

DIXMUDE GIVEN UP AS LOST BY FRENCH

COMMANDER IS FOUND IN NET OF FISHERMAN

BODY DISCOVERED OFF SOUTH COAST OF SICILY.

(By The Associated Press.) Paris, Dec. 28.—The French super-ditcher Dixmude has definitely been given up as lost by the French ministry of marine.

The finding, by fishermen six miles off the coast of southern Sicily, of the body of the commander of the Dixmude, Lieutenant Du Plessis de Grenadan, entangled in the meshes of one of their nets, led the ministry formally to declare that the Dixmude had met with disaster.

Complete mystery surrounds the tragedy. The whereabouts of the aircraft and the other forty-nine members of her crew is not known. French naval officers are hurrying to Southern Sicily to examine the body of Lieutenant Grenadan, and some hope is expressed that it will be found documents which will serve to clear up the cause of the disaster.

The Dixmude was last heard from a week ago when she sent out a radio message from a point southwest of Touzourt, Algeria, saying she was bound back toward her airdrome at Cyers-Pierrefort, near Marseilles, whence she had turned December 18 on an 18 hour cruise to northern Africa and return. The French naval authorities, by wireless, warned the airdrome that a gale was blowing across the Mediterranean and it would be unsafe to attempt the trip home. Since then trace of the craft has been lost.

JEWISH FRATS ARE AGAINST KU KLUXISM

(By The Associated Press.) Cleveland, O., Dec. 28.—The twenty-fifth annual convention of the Zeta Beta Tau, a Jewish college fraternity, opened here tonight with religious and memorial services at the Jewish Temple. Dr. David Levine, of New York City, presided at the memorial services. The convention closed Monday night with a silver jubilee ball.

In his annual report read at tonight's session, Harold Riegelman, of New York, national executive of the society, declared the Ku Klux Klan will never be tolerated in American universities.

"The university man has marked preferences and certain prejudices," Mr. Riegelman declared. "But he has a level head and is neither a knave nor a fool. Consequently he has no stomach for the Ku Klux Klan or any of its implications."

ANOTHER LIFE SACRIFICED TO MAD MAN'S ACT

(By The Associated Press.) Augusta, Me., Dec. 28.—The toll of death from the frenzy of a crazed woodsman at Whitefield and Jefferson last Saturday when John Snow shot and killed five persons and then took his own life rose to seven today when Marjorie Snow's infant daughter, died of pneumonia at a state institution here.

Paralytic Gnawed To Death By Rats

(By The Associated Press.) Walkerton, Ind., Dec. 28.—Rats gnawing at the defenseless body of Mrs. Margaret Taylor, 75, a paralytic, were responsible for her death as she lay in bed at her home here. C. B. Crumpacker, coroner of St. Joseph county, said today. Police at first believed that a jagged wound reaching from her right ear to the point of her jaw was caused by some unknown assailant.

Green Gives Public The Text Of New Tax Measure

Senator Ellison D. Smith of South Carolina is being mentioned prominently for the chairmanship of the important Interstate Commerce Committee. He is the ranking Democratic member of the committee.

MELLON PLAN IS FOLLOWED OUT CLOSELY

MANY AMENDMENTS OF TECHNICAL NATURE PROPOSED.

(By The Associated Press.) Washington, Dec. 28.—The complete text of the new tax bill was made public today by Chairman Green of the house ways and means committee, which will meet again as soon as congress re-assembles on January 3 to continue its study of the sweeping revisions proposed by the administration.

In all its features, the bill follows the recommendations previously made public by Secretary Mellon. It proposes several hundred amendments of the existing revenue law, many of them of a highly technical nature and designed to put an end to tax evasions, and many others dealing with the changes advocated by Mr. Mellon in income and other tax schedules.

U. S. STEAMER SINKING FAST

Rescue Vessels Unable To Locate The Conejos.

(By The Associated Press.) London, Dec. 28.—The United States shipping board steamship Conejos, which was reported in distress in the eastern part of the Black Sea yesterday, is sinking fast, according to a dispatch to Lloyds from Constantinople.

The dispatch says a wireless message from the Conejos last midnight reported "number one hold full of water; sea choppy; require assistance." An hour later another S. O. S. said: "Sinking fast 42-14 north, 28-46 east," a position about 130 miles west of Batum.

The steamship Clontarf proceeded to the scene but up to 11 o'clock this morning had not sighted the Conejos after searching in a five mile radius. The Clontarf reported that if the search continued unsuccessfully she would proceed southward on the lookout for life boats from the Conejos.

Declares Man Not Descendant of Ape

(By The Associated Press.) Cincinnati, O., Dec. 28.—Man, although the product of evolution, did not descend directly from the ape of today and had his origin in Europe 400,000 years ago instead of Asia as generally is presumed, Dr. Alex Hrdlicka, of the National Museum, Washington, D. C., and a leading anthropologist declared before the American Association for the Advancement of Science in convention here today.

The relationship of the existent ape to man probably is that of a "cousin," Dr. Hrdlicka said, the two having sprung from branches of the same family hundreds of thousands of years ago. "If we went far enough back, however, both probably would be found to have had their origin in the state of a simple, double molecule," he added.

Kilauea Volcano Becomes Active

(By The Associated Press.) Hilo, T. H., Dec. 28.—Superintendent Thomas Bowles of the Hawaii National Park, telephoned from Volcano House this morning that the volcano Kilauea had shown unusual activity since last night. Ten or fifteen feet of lava he said, had overflowed into the main pit of the crater, covering an area about forty acres, and a number of fountains of lava were spurting from openings in the pit.

New York Judge Can't Live On \$17,500 Yearly

(By The Associated Press.) New York, Dec. 28.—Daniel F. Cohan, state supreme court justice, tonight announced he had presented his resignation to Governor Smith to take effect next January 1. The difficulty of trying to bring up a large family on a justice's salary, \$17,500 a year, he said, prompted his action.

CALVIN AND HI GET INTO GAME IN NEBRASKA

Candidates File Acceptances With Secretary Of State.

(By The Associated Press.) Pierre, S. D., Dec. 28.—Acceptance by President Coolidge as the Republican majority candidate was filed with the secretary of state here along with the acceptance of Hiram Johnson of a petition proposing his name as candidate on the independent section of the Republican primary ballot in South Dakota.

President Coolidge filed a signed acceptance with the secretary of state while Senator Johnson filed his acceptance along with a petition proposing his name as a candidate for president on the independent column of the Republican primary ballot in this state.

The declaration filed by Mr. Coolidge made the simple assertion that if elected, "I will qualify" while the Johnson declaration stated that "if elected I will qualify and adhere to the principles herewith proclaimed."

Nineteen counties are included in the list of more than 1,500 signers attached to the Johnson petition. A question was raised over the failure of both Johnson and Coolidge to accept the recall provision of the Richards primary law, but this is regarded settled by a supreme court statement in connection with the Johnson writ of mandamus opinion.

SAILSTAD AND SUNSHINE GIRL OFF TO PRISON

Superior, Wis., Dec. 28.—Edward J. Sailstad and Dorothy Anderson, who today pleaded guilty to a charge of arson and were sentenced to four years imprisonment by Judge Archibald McKay in superior court, tonight were enroute to prison. They confessed that they burned a Lake Nebagamon, Wis., cottage containing the disinterred body of Allen McPhee, the night of August 26, 1920.

Tomorrow the nomadic couple will say goodbye for at least two years, the earliest date they may be eligible for parole under the Wisconsin statutes. The former Eau Claire manufacturer and his sunshine girl left with the assurance of the court that the sentences imposed would be "substantially reduced for good behavior."

Sailstad today was served with the complaint in the divorce proceedings brought against him by Mrs. Leone Sailstad-Richardson, who seeks legal separation so that she might remarry Ross T. Richardson, of Eau Claire, oil salesman, whom she married two years ago under the impression that Sailstad had been burned to death.

WILSON PRIZE TO BE GIVEN WITHIN YEAR

(By The Associated Press.) New York, Dec. 28.—On the 68th anniversary of the birth of Woodrow Wilson, one year from today, the first \$25,000 prize for outstanding public service will be awarded, trustees of the foundation announced today at a luncheon celebrating the former president's 67th birthday anniversary. The trustees also announced that nominations for the first annual award could be submitted from today until June 1, 1924. A jury of nine, headed by President Emeritus Eliot of Harvard will select the winner.

French Parliament Adjourns To Jan. 8

(By The Associated Press.) Paris, Dec. 28.—A decree adjourning the parliamentary session was read by Premier Poincare this evening in the chamber of deputies. Both houses reconvene January 8.

Previously the premier had listened to caustic criticisms of his foreign policies from Deputy Paul Reynaud and Edmond Herriot, the leader of the radicals. He interrupted the speakers several times to deny assertions, but instead of making a detailed answer and demanding a vote of confidence, as was anticipated, he closed the debate by adjourning the session.

GIRL INMATES OF OHIO HOME START A RIOT

POLICE AND SHERIFF FORCES RESTORE ORDER.

Delaware, O., Dec. 28.—Ten girl inmates of the Girls' Industrial school, a state institution near here, were missing at midnight, following several hours of disorder, during which approximately 100 girls were running wildly about the grounds shouting to others to join them, and breaking windows.

Several of the girls were cut by broken window glass and some others were injured when they fell over objects in the darkness. None of them is in a serious condition. J. P. Elton, husband of the newly appointed matron of the school, said:

"The trouble, brewing for several days, attaches itself, as a result of the girls learning that corporal punishment at the school had been banned by orders of the state welfare department, culminated about six o'clock in cottage five, which is reserved for the incorrigible girls."

Mrs. Ella Cherington, regular matron at this cottage, had been given several days leave of absence and her place was being filled temporarily by Miss Bing. Trouble arose and when Miss Bing attempted to settle it, the 45 girls in the cottage pushed her aside and broke out into the grounds. They were soon joined by others.

While some attempted to escape from the grounds, others contented themselves with running about the grounds, throwing stones at windows and screaming.

Sheriff's Force Required. Sheriff Fred Harter, of Delaware county, was asked for aid and responded with a number of deputies and Delaware county police. These officers with the assistance of male employes and nearby farmers, had succeeded at midnight in rounding up most of the girls.

They were placed under guard in the assembly hall and strains of piano music soon started them to dancing. Officials said it was their intention to keep them dancing until they were too tired to cause any more trouble tonight.

More than 500 girls are at the institution, officials are at tonight's disorder was the worst in the last 15 years, attaches of the institution said.

CHRISTMAS EVE SERVICE SAVES LIVES OF MANY

(By The Associated Press.) Berne, Dec. 28.—A Christmas eve service saved the lives of all but one of the inhabitants of a small village near Sargans, fifty miles from Zurich. The houses of the village were submerged by an avalanche during the service, which was attended by all the villagers, with the exception of an old man, who was too weak to leave his home. He was found dead under a heap of snow and ice.

New Organization Of Motion Pictures

(By The Associated Press.) New York, Dec. 28.—Articles of incorporation for the Motion Picture Chamber of Commerce of America were applied for today in the supreme court in Brooklyn. The organization is composed of representatives of the Y. M. C. A., Masons, Knights of Columbus and various church organizations. The stated purpose was to "further all legitimate non-theatrical motion picture interests," including the production of motion pictures.

Request That Circuit Judges Wear Robes

(By The Associated Press.) Marquette, Mich., Dec. 28.—A request that federal and circuit judges in Michigan wear judicial robes when presiding in their courts was contained in a resolution passed here tonight at the thirty-third annual banquet of the Marquette County Bar Association. A similar resolution was passed by the Detroit Bar Association recently and copies sent to all similar bodies in the state.

