take the usual large delegation of Escanaba citizens to the event.

WORLD LEAGUE EYES AMERICA

CUBAN DELEGATE EXPRESSES HOPE FOR U. S. AID.

Geneva, Sept. 29. (By the Associated Press)—After a month's session during which the period of the Greco-Italian crisis had been passed through to a final solution, the fourth assembly of the League of Nations adjourned today in an atmosphere of satisfaction among the delegates for the achievements of the session, and firm hope in greater accomplishments in the future.

Dr. De-la Torre, of Cuba, president of the assembly, in an eloquent valedictory, took America from the sub-conscious thoughts of the delegates of the world organization and placed her in definite form before them by declaring that her aid was vastly important with the future of mankind.

"I hope that once an agreement is reached regarding the form and manner of their cooperation with our work, we shall be able to welcome the delegates of that nation which gave birth to Washington, Lincoln, Wilson, and Harding—that a people which represents so powerful a force in the world and which that very reason cannot, although it has not ratified the covenant, refuse the league its valuable assistance."

Partial Assistance. "Until that day I trust that, just as American representatives recently correlated in the settlement of certain questions, so when other problems of world importance arise in the solution of which the United States can assist us, we shall see them working side by side with us in that high faith and enthusiasm which they have always displayed in every kind of endeavor."

DAKOTA CREEKS OUT OF BANKS

NO LOSS OF LIFE; IOWA TOLL IS INCREASED.

Belle Fourche, S. D., Sept. 29.—Rain, which has fallen for the past 72 hours, today has caused the Belle Fourche, Redwater and Clay creeks to leave their banks, causing many lowland house-holders to move to higher grounds. No lives are in danger and property losses so far have been small.

Omaha, Sept. 29.—(By the Associated Press)—The death list in Nebraska's and Iowa's tornado and cloudburst last night was augmented tonight when 12-year-old Goldie Collier died in a hospital at Council Bluffs from injuries she received when struck by flying debris.

Another Hard Rain. Another hard rain accompanied by hail struck the city early tonight but stopped an hour later. Cots and blankets for those driven from their homes were obtained from the Red Cross and a schoolhouse is being used as a relief center in the Iowa City.

Italian Fleet Out of Corfu Harbor. Corfu, Sept. 29.—The Italian fleet left this port tonight for an unknown destination. One destroyer remained.

GOVERNOR SAYS HE HAS POWER TO STOP VOTE

JUDGES LISTEN TO APPEALS OF COUNSEL.

Oklahoma City, Sept. 29.—(By the Associated Press)—The special state election called for Oct. 2, at which it is proposed an initiative bill permitting the state a measure to convene and investigate state officials may be voted upon, may be illegal in his opinion, Gov. J. C. Walton declared here tonight.

While prospects seemed remote tonight for a settlement of the case in time to enter the referendum on the ballot, there remains the possibility that should a favorable decision be rendered by midnight, election officials could arrange for a vote on the proposal at the election.

Hearings in Progress. Indications were that the proceedings would consume at least two hours. A hearing is in progress before Judge O. L. Price, in the district court here, on the application of Campbell Russell, sponsor of the bill, for a writ of mandamus to compel the election board to include the measure on the ballot.

Chicago, Sept. 29.—When Frederick Thompson, who posed as a woman for 29 years and who is accused of being the "smiling blue-eyed girl" who shot and killed Richard Tesmer during a holdup, goes on trial next Monday, he will not appear in feminine garb, which he prefers, Frank McDonnell, his attorney, said today.

Ku Klux Sued for \$150,000 Damages. Muskogee, Okla., Sept. 29.—(By the Associated Press)—C. K. Ledy Lesky, of Ellsworth, Kan., filed suit in United States district court here today against the Ku Klux Klan, asking \$150,000 damages for injuries he said he received when he was tarred and feathered in Tulsa county in July of last year.

Sister Pleads With Vlemminck to Tell Where He Took Infant Given to Him Through Error

Detroit, Sept. 29.—While Mrs. Rachel Flegghels, sister of Alphonse Vlemminck, pleaded with her brother to "tell the truth" about what he did with the infant son of William Greatrix, given to Vlemminck, by mistake at the Evangelical Deaconess hospital, the man reiterated his original story that he had given the babe to a "stranger from Pennsylvania."

Vlemminck was given the baby early this week when he called for the baby born to his daughter. Mrs. Flegghels came here from Belgium Aug. 29 to adopt the baby about to be born to Vlemminck's daughter to save her brother from "shame and disgrace."

HAGEN BEATEN IN EXTRA HOLE TITLE CONTEST

NERVY PLAY OF CHAMP PUTS HIM OVER.

