

SENATE VOTES FOR DENBY RESIGNATION

OLD ISSUES DISCARDED IN FAVOR OF OIL

CLEAN GOVERNMENT IS TO OVERSHADOW ALL ELSE.

BY DAVID LAWRENCE. (Copyright 1924, by the Escanaba Press.) Washington, Feb. 11.—Clean government will be the paramount issue of the 1924 campaign.

Taxation has been overshadowed. The soldier bonus will be disposed of by a compromise. The Democrats will take the offensive and ask the country to return them to power on the ground that their record of administration was not sullied by any misuse of power.

The air is full of rumors and everywhere one goes there are whispers all tending to incriminate persons of prominence with a misconception of their relationship to the positions they hold. If half the stories which are being talked about are ever brought out under oath before the Senate investigating committee, the sensations of the past three weeks will be tame compared with the disclosures to be made.

Who "Tipped It Off?" Boiled down to fundamentals, the big question is who in the government knew ahead of time about the making of the oil leases. Who tipped off friends so that operations in the stock market might be profitable? Who in the government is engaged in stock market speculation based upon the acts of the government itself? And where shall the line be drawn between speculation and investment?

The usual tales of the round-about efforts of the oil companies to gain favor are being told and while no one is talking about outright bribery there are suspicions being expressed that favors were extended in order to bring about a favorable viewpoint toward the leasing of the oil reserves to private interests.

One of the most perplexing phases of the controversy is the difference of opinion which seems to exist with reference to the true value of some of the oil leases now under investigation. Responsible persons are making the statement that some of the leases in question are really of doubtful value and that the owners know it but that the latter had to keep on making public statements about the amount of money expected to be made out of the leases in order to bolster up on the stock market the value of the stocks of particular oil companies involved.

LINCOLN

BY BERTON BRALEY. A LITTLE awkward and a little rough. Yet fit to walk with commoners or kings. A heart that leapt at homely, simple things. And yet a spirit made of sterner stuff.

HE was the very soul, the sublimation of that America he died to save. In him we read the genius of a nation. Stalwart and tender, humorous and grave. By Fate unmoved, by love and pity awayed. Masterful, whimsical—and unafraid!

DAUGHERTY ASKS IMMEDIATE HEARING OF RESOLUTION IN CASE OF HIS RESIGNATION

"The Wolverine" Is Sentenced To 15 to 30 Years. (By The Associated Press.) Marquette, Mich., Feb. 11.—Joseph Perrin, "the Wolverine," who last September robbed the Republic State Bank of \$10,200 in cash and escaped in an automobile, today was sentenced to serve 15 to 30 years in the Marquette branch prison by Circuit Judge John G. Stone.

TEAMSTERS TO GO ON STRIKE BEFORE NIGHT. (By The Associated Press.) Chicago, Feb. 11.—Announcement that 8,000 teamsters will go on strike tomorrow was made today after wage negotiations of several weeks between local 371, comprising asphalt, grading and excavating teamsters, private garbage collectors and cinder haulers, and the contracting team owners' association had failed.

Thumb District Buried In Snow. (By The Associated Press.) Caro, Mich., Feb. 11.—The Thumb was digging out today from snow banks left by the week-end blizzard. Armies of shovellers were opening country highways. It was impossible for pupils and teachers in many localities to reach schools. No mail reached Caro Sunday from Vassar.

American Debt Funders Might Drop A Hint. (By The Associated Press.) Washington, Feb. 11.—The American debt funding commission probably will be called to meet soon to consider whether it will send a reminder to foreign governments advising that the commission awaits any funding offers they may have.

USE DYNAMITE IN ATTEMPTED PRISON BREAK

Desperate Convicts Kill Two Guards in Pittsburgh.

(By The Associated Press.) Pittsburgh, Pa., Feb. 11.—Led by murderers, bank robbers and other desperate characters, several hundred prisoners revolted at the Western Penitentiary here today, and made an ineffectual attempt to dynamite their way to liberty. Tonight the big prison, located on the bank of the Ohio river, three miles from the business district, was quiet, and the dungeons held those unruly men who had killed two prison officers in their bold dash for freedom.

Wreck Mates Gates. An explosion which wrecked the main gates and a section of the south wall, marked the beginning of the riot, in which guards, county detectives and city police took part. A number of prisoners aided the officers in their fight against the convicts. One of these, William Jasper, a negro, was shot while trying to rescue a guard.

FORD ON TRAIN KILLING THREE MEN INSTANTLY. (By The Associated Press.) Glencliff, N. H., Feb. 11.—A special train on the Boston and Maine Railroad bearing Henry Ford homeward from Boston to Detroit late today struck four sportsmen who were walking the track on their way to an outing club. Three of the party, brothers, were killed instantly and the fourth was seriously injured.

South Carolina Recalls Invite To Jim Reed

(By The Associated Press.) Columbia, S. C., Feb. 11.—After a vehement debate in which Senator James A. Reed of Missouri, announced candidate for the Democratic presidential nomination, was denounced as "a traitor to his country," and one who "should have been placed before a firing squad during the war," the house representatives tonight adopted a resolution recalling a recent invitation asking him to address that body.

DAILY ROBBERY OF BANK OCCURS IN DETROIT

(By The Associated Press.) Detroit, Feb. 11.—Four armed bandits this afternoon held up the private bank of Felix Delaura & Son, 1405 Watson street, and escaped with \$400 taken from the safe. The men escaped in a waiting motor car pursued by Orlando Delaura son of the proprietor, and Thomas Kirby, a customer, both of whom fired at the fleeing car, apparently without effect.

ACTION FOLLOWS FIVE HOURS OF DEBATE.

(By The Associated Press.) Washington, Feb. 11.—President Coolidge was advised by the senate today to ask for the resignation of Edwin Denby as secretary of the navy. A resolution declaring the secretary's retirement should be requested "immediately" was adopted, 47 to 34 and sent to the White House by special messenger.

Crowds Overflow Galleries. The vote in the senate came after five hours of debate heard by crowds that overflowed the galleries. (Continued on Page Two.)

What Congress Did Yesterday. (By The Associated Press.) The senate adopted, 47 to 34, the Robinson resolution requesting President Coolidge to call for the resignation of Secretary Denby.

FORMER STATE SOLON DIES. (By The Associated Press.) St. Joseph, Mich., Feb. 11.—Nelson C. Rice, 75 years old, pioneer resident of St. Joseph and former representative in the Michigan State legislature from Berrien county, died at his home here today from heart disease.

