

BOURBON CONFAB IS STRANDED ON A ROCK

CONFER UNTIL FAR INTO THE NIGHT WITHOUT MAKING ANY PROGRESS TOWARD SOLUTION

(By The Associated Press.) TOTAL OF 77TH FALLOT: McAdoo 518, Smith 867, Davis 78 1/2, Underwood 47 1/2, Cox 1, Glass 27, Ralston 8 1/2, Robinson 24, Ritchie 16 1/2, Walsh 2, Saulsbury 6, Owen 1, Baker 1, Bryan 4, Roosevelt 1. Total 1097, absent, 1.

New York, July 5.—The conference of candidates' managers, seeking to devise some means of ending the deadlock in the Democratic national convention, worked far into the night without arriving at any conclusions.

At the outset the conference ran on a rock over whether the authorized purpose of the conference was to devise a means of procedure in the convention which would permit of a nomination. The McAdoo representatives contended that it was. The anti-McAdoo coalition contended that it was not; but that the authorized purpose was to devise any means of ending the deadlock, even to agreeing on recommendations for a nominee.

Passing around the controversial point, the discussion skirted the subject of possible compromises without anybody giving ground.

The McAdoo Argument. The burden of the argument advanced by the McAdoo people was:

"Why should the leading candidate withdraw? Let the minority candidate get out."

The substance of the reply of the anti-McAdoo coalition was: "We have demonstrated that you cannot get a two-thirds majority necessary to nominate. Withdraw or we will unite on a ticket which will stampede your tired and weary delegates away from their pledges."

The retort of the McAdoo managers was in substance: "Try it."

The talk among the forces in the anti-McAdoo coalition centered again about Senator Robinson of Arkansas and Senator Ralston, Thomas Taggart's candidate.

Davis Again Urged. The supporters of John W. Davis claimed special consideration for their man on the ground that they had evidence that he was the better choice of voters than two thirds of the delegates in the convention.

It became known that very recently the McAdoo people, through intermediaries, sought to compose the differences with the Smith people, by sounding them out on a vice presidential candidate. The name proposed was not satisfactory to the Smith people and the effort ended there.

As midnight approached the state of proceedings was described by some of those who knew well what was going on as having assumed the characteristics of "a debating society."

Resume Wrangle Tomorrow. Some of those behind the scenes, most interested in the outcome went to bed, believing that nothing tangible would be arrived at tonight and that the wrangle would be resumed tomorrow.

This belief was substantiated in a statement issued by Cordell Hull chairman of the Democratic national committee at midnight when the session was adjourned.

"So far, the meeting has been good natured and temperate. Nothing concrete has been taken up tonight. The whole meeting so far has been preliminary to the meeting which will be held tomorrow afternoon when it is expected, some definite plan may be arrived at."

McAdoo Won't Withdraw. David Ladd Rockwell, chairman of the McAdoo for president committee, after the conference issued the following statement: "Any assertion that Mr. McAdoo had withdrawn or intends to withdraw from the race in which he is the outstanding candidate is a maliciously false. Such statements are obviously uttered for political effect. Mr. McAdoo will be nominated by this convention and elected by the people in November."

Chairman Hull announced shortly after 1 a. m., when the conference finally adjourned, that it would reconvene at 4 p. m., Sunday. The interval would be spent by the representatives of the various candidates in discussions with their own ranks in the light of what transpired here and what they already know," Mr. Hull said.

"No Conclusions." Mr. Hull said there had been "no conclusions" at tonight's meeting and that there had been no suggestion or consideration of concrete proposals to end the deadlock "except of a general nature which I cannot disclose."

The chairman said the representatives of the candidates had shown "proper loyalty to the candidates," but had also depicted an earnest desire to cooperate in an effort to solve the problem.

The rule of secrecy had been imposed on the conference, he added, in order that there might be the fullest and freest expression of opinion. He said the meeting was designed to "get rid

Dozen Lives Lost As Steamer Burns To Water's Edge

Appeal To City To Relieve The City of Lorain

IN response to an appeal from the mayor of the stricken city of Lorain, O., devastated by a terrific cyclone a week ago, members of the Escanaba city council met last night and decided that inasmuch as the city charter prevents city funds being appropriated for such a cause, an appeal should be made to the people of Escanaba to donate to a fund to aid in the relief work in Lorain.

Each council member, the city manager and city clerk last night pledged donations to the fund and a city wide appeal will be made for donations either small or large to meet Lorain's desperate need.

The Daily Press has been requested by the city council to act as custodian of the fund and any donations the people of Escanaba may desire to make to the cause may be sent to The Press office.

Following is the copy of a telegram received by Mayor Hanrahan from the mayor of Lorain:

"Lorain is sorely stricken. The loss will fall largely upon people who are homeless and without resources. Ohio's governor is acting to secure aid through our state. This will not suffice. Lorain needs every contribution possible from municipalities or individuals. Send contributions to Lorain chapter, Red Cross. The National Red Cross will supervise the distribution."

North Carolina Farm Boys Held For Extortion

Chicago, July 5.—George Peck, 49, and his son, Clarence, 24, farm hands who came to Illinois from Asheville, N. C., are held tonight in the Winnebago county jail on charges of attempted extortion in connection with the sending of a letter to Senator Medill McCormick and his wife demanding \$50,000. Their hearing has been continued until next Thursday.

The Pecks were taken into custody several days ago when Mrs. McCormick first reported to the authorities receipt of the letter which made no threats but simply asked that \$50,000 be placed in a culvert a short distance from the McCormick's home near Bryon, Illinois. They were seized by private detectives who placed a decoy package in the culvert but were freed when they gave a plausible explanation.

Trapped in Auto Backed in River; Two Boys Drown

Detroit, July 5.—Trapped in an automobile which one of them had accidentally driven over the seven foot bank and into the River Rouge at Oak Grove, two miles west of Detroit city limits, two 19 year old boys, L. Heck of Strauberg, Mich., and Theodore Rambo, Detroit, were drowned this afternoon after a swimming party.

Heck, unused to driving the car in which the party had ridden, entered the machine with Rambo while the other four boys of the party were finishing dressing after their swim. Heck, tinkering with the pedals, unknowingly threw the car into gear. The machine backed toward the bank while the two boys inside were unable to check its progress.

Jury Acquits Detroit Woman

Detroit, July 5.—A jury that deliberated four hours returned a verdict of guilty in the trial of Mrs. Minerva Abass, charged with complicity in the death of her husband, Hussan, Highland Park grocer, March 3 last. Ahmed Mohammed, already convicted of the murder which he says was committed at the instigation of Mrs. Abass, was the chief witness for the prosecution.

Dempsey Won't Fight This Year

New York, July 5.—Definite announcement that Jack Dempsey will not enter the ring this year in defense of his title was made today by promoter Tex Rickard after a series of conferences with Jack Kearns, the champion's manager.

Alfalfa acreage in New York in the last five years has grown from 132,000 to 163,900 acres.

VICTIMS ARE ALL UNDER 17 YEARS OF AGE

SCENES OF TERROR BEGIN AS ALARM IS GIVEN.

Baltimore, Md., July 5.—Two negroes and a negro are known to have lost their lives and a fourth negro, a deckhand, is thought to have perished in a fire which destroyed the steamer, Three Rivers, while bound from Crisfield, Md., for Baltimore, off Cove Point, Chesapeake Bay early today. Five youths, members of the Baltimore Evening Sun, newsboys' band are missing and it is believed they were lost.

Their ages range from 14 to 17 years. The known dead (all negroes) are James Mack and Evelyn Parker, passengers, of Baltimore, and Elijah J. Brogden, pantryman on the steamer. Brogden was alive when taken from the water but died soon afterward. The body of Evelyn Parker was recovered. All the survivors, approximately 90, of whom 54 were the remaining members of the newsboys' band were brought to Baltimore by the steamer Midcoast which had gone to the assistance of the burning steamer, together with several other craft, attracted to the scene by the blaze.

CLUBS TO HEAR DR. F. E. JAYNES

"Education Week" in "Carry On" Campaign Opens Monday.

Dr. Frank Emerson Jaynes, educational director of the American City Bureau, will be the principal speaker, Monday, at a joint meeting of the Escanaba Rotary and Kiwanis clubs. It will be the first of a series of similar gatherings before during the week.

He will address the Lions club at noon Tuesday, the Escanaba Woman's club on Wednesday, and the American Legion Thursday night. Other meetings, including a civic mass meeting, are being arranged by the Chamber of Commerce. Invitations to clergymen of the city to attend a special group meeting, were being mailed from campaign headquarters late yesterday afternoon.

The week has been designated "Educational Week" and will have an important hearing on the plans for the expansion and renewal campaign to be staged by the Chamber.

The campaign executive board, of twenty prominent citizens, will meet Monday to complete the details for further activities.

1,000 Elks Of Detroit Going To Boston Meet

Detroit, July 5.—A party of Michigan Elks, 1,000 strong, left Detroit at midnight Saturday to take part in the annual national reunion of the order which is to be held in Boston during this week. The party is due to arrive Monday and will participate Thursday in the massed parade which will be a feature of the proceedings.

For the first time Michigan will join in the reunion as a composite body instead of distinct units. Representing the state will be the Detroit drill team which has been on parades throughout the country, the Jackson lodge, whose team has won high drill honors in several consecutive national reunions, and other teams, together with a number of delegates.

U. S. Destroyer Brooks Aground

Portsmouth, N. H., July 5.—The United States destroyer Brooks, bound from Belfast, Maine, to Portsmouth for fuel, went aground on Port Constitution Ledge, east of New Castle Harbor late today. A bad hole was stove in her port bow and the forward compartment was flooded.

The accident occurred in a dense fog.

Reliable statistics would show that practically 9 per cent of the rich families have babies named after them.

Candidates, Attention

Because of the hundreds of thousands of votes turned in last night during the closing hours of the "First Period" Vote Offer, it was impossible to get them checked up in time for the regular vote count in today's Press.

Thrown from Train, Fatally Injured

Flint, Mich., July 5.—Walter Eldridge, 34 years old, of Owosso, was thrown from a Grand Trunk freight train here tonight and fell beneath the wheels, both legs being severed below the knees. He is in a local hospital and probably will die. Eldridge told police that he was thrown from a box car by several men with whom he was riding. The train did not stop in Flint and officers were sent to the Belay Yards of the railroad five miles east in an effort to round up the men who threw Eldridge from the train.

Last year our per capita consumption of fluid milk was 53 gallons.

Plan Formation Of New Political Party Next January.

Washington, July 5.—Senator LaFollette in intervals of long distance telephone communication with his son, R. M. LaFollette, Jr., at Cleveland, was informed by The Associated Press today of his endorsement by the progressive conference as its presidential candidate. He had no comment to make, but was intent upon obtaining full information of the steps taken by his supporters. His willingness to accept was declared yesterday.

Cleveland, O., July 5.—After endorsing Robert M. LaFollette as a presidential candidate and providing for the organization of a new political party next January, the conference for progressive political action wound up its convention early tonight.

The conference empowered its national committee to select a vice presidential candidate after conference with the "LaFollette for president committee."

Endorsed On Own Platform. LaFollette was endorsed as a candidate on his own platform. The convention then adopted for its platform one embodying the ideas contained in the Wisconsin document and in the statement of principles issued at the St. Louis session of the conference last February.

The final day of the gathering worked out strictly according to plans of the leaders and without appreciable opposition.

Repeatedly today as yesterday, the name "LaFollette" was the signal for an outburst of cheering and applause. Yet the culmination of the convention's work, coming in the form of a committee recommendation, did not draw even a pattering of handclaps.

Socialists Second Motion. All elements in the convention were silent on showing they were back of LaFollette's candidacy. After losing a fight before the organization committee for immediate formation of a new party, the socialists, led by Morris Hillquit of New York, were the first to second the endorsement report.

The Farmer-Labor party elements who backed Perley Christensen in the 1920 campaign, and who also had urged the "third party" idea, then rallied to the support of LaFollette as an independent.

Speaking for the women of the convention, Mrs. Harriot Stanton Blatch, daughter of Elizabeth Cady Stanton, pre-civil war suffrage advocate urged all members of her sex to work for the election of the Wisconsin senator.

Other railroad brotherhood and other trades union delegates spoke through the chairman of the convention, E. J. Manton, president of the Railway Telegraphers and reinforced his word with a mighty "aye" when the report was adopted.

No sooner was the convention ended than the national committee and the state delegation groups gathered to plan for the campaign. The convention decided to rely upon popular subscriptions for its campaign fund and tonight's meetings were called to get machinery under way for circulating LaFollette ballot petitions and to collect money.

National campaign headquarters probably will be established in Chicago.

By the organization committee report, the national committee of the conference was continued in office, directed to enlarge its membership to at least 50 and empowered to act as a campaign committee.

Both Leaders Reates. Neither of the two leaders can be nominated now. The selection of either would only widen the breach in the party. But it may take another seventy ballots to convince the two leading candidates that they ought to withdraw.

When tonight's conference of the steering committee was called, the popular belief was that a candidate would be selected. Judge Rockwell, manager for McAdoo, let it be known as he entered the convention that his understanding of the jurisdiction of the conference was simply that it would devise a procedure and not select a nominee.

The delegates, however, feel optimistic tonight as they think the committee will really pick a man. They are doomed to disappointment. The most the conference can do and will do, is to draw up a plan, whereby after a certain number of ballots, all the

Neither of the two leading candidates convinced that victory is impossible, the deadlock continues unbroken. Seventy-seven ballots apparently have not taught either side the meaning of compromise or surrender.

The Democratic party has reached a crisis not unlike that which divided it in Civil War days. The issue raised at this convention are almost as irreconcilable as were those which grew out of slavery. The issue is not individualistic but religious prejudice. It is not principles, but individual ambitions. Broadly speaking, there are conservatives and progressives in the Democratic party, but no spokesman has defined the meaning of the terms in words which have made the delegates understand what it's all about. There is, too, a wet and dry fight, but at the bottom, the discussion here is due to the fact that one leading candidate is a Catholic and the other was given the support in the south of anti-Catholic organizations. There is a veto against the nomination of Smith, and there's a veto against the selection of William Gibbs McAdoo. It takes a two-thirds vote to nominate a candidate in a Democratic convention and out of the total of 1098 delegates, the Smith men have more than one third, which is enough to block anyone from getting a full two-thirds.

The McAdoo men have nearly a majority of the convention. Together, McAdoo and Smith control about 570 votes. The remaining 228 are, in effect, controlled by the Smith people, in that the favorite son delegations have been persuaded to obstruct McAdoo. But they also have been persuaded to prevent the nomination of Smith.

Both Leaders Reates. Neither of the two leaders can be nominated now. The selection of either would only widen the breach in the party. But it may take another seventy ballots to convince the two leading candidates that they ought to withdraw.