Pelham Manor, N. Y., Sept. 29.—(By the Associated Press)—An amazing recovery shot from a marsh beside the 38th hole of the Pelham country club brought victory today for Gene Sarazen over the young Italian-American, Victor Hagen, in the professional golfers' association thrilling match.

Victory for Sarazen in this, first extra hole final match the history of the professional tournament, came after a courageous fight by Hagen who squared the match at the 35th hole, being three down at the 28th hole.

Alex Steps Right Along in Quest for Crown

ALEX HART.

Alex Hart, a protege of former featherweight champion Johnny Kilbane, looms as a formidable contender for the lightweight honors.

Recently he went eight rounds with champion Benny Leonard at Philadelphia. It was a no-decision affair but the champion was given the edge by the ringside experts.

At the close of the bout Hart was showing to better advantage than in the opening rounds, which gives rise to the belief that in a contest of 12 to 15 rounds he would make things far more interesting for the champion.

Hart is one of the few fighters who can win over George Chaney, the "knockout king," one of the toughest lightweights in the game.

Alex is improving with every fight and there are many experts who feel that within a year or two he will be the outstanding figure in the lightweight class.

Johnny Kilbane is one of the many who predicts big things for him.

"ZEP" TO FLY OVER POLES IN CIRCLING GLOBE

Giant Dirigible, "ZR-1" to Follow Meridian in Test Flight.

Lakehurst, N. J.—Flying around the world from pole to pole!

Skeptics laugh at the idea. But wise old Uncle Sam insists it can be done.

And he's relying upon his new titanic blimp, ZR-1, to make the dash.

The giant dirigible will be launched here in the next few weeks.

It's a sister ship of the ill-fated ZR-2, which collapsed in mid-air and fell to the ground a mass of flames on its maiden trip over Hull, England, two years ago.

But its more like the giant German Zeppelin, L-49, captured by the allies during the closing days of the war.

A combination of the German and British ideas in dirigible construction, it has the safeguards of both and the weaknesses of neither.

Its framework is made from duralumin, the toughest and lightest metal known. Its outside skin is made of cotton cloth treated with cellulose acetate "dope."

Millions of cubic feet of helium, the non-inflammable, non-explosive gas, will be used to inflate her. Twenty gas bags fit snugly inside the main bag.

The hangar, housing the giant blimp, is 800 feet long and 270 feet wide. Yet, despite this bulk, the ZR-2, machinery and all, weighs only 30 tons.

There is nothing outside the skin except the six gondolas, each equipped with a 300-horsepower Packard motor, giving a speed of from 60 to 70 miles an hour.

Looming up overhead in the blackness of that cavernous hollow will be the oscillating bags of helium. These are of rubberized cloth lined with "goldbeater skin," a composition made from the intestines of an ox.

Plans were also made for the annual banquet to be held on November 11. A committee was appointed to take charge of the affair.

F. R. A. Meeting. The F. R. A. will hold their regular meeting Monday evening, October 1st at the Eagles' hall at which time it is urgent that all members be present to take part in the election of officers.

Mission Circle Rummage Sale. The Mission Circle of the Presbyterian church will hold a rummage sale October 17, 18 and 19 at which time there will be a large assortment of useful articles on sale.

U. S. C. F. Meeting. The U. S. C. F. Meeting, Branch No. 3, United French Canadian Societies will hold their regular meeting Monday evening, October 1, instead of Tuesday evening as had first been planned.

American Legion Auxiliary Meet. At the election of officers of the American Legion Auxiliary held last Wednesday evening the following officers were chosen to serve for the coming year:

President—Mrs. Annette Pavlow. First Vice President—Mrs. M. B. Jensen. Second Vice President—Mrs. Charlotte Harvey.

Secretary—Miss Gertrude Moersch. Treasurer—Miss June-Trudo Peterson. Chaplain—Mrs. R. E. Merrill.

Historian—Miss Isabel Cass. Custodian—Miss Carrie Nolden. Executive Committee—Miss Cecilia Lemire, Mrs. A. L. Flink, Mrs. J. R. Green.

At the same time it was decided to hold a rummage sale, possibly on Oct. 19, at 1629 Ludington street. Any person wishing to donate something to this sale may do so, by calling up any member of the following committee:

Mrs. Pavlow, phone 816-P2; Mrs. Nora Jensen, phone 1211-W; or Miss June Trudo Peterson, phone 240-W, and articles will be called for.

It was likewise decided that this year the quota of canned fruit to be collected would have to be doubled as it must be sent to both the Child Barracks at Otter Lake and the Tuberculosis Hospital at Battle Creek.

PARISIAN GIRL WRITES BOOK ON IRISH TROUBLE

"En Irelande", by French Girl Reporter Wins Great Praise.