British Mine Strike Settled. (By The Associated Press.) Montreal, Feb. 11.—The wage dispute between the British Empire Steel Corporation and the Nova Scotia mine workers was settled today. Twelve thousand miners have been idle since January 16.

HERRIN QUIET UNDER GUARD

Young Deposed As Mayor—Sheriff Leaps From Car.

(By The Associated Press.) Urbana, Ill., Feb. 11.—George Galligan, sheriff of Williamson county, Illinois, who was brought to the Champaign county jail here today from Herrin where he is charged with the murder of Constable Caesar Cagle, said tonight that he had reconsidered his decision to resign his post immediately and go to Cuba as soon as he is cleared of the murder charge.

Leaps From Speeding Car. Williamson county deputies who brought Galligan here, said he was under the impression that he was being taken from his jail in the basement of the Herrin Elks' Club to be lynched and repeatedly begged them to save his life. South of Centralia he opened a door and leaped from the automobile which was traveling more than 30 miles an hour. He was unconscious when picked up.

TWO BADLY HURT IN AUTO CRASH ON SNOWY ROAD. (By The Associated Press.) Jackson, Mich., Feb. 11.—Jack Morea, about 20, of Leslie, lies at Mercy hospital unconscious from injuries received when the automobile in which he was riding went off the road and was wrecked four miles north of Jackson. Adam Russell also of Leslie, about the same age, is also in the hospital with bruises and perhaps broken bones. Two other youths were slightly injured. The accident was caused by two cars attempting to pass where the road was filled with snow drifts.

REVOLT BREAKS IN HONDURAS. (By The Associated Press.) San Salvador, Feb. 11.—The latest advices from Honduras report the principal towns in the western part of the country occupied by the revolutionists. In Copontique the military commander rebelled against the government and turned his forces over to the rebels.

Rebels Evacuate Jalisco Capital. (By The Associated Press.) Washington, Feb. 11.—A statement issued by the Mexican embassy today said the Mexican rebel forces had evacuated Guadalajara, capital of the state of Jalisco, as a result of their defeat at Ocotlan and that federal forces were expected to occupy the city tomorrow.

Col. Visscher Goes To Reward. (By The Associated Press.) Chicago, Feb. 11.—Colonel William Lightfoot Visscher, soldier, writer, raconteur and picture figure at the Press Club of Chicago died last night of heart trouble, aged 81. The Colonel was born in Owingsville, Kentucky.

RESOLUTION ADOPTED WITH 10 REPUBLICANS UNITING WITH DEMOCRATIC FORCES

(By The Associated Press.) Washington, Feb. 11.—The resolution asking President Coolidge to call for the resignation of Secretary Denby was adopted today by the senate. Democratic senators supported the resolution almost solidly and enough Republicans joined them to override the opposition of the Republican leaders. Some response from the White House is expected shortly. Heretofore officials close to the president have taken the position that the question of cabinet resignation is not one falling within the province of the senate.

The vote on the final roll call was 47 to 34. The resolution as adopted, says: "Resolved, that it is the sense of the United States senate that the president of the United States immediately request the resignation of Edwin Denby as secretary of the navy."

Coolidge Can't Be Stamped Into Hasty Act. (By The Associated Press.) Washington, Feb. 11.—President Coolidge answered the senate request for the resignation of Edwin Denby as secretary of the navy with the statement tonight that "no official recognition can be given to the passage of the senate resolution relative to the resignation of Denby." The executive declared he did not propose to sacrifice "any innocent man for my own welfare" nor retain in office "any unfit man for my own welfare."

COOLIDGE WILL SPEAK TONIGHT. (By The Associated Press.) Washington, Feb. 11.—President Coolidge in New York tomorrow night will make an address which, in the opinion of the managers of his contest for the Republican presidential nomination, will sound the keynote of his campaign. Mr. Coolidge does not regard his address, which will be delivered at the Lincoln birthday dinner of the National Republican Club, as a political address. The managers of his campaign agree with him that, as prepared, it is not a political speech in the commonly accepted sense but nevertheless consider it a comprehensive exposition of the president's views on a number of governmental problems and for this reason they will await with interest its reception by the country.

SUGAR BROKER ARRESTED FOR CROOKED DEAL. (By The Associated Press.) Detroit, Feb. 11.—Prosecuting Attorney Paul W. Voorhies today recommended issuance of a warrant for the arrest of Herbert B. Van Ness, 28 year old sugar broker, following a complaint by the National Refined Sugar company of New York that Van Ness had misappropriated 2,761,388 pounds of sugar valued at \$261,000. Van Ness is president of the H. B. Van Ness and Company and Van Ness Warehouse Company. The warrant recommended alleges two offenses, both in September of last year. In each, Van Ness is accused of converting 60,000 pounds of sugar to his own use. The New York company charges that last summer and fall the Detroit broker executed fraudulent consignment orders and misappropriated the sugar shipped to fill them.

HERO'S WELCOME AWAITS GRIFFIS

Will Be Paid Signal Honor In Chicago Today.

(By The Associated Press.) New York, Feb. 11.—A hero's welcome was accorded to C. Hoover, Griffiths, who arrived here on the American liner Albert Ballin today. Griffiths was recently released from a German prison to which he was sentenced after an unsuccessful attempt to bring Grover Cleveland Bergdoll to America for trial as a draft evader.

PREPARE CHICAGO HONORS.

Chicago, Feb. 11.—Lieutenant Corliss Hoover Griffiths, recently released from prison in Germany, is to be escorted to Chicago arriving tomorrow noon, by Dr. James Whitney Hall of this city. Dr. Hall is chairman of a committee which was active in seeking the lieutenant's release. The lieutenant's parents and sister also will accompany him to Chicago.

A dinner will be given here Wednesday evening in honor of Lieutenant Griffiths. He will tell the story of his experiences.

but suffered no permanent injuries. Galligan said tonight that he was subject to fainting spells and that it was one of these, and not a desire to escape which caused him to either fall or leap from the car.

YOUNG DEPOSED.

Herrin, Ill., Feb. 11.—S. Glenn Young, who has been acting chief of police since the riot here last Friday night when Constable Casar Cagle lost his life and the subsequent kidnapping of Chief of Police John Ford, today was deposed as acting chief and Ford again resumed his command.

