

38 KILLED; 80 INJURED IN TORNADOES

DEATH TOLL IN SOUTH GROWING MUCH HEAVIER

THOUSANDS OF DOLLARS IN DAMAGE IS DONE.

(By The Associated Press.) Atlanta, Ga., May 27.—Still maimed in the shadow of a devastating series of tornadoes of less than a month ago, rural Alabama and Mississippi late yesterday and early today again were stricken by a second visitation and at a late hour today were taking toll of their dead and injured and the unestimated thousands of dollars damage done to farms and homes and buildings.

Available advice from the tornado districts places Alabama as the greatest sufferer in loss of life, with a known total of 19 dead, Mississippi with a determined aggregate of 17 killed and reports of many other fatalities, which, if confirmed, will greatly increase the casualty list of the state. In Alabama more than 30 persons were injured, some fatally, and many seriously; while Mississippi with more than 60 injured already reported, probably will be the hardest hit, where more complete returns are received.

Red Cross Busy. Already the Red Cross and other organizations of mercy are on the scene, rendering what aid is possible, assisting in the care of hundreds of homeless. Late today the Red Cross here received an urgent call for tents and cots from Greenville, and stated they were prepared to meet all requests received.

In the absence of complete advice from the devastated regions, an incomplete summary shows: Mississippi. Vicinity of Greenwood, two injured (negroes). Johnston Station, one killed and 12 injured. Collins, two killed and 12 injured. Devoe, one killed, injured undetermined. Bay Springs, one dead, injured undetermined. Swain Plantation, Greenville, three dead, 12 injured. Brewer, seven dead; undetermined injured. Union, eight injured. Ovelt, one injured. Sandersville, undetermined number injured. Evergreen, Itawamba and Lee counties, two dead, undetermined number injured. Wayneboro, undetermined number negroes dead. Alabama. Owens, Walker county, eleven killed; twenty injured. Elkton, Limestone county, eight killed, undetermined number injured. Burnsville, Dallas county, two injured (negroes). Gadsden, eight injured. Mount Pleasant, Louisiana, reports on injured, perhaps fatality. Georgia, untouched by the present series of tornadoes, received a damaging blow in the northern section of the state when torrential rains falling incessantly for seven hours, caused streams to overflow into the towns of Rockmart and Cave Springs, where basements and floors of business houses were flooded. No loss of life was reported.

No estimate of property damage has been made in the Alabama-Mississippi areas, but it was feared considerable loss would result, as every town brushed by the twisters suffered severely.

19 ALABAMA VICTIMS. Birmingham, Ala., May 27.—Nineteen persons were killed and 28 injured by the tornado which struck Alabama at an early hour this morning. All are white persons. A family of eight persons was completely wiped out when a house collapsed near Elkton. All of the other deaths occurred near Empire. Eight persons were injured when the twister struck Etowah county. A trestle was blown down and the electric service disrupted by the wind. As a result the Debraden coal mines, where many of the victims were, were closed today.

Texas Instructs For The President. (By The Associated Press.) Dallas, Texas, May 27.—The delegates from Texas to the Republican national convention were instructed by the state convention here today to vote for Calvin Coolidge for president.

MOVE CENTER OF POLITICAL ACTIVITIES

PEPPING UP FOR G. O. P. NATIONAL CONVENTION.

(By The Associated Press.) Washington, May 27.—With the departure of National Chairman John T. Adams, tonight for Cleveland, the Republican political center began moving toward the Ohio city preparatory to the meeting there two weeks from today of the Republican national convention. Chairman Adams left for Cleveland prepared to take over personal direction of the arrangements for the Republican meeting, and is not expected to return to Washington until after the convention. Other party leaders, who are not members of congress, will leave during the week, including William M. Butler, head of the Coolidge campaign and the prospective successor to Mr. Adams as national chairman.

Who Will Name Coolidge? Mr. Butler expects, through a series of conferences to be held here before his departure, to be able to announce the selection of the man who will place the name of President Coolidge before the convention. Several conferences already have been held on that subject but no decision had been reached tonight.

Another question which probably will be settled before the end of the week is agreement on the permanent chairman of the convention. Many of the party leaders were prepared to recommend the selection of Senator Wadsworth of New York, but his name has been eliminated from consideration at his own request.

Octogenarian Held In Death Of Ancient Pal

(By The Associated Press.) Mount Clemens, Mich., May 27.—Seventy-five years' friendship of two Michigan pioneers ended today. Frank Vandembosche, 80 years old, beat to death Frank Decester, 80 years old, his brother-in-law, in an attack of insanity, according to Macomb county officers. A blood-covered axe was found near the body. Vandembosche is in jail.

Neighbors, who saw furniture being hurled from the upstairs windows of the little home, just north of Lakeside, on the south river road, were attracted to the rear of the house, where they found Decester's body with his head crushed. Sheriff George Smith led a posse of deputies to the house and there captured Vandembosche.

The aged man, still of powerful physique, fought off the officers repeatedly. When he was finally overpowered and about to enter the Macomb county jail, he sprang from the officers' grasp and struggled through the posse in a vain effort to escape.

Officers who investigated the killing said Vandembosche was insane, and that investigation showed his brooding over the illness of Decester probably caused his act. The two men had lived in the home for years. Vandembosche's daughter, Anna, had been his housekeeper. For the last few years Decester had been an invalid. Recently Vandembosche had brooded more than usual over his friend's lot, according to officers.

RAID PULLMAN ON SOO LINE

Twenty-Two Quarts Of "Scotch" And Colored Porter Held.

Twenty-two quarts of "Scotch" was the net result of a raid conducted last evening on the Soo Line pullman "Omeenee" by federal prohibition agents and state police. The officers boarded the fast Soo Line passenger at Gould City at about 8:30. Before the train had reached Gladstone the booze had been discovered and confiscated and the pullman porter, named Samuelson, placed under arrest. When the train reached Gladstone, Samuelson was taken off and placed in the county jail where he is held on charges of possession and transportation.

This case is one of the first instances in the upper peninsula where a passenger train has been raided. The members of the raiding party included Leo Grove and Floyd Smith of the federal department and Lieut. Bedard and Jack Miller of the state police.

At noon yesterday the soft drink parlor conducted by Charles Harju at Rock was raided and about a pint of "moon" confiscated from behind the bar. Harju and his bartender, John Stem, are held on the charges of sale and possession. The same party that raided the Soo Line pullman "pulled" the Rock job.

Bishop Henderson Leaving Detroit For Cincinnati

(By The Associated Press.) Springfield, Mass., May 27.—Over half the Episcopal residences of the Methodist Episcopal Church have a change in bishops as a result of the general conference's Episcopal assignments approved at tonight's session. All of the newly elected bishops were sent to foreign stations.

Building Funds Given To U. of M

Lansing, Mich., May 27.—Buildings appropriations amounting to \$340,000 were released to the University of Michigan by the state administrative board today. The items were \$90,000 for sewers and tunnels and \$250,000 for a power house. They were included in the budget for the fiscal year starting next July but were made immediately available when it was explained that the college is ready to start work.

JOHN THINNES LOSES LIFE AT BICHLER PITS

CRUSHED TO DEATH BY THREE LOADED CARS OF GRAVEL

John Thinnes, 24, a teamster employed at the Bichler gravel pit, was crushed to death late yesterday afternoon under the wheels of three loaded dump cars of gravel in the string which he was taking from the pit to the crusher.

The horse started to run away; I stumbled and fell on the track; all three cars ran over me," he told William Renault, a fellow employee at the pit, before he became unconscious. No one saw the man fall. When the horse arrived at the crusher without the driver, Mr. Renault began an immediate search for Thinnes. He saw his body lying across the narrow track some distance below. When Mr. Renault reached Thinnes, he realized that the latter way in a dying condition. Medical aid was summoned at once but death resulted in less than ten minutes. His brief explanation of the accident was all that the injured man was able to speak before he died.

The cars are the small type, commonly known as "dinkies." One horse is able to pull three of them, loaded with gravel, along the track which leads to the cable-lift at the crusher. Thinnes, who was unmarried lives with his mother at Soo Hill. The body was brought to the Allo Funeral Home here to be prepared for burial. Funeral arrangements had not been completed last night.

SIX PERSONS CREMATED IN NEWARK FIRE

(By The Associated Press.) Newark, N. J., May 27.—Ignition of cleaning fluid was given by the police as the cause of the \$100,000 fire which today destroyed Hills Hotel, a man's lodging house and caused the death of six persons caught in the building. Seventy other lodgers in the hotel were rescued by relays of firemen and police.