BY MILTON BRONNER. NEA Service Staff Correspondent. London—The best picture of the tragic events of the past two years in Ireland and of the men who played the star parts, has not been painted by any Irishman, nor Briton, nor American, but by a little, slender, 20-year-old French girl—Mademoiselle Simone Tery.

Daughter of the well-known editor of a liberal Parisian newspaper and herself an expert reporter, she was for months a conspicuous figure in the melancholy streets of the Irish capital.

If I saw a crowd gathered around a review of Free State troops and hastened to see the show, Mademoiselle Simone was there ahead of me.

Girl Caused It. If I had an appointment with a cabinet minister and had to wait past the hour, I was sure to find out that French girl was the cause of it. She was the human question mark, she was ever present, this bright-eyed miss who felt herself so much at home in Ireland.

Mlle. Tery deftly plucks the halo from the brow of De Valera. Just as artistically she glides the laurels on the brows of Arthur Griffith and Michael Collins, the great heroes of the closing phases of the fight for Irish freedom.

For instance, how much she reveals when she tells us that poor Griffith, when he died so suddenly, had only one penny in his pocket—two cents. It was typical of the glorious poverty of the man who gave his whole life to Ireland.

In her writing this French girl has all the neatness that is characteristic of her countrymen. She tells us volumes when she quotes De Valera as saying: "The country is here for the taking—take it!"

One could go on quoting plums from the little blue-covered volume. But the best can merely be told about.

Kevin O'Higgins, minister of the interior, is sitting in his office being interviewed by Mademoiselle Simone. He expects to be asked all kinds of questions about the condition of the country.

"Mr. Minister, is there any danger of your making yourself dictator of storm-tossed Ireland?" It's no wonder she wrote a rich book. No mere male reporter would have asked similar questions—and lived.

The height of foolishness is the high cost of living.

LOCAL SCHOOLS ON STATE LIST

53 of State's 392 Accredited High Schools Private or Parochial.

Escanaba high school and St. Joseph's parochial high school are among the 53 high schools in the state on the accredited list of the University of Michigan.

Three hundred and thirty-nine of the schools on the list are public high schools, and 53 of them are either private or parochial.

The report continues that "according to the available data on high school enrollment in Michigan, the enrollment in the 392 accredited high schools represents about 92 per cent of the total high school enrollment in the state."

The first inspector of schools was Dean Allen S. Whitney who took the task after the special office was provided in 1899.

In 1917 the university and the state department of public instruction entered into an arrangement providing for an exchange of report on public schools, desiring both the tuition privilege from the state department and the accrediting by the university.

One copy of the report made it filed with the state department and another is filed with the university.

LEONARD HAS IT "SOFT" AS TITLE HOLDER

Philadelphia, Sept. 27.—There is an old saw about present-day pugilists that says: "They aren't like they used to be," or words to that effect.

For instance, take the lightweight division, past and present.

Consider the ring career of Battling Nelson, one of the greatest lightweights of history.

From 1904 to 1910, when the date was in his prime, he engaged in more "marathon" fights than any lightweight in history.

Now, in fitting contrast, let's take a glance at Benny Leonard, present lightweight champion.

But his record doesn't begin to compare with that hunk up by Nelson.

1923 Studebaker Sales Enormous

With four months remaining in 1923, the Studebaker Corporation has already surpassed its entire production of 1922.

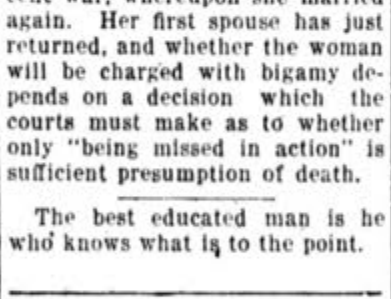

Sales are expected to exceed 150,000 cars this year as against 110,269 last year.

Buildings are now under construction at South Bend, Indiana, which will increase Studebaker manufacturing facilities still further.

**ONE MAN TOWN IN ARKANSAS; ALL ARE HAPPY**

**Owner Has Most Everybody on His Pay-roll.**

Wilson, Ark.—What's Robert E. Lee Wilson going to do with his one-man town? It's getting to be a complex problem, not only here in Wilson, Mississippi county, but for grizzled pioneers, railroad magnates, bankers in surrounding towns and financiers in St. Louis, Little Rock, Memphis and Chicago who wonder just what Lee Wilson, now 61, is going to do with a fast-growing town of 2000 population and which he owns—lock, stock and barrel.

Like some feudal land baron of old, this man owns everything in sight on a vast expanse of nearly 50,000 acres. It's all his, personally. The only thing he does not own in Wilson is a little yellow depot and a few hundred yards of steel rail, the property of the Frisco Railway.

