

MRS. WILSON CONGRATULATES DAVIS

President's Son Is Buried With Very Simple Service

HUNDREDS OF VILLAGERS IN ATTENDANCE

PARTY STARTS RETURN JOURNEY AT ONCE.

(By The Associated Press.) On Board the Coolidge Funeral Train, Ludlow, Vt., July 10.—President and Mrs. Coolidge left here early tonight on the return trip to Washington and by the schedule of the special train will arrive at the capital tomorrow morning.

Strain Is Telling. The strain of the long day had told a little on Mrs. Coolidge tonight. It was reported from the president's coach that she was tired but otherwise feeling as well as could be expected under the circumstances.

Several members of the president's party, including cabinet members, Frank W. Stearns, of Boston, and Mrs. Stearns, missed the trip to the home of the president's father at Plymouth after the services at the cemetery. The automobiles were slow in getting away from the cemetery and they lost the presidential car, making the return immediately to Ludlow.

BUGLER BLOWS TAPS.

Plymouth, Vt., July 10.—In the village cemetery where the president and evergreens throw long shadows across the old tombstones on the hillside, they buried Calvin Coolidge, 16-year-old son namesake of the president, today. Restraining in large part outward manifestation of their sorrow, the president, Mrs. Coolidge and John, the elder son, stood with bowed heads during the short, simple commitment service until a marine bugler had blown "taps" across the grave.

Many Officials Attend. Much of official Washington, including eight cabinet members, the speaker of the nation's house of representatives and the governors of two states attended the services. The party from Washington came in the closely guarded train which was halted at Northampton for services in the Edwards Congregational church where Calvin was a member.

BOY KILLED PLAYING WITH A FIRE BOMB

(By The Associated Press.) New York, July 10.—While his mother watched him, George Speck, nine years old, today took a silver colored ball about six inches in diameter, placed it on a chopping block and hit it with an axe. The ball, a fireworks bomb, exploded and George was instantly killed. His chum, Walter Rokicki, who was standing by his side, died ten minutes later.

THREE KILLED WHEN AIRPLANE CRASHES DOWN

(By The Associated Press.) Lancaster, Pa., July 10.—Three persons were killed tonight when the airplane in which they were passengers crashed to the ground near this city. The dead are: Edward Bowman, Lancaster, and Ruben C. Saul and Russell E. Heckman, both of Reading. Edward Behmer, of Lititz, pilot of the plane, suffered severe injuries. The airplane was a part of the Behmer Air Service operating seven airplanes from a flying field at the Lancaster Gun Club. Bowman was connected with the service.

Four Bandits Hold Up Bank at Marysville

Take Virtually All Cash In Place And Escape

(By The Associated Press.) Port Huron, July 10.—Four armed men took approximately \$3,000 from the Marysville State Bank at Marysville, near here, at 1:30 today and escaped in an automobile.

They were trailed by sheriff's officers and state police. J. C. Barron, president of the bank, and Miss Mary McCormick, a clerk, were in the cashier's cage when the brigands entered. They were forced to hold up their hands while the robbers went to the vault and took all the cash they could find. They got virtually all the cash in the vault, Barron said. They were believed to have left Marysville in a westerly direction, in a dark-colored touring car described by Barron as of large size and expensive make.

Miss Mae Johns, cashier, was in the stockroom at the time. Looking through the open door, she saw Barron and Miss McCormick with their hands above their heads. One of the thugs had Barron and the young woman covered with a revolver. A second stood guard at the door of the bank with a drawn revolver and the third vaulted the railing and began to scoop up the cash. All wore handkerchiefs over the lower parts of their faces. A fourth bandit was at the wheel of the automobile.

The gunman covering Barron and Miss McCormick directed operations.

Police To Face Serious Charges

Chicago, July 10.—Indications that two policemen who Rosetta Duncan, comedienne, charges broke her nose and rib when she remonstrated with them for arresting her brother at Cicero for a traffic violation the fourth of July, will be charged with intent to kill, was given by attorneys for the Duncan sisters after a conference with Robert E. Crowe, state's attorney, today. An agreement reached at the conference favored withdrawal of the allegedly conduct charge against the officers and preferring the new complaint.

"HOME MADE" WAY DIES IN HIS WORKSHOP

(By The Associated Press.) Grand Rapids, Mich., July 10.—Frank "Home Made" Way, who made good his boast that he could make everything he needed except food, died yesterday in his self-fitted workshop and will be buried Saturday in a coffin he made a year ago when his health began to fail. Way, who was 69 years old, made his own hats, shoes, coats, trousers and vests, and even his own false teeth. In the little workshop where he spent an average of 12 hours daily for the past 23 years and where he was found dead yesterday, he made his own cigars. He was for many years a familiar figure on Grand Rapids streets because of his picturesque, home-made attire. He earned what money he needed by painting signs.

