

M'ADOO EXPLAINS BIG STEEL FIRM FEE

GREAT CHANGE OCCURS IN THE REVENUE BILL

VETO CERTAIN UNLESS IT BRINGS ENOUGH CASH.

BY DAVID LAWRENCE. Copyright 1924, by the Escanaba Press. Washington, Feb. 27.—Tax legislation so far as it affects incomes received during the year 1924 is likely to be postponed until next autumn.

Over-night the outlook for the passage of a comprehensive revenue bill has changed. The coalition between the democrats and the insurgent republicans has resulted in the framing of a bill which from the viewpoint of the treasury will create a deficit and therefore must be vetoed.

The delay in enacting a new revenue bill, of course, interferes considerably with the plans of business concerns and individuals who are making their expenditures and investments during the year 1924.

The taxpayers of the country, however, will not be in a happy frame of mind if they can not get some reduction when they pay taxes on their 1923 incomes and both parties have promised a reduction.

The taxpayers of the country, however, will not be in a happy frame of mind if they can not get some reduction when they pay taxes on their 1923 incomes and both parties have promised a reduction.

The nub of the situation is the reduction on 1923 incomes is going to be effective sometime during the present year but that congress will not finish consideration of the main revenue act until the November elections are at hand.

There is always the possibility that congress will at the last minute pass the revenue act but the outlook at the moment is against its becoming a law because of the certainty of a presidential veto.

Must Leave No Doubt. The broad ground that the pending bill will not produce (Continued on Page Two.)

BLOOD-LETTING IN GIRL STRIKE

Sluggings Also Mark First Day In Chicago.

Chicago, Feb. 27.—Sluggings, stabbing and storming of shops attempting to operate today marked the opening here of the long-heralded strike of the dressmakers' Section of the International Ladies Garment Workers' Union.

Union employees walked out this morning to try to enforce their demands for higher wages, shorter hours and unemployment assurance and tied the clothing district around Adams and Market streets into knots which the police and riot squads spent most of the day trying to straighten out.

Strike sympathizers, shortly after the walkout, raided five establishments and in the resultant brick encounter, two employees were stabbed, two employees chased to a fire escape from which they were finally rescued by the police with drawn pistols.

Menominee Harbor To Be Open Within One More Week

Menominee, Mich., Feb. 27.—After being closed for more than a month, the Menominee harbor will be opened within a week by the Ann Arbor car ferries, according to official notice received in the local offices of the company that the snow and ice embargo on this port has been raised and that two boats would leave for Menominee as soon as loaded.

Aged Attorney, Former Solon, Dies In East

Washington, Feb. 27.—Ernest W. Roberts, 65, attorney and former representative from the seventh Massachusetts district, died at his home here today after a long illness.

Refuses To Quit Until He Has Had a Hearing.

Washington, Feb. 27.—Attorney General Daugherty will remain for the present a member of President Coolidge's cabinet, but he will be expected to retire to private life as soon as the senate has completed its inquiry into his administration of the department of justice.

His determination not to resign without a hearing on the charges against him was reaffirmed today in the face of growing pressure for his removal. He even refused to promise that he would vacate his post upon termination of the senate inquiry, but it was apparent in other quarters that any plan for his retention beyond that time had been abandoned.

This conclusion in one of the most difficult problems with which Mr. Coolidge has had to deal since he entered the White House, followed an almost continuous succession of conferences in the midst of which the attorney general himself suddenly left Washington. It was announced after his departure that he had been called to Florida, where Mrs. Daugherty is ill, and would go by way of Chicago to attend to public business there.

Makes Terse Statement. Tonight his determination to remain attorney general pending the senate inquiry was announced to the country in this terse statement, prepared before his departure and issued from the department of justice.

It is not my purpose to even consider tendering my resignation as attorney general until after a fair hearing on charges preferred against me. Previously he had made the same determined declaration to President Coolidge, after the president had laid before him in a conference of more than an hour the conclusions reached by the administration after a re-examination of the whole case.

A second and shorter conference with Mr. Coolidge preceded Mr. Daugherty's departure this afternoon from Washington. He drove direct from the White House to the Union Station where a train to Chicago was held for several minutes to take him aboard.

I have been called to Florida on a personal matter but I am compelled first to go to Chicago to attend to important government business which demands my personal attention.

NEW SET OF TROUBLES TURNED LOOSE BY PROBERS.

Washington, Feb. 27.—Another Pandora's box was opened today in the oil scandal. As a result new fields for exploration were discovered and the list of committee witnesses was appreciably augmented.

A chief development was the reading into the records of a sheet of telegrams sent to Edward B. McLean, publisher of the Washington Post, at Palm Beach last December and January by his agents and others in Washington.

These disclosed that persistent efforts were made on behalf of McLean to keep off the witness stand in the oil inquiry and that in this connection attempts were made to bring pressure on Senator Walsh, Democrat, Montana, chief prosecutor in the investigation.

There also was evidence that McLean was kept constantly advised as to developments in the inquiry and as to the movements and opinions respecting the investigations of Albert B. Fall, to whom the publisher at one time said he had loaned \$100,000.

ENGELKE SAYS DUFFY KILLED WIFE HIMSELF

Police Claim Engelke Later Killed Duffy.

Chicago, Feb. 27.—A warrant charging Wm. Engelke with murder was sworn out tonight by the police after a day spent in questioning the suspect about the slaying last Friday of John Duffy, whose body was found in a snow bank at Argo, Ill., and of Maybelle Leah Kexley, who posed as Duffy's wife and whose body was found a few hours later in their flat.

Engelke refused to change his original story that Duffy himself had killed the Kexley girl a week ago during a quarrel at which Engelke was present, and that Duffy had then forced Engelke to accompany him for a day and finally left him, to join several other persons and ride away in an automobile.

During questioning the police accused Engelke of slaying Duffy because Engelke feared for his own life but this Engelke stoutly denied. He was taken to the state's attorney's office tonight where it was expected he would be questioned for several hours.

GOT \$150,000 FOR HANDLING U. S. TAX CASE

ADMITS IT'S HIGH BUT SO ARE NEW YORK RENTS.

Los Angeles, Cal., Feb. 27.—William G. McAdoo tonight partially corroborated what he termed "the Youngstown story" in a statement in which he said his former legal firm in New York had represented the Republic Iron and Steel Company before the treasury department at Washington for a total fee of \$150,000.

McAdoo's statement in full follows: "Concerning the Youngstown story, I have no hesitation in saying that my former law firm in New York was employed as counsel for the Republic Iron and Steel Company, an independent concern, in a complicated tax matter at Washington. This case was heard in the regular legal way before the board of appeals and review of the testimony department, a semi-judicial body, composed of civil service men. Whether it came before commissioner of internal revenue Williams on appeal I do not recall. Briefs were filed and the case was argued several times. It involved very serious and important legal questions concerning invested capital and was of interest to tax payers throughout the United States. The amount involved was large.

Admits Fees High. "The employment began in November 1919, at which time a retainer of \$10,000 was paid and the case was closed in the early part of 1921, whereupon an additional fee of \$140,000 was paid the firm—the compensation being commensurate with the importance of the matter and the

POINTER WILL HEAD NEW PARTY

Says He's Strong In West But Fears East.

(By The Associated Press.) Detroit, Feb. 27.—A new state ticket drawn from the ranks of the Peoples Progressive Party with "some good Republicans" heading the slate, will be formed at Lansing, March 25 and 26, when the state Progressives meet there, according to Robert M. Pointer, presidential nominee of the party.

Mr. Pointer at his Dearborn, Mich., home confirmed the report from Lansing today that the Peoples Progressive Party would gather there for a two-day meeting. He said that about 400 Progressives were expected to attend the meeting from which the new state political ticket to oppose the major party candidates in the November election would be selected.

Roy Harrop, of Omaha, Neb., a leader in the formation of the Peoples Progressive Party which was the outgrowth of the Ford presidential boom which Pointer and a few of his Dearborn friends started in behalf of the manufacturer, is here looking after the campaign of Mr. Pointer who was nominated by the Progressives at a recent meeting in Omaha to carry their banner.

Harrop has been here for several weeks working in the interests of Mr. Pointer.

Mr. Pointer will leave Dearborn, probably Friday, he said, to carry his fight for the election to the White House to the people of the east. He said he would visit New York, Boston, Washington, Pittsburgh, and a few other cities in Pennsylvania during his speaking tour. He asserted he had no fear for his political welfare in the west but was a bit doubtful of his strength in the east.

BUSINESS IS SHOWING GAIN

Federal Reserve Board Statement Is Optimistic.

(By The Associated Press.) Washington, Feb. 27.—The usual postholiday slump in general business was narrower in scope in January and early February this year than usual and sharp increases over preceding months were noted in the production of basic commodities, the federal reserve board reported today in its periodical business review.

Coupled with the increased output in basic commodities was a heavier demand for credit for commercial purposes, indicating continuation of a healthy business development, the review said.

Production increases were most marked in steel ingots, lumber and bituminous coal and in the mill consumption of cotton. Contract awards for new buildings were slightly higher in value in January than in December and were 25 per cent greater than in January, 1923.