According to one of the army officers here, Young's present status is that of a private citizen. Others declare that Young, an admitted paid employe of the Ku Klux Klan, still retains the authority of a police officer of Herrin.

A coroner's jury investigating the killing of Cagle adjourned about 6:30 o'clock this evening and the members of the jury were permitted to go to their homes. Coroner McCowen said the jury would reconvene at 1 o'clock tomorrow afternoon. No material witnesses testified at the hearing today, most of those heard saying merely that they saw the mob and heard the shots.

A pathetic figure at the coroner's inquest which started today to make findings in connection with the slaying of Constable Cagle, last Friday night, was the officer's 11-year-old son, Franklin, who, by a curious turn of fate, was the messenger who summoned his father to his death. The boy—eyes swollen from weeping and a tremor in his voice—took the stand only a few minutes after Jack Rowe, 25, a miner, had testified that Ora Thomas, under arrest charged with first degree murder, was the man who fired one of the shots that killed Cagle. His death is charged by Klan leaders to members of the Knights of the Flaming Circle as an act of retaliation for the shooting of Deputy Sheriff John Layman.

Wife Declares Husband Admits Killing Father

(By The Associated Press.)

Wilmington, Ind., Feb. 11.—Ray D. Smith, prominent local farmer, held here in connection with the slaying of his grandmother, Mrs. Francis Sweet, 83 years old, whose body was found buried at the Smith farm yesterday, after she had been missing two years, told his wife that he had killed his father at their farm home

RESOLUTION IS ADOPTED WITH 10 G. O. P. VOTES

(Continued from Page One)

Glass, Harrison, Jones of New Mexico, Owen and Stanley. Nine Absentees.

Nine senators were absent and six others—Glass, Harrison, Jones of New Mexico, Owen, Smith and Stanley, all Democrats—were unable to cast their ballots because they were paired with absentees. They announced that if permitted to vote they would support the resolution. The pairs were announced as follows:

Caraway for with Watson against; Glass for with McLean against; Harrison for with Elkins against; Jones of New Mexico for with Fernald against; Owen for with McCormick against; Smith for with Sterling against; Stanley for with Ernst against.

Senator Stanfield, Republican, the other absentee, was without a pair. It was announced on behalf of Senator Caraway, who was the only Democrat absent, that had he been present and permitted to vote, he would have voted for the resolution.

Following is the text of the resolution:

"Whereas the United States senate did, on January 31, 1924, by a unanimous vote, adopt joint resolution numbered 54, to procure the annulment of certain leases in the naval oil reserves of the United States; and

"Whereas the said resolution, among other things, declared as follows: "Whereas, it appears from evidence taken by the committee on public lands and surveys of the United States senate that certain lease of naval reserve numbered 3, in the State of Wyoming, bearing date April 7, 1922, made in form by the government of the United States, through Albert B. Fall, secretary of the interior, and Edwin B. Denby, secretary of the navy as lessor, to the Mammoth Oil Company, as lessee, and that certain contract between the government of the United States and the Pan-American Petroleum and Transport Company, dated April 25, 1922, signed by Edward C. Finney, acting secretary of the interior and Edwin Denby, secretary of the navy, relating among other things to the construction of oil tanks at Pearl Harbor territory of Hawaii and that certain lease of naval reserve number 1, in the state of California, bearing date December 11, 1921, made in form by the government of the United States through Albert B. Fall, secretary of the interior, and Edwin Denby, secretary of the navy, as lessor, to the Pan-American Petroleum Company as lessee, were executed under circumstances indicating fraud and corruption; and

"Whereas the said leases and contract were entered into without authority on the part of the officers purporting to act in the execution of same for the United States and in violation of the laws of congress; and

"Whereas, such leases and contract were made in defiance of the settled policy of the government, adhered to through three successive administrations, to maintain in the ground a great reserve supply of oil adequate to the needs of the navy in any emergency threatening the national security; and

"Therefore, be it, "Resolved, that it is the sense of the United States senate that the president of the United States immediately request the resignation of Edwin Denby as secretary of the navy."

near Pittsfield, Mass., seven years ago. Mrs. Smith declared in a statement today to county officials.

Mrs. Smith said her husband told her he obtained \$6,000 in life insurance at the death of his father. She said he did not tell her how the father's death was explained to authorities at Pittsfield. She said Smith told her he struck his parent on the head with a hammer and buried the body beneath a chicken house at their farm.

Mr. Underwood said he was "heartily in favor of the reduction policy and shall support the measure proposing the greatest cut possible."

Mr. Davis said Democrats "occupy the vantage ground of liberalism and we must not let ourselves be driven from it."

N. Y. Central Switchmen Get A Wage Raise

(By The Associated Press.)

Cleveland, O., Feb. 11.—Wage increases of approximately five per cent were granted members of the Switchmen's Union of North America on the New York Central Railroad lines west of Buffalo, it was announced tonight following conferences here. Approximately 1,000 men are affected.

These increases are in line with wage advances granted "Big Four" brotherhood members following conferences in New York. The new rates, effective for one year, are: Yard foremen, \$6.64 per day; yard helpers, \$6.16 and switch tenders \$4.72. The old rates, respectively, were \$6.32, \$5.84 and \$4.49.

Wishes To See What Congress Will Do First.

(By The Associated Press.)

Washington, Feb. 11.—President Coolidge's discussions of the subject have indicated that he "is disposed to a liberal attitude" regarding the tax bill. Secretary Sleep informed Representative Davey, Democrat, Ohio, today in a letter responding to the representative's question as to whether the president would veto any tax reduction bill "that differs materially from the so-called Mellon plan."

"The revenue bill containing all of the Mellon income tax rates, as well as provision for a 25 per cent reduction in the 1923 taxes payable this year, was formally reported to the house today by Chairman Green of the ways and means committee. Two additional reports by other Republicans of the committee and a Democratic report also were submitted.

The president's secretary wrote Representative Davey that although the president has talked "very frankly" to newspapermen about tax reduction, "I think he is averse to making any qualified statement that would seem to commit him to a course of action in advance of detailed knowledge of the form the legislation will take."

galleries. The result was not unexpected either at the capitol or at the White House. With this information at hand, the president and his secretary, C. Blacom Sleep, conferred with Secretary Weeks, long a friend of Mr. Denby, and later Mr. Weeks discussed the subject at length with the president at luncheon. After leaving the White House, the war secretary said that so far as he knew the cabinet would remain intact.

