Says It Would Be Admitting Truth Of Charges.

(By The Associated Press.) Washington, Feb. 21.—Attorney General Daugherty in a letter today to Senator Pepper of Pennsylvania declared his retirement "voluntary or otherwise" would be a concession of the truth of all the "baseless charges" against him.

He added he never would be a party to such a proceeding. The letter follows: "Please accept my thanks for your very kind note of yesterday. Your complimentary reference to my administration of the department of justice is at this time most highly appreciated."

"I note with amazement your suggestion that my interests are not to be decided on the basis of 'justice or injustice,' even though my honor, reputation, and all that I hold dear in this world are at stake. Your expressions of personal regard are most gratifying and kindly appreciated and I am sure that nothing will ever happen to change our friendly relations."

Says Charges Baseless.

"Coming now to the subject matter of your letter, I am interested in your statement that I am on the wrong side of an issue in the mind of the public. I assume you have in mind the resolution of Senator Wheeler and his speech on the floor of the senate. You have then concluded that I am on the wrong side of an issue, without hearing, without evidence, and accepted as final the baseless, scandalous and defamatory charges of my political adversaries. You further imply that the public has also concluded that I am on the wrong side of an issue, without evidence, on ex-parte statements, and baseless charges of those same adversaries. You must realize, as I do, that these charges against me, made on the eve of a presidential election, are made with other motives than that of injuring me."

SAYS BONUS LAW WILL BE PASSED

Senator Copeland Sets Time At Two Weeks.

(By The Associated Press.) Baltimore, Md., Feb. 21.—Congress will pass a soldiers' bonus within two weeks and will pass it over the president's veto, if necessary. It was predicted by Senator Royal S. Copeland, of New York at the annual banquet of the Baltimore chapter, American Institute of Banking here tonight.

The bonus, at \$1.25 a day for each day in the service, will cost the government \$1,285,000,000, Senator Copeland asserted.

"President Coolidge recently said in New York that a soldier bonus would cost \$5,000,000,000. Secretary Mellon said it would cost \$4,500,000,000. Both are wrong," Senator Copeland said. Paying the former servicemen cash, it would cost the country \$100,000,000 the first year, and the entire amount would be paid off in sixty years in ever-decreasing amounts.

"Why the interest on the money Great Britain owes us would more than pay the bonus. 'Seventy of the 96 senators are ready for the bonus. We can pass it, and pass it again over a veto.'"

READ IN RACE FOR GOVERNOR AND TO STAY

(By The Associated Press.) DISAPPROVES FINDINGS IN NAVAL PROBE

ECHO OF WRECK OF SEVEN DESTROYERS HEARD.

(By The Associated Press.) Washington, Feb. 21.—The findings in each case of the seven naval officers acquitted of charges of negligence, by the court martial held after the wreck of seven destroyers last September 8 on the California coast, are disapproved in endorsements placed on the court martial records by both Secretary Denby and the judge advocate general of the navy.

The endorsement made public tonight by the navy department was a statement noting that disapproval of the findings by the secretary did not serve as a basis for retrial of the cases, but was "simply an expression of the secretary's views of the court's action."

In the cases of the two division commanders who were acquitted "fully" of the charges, the secretary adopted the recommendation of disapproval made by the judge advocate general in an endorsement in which he held that "the evidence adduced not only fails to warrant the action of the court in 'fully' acquitting the accused, but also fails to warrant an acquittal."

Conclusive Evidence. Similar action was taken in the cases of the five destroyer commanders who were acquitted on the negligence charge. The judge advocate general held that the evidence in each case "shows clearly that although the accused had grounds for believing that the position of the vessel under his command was in doubt and that the course directed by the squadron commander was leading the ships into danger, he did not give notice of that fact to the officer in direct authority over him or to the other ships endangered."

The remarks of the judge advocate general in these cases were approved and concurred in by the bureau of navigation in this statement: "Guilty of Negligence. 'Any contingencies that inspired this unquestioning confidence in the leader's position and blind adherence to 'follow the leader' doctrine do not relieve the commanding officer from the charge of negligence.'"

In the case of a sixth destroyer commander who was found guilty in a less degree than charged, which finding was disapproved by the commanding admiral who convened the court, the judge advocate general held that the "evidence adduced established the guilt of the accused of the charge and specification preferred against him."

Secretary Denby, in approving the endorsement of the convening authority in this case, said: "A vital element in the equipment of an officer for command is complete appreciation on his part of his full responsibility for the safety of his ship at all times."

CLOSED SHOP AGREEMENTS ARE UPHELD

(By The Associated Press.) Cleveland, O., Feb. 21.—The right of employees of union labor and labor organizations to maintain closed union shop agreements was upheld here today by Common Pleas Judge Hay, who dismissed a suit brought by John S. Baker, against the street carmen's union.

Baker sued the union for \$10,000 alleging that its officials were responsible for his discharge by the Cleveland Railway Company following his refusal to join the union after obtaining a position. The court held that Baker knew he was supposed to join the union within thirty days after he began work as a motorman.

Got \$50 A Week During 'Laundry War'

(By The Associated Press.) New York, Feb. 21.—A confessed professional incendiary calmly told in court today how, hired at \$50 a week, he had endangered the lives of hundreds of tenement dwellers by setting fires in five laundries during the "laundry war" of the late summer and fall of 1922.

The witness, Louis Wallinger, awaits sentence for arson to which he confessed. Testifying at the trial of Boris Aims, a member of the Wet Wash Laundrymen's Association, for arson, Wallinger described his engagement by the association to set fire to rival laundries which refused to increase prices. He had been a professional fire setter for years, he said, but "never had thought" about the number of lives he had menaced.

