Adjourn Hearing Of Creamery Co. Securities Case

Lansing, Mich., Feb. 18.—The hearing scheduled for today before the state securities commission, when Arthur F. Stott or other officials were to be given a chance to show cause why the license of the National Creamery Company should not be revoked, was adjourned two weeks at the request of attorneys.

Dangerous Pole Ordered Deported

New York, Feb. 18.—Nicola Mensehik, whose deportation to Poland was upheld by the supreme court today, was arrested in Detroit in 1919 after federal officers had found in his possession anarchistic literature urging the people to get relief from the present form of government by killing government officials.

Bishop Garrett Passes Away Unexpectedly At Texas Home

Dallas, Tex., Feb. 18.—The Right Reverend Alexander C. Garrett, 91, presiding bishop of the Protestant Episcopal Church in America and bishop of the Dallas diocese died suddenly tonight in his cottage at St. Mary's college here.

Secretary Of Navy, Edwin Denby, Resigns

QUITS VOLUNTARILY AND FOR PURPOSE OF RELIEVING THE PRESIDENT OF EMBARRASSMENT

Washington, Feb. 18.—The resignation of Edwin Denby as secretary of the navy, to be effective March 10, was received and accepted by President Coolidge today.

Tendered voluntarily by the secretary, for fear his remaining might "increase the embarrassments" of the president and as an outgrowth of the senate inquiry into the leasing of naval oil lands, the resignation marks the first break in the cabinet which Mr. Coolidge took over intact upon the death of President Harding.

HE'S CONFIRMED

The Senate Public Lands Committee confirmed the appointment by President Coolidge of Owen J. Roberts, (above), Philadelphia lawyer, as one of the prosecutors in the oil frauds.

M'ADOO GIVES FRIENDS LINE

His Platform Would Right Everything That's Wrong.

Chicago, Feb. 18.—A platform "to satisfy the demand of progress" was enunciated tonight by former secretary of the Treasury William Gibbs McAdoo in addressing a conference of friends and supporters from all sections of the country which called upon him by formal resolution to accept "leadership of the progressive democracy of the nation."

The platform pledges: To drive out corruption from official Washington, a new international conference in the American capital to "promote peace, reduce the burdens of armament; restore international justice and stability; revive prosperity and consider economic problems; submission of the question of American participation in such a conference to a popular referendum and to take "the grip of Wall Street" off the treasury department and the federal reserve system.

Majority In French Chamber Is Dissipated

Paris, Feb. 18.—The government's majority in the chamber of deputies tonight fell to the lowest point since it took office, when the chamber, after Premier Poincare had raised a question of confidence, rejected an amendment introduced by Henry Fougere, president of the parliamentary subcommittee appointed to inquire into alleged graft in the restoration of the devastated districts.

Dock Strike In London Is Made Fully Effective

London, Feb. 18.—The dock strike became fully effective today in practically all the ports except London, where a considerable number of dockers are still working. The employers assert that 3,000 additional men have volunteered to go to work on the employers' terms offered yesterday, on condition that they are provided with police protection.

Henry P. Fletcher Gets Italian Post

Washington, Feb. 18.—Henry P. Fletcher, of Pennsylvania, now ambassador to Belgium, has been selected by President Coolidge to be ambassador to Italy. He will succeed Richard Washburn Child, who recently retired.

REVENUE BILL TO BE RUSHED IN THE HOUSE

MUST BE A COMPROMISE SOMEWHERE ALONG THE LINE

BY DAVID LAWRENCE. (Copyright 1924, by the Escanaba Press.) Washington, Feb. 18.—The tax bill which has had a stormy progress through the Ways and Means committee of the House and which was reported favorably out of courtesy to Secretary Mellon so that he might have a record vote on the 25 per cent surtax rate now faces a more perilous situation.

Lansing, Mich., Feb. 18.—The Democratic state central committee, representing the party organization in Michigan, today endorsed Senator Woodbridge N. Ferris as a candidate for president.

CARTER MUST RESUME WORK

London, Feb. 18.—A dispatch to the Exchange Telegraph from Cairo says the Egyptian government has given Howard Carter 48 hours to resume work in the tomb of Tut-ank-amen. In case he fails to do so, the dispatch adds, his license will be annulled.

Tenement Fire Takes Lives Of Nine And Possibly Many More

New York, Feb. 19.—Nine bodies were taken from a flaming five-story tenement building in the lower East Side Ghetto early this morning and police had arrested two men, one of them believed to be mentally deranged, who they thought may have started the fire. The police were informed the fire was started in a baby carriage in the hallway of the ground floor by an insane man.

Ringing-the Bell!

DAVID LAWRENCE, in Friday's issue of The Press, predicted that Secretary Denby would resign if the federal government decided to ask that the Sinclair and Dohney oil leases be vacated. The resignation, yesterday, of Mr. Denby was no surprise to the readers of Mr. Lawrence's daily Washington dispatches.

AMAZING NEW EVIDENCE IN OIL SCANDAL

HINT STIRS CAPITOL AND PRESIDENT IS CONSULTED. (By The Associated Press.) Washington, Feb. 18.—Hints of an entirely new and startling development in the oil scandal stirred the capitol today and were communicated to President Coolidge.

Children Are Accepted As Bond for Mother

Detroit, Feb. 18.—Carrying her smallest baby in her arms, and with four other little ones tugging at her skirts, Mrs. Victoria Szczepanik broke into tears after pleading not guilty on a charge of violating the state prohibition law before Judge Frank Murphy in recorder's court today.

Children Are Accepted As Bond for Mother

Mellon And Miller Clash Over The Bonus

DEMOCRATS TO MEET MAY 15TH

Alfred Lucking Picked As Temporary Chairman.

(By The Associated Press.) Lansing, Mich., Feb. 18.—The democratic state convention will be held in Flint, May 15. It was decided by the state central committee meeting here today. The convention proper will be preceded, the night of the fourteenth, by a pre-primary conference, when plans for the fall campaign will be discussed. Alfred Lucking, Detroit attorney, will be invited to act as temporary chairman of the convention and deliver the keynote address. The name of Mrs. Myron B. Force, of Detroit, was suggested as the presiding officer of the pre-primary conference. County conventions will be held April 29.

The Democratic party is going to lead up to the fall campaigns with the strongest bid for victory it has made in years. W. A. Comstock, state chairman, told the committee today. Every county organization will be urged to hold pre-primary conventions to select strong tickets and press the candidacies of their choice. A state wide organization, "from the precincts up," to carry the Democratic ticket into the next November election with strong support is now being perfected. Mr. Comstock said. In the past few weeks he has visited every county in the four southern tiers. In only two of them, he stated, did he fail to secure an absolute promise from county chairmen that an efficient organization will be completed.

They're Optimistic. Mr. Comstock urged the members of the central committee to "keep after" the county leaders in their districts. "The Democrats have the prospect of the best organization in 12 years," Mr. Comstock said. "We are not only hopeful, but the opportunity was never before so sure. We can carry not only the governorship but other state offices."

The committee today accepted the resignation of Frank Picard and Mrs. Frances E. Burns, of the eighth district, and elected Thomas J. Lynch, of Saginaw, and Mrs. Ada M. Black, of Greenville, to succeed them on the committee. Mr. Picard resigned, it was explained, because of the city charter of Saginaw prevents him from acting while he is city attorney.

Four Women Delegates. The committee decided to elect eight instead of four delegates at large to the national convention, four of them to be women. It adopted a resolution offered by E. B. Woodrow, paying a tribute to F. D. Roosevelt, and suggested that county conventions adopt expressions in memory of the war president.

William L. McManus, of Petoskey, offered a unique problem. He asserted that the non-partisan commission form of government, which has been adopted in many cities, is "killing the minority party organization." The young men, he claimed, are losing their interest in party politics, and urged the members to bring new blood into the Democratic party.

AMAZING NEW EVIDENCE IN OIL SCANDAL

(Continued from Page One)

Walsh, who left Washington last night for a brief rest in the south, was said to be in entire accord with this plan. Extensive examination of books may be necessary before the new line of inquiry can be opened, but some of those who have knowledge of the whole story assert that there are more avenues than this one by which to approach the matter.

There were hints that the names of some of the former as well as some of the present government officials might be linked in the oil scandal and the trail might lead to the senate itself. It was asserted the transactions were not confined wholly to oil. Specifically what is sought from Mr. Whitney and in the books of the Benckard firm is information as to transactions by public officials in stock of the Sinclair Oil Company prior to and subsequent to the lease of the Teapot Dome naval reserve to Harry F. Sinclair.

Public hearings before the oil committee are scheduled to be resumed next Monday, but Chairman Jenroff and others said there might be developments calling for earlier sessions. Mr. McLean probably will be among the first witnesses called unless the committee decides to dispense with his testimony. There have been suggestions that if the committee is satisfied with the information he gives in private he might not be questioned in public.

For many years women have served as town councilors in Westvick, the capital of Iceland.

REBELS STILL HOLD MORELIA

Sanguinary Battle In Short Time Is Predicted.

(By The Associated Press.) Mexico City, Feb. 18.—The war department today declared that the report that Morelia has been evacuated by the rebels had not been confirmed. It was stated that a sanguinary battle is expected to take place there if the rebel generals, Diequez, Estrada and Renteria Luviano, decide to hold the city, which possesses superb natural defenses.

Aviators have been reporting that rebel columns were abandoning Morelia and marching toward Jalisco and other unknown points. General Juan Jose Rios, with his army of federal troops, has arrived at Querentaro, 15 miles from Morelia, while General Gonzale Escobar and his troops, are continuing their advance from Pénjamo.

An attack against Sayula, Jalisco, is imminent, General Roberto Cruz having reached Zacaco de Torres, 35 miles south of Guadalupe, on the Colima railway. The rebel general, in official circles here that General Salvador Alvarado will abandon Sayula, in order to consolidate his position at Ciudad Guzman or Zapotitlan.

General Eulogio Ortiz has captured Ameca, Jalisco, after having defeated the rebel leader, Mateo Munoz, who was made prisoner. Jose Guadalupe Zulo, governor of Jalisco, has decreed as illegal, 43 municipalities which had pronounced their sympathy with the rebels and appointed municipalities.

General Almazan has been ordered to concentrate his forces for the capture of Jalapa and Oaxaca, leaving the pursuit of the Puebla guerrillas to other federal columns.

MINERS SIGN 3-YEAR PACT

(By The Associated Press.) Jacksonville, Fla., Feb. 18.—A renewal of the present bituminous wage scale for a term of three years was approved unanimously by the sub-committee of miners and operators of the central competitive field here today.

It is a compromise of the miners' demand for a four year contract and the operators' offer of a renewal for the customary one. Tomorrow the report will be considered by the miners' policy committee and will be sent for approval to the joint session of miners and operators.