"Adoption by the senate of the Robinson resolution will, in my opinion, effect no change in the situation," Mr. Weeks said. "The senate is authorized to confirm nominations of cabinet officers and to try them on impeachment for wrongdoing. Otherwise it has no authority over the tenure of office of cabinet members."

While there was no authorized announcement from the president some of his advisers represented him as taking a similar view of the matter. It is known that some of his friends have indicated to him their belief that retention in the cabinet of any member having had to do with the oil leases even in a remote way might prove embarrassing to the administration.

Senator Johnson, who closed the senate discussion, declared that even those officials guilty of negligence in the matter should be swept from office. He added that if this were a parliamentary form of government a vote of lack of confidence such as indicated by the senate in adopting the Denby resolution would cause the administration to fall.

In the first speech this season, Senator LaFollette, author of the resolution under which the oil inquiry is proceeding, declared that each official should bear his own responsibility in the matter, adding that there should be no "whitewashing, no vicarious atonements."

The insurgent leader delivered a prepared speech in his customary vigorous fashion. Supporting his resolution, Democratic Leader Robinson told the senate that under his own testimony, Secretary Denby was more responsible for making the oil leases than any other officer, not even excepting Former Secretary Fall. He added that the navy secretary's statement that he would "do the same thing again" makes it a "plain issue which every member of congress must meet."

Vote on Amendments. Starting at five o'clock, the senate voted first on amendments to the resolution, rejecting the two that were pressed. First it refused, 70 to 11, to add to the request, the qualifying phrase: "if guilty of misfeasance or malfeasance in office," and then it voted down, 75 to 6, an amendment by Senator Jones, Republican, Washington, which would have made no request of the president, but merely have declared that the public interest would be served by the resignation of Mr. Denby.

McAdoo Appears. A dramatic incident of the day was the appearance of Mr. McAdoo before the oil committee. Appearing at his own request, the former treasury secretary at the outset made a prepared statement and then submitted to questioning by members of the committee. He was on the stand exactly forty minutes.

Long before Mr. McAdoo appeared the big hearing room was filled to overflowing and he had some difficulty in making his way through the crowd. When he entered the room there was applause and another outburst came as he left the witness stand.

He bowed and smiled to the crowds and waved his hand as he left the committee room with his campaign manager, David Rockwell of Ohio, and Senator Harrison, Democrat, Mississippi.

Mrs. Candler Insists On Fight In Police Court Case For Today

(By The Associated Press.)

Atlanta, Ga., Feb. 11.—Mrs. Asa D. Candler, Sr., late today engaged counsel and prepared to fight the charges which she must face in police court tomorrow morning as the outgrowth of her arrest by Police Chief James L. Beavers, Saturday afternoon in an apartment with two well known Atlanta business men. Although Mrs. Candler could not be located by newspapermen and was neither at the home of

her millionaire husband or that of her mother, Mrs. T. M. Little, it became known that she had visited the offices of her attorneys and that counsel had conferred with the attorneys engaged to represent W. J. Stoddard, dry cleaner, and G. W. Keeling, president of a brick manufacturing company, also arrested in the raid.

Men To Fight. Attorneys for Stoddard and Keeling declared they would fight vigorously the charges against their clients and asserted that the city ordinance under which the arrest was made could not be invoked to sustain the charges against the two men and Mrs. Candler.

Asa G. Candler, the millionaire soft drink magnate who married Mrs. Candler last June, while she was a public stenographer in the office building which he erected, was at his office today and held conferences with his personal attorney, W. G. Tomson, but he would make no statement.

(Continued from Page One)

that both the Democrats and the Republicans followed the practice of making leases. Mr. Harding's view. The Democrats will say of course that they made their leases in the open and asked for bids. But should the government's reserves be leased to private interests? One day President Harding in a conference with newspapermen discussed the subject to some extent. The criticism of the Teapot Dome lease had begun to develop and there was talk of an investigation by the Senate. Mr. Harding declared with vehemence that it was all right to talk about preserving the oil for the navy but if nobody would drill the wells there wouldn't be any oil and that if the lands adjacent were being tapped by private companies the government's supply might be drained.

Mr. Harding never believed in government development of its own oil lands. He didn't want the government to go into the oil business. He believed that if the government entered into a contract with private concerns who would find it to their advantage to invest their money in drilling operations, both purposes would be served—the Navy would get its oil, and the private companies would make their expenses and a return on their investment.

The Big Question. Granting the principle of the oil argument as sound, the question then turns on whether the private companies got more than their share of the oil and made a return entirely out of proportion to the investment they applied. And shouldn't the government have gotten more out of it all? Experts are at odds on these points but the controversy will really turn on unprejudiced testimony of experts. If it is proved that the interests of the government were neglected it will make the issue of clean government even more conspicuous in the campaign. There are signs of cleaning already. The administration is probing itself, making rules for the conduct of government business based upon the disclosures made. Clean government is a trite issue but it will have a concrete significance in the 1924 political campaign.

have arisen by reason of the disclosures before the senate committee on public lands and surveys. Prepared to Talk. "I think full authorization should be granted a committee to proceed with a hearing so that Senator Wheeler, and those interested with him in the subject matter of this resolution, may be fully heard and the president and the country fully informed and the matter disposed of on its merits."

"I am prepared at any moment after those pressing this resolution have been heard, to lay the whole matter before such committee.

"I suggest, as a matter of courtesy to Senator Wheeler, with whom I have no acquaintance, that you request him to bring about this action on the resolution and if, for any reason, he should not care or be winning to do so, then I respectfully request that you, yourself, institute in the senate such action as may be necessary."

Wait Until Thursday. Senator Willis conferred later with Senator Wheeler regarding the letter and they agreed to defer any action until next Thursday as Senator Willis will be absent from Washington until that time. Senator Wheeler indicated that he would move in the senate to give Mr. Daugherty a hearing if he desired.

"It is apparent to me from his letter," Senator Wheeler said, "that Mr. Daugherty wants to make the same kind of a defense before the senate that he made before the house judiciary committee before the senate and tell why he failed to arrest Doherty immediately after his testimony was given, he should be permitted to do so. If he wants to testify why he did not arrest Sinclair, instead of permitting him to go to Europe, he should be permitted to do so. If he wants to testify why he did not arrest Mr. Fall, he should be permitted to do so. If he wants to tell why he did not arrest Charles R. Forbes, former director of the veterans' bureau, he should be permitted to do so.

