

U. S. SENATOR GREENE IS SHOT IN HEAD

STOPS BULLET FIRED WHILE PROHIBITION AGENTS BATTLE WITH GANG OF BOOTLEGGERS

Out Walking With His Wife Within The Shadow Of The Capitol When Federal Men Jump Gun Unloading a Still and Senator Falls As He Jumps In To Shield Mrs. Greene From Hail Of Bullets.

Washington, Feb. 15.—Frank L. Greene, senior senator from Vermont, was shot and seriously wounded here late tonight during a pistol duel between prohibition agents and bootleggers.

The bullet struck him over the left eyebrow and surgeons at the hospital to which he was taken immediately, were unable to determine whether it had lodged in the brain. Senator Greene was conscious, however, and this was viewed as a good sign.

Senator Greene and Mrs. Greene were walking west on Pennsylvania Avenue near the capitol when the gun battle started. More than a dozen shots were exchanged, but no one else was injured. The senator was wounded while trying to shield Mrs. Greene in the hail of bullets.

Rushed to Hospital. Bystanders told the police the shooting had barely begun before Senator Greene fell. They rushed to his aid and placed him in an automobile which hurried to a hospital. The bootleggers, who were in an automobile, escaped, but the police held O. E. Fisher, a prohibition agent, who said he had fired four shots.

Fisher was accompanied by two members of the metropolitan vice squad, who, he said, did not participate in the shooting. No charge was lodged against Fisher, although he was detained pending a more complete investigation.

Unloading a Still. The bootleggers, according to the police, were surprised by the officers in an alley opening on the avenue while they were unloading a still. Shooting began as soon as the agents drove up in an automobile.

With the first shot, Senator Greene jumped forward to protect Mrs. Greene and was himself almost instantly shot down.

After an examination of the wound, the surgeons at the hospital said the senator's condition appeared fairly good. Just how serious the wound might prove, however, was uncertain, the doctor declared, because they could not determine whether the bullet had penetrated the frontal bone or been deflected. An X-ray examination will be made tomorrow.

Walking Near Hotel. Senator Greene never lost consciousness and talked freely with the examining surgeons. He told them he had no recollection of being struck and from the direction of the sound of the shots he was inclined at first to the view that the bullet had been fired from behind him.

The senator and Mrs. Greene live at a hotel near the scene of the shooting and were out for a stroll.

Senator Green is serving his first term in the senate, but before his election to that body he saw ten years' service in the house. He is 54 years old, having been born at St. Albans, Vermont, on February 10, 1870. Mr. Greene is a former newspaperman and a veteran of the Spanish-American war, serving with the Vermont volunteers as captain of company B, first infantry.

Court Reconsiders Contempt Sentence. Detroit, Feb. 15.—Judge Edward J. Jeffries, who had cited Van H. Ring, an attorney for contempt of court, and had given him the alternative of spending 10 days in jail or paying a \$5 fine, apparently has reconsidered his hasty action.

Judge Jeffries, after pronouncing the sentence on Ring, who had asked for the 10 days in jail because it would "be a source of much needed rest" told newspapermen he guessed he would "let it slide."

Attorney Ring aroused Judge Jeffries ire when he came into court 28 minutes late. He is defending Jose Catalano who is charged with larceny.

Closing Drive For Harding Memorial. Washington, Feb. 15.—The Harding Memorial Association announced today that it had advised the association's 2,400 country chairmen throughout the country each to designate two days prior to February 20 for an intensive period in the campaign of funds prior to its close. All funds collected and subscribed are to be sent in by March 1, it was said.

HALF-MILLION

Mrs. Emmanuel Modica of Brooklyn, N. Y., has filed suit for \$500,000 damages against the Countess Roger de Perigny (above) who married the Count de Perigny last November. The Countess, it is alleged, alienated Mrs. Modica's husband's affections.

SENATE OIL QUIZ RECESSES FOR TEN DAYS

Washington, Feb. 15.—The senate oil committee took a ten days' recess tonight after receiving information which discredited two of the most sensational rumors which recently have come before it. Frank A. Vanderlip, whose public references to the sale of President Harding's Marion Star had shocked the country, told the committee that he himself did not believe the rumors to which he gave circulation; that he had no facts to support them, and that he had made no efforts at verification.

Otto H. Kahn and B. F. Yankum, who had been depended upon as principal witnesses regarding the story of a \$1,000,000 oil slush fund, notified the committee they had no knowledge about it and were ready to say so on the witness stand.

Hits Stock Market. The ten days' recess was coincident with a sharp reaction in the New York stock market after reports were circulated that a prominent Wall Street trader had turned bearish in the belief that the oil disclosures were undermining public confidence.

The adjournment was announced after an executive session at the end of the day. It was explained that Senator Walsh, Democrat, Montana, the dominant figure in the pressing of the inquiry, found it necessary to be absent from Washington for some days.

At this executive session the committee approved, without a record vote, the nominations of special government counsel in the oil cases—Atlee Pomerene, of Canton, Ohio, and Owen J. Roberts, of Philadelphia. The nomination of Mr. Roberts was sent to the senate today by President Coolidge to take the place of that of Silas H. Strawn, of Chicago, which was withdrawn yesterday.

Continue Controversy Fight. The fight between Mr. Pomerene, which has been waged in the committee for several days, will be taken to the senate floor. Senator Dill, Democrat, Washington, who initiated it, said he would ask for consideration of the nomination in open executive session.

After it had finished with Mr. Vanderlip, the committee received a statement from Louis H. Bush, one of the purchasers of the Marion Star, that he and Roy D. Moore alone had bought the paper and that every cent that went into the purchase was their own money. The committee did not even think it necessary to question him.

The decision of the president was announced in a statement issued by Secretary Denby. At the White House, however, it was said that the president, in view of opposition to the fight that had developed in congress, believed it wise to await action by that body to show its approval of the expenditures necessary to carry out the plans.

Figure on Cost. The White House explanation suggested that a request had been submitted for authority to spend \$350,000 on the Polar expedition. The pending naval bill, now in the house, contains no item of this character, nor was it clear to what specific authorization the White House spokesmen had reference.

The naval bill to cover expenditures for the fiscal year 1925 was voted out by committee with a report attached saying that the figure on cost.

Securities Held By Brewer To Be Held By A Court. Washington, Feb. 15.—The supreme court of the District of Columbia today granted the government's motion to have impounded in the court, securities held by Charles B. Brewer as the basis of charges of irregularities in the bureau of engraving and printing. Brewer was unsuccessful in an effort to have the court limit persons in the treasury from having access to information pertaining to the documents.

Secretary Mellon yesterday denied Brewer's charges in a letter to President Coolidge.

Warren To Accept The Mexican Post. Washington, Feb. 15.—Charles B. Warren, of Detroit, former ambassador to Japan, after repeated declining appointment as ambassador to Mexico, probably will yield to the urgent requests of President Coolidge and Secretary Hughes and accept the assignment.

Mr. Warren conferred today first with Secretary Hughes and then with President Coolidge, and it was regarded as probable that he would make known his acceptance at an early date.

Lay Plans For Big Auto-Radio Show This Year

MEMBERS of the board of directors of the Escanaba Auto Radio show met at noon yesterday and made plans for the biggest and best auto-radio show ever staged in any city of the northwest. A definite date for Escanaba's annual showing of automobiles and radio equipment will be selected within the next ten days.

The first annual show was held at the Coliseum last spring and proved to be a most pronounced success. Plans for the show of this year, as outlined at yesterday's meeting, are much more elaborate than those of a year ago and committees in charge are enthusiastic in their belief that the success of a year ago will be surpassed in every detail.

Committees to assume charge of various details of the big show have already been named and preliminary work is already going ahead in a manner most satisfactory to the officers of the organization.

JOE DIAMOND FOUND GUILTY

Death Sentence Is Only Penalty Under The Law.

New York, Feb. 15.—Joseph Diamond tonight was convicted by a jury of having participated in the murder and robbery of two Brooklyn bank messengers last November and with his brother, Morris Barlow Diamond, who was convicted of the same crime last week, will await formal sentence to the electric chair.

The jury returned its verdict after only 34 minutes deliberation. The trial lasted but three days, one day longer than that of Diamond's brother.

When the verdict was pronounced the youth stiffened in his chair. A tremor, visible across the room, shook his body. Then he leaned back in the chair, smiled grimly and maintained the pose until called to the bar.

Shows Weakness. He answered the clerk's questions in a low monotone until near end of the pedigree question came.

"... and your mother?" The prisoner gulped. Tears came. He gulped again. He closed his eyes, shook his head determinedly and mumbled.

"Living," was the clerk's entry. Diamond was escorted to jail under heavy guard after the court had decided not to set the date for the sentence until later.

Justice Crosby's charge was similar to that he gave the jury which found the elder Diamond guilty—that, regardless of intention, the killing of a person in the commission of any felony is murder and that the definition of murder covered all those in the conspiracy to commit the felony, though some of the conspirators did not do the actual killing but were "as far away as Alaska."

Court Threatens To Transfer Case If Jury Lagging. Big Rapids, Mich., Feb. 15.—The Moyles murder case finally obtained a jury today after a venire of 91 talsmen had been exhausted. Judge Joseph Barton threatened to send the case to another county for trial if a jury was not selected today. Sidney Moyles is charged with the killing of Charles Cathoun, following a dispute over the digging of potatoes on the Moyles' farm. About 30 witnesses are expected to testify.

Hamilton Gives Griffis Welcome. Hamilton, O., Feb. 15.—Corliss Hooven Griffis, known throughout the world for his spectacular attempt to kidnap Grover Cleveland Bergdoll and carry him out of Germany, was honor guest at a dinner meeting tonight, when thousands of Hamilton citizens gave a joyous welcome to their returned fellow townsman. Griffis arrived home today from Chicago. He said his plans for the future were not settled.

