

MELLON RATE IS VOTED INTO TAX BILL

M'ADOO IS GAINING IN THE SOUTH OIL REVELATIONS SEEM TO LEAVE HIM UNTOUCHED

BY DAVID LAWRENCE. Copyright 1924, by the Escanaba Press. Washington, Mar. 24.—David Ladd Rockwell, campaign manager for William Gibbs McAdoo, said today that it was absurd to attribute the McAdoo landslide in Georgia to the influence of the Ku Klux Klan.

Mr. McAdoo's victory was so overwhelming, he declared, "that no single element brought it about. As for the Ku Klux Klan, its position for Mr. McAdoo, was not in doubt. A heckler in the crowd at Macon, Ga., asked Mr. McAdoo what his attitude was toward the K. K. K. There were cries of "put him out" but Mr. McAdoo insisted that nobody should be put out of any of his meetings simply for asking a question. He then proceeded to make answer: "I stand foursquare with respect to this and every other order on the immutable guarantee of liberty contained in the first amendment of the constitution of the United States, that is for the freedom of religious worship, freedom of speech, freedom of the press and the right of peaceful assembly." He pointed out that the spirit of America was against religious intolerance, etc.

Landslide a Surprise. "While we were confident of a victory in Georgia we had no idea that it would be a landslide. We recall that Woodrow Wilson stumped the state in 1912 but that Underwood carried it. The victory over Underwood today is significant of the way the south feels about McAdoo."

The campaign manager was in high spirits, declaring that the organization for McAdoo was growing strong, that it would without doubt be able to control the convention. "The dispatches from Missouri after the recent primary," he added, "did not give a clear picture of what happened there. We shall have a majority of the delegates at the democratic state convention which is to be held shortly."

The state convention will be an interesting battle, for while Senator Reed failed to carry the primary, his friends will be active in his behalf in the hope of prevailing in Missouri on endorsing McAdoo. The fight on the other hand, for McAdoo is largely anti-Reed and there are many former Wilson men in Missouri who are not especially interested in seeing McAdoo nominated but who will be in forces with the McAdoo men to bring about the repudiation of Senator Reed who, besides his break with the Wilson administration, is now charged with having dragged McAdoo into the oil controversy without justification. Mr. Rockwell is having a series of conferences here with leading democrats. He is an active person who knows pre-convention politics backwards and forwards. Four years ago he was the man who lined up so many states for James M. Cox of Ohio that he assisted materially in the final victory.

Not Crazy About St. Lawrence Way

(By The Associated Press.) Ottawa, March 24.—The plan to develop the St. Lawrence waterway project at a point arrangement with the United States would set a bad precedent, J. Archambault, liberal member, declared in the house today. If any canal were built, it should be the Georgia Bay canal, he said. Archambault asserted the project was too expensive and would be of no benefit to Quebec; even an inquiry into the possible cost would be too expensive, he added. The member referred to a report made by W. L. Cooper, an American engineer, who, he said, estimated the cost at \$1,450,000,000 and said that during the winter months the canal would be but 70 per cent efficient.

Former Sault Boy Dies In Detroit

(By The Associated Press.) Detroit, March 24.—Charles Douglas Hatcher, 23 years old, circulation manager of a Detroit newspaper, died today in a hospital after five weeks' illness of pneumonia. Hatcher was born in Sault Ste. Marie, Mich. His family moved to Lansing when he was a boy and he was educated in the public schools. His first newspaper work was with the Lansing State Journal in the circulation department. Later he came to Detroit.

Two American Arch-Bishops Are Made Cardinals In Rome

CEREMONY IS CARRIED OUT ON SCHEDULE

Great Crowds Gather Hoping For View of Solemn Act

(By The Associated Press.) Rome, Mar. 24.—The elevation of Arch Bishop Hayes, of New York, and Arch Bishop Mundelein, of Chicago, to cardinals of the Roman Catholic faith, took place this morning at the moment of the delivery of the sacred "biglietti" by special emissaries from Pope Pius, after a secret consistory, in which these two American prelates were formally raised to the purple of the cardinalate.

When the pontifical emissaries delivered the momentous tidings from the holy father, they addressed each recipient as "most illustrious and most reverend arch bishops," but on their leave taking after the "biglietti" had been read, announcing the pope's action, the form of address was: "Most eminent and venerated prince."

Henceforth the titles to be employed in addressing the American dignitaries will be: "Your eminence," instead of "your grace."

Four American Cardinals. The American members of the sacred college now number four, the two others being Cardinal O'Connell, of Boston and Cardinal Daugherty of Philadelphia.

The pontiff, in reading his allocution in which the American prelates were nominated, pronounced an impressive eulogy of the American people, especially the staunch Catholics who had given so liberally to charity since the war. The pope gave as his reason for elevating Arch Bishops Hayes and Mundelein to the sacred purple "their personal qualities, the importance of their respective sees and the zeal and merit of their personal ministry, which has already shed lustre on the hierarchy of the United States of America."

Despite the unostentatious character of today's ceremonies, large groups of sightseers gathered around the doors of the vatican and the propaganda and American colleges to obtain a glimpse of the scenes within. Promptly at 10 o'clock, a score of violet-garbed cardinals resident in Rome assembled in the historic consistorial hall and seated themselves in semi-circle before the pontifical throne to await the appearance of the holy father.

The consistorial hall, constructed under Pope Clement VIII, is one of the most richly decorated rooms of the vatican; its red silken draperies blended with the violet robes of the cardinals, setting off in striking contrast the pure white of the pontiff's vestments as he strode in with slow and measured steps a few minutes later.

Kiss Fisherman's Ring

His holiness advanced to the throne accompanied by a select staff of Swiss guards attired in yellow and blue uniform. The cardinals one by one approached the pontiff, gently knelt and kissed the fisherman's ring. A moment later the master of ceremonies pronounced in sonorous voice: "Extra omnes," whereupon all but the pope and

"Grand Old Man Of Methodism" Dies From Fall

(By The Associated Press.) Flint, Mich., March 24.—Reverend Seth Reed, 100 years old, Michigan's oldest Methodist Episcopal clergyman, died at 5 o'clock this afternoon from injuries resulting from a fall from bed a few days ago. The "grand old man of Michigan Methodism" as he was known, was conscious to the last, and only a short time before his death joked with callers. The death of the Reverend Mr. Reed, while sudden, was not entirely unexpected by his family since he suffered a slight relapse Sunday afternoon. He had expressed the hope he would recover and live to celebrate his silver anniversary with his wife in the fall. Reverend Reed celebrated his one hundredth birthday June 2, 1923. The affair was attended by ministers from nearly every city in the state.

SEN. WHEELER IS ILL AGAIN

DAUGHERTY QUIZ IS DELAYED TEMPORARILY

(By The Associated Press.) Washington, March 24.—One section of the congressional mill of investigations, the Daugherty committee, today stilled its wheels temporarily. The illness of Senator Wheeler, Democrat, Montana, in charge of the investigation and the absence of other senators, forced the committee to call off the hearing set for today to wind up the story of Roxie Stinson, divorced wife of Jess Smith.

Although Chairman Brookhart announced that the committee would be in recess until Wednesday, there is a possibility that it may proceed tomorrow. If Senator Wheeler should be able to return, he was confined to his bed today with a severe cold. Regardless of whether he is able to return by Wednesday, other senators will proceed with the examination of witnesses.

Woman Cross Examiner

The halt in the hearings may enable Mrs. Mabel Walker Willebrandt, assistant attorney general, to conclude other work on which she is now engaged and be present to conduct Miss Stinson's cross examination. Today's recess in the investigation enabled senators to look over the field of prospective witnesses and prepare more subpoenas. A summons was sent out to the commercial bank of Morris, Sharp and Company, Washington Court house, Ohio, the home of Jess Smith. It's head bookkeeper was ordered to submit records dealing with affairs of Smith in running down a report that his estate was larger than has been generally understood and also that funds of the estate have been withdrawn out of the Midland National Bank, which is headed by M. S. Daugherty, brother of the attorney general.

Significant Phase

How Jess Smith met his death may be a phase of the inquiry pressed further by the committee, according to Chairman Brookhart. Although Coroner Nevitt of the District of Columbia issued a suicide certificate, the testimony of Miss Stinson last Saturday and other information reaching the committee may result in efforts by the committee, the chairman said, to "establish the facts."

