

AL JENNINGS' BIG SENSATION FIZZLES

COOLIDGE IS STRONGER IN WEST STATES

SHOWING IN SOUTH DAKOTA ENCOURAGING TO HIM.

BY DAVID LAWRENCE.

Copyright 1924, by the Escanaba Press.

Washington, Mar. 27.—Harry Daugherty went in one door and Henry Cabot Lodge went out the other. Thus might the visit of the Attorney General and the Republican leader of the Senate to the office of President Coolidge today be described. For a few brief moments, the newspaper men saw visions of a reconciliation between the senior senator from Massachusetts and the man who is under investigation by a senate committee. Not long ago Mr. Lodge advised the president that the attorney general should not remain longer in the cabinet. Mr. Coolidge felt that the attorney general should have his day in court. Mr. Lodge thought the democrats would only use the occasion to keep the Daugherty case in the headlines interminably. Some who differed with Mr. Lodge thought the democrats would do that anyway and that a better defense could be made by Mr. Daugherty if he remained in office fighting than if he quit under fire. The democrats are living up to predictions. They are fighting, the attorney general but he is biding his time and expects to launch his counter-attack shortly. Then it may be taken for granted that he will resign, for he will not continue to make himself the subject of controversy on the eve of a presidential campaign.

"Routine Matters." Mr. Daugherty said he had "routine matters" under consideration with the president. He had nothing else to say. There appears to be an understanding between Mr. Coolidge and his attorney general, however, and at least until the investigation is completed he will stay in the cabinet.

This was a day of suppressed excitement in the White House. The returns from South Dakota came so slowly as to make impossible any expression of administration opinion. But for the last few days, the Coolidge managers have given the hint that they did not expect a victory in South Dakota and would be satisfied if the president made a good run. The president had been told in advance that most of the congressional delegation from South Dakota was against him and that it would be hard for him to win unless he could make a personal campaign, as Senator Hiram Johnson had been making. Fighting a primary by long distance is hardly as effective as a personal visit but the obligations of the office prevent Mr. Coolidge from venturing forth to far away

JURY HAS FATE OF BOY IN HAND

(By The Associated Press.)

Lansing, Mich., Mar. 27.—The case of Martin Woehler, 19-year-old St. Louis, Mo., youth, charged with first degree murder in connection with the robbery and shooting to death of Peter Hall, theater manager, last December, was given to the jury Thursday afternoon. In a previous trial the jury disagreed. It is alleged that Woehler was an accomplice of William Baumgartner, who shot and killed Hall, after he had snatched a cash box, and then committed suicide.

Bus Fleet Owner Held To Court

Detroit, Mar. 27.—After entering a plea of not guilty to a charge of larceny, by conversion, John M. Sloan, president and general manager of the Red Arrow Transport Company, denied the charges that he had converted to his own use the \$150 supplied as bonds by each of the twenty men he had engaged as truck drivers. Sloan's bond was fixed at \$2,000 and his examination is to be held on April 3.

Committee Will Not Let Means Go Back To New York For Trial

(By The Associated Press.)

Washington, March 27.—Gaston Means, one of the star witnesses for the prosecution in the Daugherty investigation is to be held here under the subpoena of the senate committee and therefore cannot be brought to trial in New York on March 31 on the indictments pending against him.

Representative Langley, of Kentucky, was indicted by a federal grand jury on a charge of conspiracy in connection with the removal of whiskey from government warehouses.

JOHNSON HAS A 1700 MAJORITY

Coolidge Forces Satisfied With South Dakota Result.

(By The Associated Press.)

Sioux Falls, S. D., March 27.—Senator Hiram Johnson of California, won the Republican presidential endorsement in Tuesday's primary in South Dakota on the face of unofficial returns compiled here by several newspapers.

With only 146 scattered precincts in twenty-two counties incomplete, the unofficial tabulations gave Johnson a lead of 1,743 over President Coolidge in returns available tonight.

The 1,684 precincts reported and compiled here gave the California senator 40,243 votes and the president 38,500.

Returns Semi-Official. Most of the returns are semi-official, as they are taken from the records county auditors are preparing for the state canvassing board. Based on these unofficial returns, the president would have to carry the unreported precincts nearly five to four to overcome Johnson's lead if the volume of votes in unreported precincts averages the same as in the last 300 precincts to report.

In the twenty-two incomplete counties, Johnson leads in nine with thirty precincts complete while Coolidge has the advantage in thirteen with 116 precincts unreported.

Cleveland Boat Gets To Detroit

(By The Associated Press.)

Detroit, March 27.—The steamer Progress, the first boat of the season to make the trip from Cleveland arrived here tonight in charge of Captain H. J. Laferly. The vessel, owned by the Thompson Transit Corporation, will sail on her return trip tomorrow, loaded with automobiles.

BRITISH PLANE NOW IN ITALY

(By The Associated Press.)

Civita Vecchia, Italy, Mar. 27.—Stuart MacLaren, "piloting the British round-the-world airplane, landed here at 5:45 this evening from Lyons on the second stage of his flight. He will proceed to Rome tomorrow morning.

KENTUCKIAN IS HELD FOR PLOT TO SELL BOOZE

Elias Mortimer, of Forbes Case Fame, Also In

(By The Associated Press.)

Washington, Mar. 27.—Representative John W. Langley, Republican of Kentucky, was indicted by a federal grand jury here today on a charge of conspiracy to interfere with the operations of the government.

Others indicted are Millard F. West, deputy commissioner of internal revenue; Russell M. Sackett, a prohibition agent; Ben L. Moses and Harry Satteler, partners in the Union Drug Company, of Pittsburgh and one Sydney Reis, not fully identified in the indictment.

The indictment charges that the accused man, with others, formed a conspiracy to pay \$100,000 to Elias H. Mortimer, the star witness in the veterans' bureau investigation; Hermann Geitzler and Donald J. Delaney to procure the purchase, withdrawal and transportation by Moses and Satteler of whiskey from a distillery warehouse to the warehouse of the Union Drug Company.

To Get \$5,000.

It is charged in the indictment that \$5,000 was to have been paid to Representative Langley to prevail upon him to induce West, John F. Kramer, Arthur McKean, Ralph E. Clepper and Russell M. Sackett to "connive" at the removal and transportation of the whiskey by "promises of official tenure and promotion."

It is alleged that Langley and five other defendants combined to defraud the United States of certain taxes to become due it and "corruptly" defeat the administration of the internal revenue laws and the national prohibition act.

The indictment charges four overt acts beginning with a meeting between Langley and Mortimer April 15, 1921, in the house office building in Washington and covering three other alleged conferences resulting in an authority issued May 24, 1921, by Kramer permitting the Union Drug Company, to buy 4,000 cases of whiskey from the Petwick Distilling Company. It sets forth that Kramer, McKean, Clepper, Mortimer, Geitzler and Delaney were not indicted because they testified before the grand jury.

Prohibition Agent. Sackett is prohibition agent in Pennsylvania. Reis is described as procurer of liquors in large quantities.

Shortly after the Chicago grand jury reported that two members of congress were involved, Representatives Langley and Zihlman, Republican, Maryland, announced that they heard their names had been mentioned and both demanded congressional investigations. A house committee is now awaiting the report of grand jury before proceeding in the case.

Representative Langley is one of the most picturesque figures in the public buildings and grounds committee, and of late years he has fought for a program of hospital buildings and

Tulsa Bandit To Be Buried As A Pauper

(By The Associated Press.)

Tulsa, Okla., Mar. 27.—The body of Ed Lockhart, notorious Oklahoma bandit, who was shot to death yesterday near Sperry by Mont Grady, special officer, may be buried in Pottery field here, county authorities announced today. Communications sent to relatives last night have been unanswered.

Hundreds viewed the body today in a local morgue.

Copper Magnate Sails For Italy

(By The Associated Press.)

New York, Mar. 27.—John D. Ryan, copper magnate, sailed on the Duilio late today for Italy. While his trip doubtless was planned for pleasure, Wall Street was inclined to believe that he also expected to get some first hand information on conditions in Italy which is fast becoming one of America's largest consumers of copper as a result of extensive electrical development in that country.

GRAFT

ELIAS H. MORTIMER

It is alleged that Representative Langley of Kentucky, and others, paid Mortimer \$100,000 to procure the withdrawal of whiskey from a United States bonded warehouse for illegal purposes.

SAY DAUGHERTY IS NEARING END

Coolidge Claimed To Be On Eve Of Making Demand.

(By The Associated Press.)

Washington, Mar. 27.—Attorney General Daugherty's tenure of office swung back into uncertainty today, with more positive indications of his retirement from the cabinet than at any time since the present drive upon him began.

At one time during the day the message went out over the mysterious "wireless" which warns those in the official know of big things about to happen. That President Coolidge was rapidly approaching a definite decision on whether he would keep the attorney general in the cabinet, and that it would be announced publicly.

Switch Plans. Preparations for the issuance of a statement were under way at the White House and also at the department of justice. Then Secretary Hughes had a conference with the president and the prospects of an announcement disappeared. The attorney general also stopped his preparations for making a statement and went home where he denied himself to inquirers.

The word went out that there would be "nothing doing tonight." None of those close to either the president or the attorney general would commit themselves by statement as to what tomorrow or the next day or the week might bring forth.

President Coolidge is known to have had the situation surrounding Mr. Daugherty's tenure of office much in mind for nearly a week after a lapse in attention given to it because of a feeling that the attorney general should be given an opportunity for a hearing before the senate committee investigating his conduct of the department of justice. With each day of testimony before the senate committee the demand that the president request Mr. Daugherty to resign has grown more insistent. Equally insistent has been the demand from others close to the president that Mr. Daugherty be

(Continued On Page Seven.)

Two Candidates Withdraw From People's Ticket

(By The Associated Press.)

Lansing, Mich., Mar. 27.—Two more of the candidates chosen by the People's Progressive Party in its recent convention here have declined the nominations. It was reported here today. Alexander R. Gillis, of Grand Ledge, who was named for state treasurer, and John B. Bailey, of Battle Creek, selected as the candidate for attorney general, have withdrawn. Herman H. Shilladay, who was the choice of the convention for governor was the first to decline.

HARDING NAME BROUGHT NEAR EDGE OF QUIZ

LAWYERS WRANGLE OVER ITS ADMISSION AND ADJOURN.

(By The Associated Press.)

Washington, March 27.—Roxie Stinson, divorced wife of Jess W. Smith, practically wound up her testimony today before the Daugherty investigating committee, but not until she had provided the occasion for another row between the committee and the attorney general's counsel.