The entire fire department was called out to quell the flames which spread with such rapidity that several of the inmates were caught on upper floors and suffocated. Police announced tonight the victims had been identified by one of the hotel clerks as follows: Joseph Wright, 38, believed to have been a chauffeur. Joseph Martin, 50, a sandwich man. Alexander Brown, 40, employment unknown. William Faulhaber, 45, known in Newark as "Turkey Bill."

Houghton County Contract Is Let

(By The Associated Press.) Lansing, Mich., May 27.—The state administrative board today awarded a contract for 3.6 miles of stamp sand and 6.7 miles of gravel on trunk line M-28 in Houghton county, to Fitzpatrick Brothers and Lamont. The board directed to Highway Commissioner Frank Rogers to advertise for bids for paving the dock at the Mackinac City end of the state ferry line, and to make other necessary improvements at both docks.

State Rests In Woehler's Case

(By The Associated Press.) Lansing, Mich., May 27.—The state rested its case today in the third trial of Martin Woehler, 19 year old St. Louis youth charged with complicity in the murder of Peter Hall, Lansing theatre manager. The defense is expected to call only a few witnesses and the case may be given to the jury Wednesday. Two previous trials have resulted in disagreements.

TURN FORD BID DOWN IN SENATE

Committee Advocates Government Control And Operation.

(By The Associated Press.) Washington, May 27.—Government ownership and operation of Muscle Shoals was endorsed today by the senate agriculture committee after Henry Ford's bid had been rejected. By a vote of 11 to 4 the committee adopted the Norris government ownership bill as an amendment to the McKenzie bill, which passed the house, authorizing acceptance of Ford's offer. A motion to report favorably for the Ford bill was defeated 11 to 5.

The fight will now be taken to the floor of the senate where an effort will be made to have a vote by the end of the week. Supporters of Ford's bid claim they have a parliamentary advantage in the present status of the Ford offer. When the McKenzie bill is amended by the committee is brought up in the senate, they plan to offer an amendment to the committee's report which would bring a vote first on Ford's offer.

Amendments to the Norris bill will be drawn by a sub-committee at the request of Chairman Norris, who explained that since the bill was drafted two years ago, it needed to be brought up to date. He said he planned to submit plans which would make more emphatic provisions of the bill caring for wide distribution of power and the production and sale of fertilizer.

Another amendment, which the chairman has in mind, would provide for the use of the \$3,472,487, which was received by the government for the sale of the Gorgas steam plant to the power company, as working capital for the federal chemical corporation which would be created under the Norris bill for the operation of Muscle Shoals.

Chairman Norris said he probably also would submit an amendment to turn over to the nitrogen research laboratory of the department of agriculture nitrate plants number 1 and 2 for the production of fertilizer instead of to the corporation as the original bill provides.

HAITI QUAKE KILLS THREE

(By The Associated Press.) Port Au Prince, Haiti, May 27.—An earthquake shock, today wrecked a building at Port de Paix, killing three persons and injuring several others. A church steeple was demolished and the gendarmarie barracks were badly damaged. The shock of ten seconds duration, was distinctly felt at the capital from which the high commissioner sent airplanes to the affected city.

Moscow, May 27.—It is reported here that an earthquake of unprecedented intensity took place at Tashkent last Wednesday. No details are forthcoming.

GIVES POLICE BEST CLUE TO ODD MYSTERY

REWARDS TOTALLING \$16,000 ARE NOW OFFERED.

(By The Associated Press.) Chicago, May 27.—An eyewitness account of what the informant believes was the midnight burial of Robert Franks, 13 year old son of a Chicago millionaire, whose body was found in a southside swamp after the parents had received ransom demands, was the principal development today in the search for the slayers.

The man who gave the information was John H. Shackelford, of Gary, Ind., a railway switchman, who said that late Wednesday night, when the boy disappeared, he saw a green sedan near the swamp in which the boy's body was found. He said he noticed three men and a woman in the car and that one of the men left it with a bundle he first thought was a tent but which he now believes was the body of the youth.

Leave Bundle In Swamp. When the man returned he did not have the bundle. Shackelford said. Despite the fact that the police have been working in the theory that the boy was kidnapped and his body later carried to the swamp by persons riding in a gray car, Robert E. Crowe, state's attorney, said he believed Shackelford's information the best evidence yet obtained.

During the day Shackelford was taken to view two instructors of a private school attended by the youth who have been held since the slaying but could not identify either of them. Hearing on the petitions for a writ of habeas corpus to free the instructors was continued until tomorrow by agreement of counsel. Attorneys for the instructors declared they were willing to agree to anything in order to have a hearing on the case as they asserted the instructors have long since given all the information they possess.

\$16,000 In Rewards. Chief of Police Collins announced he personally will give a \$1,000 reward for information leading to apprehension of the slayers, making the total now offered \$16,000.

Detroit Man Surrenders To Hoosier Cops

(By The Associated Press.) LaPorte, Ind., May 27.—Karl DeYo, who gave his address as Detroit, Mich., surrendered to police here today. Officers say the man told them constant fear of arrest in connection with robberies at Wakarusa and Walcottville, Ind., caused him to give himself up. Police are communicating with the two towns to verify the man's story.

Girl With Baby In Arms Sticks Up A Cashier

(By The Associated Press.) Peoria, Ill., May 27.—Norma Anderson, 18 years old, who with a baby in her arms held up the Steubenville Bank at Farmington this afternoon, was arrested tonight at Hanna City after she forced a taxicab driver at the point of a gun to hurry her away. More than \$1,000 in cash which she grabbed from a teller's window, was recovered.

The girl, after her arrest, declared she had held up the bank because it owed her some money. Bank officials deny this and say they never saw the young woman before. When the girl walked into the bank and thrust a gun into the face of the teller he thought she was playing a joke. "Don't be in a hurry; I'll wait on you in a few moments," he said. "You'll wait on me now," the girl demanded, flourishing the revolver. "Give me that money." Rushing from the bank she then forced David Settles, a taxi driver, whom she had hired to take her to Farmington, to hurry her away.

Switchman Thinks He Saw Franks Boy's Body Buried

THE VICTIM

ROBERT FRANKS.

FIRST DAY OF CAMPAIGN WINS

Drive For Scouting Fund Meets With Fine Response.

The first day's drive for the scouting fund of \$5,900, started yesterday, was reported last night to have made greater progress than had been anticipated. Members of the various committees both in the business and residential sections were not only received courteously, but the donations pledged were most generous, it was said.

Which bears out the expectations of those who best know the Escanaba spirit of cooperation and willingness to help in a worthy cause. To Continue Campaign. The campaign will be continued, with business men calling upon business men in the downtown section and the women leaders of the Girl Scout movement calling upon those in the residential section.

It is most gratifying to those in charge of the campaign to meet with the reception that has been accorded the movement and this encouragement is taken to represent the very deep and vital interest the men and women of this community have in the welfare of its young people.

The city has been divided into districts and each district is to be systematically canvassed so that every person in the district will have opportunity to receive enlightenment as to the work the Boy and Girl Scouts are doing, if those persons already do not know of the giant strides that have been made in scouting in this country during the last two years. Total Spilt Up. The total amount may seem large, but spread over a large territory and apportioned among so many different people, it really is quite small. It is hoped that the very fine record of the first day will be maintained throughout the remainder of the drive and there is every reason to believe that this will be the case. Up to this time, the campaign has been most successful and it may be said to the everlasting credit of Escanabans that she did not fall in this, as she has never failed in any other community enterprise which has been launched for the purpose of doing good. Clerical and lay leaders of the Baptist denomination will rally in Milwaukee today for the opening of the Northern Baptist Convention and the annual meetings of its numerous affiliated bodies.

STRATEGY OF DEMOCRATS IS QUESTIONABLE

SAY IF M'ADOO NOMINATED LAFOLLETTE WILL NOT RUN.

(By The Associated Press.) Washington, May 27.—The best bit of campaign strategy affecting the selection of a Democratic presidential nominee is interwoven with Senator LaFollette of Wisconsin. The McAdoo managers have started to spread the impression that if their leader is nominated, the Wisconsin senator will not run independently. So far as can be determined from the LaFollette camp, there is absolutely no guarantee that the senator will eliminate himself even if the Democrats nominate a man to his liking. But the railroad brotherhoods and their benchmen are quietly interesting themselves in the campaign and would do anything in their power to bring about the nomination of the former director general of railroads who was kind to them when he was in office.

Look To Radical Wing. There would be no harm, it is reasoned in backing McAdoo at least up to the time of the Democratic convention, for the decision by LaFollette does not have to be made until the Cleveland conference of July fourth when leaders of the farm-Labor group will meet to discuss their plan of campaign.