Smith died in the apartment here which he and Attorney General Daugherty had maintained. A revolver was found near his body, but Miss Stinson said she observed no powder marks about the wound. Chairman Brookhart is a fire arms expert, a renowned rifle shot, and doubts if powder marks could be absent in the case of such a suicide as Smith's has been reported.

Talk of Extradition

Determination of the committee to secure the testimony of Howard Mannington of Ohio, linked with Smith in the testimony a receiver of money in the Dempsey-Carpenter prize fight films and whiskey deals, resulted today in a request by Chairman Brookhart to Secretary Hughes asking the state department to help induce Mannington to return from Paris. Mr. Hughes replied that, although the department of state was without power to compel the return of an American citizen except by extradition proceedings in cases where a crime has been formally charged, he would be glad to use his "good offices."

DENIES TRANSFER MADE

Washington Courthouse, Ohio, March 24.—C. P. Ballard, cashier of the Commercial Bank of this city tonight sent a telegram to the senate committee investigating reports that assets of the late Jess Smith's estate have been transferred from the Midland National Bank to the Commercial Bank. The telegram also stated that Mr. Ballard is ready to respond at any time under oath to the facts set forth in the message and asks a specific date when he may appear before the committee in response to a subpoena asking for the head bookkeeper and records of the bank.

The United States Senator from Indiana was brought into his first prominence in connection with the oil investigation, Saturday, when Roxie Stinson told of his being a frequent visitor to the "little green house on K street," occupied by Howard Mannington.

DETROIT THUGS MAINTAIN PACE

Three Daylight Holdups Are Recorded Yesterday

(By The Associated Press.) Detroit, Mar. 24.—Five armed men held up employees of the American State Bank Branch at Russell street and Monroe avenue and escaped with \$2,800 today. A girl clerk in the office of a dance hall three hours earlier, braved bullets from the guns of two invaders to foil an attempt to loot the safe of \$9,000; and a grocery store was robbed of \$225. Three suspects have been arrested.

Leaving an automobile at the curb with its engine running, the thugs entered the bank when there were no customers in the place. Forcing the two employees to line up with their faces to the wall, the men scooped \$2,800 mostly in cash and small bills, from the cage and backed out. Miss Collette Harnahan, opened the door of the Arcadia dance hall office to admit two men who said they had a C. O. D. package early today but when she saw revolvers in their hands, she attempted to push it shut again. The men resisted, she told police, and one of them fired into the ceiling. She screamed and they ran. Officials said there was \$9,000 in the safe, receipts of the night before. When offered a loaf of bread in response to his request, a customer of a grocery store produced a gun and forced the manager to turn over \$225 from the cash drawer. The bandit escaped in an automobile.

Three Officers Stick To Liner When She Is Lost

(By The Associated Press.) New York, Mar. 24.—Captain Nelson and two officers of the Atlantic Fruit liner Glyndon, which sank sixty miles off Cape Hatteras Sunday morning were drowned and the remaining 24 members of the crew were saved by the steamer Canova about noon Saturday. The company learned today.

Eight Killed When Steamers Meet In Crash

(By The Associated Press.) Gravesend, England, March 24.—Eight persons were killed and three seriously injured on board the British steamer Matatus in a collision early this morning in the Thames Estuary with the American steamer American Merchant, a freighter on her maiden voyage, from New York to London. The American steamer was badly damaged and was towed into the Tibury dock. There were no casualties aboard her.

ELKINS VOTES AGAINST THE CONTEMPT ACT

COOLIDGE COUNSEL MAY TAKE UP THE PROCEEDING

(By The Associated Press.) Washington, March 24.—Harry F. Sinclair, lessee of Teapot Dome, was certified to the federal courts here today by the senate for contempt proceedings because of his refusal to answer any further questions put by the oil investigators. At the same time another witness, C. C. Chase, customs collector at El Paso and son-in-law of Albert B. Fall, also refused to testify before the committee, taking the position that his answers might tend to incriminate him.

Special government counsel in the oil cases returned to Washington from the west, conferred with President Coolidge, and announced that they would present the cases to a grand jury here about April 10.

Banker Is Called

A subpoena was issued for Lewis W. Baldwin, president of the Empire Trust Company, of New York, from whom the committee will seek to learn what collateral was used to secure a note in that bank which Will H. Hays, former chairman of the Republican national committee, has testified was paid off with a contribution of \$75,000 from Sinclair.

Harold Vivian, a New York Times reporter, told the investigators that Joseph J. O'Neill, attached to Hays' New York office, was authority for an article written by him that it was understood Hays would testify that Sinclair had made a large stock contribution to help wipe out the \$1,600,000 deficit of the Republican national committee after the 1920 campaign.

Lots of "Screeners"

From Charles E. Golschlager and Michael Cireselli both of Philadelphia, the committee received testimony that Martin J. Powers, a Philadelphia attorney, had said that he, James E. Darden and John McGlynn were interested in obtaining a lease of Teapot Dome, and that they were to put up \$40,000 each. Powers denied that he was in any way interested in the Wyoming.

Paroled Slayer Steals A Dress

(By The Associated Press.) Detroit, Mar. 24.—Thomas Robinson, 39 years old, sentenced to life imprisonment in 1911 for killing his common law wife and paroled in 1920 by Governor A. E. Sleeper, was found guilty in recorder's court today of the theft of a \$5 dress. Judge Thomas M. Cotton sentenced him to serve 90 days in the house of correction. The theft probably will be regarded as a violation of parole.

ESTIMATES ON COST OF SOLDIER BONUS SHOW GREAT DIFFERENCE

Mere Matter Of A Couple Billions Is Discrepancy

(By The Associated Press.) Washington, Mar. 24.—Members of congress, were confronted today with two sets of estimates differing by more than \$2,500,000,000 on the cost of the soldier bonus bill passed by the house.

Chairman Smoot of the senate committee made public statements pronounced by Joseph McCoy, government actuary, showing the bill would cost the government \$4,856,750,087.

Chairman Green of the house was and means committee who had said the bill would cost \$2,190,000,000 on the basis of estimates of veterans' bureau actaries, immediately characterized the treasury estimate as "absurd."

The two estimates differed principally in the figure on the average length of service and the average amount of ad-justed compensation which would be due Mr. Smoot said the estimates of Mr. McCoy were figured on the basis assumed by the house in figuring its estimates "except that the real average service period of those entitled to a bonus is 395 days."

The McCoy estimate figured the length of service at 395 days and the average amount of adjusted compensation due a veteran on the basis of \$1 a day for home service and \$1.25 a day for overseas service at \$596,324 cents. This calculation was based on the assumption that the service of those who were enlisted for more than 110 days was fifty per cent overseas.

The veterans' bureau estimate placed the average amount of adjusted compensation due at \$382.

Mr. Green declared this difference was the basic error in the "treasury estimate." He explained that the bill limited payments for those who served the maximum time to \$500 for home service and \$625 for overseas service.

\$350,000 Damage Done By Fire In Bloomington, Ind.

(By The Associated Press.) Bloomington, Ind., Mar. 24.—After raking for nearly five hours, a fire which consumed a city block here and threatened for a time the entire business district of the town, was brought under control shortly after ten o'clock. The blaze, of unknown origin, caused a loss estimated at \$350,000. The fire started in a grocery store.

Fire departments from Bedford and Martinsville were rushed to Bloomington to help fight the fire. They were assisted by the Indiana University student body.

TEN MILLIONS FOR GERMANY

House Adopts Fish Resolution To Buy Food For Sufferers

(By The Associated Press.) Washington, Mar. 24.—Disregarding party lines, the house tonight adopted a resolution to appropriate \$10,000,000 for the purchase of food supplies for distressed women and children in Germany.

Sent to the senate by a vote of 210 to 97 the measure stipulates that the foodstuffs are to be bought in the United States and transported to Germany in sailing board vessels. Three hours were devoted to debate after which a score of amendments were offered. Only one, by Representative Jones, Democrat, Texas, which provided that the supplies should be purchased whenever possible, through farmers' organizations, was adopted, 165 to 65.

Amendment Rejected

An amendment by Representative Fitzgerald, Republican Ohio, would have sought to prevent expenditures of any of the appropriations until a soldier bonus bill is enacted into law. It was thrown out on a point of order, while an amendment by Representative Underhill, Republican Massachusetts, to withhold the appropriation until the German government spends an equal amount for the same purpose was rejected 103 to 84.