LORAIN CASE SETS RECORD IN SAVAGERY

Cleveland, O., July 5.—"In more than 100 disaster stricken communities in which I have worked throughout the United States I have never seen a more complete devastation made by a tornado than here in Lorain," Henry M. Baker, Red Cross national director of disaster relief, said tonight.

"It will be impossible to send in too much money for the relief of this stricken city," he continued. Red Cross officials will start to make reimbursements to Lorain's homeless Monday. Food and other supplies from nearby cities are being sent to Lorain in large quantities.

Thirteen hundred troops are still on duty.

NEITHER OF LEADERS CAN WIN THE RACE

LAWRENCE SEES CRISIS SIMILAR TO CIVIL WAR.

BY DAVID LAWRENCE (Copyright 1924, by the Escanaba Press.) New York, July 5.—The word "compromise" still means surrender.

The idea which the Smith managers seem to have about the conference in session tonight is that it will compromise by selecting the New York governor.

And the motion which Judge Rockwell, manager for McAdoo, has is that a candidate who has received 530 votes—more than any other—should not withdraw but should be nominated.

Thus, with neither of the two leading candidates convinced that victory is impossible, the deadlock continues unbroken. Seventy-seven ballots apparently have not taught either side the meaning of compromise or surrender.

The Democratic party has reached a crisis not unlike that which divided it in Civil War days. The issue raised at this convention are almost as irreconcilable as were those which grew out of slavery. The issue is not individualistic but religious prejudice. It is not principles, but individual ambitions. Broadly speaking, there are conservatives and progressives in the Democratic party, but no spokesman has defined the meaning of the terms in words which have made the delegates understand what it's all about. Democrats Will Discuss Peace Over The Sabbath Day

HOPE TO ARRIVE AT CHOICE THROUGH GROUP GATHERINGS AND CONFERENCE DURING DAY

New York, July 5.—Peace negotiations for selection of a compromise candidate for the presidency were undertaken under serious difficulties tonight by a group of Democratic chieftains upon whose shoulders the party's national convention had placed the task of choosing it from its record breaking deadlock.

Giving their assent and cooperation were many of the supporters of McAdoo and Smith, apparently convinced at last that neither can be nominated. Weighing heavily against the forces working for a compromise, however, stood an open defiance from the McAdoo campaign managers, who declared their only compromise candidate was McAdoo.

The mandate of the convention empowered the conference to undertake negotiations "for the purpose of reaching an understanding so as to hasten the conclusion of this convention." As the weary delegates left the convention hall after seventy-seven fruitless ballots they appeared to have no doubt that their leaders would undertake to find a candidate on which there could be a general agreement, but three hours later David Ladd Roosevelt, the McAdoo field marshal, announced that he would enter the conference with no other object in view.

Interpreted it, Mr. Rockefeller said, the purpose of the meeting was to seek an amendment of convention procedure, so the anomalous situation which has held the convention powerless through the entire week can be brought to an end and a nominee selected. Under such circumstances, he added the high ground in the voting could not be expected to step aside for any other candidate, including Governor Smith, left no doubt that they all went into the conference willing to take whatever solution might be found gener-

ally acceptable. Among the McAdoo delegates there were many who openly voiced the same conviction.

Behind the doors of their council room the conferees conjured tonight with an ever narrowing list of names—Robinson of Arkansas, Glass of Virginia, Ralston of Indiana, Davis of West Virginia, and others—but they let escape only stray scraps of information to indicate in what direction the wind was blowing.

Early Peace Parley. The peace parley had its real beginning earlier in the day when the forces opposed to McAdoo joined hands in a determination to definitely and finally accomplish his defeat.

The combined opposition lifted Smith to a new level in the balloting with more than enough votes to veto the selection of any other candidate, defeated one after another a string of proposals designed to either ward off a decision or improve the parliamentary position of the McAdoo followers, and then brought some of the more prominent McAdoo men around the council table and told them bluntly that a nomination could be reached only by a compromise. But there was no formal sur-

render on either side. Hopeful as they were that the outcome would be an agreement, the managers were taking no chances.

Authority For Conference. The convention gave its authority for the conference by adopting a formal motion drafted by the principal campaign managers while the tally clerks were recording the result of the seventy seventh ballot. Presented by Thomas Taggart of Indiana, the proposal was adopted unanimously. Chairman Hull of the national committee and Chairman Walsh of the convention were empowered by the motion to call the conference, and to invite to it the managers for all the candidates. Those who later assembled in response to the invitation included, besides Chairman Hull and Senator Walsh, George E. Brennan of Illinois, Norman E. Mack and Franklin D. Roosevelt, representing Governor Smith, Mr. Rockefeller and a staff of assistants including Homer S. Cummings, speaker for McAdoo; Ed Moore of Ohio for James M. Cox; William Jennings Bryan, who was sent in to represent the candidacy of his brother, Governor Bryan of Nebraska; Taggart, appearing for Senator Ralston, and a dozen others.

Smith Holds Strength. Smith was helped up the ladder mainly by the breaking up of the solid block of forty-eight Ohio votes that had been cast for Cox on the opening ballots and later switched to Newton D. Baker. Twenty of them went to Smith and none to McAdoo. On the seventy sixth ballot the New York governor had 368, and he finished the day with 367, the precise number necessary to prevent any other candidate from receiving the two thirds necessary to nominate. At adjournment last night his totals had been 344.

The total for McAdoo, which touched its high water mark of 530 yesterday fluctuated within narrow limits during today's balloting and wound up on the seventy-seventh ballot at 513. John W. Davis, in third place, had 76 tonight compared to 67 at the end of last night's session. Attempted Change. The first attempt to change the convention came after the seventy-second ballot when E. M. Semans of Oklahoma City, presented a resolution providing that on each ballot the low man be dropped until only two candidates remained. That was thrown out on a point or order but a little later Former Senator Hitchcock of Nebraska, precipitated a roll call on the elimination plan by presenting it in a form that would leave five candidates instead of two in for the final ballots. The McAdoo delegates supported the Hitchcock resolution but mustered only 496 votes for it, while the opposition polled 589. Two thirds would have been required for adoption.

A. H. Ferguson of Durant, Okla., then proposed that the convention adjourn and reconvene July 21 in Kansas City. Many of the McAdoo workers who have complained of the treatment of their candidate by New Yorkers in the galleries of the convention hall went out to seek adoption of the proposal, but the personal aversion of the delegates to a plan that would involve them in another convention after this is over triumphed over all else and the resolution was overwhelmingly beaten.

Third Plan. A third plan for eliminating the favorite sons and letting the full convention strength decide between the two high men was laid before the convention later by Thomas H. Ball, of Houston, Tex., another McAdoo delegate, who proposed that after a certain number of ballots both the unit rule and the two-thirds rule be abandoned together. His resolution was voted down without a roll call.

Should the convention run far on into next week without a decision the move for adjournment to another city may be attempted. William J. Bryan has drafted a

resolution to move the proceedings to Washington.

A precedent for such a step was furnished by the Democratic convention of 1860 which after a prolonged deadlock moved from Charleston to Baltimore and found there a solution of its difficulties.

Second Place Arrangement. Should the conference which began tonight, facing an all night session, result in an agreement on a presidential candidate, it is possible that it will carry with it an understanding as to second place.

Although only the candidates placed formally in nomination before the convention were invited to send representatives to the conference, it was declared the field of possibilities considered would not be confined to this or any other group, nor circumscribed by any limitation based on the respective aspirants under the usual conditions of the present convention. Besides the candidates like Robinson, Ralston, Glass and Davis, who have received substantial totals at one stage of the balloting or another, the names of men like Hitchcock of Maryland and Saulsbury of Delaware, whose states have stood solidly behind them from the start, were considered likely to figure in the discussion of first and second place on the ticket.

CAVIAR IN HAMBRUG. Hamburg.—The world's largest storehouse of caviar—supplying the New York, London and Paris market—is in Hamburg. Outside of Russia caviar is one of the most expensive luxuries of European tables. But in Petrograd or Moscow it is a common dish of the working man.

BELETTLESS GOWN. Though there are many beltless gowns there is a great interest in belts and sashes and they range from the narrow belt of leather to the wide sash with the large but graceful bow.

BRIGHT COLORS. Collars and cuffs of crepe de chine in bright colors are worn with the plaid one-piece frocks.

Farthings are seldom used in England, and are almost unknown in the northern boroughs.

The superstition that it is unlucky to be married in May originated with the ancient Greeks.

In the dark ages abbreviated signs were much in demand for the preservation of records.

Psychologists say many men smoke simply because their associates do.

Winston Churchill has occupied almost all of the higher offices in the British cabinet except the post of prime minister.

Windsor Castle is built on land which William I acquired from the Abbot of Westminster.

MacLaren Keeps Up World Flight

(By The Associated Press.) Kagooshima, Japan, July 5.—A Stuart MacLaren, the British aviator, who is on a flight around the world, left here at seven o'clock this morning for Kushi-moto. MacLaren arrived here yesterday from Shanghai.

SCARF WRAPS. Scarf wraps of double georgette edged with ostrich feathers are very attractive over dainty summer frocks.

HEADS TRIMMING. Beads, lace and fur are said to be the leading trimmings on the first fall models.

DAINTY BRASSIERES. Very fine eyelet embroidery is combined with fillet lace to make very dainty brassieres.

SPANISH HEEL. The smartest slippers have the straight, high Spanish heel. For street wear the medium Cuban heels, though there are many flat heeled models.

Fraternal Column

F. H. A. Card Party. The members of the Fraternal Reserve Association will give a card party Monday evening after their regular meeting which will be held at the Eagles' hall. Prizes will be awarded to the ladies and gentlemen holding the highest scores and a delicious lunch will be served. All members and friends are urged to attend the party.

To Address Woman's Club. Dr. Frank Emerson Jayne, who will address the local luncheon clubs this week will also deliver an address to the members of the Escanaba Woman's Club, Wednesday afternoon at 2 o'clock at the K. of C. Club rooms. All members will be permitted to invite some friend who is not a member to attend. Refreshments will also be served.

EVENING WRAPS. Shimmering tissues beaded with rhinestones or colored beads are employed for the most gorgeous of summer evening wraps.

They tried it as a last resort!
... and won health!

When all else fails, Kellogg's Bran relieves constipation. If eaten regularly, it is guaranteed to relieve permanently the most chronic cases, or your grocer will return your money. For Kellogg's is ALL bran. Nothing but ALL bran can be 100 per cent effective.

Doctors recommend Kellogg's Bran, cooked and krumbled. They know it brings results. It sweeps, cleans and purifies the intestine. It rids the system of those dangerous poisons which lead to other diseases.

Eat at least two tablespoonfuls of Kellogg's Bran daily—in chronic cases, with every meal. You will like the wonderful, nut-like flavor. Eat it with milk or cream. Sprinkle it over other cereals. Try it in the recipes given on every package. Kellogg's Bran is served by leading hotels and clubs. Sold by all grocers.

UNITED STATES TIRES ARE GOOD TIRES

Some on a United States Rubber Company Plantation in the Far East. After the rubber trees are tapped the latex is brought in cans to these Field Stations and weighed.

The Beginning of Better Tire Service

WHEN the U. S. Rubber Engineers discovered that raw rubber latex in its natural state was a better tire material than the old bulk form of crude rubber it marked the beginning of better tire service.

U. S. Royal Cords built of cords solutioned in raw rubber latex have now been in use over three years. These tires have shown remarkable strength and wearing quality.

The use of latex in tire building is commercially possible because of three things:

- 1—The processes and equipment for using latex developed by the United States Rubber Company.
- 2—The discovery of a method of shipping latex to this country by the U. S. Rubber Engineers.
- 3—The development of the U. S. Rubber Plantation in the Far East providing an unfailing source of supply of latex of a peculiarly uniform quality especially adapted for tire building.

The latex treatment is particularly valuable in the building of low air-pressure flexible-side-wall Balloon and Balloon-Type Tires.

"MINE TO KEEP"

COAL INDUSTRY GETTING BACK TO "NORMALCY"

Roger Babson Sees Better Conditions In Mining.

Babson Park, Mass., July 5—The coal industry, important in itself and because of its effect on other industries, is getting back onto a normal basis, according to Roger W. Babson. The statistician discusses both bituminous and anthracite fields in a report issued today.

"The coal industry has been upset so long," says Mr. Babson, "that it is distinctly encouraging to find that it is preparing to get back onto a more normal basis. The feast and famine program promises to give way to something approximating three square meals a day for the operator, the miner, and finally, the consumer."

Strike Threatened.
 "The latest upset last winter with the threat of a strike for this summer. To prepare for such an emergency the operators rushed to build up a reserve supply and the 1922 production of bituminous totalling 422,000,000 tons was topped with a volume of 545,000,000 tons in 1923. January of this year followed suit with 50,000,000 tons, and February to April 45,000,000 when it became apparent that business was slowing up; the threatened strike was called off and a three year agreement with the miners was signed. Demand declined and the operators found themselves with a tremendous stock on their hands, in fact, April first showed our reserve supplies at 50,000,000 tons, the largest in recent years. Prices dropped to \$2.10 at the mine and operations were curtailed; during April, May and June production ran about 50 per cent of the average earlier in the year."

Mine Prices Down.
 "Stocks are still relatively heavy but prices are down to \$2.01 at the mine and demand is overtaking the supply. Under these circumstances it is probable that some of the high cost properties will have to close, but everyone will be better off with fewer producers working a greater part of the time. Prices may not go much below present quotations and certain keen buyers look toward slightly higher levels. However, there is little in the present situation to justify any radical change in either direction. Production meantime should follow its normal seasonal tendency with a possible slight increase as fall business demands materialize. Present buyers are covering their needs in the present market."

"Once the industry gets back into its stride it should hold it until some development threatens another coal shortage, then I suppose we shall all have to run the gauntlet again, taking our licks by turns. Such a shortage ordinarily develops from a combination of three factors. If business gets to booming and the demand for coal is unusually heavy, prices climb and the buyers rush in to protect their need. Result—a temporary shortage. There is nothing in the present situation (the Babsonchart shows general business activity at 13 percent below normal) to promise any shortage from this source for the remainder of this year, at least. Threatened labor difficulties have a similar effect on the market, but the three-year agreement now in force precludes the probability of shut-downs on this score. The third factor is transportation. When coal cannot be moved from the mines it might as well not exist as far as the market is concerned. Plenty of cars and no congestion promise rapid transportation of coal during the remainder of the year."