As talk that Senator LaFollette would like to have as a vice presidential nominee someone whom he could endorse if he did run independently, is also a part of the effort to compel the Democrats to look to the radical and progressive wing of their party rather than to the conservative element for a nominee. Naturally the McAdoo managers consider that their chief aim is the single progressive or radical eligible for LaFollette support but the Wisconsin senator would hardly approve any candidate who ran on a platform which did not include his pet issues like government ownership, something to which Mr. McAdoo is opposed. Nobody Controls LaFollette. Reduced to its essence, nobody can control LaFollette, not even the Democratic national convention, though the railroad brotherhoods may have a good deal of influence with him when he maps out his campaign. The rail men would not wish to see any votes go to LaFollette unless it was apparent he had a good chance of victory, for if he was likely to prove a bad third they would concentrate on the nominee who seemed more friendly to their program.

The fate of the Howell-Barkley bill in Congress will have much to do with their attitude toward the Republican party and President Coolidge. To date the administration leaders have worked tooth and nail to prevent the measure from coming to a vote while a coalition of Democrats and insurgent Republicans in the House have upset the rules in forcing consideration. Democrats Have Support. On the whole it is more natural for the radicals to support the Democratic rather than Republican ticket this time for in practically all the important issues, the radicals and Democrats have worked together. The tax bill is their creation and farm legislation will probably come out of their united strategy. In a sense the Democrats have become the radical party and they will go to the country largely on the record made by their representatives in Congress during the past few months.

Speaking of radicals and Progressives, the friends of Governor Al Smith are eager to know since when he can not be classed as a radical.

POPPY DAY SALE SUCCESS

A total of \$230.63 was raised by the local American Legion Auxiliary at their annual poppy day sale held last Saturday. The sale was a complete success in every respect and the local Unit extends its thanks and appreciation to the public for their generous patronage.

The report of the committee in charge of the sale, Mrs. Annette Pavlow, Mrs. June Peterson, and Miss Belle Harvey, follows: "Those who will benefit from this poppy selling campaign are the National Hospital Committee, Service Club at Washington, (a building donated by Dr. Kate Waller Barrett, retired National President of the Auxiliary), where veterans may stay at a nominal charge while in the capital to establish claims, The American Legion Hospital at Battle Creek, The Children's Billet and ex-service men of this city receiving treatment in hospitals or sanitariums. "The largest portion of proceeds derived from the poppy sale will be applied from time to time to the purchase of needed articles for the Billet, the apportioning by districts through the efforts of a service officer maintaining a steady supply of incoming merchandise to meet the demands of the Billet as outlined by Matron Ingersoll, and Dr. Johnson, medical advisor. "Following is a financial statement:

(Poppies bought from the Rusche Flower Co., of Milwaukee, this concern endorsed by National Poppy Commission of the American Legion.)

Yellow Cab From Chicago Stopped; For Questioning

"All I've got to say is that you fellows are on the job," remarked the driver of a Yellow taxicab, yesterday afternoon at Gladstone, when Escanaba and Gladstone police officers and a county motor cop surrounded him at Gladstone and demanded to know where he was going and why.

The cab was in transit to Munising and the driver was able, very quickly, to satisfy the officers that it was not one of "yellows" on the Chicago stolen car lists.

Assistant Chief Eitenhoefer followed the machine through Escanaba to Gladstone. County Motor Cop Brault spotted it on the streets of Gladstone and both arrived about the time Chief Erick Lindahl of the upbay city was questioning the driver. The cab carried an Illinois license.

"Slow and sure" is all right if you're quite sure you're not slow.

W. C. O. F. OF CLOVERLAND MEETS HERE

The Cloverland District Association of the Women's Catholic Order of Foresters held their convention at St. Patrick's hall in this city yesterday when delegates from many points in the upper peninsula came to this city for the meeting.

The meeting was called to order by Mrs. Margaret Lemmer, Chief Ranger of the Association. Miss Mary L. Downes, of Chicago, High Chief Ranger, was unable to come here owing to the death of Miss Margaret Deldrech, High Treasurer of the Order. Mrs. Mich., High Trustee, took charge of the work in Miss Downes' place.

Much business was taken up at the meeting and the officers for the ensuing year were elected. The conductors of the Holy Family Court served a sumptuous banquet to 200 members and guests at 6 o'clock. Eighteen new members were initiated at this meeting.

The ladies in white and yellow uniforms handled the large crowd very nicely. The honor guests at the banquet were: Rev. Fr. J. M. Baker, Rev. Fr. R. G. Jacques, Rev. Fr. Isadore, C. P., Rev. Fr. T. Dreznanz, of Foster City, Mich.

The following officers were elected: Chief Ranger, Elizabeth Girard, Spalding; Vice Chief Ranger, Julia Dube, Iron Mountain; Recording Secretary, Mary Murray; Menominee; Financial Secretary, Margaret McDonald; Gladstone; Treasurer, Alice Murphy, Escanaba; Conductors, Helen Firkus, Margaret Scheriff, Escanaba; Sentinel, Mary Lafond, Escanaba; Picket, Eva Hart, Manistique; 1st Trustee, Mary Pagan, Manistique; 2nd Trustee, Rose Baron, Escanaba; 3rd Trustee, Mary Schustarich, Gladstone.

Next Meeting in Menominee. The next meeting will be held at Menominee when the Menominee Court will entertain the visitors.

The ladies were highly pleased with the manner in which Holy Family Court entertained them during their stay in the city.

Among the out of town ladies who came here for the meeting were: Mesdames. E. Girard, F. Smith, S. Brinn, G. Montpan, C. F. Whiteshield, X. Labre, J. Gunville and Miss Mary E. Harding, of Poyers; Mesdames. F. Kagle, M. Malloy, M. S. Schustarich, H. A. Ratche, A. Sword, P. Murphy, M. McDonald, J. Hannagan, J. P. Barrett, E. Gowens, the Misses B. Weingartner, G. Schustarich, Maurie McDonald, F. LaRoche, Gladstone; Mesdames. K. Burns, J. Surprenant, A. Cordy, M. Barber, V. Vanlaanen, M. Hanley, S. Boyle and M. Brackett, Iron Mountain; Mesdames. J. Casey, J. Vassau, A. Weber, J. Lachapelle, E. Blaine, P. Martin, J. Olesak, C. Sandouin, M. Pagan, Manistique; Mrs. Margaret McMahon, Detroit; Miss Mabel Burke, Milwaukee, Wis.; Mrs. Mary Murray, Marinette, Wis.; Miss Rose Hornich, Menominee, and Mrs. S. W. Zidd, Marquette.

North-Western Will Conduct Intensive Caution Campaign

The Chicago & Northwestern will conduct an intensive "Cross Crossings Cautiously" campaign between the months of June 1 and October 1. It was announced yesterday at the division offices of the road here.

Patrons will be prominently on the proposals was forthcoming on all outgoing United States mail, and other uses of the slogan "Wait, You May Lose," will be employed.

CITY BRIEFS

Mrs. Fred Fraser is ill at her home North 10th street.

Mr. and Mrs. James Nelson of Fond du Lac, Wis., are spending a week with friends in this city enroute to the Copper Country, where they will visit their daughter, who is employed at Calumet.

Milton Todd returned to Iron Mountain after a brief visit at the home of his mother in this city.

Clarence Todd who is a student at St. Francis Seminary at Cincinnati, Ohio, was called to this city by the critical illness of his mother, Mrs. S. J. Todd who submitted to a very serious operation at St. Francis Hospital Monday morning. Mrs. Todd is resting easily, although her condition is still critical.

Call 121-W for Wonderful Rug Cleaner. 224-148-4t.

Mr. and Mrs. Louis Fourier and family of Trenary, Mr. and Mrs. George N. Hirm and family of this city spent Sunday at the home of Mrs. D. V. Brown at Bark River.

Gabe Heldman of Munising spent Sunday at the home of Mrs. D. V. Brown at Bark River.

Recreation Expert Here for Conference With City Manager

Ben R. Leighton, of Minneapolis, expert in municipal playground and recreation work, arrived in Escanaba yesterday for a conference with City Manager Fred R. Harris which may lead to Mr. Leighton's removal to this city as director of recreation.

A. R. Wellington of Chicago, field secretary of the Playground & Recreation Association of America, is expected to reach this city this morning to confer with Mr. Harris and Mr. Leighton regarding the Escanaba program. In the meantime, Mr. Leighton visited the local parks and looked over the proposed job, generally. It is expected that he will decide today, whether he will come here.

Mr. Leighton's wide experience in winter sports fits him particularly for the local post, it is believed.

WE'RE LUCKY UP HERE.

Somewhere, recently, we read a sentence: "Get the people to nature and they'll think it's a good thing."

It couldn't do any harm, however, wrote it or said it, it has been a city man or thing to city folks.