Book Seller Drops Dead. New York, Feb. 15.—Charles Butler, vice president and treasurer of Brentano's Book Store in Fifth Avenue, dropped dead in the store today. He was president of the National Book Sellers' Association and one of the best known retailers of books in the country.

Vanderlip Admits He Just Peddled Gossip

ESCANABA PAPER COMPANY AND ESCANABA POWER & TRACTION COMPANY ARE CONSOLIDATED

Negotiations which have been pending for several months between the Escanaba Power & Traction Company and the Escanaba Paper Company, looking toward a consolidation of the interests of the two companies, were practically completed yesterday.

While there has always been an overlapping of interests in the two companies, it is believed that many advantages will be gained by a closer affiliation of interests and that this would work to the mutual advantage of the two concerns.

The agreement which has been entered into will result in maintaining the identity of the two corporations but the stock of the traction company will be ultimately owned and held by the paper company.

Benefits Escanaba. This will be of especial interest to the city of Escanaba and to the various communities served with power by the traction company, because it will not only give the traction company the ability to receive current from the Boney Falls dam which is owned by the paper company, but also from the enlarged steam equipment which has been recently completed at the plant of the paper company, so that these communities are assured of an electrical service which is first class and adequate in every respect.

The plan also contemplates the expenditure of upward of \$100,000 on the hydraulic power plants at Groos. This work is actually in process at this time, having been commenced as soon as it was reasonably certain that the negotiations would be finally consummated. This will add substantially to the power which will be produced at the No. 1 and No. 2 dams.

Paper Company Benefits. The paper company will also be quite directly benefitted by the consolidation. The combining of the two companies was a logical business transaction in view of the close relationship existing between many of the interests involved. The paper company will also now be in complete control of the water power on the Escanaba river and of the steam plants producing electrical power and this will permit of a more efficient and economical handling of that important element in the manufacture of paper.

One of the handicaps with which the paper company has had to contend has been the uncertainty and irregularity of its power for the grinding of pulp, but this will be largely overcome by the improvements to the dams, the consolidation of the power of the river, and the enlarged steam producing facilities.

The house agreed to take up the income rates in the revenue bill next Tuesday.

Charles B. Warren, of Detroit, it was indicated, probably will accept the ambassadorship to Mexico.

The North Pole flight of the Shenandoah was ordered held up by President Coolidge, pending information as to the attitude of congress on the plans.

President Coolidge was said to be regarding preliminary figures on the tariff commission's wheat investigation as indicating that wheat duties should be increased.

The house immigration committee postponed until next week further consideration of Secretary Hughes' protest of features of the pending immigration bill.

Representative Raker, Democrat, California, asked the house irrigation committee to investigate charges that power interests were trying to block the Boulder dam project.

Favorable reports were voted by the senate foreign relations committee on the rum with Great Britain; the Isle of Pines treaty with Cuba and two treaties with France dealing with American rights under French mandates.

The senate oil committee heard Frank Vanderlip disavow any actual knowledge in the Marion STAR story; received denials of the "slush fund" rumor from two sources; approved appointment of Atlee Pomerene and Owen J. Roberts as oil counsel, and adjourned until February 25.

John E. Ballaine, Alaskan railroad constructor, in a letter to President Coolidge declared Secretary Denby and Fall at one time entered into negotiations to lease the Matanuska coal reserves along the same lines as were followed in the Teapot Dome issue.

Why the Marion Star made \$60,000 last year, said Mr. Harding with pride. "Pretty good isn't it for a little newspaper?"

The writer agreed with Mr. Harding that the Marion Star was progressing and then the president asked what the writer thought the property was worth. On the basis of earnings of \$60,000 a year the reply given was that the property was certainly worth in the neighborhood of \$600,000, inasmuch as ten per cent was considered an average earning.

When, six months later, the Marion Star was sold and rumor had it that the price was \$500,000 the writer was not surprised. But it turns out that the purchase price was \$350,000. Any business man can figure out for himself whether an exaggerated price was paid for the property on the basis of its previous earnings.

GOSSIP ABOUT HARDING DEAL MOST UNJUST

NO OIL MONEY IN SALE OF THE STAR.

BY DAVID LAWRENCE. (Copyright 1924, by the Escanaba Press.) Washington, Feb. 15.—Rumor, unverified and unsupported, has broken through the restraints of caution and the name of the late President Harding has been dragged into the implications of the Teapot Dome oil controversy.

For weeks there has been gossip which knew no bounds. But Washington is accustomed to gossip. The amazing thing is that anyone felt prompted to make a public speech repeating the gossip. Even Senators and Members of the House who had heard the gossip did not think enough of it to make a public statement and the reason was simple—they had no proof.

The writer happens to be in a position to state some of the circumstances surrounding the appraisal in "President Harding's mind of the worth of his newspaper property, the Marion Star. It was during the latter part of January of last year that the writer spent an evening in the White House talking with Mr. Harding on the prohibition question obtaining material for a series of articles on that subject.

When the discussion was concluded, the conversation fell naturally to newspapers and their development. Mr. Harding was feeling quite happy over the progress the Marion Star had made. He said he had received inquiries as to whether he would sell it and he remarked that he might accept "one of these days."

Why the Marion Star made \$60,000 last year, said Mr. Harding with pride. "Pretty good isn't it for a little newspaper?"

NIP PLOT TO DEFRAUD U. S.

Nation-Wide Counterfeit Conspiracy Broken Up.

Washington, Feb. 15.—A nation-wide conspiracy to make and distribute counterfeit treasury notes of \$1,000 denomination has been nipped in the bud, according to secret service operatives, through the arrest of James C. Houghton, employe of the Bureau of engraving and printing, and Curt Jacobson of New York.

Jacobson and Houghton, both charged with conspiracy to counterfeit United States Commissioner McDonald today and held for the grand jury. Houghton furnished bond of \$5,000 and was released, but Jacobson tonight had failed to obtain his surety, fixed at \$10,000. A number of arrests in other cities in connection with the alleged conspiracy, are predicted within the next 24 hours.

A photographic plate of a \$1,000 treasury note and several plates described as nearly complete and almost perfect reproductions of those used in the bureau of engraving and printing were seized. An effort by one of the men arrested to destroy the photographic copy, the agents alleged, was frustrated.

Killed By Car; Motorman Held. Detroit, Feb. 15.—While attempting to cross Shoemaker Avenue near Lenay Avenue today, Adolph Malecki, 30 years old, an employe of Dodge Brothers Automobile Company, was fatally injured by a street car. He died in a hospital a short time later.

Omnia H. Edwards, operator of the car, made a statement to Assistant Prosecutor Harry Scheinman and was exonerated of blame.

DELAY POLAR FLIGHT PLAN

COOLIDGE ORDERS WORK BEING DONE NOW SUSPENDED.

Washington, Feb. 15.—President Coolidge today ordered preparations for the naval North Pole expedition suspended.

By direction of the president, Secretary Denby sent out orders bringing all preparations for the flight of the Shenandoah to an abrupt stop pending some form of congressional approval of the project.

A White House spokesman limited that if such approval was forthcoming, preparations would be resumed immediately. Naval officials were frankly doubtful, however, that they could obtain congressional sanction in time to carry out the flight this year.

The decision of the president was announced in a statement issued by Secretary Denby. At the White House, however, it was said that the president, in view of opposition to the flight that had developed in congress, believed it wise to await action by that body to show its approval of the expenditures necessary to carry out the plans.

Chemist Dies In Poverty As Fortune Flirts

Baltimore, Md., Feb. 15.—His formula for a remedy for rheumatism just completed after 10 years of experiment and struggle with poverty, Henry Martine, an aged chemist, was found today sitting in his room dead. The precious formula lay on a dresser. In a bureau was found a pile of contracts to supply the Eminent, every agreement dated this week. Two bore the signatures of officials of leading local hospitals. The total sum represented in the contracts would have kept Martine in comfort for years.

ANDERSON ASKS FOR NEW TRIAL

Attorney Charges Error In Trial Of The Case.

(By The Associated Press.)
New York, Feb. 15.—The application of Charles S. Whitman, counsel for William H. Anderson, former state superintendent of the Anti-Saloon League, for a certificate of reasonable doubt in the recent conviction of Anderson on a forgery charge, was argued today before Supreme Court Justice Wagner who will hand down his decision next Wednesday.

Anderson was sentenced last Friday by Circuit Court Justice Tompkins to serve from one to two years in Sing Sing prison.

Mr. Whitman, asserting that he intended to push an appeal of the former superintendent's conviction, contended that the district attorney failed to show that the Anti-Saloon League itself had been injured by any false entry Anderson may have made in a book or account.

Ground For Reversal.
Justice Tompkins, Mr. Whitman declared, refused to charge the jury to this effect. Replying to an application of the defendant's counsel for such a charge the court had said, Mr. Whitman continued, that he had already instructed the jurors that if intent to defraud were shown it made no difference whether the injury was to the league or any one else.

This, Mr. Whitman declared, was reversible and was sufficient ground to justify a reversal of the conviction.

Injury Not Invoiced.
Assistant District Attorney Percora, who questioned Anderson, said the prosecution of who might be injured by a false entry, was not involved. It had been shown, he said, that some one had been prejudiced by the entry on the league's books and therefore verdict should be sustained.

The stay of execution granted by Justice Tompkins was continued, pending the decision by Justice Wagner. If the motion is lost, Anderson may be ordered to prison immediately.

11 Lose Lives In An Eastern Fire Yesterday

(By The Associated Press.)
Montpelier, Vt., Feb. 15.—The death toll of the fire which destroyed the four-story Lawrence Building and threatened the business section of this city early today, was placed at eleven tonight, but only two of the nine bodies thought to be in the ruins had been recovered.

Walter Washburn and Mrs. J. F. Waterman were killed when they leaped from windows, missing the fire net spread to receive them. Near one of the bodies found in the ruins, was the gold watch of William Gibourne, who ran through the corridors warning other tenants when the fire began, and the remains were thought to be those of Gibourne and his wife.

