

CHALLENGE OF DEMOCRATS ACCEPTED

BOUND TO MIX PRESIDENT IN OIL ARGUMENT

DEMOCRATS DETERMINED TO FORCE ISSUE NOW.

BY DAVID LAWRENCE.

Washington, Jan. 31.—President Coolidge's political future has become wrapped up in the Teapot Dome controversy.

Whether the issue is big enough to force the defeat of the Republican party at the polls it is of course too early to say but the nervous activity of the Republican leaders indicates that they will leave no stone unturned to prevent the Teapot Dome affair from achieving an exaggerated importance politically.

To date the supporters of President Coolidge feel he has handled an awkward situation well and that his selection of Thomas W. Gregory, former attorney general in the cabinet of a Democratic president, together with Silas H. Strawn, Republican, is a shrewd move.

But these two men will only invigorate the criminal features of the case—whether there has been corruption. They have no right to pass upon the competence or incompetence of the secretary of the navy or the attorney general in Mr. Coolidge's cabinet.

The Big Question. Almost everywhere in Washington that one goes the Teapot Dome scandal is being discussed and the questions usually asked relate entirely to the effect of the controversy on Mr. Coolidge's chances of election if he is nominated.

At one o'clock this morning he was noticed staggering about in the tunnel and firemen got him out with ladders.

Coal and other necessities, the lack of which had begun to cause grave concern among residents here, will now be forthcoming.

The highways continue, however, to be in such condition as to render impossible any attempt to haul in supplies by sleigh and the opening of the railway branch is regarded as delivery from might have been real suffering.

British Consul In Detroit 16 Years Resigns. Detroit, Jan. 31.—Howard G. Meredith, British consul in Detroit for 16 years, has been notified that his resignation, thrice offered, has been accepted.

Mr. Meredith was appointed by Ambassador Bryce, about 16 years ago, and since then has been representing England's commercial interests here, doing much to further trade relations between the United States and Canada and England.

Man Undergoes Frightful Experience In N. Y. Subway

Falls From Train Amid Terrible Dangers

(By The Associated Press.)

New York, Jan. 31.—The shudder many visitors to New York feel when their trains go burrowing into the dark subterranean lanes that filter into the Grand Central terminal became a horrifying reality for Martin V. Tracy, a millinery salesman, of Mount Vernon, N. Y. He escaped death but suffered a general physical collapse and his nerves were badly shattered.

Tracy was passing from the smoking car to a coach last night when from some unaccountable cause, he was thrown to the ground. For a while he was unconscious. When he awoke and realized a ponderous train was passing and almost touching him; that he was within inches of the electrically charged third rail; that he couldn't rise, and that all was impenetrably black about him—he thought was a nightmare.

Screaming With Fear. Cautious lest he touch the third rail, Tracy gained his feet and found his arm had been broken. Staggering half dazed along the tracks, he screamed until his voice and strength failed. Every few minutes blinding headlights warned him of an approaching train.

"Once," he said, describing his experience, "I jumped just in time to dodge one train and look over my shoulder to see another approaching on the track to which I had jumped. I stood in between as thin as I could."

Between trains Tracy used two packages of paper matches in a futile attempt to attract attention. When these had been exhausted, he said he ran up the track "zig-zagging from one line to another, sometimes guessing wrong, and howling like a scared baby."

At one o'clock this morning he was noticed staggering about in the tunnel and firemen got him out with ladders.

Coal and other necessities, the lack of which had begun to cause grave concern among residents here, will now be forthcoming.

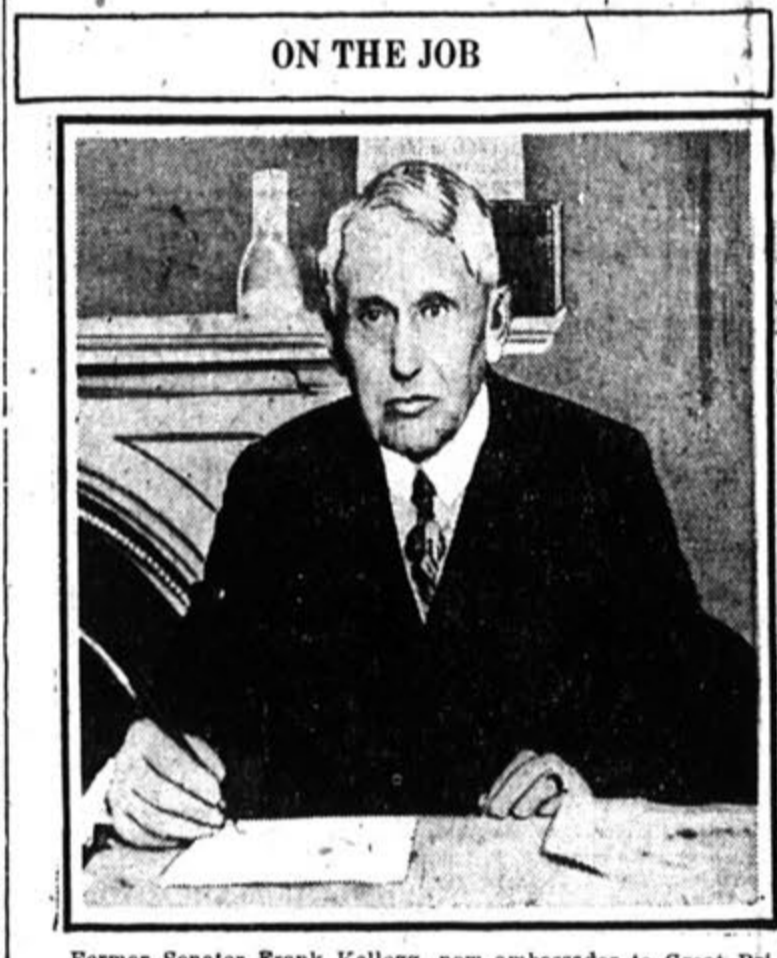

The highways continue, however, to be in such condition as to render impossible any attempt to haul in supplies by sleigh and the opening of the railway branch is regarded as delivery from might have been real suffering.

OHIO RIVER STEAMER IS GOING DOWN

(By The Associated Press.)

Paducah, Ky., Jan. 31.—The steamer Tom C. Powell is reported sinking in the Ohio river at Simon's Landing, one mile north of New Liberty. Launches have gone from Paducah to the scene. The steamer left Paducah tonight for her regular trip up the Ohio river, with passengers and freight.

RIOT FOLLOWS DIET SESSION OF JAPANESE

(By The Associated Press.)

Tokyo, Jan. 31.—Heavy police reserves are stationed at various strategic points throughout Tokyo tonight following tempestuous dissolution of the diet today. Unusual and thorough precautions are being taken to prevent the massing of governmental opposition elements.

Rallies of the government opposition forces, which earlier in the day succeeded in breaking up a session of the diet and throwing the legislative body into such confusion that its dissolution was ordered, were dispersed by the police.

Murder Charge Finally Made For Lincoln

(By The Associated Press.)

Aurora, Ill., Jan. 31.—The coroner's jury of Kane county after its inquest today into the death of Mrs. Warren J. Lincoln and her brother Byron Shoup, returned two verdicts, each charging Warren J. Lincoln with first degree murder. Verdicts were returned after Lincoln had repeated his story, telling how he had shot his wife and brother to death, later decapitating the bodies and encasing the heads in a concrete block.

Customs Office In Detroit Is Being Probed

(By The Associated Press.)

Detroit, Jan. 31.—Three special customs agents from Washington arrived here and are conducting an investigation into the affairs of the local customs office. The records of liquor stores and the method of handling confiscated liquor scrutinized thoroughly by the agents, who will report their findings to Washington where officials will determine whether any irregularities exist as charged by Patrick H. Gardner, in charge of treasury agents.

FIGHT IS NOW CENTERED ON DENBY'S CASE

SECRETARY SAYS HE WILL STAND PAT TO END.

(By The Associated Press.)

Washington, Jan. 31.—Adopting the Walsh oil lease annulment resolution by the unanimous vote of the 89 senators present, the senate plunged today into what promises to be a historic and extremely bitter fight over the Robinson resolution requesting the president to call immediately for the resignation of Secretary Denby.

As the verbal battle got under way it was conceded that a sufficient number of Republican insurgent votes might be joined with those of the Democrats to insure adoption of the resolution. Such a coalition repulsed all efforts of administration senators to modify the language of the Walsh measure, which, as finally adopted, declares the leases signed by Mr. Denby to have been made without authority and contrary to law.

Denby Stands Pat. Mr. Denby continued to stand pat on his declaration that he would not resign.

"No one has advised me to resign," he declared in response to suggestion that he had been urged to give up his cabinet post to avoid embarrassment to the administration.

It came to light today that after the Robinson resolution was introduced Mr. Denby called on Chairman Lenroot, of the senate oil committee, and Chairman Hale, of the senate naval committee and other administration leaders in the senate and that they had left it to him to decide whether he should resign.

Supporters of the Denby resignation resolution are giving close attention to the proceedings before the house naval committee which was held today by Rear Admiral J. K. Latimer, judge advocate general of the navy, that Mr. Denby had told him that he had initiated the transfer of the naval reserves to the interior department after investigating the question and consulting with various experts.

Coolidge Is Active. President Coolidge again devoted much of his time to the oil lease muddle, giving attention both to the various phases of the evidence adduced by the senate.

What Congress Did Yesterday

(By The Associated Press.)

Plans for grand jury hearings on evidence disclosed by the senate veterans' committee were begun at the department of justice. The house passed the interior department appropriation bill, the first supply measure of the session.

The senate propaganda committee decided it had authority to inquire into methods of elimination in the Bok peace award.

Republican members of the house ways and means committee approved the surtax and normal income tax schedules in the Mellon bill.

Denial was authorized at the White House that Secretary Denby and Attorney General Daugherty had submitted their resignations.

President Coolidge conferred with Senator Robinson of Arkansas, the Democratic leader; Senator Walsh, Democrat, Montana, and several Republican senators on naval oil lease problems.