NEW POST

Brig. Gen. Smedley D. Butler, idol of Marines, and known as the "Fighting Quaker," has resigned to accept the directorship of Public Safety of Philadelphia.

UNCLE SAM IS OPIUM FIEND

Indian Educator Sees Rapid Advance Of Vice.

(By The Associated Press.) Bloomington, Ind., Dec. 28.—The United States will soon be classed as the greatest opium user on earth. Dr. Sudhinda Bose, a native of India, and a member of the faculty of the University of Iowa, declared in an address here tonight before the convention of Cosmopolitan Clubs of America.

"A few years ago," he said, "China was considered the worst opium-ridden country in the world. Now it appears that the United States is consuming forty times more opium per capita than any other white people. Moreover, the use of drugs in the United States has more than trebled within the last few years. At this rate the United States will soon be classed as the greatest user of the drug on earth."

Dr. Bose said the problem was due to the over-production of opium in India under British control.

COOLIDGE NOT FAVORABLE TO A MINE DEPT.

(By The Associated Press.) Washington, Dec. 28.—Information so far received has not convinced President Coolidge that a separate department of mines should be created to take over the work done by the department of the interior's bureau of mines and geological survey. The president believes, however, that the work of the bureau of mines should be extended and made more efficient.

The need for more efficiency and greater activity by the bureau of mines, a spokesman for the president declared, was not a reflection upon the present personnel of that bureau, who realize the need more keenly than any one outside the bureau.

Blame Bismarck For World War

(By The Associated Press.) Columbus, O., Dec. 28.—Two theories of the cause of the world war were advanced tonight at a meeting of delegates to the convention of the American Historical Association. The policies of Bismarck were blamed as accountable for the disaster by Professor Joseph V. Fallor, of the University of Wisconsin, while the existence of the Triple Alliance and the triple entente were held as causes of the war by Professor Bernadotte E. Schmidt, of Western Reserve University.

Former President Woodrow Wilson was elected president of the association this afternoon. Charles M. Andrews, of Yale, was elevated to the first vice presidency, the office formerly held by Mr. Wilson.

TO SIMPLIFY INCOME TAX COLLECTIONS

A COURT OF APPEAL TO BE SET UP SHORTLY.

(By The Associated Press.) Copyright, 1923, by The Escanaba Press Washington, Dec. 28.—Administration of the income tax law is to be simplified at last. Decision by the Ways and Means committee to include a court or tribunal of appeal composed of twenty eight members who will sit as a quasi-judicial body is one of the most important steps taken since the income tax law was first passed. It has been constantly sought by business and trade organizations. Businessmen have felt that under the present system the officials of the income tax bureau acted as prosecuting attorneys as well as judges and that the desire to increase the government revenues sometimes took precedence over equity.

Under the proposed plan, the tribunal will be a court of last resort before which attorneys representing private parties and attorneys representing the treasury or income tax units will argue their cases. This, it is expected, will have a far-reaching effect not only in saving the federal courts from many appeals from treasury decisions but in making the parties at interest feel that they have had judicial consideration.

Too Many Interpretations. Again and again there have been literal interpretations of the income tax law by various parts of the income tax unit which have been made the basis of equity suits later on. The law itself has vested a great deal of power in the secretary of the treasury and in the commissioner of internal revenue but both of these officials are far too busy to give personal consideration to income tax controversies even of major importance in dollars and cents.

With a special tribunal created, this discretionary power probably will be exercised for the commissioner of internal revenue or the secretary of the treasury. Another important step provided for in the bill being framed in the house ways and means committee is one relating to collections. Hardships have been imposed in the past by the treasury department in enforced collections but the treasury has had no discretion in the matter. The law has required collection in cash in thirty days. Most business men have their money tied up in capital assets such as machinery or goods on hand. Dozens of them have been compelled to raise large sums on thirty days notice. The banks have not always been able to lend the needed amounts and in many cases bankruptcies have resulted. The concerns have in reality been solvent but unable to realize on their assets quickly enough to suit the government.

Delayed Shock. Frequently under the advice of counsel business men have made out their returns and felt that they had legitimately returned to the government the right tax only to find out suddenly two or three years later that an additional assessment is required. The bill introduced in the house gives the defendant a chance to give bond for the amount of his assessment. It means an opportunity to turn around within a period of reasonable length. Treasury officials themselves want to see the provision adopted because they have recognized many cases in which the law worked unjustly. To force a company into bankruptcy means to cut off in future years a source of revenue. It is to the interest of the treasury to have as many companies paying taxes

(Continued on Page Two.)

WEATHER

(By The Associated Press.) UPPER MICHIGAN—Snow probably Saturday and Sunday; much colder late Saturday and on Sunday. Temperatures At 8 P. M. Alpena — 26 Marquette — 22 Atlantic City 40 Medicine Hat — 30 Boston — 36 Memphis — 52 Chicago — 32 Milwaukee — 26 Cleveland — 34 Minneapolis — 26 Deaver — 30 Montreal — 20 Denver — 22 New Orleans — 73 Detroit — 32 New York — 38 Duluth — 8 Port Arthur — 14 Escanaba — 22 Saginaw — 28 Grand Rapids — 34 St. Louis — 46 Jackson — 22 Salt Lake — 40 Jacksonville — 72 St. Francisco — 54 Kansas City — 44 So. # State Teachers To Make Escanaba Plan Operative

## FARM PROBLEMS ARE DISCUSSED

Five National Bodies Take Up Subject Yesterday.

(By The Associated Press.)  
Washington, Dec. 28.—Discussions by five national societies in convention here today centered on the farmer as a business man, the consolidation of railroads, the conservation of man power, freedom of speech and the forecasting of business and farm conditions.

Julius H. Barnes, president of the Chamber of Commerce of the United States, addressing the American Economic Association, said American industry holds out the most generous reward to the inventor and is eager to utilize every man saving device.

Follows Big Business.  
The farmer is out to borrow a page from the book of big business, B. F. Brown of North Carolina state college, declared in discussing commodity marketing before the American Sociological Society.

E. C. Linderman, of Highbridge, N. J., told the society the farm bureau movement was finding difficulty in serving all the needs of the farmer and that the trend of specialization must be broadened against.

Non-Partisan Decline.  
That the decline of the Non-Partisan League does not mean the farmer is losing interest or power, was stated by John M. Gillette of the University of North Dakota, who said many principles of the league were embodied in the farmer labor movement.

Henry F. Ward, of the Union Theological Seminary, deplored what he said was a repression of freedom of speech in the nation, asserting the department of justice was misusing its office and funds as a propaganda agency against "radicals."

In a letter read to the society, Ralph M. Easley, secretary of the executive committee of the National Civic Federation, said he regretted that Mr. Ward was permitted to speak, asserting he was a "radical partisan."

Jess Willard, former champion heavyweight pugilist, born in Pottawatomie county, Kas., 38 years ago today.

1920—Prof. Albert A. Michelson of the University of Chicago revealed his methods for measuring hitherto regarded infinitesimals of space.

## Copper Country Loses One of Its Oldest Citizens

(By The Associated Press.)  
Houghton, Mich., Dec. 28.—Daniel Harrington, Sr., aged 102 years, 8 months, the Copper Country's oldest resident, died Wednesday at Greenland, Ontonagon county, where he had lived for 63 years. Paralysis was the cause of death. Despite his great age, Mr. Harrington was in fairly good health up to the time of his fatal illness.

His eye sight was good and he could read large print without aid of glasses. He was a constant user of tobacco. On coming to this country over 70 years ago, he staked a homestead at Duluth upon which the present Duluth postoffice now stands. He was employed for many years in this district as a miner and attributed his longevity to his simple rules of life: Harrington was a native of Ireland, where he was born April 21, 1821. The sailing ship on which he came to this country was three months on the high seas.

## STATE CAPITOL IN FIRE PERIL

Oakland Building Is Destroyed By \$300,000 Blaze.

(By The Associated Press.)  
Lansing, Mich., Dec. 28.—Fire, which for a time threatened the downtown business section, early today completely destroyed the Oakland Building, one of the oldest and best known Lansing office blocks. The loss is estimated at \$300,000. The structure was located on a downtown corner, in the shadow of the capitol. There was wild excitement for a time when reports that the capitol was burning were circulated.

The blaze originated, probably from defective wiring, about four o'clock this morning. When it was discovered it had already gained great headway and firemen devoted much of their attention to saving neighboring structures. The flames swept thru the loft from the stage of the Regent Theater, which was on the ground floor and pierced the roof. Shortly afterwards, the walls crumbled and tonight the front wall was the only one standing.

One fireman was injured when a hose broke loose and a pedestrian was hurt when he was struck by an automobile rushing through the smoke. C. W. Warren, a grain salesman, was sleeping in his office when the fire broke out. He was rescued from a fourth story window by firemen with ladders. A musical comedy stock company lost its costumes and scenery.

The fire came on the third anniversary of Lansing's other "big" downtown fire. Three years ago the Prudden Building, a block away, was destroyed, with a loss of about \$250,000.

## TAKE ACTION WHICH WILL BE HELPFUL

Frank Ellsworth of Detroit Elected President of Body.

(By The Associated Press.)  
Lansing, Mich., Dec. 28.—Frank Ellsworth, of Detroit, was elected to succeed F. L. Miller as president of the Michigan State Teachers' Association by delegates to the organization's convention here today. Other officers named were: L. W. Park, Mt. Clemens, vice president; C. C. Barnes, Mt. Pleasant, treasurer; Mary Howe, Detroit, and D. A. Buskirk, Hastings, members of the executive committee.

Resolutions adopted by the teachers today directed an investigation into the assessments against public utilities and the method of apportioning the primary school fund to determine whether a more equitable distribution cannot be obtained, and advocated restriction of classes to overcome the handicaps encountered by bulky classes.

Frank Swinerton, English novelist and critic, addressed the delegates in their closing session this afternoon. He drew intimate pictures of prominent writers.

The Brotherhood of Locomotive Engineers' Co-operative Trust Company, a new bank to be devoted to the interests of organized labor, will open in New York City today.

Christmas ties are all right. Everybody else wears them. Go on, don't be so self-conscious.

Christmas ties are all right. Everybody else wears them. Go on, don't be so self-conscious.

Christmas ties are all right. Everybody else wears them. Go on, don't be so self-conscious.

## U. S. Fleets Concentrate For War In Panama Canal Zone

(By The Associated Press.)  
Washington, Dec. 28.—Effectiveness of the Panama Canal as a means of national defense will be put to the test next month when the "blue" fleet from the Pacific attempts to enter the big waterway to enter the Atlantic against the "black" or enemy fleet stationed there. Army forces in the canal zone, 8,000 strong, both the Atlantic and Pacific fleets, and an expeditionary force of marines from Quantico, Va., will participate in the joint maneuvers, the first of the kind ever attempted.

A war department announcement said the maneuver plan was based "upon the assumption that strained relations exist between the United States and imaginary enemies, equal to us in resources, man power and naval strength."

When Trouble Starts.  
"The blue government (the United States) has resisted the public demonstration for consolidation of its Pacific and Atlantic fleets for fear such an act would precipitate hostilities," the announcement added. "Early in January a black fleet (enemy) appears in the middle of the north Atlantic Ocean and causes the blue government to order its Pacific force to sail for the Atlantic."

"Our Atlantic fleet will represent the black fleet for the purpose of the maneuvers, while the Pacific fleet and the Panama Canal department will remain blue. The safety of the canal during the passage of the Pacific fleet will depend upon the regular army garrisons in the canal zones."