But even the Frisco system hasn't anything on Mr. Wilson. He operates his own little railroad, runs it to suit himself, and it's 150 miles long. They call it the Jonesboro, Lake City & Eastern Railroad, and it links up Wilson with Jonesboro and Blytheville, Ark.

One U. S. Official.

But even a multi-millionaire, such as Wilson, with all his business acumen, can't be expected to fill the shoes of a mayor, the chief of police, the banker, the hotel proprietor, the merchant, the preacher, the justice of the peace and all the other shoes incident to the rule, control and hustling town like Wilson.

There's only one government official in town—the postmaster. The tax collector drops around once a year, but it's easy to collect taxes in Wilson. He writes out a memorandum for Mr. Wilson and Mr. Wilson writes out a check for Mr. Tax Collector—and the ordeal is over.

There are 240 residences in Wilson and Mr. Wilson owns them all.

His property, including the town proper, extends 27 miles in length one way, eight miles in another and then winds along with the Mississippi River.

Here is some of the property which Wilson owns personally, including the town of Wilson and the thousands of acres surrounding it:

Eighteen plantations that will produce this year 6500 acres of cotton. There are 69000 acres planted in corn. The cotton is produced from 8000 acres. He has 1200 acres in wheat and 800 acres in alfalfa.

Thousands of acres of virgin timber.

**Box Factory.**  
A sawmill that represents an investment of \$250,000.  
A mill that produces 300 barrels of flour and meal daily.  
A \$125,000 box factory.  
An eight-gin stand, electrically driven, which cost him \$40,000 and has a capacity of 90 bales daily.  
A model ice plant.  
The Bank of Wilson, with a capital of \$25,000 and a surplus of nearly \$35,000.  
A department store, where one can buy anything from a tooth-pick to a flivver.  
A modern school structure Mr.

Wilson built at a cost of \$200,000. He also set aside 100 acres of land surrounding the building. There is an annual deficit of \$10,000 in the maintenance of this school with its staff of 20 teachers, but a check from Mr. Wilson's secretary wipes out the deficit without argument.

A drug store, garage and filling station, a church office, a hotel, a cafe, blacksmith shop and meat market.

A Community Center building. Waterworks plant.  
Electric light and power plant. Wilson rents from himself. He pays himself \$45 per month for his nine-room house and that's the maximum rent paid by any citizen of Wilson. The scale of rents run from \$12.50 to \$37.50 per month, according to the size of the home.

Funny thing, nobody can live in Wilson without renting from Mr. Wilson, and nobody can work in Wilson without working for Mr. Wilson.

Wilson isn't very talkative with strangers. But he's dynamic in action and he doesn't employ laggards.

"Work hard when you work and play hard when you play," is his idea of life.

Wilson, Ark., is 41 miles west of Memphis, 125 miles from Little Rock and 264 miles from St. Louis.

**COOLIDGE HAS RELATIVE HERE**

**Philip S. Lillie Is Uncle of President By Marriage.**

BY ADRIENNE TOUSIGNANT.

Philip Sheridan Lillie, 324 South Twelfth street, has a sister who is married to a very close relative of President Calvin Coolidge. They visited in the city recently and although closely related to the president, Mr. Putnam was very modest when speaking of his relationship to such a personage as the president of the United States. Miss Rose Lillie married Israel I. Putnam, who now make their home at Merrill, Wis., where Mr. Putnam is the obliging clerk in the post-office money order window, where he has been employed for many years.

Quoting Mr. Putnam, the relationship is in this manner: "My mother and John Coolidge's mother, who was Calvin Coolidge's grandmother, were sisters, so John Coolidge and I are cousins and Calvin Coolidge is my second cousin. When mother died, father married his sister-in-law, the widow Coolidge, which made John Coolidge my stepbrother and Calvin Coolidge my nephew, by virtue of the second marriage. I married Mr. Lillie's sister, who was a widow, her name being Thompson, formerly Miss Rose Lillie, sister of P. S. Lillie of this city. So there you have it."

Mr. Putnam is a man whose acquaintance it is a pleasure to make, and has an unusually large supply of information regarding postoffice rules and regulations. He has a hobby as most men have, and his is "inspecting post-offices." He visits postoffices in every city or town which he visits. After looking over the local office he stated that all the post offices built since the parcel post has been installed are more complete and up to date, having large rooms for the employees to work in, and more space allotted to packages which arrive daily at the postoffice.

**JUNIOR CLASS ANNOUNCES ITS MOTTO, 'SERVICE'**

"The Class of 1925 announces its class motto, 'Service' and its class colors, 'Green and Silver,' its class flower, lily of the valley."

This telegram, written on the blanks of a commercial telegraph company, was delivered to students and teachers of the high school yesterday by members of the Junior class.