At any rate, it's a good thought. And it appears, that is exact, that thousands and thousands of dollars are being spent for in various parts of the country right now.

Some of this expenditure is on a rather elaborate scale, while in other sections, the beginning is getting under way, as in Escanaba, on a very modest scale.

But the idea is about all the same—get people—grown-ups as well as the youngsters—out into the open. Provide for them some place where they may gather and become a part of some recreation-activity which takes their minds off the "burdensome thoughts of the day and gives their bodies the relaxation and strength that come with the use of a different set of muscles.

We people up here don't realize how lucky we are. We don't know what it means to be walled by steel and concrete with no prospect of getting out. Hot, hot, stifling heat—heat retaining brick, iron, steel and concrete all around, heat impregnated stone and asphalt and brick underfoot; no sweetness of the outdoors borne in on the exhausted, air-filled air that lays like a blanket over the canyons and streets—there's your city.

Escanaba, happily, cannot claim to be in that class yet, and we haven't any too many recreational grounds. We, apparently, are going to get them while the getting is good. And it will.

Man, normally, is an outdoor animal. He loves the sunshine, the fresh air, the woods and waters and birds and shade. He wants to be a part of it all and if he doesn't believe it, get out in the early morning, or roll about just before darkness and see how many men and women are busy now giving expression to this inner urge to obey the natural spring impulse—the beautifying of their lawns with shrubbery and trees and flowers; digging in the little backyard garden. Its a fine sign. We haven't drifted so far from the fundamentals up in this section of the country as they have in the congested, restricted man-made islands where thousands dwell so intimately, many of them in utter ignorance that there is anything other than that sort of life waiting out to a park on Sunday—a man-made park, with shrubbery and walks and drives and out with mathematical precision, is about as close as they ever come to getting in touch with the things that cry for attention in the heart of every healthy normal human being.

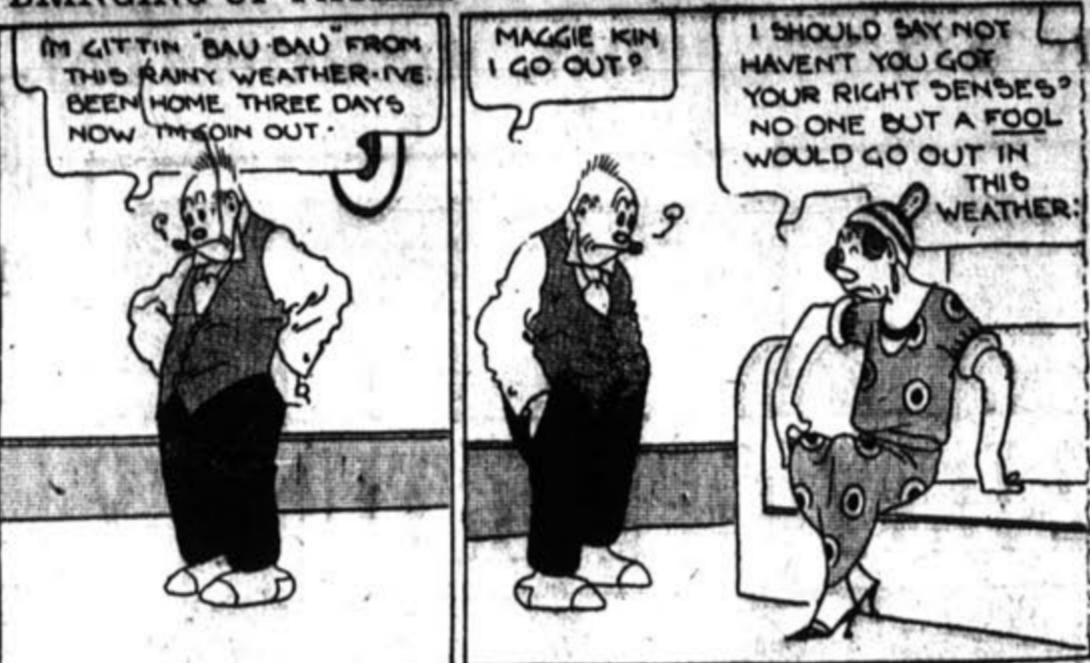

Yes, we're lucky. And now we're soon to have a man here who will add to our recreational resources. It is in keeping with the movement that is sweeping the country. It is a giant national swing back to normalcy where we will again gain touch with natural laws, which in their own, govern civilization, the problems and complexity of which in the present time, perplex and confound us and make us wonder what's the matter with the world lately? Well, maybe violation of natural laws is partly to blame and when we get back to a closer touch with nature we can solve these problems.

The man was right! "Get the people back to nature and they'll think straight and clearly."

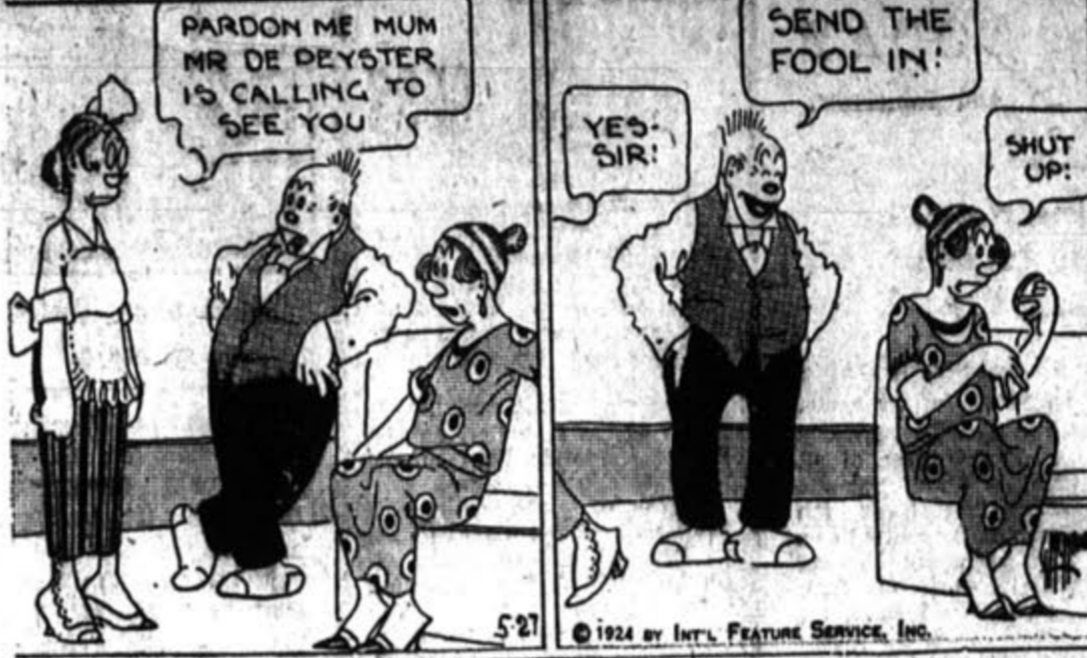

Just by way of giving yourself a treat, get up at 4 o'clock tomorrow morning, swing down to the bell on light house point, possible take a pair of binoculars with you. Stand out there while and get a sniff of regular sea breeze and be sure you see what you're seeing. Take your time.

Look at everything. Study it. Go out along the south side of the bay, keeping your eyes and ears open all the time. You'll see a two-hour trip. And you'll see heaven's mks. don't get ALL the benefit of it.

BRINGING UP FATHER

By George McManus

The Piffle Hook

SIR: Remembering your remarkably accurate and comprehensive prophetic estimates of the Shelby, Mont., misunderstanding, I am now betting all my earthly possessions on M. Georges Carpenter to knock Mr. Thomas Gibbons for a tier of cut glass mule clipper. If you can arrange a wager on the affair with Mr. Sid Golstein, I'll go even further. Cheerily, THE AIREDALE PUP Very Well, Very Well, But Don't Blame Us for the Wreck.

"Expect Clash in Baptist Convention," says a headline. The word intended, of course, was "aplash."

BURGLARS at Chippewa Falls locked the proprietress in an empty store. Rather a cold-blooded proposition. "Keep cool, we won't hurt you," remarked the bandit, who was disturbed by the warmth of the greeting he received. She returned a freezing look.

Folks down Fairlee, Vt., way claim that Robert Fulton stole the idea for his steamboat from Capt'n Sam'l Morey, a native of that village. Mr. Fulton will be greatly perturbed to hear of their claim.

WORKING AND WAITING.

Chapter XIV.

Lois missed Alan terribly, yet she philosophically went about her usual tasks, even doing without Mike because of the expense. Alan would have to stay at a hotel, a good one. They had talked this over and decided that he must—

Lois now saw very little more of him than she did when he was away. Save at meal time, he shut himself in the little back room, often working far into the night. At first, in his enthusiasm, he would call her to him and show her what he had done; but to her they were only lines and curves and meant little.