Soft Coal Hardest Hit.
 "The anthracite industry has not suffered so great a slump as the bituminous because no strike was threatened and stocks were not built up to such a great extent. Production in 1923 of 95,000,000 tons has been followed by production around 7,000,000 tons a month this year. Low prices for the year are ordinarily reached in April when a differential is put into effect to speed early deliveries. This usual monthly increase is now scheduled and will probably continue. Little change in wholesale prices may be expected. Dealers Face Problem.
 "Retail coal dealers are facing a

serious problem. The public is not buying this summer in the usual volume. Many of the retail dealers, lacking more storage space or sufficient capital, are being forced to refuse their shipments as they come from the mines. The operators in this case curtail production and are only mining as much coal as the dealers can take. If this continues we will find everyone clamoring for coal September first. It will be physically impossible for the dealer to get and deliver in a single month the coal he should have been delivering all summer. Under these circumstances a local shortage may easily develop and we will all be rushing around trying to get coal at any price."

"There is little chance of prices going any lower under the existing conditions and the wise man will get his coal in now when he can get deliveries, thus avoiding possible shortage prices and the bother of trying to get it late this fall."

"The consuming public may also be interested," concluded Mr. Babson, "in the recent findings of the Canadian Geological Survey which reports on new fields in Alberta which promise to supply anthracite, bituminous, and lignite coal for all of Canada for many years. This spells smaller exports from our own supply and precludes the probability of more shortages, as severe as the last two."

OBITUARY

LEO J. FARRELL.
 Impressive funeral services for Leo J. Farrell, son of Mr. and Mrs. S. F. Farrell of Hardwood were held at St. Joseph's church at Foster City Saturday morning at nine o'clock when Rev. Fr. T. Drengacz was the celebrant at the requiem high mass which was attended by a large number of relatives and friends. Burial was in the family lot in Foster City cemetery. Many beautiful flowers surrounded the casket of the young man who numbered his friends by the score.

MRS. CHRIS CONRADSON.
 Mrs. Chris Conradson, aged 67, and a well known Delta county resident, passed away late yesterday afternoon at a local hospital after an illness due to complications.

Mrs. Conradson was born in Denmark and came to this country about 41 years ago, settling in Spaulding. About eight years ago she came to this city where she has since made her home. The deceased is survived by her husband, two sons, Chris, Jr., of Detroit, and Max, Kansas City; and three daughters, Mrs. Christine Christian, Escanaba; Mrs. A. Ellingson, Dargott, and Mrs. M. J. Kessler, this city. The body was taken to the Alfo Funeral Home to be prepared for burial. Late this afternoon, it will be returned to the family home at 600 N. 19th St. Funeral services will be conducted Tuesday afternoon from the family residence at 2:30, the Rev. C. A. Lund, of the Swedish Lutheran Bethany Church, officiating. Burial will be in the Lakeview cemetery.

SWEDISH METHODIST.

To Our Readers!
 Dear Friends:—
 Everyone is interested in children. You are particularly interested because your studies and the bigness of your heart make you realize the necessity for preserving the health of the coming generation.
 Whether we happen to be a mother, physician, teacher, public official or in the milk business we must all realize our duty to babies.
 This company has a great responsibility, for the welfare of thousands of children as well as adults is dependent on the safety and healthfulness of our milk. We are doing everything in our power to live up to this responsibility.
 May we enlist your co-operation in spreading the gospel of good milk and insisting on proper health safeguards.

Delta-Made Ice Cream
 MAKES CHILDREN HAPPY, HEALTHY.
 THERE'S nothing better for the child in the summer than a good portion of DELTA-MADE Ice Cream. It is a hot weather tonic with a few equals for keeping the child happily indifferent to the heat.
 Try a quart today and you'll want to place a standing order with us.

Democrats Will Discuss Peace Over The Sabbath Day

HOPE TO ARRIVE AT CHOICE THROUGH GROUP GATHERINGS AND CONFERENCE DURING DAY

(By The Associated Press.)

New York, July 5.—Peace negotiations for selection of a compromise candidate for the presidency were undertaken under serious difficulties tonight by a group of Democratic chiefs upon whose shoulders the party's national convention had placed the task of freeing it from its record breaking deadlock.

Giving their assent and cooperation were many of the supporters of McAdoo and Smith, apparently convinced at last that neither can be nominated. Weighing heavily against the forces working for a compromise, however, stood an open defiance from the McAdoo campaign managers, who declared their only compromise candidate was McAdoo.

The mandate of the convention empowered the conference to undertake negotiations "for the purpose of reaching an understanding so as to hasten the conclusion of this convention." As weary delegates left the convention hall after seventy-seven fruitless ballots they appeared to have no doubt that their leaders would undertake to find a candidate on which there could be a general agreement, but three hours later David Ladd Rowwell, the McAdoo field marshal, announced that he would enter the conference with no other object in view.

Strange Anomalous Situation.—It is interpreted it, Mr. Rowwell said, the purpose of the meeting was to seek an amendment of convention procedure, so the anomalous situation which held the convention power through the entire week can be brought to an end and a nominee selected. Under such circumstances, he added the high time in the voting could not be expected to step aside for any other candidate.

The campaign managers for the other candidates, including Governor Smith, left no doubt that they all went into the conference willing to take whatever action might be found gener-

ally acceptable. Among the McAdoo delegates there were many who openly voiced the same conviction.

Behind the doors of their council room the conferees conjured tonight with an ever narrowing list of names—Robinson of Arkansas, Glass of Virginia, Raiston of Indiana, Davis of West Virginia, and others—but they escaped only stray scraps of information to indicate in what direction the wind was blowing.

Early Peace Parley.—The peace parley had its real beginning earlier in the day when the forces opposed to McAdoo joined hands in a determination to definitely and finally accomplish his defeat.

The combined opposition lifted Smith to a new level in the balloting with more than enough votes to veto the selection of any other candidate, defeated one after another a string of proposals designed to either ward off a decision or improve the parliamentary position of the McAdoo followers; and then brought some of the more prominent McAdoo men around the council table and told them bluntly that a nomination could be reached only by a compromise.

But there was no formal sur-

render on either side. Hopeful as they were that the outcome would be an agreement, the managers were taking no chances.

Authority For Conference.—The convention gave its authority for the conference by adopting a formal motion drafted by the principal campaign managers while the tally clerks were recording dreadingly the result of the seventy seventh ballot. Presented by Thomas Taggart of Indiana, the proposal was adopted unanimously. Chairman Hull of the national committee and Chairman Walcott of the convention were empowered by the motion to call the conference, and to invite to it the managers for all the candidates. Those who later assembled in response to the invitation included, besides Chairman Hull and Senator Walsh, George E. Brennan of Illinois, Norman E. Mack and Franklin D. Roosevelt, representing Governor Smith, Mr. Rockwell and a staff of assistants including Homer S. Cummings, speaker for McAdoo; Ed. Moore of Ohio for James M. Cox; William Jennings Bryan, who was sent in to represent the candidacy of his brother, Governor Bryan of Nebraska; Taggart, appearing for Senator Raiston, and a dozen others.

Smith Holds Strength.—Smith was helped up the ladder mainly by the breaking up of the solid block of forty-eight Ohio votes that had been cast for Cox on the opening ballots and later switched to Newton D. Baker. Twenty of them went to Smith and none to McAdoo. On the seventy sixth ballot the New York governor had 368, and he finished the day with 367, the precise number necessary to prevent any other candidate from receiving the two thirds necessary to nominate. At adjournment last night his totals had been 344.

The total for McAdoo, which touched its high water mark of 530 yesterday fluctuated within narrow limits during today's voting and wound up on the sev-

enty-seventh ballot at 513. John W. Davis, in third place, had 76 tonight compared to 67 at the end of last night's session.

Attempted Change.—The first attempt to change the convention came after the seventy-second ballot when E. M. Semans of Oklahoma City, presented a resolution providing that on each ballot the low man be dropped until only two candidates remained. That was thrown out on a point or order but a little later Former Senator Hitchcock of Nebraska, precipitated a roll call on the elimination plan by presenting it in a form that would leave five candidates instead of two in for the final ballots. The McAdoo delegates supported the Hitchcock resolution but mustered only 498 votes for it, while the opposition polled 589. Two thirds would have been required for adoption.

A. H. Ferguson of Durant, Okla., then proposed that the convention adjourn and reconvene July 21 in Kansas City. Many of the McAdoo workers who have complained of the treatment of their candidate by the convention hall went out to seek adoption of the proposal, but the personal aversion of the delegates to a plan that would involve them in another convention after this is over triumphed over all else and the resolution was overwhelmingly beaten.

Third Plan.—A third plan for eliminating the delegates to a plan that would let the two high men be laid before the convention later by Thomas H. Ball, of Houston, Tex., another McAdoo delegate, who proposed that after a certain number of ballots both the unit rule and the two-thirds rule be abandoned together. His resolution was voted down without a roll call.

Should the convention run far on into next week without a decision the move for adjournment to another city may be attempted. William J. Bryan has drafted a

resolution to move the proceedings to Washington.

A precedent for such a step was furnished by the Democratic convention of 1860 which after a prolonged deadlock moved from Charleston to Baltimore and found there a solution of its difficulties.

Second Place Arrangement.—Should the conference which began tonight, facing an all night session, result in an agreement on a presidential candidate, it is possible that it will carry with it an understanding as to second place.

Although only the candidates placed formally in nomination before the convention were invited to send representatives to the conference, it was declared the field of possibilities considered would not be confined to this or any other group, nor circumscribed by any limitation based on the respective aspirants under the usual conditions of the present convention.

Besides the candidates like Robinson, Raiston, Glass and Davis, who have received substantial totals at one stage of the balloting or another, the names of men like Hitchcock of Maryland and Saulsbury of Delaware, whose states have stood solidly behind them from the start, were considered likely to figure in the discussion of first and second place on the ticket.

CAVIAR IN HAMBURG.—Hamburg.—The world's largest storehouse of caviar—supplying the New York, London and Paris market—is in Hamburg. Outside of Russia caviar is one of the most expensive luxuries of European tables. But in Petrograd or Moscow it is a common dish of the working man.

BELTLESS GOWN.—Though there are many beltless gowns there is a great interest in belts and sashes and they range from the narrow belt of leather to the wide sash with the large but graceful bow.

BRIGHT COLORS.—Collars and cuffs of crepe de chine in bright colors are worn with the plaid one-piece frocks.

Farthings are seldom used in England, and are almost unknown in the northern boroughs.

The superstition that it is unlucky to be married in May originated with the ancient Greeks.

In the dark ages abbreviated signs were much in demand for the preservation of records.

Psychologists say many men smoke simply because their associates do.

Winston Churchill has occupied almost all of the higher offices in the British cabinet except the post of prime minister.

Windsor Castle is built on land which William I. acquired from the Abbot of Westminster.

MacLaren Keeps Up World Flight

(By The Associated Press.)

Kagooshima, Japan, July 5.—A. Stuart MacLaren, the British aviator, who is on a flight around the world, left here at seven o'clock this morning for Kushi-moto. MacLaren arrived here yesterday from Shanghai.

SCARF WRAPS.—Scarf wraps of double georgette edged with ostrich feathers are very attractive over dainty summer frocks.

BEAD TRIMMING.—Beads, lace and fur are said to be the leading trimmings on the first fall models.

DAINTY BRASSIERES.—Very fine eyelet embroidery is combined with fllet lace to make very dainty brassieres.

SPANISH HEEL.—The smartest slippers have the straight, high Spanish heel. For street wear the medium Cuban heels, though there are many flat heeled models.

Fraternal Column

F. R. A. Card Party.—The members of the Fraternal Reserve Association will give a card party Monday evening after their regular meeting which will be held at the Eagles' hall.

Prizes will be awarded to the ladies and gentlemen holding the highest scores and a delicious lunch will be served.

All members and friends are urged to attend the party.

To Address Woman's Club.—Dr. Frank Emerson Jayne, who will address the local luncheon clubs this week will also deliver an address to the members of the Escanaba Woman's Club, Wednesday afternoon at 3 o'clock at the K. of C. Club rooms. All members will be permitted to invite some friend who is not a member to attend. Refreshments will also be served.

EVENING WRAPS.—Shimmering tissues beaded with rhinestones or colored beads are employed for the most gorgeous of summer evening wraps.

They tried it as a last resort! ... and won health!

When all else fails, Kellogg's Bran relieves constipation. If eaten regularly, it is guaranteed to relieve permanently the most chronic cases, or your grocer will return your money. For Kellogg's is ALL bran. Nothing but ALL bran can be 100 per cent effective.

Doctors recommend Kellogg's Bran, cooked and krumpled. They know it brings results. It sweeps, cleans and purifies the intestine. It rids the system of those dangerous poisons which lead to other diseases.

Eat at least two tablespoonfuls of Kellogg's Bran daily—in chronic cases, with every meal. You will like the wonderful, nut-like flavor. Eat it with milk or cream. Sprinkle it over other cereals. Try it in the recipes given on every package. Kellogg's Bran is served by leading hotels and clubs. Sold by all grocers.

UNITED STATES TIRES ARE GOOD TIRES

Scene on a United States Rubber Company Plantation in the Far East. After the rubber trees are tapped the latex is brought in cans to these Field Stations and weighed.

The Beginning of Better Tire Service

WHEN the U. S. Rubber Engineers discovered that raw rubber latex in its natural state was a better tire material than the old bulk form of crude rubber it marked the beginning of better tire service.

U. S. Royal Cords built of cords solutioned in raw rubber latex have now been in use over three years. These tires have shown remarkable strength and wearing quality.

The use of latex in tire building is commercially possible because of three things:

- 1—The processes and equipment for using latex developed by the United States Rubber Company.
- 2—The discovery of a method of shipping latex to this country by the U. S. Rubber Engineers.
- 3—The development of the U. S. Rubber Plantation in the Far East providing an unfailing source of supply of latex of a peculiarly uniform quality especially adapted for tire building.

The latex treatment is particularly valuable in the building of low air-pressure flexible side-wall Balloon and Balloon-Type Tires.

"MINE TO KEEP"

COAL INDUSTRY GETTING BACK TO "NORMALCY"

Roger Babson Sees Better Conditions In Mining.

Babson Park, Mass., July 5—The coal industry, important in itself and because of its effect on other industries, is getting back to a normal basis, according to Roger W. Babson. The statistician discusses both bituminous and anthracite fields in a report issued today.

"The coal industry has been upset so long," says Mr. Babson, "that it is distinctly encouraging to find that it is preparing to get back to a more normal basis. The feast and famine program promises to give way to something approximating three square meals a day for the operator, the miner, and finally, the consumer."

Strike Threatened.

"The latest upset started last winter with the threat of a strike for this summer. To prepare for such an emergency the operators rushed to build up a reserve supply and the 1922 production of bituminous totalling 422,000,000 tons was topped with a volume of 545,000,000 tons in 1923. January of this year followed suit with 50,000,000 tons, and February totaled 45,000,000 when it became apparent that business was slowing up; the threatened strike was called off and a three year agreement with the miners was signed. Demand declined and the operators found themselves with a tremendous stock on their hands. In fact, April first showed our reserve supplies at 60,000,000 tons, the largest in recent years. Prices dropped to \$2.10 at the mine and operations were curtailed; during April, May and June production ran about 60 per cent of the average earlier in the year."