Considerable rivalry exists between the classes who are attempting to put their mottoes before the student body in a novel and striking manner. The Juniors were the first to present the information. Other novelties in the way of announcements are expected to turn up at the school in the near future.

**The New Jewett Six Brougham, \$1325**  
Lasting Lustre, Baked Enamel Finish by New Process

QUITE the smartest car the season has produced—just the achievement you'll expect from Paige engineers. Jewett Six Brougham at but \$1325 gives peak quality—the best value the Paige organization ever produced for the money.

panels enameled on the inside, too—no rusting possible.

Never before could this finish be placed on a wood frame body. The intense baking heat would burn the frames. But separate pre-enameled and baking give you a car of lasting lustre. It gives the Jewett Six Brougham the rich black gloss all over the car, seen only on fenders of other cars. Trust Paige to contribute such a step toward lasting good looks!

Full, roomy comfort for five—extra long leg room in front. Two individual front seats which both fold forward, give easy entrance and exit from either side. Rear seat is of full width for three. Interior finish the kind you'll be proud of. Upholstered in velour. Remove the rear seat cushion and there's room for sample trunk or cumbersome baggage. Commodious trunk on rear is extra well made.

Like all Jewetts the Brougham has full 50 horse-power, Paige-built motor that fills the hood.

Hollow crank-shaft high pressure oiling system gives silent smoothness and long life. Paige-Timken axles front and rear; ball-bearing steering spindles; 6-inch-deep frame. Ruggedness throughout that explains Jewett's acknowledged stamina.

Jewett Brougham performs like all Jewetts—goes from 5 to 25 miles an hour in 7 seconds, in high gear from 2 to 60 miles an hour, in high. Passes most any car on any hill. Gear shifting is rare, and easy when you do shift.

Business men, salesmen, farmers, wives with children to look after—everyone will welcome this new Jewett Brougham. It is smart in appearance—permanently good looking. No apologies for the looks of the finish—requires no attention but washing.

We are proud to have you drive this new 5-passenger Brougham yourself for any kind of a test you want—performance, comfort, good looks, safety and for convenience.

**TIRE EXPLODES  
INJURING MAN**

**John Seidl Victim of Unusual Accident Yesterday.**

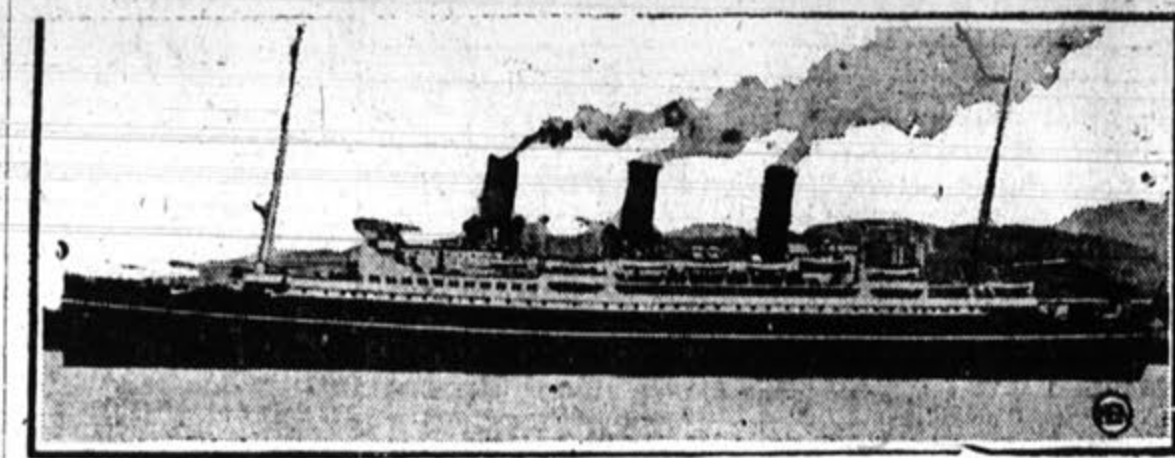

The explosion of an automobile tire, while it was being filled with air, caused serious injuries yesterday to John Seidl, proprietor of a repair shop. Mr. Seidl was badly cut and bruised when the crash hurled him to the pavement.

Mr. Seidl is owner of the tire repair shop conducted in connection with the Barkhurst Presto Battery plant at 110 Stebensson avenue, and had just finished repairing an inner tube on a large 35-7 tire when he went across the street to the DeGrande garage to fill it with air. While doing so, the tire exploded, throwing him to the ground and inflicting an ugly gash in the chin and under the tongue which necessitated taking a number of stitches in both. His head was also injured and his arm badly lacerated. He was rushed to St. Francis hospital in Dr. Bartley's car, where he was cared for.