Full Instructions Sent.  
Instructions giving details of the situation have been sent to army and navy commanders to be opened at noon January 14, and the operations will occur between January 16 and 22. Chief umpires will be Admiral Eberle, chief of naval operations, and Major General Hines, acting chief of staff.

Three major purposes are embodied in the maneuvers; first, to ascertain "the ability of the army to keep the Panama Canal open in war with the means both in personnel and material placed at its disposal for the purpose"; second, to obtain data as to the time required to effect concentration of the fleet in either ocean by means of the canal; third, to test "the practicability of joint supervision of the army and navy forces in an operation which necessitates the joint use of all our defensive elements."

AMUSEMENTS

AT THE DELFT.  
Working under the bright lights of the studio made his eyes water and now "Cameo," one of the highest salaried dogs in the movies, wears yellow, glass goggles when he is on the set, waiting for his turn before the camera.

"Cameo" first donned the "cheaters" while working with Ben Alexander in "Penrod and Sam," a Booth Tarkington story, filmed by J. K. McDonald for First National, which is to be shown at the Delft theatre the last time today.

When "Cameo" first came trotting onto the set, wearing the goggles he caused a small-sized riot among the score or more kid actors who were appearing in the schoolroom scene. Then it was up to William Beaudine, the director, to explain to his "scholars" that in the technical vernacular of the movie makers, "Cameo's" eyes had become "Kleinged," nothing serious—just a harmless condition which frequently occurs to every actor and actress who works continuously under the glare of the studio lights.

AT THE STRAND.  
Two of the most interesting characters now appearing under the Fox banner are Muriel McCormack and Mickey McBan, each aged four. The kiddies are cast as "The Twins" in "The Man Who Won," with Dustin Farnum which will play at the Strand Theatre the last time today.

Facial resemblance of the kiddies is remarkable, as is their ability to portray convincingly a pair of precocious twins. This is all the more remarkable since the children are in no way related. They met for the first time a little more than a year ago on a Hollywood picture lot. Even at the age of three, both Mickey and Muriel had a number of well-played scenes roles to their credit.

ST. JOSEPH'S HALL.  
When patrons of St. Joseph's auditorium journey to that popular photoplay house Sunday, Dec. 30, they will witness the most remarkable and thrilling automobile race ever filmed, in the motion picture, "Mind Over Motor."

In this photoplay there is starred Trixie Friganza, the famous leading comedienne of two continents, with Ralph Graves and an all-star cast. In the auto-race scenes, several prominent professional drivers almost met death in their desperate efforts to eliminate the leading driver; the others participated in a jamb that resulted in a hurried call for an ambulance; Ralph Graves narrowly escaped with his life when his machine turned turtle as a result of the terrific crash.

"Mind Over Motor" is a screen version of a Saturday Evening Post-story by Mary Roberts Reinhart and it entertains superlatively because it is a distinctly human comedy-melodrama, filled with action and thrills.

1808—Andrew Johnson, seventeenth President of the U. S., born at Raleigh, N. C. Died in Carter county, Tenn., July 20, 1875.

1809—William E. Gladstone, the great English statesman, born at Liverpool. Died at Hawarden, May 19, 1898.

1837—Imperial Winter Palace at Petrograd, the largest in Europe and capable of housing 13,000 people, destroyed by fire.

## ASK FARMERS FOR ADVICE

Chamber of Commerce Sends Out Questionnaire on Market.

Nine hundred Delta county farmers, this week, will receive a questionnaire from the Escanaba Chamber of Commerce, asking for information and suggestions concerning the operation of a retail curb produce market in this city.

Information Asked.  
The questionnaire asks the farmer to answer the following questions:

1. Do you think that a produce market would be a good thing?
2. Would you prefer to pay a small fee and sell your produce in a regulated market two days a week than to sell it from house to house?
3. When, in your opinion, should the market open in the Spring and close in the Fall?
4. Would you want a selling space in the market if one were established in Escanaba?
5. What kinds of produce would you offer for sale when in season?
6. What suggestions do you have regarding a market in Escanaba?

Patronage Assured.  
The questionnaire is accompanied by the following letter:

"The Escanaba Chamber of Commerce fully realizes that one of the best ways to promote the welfare of Escanaba is to do everything possible to encourage the farmers in our district. One of the several things which we have had in mind for some time to help to accomplish this thing is the installation of a public market for producers only. Our city officials are ready to cooperate to the fullest extent, but the success of the market requires much more."

"If the people living in Escanaba are ready to furnish liberal patronage to a market, the market would certainly fall if the producers did not furnish a sufficient variety of foodstuffs of good quality to warrant the patronage. On the other hand, if the producers are ready to produce of good quality variety of produce of good quality and the people of Escanaba did not patronize the market, it would fail. The Chamber of Commerce will do everything possible to insure a liberal patronage of a market if the farmers on the other hand will do their part to supply the proper quantity, quality and variety of marketable produce."

Must Be Regulated.  
"The Chamber of Commerce and the City of Escanaba have sent a representative to the Lower Peninsula to investigate markets in Petoskey, Ann Arbor, Ypsilanti, Grand Rapids and Detroit. Petoskey, a city of 6,000 has on an average of 40 wagons in its market per day. Ypsilanti, a city of about 9,000, has in its market an average of about 45 wagons per day. In each of these towns, market is held two days per week and the market has been increasingly successful."

"Our investigation reveals the fact that a market to be successful must be carefully regulated. If a market is established in Escanaba, it will be responsible to the City Administration. For the first few years at least, the market would be a curb market, located as centrally as possible and held two days a week, perhaps Wednesdays and Saturdays, except during the winter months. Spaces would be assigned each producer selling on the market, by the market master. A small fee amounting to only a few cents per day would be charged to defray the expense involved.

Can't Correct All Ills.  
"No market can be the means of correcting all of the evils of our present system of distribution. Its purpose is to provide a place wherein the producer may expose his products for sale directly to the consumer. A market must make it possible for the consumer to purchase as good, if not better quality of produce, at a lower price than he can possibly buy it at retail stores. A market must also offer a sufficient variety of produce to draw buyers to the market. Large quantities of foodstuffs are now shipped into Escanaba from Chicago and other districts which could profitably be produced locally. An Escanaba market could not possibly be an outlet for all the potatoes raised in Delta county, and it is there-

fore up to the farmers to supply something other than potatoes and apples. In the course of time, farmers will learn what can be sold on the market and arrange to supply the demand.

"It would, of course, be unwise to attempt to establish a market without knowing whether or not a sufficient number of our farmers would care to sell in the market. If the plan of a market as briefly outlined herein appeals to you, we ask that you fill out the enclosed information blank and mail it to us at your earliest convenience. In doing so, you will not be placing yourself under any obligation whatever, and you will be helping us to help you."

TO SIMPLIFY INCOME TAX COLLECTIONS

(Continued from Page One)

as possible and there is no advantage in forcing anybody to the wall. The statisticians have not been able to compute the losses to the government indirectly as a result of these enforced bankruptcies but the treasury realizes that from the viewpoint of the government and the taxpayer it is wrong and sentiment in congress likewise favors the change.

As the tax bill is being considered this time, officials of the treasury hope to have many provisions corrected which time and experience have shown to be unwise.

## ASK FARMERS FOR ADVICE

Chamber of Commerce Sends Out Questionnaire on Market.

Nine hundred Delta county farmers, this week, will receive a questionnaire from the Escanaba Chamber of Commerce, asking for information and suggestions concerning the operation of a retail curb produce market in this city.

Information Asked.  
The questionnaire asks the farmer to answer the following questions:

1. Do you think that a produce market would be a good thing?
2. Would you prefer to pay a small fee and sell your produce in a regulated market two days a week than to sell it from house to house?
3. When, in your opinion, should the market open in the Spring and close in the Fall?
4. Would you want a selling space in the market if one were established in Escanaba?
5. What kinds of produce would you offer for sale when in season?
6. What suggestions do you have regarding a market in Escanaba?

Patronage Assured.  
The questionnaire is accompanied by the following letter:

"The Escanaba Chamber of Commerce fully realizes that one of the best ways to promote the welfare of Escanaba is to do everything possible to encourage the farmers in our district. One of the several things which we have had in mind for some time to help to accomplish this thing is the installation of a public market for producers only. Our city officials are ready to cooperate to the fullest extent, but the success of the market requires much more."

"If the people living in Escanaba are ready to furnish liberal patronage to a market, the market would certainly fall if the producers did not furnish a sufficient variety of foodstuffs of good quality to warrant the patronage. On the other hand, if the producers are ready to produce of good quality variety of produce of good quality and the people of Escanaba did not patronize the market, it would fail. The Chamber of Commerce will do everything possible to insure a liberal patronage of a market if the farmers on the other hand will do their part to supply the proper quantity, quality and variety of marketable produce."

Must Be Regulated.  
"The Chamber of Commerce and the City of Escanaba have sent a representative to the Lower Peninsula to investigate markets in Petoskey, Ann Arbor, Ypsilanti, Grand Rapids and Detroit. Petoskey, a city of 6,000 has on an average of 40 wagons in its market per day. Ypsilanti, a city of about 9,000, has in its market an average of about 45 wagons per day. In each of these towns, market is held two days per week and the market has been increasingly successful."

"Our investigation reveals the fact that a market to be successful must be carefully regulated. If a market is established in Escanaba, it will be responsible to the City Administration. For the first few years at least, the market would be a curb market, located as centrally as possible and held two days a week, perhaps Wednesdays and Saturdays, except during the winter months. Spaces would be assigned each producer selling on the market, by the market master. A small fee amounting to only a few cents per day would be charged to defray the expense involved.

Can't Correct All Ills.  
"No market can be the means of correcting all of the evils of our present system of distribution. Its purpose is to provide a place wherein the producer may expose his products for sale directly to the consumer. A market must make it possible for the consumer to purchase as good, if not better quality of produce, at a lower price than he can possibly buy it at retail stores. A market must also offer a sufficient variety of produce to draw buyers to the market. Large quantities of foodstuffs are now shipped into Escanaba from Chicago and other districts which could profitably be produced locally. An Escanaba market could not possibly be an outlet for all the potatoes raised in Delta county, and it is there-

fore up to the farmers to supply something other than potatoes and apples. In the course of time, farmers will learn what can be sold on the market and arrange to supply the demand.

"It would, of course, be unwise to attempt to establish a market without knowing whether or not a sufficient number of our farmers would care to sell in the market. If the plan of a market as briefly outlined herein appeals to you, we ask that you fill out the enclosed information blank and mail it to us at your earliest convenience. In doing so, you will not be placing yourself under any obligation whatever, and you will be helping us to help you."

**Engagement Announced.**  
Mr. and Mrs. W. A. News, of this city, have announced the engagement of their daughter, Mel-dred Lois to Leslie C. Stukins of Madison, Wis. Mr. Stukins is a son of Mrs. L. A. Montgomery of Princeton, Ill.

**Opera at Powers.**  
"A Rose Dress," described as a "fairly operetta" will be presented on Dec. 31, at the Powers hall for the benefit of St. Francis church of Spaulding.

**Movies at Foster City.**  
Motion pictures, for the benefit of St. Joseph's church at Foster City have been enthusiastically received by the people of that village. Arrangements have been made for giving similar entertainments on Tuesday, Thursday and Saturday evenings, starting at 7:30 o'clock Saturday.

The picture Saturday will be "Shadows of Conscience," and on New Year's Day, "World's a Stage."

**Perronville Entertainment.**  
The supper and entertainment, given at Perronville was attended by many Escanabans, who agreed that the affair was a most enjoyable one. The net proceeds, about \$225, were given to St. Michael's church of Perronville.