Some More "It's". "If he wants to tell why it was necessary for the senate to pass a resolution showing it had no confidence in him and therefore provided for employment of special counsel to prosecute some of his former associates and friends, he should be permitted to do so. If he wants to explain to the senate why the president thought it necessary to employ such special counsel he should be permitted to do so.

"The resolution I introduced asked for the president to call for his resignation, because it was apparent to the country that he failed to prosecute these men, whereas if some influential citizen of

3 ACCUSED OF ATTACKING COP
Serious Charges Placed Against Trio of Local Men.

Warrants charging Lawrence Primeau, Genton Kelly and Joseph Hoffman with resisting an officer were issued yesterday by Judge C. J. McEwen as a result of an attack Primeau and Kelly are alleged to have made on Patrolman Glenn Peterson Sunday night when Peterson was taking Hoffman to jail.

Primeau and Kelly were held in bonds of \$500 to await preliminary examinations, which are to be held at 9 o'clock this morning. Former Mayor J. F. Pryal is their bondsman. Hoffman, who made a getaway during the melee, had not been apprehended late yesterday afternoon.

Attacked From Rear.
Hoffman was arrested in South 10th street about 9 o'clock Sunday night, on a drunkenness charge, and under escort of Officer Peterson was being taken to the city jail by way of the alley between 10th and 11th streets. Kelly and Primeau are alleged to have followed the officer and Hoffman down the alley a short distance where it is charged they attacked Peterson from the rear. The officer was thrown into a snowdrift. In an attempt to get the officer's gun, the holster belt buckle was torn loose. The gun fell from the holster, however, and the policeman's assailants did not succeed in getting possession of it. Peterson was not injured.

Hoffman disappeared in the meantime. Peterson struggled to his feet, shook off Primeau and took Kelly to jail, it was stated. Primeau was arrested later. Judge McEwen was called and arranged bonds for them.

City Backs Officer.
Resisting an officer or forcibly interfering with an officer in performance of duty is a "circumlocution" offense, and upon conviction in the discretion of the court, carry with it a prison sentence.

The city administration made it clear yesterday that it was standing behind the officer to the limit and that the city's legal department would be offered to the prosecutor's office in the vigorous prosecution of the case.

Leap Year Valentine Party.
The Morning Star Leap Year Valentine party will be held Wednesday evening at the North Star Hall. Plans for the affair have been completed—to entertain all members of the Morning Star and North Star Societies and invitations have also been sent out to outsiders. Dancing and other diversions will feature the evening. Music will be furnished by the Harmony Five.

Dancing-Skating Party Tonight.
A skating and dancing party will be held at the Coliseum tonight, with a skating matinee in the afternoon. This will be the only opportunity for skating fans to attend the rink until next Sunday as the Coliseum will not be open to the public on Thursday because of the Legion party, which is to be held that night. Bohr's Kittens will furnish the music for the dancing.

Sunday night's races proved to be very entertaining to the large crowd that attended. The first race between two eight year old boys, Edward Schimberg and Ivan Beauchamp was won by the former by a small margin. The time for the half mile was 2:10. Earl Girard defeated Bennie Ritchie in the mile race which was the second on the program. Girard's time was 3 minutes and 20 seconds.

The final race of the evening was staged by five local young ladies which proved very interesting and exciting from start to finish. They crossed the finishing line in the following order: Lillian Hamelin, first, with Frances Fountain a very close second, Margaret Goodman, third; Eva Dubord, fourth and Agnes Sape, fifth. The young ladies raced the half mile in two minutes flat and received many a cheer from the great crowd of spectators.

Packey McFarlen of Milwaukee, who raced against Mel Roberts and Will Egan three years ago, was referee. Ed Brunell and Mel Roberts, time-keepers.

The drawing for the \$2 kitty was made and Howard Duford, the fifth name drawn being present, took the pot. Another one dollar pot was started for next Sunday when a "Rag Tag Party" will be held.

SILVER FOX PRICES JUMP

Commenting on a recent market increase in the price of silver fox furs, The Charlottevian Guardian, of Charlottevian, Price Edward Island, says:

"A cablegram from Lamsons, London, has been received here stating that silver fox furs, first grade, have advanced 40 per cent over the October sales. Medium grade furs have advanced 40 per cent and poor grade 10 per cent. This is remarkable, especially from the fact that the October sales showed a ten per cent advance on the previous sales, and at that time the price was considered highly satisfactory. They have now made an advance of fifty, forty and ten per cent at the current sales, which means a very considerable advance, probably the highest prices for silver furs for the past ten years. The furs ranged in the first grade would be valued at from \$150 to \$1,000 a pelt."

Frank W. Andrews, formerly of Charlottevian, who last fall established the Delta Silver Fox Ranch, at Flat Rock, near Gross, Gladstone R. F. D. No. 1, confirms the report published in the Prince Edward Island newspaper, having received a copy of the cablegram, from Alfred Fraser, New York City, a member of the firm of C. M. Lampson & Company.

Mr. Andrews arrived here last fall from Prince Edward Island, Canada, where he still operates a large ranch, in addition to his Delta county property. He has been successfully engaged in fox farming for the past twelve years.

MRS. OLESON OF MINNESOTA WILL LECTURE HERE

Anna Dickie Oleson of Minnesota, recent candidate for United States senator in that state, will be heard here on the Lyceum course Wednesday night at a notable lecture on present-day problems.

Mrs. Oleson's intensive political campaign, conducted in 1922, was eagerly watched by the press and the women's organizations throughout the country. Thoughtful people everywhere saw in Mrs. Oleson a straightforward advocate for women's recognition in political life. She has indeed proved to be a trail blazer in the realm of politics for women and an ardent champion of their cause in other activities. She is an eloquent, magnetic speaker who never fails to grip her audiences.

Mrs. Oleson's lecture here will be strictly non-partisan.

Fortieth Anniversary Of St. Francis' Hospital Is Being Observed Fittingly

Today marks the fortieth anniversary of the founding of St. Francis Hospital in this city. It is a long step from 1884 to 1924. Forty years ago today, five Sisters of the Third Order of St. Francis came from the city of Peoria, Ill., to take charge of the local hospital which was then a frame building with only a few private rooms and two wards. Women patients were given the private rooms, while the men were crowded into the wards. The Sisters were employed by the county as nurses. In those days the city water system did not reach as far as the hospital; neither did the electric light system. Charlotte street was the nearest street where the water mains ran and electric lights were few and far between.