Victory for Miners. The agreement was counted as a victory for the miners and their international president, John L. Lewis. There is hardly any doubt but that the policy committee and the full joint conference, will give prompt approval. It was believed; signatures of the 32 miners and 32 operators of Illinois, Indiana, Ohio and western Pennsylvania, will be then affixed to the contract. The contract will become effective April 1, after it has formally subjected to a referendum vote of the members of the United Mine Workers of America, both bituminous and anthracite.

Nothing will be changed by the renewal; wages, conditions and all else except the term of years, remains as it has been since the strike of 1919. Operators Pleased. "It is a great thing for the industry," the majority of operators declared, "some of us believe that the next contract may be signed for six years, with less trouble than we have had in agreeing on this for three." President Lewis refused to make any statement, declaring he would not predict the action of his policy committee. Operators also refused to make any formal comment until the contract is signed.

TREASURY HEAD INDIGNANT OVER "LOOSE TALK"

Both Sides Go To President Coolidge For Advice.

(By The Associated Press.) Washington, Feb. 18.—Andrew W. Mellon, secretary of the treasury, and Thomas W. Miller, allen property custodian, both heading departments of the Republican administration, clashed today in a battle over the bonus that was overshadowed only by the fast-flying reports of changes in President Coolidge's cabinet.

At loggerheads with Mr. Mellon over the question of compensation, Mr. Miller started the argument last night, and when a truce was called tonight, the air had been filled with statements; President Coolidge had received from both parties to the controversy outlines of their cases. Representative Rainey, Democrat, Illinois, had brought it up in the house and Senator Harrison, Democrat, Mississippi, had formally demanded a congressional investigation.

"Juggling" Figures. Colonel Miller was quoted as having said in New York that he had been informed by a "high treasury official" that the treasury had juggled figures as to the cost of a soldiers' bonus in such a way as to try to defeat it. Today, he added to that statement a long list of what he termed to be discrepancies in treasury estimates, and took occasion to say the former service men were being "wrought up" over the situation, which should be settled. Later he said he had made no charges that Secretary Mellon had "juggled figures." "What did I say," Mr. Miller declared in a letter to Mr. Mellon, "was that I had been informed that an official of the treasury department had verified my statements and figures which were sent you earlier in the day." These figures were those contained in Mr. Miller's remarks about variations in treasury estimates.

Declares Charge False. Before Mr. Miller's last letter to him had been received, Secretary Mellon, who had appeared to be disturbed by accounts of the property custodian's speech in New York, had sent to him a letter demanding to know the "high treasury official" quoted, and declaring that the charge was false. He also remarked that "we have had within the past week an example of a man of public prominence who made statements in a speech without verification of their accuracy," and that such cases should be promptly dealt with.

In reply to this, Miller merely said he noted "your reference to the statements made by a man of public prominence within the past week and it just happens that a reference was made to my office in that same gentleman's remarks."

"Replying specifically to your letter," Mr. Miller said, "please be advised that the quotation of my remarks of yesterday containing inaccuracies, and even to the extent of quoting, as a part of other speakers, who were present, I did not state that a high official of your department had told me anything."

Refers to Senator. He added that he referred to a conversation with "a prominent United States senator whose name will be revealed to you with his permission, or not, if he objects to my doing so."

In his earlier statement, which he did not retract, Mr. Miller went over various treasury estimates on the cost of a bonus. He mentioned that President Harding had vetoed a compensation measure because he believed the country was facing a deficit of \$550,000,000.

"Yet," he added, "in the same fiscal year the government paid \$123,000,000 of the government debt, and still the treasury ended the fiscal year 1922-23 with a balance to its credit of \$370,000,000, showing a discrepancy in these figures of a \$1,000,000,000 within the space of a few months."

Mr. Mellon's letter to Mr. Miller supplemented a statement he had made last night in which he said he was "amazed" at the remarks attributed to his administration co-worker. He declined to say whether he had made any suggestions to President Coolidge in laying the subject before him, but declared he thought the chief executive should be apprised of the whole case.

EXPERTS ARE SUMMING UP THE RESULTS

Final Phase of German Reparations Entered

(By The Associated Press.) Paris, Feb. 18.—The two committees of experts today began to sum up the results of their investigations in Germany of the reparations problem.

The budget committee exchanged views verbally, while the committee on the exodus of German capital discussed memoranda drawn up by the different members with a view to formulating its report. Thus, the two committees have entered the final phase of their task, although sub-committees are still going over the work of the expert accountants and hearing Dr. Schacht, president of the Berlin Reichsbank, as to the details of the organization of the proposed gold bank. Dr. Schacht will be further examined tomorrow.

The members of the committees and persons generally connected with the investigation are confident their work may be finished entirely in early March. The greatest secrecy is still maintained as to what the experts intend only had been concluded. The only indication of the trend of their opinion is the optimism prevailing in French circles and reports that the British are disappointed. So far no tangible reasons for French optimism have been disclosed, but the confidence evinced around French official headquarters is so strong as to suggest that there is some reason for their hope that the experts will succeed in making recommendations on which the reparations commission can act which will not be unfavorable to the French thesis.

REVENUE BILL TO BE RUSHED IN THE HOUSE

(Continued from Page One)

even to 35 per cent and think the Democratic plan a safer one from a political standpoint. Speed Essential. As amendments are voted on the Republican leaders realize that they must in some way compel a vote on the 35 per cent rate before there is an opportunity for the Democrats to compel a coalition on 44 per cent. If 35 per cent should be beaten, there is some chance of a Democratic compromise at around 38 or 40 per cent. The plan is to offer an amendment for each per cent until that point is reached where a majority of the House will agree.

The situation is almost unprecedented. While there is a good deal of politics in it, party lines are being broken right and left, and the lineup is not between Republicans and Democrats but between those who think they will be favoring the wealthy by too great a reduction and those who think they are stimulating the business and industrial prosperity of the country by relieving capital of restrictions.

Compromise Certain. If the Republican leaders can get a 35 per cent surtax rate through the House, they will be lucky indeed and if the Senate sees the wisdom of Secretary Mellon's arguments the battle in conference between the two houses would be for a compromise between 25 and 35 per cent. There is going to be a compromise in the end and much of the jockeying being done now is for the purpose of attaining a maximum that is not too far away from Mr. Mellon's 25 per cent.

The Senate, on the other hand, may prove more radical than the House. In any event the moves of the next week in the House will have an important bearing on what is finally accomplished. Curiously enough, the main fight is on surtaxes as there seems to be little difference of opinion on other features of the bill. It is likely, however, that the administration itself will be compelled to suggest changes in the other rates if the 44 per cent surtax is accepted and the Democrats likewise will have to alter their schedule if the 44 per cent rate is not approved for a tax bill is made up of a series of balances as between various schedules and an alteration in one rate makes necessary a change in other features of the plan. Making tax bills on the floor of the House is a new experience for Congress.

New Corporation Counsel Appointed

(By The Associated Press.) Detroit, Feb. 18.—George A. Kelly, former assistant prosecuting attorney, was appointed corporation counsel for Detroit, by Acting Mayor Joseph A. Martin today, succeeding Richard L. Lawson, dismissed by the chief executive Saturday. Kelly is a new man in city politics, his only other political office being in the prosecutor's office several years ago. Lawson was dismissed for failing to approve the appointment of Clarence Z. Wilcox as head of the claims division of the Detroit Street Railway.

SAY MONOPOLY COULDN'T LAST

Independent Meat Packers Offer Testimony Monday.

(By The Associated Press.) New York, Feb. 18.—A monopoly of the meat packing and distributing industry in the United States could not exist for any substantial time, six independent eastern producers testified today at the resumption of hearings in the government investigation of charges that the sale of Morris and Company last year resulted in a monopoly in violation of the anti-trust laws.

The witnesses were the first of six the defense expects to call this week after which the hearings will be resumed at Boston. Chester Burrell of the department of agriculture presided for Secretary Wallace, at whose instance the hearings were ordered. "Big Five" Losing. Without exception the witnesses today declared that the small independent packer fared better these days than ever before in the recent history of the business; that competition since the war had grown keener than ever; that the "big five" group of packers actually were losing ground in the east; and that the economic laws of supply and demand were the only controlling factors in the prices of livestock and dressed meat, both wholesale and retail.

Stimulating Business. Out of today's testimony it developed that the "eat more meat" campaigns conducted throughout the country were the result of keen competition among packers. Witnesses told how the war had brought many new independents into the business; how the spectacular price slump of 1920 started a price cutting war; and how, in an effort to create more business for all, these "eat more meat" campaigns had been inaugurated. They had been successful, it was declared, in that the per capita consumption of meat had increased considerably.

Some of the independents reported increases of 100 per cent or more in their business since 1918. They said the "big five" concerns had enjoyed no such proportionate gain, and that much of the independents' new business had been snatched from the big five.

HOUSE STILL SPLIT ON TAX

(By The Associated Press.) Washington, Feb. 18.—House consideration of the tax bill reached the amendment stage today with insurgents and organization Republicans still split over income tax rates and Democrats confident they have the votes to put over their substitute schedule.

Under an agreement general debate ended at 4 p. m. Reading of the bill under a rule which permits the offering of amendments, with discussion limited, then was begun. By a vote of 140 to 67 the house rejected the first amendment offered by Representative Frear of Wisconsin, Republican insurgent, which would have authorized the federal government to tax state and municipal securities.

The income rate section will be considered tomorrow, with votes likely on another amendment by Mr. Frear, which would not disturb the present 50 per cent surtax but would cut normal tax rates in half, and on a proposal of Representative Garner, Democrat, Texas, to have normal tax rates and reduce the surtax maximum to 44 per cent.

Future Undecided. Republican organization leaders, who see no likelihood of accepting a majority for the Mellon proposal for a surtax maximum of 25 per cent, were undecided tonight whether they would seek a vote on a compromise proposition for a 35 or 37 1/2 per cent surtax maximum or devote their energies entirely to an attempt to defeat the Garner plan.

Representative Logan of the Republican leader, predicted that the vote would be close. Representative Garner admitting that the shift of a few votes might jeopardize his plan, expressed confidence that it would be adopted. Compromise Falls. At another conference today the Republican organization renewed its efforts to get together with the insurgents on an income tax rate compromise but got nowhere. The insurgents, led by Mr. Frear and Representative Nelson of Wisconsin, again indicated their willingness to agree to a 20 per cent cut in surtaxes, provided the organization would favor a fifty per cent reduction in normal tax rates. Organization leaders countered with an offer to accept a 37 1/2 per cent surtax maximum but declined to go beyond the 25 per cent cut in normal rates proposed in the Mellon bill.