PRISON SPY AID IN GEM FINDING

Helps Police Locate \$360,000 Jewelry Loot.

(By The Associated Press.) New York, Feb. 21.—George Kemmerer, confessed forger and swindler of German widows and orphans, was the Tomba prison spy who enabled police recently to restore to its rightful owners most of \$360,000 worth of stolen jewelry, it was revealed in general court today when prosecuting authorities asked Judge Collins to suspend a prison sentence imposed on Kemmerer a year ago. The prisoner, they said, had gathered information while in the Tombs which enabled police to locate most of the \$300,000 worth of gems stolen from Mrs. C. P. Hugo Schoellkopf, of Buffalo and other stolen jewelry.

What Congress Did Yesterday

(By The Associated Press.) Charles B. Warren, of Detroit, was nominated to be ambassador to Mexico. The gunboat Tulsa was ordered to Tuxpam as a protection to Americans there. Lusitania awards to Americans aggregating \$1,000,000 were handed down by the mixed claims commission. A house elections committee recommended the unseating of Representative Sol Bloom, Democrat, New York. Congressional leaders began preparations for a complete investigation of Northern Pacific Railroad land grants. A house resolution appropriating 100,000 for the oil lease cases was passed by the senate. Attorney General Daugherty in a letter to Senator Pepper, Republican, Pennsylvania, vigorously assailed his critics. It was revealed that the senate oil committee is investigating reports that Attorney General Daugherty had bought and sold Sinclair oil stock. Senators examining the ballots in the Mayfield election contest said many ballots were being challenged on both sides. The house irrigation committee voted to call witnesses to testify on power company opposition to the Boulder Dam project. Senator Phipps, Republican, Colorado, was assailed in the senate by Senator Ashurst, Democrat, Arizona, for voting to cut the appropriation for the Yuma frigate project. Democrats and Republican insurgents in the house joined to gain more amendments to the revenue bill, although the Democrats rejected an insurgent amendment to tax undistributed profits of corporations.

Democrats Put Brakes On Tax Revision

LEADERS WARN PARTY TO AVOID CHANGE OF VETO

May Reach Vote On Passage By Next Tuesday.

(By The Associated Press.)
Washington, Feb. 21.—Democrats jammed on the brakes in the revision of the revenue bill today, after joining Republican opponents in passing some amendments and refusing to support an amendment offered by this group proposing a tax on undistributed profits of corporations.

In opposing this amendment, Representatives Garrett, of Tennessee and Garner, of Texas, the Democratic leaders in the tax fight, declared it was "unsound" and warned their party that it must not so change the bill, already carrying the Democratic income rate schedules, that ground would be given for a presidential veto.

The coalition just previously had overruled a decision of the chair that the amendment was not in order by a vote of 164 to 150.

Little Progress.
With debate on the amendment occupying three hours, little progress was made with the bill today, although Chairman Green of the ways and means committee, predicted later a vote on passage would be possible by next Tuesday. An agreement was reached between him and Representative Garner that no vote would be taken before that date. Consideration of the measure will continue tomorrow although a legal holiday.

A new compromise on the income rate schedules developed in negotiations during the day between Republican organization leaders, who are determined to upset the Democratic rates when the bill is up for passage, and some of the seventeen Republicans who supported the Garner income tax amendment.

Willing To Cut.
Representative Longworth, the Republican leader, said he would be willing to cut the normal rate on incomes below \$4,000 from 3 per cent as recommended by Secretary Mellon to two per cent, if the six per cent normal tax on incomes above that amount, the treasury proposal, were retained. The compromise also includes the recent offer of organization Republicans to raise the maximum surtax from the 25 per cent rate proposed by Mr. Mellon to 37 1/2 per cent. Such a schedule, Mr. Longworth said, would be acceptable to several of the insurgents.

The vote on the Garner plan was 222 to 196, with eleven Republicans absent. A majority must be gained on several parliamentary votes by the Republicans to make possible the overthrow of the Garner rates after the bill comes up for final vote.

Excise Taxes.
Republican members of the ways and means committee considered again today the proposition to reduce the automobile excise taxes, but no agreement was reached and it was understood the members were left free to offer such amendments as they desired.

Representatives Crowther, New York, and James C. McLaughlin, Michigan, Republicans, have said they would seek a reduction in these taxes, while Representative Garner, speaking for the Democrats, also has urged their revision.

Mr. Greene said he expected the excise taxes would be reached tomorrow. The estate or inheritance taxes, on which an amendment will be sought to increase them will come up for reading before the bill yet to be considered.

Senator Couzens, Republican, Michigan, introduced a resolution today for investigation by a special senate committee of alleged delay in settlement of income taxes by the internal revenue bureau. All of those for 1917 have not completed, the resolution said, adding that "this delay, it is claimed, lost millions of dollars."

Gibbons-White Bout For Friday Is Called Off
(By The Associated Press.)
Grand Rapids, Mich., Feb. 21.—The Tom Gibbons-Joe White boxing contest which was scheduled for Friday night has been called off, the Olympic Athletic Club being unable to secure a desirable opponent against Gibbons following the injury to White.

White returned to New York tonight with a badly fractured ankle in a cast and will be out of the game for at least a month. He received the injury by stepping in a hole while doing road work. Gibbons returned to his home in St. Paul, accompanied by Eddie Kane, his manager.