"Never mind, dear," he said to her when she told him. "When it is finished you will understand." Yet it was a sort of disappointment that she couldn't see the plan growing under his hands, set as it was.

"There isn't an artistic hair in my head," she laughed, "not one," and she spoke the truth. In her neat simple working clothes she was a pretty woman. When she "dressed up" she was still pretty, but dowdy.

And Lois forbore to talk also, even to consult him about the things that used to be his share of the work about the place. It was a curious proof of her love, a curious reticence emerging from the finest part of her character. She couldn't understand, couldn't appreciate, but she could and did sympathize.

Only once she said: "Alan, you mustn't get your heart too much set on that prize. You'll be so disappointed if you shouldn't get it after all your hard work."

Alan shrugged, and made no reply. "Of course I believe you will get it, Alan, I'm only warning you"—a little hurt at his action. "Don't talk about it, Lois! We shall soon know." He had sent in his plan, and an unhappy restlessness held him. He could set himself at nothing when at home, and in the office had to compel himself to forget so that his work there should keep up to his standard.

He looked tired, worn. Lois feared he would be ill. The long hours he had worked and the loss of sleep had been hard on a man of his regular habits. "I shall be glad when he knows one way or the other," Lois said to herself as she watched him. Tomorrow—Anxious Days.

And because she loved him, Lois never told him that she cared nothing for what it would bring, but to give him his heart's desire.

It was early September when the plans were sent in. All summer Lois had labored alone. All summer she and the children had taken their Saturday and Sunday rides in the flivver without Alan. They took him to the station as usual in the morning, and invariably went after him now at night. He was too tired to walk home. But instead of the gay chat with her and the children, he sat quiet, too worn out to talk, his mind on his work.

A THOUGHT

A fool's mouth is his destruction, and his lips are the snare of his soul.—Prov. 18:7.

Tricks and treachery are the practice of fools that have not wit enough to be honest.—Benjamin Franklin.

One month from today, in all probability, the Democratic party will have made its selection of a candidate for President. 1924—New York City opened its Silver Jubilee Exposition.

Builders' Guide

HINTS ON BUILDING

HOME FOR SMALL FAMILY HAS NO DINING ROOM

PLAN AND FRONT VIEW OF SMALL BUNGALOW.

The small family, with few extra requirements, will find this four-room bungalow convenient, comfortable and homey.

Its feature is the combination living and dining room, with a closet for a space-saving bed, for emergencies. A gate-leg table, at the side most of the day, may be taken into the middle of the room and set up for dining.

For the small family alone, the breakfast room of the kitchen is convenient and will do for most dining purposes.

No vestibule is built, saving the space required for this to make a roomier living and dining room.

A house like this should cost about \$5,000 dependent on the locality and its proximity to the sources of supply.

Carbonic acid is a component of snow, which is therefore a splendid fertilizer.

PROGRAM FOR GIRL SCOUTS RALLY FRAMED

Interesting Day In Store For Delta Troops

The program for the Girl Scout Play Day or Rally which will be held all day Saturday, May 31, back of the Chemical Plant on the Escanaba River, has been completed and the day will be like a day in camp. Many of the Escanaba Girl Scouts will start out the day in a truly scouty manner by hiking out to the Rally Field.

All the Girl Scouts of the county, including Scouts from Nahma, Rapid River, Masonville, Wells, Gladstone and Bark River, are to be ready to "Trail In" at 10:30 a. m. This change has been made from 11 a. m. to 10 a. m., in order to have a full day, and be able to return home early. All the troops will enter the field by playing a "Trailing In" game. Different trails will be marked through the woods from the Chemical Plant to the field. The trail signs are as follows:

- Escanaba—The Bean Trail.
- Gladstone—The Corn Trail.
- Nahma—The Noodle Trail.
- Rapid River—The Oats Trail.
- Bark River—The Oyster Shell Trail.
- Masonville—The Peas Trail.
- Wells—The Macaroni Trail.

they will be called to attention and all sing "America the Beautiful," as an opening ceremony. Hunt Fire Wood.

After the song, every Scout will search the surrounding woods for fire-wood. This will be conducted as a contest, to see which patrol has the best wood-pile, containing the best fire-wood, piled according to size. Next will be a Patrol Leaders' contest in whittling a "Fuzz Stick." The one who has the greatest number of shavings on the stick when time is called wins.

The "Fuzz Sticks" will then be used to start patrol fires. This will also be a contest, each patrol building a fire, and the patrol wins that has a pint of water boiling first.

The next hour or so will be a busy one for all concerned, as each patrol will get their own lunch, cooking one out-door dish. A number of recipes for out-door dishes have been given in the last couple numbers of the "American Girl." Some of the dishes planned for are Squaw corn, Komač, Kabobs, Cheese bobs, Hunters' Stew, and it is more than likely that the proverbial "Welder" or "Hot Dawg" will be very much in evidence.

A committee of judges will be ready to test the cooking.

After lunch will come "Camp Kapers," when the camp will be cleaned up and put in order for inspection, after which all the troops will march in review. After the review, an American Flag will be awarded by the Women's Relief Corps to the troop having the greatest average of points in a county wide point contest, which has been carried on during the winter. The winning troop will not be

MRS. ISABELLE HARDING GAINS 35 POUNDS ON TANLAC TREATMENT

Well Known New England Lady Gives Medicine Full Credit.

"My case had been given up as hopeless, so I do not hesitate to give Tanlac credit for saving my life." is the far-reaching statement of Mrs. Isabelle R. Harding, esteemed resident of 22 Lynwood St., Brookville, Mass.

"Furthermore," she continued, "Tanlac did not stop at saving my life, for it increased my weight from ninety-seven pounds to one hundred and thirty-two and left me enjoying the best of health."

"Five years ago, while living in Seattle, Washington, I was taken so ill that no one thought I could live. Complications resulting from stomach trouble brought me down to my bed and I could not even walk two steps. In fact, I was so far gone that I thought my end had come, and I even went so far as to bid my husband and children good-bye. Nobody will ever know what I went through, for words just can't fully describe it."

"One day, after I had been in bed six weeks, my husband brought me a bottle of Tanlac. I finished this bottle feeling some better, so I got more and kept on improving until I had used ten bottles and then I was a well and happy woman. My recovery was so miraculous as to astonish those who knew how bad off I was. I am now enjoying the best of health and while I am sixty-

nine I really don't feel over forty. I will be glad to have anyone who is looking for something to bring back their health, call on me or write me. To me Tanlac is the grandest thing in the world."

Tanlac is for sale by all good druggists. Accept no substitute. Over 40 million bottles sold.

Tanlac Vegetable Pills, for constipation made and recommended by the manufacturers of TANLAC. Adv.

announced until the Rally Day. The color guard for this Rally was named at the County Rally held at Terrace Gardens last October when the roll was called. Nahma had the largest percentage and were given the honor of conducting Colors at the next county get-together.

The program for the afternoon will start about 1:30 p. m., after a half hour's rest. Each troop will be privileged to put on a short stunt. Following this each troop will compete in a song contest, three songs to be sung by each troop, a troop song, a Scout song, and a comic or character song. Next will be a Scout game, followed by an observation hike. Two troops will start out in opposite directions, make a circle through the woods and return to their places in 20 minutes time, a couple minutes will be given to the leaders of each group to compare notes and then one from each group will announce their findings.

The track meet, while not very extensive or strenuous, will give the Scouts with an unbounded amount of energy a chance to "play the game." A leap relay, eight girls from each troop, will be the first track event, and the second will be a 50 yard dash, one scout from each troop. The program will come to an end with the awarding of Merit Badges, and they singing of taps.

The Committee members in charge of the Rally are: Miss Loretta O'Connor, general charge; Miss Ethel Bennett and Miss Margaret Hamilton, Games; Miss Ann Engdahl, Singing; Miss Louise LaCombe, Track; Mrs. E. C. Voght, Nature.

CRACK TRACK MEET COMING OFF SATURDAY

Some keen competition is promised Manistique high school athletes on Saturday of this week, when the Gladstone track team will come to this city for a dual meet at the Schoolcraft county fair grounds.

On the Manistique track team are some star performers, as was shown in the Escanaba meet last week, and they are expected to display the best they have on their home grounds against Gladstone.

Two more events of interest are on the Manistique high athletic schedule. One June 7, the high school baseball team will play Newberry high, and a turn game has been arranged for a week later, June 14. A snapshot tilt is promised on both of the above dates.

Build Fund Now Totals \$525

Pledges totaling \$525 were reported at Manistique yesterday by the local committee which is soliciting funds for the new Women's League Building at the University of Michigan. The campaign closes this week.