**Marriage Licenses.**  
Marriage licenses were issued yesterday at the court house to the following:  
Melville Westenberg, of Kalamazoo, and Eva Swenson, of Gladstone.  
Charles Johnson of Gladstone and Emma Buchanan of Gladstone.  
Earl A. Davis and Melvina Bellefleur of Wells.

**Birthday Party.**  
Miss Charlotte Allingham entertained 24 of her girl and boy friends at her home on Thursday afternoon, in honor of her 12th birthday. Games were played and an enjoyable time was had by all her guests, each one voting her an excellent hostess. Miss Allingham was the recipient of a number of pretty and useful gifts.

**Stop and Shop**

- Pure Breakfast Sausage, 1 lb. carton 25c
- Dried Beef, sliced, per lb. 65c
- Veal Stew, per lb. 10c
- Lamb Stew, per lb. 15c
- Steer Beef Roast, per lb. 17c
- Ribs of Beef, lb. 10c
- Summer Sausage, per lb. 28c
- Bacon Squares, lb. 18c
- Baldwin Apples, per 4 lbs. 25c
- Oranges, per dozen 25c
- Grape Fruit, 3 for 25c
- Gold Medal Flour, per 98 lb. sack \$3.75
- Sunmaid Raisins, 2 cans for 25c
- Molasses, per gal. 55c
- Macaroni, Spaghetti—White Pearl or Mothers, per pkg. 8c
- Golden Cup Coffee, per lb. 35c
- Galvanic Soap, per 10 bars 48c
- Monarch Coffee, 3 lbs. for \$1.05
- Tip Top Pop Corn, 3 packages for 25c
- Pure Strawberry or Raspberry Preserves, Martha Washington, per 5 lb. pail \$1.38

**WOMEN FAVOR REELECTION OF COOLIDGE Magazine Poll Shows President Far In Lead.**

Perhaps the belief that Lincoln's ability as a humorist made him a great President was the motive which made a woman in Michigan vote for Ring Lardner in Good Housekeeping's Presidential preferential poll among the million and a quarter members of the General Federation of Women's Clubs. That seems to be as good a reason as any other. But just what made two women for John D. Rockefeller it has not been possible to determine up to the present. But two women did. And that adds variety, if nothing else, to the interesting results of the poll.

To date \$1,303 ballots have been tabulated. Of this number, 52,584 have been for Republican candidates, and 17,964 for Democrats. The balance are miscellaneous divided. The standing of each candidate is as follows:

Coolidge	52,274
McAdoo	6,611
Ford	5,804
Hughes	3,315
Wilson	3,083
Hoover	2,466
Underwood	2,366
Johnson, H.	1,861
Pinchot	1,432
LaPollette	716
Borah	461
Lowden	189

Some of the candidates who received votes are: William Jennings Bryan 153; Ex-Ambassador John W. Davis, 141; S. M. Ralston, 103; Senator Carter Glass, 61; Governor Smith of New York, 37.

Mrs. Carrie Chapman Catt has received 15 votes and Secretary of the Treasury Mellon 8.

Perhaps it is unfair to draw conclusions from a straw vote. It seems to observers, however, that the overwhelming majority given to Coolidge presages his election without much question.

**NORTH STAR ATTENTION.**  
Meeting Saturday evening, Dec. 29, for initiation of candidates. A full attendance is desired. 8220-11 Committee.

**SCOTT'S EMULSION**  
The food that sustains

**HERE HUNTING S. P. RAILROAD**

**Mexican Track Laborer Says He Walked Thru From Border.**

Jose Huerta, a Mexican laborer, walked from Chihuahua, Mexico to Escanaba in search of a job as a section laborer on the Southern Pacific railroad, he told an interpreter at the county jail yesterday.

Huerta said he left Chihuahua in June and had been walking northward ever since, stopping only long enough to forage for food, finding no one enroute to whom he could talk, he asserted. He was brought to the sheriff's office for observation by physicians after it had been reported by residents of the Ford River community that he had been acting strangely. He was dressed in a light-weight suit of overalls and carried a long iron bar.

Officials believe that Huerta is demented and a mental examination probably will be arranged for him today. Deportation to Mexico may be asked of federal officials if the case warrants it, or an attempt may be made to get Huerta a job in this vicinity where he can earn money enough to pay his fare.

**Carney Assembled Staff For Raid on His Own Residence**

How Sheriff J. P. Carney assembled his staff in record-breaking time on Christmas Day, after he had told them they might spend the evening at home but "ready for call," and then presented each with a handsome Christmas gift was revealed yesterday for the first time.

Undersheriff Swanson and Mounted Deputies Brant and Bourdelaix had gone to their home, Turkey Clement Tordeur was still in the office. "Get the gang together, we're going on a big raid," Carney commanded Tordeur. In seven minutes, the four men were at the office, ready to start. The raid, it developed, was into the sheriff's home, where the Christmas gifts were distributed, and the staff disbanded.

Accompanying each gift was a personal letter from Mr. Carney, expressing his appreciation for the services the men had given the department during the year.

**NOTICE.**  
Recruiting Office, opened at Post Office Building. Office hours from 9 to 12 and 1 to 4. Applicants wishing to join, see Recruiting Officer. 8206-362-3t

It takes 8½ minutes for light to travel from the sun to the earth.

**Monthly Clinic for T. B. Delayed Week**

The monthly city health department tuberculosis clinic for January will be held on the 7th day of the month instead of the first Tuesday, its regular time, it was announced yesterday. The first Tuesday in January will be New Year's day and because of the holiday, the date for the clinic has been advanced one week. Dr. J. W. Towey, of the Delta-Menominee sanatorium, is in charge of these clinics, which are held in the city health department's quarters.

**Salt on Sidewalks Assists Walking**

City street department crews spent most of the day yesterday removing the danger to pedestrians from the icy condition of the sidewalks, by covering the ice with sand. The colder weather Friday morning, following Thursday's wet snow, left the sidewalks and streets covered with a sheet of slippery ice.

Johns Hopkins University has just opened its first dormitory for students.

## The Piffle Hook

WE CAN'T SHAKE off the feeling that sufficient notice has not been given to Mr. Edwin Bok's American peace award plan. This feeling does not connect up with an idea that the recipient of the \$100,000 prize will succeed in concealing a successful device for dodging war. It radiates from a few of the achievements of the donor. Any man who successfully can manage a woman's magazine, write a really readable autobiography and then prepare a biography of his father-in-law satisfying at once to his public and his family, deserves to have his name in the papers when he wants to throw \$100,000 away. When we are governor of Michigan, newspapers of the state will be required by law to make at least some brief mention of such incidents.

SIR—There really was no excuse for The Pied Piper placing himself and his pie-eyed verse in such a disappointing position. Instead of occupying his time writing he could have roke the yard; he could have rowed a boat around the bay; he could have flow a kite; or he could have piew a game of mah jong for himself. I would have thunk of lots of things I could have trow instead of what he trowt.

WE DON'T GIVE a Deformed Participle What You Would Have Trowe.

PADDY recalls that there's a narrow place in the Ontonagon river known as Henry's Ford, and he asks our pardon for wondering whether a flivver can wade it on high. He has our pardon, if it's worth anything to him.

THE BUSINESS manager of this here great family periodical has just returned from a visit in Chicago. "It's a darn poor place for a feller from Michigan," sezze, "Michigan bein' a prohibition state where a feller never gets a chance," he says, "to learn to take any artificial stimulant," sezze.

The other ne plus ultra on the opposite side of the table wonders what has become of the old-fashioned man who wanted the printer to "strike off a few plasters."

WELL NEVER SEE Weather that suits everybody. —T. J.

IT'S A GAMBLE When you decide to begin cutting ice January first.—TIM.

BITTER HALVES Wives are persons who think a pocket-book inside a purse, inside a handbag, inside a shopping basket is the only safe way to carry seventy-seven cents. —B. A. M.

FAMILIAR QUOTATIONS "My doctor and my dentist both say I ought to have 'em all out." —L. W.

"Twice blessed is he who whistles at his work," said the poet.

Thrice cursed, he may also be, by those who have to work with him. —H. K. R.

months now. And she's getting so terribly stout!" "Good heavens, Margaret! How did you notice all these things?" "Oh, you men. I don't know where you keep your eyes!"

CHESTNUTS. The American chestnut tree seems doomed to extinction by the blight that is destroying it. This blight came from Asia. Chestnut trees over there have become acclimated to the blight, have learned how to counteract it. So Uncle Sam's forestry experts plan to introduce Chinese chestnut trees to America. The boll weevil eventually may be checkmated by developing a species of cotton with power to counteract the weevil. That's not impossible. Plants, threatened, finally learn how to generate protective poisons, barbs, odors, etc.

MIGHTY. Eleven of the largest chain-store and mail-order organizations in 1923 did a combined business of about 800 million dollars. And about half of this was on the books of the two biggest mail-order companies. The individual retail merchant steadily finds himself confronted with more and more competition from national organizations. His greatest means of defense is newspaper advertising.

## "THE REVELATIONS OF A PAID COMPANION"

BY JANE PHELPS.

MR. ELLWOOD ASKS RITA TO HELP ENTERTAIN.

Chapter XLV.

I would have been less than human, much less the proud, young woman I was had I not been affected by what Mrs. Ellwood had told me. Even though I did not love him I realized the compliment Barton Ellwood had paid me in telling his aunt he wished to marry me, a poor companion. He was an educated, brilliant man, wealthy, and popular. That he should have chosen me as the woman he wished his wife made me think very gently of him, forget my grief that I should have been the innocent cause of his death.

It took away a little of the smart caused by Mollie's appropriation of Rush Millbank, made me feel less critical of myself, my attractions. And I knew that as yet nothing serious lay between Rush and Mollie, although I felt almost sure he loved her. That she could really love him and do as she did seemed impossible to me, yet, knowing Mollie, I could not be sure.

It seemed to me that she could not scatter herself so promiscuously if she loved him, but I was judging her by myself, my own ideas, and ideals.

Rush still asked me to drive with him occasionally, was invariably thoughtful and kind, but I was no longer my usual self when with him. I couldn't be. I felt he was making comparisons between me, a dull, quiet companion, and gay, lively Mollie, full of fun and good-spirits.

"Aren't you well, Rita?" he asked.

"You should have a vacation.

diners with us while they remain."

Of course I agreed to do as he asked, although I far preferred my quiet dinners in my room. I was quite excited over the advent of Mr. and Mrs. Worthing, Laurel and Jim, as Mollie called them.

"Jim was terribly good-looking when I saw him last," she said.

"Laurel is a quiet little thing, never has much to say. How Jim ever came to marry her I never could see."

"It's a good thing all men aren't alike in their choice of wives," I returned.

"Perhaps he likes the quiet sort."

"Oh, well! Having them here will break the deadly monotony. This house is like a morgue. I do miss Barton dreadfully. He was so dependable, didn't draw a long face because a girl wanted a good time as Guy and dad do. Dad gave me a regular taking over last night just because I stayed out late with Larry, and had had a drink or two out of his flask."

I was surprised. I had retired early the night before, and had not heard Mollie come in, something very unusual. As a rule she had no hesitation in waking before she went to bed. Her father had sat up for her, had been displeased, so angry she had gone at once to her room.

Poor Mollie. The house was dull for her. Perhaps when her cousins came she would be more content to remain at home, and so please her father. I often found myself pitying the quiet, handsome man who went to and fro, never falling in his kindness, his thoughtfulness to all in the household, generous to lavishness with Mollie, denying her nothing. He was fast becoming the ideal man to me.

Tomorrow—Mollie Flirts With Jim Worthing.