BLAMELESS!

THEODORE ROOSEVELT

Through the stress and turmoil incident to the probe of the Teapot Dome Oil lease, and others, in which many officials in high place are now explaining, the name of Theodore Roosevelt, Assistant Secretary of the Navy, stands out untouched and unscathed. Secretary Denby has absolutely no responsibility in the signing of the leases or their approval—that he (Denby) was the responsible party in his department. Mr. Denby's resignation has been requested by Senator Walsh, Democrat, of Montana.

Denby Stands Pat. Mr. Denby continued to stand pat on his declaration that he would not resign.

FEW CHANGES IN MELLON'S BILL

(By The Associated Press.)

Washington, Jan. 31.—The Mellon tax bill will be reported to the house without material change.

This was assured today when the committee approved the surtax and income tax schedule recommended by the treasury. Despite division on surtaxes, they have agreed to stand together in support of the bill's provisions in the face of Democratic opposition in committee.

The surtax rates, the bone of contention between Democrats and Republicans, and among the Republicans themselves, came to a vote after majority members of the committee had discussed the whole situation with the Republican steering committee.

Meeting alone later they first rejected by a 11 to 3 vote a proposal to make the maximum surtax rate 32 per cent instead of 25 per cent on incomes in excess of \$100,000, as suggested by Mr. Mellon.

By the same vote the Mellon schedule was approved. Chairman Green, of Iowa, and Representatives Timberlake, of Colorado, and McLaughlin, of Michigan, are understood to have cast the three negative votes.

The eleven who voted in the affirmative are said to have been Representatives Hawley, Oregon; Treadway, Massachusetts; Young, North Dakota; Tilson, Connecticut; Bacharach, New Jersey; Hadley, Washington; Watson, Pennsylvania; Mills, New York; Kearns, Ohio; Chindblom, Illinois; Crowther, New York. Fear, of Wisconsin, an insurgent, out of sympathy with the treasury's surtax recommendations, was not present.

Prominent Member of K. C.'s To Be Buried Saturday

(By The Associated Press.)

St. Paul, Minn., Jan. 31.—Funeral services for W. D. Dwyer, one of the fifteen supreme trustees of the National Order of the Knights of Columbus, who died yesterday, will be held here Saturday.

All supreme officials of the order will attend the funeral, as will most of the supreme trustees.

FENSKI FOUND NOT GUILTY IN GIRL'S DEATH

Menominee Jury Acquits Escanaba Man Within An Hour.

(Special)—Herman Fenski, of Escanaba, was found not guilty of a charge of negligent homicide by a jury in circuit court this afternoon.

The charges against Fenski were a result of the death, last September, of Miss Belle Limcaux, 29, of Menominee, when she was struck by an automobile while she was crossing Ogden avenue, in this city.

The sensation created by Miss Limcaux's death was intensified, when a few days later, her sweetheart, Otto B. Liska, committed suicide, leaving a note declaring that he did not care to live "since there was nothing remaining to live for."

Sensations in Trial. Sentations were frequent during the closing minutes of the trial. Most of these centered about the testimony of Levi Keye, of Escanaba, a passenger in the Fenski car at the time of the alleged accident who told the jury Fenski knew that he had run down Miss Limcaux, and attempted to escape.

"It's a rotten lie," Fenski declared, on the stand later. He disclaimed any knowledge of the accident until his car was stopped, five blocks from the scene. Keye, Fenski asserted, attempted a "shake down" of \$100. Upon payment of this sum to him by Fenski, the latter said, Keye was willing to leave for Oklahoma.

Parents Testify. Fenski's claims that if his car was responsible for the accident he knew nothing about it until others informed him of it, were borne out by his aged parents, Mr. and Mrs. Louis Fenski of Little Saunico, who went on the witness stand to tell of the trip from their home to Escanaba, in his son's car on the day Miss Limcaux lost her life.

Government Men Examining Books Of W. H. Anderson

(By The Associated Press.)

New York, Jan. 31.—Two representatives of the internal revenue department today examined account books of the Anti-Saloon League of New York showing the income of Wm. H. Anderson, state superintendent of the league who was convicted of third degree forgery. The books were inspected in the office of Assistant District Attorney Ivorra, who was in charge of Anderson's prosecution.

Mr. Ivorra said the internal revenue representatives would inspect the books again.

District Attorney Banton today declined to state whether Anderson would be tried on any of the four indictments remaining against him. Two of these are for grand larceny and two for extortion. Mr. Banton said he would have nothing to say until Anderson had been sentenced on February 8.

LOCKWOOD ON FIRING LINE FOR COOLIDGE

SHOWS THAT OIL SCANDAL IS NOT A PARTY MATTER.

(By The Associated Press.)

Washington, Jan. 31.—Replying to the recent statement of Democratic national Chairman Hull on the naval oil disclosures, George B. Lockwood, secretary of the Republican national committee, upheld the course of President Coolidge in a statement published today in The National Republican.

At the same time Mr. Lockwood attacked the record of the Wilson administration in its conduct of the war and reviewed at length the disclosures before congressional committees that investigated war expenditures.

"Chairman Hull," said the statement, "has issued a pronouncement in which he attempts to give the color of partisan politics to the disclosures in the Fall case. Secretary Fall is a Republican. It is true; he is a former member of the Harding administration."

Doherty Democratic Politician. "Mr. Doherty is one of the nation's most distinguished Democrats. He was a member of the platform committee of the last Democratic national convention; he made a speech in the convention; his name was placed before the convention for the vice presidential nomination by the California delegation."

"Mr. Doherty was the largest contributor to the Democratic national campaign fund in 1916; he gave generously, it is said, to the Democratic campaign fund of 1920. It was at Mr. Doherty's instance that the late Secretary of Interior Lane, who had passed upon oil leases in which Mr. Doherty was interested under the administration, retired to accept employment with Mr. Doherty at a salary of \$50,000 a year."

Other important officials of the Wilson administration took employment with Mr. Doherty at fabulous salaries.

Not Party Affair. "The less said about partisan politics in this connection perhaps the better; it's not a matter of partisan politics but of personal and official wrongdoing for which no party can be held responsible unless it condones the crime and fails to prosecute the offenders. Upon the point the Republican national administration had made itself clear; it will go to the bottom of the matter and prosecute anyone found criminally liable."

Mr. Lockwood continued that when the "shameful facts as to the weakness of our war management, under which wholesale crookedness ran rampant, became known," President Wilson attempted to drive out of the Democratic party those who protested.

House of David Attorney Says State Effort Futile.

Lansing, Mich., Jan. 31.—H. Dewhurst, counsel for the house of David attorney, who was here today on legal matters in connection with the state's quo warranto proceedings against the "King" Benjamin Purnell...

The attorney filed a reply to the Ingham circuit court, answering the state's allegation of fraud and immorality in the colony. The brief, in effect, stated that the attempt to break up the colony out of business is futile, because it is not a corporation. The property of the colony, according to the argument, is held by Purnell and his wife, as heads of a religious association, not subject to the corporation laws. The brief indicated that the defense will be based upon the contention that the colony became a religious organization in its own right...

ARMER SLAYS FOUR PERSONS

Kilgus, N. D., Jan. 31.—Theodore Larson, farmer near Edinburg, N. D., this afternoon shot and killed his estranged wife, her two sisters and his brother-in-law in the S. Quabbeck farm near Edinburg, where he was staying on horseback with his 10-year old daughter, the direct cause of the shooting. Larson was arrested at his father's farm near Edinburg, where he was accompanied by members of the family.

Quarrel Over Child. The shooting occurred when Larson went to the Quabbeck farm, seven miles southwest of the home of his wife's family, where she had taken refuge after leaving him two weeks ago, to demand possession of their daughter, Thelma, age 4. His wife's sister Helen, 36, was shot and killed when she attempted to prevent him from taking the child.

Body Partly Burned. An old man, the Knutson, was sleeping upstairs in the house at the time of the shooting. The first shot awakened him and he went down stairs just as Larson shot his wife and her sister. A hired man, and a neighbor extinguished the flame after the bodies had been partly burned.

Larson went to the home of his father, Singer Larson, where he was disarmed by members of his family. He offered no resistance. He was turned over to a posse and was taken to McVilly.

Wilson Stays Aged Although Not Serious

Washington, Jan. 31.—Woodrow Wilson, weakened by a distressing disturbance of the past few days, remained aged the greater part of today upon the advice of his physicians. Although the stomach ailment was described as having been less acute than before the doctors said it was "somewhat protracted in its illness." After a visit to the former president tonight, Rear Admiral Cary T. Grayson, who has attended him since he was stricken on his western speaking tour in 1919, made this statement: "Mr. Wilson's digestive disturbance has been less acute today, but he is somewhat protracted by the illness of the past few days and has been allowed to be up since the earlier part of the day."

Admiral Grayson was accompanied to Mr. Wilson's home tonight by Dr. Sterling Ruffin, who has been a consultant throughout the former president's long illness, and who was called into make an examination when the present indisposition developed a few days ago during the absence from Washington of Dr. Grayson. Mr. Wilson for many years has been subject to digestive disorders of a character similar to the present one.

LANDMARK IN IRONWOOD IS FIRE VICTIM

(By The Associated Press.) Ironwood, Mich., Jan. 31.—Fire of undetermined origin this morning destroyed the Kearney Block, one of the landmarks of Ironwood, and two other buildings. The loss remains to be determined. Before the flames could be checked they swept through two buildings and threatened the new \$200,000 Masonic Temple here, but it withstood the flames and was not damaged. An automobile agency was located in the Kearney Block and a number of automobiles were destroyed.

AKRON FACING BAD SITUATION

(By The Associated Press.) Akron, O., Jan. 31.—Akron tonight stood on the verge of the worst street car situation in its history, following orders from the city to the Northern Ohio Traction and Light Company to withdraw its city transportation service on the expiration of its 25 year franchise at midnight. All street car service ends at 2:30 tomorrow morning, when city cars reach the barns after their last trips.