The volume of borrowing for commercial purposes at member banks of the Federal Reserve System in the leading cities, after an almost continuous decline for more than three months, increased considerably, the review showed, the increase being particularly notable in the last two weeks of the present month.

PRESSURE IS USED TO STOP HIS QUIZZING

(Continued from Page One)

mittie learned also that E. W. Smithers, chief communications officer at the White House, had been employed to man the Washington end of a private telegraph wire which was installed between this city and McLean's Palm Beach cottage.

One of the arguments advanced by the publisher in favor of the private wire was "easy and quick access to the White House" and another was "the congressional situation."

In this same message, sent by John Major, one of McLean's secretaries, under date of December 22, the publisher was advised that C. Bascom Slemph, secretary to President Coolidge, was leaving that night for Palm Beach.

Mr. Slemph has testified that he talked about the oil matters with McLean at Palm Beach and advised him to "get it all out" in his testimony before Senator Walsh at the Florida resort.

More Inside Stuff. Additional telegrams to McLean will be read into the record tomorrow. Senators said that one would show that an agent reported to the publisher that A. Mitchell Palmer, attorney general in the Wilson administration, and acting for McLean, would try to have "Underwood" use his influence with Senator Walsh in McLean's behalf.

Senator Walsh declared that Senator Underwood of Alabama who is a candidate for the Democratic presidential nomination, never had interceded with him in McLean's behalf.

Another telegram sent to McLean will disclose, Senators said, that those reporting to the publisher had given up hope of keeping him off the witness stand, explaining that Senator Walsh was determined to call him.

Which McAdoo? A telegram to be read tomorrow and signed by the publisher says, according to committee members, that Francis McAdoo, a New York lawyer, or his father, Wm. G. McAdoo, another candidate for the Democratic presidential nomination, had been his attorney for seven years.

Before the committee went into session, Senator Smoot, Republican Utah, former chairman of the committee, disclosed publicly that he was advised in advance by J. W. Zevely, personal counsel for Harry F. Sinclair, that E. L. Doherty was coming to Washington to clear up the matter of the \$100,000 loan.

At the same time Senator Smoot told of a visit he and Chairman Lenroot made to Fall's apartment at a hotel during the Christmas holidays for the purpose, they said, of urging him to tell the committee where he got the funds to improve and enlarge his New Mexico ranch holdings. Both declared there was nothing secret about their visit and that they told some other members of the committee about it.

It was a few days after this visit that Fall, who was described by some senators as ill at the time sent to the committee that it was McLean who had loaned him \$100,000. This was on December 27.

Everything "Joke." Two days afterward, Major sent a telegram to McLean quoting Fall as saying "the entire matter would be dropped after Sinclair was again questioned in a perfunctory manner"; that the Washington publisher would not be called and that the filing of a letter by McLean with the committee "would make your end perfectly clear."

In one of Major's telegrams to McLean, the statement was made that Starcek was anxious to get in touch with the publisher here on an important matter which Major said he did not believe had connected with "the main issue in this wire (the oil matter) but believed that it has something to do with a New York transaction."

Mr. Starcek in a statement tonight declared that matter had "nothing whatever to do with oil or any public business or any matter within the purview of any committee of congress."

Starcek Will Talk. "You know," his statement added, "I have had close personal and professional relations with Mr. McLean, as I used to have with his father, the late John W. McLean, in the conduct of their newspapers, the Cincinnati Enquirer, and Washington Post. The committee is welcome to any information I have upon any subjects which may interest it."

A. Mitchell Palmer also issued a statement tonight in which he denied he had sought to influence either Senator Walsh or any other member of the committee "in any way, shape or form," and stated that the only connection he had with the oil investigation was to transmit to the senate committee at the request of McLean the contents of a telegram from McLean explaining his transactions with Fall.

TELLS LINCOLN ANECDOTE AS HE LANDS IN EAST

Sir Esme Howard Great Admirer Of Uncle Sam.

(By The Associated Press.) New York, Feb. 27.—Sir Esme Howard arrived on the Olympic today, enroute to Washington to assume the British ambassadorship vacated two months ago by the retirement of Sir Auckland Geddes.

He travelled alone, expecting to be joined when he became established at Washington, by Lady Howard, who is now in Italy. Later, he said, three of his five sons probably would come here to enter school, one of them being particularly desirous—with his father's enthusiastic approval—of a year's business training in the United States. Two other sons of the ambassador are at Cambridge.

Sir Esme, Democratic.

Newspapermen agreed Sir Esme was the most democratic diplomat the British Isles ever had sent to America. He chatted freely—within the limit prescribed by the diplomats' manual—and was liberal with cigars. But he had little to say about mutual problems confronting the United States and Great Britain, because as he said, "my predecessors have wiped the slate so clean that nothing of importance remains for me to do."

This is Sir Esme's first visit to America since he left in 1909, after two years as counsellor to the British embassy at Washington under the late Lord Bryce. He expressed a great admiration for this country and his historical figures, especially Lincoln, whom he felt he almost knew through his association with Lord Lyons, British ambassador to Washington during the Civil War. He told this anecdote which had been related to him by Lord Lyons:

"Once during the Civil War, President Lincoln and Lord Lyons were together at a hotel away from Washington. In the morning Lord Lyons was shocked to see Mr. Lincoln, before leaving the hotel, dusting off his shoes with a handkerchief. "What! The president of the United States blackening his own boots?" exclaimed the ambassador.

"Mr. Lincoln looked at Lord Lyons, and then drawled: 'Whose boots should I polish but my own, Mr. Ambassador?'" Sir Esme eulogized the new British premier, Sir Ramsay MacDonald as a "fine, upright, lovable man." As for the stability of the Labor government, he said: "Without a majority, no party is certain of remaining in power. Mr. MacDonald himself doesn't know, although I assume he'd like to."

Jackson Couple Held For Cruelty To Children

(By The Associated Press.) Jackson, Mich., Feb. 27.—William and Edith Coleman, 1413 Pringle Avenue, were arrested this afternoon, charged with cruelty to a child, Raymond Blair, 15, one of four boys they took recently from the Coldwater school, is said to have been beaten Monday by Mrs. Coleman and on Tuesday by Mr. Coleman. County Agent J. Ray Fisher and an investigator from the state, coming from Lansing, took the four boys away from the Colemans Tuesday, after a short but thorough probe of the affair.

Raymond was found to have an ugly scar on his back, three by six inches, besides other bruises, and his left side was found to be so sore and tender he could not bear to have it touched. These injuries he said were inflicted by Mrs. Coleman Monday, when he said she tied his hands together with a piece of rope and beat him with a broom stick. Prints of finger nails were found on the boy's swollen neck Tuesday by the principal of the school attendants, and one of Raymond's cheeks was swollen and black in places. These injuries, the lad said, were inflicted by Mr. Coleman.

Complaint was made today by humane officer John Pulling and the arrest of the couple followed. They will be arraigned Thursday.

Sell It the Classified Way.

Wilkins at Hopkinsville, Kentucky. Hopkinsville is Mr. Starling's home. Wilkins is as yet unidentified to the committee, senators said, adding that his name appeared in other messages which will be read into the record tomorrow.

E. W. Smithers, in charge of communications at the White House, also may be invited to appear before the oil committee. Senator Walsh and other Democrats said it might be desired to ask him about his dual position as operator on a private wire for McLean and chief operator at the White House. They explained that there was no suggestion before them that the two positions might be inconsistent.

Republicans Still Trying For Compromise On Revenue Bill

(By The Associated Press.) Washington, Feb. 27.—Approach of final action on the revenue bill in the house brought forth a whirl of conferences feverish attempt to unite their forces for a stand against the Democratic income rates. A compromise advanced by the organization leaders was the subject of the conferences held after the house had adjourned following the Harding memorial services without consideration of the bill on the floor.

Representative Longworth, Republican leader, after presenting his compromise to insurgent leaders at a meeting with the steering committee said the situation was unchanged with the prospects of Republicans gaining sufficient strength to defeat the Garner rates a "loss up."

Further Study Needed. Representative Frear, Republican insurgent, of Wisconsin, said later that the insurgent group, which agreed at a meeting today to re-open negotiations for a compromise, would study the plan further.

Secretary Mellon met with Republican leaders of both the senate and house to discuss the future of the bill. He was advised not to expect the senate to reduce any income surtax rates voted into the bill by the house. Plans were made to facilitate consideration of the measure when it reaches the senate.

Those present at the meeting included Chairman Smoot, of the senate finance committee; Senators Curtis, of Kansas and Reed, of Pennsylvania, members of the committee; Speaker Gillett of the house, Representative Longworth, and members of the house Republican steering committee.

Calls for Reduction. The compromise presented by Mr. Longworth called for a flat 25 per cent reduction in the surtax rates in the existing law, with the same brackets retained. This would make the maximum rate 35 1/2 per cent on incomes in excess of \$200,000. Instead of the 25 per cent maximum on incomes in excess of \$100,000, as proposed in the Mellon plan. The Democratic maximum surtax is 44 per cent on incomes in excess of \$95,000.