Prior to taking up the rate schedule tonight the committee approved, with some modifications, the provision for a 25 per cent reduction on earned incomes. The maximum of \$20,000 allowed by the house on which such reduction could be made was cut down by the committee.

Rumania Takes Warlike Steps On Bessarabia

(By The Associated Press.) Moscow, March 24.—Rumania, according to reports from the Bessarabian frontier, is beginning to mass her troops and is mining the mouth of the Danube. Protest meetings against Rumanian occupation of Bessarabia are proceeding throughout South Russia, prior to the opening of the Vienna conference where, news from Bucharest intimates, the Rumanians may break off negotiations if Russia raises the Bessarabian question.

Hospital Fire Quickly Quelled

(By The Associated Press.) Montreal, Mar. 24.—Fire which started late tonight in the laundry of the Grey Nun foundling hospital caused slight damage before being checked by firemen. The foundling and old people's section of the institution was not in danger. Two alarms were sounded and the flames were under control within twenty minutes after they were discovered. The quarters of the nuns and novices were nearest the fire. About 200 children were in the institution.

SENATE BODY TAKES ACTION IN OWN HANDS

DEMOCRATS HAVE CHANCE TO REOPEN RATE FIGHT

(By The Associated Press.) Washington, March 24.—The Mellon income tax revenue bill tonight by senate finance committee place of the Longworth compromise adopted by house.

The schedule, the center controversy in the tax bill was adopted by a vote of 70 to 7.

Not all members were present but those absent were voted proxy, except Senators McCormick of Illinois, and LaFollette of Wisconsin. Republicans, who probed, Chairman Smoot said response to questions after a month, had not been asked.

Democrats Opposed

The committee is composed of ten Republicans and seven Democrats, Senators Gerry, of Rhode Island and Reed, of Missouri, both Democrats, were absent tonight but were voted by proxy against incorporating the Mellon rates in the bill, so that seven committee members of the party stood as a unit in opposition to the proposal.

The Republicans present were Senators Curtis of Kansas, Reed of Pennsylvania, Stanfield of Oregon and Smoot of Utah. Those absent but voted by proxy were Senators Watson of Indiana, Ernst of Kentucky, McLean of Connecticut and Elkins of West Virginia, giving a total of eight for the Mellon plan.

The position of both Senator McCormick, who is out of the city, and of Senator LaFollette, who is at home here ill, toward the Mellon rates, has been reported by Republican committee members recently as doubtful. Chairman Smoot, in saying that the proxies of these two senators had not been asked for, did not go into the reasons.

The Mellon Rates

The Mellon rates provide for a maximum surtax of 25 per cent, applicable to incomes of \$100,000 or more, against the maximum of 37 1/2 per cent on incomes in excess of \$200,000 provided by the Longworth compromise, and a fifty per cent maximum in the present law. The plans proposed by the treasury secretary call for normal rates of 3 per cent on incomes under \$4,000 and six per cent on incomes above that amount, against rates in the present law of four and eight per cent. The Longworth normal rates are 2 per cent on incomes under \$4,000, five per cent on incomes between \$4,000 and \$8,000, and six per cent above that amount.

Prior to taking up the rate schedule tonight the committee approved, with some modifications, the provision for a 25 per cent reduction on earned incomes. The maximum of \$20,000 allowed by the house on which such reduction could be made was cut down by the committee.

London Is Still "Afoot" While A Parley Is Held

(By The Associated Press.) London, March 24.—The third day of London's bus and tramway strike found the people still dozing to walking as a means of getting to and from their work. There was no extension of the strike to the other transport services.

The ministry of labor is displaying great energy in an endeavor sincerely to settle the dispute between the workers and the employers. Its committee of inquiry today presented an ad-interim report, which was considered tonight at a conference between Premier MacDonald and the ministers of labor and transport.

Threaten Edsel Ford To Get Over Million Dollars

NO ARRESTS READY MADE; A CONFESSION

Foreigner May Be Deported As Undesirable Alien.

(By The Associated Press.) Detroit, Mar. 24.—Existence of persons threatening that if Edsel Ford, president of the Ford Motor Company, did not pay over \$1,000,000, his three children would be blinded in an unnamed manner, was disclosed late today by Detroit police. At the time Waslov Simek, 24 years old and Mrs. Annie Hladik, 32 years old, were arrested in connection with the alleged plot according to Chief of Detectives Edward H. Fox, three letters were received at the Ford company March 5, 8 and 12, respectively. They were crudely printed in terms, and apparently written by some one barely able to understand English. A handwriting expert has identified the letters as being written Simek, Fox declared. Simek declared, according to police, he was forced to write the letters by Mrs. Hladik, whom he has boarded since coming here four months ago from Czechoslovakia. The woman denies all knowledge of the plot. All of the letters were vague, she declares, the amount asked, the place to be placed and something about blinding the children, but all that was intelligible. Police watched the place specified for the delivery of the money and arrested Simek. His deportation as an undesirable alien probably will be asked, police believe.

SENATE BODY TAKES ACTION IN OWN HANDS

(Continued from Page One) ... \$10,000. A Surprise Move. When the income tax rates were reached Senator Curtis moved substitution of the Mellon schedule for the Longworth compromise. Democrats did not offer counter proposal and the Republicans immediately voted the Mellon plan. Democrats on the committee apparently were taken completely by surprise. Senator Jones, Democrat, New Mexico, announced after the meeting that the Democrats were working up a late schedule of their own which they would offer later either in committee or on the floor of the senate. Chairman Smoot said if proposal to reopen the income tax committee discussion had been made he would receive it. Senator Jones remarked that Senator McCormick would probably be present when the Democratic plan was advanced. No definite indication was given by Democrats that they would attempt to bring the matter before committee again.

TEN MILLIONS FOR GERMANY

(Continued from Page 1.) ... \$20,000,000. "Cry of Politics." Representative Fish, Republican, New York, author of the resolution and a former service man, led the fight for adoption. The Representative Connolly, Democrat, Texas, directed the attack against the measure. Representative Burton, Republican, Ohio, declared the resolution to be constitutional, while an opposite view was taken by Representative Tucker, Democrat, Virginia. The Ohio member said it afforded an opportunity for "charity" and need-repelled Mr. Tucker insisted it would lead to consolidate the German people but would mean nothing as a relief measure because but 2 and 1-5 cents per day was available for each of Germany's 2,000,000 children.

NERVE TONIC CONTAINS A GREAT DEAL OF OIL NOWADAYS

RACHAEL ROSEN GLORIES IN ACT

(By The Associated Press.) Detroit, Mar. 24.—Mrs. Rachael Rosen, who shot and probably fatally wounded her 21-year-old musician husband, "because she loved him," is a "dangerous woman" and probably would do the same thing over again if there were a similar set of circumstances, psychiatrists at Receiving Hospital said today. Mrs. Rosen, who drank poison immediately after the shooting, was examined by mental diagnosticians while her husband's strength waned hourly and surgeons despaired of saving his life. The woman's life history will be traced by psychiatrists to determine whether or not she is sane. The findings as to her sanity will be laid before recorder's court, if and when, she is tried. No charge has been made against Mrs. Rosen as yet. The police department is waiting for the outcome of the husband's battle for life. According to attendants, the woman feels no remorse, and seems to glory in the publicity her act has caused. Rosen has been unconscious almost continuously since he was taken to the hospital.

ELKINS VOTES AGAINST THE CONTEMPT ACT

(Continued from Page One) ... ing naval reserve and asserted that other stories told about him were "innumerable lies." W. W. Tarbell, an oil operator of New York, told the committee that there had been a "good deal of soreness among representatives of oil companies" over the case of Trapot Dome and that a dozen companies would have bid on that reserve. Elkings Votes For Sinclair. Decision of the senate to certify Sinclair's case to the District of Columbia supreme court was on a vote of 72 to 1. Senator Elkings, Republican, West Virginia, casting the negative vote. Chairman Ladd presented a formal report from the committee declaring the oil magnate "in contempt of said committee and of the senate" and Senator Walsh of Montana, the oil "prosecutor" moved that the case be certified. The formal certificate in the case is now being prepared and will be signed by Acting President Moses, probably tomorrow. As required by law it will be presented to the district attorney of this district who will lay the case before a grand jury. Possible Penalties. In the event of an indictment and continuation, Sinclair would be liable to a fine of not more than \$1,000 nor less than \$100 and imprisonment "in a common jail" for not less than one month or more than twelve months. Possibility that the government's special oil counsel might be asked to take over the case developed after the senate acted. Senator Jones, Republican, Washington, suggested this course and White House officials took up the matter with Atlee Pomerene, of the oil counsel. No conclusion was reached. Mr. Pomerene informing White House officials that he could not say whether the special counsel could act in the case until after he had made a study of the facts.