Mexico Wants \$25,000,000 On Concessions Used As Security

(By The Associated Press.)
Mexico City, Feb. 21.—The approval of the American state department was sought today by the Mexican government upon the terms of the basic contract between the government and a syndicate of United States bankers involving the proposed loan of \$25,000,000 in exchange for certain concessions in Mexico. It is stated the Mexican charge in Washington has instructions from the minister of foreign affairs who has submitted the contract to Washington for approval. The greater part of the pro-

posed loan is understood to be on deposit in New York banks while the basic and subsidiary contracts which already have been approved by the Mexican government are being held in a local bank pending final action. The first definite step in the tobacco phase of the negotiations was taken today when the Buen Tono Cigarette factory, the largest in this country, is reliably reported to have agreed to sell out for \$7,500,000. The Lorillard and the British-American Companies are understood to have been the purchasers as representing the tobacco interests participating in the loan.

CLAIM REVOLT STAMPED OUT

Mexican Federals Hope To Restore Order Shortly.

(By The Associated Press.)
Mexico City, Feb. 21.—The revolution in Mexico has virtually been stamped out, according to statements made at the war department today. It was asserted that the federals, now having no important enemy forces to fight, will be engaged hereafter in the work of exterminating the guerrillas who are marauding in several states.

With the occupation of Morelia, Patzcuaro and Uruapan, the state of Michoacan has been practically pacified. The rebels there are withdrawing into Guerrero and Jalisco. The rebel general Manuel Diezguis is said to have completely vanished with all his forces and the federal general, Escobar, is chasing Enrique Estrada.

Rebels Lack Munitions.
General Salvador Alvarado and Colonel Cristiano Anzaldo and their rebel forces have evacuated Ciudad Guzman, withdrawing to Colima, and according to official sources, the occupation of Ciudad Guzman is expected shortly. The rebels are said to lack ammunition. Repairs are being made to the railroads to permit General Roberto Cruz to advance.

A formal federal advance against Taxpan began yesterday, according to special dispatches from Tampico. The federal forces are under Generals Juan Pablo Macias, Juan Espinosa Cordoba, Federico Berlanga and Luis Gutierrez.

Strike Threatened.
Fifteen thousand weavers at Crizaba threaten to strike in protest against a reduction in wages and because of dissatisfaction over working hours. The causes of dispute are the outgrowth of orders issued by the employers during rebel occupation of the city which orders still are effective although rebels have been driven out.

A strike also is threatened in Puebla. The bakers there are demanding an increase in wages and a reduction in hours of work. The employers have announced their willingness to cut down the working hours but they decline to increase wages.

MRS. MOYLES ON STAND TO AID HUSBAND

Says Calhoun Often Threatened His Life

(By The Associated Press.)
Big Rapids, Mich., Feb. 21.—Mrs. Sidney S. Moyles, eye-witness of the fatal shooting of Charles Calhoun near Barryton, October 24, 1923, took the witness stand today in her husband's defense. She is a young woman of about twenty-five, mother of three children. Her story of the tragedy confirmed that of her husband.

Mrs. Moyles related many of the incidents that resulted, she said, in the threats from Calhoun and declared that she was eye-witness to several. She declared further that her husband was threatened so many times that he became nervous and frightened. That Calhoun said to Moyles, when the latter advised him that if his horses got out the seeding again he would turn them loose, "If you turn any of my stock out I'll shoot a hole through you", was corroborated by the testimony of Mrs. Moyles, who declared she heard it.

Mrs. Moyles also declared, that she, herself, heard Calhoun say to her husband upon another occasion, "I'll fill you full of lead and kick you into the lake". The defense also called two business men and a member of the detective force in Saginaw, Sidney Moyles' home, to the witness stand to tell what they know of his character.

NAME WARREN FOR MEX POST

Another Step In U. S. Resumption Of Relations.

(By The Associated Press.)
Washington, Feb. 21.—Another step in the full resumption of diplomatic relations with Mexico was taken today when President Coolidge transmitted to the senate the nomination of Charles B. Warren, of Detroit, to be ambassador at Mexico City. President Obregon, in return, is expected to name soon an ambassador to represent the Mexican government in Washington.

The selection of an ambassador for the post which has been officially vacant for more than five years is regarded here as a further indication of the desire of the Washington government to do what it can to aid Mexico in taking its place among nations having stable and responsible governments. Since the Obregon government was recognized last summer, a charge d'affaires has represented the Washington government at Mexico City.

Pleasing to Obregon.
The selection of Mr. Warren is understood to be especially pleasing to President Obregon. He with John Barton Payne, served as a special American commission sent to Mexico City by President Harding last year which concluded an agreement upon which recognition was accorded after a break in relations since May, 1920.

Mr. Warren accepted the appointment as ambassador reluctantly, having several times announced that he would not take the post. President Coolidge told him his services were greatly needed and he finally consented, although for personal reasons he had professed to remain a private citizen.

No Outstanding Problem.
Except for duties that he devolve upon him indirectly in connection with the work of the claims commission under two conventions drafted at the Mexico City conferences, upon which recognition was predicted, Mr. Warren will face no outstanding problem upon assuming office. He already is familiar with the questions involved in the claims settlements through his participation in the Mexico City conferences.

President Coolidge is expected to select soon the American members of the two claims commissions.

The two Mexican commissioners who represented President Obregon at the claims conferences in the same capacity as Mr. Warren and Judge Payne for President Harding, are prominently mentioned here in connection with the appointment of a Mexican ambassador to Washington, officials say they would not be surprised if Senor Gonzales Roa, formerly senior commissioner at the claims conferences, or Ramon Ross, the second commissioner, were chosen for the Washington post.