The compromise further provides for a two per cent minimum normal rate, applying to incomes below \$4,000 and six per cent above that amount. The Mellon rates were three and six per cent. The Democratic rates in the bill are 2 per cent on incomes below \$5,000; four per cent on incomes between \$5,000 and \$8,000 and six per cent on incomes above that amount.

Mr. Longworth said he had been assured by the treasury the compromise would raise sufficient revenue for government needs.

Bonus Talk Again. Indications were given by some of the insurgents after their meeting that they might vote for a compromise if it approached their original proposition of a forty per cent maximum surtax rate, on the grounds it would raise more revenue than the Democratic rates and aid thereby in financing a soldiers' bonus.

Representative Garner, of Texas, ranking Democrat on the ways and means committee, made public an estimate received from the treasury department today showing that in 1925, the first year of operation, the Garner income tax reductions would cost \$583,000,000 in revenue and the Mellon plans \$350,000,000. This included the reductions on normal and surtaxes and earned incomes. It did not consider reductions in the miscellaneous taxes or expected gains in revenues as a result of tightening of other sections.

New Break Threatened. While negotiations were going on between the steering committee and insurgent leaders rumors threatening a new break in party ranks were heard. Assertions made yesterday on the floor by Representative Mills, New York, Treasurer, Massachusetts, Republican members of the ways and means committee, that they would vote against the measure as it now stood were followed today by declarations of other Mellon rate advocates that they would not even support a compromise on the income schedules.

The strength of this movement had not been developed, but Representative Longworth said he thought most of the party would vote for the compromise.

The fight to ditch the Garner rates will hinge on the vote on the previous question which will be made immediately the bill is reported for final action. If this is defeated, the measure again will be open for amendment.

Republican members of the ways and means committee also held a meeting today and it was understood a proposition of some of the members to fight the entire bill as now amended was discussed. No agreements were reached and another session will be held tomorrow.

Chairman Greene of the committee issued a statement explaining the increase in inheritance taxes and the imposition of a gift tax, while Representative Mills put out a statement attacking every amendment thus far made in the bill and declaring in its present form it "should not pass the house."

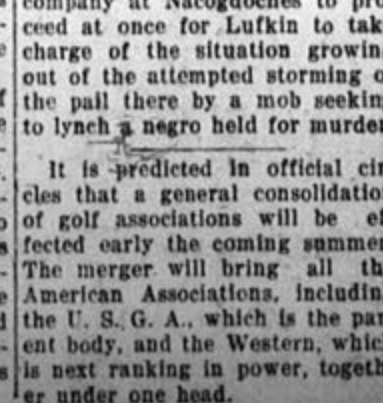

Shortly after the vote was taken Premier Theunis tendered his resignation and the resignations of his ministers. It is anticipated that King Albert will refuse to accept the resignations on the ground that the general policy of the cabinet was not involved in the vote on the Franco-Belgian pact. M. Theunis, however, has said that he would be unwilling to resume power in any circumstances.

It is thought that the dissolution of parliament and new elections are likely to precede the formation of a new cabinet, especially if the socialist-Flemish combination attempts to create one.

Walter Hagen, who won the British open golf championship in 1922, is to compete again this year.

Belgian Cabinet To Resign After Vote On A Pact (By The Associated Press.) Brussels, Feb. 27.—Through a coalition of the socialist and extreme Flemish Catholics, the government of Premier Theunis met with defeat in the chamber of deputies today on the question of ratification of the Franco-Belgian economic convention. The vote was 95 to 79 against ratification. This placed the government, which had staked its tenure of office on the result, in the minority by 16 votes. Defeat of the government had been forecast by political observers for several days past.

(By The Associated Press.) Washington, Feb. 27.—Voting on proposed legislation to amend the present immigration law is scheduled to be begun tomorrow by the senate immigration committee.

GREAT CHANGE OCCURS IN THE REVENUE BILL

(Continued from page 1.) enough revenue to run the government is considered sufficient by the administration to attack any bill and though the opposition may present figures tending to disprove that claim, the administration feels it will be supported by a preponderant opinion because of the controversy and doubt that will have been developed. Only a measure on which there is no doubt and which is certain to produce the needed revenue will have the sanction of the administration. There are, of course, not enough votes in either house to pass the pending bill over the veto of the president so he will insist upon changes before affixing his signature to the measures put up to him.

British Lord Asks Recognition For Mexico

(By The Associated Press.) London, Feb. 27.—Addressing the house of lords today, Lord Asquith advocated the recognition of Mexico as a means of promoting trade and suggested that the course of events during the past three years had greatly diminished the difficulties in that direction. He said that British recognition would greatly help in the development of Mexico and he thought that the disturbances in that country had been largely exaggerated.

Belgian Cabinet To Resign After Vote On A Pact

(By The Associated Press.) Brussels, Feb. 27.—Through a coalition of the socialist and extreme Flemish Catholics, the government of Premier Theunis met with defeat in the chamber of deputies today on the question of ratification of the Franco-Belgian economic convention. The vote was 95 to 79 against ratification. This placed the government, which had staked its tenure of office on the result, in the minority by 16 votes. Defeat of the government had been forecast by political observers for several days past.

OLD PRAYER MEET IS PASSING OUT

"Food, Faith and Fun" Supplant Old Time "Testimony".

(By The Associated Press.) Pittsburgh, Pa., Feb. 27.—The old fashioned prayer meeting when the same old men and old women monopolized the time by repeating the same old testimony in the same old words, has given way to "food, faith and fun" night, the Reverend Wm. L. Stieger, of Detroit, said tonight in addressing delegates to the annual council of cities of the Methodist Episcopal Church. The old fashioned meeting is a thing of the past, said the Reverend Mr. Stieger, who detailed the program followed at his church, St. Mark's in the Michigan city. Church night at St. Mark's attracts the old folks as well as the children, said the speaker. First there is a "big sing," lasting for ten minutes. Then comes the "church gossip period" during which those present tell good news about the church. Scripture reading and a sermon follow. The period from eight until 10 p. m. is given over to fun, ranging from athletics in the gymnasium to motion pictures in the assembly hall. Frequently the church night gatherings are marked by banquets.

### COFFEE PRICES ARE GOING UP

#### Escanaba Grocers Explain Perplexing Market Situation.

Hudson Maxim, noted scientist and chemist, says that coffee is intoxicating, but that isn't the reason coffee may be expected to take a jump in price in the near future.

According to advices received by local grocers from importers recently, the supply of green coffee from Brazil is going to be greatly curtailed.

One of the bulletins says: "As you know Brazil is the greatest coffee producing country in the world and although the drinking quality of Brazil coffee cannot compare with that produced in other countries, the large volume of their production gives them practical control of the world's coffee market."

The last Brazil crop harvested during the fall months was the largest ever produced and the roasters generally were expecting much lower prices than prevailed last summer. However, after shipments of the new crop began to arrive it was discovered that due to a heavy and long rainy spell during the harvesting season, practically the whole Brazil crop had become rain damaged, giving it a rank flavor.

This condition was not generally admitted during the early fall and winter months, but when jobbers and roasters finally became aware of the true situation they entered into strong competition for the comparatively few drinking lots of coffee to be had. The other producers took advantage of the condition and the result has been swiftly advancing prices on all grades of coffee. During the last two weeks this has developed almost into a stampede and as usual at such times, speculators have done their part to aggravate the already excited market.

It is indicated that the price will advance at least 25 percent. How long it would be before the result of the jumps hit Escanaba could not be forecasted yesterday.

### JEWETT PRICE MAY TAKE JUMP

Detroit, Mich., Feb. 27.—Upward price tendencies of six cylinder automobiles in the \$1,000 field indicates a shortage in cars of this price class because of a heavy early spring demand, states Harry M. Jewett, president of the Paige-Detroit Motor Car Company.

Asked as to possibilities of an increase in the price of the Jewett, the Paige company president said: "We note that three of our competitors in the thousand dollar field have been forced to increase their prices. Certainly this indicates the present tendency. It is our fixed policy to give the public the biggest possible dollar worth, to operate on a reasonable margin of profit and to avoid price increases. We cannot promise, however, that the present low prices for Paiges and Jewetts can long be continued."

"We have seen many indications of a shortage of six cylinder cars in the popular priced field during the coming spring. Attempting to give the biggest dollar worth of motor car value of any manufacturer in our price class the Paige company built what is thought to be the largest and most modern factory of its kind for the exclusive production of the Jewett Six.

"Every possible effort has been made to make certain that we can supply quality cars at reasonable prices. The wise buyer should recognize that there is likely to be a spring shortage of desirable makes of motor cars and that the price tendency is sharply upwards."

### HEREDITY.

"How many in the class can tell me how many are four and five?—hands up!" A forest of hands perforated the air.

"Ab, you—little girl in the front seat."

"Fower and flyuv," answered the young daughter of an ex-telephone operator, "are niyun."