Two entire families, those of Walter Washburn and J. F. Waterman, are included in the list of dead and missing.

On account of the tragedy, the skitman winter carnival planned for February 22 and 23 has been indefinitely postponed.

Make "Havana" Mean Something On Cigar Box

(By The Associated Press.)
New York, Feb. 15.—Brought into commercial frauds court on complaint of the Fair Trade League, the Webster Cigar Company of Detroit today dedicated itself to the proposition that cigars to bear the label "Havana" should contain nothing but Cuban-grown tobacco. The defendant company contended that use of the name "Havana" on its cigars or in its advertising was not intended to deceive and did not deceive, since customers knew the word was only a trade name. It was agreed that the Webster people would cease using the word in reference to its cigars by June 1.

Miners Near An Agreement On Wage Scale

(By The Associated Press.)
Jacksonville, Fla., Feb. 15.—Breaking away from the uncertainty which has characterized the debate of the operators in the miners' wage conference here, the Ohio and Indiana operators today cast a solid vote for a three year contract. This was interpreted as the hopeful sign that deliberations are near a conclusion, and it was predicted that on resumption of the conference Monday, a vote on the three-year offer will bring an agreement or a definite break.

Republican House Leaders To Make Stand For A 35% Surtax

(By The Associated Press.)
Washington, Feb. 15.—Republican house leaders definitely agreed today to make a stand for a maximum surtax rate of 35 per cent instead of the Mellon rate of 25 per cent reported by the ways and means committee. At the same time they laid plans for a fight to the finish on the maximum surtax rate of 44 per cent, as well as the normal income rates, proposed by the Democrats.

While the house spent another day discussing the revenue bill, Representative Longworth, the party leader, held a conference with about ten others directing the Republicans' campaign. Afterwards it was announced that no attempt would be made to obtain a vote on the 25 per cent surtax maximum.

DETROIT MAYOR CLOSES HOTEL

(By The Associated Press.)
Detroit, Feb. 15.—Acting Mayor Joseph A. Martin ordered the Interurban Hotel license revoked, late today, after listening to the evidence of police officers, which in the opinion of the chief executive, proved the place to be undesirable.

The Interurban was the first downtown hotel to be closed by the acting mayor in his campaign to bring about enforcement of all laws. Several police officers testified to purchasing liquor at the hotel, and gave other evidence relative to the conduct of immoral women there.

Martin declined to grant an extension of the license when attorneys pleaded for the mayor to allow the hotel to continue and said they would pay for a police officer who could be stationed in it.

Earl Milner, proprietor of the hotel, who has a 99 year lease on the building, located at Woodward and Jefferson avenues, denied all knowledge of the sale of liquor or of immoral women being harbored there.

Attorneys for Milner stated that revocation of the license would mean a loss of \$75,000 to their client as without the license he would be unable to meet payments of \$2,000 a month in his lease. The acting mayor stated that Milner should have protected himself by conducting the place properly. If he expected to retain his license.

DELAY POLAR FLIGHT PLAN

(Continued from Page One)
committee had discussed the Polar flight plan with Secretary Denby and naval officers but would not interfere with it in any way in the supply measure, since expenditures for the flight were to be made from funds already available and not from those provided in the 1925 supply measure.

Who Is Responsible?
There have been instances of opposition to the flight being voiced in the senate and house, but no definite movement has been apparent in either house. Representative Longworth, of Ohio, Republican, leader in the house, said today he had heard of no such movement.

Chairman Madden of the house appropriations committee, is understood to be in favor of the flight but opposed to any congressional action in connection with it. He said today that he took the position that operation of the naval air forces was as much a matter of departmental discretion as operation of the surface ships and that congress should not interfere.

WILL CONTINUE REPAIRS.

Lakehurst, N. J., Feb. 15.—President Coolidge's order suspending preparations for the Polar flight of the Shenandoah will not interfere with the reconditioning of the huge ship which was battered on her runaway trip January 25, it was announced at the naval air station here tonight. The orders simply will apply to the large amount of equipment which is being gathered here expressly for the North Pole flight.

Lieutenant Commander Zachary Landeodan arrived at the station today and reported to Commander Frank R. McCrary, whom he will supersede. He will take command of the ship tomorrow morning. Commander McCrary, who will be succeeded in command of the station by Commander Jacob Klein, Jr., will leave next week for Mare Island, Calif., to assume command of the USS Canopus, a submarine tender.

Work of repairing the Shenandoah is progressing favorably. Commander McCrary said today. The ship, it is expected, will be returned to service about May 1.

SECURE \$4,400 AND ESCAPE IN AN AUTOMOBILE

Car Is Believed By Police To Be In Detroit.

(By The Associated Press.)
Detroit, Feb. 15.—Bandits obtained \$4,400 from two banks in this vicinity late today. In the first robbery three men held up a branch of the Continental Bank here and, forcing three employees and a woman customer to lie flat on the floor, removed \$1,400 from the cash drawer. They overlooked \$3,500 in currency in the vault.

An hour later four men robbed the New Haven State Bank at New Haven, Mich., about 20 miles northwest of here, obtaining \$3,000, after forcing the cashier and his assistant into the vault. The men escaped in an automobile, with passes from New Haven and Mt. Clemens in pursuit.

Police Theory.
State police believe the Essex coach, license number 179-089, driven by the bandits in the New Haven robbery, is in Detroit. The holdup men after leaving New Haven drove south to Mt. Clemens and then turned west toward Royal Oak. It is thought they then headed for Detroit.

Backed Into Vault.
In the New Haven robbery, Carl and Bennett, with their hands up, were backed into a vault, but the door was not locked. While the bandits were scooping money into a bag, Louis Egan, a New Haven businessman, attempted to enter the bank, but was driven out at the point of a pistol. The gunman sitting in the car outside with the motor running fired several shots at Egan's feet as he ran into the hotel next door to give the alarm.

Several men rushed out of the hotel, only to be met with a fusillade of shots. They scurried to cover as the bandits, firing from the rear seat of their car, disappeared in a southerly direction toward Mt. Clemens.

Russell Willis and several men obtained arms and commandeered an automobile gave chase. They were quickly followed by other cars.

FINANCIER IS NOT PREPARED TO MAKE GOOD

(Continued from Page One)
George K. Thomas, secretary of the Pioneer Oil Company, testified that he had been advised a month beforehand that Harry F. Sinclair would get the lease of Teapot Dome and that it was on the basis of this information that Sinclair was induced to agree to pay the Pioneer and Belge Oil Companies \$1,000,000.

After waiting here three weeks to testify, Thomas Johnson, former secretary for Fall's Mexico ranch, told the committee he never had received checks aggregating \$68,000 or any like sum from Sinclair. Reports of such a payment had been laid before the committee by Archie Roosevelt.

A move to open a new channel of investigation into the oil acts of Secretaries Denby and Fall will be made tomorrow in the senate with the offering of a resolution by Senator LaFollette, of Wisconsin, author of the oil resolution. This will have to do with charges laid before the president today that in July, 1921, Fall and Denby began negotiations looking to the leasing of the Matanuska coal fields in Alaska on the same basis as the oil leases subsequently were made.

Mr. Vanderlip was on the stand today a little less than two hours and was subjected to one of the most merciless examinations of the whole investigation. He was asked repeatedly, why, without any facts upon which to base them, he had given circulation to such rumors about the dead president, and always his reply was that he regarded it as his "patriotic duty" to bring the rumors into the open in the hope of scotching them.

Chairman Lenroot began the examination, and time and again came back to it, sometimes interrupting the half-dozen other senators who joined in the questioning. Frequently Senator Lenroot emphasized his queries by vigorous gestures, and often he leaned far across the table toward the witness to press home the points he desired to make.

Only once or twice did the New York banker appear ruffled. Much of the time he leaned forward with his hands clasped on the table, but occasionally he changed his position, the better to face his questioners, and at times punctuated his answers with a pointing forefinger. He denied that he had circulated a scandal, arguing repeatedly that what he had done was to bring to light rumors current in Washington and New York and over much of the country.

Committeemen differed vigorously with the witness as to his conception of what constituted a "patriotic duty", particularly with respect to circulating rumors about a dead president.

Insisting that his only purpose Secretary Fall testify further, he would have "peached" on those in high place, Mr. Vanderlip said:

PRESIDENT ASKED TO DEMAND SHOWDOWN ON PLANS FOR THE DISPOSAL OF ALASKAN COAL

Names Of Denby And Fall Linked In Letter To Coolidge.

(By The Associated Press.)
Washington, Feb. 15.—Initial steps toward a possible senate inquiry into the long fought Alaskan coal controversy were begun today after John E. Ballaine, of Seattle, an Alaskan railroad constructor, had presented to President Coolidge charges respecting the transfer of the Matanuska coal reserve from the navy to the department of the interior.

Mr. Ballaine in a lengthy letter to the president declared examination of official files would show that Former Secretary Fall and Secretary Denby in July, 1921, four months after they had taken office, began negotiations for the transfer of the Alaskan coal reserve from the navy to the department of interior and for the leasing of that reserve for a period of fifty years.

The negotiations and the terms agreed upon, Mr. Ballaine asserted, "ran along lines exactly parallel with the negotiations and the terms of the lease of the Teapot Dome oil reserve."

Explains About Coal.
The Alaskan railroad man explained that the lease was never consummated but declared that the department of the interior upon taking over mining operations in the Matanuska field suspended operations and that the navy department had refused to utilize Alaskan coal on the Pacific coast, although it had been shown to be cheaper and better, he said. Charts showing that Alaskan coal, according to navy tests, was better and cheaper than Pocahontas coal, such as is used by the navy, were included by Mr. Ballaine in his letter.