Mine Prices Down.

"Stocks are still relatively heavy but prices are down to \$2.01 at the mine and demand is overtaking the supply. Under these circumstances it is probable that some of the high cost properties will have to close, but everyone will be better off with fewer producers working a greater part of the time. Prices may not go much below present quotations and certain keen buyers look toward slightly higher levels. However, there is little in the present situation to justify any radical change in either direction. Production meantime should follow its normal tendency with a possible slight increase as fall business demands materialize. Present buyers are covering their needs in the present market."

"Once the industry gets back into its stride it should hold it until some development threatens another coal shortage, then I suppose we shall all have to run the gamut again, taking our licks by turns. Such a shortage ordinarily develops from a combination of three factors. If business gets to booming and the demand for coal is unusually heavy, prices climb and the buyers rush in to protect their need. Result—a temporary shortage. There is nothing in the present situation (the Babson chart shows general business activity at 13 percent below normal) to promise any shortage from this source for the remainder of this year, at least. Threatened labor difficulties have a similar effect on the market, but the three-year agreement now in force precludes the probability of shut-downs on this score. The third factor is transportation. When coal cannot be moved from the mines it might as well not exist as far as the market is concerned. Plenty of cars and no congestion promise rapid transportation of coal during the remainder of the year."

Soft Coal Hardest Hit.

"The anthracite slump has not suffered so great a slump as the bituminous because no strike was threatened and stocks were not built up to such a great extent. Production in 1923 of 95,000,000 tons has been followed by production around 7,000,000 tons a month this year. Low prices for the year are ordinarily reached in April when a differential is put into effect to speed early deliveries. This usual monthly increase is now scheduled and will probably continue. Little change in wholesale prices may be expected. Dealers Face Problem. "Retail coal dealers are facing a

URGENT EXTENSION OF RELIGION IN DAY CLASSES

The following "convention deliverance," adopted by delegates to the closing sessions of the convention of the Upper Peninsula Sunday School Council of Religious Education, last week, was made public yesterday by local members of the convention committee:

"It seems but fitting, at the close of this most happy and fruitful occasion, to utter a twofold word—a word of felicity and a word of purpose—on behalf of the delegates and of the convention management, subject to the approval of the members of the convention:—

"We record our deepest gratitude to the good God whose favorable providence has attended our ways, to the citizens of Escanaba for their unstinted hospitality, and unfailing courtesy; to the Press, to the musicians, to the participants in the pageant, to the civil authorities, and to the commercial organizations, and especially to the Convention Committee—personified in their amiable and efficient chairman, Mr. E. A. Hubbard, for the unusual manner in which they have anticipated our every need and just desire.

"We deem ourselves most fortunate in the presence and in the public ministries of our gifted platform guests, Bishop Harris, Dr. Ganfield, Mr. Kingdon, Mrs. Anten, Mr. Locker and Mr. Mackay.

"The event is notable in that not a single program speaker failed to appear. The fidelity of the audiences was likewise most unusual and deeply gratifying, an evidence of deep interest in the messages of the speakers and in the vital issues involved in the program and task and present tendencies of religious education.

"It is impossible to rehearse and difficult to epitomize the tremendous contributions which these three days have made to our religious thinking; but we dare do no less than to recommit ourselves anew to the entrancing task of building a sane and wholesome God-consciousness into the childhood and youth of this far-flung peninsula.

"For this task a brief Sunday session is obviously inadequate, but must be prolonged, supplemented with summer schools, and night schools, and training conferences, and with training courses for the present and prospective leaders.

"We record our renewed sense of loyalty to the American public school and to the task of remedying of its admitted defects, so as to command increasingly the moral and material support of all good citizens and the complete confidence of all worthy citizens. We reaffirm our conviction that week-day religious instruction, in cooperation with the public schools, during public school hours, under church auspices in the most promising means now in prospect for the cure of religious illiteracy and spiritual destitution."

Youngest Band Director

Mary Belle Dickerson, of Austin, Tex., is the youngest band director in the world. At six years she directs the Palm kindergarten orchestra.

serious problem. The public is not buying this summer in the usual volume. Many of the retail dealers, lacking more storage space or sufficient capital, are being forced to refuse their shipments as they come from the mines. The operators in this case curtail production and are only mining as much coal as the dealers can take. If this continues we will find everyone clamoring for coal September first. It will be physically impossible for the dealer to get and deliver in a single month the coal he should have been delivering all summer. Under these circumstances a local shortage may easily develop and we will all be rushing around trying to get coal at any price.

"There is little chance of prices going any lower under the existing conditions and the wise man will get his coal in now when he can get deliveries, thus avoiding possible shortage prices and the bother of trying to get it late this fall.

"The consuming public may also be interested," concluded Mr. Babson, "in the recent findings of the Canadian Geological Survey which reports on new fields in Alberta which promise to supply anthracite, bituminous, and lignite coal for all of Canada for many years. This spells smaller exports from our own supply and precludes the probability of more shortages, as severe as the last two."

NOTICE OF CITY TAX COLLECTION.
 NOTICE is hereby given that the TAX ROLL of the City of Escanaba, for the year 1924, will be in my hands for collection on July 16th, 1924. The taxes thereon levied can be paid at the City Hall at any time from July 16th to September 15th, 1924, inclusive, without any charge for collection, and demand for such payment is hereby made in accordance with the City Charter. Four (4%) per cent collection fee will be charged upon all taxes remaining unpaid upon said 15th day of September, 1924.

OBITUARY

LEO J. FARRELL.
 Impressive funeral services for Leo J. Farrell, son of Mr. and Mrs. S. F. Farrell of Hardwood were held at St. Joseph's church at Foster City Saturday morning at nine o'clock when Rev. Fr. T. Drenagacz was the celebrant at the requiem high mass which was attended by a large number of relatives and friends. Burial was in the family lot in Foster City cemetery. Many beautiful flowers surrounded the casket of the young man who numbered his friends by the score.

MRS. CHRIS CONRADSON.
 Mrs. Chris Conradson, aged 67, and a well known Delta county resident, passed away late yesterday afternoon at a local hospital after an illness due to complications.

Mrs. Conradson was born in Denmark and came to this country about 41 years ago, settling in Spalding. About eight years ago she came to this city where she has since made her home. The deceased is survived by her husband, two sons, Chris, Jr., of Detroit, and Max, Kansas City; three daughters, Mrs. Christine Christian, Escanaba; Mrs. A. Ellingson, Dargott, and Mrs. M. J. Kessler, this city. The body was taken to the Allo Funeral Home to be prepared for burial. Late this afternoon, it

NOTICE

will be returned to the family home at 600 N. 13th St.
 Funeral services will be conducted Tuesday afternoon from the family residence at 2:30, the Rev. C. A. Lund, of the Swedish Lutheran Bethany Church, officiating. Burial will be in the Lakewood cemetery.

No Band Concert Sunday Afternoon

There will be no band concert in Ludington Park this afternoon, the Escanaba Municipal band having made its weekly appearance on Friday afternoon, as a part of the Fourth of July celebration. The suggestion has been made that future concerts be given some other day in the week, possibly making night affairs of them. This plan may be tried out, it was said yesterday.

Escanaba Man's Letter Tells Of Terrors Of Great Tornado That Wrecked City Of Lorain

William Johnson, 111 South 2nd street, Escanaba, first assistant engineer on the Str. J. S. Ashley, saw the tornado at Lorain, O., and describes it in a very interesting letter to his brother, Lawrence Johnson, The Str. J. S. Ashley was tied up at Lorain during the tornado.

The letter follows: "We are tied up in Lorain and can't go any place as this town is under martial law and the U. S. Marines are guarding the place so no crooks can rob the dead and wounded. Everybody is ordered to the streets at 8 o'clock at night—they have to be. The Marines have orders to shoot those who aren't. Nine or ten already have been shot for robbing the dead. "We sure had some experience. A tornado came through here, striking Lorain like a flash with-out a warning and it laid the town low. Thousands and thousands are homeless and without places to go or to sleep. I saw one woman sleeping, while ago, on the bare ground, with nothing but a blanket over her. The whole town is terribly, horribly wrecked. Houses have been torn from their foundations and literally smashed to atoms—not even kindling wood remaining.

Ship Yard Demolished. "We are still at the ship yard—that is, it used to be a ship yard. It isn't much of anything now, except a mass of twisted and torn steel, wood and brick. One big stack, 300 feet high, went to pieces like match wood.

"The State theatre went all to pieces with 200 people in it. The owners found one man about 100 feet from the boat with his head almost off. The old watchman here in the ship yard got out and went home, only to find his home in kindling wood and a life-time of saving and scraping to get it, all gone in ten minutes.

"They didn't work Saturday afternoon or everybody in the ship yard would have been killed. The yard employs 500 men.

"It isn't safe to be around here. They are liable to shoot first and ask questions afterward. So we are sticking to the boat. We were up town for a little while yesterday, but I only went a little way. It was sickening to look at the wreckage. Swell homes wiped out like the snuffing out of a candle. Words could not describe the horrors of it.

Thank God for Safety. "We thank God that we on the boat are living. We had a wild experience. The boat went away up on the dock and stuck there. I was in my room and couldn't get out. The windows blew out and something hit my leg, but only grazed it. I got in the clothes closet so the stuff, flying around, couldn't hit me. The second mate was in the ice box. The skipper was in his room and couldn't get out. The wind ripped and tore everything off the boat. The whole top of the pilot house is gone and I thought the after spars were going, but they held. Ventilators and everything else went. We'll have to go to Toledo or Cleveland to get fixed up. She is a sight.

"The B. Lyman Smith broke nose but we got aboard and let go an anchor so she held. The new Henry Ford was drifting up and down the river all night and yesterday, but they have tied her up now.

"I am mighty glad none of your people were here as it is the most terrible, horrible thing that human eyes could witness.

Dead Are Everywhere. "Great big brick buildings are flat, and common gondolas and box cars blew away like paper boxes. The main street is piled high with automobiles. The dead are everywhere. The houses that still stand are full of sick and wounded.

"I have often seen big headlines in the newspapers, telling about tornadoes wiping out cities, but I never took much notice of it. Now that it has come home, I don't want to see or hear or read of another one, and I pray that there may never be another one anywhere on earth.

"The suffering is terrible. There

BEAUTY FRAMES HUSBAND TEST

Nebraska Prize Winner Tries Out a Little Psychology.

By ALEXANDER HERMAN, NEA Service Staff Writer, New York.—Pick your husband by psychology!

Apply big business methods to the business of marriage! A job's a job at home or in an office. And only the best applicant should fill it.

That's the theory of Miss Alyce McCormick, 23-year-old prize beauty of Nebraska, and daughter of a colonel of the Volunteers of America. And she has come to New York to put into practice.

Long lines of applicants pass before her daily—both at the Mason's Fashion and Home Exposition, where she is the center of attraction, and at her Greenwich Village hotel where she has the bell-hops gasping. But so far none has passed the test.

Fourteen men have tried to make her change the method of selection by making alluring offers of marriage.

"But I will not have any of them," says the determined miss. "I have seen too many marriages go on the rocks because of unscrupulous arrangements.

"And I am going to take no chances." So she goes on patiently awaiting the applicant who can stand the tests.

There is a long list of these. First, of course, is Miss McCormick's reaction. If the appearance of the man strikes her, she puts him to the first test.

She smiles and her psychologists watch: The MAN'S REACTIONS—If too bright a glitter comes into his eye, or too dull a look, he is passed up. But if just the proper shade of pleasantness, he is allowed to go on.

Then comes the test: For IMPRESSION—light chat about things in general, and Miss McCormick's ideas in particular, bring about an expression of incredulity, or concurrence. By this the psychologists make their second judgment.

"It's easy to tell whether a man's fibbing or sincere," says Miss McCormick in an aside. "And I find that most of them are fibbers."

If perchance the applicant gets this far, he is subjected to more detailed tests—conducted privately.

His PATIENCE is tested by long waiting for the next experiment.

His RESOURCEFULNESS—by solving a puzzle in a certain length of time.

His INGENUITY—by piecing together blocks in a certain design.

His ADJUSTABILITY—by quick changes from one problem to another, employing different faculties.

His NEATNESS—by arranging figures and objects in certain combinations within a requisite time.

His TOLERANCE—by his reactions to disturbing factors during certain of these experiments.

"And if he is still in the running," says Miss McCormick, "we have other tests."

These Gauge: His REACTION TO CHILDREN—by having some of them run into the room when not expected.

His REACTION TO OLD PEOPLE—by introducing a Civil War veteran who insists on telling his story, or an old grandmother who likes to reminisce.

His DETERMINATION—by getting his invitation to a theatre, or some other affair.

"If he asks, 'Would you like to go to see So-and-so,' he falls in this test. But if he says with force, 'We are going to see this play tonight,' he passes.

"And if prohibition weren't in effect I would have another test—that of getting the man slightly drunk, so as to watch the reactions of his sub-conscious mind, stripped of the inhibitions which are self-imposed."

No one has been able to pass these tests yet.

"But I'm still hopeful," closes Miss McCormick. "Though it is beginning to look that big business methods perhaps are not easily applicable to the business of marriage."

THEY MUST HAVE THEIR GAME!

The girls just can't give up their mah jong. When it got too hot to play it indoors, these Washington maidens carted a set out to Wardman Park pool. From left to right the players are: Jane Eynon, Betty Carey, Helen Plummer and Ruth Nebeker.

man's fibbing or sincere," says Miss McCormick in an aside. "And I find that most of them are fibbers."

MARKET NEWS

BRISK DEMAND FOR RAIL SHARES

Northwestern Seems To Much Sought By Investors.

(By The Associated Press.)

STOCK SALES SUMMARY.

Date	Industrials	Twenty	Twenty
Saturday	95.35	86.94	
Thursday	95.84	86.70	
High 1924	101.24	86.94	
Low 1924	90.27	81.00	
Total stock sales	224,200		shares.

New York, July 5.—A brisk demand for the Northwestern Railroad shares apparently predicated on the belief that higher prices will bring them increased prosperity featured today's half holiday session of the stock market.

Trading was good volume at the opening, but the market soon lapsed into a state of lethargy, the total sales being the smallest of any session since August 11, 1923.

Big Four Leads Advance. "Big Four" led the advance in the rally by jumping 4 points to a new 1924 top at 130. American Waterworks common, which sold as low as 40 last February, continued its sensational climb by moving up 2 1/2 points to 95 1/2 and west Pennsylvania Power, a subsidiary climbed 7 points to a new top 80.

Prospects of a three-cornered race for the presidency by the entrance of LaFollette as an independent candidate apparently had little effect on the determination of quoted values.