Action To Curb Soaring Franc

(By The Associated Press.) New York, Mar. 24.—Drastic measures to curb the upward flight of French franc were taken today after the opening rates had mounted 27 points to a new high level for the year at 5.63 cents. Interests close to the French government were credited with flooding the market with selling orders which brought about an abrupt decline. With the currency under control, the rates held steady for the rest of the day around the previous closing level of 5.36 cents.

Senate Probers To Get Squint At Some Income Tax Returns

(By The Associated Press.) Washington, March 24.—Internal revenue bureau files on tax returns of the Standard Steel Car Company, the Gulf Oil Corporation and other concerns in which Secretary Mellon of the treasury department is interested, probably will be filed tomorrow with the special senate committee investigating the bureau. Bureau officials told the committee today that this probably would be done in answer to insinuations by committee witnesses that "Mellon companies" had received preferential treatment in tax matters. The committee will also receive from the bureau by request of Senator Couzens, Republican, Michigan, who has been conducting the investigation, a copy of the bureau record of a tax abatement he received and which involved large figures. Senator Couzens asserted that he would present this record to show the opportunity for graft that existed in the bureau. Chief interest in today's hearing on the part of the committee members went to the question of what the aggregate of tax rebates or abatements or other allowances might be. The officials present could not estimate this, which is in addition to the cash refunds made by the bureau and which ran last year at more than \$123,000,000. Senator Couzens took up the Mellon companies again today, reading a series of instructions furnished to him by a witness who was unable to appear today but who had supplied the documents as copies of those sent by bureau heads to field agents working on Standard Steel Car cases. These all indicated that an effort was being made to "expedite" the Mellon company cases but they were not followed up in the absence of the witness who furnished them and who will appear later. Senator Couzens said he did not know what had been the final disposition of the cases involved.

M'ADOO IS GAINING IN THE SOUTH

(Continued from Page One)

then Mr. Rockwell realizes that the charge of K. K. K. influence is being made against Mr. McAdoo but he calls it absurd. Points To Illinois. "Look at Illinois," he remarked, "where William O'Connell, a leading Catholic, is managing the McAdoo campaign. Also in Wisconsin, the candidate for delegate-at-large is Tom Fleming, a Catholic. Would these men take so prominent a part in the McAdoo campaign if they were not satisfied that the man they are working for is free from religious prejudices." The victory in Georgia is undoubtedly a turning point in the whole McAdoo campaign. It meant a great deal to his candidacy for it was the first southern primary after the recent revelations that he had accepted fees from corporations as an attorney after leaving public office. Had Georgia turned McAdoo down, it would have been the end of his candidacy. Conversely, those who have been on the fence now are taking renewed interest in the campaign. The next fight is in South Dakota where the Hearst influence is behind the protest ticket. In Iowa there is a bitter fight between Wilbur Marsh, who is one of the western allies of Charles F. Wilkins in connection with the slaying here of Dr. Zoe Wilkins, osteopath. The three were remanded to jail without bond and will be held for preliminary trial Saturday, March 29. James Anderson, assistant prosecutor, declared Tarpley's failure to make certain explanations at the coroner's hearings, and discrepancies in the negro's statements concerning his movements on the night the murder is believed to have been committed, prompted him to recommend the charges against those two men. Davies was employed by Dr. Wilkins as a janitor. B. F. Tarpley, railroad yardmaster, was a frequent visitor at the Wilkins home. Charles Wilkins is a brother of the murdered woman. That Dr. Wilkins met death in her home some time between March 15 and March 19, as a result of knife wounds made with murderous intent, was the finding of the coroner's jury late today after ten minutes' deliberation. Testimony indicating that Charles Wilkins had quarreled with his sister on several occasions, and in which he was charged with brutality toward her, led to the charge of murder against him, Anderson said. NO TROUBLE TO FOLLOW IRISH SOLDIER ATTACK (By The Associated Press.) London, Mar. 24.—The outrage at Queenstown, in which a party of British soldiers were fired on by men wearing free state army uniforms, is not likely to cause difficulties between the free state and British governments, was shown in the house of commons today. J. H. Thomas, secretary of the colonies, in answer to a question, said that the crime had been repudiated by every political party in Ireland and added "we accept that repudiation." Expressing the opinion that the crime was the work of irresponsible elements whose motive was to bring about the downfall of the free state government by embroiling it with England, Mr. Thomas continued: "We are convinced the free state government is doing its utmost to track the murderers and wipe out this blot on Irish honor. It should have all the help and sympathy we can give it."

Memphis Banker Blows Out Brains As Probe Nears

(By The Associated Press.) Memphis, Tenn., Mar. 24.—Robert S. Polk, former senior vice president of the Union and Planters' Bank Trust Company, and a prominent figure in local financial circles, killed himself at his home here early today. Alone in his bedroom he fired a bullet into his brain. Relatives and friends declined tonight to advance any motive for the act, which came on the eve of a grand jury investigation of an alleged shortage of \$61,000 in the bank's funds, which was announced last week. So far as could be learned through the police and members of the family, Polk left no explanation of his deed or a statement regarding the affairs at the bank of which he was formerly the second officer. More Probe Heads Are Designated (By The Associated Press.) Washington, Mar. 24.—Representative Lamport, Republican, Wisconsin, was today selected head of the house committee which will investigate the aircraft industry, while Representative McFadden, Republican, Pennsylvania, was made chairman of the committee which will conduct an inquiry into charges of duplication of government bonds at the bureau of engraving and printing. Resolutions authorizing both investigations were adopted today by the house and the personnel of the committee was announced tonight by Speaker Gillett. ANDERSON MUST SERVE TERM IN OLD SING SING (By The Associated Press.) New York, Mar. 24.—William H. Anderson, former state superintendent of the Anti-Saloon League of New York, convicted last January of forgery, today lost his long fight to keep out of jail. At noon tomorrow, his counsel said, he will surrender himself to the sheriff in the Tombs. Within a few hours he will be on his way to Sing Sing prison, where he will be held pending a court decision on appeal from conviction. Read it the Classified Way.

BIRTHDAY

ANDREW MELLON.

The Secretary of the Treasury Monday celebrated the 70th anniversary of his birth and received many felicitations on that occasion.

What Congress Did Yesterday

(By The Associated Press.) Curtis D. Wilbur, took up his duties as secretary of the navy. Navy advisers from Honduras predicted early collapse of the defacto government. The house shipping board investigating committee laid further plans for procedure. Illness of Senator Wheeler, Democrat, Montana, caused a postponement of the Daugherty hearings. The house ordered investigations of the aircraft industry and the bureau of engraving and printing. The house adopted the Fish resolution to appropriate \$10,000,000 for the relief of German women and children. The interstate commerce commission ordered a re-hearing on its order for installation of automatic train control devices. A senate committee began investigating charges by Senator Heflin, Democrat, Alabama, of land frauds in the lower Rio Grande Valley of Texas. The house immigration committee in a report on the Johnson bill declared immediate cancellation of the gentleman's agreement with Japan would be justified. The government's oil counsel announced that presentation of evidence in the criminal cases would be started before a District of Columbia grand jury about April 10. The senate finance committee entered upon a program of night sessions in considering the revenue bill and rejected amendments proposed by both the treasury and the house. Harry F. Sinclair was ordered committed to the District of Columbia courts by the senate for refusing to answer questions by the oil committee. C. C. Chase, son in law of Albert B. Fall, also refused to answer questions. Speaker Gillett's Boston speech in which he compared the senate to a "school for scandal," and the subsequent attack upon him by Senator Caraway, Democrat, Arkansas, stirred a debate in the house which culminated in the speaker taking the floor to defend himself. CEREMONY IS CARRIED OUT ON SCHEDULE (Continued from Page One) ... the cardinals filed out of the hall. The pope then read his allocution, nominating the two American prelates as members of the highest senate of the Catholic church. The approval of the cardinals was indicated at the end by the simultaneous lifting of their skull caps, whereupon his holiness tinkled a little golden bell, indicating that the emissaries might depart to deliver the "blessings" to the chosen dignitaries. In order that there might be no confusion in the ringing of bells, the entire electric bell system of the vatican had been disconnected by papal order. The papal emissaries drove to the college of the propaganda and delivered Arch Bishop Mundelein's "blessings" first, as he was the senior American arch bishop, although in years he is the youngest cardinal in the sacred college, his age is fifty one. Just as the clock struck eleven, the pontifical coach rolled up the piazza in dispassion, which confronts the hall where in Arch Bishop Mundelein with his friends waited in solemn silence. Monsignor Gervasi and the other two couriers bent the knee and handed to the arch bishop an envelope containing the papal announcement. Arch Bishop Mundelein accepted it, bowed and handed it over to Monsignor Marthelli Selvaggi, secretary of the congregation of the propaganda, who opened it. The necessary cordials then delivered a short address of gratitude; the emissaries withdrew and the ceremony was over. The emissaries then drove to the American college where an identical ceremony was enacted with Arch Bishop Hayes playing the principal role.