QUITS OF OWN VOLITION TO AID COOLIDGE

(Continued from Page One)

tion in public or private life and where such guilt is shown it should be rigorously punished," Mr. Denby declared. Remembers Birthday. Secretary Denby appeared as usual at his office this morning. Today was his 54th birthday anniversary and a huge cluster of pink roses had been placed upon his desk in honor of that occasion. Mr. Denby impressed those who conferred with him as being in unusually high spirits. He appeared happy and received birthday congratulations with every evidence of cheerfulness.

The letter from President Coolidge was brought to him by the president's confidential secretary soon after ten o'clock in the morning and Mr. Denby left at once for home, going out the side door to avoid newspapermen who had got wind of the situation and were waiting to question him. He left word that he would later issue a statement.

In connection with the directions of the president for halting preparations for the Shenandoah flight it can be said that while Mr. Denby ardently believed both in the practicability and value of the Polar expedition and regretted its cancellation, he was not inclined to criticize the presidential action in the matter in any way. The naval secretary was prepared to shoulder full responsibility for that enterprise but is said to have realized that final decision as to the wisdom of making the trip without definite congressional sanction was vested in the president who had originally authorized the expedition.

President's Letter.

Following is the text of the president's letter, dated today: "My Dear Mr. Secretary: Your resignation has been received. I am conscious that you have tendered it from a sense of public duty. It was with regret that I am to part with you. You will go with the knowledge that your honesty and integrity have not been impugned. I treasure and reciprocate your expressions of friendship. I shall remember the fine sense of loyalty which you have always exhibited towards me with much satisfaction and always wish you and yours contentment and success."

"Very truly yours."

"Calvin Coolidge."

Secretary Denby's letter of resignation, dated February 17, is as follows:

Denby's Resignation.

"My Dear Mr. President: Heretofore I have verbally expressed to you my deep appreciation of your strong message in regard to the Robinson resolution. "No one appreciates better than I how difficult your situation has become. I fear that my continuance in the cabinet would increase your embarrassments. Therefore I have the honor to tender you my resignation as secretary of the navy. "As there are a few pending matters which should receive my personal attention, I suggest that my resignation be accepted as of the date of March 10, 1924. "It will always be a gratifying thought to me that neither you nor anyone else has at any time advised me to resign. "I assure you again of my appreciation of the many courtesies you have shown me and of your last great act in refusing to accede to the demand of the senate that you ask me to resign. "With cordial regards to you and Mrs. Coolidge, and best wishes always, I am, "Very sincerely yours, "Edwin Denby."

Given Reasons.

At the time he made public the correspondence, Secretary Denby issued a statement saying: "My reasons for resigning are set forth in my letter of yesterday to the president. My resignation is to take effect March 10,

which gives plenty of time for impeachment proceedings to be begun. Therefore, anyone who says that I am resigning for fear of impeachment simply lies." "I challenge investigation before any unprejudiced tribunal. My actions to safeguard the interests of the government and the navy were undertaken openly and in good faith and were based upon the best obtainable information. It has not been proven, nor do I believe it can be proven, that my action was not beneficial both to the government and the navy. The senate had known of these leases for nearly two years, and yet had done nothing to stop them until passage of the Walsh resolution. "On May 4, 1922, within a month after the signing of the first lease, I explained to a senate committee the joint action of the interior department and the navy department and the purpose of the lease and that testimony will be found on pages 180 to 186, hearings before the sub-committee of the committee on appropriations, United States senate, 67th congress, second session, on house resolution 11,228, a bill making appropriations for the navy department and the naval service for the fiscal year ending June 30, 1923, and for other purposes.

Questions and Answers.

Below are questions, amongst others asked by senators and replies thereto made by me: Q.—This is a very interesting topic, and of course, interrelates with our fuel proposition, but it is almost academic at this time. A.—Secretary Denby: The purpose of that oil, until a certain figure is reached, is to have a reserve, called the war reserve, which is arrived at by the study of the general board and officers in the department, of the amount of storage of fuel oil that should be had in view of any possible emergency; and that the department will neither use the cash nor use the oil until after those reserves are set up, put in tanks. The contractors build the tanks at points designated by the department—points along the Atlantic coast, on the Pacific coast, and in Hawaii. Q.—I notice in the report from you and the secretary of the interior that it is stated that millions of barrels of oil were drawn from these reserves before measures were taken to protect themselves. A.—Secretary Denby: That is a matter that the department of the interior would know about very much better than we would; but as soon as it was discovered that such was the situation I asked the secretary of the interior if he would undertake to handle it for the navy thereafter. And we went to the president and secured the executive order transferring the naval oil reserves to the secretary of the interior to administer in trust for the navy, the secretary of the navy being a party to the position that it is stated that I signed the Teapot Dome lease, because we discovered that that also was being drained off. Goes Fearlessly. "In the hope that my resignation will relieve the administration of embarrassment I go gladly and fearlessly. "The disaster that has overcome these plans made in the interest of the American people is that a serious charge of corruption has been laid against them, which charge lies entirely outside the navy department or any of our officials, and—if these charges should be established there is no rectification of the moral situation except by the return of these properties to the government, for no man should be allowed to hold any business that he obtained by wrongful means. My own vindication and that of the navy department will come with the proper ventilation of all questions connected with these leases in the impartial courts. "As a private citizen, if I have committed any offense against the law, I am still subject to action. I am able to fight my own battles but I cannot fight

slander protected by senatorial immunity. No one more than I can more deeply deplore fraud or corruption in public or private life and where such guilt is shown it should be rigorously punished.

"The president has stood up manfully for right and justice. The sportsmanlike thing for me to do is to relieve him of the further embarrassment of continuing political maneuvering and partisan political trickery."

DAUGHERTY IS URGED TO QUIT

(Continued From Page One)

Senator Borah confronted both the President and Mr. Daugherty with a demand that the latter step out of the cabinet because the country had lost confidence in him. On the Democratic side the attack has been led by Senator Wheeler, Democrat, Montana, who has told his colleagues that he is prepared to present information of an entirely new and sensational character if the proposed inquiry into the administration of Attorney General Daugherty is followed through. His declarations have been carried indirectly to the president.

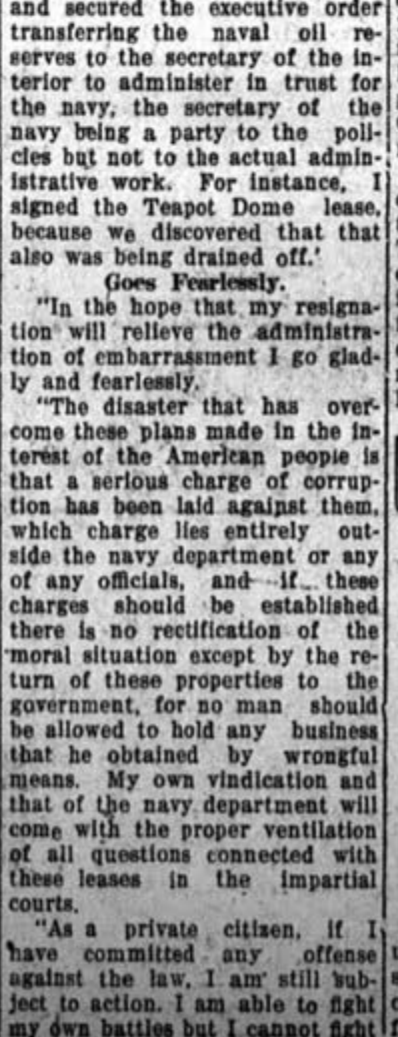

Two Lines of Attack.

Heretofore, the attack on the attorney general has been directed along two lines. One contention of his critics has been that regardless of the facts as to his record, the cumulative effect of a long series of developments has been to discredit him in the opinion of the public. The other argument used against him has been that although he was not a party to the oil leases, and thus said he never was asked for an opinion regarding them, he occupied the position of chief law officer of the government at a time when his colleagues in the cabinet were concluding agreements now recognized by congress as without authority in law. Whether new factors have entered into the latest phase of the situation is not revealed, nor are the senators opposing him, willing at the present stage to produce publicly the charges they say they will make if he remains in the cabinet and undergoes the ordeal of a public investigation as proposed in the pending resolution introduced by Senator Wheeler.

Detroit To Try Three-Car Train

(By The Associated Press.) Detroit, Feb. 18.—Detroit's first three-car train for use on the lines of the Detroit Street Railway will arrive in the city Wednesday and will be met at the limits by city officials. It is expected that about 200 railway officials will ride on the train to Detroit and with the local D. U. R. officials will be guests of the General Electric Company at a dinner Wednesday night. The three cars of the train are connected in a manner similar to that employed by steam railroads. The city has ordered three for use on the Woodward Avenue line and if the experiment proves successful it is planned to purchase more cars. The train requires but two men to operate it, thus decreasing labor costs.

BETTER MAIL WEEK BEGINS

Hope for Improvement Is Expressed at Local Office.

"Better Mailing Week."—Feb. 18-25—was inaugurated to stem the tide of waste involved in careless addressing of mail matter. Postmaster John A. Semer said yesterday. The local postal force, hopes to see the week's activities result in an improvement in the conditions, outside the control of the department, which have hampered the efficiency of the service.

"Since the days of Benjamin Franklin," says a communication from Washington to the local post office, "every postmaster general has found occasion to inveigh against a condition which has been the bane of the postal service since its foundation. Periodic and systematic campaigns have been waged against it but the evil grows as fast as the rapidly increasing business of the postal service itself.

Business Suffers.

"The postoffice department, or, in the final analysis, the taxpayer, pays an annual toll for the support of this malignant growth amounting, in round numbers, to \$1,740,000.

"Of late years, however, it has become more and more apparent that the department and the taxpayer are not the only sufferers from the evil. Private business and private industry every year lose millions of dollars from the same cause which strange to relate, is in most part preventable.

"This economic waste—this strange disease—is nothing more or less than the careless addressing of mail matter; the depositing of letters and packages with incomplete, inadequate or incorrect addresses, an overwhelming majority of which comes from large patrons of the mails.

Delays Unavoidable.

"Mail inadequately addressed and requiring directory service, of course, means delay. Often it must be returned to the sender for a new address. For the lack of a return address nearly 20,000,000 of these are sent annually to the dead letter office."

Jiggs' Daddy Helps Nature Pep Up Florida Beach Sands

For a perfect example of nature embellished by art, what could be better than the snapshot presented herewith—nature in the form of the gleaming sands and sapphire ocean of Palm Beach, an art in the person of George McManus, cartoonist creator of "Bringing Up Father" drawing his favorite character Jiggs with a piece of clamshell.