Submission by Mr. Ballaine of his charges to the president was followed by preparation by Senator LaFollette, Republican, Wisconsin, of a resolution for introduction tomorrow, calling upon the interior department for certain records relating to the inter-departmental transfer of the Alaskan coal reserve.

Senator LaFollette in his resolution, as made public tonight, will ask that the secretary of the interior send to the senate a copy of the agreement between the interior secretary and the secretary of the navy regarding the transfer; all executive orders and other papers in the interior department files relating to the transfer; all correspondence and opinions as to the legality of such a transfer, and any lease made, applications for leases and correspondence relating to possible leases of the Alaskan reserve.

The Wisconsin senator, it was recalled, inaugurated the inquiry which later grew into the present senate oil investigation, with a resolution similar to that which he has prepared for introduction tomorrow.

Mr. Ballaine's letter as presented today at the White House is supplemental to a previous communication alleging attempts by certain interests to throttle the Alaskan railroad and asking appointment of an impartial board or commission by the executive to inquire into such attempts. This communication relating to the railroad management has been referred by the president to the interior department for investigation.

In making his statement was to clear Mr. Harding's name, the banker declared he was a friend of the late president and had respect for his memory. Asked by Senator Adams, Democrat, Colorado, about a rumor that a grudge against Mr. Harding was the cause of his statements, he declared that nothing could be further from the truth.

"I did not know Mr. Harding intimately," he said. "I never asked but one favor of him and he granted that instantly with most charming courtesy, and that was a favor that he speak at a meeting. My relations with him were the pleasantest and friendliest. I admired him and I have reverence for his memory."

When he was questioned about another portion of his now famous Ossining address, to the effect that he had the committee heard former had no information upon which to base that statement. He had heard from a very high quarter, he said, that "that was really the situation"; that Fall had information, was of a temperament to use it; and "that it became alarming."

The witness said he had not known when he made his address that the committee had been advised by counsel that Fall should not be compelled to testify, and that if he did testify under duress he might be given immunity so he could not be prosecuted at all. He said he had followed the newspaper accounts of the investigation but that he had not read of that development.

The matter does not at this time contemplate any particular changes in the personnel of the two organizations.

Big Power Increase.
Through the rebuilding of the power plant at No. 1 Dam, at Flat Rock and excavating the tail race at No. 3 dam at Chandler's Falls, to provide an additional head of water at that dam of between 4 1/2 and 5 feet, the power output of the two dams will be increased by four million kilowatts, annually. The work of rebuilding the power station at Flat Rock has been in progress for the past six weeks in charge of Samuel Mills, a considerable crew of men being engaged in the concrete and brick work. As soon as the station is completed entirely new and modern power generating machinery will be installed.

The work of excavating the tail race at No. 3 dam is in charge of Oscar Raymond and great quantities of stone are being torn from the bottom of the river above the dam, to increase the head of water at that dam by approximately five feet. Both the rebuilding of the power station at No. 1 dam and the tail race excavating work at No. 3 dam will be fully completed by April 1 that full advantage may be taken of the spring rush of water when the annual break-up comes.

Big Generator Working.
The work of installing a new 2500 k. w. turbo generator in the power station at the plant of the Escanaba Paper Company at Groos, was completed on Feb. 1 and has fully proved up to all claims for the new machine.

In spite of the fact that the power station at No. 1 dam has been completely out of commission for the past month, the use of the new turbo generator added to the power produced at other dams on the river, has made

It is possible to furnish the usual quota of power to the cities of Escanaba and Gladstone, as well as to the paper mill and in addition to operate several pulp grinders at the pulp mill.

The new power arrangement will make it possible to establish the pulp mill as well as the paper mill, on a permanent year around basis of operations. Through the arrangement approximately 100 men will be provided with steady employment at the pulp mill, where operations in the past have been confined to the spring and fall seasons.

Girl Scouts Ready For Winter Sport Carnival Today

Girl Scout leaders of the city declared last night that only favorable weather was needed to make the winter sport carnival, to be staged today, a big success. There will be contests in skating, skiing, tobogganing and other winter sports, with prizes to the victors. A snow fight will be a feature. Hot lunch will be served to the girls.

The list of entries is expected to be large. Prizes have been donated by Escanaba and Gladstone business men.

AMUSEMENTS

AT THE DELFT.

An article of handwork which will appeal to many women of the older generations is shown in "Pioneer Trails," a David Smith production which will be shown at the Delft Theatre for the last time today. It is a beaded wall pin cushion in the form of a shoe. Many of the younger generation interested in crocheting beaded bags are unfamiliar with this form of art work which was in vogue in the early sixties.

Roses in natural colors and bold relief were worked by the young girls of that period, and after school the young miss had to knit a stipulated number of rows on a counterpane, crochet a certain number of inches on a chair tidy or couch cover. When there was neither knitting nor crocheting the young girls found plenty of carpet rags to sew or braid. Recently there has been a revival of rag carpets and some of the younger generation are active making rags from rags. Some exceptionally beautiful specimens

The court explained that the crime lay in the fact that the bottle was empty.

Conrad Nyhold paid \$200 for failure to provide. It was charged that he hadn't paid his Legion dues.

Claude E. Garrison bet that Doc Cook had never found the North Pole and was fined \$1,000 for gambling.

Miss Helen Myers was assessed a fine of \$50 for shimmying on the dance floor and it cost Fred Stonehouse \$200 for breaking jail. They also made him put the jail back where he found it.

Harry Tilbert was found guilty of possession, fined \$500 but couldn't shed a tear. So he was sentenced to five minutes in jail. Harry was a fast worker. Another case also grew out of this sad affair. Mr. Tilbert sent his young son Basil out to the smokehouse to get the money and the boy disappeared, whereupon he was sentenced to sweep out the jail when apprehended.

Miss Viola Brunell was fined \$50 for being out after the curfew had sounded.

are shown in the interiors of "Pioneer Trails," the action of which takes place in the days when this type of floor covering was at its height.

The story is one of the old West and Director David Smith has spared neither time nor money in making it historically correct to the utmost minute detail. Alice Calhoun, Cullen Landis and Otis Harlan head the all-star cast.

AT THE STRAND.

Full of the romance of Paris and New York, centering about a band of international crooks and an American secret service operative, the William Fox production "Just Off Broadway," pleased a

capacity house last night at the Strand Theatre, where it will be shown again today.

John Gilbert has the leading role, with Marian Nixon playing opposite Edmund Mortimer directed and the balance of the cast consists of Ben Hendricks, Jr., Trilby Clark and Pierre Gendron.

The story deals with a little Broadway chorus girl who innocently becomes the ally of crooks. The action jumps to Paris and back again, before matters are straightened out and she learns that the man she has believed to be a criminal, actually is an American secret service agent. And he, thinking the girl was dishonest, learns her innocence. The

story was written by Frederick and Fanny Hatton, masters of the motion picture drama and it shows their handwork in every scene.

St. Joseph's Auditorium.

It is expected that a packed house will attend the picture show Sunday afternoon and evening at St. Joseph's auditorium when the beautiful picture "The Last Hour" will be shown, starring Walter Long, Milton Sills, Carmel Myers, Pat O'Malley, Alec Francis, Jack Mower and others. Mr. Long will be remembered as one of the actors who played here with the Laura Weston Company several years ago.

WILD NIGHT AT SLIPPERY GULCH

Many Arrests Made And Heavy Fines Assessed.

The American Legion round up at Slippery Gulch, Coliseum, last night was the liveliest spot between No Man's Land and five miles beyond Redemption. The big hall was filled until midnight and there was fun and frolic galore. The various shows and games were well patronized and it is indicated that the big affair will wind up in a blaze of glory tonight.

There was everything on tap that used to be found in the old time town in the wild and woolly west. The bar did a great business. Every drink has "a stick" in it, the roulette wheels and various other games of chance were centers of interest and the court proceedings furnished endless entertainment for the big crowd.

The big affair, which is being staged to raise money for the purpose of defraying expenses incident to the Upper Peninsula Legion convention in Escanaba this summer, will close tonight. Among other features will be a dance in which Bink's new orchestra will furnish the music.

Judge Flannigan Busy. Judge Clem Flannigan had a busy night. The first case wasn't. The defendant, John Riley, arrested the night before and released under \$500 bail, forfeited his bond and it was reported to the court that he had straggled his way to Patagonia where he expected to open a drug store.

Probably the most interesting case was against a man named Bob Pryal. He was charged with being unable to speak the English language and was guilty. An interpreter was necessary and there were many hot passages between the court and the prisoner. He was finally fined \$1,000 and told the court to charge it. Ed. Moersch paid a fine of \$500 for a vicious case of assault and battery and the grand jury was convened to hear evidence against Max Madalla who is under investigation for the sale of ham.

It was a busy night in the Flannigan court, which will be continued tonight.

Squire Goddard Rules. What probably was one of the most important rulings ever made in a court of law was that made by Justice of the Peace L. D. Goddard in the first case brought before him. James Mogan was brought before the court and fined \$60 and costs for carrying counterfeit money. His attorney cited seventy seven volumes of law showing that the Supreme Court of the United States had established a precedent contrary to the court's action.

Whereupon, Squire Goddard settled the matter for all time, by announcing that he wished to announce, and enunciate to all and sundry that by the eternal pink-leaf prophet of Cappy Ricks these smart legal fry were now in his net; that they were practicing in Squire Goddard's court; that all supreme court decisions were hereby revoked, overruled, made null and void and completely loblollied.

The court held there was no such thing as counterfeit money; that some was worse than others, but there was none of it bad. He based his ruling upon an ancient Indian law. It was that there was no bad firewater, some was worse than some other, but the worst was not bad.

He then charged Mr. Mogan with having no visible means of support and fined him \$100.

Other Criminals. Other cases were: John K. Black, Jr., disorderly conduct, \$1,000. Ted Keeler paid a fine

of \$100 for putting garbage in the city water. Arthur DeLong tried to sing and was fined \$50 for disturbing the peace and another \$100 for contempt of court when he offered the court something from the hip. The contempt lay in the fact that he had nothing on the hip.