### Bishop Nussbaum Completes Tour of Delta County

Rt. Rev. Bishop Paul J. Nussbaum C. P. of the Diocese of Marquette left for Negaunee yesterday on a tour of the various parishes in Delta County.

Tuesday afternoon he visited the various grades at St. Joseph's Parochial School and gave an interesting talk to the students of St. Joseph's High School.

He told of the wonderful opportunities which the young people of today have for gaining an education and how they should profit by every advantage given them, sometimes at the cost of a great sacrifice on the part of the parents who try to keep them in school. He also spoke very emphatically on character building and how the students should work hard that they may reap the fruits of their work and be a credit to their school.

### POLICE TRY TO FIND MATTHEWS

#### Wife of Former Local Man Is Material Witness in Murder.

Mrs. Joseph Matthews, known to the Chicago police as "Jean Mason" has disappeared, following her testimony, given to a Chicago detective investigating the mysterious death of Maybelle Exley and her husband, John Duffy.

Mrs. Matthews, local police established yesterday, is a sister of Dora Gagnon Van Cliff, suspected of complicity in the Duffy killings.

No Trace Here. Members of the Escanaba department, working yesterday on the Escanaba angle, were unable to find any trace of Matthews, who worked for a time in the local Chicago & Northwestern shops. Matthews and his wife left Escanaba on Feb. 14 and have not been heard from since. It is understood, inquiries as to Matthews' whereabouts also have been received from police officials at LaCrosse.

Duffy, it was revealed in the Chicago investigation, was infatuated with Jean Mason Matthews and according to Mrs. Van Cliff, Mrs. Matthews returned that affection. Jean married Matthews in November but the woman is said to have deserted him and returned to the bright lights almost at once, returning to Chicago where she previously had been a prominent figure among the bright lights. The marriage was nearly a year after the birth of her baby in March, 1923.

Police are worried. The Chicago police, was one of the most important witnesses in their case against Mrs. Van Cliff and her disappearance seemed to have created considerable concern there. Fear for her safety also has been expressed.

#### ST. FRANCIS HOSPITAL.

James Mogan is improving after an operation to which he submitted Saturday.

A daughter was born to Mr. and Mrs. Joseph Harrington Monday.

Mrs. V. Finstrom, of Flat Rock, was admitted yesterday in a critical condition.

Mrs. Henry Daoust returned to her home yesterday having sufficiently recovered.

A daughter was born to Mr. and Mrs. I. R. Nelson, of Bark River.

A son was born to Mr. and Mrs. William DeRester.

Miss Lorna Hoakin, of Gladstone, is doing nicely.

Mrs. Theodore Derouin is doing nicely after an operation.

Eugene O'Leary submitted to an operation for appendicitis yesterday and was as well as could be expected at a late hour last night.

#### Mother Leaves For Iron Mountain Yesterday

Agnes Goodnow, 16-year-old Weels girl who attempted suicide by drinking iodine in a rooming house at Iron Mountain Tuesday was said yesterday to be out of danger. John Barker, an Iron Mountain man whom the girl charges with responsibility for her delicate condition, is in custody in the Dickinson county city. It was learned.

Mrs. George A. Goodnow, the girl's mother, left yesterday for Iron Mountain. She said her daughter had spent a few days here about a month ago and that her parents had forbidden her, at that time, to return to Iron Mountain. Agnes was working in a hotel or restaurant there, the mother said.

The family knew nothing of the affair until they were told, Tuesday night, by a Press reporter. According to Mrs. Goodnow, Agnes is "willful and headstrong" and will not "mind anybody."

### THREE MEN WITH FRACTURED LEGS NOW IMPROVING

Among the injury cases at St. Francis Hospital this week are several men with fractured limbs. Emil Newman, of Metropolitan, is suffering from a fracture below the knee when he was struck by a falling tree. Edwin Sundstrich of Felch, has a broken leg, sustained when a log rolled on it while at work. E. Sylvester, of Masonville, suffered a fractured leg when he was hit by a log which rolled off a car which he was loading while employed by Milton Bonz. All are doing nicely and the injured legs are knitting satisfactorily.

### TOM MEIGHAN IN ADE DRAMA AT THE DELFT

More than six months were spent in research, in revising the plot and in selecting the cast for Thomas Meighan's new Paramount picture, "Woman-Proof," before a scene was filmed. The story was written by George Ade, noted humorist and short-story writer, and it was revised again and again until in its present form it is claimed to be perfect in plot, drama and heart interest.

This Paramount picture which comes to the Delft Theatre today was directed by Alfred E. Green. While the picture is filled with comedy situations, it has a vein of seriousness which mirrors modern American life. It is one of the first Paramount pictures to be produced under the new policy of fifty-two pictures a year instead of the usual production of from seventy-five to eighty photoplays.

#### AT THE STRAND

A great literary classic, from the pen of Honore de Balzac, will be seen at the Strand theatre again today. It is "Slave of Desire" from Balzac's "The Magic Skin," a compelling dramatic novel incanting the theme that one pays for what one obtains. The picture was produced by Gilbert E. Gable and is presented by Goldwyn attractions shown here recently. "Slave of Desire" has a fine cast. George Walsh, one of the most popular leading men in the movies, plays the part of Raphael Valentin, young Parisian poet and dreamer about whom the story centers.

The appealing Bessie Love has one of the best emotional roles of her career as Pauline, his sweetheart, while Carmel Myers, as the alluring Countess Fedora, has all the men of Paris literally at her feet. Some other players in the film are Wally Van, Eulalie Jensen, Edward Connelly, William Ormond, Nicholas de Ruiz and William von Hardenburg.

Mrs. F. T. Noonan returned Tuesday from Davenport, Iowa, where she attended the graduation exercises of the Davenport School of Chiropractors at which her son Frank Noonan Jr. is a student. 491 students graduated at this time among them being Mr. Noonan and Roy Olson of this city. A large crowd attended the exercises which were held in the Capitol Theatre. The professional was unusually impressive when such a large class entered the building and took their places on the stage.

The scene where the wicked Emperor, standing upon the balcony of his place, gazes over the destruction of the doomed city after he has given orders for its burning, puts the finishing touch upon the horror of the situation.

Taken individually there is an appealing beauty about these fire scenes which holds the spectator spellbound. In magnitude of production and perfection of detail "Nero" has never been equaled on the screen. Its reception by the press and the public wherever shown has been flattering in the extreme.

FORUM ATTENDANCE.

The forum is the heart of the chamber of commerce. It is there that public questions are discussed and sentiment developed for the carrying out of movements

At the forum meeting of the Escanaba Chamber of Commerce on Tuesday night a highly important question one having a most important bearing on the future of Escanaba, was discussed

And in the list of the 100 who attended here was but one, lone member of the city administration, the very heart and direction force of Escanaba's life, numbered among those present.

The chamber of commerce is Escanaba's sole hope for the future and until officials of the city and a large part of its people awaken to their responsibility to this organization, Escanaba cannot hope to progress in the measure it deserves.

HERE'S TO YOUR HEALTH.

Are you a "Krunter?" Get well!

Dr. Herman N. Bundeson, health commissioner of Chicago, says there are on an average 3,000,000 persons in the United States who are ill all the time.

That doesn't seem possible until one considers the fact that there are 6830 registered hospitals in the country with 756,000 beds.

It is estimated that approximately three-fourths of this illness is due to incorrect living, lack of exercise, fresh air and improper diet.

Isn't it about time that we sat up and took notice? Just glance back over your own troubles and figure out how many of them were due to your own lack of foresight, or judgment, or a deliberate violation of nature's laws.

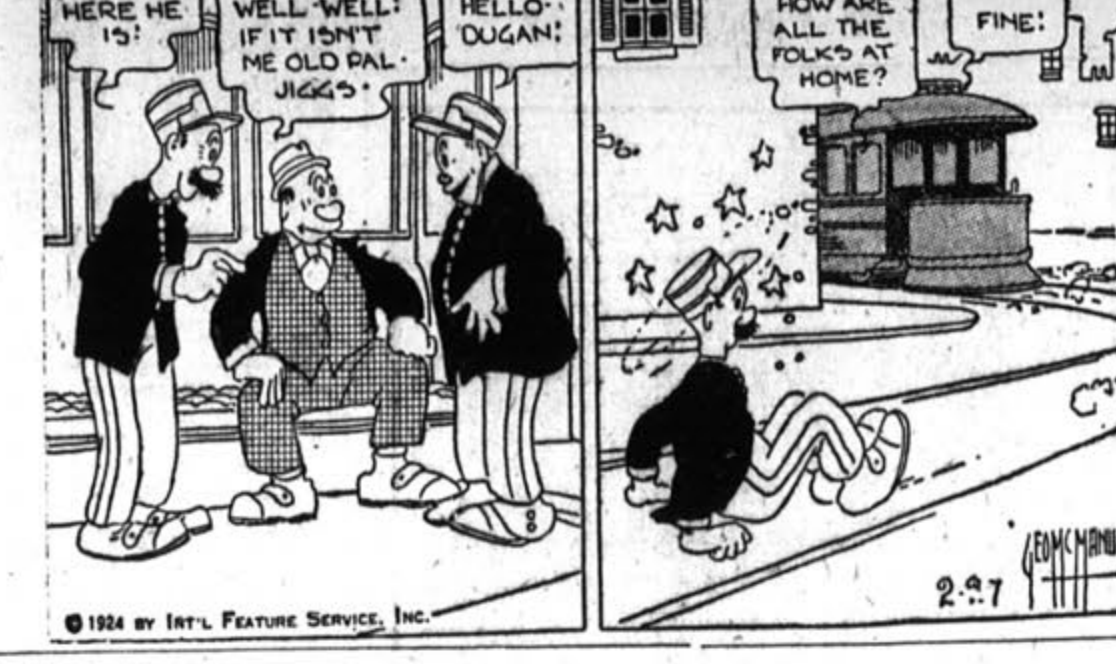

Are we not, as a plain matter of fact, pampering and petting ourselves too much? How many miles did YOU walk in the fresh air today?