Former President Harding's name was again brought to the edge of the inquiry but the committee disclaimed any intention of letting it get in. Attorney General Daugherty's counsel, seeking to develop her story, that Smith had told her five men in Washington made \$33,000,000 in an oil stock deal, insisted on knowing who the men were.

"My impression is that she will name the president of the United States," former Senator Chamberlain, one of Mr. Daugherty's attorneys exclaimed, amidst the turmoil when the committee stopped the pressing of the question. Miss Stinson left the stand without answering. "We are not going to walk into your trap," shouted Senator Ashurst, Democrat, Arizona, to the attorney general's counsel. "You would like very much to have us charged with besmirching the name of some one now dead, but we are not going to walk into your trap."

Renew Old Fight. The attorney general's continuance in the cabinet again became the subject of speculation throughout official Washington.

Further proceeding of the inquiry committee brought out a qualified refusal from the attorney general to allow the committee's agents access to his department's files for "a general fishing expedition;" additional testimony concerning prosecutions of wartime frauds in aircraft with the possible passage of bribe money to "block" their continuance. The day was concluded with Chairman Brookhart preparing to appeal to President Coolidge for the files the attorney general was refusing.

Senator Wheeler, Democrat, Montana, was back to direct the taking of testimony when Miss Stinson was recalled today.

Paul Howland, one of Mr. Daugherty's lawyers ended a short cross-examination by citing her testimony of the previous day, to the effect that Jess Smith told her "five men" had made \$33,000,000 in a few days in a deal in Sinclair Oil stocks. He directed her to give the names. The examination stopped while former Senator Chamberlain, assisting Mr. Howland, Senator Wheeler, and Senator Ashurst, and Chairman Brookhart took part in an embittered wrangle as to what Miss Stinson had said, and as to what she should be allowed to say.

The committee ruled. Chairman Brookhart said, that her statement of the names would not be pertinent to the inquiry, and as Senator Wheeler charged Senator Chamberlain with misrepresentation, the latter warned him to "be careful" and spoke of "senatorial immunity," which Senator Wheeler offered to waive. Senator Chamberlain

WEATHER

(By The Associated Press.)

UPPER MICHIGAN.—Fair and somewhat colder Friday; Saturday, increasing cloudiness.

Table with 2 columns: Location and Temperature. Locations include Alpena, Marquette, Medicine Hat, Boston, Memphis, Buffalo, Milwaukee, Chicago, Minneapolis, Cleveland, Montreal, Denver, New Orleans, Detroit, New York, Port Arthur, Saginaw, Ecenaba, Salt Lake, Galveston, St. Louis, Grand Rapids, Kansas City, Jacksonville, San Francisco, Los Angeles, Tampa, Louisville, Washington, and Wilmington.

LA FOLLETTE'S CONDITION NOT REGARDED AS BEING DANGEROUS

Physicians Expect Him To Pass Quiet, Restful Night.

(By The Associated Press.)

Washington, March 27.—Reassuring advices were given out tonight at the residence of Senator LaFollette of Wisconsin, who is ill with pneumonia.

A few hours earlier, Dr. C. C. Marbury, the attending physician, had stated that the senator had settled down to sleep with apparently good prospects of a quiet rest.

Notwithstanding the issue of a bulletin this morning announcing that Senator LaFollette had contracted pneumonia, it was stated that today was the first of the past two weeks in which he had not developed a temperature.

In Bed Ten Days. For the last ten days Senator LaFollette has remained in bed upon the advice of Dr. Marbury, who considered a complete rest essential to his early recovery. It was not until yesterday, that his condition was considered as anything more serious than a persistent cold which refused to yield to treatment. The consultation of physicians followed.

Senator LaFollette has been confined to his residence for three weeks, but until the past day or two has been able to attend to considerable business, doing much writing and reading, even though in bed, and frequently not stopping until late at night.

Had Grippe Attack. While in Paris last fall returning from his European trip, Senator LaFollette contracted a heavy cold, which developed soon after reaching Washington into the grippe, which confined him indoors for six weeks.

One of the most perplexing symptoms which had been noted in Senator LaFollette's condition is a daily temperature, and it was in the hope of allaying it that he was urged to remain in bed.

Senator LaFollette for many years has given close attention to his health. About ten years ago he submitted to an operation performed by the Mayo Brothers for the removal of gall stones, and about four years ago returned to them for a second operation for the removal of intestinal adhesions. Since then he has been subject to functional disorders, showing most frequently in attacks of nausea. At times, the bilious attacks were distressing, but quickly yielded to treatment. Since the attack of grippe last November he has been subject to bronchial troubles.

Malleable Iron Casting Firms Are Indicted

(By The Associated Press.)

Cleveland, O., March 27.—Federal indictments charging forty-seven manufacturers of malleable iron castings with operating in an illegal combination in restraint of trade were returned here today by the federal grand jury of this district. Seven of the concerns are in Ohio. The others are scattered throughout the east and middle west.

The 47 corporations have an output of approximately 500,000 tons of malleable castings annually, the indictment recites, estimated this production as 75 per cent of the national malleable castings industry.

Companies named in the indictment include: Albion Malleable Iron Company, Albion, Mich., and Kalamazoo Malleable Iron Company, Kalamazoo, Michigan.

Boys Escape State School

(By The Associated Press.)

Lansing, Mich., Mar. 27.—Peace officers in this vicinity were asked today to watch for eight boys who escaped from the state industrial school for boys. An abandoned car was found near Mason, and a schoolhouse was broken into, and it is assumed that the youths were responsible.

Modern Schools In Dickinson County

(By The Associated Press.)

Iron Mountain, Mich., Mar. 27.—Voters of Breitung township, have authorized a bond issue of \$350,000 for the building of two modern schools. Work will be started immediately. One school will be built in the village of Kingsford and the other in the village of Breitung. They will cost \$250,000 and \$100,000 respectively.

TELLS WHAT JAKE HAMON TOLD TO H

LA FOLLETTE'S CONDITION NOT REGARDED AS BEING DANGEROUS

PHYSICIANS EXPECT HIM TO PASS QUIET, RESTFUL NIGHT.

(By The Associated Press.)

Washington, March 27.—Al Jennings, once a famous train robber and now a California real estate dealer, related today before the committee one of the most unusual tales congressional investigators have ever heard.

It revolved around a \$1,000,000 payment which had been told figured in the Republican national convention at Chicago in 1920. He said his only information had come from the late Jake Hamon, who at the time was the Republican national committee man from Oklahoma.

In a Chicago hotel room during the convention, the witness said Hamon told him that the nomination of Harding would cost him \$1,000,000; that he (Hamon) "put up" \$250,000 of this sum to the late Senator Penrose, of Pennsylvania; \$25,000 to Harry Daugherty; \$25,000 to Will Hays, the chairman of the Republican national committee, and another \$25,000 to a fourth man from Ohio named Manning, something similar.

Cost "Like Hell." Besides, he quoted Hamon as saying, "money was used indiscriminately with the Oklahoma delegation and it cost him like hell to get the New York delegation." Jennings said he could not recall that he had been told of any other payments of money.

It also was a part of the story that Daugherty, Hays and others had agreed to make Hamon secretary of the interior; that Hamon was to take over what the Democratic administration had left of the public lands; and that Hamon expected to make a great deal of money out of them, and then go himself elected as the next president.

Hamon was quoted as saying that Daugherty at first had wanted Albert B. Fall as secretary of the interior, but that he had "put it all over him" on that proposition. Asked as to the correctness of Hamon's expectations, Jennings replied that of course they were not fulfilled as he had not lived. Hamon was shot and killed by Clara Smith Hamon late in 1920.

Jennings was on the stand less than half an hour and was subjected to only a brief cross examination. Senator Spencer, Republican, Missouri, pointed out in each instance, as their names were mentioned, that Harding, Penrose and Hamon are dead.

Immediately after Jennings was examined, Senator Walsh, the committee prosecutor, and Senator Chamberlain, who only recently was appointed to the committee, got into a row which promises many new developments both within the committee and on the floor of the senate.

Declaring it was the duty of the committee to investigate, Senator Walsh demanded that Senator Spencer furnish the information on which he had based a statement in New York last night that "as to the oil leases the situation

(Continued on Page Two.)

Monroe Murder Case Adjudged

(By The Associated Press.)

Monroe, Mich., Mar. 27.—Hearing of Frank W. Riskey, Detroit, federal prohibition agent, charged with murder, was adjourned today by Justice Charles Hoyt until April 1. Nether Sam Kalb, father of Phillip Kalb, who was found dead after the raid by federal prohibition officers and state police near Riskey was present. Riskey, it was stated was at Cincinnati in connection with grand jury matters.

Three Aviators Meet Death In Martin Bomber

(By The Associated Press.)

Honolulu, March 27.—Three army aviators were killed today and one injured when a Martin bomber airplane, taking off at Luke Field, struck an air pocket, crashed to the earth and burst into flames. The dead: First Lieutenant W. G. Moore, First Lieutenant Oscar Monahan, Private Jettinger.

Private Torres and Private Baltice were injured seriously.

To Attempt Mental Telepathy Between Paris And Cambridge

(By The Associated Press.)

Cambridge, Mass., March 27.—Experiments in thought transmission unprecedented in their scope and aiming eventually at transatlantic communication by telepathic waves are under way, it was learned here today from a member of the Harvard faculty. Already thoughts have been received here from New York and mental transmission from Paris to Cambridge is soon to be attempted, it was announced.

Ten Thousand Persons See Cardinals Receive Red Hats

PLENDOR AND SOLEMNITY IN THE CEREMONY

He Issues Statement As To Reasons For Elevation.

(By The Associated Press.)
 Rome, March 27.—The final ceremonies of elevating Archbishop Mundelein of Chicago and Bishop Hayes of New York to membership in the highest roll of the Holy Roman Catholic Church took place this morning in the right transept of the basilica of Saint Peter's, when ten thousand persons saw the two primed red silk hats, symbols of their new rank of cardinal.

The ceremonies were replete with medieval pageantry, full of thousands of persons attended. Americans formed the great majority of the throng, many persons unable to obtain admission to the actual scene of the ceremony, crowded the balcony of the basilica, and the spacious aisle of the nave of the edifice, endeavoring to obtain at least a glimpse of the pontiff as he bore in the sedia statoria and from the specially erected throne.

Time Honored Custom.

This morning's solemn investiture of the red hat was merely a honored custom, the same as the golden head-piece being used both the American prelates, red hats which they actually take back across seas with them. They were given them late this morning by special papal emissaries during semi-public ceremonies. The red hats never are really worn, but will be taken by the prelates and suspended by golden wires over the high altar in their respective cathedrals, there to remain until the public consistory of this morning was followed by a secret consistory at which Pope Pius XI placed on the fingers of the new American members of the sacred college their large sapphire rings, performed the centuries old ceremony, known as the closing opening of the mouths of the prelates, and also formally anointed them to their titular sees, since each member of the college of cardinals must be a fact pastor of some Roman church.