George Harvey, much to his consternation was found guilty of "possession" and it cost him \$500. Officer Finn made the arrest but somehow in the melee, the bottle got into Finn's pocket and he also was fined \$500 for possession of an empty bottle.

CAST COMPLETE FOR K. C. SHOW

Well Known Local Artists to Appear in "Glorious Girl" Next Week.

The Glorious Girl, the musical extravaganza, which is to be presented for two evenings, Feb. 21 and 22, at the Delft theater under the auspices of the Knights of Columbus promises to be the most spectacular musical comedy ever presented in Escanaba.

The play opens with Mrs. Winterfield, Margaret's aunt, purchasing a canvas at a big store. Steve and Molly, Bob's crooks, hear the price of the picture and plan to steal it.

The crooks gain entrance to the Winterfield home as entertainers at the proposed wedding of Margaret and the count, Margaret, however, is in love with the chauffeur, William, the nephew of Mrs. Winterfield, is in love with Alice, the shop girl in the studio. She overhears the plan of the crooks and with William also disguises as entertainers.

Crooks Are Exposed. Alice and William get the picture before the thieves arrive. The crooks are finally exposed by William, and his aunt consents to his marriage with Alice. It is at this point that Margaret announces her wedding to the chauffeur who is really a member of the wealthy Van Gordon family. Not to disappoint the guests on his nuptial day, Mrs. Winterfield proposes to him, bringing the entire situation to a happy ending.

The names of the cast follow: Genevieve Olson Margaret Vera Starrine William Dr. A. J. Connelly Van Vaughan Belanger Mrs. Winterfield Isabella Cass Count Aloysius Schwalbach Molly Irene Roland Steve Thaxter Shaw Horatio Clayton R. Todd Sadine Marjorie Nee Prince Victor Moreau Soothsayer George Hirt Father R. E. Allingham The costly satin and silk drops, velvet draperies, gorgeous costumes and brilliant lighting effects, furnished by the Harrington Adams Co. of Fostoria, Ohio, owners and producers of this and many other successful musical comedies, furnish a professional setting that far surpasses any other play with amateurs and without a doubt, "The Glorious Girl" will be the biggest and best amateur show ever staged in Escanaba.

The tickets are now on sale and the reserved seat sale will open promptly at nine o'clock Wednesday, Feb. 21, at the box office of the Delft Theater.

BODY OF EDITOR LAID TO REST IN LAKEVIEW

"I have fought a good fight. I have finished the course. I have kept the faith," the words of St. Paul, constituted the text of the sermon by the Rev. C. M. Merrill of the First Methodist church, at the funeral yesterday afternoon of F. L. Baldwin, editor and publisher of the Escanaba Journal. A reading from the Scripture, a prayer and three of the favorite hymns of the deceased: "Lead, Kindly Light," "Abide With Me," and "Jesus Lover of My Soul," were sung by a choir of voices from the First Methodist Episcopal choir. The services held in the family home in Ogden avenue were attended by a large crowd, members of which came from all parts of the Upper Peninsula. There were many beautiful floral tributes. The pall bearers were Herman Gessner, Peter Jensen, C. E. Snyder, James C. Baker, F. F. Davis and Chas. Brown. Interment was in Lakeview cemetery.

Webster school pupils will attend the oratorical contest for eighth graders, to be given under the auspices of the Orange & Black Society at the high school next Wednesday night, in a body, officers of the Orange & Black were told last night by C. W. Flannigan, principal of the Webster.

In addition to the declamations by the seventh grade contestants from five schools, the eighth graders from the Franklin will hold a similar contest and there will be music by the High School and Washington school orchestras.

The banners, to be given as trophies of the event, have been completed and there also will be individual prizes for the victorious speakers.

To Try Deposed Cop At Soo This Term

Sault Ste. Marie, Feb. 15—Jay F. Young, deposed chief of police of Sault Ste. Marie, who pleaded not guilty in circuit court to charges of accepting bribery, may be put on trial Saturday, court attaches said. The Young trial was placed on the docket to follow the trial of Elias M. Lennox, the grape juice salesman, who is alleged to have violated the prohibition law by selling fruit juices which were expected to ferment soon after their delivery.

Engineers Here to Begin Water Survey

Representatives of Hoad & Decker, sanitary engineers, of Ann Arbor, were in Escanaba yesterday to begin the preliminaries of the survey which the city administration hopes will lead to the elimination of the croose taste in the city water.

Mr. Hoad, the senior member of the firm, was at one time consulting expert for the North Michigan Water Company and is familiar with conditions here.

The survey will be completed as quickly as possible.

NOTICE TO EVANGELIST A. L. BEAZLEY.

The \$1,000 offered to anyone who can prove from the bible alone that I am bound to keep Sunday holy, and the Saturday Sabbath is not now in order.

The challenge we accept and offer to prove to the public from the Bible, that Sunday is the correct day for rest and worship. As Evangelist A. L. Beazley has challenged the proof in public it should be met before the public.

I therefore will meet him in Escanaba or Gladstone in public discussion on this subject. The outcome to be left to be decided by three judges, selected, not members of either church. The \$1,000 to be deposited in any bank of Escanaba.

Birthday Anniversary. A family reunion was held Tuesday evening at the home of Mr. and Mrs. Louis Savard, 1323 First Avenue North, in honor of Mrs. Seraphine Roberge who celebrated her 2nd birthday anniversary. Six of her children were present, several grand children and a number of great grandchildren.

The evening was delightfully spent in card playing, singing and dancing. Mrs. Roberge, the honored guest, occupying the floor giving several big fashioned gigs during the course of the evening. Mrs. Roberge is hale and hearty in spite of her four score years.

A sumptuous supper was served at the close of the evening's festivities. Every one enjoyed the evening immensely.

Valentine Party. A Valentine party was given Thursday evening at the home of Mr. and Mrs. Louis Provost. The party was arranged as a surprise on the couple. Five Hundred and Whist were played. First prizes were awarded to Miss Anna Vermuleun and Israel Belanger, second prizes to Mrs. Louis Provost and Joseph Provost.

A delicious lunch was served at the conclusion of the evening's diversions. An unusual coincidence was that a number of the guests at the party were deaf and dumb, but they took part in the program also. They were Mr. and Mrs. Edward Duchaine, Mr. and Mrs. John Wahowiak, Israel Belanger, Anna Vermuleun, Joseph Provost and Dona Provost.

Injured Policeman Confined to Home

Glenn Peterson, member of the Escanaba police department who was attacked by two men in an alley Sunday night, was confined to his room yesterday as a result of the injuries he suffered in the encounter. Scratches made inside the officers' mouth by the fingernails of one of his adversaries were said to have developed an infection and blood poisoning was feared. Physicians last night did not believe his condition was serious but indicated that there was a possibility that it might become so.

ENDALL HOME IS SCENE OF SERIOUS FIRE

Blaze Breaks Through Floor; Burns Furniture.

Only the prompt response of the fire department saved the Endall residence on Arctus avenue from complete destruction by a fire which broke out at about 11:30 Thursday night. The blaze originated in a basement, and when the firemen arrived, the flames had broken through the first floor in several places, and were rapidly spreading. By the combined use of chemicals and water, the men were able to check the flames which had already filled the entire house with dense smoke.

Prepare To Build New Refrigerator

Workmen have completed the laying down of the refrigerating room in the Manistique dry products plant here, in preparation for the construction of a new cooling room of modern construction. The old refrigerator was built at the home the time the plant was constructed, but trials proved it unsatisfactory. It was found that dairy products became tainted when left for any length of time in the cooling room.

SAVED FROM AN OPERATION

Shaw Calls Lydia E. Pinkham's Vegetable Compound a God-Send to Sick Women

Cambridge, Me.—"I suffered terribly with pains and soreness in my sides. Each month I had to go to bed, and the doctor told me I simply had to go under an operation before I could get help. I saw your advertisement in the paper, and I told my husband one day to get me a bottle of Lydia E. Pinkham's Vegetable Compound. Before I took the first dose I felt better. I took it three times a day for two years, getting well all the time, and now for four years I don't have any pains. After using the medicine for two years I had another child—a lovely baby girl four years old—the life of our family. I do praise this medicine. It is a God-send to women who suffer from female troubles and especially from pains at the periods. I surely was saved from an operation."—Mrs. M. SHAW, Route No. 1, Cambridge, Maine.

BIG FIREWORKS DISPLAY TO BE SHOWN AT FAIR

Annual Meeting At Manistique Proves Harmonious One.

Harmony prevailed throughout the annual meeting of the Cleveland Association of Fairs, held at Manistique on Thursday.

The report of the committee on fair dates was adopted without a dissenting vote, the place for the next meeting was agreed upon unanimously, and the matter of regulating gambling devices caused no strife at the meeting.

The date chosen for the Schoolcraft 1924 fair is practically the same as it was last year. It will open in the twenty-second of September, and continue through as many days as the local association decides to hold it.

Will Have Fireworks. In connection with the plans for this year's Schoolcraft county affair, local officials announced that they had signed two of the best free acts obtainable, and in addition to these, will have two evenings of fireworks.

The fireworks will not consist of a few rockets and candles, shot off haphazardly, but will be beautiful "set" pieces, and effects, furnished by an amusement company. These attractions are by far the most elaborate ever provided in Schoolcraft county, and were secured through Felix Reich, representative of the World Amusement Company, who attended the fair meeting here.

C. R. Miller, who was last year chosen chairman of the Cleveland Association, was nominated by J. Quinlan of Newberry for re-election this year, but declined the nomination. The name of Patrick O'Brien, Iron River, was then presented, and he was unanimously elected. A. G. Kettunen, who acted as secretary in the absence of E. G. Amos, was nominated as secretary, but he also declined, and Mr. Amos was re-elected.