## THE OLD HOME

By Stanley

WOMAN SCORES IN "SEEING THINGS."

John, remember that woman who sat in the sixteenth row in the third seat from the aisle, with the Titian hair, pale green gown, the squirrel coat thrown back from the shoulders, jade ear rings and—?"

"Wait a minute, wait a minute. How in the world would I remember her in that crowd and seated in a theater?" John interrupts.

It is incidents such as this which have persuaded Escanaba women that men have eyes and see not, unless it is a short skirt or a vampire woman. And men haven't refuted the criticism.

A questionnaire of this city's women reveals that the general feminine impression is that "men are such moles." They look lots, especially when a pretty woman trips by, but they see so little—that is of the wearing apparel.

Proof of woman's superior powers of observing was furnished in this dialog overheard on Ludington street between a young married couple after they had passed a mutual lady acquaintance.

"Did you notice that blue dress Martha was wearing," inquired the wife.

"Was it blue? I didn't notice," was the young husband's reply.

"Well, you remember that pink dress Martha wore at Jim's wedding?"

"How do you expect me to remember—Jim's been married about a year."

Well, anyway this blue dress is the pink one dyed. The sleeves have been shortened and the lace removed from the back, and the trimming is from her old, green crepe de chine dress.

"And did you notice her hat?"

"Last spring—you remember, it had a feather in the front. It's camouflaged now; the feather is in the back, and she's covered the crown with burl."

"I wish Martha would stop combing her hair behind her ears. I think it's not a bit becoming; it's perfectly hideous. Don't you, John?"

"Have I ever seen her wear her hair that way?"

"Of course, she's been wearing her hair that way for several

# WILEY NEWS SCOUTS HERE FOR NEXT YEAR

## Annual Meeting Escanaba Council Held Last Night

Atty. T. J. Riley was elected as president of Escanaba Council Boy Scouts of America, at the annual meeting of the council held at the New Ludington hotel last night. Other officers of the council are: A. H. Groesbeck, first vice president; Oscar Kraus, second vice president; E. A. Hubbard, secretary; J. J. Mallmann, treasurer; Emerson Harvey, deputy commissioner, and L. A. Erickson, delegate to the Delta-Schoolcraft Boy Scout council. In addition to Mr. Erickson Escanaba council will be represented in the two county council by President Riley and Vice Presidents Groesbeck and Kraus.

**Cotton Presides.**  
Dr. G. A. Cotton, retiring president of Escanaba council, presided at the meeting which followed a dinner at 6:30 o'clock in the dining room at the New Ludington hotel. Dr. Cotton reviewed briefly the activities of the organization in the past year, touching particularly upon the merging of the Boy Scout organizations of Escanaba, Gladstone and Manistiquette into a single council, early in the fall. Under the arrangement completed a full time executive is employed and instead of Scouting costing Escanaba in excess of \$8,000 annually as in the early years of the movement here, the total cost to be borne by this city will be approximately \$3,000.

**Reorganize Troops.**  
Reports submitted by Chairman W. E. Oids, of the troop organization committee, showed that well defined plans have been worked out for combining several of the city's former Scout troops to form seven or eight troops of larger membership than when first organized. Troop No. 1, Ray Shaw,

# REUNION AT LUTH. CHURCH

A success from the start to the finish, the annual reunion banquet of the Confirmation classes in the years between 1907 and 1923, of the Swedish Lutheran church, was held last night at the church parlors.

All records of past years were broken. The attendance passed the 200 mark, the decorations were more lavish and unique, the entertainment and program included some of the best talent of the city.

**Interesting Program.**  
The program was opened by Rev. C. A. Lund, acting as toastmaster. After speaking a few words, he introduced Wendell Lund who spoke on "Our Spiritual Mother." Following him, Miss Anna Nelson rendered a piano solo.

Carl Nelson gave an interesting talk on "Co-operation" which was followed by a vocal solo by Rudolph Olson. "Boosters and Knockers" was the subject on which Herman Nelson spoke.

The feature of the evening's program proved to be several numbers by an instrumental quartette composed of Mr. Edwin Olson, violin, Mr. Roy Hedin, saxophone and Miss Lones Lund, piano.

Two more toasts were given. "One Thing That Money Cannot Buy" by Miss Ella Nelson, and the other by Wilfred Dahlberg, speaking on "The Future of Our Church."

A short business session marked the close of the gathering.

rying out of the troop reorganization plan that is now proposed, it is confidently felt that within a few months Scouting will be placed on a solid plane of activity here.

An audit of the books of the council for the past year by C. E. Kolo was authorized as was the taking of a complete inventory and revaluation of all camp and office equipment and other Scout property owned by the local council.

# OVER 4 MORE

## Mrs. Brassard and Bartender, Chas. Graham, and Oni Kanjas Held.

Margaret Brassard, charged with selling liquor, Joe Warney, bartender in Mrs. Brassard's Stephenson avenue saloon, charged with possession, Charles Graham, proprietor of the Michigan hotel, charged with sale and possession, and Oni Kanjas, who operates a saloon on North 14th St., charged with possession, were held yesterday by United States Commissioner C. D. McEwen, in bonds of \$500 each to await the action of the federal grand jury.

Leo J. Grove, federal prohibition enforcement chief for this district, and Paul Nelson, deputy United States marshal, were in charge of the arrangements. The cases arose in the police department as a result of Saturday and Tuesday raids.

Graham and Kanjas waived examinations. Mrs. Brassard and Warney demanded "preliminaries" and were given them.

It is the third prohibition charge Kanjas will face when the next federal grand jury meets. His total bonds now are \$1,500.

Rev. Father James Corcoran has returned to Hancock after visiting at the home of his mother in this city.

A son was born to Mr. and Mrs. William Toussaint, of Gladstone, at St. Francis' hospital yesterday.

per home of the family, where funeral services are to be held Monday afternoon at 2 o'clock.

# MIRKO KRASH.

Funeral services will be held at 9 o'clock this morning at St. Joseph's church for Mirko Krash, youthful victim of the Christmas tragedy in which he lost his life through a gunshot wound at the hands of a little friend of similar age—14 years.

Services will be conducted by Rev. Fr. Bertrand and burial will be made in St. Joseph's cemetery.

# MRS. VIRGIL HOY.

The body of Mrs. Virgil Hoy, of Gladstone, was shipped last night to Sturgeon Bay, Wis., for

# Season Nearing Close.

Van's Poppy Syncopators, one of Escanaba's favorite orchestras, will furnish the music for dancing at Terrace Gardens tonight, Sunday night and Monday night, when the pavilion will be closed for the winter, it was announced last night. A big crowd attended the party staged last evening and, as usual, the dancers were loud in their praise of the music.

The Terrace Gardens management has decided to wind up the season by giving patrons the best that money can buy in the musical line and it is anticipated that the remainder of this week and this year, will see the largest crowds of the season at the popular pleasure spot.

Monday night's party—New Year's eve—will likely be the largest and most successful of all the parties put on this winter.

# Eagles' Dance Tonight.

The first of the series of dancing parties under the auspices of the Fraternal Order of Eagles will be held tonight at the Eagles' Hall. These Saturday night dances will be conducted weekly throughout the new year. A cordial invitation is extended to all to be present.

### GAGE COUPLE IN SILVER ANNIVERSARY

Many Relatives Here To  
Attend the Event; Re-  
ceive Many Gifts.

The home of Mr. and Mrs. Al-  
bert Gage on Delta avenue was  
the scene of much enjoyment and  
festivity making Thursday eve-  
ning, the occasion marking the  
25th anniversary of their wed-  
ding. Children and grandchild-  
ren of the celebrants were pres-  
ent in large numbers and a total  
of four generations were repre-  
sented at the festivities.

Mr. and Mrs. Gage were the re-  
cipients of many pieces of silver-  
ware and many other articles of  
artistic utility. Singing and  
music featured the evening, at  
the conclusion of which a sumptu-  
ous repast was served.

Mr. and Mrs. Gage have resid-  
ed in this community for the  
past forty years and have a host  
of friends here who wish them  
continued well being and a long  
life of happiness. Mr. Gage has  
always been associated with local  
lumber interests, and at present  
holds a responsible position with  
Manistique Pulp and Paper  
Company in the capacity of yard  
man. When the old Chicago  
Lumber company thrived here, he  
was employed in a similar capac-  
ity.

Among the relatives who at-  
tended the Silver Jubilee event  
may be mentioned the follow-  
ing: Mr. and Mrs. J. E. Ryan  
and son, Jack, of Munising, who  
restored here in the face of heavy  
snow drifts to attend the event;  
Katherine Gage and R. J. King,  
of Munising; Mr. and Mrs. Henry  
Christensen, of Hants Spur; Mrs.  
Curley and son, Robert, of  
this city; Mr. and Mrs. Fred  
Monroe, and Mrs. J. Olson, all of  
this city.

Mr. and Mrs. Gage are receiv-  
ing congratulations from their  
many friends in the city.

### ROTARIANS IN CONCLAVE WED. NOON

Speakers Exchange  
Views On "U"  
Life

Members of the Manistique  
Rotary club convened at the Os-  
ceola Hotel Wednesday  
noon 12 o'clock in their regular  
weekly session and dinner.

Upon the completion of din-  
ner, several addresses were de-  
livered by local and visiting mem-  
bers. Stanley Crowe, who is attending  
the University of Michigan, and  
is away home for the holiday ses-  
sion, gave a well delivered and  
masterly talk on Athletics at the  
State Institution. Harry Olson,  
a local young man in atten-  
dance at the university, followed  
with an equally inspiring descant  
on the "Social Life of Stu-  
dents in Ann Arbor."

By way of variation, Attorney  
Frank Sullivan of the Soo, em-  
phasized the importance of schol-  
arship in the attainment of suc-  
cess in future endeavors. Although  
the speaker did not underestimate  
the high value to be placed on  
athletics for proper functioning  
in "U" life, he held that schol-  
arship and assiduous application  
in studies were of paramount im-  
portance.

W. S. Wright concluded the  
speaking program with a few  
general and appropriate remarks.  
Every member of the local organ-  
ization were in attendance Wed-  
nesday noon.

Miss Victoria Steele, a former  
teacher in the local schools, will  
visit here over the week end after  
a holiday visit with her father in  
Negaunee, Mich.

Miss Margie Sandberg motored  
to Nahma and Ensign Wed-  
nesday and Thursday of this  
week.

Mr. and Mrs. P. R. Legg have re-  
turned to their home in Glad-  
stone after a brief visit with  
family in the city.

**H. L. MEAD**  
DENTIST  
First National Bank Building  
Manistique, Michigan  
Office Hours 9:15 to 12:15 to 5:15  
Other hours by appointment.

### HE'S USEFUL

Senator Royal G. Copeland of New York, who is as all know a  
physician, is using his knowledge of medicine in the learned halls of  
Congress. Here he is in the gym of the House of Representatives  
giving free "advice" to fellow members of Congress. Left to right:  
Clarence J. McLeod of Michigan, Roy G. Fitzgerald of Ohio, O. J.  
Larson of Minnesota. Dr. Copeland is testing Larson.

### SERVICES OF MRS KIEFERT HELD TODAY

Local Woman Dies  
Wed. After Ling-  
ering Illness

Funeral services over the  
early remains of Mrs. Paul  
Kiefert, who passed away at her  
home on Walnut street Wednes-  
day evening will be conducted  
this morning from the St. Francis  
de Sales Church, Rev. Father  
Schevers officiating.