In Pine Forest.
There were no sidewalks and the hospital was considered a long way from the city as it had been built in a forest of pines. The accommodations were very poor. These five Sisters not only cared for the sick and crippled patients, but they cooked, sewed, baked, washed, scrubbed and took care of a garden. There was no running water, washubs without wringers and they even washed the clothes of the lumber men who came to the hospital. The Sisters had no beds on which to sleep and no mattresses, for the place was crowded and patients were given the preference. These self-sacrificing Nuns folded blankets on the floor and got their rest in this manner after working from sixteen to eighteen hours every day and sometimes longer.

Recalls Old Friendship.
Speaking to an old Sister some time ago, this Sister said: "Work is much easier now with city water, electric machines, steam drying rooms, elevators, but when we had to pump all the water and wash all those heavy clothes by hand, sometimes it was hard work. That is how my rheumatism began and I only have had it twenty-five years, but I am not complaining. I am only comparing the modern methods of work with those of forty years ago." In the past forty years this city has seen the old frame building remodeled into living apartments for the Sisters and the help employed there. The laboratory and laundry are also in this section of the building.

New Hospital.
A new hospital which is a credit to the city has been built on the site which was purchased in 1913 with the intention of building a modern hospital. The Sisters often dreamed of the time when they would own the property and when they could build a more spacious building for the humane work which they are doing. That dream came true in 1913 when they purchased the property from the county and began plans for the building which is filled almost every day of the year. They have already outgrown the space and a much needed addition is the fond hope of those in charge. Will their dream come true as did their funds of forty years ago? The funds are not within the reach of those who would like to build the addition.

Record of 1922.
In the year 1922 there were 1,397 patients treated at the local hospital. In 1923, 1,677 patients were admitted for treatment. There were 259 births, 138 male babies and 121 female babies. Four premature babies were cared for in the incubator and all are doing nicely. Out of 343 cases in which X-ray radiographs were taken to diagnose the case, 337 were successfully treated and have fully recovered. Of the six who died one had a fractured vertebrae caused by a falling tree. One had a bullet in the brain, from a gun shot; and four had fractured skulls from automobile accidents. All six had been admitted to the hospital.

Such popularity must be deserved

POPULARITY isn't luck—there is no royal road to the spotlight. Popularity, today, means "delivering the goods!" Last year broke all records for the number of Chesterfields smoked. Why? Because Chesterfields make good! There are loads of ordinary cigarettes—smokers want something better! Better quality—proved by better taste—that's why men are turning by thousands from other cigarettes to Chesterfield.

KIWANIS HEAR LINCOLN TALK
Rev. H. W. Staver Speaks; Scout Troop Guests At Luncheon.

Abraham Lincoln was pictured as a giant, not only in stature but mentally, socially and spiritually, by the Rev. Harry W. Staver, pastor of the First Presbyterian church, in an address given yesterday at noon before the Kiwanis club at the regular weekly meeting of the organization.

Boy Scout Troop No. 2, recently "adopted" by the club, and its Scoutmaster, Lytle Shaw, attended in a body and had an important part in the program.

Lincoln's physical power was, in part, a product of his environment. The Rev. Mr. Staver said. The backwoods were rough and rugged; physical strength was demanded. His mental development was attained, however, in spite of tremendous handicaps and obstacles. "Folks looked upon learning with more or less suspicion. They considered it entirely superfluous and immaterial to a successful career," said Mr. Staver. "They thought Lincoln's love for study for books stamped him as a lazy youth who might have been employing his time more profitably in some other way."

Faith in God.
Socially, Lincoln was "the life of the party," his keen and ready wit, his eloquence and his kind-
tal in a dying condition. The patients last year were of twenty-three nationalities and ten different religions.

The medical staff is composed of ten of our city's most prominent physicians who work in harmony. Twenty Sisters do all the work. Through their thrift, self-sacrifice and economy the Sisters have built a hospital which stands a memorial to their zeal and hard work for the noble cause of helping suffering humanity.

BOY SCOUTS ARE GUESTS

Members of the Escanaba Rotary club yesterday entertained the members of Troop No. 1 Boy Scouts of Escanaba, with Scoutmaster Ray Shaw and Scout Executive Adams, at the regular Monday Rotary luncheon. Troop No. 1 Boy Scouts have been adopted by the Rotary club and yesterday the boys in the troop were formally presented to the club and arrangements made for a program of cooperation, which it is believed should prove most beneficial. Members of the troop exemplified their meeting-opening exercises and then examined a new member of the troop in the Tenderfoot test. The applicant passed a most creditable examination and was then presented with the Tenderfoot badge by Scout Executive Adams.