The amount previously pledged by Manistique people was \$350. The most recent contributions were as follows:

Stack Lumber Co.	\$45
Pulp and Paper Co.	45
W. M. Lime Co.	45
L. Rosenthal	10

DANCE THURSDAY NIGHT

You'll enjoy yourself at the O. O. P. dance—Thursday evening, May 29, at the Odd Fellows Hall. For members, their families and friends. Admission 75c, extra ladies 25c. 5150-148-21.

Powder Placed in Shoes Brings Quick Relief From Rheumatic Pain

"God Bless The Man Who Discovered The Healer," Writes Grateful User.

Thousands of former rheumatic sufferers are now praising Alessandro Volta, the well-known Italian physicist (for whom the electric volt was named) and his discovery which he has called Volta. Volta is a scientific combination of certain ingredients which this discoverer has compounded into a fine powder. This powder is not taken internally, but is shaken into the shoes, from which it is intended to be absorbed into the blood stream through the myriad pores of the feet. This absorption is due, no doubt, to the fact that the feet contain 10 times as many pores to the square inch as are found in any other part of the body. The secret of Volta powder to relieve rheumatic pain so quickly is due to its tendency to eliminate excess uric acid which poisons the system (through the blood) and thus causes the tortures of rheumatism. The use of Volta powder has demonstrated such astonishing results in literally thousands of cases, many of which were considered hopeless, that the American distributors have authorized local druggists to dispense Volta to rheumatic sufferers in this city with an unqualified guarantee to return the full purchase price on the first box in any rare case where the rheumatic pains are not wonderfully relieved. All who suffer from rheumatic pains, no matter how long-standing their case may be, should take immediate advantage of this liberal offer. You can get Volta Powder from all good druggists everywhere.

SCHOOLS WILL BE CLOSED ON THURSDAY P. M.

Schools will be closed at Manistique on Thursday afternoon of this week to allow boys an opportunity for taking part in the fourth annual boys' track meet, which will be held at the fair grounds.

The track meet is a part of the Boy's Week program which comes to a close with a banquet Thursday evening. Vic Crittenden, high school coach, is in charge of the track events, and has announced the following schedule:

In order to get fair competition, the track events have been divided into four classes, as follows: Class A—16 to 20 years of age; B—14 to 16; C—12 to 14; D—10 to 12.

The events in the four classes are: Class A—100 yard dash, 220 dash, 440 dash, low hurdles, half mile, mile run, broad jump, high jump, discus throw, shot put, javelin throw.

Class B—100 yard dash, 220 dash, 440 dash, low hurdles, half mile, broad jump, high jump, discus, shot put, javelin.

Class C—100 yard dash, 440 dash, low hurdles, broad jump, high jump, discus throw, shot put, javelin.

Class D—100 yard dash, broad jump, high jump, potato race, three leaved race, sack race.

There will also be a bicycle race, with contestants listed in two classes, according to age.

Seniors Skip To Escanaba

When the students assembled at Manistique high school Tuesday morning the senior class was absent, for they had selected that day as their annual "skip day," and all left town on a holiday trip.

Escanaba was selected as the destination for the skip party, and several auto loads of seniors left Manistique early Tuesday morning for that place, with streamers of green and white—the 1924 class colors—flying from their cars.

Plans are being made by the Swedish Baptist Mission circle for a concert, which will be represented here on July 12.

NOTICE TO CONTRACTORS

Hawthorn Road No. 2, Schoolcraft County, Michigan.

Sealed proposals will be received at the office of the Board of County Road Commissioners of Schoolcraft county, Court House, at 4 p. m. June 5th, 1924, by the Schoolcraft County Road Commissioners, for improving eight-tenths (8/10) miles of road in Hawthorn township, Schoolcraft county, Michigan.

The work will consist of grading and shaping the road, and constructing the necessary drainage structures and surfacing to a width of nine (9) feet, with one course gravel (class "A") or water bound macadam.

Instructions to bidders, specifications and proposal blanks may be obtained at the office of the Board of County Road Commissioners of Schoolcraft county, Court House, Manistique, Michigan. Plans may be examined at the above address, and will be furnished by the undersigned upon receipt of a deposit of five dollars (\$5.00), which will be refunded upon their safe return.

A certified check in the sum of two hundred dollars (\$200.00), made payable to the Schoolcraft County Treasurer, must accompany each proposal. The right is reserved to reject any or all proposals.

DONATE \$500 TO BAND; \$300 TO BASEBALL

Displaying a free hand in their support of amusements, the Manistique city council Monday night authorized appropriations of \$500 and \$300, respectively, for the local W. O. W. band and the Manistique baseball club. Provision for the above sums is to be made in the annual budget, which will be arranged next week. Both of the appropriation measures were passed with one dissenting vote.

A proposal to improve the interior of the justice of the peace office with the addition of wall board and paint was left to the building committee for action, as was the proposal for redecorating in the fire hall. The purchase of 500 feet of new hose for the fire department was authorized at the meeting, and the order placed with the representative of a hose company who was present.

City Audit Complete

A letter from Mark Fenton, industrial expert, regarding the possibilities for making an industrial survey here, was read to the council. Mr. Fenton advised that he was not yet certain whether he could undertake the work of making a survey at Manistique, but would know very soon, meanwhile keeping in touch with the local proposition.

A report of the city audit, as completed by C. E. Kelso, of Escanaba, was accepted by the council and placed on file. This report shows the sum of \$38,389.65 as Manistique's delinquent real estate tax. In addition there is a delinquent personal tax of \$424.61, making the total delinquent list \$38,814.26.

Meet Again Monday

Annual appointments announced by the mayor were the same as before, with no change in the salaries. They are as follows:

Police Chief, John A. Peterson; west side officer, L. Bamrick; east side, M. Bond; fire chief, C. E. Underwood; assistant chief, John Durso; street commissioner, J. Carney; city scavenger, H. Swanson; member of the board of public works, C. G. Ekstrom; member of board of health, J. McPhail.

The council adjourned to meet again next Monday, June 2, at 8 p. m., at which time the board of review expects to have its work completed, and the annual appropriations may be made.

Hoholiks Leave For Wisconsin On Honeymoon

Mr. and Mrs. Paul Hoholik left Manistique by motor early this week on their honeymoon trip, with Antigo, Wisconsin, as their first destination.

At Antigo, they will visit for a time at the home of a sister of Mrs. Hoholik, who was formerly Miss Irene Pell, of Newberry. Later they will motor down through central Wisconsin.

Troop One Meets Tonight At K. P.

Troop One of the Manistique Boy Scouts will meet tonight at the K. P. Hall, promptly at 7 p. m. All members of the troop are urged to be present.

The first of two musicals to be given by St. Francis School talent will be presented at the auditorium tonight. An entirely different program will be given tomorrow night.

APPROVE 18 OF BEVERAGE SHOP PERMITS

Eighteen beverage shop licenses were approved Monday evening by the Manistique city council. Most of the permits were approved unanimously, though there were dissenting votes in one or two cases, and some discussion resulted when questionable licenses were put to a vote.

Following are the beverage shop proprietors whose licenses were approved: A. Johnson, P. Chandenais, F. Zimmerman, George Graphos, Eugene Forrest, Ole Johnson, Andy Houghton, Thomas Bros., George Gorscho, John Hayden, Henry Jahn, Henry Orschel, Louis Tebo, Gene Meron, Cleve Meron, Dolor La Poille, S. Larkas and Ekberg Bros.

Henry Pierce Is Buried Tuesday

Funeral services were held at Manistique yesterday for Henry Pierce, 69, who died Tuesday, May 23, at the home of his daughter, Mrs. Fred Berger, 5th street.

Mr. Pierce had been a resident of Schoolcraft county for 38 years. He was born at St. Clair, Michigan, and recently resided at Thompson, until ill health forced him to come to the home of his daughter in this city.

Destroys John's Stock of Moon

Several gallons of Manistique-made liquor in the possession of Chief of Police John A. Peterson were consigned to the sewer Monday by a state officer.

Samples of mash and sundry parts of stills, the accumulation of several raids, were included in the collection of booze destroyed by the state officials.

GIRLS TO PLAY THE PARTS OF DESERT SHIEKS

Mummies, dummies and bedouins, all played by young ladies of the Manistique high school glee club, will be features of the entertainment to be presented next Wednesday evening, June 4, at the high school auditorium.

The girls will present musical desert play called "The Riddle of Isert," with songs and dances characteristic of the desert tribes, shieks and seductive bedouin maidens.

The boys' glee club will furnish their share of the entertainment by putting on a minstrel show in back face. They have been practicing stunts and songs for the past few weeks, and promise to outdo the girls if possible, as laugh producers.