Mrs. Kiefert was formerly  
Miss Angela Zimmerman, daugh-  
ter of Mr. and Mrs. Matthew Zim-  
merman of Elk Street, and she  
was 28 years of age. Had she  
lived until February 10, Mrs.  
Kiefert would have completed  
her eighth wedding anniversary.

The deceased was a graduate of  
the local schools and has always  
made her residence in this city.  
She had been an invalid for  
the past four years but her con-  
dition at no time during this pe-  
riod was serious until last Sunday  
evening when a very sudden at-  
tack presaged that death was  
near. One of the last thoughts  
expressed by the deceased woman  
was her desire to live through  
to another Christmas.

Besides her husband and two  
children, she is survived by her  
parents, two brothers, and five  
sisters as follows: Mrs. C. Man-  
del of Joliet, Ill., Mrs. Anne  
Fletcher of Rhinelander, Wis.,  
Mrs. Mary Stoken and Mrs. Agnes  
Barnes of this city; August of  
Detroit, and Francis of Newberry;  
Mr. and Mrs. Matthew Zimmer-  
man.

The deceased was a very popu-  
lar young woman in the com-  
munity, and the announcement of  
her death was a source of grief  
to her many friends.

### Masquerade Ball Promises To Be A Big Event

An event of unusual mirth is  
in store for local lovers of the  
terpsichorean art on Saturday  
evening at the Charcoal Iron  
company's club house, when em-  
ployees of that concern will give  
a masquerade ball. Only those in-  
telligent masquerade regalia will  
be allowed to participate in the  
dancing, and the affair is being  
conducted for the employees only.  
Hamill's orchestra will furnish  
the music.

### Taxes Arrive In Brisk Rush As Penalty Nears

According to the city treasur-  
er "pro tem" Herman Kiefert,  
payment of taxes for the winter  
period, has not such a drab ef-  
fect as that which characterized  
payments just previous to the  
holidays. Local taxpayers are ap-  
pearing daily at the city hall in  
large numbers which all goes to  
indicate a very progressive busi-  
ness.

Failure to settle such accounts  
before Jan. 7, means the attach-  
ment of the usual penalty.

### BASKET TILT WILL ATTRACT LOCAL FANS

Soo - Manistique Le-  
gion Fracas to Be  
Hot One

Two strong quintets will wheel  
into action at the local high gym  
Friday evening Jan. 4, when the  
Manistique American Legion  
locks antlers with the fast and  
furious Legionnaires from the  
Soo. The Lock City aggregation  
possesses a quintet of no mean  
strength, and it is reported that  
their personnel this season has  
been bolstered by the addition of  
several stellar performers.

The local aggregation remains  
intact from last year. The  
squad has been going through  
their regular paces of late, and  
every member of the outfit with  
the exception of Quick are in fine  
mettle for the coming fray.  
Quick injured his ankle in an  
early practice joust, and he is  
still nursing the maimed member.  
Doors of the local arena will  
be thrown open at 7 o'clock.

The preliminary fray will wit-  
ness a strong tussle between the  
Fresh and Juniors. An old feud  
exists between these teams, and  
a fast contest as a consequence  
can be expected.

The local Legion will take the  
court with the following in uni-  
form: Capt. Williams, Quick,  
Reed, Bannon, Gorsche, Marin,  
Mueller and Lundin.

Michael Lasich, a resident of  
the West Side was made richer  
by \$114, on Christmas Day.  
Mike's bid was the one that cap-  
tured the Chevrolet touring car  
put on the Christmas market by  
the Bowmen Agency of this city.

The touring buggy was put up  
for bids about ten days before  
Christmas, and during that time  
was in constant exhibition.

Approximately twenty bids  
were received. Lasich with \$451,  
took the gas vehicle and thereby  
saved \$114. The Chevrolet touring  
car sold for \$565. And he had  
the privilege, moreover, of ex-  
changing the won article for any  
other model, the retail cost of  
the touring car to apply on the  
purchase.

Upon learning of his win, Lasich  
immediately proceeded to the  
West Side establishment, gave  
the article a merry once-over  
and then sauntered home with  
his gas propelled vehicle. As the  
little Chevrolet pattered and puff-  
ed, Mike sat at its helm, receiv-  
ing the hearty congratulations of  
his friends.

### WOODS WORK SPEEDS WITH FIRST SNOW

Timber jobbers due to the re-  
cent heavy snows are now pro-  
gressing rapidly and favorably  
with the skidding of their timber,  
which was necessarily prolonged  
due to the absence of snow.

Unusual activity now domi-  
nates most of the camps in the vi-  
cinity of Manistique, since the  
first snow fall. The flying crys-  
tals were hailed with great de-  
light by woodsmen, jobbers de-  
claring that enforced idleness  
leads to enormous costs in trans-  
portation if heavy snow is absent.  
Vast quantities of logs have been  
stocked in the various operations  
awaiting the advent of the first  
snow, and with its arrival, skid-  
ways are seeing constant use  
this week.

Local townspeople, however,  
unlike the contractors in the  
woods, inveighed against the  
slightest tincture of snow last  
Wednesday, and many sought  
reprieve in their lairs. The slushy  
and sleety weather aggravated  
conditions a little more and as a  
result, pavement and city roads  
are more difficult of easy access.  
A thin coating of ice has made  
its appearance on all local roads,  
hampering auto traffic to no  
small extent.

### GARDEN MAN EQUIPS ROUTE WITH SNOWBUS

Gas Vehicle To Be Put  
in Operation About  
Jan. 15.

Those whose business takes  
them to the cozy little village of  
Garden during the long winter  
months, are expecting with plea-  
sant anticipation, the placing  
of Jas. Hennessy's lately acquired  
snowmobile on his stage route  
between Cooks Mills and Garden.

His veteran span of horses  
will now give way to the gas ve-  
hicle, which was recently pur-  
chased through the Peoples' Au-  
to and Tractor company of this  
city. The new contrivance has  
the external appearance of a  
tractor, and is said to possess  
riding comforts of a big car, and  
an ability to maneuver through  
the deepest snow drifts. Motion  
pictures by means of a portable  
motion camera recently revealed  
the potency of the machine in  
evading horses on the road, and  
while the animals were buried  
beneath the snow blankets, the  
"snowmobile" easily glided over  
the surface.

The Exstrom Lumber com-  
pany of this city has been given  
the contract to build the body of  
the new machine and this will  
require about six days for com-  
pletion. The rest of the convey-  
ance is being constructed in a  
New England factory and will  
arrive here shortly. The machine  
will be assembled here, and after  
several demonstrations in the  
city will be placed on a daily run  
between Cooks and Garden.

With the arrival of the snow-  
mobile, better service between  
those points will be established,  
and the former irksome travel by  
sleighs thereby eliminated. It  
is expected that the machine will  
be placed on the route about Jan.  
15.

### LASICH WINS BOWMAN CAR WITH NEAT BID

Over Twenty Con-  
testants Attempt  
to Land "Buggy"

Michael Lasich, a resident of  
the West Side was made richer  
by \$114, on Christmas Day.  
Mike's bid was the one that cap-  
tured the Chevrolet touring car  
put on the Christmas market by  
the Bowmen Agency of this city.

The touring buggy was put up  
for bids about ten days before  
Christmas, and during that time  
was in constant exhibition.

Approximately twenty bids  
were received. Lasich with \$451,  
took the gas vehicle and thereby  
saved \$114. The Chevrolet touring  
car sold for \$565. And he had  
the privilege, moreover, of ex-  
changing the won article for any  
other model, the retail cost of  
the touring car to apply on the  
purchase.

Upon learning of his win, Lasich  
immediately proceeded to the  
West Side establishment, gave  
the article a merry once-over  
and then sauntered home with  
his gas propelled vehicle. As the  
little Chevrolet pattered and puff-  
ed, Mike sat at its helm, receiv-  
ing the hearty congratulations of  
his friends.

### Ecipitan Camp Fire Girls Meet In Big Reunion Fri.

The Ecipitan Camp Fire chap-  
ter conducted a successful dan-  
cing party and reunion at the  
home of Miss Ginetta Pray last  
evening. The evening was de-  
lightfully spent in dancing and  
games. At the conclusion of  
the festivities a bountiful collation  
was served to those in at-  
tendance. Those who attended  
the affair were: The Misses  
Grace McElrichie, Anna Larson,  
Ethel Crowe, Doris McNamara,  
Florence Williamson, Anna Du-  
pont, and Margaret Kleist.

### Mac Ties Knot And Couple Set Out On Mat. State

Justice of Peace McKinney tied  
the nuptial knot that sent Miss  
Lacey Fraley and Rufus Adkins,  
both of Blaine, into the bark of  
the matrimonial state last week  
at the office of the local justice.

Both young people are widely  
known in Mueller Township and  
have a host of friends in the city,  
who wish them every success  
in their new state.

### Fire Department Called to Plant For Small Blaze

The local fire department was  
called shortly after dinner Thurs-  
day to the local plant of the  
Charcoal Iron Company to ex-  
tinguish a blaze that had gained  
some headway on the roof of the  
boiler room. The origin of the  
fire is unknown and was quickly  
extinguished upon the arrival of  
the local department at the scene.

### NO FIRE LOSS AT THIS TIME, FINE RECORD

Chief Raddant and His  
Department Thank  
People for Care.

Gladstone added another year  
to its record of no fires during  
the holidays, members of the fire  
department yesterday reporting that  
they had enjoyed the busiest part  
of the candle lighting season with-  
out having to answer a single call.

In view of the increase of fire  
hazard during the Christmas pe-  
riod, this in itself is a fine record  
to be made, but it is nothing out  
of the ordinary for Gladstone, ac-  
cording to Fire Chief A. E. Rad-  
dant.

"Gladstone people are usually  
careful and use every precaution  
to prevent the blazes which might  
result from the use of lighted  
candles on trees and as other or-  
naments," said Chief Raddant yester-  
day. "It is nothing unusual  
for Gladstone to be free from hol-  
iday fires. I can remember of  
just one during the past eleven  
years."

Thankful  
"The fire department is thank-  
ful to the citizens of Gladstone,"  
continued the chief, speaking for  
all members of his department.  
"We deeply appreciate the care  
that has been taken in regard to  
fire hazards. We also as deeply  
appreciate the proof this offers  
that care will prevent nine fire-  
out of every ten and will result in  
keeping the fire losses down."

The prevention campaign, Chief  
Raddant said yesterday, has work-  
ed wonders in keeping the fire  
record lower than it has ever been  
the good results of fire preven-  
tion week could not be more fully  
demonstrated, according to the  
chief, than in the decrease in the  
number of chimney calls. During  
the last few months there have  
been no more than ten calls as  
compared with an average of  
thirty calls during that time in  
other years.

This is due, solely, it is believed,  
to the adoption by property  
owners of the fire prevention sug-  
gestions this instance alone is  
producing considerable thought on  
how much more may be accom-  
plished.

State Record.  
The passing of the bigger part  
of the holiday season without  
fires, will keep Gladstone's fire  
losses at the low rate at which  
they stood in the last report made,  
and will give the city a chance to  
win the state record for small fire  
losses among cities of its size.

### Children Enjoy Birthday Party

Eight little friends gathered  
Thursday afternoon at the home  
of Mr. and Mrs. Hawkinson to  
help celebrate the birthday an-  
niversary of their small son, Noy.  
Games were played during the  
afternoon, followed by a delicious  
lunch, the most enjoyable feature  
of which was a birthday cake  
with eight lighted candles. The  
party was thoroughly enjoyed by  
those present.

### Hold Dance At Isabella

A dancing party will be given  
Saturday night at Isabella. It  
was announced yesterday. Gro-  
leau's orchestra will play.