Cardinal Mundelein's titular church will be Santa Maria del Popolo, and that of Cardinal Hayes the Church of Santa Maria in Via Lata, both of which are in medieval traditions near the fourth Cardinal Mundelein's title will be "George William," the Santa Maria del Popolo, Cardinal Mundelein, archbishop of Chicago, and that of Cardinal Hayes, "Patrick Joseph, of title Santa Maria in Via Lata, Cardinal Hayes, archbishop of New York."

Pope's Statement.
 Shortly after the ceremonies of today had ended, Pope Pius XI gave the Associated Press, through Cardinal Gasparri, papal secretary of state, the following statement: "The holy father, in raising two eminent members of the American hierarchy to the dignity of the cardinalate, has had in mind not only the personal merits of the two cardinals but also the energetic activities of the great American people on behalf of the suffering peoples of the world, thus promoting a spirit of peace and fraternal good will among the nations."

IF MOTHERS ONLY KNEW

During these days how many children are complaining of headache, feverishness, stomach troubles and irregular bowels and take cold easily. If mothers only knew what Mother Gray's Kidney Powders would do for their children no family would ever be without them for use when needed. These powders are so easy to take and so effective in their action that mothers who once use them always tell others about them. Used by mothers for over 30 years. Sold by druggists everywhere. Trial package sent FREE. Address Mother Gray Co., Le Roy, N. Y., Adv.

Saginaw Bay Fishermen To Get Respite

(By The Associated Press.)
 Lansing, Mich., March 27.—After a delegation of Saginaw Bay fishermen had denied that they had any knowledge of allegations that John Baird, state conservation commissioner, was acting in the interests of a so-called "fish trust," Governor Groesbeck and the commissioner today issued an order permitting the use of gill nets in Saginaw Bay until June, for taking pickerel. The state law stipulates that gill nets can be used only for whitefish and trout. It has never been enforced, however, it was brought out at a hearing before the governor, and the fishermen pleaded for a few months in which to get new equipment.

The governor had heard reports that the small fishermen claimed that Baird had forbidden the use of the nets this spring because such an order would "help the trust and hurt the small fishermen." All of them denied that they had anything upon which to base such a charge.

ABSURD CHARGE BY HI JOHNSON

(Continued From Page One)
 so-called "army of orators" consisted of the following: Secretary of Labor, Honorable James J. Davis; Ex-Secretary of the Treasury, Honorable Leslie M. Shaw; Ex-Governor Harding of Iowa; former Congressman Humphreys of Washington, two women, and James Knox, of Indiana.

"No other speakers were sent into South Dakota and but a very few residents of South Dakota took the stump in behalf of the president. The statement that the campaign had been carried on by 'the most reckless and shameless use of money' has no more justification than the statement with regard to the use of an 'army of orators.'

"The campaign for Mr. Coolidge in South Dakota was carried on along the most economical lines, the speakers being largely volunteers and in view of the unwarranted attacks on President Coolidge the campaign was conducted at a very reasonable outlay of money. All things considered we are pleased with the result of the South Dakota election. It is a moral victory, the value of which cannot be lessened by untrue statements as to how it was achieved."

Railroad Is Sold For Three Millions

(By The Associated Press.)
 Wichita, Kans., Mar. 27.—The Kansas City, Mexico and Orient Railroad, long the dream of Arthur E. Stillwell, builder, for the shortest route from Kansas City to the Pacific coast, but which in recent years has faced a veritable death by inches from lack of financial support, was sold to the highest bidder at public auction here today.

BELIEVE 100 PERSONS DIE IN LANDSLIDE

(By The Associated Press.)
 Salerno, Italy, March 27.—More than one hundred persons are known to have perished in the landslides which occurred yesterday in the region surrounding Amalfi. Thousands of persons have been rendered homeless. Many people of the region are missing, but whether they are dead or whether they have made their escape and are fearful of returning cannot be ascertained tonight.

Macdonald Denies Expert Pressure

London, Mar. 27.—In replying to various criticisms concerning the government's foreign policy, Premier Macdonald took occasion in the house of commons today to deny categorically that the government attempted in any way to influence the experts' committees in Paris. He saw the experts who came to London last Saturday he said, but they only wanted details on certain matters, and neither asked nor received any advice from the government or himself.

LITTLE JOE

MORE SCANDAL HAS BEEN PEDDLED OVER THE TEAPOT THAN WAS EVER WHISPERED OVER THE TEACUPS.

UTILITIES BODY WANTS TO KNOW

(By The Associated Press.)
 Lansing, Mich., March 27.—W. W. Potter, chairman of the state public utilities commission, today requested the attorney general for an opinion as to whether the commission may make a new attempt to reduce Michigan telephone rates.

The attorney general was asked to decide whether the commission would be in contempt if it were to issue a new rate order, in the face of the fact that one issued in 1922 is tied up in litigation.

The Michigan Bell Company was ordered to cut rates in September 1922. The company secured an injunction, restraining the commission from enforcing the order, in the United States district court, and a decision as to the legality of the order is now pending in the state supreme court, which, commissioned Judge Chester, of Hillsdale, to take testimony. The company claims that the 1922 order, directing a cut of about 12 per cent was confiscatory, and in view of the court action, it has succeeded in having its enforcement held up. Mr. Potter believes that the company is making more money now than then, and favors a new order providing for even greater reductions. He charges that the company is making six per cent on \$75,000,000 or \$80,000,000, although its valuation is considerably less.

It is considered doubtful that the attorney general will permit the commission to go ahead with a new order while the original order is held up by a court order.

Poincare Is Willing To Take Old Job

Paris, March 27.—M. Poincare informed President Millerand this evening that he accepted the task of resuming the premiership and consolidating a ministry.

M. Poincare this afternoon grappled with the big difficulties of organizing his cabinet to fit the new political situation resulting from the chamber's attitude on the pension bills and to accord with the policy of economies for which he had fought so hard. His conclusion after the day's negotiations as expressed to the newspapermen, was "It is going to be long."

This is as far as the premier has committed himself regarding his actual plans. From his negotiations with members of parliament, the impression has developed that he is going to inaugurate the formation of his cabinet the economies he has promised the country. He has in view, it is understood, a reduction of the ministries to seven or thereabouts and the suppression of most of the under-secretaries of state.

Phone 580-J

COOLIDGE IS STRONGER IN WEST STATES

(Continued From Page One)
 points. That's where the man on the outside has the advantage over the incumbent in the White House.

Stronger Than Party.
 Another bit of politics was brought to the president today by C. O. Hamlin, editor of the Colorado Springs Telegraph-Gazette, who is slated to be republican national committee man from Colorado. Mr. Hamlin lunched with the president. He said Mr. Coolidge was stronger than the party in the west and that the chances of carrying western states were improving daily.

As the time for the national conventions grow shorter, the gathering in of delegates for Coolidge continues in such fashion as to strengthen the opinion that opposition in the republican national convention to the nomination of the chief executive is diminishing. The South Dakota primary has been regarded as a sort of turning point. An overwhelming defeat for the president would have stirred the hopes of opponents. The close race in South Dakota has not dampened the enthusiasm of the Coolidge partisans but has given them the idea that they can at least hold their own in the western states, something which a few weeks ago might have been open to question.

Wants Records Of One Of His Companies Impounded.

(By The Associated Press.)
 Washington, March 27.—Tax records of the Gulf Oil Corporation, a "Mellon company," virtually were impounded today by the special senate committee investigating the internal revenue bureau. The committee's action followed testimony to the effect that the corporation had been allowed "lessee depletion" reductions in the settlement of its cases for 1917-18-19 made in February, 1921, and by which it was credited with "net excessive payments" for the three years of \$3,775,000.

Senator Couzens, Republican, Michigan, whose resolution brought about the investigation, obtained from A. C. Ernst, Cleveland, Ohio, accountant whose firm worked up the consolidated returns for the Gulf group companies, a statement that "lessee depletion allowance" had been granted by the bureau in the 1921 Gulf settlement.

What About the Public?
 Turning to S. M. Greenadge, a bureau official, Senator Couzens was told that Secretary Mellon did not approve the treasury regulation granting "lessee allowance" on oil well depletion until 1922. Greenadge said he knew of no other case in which this allowance had been granted prior to the 1922 approval and added that the regulations effective in 1921 were to the contrary.

"The Gulf Oil knew it in 1921 but the public didn't know it until 1922," Senator Couzens said. "How is the public to know if the regulation is not published until a year after the allowance was granted to a particular corporation?"

Greenadge said the great majority of oil concerns know the question was up and delayed settlements until the ruling was handed down. Solicitor Nelson T. Hartson of the bureau interrupted to point out that when it was published, taxpayers had the opportunity to have their cases re-opened and collect refunds based on the ruling.

Down to Facts.
 "I want to know what that allowance meant to the Gulf people in dollars and cents," Senator Couzens declared.

Hartson said it would take time to produce the figure as it involved search of the individual accounts of Gulf subsidiaries.

At this point Senator Couzens suggested that the committee impound the Gulf records in custody of the sergeant-at-arms. Hartson objected, questioning the legal right of the bureau to surrender possession. After a brief executive session, the committee solved the problem by putting Hartson and Greenadge under oath as custodians of the records until the committee resumes its work Monday.

Senate Clearing Way For Action On Revenue Bill

(By The Associated Press.)
 Washington, Mar. 27.—Renewing their program of day and night sessions, the senate finance committee today practically cleared up the many administrative problems of the revenue bill. The schedules of excise and miscellaneous taxes, most of which were revised by the house, are to be taken up immediately.

Democratic members of the committee spent another afternoon in an unsuccessful effort to reach an agreement on the income tax schedule which they will offer as a substitute for the Mellon rates voted into the bill by the finance committee.

Grounded Steamer Is Floated Again

(By The Associated Press.)
 Key West, Fla., Mar. 27.—The Dollar Line SS President Monroe, which went aground on a reef near Miami Monday and was floated this morning, dropped anchor at Key West harbor this afternoon. She was accompanied by the wrecking tug Warbler, which succeeded in floating her.

The steamer will dock in the morning and a survey will be made after which it will be determined whether she will proceed to San Francisco, her destination, or return to New York to go in dry dock. Passengers said they suffered no inconveniences except delay.

COUZENS GOES AFTER MELLON

Wants Records Of One Of His Companies Impounded.