The entertainment is being prepared under the direction of Miss Deborah Strong, director of music in the schools.

Caffey Bros. have erected a large illuminated street sign over the entrance of their garage on River street.

S. M. Rubln and L. B. Chittenden traversed the Schoolcraft county farming section on Monday and Tuesday on a business trip, the former erecting advertising signs and the latter transacting business for the Pioneer Tribune. The traveling was done in Mr. Chittenden's car.

A. J. McLellan returned Tuesday from Hillsboro, Wisconsin, where he visited his daughter, Irene, Mrs. T. W. Davis.

"BULBUL" TO BE PRESENTED HERE TONIGHT

"Bulbul," the high school operetta, shown yesterday at 1:30 o'clock as a special matinee for school children will be presented this evening at the Junior high school auditorium at 8:15 o'clock.

"Bulbul," a charming story woven about a beautiful princess and told with the aid of some of the best production given by the high school this year.

The cast, members of which have been rehearsing for the past several weeks under the capable direction of Matthew Wagner, gave a finished performance yesterday afternoon and the presentation of the operetta tonight will be a musical treat that no one should miss.

Costumes and settings are exceptionally beautiful and these add to the attractiveness of the operetta.

The cast includes the best talent in the two Glee clubs and has as one of its principal members Noble Swenson, whose work in "The Gypsy Rover" last year will be remembered.

Tickets for the operetta were placed on sale early in the week and from the demand an unusually large crowd will attend the performance tonight.

The cast includes: Tami, a well meaning but fussy old monarch—Soren Johnson. Bulbul, his daughter—Antoinette Lapine. Caspian, young prince—Noble Swenson. Ida, the court chaperon—Violet Struble. Lilla, friend to Bulbul—Alberta Pettit. Alain, a friend of Caspian—Merwin Kircher. Dosay, keeper of the royal spectacles—Vincent Lavelle. Justus, keeper of the royal cash box—George Empson. Maids of Honor. Friends to Caspian. Ladies of the Court. Lords of the Court.

BOOSTER CLUB MEETING AT CITY HALL

A general meeting of the Gladstone Booster Club has been called for tonight at the city hall by Attorney Glenn W. Jackson, president, with the urgent request that every member of the club be present.

All members of the club committees recently appointed are especially asked to be present tonight.

A general outline of the club's plans for the summer will be given tonight and discussion of activities to be started in the near future will be held.

Business matters took almost the entire meeting of the Welfare club held Monday night in the kindergarten building. Reports on the upper peninsula district federation of women's clubs convention held at Hancock and Houghton were given by Mrs. W. H. Corbett, Mrs. J. D. McDonald and Mrs. Fred G. Forbes who attended the convention.

Resolution Failed

A resolution asking that the Standard Oil company of Indiana be given permission to construct

WITH LAWRENCE GLEE CLUB

G. BERNARD BEHNKEN, HORN SOLOIST.

ASSESSOR STARTS WORK ON TAX ROLL

The Gladstone city commissioners gave their attention to details in connection with the proposed Wisconsin street sewer system, granted two beverage licenses, accepted and approved the city treasurer's bond and again took up the matter of the Standard Oil filling station, Monday night at their regular meeting.

Claude E. Hawkins presided as mayor pro tem in the absence of Mayor I. N. Bushong, who has been called to Toledo by the illness of his brother. Commissioners M. I. Call, John Matson and Jackson Stephenson were present with City Manager F. R. Buschner and City Attorney Glenn W. Jackson present.

Beverage licenses were granted to Leo Roman, 821 Delta avenue, and to Herbert McDonald, Delta avenue.

The \$5,000 bond of the city treasurer was accepted and approved.

The commission adopted a resolution, upon petition of property owners on Wisconsin avenue, providing that other lots, not taken into consideration in the first plans for the sewer construction on Wisconsin between Fifteenth and Railway, be included in the plans and that the special assessment to cover the cost of the sewer be modified and enlarged so as to include other lots.

E. M. Johnson, city assessor was directed to prepare the assessment role for the main sewer construction which will cost \$1445.49 and the roll for the lateral connections, which come to \$550.

Resolution Failed. A resolution asking that the Standard Oil company of Indiana be given permission to construct

ALL SAINTS' EXHIBIT WINS HIGH PRAISE

Some of the finest work done by pupils anywhere was on display in the basement of All Saints' Catholic church in the exhibit of work of All Saints' school pupils which closed Monday.

The exhibit which opened Sunday attracted a large crowd of visitors not only of patrons of the school and their friends but of many others interested in the excellence of the work displayed.

The exhibit showed work done in daily class throughout the year and demonstrated clearly the remarkable progress made by the pupils. The exhibit was particularly well arranged and this combined with the interesting displays of work added to its attractiveness.

"The Sisters of St. Joseph are deserving of the highest credit," said one person who visited the exhibit nor one in which finer work was displayed. It certainly was remarkable.

SPRINKLING HOURS MUST BE OBSERVED

Attention has been called again by the city administration to the hours announced for sprinkling during the summer season—8 to 9 o'clock in the morning and 4 to 8 o'clock in the evening.

Violations of this ruling, some of which are being brought to notice, will be dealt with severely without further warning, it was said yesterday.

Beginning Monday the fire whistle will sound at 9 o'clock in the morning and at 8 o'clock at night as the signal to stop sprinkling.

Miss Helen Coon has been a patient at the Mayo Clinic at Rochester, Minn., has returned to her home here.

The Misses Frances Rabblin and Ruth Obesah of Rapid River visited friends here yesterday.

AFRAID SHE COULD NOT LIVE

Operation Advised, but Lydia E. Pinkham's Vegetable Compound Made It Unnecessary

Glasgow, Kentucky.—"I was run-down, nervous, with no appetite. My side had given me trouble for five or six years. At times it was all I could do to live, and the doctor said I couldn't live but a short time longer without an operation. That was two years ago. My sister-in-law recommended Lydia E. Pinkham's Vegetable Compound. She had never used it herself, but she said one of her neighbors suffered just like I did, and it cured her. After I had taken four bottles the pain left my side. I had a fine appetite to eat anything that was put before me, and I began to do all my work and my washing, something I hadn't done for years. I am a dress maker, and this last fall I began making things with my side again, so I began taking the Vegetable Compound again. I am on my fourth bottle, which makes eight in all I have taken. I feel a much better when I take it and every body tells me I look better. My appetite improves and I feel stronger in every way. I am a very nervous woman and it seems to help my nerve so much."—Mrs. MAAGIE WALLER, Glasgow, Kentucky.

Scouts Name Kryn Bloom Mayor Of City For One Day; In Charge Of City Saturday

The wild-eyed, mussy-tressed, stormy petrels of the American congress could have learned much about the grand and glorious game of politics had they been out at the high school building last night, when members of the Boy Scouts went about the business of preparing to get ready to begin to commence to take hold of the city government of the city of Escanaba for one day—Saturday, May 24.

City Manager Fred R. Harris was master of ceremonies and the boys went through all the usual forms incident to the selection of a full corps of city officers, previously having submitted petitions in proper form and embodying those things which they, as representing citizens, desired.

Nominations Made.—First there were the nominations. Two representatives were nominated from each troop as candidates for city councilmen, five of whom were to be elected. This resulted in the nomination of the following scouts: K. Bloom, R. Smith, O. Mackenzie, V. Giguere, D. Steln, W. Erickson, L. Booth, J. Holt.

An election was then held with the following results: Bloom 37, Smith 38, Mackenzie 37, Giguere 26, Steln 21, Erickson 2, Booth 23, Holt 18. The result of this balloting was that Bloom, Smith, Mackenzie and Giguere were elected, with Erickson and Booth tied for fifth place. A coin was tossed and Booth won, thereby becoming a member of the city council for the day.

Kryn Bloom Mayor.—The city council then went into session and elected a mayor. This was a secret session and ended in the election of Kryn Bloom as mayor. The council then proceeded with the work of naming a city clerk, who is to be W. Erickson. As city manager the council followed pretty closely in the steps of the real council by electing a young gentleman, blue of eye, and with a noticeable orifame in the person of Grant Hewitt. He is, in appearance, a prototype of City Manager Harris and his selection was hailed as a splendid omen. John Holt was appointed chief of police; Lewis Roth, fire chief; Clarence Anderson, health officer; Harold Christiansen, city attorney; Philip Connell, city engineer and Fred Villamur, street commissioner.

Name Police and Firemen.—Chief of Police John Holt recommended the appointment of the following officers for members of the police force: Geo. Jacobson, William Smith, Roy Shine, Jack Fitzharris, Daniel Steln. The appointments were confirmed and these young gentlemen will be on the job next Saturday.