Change Meeting Date. Believing that an annual meeting before snow fall in the fall would be more convenient for all concerned, the delegates decided to hold their next session in October of this year, at Iron River, where Mr. O'Brien promised that they would be royally entertained.

The evening banquet, held at the Ossinawaukee Hotel, was also an enjoyable affair. Three tables of fair delegates, county officials, and guests, were present, and there were speeches by Patrick O'Brien, Iron River; Benjamin Gero, Manistique; Earl Cameron of the Sault; John Foshar of this city; Andy Olafson of Cooks, and others. Music was furnished by the high school orchestra.

Expect Rev. Jones For Next Sunday

GLADSTONE IS AWARDED TOURNAMENT

Class B Teams of First District Meet Here March 7 and 8.

Gladstone will have the 1924 Class B basketball tournament for the first district.

Announcement that this city had been awarded the district tournament was received yesterday by Principal C. C. Strickland from Donald O'Hara, of Gwinn, secretary-treasurer of the Board of Control.

With the announcement, appointment of Principal Strickland as director of the tournament, was made known.

The Class B tournament will be played here on March 7 and 8. The games will begin Friday evening, continue through Saturday and Sunday, to determine the final contestants, to determine the tournament victor, will be played Saturday evening. Presentation of the cup to the winner team will be made at the conclusion of the final game.

The tournament will bring four teams to Gladstone, Stephenson, Powers-Spaulding, Norway, and Vulcan, according to present plans. With seven men to each team and the coach, this will mean the entertainment by Gladstone of thirty-two guests during the two days of the tournament.

Committees. Appointment of various committees to take charge of the housing, entertainment and other phases of the tournament will be made early next week by Director Strickland and arrangements for the event will be placed under way immediately.

Officials for the tournament have not yet been selected. Officials who have been approved by the board of control for the district tournaments thus far include: Arthur Vos, District; Albert Hill, Escanaba; Toivo Williamson, Gwinn; L. W. Harvey, College of Mines, Houghton; C. B. Hedecock, Marquette; W. B. McClintock, Marquette; Dewey Urquhart, Ishpeming.

Selection of two officials for the tournament here will be made among these officials and others whose names may be added to the approved list.

Big Event. The Class B tournament will be a big event in Gladstone and the awarding of the tournament to this city will be a matter of great satisfaction to the entire community.

Tournaments will be held throughout the upper peninsula on the two days set, the schedule as follows: District one—Class A at Menominee; Class B at Gladstone; District two—Class A at Ironwood; District three—Class A and B at Michigan College of Mines at Houghton; District four—Class A at Negaunee and Class B at Munising.

Entry must be made upon the U. P. I. A. A. Eligibility blanks hot later than Saturday, March 1, with Secretary O'Hara at Gwinn.

The drawing for places will be under the direction of the secretary except in district four where R. E. Cheney is president of the board, will be in charge.

Will Be Announced. Questions of eligibility arising during the tournament will be decided by members of the board of control, John Ruff, Ironwood; R. E. Cheney, Menominee; D. O'Hara, Munising.

Further plans and arrangements for the tournament here will be announced as soon as they are completed by Director Strickland.

Book Two Games for Seventh Grade

Two games for the seventh grade basketball team of the Junior high school, have been arranged by Principal C. C. Strickland. The Gladstone seventh graders will play the Webster school at Escanaba Friday, February 22, and the Webster school team will play Gladstone here the week following.

Miss Majorie Collins, who teaches at Stonington, is spending the week end at her home here.

Miss Gertrude Schustarich will return Sunday from a week's visit in Chicago and Milwaukee.

Mrs. F. M. Artley has gone to Escanaba where she will visit during the week end with her daughter, Mrs. Harold Miller.

Mrs. Archie Harris is confined to her home, suffering from an attack of illness.

WILL SEND DELEGATES TO MEETING

A Gladstone representation of at least six boys and one leader Mathew Wagner, at the tenth annual conference of order boys of the upper peninsula at Ishpeming, February 22, 23 and 24 was assured at a meeting of all those interested in the conference, at the Junior high school auditorium Thursday night.

The meeting was called by C. C. Strickland, principal of the high school, who has been appointed Gladstone chairman of the conference.

A few remarks on the sending of a Gladstone delegation to the conference were made by Mr. Strickland. G. D. Westerman of Ann Arbor, a leader in boys' organization work, present at the meeting, gave a talk, outlining the program of the conference, its benefits for the boys attending and the advantages to be gained by the community in sending a group of its boys to the meeting.

The pledging of backing to send a group of six boys, who will be accompanied by Mathew Wagner, as leader, was given during the meeting, and appointment of a committee to communicate with all organizations of the city, not represented at the meeting Thursday night, with a view to increasing the delegation was made.

This committee, Julius Breckel, E. J. Noreus and Supt. C. H. Teague, is now at work and a complete list of delegates to the conference will be announced soon.

MISSION BAND TO BE GUESTS HERE TODAY

Fifty members of the Junior Mission band of the Swedish Lutheran church of Escanaba, with their leaders, the Misses Edith Carlson and Helen Anderson, will come to Gladstone today to visit here as the guests of the Gladstone Mission band.

The young people will make the trip on the 1 o'clock car, arriving here at 2 o'clock. They will then go to the Swedish Lutheran church parlors where they will spend the afternoon.

A program has been arranged and refreshments will be served.

THIRD WARD GUILD HAS SALE TODAY

Members of the Third Ward guild have completed all plans for the bake sale and light lunch service which they will conduct this afternoon at Mallongree's Electric shop.

The bake sale will begin early in the afternoon while the serving of a light lunch will start at 4:30 o'clock and continue until all have been cared for.

The menu for the lunch, announced by those in charge, includes scalloped potatoes, ham, baked beans, hot rolls, cake and coffee.

Suffers Bruises In Bad Fall

Edmund Robare is confined to his home, suffering from minor bruises to the left hip, received Wednesday evening when he slipped and fell on the wet floor of the Veneer mill where he is employed. Mr. Robare was given prompt medical attention and is recovering nicely from the injury. He will probably be able to resume work within a few days.

Announce Special Music for Sunday

Special music at the Alice Memorial Methodist church morning service has been arranged for Sunday it was announced yesterday. The numbers will include a solo by Mrs. Edmund Foster and selections by the male quartet.

G. R. EMPSON HEADS SCOUT ORGANIZATION

Officers Elected at Annual Meeting of Gladstone Council.

Attorney G. Raymond Empson was elected president of the Gladstone district council of Boy Scouts at the annual meeting of the council held Thursday evening at the Junior high school.

The Rev. Father Sebastian Mater will serve as first vice president of the council during the coming year; James T. Jones, as second vice president; E. J. Noreus, secretary and treasurer; J. Paul Bushong, assistant scout commissioner; E. J. Noreus, representative to the local council with the president and first and second vice presidents.

The meeting Thursday night was attended by a good representation of men interested and actively concerned in the Boy Scout work. James T. Jones was chairman of the meeting.

Reading of the report for 1923, recently announced, was another important part of the meeting. The complete report for the year was read by Chairman Jones, who followed it with a brief but interesting review of the year's activities represented in the report. The report was accepted.

A talk by Executive Gordon C. Adams touched on the progress made in Scouting since his appointment as executive for the Delta-Schoolcraft county association, and outlined the activities for the coming year. The executive expressed himself as more than encouraged by the enthusiasm and cooperation shown and declared that prospects for continued advancement had never been better.

Nahma Jones. Mr. Adams read a letter from Lawrence Woodell of Nahma, leader of the Boy Scouts there, asking admittance into the Delta-Schoolcraft association and favorable action on this matter was immediately taken, extending the range of active Scout organizations, which will now include Gladstone, Escanaba, Manistique, Rapid River and Nahma.

Discussion of other matters of minor importance was followed by adjournment.

Girl Scouts in Carnival Today

Girl Scouts of the three Gladstone troops will go to Escanaba today with their leaders to take part in the winter carnival which will be staged at Ludington park under the direction of Miss Loretta O'Connor.

The Gladstone girls have been practicing for the carnival events and are ready to make a good showing in the various races.

Attend Funeral At Escanaba

Among the Gladstone people who yesterday attended the funeral services at Escanaba for the late Francis L. Baldwin, editor and publisher, were Supt. C. H. Teague and City Manager C. W. Ham.

Miss Libert declares the good health that Tanlac brought her is worth bank full of money.

"The good health Tanlac brought me is worth a bank full of money, but it cost me less than five dollars," is the striking statement made recently by Miss Pearl Libert, a charming young Toledo woman, who resides at 722 Stickney Ave.

"For months before I started taking Tanlac nervous indigestion had me terribly run down. Every meal was followed by painful gas formations that interfered with my breathing, extreme nervous spells and violent headaches. My sleep was also very broken."

"Tanlac quickly set me right again, gave me a really wonderful appetite, and rebuilt my nerves and strength so nothing ruffles or disturbs me. Now I can work all day and feel fine when night comes. I have also gained fifteen pounds. Tanlac is grand."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Esky Beats Menominee 25 to 20

LOCALS ANNEX OVERTIME TILT

Orange & Black Quintet Hits Stride and Takes Warm Battle.

After Menominee, by a rally in the closing minute of the fourth quarter of last night's game in the school gymnasium, had tied the count, 20 to 20, Escanaba high took a spurt in the five-minute overtime period and won the contest, 25 to 20.

If a faster, more thrilling, or harder-fought basketball game ever was played on a local floor, everyone in the big crowd that saw last night's scrap had forgotten it. Escanaba showed a wonderful improvement in all departments, and that local boys had reason to be proud of.

The scoring on both sides went by spurts. The first quarter saw the locals with 8 points to their opponents none. In the second period Menominee held Escanaba to a lone field goal, and scored 5 state-line points, the half-way score standing 10 to 5.