YANK LOSERS TO GET A MILLION

Decision Made In Part Of Lusitania Claims.

(By The Associated Press.)
Washington, Feb. 21.—Under an award of the German-American mixed claims commission involving only part of the claims arising from the sinking of the British liner Lusitania, the German government must pay approximately one million dollars reparation for losses sustained by Americans through death, injury, property damage, or otherwise in that disaster. The decision was handed down today by Judge Edwin B. Parker, umpire of the commission in 57 cases, representing only the first group of Lusitania claims.

Eighty-eight separate awards were made, the amounts in the cases involving property damage or destruction carrying five per cent interest a year dating from May 1917, when the Lusitania was sunk, to the date of payment, and those in the death cases the same interest dating from November 1, 1923, when the commission handed down its opinion in the case determining the measure of damages. Forty claims were denied in today's decision.

Bring Statements.
In handing down his decision, Judge Parker made a brief statement of the facts in each case and applied them to the rules laid down in the Lusitania opinion of November 1. The cases came to him for decision because of disagreement between the American commissioner, Chandler P. Anderson, and the German commissioner, Wilhelm Kieselbach.

In the death cases, according to the opinion, the basis of damages was not the value of a life lost or the loss sustained by the estate, but the losses to claimants resulting from the death, "insofar as such losses are susceptible of being measured by pecuniary standards."

The Principles Followed.
The principles announced in the opinion of November 1, will be followed in deciding all Lusitania claims, which, at the time of the November decision, totaled 278, involving \$22,600,000. The commission had dismissed 2,190 claims totalling about \$345,000,000 for the recovery of insurance premiums paid for protection against war hazards on the ground that, under the treaty of Berlin, Germany could not be held liable "for all losses incident to the very existence of a state of war."

The largest award made today was in the case of Mrs. May Davies Hopkins Glimmer and May Davies Hopkins, who were allowed claims totalling \$130,000. Mrs. Glimmer, at the time of the Lusitania disaster, was the wife of the president of the Newport News Shipbuilding and Dry Dock Company. Mr. Hopkins, her husband, was 44 years old when he went down with 127 other Americans on the big liner. She has since remarried.

Potatoes Are To Be Included In Warehouse Plan

(By The Associated Press.)
Grand Rapids, Feb. 21.—The federal warehouse act will be extended to include potatoes before the opening of this year's shipping season, H. S. Yohe, federal warehouse director and Paul M. Williams, both of Washington, investigator in marketing told a meeting of western Michigan bankers, commission merchants, warehouse operators, potato jobbers and managers of cooperative marketing enterprises Thursday.

Receipts from warehouses licensed under the act will be accepted by banks as collateral for loans, the banks giving much better terms than on private warehouse receipts. This is the third hearing of a series in the large potato producing sections, opening in Presque Isle, Me., on Monday, a meeting at Rochester, N. Y., Wednesday and includes sessions at Wauquaga, Wis., Minneapolis, Fargo, N. D., and Denver.

Two Wives Are After Money Due One Husband

(By The Associated Press.)
Lansing, Mich., Feb. 21.—Two wives today appeared before the state labor commission to claim compensation for the death of Arthur Holbrook, who was killed while employed on a building job in Lansing January 7, and a third was mentioned in reports submitted to the commission.

According to evidence brought out at the hearings, Holbrook's first wife was May, who now resides in Toledo, his second was Della, of Indianapolis, and his third Frances, of Port Huron. It was charged that he was formally married to his first two wives, but never secured a divorce, and that Frances was his common law wife. Della and Frances are seeking compensation. The first wife is said to be remarried and will probably not present a claim.

vision naming the committee of five. Under this plan the committee, headed by Senator Brookhart, Republican, Iowa, and a member of the LaFollette insurgent group, would be appointed by President Cummins, as is the usual custom.

No Interference.
Heretofore Republican organization leaders have been inclined to favor a different personnel, but it was apparent today that they were not disposed to delay the inquiry or in any other manner impede the "real investigation" asked for by Senator Wheeler.

It was Senator Wheeler who disclosed that the report of the special investigator indicating that the attorney general had dealt in Sinclair Oil stock had been laid by him before the oil committee.

"Information came to me from New York through a special investigator," said Mr. Wheeler, "indicating that Mr. Daugherty had dealt in Sinclair oil stock and I understood that these facts were laid before the president."

Chairman Lenroot said that it was information furnished by Senator Wheeler that he and Alcee Pomeroy, special government counsel in the oil case, had presented to the president last Sunday night.

Their visit to the White House followed discussions with Senators Wheeler and Walsh, Democrats, Montana.

Profits Small.
As the story has reached senators, the investments made by Mr. Daugherty were comparatively small and were without profit since the stocks were sold at a lower price than that paid for them. Mr. Daugherty tonight declined to discuss the subject in any way.

Chairman Lenroot said today no subpoena had been issued for Harry F. Sinclair who returned to New York yesterday from Europe and he could not indicate when Mr. Sinclair would be heard. He added that he knew of no impending development which would make it necessary for the committee to meet in advance of next Monday, when public hearings are to be resumed.

Edward B. McLean, publisher of the Washington Post, was subpoenaed as the first witness Monday, Senator Lenroot said, but added that it was not certain that he would be called at that time. Until the return from Pinehurst, N. C., of Senator Walsh, Democrat, Montana, a decision as to what witness will be called will be withheld.