In the course of jaunts and travels which have taken him to every quarter of the world, Mr. McManus has drawn the face of Jiggs on all sorts and conditions of trees, cliffs, blak walls, and public monuments—on the great walls of China, the Roman coliseum, the pyramid of Cheops, and the Taj Mahal. He has drawn it also over and over again before eager multitudes in every known kind of in and outdoor auditorium. But you will notice in the picture shown no clamorous public looking on.

There was in fact no one present but the artist and the man pointing the camera. The moment was not one consecrated to art. There was no reason beyond force of habit why a picture should have been made at all. But when the camera man, after the manner of his kind, made his customary request: "Look natural please," habit immediately asserted itself; McManus involuntarily picked up the nearest bit of shell and began to sketch Jiggs rapidly in the sand. For to him, the most natural pose in the world is the act of drawing Jiggs.

DELTA COUNTY GAINS AUTOS

Passenger Cars Increased By 1,000 in 1923, Report Shows.

The number of passenger automobiles in Delta County increased nearly 1,000 in 1923, according to figures, made public by Charles J. Deland, secretary of state, last week.

Delta county had 2953 passenger automobiles in 1922 and 3807 in 1923, the statement shows. The increase for the state was 78,163 and approximately two thirds of it in Wayne county, although every county in Michigan showed a gain.

The report shows that there were 657,143 passenger cars registered in 1923. The 1923 registration is equivalent to one car for about every 5.6 persons.

Figures for other upper peninsula counties follow:

Menard-McGraw Nuptials.

A pretty but quiet marriage ceremony took place at St. Patrick's church on Monday morning at 5:30 o'clock when Miss Della Menard, daughter of Mr. and Mrs. Robert Menard, of Nadeau, and Frank McGraw, son of Mr. and Mrs. John McGraw, 412 South 13th St., of this city, were united in the holy bonds of matrimony by the Rev. Father Francis E. Doyle. The attendants were Miss Mary Moore and James Fryal, Jr.

A wedding breakfast was served at the home of the bridegroom's parents, after which the couple left on the 7:05 train for a trip to Chicago and Milwaukee. Mr. McGraw is employed at the Bird's Eye Veneer Company's plant where he holds a responsible position. His bride has been employed as a saleslady at the Railway Co-operative Store for a number of years. The couple have the best wishes of a large number of friends.

NEW POWDER FROM ITALY MAKES RHEUMATIC PAINS GO QUICKLY.

No Medicines to Take Internally. A Startling New Method of Treatment.

The well-known Italian physician, Alessandro Volta, for whom the electric volt has been named, has made a scientific discovery that promises to make rheumatic pain a thing of the past for the thousands who have suffered its terrible tortures.

He compounded a powder called Coltra that is claimed to be a powerful and active Uric Acid solvent. It is not taken internally, but is shaken into the shoes or stockings and is absorbed through the pores in the soles of the feet. It is intended to be absorbed almost immediately into the blood and thus, no doubt, to the fact that the soles of the feet contain over ten times the number of pores to the square inch as does any other part of the body.

So remarkable and rapid have been the results from the use of Volta powder, both in this country and in Italy, that the American physicians have authorized local distributors to dispense Volta with an unqualified guarantee of relief from the use of the very first package or your money will be refunded.

If you suffer from Rheumatic pains, Sciatica, lumbago, Gout or Neuralgia, you owe it to yourself to try this remarkable new scientific treatment. It is absolutely harmless and will not cost one cent if you do not receive wonderful relief.

You can get a box of Volta with an absolute guarantee of relief, from each good druggist as: Mead Drug Co., Elsworth's Drug Co., Riley & Perrin, City Drug Store.

A CAPITAL JOKE. Almost within the shadow of the United States Capitol, a United States Senator is shot down...

On February 12th, an appropriation bill carrying an allotment of \$10,629,770 for the enforcement of prohibition in the United States was made.

It is presumed that the District of Columbia is still in the United States.

Just a few months ago there was a second big "booze scandal" in Washington. "Lists" of booze customers reported to stand high socially, politically, financially...

Now a United States senator is shot in a fight over possession of a still. The point is just this: That ten million dollar appropriation was made to keep the whole country dry.

And yet they are shooting senators within the shade cast by the capitol building. We of Delta county are a generous and broad-minded people. We have, to some extent, learned to do the most needful things to protect the rights of citizens to life, liberty and the pursuit of happiness...

But with \$70 and a package of Peerless, Delta County will agree to show a better brand of enforcement than Washington has ever submitted.

MR. SLANDERLIP! Frank A. Vanderlip! What visions of power that name conjures up in the minds of mere wage serfs.

One of our biggest, brainiest business men and one of the world's best financiers! A real success, one would say; one of the kind of men who do considerable heavy standing around on graduation platforms to inspire the gulping valetudinarian with awe and to tell the class that honesty and integrity is the keystone in the arch of any success that is worth while.

And yet, today we have the inglorious spectacle of Frank A. Vanderlip appearing before a committee of the United States senate and calmly admitting that, like the veriest old harridan of a gossip, he seized upon, and publicly peddled statements derogatory to a dead man, and that man a president of the United States; that he never took the trouble to investigate the story he publicly vouched for; that he lent the power and weight of his influential position to the circulation of a damaging tale that hadn't the slightest foundation in fact and that Mr. Vanderlip says he did not believe.

JURORS SPLIT IN SOO TRIAL

Disagreement Reported After All-Night Deliberation in Young Case.

SAULT STE. MARIE, Mich.—Locked in the jury room from 4 o'clock Saturday afternoon until 10:30 Sunday morning, the jurors in the Young bribery case were unable to reach a verdict and reported a disagreement.

Jay F. Young, resigned as chief of police early in January, upon request of City Manager Henry A. Sherman, because of charges of bribery brought against him.

Joe Bergeron, William Belleau, Harvey Lavelle and John Nicholson, the star witnesses for the prosecution testified to having each contributed \$50 to a fund collected by Belleau and turned over by him to a local business man, Claude Crowe, who alleges that he in turn turned the money over to the chief of police.

Says He Wanted \$400.

Belleau claims that Young approached him last summer and told him that he would have to raise \$400 for him and that he would protect him as he had in the past.

Young makes an emphatic denial of this, and three of his officers, called to the witness stand, swore to statements that the chief had always given them distinct orders to "go and get" all law violators, and that he in no way intimated that police protection be given anyone.

Belleau, Lavelle and Nicholson were convicted at the present term of court on charges of liquor law violations. Young's officers participated in the raids, which resulted in these charges and were under his distinct orders.

Under a severe cross examination, Crowe said that he was not sure what he had done with the "roll of something that looked like money" which he had been given by Belleau for Young. He later said that he was certain that he had the money to Mr. Young.

Disposal of Case in Doubt.

The deposed chief of police is 30 years old and served overseas during the world war, gaining the rank of captain in the Thirty second division. He is a popular man about the town and will recently served as commander of the American Legion post here.

Judge Louis H. Fead left the Soo Saturday night for his home in Newberry, Mich., leaving orders for the jurors to leave a sealed verdict should they arrive at a decision. Just what disposition will be made of the case can not be learned until court is resumed here on Monday.

YOUNG PRIESTS ARE ASSIGNED TO PARISHES

Dr. Edwards' Olive Tablets act gently but firmly on the bowels and liver, stimulating them to natural action, clearing the blood and gently purifying the entire system. They do that which dangerous calomel does without any of the bad after effects.

All the benefits of nasty, sickening, griping cathartics are derived from Dr. Edwards' Olive Tablets without griping, pain or any disagreeable effects.

Dr. F. M. Edwards discovered the formula after seventeen years of practice among patients afflicted with liver and liver complaint, with the attendant bad breath.

Olive Tablets are purely a vegetable compound mixed with olive oil; you will know them by their olive color. Take one or two every night for a week and note the effect. 15c and 30c.

AMUSEMENTS

At The Delft

Cecil B. De Mille's new picture "Adam's Rib," was shown with marked success, at the Delft Theatre last night. The picture, featuring Milton Sills, Elliott Dexter, Theodore Kosloff, Anna Q. Nilsson, Pauline Garon and Julia Faye is a story of the modern girl as an asset rather than a burden to her family.

Miss Garon as Mathilda Ramsey meets Prof. Reade at the Customs inspections in New York City. It develops that Reade (Elliott Dexter) is also from Chicago, Miss Ramsey's home town.

In Chicago there is a family mix-up and in endeavoring to straighten it out Mathilda places herself in a precarious position when she is found in the apartment of M. Jaromir (Theodore Kosloff), the exile king of Moravia. Mathilda's father riles her saying that now no man will marry her. Prof. Reade is present and professes his love for Mathilda.

The finish finds Jaromir back home in his native Moravia married to a fat princess, while the domestic affairs of the Ramsey household have all been unangled with Mathilda and Prof. Reade presiding as junior mistress and master of the Ramsey mansion.

The direction by Cecil De Mille is faultless and the photography and scenic effects are nothing short of marvelous. The vision scene in the Museum of Natural History, which takes one back to the days of the cavemen is as powerful as it is a novel. It must be said of "Adam's Rib" that it stands alone as an example of photography perfection. The support is excellent.

At The Strand

Laughs alternating with thrills and excitement enacted by the gifted Leah Baird and a cast of clever screen artists, artists, who are also stars was the surprising good offering at the Strand yesterday in "The Destroying Angel," discovering better romance, comedy and wholesome entertainment than is shown here in six fast reels. It is quite a departure from anything Leah Baird has previously done and places her on the plane with the comedy favorites of the screen.

Here is a thrilling comedy romance developed with many delicious surprises from the popular book by Louis Joseph Vance, and can be said to please the most exacting audience. Starting with the pretty feminine thrill of a secret marriage, the story tells of a romantic girl who mysteriously disappears from her circle in society and is boosted to stardom on the stage by a shrewd theatrical manager under the enticing name of "The Destroying Angel." Her identity is effectually concealed even from the college boy who went through the wild ceremony with her and who is later fascinated with the famous actress. Miss Baird in her role as a dancer has many lovers at her feet and leads them a merry chase. She becomes the victim of desperate plots, but the right man-a fighter and love maker to win the heart of any girl—follows her through every peril.

It would not be fair to tell all the story. One must see "The Destroying Angel" to enjoy it.

Dr. Schoonmaker Granted License For Osteopathy

An article which was printed in the Bergen Evening Record of Hackensack, N. J., gives an interesting account of the granting of a license to Dr. Milton J. Schoonmaker of this city, to practice osteopathy and major surgery. Dr. Schoonmaker is a graduate of the Kirksville, Mo., College of Osteopathy, having completed his studies last May, and took a post graduate course

in E. R. A. work, this being sponsored by the famous Abrams.