The situation was brought about by failure of traction and city officials to agree on a rate of fare for the new franchise. City officials wanted a continuation of the five cent fare. Company officials demanded seven cents but finally agreed to a temporary franchise at six cents while a permanent grant was being negotiated. This the city rejected.

Interurban Question. Just how far the city would go in its determination to bar interurban and suburban cars was a matter of conjecture tonight. No word was forthcoming from Mayor D. C. Rybolt's office as to whether these cars would be allowed to use the tracks within the city limits.

Meanwhile the traction company was making plans to run both interurban and suburban cars. The suburban lines include Cuyahoga Falls, Kenmore and Barberton. Crews of these lines were ordered to stop within Akron city limits tomorrow to discharge and pick up suburban passengers only.

Buses Are Ready. With more than 200 sedans brought here by H. S. Firestone, rubber manufacturer, a close friend of Henry Ford, and a fleet of buses secured by city officials, Mayor Rybolt declared he will provide Akron with the finest transportation system in the country. A complete list of new buses, replacing street cars, has been mapped out and buses will begin operation at 4 o'clock tomorrow morning. The fare will be five cents with no transfers. City officials plan a three minute bus schedule, with express routes in operation during rush hours.

City officials have announced that they expect considerable confusion during the first few days and have asked cooperation of local motorists in helping relieve the situation.

Company Stands Pat. It is estimated that 1,000 carmen will be jobless if the buses supplant the street cars permanently. The men were notified several days ago by the company to seek other employment. According to A. A. Beery, superintendent of the state-city free labor bureau none had applied to him for positions.

FORD'S FRIENDS ARE ORGANIZED

(By The Associated Press.) Omaha, Neb., Jan. 31.—Former advocates of Henry Ford, Detroit, manufacturer, as an independent candidate for president, today perfected a permanent organization of the People's Progressive Party and nominated Robert B. Foynter of Dearborn, Mich., for the presidency. Roy M. Harrop of Omaha, was made the candidate for the vice presidency.

Mr. Harrop, an organizer of the party also was named permanent chairman to direct the campaign, while O. E. Edwards of San Francisco was named secretary, and Wallace Campbell, of Bismarck, N. D., treasurer. E. M. Price of Detroit, and Mrs. Jessie Bacon of New York were appointed vice chairmen.

STATE POLICE TO REINFORCE OTHER POWERS

More Men Said To Be Needed In Clean-up Campaign.

(By The Associated Press.) Lansing, Mich., Jan. 31.—The combined federal, state and local drive to dry up Wayne county is to be reinforced with additional state police, it was indicated today in a conference between Governor Groesbeck and James R. Davis, federal prohibition director.

Mr. Davis, according to the governor, intimated that more men may be needed. The governor assured him that the situation has not changed since the drive was started.

"We placed no limit on the number of men we would furnish," the governor stated. "If more men are necessary they can be supplied. The main thing is to get results."

Pleased With Results. The governor stated that the situation was discussed and that the law enforcement effort appears to be progressing nicely. He said that Mr. Davis is pleased with results thus far. No estimate of the number of men needed could be made by the governor. He did not believe, however, that it would be many. Assistant Attorney General Converse left for Detroit today. It is understood that he is to investigate conditions in Hamtramck with a view to determining whether local police have made any effort to enforce the liquor laws and whether Mayor Jezewski is accessible to removal proceedings.

"Decency" Drive. With a "decency drive" on in the Detroit and the federal agencies preparing to tighten their dry campaign, the Michigan Anti-Saloon League is demanding that Harry H. Jackson, commissioner of the state safety department, state whether he made the statement, "The liquor laws cannot be enforced." In case he refuses to refute the statement there will be a demand for his resignation from farm organizations and individuals according to R. N. Holsapple, superintendent of the league. "There is an overwhelming demand from out in the state that the man at the head of the state's police force be one who believes that the laws can be enforced and try to enforce them," Holsapple said.

It is believed that Commissioner Jackson may soon answer Holsapple's demand for an explanation of his position, and that he may also take exception to some remarks attributed to the league regarding the cost of operating the state police. Holsapple charged that it cost half a million dollars a year and department officials point to the fact that their appropriation was considerably less.

NEW EVIDENCE AGAINST CASE

(By The Associated Press.) Chicago, Jan. 31.—Charges that the Reverend Carl D. Case, pastor of the Oak Park Baptist church, named by Arthur Leland, a parishioner, as co-responder in his action for divorce, left churches in Brooklyn and Buffalo when faced by similar accusations and that Leland himself was engaged to marry his stenographer when he started divorce proceedings, were made before Judge Charles M. Foel today.

As a result of the charges and counter-charges, Judge Foel continued the case until February 19 and declared "the door is wide open to testimony as far as the court is concerned. Let's have all the evidence." It had been expected that closing arguments would be made and a decision handed down today.

Claim Mrs. DeDouchel Married During Engagement To Candler

(By The Associated Press.) Atlanta, Ga., Jan. 31.—Counsel for Asa D. Candler, defendant in a \$500,000 breach of promise suit filed by Mrs. Onesima de Bouchel, today attacked the validity of the engagement of the Atlanta capitalist and the New Orleans society leader, the breaking of which resulted in the suit, now being tried in federal court here.

Immediately after counsel for Mrs. de Bouchel had completed presentation of its direct testimony, the defense charged that Mrs. de Bouchel was the wife of Adolph Roquet at the time she became engaged to Mr. Candler and the engagement, therefore, was invalid.

The attorneys further said that they would contest the validity of the divorce on the ground that Mrs. de Bouchel was not a legal resident of Reno, Nev., at the time the decree was issued. After reading further letters that passed between Mr. Candler and Mrs. de Bouchel, attorneys for the plaintiff introduced a number of depositions from citizens of New Orleans and Reno testifying to the good character and reputation of Mrs. de Bouchel. Some of the Reno depositions asserted that two young men, representing themselves as having been sent by Mr. Candler, questioned the deponents about Mrs. de Bouchel's life in Reno.

Identifies Her Letters. Mrs. de Bouchel identified several letters as those she had written to Mr. Candler. Some of these were signed "Mrs. Adolph Roquet."

The introduction of Mrs. de Bouchel's letters to Mr. Candler by his attorneys, produced something of a sensation, as there had been no indication that their letters would be offered in evidence. Mrs. de Bouchel's letters dated back as far as October, 1919, shortly after she met Mr. Candler at a Confederate Veterans' reunion in Atlanta during the same month.

The earlier letters were written from New York, on a voyage to Europe and from New Orleans. Following letters which revealed her impending divorce proceedings and disclosing her dread of an enforced residence in Reno, she stated in a letter written from New York City, December 4, 1920, that she "received a letter from Mr. R. today, which was very disturbing. He is trying to make up again. That is absolutely impossible. x x x again a dear letter came from you and was very deeply appreciated and enjoyed. x x x you have the most beautiful character I have ever known and I am so proud of you, so proud that you are mine."

The letter closes: "I want to be part of the very fabric of your life. Your sweet one."

Terrible Ordeal. On December 12, 1920, Mrs. de Bouchel wrote from New Orleans, beginning with the salutation, "My Darling: 'I have just been through a terrible ordeal and I am weak, limp and all upset, in no condition to write, but I feel you should know all that has occurred. Mr. R. called on me and we had an awful scene. At first he begged me to make up with him, but he loved me better than anything in life, promised to do everything that I wished, etc. x x x 'He flew into a rage and said that he would fight my divorce to the very last ditch and would never, never let me have my divorce. x x x 'Finally he calmed down, shifted his ground and said, very well, he certainly would not try to hold me against my will, but since I wanted my freedom I would have to pay for it. x x x He said he would not contest the case if I paid him twelve thousand dollars.'

"He threatens to stop at nothing to prevent me from getting my freedom," the letter continues. "I do not see what he can do, he cannot attack my reputation—

But I want you to remember this, I love you and you only, my only hope of happiness is with you and under no circumstances will I ever make up with Mr. R. BOUND TO MIX PRESIDENT IN OIL ARGUMENT

(Continued from Page One)

insists, for instance, that even the Democrats did not know of any irregularity because not until a few days ago did they introduce their resolution calling for the annulment of the oil leases in question. Granting, however, that Mr. Coolidge cannot be held responsible for what happened when he was vice president, the Democrats now are prepared to attack him on the ground that he is retaining in his cabinet men whose failure to perform their duties is brought out by the record of the Senate Committee.

The resolution calling upon Secretary Denby to resign probably will be followed by another asking that the attorney general be asked to resign, too. Neither will have enough votes to pass, as the Republicans can muster enough votes to prevent such action. That, however, will not dispose of it for the Democrats would then keep on talking about it until the November elections. It is a subject which permits of considerable talk, and on the Democratic side there are some voluble talkers.

Senator Caraway, of Arkansas, Democrat, has already made a speech on the claim of President Harding that in permitting the vice president to sit at the cabinet table the latter would gain enough knowledge of public affairs to enable him to take over the presidential office and be familiar with what was going on. Now it turns out that Mr. Coolidge as vice president claims he did not know what was going on. The Democrats will make the most of that point.

To Move Cautiously. As for the secretary of the navy, his defense is that he had no discretion in signing the leases which transferred the naval reserves to the interior department. Confronted with an executive order signed by the president, he feels it was his duty to sign the papers presented to him. The Democrats insist that in view of the controversy in the navy department on this subject in preceding administrations Mr. Denby should have consulted the law officers of his department and advised the president whether the executive order was a valid exercise of power. It appears that Mr. Harding took Secretary Fall's advice on that legal matter and according to the

committee and the question of the qualification of the special counsel he has selected to prosecute the cases. A new development in the situation today was the issuing of a subpoena for the appearance tomorrow of E. L. Doherty before the senate committee. The subpoena was sent out by Chairman Lenroot after Senator Reed, Democrat, Missouri, had demanded in the senate that the oil magazine be subjected to a "searching examination" as to whether he had advanced money to any other public official aside from Former Interior Secretary Fall.