Thrilling Finish. Baskets fell thick and fast in the third period, Menominee getting 13 points to the locals' 10 for a three-quarter total of 20 for Esky and 18 for Menominee. The fourth period found the guards of both quintets tightening up and Menominee's tying basket in the last 20 seconds of the period was the only one caged in the fourth quarter.

After three minutes of the overtime period had been consumed, Andrews shot a field goal. Captain Gaffner followed with another and with only 10 seconds remaining, Miethe dropped the ball through the hoop from the free-throw line. Final: Esky 25; Menominee 20.

Menominee, specializing on long shots, found the guarding of Miethe and Savord too close to permit "kettling" for a throw, while excellent team work on the part of the locals carried the ball down under the basket for the snappy shots which Andrews and Gaffner hooked. Andrews, with six field goals to his credit, was high individual scorer for the game. Bloomstrom's work at center featured.

Utch and Larson starred for Menominee. The score: BOX SCORE.

ESKY GRADERS DEFEAT UPBAY BOYS, 14 TO 8

The Franklin school basketball team defeated the Gladstone eighth graders here last night 14 to 8 in a snappy curtain raiser for the Escanaba-Menominee contest. The score was tied 2 to 2 at the end of the first period and 6 to 6 at the half, but the local lads pulled away to a slight margin in the third period which ended 10 to 6 for the Franklins.

George Snyder, center for Escanaba and Reese was the brightest light for Gladstone. He was a sticky little youngster whose dribbling was especially good. The local team was considerably heavier than the up-bays.

FRANKLINS—Smith and Stegath, forwards; G. Snyder, center; Powers, M. Snyder and Call, guards. GLADSTONE—Reese, Fisher and Goodman, forwards; Moore, center; Van Mills, Jones and Matheson, guards.

Tunney Retains His Title In The Bout With Burke

New Orleans, La., Feb. 15.—Gene Tunney of New York, successfully defended his American light heavyweight title against Martin Burke of New Orleans in a 15 round bout here tonight.

Outclassing Burke at every angle of the game, Tunney won practically every round, showing plenty of speed and ability to deliver hard blows with both hands. The crowd hissed Burke from the holding tactics.

Tunney weighed 177½ pounds and Burke 132 3/4. Greenville 15; Mt. Pleasant 4. Depere, Wis., 34; Northern State Normal 23.

Gladstone High Gets Class B Tourney For First District; Esky Plays At Menominee

GLADSTONE IS EASY VICTOR

Menominee high schools gets the Class A basketball tournament in the First Upper Peninsula district; the Class B tournament has been awarded to Gladstone.

The list of tournament assignments was made public yesterday by Donald O'Hara, of Gwinn, secretary of the U. P. Board of Control.

In District No. 2, Ironwood gets the Class A meet, while the Class B title already has been awarded, by agreement, to Stambaugh with Wakefield in second place.

Both the Class A and Class B tournaments in District No. 3 will be played at the Michigan College of Mines, Houghton. Negaunee will be hosts to the Class A schools in District No. 4 and Munising, last year's upper peninsula champions, will get the Class B meetings.

The district tournaments will be played March 7 and 8. The finals—in which the winners of first and second places in each district will be entered—will be played at Marquette Normal College March 14 and 15.

The Class A teams which will clash in the first district are Escanaba, Menominee, Iron, Mountain and Manistique. At Gladstone, the Class B quintets are Gladstone, Rapid River, Norway, Vulcan, Stephenson, Powers and Harris.

The other districts include: Second District. Class A—Ironwood Bessemer, Crystal Falls, Iron River. Class B—Stambaugh (winner) and Wakefield (runner up).

Class A—Calumet, Hancock, Houghton, Painesdale. Class B—Lake Linden, Baraga, Dollar Bay, Chassel, Greenland, L'Anse and Ontonagon. Fourth District. Class A—Marquette Ishpeming, Negaunee, Sault Ste. Marie. Class B—Gwinn, Munising, Newberry, Michiganme, Champlain Normal High, Baraga, Republic.

Manistique, Mich., Feb. 15.—(Special)—The Gladstone High school basketball team administered the worst defeat of the season to the local squad at the high school gym here tonight. Manistique was outplayed from the beginning and when the final whistle sounded the score stood 23 to 7 in favor of the visitors.

Gladstone started out with a bang, taking the lead in the first minutes of play and hanging on to it throughout the four periods of play. The Manistique players were closely guarded and the result was that the locals only scored three baskets and one free throw—one basket in the second and the rest in the last quarter. The visitors scored twice in the first quarter, piled up 11 more points in the second and another 11 in the third, looping a lone basket in the last period.

Besner and Gonyea, Manistique guards, were injured and had to be taken from the play. Fox and L. Smith taking their places. GLADSTONE—B. F. T. Barry, rf 5 1 11. Murphy, lf 2 3 7. Bjork, c 0 0 0. Gerdeau, rg 1 2 4. Kircher, lg 2 0 4. Gladstone Substitutions—Goodman for Murphy, Burke for Bjork, Karjela for Kircher. MANISTIQUE—B. F. T. Orr, rf 2 0 4. Highland, c 1 0 2. Besner, rg 0 0 1. Gonyea, lg 0 1 1. Manistique Substitutions—O. Smith for Fox, Fox for Besner, L. Smith for Gonyea. Referee—Cameron of Newberry.

In the preliminary the Juniors had a hard time winning from the Freshmen but the final score stood 19 to 14 in the former's favor.

Chicago Trio Wins Saranac Lake Speed Skating Events

(By The Associated Press.) Saranac Lake, N. Y., Feb. 15.—The victory of Francis Allen, of Chicago, in the three quarter mile race was the brilliant feature today of the national amateur speed skating championship events on Pontiac rink.

Allen, who never has skated here before, and who has not considered as even having a chance of winning, skated a branny, careful race, holding himself with the leaders, but well back until the final lap was reached. Then he displayed speed, stamina and judgment, finishing just in the lead of the pack of four which swept almost as one over the finish line.

Eddie Murphy, also of Chicago, was second, and the judges, after a conference, awarded third place to Roy McWhirter, making it an all-Chicago victory. The time was 2:07, considerably slower than the record.

JOE JACKSON WINS-LOSES Jury Verdict For \$17,711.04 Set Aside By Court.

DRASTIC DROP HITS THE LIST Speculators Flock To Support of a Rumor.

(By The Associated Press.) Milwaukee, Wis., Feb. 15.—Joe Jackson, former outfielder for the Chicago American League Club today was given a verdict for \$17,711.04 against the club for salary under a contract signed in 1920, but the court set aside the verdict and dismissed the case. Whether an appeal will be taken will be decided tomorrow, Raymond J. Cannon, counsel for Jackson said tonight.

"We view the victory obtained by Jackson from a jury of 12 men and women to be so far reaching as to bring about Jackson's ultimate return to organized baseball," Mr. Cannon said. Based on Perjury. Judge J. J. Gregory, trial judge bitterly criticized the jury, declaring the case was based on perjury, and set aside the verdict and dismissed the action. During the trial, Judge Gregory ordered the arrest of Oscar (Happy) Felsch, a former teammate of the plaintiff and a witness for him, for alleged perjury. Jackson was arrested on a like charge at the conclusion of the trial. The former is at liberty under bond.

The jury answered in favor of the plaintiff all questions presented it by the court for consideration. They answered in the affirmative the questions as to whether the defendant club had offered the player a sum sufficient to make his share in the world series \$5,000, and whether the club had represented to Jackson that his contract contained no ten day release clause.

Questions answered in the negative were whether Jackson had conspired with Chick Gandil, "Lefty" Williams, and other White Sox to "throw" any of the games in the 1919 world series; whether Williams gave Jackson \$5,000 before all the games had been played, and whether Jackson was informed at the time that there had been no agreement among certain players to throw the series and that the \$5,000 was his share of the money paid for "throwing" the games.

Jackson sued the club for \$18,500 alleged to be due him on the unexpired contract and bonus. No award under the bonus claim was given by the jury notwithstanding its answer.

Among the popular issues, United States Steel closed 3 1/8 lower at 103 3/4; Baldwin dropped six points to 102 1/2; American Can was off five points at 112 5/8; Studebaker was off 3 3/4 at 10 1/2; Bethlehem Steel surged 3 3/4 to 56 3/4; Goodrich 5 3/4 at 32 1/2; Oil 7 3/8 at 49 and Tobacco Products 4 at 63 1/4.

Pan-American Petroleum issues, which have been hammered intermittently ever since the publication of sensational developments at the senate's oil inquiry, offered stubborn resistance to selling pressure today, closing practically unchanged. Sinclair, another recent bear target, dropped a point.

Independent strength was shown by a very few issues, the chief of which was Conqoleum, which touched a record high at 65 and then eased to 62 7/8, up 1 1/2. Commercial Solvents A, National Lead preferred, Otis Steel preferred and Pacific Coast were among the few other issues to show small net gains on the day.

Foreign exchange rates slipped slightly lower in quiet trading. Demand sterling was off about 1/2 cent at \$4.29 1/2, and nominal recessions were recorded by the French and other principal European rates.

Cash money opened at 4 1/2 and then dropped to 4 1/8. Time money was somewhat firm with maturities of sixty days and over being quoted at 4 3/4 per cent. Commercial paper was unchanged.

CHICAGO BUTTER. Chicago, Feb. 15.—At the close of the butter market here today the tone still was a little easier and unsettled on top scores, although more activity and inquiry for medium and under grade butter created a little steadier feeling on all scores. Fresh butter: 92 score 50 1/2. Centralized carlots: 90 score 50.