When Dr. Schoonmaker took the Michigan State Board medical examination, he had to wait until June to be his work he decided to take Ohio Medical examinations which were held in December. Because of the reciprocity laws of Ohio and Michigan this entitles him to practice in Michigan also.

Since locating in this city Dr. Schoonmaker has made a number of acquaintances who will be pleased to hear of his success in securing the license.

Finally found health in Kellogg's Bran after suffering long with constipation

Mr. Patch writes that Kellogg's Bran "solved his problem." It has solved the problem of constipation—mild and chronic—for thousands of others. It has brought relief when all else has failed because Kellogg's Bran is ALL Bran. Nothing but ALL Bran can be 100 per cent effective. Read Mr. Patch's letter:

Dear Sir:

I have been a constant sufferer from constipation and have wondered different from ordinary, tasteless bran. Sprinkle it over the cereal. Cook it with hot cereals. Eat it Kellogg's Bran muffins, griddle cake and many other wonderful cereals given on the package.

Kellogg's Bran, cooked and kneaded, is made in Battle Creek and served by the leading hotels and everywhere. It is sold by all grocers.

Very respectfully,
Chester C. Patch,
761 Main St., Greenwood, Mass.
For the permanent relief of constipation, eat Kellogg's Bran regularly—two table spoonfuls daily—in cereals, with every meal. It sweeps clean and purifies the intestines, rids them of the dangerous poisons that lead to other diseases. It is guaranteed to bring results, or your grain will return your money.

PRESENT PLAY TO PURCHASE A NEW PIANO

Central School Pupils Appear on Stage Tomorrow Night.

Pupils of the junior high and central school at Manistique will present a little play at the high school auditorium Wednesday evening, entitled "Today is Monday." The play pictures in an exaggerated way perhaps, the condition of our public school system by a number of school officials, special teachers, and other outside interests—helpful and otherwise—that go to make up today's session of school.

The characters are all played by youngsters in the junior high, all selected, and adapted to the parts they aim to portray.

The grade pupils, from the kindergarten to the sixth, present Part One of the program, consisting of folk dances, action plays, and singing games. Every member in the building will contribute a number to the program, and the entertainment promises to be of exceptional interest to friends and patrons of the high school.

The proceeds of Wednesday evening's entertainment will go toward the purchase of a piano, which is very much needed in the music department of the junior high school.

Ticket sales for the event are being pushed by the pupils, and they hope for a well-filled auditorium Wednesday evening.

E. S. Initiates Saturday Night

Three candidates were initiated into the Manistique O. E. S. Saturday evening.

The initiation session was followed by refreshments and a social hour.

A FEELING OF SECURITY

You naturally feel secure when you know that the medicine you are about to take is absolutely pure and contains no harmful or poisonous drugs.

Such a medicine is Dr. Kilmer's Swamp-Root, kidney, liver and bladder medicine.

The same standard of purity, strength and excellence is maintained in every bottle of Swamp-Root.

It is scientifically compounded on vegetable herbs.

It is not a stimulant and is taken in teaspoonful doses.

It is not recommended for everything.

It is nature's great helper in relieving and overcoming kidney, liver and bladder troubles.

A sworn statement of purity is on every bottle of Dr. Kilmer's Swamp-Root.

If you need a medicine, you should have the best. On sale at all drug stores in bottles of two sizes, medium and large.

However, if you wish first to try this great preparation send six cents to Dr. Kilmer & Co., P.O. Box 589, Binghamton, N. Y., for a sample bottle. When writing be sure to mention this paper. Adv.

\$18 IN CASH TO BE GIVEN IN DOG RACE

Next Saturday Will Be "Derby Day" At Manistique.

Eighteen dollars in cash has been subscribed by the Manistique Civic Club to be used as prizes in the first local dog derby, to be held here Saturday afternoon, February 23, at two o'clock.

All boys who wish to take part in the race must bring their dogs down town to be measured Saturday forenoon, in order that they may be placed in the proper class. The classification will be made according to size, so that large dogs will not compete with small ones in any of the races. The measuring and classification of the dogs will be in charge of Richmond Stewart. The exact time and place for registering the dogs next Saturday will be announced later this week.

In the meantime, all the young drivers who plan to compete in the races are advised to work their dogs as much as possible, driving them over a distance of two blocks, which will be the length of the course in the races Saturday. The races, of course, will be won by the dogs that are the best trained.

In order to avoid accidents, it will be necessary for each driver to provide his dog with a muzzle, so that there will be no fights, and spectators and drivers will have no fear of being bitten by the excitable canines.

Boys or girls who wish to take part in the race should leave their names at the Daily Press office at once, in order that the committee may be able to check up on the number of entries that will take part in the races. Any other queries regarding details of the race will be answered by any member of the Civic Club derby committee, which consists of Dr. H. L. Mead, L. A. Danielson and Dr. A. R. Tucker.

Get your "pooch" ready, fellows!

Common Ailments of Middle Age

Are indicated in women by nervous conditions, irritability, melancholia, pains and aches in the back, dizzy spells, headaches and heat flashes. These trying conditions may be easily overcome and such symptoms controlled by taking Lydia E. Pinkham's Vegetable Compound. It will interest women to know that in a recent canvass among over one hundred and twenty-one thousand women, ninety-eight out of every hundred reported benefit from its use.

CARD PARTY TO BE GIVEN FRIDAY NIGHT

A card party to be given Friday evening, February 22, is being arranged by members of the Royal Neighbor society of Gladstone.

Plans for the party on the anniversary of Washington's birthday were made at a special meeting of the society held at the home of Mrs. Gaspar Page, for both transaction of business and social enjoyment. The affair will be held at the Eagles' hall. Card contests, both Pedro and five hundred will be on the program and prizes will be awarded. Refreshments will be served during the evening.

A cordial invitation to the public to attend has been extended by the Royal Neighbors.

The committee workers in charge of the party are working hard and the party promises to be enjoyable in every way.

The committees are: refreshments, Mrs. Martin Van Blois; entertainment, Mrs. M. I. Call, Mrs. I. Knight and Mrs. F. Oathout.

ANNUAL ROLL CALL OF K. P. HELD TONIGHT

Manistique K. P.'s will observe their annual roll call tonight starting off with a 6:30 dinner served by the Pythian Sisters.

It is expected that practically every member of the order in Manistique will attend the rally tonight, and communications will be read from others that are unable to answer to their name at roll call in person.

An interesting program has also been arranged. There will be talks by L. B. Walker of Escanaba, Doctor Post C. F. Whitehead, Powers; James C. Wood, Manistique, and other local talent, including orchestra music.

Club Members Discuss Floods

Matters pertaining to the spring flood situation at Manistique were discussed yesterday at the regular meeting of the Manistique Civic Club.

Members of the club reported that the snow had reached a greater depth this year than it had last year at this time, thus indicating that the melting snows of spring might again cause a high water situation that would prove a serious problem in this city.

A club committee is to be appointed to co-operate with the city council in flood prevention matters, and this committee will attend the next council meeting next Monday night.

ICE SUPPLY AMPLE FOR CITY NEEDS

No matter how hot the summer, Manistique people will not lack for ice during 1924, is the assurance given by John Girvin of the Coffey Fishing Co., who has had a crew of ice harvesters at work on the flume for the past month, storing up a supply for the use of Manistique householders and business places.

Mr. Girvin's concern is the only one in the city that has stored up any ice this winter for sale, but they have harvested an extra large supply, and expect to have about 10,000 cakes available to patrons.

The ice cut on the flume by Mr. Girvin is crystal-clear, and reasonably free from snow ice.

EAGLES MAKE PLANS FOR BIG PARTY

Members of the Gladstone Aerie of Eagles are making plans for a pre-Lenten party at which members of the lodge and their families will be guests.

The party will be held at the Eagles' hall on March 7. A supper and dancing party are included in the plans now made.

A committee appointed to take charge of the affair is William Girard, Roy Trudeau and Otto Haberman.

Junior Aid Will Meet Thursday

Mrs. Edward Johnson and Mrs. John Larson will be hostesses at the regular meeting of the Junior Aid society of the Swedish Lutheran church, which will be held Thursday evening in the church parlors. All members are requested to be present at the meeting.

Young People Planning Party

A party for the young people of the Order of Runesberg will be given Saturday evening at Wassahall. Plans for the social were made and committees appointed at the regular meeting of the order held Saturday evening.

GLADSTONE OUT FOR BOOSTER CLUB BANQUET

Big Event Tonight at Community House; Dan Weigle, Speaker.

Gladstone tonight will unite in a splendid showing of its ever present spirit of civic pride and as one big community will meet at the new club house auditorium for the big booster banquet that will mark the first step toward the organization in this city of a long needed Community Booster club.

Ticket sales for the community banquet, plans for which have been under way for some time, indicate that the attendance tonight will reach three hundred people and upward. It will be the first affair to be held in the new community club house.

The banquet will be served at 6:30 o'clock, the Ladies' Aid society of Alice Memorial Methodist church taking complete charge. Attorney G. Raymond Simpson will be chairman. Dan Weigle of St. Paul, noted civic and community welfare worker, will be the speaker of the evening.

St. Paul Speaker.

Mr. Weigle, who will arrive here this morning, will address the students of the Gladstone high school at their morning assembly. This afternoon he will meet with members of the booster club committee and in cooperation with them outline plans and ideas for the booster association.

In the evening he will be the guest of honor at the big banquet and will deliver the chief address of the evening on "The Underdeveloped Resources of the City of Gladstone."

The community banquet tonight will be an event of the year in Gladstone. It is a big affair and has behind it a big idea, bringing together of all Gladstone people as one big family to work unreservedly and wholeheartedly for the betterment of the city. It is the beginning of a movement that should have the undivided support of the entire city, and from all indications that support will make itself known at the big banquet tonight and in the backing of any organization which may result from the banquet gathering.

Committee

Arrangements for the affair tonight are in charge of the booster committee, whose members have been at work since the first: C. W. Ham, Mrs. M. Neveau, E. A. Erickson, J. A. Olson, James T. Jones, Dan Sullivan, J. A. Sturgeon and Lenard Clapp.

SPRING IS ON THE WAY, SURE SIGN

Spring is here. Or, at least it is about to arrive.

Not that some one has seen the first robin. But Turk, the American Express company horse, is beginning to shed his coat, and according to those who know, Turk is Gladstone's infallible weather prophet, bar none.

The faithful animal has always selected the arrival of spring for the discarding of his old coat and the acquiring of a new one. And he has never been fooled into thinking just a warm spell was spring. Even last season during the balmy warm days, Turk kept his old winter coat and merely looked wise, until after the big storm that late in the season sent everyone scurrying back to winter duds. Which would lead to the conclusion that Turk knows.

"It's a sure sign," said Gene Dayton, manager of the express office and director of Turk's destiny. "When Spark Plug here starts shedding his coat, then Barney says it's spring."