(By The Associated Press.)
 Washington, March 27.—Tax records of the Gulf Oil Corporation, a "Mellon company," virtually were impounded today by the special senate committee investigating the internal revenue bureau. The committee's action followed testimony to the effect that the corporation had been allowed "lessee depletion" reductions in the settlement of its cases for 1917-18-19 made in February, 1921, and by which it was credited with "net excessive payments" for the three years of \$3,775,000.

Senator Couzens, Republican, Michigan, whose resolution brought about the investigation, obtained from A. C. Ernst, Cleveland, Ohio, accountant whose firm worked up the consolidated returns for the Gulf group companies, a statement that "lessee depletion allowance" had been granted by the bureau in the 1921 Gulf settlement.

What About the Public?
 Turning to S. M. Greenadge, a bureau official, Senator Couzens was told that Secretary Mellon did not approve the treasury regulation granting "lessee allowance" on oil well depletion until 1922. Greenadge said he knew of no other case in which this allowance had been granted prior to the 1922 approval and added that the regulations effective in 1921 were to the contrary.

"The Gulf Oil knew it in 1921 but the public didn't know it until 1922," Senator Couzens said. "How is the public to know if the regulation is not published until a year after the allowance was granted to a particular corporation?"

Greenadge said the great majority of oil concerns know the question was up and delayed settlements until the ruling was handed down. Solicitor Nelson T. Hartson of the bureau interrupted to point out that when it was published, taxpayers had the opportunity to have their cases re-opened and collect refunds based on the ruling.

Down to Facts.
 "I want to know what that allowance meant to the Gulf people in dollars and cents," Senator Couzens declared.

Hartson said it would take time to produce the figure as it involved search of the individual accounts of Gulf subsidiaries.

At this point Senator Couzens suggested that the committee impound the Gulf records in custody of the sergeant-at-arms. Hartson objected, questioning the legal right of the bureau to surrender possession. After a brief executive session, the committee solved the problem by putting Hartson and Greenadge under oath as custodians of the records until the committee resumes its work Monday.

TELLS WHAT JAKE HAMON TOLD TO HIM

(Continued From Page One)
 was exactly duplicated under the late Secretary Payne."

After a sharp exchange, the Missouri senator declared he would wait until his information was complete and "then I will bring it out in due form."

Later in the day Senator Spencer laid the groundwork for an inquiry along other lines, causing subpoenas to be issued for George White, former chairman of the Democratic national committee; Wilbur W. Marsh, its former treasurer; Edwin L. Doheny, and John Walsh, brother of Senator Walsh, and a Washington lawyer. The subpoenas for White and Marsh are returnable next Monday and those for Doheny and Walsh on April 3.

"Improper" Question.
 Through the former Democratic committee officials, Senator Spencer will go into Democratic campaign contributions in 1920, but the reasons for summoning the other witnesses remained obscure. Senator Spencer characterized as "improper" a question as to why Senator Walsh's brother had been summoned.

The contempt case of Harry F. Sinclair was not presented to the District of Columbia grand jury today, as had been planned, as the jurors were engaged with other matters. District Attorney Gordon said it would be taken up tomorrow with the expectation of action before the expiration of the life of this grand jury next Monday.

Ernst K. Hill, clerk of the oil committee, will be a chief witness. He will present the committee minute book to prove there was a meeting of the committee; the subpoena for Sinclair and the return received on it; and certified copies of the resolutions under which the investigators are proceeding.

HAYS SAYS IT'S FALSE

Sullivan, Ind., March 27.—Will H. Hays, former Republican national chairman, tonight branded as false, the statement included in the testimony of Al Jennings before the senate oil committee that he had received \$25,000 from Jake Hamon. Mr. Hays said he had just sent to Senator Ladd, the following telegram:

"Never at any time for any purpose did I receive from Jake Hamon \$25,000 or any other sum, directly or indirectly, personally or on behalf of the Republican national committee, or otherwise."

PLAN TO STOP FAST DRIVING

State Utilities Commission Is Getting Busy.

(By The Associated Press.)
 Lansing, Mich., Mar. 27.—The state public utilities commission today started a state wide campaign to halt reckless and fast driving by passenger carrying motor buses. Eight lines, operating out of Detroit, were cited to appear and show cause why they should not be compelled to cease operation. All were charged with speeding on evidence secured by state police.

According to Peter Fagan, secretary of the commission, instances have been reported when motor buses raced each other at high speed, menacing passengers and other traffic. The commission found that some drivers on motor buses have been working from sixteen to twenty hours a day and it has been reported that some of them have fallen asleep while driving vehicles carrying passengers. As a result, the commission also issued an order limiting the hours of work for drivers to ten out of twenty four, and will use state police steadily to hold the operators to a thirty mile limit.

New Immigration Bill Is Reported

(By The Associated Press.)
 Washington, March 27.—The new immigration bill providing a basic quota of 2 per cent of the 1910 census was reported today from the senate immigration committee.

SOCIAL

Sewing Circle Will Meet. The Priscilla Sewing Circle of the Norwegian Lutheran church will hold their regular meeting at the home of Mrs. Ments Peterson, 1616 South 15th Street, this evening. Everyone is cordially invited to attend.

Scout Bake Sale. The Girl Scout Council will conduct a bake sale in the Needham Electric Shop, Saturday, March 29th at 10 a. m. Mrs. H. H. Hanson will be in charge and any orders may be had by calling Mrs. Hanson, No. 33 before 10 a. m. Saturday. A group of Tenderfoot Scouts will hold a cookie and candy sale in the same place at 1 p. m.

Auxiliary Meets. St. Stephens' Auxiliary will meet this afternoon at 2:30 at the home of Mrs. C. M. Frost, 521 Oakden avenue. A full attendance of members is desired.

Elect Officers. The Jefferson Parent-Teachers Association held its annual election of officers last night. The following officers were elected, and will serve during the school year of 1924-25:

Mrs. Arthur Peterson, president; Mrs. Frank Pricem, first vice president; Mrs. A. Esler, second vice president; Mrs. Fred Swanson, third vice president; Mrs. T. A. McDonnell, fourth vice president; Miss Marjorie Lee, secretary and treasurer.

Surprise Party. Miss Blanche Vorin, 612 South 15th street, was pleasantly surprised by fourteen of her girl friends at her home Tuesday afternoon in honor of her 14th birthday anniversary. Various games were played and a delicious luncheon served. Miss Vorin was the recipient of a number of pretty and useful gifts from her friends in honor of the occasion.

Mrs. Ida Widell Surprised. Mrs. Ida Widell, 524 South 15th street, was the guest of honor at a surprise party held in the church parlors of the Swedish Methodist church Wednesday afternoon. Eighty of her friends were present. A very enjoyable time was reported by each one attending. Mrs. Widell was presented with a purse of money in honor of the occasion. Delicious refreshments were also served.

CARD OF THANKS. We wish to extend our sincere thanks to all our friends and relatives for their kind aid and expressions of sympathy during our period of sorrow, the illness and death of our beloved husband and father, Dennis Brown. To the Brotherhood of Railway Trainmen and to all who sent floral offerings and who in any way helped to lessen our burden of sorrow we give our deepest thanks.

WILL TAKE OFF ALL EXCESS FAT. Do you know that there is a simple, harmless, effective remedy for overfatness that may be used safely and secretly by any man or woman who is losing the slimness of youth? There is; and it is none other than the tablet form of the new famous Marmola Prescription, known as Marmola Prescription Tablets. You can expect to reduce steadily and easily without going through long sieges of tireless exercise and starvation diet. Marmola Prescription Tablets are sold by all druggists the world over at one dollar for a box, or you can secure them direct from the Marmola Co., 4612 Woodward Avenue, Detroit, Mich., on receipt of price.—Adv.

Formal Opening of Webster School to Be Held Next Week

The Webster school building, in North Escanaba, which was remodeled during the summer and fall, will be the scene of an informal "house warming" on Friday night of next week. The public will be invited to visit the building, inspect the various departments and equipment, and hear a program to be given by Webster pupils. The school building has been in use since early in January but the "opening ceremonies" were delayed by school officials until the arrival of better weather. Superintendent of Schools W. E. Olds, and C. W. Flannigan, principal at the Webster, are hopeful that a large crowd will attend the affair next week.

STATE OF MICHIGAN Circuit Court for the County of Delta, Charles Clark, Plaintiff, vs. Doris Clark, Defendant.

In this cause it appearing from affidavit on file that the defendant, Doris Clark, is not a resident of this State, but is a resident of Green Bay in the State of Wisconsin. On motion of Plaintiff's attorney, IT IS ORDERED that the appearance of said defendant, Doris Clark, be entered herein, within three months from the date of this order, and in case of her non-appearance she cause her answer to the bill of complaint to be filed, and a copy thereof to be served on plaintiff's attorney, within fifteen days after service on her of a copy of said bill and notice of this order, and in default thereof said bill of complaint will be taken as confessed by said non-resident defendant. And it is further ordered, that notice of this order to be published in the Escanaba Daily Press, a newspaper printed, published and circulating in said County, and that said publication be continued therein once a week for six weeks in succession, or that he cause a copy of this order to be personally served on said non-resident defendant at least twenty days before the time above prescribed for her appearance.

It is further ordered, that in case of publication a copy of such order shall be mailed to said defendant at her last known Post Office address by registered mail, and a return receipt be demanded, and proof by affidavit shall be required of such mailing, and whether or not a return receipt was received, and if one was received it shall be attached to said affidavit. Dated March 26th, 1924. C. D. McEWEN, Circuit Court Commissioner, Delta County, Michigan. THOMAS J. RILEY, Attorney for Plaintiff, Business Address, Escanaba, Michigan, 9119-88-6 P.O.

Building up a checkered career wouldn't be so bad if you didn't always find it your move.

OBITUARY

MRS. OLIVER FOSSUM. Surrounded by many beautiful flowers at the home of close friends of Mr. and Mrs. Gust Anderson, 903 So. 14th St., the body of Mrs. Oliver Fossom remained after it had been prepared for burial at the Anderson Funeral Parlor.

Mrs. Fossom who was married sixteen months ago, passed away Monday after several attacks of convulsions following the birth of twin girls, their first born babes.

The entire community sympathized with the young husband whose home is broken—and for the two little motherless babes.

Rev. C. A. Lund, pastor of the Swedish Lutheran church officiated at the services which were attended by a large number of friends.

The services were very impressive. Myron Peterson presided at the piano, while Arthur Anderson sang two solos "Abide With Me" and "I Need Thee Every Hour."

The close friends who carried the flowers covered casket to and from the funeral car were, Albin Johnson, Joseph Holm, Walter Pearson, Walter Leopold, Gunner Gustafson and Marvin Peterson.