It is all a matter of choice—you can give your health a square deal now, or you can make up your mind to fight for it later.

RHEUMATISM LEAVES YOU FOREVER

Deep Seated Uric Acid Deposits Are Dissolved and the Rheumatic Poison Starts to Leave the System Within Twenty-four Hours. Every Druggist in this country is authorized to say to every rheumatic sufferer that if a full pint bottle of Allenbur's, the sure conjurer of rheumatism, does not show the way to stop the agony, reduce swollen joints and do away with even the slightest twinge of rheumatic pain, he will gladly return your money without comment. Allenbur has been tried and tested for years, and really marvelous results have been accomplished in the most severe cases where the suffering and agony was intense and pitious and where the patient was helpless. Mr. James H. Allen, the discoverer of Allenbur, who for many years suffered from the torments of acute rheumatism, does not allude to know that he does not want a cent of anyone's money unless Allenbur decisively conquers this worst of all diseases, and he has instructed druggists to guarantee it as above in every instance. Peoples Drug Store can supply you. Adv.

Special Program At Luther League Meet Friday Eve

A program of unusual merit will be presented at the regular meeting of the Luther League of the Swedish Lutheran church Friday evening at the church parlors. Included in this program are vocal and instrumental numbers and recitations. One of the features will be a number of selections by a newly organized orchestra composed of the following members: Edwin Olson, first violin; Marvin Johnson, second violin; Ida Stenstrom, piano; Alvin Alsten, mandola; and Roy Hedin, cornet. A cordial invitation is extended to all members to be present.

A THOUGHT

Favor is deceitful, and beauty is vain.—Prov. 31:30. If thou marry beauty, thou bindest thyself all thy life for that which, perchance, will neither last nor please thee one year.—Sir Walter Raleigh. Sell it the Classified Way.

Radio has been added to the curriculum of the high school at Greysbull, Wyo. The school board will install a broadcasting station as a part of the laboratory work. Station WOC, Davenport, Ia., is broadcasting code lessons every Monday, Wednesday and Friday at 5:30 p.m. The interest in these code lessons has been remarkable, station authorities reporting that already over 2,000 requests have been received for copies of the code. The lessons are broadcast by the use of the voice and buzzer, thus en-

eral speeches over the ether waves; Senator Reed of Missouri broadcast his Monday night's talk from St. Louis; William McAdoo and Senator Hiram Johnson have announced that they will soon begin to broadcast their political speeches. In fact the prospects are that the entire country will be able to hear each candidate express his views over the radio.

Escanaba apparently is not the only city that is being troubled with so-called "Local interference" that has destroyed the pleasure of radio receiving for a large number of fans, especially those having sets on Ludington Street or on the nearby avenues. According to experts who have worked on similar interference in other towns, the direct cause is some defect in the electric or power system of the town. But what that cause is that is the question.

WOMAN AILING
FOR A YEAR

Took Lydia E. Pinkham's
Vegetable Compound—
Happy Results
Newcastle, Pa.—"I was all run-
down and everybody thought I was
going into a decline. I had been
ailing for a year with pains in my
right side so that I could hardly stand
on my feet. I walked I felt as if
something was falling. I was not
able to do any work and had a
nurse most of the time. She spoke
to me about Lydia E. Pinkham's
Vegetable Compound, so I gave it a fair
trial. Some women think one bottle
should cure them, but I did not stop
at that. I took more and got better
and am able ever since to do my own
housework. There was a time when
I would complain of not feeling well,
that my husband would say, 'Go to the
doctor.' But now he will tell me to
take a bottle of Lydia E. Pinkham's
Vegetable Compound, and it has always
helped me. I have had
many druggists tell me that they had
nothing better, but they don't tell
me that now, for I take no other.
I have been taking the Vegetable Com-
pound now for five years. Any wo-
man who cares to call or write, I will
gladly tell her how it helped
me."—Mrs. MABEL LYNN SHERKMAN,

HAVE COLOR IN CHEEKS

Be Better Looking—Take
Olive Tablets

If your skin is yellow—complexion
pallid—tongue coated—appetite poor—
you have a bad taste in your mouth—
a lazy, no-good feeling—you should
take Olive Tablets.
Dr. Edwards' Olive Tablets—a sub-
stitute for calomel—were prepared by
Dr. Edwards after 17 years of study.
Dr. Edwards' Olive Tablets are a purely
vegetable compound mixed with olive oil.
You will know them by their olive color.
To have clear, pink skin, bright eyes,
no pimples, a feeling of buoyancy like
childhood days you must get at the cause.
Dr. Edwards' Olive Tablets act on
the liver and bowels like calomel—yet
have no dangerous after effects.
They start the bile and overcome con-
stipation. Take one or two nightly and
you are pleasing results. Millions of
boxes are sold annually at 10c and 30c.

Fast; Keen Rivalry
Between Teams.

The rivalry between the two
teams of Legion men is high and
the membership total is increas-
ing at a fine rate with the two
groups out working for the honor
of winning the contest and the
dinner which will be served by
the losers as a reward.

THREE WEEKS

Gladstone has become an ideal
city.
It has had no serious quarrels,
no cases of non-support, no shop-

# Rockne Tells What Football Is

## EXPLAINS FINE POINTS WHICH PUZZLE NOVICE

### Takes Issue With Claims Of Eastern Professor

(By The Associated Press.)  
Lansing, Mich., Feb. 27.—That a certain eastern college president made a grave mistake when he declared that football as played in high schools and colleges of the present day was of no value to anyone except the coach and that it should be abolished, was the message given the members of St. John's high school football squad at their annual banquet Wednesday night by Coach Knute Rockne of Notre Dame.

Says Game Essential.  
"Football is essential in our schools and upon it depends the whole physical educational work," declared Rockne. "Football pays the bills for other branches of athletics which enables every boy and girl in our universities to benefit and become physically fit. But the work of our great college game does not end there. It develops a high degree of sportsmanship among the players, the student body and even the spectators who see the games. It trains the minds of the players, teaches them to concentrate and makes them better fit to face the world."

That college and university teams are run from the sidelines was declared as absurd by the Notre Dame mentor who gave several illustrations to prove his point that the players must be thinkers and that brains is the first qualification of any football player of today.

### Explains Fine Points.

All these points were brought out by Rockne to prove that the statements of this certain eastern professor were a grave mistake. His speech brought out the finer points which football develops in the players and how it benefits everyone as long as the game is kept at its present high standard and free from all elements of professionalism.  
"Abolition of football would take from the country's universities much of the fine color and spirit that now exists and would rob the institutions of all their physical work," Rockne declared. "Football is essential to our colleges. Even the professor who advocated abolition of the game has declared that a man may go astray, but as long as he is physically fit he can always come back. Is this not a contradictory statement by that professor? For football pays the bills for all physical education and therefore is essential, if for no other reason."

## CHICAGO LEADS WEST IN CAGE GAME TODAY

(By The Associated Press.)  
Columbus, O., Feb. 27.—Ohio State went into a tie with Purdue for second place in the western conference basketball standing by defeating the Boilermakers 39 to 26 here tonight. Defeat of Purdue gave first place to Chicago.  
The biggest crowd that ever saw a Big Ten basketball game, 10,613 persons, according to official figures, filled all available space in the Coliseum.  
Ohio State took the lead in the first few minutes of play and held it until near the end of the first half when Purdue staged a rally. At the end of the half the score stood 17 all.  
The second half opened with desperate attempts to score by both sides and the two teams went up and down the court until the 25 mark was reached when a succession of field goals by Captain Miner gave Ohio State a safe lead.

## BATTLING SIKI HAS PNEUMONIA

(By The Associated Press.)  
Havana, Feb. 27.—"Batling" Siki, the Senegalese pugilist, today was taken to a hospital suffering from bronchial pneumonia. Orders have been given by his physicians that the fighter must have absolute rest.

## MOORE WINS INDOOR TITLE

(By The Associated Press.)  
New York, N. Y., Feb. 27.—Joe Moore, New York, won the 1924 international indoor skating championship tonight. He clinched the title when he led the field in the 440 yard race. Harry Kay, Chicago, and Joe Garnett, St. John, were second and third. Charles Gorman, St. John, fell in the final heat.