Wants Sinclair Back. Under a resolution introduced in the house by Representative Fish, Republican, New York, Harry F. Sinclair, now in France, would be requested through official channels to return here and "explain to congress and the American public the \$25,000 loan to ex-Secretary Fall."

The medical commission appointed by the senate committee examined Mr. Fall during the day in his sick room at the home of J. W. Zevilly personal counsel to Mr. Sinclair, and is expected to report to the committee tomorrow as to whether the former secretary can appear for questioning.

stated that he meant to show that the state had not proven corpus delicti, that there had been no evidence submitted to show that the accident was the cause of the girl's death. He said there had been no one in authority on the stand to show cause of death and that it was up to the state to prove that the accused was the cause of the death of the deceased. He claimed that it could not be proven that Fenski was driving at other than a moderate rate of speed or that he was driving recklessly or carelessly.

are under the impression that we do not make up funeral designs, such as wreaths, crosses, pillows, etc., but that we merely furnish cut flowers for bouquets and the like.

But we wish to make it clear that we do make up funeral pieces of all kinds and sizes in our own shop, and our wonderfully increasing business along this line is encouraging proof that our customers are well pleased with our workmanship and skill as floral decorators.

We solicit your patronage for this work whenever the occasion presents itself and will guarantee the design to be full value and equal to any and better than some that have ever been placed in any home in the city.

Auxiliary Will Meet.
The Ladies' Auxiliary of St. Stephen's Episcopal church will meet at the home of Mrs. Mary Harrington, 524 Ogden Avenue, this afternoon at 2:30. All members are requested to bring their thimbles.

W. C. O. F. Card Party.
The W. C. O. F. of St. Patrick's church will give a card party Monday evening instead of Monday afternoon as was formerly stated. The party will be given at the K. of C. Club rooms. The public is cordially invited and a good time is assured all who attend.

McGuire-MacLean Nuptials.
Announcements have been received of the marriage of Miss Hazel McGuire, daughter of Mr. and Mrs. John McGuire, 651 Marshall street, Milwaukee, Wis., and Donald MacLean of Milwaukee, son of Mrs. R. E. MacLean of this city.

The wedding took place at 7:30 o'clock Thursday evening, January 31st at St. John's Cathedral, Milwaukee. The young couple attended the Escanaba high school and the wedding of Thursday was the happy ending of a school day romance. Mrs. MacLean of this city attended the ceremony. Mr. and Mrs. McGuire are former residents of this city, having moved to Milwaukee about a year ago.

Olive-Baup Nuptials.
Mr. and Mrs. Daniel Olive of Los Angeles, Cal., announced the marriage of their daughter, Sarah Mabel to Mr. Frederick Carl Baup which took place at Los Angeles, Cal., Thursday, Jan. 24th. They will make their home

at 1234 Plymouth Ave., San Francisco, Cal.

Mr. Baur is well known in this city having been a member of the firm of Hoyer and Baur a few years ago, and he was known to his many friends in this city as "Fritz". The couple have the best wishes and congratulations of a host of friends in this city.

Old-Fashioned Hard Times Party.
An Old-Fashioned Hard Times dancing party will be given in the Wells Community House Saturday evening, February 2nd, 1924, by the Employees' Service Committee of the I. Stephenson Co. Trustees.

The music will be furnished by local talent and the program will consist of old fashioned dances with an occasional fox trot thrown in for good measure. Anyone coming dressed up, doped up or fussed up either ladies or gentlemen will be fined by a committee at the door—in other words, wear your old clothes.

Employees of the E. & L. S. Ry., and I. Stephenson Co. Trustees and their friends cordially invited. Wear your old clothes and a good time is assured to all.

LEGION TEAMS READY TO JUMP

Intensive Membership Drive Will Begin Early Today.

Six teams—Bankers, Accountants, Grocers, Teachers, Postcards and Cops—will start an intensive campaign this morning in an effort to bring Cleveland Post's membership up to 500 names within the next ten days.

Prizes for the winning teams will be awarded at the Post's "Days of Forty-Nine" Carnival which will be staged Feb. 7-9 in Eagles' Hall.

In order to stage the Upper Peninsula Legion convention here next July, the Post's officers believe that they should have a membership of at least 500, and it was confidently believed that this number would be forthcoming as a result of the campaign.

Twenty points will be given for each renewal of an old membership card; five points for each new application for membership received. The team standings will be compiled daily in the "standings," arranged in baseball average style will be published daily on the sport page of the Press.

In the meantime, plans for the carnival are progressing rapidly. That affair is expected to be one of the most novel and enjoyable enterprises staged here in a long time.

CITY LEAGUE OPENS DRIVE

Every Municipality a Member, Slogan Adopted By Officers.

Every city and village in Michigan a member of the League of Michigan Municipalities, is the objective of a campaign, launched by the organization under the direction of its president, Fred R. Harris, of this city.

"I have felt for the last two or three years that the League of Michigan Municipalities has had an opportunity to perform many essential services which would make it an organization of real worth, but these opportunities have been overlooked by the officers and members," Mr. Harris says in a letter addressed to the league's executive committee. "It has come to my attention that other states have active municipal leagues that are accomplishing a great deal of good for their member municipalities. The league must be something more than a means of political advancement, for a chosen few. It must have as its officers, people who are more or less permanently engaged in municipal work, not as an honorary or side issue proposition but as a means of earning their livelihood.

Much Work Needed.
"In our state little can be found in the way of statistical information, legislative acts, etc., which can be traced directly to an origin in the league. While one hears considerable in our legislative halls about farmer blocs, and financial blocs and blocs of other sorts, but very little is ever heard of any concerted municipal co-operative action.

"In reviewing those things

which we should be desirous of accomplishing, a few immediately present themselves as of greatest present value and as obtainable with only a little work on our part. I should like to see the foundation laid, during my term in this office, for a real central bureau of municipal information. I would like to see steps taken towards the securing and adoption of a standard system of accounts for municipalities of the various classes and after having secured that standard classification which we feel will meet every requirement, secure its adoption by an act of the state legislature. When this is done, the costs of operation of municipal governments in various communities can be compared in detail for the betterment of all.

Adequate Representation.
"An organization such as ours need not assume a definite position relative to the desirability or undesirability of public ownership of public utilities, but I believe we should see that matters coming before the public utilities commission of the state are properly presented from the municipalities' standpoint. Too little attention is given to utility rates by elective members of municipal governments. By this I do not mean that the municipal officers do not actively interest themselves in public utility rate matters, but that they do neglect to secure experienced advisors in presenting their cases before the courts and regulatory bodies."

Mr. Harris and Bates K. Lucas of Owosso, secretary-treasurer of the league, are in charge of the membership campaign which will begin within a week or ten days.

FIRST AVENUE SEWER PLANNED

Estimates Have Been On File for Months, Officials Reveal.

The city last fall, made a survey of the drainage problem on South 1st Ave., and several months ago completed plans and estimates for the project, it was stated at the office of the city engineer yesterday, when attention was called to the criticisms of any plan which contemplated paying the street before proper drainage facilities had been provided.

Sewer Is Planned.
"There has been no idea on the part of the city to proceed with paving in that locality before the sewers were laid," was the way the matter was summed up. "It certainly would not be advisable to pave a street before sewers were installed and there has been no intention to do so."

Whether the city council when it meets next week, would reach the point of discussing the First avenue paving job, for which bids were received Wednesday, was not disclosed yesterday. There are a number of important items of business of more immediate need for consideration and it seemed doubtful whether the council would be able to get them out of the way in time to proceed with the paving proposals.

Silent On Bids.
No member of the council would discuss the bids received Wednesday, and it was indicated that there would be no public statements on the subject until

NATURE LOVERS TO FIND SARETT LECTURE TREAT

One of America's Best Informed Naturalists.

Lew Sarett, distinguished naturalist, woodsman, author, lecturer and college professor, will give nature-lovers of Escanaba a rare treat, when he appears at the high school tonight, according to those who are most familiar with his career and his writings.

Years of Mr. Sarett's life have been spent in the forests, and on the waters of the wildest and most primeval spots he could find. He knows birds and animals, fish and lakes and trees and streams as few Americans know them, and his lectures are marked by the simple and sympathetic beauty which characterizes the outdoor world with which he is so delightfully familiar.

Mr. Sarett's lecture will be preceded by a short concert by the high school orchestra.

The program will begin at 8 o'clock, members of the Community Educational bureau, under whose auspices it will be given, announce.

Warren S. Stone, head of the Brotherhood of Locomotive Engineers, born at Ainsworth, Iowa, 64 years ago today.

Let Kellogg's Bran free your children from that dangerous disease—constipation

Children are subject to constipation. In the excitement of play, they neglect themselves and foster this dread disease. More than forty other diseases can be traced to constipation. Don't delay. Begin at once to cleanse their systems of the dangerous poisons.

Kellogg's Bran sweeps the intestine clean—and purifies it. It drives out the poisons which undermine your children's health. It makes the bowels function regularly and naturally.

Kellogg's Bran, cooked and crumbled, is guaranteed to bring results if eaten regularly, or your grocer will return your money. It is guaranteed because it is ALL bran! Nothing but ALL bran can be 100 per cent effective. Kellogg's Bran is recommended by doctors everywhere—they know from experience that it brings results.

Have your children eat it regularly—two tablespoons daily—in chronic cases, with every meal. They will like its wonderful, nut-like flavor—so different from common bran which is most unpalatable.

As a cereal, with milk or cream, they will enjoy Kellogg's Bran, cooked and crumbled. Sprinkle it over other cereals. Cook it with hot cereals. Put it in delicious muffins, bread, griddle cakes and other recipes given on every package.

But start them eating Kellogg's Bran to-day. Start every member of your family eating it. Kellogg's Bran, cooked and crumbled, is made in Battle Creek and is served in individual packages by the leading hotels and clubs everywhere. Ask for it at your restaurant. It is sold by all grocers.