Appointees in the fire department were Max Olds, William Foster, Kenneth Jepson, Stanley Johnson, Jacob Schram.

These members of the council and their appointees will be on the job all day Saturday. They will enter into the spirit which dominates the various departments to which they have been assigned and on Saturday night the boys will hold a council meeting in the city hall, when grave problems which have arisen during the day will receive consideration and be disposed of according to the judgment of the several members of the council.

In Full Charge.—In every way they are to be, nominally, in charge of the city. They are to have opportunity to hear some of the complaints and see just how the wheels of the city government go round.

When the day is over, they will have gained a more comprehensive knowledge of city government than could have been gleaned in months of study from a text book, because they will have really had active part in doing the things that were done during the day. It is educational in the highest sense and the lesson will stick with more firmness than it could be made to stick in any other way.

CITY BAND TO PLAY TONIGHT

The Escanaba Municipal band, under direction of Joseph Greenfield, will make its first public appearance tonight, when it will give a concert on the street. The affair has been planned by Mr. Greenfield for some time, and he intended to spring it as a surprise, but the news leaked out yesterday and he permitted the announcement to be made.

Musicians here believe that the band is one of the best ever organized in Escanaba, and that citizens will be delighted with the quality of music the organization will provide during the summer months. An excellent program will be played tonight, and it is expected that a large crowd will be down town to hear it.

Dance Friday Night.—The band will participate in the Memorial day services, and Friday night will give a dance in the South park pavilion, the proceeds to be used in providing uniforms for the musicians. The new uniforms will be ordered early next week, it was said.

The band will give a series of Sunday afternoon concerts in local parks during the summer.

Fraternal Column

Supper and Bazaar.—Elaborate plans are being made for the supper and bazaar which will be held at Frechette's hall at Bark River Tuesday, June 10th under the auspices of the ladies of the parish of St. George.

There will be a large selection of fancy work and domestic hand work for sale and an appetizing menu is being planned by the committee in charge of the supper. The public is heartily welcome and it is hoped that many persons will motor to Bark River for the occasion.

Rummage Sale, June 10.—The Altar Society of St. Patrick's church will hold a rummage sale at the Knudsen building on upper Ludington street, June 10. Further details will be announced later.

Rummage Sale.—The Women's Guild of St. Stephen's church will hold a rummage sale at the Knudsen building, 1517 Ludington street, Thursday, May 29. A large assortment of merchandise, including among other things of value a good leather couch will be offered for sale. The patronage of the general public is desired.

Brewery Men Ask Preliminary Hearing

A. J. Moreau, manager, and Charles Javurek, chemist, of the Richter Beverage Co., were arrested by United States Marshal Paul Nelson yesterday afternoon on charges of manufacturing and possessing intoxicating liquor. The arrests were the outgrowth of a raid, last week, in which federal officers and state police confiscated about 40 cases of beer which they said, contained about 3.5 per cent of alcohol.

Both men entered pleas of not guilty before C. D. McEwen, United States commissioner, and demanded a preliminary examination.

This hearing was set by Commissioner McEwen for June 3 at 9 a. m.

Escanaba Boys Are Invited to Attend Roosevelt Camp

Superintendent of Schools, W. E. Olds has received a letter from the Chicago board of education extending an invitation to boys of the Escanaba high school to attend Roosevelt Camp for the summer. This camp is conducted by the board of education of the city of Chicago, under the direct administration of the superintendent of schools, William McAndrew. Major F. L. Beals of the United States Army is superintendent of the camp.

Roosevelt Camp is located near LaPorte, Indiana. The railroad station where the boys embark is Rolling Prairie, Indiana on the New York Central lines direct from Chicago. If any of the parents of Escanaba and vicinity would like to have their boy attend Roosevelt Camp they can get all information by writing to Major F. L. Beals, 460 South State Street, Chicago. The school division is for boys in the high school or in the sixth, seventh or eighth grades. The school division of the camp extends from June 30th to August 16th.

"This is one of the very fine boy camps conducted in the United States and no parents should hesitate in sending their boy to this camp providing they wish their boy to spend the summer in that manner," Mr. Olds says.

WHETHER yours is a small personal account or a business account of large proportion, you will find the same eagerness on the part of this bank to understand your needs and to meet them satisfactorily.

Tourist Helps in Safety Campaign

Menominee, May 27.—"I stop at all railroad crossings." This was the sign seen on the radiator of a tourist car which stopped for awhile in Menominee. The novelty of and its significance attracted many residents. "I have found out," said the tourist, "that trains won't stop for me so I have decided to stop myself at railroad crossings. Every year hundreds of accidents occur in the United States because of failure to stop to see if any trains are approaching. I learned this quite a few years ago."

Magazine Contains Article By Shaw

"An Outline Course in Household Mechanics for Eighth Grade Pupils," is the title of an article by Lyle J. Shaw of the Escanaba high school faculty, in "Today's Art" magazine for June. The magazine is the leading publication in the secondary and grade school industrial work.

Woman Surprises Her Friends

"After a spell of Typhoid Fever 7 years ago I began to suffer from indigestion and gas in my stomach and colic attacks. This gradually became so bad that my doctor advised an operation for gall stones. A friend advised me to try Max's Wonderful Remedy which I did with splendid results. My friends were astonished at my rapid improvement. I have no more bloating and can eat anything I wish." It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach (liver and intestinal) ailments, including appendicitis. One dose will convince or money refunded. For sale by druggists everywhere.

ST. JOES ALUMNI REUNION TO BE HELD JUNE 18

The annual St. Joseph's High School alumni reunion for 1924 will be held at the Delta Hotel on Wednesday evening, June 18. The affair will be informal in every respect and every alumni of St. Joe's that can possibly be present is expected to do so. However, former graduates who cannot be in Escanaba at that time are asked to write.

The reunion will be in the nature of a turkey banquet followed by a program, election of officers, and a dance. It will open at 6:45 p. m., and continue until 11:30.

All who expect to be present are asked to notify Miss Clara Roth, 507 Fifth Avenue South, at the very earliest opportunity.

OBITUARY

MRS. LOUIS VIZINA.
The body of Mrs. Louis Vizina was removed from the Alto Funeral Home Tuesday afternoon to the family residence, 1511 Third Ave. No. where it will remain until the hour of the funeral services which will be held at nine o'clock this morning at St. Anne's church. Why Oakland's Chassis is more advanced

- 1 Oakland's new Liquid engine is a masterpiece of hydraulic engineering. It incorporates the very latest developments in motor design.
- 2 The transmission is a unit with the engine. Gears of the finest alloy steel and liberal ball bearings, insure quiet and long life. Gear shifting is actually a pleasure.
- 3 The rugged, deep-forged, "T" beam front axle was purposely designed for this car. Its correct construction insures easy steering and safe driving.
- 4 Oakland's semi-floating rear axle is the last word in axle design. Its nickel steel gears, Hyatt and New Departure Bearings and spiral bevel gear drive make it silent and efficient.
- 5 Oakland's four-wheel brakes are built into the chassis. Many months of service by tens of thousands of owners prove conclusively that this construction is most necessary and desirable.
- 6 Oakland's frame is of pressed steel, 5-32 of an inch thick and is rigidly braced with five cross members. In comparing frames, do not neglect the fact that the thickness of the steel is very important.
- 7 The steering gear is unequalled for easy and convenient driving. All engine controls, as well as horn buttons and lighting controls, are mounted on the steering wheel, an exclusive feature.
- 8 Detachable disc steel wheels—five of them—are standard equipment on all models. On most cars you pay extra for them.

Long, spring-riding springs Harrison radiators with heavily nicked shafts completely enclosed universal joints and tubular drive shaft are other important features.

Running the Oakland Big yourself. You will then understand why the True Blue Oakland is being chosen by so many who have decided to get the most and the best for their money.

"Our Comrades, Who Died in Defense of Their Country"

It was John A. Logan, Commander-in-Chief of the Grand Army of the Republic, who in 1868 instituted Memorial Day, as a National memorial to "our comrades who died in defense of their country."

Let us keep the trust they bequeathed, by works that shall make America ever increasingly the world's champion of right and justice, the leader in progressive achievement. Thus shall we perpetuate their memory in a Memorial of ever-growing grandeur.

This Bank will not be open on Friday, May 30th, Memorial Day.

Escanaba, Michigan.

Dream Dollars

Ever hear of them? They are the dollars that people talk about finding "rolling up hill" or of getting "when their ship comes home." They build fine castles—IN THE AIR.

The man who is rich in "dream dollars" usually has to borrow carfare before payday.

Quit DREAMING about money. GET IT. You can if you will open a Savings Account in this bank and SAVE SYSTEMATICALLY.