Mrs. William Bouchard, who has been ill at her home, Montana avenue, is able to be about again.

Rev. Skoog in Charge of Meeting

A prayer meeting will be held Wednesday evening at the Swedish Mission church followed by the regular weekly choir practice. The Rev. Isak Skoog, pastor of the church, who recently returned from Chicago where he conducted special services at the Grand Crossing church, will be in charge of the prayer service.

AB PETERSON WINS FLINT CHAMPIONSHIP

Albert Peterson, Gladstone's skating wonder, is winning honors for himself and his home town at Flint where he went recently, according to word received here yesterday by Luther LaComb.

The young man, entered in the big city contest at Flint, against thirty other skaters on a mile track, won the city championship, lapping the track three times.

Mr. Peterson was presented with a gold and silver cup, which according to his letter is "sure a peach."

The young man is considered one of the best and fastest skaters in the peninsula and those who have watched "Ab's" work here will be more than pleased to know that he is winning deserved recognition in other cities.

ENTERTAIN AT A LEAP YEAR PARTY

Mr. and Mrs. Dan Russell entertained a number of friends Saturday evening at a Leap Year party held in the Eagles' hall.

A large number of guests was present, including Rapid River and Escanaba people as well as Gladstone residents. Old time dances, which Mr. Russell, who is widely known for his ability to direct the old-time steps, calling out, featured the entertainment of the evening. A tasty lunch was served during the course of the party. Music for the dances was furnished by Gladstone musicians.

The affair, one of the first Leap year parties of the season, was enjoyable throughout and Mr. and Mrs. Russell received much praise for their ability as entertainers.

Mr. and Mrs. Romeo Thivierge are the proud parents of a daughter, Beverly Jane, born Saturday at the family home, Wisconsin avenue. Both mother and daughter are doing nicely.

Mr. and Mrs. Henry Rosenblum will leave tomorrow for Chicago on their annual buying trip.

Miss Gertrude Schusterich returned Monday morning from a week's visit at Milwaukee and Chicago.

Miss Majorie Collins has returned to Stoughton where she is teaching after spending the week end at her home here.

Miss Cornelia Hendrickson has resumed her position at the E. A. Erickson store after being confined to her home suffering from illness.

Mrs. John Schmidt and son, Kenneth, left last night for Duluth, called by the illness of a relative.

Fred Scheetz, who was called to Rochester, Minn., by the illness of his mother, has returned to this city.

The Misses Ellen Williamson and Evelyn Cardia spent Sunday in Escanaba, visiting Miss Cardia's mother, Mrs. F. Cardia, who is a patient at the St. Francis hospital.

Miss Myrtle Brunet, who has been visiting here as the guest of Mr. and Mrs. J. D. Burroughs, has returned to her home in Manistique.

PYTHIANS TO CELEBRATE ANNIVERSARY

Banquet Wednesday Night Will Be Followed By Program.

Knights of Pythias of the Gladstone lodge, in company with Pythian lodges throughout the country, will on Wednesday celebrate the diamond jubilee of the organization, or the sixtieth anniversary of its founding.

A big banquet at which the Knights and their friends will be guests will be served at 6:30 o'clock. The menu will be big roast, roast veal and Brown gravy, baked ham, mashed potatoes, creamed peas, parker house rolls, butter coffee, apple pie a la mode.

Following the dinner will be a program of toasts with M. D. Mathison acting as toastmaster. Diamond jubilee exercises by the officers of the lodge; an address, "Friendship," by Attorney Glenn W. Jackson; address, "Charity," by James T. Jones; an address, "Benevolence," by Dr. George Bjorkman and an address on "Patriotism," by C. C. Strickland, will complete the after-dinner program.

Dancing.

The latter part of the evening will be spent in dancing. LeDuc's orchestra playing.

The committee in charge is working hard and considerable preparation is being made for the celebration.

Annual Party At Municipal Rink Wednesday

The Gladstone municipal skating rink is being put in shape for one of the big events of the year, the Annual Skating party, which will be held Wednesday evening.

Every arrangement for the enjoyment of the skaters Wednesday evening is being made by Albert Gagnon, manager of the rink. A hot lunch, served at the rink, will be one of the features. Arrangements have also been made, in case of stormy weather on Wednesday, to postpone the party one day and hold it on Thursday night.

The Annual skating party will be a big event at the municipal rink and undoubtedly a large crowd of Gladstone and Escanaba people will attend.

RAILWAY DANCE WILL BE GIVEN FRIDAY NIGHT

A big Washington's Birthday party will be given Friday evening at Wassahall by the Benefit association of Railway Employees, according to plans announced yesterday.

The party was at first planned for February 29, but because of the nearness of the holiday, it was decided to change the date and make it a Washington's birthday party.

The new Gladstone orchestra, a group of five talented musicians will play for the dance. The new orchestra has in its membership Miss Ruth Weingartner, piano; William Renard, violinist; Lawrence Grenier, saxophone; Yens Peterson, trombone; George McCarthy, drums, and the appearance of these players will be an added attraction.

TWO TALKS GIVEN AT SERVICES

Two fine talks on two different phases of civic activities were given at the Swedish Mission church services Sunday night, one by Claude Hawkins, mayor pro tem, and the other by City Manager C. W. Ham.

Mr. Hawkins, in his talk, gave an interesting outline of the material in civic affairs, speaking from the standpoint of the commission.

He urged an attendance at the commission meetings, a show of interest in the legislation being enacted for the city and active participation by the citizens of Gladstone in the administration's workings as one of the best indications possible, of true civic spirit.

City Manager Ham spoke on the city's assets, on the fundamental things the administration has fostered during the past year and of the need for a community booster club for the furtherance of city development. In his talk Mr. Ham pointed out the manager government, the boy, good streets, the large number of home owners, the tourist park and the stable industries as assets which any city might well be proud to have; he told of the administration's backing of patriotism as evidenced by the Harding Memorial program of Christian ideal shown in the Thanksgiving service and of the spirit of fellowship, evinced by the community Christmas tree and carol singing, and closed with an appeal for further civic betterment by support of an organization with that ideal as its main object.

Is Guest At Birthday Party

Allen Reynold was the guest of honor at a party given Sunday evening in observance of his birthday anniversary, at the family home, Dakota avenue. Fifteen guests were present. A delicious six o'clock dinner was served, followed, during the evening, by five hundred contests and music. Mr. Reynold was presented with a gift as a remembrance of the happy occasion.

Special Music Is Enjoyable

Among the special numbers of music at Alice Memorial Methodist church Sunday morning was a solo by Mrs. Edwin Nelson. Mrs. Nelson possesses a charming voice and particular talent and her song was thoroughly enjoyed, with the other number of the service.

Ladies' Auxiliary Meets Wednesday

A meeting of the Ladies' Auxiliary to the Order of Railway Conductors will be held Wednesday afternoon at 3 o'clock at the Eagles' hall. Important business matters will be given consideration and all members are requested to be present.

Michigan Loses A Thriller

INDIANA WINS; SCORE 23 TO 22

Head See-Saws Uncertainly All Through Battle.

(By The Associated Press.) Ann Arbor, Mich., Feb. 18.—In a close game in which the lead saw-sawed back and forth during the last half, Indiana defeated Michigan 23 to 22 here tonight.

The game was featured by long shots. Indiana made eight points before Michigan scored and at the end of the first half the visitors were leading by a score of 11 to 8.

MANISTIQUE OUT-SHOOTS DAGGETTEERS

Swamp Visitors 52 to 10 in Last Night's Contest

Manistique, Mich., Feb. 18.—(Special).—In an orgy of basket-shooting, Manistique romped away with the strong Daggett basketekers, by the score of 52 to 10 tonight.

The visitors got away to a pretty start and within a few minutes of play Daggett was holding a four point lead, shooting two baskets in rapid succession, while Manistique was scoreless.

The locals, however, soon hit their stride and tied the score and by the end of the first half, Manistique held a lead of 19 points—the score standing at 18 to 6.

Defense crumbles. In the second half the Daggett defense crumbled and the Legionnaires scored practically at will, shooting 18 more baskets while the visitors scored only two.

The game was one of the cleanest ever played here, not a foul being called throughout the contest.

Referee: Specht, Manistique. In the preliminary contest the Senators took an easy game from the Juniors, winning by the score of 19 to 3.

Starting Champ Go Arrangements Anew

(By The Associated Press.) New York, Feb. 18.—Negotiations for the proposed return world's heavyweight battle in New York about June 1, between Jack Dempsey, and Tom Gibbons, may be completed tomorrow, at a conference between promoter, Tex Rickard and Jack Kearns, manager of the titleholder.

Several weeks ago Rickard announced he had arranged the match but Kearns has not yet signed articles, although it is understood he and the promoter are in agreement on terms. Eddie Kane, Gibbons' manager, already has accepted terms on behalf of the challenger, who stayed the limit with the champion at Shelby, Mont., last July.

DOG DRIVERS GETTING READY

Big Field of Starters for Lions' Race Saturday Assured.

Preparations for the Lions' club annual dog races, open to drivers under 16 years of age from all parts of the county, are progressing rapidly and the event is expected to attract a large crowd next Saturday afternoon.

Dogs of almost every variety large enough to pull a youngster on a sled, are being trained for the races and a large number of additional entries are expected within the next few days.

The formal entries thus far include: Melvin Magnuson, collie; Jack Bartella, Airdale; Branko Marchina, shepherd; Gordon Chamberlain, shepherd; Bob Hughes, collie; Clayton LeDuc, Airdale; Tom Henry, bulldog; Lee Behl, spaniel; Ernest Foster, setter.

Miss Catherine Connelly of this city is the first girl to file her entry. She will drive a collie.

Youngsters who expect to enter, and whose names are not on the foregoing list, are urged to fill out the blank on this page at once and mail or hand it to E. M. Williams, 817 Ludington street, at once.

Press Married Men Beat Single Team in Bowling Match

Married men of the Daily Press defeated the Single Men, 2362 pins to 2193 in Sunday afternoon's match at the Arcade Alley.

The teams now have one match each to their credit. The deciding contest will be played in the near future.

'STEEL NEXT ON ESCANABA CARD

Fans Confident High Quint At Last Has Hit Its Stride.

There will be no basketball in Escanaba this week unless Manager Bob Hills of the Legion team succeeds in hooking up with some good independent aggregation. The Escanaba high school quintet goes to Manistique for its weekly fracas.

Escanaba's showing last Friday night was not a surprise to close followers of the squad's work. The lads set a pace which their friends are confident they can maintain through the remainder of the season. The five man combination—Gaffner, Andrews, Bloomstrom, Savard, Mithoe—was by far the snappiest and most compact sent out under the Orange & Black colors this season, and every one of the lads is a consistent performer, steady as a clock and fully cognizant of the value of team play over the "star" system.