HONDURAN WAR REALLY SERIOUS

Doubt Felt As to Whether Capital Can Stand Rebel Attack.

(By The Associated Press.) Washington, Mar. 24.—The following dispatch from Tegucigalpa, prepared by the Associated Press correspondent there and certified by Commander Causey, in charge of the naval landing force, to be an "authentic report," was suppressed by the Honduran authorities and later transmitted to the navy department by radio from the cruiser Milwaukee at Amapala. Tegucigalpa, Honduras.—After the death of President Gutierrez on March 10, dictatorial powers were assumed by a council composed of cabinet ministers (cabinet officers), and they decided to carry on the war against the revolutionary leaders. All efforts on the part of the foreign diplomatic corps headed by American Minister Franklin Morales to save the city from attack by the revolutionists were futile, as the council could not be convinced of the advisability of a compromise with the revolutionists. Daily Fighting. General Ferrera, on March 13, laid siege upon the city but was successfully resisted by the defacto government forces defending. Fights occurred daily in the suburbs and troops of the defacto government on hills within the city fired at the revolutionists with artillery, shooting over those sections of Tegucigalpa which lay between the guns and the enemy camps. The defacto government provided on March 10 to maintain order and on March 18, Tegucigalpa was a state of anarchy, murder, looting, with the general disorders prevailing everywhere. In this situation Minister Morales requested the commanding officer of the cruiser Milwaukee at Amapala to send a detachment of sailors. They arrived in Tegucigalpa last Wednesday and the situation immediately quieted down. Fear For Government. The general opinion prevailing throughout well informed quarters is that the defacto government cannot resist much longer. The western area of Honduras and all of the north coast now is in the hands of the revolutionists. Intervention by the United States is not implied by the presence in Tegucigalpa of the American naval force, which is regarded as a temporary and necessary guarantee for foreign lives and property.

COOLIDGE CAT LOST IN SNOW

(By The Associated Press.) Washington, March 24.—President Coolidge has lost his pet cat and tonight a call for the animal was sent out by radio. Before outlining the evening program the radio announcer said he had been asked by the White House to spread word of the loss. The cat was lost in the recent heavy snow storm here, the announcer said. Anyone finding the pet was requested to leave it with Mr. Coolidge.

JUGO-SLAVIA TO FORM NEW MINISTRY

(By The Associated Press.) Belgrade, Jugoslavia, March 24.—Nikola Pachitch, whose cabinet resigned today, will endeavor to form a coalition ministry tomorrow. After a consultation with M. Jovanovich, president of the national assembly, King Alexander requested M. Pachitch to form a coalition ministry. He agreed to assume the task and tomorrow will consult the various party leaders in an endeavor to obtain acceptable ministers. Whether M. Pachitch succeeds or fails, new elections are probable.

HARRY GREB PUTS KAYO ON FAY KEISER

(By The Associated Press.) Baltimore, Md., March 24.—Harry Greb, of Pittsburgh, middleweight title holder, scored a technical knockout over Fay Keiser of Cumberland, Md., in the twelfth round of their scheduled 15 round bout here tonight. Keiser was outclassed and took a bad beating in every round. The bout was stopped by the referee after Keiser had been floored heavily with a left hook to the jaw for a count of two and helpless with Greb pummeling him unmercifully in a neutral corner. Adv. AUTO THEFTS.

Auto thefts increase steadily in 28 leading cities last year, about 40,000 cars were stolen. Over 32,000 were recovered. The "not found" cars were 18 percent of the total stolen, compared with 29 per cent in 1920 and 1921. Auto theft is becoming a more difficult game. Another factor is the increasing number of cars stolen temporarily, for criminal expeditions, and abandoned after the crime and getaway.

Veterans To Receive Insurance As Bonus

The soldier bonus bill passed recently by the house provides for the following payments: Exclusive of the first 60 days of service each enlisted man and woman and officer up to and including the rank of captain in the army and marine corps and lieutenants, senior grade, in the navy is entitled to a credit of \$1 for each day of home service and \$1.25 for each day of overseas service. If all service was at home \$500 is the maximum allowed and if part was overseas \$625 is the maximum. Those not entitled to more than \$50 would be paid in cash and to others an insurance policy would be issued. The amount of this policy is figured on the total of adjusted compensation due on length of service, plus one-fourth of that total. The value of the insurance policy may then be computed by multiplying total compensation by the proper factor shown in the accompanying table prepared by the veterans' bureau. The age of the veteran at the nearest birthday to date at which the certificate is issued should be used. The policies would be dated January 1, 1925, under terms of the bill.

Surprise is Arranged. Mrs. Neis Diabno was most delightfully surprised by a group of friends at her home at Wells yesterday afternoon. The afternoon was pleasantly spent at the home with various diversions following which a delicious luncheon was served.

Plan Ladies' Night. Members of the Escanaba Rotary club are making plans for a Ladies' Night program to be held on Tuesday evening, April 22. It was first planned to arrange the function for Monday evening, April 21, but yesterday afternoon it was found necessary to change the date to the following evening.

Pantry Sale Successful. The committee in charge of the pantry sale conducted by the American Legion Auxiliary on Saturday, March 22, announces that it was a pronounced success from every viewpoint. The fine collection of home-baked goods donated by members of the Auxiliary was displayed at an early hour and soon snapped up by eager customers until the entire stock was disposed of.

Much appreciation is felt for the generous patronage given especially for the kind hospitality of Madalia & Son whose offer of a display window and space in their store made possible this enterprise.

As stated in the call, the proceeds of the sale will be added to the Auxiliary's convention fund.

Woman's Club Meets Wednesday. The Escanaba Woman's Club will hold a business meeting Wednesday afternoon at the Carnegie Public Library club rooms at 3:00 o'clock. Election of officers will constitute the chief business. It is desired that a large number of the members be present.

First Vice President, Beatrice Ahlquist. Second Vice president, Thelma Beck. Secretary, Grace Ridings. Treasurer, Rita Auerbach.

Services at St. Joseph's. Services at St. Joseph's church Wednesday evening will consist of the recitation of the rosary and a sermon by Rev. De. Daniel Linfert O. F. M. the topic of which will be "Faith and Infidelity" or "Is Religion Necessary in the World Today?" This will be fol-

lowed by Benediction with the Blessed Sacrament. The public is heartily welcome.

Super and Sale. The Ladies' Aid of the First Methodist church are having a supper and sale at the church parlors today. The public is cordially invited to attend.

Auxiliary Meeting. The Ladies Auxiliary to the Brotherhood of Railroad Trainmen will meet Tuesday evening at 7:30 at the North Star Hall. They will entertain the Good Cheer Lodge of Gladstone. Cards and other games will be played, followed by a pot-luck lunch. A good time is assured those who attend.

Potter Gives Very Interesting Talk. J. Smith Damron, a marvelously skillful potter, as well as a lecturer and entertainer of more than ordinary ability, gave the closing number of the Escanaba Community Educational Bureau's lyceum course at the high school last night.

Mr. Damron made pottery as he talked about his work and a variety of other subjects, some of them humorous, as he drew common sense lessons from the demonstration.

An exceptionally interesting collection of china is a part of Mr. Damron's stage setting.

Spring Really Here Says Harris' Phone. Spring is here. Summer is on the way. City Manager Fred R. Harris had an inquiry yesterday from a woman who desired to know the date of lawn sprinkling. This was the most advanced question of a busy day. Others were inquiring about sewer extensions, street repairs, extensions of gas service and other topics which indicated that the Spring-time spirit is inoculating Escanaba citizens whether the sleighing season is over or not.