To Make Plans For Campaign

Plans for the participation of the Progressive Voters' League in the spring municipal campaign will be launched at a meeting of members of that organization to be held at the city hall tonight. "We expect to take an active part this year in city, state and national campaigns and we hope that a large attendance of both men and women voters will attend our meeting on Friday night," said C. C. Stephenson yesterday.

MARINETTE SLIPPING?

Money in the bank or character and health and good citizenship in a boy? Which is the more valuable asset to a community?

Down there they are just about at the end of an effort to maintain a mighty efficient Boy Scout executive.

These lads are the fathers, business leaders, industrial heads, employers and community builders of tomorrow.

Don't worry about those boys—they will have learned the lesson of citizenship splendidly by the time they are ready to function.

The Daily Press sincerely hopes that the Boy Scout movement in Marinette is not permitted to die of inanition.

It isn't particularly Escanaba's business, but just as a good neighbor, we would like to see those who are blocking the movement, go over on the other side of the street and look themselves over.

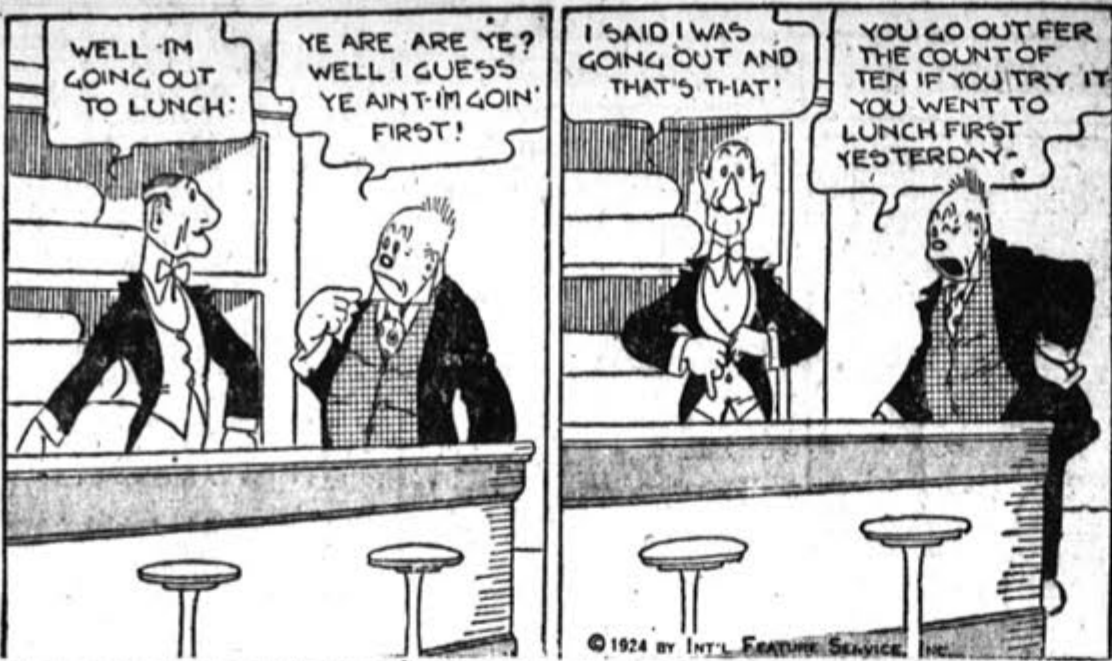

Here's hoping Marinette doesn't deliberately blind herself to her duty to her boys.

'The Doctor's Story'

BY JANE PHELPS. A NEW PROBLEM TO FACE. Chapter XVII. Laurita Hunt had given me little trouble for some time, and I was rejoiced that she so firmly tried to help me cure her of her craving for drugs.

She had shown her love for, and her pride in, young Holbrook when she introduced us. 'Yet I could not think of her marrying him without a shudder, a fear of their future. I had grown fond of my beautiful patient. I hated to hurt her. But she must marry—not for a long time. He was a New Yorker, would take her there to live. The quiet and calm of her home with her mother would be a thing of the past. Society would claim her again, excitement, and the resultant fatigue. I felt very serious as I entered my home, weighed down with a sense of responsibility for those two young lives.'

\$1,000 Accident Protection Available At Actual Cost.

A straight line is the shortest distance between two points. A Daily Press travel accident insurance policy is the cheapest, best protection you can throw about yourself or your family at a similar cost.

That is the straight line of co-operation which the Press is extending to you. Through an arrangement with the Inter-Ocean Casualty company, the Press has secured an accident insurance policy for \$1,000 for which it pays the company 75 cents.

The sum of 75 cents isn't much money. You will probably spend it within the next 36 hours and not be able to tell what you got for it.

POLICE CHIEF LISTS MOON BY A NEW SYSTEM

Every Liquor Seizure Is Now Reported To Lansing.

A new system of reporting liquor seizures under the prohibition law is being carried out by Chief of Police John A. Peterson and Sheriff Klaxstad, following instructions received from Harry H. Jackson of the Michigan Department of Public Safety. Under the new system, the local officers are furnished with report blanks, made in three sections. When any liquor is seized, the first of the sheets is filled out and sent to the department at Lansing. The second and third is retained by the local officer. The amount of liquor, date confiscated, and other details, are filled in on the blanks. On receipt of the second sheet, showing that the liquor is no longer needed as evidence, the proper officer will be sent up to destroy it. Two recent seizures were listed in the first report returned to Lansing yesterday by the chief of police.

Domestic Heroines In Our Homes

Women who lead a domestic life seem to listen to every call of duty excepting the supreme one that tells them to guard their health. As long as they can drag themselves around women continue to work. Necessity to keep on their feet all day when over-tired, or sitting in cramped positions day in and day out often brings on ailments from which women suffer tortures. For fifty years Lydia E. Pinkham's Vegetable Compound has been strengthening women and overcoming such ailments. Sickness and pain vanish under its influence and thousands of women have been benefited by it. Adv.

THINGS LOOK GOOD FOR THE LEGION'S "HOP"

Big Time Is Anticipated For This Evening

"We're all set for the biggest dance the Manistique Legion ever had," said the chairman of the dance committee yesterday, referring to the fifth annual Legion hop, which takes place at the K. C. Hall tonight.

Twelve well known Manistique residents have consented to act as patrons and patronesses, and the advance ticket sales have been going fast, so there is little doubt that the affair will be a big success.

The hall will be decorated with Legion colors, and the entire dance program will be pervaded with typical Legion "hop." Some unique and original features are to be added to the dance program, which will start at nine, and continue until one.

Ice Samples Show Splendid Quality Now

Samples taken of river ice in the vicinity of the shingle mill at Manistique have proven to be of excellent quality, and the ice was being hauled from there yesterday to fill the Goudreau ice house at the fishing docks.

Mr. Goudreau had originally intended to cut his ice on the north end of the flume near the bridge, but found that the current was too swift there, and the ice had not formed to a sufficient thickness for commercial use.

Mrs. Ann McNally, who has been receiving treatment at the Rutledge hospital for an affected finger, left Wednesday for her home in Gould City.

SECURED RELIEF THROUGH FOLEY PILLS.

John R. Gordon, Danville, Ill., writes: "I have suffered with kidney trouble five years; could not sleep at night and was always tired. I was not strong and hard work made my back ache. I got some FOLEY PILLS and after a few treatments I felt better and could work with more ease, became stronger and could sleep better." FOLEY PILLS are a diuretic stimulant for the kidneys, make them more active. Get a bottle today. Sold everywhere. Feb.-Wed.-Fri.-Sun.

"BUM" CHECKS COVER COST OF WEDDING?

E. J. Robitaille Arrested On Complaint of Manistique Merchant.

Marriage brought more than the usual share of trouble to Edward J. Robitaille, 24, of Marquette, who was brought to Manistique Thursday by Sheriff M. Klaxstad to answer to a charge on issuing bad checks to a Manistique merchant.

Robitaille said that he had issued the checks to pay the railroad fares of himself and wife, following their wedding, which took place at Manistique a week ago.

Arraigned before Justice W. A. McKinley Thursday morning, the young man frankly admitted, after the spurrings checked, and told of the conditions that led to his offense. He had intended to cover all of them as soon as he had returned to work at Marquette, but on his arrival in that city found that his working clothes had been stolen.

Not having any funds to buy more, he had been unable to go back to his job with the City Gas Company, and was without work when Sheriff Klaxstad sought him out at Marquette this week.

Robitaille said that he had come to Manistique from Escanaba on a visit, accompanied by the young lady whom he married at Manistique. At that time they had not contemplated marriage, he said. Their fares to Manistique on that trip were paid by Joseph Weber, of Manistique, he declared. It was in Manistique that the couple suddenly decided to get married, and sought out a justice of the peace, who performed the ceremony. At that time Robitaille had also become involved in some trouble over a check tendered by R. Nelson, local tailor and dry cleaner, but this matter was adjusted when he refunded the amount of the check to Mr. Nelson.

His bride then decided that she must go back to her work at Escanaba, and the young husband decided in desperation to take a chance and issue other checks to provide the needed funds. One of these checks were taken by Jos. H. Van Dyck, local grocer, who made the complaint for Robitaille's arrest.

"I didn't realize then how serious the thing was," he told the judge, "but I do now."

Mrs. Robitaille was absolved of any blame in connection with the checks by her husband's statement, "she's a little little woman," he said.

He told authorities here of being employed by the Marquette gas company, where he had worked steadily all last summer. The money he earned had been spent for a seven passenger Hudson sedan, which he was later forced to give up, and he was practically penniless when he decided to marry the young lady from Escanaba while visiting relatives of both at Manistique.

Robitaille is an ex-service man, and was wounded and gassed at Chateau-Thierry. He saw service with a machine gun company of Marines in the Second Division during the late war.

C. VAN THORRE WILL SELL HIS BUSINESS HERE

Plans Extended Visit To Home In Belgium

Leaving his wife in charge of his business at Manistique, Chaas Van Thorre left this city last week, contemplating a trip to his home country, Belgium. Reports yesterday were that Mr. Van Thorre was in Lansing, where he was arranging some details regarding his passport.