His wife, who had just arrived at the garage to help him, as is her daily habit, witnessed the accident and showed unusual grit by remaining at his side all through the accident and the dressing of the wounds. She remained at the bedside until a late hour last night. He is suffering much pain and cannot speak owing to the injury to the tongue.

Mr. Seidl and his wife returned Friday morning from Menominee where they attended the wedding

of a relative and had remarked how well he had been of late. Mr. Seidl has an excellent work record, having been over two years in the Legion school in Milwaukee and has been working at the trade for two years. His admission to St. Francis hospital yesterday marks the 38th time that he was laid up in hospitals in the last four years. This is an unusual record. He recovered from an accident eight weeks ago when he sustained a fractured collar bone. He was a member of Company L, who guarded the ore docks in this city in 1917.

**LLOYD GEORGE  
COMING OVER;  
NOT TO TALK**

**Expects to Sail for America on September 29th.**

BY MILTON BRONNER, NEA Service Writer.  
London—With a great past behind him and convinced that there is a great future before him, David Lloyd George, England's premier, hopes to sail for America on Sept. 29. He wants to complete his education. He wants to see that America concerning which he has read so much.

"America" to Lloyd George means both the United States and Canada. He has never forgotten the Canuck soldiers, nor the American doughboys. And he wants to see the two countries in which those fighting men were brought up. He is one of the outstanding British statesmen who believe the future of the world largely depends upon what the United States and the British Empire do. Despite his undoubted long-standing desire to make this trip, the whole thing is contingent upon circumstances. If relations between England and France have become even more critical than they are now, or if it looks as if there would be a political crisis in Parliament, L. G. will cancel all engagements and stay right here on the job.

But if the political and international barometer is set "fair" he will go to America. Parliament meets Nov. 13 and he will have to arrange his trip accordingly.

Lectures? "Oh, No!" "L. G." is not going over on a lecture tour. He will deliver no talks for money. So far as possible he will not talk at all. He wants to see and hear.

But he will probably not be able to see either our or the Canadian far west. He will land in New York and go directly to Montreal, where he will make his first speech. It will be a formal acknowledgment of the splendid part Canada played in the war.

Other Canadian cities to be visited will be Ottawa, Toronto and Winnipeg. It is expected he will address the World's Brotherhood Congress in Toronto.

American cities on his list will probably be Minneapolis, St. Paul,

Chicago, Springfield, Ill., Indianapolis, Pittsburgh, Washington, Richmond, Philadelphia, Scranton and New York. Detroit, St. Louis, Cleveland and Kansas City may be added.

Speeches Here, Too.  
Two big set speeches probably on world affairs will be made by him in Chicago and New York. Springfield, associated forever with the name of Lincoln, will be the scene of a speech on that immortal. He may motor from Springfield to Indianapolis in order to see a typical American farming region of our middle west.

Richmond is chosen because it was the capital of the Confederacy and is the only typical southern town within easy reach. In Washington he will visit President Coolidge and former President Wilson.

He wants to see Pittsburg because the steel metropolis was so important a factor in making munitions for Britain during the war and Scranton because it has probably the biggest Welsh population in America.

He will be accompanied by Dame Lloyd George, his wife, and Miss Megan, his youngest child, who is a great pal of her father's.

**KIWANIS PLANS  
LIVE SEASON**

**Committee Busy on Exceptional Program for Winter.**

Members of the Kiwanis club, at their regular luncheon meeting Monday at the Ludington hotel, will hear another of the series of occupational talks, begun last spring. L. M. Beggs, local insurance man, will be the speaker and his subject will be, "Insurance."

The program committee of the club has a number of especially interesting events in the making. One of them is an address by Dr. J. W. Bolotin of Chicago, famous blind surgeon, and a leading member of the Chicago Kiwanis club. The occupational talks will be continued, and it is planned to exchange speakers with other clubs in this region during the season.

Sault Ste. Marie is the latest addition to Kiwanis ranks in the Upper Peninsula, the Soo club having been chartered this week. Dr. G. A. Cotton, lieutenant governor of the territory in the northern half of Wisconsin and the Upper Peninsula of Michigan has had numerous inquiries from cities where Kiwanis has not yet been established, and it is likely that several other new clubs will be organized in the district before the end of the year.

**AMUSEMENTS**

**AT THE DELFT.**  
Jackie Coogan, in "Daddy," one of the most appealing pictures the popular little star has yet made, will be the feature attraction at the Delft theater Monday, Tuesday and Wednesday.

In "Daddy," Jackie has exceptional opportunities to display real dramatic ability and she accepts them in a manner which places him—young as he is—among the great artists of the screen.

There are big dramatic moments, moments of tears and plenty of sunshine and laughter in the picture, which the management believes will be one of the most pleasing features offered at the Delft in recent months.

A first class comedy also will be a part of the program.