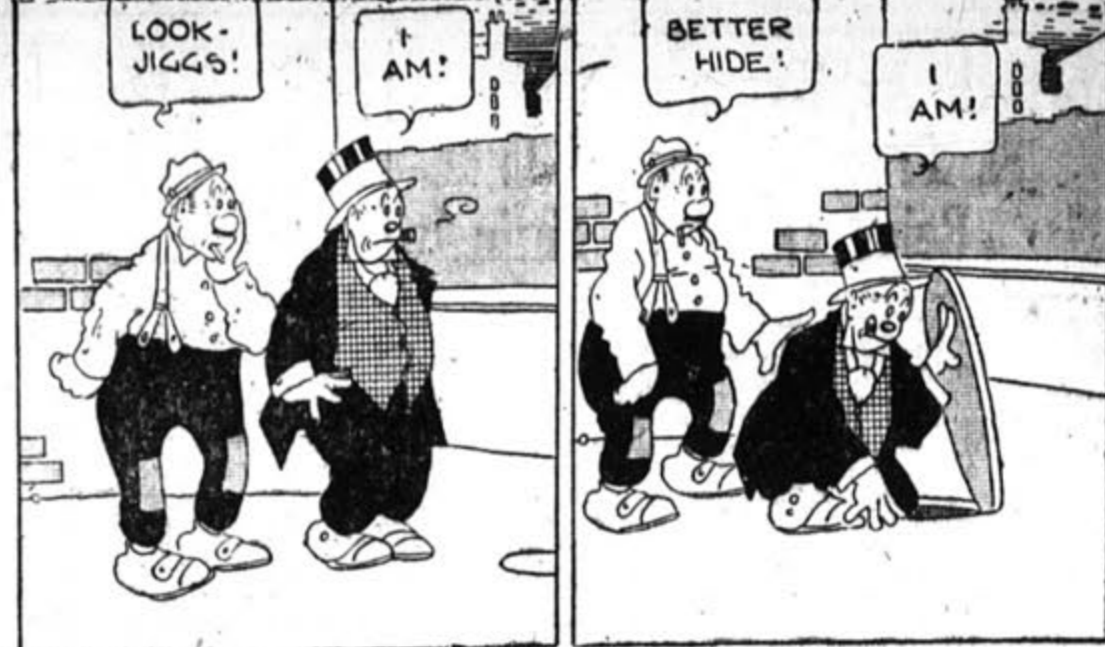

Three excellent addresses were delivered by members of the Rotary club: Boys' Work committee, composed of H. D. Brackett, O. C. Curtis and C. R. Henderson.

SPEAKING OF TAXES. In all this cyclone of talk about reducing taxes, let's remember that national taxes are not the only ones.

In 1923 the national government collected 3294 million dollars of taxes. No 1923 figures are completely available as yet for states, counties, cities, towns and rural districts.

The tax burden of the American people is somewhere around seven and a half billion dollars a year - including all taxes, national, state, county, municipal, and so on.

This is about \$70 a year for every man, woman and child. For a family of five, it averages \$350 a year.

The actual burden is much greater, for in passing taxes on to consumers there is usually an additional levy to play safe.

While nearly seven and a half billion dollars of taxes are collected in a year from the American people, government spending is much larger.

Two Young Priests Say First Masses Sunday In Saint Joseph's Church

By ADRIENNE TOUSIGNANT Sunday Feb. 10th will go down in the annals of St. Joseph's Parish as a red letter day. Two young men, who were ordained priests at Oldenberg, Ind. Wednesday Feb. 6, by Rt. Rev. Bishop Joseph Chartrand D. D. of the Diocese of Indianapolis, celebrated their first masses.

procession from the rectory was alike but the little bride did not take part. In her place was John Semer, Jr. five year old son of Mr. and Mrs. John Semer and a nephew of Rev. Fr. Alvin Christoff. He was attired in white and wore a cape of white satin which reached to his hips. He carried the bridal wreath and he with the flower girls advanced to the altar and presented it to the celebrant. Fr. Flavian is his sermon at the thirty third mass said: "We are celebrating today a very solemn feast, the first mass of one of your children, one who was reared in this city and whom you all know."

Long before the hour set for the services the church was filled with friends of the two young priests. At eight o'clock the members of the Holy Name Society, 417 in number, formed an honorary escort to Rev. Fr. Herman Joseph Grote O. F. M. who said his first mass. The procession, as they entered the church, was very imposing. First in line were the cross bearers and two altar boys. Then followed a long line of altar boys and members of St. John's Acolythical Society who also assisted in the sanctuary. Next were three little girls dressed in white. Dorothy Cummings wore a bride's veil and carried a beautiful wreath of flowers while the two flower girls were Evelyn Rapin and Eloise Belanger. The officers of the mass followed. They were: Rev. Fr. Herman Joseph Grote, celebrant; Rev. Fr. Alvin Christoff, deacon; Rev. Fr. Daniel Linfert, sub deacon; Rev. Fr. Bertrand Labinski, assistant priest, and Rev. Fr. Flavian Larbes of Cincinnati who delivered two beautiful pulpit orations, one at each of the masses.

Fifteen Sisters of the Third Order of St. Francis were next in line, one of their number being Fr. Grote's sister the Young Sister Isabella of Menominee who walked with Ven. Mother Lacy of St. Francis Hospital of this city. Parents are honored. The parents and relatives of Fr. Alvin Christoff were next and they were given the front seats in the edifice. Members of the Holy Name Society were the last to enter the church and row after row of pews were filled with the members of the society who acted as the honorary escort.

The newly ordained Fr. Grote gave his first priestly blessing to the vast audience. Rev. Fr. Flavian spoke in a clear voice and used the words: "All power is given to me, and I give you that power, whose sins you shall forgive shall be forgiven and whose sins you shall retain shall be retained," as his text. Fr. Flavian then addressed the celebrant and said: "God gave you power to say mass and Holy Mass is the flood gate which opens the way to Heaven. This is the happiest moment of your life, your first mass, your priestly blessing to those you love and to the parish."

Eloquent Sermon. The sermon was most eloquent and was highly appreciated by all who attended. At the offertory the three little girls approached the altar and the priest received the wreath from the hands of the child. This imposing scene symbolizing that the priest is now wedded to Christ and His church forever.

At the 10:30 mass the officers of the mass were the same as at the eight o'clock mass except that Rev. Fr. Alvin Christoff was the celebrant and Rev. Fr. Herman Joseph Grote was deacon. The

priests. A supper was served at six for the clergy and members of the family and out of town guests. A solemn requiem high mass was sung by Fr. Christoff Monday morning at eight, for deceased members of the family. A high mass was sung by Rev. Fr. Grote at St. Francis Hospital Monday morning at 6 o'clock. The chapel was beautifully decorated with cut flowers and ferns. A banquet was served at noon at the hospital for the clergy of the city and visiting priests.

Among the out-of-town persons who came here for the celebration were Rev. Fr. Flavian Larbes, O. F. M., Cincinnati, O., Ven. Sister Isabelle, Superioress of the St. Joseph's Hospital at Menominee, Mich., Sisters Leonilla, Brunhilda and Rufina of Menominee, Sisters Clarissa and Aveilla of Marquette, Mich., Mr. and Mrs. Louis Kruezt, Mr. and Mrs. W. Grassl, Menominee, Mrs. Frank Cummings and daughter Dorothy of Chicago, Mrs. Alvin Beck, Miss Mippie Selmer, Miss Mary Beck, Cincinnati, Ohio, Mrs. M. Solper, the Misses Catherine, Agnes and Cecelia Solper, Milwaukee, Wis., Mr. and Mrs. A. Reutemeyer, Ingalls, Mich., and Mrs. Anna Gerl, Menominee, Mich.

PRESS POLICY WILL PROTECT YOUR FAMILY

You Can't Afford to Trifle With Fate Any Longer.