The out of town relatives who came here for the service were a brother, Leonard Anderson of Minneapolis, her mother-in-law, Mrs. O. Fossom of Winnetka, Ill., an aunt and cousin, Mrs. Christina Anderson and daughter, Edna of Bark River.

Interment was made in Lakeview cemetery in a flower lined grave in the family lot.

MARCH'S CHANGEABLE WEATHER.

One may expect many changes in weather in March, and should be prepared for coughs and colds. The slight cold, if neglected, may develop into a serious illness. With the first sign of a cough or cold take FOLEY'S HONEY AND TAR COMPOUND, the old reliable family cough remedy, excellent for coughs, colds, hoarseness, John R. Lyons, Prescott, Arizona, states: "I had a bad cough, used FOLEY'S HONEY AND TAR COMPOUND and it relieved me in a little while." Sold everywhere. Mar.-Wed. Fri.-Sun.—Adv.

Escanaba Ore Find Widely Advertised Throughout U. S.

Clippings from Los Angeles newspapers, received by Cheever Luckbee yesterday, were an indication of the widespread publicity given throughout the country, to the exploration work west of the city where a large ore field has been disclosed. Inquiries from a dozen widely scattered states concerning the discovery have been received by officers of the company, it was said.

In iron trade publications the discovery is treated as one of the most important in recent years, due to its proximity to the local docks.

Make First Trip Over St. Jacques Road Yesterday

Rapid River, Mich., March 27 (Special)—Orin and Lloyd Pappeneau starting out from St. Jacques at 1 o'clock this afternoon in a Ford sedan, and arriving here at 5:30 tonight, were the first ones to traverse this stretch of M-12 this season. Last Sunday a number of cars from Nahma tried to get through but failed.

The Rapid River-St. Jacques stretch is the last of the M-12 highway east of here to be closed, the road from St. Jacques to the Schoolcraft county line having been opened up last week.

It is expected that a number of other cars will attempt to make the trip this week, now that one car has gotten through.

P. V. L. TO MEET AT CITY HALL THIS EVENING

A meeting of the Delta County Progressive Voters League will be held at the city hall in this city at 7:30 o'clock this evening. It is one of the most important meetings of the year, according to Chairman C. C. Stephenson, and he desires everybody to turn out. With the approach of the primaries, he is desirous of having a good attendance at tonight's meeting.

Hammersmith Held On Liquor Charge

William Hammersmith, of Beaver, arrested by members of the sheriff's force Wednesday on charges of violating the liquor laws, was held yesterday by Judge C. D. McEwen in bonds of \$500 to await the action of circuit court in his case. The charges involve sale and possession of home-made whiskey.

Hammersmith was described by the sheriff's office as one of the most persistent violators of the law in the county. It is likely the case will be transferred later to the federal courts.

Chimney Fire Endangers A Business Room

A chimney fire at the McClellan Store in the 1000 block on Ludington St., at 9 o'clock yesterday morning threatened serious damage for a time, as the building is a frame and stands in a location which would have endangered much business property, had the fire attained any headway. However, quick response of the fire department resulted in extinguishing the blaze by the use of chemicals, without any damage having been done. At the same time there was trouble from an overheated furnace pipe in the basement, but this did not even get started.

RADIO-AUTO SHOW.

Setting of a later date this year the holding of the Radio-Auto show, by the association which is such a splendid start last year shows commendable judgment.

Between April 23-26, all leading into Escanaba are really certain to be in good selling condition and there is every reason to believe that more of our friends from the country will be in this year than last.

THE SPRING CLEAN-UP.

Escanaba's annual spring clean-up will soon be in progress. This year, it is the hope of the city administration that everyone will have a spirit of cooperation which will leave the streets and alleys of this city in as nearly a spotless condition as can be attained.

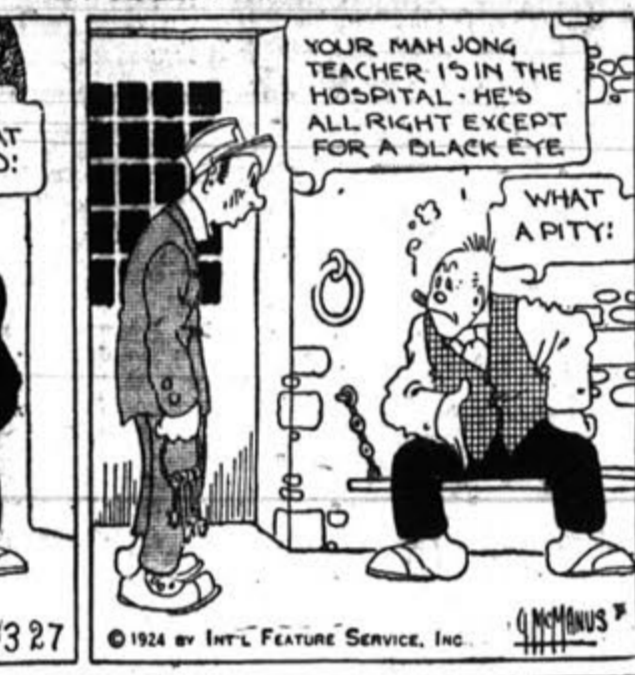

Citizens are urged, in the interests of making the work efficient, to get their ashes and rubbish piled early so that turn trips will not be necessary for the wagons.

In other words, "Here's your report—read it and like it."

The Michigan State Telephone Company is to institute a new billing system. You pay what you owe now and in a few days you will get a bill for what the company thinks you should owe them at the end of the month.

It's usually volume that counts in the maple syrup maker's business that, little or much, it always takes fifty-two gallons of sap to make a single gallon of syrup.

ORE BOATS ARE "FITTING OUT"

Ore boats which have spent the winter in the Escanaba harbor are being fitted out for an early opening of navigation. It was learned yesterday. It was stated unofficially, that the vessels will be ready to make their way to other ports within the next ten days or two weeks, if the ice conditions will permit their departure.

Ice 18 Inches Thick.
Monday's official ice measurements here showed that the thickness remained about 18 inches, but rapid deterioration is in evidence. At Green Bay the ice averaged about 9 inches in thickness and was reported rotting very rapidly. No ice fields of any consequence have been reported along the entire west shore of Lake Michigan, nor along the east shore northward to Sleeping Bear point; from North Manitou Island northward to the Straits the field continues solid; at the Straits the ice continues 16 inches but the snow covering is turning to slush under the influence of warm weather," the weekly ice report says.

"Superior harbor ice is 21 inches as softening," says the report. "Open water is reported beyond Grand Marais. Ice field extends beyond vision on Ontonagon but no ice fields on west side of Keweenaw Point and only new ice on the north side; from Marquette east to Whitefish Point the fields extend beyond vision and Whitefish bay is solid. More favorable conditions at Sault Ste. Marie, where ice is 15 inches in thickness.

Four boats, The Senator, The A. M. Byers and two Reiss carriers have spent the winter here. H. H. Spindler, of the local weather bureau, predicted yesterday that a continuance of the present weather conditions would so "honeycomb" the ice within the next two weeks that it would be easy to force an entrance into the harbor whether the ice takes natural flight or not. The ice at present is much thinner than it was on April 29 last year when a fleet of ore carriers crashed their way into port.

Woman Thinks She Can't Talk Enough

"I had gall stones for 14 years and suffered severely from gas, colic and indigestion. Doctors wanted me to go to the hospital, but I took Mayr's Wonderful Remedy instead, and am now feeling fine and better than I ever did. I can't talk enough about this remedy." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

CITY BRIEFS

Charles Tuxford of Jamestown, N. Y., is in the city on a business mission.
Mrs. O. E. Johnson of Milwaukee returned to her home after a brief visit in this city.
John Dalewelle of Racine returned to his home after a brief visit in this city and at other points in the county.
Miss Jennie Donovan of Eau Claire, Wis., is spending a week with relatives in the city.
Fred Smith of Marquette returned to his home after a business trip in this city.
Miss Julia Daniels of Houghton was a visitor here yesterday enroute to Fond du Lac, Wis., where she will visit her sister.

Surprise your Folks—Corn Muffins and Maple-Syrup.

HIGH DEBATERS CLASH TONIGHT

Escanaba and Sault Ste. Marie high schools will clash tonight in a double-header debate, the affirmative teams of both schools making the out of town trip.

The Escanaba affirmatives, headed by Gunnar Back, captain, and including Miss Irene Hanson and Warren Edwards, will speak at the Soo.
The Escanaba negatives—Lawrence Hartwig, captain; Dorothy Garity and Almon Arnold,—will meet the Sault negative team—Bert Hazen, Alan Hathway and Donald Larmouth—in the high school auditorium here.

The subject is "Resolved: That the Adoption of a Ship Subsidy Would be Wise National Policy." Doolittle is Judge.
Thomas J. Riley, of the Delta county bar association, will be chairman. H. S. Doolittle, superintendent of the Negaunee schools will be the "loner" judge, and Fred Payne of Ishpeming will be time keeper.

The debate will be the last one on the local schedule. Both Escanaba and Sault Ste. Marie have gone through their contests without defeat, and the contest is expected to be one of the best ever held here.

The Soo affirmatives arrived in Escanaba last night. The Escanaba affirmatives will leave for Sault Ste. Marie early this morning.

Expect Big Crowd.

High School Folk to Get Reports on Class Work Today

The students of Escanaba High School will know today just where they stand in scholarship when compared with the other members of the school.

During the last few weeks a special study of the scholarship records has been made in each of the four classes and the results have been tabulated. Today during the general assembly period each student in the high school will receive a sheet containing the scholarship record of every student in his class. This sheet will tell the student just where he stands with respect to the other members of his class. Parents of high school students should be very interested in this data and should be sure to study these sheets very carefully.

Are Woman 100 Per Cent Efficient

How many women do you know who are one hundred per cent efficient? That means every nerve and sinew of the body pulsating with life and health as nature intended. Do you not know more who are half dead and half alive, with aches, pains, nervous, irritable and despondent, making themselves miserable and every one around them? Women in this condition should let Lydia E. Pinkham's Vegetable Compound rebuild and restore them to a normal healthy condition which will make them one hundred per cent efficient and life worth living. There are women in every section of this country who testify to its merits. Adv.

First Auto Arrives on Menominee Road

Edwin Peterson, salesman for a Menominee wholesale concern, was the first autolast successfully to negotiate the road between Menominee and this city this year. He arrived in Escanaba Wednesday, and reported that except in one or two places where it was necessary for him to use the railway tracks for a distance, the going "wasn't bad." Automobile men said yesterday, however, that it probably would be several days before the road will be used regularly by motorists. So far as is known, no motorist has made the trip between Escanaba and Menominee.