All the so-called pivotal stocks closed at small fractional gains, United States Steel common at 100 1/2, Baldwin at 115, American Can at 114 1/2 and Studebaker at 36 1/2.

French Francs Weak. The feature of the foreign exchange market was the further weakness of French francs, which closed the week just above the five cent mark. The other principal rates showed only minor changes.

The weekly clearing house statement showed decreases in most of the principal items. Loans, discounts and investments dropped \$74,539,000; cash in own vaults, \$2,827,000; net demand deposits, \$73,451,000 and time deposits \$19,453,000. The reserve of member banks in the federal reserve bank increased \$20,724,000. Aggregate reserve totaled \$622,249,000, leaving excess reserve of \$49,141,359 an increase of \$35,725,230.

FINDS CROWS NAPPING. Parsons, Kas.—Exploding two charges of dynamite beneath two trees where crows perched at night enabled Mark Lowe, a farmer, to present the county clerk with 280 dead crows next day. Figuring that Lowe shot the birds one at a time, and that each shot would have cost him 5 cents, the clerk paid him \$28.

WAR WIDOWS WED. London.—The British Isles have 100,000 fewer war widows today than there were immediately after the armistice. Most of them have remarried, records show, although some of that number have died. There still are 160,000 widows on the books of the pensions ministry, however.

CASHMERE WELCOMED. Cashmere plays an important part in the fall collections, as do tweils and other plain wool fabrics.

\$50,000 SALE WILL SAVE BIG MONEY FOR ALL THE FAMILY.

For Beauty and Comfort Buy Wool Seamless Rugs

UNSURPASSED for maximum durability are the Tapestry, Velvet, and Axminster Seamless Rugs

made by Alexander Smith & Sons Carpet Company, the world's largest makers of floor coverings since 1860.

Find a dealer who carries a representative selection of these famous rugs and ask him to show you the many attractive patterns.

Prices everyone can afford to pay. Look for trade mark stamped on the back of every rug.

"Your Trunk Is Gone"

You hope it will come. There are a number of things you need right away; your logs, camera, tennis racket and a dozen other items of intimate personal property.

If your baggage is lost or the hotel burns and your luggage is ruined, the value of these several items will be greatly in excess of the maximum sum you can collect from the landlord or the transportation company.

This Settles the Question

OF AN OIL BURNER IN YOUR HOME.

Sooner or later someone was bound to perfect an oil burner.

When you see the Oil-O-Matic, you will realize it was done five years ago.

All that you ask now is an oil burner that is past the experimental stage—a finished product. One as free from care as a sewing machine. With no more upkeep than a phonograph. One that will burn any kind of fuel oil—especially the cheaper oils. One that keeps the inside of the furnace clean, and the upstairs comfortably warm regardless of the weather.

That one now awaits your inspection—fully approved by the underwriter's laboratories. You can pay for it under our new deferred payment plan. Your inspection is solicited.

Hogan's Sheet Metal And Plumbing Works

A Service You Will Appreciate

Everyone who owns a car should realize the importance of proper greasing and oiling of all moving parts. Quality grease and oil in the proper grades for your exact needs are handled by numerous dealers and stations in Delta County.

In addition to this we have erected a greasing platform, which you can use at any time—this will eliminate your crawling under the car to remove the drain plug and will also help you get at important parts without soiling your clothes.

Quality Gas Will Add Pep to Your Motor.

Progressives Adopt Platform For Future Political Action

(By The Associated Press.)
 Cleveland, July 5.—The platform of the conference for Progressive political action as adopted today, follows:
 "For one hundred and forty years the American people have been seeking to establish a government for the service of all and to prevent the establishment of a government for the mastery of the few. Free men of every generation must combat renewed efforts of organized force and greed to destroy liberty. Every generation must wage a new war for freedom against new forces that seek through new devices to enslave mankind.
 "Under our representative democracy the people protect their liberties through their public agents.
 "The progressive contends for less autocracy and more democracy in government and for less power of privilege and greater obligations of service.
 "Under the progressive principle of cooperation, that government is deemed best which offers to the many the highest level of average happiness and well being.
 "It is our faith that we all go up or down together—that class gains are temporary delusions and that eternal laws of compensation make every man his brother's keeper.
 "Public Service.
 "In that faith we present our program of public service:
 "(1)—The use of the power of the federal government to crush private monopoly, not to foster it.
 "(2)—Unqualified enforcement of the constitutional guarantees of freedom, speech, press and assembly.
 "(3)—Public ownership of the nation's water power and creation of a public-power system. Strict public control and permanent conservation of all natural resources.
 "(4)—Retention of surtaxes on swollen incomes, restoration of the tax on excess profits, taxation of stock dividends, profits undistributed to evade taxes, rapidly progressive taxes on large estates and inheritances, and repeal of excessive tariff duties, especially on trust-controlled necessities of life and of nuisance taxes on consumption, to relieve the people of the present unjust burden of taxation and compel those who profited by the war to pay their share of the war's costs, and to provide the funds for adjusted compensation solemnly pledged to the veterans of the world war.
 "(5)—Reconstruction of the federal reserve and federal farm loan systems to provide for direct control of the nation's money and credit to make it available on

fair terms to all.
 "Adequate Laws.
 "(6)—Adequate laws to guarantee to farmers and industrial workers the right to organize and bargain collectively through representatives of their own choosing for the maintenance or improvement of their standards of life.
 "(7)—Creation of a government marketing corporation to provide a direct route between farm producer and city consumer.
 "Legislation to control the meat-packing industry.
 "(8)—Protection and aid of cooperation enterprises by national and state legislation.
 "(9)—Common international action to effect the economic recovery of the world from the effects of the world war.
 "(10)—Repeal of the Cummins-Esch law. Public ownership of railroads, with definite safeguards against bureaucratic control.
 "(11)—Abolition of the tyranny and usurpation of the courts, including the practice of nullifying legislation in conflict with the political, social or economic theories of the judges. Abolition of injunctions in labor disputes and of the power to punish for contempt without trial by jury. Election of all federal judges without party designation for limited terms.
 "(12)—Prompt ratification of the child labor amendment and subsequent enactment of a federal law to protect children in industry. Removal of legal discriminations against women.
 "Deep Waterway.
 "(13)—A deep waterway from the Great Lakes to the sea.
 "(14)—We denounce the mercenary system of degraded foreign policy under recent administrations in the interests of financial imperialists, oil monopolists and international bankers, which has at times degraded our state department from its high service to a trading outpost for those interests and concession seekers engaged in the exploitations of weaker nations, as contrary to the will of the American people, destructive of domestic development and provocative of war. We favor an active foreign policy to bring about a revision of the Versailles treaty in accordance with the terms of the armistice, and to promote firm treaty agreements with all nations to outlaw wars, abolish conscription, drastically reduce land, air and naval armaments and guarantee public referendums on peace and war.
 "We appeal to all Americans without regard to partisan affiliation and we raise the standards of our faith so that all of like purpose may rally and march

in this campaign under the banners of progressive union."
SEPARATE RESOLUTIONS.
 "(1)—Resolved, that we favor the enactment of the postal salary adjustment measure for the employees of the postal service passed by the first session of the sixty-eighth congress and vetoed by President Coolidge.
 "(2)—Resolved, that we favor enforcement and extension of the merit system in the federal civil service to all its branches and transfer of the functions of the personnel classification board to the United States civil service commission.
 "(3)—Resolved, that we favor the immediate and complete independence of the Philippine Islands.
 "(4)—Resolved, that appropriate legislation be enacted which will provide for the people of the Virgin Islands a more permanent form of civil government.
 "(5)—Resolved, that we deeply sympathize with the aspirations of the Irish for freedom and independence.
 "(6)—Resolved, that in the prevailing starvation in Germany, we consider it humane and just, and in conformity with our traditions and former practices, that the aid of our government should be extended in the form of the delivery of surplus food supplies to a reasonable amount.
 "(7)—Resolved, that we denounce every such use of the armed forces of the United States to aid in the exploitation of weaker nations, as has occurred all too frequently in our relations with Haiti, San Domingo, Nicaragua and other nations of Central and South America.
Committee Meets July 11.
 The committee was definitely instructed to meet and organize for the campaign on July 18 and on November 29 to issue a call for the January new party convention.
 The platform approved today was in accord with the expressed views of Senator LaFollette on the political situation. The initial plank pledged "use of the power of the federal government to crush private monopoly, not to foster it," another sharply criticized the "foreign policy under recent administration."
 Specific recommendations for the repeal of the Esch-Cummins act, public ownership of railroads and water power and for retention of surtaxes on "swollen incomes" were in line with the position taken in congress by LaFollette and the other Republican insurgents.
 No Wet or Klux Planks.
 There was no specific reference to prohibition or the Ku Klux Klan. There was a plank, however for "unqualified enforcement of the constitutional guarantees of freedom of speech, press and assembly."
 Convention leaders emphasized that the movement represented here was concerned with economic issues rather than with ques-

tions affecting personal liberty.
 Just at the close of the convention the organization slapped the communists again for refusing to entertain a resolution which would have favored recognition of the Russian soviet. Earlier the delegates had approved action of the credentials committee in refusing to seat William Mahoney of St. Paul because of his connection with the national Farmer-Labor party, formed last month in St. Paul with communistic elements as units therein. This virtually read Mahoney out of the conference organization and cancelled his membership in its national committee.
CITY BRIEFS
 Mr. and Mrs. E. R. Raendonk and five sons, of St. Louis, Mo., and Mrs. R. W. Denis and two sons, of Green Bay, Wis., returned to Green Bay after spending the Fourth at the home of Mr. and Mrs. Frank Groos.
 Maurice Fuller of Green Bay is spending a few days visiting relatives and friends in this city.
 Emilie Whitburn, of Negaunee, is the guest of Miss Blanche Carr, S. 13th St.
 The Misses Edith and Mildred Peterson are attending the Luther League Convention at Menominee.
 Mr. and Mrs. Joseph Blanchet and son, Joseph, Jr., Mrs. and Mrs. W. J. Clark and son, Willard, Mrs. F. S. Stewart and daughters, Adeline and Lucile, and Floyd Eltenberg of Detroit are visiting at the home of Mrs. Blanchet, Third avenue S.
 Francis and John Barnard of Green Bay are visiting at the home of their grandmother, Mrs. Mary Barth, at Villa Lochree on Lake Shore.
 The Misses Marie McGuire and Amy Bolger are returning this morning for Duluth where they will visit at the Villa Scholastica.
 Mrs. Chas. Sournier of Hulbert, is visiting at the home of Mrs. Wurth.
 Mr. and Mrs. Samuel Dunne returned Friday evening from an extended trip to Chicago, Milwaukee, Webersville, Mich.; Jackson, Kalamazoo and Lansing. While in Lansing, Mr. Dunne took the state embalmers examination given by the State Board of Health.
 Mr. and Mrs. Otto Hanson and three sons, of Ludington, Mich., are guests at the home of Mr. and Mrs. Fred Lang, of Pine Ridge. Mr. and Mrs. Hanson and Mr. and Mrs. Lang were close friends 25 years ago and had not met since that time.
 Mr. and Mrs. W. H. H. Weststead of Brampton visited in this city yesterday.
 Miss Mary Jacobson and niece Gertrude Dantte left yesterday afternoon for a visit at Little Lake.
 The Misses Leona and Mildred King returned to their home at Brampton yesterday after a visit in this city.
 Miss Marlon Craig and nephew Craig Sinclair left yesterday for a visit with relatives at Negaunee.
 Mrs. Wm. Craig and family of Negaunee returned to her home after spending the Fourth with relatives in this city.
 Miss Agnes Cota returned to her home at Munising after a visit at the Gunville home in this city.

GOOD MANNERS
 When a man whose wife is away accepts someone's hospitality, it is correct for his wife to pay the party call with (or for) him, since it is taken for granted that she would have been included had she been at home.

Mr. and Mrs. Smedman returned to Negaunee after spending the Fourth at the home of Mr. and Mrs. Wilfrid Verino, First Ave. No.
 Mr. and Mrs. Radtke, Miss Eileen Crowley and Jack Crowley of Milwaukee are guests at the home of Mr. and Mrs. E. Bolger, So. 9th street.
 Mr. and Mrs. Eric Palmer and family, Mr. and Mrs. Peter Olson will leave this morning for a motor trip to Minneapolis and St. Paul, Minn.

Mrs. J. H. Polkes returned yesterday for a visit at the home of her sister in Iron River.
 Mr. and Mrs. J. Shea returned to Negaunee after a visit at the home of Mr. and Mrs. John Ward, So. 7th street.
 Mrs. Herbert McArthur and son Jack, returned from a visit at Hermansville.
 Miss Pearl LaCrosse of Perkins was a visitor in the city yesterday.
 Ed. Johnson of Perkins was a visitor here yesterday.
 Wallace Auger left yesterday for a visit at Houghton.
 Miss Mildred Bjork who has been visiting at the home of Mrs. Ed Nelson returned Saturday to her home at Ishpeming.

NOTICE NORTH STAR MEMBERS.
 The semi-annual membership fee is due and should be paid in this month. An early payment is kindly appreciated.
 Henry Carlson, Fin. Sec'y.
 866-188-31.

NOTICE PAVING SOUTH THIRD STREET.
 Pursuant to Resolution of the Council at its session held on the 5th day of July, 1924, Notice is hereby given that the City of Escanaba proposes to make the following improvement, viz: To grade and pave and curb and gutter South Third Street from the South line of Ludington Street to the Northwest line of Lake Shore Drive. That specifications, plans, diagrams and estimates of cost have been filed by the City Manager, in my office and are open to public examination; that the Council have designated as the district to be assessed for said improvement all the lots and parcels of land fronting and abutting on said proposed improvement, the same to be assessed according to frontage thereon. The Council will meet on the 14th day of July, 1924, at the City Hall, at 7:30 P. M., when it will hear objections to the improvement assessed, and of the district to be assessed.
 CARL E. ANDERSON, City Clerk.
 867-111

Growth and Endurance
 THIS institution grows from deep-set roots and far-reaching plans. Our progress is along the lines of sound, conservative policies that insure the permanent welfare of our depositors. We are organized to serve your financial needs today—and tomorrow.

Open Marinette Convention of Luther Leagues
 Marinette, Wis., July 5.—(Special)—The eighteenth annual convention of the Luther Leagues of the Green Bay District of the Swedish Lutheran Church, opened tonight at the Zion Lutheran Church.
 The main feature on the night's program was the address of greeting by the Rev. C. J. Karl of the local church and the response of the greetings by Rev. C. E. Olsson

of Gladstone, president of the District League.
 Three sessions will be held tomorrow. In the morning, the delegates will attend the church services with communion. At this time, Rev. C. E. Olsson of Gladstone will deliver the communion address and Rev. C. A. Lund of Escanaba, the sermon.
 In the afternoon, a program will be rendered by representatives of visiting Leagues. The main features of this program will be an address by Rev. Gideon C. Olson of McKeesport, Pa., entitled "Whither Thou Goest, I Go," and a paper by Herman Nelson of Escanaba on "Is There a Limit?"
 At the evening session, the main address will be given by Rev. J. W. Johnson of Rockford, Ill.
 On Monday, a business session will be held in the morning, with a picnic in the afternoon.