Consider Immunity Request.
Special government counsel in the oil cases are expected to communicate to the committee some time next week their conclusions as to the inquiry of one witness if immunity would be granted, would he disclose to the senate investigators all of the information in his possession.

Members of the committee pointed out today that the committee itself was without power to make any promise of immunity, nor could counsel do so under any existing statute. A way around the difficulty could be found through an agreement by counsel not to bring prosecution in the case of such a witness.

It was developed in the case of former Secretary Fall that a

"OLDER BOYS" ARE ARRIVING

Vanguard of 300 Delegates In Marquette.

(By The Associated Press.)
Marquette, Mich., Feb. 21.—The vanguard of the 300 delegates to the tenth annual upper peninsula "Older Boys" conference, representatives of high school classes and societies, Boy Scout troops, church and fraternal organizations, arrived this afternoon in Marquette where the meeting opens tomorrow afternoon. This is the second time that the conference has entertained the delegates, its organization being perfected there in 1914.

The conference will continue through Sunday night when the farewell service is held. The meeting will open with a complimentary banquet to the delegates, served in the parlors of the First M. E. Church, after which addresses will be given. One of the speakers at this occasion will be "Herb" Steger, captain-elect of the University of Michigan football team. His subject will be: "The Fight for the Four C's."

The other speakers for the evening will be: James E. Atkinson, chairman of the executive committee of the State Y. M. C. A., of Detroit; C. K. Calhoun, senior associate secretary with Dr. John R. Mott, international committee, Y. M. C. A., New York City; Fred B. Fremant, Michigan Y. M. C. C. A. CARLSON GRAPPLES WITH AN ARMED FOE

(Continued from Page One)

Toussaint, 406 South 11th Street, two men wearing masks, one of them carrying a gun, were seen in an alley. Wilfred Charland, a small boy who "does chores" for Miss Toussaint, passed the two men as he was crossing the alley with a pail of water. He told Miss Toussaint. She notified the police, but the men had moved across into the 300-block and could not be found when the officers arrived.

Describes Assault.
One of the men who committed the robbery and attempted the murder of Mr. Carlson was about five-feet-ten inches in height; the other was about five-feet-eight. The taller of the pair wore a long overcoat. His companion wore an olive colored mackinaw with an ordinary collar. Mr. Carlson said. Both had red bandana handkerchiefs over the lower portions of their faces. Mr. Carlson expressed confidence in his ability to identify the man with whom he grappled.

Police officials last night admitted that they had several promising clues, the nature of which they did not reveal.

Fuqua Clinches Nomination For The Governorship

(By The Associated Press.)

New Orleans, La., Feb. 21.—The majority of Henry L. Fuqua over his opponent, Hewitt Bouchaud, for the gubernatorial nomination in Tuesday's Democratic run off primary, tonight went above the 30,000 mark, with only about thirty precincts missing.

Mr. Fuqua's vote, according to the Times-Picayune, was 123,278 and Mr. Bouchaud's 92,050.

When a stranger who has been introduced to you is leaving it isn't necessary to shake hands with him or her. The rule on this point is quite elastic. It all depends on how you feel about the person.

COIN REMOVED FROM THROAT

Three-Year-Old Mildred Winkler Returns from Chicago.

With the penny which had been lodged in her throat for nearly five days gone, Mildred, 3-year-old daughter of Mr. and Mrs. William H. Winkler, 625 Stephenson avenue, was resting comfortably yesterday and physicians did not believe there would be any ill effects from the ordeal.

The penny was removed in the office of Dr. A. H. McBride, an Illinois specialist, assisted by Dr. A. L. Laing of Escanaba, the Winkler family physician. The child with her parents, and Dr. Laing, who had rushed to Chicago Tuesday night, returned to Escanaba yesterday morning.

Members of the family said the process of removing the coin was a simple and almost painless one and said the child, although she was in good spirits and apparently on the road to a quick and complete recovery.

Mildred swallowed the penny last Saturday afternoon. It was several hours before the accident became known. Efforts were made here to relieve the condition, but without success. An x-ray picture was taken early in the week and when the location of the coin and the firm manner in which it had become lodged in the throat at a position described as "about halfway down," Dr. Laing urged an immediate and speedy trip to Chicago.

Unusual Operation The child was taken to the Chicago hospital, the distinguished specialist called in and the operation, an unusual one but a process which did not require surgery, was performed.

The fact that an immediate return to Escanaba was possible, is evidence of the skill with which the removal was executed.

DELTA GAINING IN DAIRY COW POPULATION

Now Ranks Fourth in Peninsula, Tables Show

Delta county ranks fourth in the upper peninsula in the number of milk cows, according to figures made public by the state department of agriculture yesterday. The county was sixth on the list last year. Menominee county leads the list with 15,850 cows. Houghton is second with 9,170. Chippewa third with 7,560 and Delta has 7,310. Delta has 3,410 horses, 4,740 cattle other than milk cows, 2,210 sheep and 1,700 swine.

The complete milk cow census of the peninsula by counties follows: Alger 2430, Baraga 3950, Chippewa 7560, Delta 7310, Dickinson 4010, Gogebic 3300, Houghton 9170, Iron 3020, Keeweenaw 360, Luce 700, Mackinac 2140, Marquette 4960, Menominee 15850, Ontonagon 4970, Schoolcraft 1930.