Mr. Van Thorre has been a resident of Manistique for several years, and has built up a good trade in candies, soft drinks, ice cream, fruit, etc., at his little store on the west side. He also operated the concession at the baseball park here last summer, and though handicapped by the loss of one arm was able to give the fans good service.

It is understood that Mrs. Van Thorre will dispose of the business in this city, and a deal was reported to be pending yesterday for the sale of the place.

County Agent In Lansing For "Farmers' Week"

County Farm Agent T. R. Shane Thursday for East Lansing where he will attend the county agents' conference at M. A. C., also the "Farmers' Week" meetings sponsored by the agricultural college, beginning on February 4.

Farmers' Week has come to be the biggest agricultural conference held in Michigan. Each year thousands of farmers and their families gather for the week at the College, where they hear national leaders discuss economic and agricultural questions, view interesting exhibits and displays, and take part in the general consideration of vital topics.

Entertainment and education are mixed in equal portion during the program of Farmers' Week. Music, moving pictures, pageants and social hours are balanced off against the more serious side of the schedule, which is devoted to educational work on almost all phases of agriculture and rural life.

Separate programs and exhibits are planned for the women who attend Farmers' Week. Making their headquarters in the College Woman's Building, they spend a week filled with interesting and valuable meetings and special conferences.

MANISTIQUE TEAM PLAYS HERE TONIGHT

Double Header Is On Schedule at High School Gym.

Gladstone's basketball followers will have a double header on their schedule tonight at the high school gymnasium, when the Manistique quintet meets the Gladstone team in what promises to be a hard fought game and the Manistique girls play the Gladstone girls in the first inter-city game of the season.

The girls' game will begin promptly at 7:30 o'clock. Both teams have been training faithfully and considerable rivalry will mark tonight's contest. The referee has not been announced.

The lineup selected yesterday by Miss Ethel Bennett, coach, is: Christine McMillan, jr.; Kathleen Brophy, jr.; Lucille Budzis, jr.; Marie Caron, jr.; Grace Hood, jr.; Norma Johnson, jr. Substitutes will be Evelyn Johnson, jr.; Mabel Skogquist and Genevieve Lewis, jr.

The big game promises a real contest. Gladstone twice trimmed Manistique in basketball last year and once last season and once this season won from the Schoolcraft players in football and Manistique is coming here today with the determination to do considerable evening up on past counts.

The Manistique team, it was said yesterday, is a fast aggregation. The team has the services of Gonyea, forward of last season and star guard this year and of two other men who have played against the purple and white and have a fair idea of Gladstone's style of basketball.

"We expect a hard fight Friday night," said Coach Gordon yesterday. "We may be somewhat ragged but we are going to give them the best that we have."

The line, which will be minus Peeney and Murdoch, star combination of the first semester games, is: Barry, jr.; Murphy, jr.; Bjork, c.; Gerdalau, jr.; Kircher, jr.; Myron Goodman, Edward Berg, Aino Karjala, substitutes.

A. S. Williamson of Gwinn will referee.

FUNERAL OF LEO CARRIER AT CHICAGO

Funeral services were conducted Wednesday at St. John's Cathedral in Chicago for Leo Carrier, former Gladstone resident, who passed away Monday evening following an illness resulting from an operation performed several days ago. Burial was made in Chicago.

Mr. Louis Marlan of Trout Lake and Mrs. W. Gamaache of Gladstone, sisters of the young man, and Wilfred Carrier of Escanaba, and Joseph Carrier of Iron Mountain, brothers, all of whom were at the bedside when death came, attended the services.

Mr. Carrier was well known here and esteemed by all those with whom he came in contact and his death has brought sorrow to his many friends.

OFFICERS OF GUILD ARE RE-ELECTED

Officers of Trinity Guild of the Episcopal church were re-elected to serve during the coming year at the special meeting held Wednesday afternoon in the parlors of the church.

They are: Mrs. Leonard Clapp, president; Mrs. Frank Locke, vice president; Mrs. Edward Lawin, secretary and Miss Avis Johnson, treasurer.

A report on activities of the Guild during the year just past was also made and proved most satisfactory to all members of the organization.

HIGH SCHOOL TO ENTERTAIN FOR VISITORS

Members of the Manistique basketball team and their coach will be the guests of the Gladstone high school tonight following the game at a supper which will be served in the kindergarten building.

The affair will be in the form of reception for the visitors from Manistique. Members of the high school faculty will also attend as chaperones.

Plans for the supper are being carried out by a group of committees appointed from the student body.

RUNEBERG TO GIVE DANCE ON SATURDAY

Grouleau's orchestra has been engaged to play for a dancing party which will be given Saturday evening at Wasa hall by members of the Order of Runeberg.

The party Saturday night promises to be one of the most pleasing affairs undertaken by the Runeberg members. In addition to the dance, selections, which will include the latest music, a program of songs, violin and piano solos and readings will be given.

The dance will be the second of a series at which the organization is entertaining.

Committee Aids At Card Party

A second committee, whose members assisted in making the card party, given by Mrs. James Lavelle at her home Monday evening for the benefit of Rainbow troop of Girl Scouts, a success, was announced yesterday by Mrs. Lavelle. The girls who served on the committee during the evening were Misses Jeanette Fulton, Rose Van Damme, Evelyn Vanderweghe, Mary Stock and Myrtle Shipman.

WINNERS IN CONTEST ARE ANNOUNCED

Inter-Society Program At High School Attended By Many.

Dorothea Johnson will represent the Gladstone high school in the sub-student oratorical contest as a result of winning first place in oratory in the annual Philomathian-Thespian oratorical and declamatory contest held at the high school auditorium last night. Her oration was entitled "Value of Physical Education." Alice Fox won second place.

Michael Kinsella and Mildred Cole were winners of first and second places, respectively, in the declamatory contest. They will later meet Ruth Noreus and Myrtle Shipman to decide the high school declaimer.

The Philomathian Society were easy victors, gaining 13 points to the five earned by the Thespians.

The decision was made by Supt. W. E. Olds, Principal R. E. Cheney and William Sullivan of the Escanaba high school.

Considerable ability and the results of careful training were shown by all of the contestants and reflected considerable credit on Matthew Wagner, leader of the Philomathians and Miss Esther Baldwin, director of the Thespians.

Society colors, yell and orange were everywhere in evidence and the spirit of rivalry, shown between followers of the two societies mark of the entire contest.

Medical numbers given during the time the judges were reaching their decision were pleasing and were decided.

The contest opened with a talk by James T. Jones, member of the board of education, who presided as chairman, followed by introductory remarks by Principal C. C. Strickland. The complete program given was:

Declamation: "Give Me Liberty or Give Me Death," Patrick Henry—Mildred Cole. "The Effect of the Death of Lincoln," Henry W. Beecher—Marie DeVost. "Magnanimity," Harry E. Forsdick—Anita Rosenblum. "The Minute Man of the Revolution," George W. Curtis—Michael Kinsella. "A remnant of Barbarism," Alice Fox. "The Soldiers' Bonus"—Virginia Fisher. "The Forty-ninth Star"—Violet Struble. "The Value of Physical Education"—Dorothea Johnson. Music: Cornet Solo—George Empton. Violin Solo—Noel Swenson.

DRESS-UP PARTY IS SUCCESSFUL

Featured by games, dancing and surprise stunts, the dress-up party at which Mrs. Mary Henke was hostess Wednesday evening at Wasa hall, proved a pleasant affair.

A large crowd of young people attended and the girls enjoyed every minute of the program arranged for their entertainment. Refreshments were served at the close of the party.

Mrs. George Beveridge was awarded a prize for having the best dress-up costume.

FAREWELL PARTY IS ENJOYABLE

Mrs. W. C. Swanson was the guest of honor at a delightful farewell surprise party given Wednesday evening at the P. J. Lindblad home by a party of fifty members of the Swedish Mission church congregation.

The affair was arranged by the young people of the church and all arrangements kept secret, the party coming as a distinct surprise to Mrs. Swanson.

Games, music and other social amusements were enjoyed by the guests during the evening and a delicious lunch was served. Mrs. Swanson was presented with a beautiful bridge lamp and a set of linens, as slight tokens of the esteem in which she is held by her many friends.

Mr. and Mrs. Swanson and their daughter, Jane Leone, will leave next week for Iron Mountain where they will make their home.

CAMP FIRE GIRLS HOLD CEREMONIAL

Girls of the Gladstone Camp Fire circle and their leaders and invited guests met Tuesday evening at the kindergarten building for the Camp Fire ceremonial.

The meeting was in charge of Miss Roberta Davis. Of the honorary ranks conferred at the ceremonial the rank of torch bearer, the highest honor conferred in the Camp Fire organization, was taken by three Gladstone girls, Ida Lindberg, Linnea Anderson and Alma Denno, the first girls to win that distinction here.

The rank of fire maker was taken by two girls, Charlotte Marble and Anita Rosenblum and the rank of wood gatherer by Wava Moore and Fern Woodhall. The meeting Tuesday night was attended by members of the local circles and all leaders, the Misses Marion Cameron, Ruta Beneshok, Eva Baker, Roberta Davis and Avis Johnson.

NORTH LANDS WIN FIGURE SKATING TEST

Hockey Title Probably Between U. S. And Canada.

(By The Associated Press.)
 CHAMPELAIN, France, Jan. 31.—Champion today again assumed the lead in the nip and tuck battle with Norway for first place among the nations competing in the Olympics winter sports, by winning second place in the figure skating competition for couples. First honors are certain to be taken by one of the two northern countries, and will be decided by the remaining ski events, at which both countries are the greatest exponents, with prospect favoring Norway. No other country has a chance for first position.

In the hockey contests today the United States team, playing well within itself, defeated England, 11 to 0, thereby reaching the semi-finals. The Canadians have already reached the semi-finals, and tomorrow the Americans will play Sweden, the second team in the second half, and the Canadians will meet the English players. On an estimate of the form displayed thus far it would appear that Canada and the United States will fight it out for first honors.