Manistique No Setup. It is worth noting, also, that out of the five "letter" men who reported for the first practice, only one was in the lineup against Menominee. That was Captain John Gaffner, who played a nifty game.

Manistique, however, is not going to be a setup. Escanaba has learned that the Schoolcrafters always are dangerous in any department of sport, and a real battle may be expected.

FREIGHT HOUSE AND PURCHASER QUINTETS WIN

Two Interesting Contests At Arcade Alleys

The Purchasers made it three straight from the General Office quintet at the Arcade last night, copping the series by about 200 points.

The Freight House quintet was also victorious but only after a hard fight and by the small margin of nine pins. The Roundhouse crew took the second game but dropped the other two to the Freight House pin smashers.

The scoring was as follows: General Office—2269. McCarthy —162 162 163 Olson —133 170 160 Hansen —165 165 162 Tonne —138 115 125 LeClaire —147 170 139

MANY SKI CLUBS ENTER TOURNEY AT LAKE PLACID

(By The Associated Press.) Lake Placid, N. Y., Feb. 18.—Ski clubs in all sections of the United States have entered representatives in the United States eastern ski-championship contest to be held on the Lake Placid Club course Thursday and Friday. The United States eastern amateur ski association will hold its annual meeting Thursday night. The association's official 10 mile cross country ski race will be held Thursday afternoon, with the 25 mile cross country race started by the Lake Placid club last year.

The ski association will discuss the 100 per cent basis of barking ski jumping and eligibility rules to govern college ski meets at the annual meeting.

Entered in the ski jumps are the following: Nels Nelson, Revelstoke, B. C.; Hollis Merrill, Steamboat Springs, Colo.; Alf Baken, Carl Nelsen, Alf Jensen, Agnar Rehnberg, Terald Holdalen, Olaf Skogen, Knute Orshall and Fritz Berger, all of Chicago; Bing Anderson, Karsten Olsen and Jorgen Johnsen, Berlin, N. H.; Torge Vehus, Bertel Jensen, Reidar Naess, Johannes Anderson, New York; Rolfe Monson, Fred H. Bjorn, Brattleboro, Vermont; Harris Lie Hansen, Lewis Haskell and Wallace Lovell, Auburn, Maine.

MADDOO GIVES FRIENDS LINE

(Continued from Page One)

honesty and integrity in public and private life have stood the test of the most searching investigation.

"We denounce and condemn the recent infamous conspiracy which attempted to besmirch his name and proclaim that he has emerged from these attacks stronger than before.

"We unanimously demand his leadership." Every state was represented by a spokesman in the conference. A resolution adopted by a caucus of railroad leaders before the conference and declaring that "careful inquiry has failed to indicate that Mr. McAdoo has done anything improper or immoral," was later unanimously adopted by the entire conference.

The resolution was introduced by L. E. Sheppard, president of the Order of Railway Conductors and was signed by 17 representatives of rail union organizations attending the conference.

Telegram from Walsh. "A telegram from Senator Walsh of Montana, a member of the committee investigating the Teapot Dome lease, declaring that the character of Mr. McAdoo "is untouched by any revelation made before the senate committee investigating the naval oil leases," was read to the conference by State Chairman Thomas Arthur of Montana.

In thanking the conference for its vote of confidence, Mr. McAdoo declared that, the cause of progressive democracy, "transcends the fortunes of any person."

"I have severed my professional relations with the Doheny company; I owe them nothing and they owe me nothing," he said in conclusion of his statement, outlining his connections with Doheny interests after his retirement from the Wilson cabinet.

He launched into the announcement of his platform with the statement that "the condition of affairs at Washington beggars description." The campaign, he urged, "should be for honest government, world peace, economic and social justice, and the upholding principles of Democracy."

"Until the government is purged and made clean and honest, and efficient again, no progress can be made in settlement of the great problems confronting the American people," he said in elaborating upon his pledge "to drive corruption out of Washington."

Foreign Relations. The full text of the second plank, dealing with foreign relations follows: "I call as promptly as possible after the fourth of March, 1925, a new international conference at Washington for the purpose of considering the economic and other conditions prevailing in the world with a view to such action on the part of the United States as will promote peace, reduce the burdens of armament, restore justice, and stability, and revive prosperity. This will not be a spurious conference, but a real conference of all nations.

"If, as a result of that conference, an agreement is reached, and it is proposed that the United States shall be a party to such agreement, I propose to submit the question to a national referendum of the American people at a special election to be divorced from any political election where candidates are to be chosen, so that the people may have ample opportunity to discuss the questions involved in any such international policy and to decide for themselves what our national policy shall be.

"In a democracy like ours, no great international policy, especially if it involves a departure from the traditional policy of this nation, can be made effective unless it is supported by public opinion.

BEAR ATTACKS DEPRESS LIST

Prices Forced Down One To Three Points By Speculators.

(By The Associated Press.)

STOCK SALES SUMMARY. Total stock sales, 1,275,000 shares. Twenty industrials averaged 96.96, net loss 1.93.

High 1924, 101.24; low 94.88. Twenty railroads averaged 82.99, net loss .74.

High 1924, 85.90; low 82.74.

New York, Feb. 18.—Speculators for the decline regained control of today's stock market by launching a series of attacks against speculative rails and industrials which carried them down 1 to 3 points and forced some below the resistance points established in the drastic decline last Friday. The bear attacks started after the week-end buying orders had been disposed of, opening prices displaying a rather firm tone.

Selling of stocks undoubtedly was influenced by the latest Washington oil developments, including the resignation of Secretary Denby and the acute weakness of French and Belgian francs, which established new low records for all time. A bearish bulletin by a stock market advisory service also was regarded in some quarters as a contributing factor.

Steel Common Down. United States Steel common sold as low as 102, closing 1-8 above the bid figure for a net loss of 2 1/2 points on the day. Baldwin dropped back 3 points to 120. American Can showed a net loss of 4 1/2 at 110 7/8 and Studebaker broke below par and closed 2 3/8 lower at 99.50.

Net losses of 2 or more points also were recorded by more than fifty other issues, including Allied Chemical, Corn Products, Cuba Cane preferred, Dupont, General Electric, Marland, Republic Steel, Tobacco Products, United States Cast Iron Pipe, American Car and Foundry, Air Reduction, Chandler Motors, Gulf States Steel, Davison Chemical, Houston Oil, Pure Oil, Cils Elevator and National Lead.

Rails Also Lose. Call Money held at 4 1/2 per cent all day. Time money rates were somewhat firmer, funds being quoted at 4 1/2 and 5 instead of 4 1/2 and 4 1/4, the ruling quotations last week. The bulk of commercial paper continues to move at 4 per cent.

Foreign exchanges developed a reactionary trend. Demand sterling held fairly steady around \$4.22 but French francs broke 25 points for a 4.12 1/2 cents, a record low for all time, and Belgian francs dropped 24 points, to 2.60 1/2, also a record low. Selling, which originated largely in Paris, apparently was based on the delay in the adoption of Premier Poincare's fiscal program.

CHICAGO LIVESTOCK.

Chicago, Feb. 18.—Cattle receipts 23,000; of steers and yearlings, 17,000; top matured steers 11.60; best yearlings 11.25; fed steers 9.00 at 10.25; short fed 7.00 at 8.00; sheep fully stocked; bulls brought to 15.00; value of calves 25c higher; veal calves to packers 9.00 at 9.50; shippers upward to 10.00 and above; stockers and feeders steady to upwardly higher. Hogs receipts 85,000; opened active; closed 10 to 11c lower; good and choice 225 to 300 pound hogs 12.00 at 12.50; practical top 7.25; demand for 250 to 300 pound average 6.50 at 7.15; packing sows 6.10 at 6.25; killing pigs steady; good and choice strong weights 6.00 at 6.50; estimated best 16,000. Sheep receipts 15,000; killing classes 25 to 40c higher; feeding lambs 2 1/2 higher; fat wooled lambs 14.75 at 15.15; practical top 15.25; sheep clipped lambs 12.75; best pound average 9.85; light 9.00 at 9.55; feeding 13.50 at 14.00.

CHICAGO GRAIN.

Chicago, Feb. 18.—Grain prices showed a downward tendency today largely as a result of New York stock market weakness which appeared to intimidate buyers here and sent sellers becoming bolder. Wheat closed unsettled, 5-4 to 1c net lower, May 1.09 7/8 to 1.10 and July 1.09 5/8 at 3-4 to 1.09 3/4. Corn had 3/8 to 3/4 to 7-8c, and oats a shade to 1c. In provisions, the outcome was unchanged to 7c down.

Setbacks in wheat values began within a few minutes after the opening, and continued through the day, except for occasional slight rallies. Selling came chiefly from commission houses and speculators, and although only moderate volume proved to be more of a weight than the market could sustain without yielding to a considerable extent.

January receipts of wheat at primary points acted as more of an offset for a decrease in the visible supply total. Meanwhile world shipments of wheat were heavy and a decided argument of the amount of wheat on ocean passage together with growing seriousness of the British coal strike counted as a further handicap for wheat bulls.

Liberal arrivals of corn here, nearly 900 cars, had a depressing effect on the corn market and on oats as well. Besides, total receipts of corn at primary points were more than double the amount a year ago. Provisions sagged in response to a decline in hog values.

CHICAGO BUTTER.

Chicago, Feb. 18.—The butter market here closed a steady position today following a decline of a full cent on top scores and a half to three quarters cent on medium and underscores. Fresh butter: 82 score 49. Centralized cartels: 90 score 49.

CHICAGO POTATOES.

Chicago, Feb. 18.—Potatoes steady on northern stock, slightly stronger on Idaho, receipts 71 cars; total United States shipments Saturday 946; Sunday 245; Wisconsin sacked round whites 1.50 at 1.49; bulk 1.50 at 1.50; North Dakota and Minnesota sacked Red River Ohio 1.30 at 1.35; Idaho sacked round whites U. S. No. 1, 2 at 2.25; 1000-undressed 1.50 at 1.75.

Yank Stadium Is Offered For Olympic Trials

(By The Associated Press.) New York, Feb. 18.—The use of the Yankee Stadium for the eastern Olympic preliminary trials, scheduled for June 7, has been extended free of charge by Colonel Jacob Ruppert, president of the world's baseball champions, the American Olympic committee disclosed today.

Proceeds of the eastern trials, as well as the seven other sectional trials planned to give athletes throughout the country an opportunity to make the 1924 international team, will go toward the \$350,000 fund needed for the prizes. The prizes will be awarded winners of the trials but athletes gaining the first three places in each event probably will be given certificates of merit.