ROTARIANS ARE POSTED ON LAW

The serious purpose set for itself by the American Law Institute, composed of 750 of the leading jurists and attorneys of the nation in codifying the laws of the United States, was most interestingly explained to members of the Escanaba Rotary club yesterday by Attorney A. H. Ryall, of this city, one of the three Michigan members of the Institute.

The work of assembling and reviewing all of the laws pertaining to every subject, now effective in every state of the nation, was undertaken by the voluntary organization a year ago, and at least ten years will be consumed in completing the undertaking.

Some of the most eminent law writers of the nation have been engaged to rewrite the laws pertaining to each subject, in the simplest possible language and prepare a fundamental code available to all future time.

A Permanent Work. Mr. Ryall compared the "code Napoleon" the lasting outcome of the French Revolution, to the work that has now been undertaken in this country and asserted that the present status of national affairs, resulting in most perplexing confusion in all governmental matters may have been necessary to arouse the people to a realization of the need of the tremendous work that has now been undertaken.

Mr. Ryall's address was considered one of the most masterly efforts ever contributed by a member of the Escanaba Rotary Club to the programs of that club and when Mr. Ryall had concluded he was given an ovation that lasted for several moments.

Rt. Rev. Edmund F. Gibbons today completes his fifth year as Catholic bishop of Albany, N. Y., and Rt. Rev. Joseph P. McGrath rounds out a like period as bishop of Baker City, Ore.

Local Council P. T. A. Hold Very Interesting Meeting

A very interesting meeting of the Escanaba Council of the Parent Teachers' Association was held at two thirty o'clock Monday afternoon at the Franklin School building in Mrs. Semer's room. There was a good attendance. The meeting was called to order by Mrs. Eugene Royce, president of the Council. Much important business was taken up and various important subjects were discussed.

Plans for the work for the year were also brought before the assembly and the interest shown was very gratifying to all the officers and members. The next meeting will be held May 19th.

Finds Kellogg's Bran "Easy way to avoid constipation" after suffering for years

Constipation is a dangerous disease. It can lead to many others. Twenty years' suffering with constipation determined this man's health. Kellogg's Bran restored it—as it has done for thousands. This is what he says:

"Gentlemen: After eating Kellogg's Bran a week a day for one month I find it got, why an 'Easy Way to Avoid Constipation', but an easy and most pleasant way to cure it. I have been troubled with constipation for more than twenty years. After adopting the milk and bran diet I find my stomach greatly improved, and find it a specific for constipation. I deem it only justice that you should know what your product has done for me, and what it is capable of doing for others." (The original of this letter is on file at the Kellogg Company, Battle Creek, Mich.)

Kellogg's Bran relieves mild and chronic constipation because it is ALL bran. It brings sure results. It sweeps, cleans and purifies the intestine in nature's own way. Don't experiment. Only ALL bran can be 100 per cent effective.

If eaten regularly, Kellogg's Bran, cooked and krumbled, is guaranteed to bring permanent relief—or your grocer returns your money. You should eat two tablespoonfuls daily in chronic cases, with every meal.

The flavor is delicious—nut-like—cooked and krumbled. Enjoy it with milk or cream, sprinkled on other cereals, cooked with hot cereals, or in the delightful recipes on every package. Made in Battle Creek. Sold by grocers everywhere.

What Growing Children Need

EVERY mother knows that a growing family needs much nourishing food. Boys and girls need energy for their school-work and their play. Every member of the family must be kept in the best of condition. One of the greatest of all energy-producing foods is Karo. One reason is that it contains a large proportion of *Destress*, the great energy food. Also, Karo is one of the most economical of all foods. Not only does it cost so little but it can

be used for so many purposes. Karo takes the place of high priced preserves. You can use it for sweetening in all kinds of cooking, baking, and for stewing prunes and dried fruits. Ask your grocer for Blue Label Karo or Red Label Karo—both equal in nutrition.

FREE—A booklet about *Destress* every mother should read. Explains why children thrive on *Destress*. Sent free with beautifully illustrated 64 page Cook Book. Write CORN PRODUCTS REFINING COMPANY, 208 East Illinois Street, Chicago, Ill.

Rotarians Elect 1924 Directorate

Escanaba Rotary has elected the following members of its board of directors for the ensuing year: George N. Harder, Fred B. Houston, George G. Giesse, O. C. Curtis, John P. Norton, M. K. Bissell and E. C. Voght. These directors, later, will elect a president, secretary, treasurer and other officers.

A CLEAR COMPLEXION

Ruddy Cheeks—Sparkling Eyes—Most Women Can Have Says Dr. Edwards, a Well-Known Ohio Physician

Dr. F. M. Edwards for 17 years treated scores of women for liver and bowel ailments. During these years he gave to his patients a prescription made of a few well-known vegetable ingredients mixed with olive oil, naming them Dr. Edwards' Olive Tablets. You will know them by their olive color. These tablets are wonder-workers on the liver and bowels, which cause a normal action, carrying off the waste and poisonous matter in one's system. If you have a pale face, yellow look, dull eyes, pimples, coated tongue, headaches, a listless, no-good feeling, all out of sorts, inactive bowels, you take one of Dr. Edwards' Olive Tablets nightly for a time and note the pleasing results. Thousands of women and men take Dr. Edwards' Olive Tablets—the successful substitute for calomel—now and then just to keep them fit. 15c and 30c.

CLUB BOOSTS PLAY-GROUNDS

Recreation Equipment For Children Needed At Manistique.

Playground possibilities furnished the main topic of discussion at the regular meeting of the Manistique Civic Club Monday noon.

The question is one that has received some publicity in this city during the past few days, with the result that local clubs have taken the matter up, and appointed committees to help work out a plan for giving Manistique youngsters adequate playground facilities.

After a thorough discussion, in which all phases of the question were considered, the members of the club expressed their approval of any plan for improving the local playgrounds, by a unanimous vote and the following committee was appointed to represent the club in boosting the playground movement: W. J. Shinar, S. M. Rubin, O. G. Quick.

Members of the board of education and city council were present at the meeting, and declared that these bodies would welcome any proposal to improve the local children's recreational facilities.

Space for installing playground equipment is available at each of the school buildings in the city.

Members of the board of education at the present time a set of plans for laying out the field for baseball, tennis, track, etc., but these plans will undoubtedly prove to be too elaborate for adaptation to the needs of Manistique.

Committees from the Rotary Club and Women's Club will cooperate with the Civic Club on this big question.

Alma College Here Wednesday

What is expected to prove one of the most pleasing musical events of the season at Manistique is the visit of the Alma College Glee Club to this city on the evening of Wednesday, Mar. 26.

This organization of young men from Alma is now making a tour of the upper peninsula, and will give a concert at the high school auditorium Wednesday night under the auspices of the Students' Association.

In addition to the vocal numbers by soloists, quartettes and choruses, there will be instrumental numbers including selections by a saxophone quartette.

Lee N. Sharrar, formerly a member of the Manistique high school faculty, and well known in this city is expected to accompany the Alma Club on their Manistique visit.

Earl Schofield left Sunday evening for Marinette, Wisconsin, after a short visit with his parents at Manistique.

A neglected cough—The beginning of many a dangerous disease

WHEN your strength is exhausted and the delicate tissues of your throat and lungs are raw and sore from coughing, you may fall an easy prey to disease—bronchitis, pneumonia, even tuberculosis. That is why it is so important to break up coughs promptly.

For more than fifty years thousands of families have relied upon Dr. King's New Discovery to stop coughs. It does this quickly and naturally without any bad after-effects whatsoever, by stimulating the mucous membranes to throw off the clogging secretions. It has an agreeable taste. All druggists.

YOUTHS BREAK INTO LAKESIDE SCHOOL SUNDAY

Eleven Manistique youngsters were brought before Juvenile Judge Edmund Ashford yesterday afternoon by Truant Officer Angus McLeod.

The boys are charged with having entered the Lakeside school building on Sunday. They admitted their guilt in the matter and will be required to make good for the damage done.

The youths made entrance to the school building by way of the fire escape, and left the school rooms in a state of disorder. Mr. McLeod learned that the boys had been playing in the school yard, and was able to round up the entire group guilty of the prank.