## Marquette Hockey Team Is Confident

(By The Associated Press.)  
Marquette, Mich., Feb. 27.—With a record of eight games won and two lost, the Marquette Indians, strongest senior hockey team in the upper peninsula, is being pointed for a two game series with the Duluth U. S. H. A. sextet Saturday and Sunday and a series with the Eveleth team the following Tuesday and Wednesday. The Eveleth series will wind up the season here.

## Noted Shift Coach Who Shifts To Texas Job

JOHN HEISMAN.

Next fall will find John Heisman, veteran football coach, directing the pigskin destinies of Rice University, Houston, Tex. Heisman made football history in the south as head coach of the sensational Yellow Jackets of Georgia Tech. Heisman's noted shift plays brought the southerners many victories. Later he went to Pennsylvania, and more recently to West Virginia.

## GLADSTONE AND ESCANABA IN A SPLIT IN ICE CARNIVAL PRIZES

### Sporting Event Proves Highly Successful

Escanaba and Gladstone divided honors pretty evenly at the Gladstone speed skating carnival held on the Gladstone rink Tuesday evening. Each city copied one first place, one second and tied for first in the ladies' races.  
In the boys' races Leo Dube took first place, winning the half mile race and tying with Morgan of Gladstone for first in the quarter mile. Morgan was awarded second place and Vern Cass, also of Gladstone, third. The half mile race was the fastest of the evening, the boys covering the four laps in one minute and 49 seconds, making better time than did the men over the same course.

Filmore of Gladstone took first place in the men's races with Fredrickson of Escanaba second. Gillispie of Escanaba and Segerstein of Gladstone tied for third place.  
Norma Johnson of Gladstone and Lucille Dube of Escanaba tied for first place in the ladies' races, Miss Johnson winning the quarter mile and Miss Dube the half mile. The other entries in this race did not finish.

The summaries of the races are as follows:  
**Boys' Races.**  
Quarter Mile—Time 50 seconds. Morgan and Dube, tied for first. Peterson, third.  
Vern Cass, fourth.  
Half Mile—Time 1:40.  
Leo Dube, first.  
Morgan, second.  
Cass, third.  
Leo Dube was awarded the first prize, a watch donated by J. A. Stewart; Morgan for second place won the pair of skates given by Mit Call; Vern Cass and Peterson were each given a dollar box of candy as third prize.

**Ladies' Races.**  
Quarter Mile—Time 60 seconds.  
Norma Johnson, first.  
Lucille Dube, second.  
Others did not finish.  
Half Mile—Time 2:06.  
Lucille Dube, first.  
Norma Johnson, second.  
Others did not finish.  
Miss Dube was awarded the first prize given by Sam Rosenblum and Miss Johnson the \$3.00 box of candy donated by Rouman's. The third prize was divided between Miss Johnson and Mrs. John Judson who entered but did not finish. Each received a dollar box of candy awarded by Luther LaComb.

**Men's Races.**  
Half Mile—Time 1:43.  
Filmore, first.  
Fredrickson, second.  
Gillispie, third.  
Mile Race—Time 3:45.  
Filmore, first.  
Fredrickson, second.  
Segerstein, third.

First prize, a Marble safety axe, donated by Green's Hardware, was won by Filmore; a Marble Arms Hunting Knife, given by the Marble Arms Mfg. Co., was awarded to Fredrickson as second prize; pocket knives, donated by Henry Blackwell, were given to Segerstein and Gillispie, as third prize.

**Old Master Skates.**  
Peter C. Dube of Escanaba skated a one and one-half mile relay against Gillispie, Ted Cass and Potvin. He gained a half lap on Gillispie, was held by Cass and gained another half lap on Potvin. The time was 5:25.  
The time of most of the races was slow because of the rough condition of the track and also due to the fact that the track is about 75 yards over a mile in the eight laps.

T. S. Cass, who was entered in the men's races, fell in both races. In both he seemed certain to place, especially in the mile where

### Peter C. Dube Challenges Any One In State

Last week the Detroit Free Press carried a picture of Peter Dube, of Escanaba, speed skating champion of the Upper Peninsula and a story stating that Dube was a claimant of the championship of the state of Michigan and would skate against any Michigan speedster at any time and over any distance.  
Dube has not yet received any challenges for such an event, but it is possible that such a match will be arranged before the skating season closes.

he seemed a sure winner before he fell.  
A large number of Escanaba and Gladstone skating fans were in attendance and reported the races well worth witnessing.

## SAULT HIGH TO CLOSE SEASON

Sault Ste. Marie high school will furnish the week-end basketball attractions in both Gladstone and Escanaba. The Lock City aggregation will play the upbay team in Coach Gordon's town on Friday night and will move down to Esky for a Saturday night scrap. It is likely that a large delegation of local fans will see the Gladstone-Soo tilt.

Soo always is a first-rate gate attraction here and Saturday night's appearance is not expected to prove an exception. There is considerable rivalry between the two schools, and both have basketball teams capable of giving the crowd big value for the four-bit pieces left at the box office.

The game will mark the last appearance of the Escanaba team on the local floor this season. The following week will bring the preliminary tournament at Menominee.

## Marquette Normal Defeated 47 to 23

(By The Associated Press.)  
Ypsilanti, Mich., Feb. 27.—Michigan State Normal tonight defeated Northern State Normal of Marquette, 47 to 23 here.  
The teams played an even game until the last three or four minutes of the first half, when the local quietest shot six baskets from various parts of the floor and the half closed with the visitors trailing 22 to 10.  
The first few minutes of the second half was a repetition of the end of the first, the Ypsilanti players piling up such lead that it was impossible for the Marquette five to overtake them. During the latter part of the second half the visitors battered through their opponents' defense and added several points to their total.

## HIGH HURDLE RECORD GOES

(By The Associated Press.)  
Kansas City, Mo., Feb. 27.—The world's record for the fifty yard high hurdles was broken by Koebel of the University of Missouri here tonight in the annual Missouri-Kansas dual indoor meet. Koebel topped over the hurdles in six seconds flat, one-fifth of a second better than the record held by Bob Simpson, present Missouri coach.

## SIX NAMES ON MICHIGAN LIST

### Presidential Primary Ballot Believed Complete.

(By The Associated Press.)  
Lansing, Mich., Feb. 27.—Six names have been certified by the secretary of state for places on the Michigan presidential preference primary ballot to be voted upon April 7. With the lists closing March 1, there has been no indication that additional names will be entered.  
Four candidates whose names are to appear in the Republican column are President Calvin Coolidge, United States Senators Robert M. LaFollette and Hiram W. Johnson, and William G. Simpson, of Detroit. Petitions for Senator Johnson were filed today. The Californian received the state's endorsement in the primary of 1920.  
Henry Ford and Woodbridge N. Ferris, United States senator from Michigan, have been certified for the Democratic ticket.

Ford, however, announced some time ago that he would not run against President Coolidge. Despite this announcement there has been no effort to have his name withdrawn and unless such notification is received before the expiration of the time for filing petitions his name will go on the ballot.  
No petitions for William G. McAdoo or other avowed candidates for the Democratic nomination have yet appeared at the secretary of state's office.

Under the Michigan law delegates to the national conventions are not bound to support the primary choices. The custom has been to cast their votes on the first ballot for the primary winner and consider their obligations fulfilled, unless there appears and chance to nominate the preference winner.

## CALUMET MEN LEAD LIST IN CHICAGO MEET

(By The Associated Press.)  
Chicago, Feb. 27.—Leading five-man teams in the twenty fourth annual tournament of American Bowling Congress withstood the attack of 140 local pin smashers today, the first five on the list maintaining their places. The Chicago Blues smashed their way into the standing by topping the pins for a total of 2,694 for seventh position.

The Calumet Council, K of C five is in first place with a mark of 2,765 made Tuesday night. The Eddie Tanel quintet is second with a total of 2,756 while the Goldammer Recado five is next with 2,740.

Five-man teams will continue to monopolize the drivers until Friday when the doubles and individual events open.

## Track Men Begin Tapering Training

(By The Associated Press.)  
Ann Arbor, Mich., Feb. 27.—Michigan's seventeen track athletes who will participate in the Illinois relays Saturday began tapering off today under the watchful eye of Coach Steve Farrell. The veteran track mentor was optimistic over the showing of his track men in the trials and asserted they would place high among the more than a thousand athletes who are to compete in the Illinois meet.

## Hope To Break Big Ten Record For Attendance

(By The Associated Press.)  
Ann Arbor, Mich., Feb. 27.—The western conference record for attendance at a single basketball game, now held by Ohio State, is expected to take a serious tumble following the counting of noses at the Michigan-Chicago basketball game here next Saturday night. University officials have announced that all the reserve seats have been sold and that the small number of general admission seats which have been on sale are being bought up by the students for their friends.  
The Big Ten record was established at Columbus last Saturday in the Ohio State-Wisconsin game which attracted a crowd of 3,493 persons. The new York field house in which the Michigan Chicago game will be played seats 12,500.