Banks Will Close to Honor Memory of Washington

Banks of the city yesterday made the following announcement: "In honor of the memory of George Washington, one of the greatest men this country has ever known, to whose steadfast honesty and patriotism we are in a very large measure indebted for the wonderful country in which we live, the banks of the city of Escanaba will observe the anniversary of his birth on February 22, and will not be open for business that day.

The county building also will be closed today. There will be informal Washington programs in many of the schools.

SOCIAL

K. of C. Dances. The members of the Knights of Columbus are planning on two dances which are to be given next week at the Arcade Hall. Tuesday evening a dance will be given for the members of the cast of "The Glorious Girl" and Wednesday evening the dance will be for the members and their wives and friends.

Bohr's Kittens have been engaged to play for both parties.

Moonlight Dance Tonight. Everything is in readiness for the big Moonlight Dance to be given tonight at the Arcade Hall by the girls of the Fifty-Fifty Club.

The committee in charge has done everything possible to make this a very enjoyable event, and a good time is assured to all attending. J. Williams and his Musical Wizards will furnish the music.

Pantry Sale. The Women's Guild of St. Stephen's Episcopal church will hold a pantry sale at Needham's Electric Store on Saturday, March 1. Sale will begin at 9 o'clock and continue until everything is sold.

Entertain Rainbow Club. Miss Margaret Goodman entertained the members of the Rainbow Club at her home Wednesday evening. Following a social hour a delicious luncheon was served.

Miss Siversten Entertains. Miss Ruth Siversten entertained fourteen of her schoolmates on Tuesday evening at her home at 210 N. 15th St.

Chapter Dance. Members of Delta Chapter, R. A. M., will be the host organization at an informal dancing party to be given in the Masonic club rooms tonight, to which all members of the Chapter, the "Blue" lodge and their ladies have been invited.

It is expected that the affair will be largely attended. A special musical program has been arranged for the occasion by McCauley's orchestra, and there will be other features.

ST. FRANCIS HOSPITAL.

Frank Beaudoin is improving after an accident in which he sustained injuries.

Joseph Goudreau, of Flat Rock, was admitted as a medical patient.

Mrs. Isabelle Tillman of Gladstone is on the road to recovery.

Mrs. Carrie Olson will return to her home today having sufficiently recovered.

Miss Bernadette Carlson left for her home at Cornell after an operation to which she submitted two weeks ago.

Arthur Walker is improving rapidly after an operation.

Mrs. Delina Trepanier is much improved after a seige of illness.

Mrs. Alex Frenn underwent an operation yesterday and was as well as can be expected at a late hour last night.

The condition of little Mary Stocavitch is very critical. She is suffering with pneumonia.

Baby Gofmeyer, of St. Nicholas, is critically ill with pneumonia.

Mrs. Henry Daoust of 1303 First avenue north is on the road to recovery.

The new babies born recently are to Mr. and Mrs. John Sullivan, a 8 1/2 pound son; Mr. and Mrs. Ed Olson, 1109 Sheridan Road, a 7 1/2 pound girl; to Mr. and Mrs. Walter Pearson a 6 pound girl. Mother and babes are doing nicely.

'GLORIOUS GIRL' DELIGHTS CROWD

Musical Extravaganza Given by Local Talent to Packed House.

Tuneful songs, clever dancing, bright lines, colorful costuming, artistic settings, and a well-directed, swiftly-moving story presented by an excellent "home-talent" cast, made the "Glorious Girl," presented under auspices of the Knights of Columbus, one of the best amateur productions seen here in several years.

The Harrington-Adams company of Fostoria, O., are the producers and the show was built by Miss Arvilla Murray, a staff director for the Ohio concern. Her ability was evident in every moment of the smoothly-running entertainment.

The opening night's showing was seen by a capacity crowd and the "sell out" undoubtedly will be duplicated tonight.

Principals in the cast included Genevieve Olson, Vera Starr, Isabelle Cass, Irene Roland, Marjorie Nee, R. E. Allingham, George Hira, Victor Moreau, Clayton Todd, A. J. Connelly, Vaughn Selinger, Aloysius Schwalbach and Thaxter Shaw, while the choruses were made up of 150 girls of all ages.

"Alice of the Curio Shoppe," "The Glorious Girl," and a jazz number, "Rickey Tacky Toe," were among the songs the audience last night liked best, and the Glorious Girl ballet, beautifully costumed, was an outstanding feature.

An artist chorus also introduced some excellent dancing.

It was a production which deserves a maximum of box office patronage, and is a credit, artistically, to the Columbians and to the city.

DOGS MUST BE MEASURED FOR DERBY ENTRIES

Being "Purps" Will Be Classified Saturday Forenoon.

All dogs to be entered in the Manistique Civic Club dog derby Saturday afternoon, must be brought to the First National bank building to be measured.

The dogs should be brought as early as possible after 10 o'clock morning. Measurements will be taken by Richard Stewart, and each driver will be entered in his proper class, ready for the race, which will take place at 2:00 o'clock Saturday afternoon.

It is also desired that all dogs entering the race be muzzled, so that there will be no danger of drivers or bystanders being bitten.

The present plans are to line the race course on River street, in front of the City hall, with a snow on the street will be a favorable weather will be a very satisfactory derby.

The prizes are as previously announced: \$2, \$2 and \$1 in each of the three races planned, making a total of \$18 in prizes, which has been donated by members of the Civic Club.

The event proves a success this year, it will probably be repeated with other features added, such as snow-shoe and ski races.

Physicians Talk On Diet in The Schools Today

Special short programs will be given in all of the Manistique schools this afternoon, in observance of Washington's birthday.