CITY BRIEFS

Those present were: Messrs. and Mesdames, Ramsey, J. Baker, Morley Bryce, J. McPhail, Jack Wilson, W. Chapman, Hansen; the Mesdames, John Underhill, P. Wilson, Otto Lakman; Mrs. Sherredon, Mr. J. Hagen; Mr. Lochey, of St. Ignace; Sam Wilson; Miss Margaret Bryce; Miss Mayme Bryce.

START TO PLOW OUT THE ROADS

Highway M-12 Will Be Cleared As Soon As Possible.

Schoolcraft county roads that have been practically impassable for either wagon or sleigh, will be opened up this week by the road commission.

Highway M-12 is now bare on the level stretches, and only at hills and cuts is the snow so deep as to hinder traffic. These places are to be shoveled and plowed out as soon as possible.

The work of clearing away the snow is hampered by the presence of ice from the melting snow that has accumulated under the drifts.

Autos were able to go out the west road as far as Fitch's Sunday.

BUSINESS MEN TO PLAY AGAIN FRIDAY NIGHT

Joe Blumrosen and his basketball team of Manistique business men will be seen in action here again on Friday night, it was announced yesterday.

The business men have scheduled another game with the high school seniors, and the battle promises to be an interesting one to watch.

The high school team, won in their first clash with Blumrosen's boys, though it was only on an overtime period. The score was 24 to 22 in favor of the business men at the end of the regular time period, but the timer was unable to make himself heard to the referee, and in the interim the seniors looped one in, tying the score, and necessitating an extra period, in which they made two points.

Varsity Girls HIKE TO LAKE FOR WEEK-END

Thirteen members of the Manistique high school girls' varsity squad, accompanied by the coach, Miss Opal Harsh, enjoyed a lively week-end party at the Van Dyck cottage, Indian Lake.

The entire company of fourteen hiked out to the lake Friday afternoon after school, and took possession of the cottage, which had previously been made ready for them through the kindness of Mrs. J. H. Van Dyck.

Returning to this city Saturday afternoon, the hikers declared that the party was an event that would be long remembered. Following are the young ladies who took part: Beatrice Dalton, Dorothy McLaughlin, Freda Mayo, Margaret Van Dyck, Geraldine Miller, Lillian Carlson, Kitty MacRitchie, Helen Schofield, Gladys Rediker, Alice Pallin, Irene Gorsche, Pearl Potter, Rose Dufour and Miss Opal Harsh.

Three Days of Grace for Dogs

An extension of two or three days in the time limit set for securing of dog licenses was made yesterday when the last of the present supply of licenses was issued at the city hall. Monday was final day set by Chief Eric Lindahl, but a large number of applications for licenses which could not be filled have been made and an extension of time until a supply of blanks can be obtained has been made. Fifty licenses have been issued thus far.

OUTLOOK GOOD FOR TRACK AT HIGH SCHOOL

Prospects are favorable for a good track team at Manistique high school this year.

Some of the stars of last year were lost at graduation time, but there still remain some sprinters and jumpers to form a nucleus for this year's track work.

The distance runners have already started training, and have taken road work out on M-12 to the Tannery houses.

Men who plan to take part in some line of high school athletics here next year are slated over the news that Coach Victor Crittenden has been signed up for another year.

PERSONALS

Miss Margaret Cornell entertained a party of fourteen friends Friday night at her home on Michigan avenue Friday evening. The guests enjoyed dancing and games. Refreshments were served at the close of the evening.

A meeting of the Guild of Trinity Episcopal church has been called for Wednesday afternoon at 3 o'clock in the basement of the church. Mrs. Leonard Clapp will be hostess. Urgent business matters will be taken care of and it is important that every member of the Guild be present at this meeting.

Mrs. P. L. Burt entertained at a five o'clock dinner party Saturday afternoon for Mr. and Mrs. Edward Cardin of Sault Ste. Marie, Mich., who are visiting here. Following the dinner, the guests enjoyed a program of social diversions.

Regular meeting of Sacred Heart Court Catholic Order of Foresters, will be held Wednesday evening at the All Saints' parish hall. The meeting will be called immediately after the close of the Wednesday evening Lenten service.

Presentation to August Mattson post American Legion, of an American flag, twelve by eighteen feet was made Saturday by S. W. Goldstein of this city. The flag, a beauty, of woolen material, is a gift of value and Mr. Goldstein's generosity in presenting it to the service men is much appreciated.

Wife of John Keel Passes Away

Norman Keel left Friday for Detroit called by the death of his sister-in-law, Mrs. John Keel, who passed away Friday night after an illness extending over a year's time.

Mr. Keel attended the funeral services at Monroe, Mich., yesterday and will return to his home here later in the week. Mr. Keel is well known in Gladstone and his many friends here will be grieved to learn of his bereavement.

WILL START WORK ON ROAD SOON

Resurfacing and widening of the road between Gladstone and Kipling will be started just as soon as the weather permits, it was made known yesterday by E. J. Norens, of the Delta county road commission, who has returned from Menominee, where he attended the conference of the upper peninsula road builders' association.

The plans outlined by the commission for this stretch of highway will include the widening of the road to twenty feet and the laying of a bitulithic surfacing.

This will permit the use of the fine base which is now on the road and which is ready for the black top, without any needless expense, and when completed will make a fine stretch of road, similar to that between Escanaba and Wells.

It is also planned to change the road so as to eliminate the two sharp curves near the Buckeye yards. A cut connecting at this side of the city limits will be made, leaving only a slight curve.

Other minor changes are also planned, in the improvement of the road.

Less than Half.

The surfacing of the stretch, it is estimated, will cost less than one half of what a concrete road would cost and will make a road equal to any concrete highway.

Work on the five mile stretch on the trunk line near Lathrop and the county line will also be started at once.

COMPANY TO GIVE CONCERT HERE TONIGHT

The Johnson Concert company, featuring Nina and Hugo, famous Scandinavian accordion artists, will appear here tonight in a concert and entertainment which will be given at Wasa hall beginning at 8 o'clock.

The Johnson company has with it Annar Myhre, Norwegian baritone, who will sing old and new songs; Harry Swanson of New York, pianist and soloist, and the well known Nina and Hugo, who will appear in a Spanish Dance, accordion solos and duets, humorous entertainment and tunes from the land of the midnight sun.

The program by the concert company will be followed by a dancing party.

Members of the Gladstone Child's Welfare club were the guests last evening of Mrs. Henry Rosenblum at her home. A few business matters were taken care of during the early part of the evening, following which a social meeting was held.

ELECTION NOTICES ARE POSTED

Notices of the local April 7 election, at which one commissioner will be elected for a term of three years and one constable for a term of one year, as provided by the city charter, have been posted in the various voting precincts.

John Matson, commissioner, whose term expires, will be unopposed as a candidate for reelection, so far as is known. His petition was the only one filed and his name is the only one to appear on the election notices. Samuel Trenton is the only candidate for constable.

The polls will open at 7 o'clock election Monday and will remain open until 8 o'clock in the evening.

DEATH TAKES SON, EIGHT MONTHS OLD

The third child in the family to die in less than six years, Shirley, eight months old son of Mr. and Mrs. William Peterson of this city, passed away at 12:30 o'clock Monday morning at Chicago.

The baby had been taken to Chicago to be placed under the care of a specialist about three weeks ago. Mr. and Mrs. Peterson later returned here, when it was thought that an improvement was shown in the child's condition, the mother remaining in Chicago.

Sunday, however, a message came stating the baby's condition was critical. Mr. Peterson left Sunday night, but was unable to reach Chicago in time, death taking the child at shortly after midnight Sunday.

The body of the child, accompanied by Mr. and Mrs. Peterson will arrive in Gladstone this morning. Funeral arrangements will not be made until after their arrival here.

In addition to the heart-broken parents, the baby is survived by one brother, Earl. Two brothers preceded the child in death, Glenn and Elwood.

The death of the baby carries with it more than ordinary pathos and the deep sympathy of the entire community goes to the family in its sorrow.

NOTICE

We, the undersigned, wish to state that Fred Conley, formerly employed by Clapp & Son of the Quality Bakery and now leaving for Traverse City, has been in our place of business and was never at any time heard to spread any propaganda in regard to the bakery. LEGION MEN GUESTS AT FINE BANQUET

With eight-six of Gladstone's service men present the members of August Mattson Post, Number 71, American Legion, held one of the big parties of their social program Saturday night, when the Trench Rats entertained at a banquet for the Cooties, the winners of the Legion post membership contest.