### STUDENTS WILL PRESENT GOOD SHOW JAN. 9

Hawaiians Reputed  
To Be Minstrels  
Of Note

Vierras' Hawaiians with their  
repertory of island songs and  
dancing will be the next attrac-  
tion offered on January 9th, at  
the high school auditorium under  
the auspices of the Students' As-  
sociation.

The entire cast is under the su-  
pervision and direction of Albert  
Vierra, who first appeared in  
this country at the San Francisco  
Exposition, and was there accord-  
ed considerable commendation.  
The director enjoys renown as a  
wonderful baritone and ballad  
singer, while his associates en-  
joy equal popularity in singing  
and the playing of instrumental  
music.

The performance will begin at  
8:15. Tickets may now be re-  
served at the high school library  
at \$1.00 each. A capacity house  
is expected in attendance.

### Local Girl Is Resting Easily After Operation

Word was received in the city  
last evening that Miss Roma Bak-  
er was resting easily from the  
second operation to her foot, al-  
though the seriousness of her  
condition has not been minimized.  
Mr. Baker has been at her bed-  
side since the second operation  
along with Miss Martha Ward of  
this city. Mr. Baker left Manis-  
tique Tuesday upon being in-  
formed that another operation  
was necessary.

### WHEN BODY WAS EXHUMED

Scene in the Pere Lachaise Cemetery, Paris, at exhumation of the  
body of Philippe Daudet, grandson of the great French poet and no-  
velist, Alphonse Daudet, and son of Leon Daudet, statesman. Philip-  
pe was found dead recently and a verdict of suicide was returned,  
but his father, "convinced" that his body had been murdered by an-  
archists, compelled authorities to exhume the body and hunt for  
proof of his suspicions. The case may develop into an international  
scandal. Inset shows Philippe.

### PERSONALS

Miss Hazel Boyle has resumed  
her position at the Toggery after  
being confined to her home  
with an attack of illness.

Miss Erna Feldt has resumed  
her position at Rosenblum's de-  
partment store after an attack of  
illness that kept her confined to  
her home for several days.

Byron Miller has returned to  
his home at Hibbing, Minn., after  
a holiday visit with his par-  
ents, Mr. and Mrs. W. A. Miller.  
Mrs. John Schustarich and  
Mrs. E. J. Johnson and children  
left yesterday for a visit with  
relatives and friends at Manis-  
tique.

Mr. and Mrs. John Latimer of  
Winthrop, Minn., who have been  
visiting relatives here, left last  
night for Minneapolis, where  
they will visit Mrs. Latimer's  
mother before returning to their  
home.

Mrs. Robert Wilbee is confined  
to her home, suffering from an  
attack of illness.

Attorney Glenn W. Jackson is  
spending a few days in Munising  
on business.

Robert Hillman is ill at the  
home of his parents, Mr. and Mrs.  
Carl Hillman.

Mrs. Harvey Wierenga of Manis-  
tique is visiting at the home of  
Mr. and Mrs. Lowell Stade.

Mrs. Robert Algure of Mar-  
quette has been called here by  
the illness of her son, Addison  
Algure.

Mrs. Mary Zern of Stephenson,  
Mich., is visiting at the home of  
Mr. and Mrs. Edward Blodgett.

Swan Widor has left for Chi-  
cago where he will be the guest  
of relatives.

### SUPPER IS SERVED FOR CONGREGATION

Members of the congregation of  
Trinity Episcopal church last  
night enjoyed their annual fam-  
ily supper, the affair beginning  
at 6:30 o'clock in the parlors of  
the church.

The family supper, an annual  
holiday party for the congrega-  
tion, was featured by a delicious  
meal served in courses by the  
Guild, followed by a program of  
social diversions.

The party was attended by  
practically every member of the  
congregation.

Mr. and Mrs. Theo. G. Gilling-  
ham have returned from Ish-  
peming, where they had spent  
the holidays.

Mrs. Gordon Shipman has re-  
turned from a holiday visit in Es-  
canaba.

### ILLNESS IS ON DECREASE IS BELIEF

Care Urged When  
Schols Reopen Af-  
ter Vacation.

With a decrease being shown  
in the cases of mumps and dipht-  
theria, which resulted in a low  
attendance at the schools of the  
city, during the last few days be-  
fore Christmas, it is believed by  
health authorities that the out-  
break will be about over with  
when the schools open on Janu-  
ary 3.

The vacation period has fur-  
nished a two weeks' cessation of  
classes that will mean the clear-  
ing up of the majority of cases  
and the release of most homes  
from quarantine.

Extreme care is strongly urged  
by the authorities, however, as  
the only means of keeping the  
contagious diseases down to a  
slight number of light attacks,  
Watchfulness on the part of par-  
ents is asked during the vacation  
period at the reopening of school  
classes, with a particular request  
that at that time children with  
sore throats or suffering from  
colds be kept home for a few days  
until they have completely recov-  
ered.

### SCHOOL FRIENDS MEET AT HOME OF MRS STADE

The L. Y. R. club, whose mem-  
bers, school chums, are again at  
their homes here for the holi-  
days, held a party Thursday af-  
ternoon at the home of Mrs. Low-  
ell Stade on Michigan avenue.

The girls enjoyed dancing,  
games and other diversions, fol-  
lowed by a lunch.

Those present were Mrs. Stade,  
Mrs. Harvey Wierenga of Manis-  
tique, Mrs. Fred Kaempf of Ish-  
peming and the Misses Luella  
Dabney, Wilma Mathieson, Irene  
Gogarr, Kathleen Neville and  
Margaret Lapine.

### Son Born On December 17th

Friends of Mr. and Mrs. T. M.  
Gaumer of Los Angeles, Cal., will  
be pleased to learn of the birth  
of a son to Mr. and Mrs. Gaumer  
on December 17. Mrs. Gaumer  
was formerly Miss Naomi Seger-  
stein of this city. Both mother  
and baby are reported to be do-  
ing nicely.

### Epworth League Plans Program

A watch night program will  
be given Monday evening by  
members of the Epworth League  
of Alice Memorial Methodist  
church. The program will start  
at 9 o'clock and will continue  
until the coming of the new year.  
Games, music, and short talks  
will be included in the program  
and refreshments will be served.

# Hawkeye Milers Try For Olympic

## N. C. A. Adopts Resolution On Paddock Case

Atlanta, Ga., Dec. 28.—The National Collegiate Athletic Association this afternoon adopted a resolution to the effect that American universities and colleges should reserve to themselves the right of determining the eligibility of athletes. It also voted to make public all correspondence it has in the case of Charles Paddock, sprinter.

A resolution adopted set forth that Paddock had accepted the invitation to participate in the International University Athletic meet in Paris last May and that he obtained permission of his college to do so. By so doing, he was declared ineligible to participate in this year's Olympic games.

## SHIPPING BODY CHANGES URGED

### President Eager To Get Board Functioning Quickly

Washington, Dec. 28.—Definite recommendations as to changes in shipping board policies and the resignation of Chairman Edward F. Farley, necessitating reorganization of shipping board personnel, were presented today to President Coolidge.

The recommendations for alteration of board policies, submitted by Chairman Jones of the senate commerce committee at the president's request, include proposals to have administration of the government merchant fleet divorced from the board and placed under the Emergency Fleet Corporation, to extend the coastwise shipping laws to the Philippines, to coordinate water and rail transportation to a much greater extent than now obtains, and to formulate a plan for replacement of the present tonnage.

Farley is hopeful. Mr. Farley presented his resignation as the result of the adverse action of the senate commerce committee in his nomination, which he yesterday asked Mr. Coolidge to withdraw. The resignation is effective at the pleasure of the president and it was said at the White House that Mr. Farley would be asked to stay until several pending matters are cleared up.

Agricultural imports of the United States exceeded the agricultural exports last year.

## THEIR RECORD IS ACCEPTED BY THE A. A. U.

### Noll and Wilson Plan Pooling Of Their Strength

Lowell, Mass., Dec. 28.—Announcement that the two records of the University of Iowa one-mile relay team have been accepted by the amateur athletic union was received by the department of athletics of the institution today.

The Hawkeye mile relay team composed of H. V. C. Morrow, G. B. Noll, C. R. Brookings, and E. C. Wilson, was given credit for the world's inter-collegiate record of 3:16 9-10 made at the Drake relays April 23, 1923. The former record of 3:18 was set by the University of Pennsylvania team in 1915.

The same four men receive credit for the national amateur athletic union record of 3:18 1-10 which they made at the championships at Chicago, September 9, 1923, and which lowered the former record of 3:19 8-10 held since 1921 by the New York Athletic Club.

Although Noll and Wilson have finished their inter-collegiate competition it is probable that the team will try out as a unit for the American Olympic team.

## Billy Miske Is Seriously Ill

Minneapolis, Minn., Dec. 28.—Billy Miske, of St. Paul, heavy-weight boxer, is seriously ill from Bright's disease. It became known today. Physicians announced his condition was a trifle better than yesterday, when he was near death, and added that Miske's fighting days are over if he recovers.

Miske, who in more than a hundred fights in his career was knocked out only once and that by Champion Jack Dempsey.

## Sailor Friedman Defeats Clinton

New York, Dec. 28.—Sailor Friedman, Chicago lightweight, defeated Johnny Clinton of New York, in the ten round feature of a boxing show tonight in Madison Square Garden.

A stunning creation of white velvet has trimmings of black cloth applied in large designs and is banded with black fox.

Mr. and Mrs. M. Ryan, of Ishpeming, are visiting relatives here.

Earl Taylor has returned from a visit with friends and relatives at the Soo.

Mrs. Laura Seymour of Milwaukee, is visiting friends and relatives in this city.

Special for New Years. \$15.00 Velvet Hats going at prices from two to five dollars. We also have a nice line of silk hats for \$5.00. All our novelty aprons will be sold at half price. Mrs. M. Gallagher, 108 North 14th St. 8205-362-21.

Elmer Dettman and his sister, Miss Erna, are visiting at the home of Miss Caroline Embs.

A 16-pound girl was born to Mr. and Mrs. B. H. Gunderman on Thursday.

## Speed Skaters Try Out In A Snow Squall

Saranac Lake, N. Y., Dec. 28.—The American Olympic speed skating teams sprinted through a series of snow squalls here today in the semi-finals of the tryout preliminary to sailing for Europe. Charles Jewtraw, Lake Placid, won the 500 meter race, Valentine Blais, Lake Placid, won the 1,500 meter event and Joe Moore, New York, and Blais were tied for first place in the 5,000 meter race which closed the meet. The team will go to Lake Placid tomorrow for the final.

## CITY BRIEFS

Mrs. J. D. Martin and daughter Genevieve have returned to their home in the east after spending the holidays with Mr. and Mrs. T. R. Richards.

Mrs. L. H. Corning of Cleveland, Ohio, arrived Thursday morning to spend a few days with her parents, Mr. and Mrs. Theo. Farrell, 411 First Ave. S.

The Misses Rose Peltin, Rosalind Cohen and Mr. Emil Franklin are visiting at the home of Mr. and Mrs. J. Peltin, Ludington st.

Miss Blanche Charlebois left yesterday for Big Rapids, where she will enroll as a student in Ferris Institute.

Miss Frances Owen returned to Chicago after visiting at the home of her parents, Mr. and Mrs. Jesse Owen, 1201 First Avenue South.

Mr. and Mrs. W. H. Howes have returned from a visit with their daughter at Janesville, Wis.

Merle Lenz of Chicago is spending the Christmas holidays at the home of his parents on Lake Shore Drive.

"Big Sale" on velvet hats at \$3.00 and \$5.00 regardless of former value. For Friday and Saturday, at La Vogue Shop. 8209-362-21.