Horse-racing was introduced into the Olympic games in 648 B. C.

## CHICAGO LIVESTOCK

Chicago, Feb. 27.—Cattle receipts 11,000; closing beef steers and fat she stock generally strong to the higher; near prime heavy steers, 12.00 to shippers; few lots big weight bullocks 11.00 at 11.15; stockers and feeders sharing full advance; bulls about steady; hogs 4.75 at 5.00; real calves closing 5.00 to 5.10; hulk to packers 10.50 at 11.75; shippers buying sparingly at 12.50 and above.

## MARKET NEWS

### PRICES SHOW BETTER TONE

#### Market Dull With Bears Covering Extensively.

(By The Associated Press.)

#### STOCK SALES SUMMARY.

Total stock sales 670,400 shares.  
Twenty industrials averaged 97.23, net gain 19.  
High 1924 101.24; low 94.88.  
Twenty railroads averaged 83.47, net loss .09.  
High 1924 85.90, low 82.74.

New York, Feb. 27.—Stock prices displayed a better tone in today's dull market, bear traders insinuating an extensive covering movement in the late afternoon after an early campaign short selling had failed to make much headway. The relatively light volume of trading was attributed in some quarters to the fact that several traders, wintering in Florida, temporarily had switched their speculative operations from the stock to the cotton market.

Extreme weakness of Virginia Carolina Chemical issues, was one of the features of the day's trading. The common stock established a new low record at 2 3/4 and then rallied to 4 1/4, where it was off nearly two points on the day. The preferred sank to 12 1/2, also a new low and then advanced to 13 1/2, off 1 1/2 on the year's high.

Steel Closes Higher.  
United States Steel closed at 102 1/2. Bethlehem, Crucible, Republic and Gulf States Steel closed fractionally higher. United States Cast Iron Pipe common broke nearly 4 1/2 points to 64 as a result of a New Jersey court decision holding that no dividends could be paid on the

common stock until after back dividends of approximately \$700,000 on the preferred had been cleaned up. The stock rallied to 66 at the close. The preferred closed two points higher at 87 1/2 after having sold as high as 89.

Copper shares, which turned weak yesterday, following the omission of the Anaconda dividend and continued reactionary in today's early dealings, steadied later on publication of London cables, announcing higher copper metal prices in Great Britain. Directors of the Kennecott and Inspiration Copper Companies meet tomorrow for dividend action.

Barium and American Cans closed at 122 1/2 and 112 1/2, respectively, each up about a point, after having sold about 2 points below their final quotations.

#### Oils Lag.

Oil shares failed to make any appreciable response to reports of further improvement in the statistical position of the industry.

Trading in the railroad shares was rather sluggish, chief interest centering in the demand for Norfolk and Western, which closed nearly a point higher at 110 1/4 on expectation of another extra dividend this spring.

Call money advanced to 4 1/2 per cent and then opened at 4 1/2, where it closed. The time money and commercial paper markets were quiet with no change in rates.

Extreme weakness of French and Belgian francs, apparently based on selling influenced by the resignation of the Belgian cabinet on a vote over the economic pact with France, was the feature of the foreign exchange market.

### CHICAGO BUTTER.

Chicago, Feb. 27.—The butter market here was weak and unactive at 1/2 at lower prices today with trade stagnant.  
Fresh butter: 92 score 48 1/2.  
Centralized carlots: 90 score 48 1/2.

### CHICAGO POTATOES.

Chicago, Feb. 27.—Potatoes, trading slow, market weak receipts 75 cars, total United States shipments 1,831. Wisconsin sacked round whites 1.15 at 1.30, bulk 1.30 at 1.40; few fancy 1.45; Minnesota and North Dakota sacked Red river Ohio 1.25 at 1.35; Idaho sacked russets 2.25 at 2.35.

## CHICAGO GRAIN.

Chicago, Feb. 27. Corn advanced today to new high price records for the season, although the previous top level was reached only 1 1/2 hours before. Per capita consumption of corn has increased to a great extent on the decreasing movement from the local market and the increasing price of substitutes. Grain quotations were firm, although the market was not active. The highest closing level for the crop was witnessed in the corn market. Wheat little corn was looked today to arrive here was promptly taken by shippers who paid a premium for some of it.

Activity characterized the corn market during the entire day, general demand being broader as well as commission house buying, whereas offerings except to realize profits were of a scattered character. Rural dissatisfaction with current prices continued to receive much attention as a bullish factor.

The highest closing level for the crop was witnessed in the corn market. Wheat little corn was looked today to arrive here was promptly taken by shippers who paid a premium for some of it.

Lower quotations on hogs tended to ease the provision market.

EDUCATORS SAY "EXAMS" GOING

Millennium Prayed For By Students Is Coming.

(By The Associated Press.) Chicago, Feb. 27.—The students' millennium—the day when there will be no exams—is coming on apace, in the view of educators.

Speakers before the annual convention of the department of superintendence, National Education today ruled out the periodic examination, "and all its moral hazards," as unsound, unscientific and "generally meaningless."

"The retentive capacity of the student never is accurately indicated by the written examination," said Professor F. N. Freeman, of the University of Chicago. "One student may stay up all night to fill his head with a jumble of disconnected facts, without ever understanding their meaning."

One scheme for scientific measurement of intelligence, to replace the examination system, was suggested.

Horse-racing was introduced into France from England during the reign of Louis XIV. Nowadays, and for many years past, the most important of the French races are those held in spring and autumn at Chantilly and the Bois de Boulogne.

OBITUARY

FRANCIS FAILLE. Francis Faille of Nadeau died at his home Wednesday morning after an illness of ten years duration. He was 51 years of age and had lived at Nadeau many years. Funeral services will be held at the Catholic Church at Nadeau Friday morning at nine o'clock. The Rev. Fr. Sperline will be the celebrant at the requiem high mass. Burial will be in Nadeau cemetery.

Mrs. U. I. Cook Mrs. U. I. Cook 602 First Ave. south passed away at the local hospital at seven o'clock yesterday morning after an illness of several weeks due to an affection of the heart. Mrs. Cook was removed to a local hospital a few weeks ago in a critical condition. All that science and loved ones could do to save the life of the devoted wife and mother who was only 39 years of age, was tried but was of no avail.

She leaves to mourn her besides her husband the following children, Wayne, Welkkl, Marjiam, Ruth, Ernest and Haino. The body was taken to the home Wednesday afternoon and funeral services will be held Friday afternoon at 2 o'clock from the residence and 2:30 o'clock from the Swedish Lutheran church. Rev. C. A. Lund, pastor of the Swedish Lutheran Bethany church officiating.

JOHN McCOURT. The body of John McCourt arrived in this city yesterday afternoon via C. & N. W. Ry., and was taken directly to the Lakeview cemetery where burial took place. The pallbearers were chosen from the ranks of the Masonic order.

Mr. McCourt was a former Escanaba resident and was known to a large number of persons here. He is survived by his wife one son, J. E. McCourt, of Boston, Mass.; two daughters, Mrs. D. D. Willard, Milwaukee, and Mrs. Emil Fischer, of Green Bay.

Many local friends attended the funeral.

CHARLES KRASSEL. Charles Kraschel, also known as Charles Russel by fellow workers, passed away at his home, 211 No. 14th street Wednesday morning at 6 o'clock after a brief illness. He had gone to work as repairer on the ore decks Monday morning and returned at noon complaining of a headache. He went to bed and slept well Monday night. Tuesday morning he complained of violent pains in his head. Physicians were called and he was already beyond help as he was suffering from a cerebral hemorrhage.

Mr. Kraschel was known to a large number of persons in this city, having lived here many years. He was a devout member of the Swedish Lutheran Church.

He is survived by his wife and the following children: Miss

ROAD PROGRAM BEING SHAPED

Groesbeck and Rogers Hold Conference In Capital.

(By The Associated Press.) Lansing, Mich., Feb. 27.—In an effort to whip the 1924 highway building program into shape, Governor Groesbeck and Highway Commissioner Frank Rogers spent practically the entire day in conference. It was reported that the roads to be included in this year's schedule are to be finally decided upon shortly.

The officials are confronted with the puzzle of how much pavement is to be built, how extensively prison labor is to be used and how far the state can go in view of the highway finance situation. There will be about \$12,000,000 available from the balance of the \$50,000,000 program. County contributions and federal aid will raise the total to around \$18,000,000.

About 400 Miles. This amount must cover the construction of approximately 400 miles in various stages of construction, carried over from 1923. When it is determined how much it will cost to clean up the odds and ends from last year, the administrative board will be in a position to map out its tentative program.

\$30,000 a Mile. According to Mr. Rogers, it is desired to build at least 300 or 400 miles of pavement this year. The estimated cost of this mileage is close to \$30,000 a mile. It is probable, Mr. Rogers said, that the program, as finally adopted, will provide for something like 400 miles in addition to the 400 carried over from 1923, but he hastened to add that the adoption of the program does not necessarily mean its completion.