To be popular at home is a great achievement. The man who is loved by the cat, by the dog, by his neighbors' children, and by his own wife is a great man, even if he has never had his name in "Who's Who."

In Alabama forty-seven women fill responsible public positions in connection with education.

**FR. WILHELMI  
TO LEAVE CITY**

**Popular Assistant Pastor at St. Patrick's Assigned Elsewhere.**

The many friends of Rev. Fr. W. N. Wilhelmi who has been assistant at St. Patrick's parish for over a year greatly regret to hear that he will be leaving the first part of the week. Fr. Wilhelmi will take a month's vacation after which he will go to a new field to work. During his stay in this city he has endeared himself to many persons, not only in the parish but among the residents in general who fully appreciate the work which he has accomplished during his stay in our midst.

In his plain and unassuming manner he daily visited the sick and aged of the parish and worked zealously for the good of the parish, at time doing the work of three men. St. Patrick's parish is one of the largest parishes in the upper peninsula and there is much work in connection with a parish of its size. Daily he was seen wending his way to all parts of the city administering the sacraments to those unable to attend the regular services and his presence in the home where he visited the sick and aged will be greatly missed. Much could be said in appreciation and gratitude for the work and zeal shown on his part.

Father Wilhelmi stated that he regretted leaving this city as he liked it here but he did not state just what his plans for the future would be after his month's vacation would be ended. His many friends here join in wishing him success and prosperity wherever he may locate and his work in this city will never be forgotten by those who were fortunate enough to make his acquaintance.

**FINE PICTURE  
TO BE SHOWN  
AT ST. JOSEPH**

It is expected that a packed house will witness the two shows which will be given at St. Joseph's auditorium this afternoon at 3 o'clock and this evening at 8 when "Seven Years Bad Luck" will be seen on the screen, featuring Max Linder, the noted French comedian. This picture is a scream from start to finish and every one who saw the picture yesterday when the film was tried out at the auditorium are loud in their praise of the picture which will be shown. Max Linder delivers the goods when it comes to comedy and this is one of the best pictures in which he has appeared. He is a favorite with movie fans all through the country and his acting is very good.

Another comedy will also be shown, "Pop Tuttle's Pole Cat Plot." This picture alone is worth the price of admission and will be followed by "Traveling Entitled," which are usually side splitters.

A good orchestra will furnish the musical numbers and a packed hall is expected judging from the many pleasing comments heard recently regarding the pictures shown at St. Joseph's auditorium. The public is cordially invited and will be shown every courtesy. The price of admission is 10 and 25 cents at both shows.

**NORTHWESTERN  
TO KEEP NEWS  
PAPER SELLERS**

The Northwestern railroad company will enforce, strictly, in the future, its ruling against the sale of newspapers by boys on the passenger station platform here. The police were asked to assist in enforcing the edict and several boys were taken to police headquarters yesterday. The lads were released on their promise not to visit the station again.

Several serious accidents have been narrowly averted during the last two or three weeks as a result of the activity of the newsboys. One youngster nearly lost his life under the wheels of a passenger train Friday when he dropped and time, handed to him through a car window, along side of a moving train, and attempted to retrieve the coin.

Where Can You Get More for Your Money?

The Escanaba Community Educational Bureau is offering this season, a course of eight high class entertainments and lectures for \$3.00. The price for school students is \$1.50.

For a little more than 30 cents, the purchaser of a season ticket to this course will be privileged to hear such organizations as the famous Russian Cathedral Quartette, the MacFarren Symphony Quartette, the famous Aborn Opera Company, Judge Marcus A. Kavanagh, Frank Dixon, Lew Sarett, Anna Dickie Olesen or Ralph Bingham—any one of them having often appeared in the larger cities with tickets for a single concert or lecture selling for as much as a ticket for the eight numbers will cost an Escanaba citizen.

The sale of tickets will begin Tuesday morning. Seats for the entire course may be reserved after 5 p. m., Wednesday evening, Oct. 3. Advance subscribers to whom tickets have been mailed are asked to send checks to Col. F. B. Houston.

A summary of the course follows:

THE RUSSIAN CATHEDRAL QUARTET Monday, Oct. 8th.

During the past four years many people have expressed their belief that the best attraction that could be brought to any city was a real first class male quartet. Last year we tried to secure a first class male quartet. We were not successful. This year we have the best male quartet in the country.

ABORN GRAND OPERA COMPANY IN "FAUST" Monday, Oct. 22nd.

Many of the people of Escanaba have heard the famous opera "Faust." Many have never had that privilege. This year all will have an opportunity to hear it again for the first time. The above Company is rated as one of the best opera companies on the lyceum platform. All the basic roles of the opera "Faust" will be given. No music enthusiast or even a semi-enthusiast can afford to miss this number.