Bob Sleigh Chute.
 The bob sleigh chute has been voted the most difficult in the world to negotiate safely by a majority of the exponents of the sport gathered here for the competition, which will begin Saturday. Accidents on the high banked turns and sharp corners have already accounted for four entries out of the original twelve. Belgium, France, Great Britain, Hungary, Italy and Switzerland, will be represented in this event. One crew each of the Italians, British, Belgians and French has already been put out of commission. Of these Count De La Fregoliere, of France, and Brownie, of the British crew, regarded as probable winners, suffered broken bones.

Bones Broken.
 The French captain broke an arm yesterday, and the accident to the British crew, which happened during practice today, resulted in the fracture of both of Brownie's legs. The bob sleigh at the time was traveling fifty miles an hour and it leaped six feet into a snow bank. The American ski team decided to try the Olympic-ski take-off this afternoon, in spite of the expressed determination to await the actual competition. The showing of the men was not particularly good, Carleton alone clearing over 30 meters. None of the men turned in 100 feet, while the Norwegians and Swedes were regularly jumping 130 to 140 feet.

LOCKWOOD ON FIRING LINE FOR COOLIDGE

(Continued from Page One)

of President Coolidge," he said, "who, immediately the facts came to light, announced his purpose to prosecute every wrongdoer vigorously with the ablest counsel it is possible for the government to employ, representing both the great political parties."

The "unblemished" record. Chairman Hull has invited attention, Mr. Lockwood said, to the "unblemished record of honest and faithful service" under Democratic rule, it would be in order to recite "just a few of the high spots of the last Wilson administration." Some of those listed were as follows:

"Bought 41,000,000 pairs of shoes for 3,500,000 soldiers."
 "Bought 149,456,611 bread cans, or 42 for every man under arms."
 "Paid out \$484,425,556 on claims presented after the war, many of them without contracts."
 "Spent \$20,000,000 for coke which produced no coke."
 "\$25,000,000 on piecemeal plants that produced no acid."
 "\$127,661,000 for terminals and docks, at which no ship ever tied up."
 "\$116,000,000 on poison gas plants that furnished no gas."
 "\$4,000,000,000 on ships which took no part in winning the war."
 "Eleven billion dollars was loaned to foreign nations without evidence of indebtedness, making collection impossible except by negotiation."

Some Horse Trappings.
 "Purchased 945,000 saddles, 1,000,000 sets of double harness, 1,148,000 horse covers, 2,850,000 halters for the 391,000 horses and mules used in the army; purchased 195,000 copper-tipped iron shoes to brand the government's 391,000 horses and mules; bought \$21,000 of ambulance harness when our ambulances were motorized."
 "Spent \$206,432,920 for sixteen national army systems, built by the cost plus system, which could have been built for \$128,101,339; spent \$620,200,000 for camps and cantonments in the cooperative-estimated waste and gain was \$400,000,000; \$60,000,000 to build a powder plant at Nitro, Va., which never produced a pound of powder; \$90,000,000 constructing and operating

Press Derby Skaters Will "Do Their Stuff" In One Fast Quarter-Mile Heat

Fifteen finalists, representing six grade schools of the city, will face the stater tomorrow afternoon in the finals of the first annual Daily Press Grade School Ice Derby.

Acting on the advice of physicians and professional men here whose work puts them in close touch with boys, it has been decided not to skate the finals in heats. It was pointed out that virtually all of the lads are between 11 and 13 years of age and that one quarter-mile race is all that youngsters of that age can undergo without endangering their strength and endurance. If it is found that the track is not wide enough to permit all of the boys to start, comfortably from the same mark, the "opposite sides" plan will be employed. The race was planned and promoted with the idea of encouraging healthful outdoor sport. When the criticisms of the "heat" plan announced yesterday reached the Press, opinions of some of the best informed men in the city along physical lines were solicited and these men were unanimous in their opinion that lads of grade school age should not be expected to go more than a quarter mile at top speed. Consequently the change was made.

One Qualifier III.
 The Jefferson school's squad was reduced to two last night when it was learned that Michael Gallagher, ten-year-old sixth grader from that building will be too ill to don the steel blades. The youngster had attracted considerable attention from veterans at the rink, and his illness will be felt by the Jefferson team. His brother, Dan Gallagher, Jr., another promising youngster, will be on hand and with Milton

Lohman Gets The Decision Over Siki

(By The Associated Press.)
 MINNEAPOLIS, Minn., Jan. 31.—Joe Lohman, of Toledo, outpointed and outboxed Siki Sengalese pugilist in their ten round contest here tonight according to morning newspapermen. Lohman weighed 176 1/2 and Siki 179 1/2. Lohman was on the aggressive most of the time and landed most of the punches. The Senegalese several times forced Lohman to back up.

In the seventh round, Siki, swinging a right hand punch, knocked Lohman clear across the ring and up against the ropes on the other side where the Toledo fighter hung dazed for a moment. Lohman was jeered by the crowd in the tenth round when he slipped and as Siki attempted to help him to his feet Lohman cut loose with rights and lefts. The Senegalese only smiled and shook hands.

Lombard Defeats Western Normal

(By The Associated Press.)

Logging Rate Case Dismissed By State Body

(By The Associated Press.)
 Lansing, Mich., Jan. 31.—The state public utilities commission today dismissed the logging rate case instituted by the Kneeland, Bigelow Company against the Michigan Central Railroad and the Bay City Transportation Company. The case has been hanging fire for more than a year. The complaining company, representing mills in Saginaw, Bay City, Gaylord and Grayling, charged that unfair and discriminatory rates were in effect on carlots of logs from points along the Mackinac division of the Michigan Central to its mills. It objected particularly to a 15 per cent increase granted by the Michigan railroad commission and the interstate commerce commission in 1918.

Boston Wins Overtime Tie

(By The Associated Press.)
 Boston, Jan. 31.—Playing to break the tie which remained unbroken at the end of 95 minutes of play in a recent overtime game, the Boston A. A. hockey team tonight overwhelmed the Maple A. A. team also of Boston, 7 goals to 1, in a United States Amateur Hockey League contest.

1917.—The Canadian parliament unanimously voted a war credit of \$500,000,000.

UMPS CHANGED 4 HOURS LATER

Illinois Athletic Director Tells Billy Evans of Wierd Verdict.

By BILLY EVANS.
 George Huff, director of athletics at the University of Illinois, is one of the leading figures in the college baseball world. Huff, before assuming the directorship of athletics at Illinois, was the baseball coach and succeeded in turning out many championship teams.

For years, after the close of the college baseball season, Huff put in the summer scouting for some major league ball club. Naturally his duties carried him to all parts of the country. He saw baseball as it is played and umpired under all kinds of conditions. Huff, always a believer that the word of the umpire is final and should never be disputed, is of the opinion that he saw the most unusual decision ever made by a baseball umpire.

Changed It Four Hours Later.
 The decision was made at nine o'clock in the evening from the third story window of a hotel. It came about four hours after the game had suddenly been terminated by a decision that failed to please, yet it seemed to satisfy most of its hearers. However, I will let George Huff tell the story as he told it to me.

"Speaking about freak decisions I don't believe one was ever made that is in the same class with what happened one day at Decatur, Ill.," said Huff. "I was scouting for the Boston American League club at the time and had dropped into Decatur to look over a player who had been highly recommended."

"The game was a corker. When the home team went to bat for the last half of the ninth the score was tied. With two down and a runner on second the batsman singled to left field and, of course, the runner on second broke for the plate with the winning run. The fielder made a perfect throw to the plate, the decision was so close I had no idea how it would be given from my seat in the grandstand. The umpire called the man out, retiring the side and apparently sending the game into extra innings."

Tenth Inning Started.
 "The tenth inning was never started. Inside of a minute the umpire was the center of a seething mob of fans, all demanding a fight. He was rather roughly handled, but the police managed to finally get him away from the crowd and rushed him to his hotel. Dinner was served to him in his room, but I doubt if he ate very much of it. I had dinner at the same hotel and shouts of the angry mob outside could be plainly heard, the fans having transferred themselves from the ball field to the street in front of the hotel."

"After dinner I mingled among the crowd. I soon realized that it would be foolish to champion the case of the umpire, unless I wanted to be similarly handled. About nine that evening as I was standing a short distance from the hotel, I heard the shouts:

"There's the robber." I hurried back to the hotel and got there just in time to hear the umpire say from the open window in his room:

Fans Satisfied.
 "Gentlemen, I have decided that runner at the plate was safe, Decatur won the game."

"The strange part of it was the belated ruling seemed to satisfy the fans, who disappeared, making it possible for the umpire to get the midnight train out of town for his next assignment. Beat that one if you can for a weird decision."

Ask Molla To Enter Olympic As Norwegian

(By The Associated Press.)
 New York, Jan. 31.—Mrs. Molla Bjurstedt Malfrid, seven times national women's tennis champion, who has been barred from competition for the United States in the Olympics, is eligible to represent Norway, her native land, if she desires to do so. This question, a subject of uncertainty for several weeks, was settled definitely today in an invitation extended to Mrs. Mallory to compete for Norway.

The invitation sent by the president of Norwegian Lawn Tennis Association, informed Mrs. Mallory that French Olympic authorities had given official assurance that she is fully qualified to represent her native country, though now an American citizen by marriage. The former title holder declined to say whether she would accept.

Thompsonites Leave on Two-Game Jaunt

The Escanaba high school basketball team will leave this morning for Crystal Falls, where the Thompsonites will battle the Iron County capitalists tonight.

Tomorrow night the Orange & Black will appear on the Ironwood floor for the first athletic tilt between the schools since Escanaba met "Red Devils" in the finals of the Up-State basketball tournament nearly a year ago.

Both Crystal Falls and Ironwood have excellent teams and two hard battles are expected by the coach, who is taking ten men on the trip.

Resume Practice For "Fairy Rose"

Several teams of bowlers from this city will enter the Upper Peninsula tournament, to be held shortly in Marquette, it was announced yesterday at the Arcade alleys. Escanaba will invite the up-state bowlers to meet in Escanaba in 1925 for their annual pin-spilling festival.