Vacuum Cleaner Is Stolen from Float
 Burglars entered the garage of the Escanaba Hardware Co., some time Friday night and stole a new vacuum sweeper which was mounted on the float the company had entered in the Fourth of July parade. There is no clue to the identity of the thieves.
 Berlin.—One hundred boys and girls—all children of Berlin Journalists—have been taken to Denmark in order to get nourishing food. The children were selected by physicians who reported that they had not been properly fed for many months.

WATER JEWELS—Well well! The girls don't have to leave their jewelry off when they go in swimming nowadays. Rubber bracelets and earrings have solved their problem. And they look pretty nice, too—especially on this young swimmer, Laura Walters of New York.

OPERA AMERICANIZES HER—Municipal opera in St. Louis has Americanized Violet Wilson, 19-year-old London girl. After a year and a half in this country, she has obtained a place in the chorus of the St. Louis Opera Company. Now, she declares, she is in America to stay.

HENRIETTA STRAWN, 17, just couldn't keep still. She'd dance while she worked, shimmy while she rested. Her life was in rhythm. That's why she was fired from two department stores. So she capitalized her vibrant being and landed a job in a vaudeville company.

SHE KEEPS COOL—Miss Constance Connelly of New York, notwithstanding the present hot weather is keeping cool, with a new abbreviated costume.

TRAFFIC JAMS UNAVOIDABLE—Frances Mack of Detroit, and Zoma Livingstone of Cumberland, Md., are Hula Hula dancing their way from Detroit to Philadelphia and return. That's the way they pay expenses on their hike. If they finish it successfully, they collect a \$500 bet.

RADIO BOG—Iris Lorraine, New York dancer, is a radio fan top of her head. As the music comes from a loud speaker, she from the tip of her toes does a series of toe dances atop a radio.

SPURNS FOLLIES—Mavorette M. Robert, 17, winner of a Rochester (Minn.) beauty contest, has rejected an offer of a job in Ziegfeld's Follies. "Why, New York makes me dizzy!" she explains. She will work in a St. Paul bank this summer, then enter the University of Minnesota.

DOG ADOPTS DUCKLING—Everybody knows that water will roll off a duck's back, but it here appears that a duck doesn't roll off a dog's back. "Scout," pedigreed setter of Wm. Estabrook, Syracuse, N. Y., has adopted the tiny mallard as a playmate.

INTRODUCING THE "COP CATS"—Seattle tried to rid its waterfront of rats, with indifferent success, until the police enlisted cats. Now the "cop cats" are stationed on every pier. Brownie and Min (above) are a couple detailed to duty aboard the fire tug Snoqualmie.

NAVY ROMANCE SHATTERED—The Navy "hop" at Annapolis, where many a romance blossoms, brought together Ella Beckman, 18, daughter of a U. S. Army colonel, and Robert D. Lowther, naval student. It was love at first sight, but annulment at second—for the beautiful girl is under 18 and he is under 21.

STAGE BEAUTY—Little Bebe Lugand has been voted the most beautiful child on the French stage. Right now she is working in the movies.

SMILING ON THE SMOKED GLASSES!—These are the kind of bathing suits that are dazzling men's eyes at the beaches this year. Gene LaMont (left) and Edna Prue are introducing them in New York.

MASCOT—Rubin Solis, 10, mascot of the Mexican Olympic game entrants.

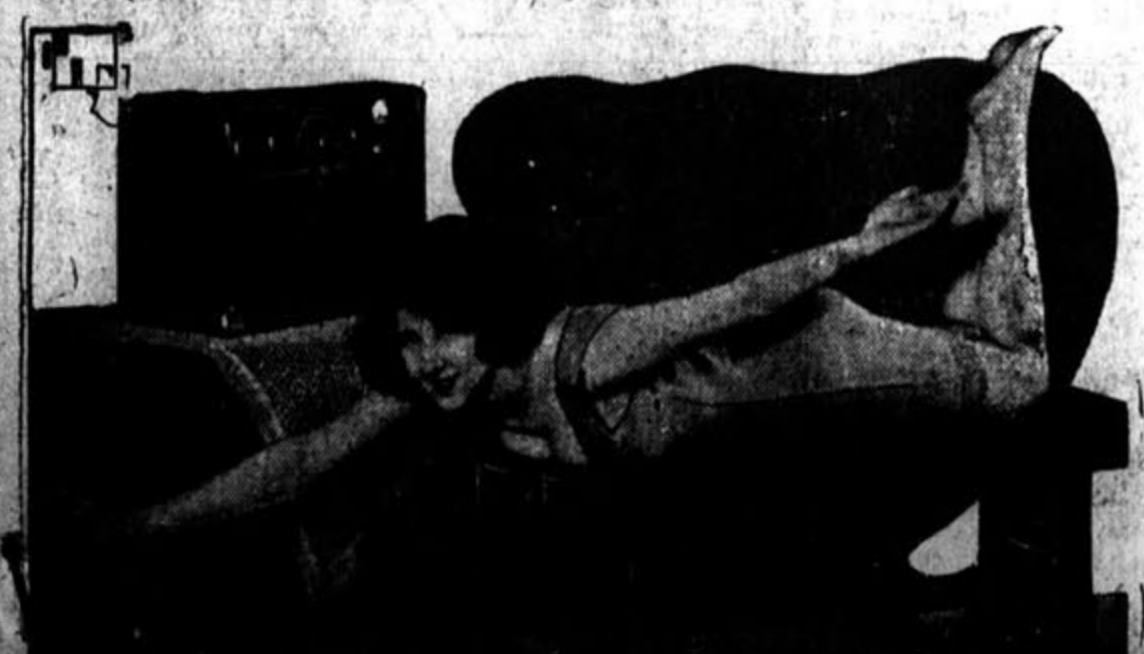

SUMMER'S HERE—Here are two pretty girls in bathing suits. We don't know who they are. We don't know where they are. In fact, we don't know anything about them. We don't have any reason—really—for printing their picture, except it is nice to look at.

COACH—Mlle. Suzanne Wurtz, coach to the French woman's swimming team, preparing for the Olympic games. Mlle. Wurtz is France's champion swimmer, but will not compete.

THEY'RE MARRIED NOW!—Lionel (Mike) Ames, dashing sonneteer of the last two annual musical comedies produced by men students of the University of Michigan, has married Miss Beulah Brown of Ann Arbor, Mich. They are living in Ann Arbor now. "Mike" is seen on the right.

LET'S TUNE IN FOR SWIMMING—When no one is around to scold, and you long to show your talents at the beaches this summer, tune in for a radio swimming lesson. Several such have already been given throughout the country. Miss Ruth Dace of Chicago, shown above, believes in them to the point of assuming the realistic, but for the water.

AMERICA'S ALL-STAR DIVING SQUAD—These five husky American maids are America's greatest women divers and will represent this nation at the Olympic games. They are, left to right: Allen Riggan, Olympic fancy dive champion; Carol Fletcher, 10-foot fancy dive champ; Betty Beal, lower board champion; Helen Mesny, national high dive champion and Helen Wainwright, 10-foot fancy dive champion.

QUAFF FREELY FRIDAY NITE AND GET JUG

"Where did you get the booze?" inquired Justice of Peace McKinney yesterday morning, as Chief of Police John Peterson trundled in the court room with Ole Petersen and Ray Worth of Whitdale. Both were arrested Friday evening as the veteran woodsmen essayed to walk the streets, anking from one side to the other.

Worth was arrested Friday evening by Officer Mike Bond for being drunk and disorderly, and was given quarters at the city jail for the evening. He was hal- led into court yesterday morning, and when the charges were read, he pleaded not guilty. In his con- fession, he admitted of having lifted a few, and when queried about the source of the supply, simply stated that he was given a drink of "jake" by a stranger, at- tached in a black suit and hat, and thought that he had left by this time for Minneapolis. Worth was given a further hearing yesterday afternoon; he comes from Whit- dale, and is employed as a wood- sman in that vicinity.

Ole Petersen, who topped the Fourth festivities with too many hoists, was arrested by Officers Bond and Petersen as he wobbled the streets, totally unable to man- ipulate himself. He was lodged in the county jail for the eve- ning, and when haled into court yesterday morning, admitted of having imbibed too freely. He, too, was unaware of the source, and was unable to render a de- scription of the stranger.

Petersen is forty years old and a native of Norway. He is an ex- pert woodsman and has been em- ployed in this locality for many years.

Mr. and Mrs. Geo. Weber have returned to their home in Mac- Millan after a short stay here with relatives.

Mrs. Dominic Murray of St. Ignace, accompanied by her daughter, Blanche, are the guests of the Dan McCauley family on Manistique Avenue.

MITT WIELDER GETS A K. O. VERDICT FRI.

Before a capacity house, "Zoo" Lawrence Gonyea of High School fame, scored a technical knockout over Bill Hicks of Engadine in the first round of a scheduled six round go at the Community Hall in Newberry Friday after- noon.

Gonyea got to a good start, and his style baffled the Engadine hos- tile, who was his senior in years considerably, and who outweighed the local artist by some ten pounds. The Mackinac county youth was unable to penetrate the defense of the Manistique am- teur, and the outcome from the first round of the goag was not in doubt.

Hicks injured his paw in some manner, and was constrained to call the event off. The main event resulted in a knockout for Erick- son, a light heavy from the Celery City. Several other prelimi- naries constituted the balance of the card, which was very well at- tended, and netted Promoter Trombley, more "pin money" for his purse.

COOKS GROWLS ON EVE OF BIG SPUR BATTLE

Renewal of an old feud, dating back to the time when Cooks was a prosperous village, and Hunts Spur only a wide place on the road, will take place today at the latter slab, when the athletic rep- resentatives of the two villages, meet on the diamond to iron their thoughts out.

Cooks, swamped in a close battle last Sunday by a 4 to 1 score, are invading the Spur today, blood reeking from their eyes, and determined to show the Spur youths that "ambition should be made of sterner stuff." On the other hand, the Hunts Spur ag- gregation have scoured the twons ad- jacent to theirs in an effort to muster up all possible reserve strength lest the Cooks athletes actually pull a surprise.

It has been rumored that Lefty Roberts of Cooks, manager and pitcher of that team, has secured the services of several new men in an effort to beat the Spur gang. The contest today is bound to attract a large crowd.

VASSAU WILL PROBABLY HURL P. M. MATINEE

With the arrival of the prodgal Charley Burns to the local baseball camp yesterday, Manis- tique has now rounded out a per- sonnel that ought to finish the season, playing bang-up ball and perching on the top rung of the U. P. ladder, before the current season is far from complete.

Decided improvements should be noticed this afternoon when the 3rd frame of the series in the third game of the series. It is very probable that Mac- donald will remain at his dizzy station at third, and Burns shifted to second, where long throws will be no menace and worry to the pudgy warrior.

Vassau will likely be assigned to mound duty, depending on the condition of his flipper. Friday's two contests aided Walker mat- terially in sizing up his men, and he was given ample opportunity to make corrections. The games, in- asmuch as they were non-associ- ation, and while they were dropped by the Manistique clan, proved to be an instructional school, and ones from which considerable profit was derived.

Strenuous workouts similar to the Trojan diets of old, marked the practice sessions yesterday in preparation for today's game, and for future association games. By winning the balance of these, the local gangsters would have all possible assurance of landing the gonfalon honors.

In their return joust today, at the county fair orchard, it is probable that Gibson, a strong drawing card, and a popular fa- vorite with local fans will do the flinging. The diminutive half- pint, scarcely one hundred and twenty-five pounds in weight, pos- sesses the speed and hooks of a 200 pounder. A large crowd of fans from the city and surround- ing communities are planning to attend the tussle.

BOXING BOUTS REVEAL SKILL AMONG YOUTHS

Contrary to an announcement made in this department in yester- day's issue of the Press, the boxing program which was an- nounced as cancelled because of rain, was carried on at the Court House Square Friday evening be- fore a large and enthusiastic gathering.

The various bouts were under the supervision of Mickey Long, past master in the art of glove wielding, and due to Mick's ag- gressive tactics as an official, there was not a dull moment dur- ing the four bouts.

Excellent give and take, swat- em hard punches were exchanged and sprawling youths were spur- red on to take more through the yammers of the populace. "Kids" under fourteen, boys above that mark, all engaged in the science of fistfights with eagerness to lay aside their opponent. In some of the bouts, plenty of skill and ability were manifested, while in others, it was a matter of slug- ging away at an opponent until forced to show up the proverbial two thumbs.

Approximately \$25 were given away as prizes for these events, and judging from the interest manifested, committees in future years would do well to remember and arrange a similar but bigger card.

Mr. and Mrs. Frank O'Neill, and Miss Lillian Kuhn of Oconto Falls, Wis., and Mr. Marvin Gar- field of Neenah, Wis., were the guests of Mr. and Mrs. Dan Mal- chow on the Fourth.

CITY BRIEFS

Miss Agnes Weber is enjoying a brief vacation in the Soo. Dr. and Mrs. H. L. Meade visited with relatives in Stambough Friday.

Mrs. Geo. Hafeman of Cooks has returned to her home in Mil- waukee after a short stay there with her parents.

The Court House flag staff is being painted this week by two outside contractors.

Frank and Harry Ashford of Chicago are the guests of the Ash- ford and Cornell families this week.

Mrs. Paul Rediker of Houghton is the guest of relatives in the city this week.

Dr. W. K. Wright left Manis- tique Friday evening for Seattle, Wash., where he will visit with a son, who is practicing medicine there.

Donald Wright left the city yesterday for Flint, where he is engaged in the practice of medi- cine.

Lawrence Gonyea left the city yesterday for Detroit, where he will be employed for the summer- months.

Additional Manistique News Will Be Found on Page 12.

Miss Edna Naleen leaves the city tomorrow after a brief stay in the city with friends.

Leon G. Furey of Chicago mo- tored to the city Thursday to visit with his family.

Mr. and Mrs. William Trombley are the guests of friends in the city for a few days.

Mr. and Mrs. Joseph Theriault motored to Menominee Friday, where they will spend the week- end.

Melverin Miller leaves the city shortly for his home in Massa- chusetts after an extended stay here with relatives.

Mayor Harry Eriksen spent the Fourth with his family in the city.

Jack Perry visited with relatives in the Soo over the Fourth.

Mr. and Mrs. Stanley Sewell of Norway were the guests of Mr. and Mrs. R. S. Waters of Lake Street, Friday.

Frank Rice, who is employed in Iron Mountain, is visiting in the city with his family.