JUDGE MARCUS A. KAVANAGH Tuesday, Dec. 11th.

For the last four years the Escanaba Community Educational Bureau has been trying to secure Judge Kavanagh. At last Judge Kavanagh has been engaged. Be sure to hear his great and timely lecture, entitled "Traitors to Justice."

MACFARREN SYMPHONY QUARTET Tuesday, Nov. 20th.

For many years the St. Paul Symphony Orchestra was considered by music critics as one of the three best Symphony Orchestras in the United States. Mr. MacFarren was the brilliant spot in the above orchestra. Mr. MacFarren is a wonderful pianist. He has organized a very fine Symphony Quartet and it will be a delight to Escanaba people this year. This Quartet is an all-artist organization, the finest ever signed by the Escanaba Community Educational Bureau.

FRANK DIXON Monday, Jan. 14th.

Not many men can present a new lecture every year and each year have the lecture pronounced as great. Frank Dixon is one of those very few men. He accomplishes this feat by dealing with big events of current history. For this year he will give "Out of Nationalism into Internationalism." Mr. Dixon will have a real message for the people of our city.

ANNA DICKIE OLESEN Wednesday, Feb. 13th.

Every year the committee of the Escanaba Community Educational Bureau has endeavored to bring a nationally known woman to our city. This year we were very fortunate in being able to secure Mrs. Olesen or Ruth Owen. Mrs. Olesen was selected. Come and hear the first woman in American history to be nominated for office in the Senate of the United States.

LEW SARETT Friday, Feb. 1st.

Lew Sarett is one of the greatest attractions on the lyceum platform today. A United States Ranger, a friend of the Chippewa Indians, a woodsman, a poet. He tells a wonderful tale in story and song. There has never been a man the equal of Lew Sarett and in all probability there will never be another. Every boy and girl in Delta County should hear him. Come and bring at least four children with you.

RALPH BINGHAM Tuesday, March 18th.

Last, but not least, Bingham is a big man with a big smile on a big face. He is the greatest platform humorist in the world. Read what Opie Read says about Bingham. Come to hear him Tuesday evening, March 18th and forget about the snow and wind. Loosen your belt and come.

**New Touring Car**

Looking at the new touring car from the side, you are at once favorably impressed with the effect of longer, more graceful lines secured by enlarging the cowl and raising the radiator.

Slanting windshield and one-man top lend material aid in giving the entire car a lower, more stylish appearance.

An apron connecting the radiator with the fender skirts is also a decided improvement.

A comfort feature much appreciated by owners, is the additional leg room provided by the enlargement of the cowl.

Allow the nearest Ford dealer to show you the entire line of new Ford cars now on display in his show room.

These cars can be obtained through the Ford Weekly Purchase Plan.

**AMUSEMENTS**

**AT THE STRAND.**  
Gems of humor often fall from the lips of youth. In "Truxton King," the Fox film adaptation of George Barr McCutcheon's novel there is a love scene between John Gilbert in the title role and Ruth Clifford, who plays Lor-

raine. Mickey Moore in the character of young Prince Robin is supposed to warn them that Loraine's fiancé is approaching. Mickey was hungry then and the director was taking special pains to give the proper shade of emphasis to the scene. He went over each detail carefully to impress the youngster with the necessity of doing them correctly. So, when Mickey gave the warn-

ing, "The Count is coming," body murmured when he said, "And if we don't all go to the restaurant will close in minutes and we'll go to dinner."  
"Truxton King," with its stings in Graustark, starts today run at the Strand. Monday is a drama of an American saved a throne.

COME in and see these exclusive engine features—usually found only on the costliest cars. They make the 1924 Oakland the finest of light-sixes and justify the continuance of Oakland's 15,000 mile guarantee and the mileage basis gauge of value.

- 1 L-head engine with Ricardo-type combustion chamber insuring great power at all speeds.
- 2 New type intake manifold and Stromberg carburetor of latest design. Impossible to place this carburetor out of adjustment.
- 3 Full automatic spark control, timing the spark to give maximum power at all speeds.
- 4 Larger and heavier crankshaft with larger bearing surfaces; new and more rigid crankcase of a type found only on higher priced cars.
- 5 Special patented bronze-backed bearings—insuring at least 40,000 miles without adjustment.
- 6 Larger valves of highest grade special alloy steel—insuring 15,000 miles without grinding.
- 7 Cylinder walls honed to the smoothness of glass. Pistons, rings, piston pins, and connecting rods like those used heretofore in Liberty motors and expensive cars.

See these and many other exclusive features at our special showing all week of the True Blue Oakland. Test the four-wheel brakes—admire the new Fisher bodies. See the entire car—note the lower prices—make your own comparisons. You'll be surprised and convinced.