Miss Mary Corson of Fond du Lac is visiting at the home of her parents, Mr. and Mrs. A. Caron, at Flat Rock.

Miss Adrienne Tounignant, who has been confined to St. Francis' hospital for the past three weeks by a threatened attack of pneumonia has recovered sufficiently to return to her home, 406 South Ninth street. It will be some days before she is able to resume her duties on the Daily Press.

Mrs. Leslie Siazol, of Chicago, is visiting at the home of her mother, Mrs. Emma Brown, 101 Second street.

Mr. and Mrs. M. Ryan, of Ishpeming, are visiting relatives here.

Earl Taylor has returned from a visit with friends and relatives at the Soo.

Mrs. Laura Seymour of Milwaukee, is visiting friends and relatives in this city.

Special for New Years. \$15.00 Velvet Hats going at prices from two to five dollars. We also have a nice line of silk hats for \$5.00. All our novelty aprons will be sold at half price. Mrs. M. Gallagher, 108 North 14th St. 8205-362-21.

Elmer Dettman and his sister, Miss Erna, are visiting at the home of Miss Caroline Embs.

A 16-pound girl was born to Mr. and Mrs. B. H. Gunderman on Thursday.

## EXPLAINS DUTY OF AN ATHLETIC COMMISSIONER

### Major Griffith In No Sense A Judge Landis

Atlanta, Ga., Dec. 28.—The athletic policies of New England schools "seen to be tending toward informal groupings between institutions that are similar to each other," said Professor Clarence W. Mendell, Yale University, in his report for the First District to the National Collegiate Athletic Association today.

The office of commissioner of athletics for the western conference was explained to the coaches, by Professor Ralph W. Agler, University of Michigan, for the fifth district.

"No small part of the success of athletics in the western conference has been due to Major John L. Griffith," he said, "but he is in any sense the Landis of the conference. The commissioner has no powers. He is a clearing house and an investigator of charges of ineligibility; but more important than this is his function in the way of educating the public generally to a better appreciation of the ideals of collegiate and amateur sport."

## MELLON PLAN IS FOLLOWED OUT CLOSELY

(Continued from Page One)

The government and the tax payers would be privileged to appeal any decision to the courts. In dealing with delinquencies, the bill provides that where there is no evidence of fraud, a penalty of one per cent a month shall be levied. The present law provides a penalty of five per cent of the amount of taxes involved and a specific penalty of \$1,000 in addition to interest at the rate of one per cent a month. Under the new bill the commissioner of internal revenue, where it is apparent that the payment of delinquencies would work undue hardship, would have authority to extend the time of payment not to exceed eighteen months.

Interest on Refunds. Specific provision is made that interest at the rate of five per cent shall be paid by the government on all refunds of taxes illegally collected.

One of the provisions placed in the bill by the treasury in its efforts to stop tax dodging, stipulates that where property is placed in trust but the creator of the trust retains power to withdraw it, the income from the property is taxed as belonging to the creator.

Another provision which it is estimated will increase revenues \$8,000,000 would place tax payers of all states on the same basis regardless of state community tax laws. It stipulates that where husband and wife have a joint interest in property acquired after marriage, the income from such property is to be taxed to the one having control over it.

"Capital Assets" Property. Property held by a taxpayer for profit or investment for more than two years, the bill provides that the amount by which the tax is reduced on account of such a loss shall be limited to 12 1/2 per cent of the loss. Under existing law capital gains are taxed at 12 1/2 per cent while capital losses, as treasury experts construe the statute, can have the effect of wiping out entirely income in the higher brackets because the tax may be deducted to a minimum of 58 per cent of the loss. The treasury estimate that this change in the law will increase revenue by about \$25,000,000.

Another \$35,000,000, it is estimated, would be brought in to the treasury by a provision in the bill which would limit deductions from gross incomes for interest paid and for losses of a non-business character to the amount they exceeded the taxpayer's tax exempt income.

On the ground that it is vague, the bill would repeal the section of the existing revenue law which provides that no gain or loss from exchanges of property for property is realized by the taxpayer unless the property received in exchange has a "ready realizable market value."

Transfer of Assets. The new bill provides that where, in connection with a reorganization, assets are transferred shall retain the same basis in the hands of the new corporation as in the hands of the old. Application is limited to cases where an interest or control of 80 per cent or more in the assets transferred remains in the same person.

Another section stipulates that where assets are transferred to a corporation in such a manner that no gain or loss is realized from the exchange, the basis of the assets for the purpose of determining gain or loss from subsequent sale, depreciation or depletion shall be the same as it would have been in the hands of the transferor.

The bill provides that the penalty prescribed by section 1202 of the existing revenue act for evasion of surtaxes by corporations shall apply to the net income of holding corpora-

## HEAVY SELLING OF STOCKS ON

### Early Session Declines Overcome Before Afternoon

New York, Dec. 28.—Heavy selling of stocks for the purpose of establishing income tax losses gave the stock market a reactionary appearance this morning but offerings were well absorbed and the upward movement was under way again in the afternoon. Pool operations in a number of issues were suspended while the selling was in progress.

Buying of United States Steel which crossed 99 apparently was based on the belief that business in the first few months of next year will be sufficient to warrant the continuance of the extra dividend. The stock closed at 98 5/8 for a net gain of 1 1/4 on the day.

Erratic movements took place in Corn Products following the announcement of the declaration of an extra dividend of 75 cents and the recapitalization plan providing for the declaration of a stock dividend of 2 per cent. The stock dropped from 156 7/8 to 152 and then fluctuated within a three point area, closing at 153 1/4 for a net loss of 4 1/4 points.

Rail Shares Improve. Railroad shares improved slightly on a relatively light volume of trading.

Union Pacific which had intermittent spoils of heaviness in the last few weeks moved up a point to 127 1/2.

Further readjustments in crude oil prices and an increase of 2 cents a gallon in the price of gasoline by the Standard Oil Company of Indiana brought fresh buying into the oil shares.

Standard of New Jersey was again active at rising prices, touching 49 and closing 7-8 higher or at 29 7/8. The Pan-American issues and Atlantic Refining also moved about a point.

Softening of funds incidental to the closing of the year resulted in a rate of 5 1/2 per cent for call money which later advanced to six per cent. Time money and commercial paper rates were unchanged.

French francs which recently established a new low for all time below five cents, were slightly firmer. Demand Sterling was off about half cent at \$4.35 1/2.

## CHICAGO GRAIN

Chicago, Dec. 28.—Influenced more or less by opinion expressed in some quarters that a betterment of prices would be seen after the beginning of the new year, the wheat market showed an upward slant today. Closing quotations were steady, a shade to 38c net higher, May 1.06 3/4 to 1.03 3/4 and July 1.05 3/4 to 1.02 3/4. Corn made a gain of a shade to 12c, oats finished at 1-3/8 off to a 1/8 advance, and provisions unchanged to 1/2c up.

An unexpected rise in wheat values at Liverpool, together with the fact that the Argentine crop would be later than usual and that the yield in Australia was likely to be reduced, helped to start the market here upward. Moderate bulges in prices here, however, were promptly followed by profit taking sales, and by consequent fractional setbacks from the top level.

Scarcities of country offerings of corn gave independent strength to the corn market. Iowa and Nebraska messages reported that virtually no corn was being moved. Oats trade was stagnant. Provisions were firm, aided by steadiness of the hog market.

## CHICAGO LIVESTOCK

Chicago, Dec. 28.—Cattle receipts 5,000; active; fat steers, yearlings and most medium fat cows, mostly 18 to 25c up; canners and cutters and bulls firm; spots higher on latter class; veal calves and stagers and feeders steady; most fat steers 12 1/2 to 14c; best mature steers 10.50; yearlings 10.75; several loads medium to strong weight steers at 9.00 at 10.00 reflecting full advance over yesterday; dull close on such kinds; most veal calves to packers 11.00 at 11.50; few upward to 12.00.

Hogs, receipts 54,000; mostly steady, bulk desirable strong weight butchers 7.10 at 7.15; top 7.20.

Sheep, receipts 15,000; fat lambs mostly 15 to 20c lower; bulk fat woolled lambs 12.75 at 12.25; top 13.40; prime yearling wethers 11.50; choice light weight ewes 7.40; bulk feeding lambs 12.00 at 12.25.

## CHICAGO BUTTER

Chicago, Dec. 28.—The tone of the butter market here today was steady to firm. Fancy butter was well cleaned up. Fresh: 92 score 54. Generalized cartons: 90 score 56.

## CHICAGO POTATOES

Chicago, Dec. 28.—Potatoes firm; receipts 232 cars; total U. S. shipments 414; Wisconsin round whites, U. S. No. 1, \$1.25 at \$1.35; bulk \$1.45; Minnesota and North Dakota sacked Red river Ohio \$1.50 at \$1.55.

and all dividends received on stock owned by them.

"Earned" Incomes. The section defining earned incomes which the treasury proposes should be subject to a 25 per cent reduction in taxes, reads as follows:

"The term 'earned income' means wages, salaries and professional fees, but does not include that part of the compensation derived by the taxpayer for personal services rendered by him to a corporation which represents a distribution of earnings or profits rather than a reasonable amount as compensation for the personal services actually rendered."

## Ernie Goozeman Gets A Decision Over Joe Burman

(By The Associated Press.) Milwaukee, Dec. 28.—Ernie Goozeman, Milwaukee featherweight at 122 pounds, was awarded the newspaper decision over Joe Burman, Chicago, featherweight at the end of a ten-round nondecision boxing bout at the City Auditorium here tonight. It was Burman's first night as a featherweight, having formerly been a contender for the bantamweight championship.

## Year Is Closing With Confidence

(By The Associated Press.) New York, Dec. 28.—Dun's tomorrow will say: Despite the continued irregularities in business, there is a distinct note of confidence in many quarters as the year closes. Buying in some industries, as in steel and lumber, has taken on new vigor at a time when an absence of important demand would not seem unnatural, and there are signs of a turn for the better in leather and footwear markets. Although regular retail distribution has been restricted by exceptionally moderate weather, results of holiday trade have disclosed a large public purchasing power and the heavy movement of goods to consumers is shown by statistics of fast traffic. The year now ending has been unusual in various respects, with unprecedented carloadings, a record automobile production and building construction operations that have had no parallel.

Weekly bank clearings \$5,968,492,000.

### CHAIN OF FORUM MEETS PLANNED DURING WINTER

Four Chamber of Commerce Forum meetings of unusual interest are contemplated during the next few months. It was announced yesterday in a news-letter sent to members of that organization. The topics for discussion are: City Market—A discussion of the factors necessary for the success of a producers' market in Escanaba. It is probable that the Chamber will invite a large number of farmers to this meeting as its guests.

Municipal Recreation Program—An address by Daniel Kick, municipal director of recreation at Albion.

Community Foundations—An address by Lee H. Pierce, secretary, Grand Rapids Association of Commerce.

Industrial Development—An address by Mark Fenton, vice president.

ident and general manager, The New Industries Corporation, Youngstown, O. During a period of two years, while industrial commissioner of the Memphis, Tenn. Chamber of Commerce, Mr. Fenton was instrumental in locating 214 new industrial and commercial enterprises in Memphis.

### A THOUGHT

They that be wise shall shine as the brightness of the firmament; and they that turn many to righteousness as the stars for ever and ever.—Dan. 12:3.

To be wiser than other men is to be honestier than they; and strength of mind is only courage to see and speak the truth.—Hazlitt.

1916—The Scandinavian Commerce. Industrial Development—An address by Mark Fenton, vice president.