Chas. Rauehorst is on a short business trip to Gird Falls, Minn. William Tebo of Iron Mountain is in the city this week visiting with relatives.

Max Paetzke, who is employed at the Ford Mill in Iron Moun- tain, spent the Fourth here with his family.

Vern Paquin of Iron Mountain was the guest of relatives here Friday.

Francis Strong and father of Iron Mountain spent the Fourth here as the guests of relatives and friends.

Lloyd Martin has returned to Iron Mountain after a brief visit here with relatives.

Edwin and David Swanson of Chicago are spending the summer vacation with friends and relatives on Riverside.

Mr. and Mrs. John Underhill and family of Iron Mountain spent the Fourth in Manistique.

Mr. and Mrs. Pouchard were visitors in Escanaba on the Fourth.

Miss Katherine MacLaughlin is enjoying a vacation from her duties at the dental office of Dr. Southard.

WILL PREPARE STATEMENT ON 4TH EXPENSE

In order to acquaint Manistique citizens with the expenditures concerning the Fourth activities, and to assure donors, incidentally, that every sou of their con- tribution ran used in the defray- ing of Fourth expenses, officials in charge of the events have an- nounced that an itemized state- ment will be issued as soon as one can be prepared.

Such a report will tend to dis- sipate popular misconception as to the misappropriation of funds, and it is for this reason, that the officials have decided to publish a full report, and therefore sat- isfy the just inquiries of Manis- tique residents.

Rev. George Walton
Announces Services

There will be a distribution of Holy Communion at the 8 o'clock services at St. Alban's Episcopal church this morning, according to an announcement of George S. Walton, rector. Holy Commu- nion will again be distributed at 10:30 o'clock, and a sermon also delivered at this time. The rec- tor, Rev. Walton, cordially invites the Manistique church public to at- tend the services.

GLADSTONE PLAYS TODAY AT MARQUETTE

With what will undoubtedly be one of the hard scraps of the season on its hands, the Gladstone club will leave this morning for Marquette where it will meet the fast Marquette team in a return game on the Prison City diamond.

Gladstone goes to Marquette this afternoon still leader in the Upper Peninsula association, the locals dropped to Marquette the Fourth of July, and Escanaba's loss to Munising Friday, keeping the record the same as it was after Gladstone's victory over Escanaba, Thursday.

This with the fact that Mar- quette won the game played with the locals by a three to one score Friday afternoon, is sure to pro- vide a snappy contest.

Marquette has a fast, hard-fight- ing team as it ably demonstrated here the Fourth, and "Lefty" Ger- vals and his men are going pre- pared for a hard tussle. Alexan- der, catcher, the star of Friday's game, will again be in the Mar- quette lineup and those who watched his work with the Buck- eye team here last year and with the Marquette crew the Fourth, know that he means opposition.

Millard On Monnd.
Vareco, who trimmed the Royal Glants, recently, is scheduled to pitch for Marquette, while Millard who pitched Gladstone to victory last Thursday, will be on the mound for the locals.

The contest this afternoon will hold big interest for the fans and a crowd will accompany the team for the game.

BOLD PERIOD OF ENGLISH LIFE FILMED

Spectacle scenes, love themes, psychology and old atmosphere of days gone by—these elements are all in "A Lady of Quality," the Universal-Jewel production star- ring Virginia Vail and directed by Hobart Henley, which comes to the Community Theatre Monday and Tuesday.

This Henley production is a special feature on an even more am- bitious scale than "The Flirt" or "The Flame of Life," two former successes by the same director.

When film producers choose a classic like this Frances Hodgson Burnett story, there is a certaintly for the fans that the entertain- ment value will be high.

Mr. and Mrs. Frank Locke and children are visiting relatives and friends at Ladysmith.

Miss Alexie McDonald, who has been visiting relatives here has returned to her home at St. Ig- nace.

Communion Service in two weeks.

Fourth Goes by Without Fires

The Fourth of July passed safely without any fires, with the exception of the small blaze in the morning when a pile of ties caught fire. This evidence of care was particularly gratifying to the members of the fire de- partment who are closely inter- ested in fire prevention, in view of the fact that the use of fire- works was general during the day.

Will Attend District Meet

The Rev. and Mrs. C. E. Ol- son and the Misses Evogena Holm, Marie Bjorkman and Elsie Nyland left yesterday afternoon for Marinette where they will represent the Swedish Lutheran church at Gladstone at the Green Bay district. Luther League con- vention which will be held there. The convention opened last eve- ning at 8 o'clock and will con- tinue until Monday.

Press Want Ads Get Results.

CAR GOES IN DITCH; TWO HURT

The third of a series of automo- bile accidents during the holi- day period, resulted in injuries to two persons early Saturday morn- ing when a car driven by George Vargo, of Kipling, who was re- turning with a group of five boys from a dance at Alton, turned over in the ditch near the Kipling school house.

The injured are Tom Major, of Kipling, who suffered a fracture of the shoulder, and Vargo, whose nose was broken and cut and who suffered severe cuts and bruises about other parts of his head.

The accident occurred about 1:30 o'clock Saturday morning when the young men were return- ing from a Fourth of July dance at Alton. As they neared the Kipling school house they went to the side of the road to pass a car coming in the opposite direction, and swung out too far. The car turned over in the ditch, pinning the occupants beneath it.

Aid Given.
Passing motorists gave immedi- ate assistance and the injured young men were rushed to the office of a physician for medical at- tention.

The car was badly wrecked.

Fred Aslett, Ted Feldt, Claude Murdock and the Misses Celeste Quinn, Florence Olson and Cather- ine Gaffner motored to Burnt Bluff Friday where they spend the day on a picnic.

AT FUNERAL OF FATHER IN SPAULDING

Mr. and Mrs. Phil Hupy, Mr. and Mrs. Soren Johnson, Mrs. A. Beneshak and Miss Ruth Beneshak returned Friday from Spaulding where they attended the funeral services of Mr. Hupy's father, Peter Hupy, pioneer resident of Spaulding.

Mr. Hupy, who was 81 years of age had lived in Spaulding for fifty years and was one of most widely known residents of the community. He had been returning for some time but was seriously ill but a short time re- tained the full use of his facul- ties up to the time of his death.

He is survived, in addition to the children, by the following chil- dren: Phil of this city; Fred of Spaulding; Peter of Sherburne, Ore.; Mrs. Noel Villeau of Neopolis and Mrs. Emma Mc- Baine of Denver.

The funeral services were held Friday morning at the Spaulding Catholic church and inter- ment was made in the cemetery there.

Mr. Hupy was known in Glad- stone through visits here and was held in high esteem by all who knew him. The community in general will join in extending sincere sympathy to Mr. Hupy in his loss.

Louis Weinstarter, who is employed at Shawno, is spending the week-end with his family here.

Miss Mary Feeney of Iron Mountain is visiting friends here.

Miss Dora Racine and Miss Sadie Garrett visited at their homes in Gwin Friday.

Mr. and Mrs. Bure and Mr. and Mrs. Pederson of Chicago are visiting here as guests at the home of the Rev. and Mrs. Isak Skoor.

Miss Larson has arrived from Chicago to visit his parents, Mr. and Mrs. Antoine Larson.

Mr. and Mrs. Peter Eleegreet and children and Mr. and Mrs. Roy Johnson motored to Norway Friday and spent the holiday with friends.

Miss Evelyn Eleegreet, who is a nurse at the Englewood hospital, Chicago, is visiting her parents, Mr. and Mrs. Peter Eleegreet.

Constant Eleegreet has arrived from Detroit to visit his parents, Mr. and Mrs. John Eleegreet.

Mrs. Clement Tordeur left last night for Minneapolis, where she will visit at the guest of friends.

Mr. and Mrs. Louis Reese and children of Iron Mountain are visiting relatives here.

Mr. and Mrs. Jack Alton and son of Chicago are visiting at the home of Mr. and Mrs. William Sundellus of this city.

Mr. and Mrs. Elmer Sundellus of Detroit are visiting at the home of Mr. and Mrs. William Sundellus.

The Misses Bertha and Blanche Barry have arrived from Detroit to visit their parents, Mr. and Mrs. Charles Barry.

Floyd Barry of Chicago is visiting at the home of his parents, Mr. and Mrs. Charles Barry.

Miss Louise Schram left Friday night for a visit with relatives at Superior, Wis.

DEMOCRATIC

The bathing girl couldn't stay out of it—and so Betty Brown, of the Coney Island bathing beauty brigade, shows herself a loyal democrat during the convention.

This is a most unconventional pose for a convention, she admits; but then conventions are not strictly observed at Coney Island.

Two Congregations Enjoy Picnic

Members of the congregations of the Manistique and Gladstone Swedish Baptist churches enjoyed a joint picnic at Isabella the Fourth of July. A picnic dinner was served followed by games and a service at which the Rev. P. Ockerstrom of Manistique spoke.

Salvation Army Doing Good Work In Escanaba; Deserves Support Of All Citizens

"Is the Salvation Army needed in Escanaba?"

This question has been answered in a statement, issued from "Army" headquarters yesterday, in connection with the proposed campaign for funds which will be made in a few days.

"Some people," the statement says, "seem to think the army is needed only in larger cities, but it has been proven, again and again, that wherever the Army is established, it quickly becomes indispensable to the community."

Render Service.

"The Salvation Army in Escanaba is rendering a service that no other agency could do. They bring sunshine to dreary hearts and homes where no sunshine otherwise enters. They gather around them the children who never attended a Sunday School, and teach them the religion of Jesus Christ. They teach American ideals to those who never have known the high standard of American citizenship, and spiritually, as well as morally, lift those who are at the lowest rung of the ladder to a higher plane."

"The sick and dying are being visited, prayed with and watched over. The friendless will in the Army always have a loving friend. The unchurched element are being brought in contact with the edifying influences of the religion of Jesus Christ through the Salvation Army services in the 'open air,' and no words can tell the far-reaching influence the Salvation Army is exerting directly and indirectly upon the whole community."

"This is the kind of work you are asked to support in the coming drive and surely, all good citizens will feel their duty to lend their aid to this great and good cause, resting assured that whatever they can give will be a real investment which will bring untold returns."

"A typical case of the Salvation Army came to light a short time ago. It was a case of a brutal drunken father attacking the mother in the home and when the oldest boy went to her rescue, he was threatened with death by the father who with a large knife in his hand drove him away from home. This boy fell in with bad company and because of his youth and innocent appearance was being used by his tramp companions to beg food and money."

"One day the Army officer met him begging money on the street. Questioning the boy he found out the circumstances and immediately took him with him to his own home. There it was found that the boy's body was covered with bruises and sores because of the ill treatment at the hands of his companions. He was unable to walk or take care of himself for three weeks but was gradually nursed back to health by the tender care of the Army."

Whole Family Converted.

"Through the agency of the Army, the boy's home was visited and his father brought to realization of his own miserable life resulting in the conversion of this man and a reconciliation of the family."

"The boy was then sent home after being kept in the Army officer's home for three months and a letter was received the other day from the boy himself, telling of the wonderful change in his home and of the bright future in view."

"This is just another picture of the work being carried on by the Salvation Army all around our country every day."

BOBBED HAIR DIVORCE.

Stockton, Cal.—Many men object to their wives bobbing their hair. James Saunders went farther than that. He went into court and sued for divorce. Many times, he said, he had told Mrs. Saunders not to have her locks shorn and when she did so despite his warning, they quarreled and separated.

PARIS FAVORS.

Novelty handkerchiefs in high colors with fancy scallops or lace edgings are favorites in Paris.

Minstrel Show to Be Given Today at Powers Sanatorium

THE St. Joseph's Holy Name Society minstrels will go to Powers today to provide an entertainment for the patients at the Delta-Menominee sanatorium. The members of the cast will meet at St. Joseph's hall at 1:15 o'clock, to take motor cars for Powers. The show in the sanatorium auditorium will start at 3 o'clock.

DANCE GIVES FUND TO THE TOURNAMENT

A sum of fifty dollars was added to the tournament fund, as proceeds from the Fourth of July ball, given by the Volunteer firemen Friday evening at the Community auditorium, the firemen's committee announced yesterday.

The tournament committees are at present working out the housing problem which involves the securing of quarters for from four to five hundred visitors who will be in the city tournament week.

Accommodations for over 120 delegates have now been assured and the committee is planning a canvass of private dwellings to secure more rooms.

No Cases On July Fifth

July fifth and no cases in justice court was the situation yesterday when Gladstone found that its usual good behavior has been evidence during the holiday on which celebration is usually in evidence. The fifth usually brings in its drunks and speed violators and the day without any cases, a Gladstone justice said yesterday, is unusual.

Returns From Convention

The Rev. Hugo Herrgard, pastor of the Swedish Baptist church of this city, returned Thursday night from Tacoma, Wash., where he attended the Swedish Baptist church convention, as a delegate of the Swedish Baptist church of this city. The convention opened June 15 and closed July 22.

FINE FOR MISTAKES.

Leningrad, Russia.—It's Leningrad—not Petrograd—and Soviet government authorities intend to fine anyone who presents a letter at the postoffice addressed to Petrograd. All newspaper dispatches from this city carry a Leningrad date. The name of Peter the Great's capital was changed in tribute to the late Bolshevik premier, Nicholas Lenin.

Kellogg's Bran did more in two weeks than medicine taken in 20 years

Out of regard for your own health, read this letter:

Gentlemen:

Your "Krumbled Bran," used by me as a cereal, has done more for me in two weeks than the hundreds of dollars' worth of medicine I have taken in last twenty years for constipation. It is wonderful, and it is so simple.

Yours truly,
Arlington H. Carman,
Patchogue, N. Y.

Mr. Carman's experience has been duplicated in thousands of homes. Why does Kellogg's Bran succeed when drugs and pills fail? The answer is simple. Drugs have an unnatural effect upon the bowels. They irritate the intestines. The more they are used, the more one has to use. Finally, they have no effect at all.

Kellogg's Bran STIMULATES the intestines. It cleans, sweeps and purifies them. It acts exactly as nature acts. And it is never necessary to increase the amount eaten. If eaten regularly, Kellogg's Bran is guaranteed to bring permanent relief to the most chronic cases of constipation, or your grocer returns your money. For Kellogg's Bran is ALL bran. Nothing but ALL bran can be so effective. That is why doctors recommend Kellogg's.

The wonderful, nut-like flavor of Kellogg's Bran is exclusive. It is delicious—totally unlike ordinary bran. Eat two tablespoons daily—in chronic cases, with every meal. Eat it with milk or cream and in the recipes on every package. Kellogg's Bran, cooked and krumbled, is made in Battle Creek. Sold by all grocers.

CONSTANTLY IMPROVED BUT NO YEARLY MODELS

There are obvious benefits to the purchaser in Dodge Brothers policy of making constant, gradual improvements in their product instead of changing from one design to another year after year.