On some of the major projects such as the Detroit-Grand Rapids route, the Detroit-Chicago highway and the West Michigan pike, the board has definitely made up its mind to do considerable work. It is hoped to complete paving M-16 its entire length between Grand Rapids and Detroit and to fill all the gaps on the Detroit-Chicago road. On the west Michigan pike it is likely that considerable mileage will be surfaced with concrete.

Muskegon Man Dies From Fall During Iron Mountain Job

(By The Associated Press.) Iron Mountain, Mich., Feb. 27.—E. J. Farnum, 47 years old, who came to this city from Muskegon, Mich., three months ago, is dead from injuries suffered last Friday, when he fell 32 feet from a scaffold at the new Ford power house. Farnum was employed as a metal lath worker by the Rust Engineering Company. His widow and one son survive.

BANKER TRYING TO DITCH WIFE

Asserts She's Former Inmate Of An Orphanage.

(By The Associated Press.) New York, Feb. 27.—Counsel for Beverly D. Harris, banker, who is suing for annulment of his marriage to Eleanor Elaine Lee Harris, introduced a number of witnesses and depositions at the trial today in support of his charge that Mrs. Harris and Samuella Susie Lee, born in 1886 or '87 sent to an orphanage for incorrigibility in 1895 and whose later career is under question, are one and the same person.

The supreme courtroom was crowded and many curious persons stood in corridors outside craning their necks for a glimpse of the gray-haired plaintiff and his attractive wife, sitting on opposite sides of a small table.

Mrs. Harris became angered at some of the testimony. She beat nervously upon the table with her hands and on one occasion rose to her feet to contradict a witness.

The principal witnesses of the day were Daniel P. McCoy, of Memphis, who identified himself as the owner of a farm in Stewart county, Tennessee. He said he spent most of his time in Memphis and had engaged the police for protection. He declared Mrs. Harris and Susie Lee were one and the same person. He did not hesitate in identifying the defendant. It was his testimony that angered Mrs. Harris.

Another witness was Mrs. Mary C. King, of Battle Creek, Mich., formerly of Clarksville, Tenn., who testified she was present when Miss Lee's mother died in 1895, and that she took Susie to live with her but sent her to an orphanage because she was incorrigible.

Question Legitimacy. On cross examination she admitted that Mrs. Lee's sixth child, Carrie Lee, was illegitimate, saying the girl's mother had told her Joseph Johnson, a Clarksville sawmill owner, was the father. She insisted, however, that Mrs. Harris was Susie Lee.

Richard A. Miller, proprietor of a rooming house at 215 Madison Avenue, Memphis, and former manager of the Clarendon Hotel there, called "Uncle" by the now Mrs. Harris, lived with the late Mrs. Harris. Miller testified that Raynor and "Ella" Lee, as he knew her, lived together in an apartment on the second floor of the Clarendon Annex, in 1907 and 1908, and that Raynor operated a gambling house on the third floor.

Shipping Board Now Has Craft To Meet Demand

(By The Associated Press.) Washington, Feb. 27.—The shipping board took action today designed to obtain for American shipping the preferential treatment in handling American exports which was provided in the merchant act of 1920.

By resolution it certified to the Interstate commerce commission that sufficient American ships are now available to handle all export commodities except grain, and that in consequence, American railroads should be required to make through export rates in conjunction with American vessel lines, and to refuse to make such rates with foreign vessel lines.

The effect of the order is to bring into operation section 28 of the marine act, which gives the Interstate commerce commission power to enforce the making of such through rates on the railroads, and likewise power to prevent the granting of the same rates to foreign vessel lines. The section has never previously been put into effect because the shipping board, until now, has deemed it unwise to certify that American vessels existed in sufficient numbers and condition to justify the step.

American Legion Dance. Elaborate preparations are now being made for a dance to be given in the Arcade hall Tuesday evening, March 4, under the auspices of the American Legion. This will be the last dance by this organization before the opening of the Lenten season and it is expected that it will be very largely attended.

Masquerade Tonight. The last masquerade skating party before Lent will be staged at the Coliseum rink this evening. There will, of course, be no dancing during Lent and it is anticipated that a large crowd will avail themselves of this opportunity to have a lot of fun before the advent of the religious season.

Five prizes will be awarded for men and five for women. All skaters will remain masked until 9:15 when the prizes are awarded and skating will then continue until 10:30.

There will be the usual matinee this afternoon.

DAUGHERTY TO RETIRE WHEN OIL QUIZ ENDS

(Continued from Page One) ant cases and other pressing matters which require my personal attention will be taken along with me in order to facilitate action thereon."

Department officials would throw no light on Mr. Daugherty's visit to Chicago on his way south. Several matters in which the department is interested are pending there, including the case against those involved in the veterans' bureau inquiry.

Delay in prosecuting the veterans' bureau case is one of the charges mentioned in the resolution of investigation now pending in the senate.

There still is some difference of opinion among senators as to the personnel of the investigating committee, but it appears probable that a Republican belonging to the LaPollette insurgent wing of the party, who often has attacked Mr. Daugherty's official acts, will be selected chairman.

Senator Willis of Ohio, one of the very few Republican members who has publicly defended Mr. Daugherty from the attempt to force his resignation conferred late today with President Coolidge. He said afterward he would not oppose adoption of the resolution, and it was indicated that action on it might be possible before the adjournment tomorrow.

A Possible Statement. There were some indications that Mr. Daugherty might have prepared and left with department officials still another statement of greater length for possible use in case any flat demand for his resignation should come from the White House.

Today's decision was the culmination of a series of discussions which approached a turning point at a two-hour conference the president held with Mr. Daugherty early last night. At that conference the situation was discussed in all its phases, and the president later called in to consultation his closest political advisers in Washington—Secretary Siemp, Frank W. Stearns, and William Butler, manager of the Coolidge presidential campaign.

Before the executive left the White House proper for his office this morning, Mr. Daugherty again was called into conference by Mr. Coolidge who frankly informed him of the conclusions reached. The attorney general persisted in his refusal to retire for the present, and the president did not insist that he do so.

CONGRESS PAYS DEAD A TRIBUTE

Joint Memorial Service For Late President Harding.

(By The Associated Press.) Washington, Feb. 27.—Congress laid aside legislative business today to pay tribute to the memory of Warren G. Harding. The house and senate joined in a memorial service, held in the house chamber, with Secretary Hughes as the only speaker and President Coolidge, his cabinet, supreme court justices and foreign diplomats in attendance.

The memorial service, beginning shortly after noon, lasted a little more than an hour. After a prayer by the Reverend J. Spera Montgomery, the house chaplain, Mr. Hughes read an address in which he sketched Mr. Harding's career and referred to his accomplishments in public life.

Seated in a semi-circle in front of the rostrum was the president and his cabinet, and the supreme court justices. One section of the floor, to the extreme left, was set aside for foreign diplomats who filled into the chamber led by their dean, Ambassador Jusserand of France. Senators occupied the front rows with members of the house seated behind them.

As the galleries filled and distinguished officials took their seats the marine band in the speakers' lobby played hymns that were favorites of the late president.

CARD OF THANKS. We wish to extend our most sincere thanks to all our friends who assisted in making our 25th wedding anniversary such a pleasant social function. We also wish to express our gratitude for the many beautiful gifts presented us.

Steele-Wallace Co. Renames L. G. Sawdy As Vice President Leo G. Sawdy has returned from New York City where he attended the annual meeting of the Steele-Wallace corporation which was held Monday, Feb. 18. Mr. Sawdy was again re-elected Vice President of the corporation and will be in direct charge, as heretofore, of the local operations of the company. The officers elected were: M. H. Wallace, Chairman of the Board; H. H. Steele, President; O. A. Lucas, Vice President; L. G. Sawdy, Vice President; H. D. Whitelaw, Secretary and Treasurer; O. P. McNamara, Assistant Secretary and Treasurer. The famous English race meetings at Newmarket date from the reign of Charles II. "Gets-It" Removes Corns Quickly Give Your Corns the Laugh One touch of "Gets-It" puts corn or callus skin to sleep forever. Two or three drops applied to corn or callus soon shrivels them into a loose piece of dead tissue that can easily be peeled off with fingers. There is no danger, no blister, no raw work—just quick, sure and lasting relief. "Gets-It" does not fall. Your satisfaction is absolutely guaranteed. Costs only a trifle. E. Lawrence & Co., Chicago.

Shipping Board Now Has Craft To Meet Demand (By The Associated Press.) Washington, Feb. 27.—The shipping board took action today designed to obtain for American shipping the preferential treatment in handling American exports which was provided in the merchant act of 1920. By resolution it certified to the Interstate commerce commission that sufficient American ships are now available to handle all export commodities except grain, and that in consequence, American railroads should be required to make through export rates in conjunction with American vessel lines, and to refuse to make such rates with foreign vessel lines. The effect of the order is to bring into operation section 28 of the marine act, which gives the Interstate commerce commission power to enforce the making of such through rates on the railroads, and likewise power to prevent the granting of the same rates to foreign vessel lines. The section has never previously been put into effect because the shipping board, until now, has deemed it unwise to certify that American vessels existed in sufficient numbers and condition to justify the step.