Census of Escanaba Manufacturers To Be Made This Week

Completion of the federal manufacturers' census, of which O. I. Bandeen, secretary of the Chamber of Commerce, is local director, and the final preparations for the Delta county exhibit at the Michigan Industrial Exposition in May, probably will be attained by the end of the week, it was said at Mr. Bandeen's offices yesterday. The federal census will show that Escanaba has more than 40 plants which, under the federal definition of "manufacturer" will be listed with the Washington census bureau, it was expected.

Tuori Timber Case Settled, Dismissed

The case against Victor Tuori, who was charged by the Chicago & Northwestern with stealing timber from the railroad company's lands in Masonville township, were dismissed by Judge C. D. McEwen yesterday at the request of the prosecution. It was understood that the case, involving about \$1,300 worth of lumber, had been settled.

Gasoline Prices

A LATE bulletin issued by the Bureau of Mines points out that 1923 established a new high record in gasoline production in the United States, reaching 7,555,945,143 gallons—an increase over 1922 of 21.83%.

The National Petroleum News prints an estimate that the probable requirements during 1924 will be 8,236,617,000 gallons of gasoline.

Unless the 1924 output of gasoline shall more than equal the high record of 1923, the supply will fall short of the demand by at least 780,617,857 gallons.

It is a well-established fact that crude production has declined sharply, California alone shows a falling off from the 1923 high mark of more than 200,000 barrels a day.

Manifestly only those refiners who can extract the greatest yield of gasoline from a given quantity of crude oil are in position to render a major service under existing circumstances.

During the past several years processes have been developed in the laboratories of the Standard Oil Company (Indiana), by means of which this Company is able to recover a greater yield of gasoline from a given quantity of crude.

The benefits derived from the operation of these processes accrue directly to the advantage of the motoring public, because the increased yield secured by the Standard Oil Company (Indiana) exerts a marked deterrent influence on the price you pay for a gallon of gasoline.

ALMA COLLEGE CLUB MAKES A BIG HIT HERE

Singers Present Pleasing Program At The Auditorium.

Manistique people gave a cordial reception to the Alma College Glee club singers, who visited this city Wednesday night, on the fourteenth annual concert tour of the organization.

The college singers were heard at the high school auditorium, where they were greeted by a well-filled house. The concert here was the fifth one the glee club has given on this year's tour, and was the second stop in the Upper Peninsula.

On the previous night, they appeared at St. Ignace, and they left yesterday morning for Marquette, which is the limit of their trip west. Tonight, they will return to Newberry, and after a concert at Rudyard, will return to the lower peninsula. The local concert was arranged by the junior class of the high school.

Audience Appreciative.

The program opened with Bullard's "Winter Song" by the fall glee club. This proved a pleasing sample of the singers' ability, and they were received with hearty applause, which was evident throughout the entire program. None of the numbers were overdone, and there was no hoisterous singing. The instrumental work also, was sweet and harmonious, rather than loud and compelling.

One change was made on the program. Instead of two solos by Harold Bailey, tenor, as the second number of the program, two selections were sung by Professor J. W. Ewer, the director of the club. Mr. Ewer chose "The Road to Mandalay," and "Where My Caravan Has Rested," for his solos.

The quartette, composed of Myron Hughes, Royal Oak; Howard West, Crosswell; Lowell Hudson, Merrill; and Erwin Merriam, Flint, was a feature number of the program, and were forced to respond to several encores following both of their appearances.

Plays Three Instruments.

A saxophone duet by Kenneth Wolfe of Alma and Lowell Hudson, was exceptionally well done, without flare or fuss, and called for an encore also.

Mr. Wolfe, who plays violin, clarinet, and saxophone, rendered solos on each of these instruments, with an ease and smoothness that made a hit with his listeners. His partner in harmony, Mr. Hudson proved to be a pleasing baritone singer and

his solos were warmly received. The last quartette selection was "A Little Closer Harmony," which proved to be a medley of old favorite songs, and after they had responded to several encores, the program closed with two selections by the glee club, "Pale in the Amber West," and "Alma Mater."

Russell Wilson Talks.

The organization was introduced by Russell Wilson, member of the high school faculty and former student at Alma. In his announcement, Mr. Wilson also called attention to the next year's program, "Smilin' Through," which will be presented here on April 8.

Following is the personnel of the organization:

Professor J. W. Ewer, Director; C. Lowell Hudson, Baritone and Saxophone; Kenneth Wolfe, Violin, Clarinet and Saxophone; Harold Bailey, Tenor; Carroll Clark, Accompanist; Erwin Merriam, Accompanist.

The Quartette:

Myron Hughes, Howard West, Lowell Hudson, Erwin Merriam.

The Club:

First Tenors—Russell Catherman, Farmington; Harold Bailey, Breckinridge; Myron Hughes, Royal Oak; Leslie Hawn, Houghton, Detroit.

Second Tenors—Howard West, Crosswell; Carlton Noeland, Manicoba; Gilbert Davis, Royal Oak; Henry Holland, Alma; Stanley Frazier, Harbor Beach.

Baritone—Lowell Hudson, Merrill; Forrest Freeman, Bay City; Kenneth Wolfe, Alma; Frank Prouty, West Unity.

Second Bass—Robert Wyatt, Rudyard; Burrows Rathburg, Imlay City; Elliott Crooks, Alma; Erwin Merriam, Flint.

JOE'S TEAM IS ATTRACTION AT THE GYMNASIUM

Business men and seniors clash at the Manistique high school gymnasium tonight for their second basketball tilt of the season. The first one was won by the seniors, but the business men claimed an irregularity because of the fact that the referee did not hear the timer call out the end of the game.

In the previous contest, Blumrosen's men played the curtain-raiser. Tonight, they are the main event. The preliminary will be between the sophomores and juniors, who are still battling for second place in the interclass championship contest.

The lineup tonight will be much the same as they were before. Captain Joe Blumrosen will start at his usual position with the business men, and stick to his post as long as his pop holds out. Others on his team will be Drevdahl, Evans, Creighton, Teeple, Noble, Schuster and a few more.

"Tryka," "Charm," and "Bob-bette" hats, always exclusive—never expensive—at the Ruby Nicholson Shop.

MINERS CLAIM THE U. P. CAGE CHAMPIONSHIP

But They Must Beat Manistique To Prove Their Boast.

Any old basketball team that comes out and jays claims to the Upper Peninsula independent championship, will have to prove their claim before they are recognized as such by Manistique.

P. G. Lundin, manager of the Manistique Legion basketball team, happened to run across the following little newspaper article from Michigan magazine the other day:

Lundin Sends Challenge.

"In a fast, but one-sided contest, played Saturday night in the Imperial Heights gym, the Michigan Ford Miner's basketball team swamped the Iron Mountain quintet by a 42 to 23 count, and gained undisputed right to the upper peninsula independent championship."

Says Peetee to himself, if they think their right to that title is undisputed, they're wrong, and he sat right down to write a challenge to the Michigamians, inviting them to come down to Manistique and "show their stuff" if they wanted to claim the Upper Peninsula championship.

"I sent them a challenge today and I hope I can get them down here," said Lundin. "I told them all about our record, and that we had as much claim to the championship as they had."

No Michigamian team has beaten Manistique this season. Their only two defeats of the season were at the hands of Oconto and Waupaca, Wisconsin. With practically the same line-up, the locals were not once defeated in 1923. If the Michigamian players are as good as they claim to be, and Lundin succeeds in hooking them for a game here tonight for the Upper Peninsula championship, the clash should draw a record-breaking crowd, and will make a fine climax for the Legion's successful basketball season.

Manistique Girl Wins Big Honor

Milwaukee, Wis., Mar. 27.—Catherine Havlichek of Manistique, Mich., a junior in the Marquette University College of Journalism and graduate of Manistique high school is one of seven students nominated for membership in Phi Epsilon, honorary society of the College of Journalism. Only two co-eds were thus honored.

Those who have been outstanding in their scholarship, loyalty and service to Marquette and the Journalism college are named for membership by the faculty and members of Phi Epsilon. Miss Havlichek was chosen along with Chester DuClos, Duluth, Minn.; Ruth Reynolds and Arch Ely, Milwaukee; Frank L. O'Brien, Lake Geneva, Wis.; Walter Belsom, Hartford, Wis.; and Edward A. Harrigan, Mazomanie, Wis.

Miss Havlichek has been prominent in Marquette activities since her matriculation at the university in 1921. She is a member of the Marquette Press club, the Marquette Co-eds' club and of the Marquette chapter of Theta Sigma Phi, national journalistic sorority. She is on the business staff of The Hilltop, university annual, and is exchange editor of The Tribune, the Marquette student newspaper.

Initiation ceremonies for Phi Epsilon will be held next Sunday at a downtown hotel. Ray H. Pfau, Indianapolis, Ind., is president of the society.

Mothers You Can Prevent Children From Taking Cold

Next Time They Come in Wet and "Sniffing" Rub This Vapor Salve Over Throat and Chest

When children come in from play with feet wet, noses blue and hands like lumps of ice, you feel sure that they are "in for a cold."

But the next time try Vicks. At bedtime rub this vaporizing salve well in over throat and chest and cover with a warm flannel cloth.

The body heat, releases the ingredients—Menthol, Camphor, Eucalyptus, Juniper Tar, etc.—in the form of vapors, and these vapors go directly to the air passages, stimulating the mucous membrane to repel germ attacks.

At the same time Vicks increases the circulation of the blood through the chest region, thus helping to prevent any congestion developing.

If applied in time, Vicks will prevent many colds from getting a start and its use doesn't disturb the child's digestion as constant internal dosing is so apt to do.

WILLIAMS BOY FOUND GUILTY BUT IS FREED

A verdict of guilty was returned in justice court here Wednesday afternoon for Harland Williams, 18, of Steuben, who was charged with making threats to Louis Bouschor, fire warden in that district.

In submitting their verdict of guilty as charged, the jury of Manistique business men also recommended that the youth be released, but kept under surveillance. This recommendation was followed by Justice W. A. McKinney. Williams was released, and his future conduct will be watched by Mr. Herman, deputy sheriff in the Steuben district.

The young man is a son of William Williams, who is now serving time at the Marquette branch prison for the killing of J. Carlson of this city. The Williams family is a large one, and the boy has been contributing to the support of his mother and other children, who are county charges.

Warden Bouschor said that the youth had repeatedly made threats that he would "knock off the warden's head," "give him a damn good licking," etc.

A short time ago, Williams was brought into justice court in regard to illegal shooting of deer was convicted, and paid a fine. At that time, he had no lawyer, and conducted his own case.