The party was held at the Eagles' hall beginning at 9:20 o'clock, the program including the banquet, a program and a smoker.

The hall was attractively decorated for the occasion and the tables arranged with centerpieces of cut flowers and menus on the covers of which was the flag in colors.

The banquet was served at 9:30 o'clock with Leonard Clapp, who lived up in fine manner to his name for ability as a chef and as a director of banquets, in charge. The menu was baked omelette, pommes de terre (a la Leonard) smashed beggars, hand grenades, grape shot, poison gas, cabbage strappel, white punch and black salve, bombs, Java, Trench Rats (special for the Cooties), liquid fire.

The dinner was excellent in every detail and Mr. Clapp and his assistants received the highest of praise from everyone present.

Program.

Following the banquet a short program of toasts was given with Commander Clifford Murker as toastmaster. Short talks were given by a number of the legion men and their guests. A program followed, featured by quartet numbers by the Anderson and Nelson brothers of Gladstone, and by an Escanaba quartet, Bower, Clark, Quinn and Degnot.

A smoker brought the affair to a close.

The following telegram from Representative Frank D. Scott, who had been sent an invitation to attend the banquet with the service men, as a matter of courtesy, received by the post Saturday, was read by Commander Murker:

"Washington, D. C., 12:35
"March 22, 1924.
"August Mattson Post, Number 71,
"American Legion,
"Gladstone, Mich.
"Just received your kind invitation this morning. Appreciate

"Credit Due.

The banquet was, in every respect, a big success and the Cooties in expressing themselves as well rewarded by their rival, the Trench Rats, for winning the membership contest, gave much credit to the members of the team and to the committee in charge of the banquet, Clifford Murker, Percy Cameron, John Matson and Bernard Micks.

Sault Debaters Are Confident of Win Over Local Teams

Sault Ste. Marie debaters—the next opponents on the Escanaba high school schedule—won their clash with Petoskey high last Friday night and are preparing for the Escanaba encounter this week, confident that they can maintain the exceptional record they have established this year.

Affirmatives will travel in the Escanaba-Sault contest, the Sault affirmatives coming to this city to meet the negative team, captained by Lawrence Hartwig; and Captain Gunnar Bark of the local affirmatives leading his speakers into Lock City territory.

The debate here is expected to be one of the best ever staged on an Escanaba platform.

Rupture Expert
COMING TO ESCANABA

Dr. W. T. Leonard, noted rupture specialist will be at the Delta Hotel one day only, Thursday March 27, where he will treat all cases of rupture, no matter how long standing. Dr. Leonard is here personally to demonstrate to all ruptured people what his method can accomplish without surgery. Now, you have the chance to find out all about it, to have it demonstrated to you, and see what it can do in your own case. Just call at the Hotel and he will give you his personal attention and advice, and complete demonstration absolutely without charge. Dr. Leonard says the spermatic guard will not only retain any case of rupture perfectly, but contracts the opening in 10 days in the average case, this result effected during the day, the repair continues throughout the night, during sleep when all strain is removed, being a vast advancement over all other methods exemplifying immediate effects withstanding any strain or position, no matter the size or location. Large or difficult cases specially solicited.

We do not use elastic belts, spring or leg straps.
 Dr. Leonard has specialized in the treatment of rupture for 20 years, and positively guarantees results if instructions are adhered to.

Mrs. Bradford Recommends Lydia E. Pinkham's Vegetable Compound

Phoebus, Virginia.—"Having this opportunity I just cannot refrain from saying a word of praise for the Lydia E. Pinkham medicines. I have used them as occasion required for twenty years, and my three sisters have also used them, and always with the most gratifying results. During the Change of Life I had the usual distressing symptoms,—hot flashes, insomnia, etc.—and I am pleased to testify to the wonderful results I obtained from the Vegetable Compound. I heartily recommend it to any woman and I will be pleased to answer any inquiries that might be sent to me through the publication of my testimonial."—Mrs. H. L. BRADFORD, 109 Armistead St., Phoebus, Va.

Consider carefully Mrs. Bradford's letter. Her experience ought to help you. She mentions the trials of middle age and the wonderful results she obtained from Lydia E. Pinkham's Vegetable Compound.

If you are suffering from nervous troubles, irritability, or if other annoying symptoms appear and you are blue at times, you should give the Vegetable Compound a fair trial. For sale by druggists everywhere.

AMUSEMENTS

AT THE DELFT.
 That most anticipated picture sensation, "The Green Goddess," starring George Arliss, came to the Delft Theatre yesterday for an engagement of three days. It is everything which has been said for it, being one of the best pictures of this year, or any other year. It is really an art achievement for the screen—big in story, invigilature and melodramatic value.

George Arliss, the distinguished actor remembered for his remarkable portrayals in "Diaboli," "The Ruling Passion" and "The Man Who Played God," outdoes all previous efforts in "The Green Goddess." The leading feminine role is played by Alice Joyce, making her very welcome return to the screen after a long absence. The supporting cast is of especially high calibre, with David Powell and Harry T. Morey having outstanding roles and with Jetta Goudal, Ivan Simpson and William Worthington doing splendid work.

The story deals with the adventures of a young Englishwoman who, through an airplane accident, has fallen into the hands of a particularly unscrupulous Indian Rajah. It seems that three brothers of the Rajah, who rules over the kingdom of Rukh in the wilds of the Himalaya Mountains, have been condemned to death by the British government. As a means of revenge the Rajah decides to put his unexpected visitors to death.

He convinces his ignorant subjects that these English people have been sent by their deity, the Green Goddess, as compensation for the loss of their Princes, his brothers. The people demand that the victims be sacrificed. The Rajah is attracted by the young Englishwoman (Alice Joyce) and offers to spare her life if she consents to be his wife.

Upon this general situation William Archer, the author of the play, and Forrest Halsey, the screen adapter, have built a vehicle of tremendous dramatic strength.

AT THE ST. JND.
 "Chastity," Katherine MacDonald's latest First National picture which will be shown again today at the Strand Theatre, takes the spectator behind the curtain of a big New York theatre, with its colorful life and interesting personalities.

The star, more radiantly beautiful than ever and gorgeously gowned, delighted her many admirers. Her interpretation of the character of Norma O'Neill, the actress, was marked by sincerity and feeling.

Miss MacDonald brings much variety to bear on her portrayal of the young woman who passes from the gaucheries of a stage amateur to the finished skill of a Broadway star. She reveals a thorough understanding of one of the most interesting characters she has ever been called upon to play.

CARD OF THANKS.
 We wish to express our most sincere thanks to all the kind friends and neighbors who so kindly assisted us at the time of our great sorrow, the loss of our beloved son and brother, Jesse DeWar. To those who sent floral tributes or in any other way expressed their sympathy we are very thankful.

Signed,
 Mr. and Mrs. Robert DeWar and Family.

ESCANABA TO GET CLEANING

Spring Roundup Will Be Early and Thorough, It Is Announced.

Escanaba will be given a thorough cleaning this spring, City Manager Fred R. Harris emphasized yesterday, when he announced that wagons, trucks and equipment to be used in the spring rubbish carting work were being placed in condition for the starting of the campaign.

Unless there is a decided relapse in the weather, the work of hauling ashes and rubbish will be started about April 1—the date on which regular collection of garbage also will be resumed, Mr. Harris said.

Citizens will be expected to pile all rubbish and debris they wish to be hauled away in the alleys. The city's wagons will call for it. The city will make one general round of all the streets and alleys. After that rubbish will be hauled free.

Early and Thorough.
 Then the police and health department will begin serving formal notice on delinquents, warning them that all obstructions which interfere with traffic, with health or with the appearance of the alleys will have to be removed. It is hoped, however, that the number of warnings will be comparatively small.

Emphasis was placed on the city's intention to make the cleanup a thorough one and that it will be completed as early as possible.

Northwestern Wins Race With Stork

Mrs. Joseph Lapoint, wife of the manager of the Atlantic and Pacific Tea Store in this city, was a passenger on board train No. 214 which left this city at 7 o'clock Sunday morning.

Stork was in a hurry too for a telegram sent on ahead to Menominee, brought an ambulance and the C. & N. W. Ry. station and Mrs. Lapoint was taken to a hospital where a dear little baby girl was born a half hour after the train had pulled into the station.

Mother and babe are doing nicely, according to word received from Menominee last night.