CHICAGO GRAIN. Chicago, Feb. 15.—Wheat suffered a sharp fall in price today, dragged down by heavy selling associated with breaks in stock market values and in cotton. The close was unsteady, 1 1/8 at 1 1/4 to 2 1/8 net lower. May 1.99 3/8 to 1.99 1/2 and July 1.98 3/4 at 7-8 and 1.05 7/8. Corn lost 1-8 at 1 1/2 to 1-8, and oats 1-8 at 1 1/2 to 1-8. The outcome varied from the decline to a rise of 2c.

Lowest prices of the day prevailed in the wheat pit as trading came to an end with liquidating sales from eastern holders dwarfing all other factors. Earlier, the market had shown an upward tendency. Commission houses took actively to the selling side of the wheat market in the best of the Board of Trade session. Rapid curbing of prices followed, numerous automatic stop-loss selling orders being brought into play as quotations abruptly overturned.

STOCK SALES SUMMARY. Total stock sales, 1,671,000 shares. Twenty industrials advanced 97.24, net loss 3.21. High 1924, 100.24; low 94.88. Twenty railroads averaged 83.15, net loss 1.26. High 1924, 85.90; low 82.74.

New York, Feb. 15.—A drastic decline in prices took place in today's active stock market on the widespread circulation of rumors that one of Wall Street's most prominent operators had switched from a bull to a bear position because of his belief that the Washington oil lease disclosures had undermined public confidence.

The reaction was allowed to run its course by strong financial interests with the result that active industrial issues broke one to 3 points and Fisher Body dropped 13. Opening prices were irregular with the main tendency upward. Bear attacks, which had been concentrated on the oils, switched to the steels and then to other speculative industrials, the rapidity of the decline forcing the closing out of a number of weakened marginal accounts. Rail shares held relatively steady until just before the close when they weakened with the rest of the list.

Industrials Decline. Averages of 20 leading industrials stocks showed a net decline of about 3 1/4 points and the rails about 1 1/4 points, bringing both back to where they were about a month ago.

Among the popular issues, United States Steel closed 3 1/8 lower at 103 3/4; Baldwin dropped six points to 102 1/2; American Can was off five points at 112 5/8; Studebaker was off 3 3/4 at 10 1/2; Bethlehem Steel surged 3 3/4 to 56 3/4; Goodrich 5 3/4 at 32 1/2; Oil 7 3/8 at 49 and Tobacco Products 4 at 63 1/4.

Rail shares held relatively steady until just before the close when they weakened with the rest of the list.

Industrials Decline. Averages of 20 leading industrials stocks showed a net decline of about 3 1/4 points and the rails about 1 1/4 points, bringing both back to where they were about a month ago.

Among the popular issues, United States Steel closed 3 1/8 lower at 103 3/4; Baldwin dropped six points to 102 1/2; American Can was off five points at 112 5/8; Studebaker was off 3 3/4 at 10 1/2; Bethlehem Steel surged 3 3/4 to 56 3/4; Goodrich 5 3/4 at 32 1/2; Oil 7 3/8 at 49 and Tobacco Products 4 at 63 1/4.

Pan-American Petroleum issues, which have been hammered intermittently ever since the publication of sensational developments at the senate's oil inquiry, offered stubborn resistance to selling pressure today, closing practically unchanged. Sinclair, another recent bear target, dropped a point.

Independent strength was shown by a very few issues, the chief of which was Conqoleum, which touched a record high at 65 and then eased to 62 7/8, up 1 1/2. Commercial Solvents A, National Lead preferred, Otis Steel preferred and Pacific Coast were among the few other issues to show small net gains on the day.

Foreign exchange rates slipped slightly lower in quiet trading. Demand sterling was off about 1/2 cent at \$4.29 1/2, and nominal recessions were recorded by the French and other principal European rates.

Cash money opened at 4 1/2 and then dropped to 4 1/8. Time money was somewhat firm with maturities of sixty days and over being quoted at 4 3/4 per cent. Commercial paper was unchanged.

CHICAGO POTATOES. Chicago, Feb. 15.—Potatoes firm on all except Idaho, which dull and drab; receipts 65 cars; total United States shipments 822; Wisconsin sacked round whites 1.25 at 1.40; bulk 1.40 at 1.40; Minnesota and North Dakota sacked Red River Ohio 1.36 at 1.45; Idaho sacked russets 1.90 at 2.15; sacked russets 1.60 at 1.65.

CHICAGO LIVESTOCK. Chicago, Feb. 15.—Cattle receipts 5,000; beef steers fairly active, steady to strong; spots 10 to 12c higher; best matured steers averaging 1,241 pounds, 11.00; best yearlings 10.75; other weights steers 10.00 at 10.60; bulk fed steers 7.50 at 9.75; butcher's stock, bulls, calves and cullers steady; sheep: wethers steady; bulk to packers 9.00 at 9.50; outsiders up to 12.50; stockers and feeders more active; few meaty kind up to 7.00.

Hog receipts 46,000; closed strong, active; bulk butchers 7.20 at 7.50; top 7.35; bulk packing 6.50 at 6.50; killing pigs unchanged. Sheep receipts 8,000; killing classes generally strong; feeders steady; best fat wethers 14.50 at 14.75; top 15.00; best fat ewes 9.50; bulk good medium and handy weights 8.75 at 9.25; bulk feeding lambs 13.25.

CHICAGO BUTTER. Chicago, Feb. 15.—At the close of the butter market here today the tone still was a little easier and unsettled on top scores, although more activity and inquiry for medium and under grade butter created a little steadier feeling on all scores. Fresh butter: 92 score 50 1/2. Centralized carlots: 90 score 50.

CHICAGO GRAIN. Chicago, Feb. 15.—Wheat suffered a sharp fall in price today, dragged down by heavy selling associated with breaks in stock market values and in cotton. The close was unsteady, 1 1/8 at 1 1/4 to 2 1/8 net lower. May 1.99 3/8 to 1.99 1/2 and July 1.98 3/4 at 7-8 and 1.05 7/8. Corn lost 1-8 at 1 1/2 to 1-8, and oats 1-8 at 1 1/2 to 1-8. The outcome varied from the decline to a rise of 2c.

Lowest prices of the day prevailed in the wheat pit as trading came to an end with liquidating sales from eastern holders dwarfing all other factors. Earlier, the market had shown an upward tendency. Commission houses took actively to the selling side of the wheat market in the best of the Board of Trade session. Rapid curbing of prices followed, numerous automatic stop-loss selling orders being brought into play as quotations abruptly overturned.

STOCK SALES SUMMARY. Total stock sales, 1,671,000 shares. Twenty industrials advanced 97.24, net loss 3.21. High 1924, 100.24; low 94.88. Twenty railroads averaged 83.15, net loss 1.26. High 1924, 85.90; low 82.74.

New York, Feb. 15.—A drastic decline in prices took place in today's active stock market on the widespread circulation of rumors that one of Wall Street's most prominent operators had switched from a bull to a bear position because of his belief that the Washington oil lease disclosures had undermined public confidence.

The reaction was allowed to run its course by strong financial interests with the result that active industrial issues broke one to 3 points and Fisher Body dropped 13. Opening prices were irregular with the main tendency upward.

Bear attacks, which had been concentrated on the oils, switched to the steels and then to other speculative industrials, the rapidity of the decline forcing the closing out of a number of weakened marginal accounts. Rail shares held relatively steady until just before the close when they weakened with the rest of the list.

DON'T FORGET TO GET YOUR PRESS POLICY

It May Mean \$1,000 To You Before Night.

If a man gave you \$1,000 for 75 cents, you'd consider that he had done something generous, wouldn't you? Or even though he returned you only \$10 for a 75 cent investment, you probably would figure you had made a good investment.

And that is exactly the sort of a proposition the Daily Press makes to every one of its subscribers. The Press some time ago arranged with one of the largest insurance companies in America—The Inter-Ocean Casualty Company—to provide for all of its subscribers a travel accident policy which would protect them while on all of their ordinary journeys—to and from work, on pleasure, etc. The cost of this policy is 75 cents. That's what the Press has to pay for it, and, not being in the insurance business, the Press passes the policy right along to its subscribers at its actual cost—75 cents. That pays for a policy for an entire year.

No strings to offer. There are no further obligations, no strings, no red tape. You don't even have to take a medical examination to get the policy. Nor do you have to pay a long term in advance for the Press. All that is required is that you be a registered subscriber to the Press.

This is protection for Press subscribers and the Press wants every one of its constantly increasing family of readers to have fullest advantage of this offer.

The fact that one subscription goes into a home entitles every member of that household between the ages of 15 and 70 years, to take out a policy merely

by the payment of the 75 cents registration fee. That pays the premium on the policy for a full year.

Few Provisions. To prevent tiring you with details, it may be briefly stated that the policy pays \$10 a week in case of injury and will continue to pay it for a period of three months if you are laid up that long. It pays \$500 for the loss of an eye, hand or foot. It pays \$1,000 for the loss of both eyes, both hands or both feet or any combination of two members, such as an eye and a hand, and eye and a foot or a foot and hand.

And in the event of death as the result of an accident while traveling the policy pays \$1,000. It increases in value \$100 each year for five years until it is worth \$1,500 and it costs 75 cents a year.

All Travel Accidents. It covers all such accidents as result from automobile, motorcycle, train, steamboat accidents, in fact any accident to a power-propelled conveyance on which the policy holder is riding. It even pays a weekly indemnity of the policy holder is knocked down and injured while crossing the street as a pedestrian.

There are so many splendid features about this wonderful protection that they cannot all be enumerated in this space, but it will pay you big dividends if you will call up the Press office, phone 693 and inquire about it. A representative will call at your home and explain fully and will be prepared to deliver your policy to you right then and there. Or you can drop into the office at any time during the day and get your policy.

Only—remember this—don't put it off until after you are injured. Accidents send out no postcards to prospective victims. No man knows when his turn is coming or how the accident will come. All he can do is to provide against the loss of salary or income while he is laid up, or make sure that his family has enough to tide itself over on, in the event he is suddenly stricken. Today is a good time to attend to this matter before you forget it.