When the Daily Press signed up for the Associated Press leased wire service in the city of Escanaba, it was the only city in the upper peninsula, save Ironwood, to give its readers the advantages of this widespread organization's wonderful new gathering facilities. And why did the Press do that? Here's what the Press did—it took out an accident insurance policy—news insurance. News and accidents are twins. They both happen without previous warning. They happen at any time or any place. No man knows where the next piece of news will come from, or where the next accident will happen nor who will be the victim.

The Associated Press leased wire service means that no matter where a piece of news "breaks" Escanaba Daily Press readers are going to be served with the details within an hour after it happens. It's a day and night service. It's men never sleep. And in order to be protected on all the news "breaks" any place in the world, the Press signed up for the leased wire service of the old reliable, dependable Associated Press which has representatives in every part of the globe. That was news insurance.

Not Enough News. The Press abandoned its telephone service of one hour and 30 minutes which was then and now is SIX TIMES MORE THAN ANY PAPER BETWEEN MENOMINEE AND MARQUETTE IS GIVING. But the Press was not satisfied with that. It put in a LEASED WIRE SERVICE, which means that Press subscribers get news from all parts of the world, covered during an eight hour period by telegraph instruments constantly clicking right in the office. In other words, all Press telegraph news is "hot off the wire."

Subscriber Insurance. Then, that done, the Press provides, again for the benefit of its

subscribers and purely as an added service, a \$1,000 travel accident policy which will insure them against loss of finance due to accident sustained while going to or from their work, while on pleasure, or in any one of the multitudinous ways in which people are injured while riding on a train, in a sleigh, in a buggy or wagon, in an auto., on a motorcycle, on a steamboat—in fact any sort of power-propelled vehicle.

Just briefly it may be stated that the Press is not in the insurance business. It doesn't make a cent of profit. This policy costs the Press 75 cents a year and that is exactly what it goes to the subscriber for.

Sum of the Payments. The policy pays a lump sum of \$500 for loss of eye, foot or hand, \$1,000 for loss of any two members, \$1,000 in case of death resulting from accident, or resulting within 30 days from the time of the accident. The policy increases \$100 every year for five years until it is worth \$1,500. Every member of the family between 15 and 70 can get a policy. There is but one requirement to get this wonderful protection for yourself and your family, and that is that the family be a subscriber to the Escanaba Daily Press. It isn't necessary to pay a long term in advance—just come in and subscribe, or you are already a subscriber, come in and say you want a policy, pay the 75 registration fee and go out with your policy in your pocket and protected for a full year. That's all there is to the proposition.

Get the Facts. If you want more details, call

the Press, Phone 693 and a representative will be sent to your home to explain. Or drop into the office and ask about this wonderful new protection now made available to readers of the Press.

There are so many splendid features about the policy that all of them cannot be explained within the limited length of this short story.

But you can stick a pin here: You cannot afford to go unprotected another day when you can get this policy for 75 cents for a full year. It would be our guess that you wasted that much money last week in some way and didn't get anything in the way of protection either. Better come right in today and attend to the matter while it is fresh in your mind. It is a Press service for your benefit. The policy is here for you and the Press wants you to have it, so that in case of misfortune you will have a weekly indemnity of \$10 a week coming in, or in the event of a more serious injury, you will receive something to defray your doctor bill. It ought not to be necessary to have to think it over. The benefits are so plain and obvious and the necessity for protection so great, that no family should be without it.

NOTICE. The regular semi-annual stockholders meeting of the Railway Employees Cooperative Association will be held tonight at the North Star hall at 8:00 o'clock. Dancing and refreshments will follow the regular meeting. 8620-43-11.

Eskey Pays \$31,500 On Debts This Year

The city of Escanaba has paid out \$31,402 in interest and for the retiring of bonds since Jan. 1, figures at the city hall show. Of this sum, \$16,602 was in

interest on bonds. The other \$15,000 was "principal" which reduced the city's bonded debt by that amount. Of the \$16,602, all except \$1,400 was in waterworks bonds. The \$1,400 was interest on refunding bonds, in other words, interest on the operating deficits of past administrations.

HEADACHE GONE TIRED NO MORE. Gives Credit to Lydia E. Pinkham's Vegetable Compound. Skowhegan, Maine. "I was sick most of the time and could not get around to do my work without being all tired out so I would have to lie down. One day when I was reading the paper I saw the Lydia E. Pinkham's Vegetable Compound advertisement and saw what it did for other women, so I thought I would try it. I have taken three bottles, and cannot begin to tell you what it has already done for me. I do all my work now and keep up the whole day long without lying down. I have no more headaches nor tired feelings. I hope every woman who takes the Vegetable Compound will get as much benefit out of it as I have." -Mrs. PERCY W. RICHARDSON, R. F. D. No. 2, Skowhegan, Maine. You have just read how Lydia E. Pinkham's Vegetable Compound helped Mrs. Richardson. She gave it a trial after she saw what it had done for other women. For nearly fifty years Lydia E. Pinkham's Vegetable Compound has been doing good.

Constipation can ruin your health— get permanent relief with Kellogg's Bran

When clean and clear, the intestine is converting wholesome food into vigorous health. But when clogged by constipation, it generates poisons from the obstructed food that can lead to many serious diseases.

Kellogg's Bran sweeps, cleans and purifies the intestine. It has a natural, healthy action. It works exactly as nature acts. If eaten regularly, it is guaranteed to relieve permanently the most chronic cases of constipation, or your grocer will return your money.

Results with Kellogg's Bran are sure, for Kellogg's is ALL bran. Nothing but ALL bran can be 100 per cent effective. That is why Kellogg's Bran, cooked and krumbled, is endorsed by doctors everywhere. Eat it and you need never take another habit-forming drug or pill.

And Lincoln's Words Shall Guide Us Onward!

GUIDED by a code imparted to him by his mother, Abraham Lincoln throughout his public and private career carried the name of "Honest Abe." Unusual and many were the problems which befell the great emancipator in the course of his existence, but always guided by the cardinal principles of fair play towards all men, the backwoods lawyer emerged on the upper level.

It is the guidance and adherence to certain ethical procedures which determine our existence this day. To follow in the footsteps of "Honest Abe" is indeed a worthy accomplishment, and one that we hold foremost as an asset of our business.

Though conditions change and methods of business practice often may invite a detour in the interest of greed, we celebrate the birthday of the great lover of mankind by pledging ourselves to continue in the righteous path which we have elected to follow.