Chief among these is the fact that the car may be operated throughout the full limit of its usefulness without the extra depreciation loss which results from a rapid succession of radically different models.

PELLA MISSES MUCH
IN LIFE BY NOT LIKING
FRIED PARSNIPS!
The war made him fat so John W. Calhoun of Toronto, Ont.,
thinks he is entitled to more pension. A wound in the head,
received while serving overseas with the Canadian forces, has
caused his weight to jump from 132 to 140 pounds, John says. And
medical treatment and Turkish baths, he declares, have failed to
thin him any thinner. Some idea of his size can be gained from this
picture showing how dwarf-like these two youngsters appear alongside
him.

WAR MADE HIM FAT, HE SAYS!

ALBERTA RICH IN PULP

Edmonton, Alberta.—Enough
pulpwood to supply the western
part of the United States with
news-print paper for 50 years is
available in Alberta, according to
a report compiled by C. H. Morse,
chief ranger for the province.
Pulpwood resources in the pro-
vince total 247,800,000 cords.

EXECUTIONERS UNITE

Madrid.—Nine Spanish execu-
tioners have organized a union to
demand bigger salaries in view of
the high cost of living and the
risks of their calling. The execu-
tioners have often been threat-
ened with death as a result of their
duties in carrying out the extreme
penalty.

COYOTES, GOATS MEET

San Antonio.—Wild coyotes and
tame goats mingled like real good
fellows on Bill Cota's ranch recent-
ly when Cota's alo sprang a leak.
It was said to have been real pre-
par stuff, and the animals weren't
overlooking any beta. The coyotes
and goats staggered away the
best of friends, according to wit-
nesses.

JUSTICE SETS MARK

San Antonio.—Justice of Peace
Ben S. Fisk claims a world's re-
cord for marriages performed. He
has officiated at 9,367 weddings
since he went into office Nov. 1,
1906. "And most of my mar-
riages have held," he says.

GERO THEATRE HAS GOOD BILL FOR TOMORROW

Seldom has the casting of a picture presented more or greater difficulties than Thomas H. Ince's powerful drama, "Marriage Cheat," in which Leatrice Joy, Jesse Marmont and Adolphe Menjou, are the principals, and which will be seen at the Gero Theatre tomorrow evening.

It was not in the selection of featured players that Director John Griffith Wray encountered difficulties, however, but in the enlistment of more than 200 Kanaka types essential to the picture for its action is largely confined to the distant Southern Pacific island of Hiti Hiti.

RECORDS SHOW TEN DEATHS, NINE BIRTHS

Deaths outnumbered births in the city for the month of June, according to statistics compiled by City Clerk James Christensen yesterday morning for the four week just passed. Of the number of births, there were five bouncing baby boys born, and four girls.

Police records indicate that seven arrests were made during that period, most offenses being numbered for violations of the traffic ordinances. One arrest was made on a drunk and disorderly charge, and this netted the city \$15 and costs. There were, records show, six violations of the auto traffic ordinances. All these were failures in observing the arterial highway stop signals.

A total of \$47.00 found into the city coffers as the result of the seven arraignments.

Rain Does Not Halt Fireworks

Despite the inclemency of the weather Friday evening, the fireworks display was carried on as per schedule, and was attended by a large concourse of people at the Lake Front. Geo. Payne, veteran at the job, conducted the display without a mishap. At first it was the intention of the committee to defer the event to a later time, but with the ceasing of the drizzling rain shortly after supper it was decided to continue with the balance of the day's program.

MANY COUPLES ATTEND DANCE

Approximately 100 couples attended the dance given at the Buell Grange hall Friday evening, and many more were refused admittance due to the congested quarters. Samill's orchestra furnished the music for the dance program, which extended from 9 o'clock until 1:30. Refreshments were served at midnight. A jitter dance conducted in the afternoon was also well patronized.

Send it the Classified Way.

NEW FLAGS ON STREETS 4TH ATTRACT MANY

Thrown to the breeze for the first time on the Fourth of July, the flags purchased by local merchants from the American Legion, Manistique Post, made an imposing array as all waved triumphantly in the air.

Practically every merchant in the city is now the possessor of these flags, purchased from an Iowa concern, and which arrived here a few days preceding the Fourth. Holes had been drilled in the pavements by Alex Sandberg some time before their arrival, so that the only labor devoting upon the purchasers was their installation.

Tin caps were provided as coverings for the holes during non-use. When ready for display, the caps are easily moved, and the flags inserted. It was observed by pedestrians that several places had not been equipped, but this was due to the Legionnaires' inability to obtain more in time, after the first order had been submitted. Several more, however, have been ordered, so that when the next occasion arrives, almost every merchant in the city will be the possessor of these unique displays.

BAND CONCERT TUESDAY EVE.

Citizens of Manistique will be treated to an excellent treat next Tuesday evening at the Court House Square, when the Manistique W. O. W. band will render the second of a series of concerts. The concert will begin promptly at 7:30 o'clock.

Director George Hamill has outlined and selected some tasty pieces, and it will be his policy to continue for the remainder of the season. The last concert attracted an unusually large number of people, and indications point to a much larger gathering at the next musicale.

VISITS HERE AFTER ABSENCE OF 31 YEARS

Absent from the city for over 31 years, James M. Smart, of Mesick, Mich., near Frankfort, put in a rather sudden call at the home of W. A. McKinney early Friday morning, just to renew acquaintances.

About 30 years ago, Mr. Smart visited with Judge McKinney, and during his short stay here, he noted with interest, the splendid progress being made by the city along building and general improvement lines.

Mr. Smart is associated with the Consumers' Construction Co. of Mesick, which is now engaged in a thorough rebuilding of the city water works in that place. He left the city this morning, after a most enjoyable visit with the judge.

Fred Martin was returned to the city from Ann Arbor, where he is a student at the University of Michigan.

Mr. and Mrs. Earl Smith of Grand Rapids, Wis., are the guests of relatives and friends this week.

Mr. and Mrs. Homer Perry of MacMillan visited in the city yesterday.

TWO MASSES WILL BE READ THIS MORNING

Due to the absence of the Rev. Father Schevers, pastor of the St. Francis de Sales Church, from the city today, there will be only two masses read by the assistant, Rev. Fr. Specht. A Low Mass will be read at 7 o'clock this morning, and a high mass will be sung at 9:00. There will be Baptisms at 11 o'clock.

Rev. Fr. Schevers left the city yesterday by motor for Kimberly, Wis., where he will attend, and incidentally deliver the sermon on the occasion of the 25th anniversary of Rev. Fr. Van Nistleroy's ordination to the priesthood. Father Van Nistleroy is at present pastor of the Catholic church in Kimberly, and he will be remembered by those who attended the silver jubilee festivities of Father Schevers here a year ago, as the one who delivered the sermon at the Solemn High Mass on that occasion.

AMUSEMENTS

TODAY'S PROGRAMS.

At the Delft—"The Age of Desire," with Mary Philbin, Myrtle Steadman and William Collier, Jr., in the leading roles will be today's attraction at the Delft. It is a society drama.

At the Strand—"The Satin Girl," a mystery play with Clarence Burton in a role that has won much praise from the metropolitan critics. Marc McDermott, Norman Kerry, Kate Lester and Mabel Forrest are other well known players in the picture.

COMING MONDAY.

"The Common Law," the famous Robert W. Chambers novel, has been done into pictures by the Selznick company and will be shown at the Delft theatre for three days commencing Monday. Next to the story value perhaps the most outstanding feature of this production is its cast which co-stars Corinne Griffith, Conway Tearle and Elliott Dexter, and carries in their support such celebrated players as Doris May, Hobart Bosworth, Miss du Pont, Bryant Washburn, Phyllis Haver, Harry Myers and Wally Van.

The story of "The Common Law" is so well known that it is hardly necessary to more than briefly sketch it. It has to do with the life of an innocent young girl, thrown quite by chapters, and the Bohemian atmosphere which surrounds this class of people. She consents to pose in the nude and achieves a great success as a model. Great love comes to her and is returned by the artist who first saw her possibilities, but any union between them is bitterly opposed by the artist, Neville's, family. She finally offers to live with her lover as his common law wife and such a liaison is almost effected. A dramatic conclusion is gripping and realistically handled.

"The Common Law" will be followed, at the Delft, by "Boy of Mine," a human interest picture, suggested by the Ernest R. Ball song of the same name. Henry B. Walthall is in the cast. Bill's Hawaiian Troupe will be an added attraction the last half of the week.

Strand Programs. "Mine to Keep," is announced as the feature picture at the Strand theatre Monday and Tuesday. Mabel Forrest plays the leading feminine role in this comedy drama of married life. Bryant Washburn and Wheeler Oakman also are seen in important parts. The picture contains several spectacular and thrilling scenes, particularly an auto racing with a speeding train and an airplane crash.

Coming to the Strand Wednesday and Thursday will be "The Silent Command" a sea picture, with a noteworthy cast.

PRINCE GETS JOB.

Kings Lynn, England.—Prince Henry has a job. He has been appointed lord high steward for Kings Lynn and will draw an annual pay envelope of \$50. Prince Henry is the third son of King George and one of the first princes in Europe to take a paying job of any kind.

SECOND VOTE OFFER NOW ON; HONOR ROLL STARTS WEDNESDAY

New Era in Press' Circulation Campaign Starts Wednesday With Names of First Honor Roll Candidates—Hundreds of Thousands of Votes Cast Yesterday and Next Published Standings Will Show Many Changes in the Line Up of Workers.

The "First Period" vote offer in The Escanaba Daily Press Circulation Campaign came to an end at 10 o'clock last night, Saturday, July 5th. Many of the contestants took advantage of the big vote offer and amassed a great number of votes in the campaign. Others got only a few subscriptions and these, of course, will be down in the list when the next standings appear.

Second Period Vote Now On. The "Second Period" of the campaign is now on hand and offers any candidate the opportunity to get out and gather the votes needed to put their name right up at the top of the list. Look at the "Second Period" vote schedule on the back cover of your receipt book, and you will see that subscriptions still count big in vote value during the present period.

The Daily Honor Roll. Tuesday starts an era in The Daily Press' Circulation Campaign of the greatest importance. This is the period of THE HONOR ROLL.

Starting in Wednesday's paper an HONOR ROLL will be created and published each day during the "Second Period." The candidate in each of the two districts that turns in the greatest amount of campaign collections during the day up to 4 p. m. each day will receive the PLACE OF HONOR and will also receive a SPECIAL HONOR ROLL BALLOT good for 10,000 Honor Roll votes.

The HONOR ROLL will show the public each day who by their efforts are the most deserving of

popular support in the campaign, on account of their activities. The HONOR ROLL will show just who the hardest workers are in the campaign. Every reader of The Press will be watching the HONOR ROLL column from day to day. Only one or two subscriptions a day will no doubt determine the HONOR ROLL candidate. It will be to the interest of every candidate in the race to reach the HONOR ROLL position at least once during the "Second Period" vote offer.

13 Days of Second Period Votes. As soon as you have read this article, pick up your receipt book and make it a point to go out and gather a few subscriptions. Bring or send the collections in at once and be one of the first to try for the HONOR ROLL distinction.

Every candidate in the entire list starts off today with the same equal chance of winning any one of the prizes to be awarded in just a few weeks' time.

Don't get pessimistic in this race—get ahead. Now that the first period is over, do not "lay on your oars," but make every possible effort to get in all the subscriptions possible during this, the "Second Period" vote offer.

REMEMBER—you have just two weeks of the second vote period. Just 13 days, to be exact, in which to take full advantage of the biggest and best remaining vote offer of the campaign.

Therefore—DO YOUR BEST WORK NOW. AND TRY FOR THE HONOR ROLL CREDIT.

BELL'S FAMOUS HAWAIIAN REVUE. SINGERS, DANCERS, INSTRUMENTALISTS. At the Delft, Thursday, Friday and Saturday.

BEAR HUNT STARTS. Anchorage, Alaska.—The bear country of the Alaska peninsula has been invaded by 14 hunting parties, each with two to seven men and women. Brown grizzlies are found in great numbers in the enclosed areas on the Bering Sea. Trappers tell of having sighted 20 to 40 bears in a single day's march.

A THOUGHT. Answer not a fool according to his folly, lest thou also be like unto him.—Prov. 26:5. Fool beckons fool, and dunce awakens dunce.—Churchill. CAPE TO MATCH. To have a cape to match your tailored suit is one of the latest dictates of fashion.

IRISH EDGINGS. Irish edgings, novelty buttons and ribbon are the most effective trimmings for lingerie frocks. \$50,000 SALE. WATCH FOR THE BIG FOUR PAGE AD. DON'T MISS IT!

Walter P. Chrysler Says— There is little or nothing in the ordinary four by which to measure Maxwell riding and driving results of today. Vibration literally ceases to exist, so far as those in the car are concerned. There is no four in America today at anything like its price to equal the good Maxwell—and you can find that out for yourself in 30 minutes by calling on the nearest Maxwell dealer. GEO. D. MACKILLICAN, 611 LUDINGTON ST. PHONE 1146.

Chrysler Makes Sure—Then Adopts Balloons. The Chrysler Six is designed for balloon tires from the ground up. It is characteristic of Chrysler engineering, however, that it has worked with the tire makers in developing special six-ply, high speed balloon tires for standard equipment. The six-ply, high-speed balloon tires used on the Chrysler Six are specially designed and constructed, to meet the higher speed capacity of the car and still provide the greater resiliency of ordinary balloon types. The exhaustive tests of Chrysler engineers mean that Chrysler owners now have the advantage of full mileage service, with all the resiliency and easier riding of balloons. We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan. Dealers Everywhere. Geo. D. MacKillican, 611 Ludington St. Phone 1146.

"SKOFFLAW" STATUE SQUELCHED

WELCOME. This is the statue of Father Knickerbocker that caused all the trouble. Placed above the Hotel Astor as a welcome sign to Democratic Convention visitors in New York it showed the traditional figure holding a huge stein of beer—real, frothy beer, such as symbolized hospitality in the Knickerbocker era. But forms of hospitality change and so thousands were shouting "skofflaw" as they passed the statue. It was declared a symbol of revolt. Father Knickerbocker said he would rather lose his good right arm than his stein. And so they sawed off his arm, and in place of the stein now stands a formal "Welcome"—as the picture shows.

A Course in Liberal Arts. MARQUETTE UNIVERSITY. Milwaukee. This is coming more and more to be recognized as a desirable broadening, preliminary to the study of the professions. Many professional men of today are regretting that they took only the minimum of liberal arts education in their time. Marquette University comprises nine college offering courses in liberal arts, education, engineering (cooperative system), medicine, pre-medicine, dentistry, dental hygiene, nursing, business administration, law, pre-law, journalism, music and dramatic art. Tell us what course you are interested in and we will gladly send you full information.