Frank Wharfield Will Summer At Whitefish Lake

Captain Frank Wharfield leaves Manistique this week for Whitefish Lake, a beautiful fishing and tourist resort, where he plans to spend the entire summer.

The Whitefish Lake region is noted for its beauty, and attracts many summer vacationists each year. It is located about 55 miles from this city.

ADOPT NEW SYSTEM OF BALLOTING

Seven Groups In Votes For Booster Club Directors.

A change in the system of balloting for the board of seven directors of the Booster Community club, was made Wednesday evening at a meeting of the club organization committee held in the council chambers of the city hall.

According to the plans adopted at this meeting the balloting will be divided into the following seven groups, each voter selecting one representative of each group in his voting:

Wage earners.
House wives.
Professional men and women.
Merchants.
Railroad men.
Salaried men and women.

In this manner of balloting, it is believed, a board of directors will be selected that will be representative of the entire city which the booster club will represent.

The first mail balloting in which the fourteen men receiving the highest number of votes were selected as candidates, was dropped in favor of the system proposed Wednesday night. The first vote, it was pointed out, meant the selection of two or more men in the same line of work, for the board. This would result in a group that would not be representative and the board would lack its first essential.

The ballots with the seven divisions indicated will be mailed out this afternoon to the booster club members and the person in each group receiving the highest number of votes will be placed on the board.

These ballots must be returned by mail not later than Tuesday noon, in order that the votes may be counted at the regular meeting of the committee which will be held Tuesday night at 7:30 o'clock.

The meeting Wednesday was attended by the following members of the committee, James T. Jones, Leonard Clapp, Mrs. Max Neveaux, Dan Sullivan, John A. Olson, John M. Olson, Ewald Erickson and J. A. Sturgeon.

ROY RABY RETURNS FROM MINNEAPOLIS

Roy Raby, who has been in St. Mary's hospital at Minneapolis for the past eleven weeks, under the care of a specialist for injuries to his right leg suffered in a fall into a pit at the Soo line yards, returned Thursday morning to his home in Gladstone.

Mr. Raby has recovered sufficiently to get about, his friends will be glad to learn, but the knee is still stiff and while there is a possibility of it limbering up, the injured man will not be able to return to work for ten months or possibly a year. He will return to Minneapolis in a month for further treatment.

Mr. Raby was injured on January 12, when he fell into a pit in the Soo line yards, and a heavy jack falling after him and catching his right leg, injuring it severely. The injured man was hurried to Minneapolis when an X-ray had shown that the ligaments were torn and the knee cap dislocated and he has been under the care of specialists at St. Mary's hospital since that time.

Mr. Raby's many friends are glad to see his return to Gladstone and are hoping that further improvement may be shown in the near future.

Road to Perkins Is Now Open

The road to Perkins is now open to traffic, according to H. H. Albin, Gladstone insurance man, who yesterday drove in to Gladstone from Perkins, following the plow. Mr. Albin stated that the road was in fair condition and that he experienced little difficulty in driving.

PERSONALS

The regular meeting of the Royal Neighbors will be held tonight at Eagles' hall at 7:30. There will be a program after the meeting.

Miss Inger Nossman, who has been visiting at Manistique, has returned to her home here.

Ira Collins and sons of Perkins were Gladstone visitors yesterday.

Jerry LeClaire has taken employment with the Soo line road. Carl Hillman has taken employment with the Soo line road. Mrs. C. Valind has arrived from Columbus, O., to visit here as the guest of Mr. and Mrs. Dolph Page and Mr. and Mrs. Wilfred Valind. White on her way north, Mrs. Valind attended the funeral of a brother in Chicago.

David LeDuc has taken employment at the Soo line. Mrs. Chris Smith yesterday submitted to an operation at the St. Francis hospital in Escanaba.

Among the new owners of Ford cars, recently delivered by the H. J. Norton Ford agency, are: J. D. Albright, touring; Alphonse Vermeur, four door sedan; John Gordon, coupe; the Rev. Father S. Maier, coupe; Louis Amundsen, coupe.

Work has been started by the city workers repairing the floor of the fire hall. Hardwood flooring is being laid on the part of the floor now covered by ordinary board flooring and when the work is completed the entire floor of the fire hall will have a hardwood floor.

Robert Artley has returned from a trip to Iron Mountain. William Sebon of Milwaukee was a business caller here yesterday.

E. W. Chadwick, who has been employed here, left last night for Ladysmith, Wis.

"MOTHERS IN LAW" SCORES BIG SUCCESS

Of all those who laughed, cried and thrilled over Gannier's unusual production of "Mothers-in-Law," which had its local premiere at the Community theatre last evening, it is safe to say that there was complete agreement on at least one thought.

And the thought was, that they never again would find fun in the old mother-in-law joke.

Whatever else the great French director has done, he has succeeded in placing this frequently maligned member of the family on a pedestal from which she need never again come down, and in the making of this Preferred Picture there is every evidence that he has had the whole-hearted cooperation of B. P. Schulberg, head of that producing body, and of Al Lichtman, head of the distributing company that has given it to the world.

Home Life Depleted. To begin at the beginning, the producer provided a remarkable story of home life, teeming with drama and those unexpected twists that reminds one of O. Henry. The story, from the combined pens of Frank Dazey and his equally gifted wife, Agnes Christine Johnston, also had the benefit of the literary ability of Olga Printzlau, who prepared the continuity from which the director worked.

Glass Excellent. Then somebody appears to have exercised something approaching a genius for casting a picture, as every member of the company, even down to the least important parts, fits into the story as if born to the role. Gaston Glass, as the harassed husband, gives a remarkably sympathetic performance. Ruth Clifford, reputed to be the best dressed woman on the screen, was particularly satisfying to the eye, both in her own person and in the unusually attractive gowns worn in every scene.

Miss Yorke's Best Work. Edith Yorke, the sweet little mother-in-law of the picture—mother to most of our screen favorites in past productions—had the opportunity of her life in this trying role. One can feel every emotion as she experiences them during her trying moments with her wayward daughter-in-law.

Rent it the Classified Way.

WISCONSIN SEWER PLAN IS APPROVED

April 14, Date Set For Hearing Objection Of Property Owners.

Plans for the installing of a sewer system on Wisconsin avenue from Fifteenth street to Railway avenue were approved by the city commissioners Wednesday evening after profiles and estimates on the project had been submitted by City Manager C. W. Ham.

A resolution providing that the sewer system be installed was made by Commissioner Jackson Stephenson, supported by Commissioner John Matson and received the unanimous support of the body.

April 14 was set as the date for the hearing of any objections of property owners in this section.

The estimated cost of installing the system is \$2,378.40, \$1,529.65 for the main pipes and \$848.75 for lateral connections.

The Wisconsin avenue sewer project is one of the first on the 1924 program and it is planned to start work on it as soon as possible.

The matter of paying Wisconsin avenue from Central avenue to Railway avenue was also brought to the attention of the commission, the petition later being returned for more signatures. The paving of the street, according to rough estimates will cost in the neighborhood of from \$3 to \$3.50 for each foot of frontage.

The commission Wednesday night granted a soft drink license permit to Walter Burnett whose place of business is at 813 Delta avenue.

Voting Hours.

An ordinance was also passed providing that the polls be open from 7 o'clock in the morning to 8 o'clock at night on April 7, election day.

Considerable time was spent going over the matter of tax on flour which might be stored at the Soo Line docks here, but no definite action was taken.

F. E. Brown, who has been employed as a switchman on the Soo line here, has returned to Minneapolis because of illness.

MINSTREL REHEARSAL ON TUESDAY

First rehearsal for the minstrel show which will be given April 30 and May 1 for the benefit of the firemen's tournament fund, has been called for Tuesday night at the Community building auditorium.

Everyone in Gladstone interested in making the minstrel a success is asked to be present at this time.

Directors Leonard Clapp and Gene Dayton will be present and first practice of the minstrel show songs, which have been received, will be held.

Will Initiate Officers April 23

Initiation of officers of the Sacred Heart Court, Catholic Order of Foresters, will be held on April 9, as was first planned. The change was made with the transaction of other business matters at the regular meeting of the society held Wednesday evening, following the Lenten services at All Saints' Catholic church.

Was skeptical of Kellogg's Bran until it gave him back his health

Naturally Mr. Carter—who letter fellows—was skeptical. He had tried practically everything for the relief of constipation. All had failed. But Kellogg's Bran brought him permanent relief, just as it has done for thousands of others. Read his letter:

Gentlemen:
I am 43 years old, and have been for years a great sufferer from constipation. I had to resign a clerical position because of rashes of blood to my head, some of which caused me to fall to the ground. I took an outdoor laboring job and tried for the first time, skeptically I admit, your Krumbled Bran. The result has been wonderful. I began to be normal after I had been on the Bran about three days. No more enemas, no more Old Dr. Senné's Pills, Epsom salts by the

ton, etc. ad infinitum! You have the most wonderful product for constipation I have ever seen or tried. Yours very gratefully,
L. T. Carter, 291 Nineteenth St., Brooklyn, N. Y.

Kellogg's Bran, cooked and krumbled, does not irritate the intestines like drugs and pills. It acts exactly as nature acts. Eaten regularly, it is guaranteed to relieve permanently the most chronic case of constipation, or your grocer will return your money.

You will like the exclusive, nut-like flavor of Kellogg's Bran, cooked and krumbled. Eat two tablespoonfuls daily—in chronic cases with every meal. Eat it with milk or cream and in the recipe on every package. Sold by all grocers. Made in Battle Creek.

FADA "ONE SIXTY" Neutrodyne Radio Receiver

"If we don't get 'em on the loud speaker we can't count 'em"

That's how good the FADA "One Sixty" Neutrodyne radio receiver is. Goes after distant stations and gets them as easily as an ordinary receiver picks up a station a few miles way. Volume enough, even on the most distant station, to operate a loud speaker. Selective to the nth degree. Tunes out anything you don't want to hear. So perfectly made and adjusted that the FADA "One Sixty" operates at maximum without distortion. Cannot re-radiate and annoy your neighbors. The set you ought to own. Ask your dealer for this wonder radio receiver. Worth every cent of its price, \$120. Tubes, batteries, phones, etc., extra.

NEW WORLD'S RECORDS SET

Final Bowling Scores Show Sensational Work. Chicago, March 27.—Three changes in the doubles ranking were registered in the American Bowling Congress here in the final day of competition today.

HOCKEY MEN AGREE ON A PLAYER SWITCH

(By The Associated Press.) Toronto, Mar. 27.—An agreement on the question of player-migration, which has been a point of dispute between the two countries for some time, was reached today at a conference between William S. Haddock of Pittsburgh, president of the United States Amateur Hockey Association, and a committee representing the Canadian Amateur Hockey Association.