In donating the Yankee Stadium, Colonel Ruppert asked that the hammer, javelin and discus throws be held elsewhere so as not to injure the baseball playing surface. As a result these events will be staged at McComb's Dam Park, which adjoins the stadium.

Mendelssohn Glee Club In Weaf Program

The Mendelssohn Glee Club, which will offer WEAF's audience an interesting program tonight was organized in 1866 by a small group of amateur singers who made engagements at various private halls to sing for their personal gratification. The organization has been in continuous existence ever since. Little by little it has grown to one of the leading amateur glee clubs in the country. Among its conductors have been Mosenthal, MacDowell, Meigs, Frank Danzrosch, Dickinson, Koemannich, Coffin and Ralwin. The active membership is sixty, of which one-third are professional musicians. It gives three concerts each year which are well attended. A special installation has been made at the Waldorf-Astoria to pick up this program for the radio audience.

More Radio Disturbance.

Quite a few radio fans have filed a complaint of a foreign noise that seems to tune in about 6 o'clock and tunes out about nine. It is the impression, according to experts, that some amateur is experimenting with a broadcasting set. This unusual noise is only detected in the neighborhood of Ludington street, which points out the fact, according to a well-known radio man, that some one in the vicinity is experimenting with some electrical appliance on a radio. If this amateur will have a little consideration for the other hundreds of fans about the city he will choose some other hours beside the evenings to do his experimenting. Radio dealers are making an effort to find out who it is and are planning on offering a reward for the required information on this "bug." If no other solution can be found, an expert will be called from Chicago to look into the matter. Stop this nuisance, Mr. Amateur!

SOCIAL

Hold Interesting Meeting.

The Association of Girl Scout Leaders held a very enjoyable meeting last night. The program was as follows: 1. Formal opening ceremony. 2. Active games. 3. Found table discussion. 4. Scout instruction - The study of birds. 5. Talk by Aline Runner on Astronomy. 6. Songs and games; formal closing.

The organization, which was formed about a month ago, is for the purpose of the furtherance of the Girl Scout leadership, a get-together of all Girl Scout leaders in the county to gain fresh ideas to use in their troop work.

The officers of the organization are as follows: Mrs. Cheever Buckbee, Escanaba, honorary president; Isabelle Cass, Escanaba, president; Ethel Bennett, Gladstone, vice president; Louise LaComb, Escanaba, secretary.

Hard Time Ball Tonight.

The Yeoman's Hard Time Ball will be held at the North Star Hall tonight. Bohr's Kittens will furnish the music. A good time is promised all who attend. The management announced last night that there would be no extra charge for those not caring to wear hard times costumes.

Fifty-Fifty Club Entertained.

The members of the Fifty-Fifty Club were delightfully entertained last night by the Misses Agnes and Cecelia Seidl, of Wells. A remarkably good attendance enjoyed the program of bunco, games, and music which was followed by a dainty luncheon.

Thought Hospital Was Hotel; Lands In County Jail

CHARLES HARDY, of Maple Ridge, having become somewhat crossed up in his sense of location through the use of liquor, wandered into a local hospital, thinking it was a hotel. He found an unoccupied room and proceeded to disrobe and retire. He was removed by the police and Judge C. D. McEwen sent him to the county jail for 15 days. Hardy pleaded guilty to a "drunk and disorderly" charge.

AUTO PRICES HOT LOW MARK

"The motor car is one of the very few commodities that can be purchased today for less than in 1913, before the war."

"This fact has never been brought home to the public, yet it explains the great measure of the sale of more than 4,000,000 vehicles in 1923, which is 50 per cent ahead of any preceding year," points out C. J. Nephew, general sales manager of the Oakland Motor Car Company.

"The striking fact of the low price of automobiles today has been brought out through figures supplied by the National Automobile Chamber of Commerce, which show that automobiles, tires, and gasoline actually cost less today than before the war."

"Today you can purchase 111 cents worth of automobile, 101 cents worth of gasoline and 123 cents worth of tires with your 1913 dollar, despite the fact that you can get only 61 cents worth of general necessities."

"Today you can purchase 40 cents worth of Oakland with the 1913 dollar, as the models were put up then were 40 per cent higher in price than the greatly improved Oakland."

"The pre-war dollar is worth today only 51.6 cents in clothing, 68.5 cents in food, 61.2 cents in rent, 45 cents in frame and 46.5 cents in brick buildings."

Futhermore the current models of motor vehicles and the present type of tires are far better than 10 years ago, even at the lower prices prevailing today."

"The motor car industry has met the problem of higher labor, materials and tax expenditure by the economies of large scale production, reducing prices in confidence that the public would respond to the exceptional value. That the public has actually done so is a matter of automotive history."

SCHOOL BOYS MUST STAY OUT OF POOL ROOMS

Chief of Police Tolian announced last night that after a conference with Supt. of Schools W. E. Olds he has decided to take action against high school students or any boys under 17 years of age who are constant frequenters of pool rooms. He stated that the very first violation of the laws in this respect would be prosecuted and that no further warning would be issued.

STANDARD OIL MAN PROMOTED

Roy K. Carpenter, local district manager for the Standard Oil Company in this territory for the past three years, has been promoted to an important position in the district headquarters offices at Duluth and with his family has already for that city.

Mr. Carpenter, his residence in Escanaba gained the confidence and esteem of the business men in the city and with his family formed many pleasant acquaintances. The decision of Mr. Carpenter to leave Escanaba is a source of deep regret for all who had come to know him. The Standard Oil Company's first notice of Mr. Carpenter's transfer announced that he would be placed in charge of the Iron Mountain territory, but later the plans of the company were changed and he was called to the district headquarters offices.

Garden Bay News

Candy making parties are quite popular in Garden, but we heard recently of a certain young man who furnished much merriment for his friends without himself being able to fully appreciate the joke. It happened like this. He was the son of a well known grocer. His zipper needed some oil. He forthwith went to his father's cellar, where stood two barrels and drawing a measure full of what he thought was oil, poured it into the engine, which was running. Then he started off in the car. He admitted that it was a dark day and the cellar was quite dark. It was also a cold day. After the car was run awhile it was stopped. On attempting to start again, in a little while, it was found absolutely impossible to turn the crank. Investigation proved that the supposed oil had been drawn from the wrong barrel and was not oil at all but molasses. The result was that the engine was pretty well stuck in hard boiled molasses candy. Garage men confessed that it was some problem to get the mess cleaned up again. All of the young man's friends put on a broad grin whenever the unfortunate young man have in sight but he himself would rather forget it. One of his friends has turned out a little epic which embodies this little bit of scientific discovery by accident. We quote as follows, "You must not use molasses if you wish your car to run. For 'lasses, when you boil it, turns to taffy when it's done; And taffy hardens harder than it was when first begun. You'd better stick to lubricants and not get sticky, son!"

Jas Watchorn returned to his home at Fayette Bluff on Tuesday, after attending, with his wife, the funeral of the latter's mother, the late Mrs. Harry Robertson of Escanaba. Mrs. Robertson will remain a few days with relatives in the city.

Fred Ansell has just made a shipment of fresh fish all the way to New York.

A broken mail car on the Soo Line train on Tuesday was the cause of so little mail arriving here that day. The broken car was left at Cooks the mail clerks remaining on duty and sleeping on the car. It was repaired without much delay and soon placed in service again.

Postmaster Deloria has received a communication, in common with all the other post masters in the country, to fly the American flag at half mast over his property as a token or respect for the late ex president Woodrow Wilson. The communication was from Post-General Harry S. New.

George Farly states that he is cutting up between twelve and eighteen cords of stove wood daily. While he is in all probability cutting more than anyone else in the district, others are delivering large quantities of the fuel daily. In spite of the big supply, it seems impossible to get caught up with the enormous demand. There is a continual cry for wood, and more wood.

The members and friends of the Ladies Aid Society of the Congregational church held their regular meeting on Wednesday afternoon at the home of Mrs. Chester Winters. Refreshments were served before the meeting was dismissed. The next meeting will be held at the home of Mrs. Wm. Winters at Van's Harbor two weeks hence.

Jay Walsh of Van's made a business to Escanaba on Thursday.

Leona Deloria, thirteen year old daughter of Henry Deloria and wife entertained a number of her friends at the home of her parents on the occasion of St. Valentine's Day. Favours and decorations were appropriate for the day. A number of games were played with much enthusiasm and prizes were awarded for the same after which delicious refreshments were served. Miss Leona was thirteen years old on Friday and combined her

TARIFF BODY TO REPORT ON WHEAT FACTS

(By The Associated Press.) Washington, Feb. 18.—The tariff commission today concluded its hearing on the cost of producing wheat in the United States and in Canada, and tomorrow will make public the results of its investigation into the cost of production of wheat products, particularly flour, and receive any testimony on that subject.

The commission will conclude its investigation and report to President Coolidge probably within two weeks, laying before the president information upon which he can determine whether the cost of production justifies and increase in the present duty on wheat products. The investigation has been made by the commission upon the application of the wheat council of the United States.

Potato Storage Houses Licensed

A series of public hearings for the proposed licensing of potato warehouses under the United States Warehouse Act is to be held by the United States Department of Agriculture. The first hearing is at Presque Isle, Maine, February 18. Subsequent hearings will be held at Rochester, N. Y., February 20; Grand Rapids, Mich., February 21; Waupaca, Wis., February 22; Minneapolis, Minn., February 23; Fargo, N. D., February 25; and Denver, Colo., February 28.

Government licensed warehouses are authorized under the provisions of the United States Act to issue Federal receipts to the owners of stored products. These receipts are now universally accepted by banks as collateral for loans, thus aiding producers in the orderly marketing of their crops. Wide interest has developed in the proposed extension of the act to potato warehouses, and it is expected that producers, dealers will avail themselves of the advantages of the service.

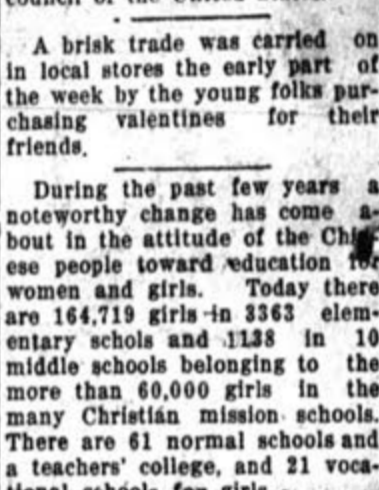

The potato hearings will be open to the general public but the department especially desires the attendance of potato growers. The hearings will commence promptly at 10 o'clock on the dates set and will be conducted by H. S. Yohe, in charge of the administration of the United States Warehouse Act by the United States Department of Agriculture, and Paul M. Williams, also of the Department of Agriculture.