Mrs. Sidney Trowsell Plays Wednesday at Atlanta

A radio program intended especially for Manistique people will be broadcast from Station WSB, Atlanta, Ga., next Wednesday evening, February 27.

On that date, Mrs. Sidney G. Trowsell will render a program of violin music from the Atlanta station, beginning at 10:45 p. m., central standard time.

Mrs. Trowsell is a native of the Southland, and is a violinist of note. Her husband, Sidney Trowsell, is a former Manistique resident, the son of Mr. and Mrs. Chas. Trowsell of this city.

Manistique's poor showing against Gladstone last week is accounted for in the fact that the local team was overtrained. They came out on the floor feeling stale, and throughout the contest showed the effects of this playing a loggy game.

Record Crowd Anticipated For Tonight's Basketball Game.

Unless the Manistique high school basketball team wins from Escanaba at the local gym tonight, they will not go to the Menominee tournament.

Such was the ultimatum delivered by Coach Vic Crittenden, who is priming his team for what is considered by fans to be the best battle of the season.

Attendance records for the present season will probably be broken tonight, and indications are that the game will be played in a packed gymnasium.

SENIORS LEAD CLASSES WITH 5 GAMES WON

With a record of five games won out of five played, the senior class basketball teams seems to be the likely winner of the inter-class basketball championship at Manistique high school this year.

A summary of the scores made during the inter-class series, as compiled by James Cox, official scorer, shows that the seniors made 89 points to their opponents 33 in the five games played.

BIG AUDIENCE SEES CENTRAL SCHOOL PLAY

Scores of Pupils take Part in "Today Is Monday"

"Today is Monday," a play typifying one day in the modern school room, was presented to a large and appreciative audience at the high school auditorium Wednesday night by the pupils of Central school and the Junior high.

A series of dances, drills action songs, and singing games, made up the first part of the program, various teachers of the Manistique schools directing the several numbers.

Following is the program as presented, together with the names of those who took part in the entertainment, the proceeds of which are to be used for the purchase of a much needed piano for the music department of Central school.

BOOSTER CLUB COMMITTEE MEETS MONDAY

Calling on Pledged Members Will Precede General Organization.

Definite steps in the organization of Gladstone's community booster club, which became a reality at the big booster banquet Tuesday night when the entire assembly of four hundred people pledged its support to a booster association, will be taken Monday night, at a meeting of the committee appointed at the banquet to act as a permanent body in the organizing of the club.

The meeting of the committee will be held in the offices of City Manager C. W. Ham, and definite outline will be made at this time.

Tuesday morning the committee will begin its work calling on the people who gave their enthusiastic vote to the community club proposal at the banquet.

QUINTET WINS HIGH PRAISE AT MARQUETTE

Northern Normal Men Meeting Success On Tour.

The popularity of the Northern Normal quintet which will appear here Tuesday evening at the Gladstone high school auditorium, in its own town of Marquette, is shown in the following account appearing in the "Normal News" of the quintet's program at Marquette where the group of talented young men began their tour:

"Thursday evening, February 14, every one of us who has a lot of pride in Northern wore a broad and satisfied smile. It was the Glee Club that did it. For an hour and a quarter they held a large audience which applauded them warmly and encored them again and again.

"It is difficult to say where they pleased most. The ensemble singing was full of that rollicking good humor which wins an audience. The individual work of Hosking, Fryfogle and Nordling was especially strong, and they are rapidly passing out of the amateur class.

"The Northern Symphony Orchestra" staged a bit of vaudeville house down and made a fitting epilogue to the skit by Baker and Hildner which had kept the audience laughing every minute they were on the stage.

"Conway Peters has demonstrated his ability to put something into folks and get something out of them in return that is quite unusual. The boys to a man showed a poise, ease and confidence quite worthy of professionals.

"Last October our music talk was all in future, but that day is past. We have a Glee Club that is doing itself proud."

City Hall Will Be Closed Today

The city offices will be closed all day today in observance of Washington's birthday. No departments at the city hall will be open and any business connected with them will have to be held over until after the holiday.

MARQUETTE WILL PLAY HERE TONIGHT

Close Battle Predicted in Scrap Tonight at Junior Gym.

One of the last home games of the season will be played here tonight when the fast Marquette basket shooters clashed with the Gladstone regulars on the floor of the Junior high school gymnasium.

The game will be called shortly after 8 o'clock. A preliminary will be played off between the eighth graders of Escanaba and the Gladstone eighth grade team.

Hard practice has been the order of the week for the Gladstone players, the coach putting his players through stiff workouts in preparation for which promises to be a close scrap.

Marquette is coming to Gladstone with a strong team and with a record among other wins of victories over Ishpeming and Escanaba. Nezaunee, the team by which the strength of the other range teams is usually tested, won from Marquette by only a few points and this earlier in the season, and a fast moving hotly contested game tonight is the way the dope reads.

WASHINGTON DAY PARTY HERE TONIGHT

A Washington Day card party that will without doubt attract a large number of people will be given tonight at the Eagles' hall by the Gladstone Royal Neighbors.

Sleigh Ride Will Be Held Later

Mrs. Fred G. Forbes has asked that an account of the Presbyterian Sunday school class sleigh ride party, submitted by a member of the class Wednesday afternoon, be corrected. The party was not held Wednesday, but was postponed and arrangements for it will be announced by Mrs. Forbes when they are definitely made.

PYTHIANS HOLD FINE JUBILEE CELEBRATION

Over One Hundred Twenty Guests at Party.