Married and Single Men to Face Maples

Two Daily Press bowling teams—Married Men and Single Boys will meet at the Arcade Sunday afternoon to settle a dispute of long standing over their ability to upset the maples. "Red" Travers, Associated Press telegrapher, is captain of the singles; the doubles will be led by John McCarthy of the Mergenthaler brigade. The struggle hold will be barred.

Boston Wins Overtime Tie

(By The Associated Press.)
 Boston, Jan. 31.—Playing to break the tie which remained unbroken at the end of 95 minutes of play in a recent overtime game, the Boston A. A. hockey team tonight overwhelmed the Maple A. A. team also of Boston, 7 goals to 1, in a United States Amateur Hockey League contest.

1917.—The Canadian parliament unanimously voted a war credit of \$500,000,000.

GENERAL LIST MOVES UPWARD

Favorable Trade News Has Marked Influence In Trading.

(By The Associated Press.)

STOCK SALES SUMMARY.
 Total stock sales, 1,312,600 shares.
 Twenty industrials averaged 100.53, net gain .58.
 High 1924, 100.75; low 94.83.
 Twenty railroads averaged 84.90, net gain .26.
 High 1924, 85.90; low 82.74.

New York, Jan. 31.—Selling pressure was lifted from today's stock market and the general list moved to higher ground on buying influenced by the prospective reduction of 1923 income taxes, a series of good earnings statements and favorable trade news including a reported increase in steel operations.

Trading was comparatively quiet in the first three hours but an active resumption of pool operations in the afternoon sent shorts scurrying to cover and imparted a buoyant tone to the whole market. American Can, selling ex-dividend 2 1/4, touched 121 and closed slightly below that figure for a net gain of four points. Baldwin hit 125 1/2 and then slipped to 125 1-8, up 2 5-8; Studebaker sold as high as 10 1/2 and closed just below that for a net gain of 2 3-8 and United States Steel again moved up 1 1/2 to 107.

Motor Group Strong.
 Motors gave one of the best demonstrations of group strength. General Motors was the individual favorite, touching 16, and closing at 15 3/4. Dugout closed 7 1/4 higher at 123 3/4. White Motor Company gained 3 points and Chandler Mack Truck, Stewart Warner, Stromberg Carburator and Hays Wheel about two each.

Philip Morris touched a new high for the year at 23 3/4, and American Tobacco "B", Tobacco Products and Schulte showed gains of 1 3-8 to 2 1/2 points.

Other active strong spots in the industrial group included General Electric, Famous Players, Marine preferred, American Ice, Beecham Packing, California Packing, Computing, Tabulating and Recording, Laclede Gas, Pierce Oil preferred and Westinghouse Air Brake, all up 2 to nearly five points. Pacific Oil and Associated Oil touched new 1924 tops at 57 1/2 and 34 1-8, respectively.

Southern Railway Up.
 Establishment of a new record for all time at 46 7-8 by Southern Railway, a gain of 2 1/2 points, was the outstanding feature in the railroad group. Good buying also was noted in the Standard dividend payers.

Short covering by European speculators imparted strength to British exchange in the local foreign exchange market, demand sterling jumping more than five cents to \$4.31 1/2, and then easing slightly. French francs held fairly steady, just below 4.70 cents.

Money rates were firm. Call money opened at 4 1/2 and then advanced to 5. Time money was practically on a 4 1/2 per cent basis today. Trading in commercial paper was quiet with no change in rates.

CHICAGO BUTTER.
 Chicago, Jan. 31.—Yesterday's decline in the butter market here proved too radical and today prices reacted upward a half to one cent on 55 score and above and on central carlots.

Fresh butter: 92 score 56.
 Central carlots: 90 score 50 1/2.

Seventy years ago today the first train was run over a uniform gauge from Buffalo to Erie and Chicago.

Steel Workers Can Buy Stock In The Industry

(By The Associated Press.)
 Buffalo, N. Y., Jan. 31.—Inauguration of an employees' saving and stock ownership plan by the Bethlehem Steel Corporation, was announced tonight by Eugene G. Grace, president, speaking at the annual meeting of employees' representatives at the Lackawanna plant. The corporation, he said, would assist its employees to purchase its seven per cent cumulative preferred stock on easy payment.

Recent extension of properties and re-arrangement of the financial structure of the corporation, Mr. Grace explained had made possible the offering.

He felt the arrangement would help to round out the complete program of activities intended to create closer relations between the management and employees.

The employees will be permitted to subscribe for one share of stock for each \$400 of annual earnings, under the plan. The offering price for the first year has been fixed at \$4 a share, with credits for dividends and interest charges reducing the net cost. Special bonus payments on the stock ranging from \$1 to \$5 a share over five years will be made, Mr. Grace said, as an added incentive to employees to hold the stock and continue in the employ of the corporation.

Rickard Sued For Sandwich Concession

(By The Associated Press.)
 New York, Jan. 31.—David Lantimber, who paid Tex Rickard \$10,000 for the privilege of selling sandwiches, soft drinks, cigars, cigarettes, and programs in Madison Square Garden last year, brought action in supreme court today to force the promoter to give him the contract for another year at the same figure.

Lantimber presented an order from Justice Guy, directing Rickard, as manager of the old and the new Madison Square Garden corporations, to show cause why the contract should not be extended and the defendants enjoined from seeking the concessions to Leo Cooks, another bidder.

Justice O'Malley gave both sides until tomorrow to file additional affidavits.

WOMEN PROTEST SALE OF ARMS

Democratic "School" Approves Joining World Court

(By The Associated Press.) Cleveland, O., Jan. 31.—The Democratic women attending their "school of democracy" were asked today to make formal protest against the sale of arms to the federal government of Mexico by the United States and to approve entrance of the United States into the world court.

Subjects attempted ranged from "husbands of political wives" to "political cooperation"—all discussed amid criticism and friendly hecklers.

Actual school sessions of the day were occupied mainly with explanation by Mrs. Halzey Wilson, of New York, of the proper manner of introduction of a subject for discussion.

The league of nations was discussed tonight by former Secretary of War Newton D. Baker.

INTERIOR DEPT. BILL IS PASSED BY THE HOUSE

Carries 262 Millions To Meet Present Requirements

(By The Associated Press.) Washington, Jan. 31.—The first of the dozen annual supply bills which congress must dispose of before adjournment—that carrying \$262,000,000 for the interior department—was passed today by the house before which it had been pending for three weeks.

Contending that this retrenchment would save the government \$173,000 a year without impairing service, Representative Gramton, Republican, Michigan, in charge of the bill, demanded a roll call on the amendments.

Robert Deland of Milwaukee, has built an eight tube super heterodyne radio set, which gets Los Angeles so loudly that not only it can be heard all over the house, but out-doors as well.

"Up She Goes" Is Presented to Packed Audience at Delft

"UP SHE GOES" Presented by William A. Brady, Ltd. Book by Frank Craven. Music by Harry Tierney. Lyrics by Joseph McCarthy. Staged by Frank Craven and Bert French.

Albert Bennett started to build a house all of his pretty-near relatives-in-law started to complete it for him, and the house that Bert built became the storm-center, the plot-germ and the background for "Up She Goes," a Frank Craven musical comedy, staged by William A. Brady and presented to an overflow audience at the Delft theatre last night.

Very briefly the story deals with the plans of Albert Bennett and Alice Cook for a home of their own in the suburbs. The foundation has just been completed when the play starts.

Frank Andrews, and Ella Mayer, close friends of the builders are the first to toss sand on the skating pond. Then along comes Albert's Uncle Bob who offers an aggregation of unwelcome suggestions concerning the form, size and contents of the bungalow.

TAKE STEPS TO INSURE RELIEF

U. S. Stops Sale of Savings Certificates in Northwest

(By The Associated Press.) Washington, Jan. 31.—The government by stopping the sale of its treasury savings certificates in seventeen western and middle western states, today stepped aside, so that available local funds hereafter, may be applied to the relief of agriculture and banks in the stricken credit area.

The suspension of sales, which effectually removes the certificates from the money market, applies to North Dakota, South Dakota, Minnesota, Wisconsin, Iowa, Missouri, Kansas, Nebraska, Texas, Arkansas, Colorado, Wyoming, Utah, New Mexico, Idaho, Arizona and Montana.

JUNK DEALERS FACE "STOLEN GOODS" CHARGE

Daniel and George Nimzinski, Local Junk Dealers, Will Be Arraigned Before Judge C. D. McEwen in Justice Court at 9 o'clock this morning on charges of receiving stolen property.

The Nimzinskis—father and son—are alleged to have purchased copper and brass articles stolen by others from the Delta Chemical company at Wells. The name of the person who is alleged to have stolen the metal was not revealed by the sheriff's office, but it was hinted that he will be a "state's evidence" witness.

The Nimzinskis were emphatic yesterday in their denials that they knew the property was stolen, and it was said that they are prepared to offer substantial testimony along this line.

Officials of the Chemical company said yesterday that losses of metals through theft recently have been heavy and that they expected to use every means in their power to break up the practice. The present case, it was hinted, is only one of a series of steps which will be taken in the campaign.

Rev. Tollefson will speak again tonight taking as his subject, "The Slums of High Society." He will speak in the English language. A cordial invitation is extended to the general public to be present.

Will Continue To Segregate Hard Prisoners

(By The Associated Press.) Lansing, Mich., Jan. 31.—The practice of segregating prisoners so that so-called "hardened criminals" for whom there is believed to be little chance of reformation, are sent to the branch prison at Marquette, will be continued, Governor Groesbeck said today. It is expected that when improvements at the upper peninsula branch are completed, probably in February, it will be possible to transfer practically all prisoners of this type.

The plan adopted shortly after Governor Groesbeck took office, was to send young, short term offenders to Ionia, major criminals, believed amenable to reformation, to Jackson, and hardened criminals to Marquette. The plan has worked out well, according to the governor.