SHARP BREAKS IN INDUSTRIALS

New York, Mar. 27.—Sharp breaks in high priced industrials issues unsettled today's dull stock market after an early period of irregularity in which the buying influence predominated. At the close the average of 29 leading industrials had established a new low record for the year.

NEW YORK STOCKS (Last Sale)

FOR SALE—General houses in different parts of the city. Inquire Geo. F. McEwen. Phone 338-34. WANTED—Middle-aged lady for a wife by a middle-aged gentleman to live in the country.

Stribling Much Sought As Boy Fistic Wonder

New York, Mar. 27.—Mike McTigue, world's light heavyweight champion and Young Stribling, Georgia schoolboy, who will meet in a 12-round match at Newark next Monday night, are two of the most sought after pugilists now in the limelight.

HARDING NAME BROUGHT NEAR EDGE OF QUIZ

(Continued from Page One) then made his statement as to what he expected her answer would be. Miss Stinson left the stand after her fourth appearance, having only answered a few questions in extension of her story that she had been "framed up" at Cleveland hotel as the wife of A. L. Fink, and having attempted to blackmail Attorney General Daugherty.

JOHNSON HAS A 1700 MAJORITY

(Continued from Page One) reported. In those counties, 601 precincts have reported. Taken as a group, returns in those twenty-two counties give Coolidge a lead of 1,472, Johnson polling 11,235 to the president's 12,707. This means an average majority of less than 2.5 votes a precinct for Coolidge in the incomplete counties to date.

Siki Putting On Too Many Bouts To Suit Manager

(By The Associated Press.) Havana, Mar. 27.—George Lawrence, fight promoter, is going back to the United States. "When the fighter you are supposed to promote puts on five bouts in as many weeks and you don't get a chance to promote any of them, what's the use of sticking around?" Lawrence asked tonight. Then he announced that next week he would return to New York and start promoting for somebody else than "Battling Siki".

NAVAL HEAD IS SECRETARY OF OLYMPIC BODY

(By The Associated Press.) Washington, Mar. 27.—Secretary Wilbur accepted today an invitation extended by Colonel Robert M. Thompson, president of the American Olympic Association, to be vice president of that organization. At the same time the naval secretary accepted an invitation from Julius H. Barnes, president of the Chamber of Commerce of the United States, to attend the annual meeting of the national chamber to be held in Cleveland, Ohio, beginning May 7.

Rigney To Return To Tigers Soon

(By The Associated Press.) Detroit, Mar. 27.—Emory (Topper) Rigney, shortstop of the Detroit Tigers, whose hip ailment forced him to visit the Mayo Brothers' Hospital at Rochester, Minn., will return to the club next week he wired Manager Cobb at Raleigh, N. C., today. Rigney's hip handicapped him in his playing last season and when the trouble recurred at the Augusta, Ga., training camp, Manager Cobb sent him to Rochester to have the trouble diagnosed.

SAYS DAUGHERTY IS NEARING END

(Continued from Page One) allowed an opportunity to weather the storm. Two Conferences. The president, having considered both sides of the question, held two conferences yesterday with Mr. Daugherty, the first meetings outside of the formal cabinet sessions that he has had with the attorney general since he returned from Florida about three weeks ago.

Coughs that wear you out. making you feel weak and ill, rasping your throat and lungs until they are sore—break them up now before they cause you more serious trouble. Dr. King's New Discovery cures coughs, colds and whooping coughs quickly by stimulating the mucous membranes to throw off clogging secretions. It has a pleasant taste. All druggists.

BRINGING UP FATHER. Of all the family, father is apt to be the most careless of a cough or cold, and it is the duty of mother or the girls to see that he takes FOLEY'S HONEY AND TAR COMPOUND at the first sign of a cough, cold or hoarseness. After he once tries it, finds out how effective and pleasant it is to take, he will not hesitate to use it always. Contains no opiates. Safe and sure. Has served three generations. Sold everywhere. Mar.-Wed.-Fri.-Sun.—Adv.

CUT THIS OUT—IT IS WORTH MONEY. Send this ad and ten cents to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. You will receive a ten cent bottle of FOLEY'S HONEY AND TAR COMPOUND for coughs, colds and hoarseness, also free sample packages of FOLEY PILLS, a diuretic stimulant for the kidneys, and FOLEY CATHARTIC TABLETS for Constipation and Biliousness. These wonderful remedies have helped millions of people. Try them! Sold everywhere. Mar.-Wed.-Fri.-Sun.—Adv.

STOP ITCHING ECZEMA. Penetrating, Antiseptic Zemo Will Help You. Never mind how often you have tried and failed, you can stop burning, itching Eczema quickly by applying Zemo furnished by any druggist for 35c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time usually every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, antiseptic liquid. When others fail it is the one dependable treatment for skin troubles of all kinds. Zemo Soap, 25c.—Zemo Ointment, 50c.

CHICAGO GRAIN. Chicago, March 27.—Wheat to sell corn overwhelmed the demand for that cereal today, and hurried the May delivery price down to the lowest figure since the beginning of 1924. Largely as a consequence, oats and wheat touched new low price records for the crop. Corn closed unsettled 1.25 to 1.30 down, May 3-4 to 75-80. Amalgams 60 to 1.00 off, what ranging from 1-4 to 1/2 decline to 3-8. Main, May 1.01-3-8 to 1.01-1/2 and July 1.01-1/2 to 1.03-8. In provisions the outlook is somewhat associated with prevailing fine weather likely to facilitate the movement of corn as well as to promote the seedling of oats. From the depressing effect of the downward slide in corn and oats, the chief influence on wheat was the suspicious outlook for the growing crop in the hard winter wheat belt. News was also at hand that much seeding of spring wheat had taken place. Buying of wheat against sales of corn, however, tended to steady wheat at the last. Provisions were upheld by firmness of hog values.

CHICAGO BUTTER. Chicago, March 27.—The butter market today ruled barely steady with an unsettled undertone. Trading on the whole was quiet. Centralized cars were limited and the market appeared fairly steady. Centralized carlots, 90 score 43.

CHICAGO POTATOES. Chicago, March 27.—Potatoes about steady receipts 7 cars; total United States shipments 888; Wisconsin sacked round whites 1.25 at 1.30; bulk 1.20; Minnesota and North Dakota sacked Red River Ohio 1.00 at 1.15; Idaho sacked russets 2.25 at 2.35; poor stock 1.10 at 1.15; Wisconsin bulk russets rural 1.45.

YARN EMBROIDERY. Yarn embroidery in bright colors is used on white crepe frocks to make pocket, hem, collars and panels.

FOR RENT—Nicer furnished rooms, warm, central heat, centrally located. Breakfast if desired. Phone 700-J. 9085-85-82.

Notice B. P. O. Elks. You are earnestly requested to attend a special meeting, Friday evening, March 28, at 8 o'clock. Bro. H. C. Jussen, Deputy District Grand Exalted Ruler, will be present to inspect and address the lodge. This meeting is open for all members, whether in good standing or not. Please make a special effort to attend. Arthur Peterson Exalted Ruler.

Other sport coats in plain colors and heather mixtures \$2.95 to \$4.45

AMUSEMENTS

AT THE DELFT.
The Great American Romance has reached the screen. At last the west, in all its beauty, romance, drama and magnificence has been captured in celluloid. "The Virginian," now showing at the Delft Theater may be called without exaggeration, an epoch-making picture.

AT THE STRAND.
One of the speediest and most entertaining pictures to be seen in Escanaba in a very long time opens today at the Strand Theater. It is called "The Marshal of Moneymini," and serves as a starring vehicle for Jack Hoxie, as husky a specimen of two-fisted masculinity as has ever appeared before the camera. After a long succession of cream-tuff heroes, Mr. Hoxie's 210 pounds of hairy-chested manhood comes as a positive relief.

What Congress Did Yesterday

(By The Associated Press.)
Senator Borah offered a resolution looking to a combined economic and disarmament conference in Washington. Tax returns of "Mellon companies" were explained before the senate committee investigation of the bureau of internal revenue. The new immigration bill providing a basic quota of two per cent of the 1910 census was reported by the senate immigration committee. Representative John Langley of Kentucky and five others were indicted on charges of conspiracy to obstruct the operations of the government.

Al Jennings told the oil committee that Jake Hamon told him of plans to nominate Warren G. Harding at Chicago in 1920, and that it had cost Hamon \$1,000,000.

The oil committee subpoenaed the treasurer of the Democratic national committee, George White, the former chairman, and E. L. Doherty to inquire about campaign funds.

The senate Daugherty committee heard the cross examination of Roxie Stinson and charges by H. L. Scaife that he had blocked efforts to expose alleged aircraft frauds.

A federal reserve board study of practical methods of stabilizing international exchange and extensions of the department of agriculture's service were decided upon today by President Coolidge as farm relief steps.

ELKS TO HAVE BIG MEETING THIS EVENING

Arthur Peterson, Exalted Ruler of the Escanaba lodge of Elks, last night issued a final request that every Elk who can possibly get away, make a special effort to be present at tonight's meeting, when H. C. Jussen, Deputy District Grand Exalted Ruler, of Ironwood, will be here for the purpose of inspecting the lodge. Mr. Jussen was in Manistique last evening and was greeted by an almost 100 per cent attendance. Escanaba wants to do as well as Manistique.

The club rooms are in good shape and arrangements have been made serving an old time buffet lunch, with smoker and a splendid time is assured all brothers who attend. It was specifically stated that members not in good standing, were especially invited to be present tonight, as Mr. Jussen will have much interesting information to give out and a particularly large turnout is desired in order to show him that the lodge here is just as alive as it has always been.

DEMAND FOLEY PILLS.

FOLEY PILLS, a diuretic stimulant for the kidneys, have brought relief to thousands of sufferers from kidney disorders caused through the improper working of these organs. FOLEY PILLS will promptly flush the kidneys thereby removing injurious waste matter. Mrs. O. C. Alexander, R. No. 35, Montrose, Mo., states: "I received the package of FOLEY PILLS, and have been greatly benefited by their use." Sold everywhere. Mar.-Wed. Fri.-Sun.—Adv.

SOCIAL

Birthday Party.
Miss Bernadette Bodin, 328 South 16th street entertained a number of her friends in honor of her 16th birthday anniversary at her home, last evening. Games and dancing and various other diversions were enjoyed, following which a delicious luncheon was served by the hostess.

RED FOX.

Red fox is very fashionable this year for banding wraps as well as for summer neckpieces.

A peasant dress of heavy white crepe de chine is embroidered in bright red and has a red sash.