A celebration which was marked by good fellowship and which was successfully carried out in every phrase was held Wednesday night at the Pythian hall when members of the Knights of Pythias observed the diamond jubilee or the sixtieth anniversary of the founding of their order.

Close to one hundred members of the lodge and their friends attended the banquet, while a number of other guests, who were unable to be present for the dinner, were at the hall later for the dance party.

After the banquet was a short program of toasts was held. M. J. Mathison, chancellor, acting as toastmaster. The after-dinner program followed with exercises by four officers of the lodge, Mr. Mathison, Arthur Williamson, master work; Alfred Anderson, vice chancellor and Henry Cassidy, prelate.

During the exercises splendid talks on Pythian principles were given by four prominent lodge workers, Attorney Glenn W. Jackson speaking on "Friendship"; James T. Jones on "Charity"; Dr. George Bjorkman on "Benevolence"; Principal C. C. Strickland on "Patriotism."

The addresses, which were thoroughly enjoyed were followed by the roll call.

The dancing party was held later in the evening, LeDuc's orchestra playing.

The celebration was fine in every respect and considerable credit is given the committee in charge, Sam Rosenblum, Arthur Williamson, A. M. Anderson, Dr. D. D. Stewart and Fred Siebert and to others who assisted in the arrangements for the anniversary observance.

SEE-SEE PLANS NOVEL PROGRAM

Recreation Experts Expected to Tell What Others Are Doing.

How other cities have been able to develop outdoor sports and pastimes, get the maximum quantity of enjoyment from the parks and playgrounds, and capitalize their geographical advantages along recreational lines, will be explained to members of the Chamber of Commerce and others at a Forum meeting to be held Tuesday night in Knights of Pythias hall.

The speakers will be C. E. Brewer, municipal recreation director of Detroit, and A. R. Wellington of Chicago, field representative of the National Playground and Recreation Association, both of them widely known leaders in their professions.

Interest Awakening Here. The subject of municipal recreation is one which has been discussed, informally, here for several years. It is a problem which has been attacked successfully in many other cities, and Chamber of Commerce leaders, believing that citizens of Escanaba will be interested in having some of the details of the work elsewhere, arranged for the visit of Mr. Brewer and Mr. Wellington.

Escanaba is particularly well situated for the development of a quatic and winter sports, it has been pointed out. Yet, at present, the youngsters who may have all the unawakened qualities of a Johnny Weismuller, a Bobby McLean, or a Lars Haugen, has virtually no chance to advance. Old time baseball men of the city often have been produced here in ten years. The same is true of other branches of sport.

May Start Something. In addition, there are splendid opportunities for ice boating, curling, snow-shoeing and other yachting, sculling, tobogganing, activities which, if developed, should make Escanaba a winter sport capital of the midwest. While Tuesday night's meeting was arranged merely to open up the matter for discussion, there are many lovers of outdoor sport who hope that it will start a movement which will "go some where."

Condition Said To Be "Slightly Improved".

(By The Associated Press.)

Washington, Feb. 21—The condition of Senator Greene, of Vermont, was said tonight to be "slightly improved." In a physicians' bulletin issued late today after an examination of the patient, "Senator Greene has been resting quietly during the day and his condition seemed improved," the bulletin said.

Although a right-side partial paralysis now exists, it was learned the doctors hope this will clear up if the Vermont senator recovers. Temperature late today was normal and he had taken nourishment.

As a direct outgrowth of the shooting of Senator Green last Friday night when revenue agents and suspected bootleggers engaged in a gun battle less than three blocks from the capitol, Representative Foster, Republican, Ohio, introduced a resolution in the house today to make it a felony for bootleggers to possess any firearms or any deadly weapon.

In a statement defending Prohibition Agent Fisher, who has said he fired four shots during the exchange which resulted in the wounding of Senator Greene after his party had been fired upon first, Representative Foster declared he had three witnesses to prove that Fisher's statement that he did not fire first was correct. He added, however, that "whether a shot from Fisher or a shot from the alleged bootleggers struck Senator Greene, no one will ever know."

Business Still Is Conservative But Irregular

(By The Associated Press.)
New York, Feb. 21—Dun's weekly review tomorrow will say:

"Business still moves along conservative lines and with continued irregularity, but with definite progress in some quarters. Recent depression in speculative markets has not meant that production and consumption of goods have suddenly diminished, or that there has been any adverse change in the commercial outlook. Most reports, on the contrary, remain encouraging, and some, as those from the steel industry, are of an optimistic tenor. Even the 90 per cent rate of mill operation of a year ago is being equalled now, both by the principal interest and some independent units, and increasing demand and advancing prices have marked the course of other metal trades. Activity in automobile manufacture is sustained at a high level, while building operations, although interrupted by storms, in different sections have been beyond precedent for the season. Weekly bank clearings \$5,294,037,000."

Memorial Trees For Lenine Are Now Being Urged

(By The Associated Press.)
New York, Feb. 21—Organization of the "Lenine memorial tree institute" which aims at stimulating interest in the planting of trees to perpetuate the name of the late soviet premier throughout the United States, was announced tonight by J. Bentley Mulford, of Asbury Park, N. J.

Mr. Mulford, describing himself as a director of the institute said he had asked the commissioners of the District of Columbia for permission to plant a tree in memory of Lenine on Sixteenth Street, Washington, "where the memorial tree to that city's war dead are now growing."

Mr. Mulford said he had served in soviet Russia in 1922 as an assistant to the medical director of the Russian unit of the American relief administration.