Postpone Meet In Dispute On Boundary Facts

(By The Associated Press.) Preliminary conference of commissioners of Michigan and Wisconsin in reference to a boundary dispute between the two states, scheduled to be held today, was postponed until early next week, A. L. Sawyer, of Wisconsin, announced. He said that a definite date would be announced following advice from the attorney general's offices of both states. The purpose of the meeting is to agree on the documents and evidence which will finally be presented before the supreme court.

Detroit Boys Are Drowned In Toledo

(By The Associated Press.) Toledo, O., July 10.—Raymond, 10, and Chester, 11, sons of Mr. and Mrs. Joseph Buettner, of Detroit, were drowned late this afternoon while swimming in the Maumee river near the village of Maumee. The brothers had been visiting their grand parents, Mr. and Mrs. David Buettner, of Maumee.

Iron Workers' Wages Reduced

(By The Associated Press.) Birmingham, Ala., July 10.—Three thousand employees of the Woodward Iron Co. were given a ten per cent reduction in wages, effective today, according to announcement by company officials. Low price of pig iron was given as the reason. Common labor is not affected.

DEMOCRATIC MANAGERS DELAY ORGANIZATION WORK

DECIDE TO GET "CAUGHT UP" ON THEIR SLUMBER

Delegates Start For Home To Tell Folks All About It

(By The Associated Press.) New York, July 10.—Eager to attack post convention details the Democratic national committee found itself today unable to bring fagged wits to serious business and decided to put off the formalities of organizing for the campaign until over-worked executives and party leaders caught up on sleep. Tonight New York was a deserted village so far as the national convention was concerned. Hastily abandoned campaign buttons and multi-colored badges were heaped in various hotel repositories as evidences of the historic struggle which gave Madison Square Garden its great day. Weary, but smiling and exuding optimism of a November success, the phalanx of delegates, alternates and advisers started homeward to tell the folks of the "strong and able candidates" resultant of their protracted labors.

Plan "Intensive" Rest. The candidates themselves, after a day of consultation and greetings—during which the presidential nominee was introduced to his running mate for the first time—prepared for a brief spell of organized and intensive rest. John W. Davis, already committed to a campaign "direct to the country," returned to his home at Locust Valley, Long Island, with definite plans only for rest. Governor Charles W. Bryan of Nebraska, prepared to return to Lincoln, planning to stop off at Chicago for a conference with middle-western leaders in the party.

Following the suggestion of Mr. Davis, the new national committee at a perfunctory first session today, approved a motion to postpone organization and the selection of a new chairman until after the Davis notification ceremonies at Clarksburg, W. Va., probably in about three weeks.

Women Hold Meeting. Women members of the national committee, meeting separately, formally demanded through a resolution by Miss Elizabeth Marbury, national committeewoman from New York, that women have equal representation of the important resolutions committee in future conventions. The meeting also approved a resolution lauding the work of Mrs. Emily Newell Blair, of Missouri, vice chairman of the national committee. No recommendation for a successor for Mrs. Blair was made. Friends of Chairman Hull of the national committee made a formal presentation of a set of cuff link studs, in recognition of his services at the Democratic helm. Committeeman Norman E. Mack, of New York presented the gift in behalf of the entire committee.

"Cordell Hull stands higher with the members of the national committee and the Democrats of the nation than any man I have known in my service of 25 years on the national committee," Mr. Mack said. "Everyone is going away delighted with his management of the convention."

Senator Swanson of Virginia, on behalf of senatorial friends, described Mr. Hull as "one of the most efficient and unselfish public servants" he knew.

Farmers Like Radio Reports

(By The Associated Press.) Brookings, S. D., July 10.—Radio was given high rank among channels for dissemination of farm and agricultural news at today's session of the American Association of Agricultural Editors, in an international convention. Speakers pointed out that actual surveys have shown that while rural radio audiences give musical programs first preference, farm news is a close second. Approximately seven per cent of the farm homes of the nation were said to be equipped with receiving sets.

Tonight's Concert Program

The Escanaba Municipal Band will play the following program in Ludington Park, beginning at 8:15 o'clock tonight: March—"On the Trail (Jewel). Selection—Light Cavalry (Sappe). Concert Valse—Wedding of the Winds (Hall). Selection—Sounds from the South (Lampe). Overture—College Songs (Head). Chinese Patrol—Li Ling (Laka). These popular numbers also will be played: Oh Me, Oh My; Darling Girl; Down South; Rosy Riley; Old Nebraska, and Chick Chow. There will be a lecture, "Citizens in Action," during the intermission, by Dr. Frank Emerson Jaynes, educational director of the American city bureau. In case of inclement weather, the concert and lecture will be given in the Strand theatre.

DR. JAYNES TO TALK TONIGHT AT THE PARK

BAND CONCERT WILL BE FEATURE OF MEETING.

A concert by the Escanaba Municipal Band, and an address by Dr. Frank Emerson Jaynes, educational director of the American City Bureau, will provide the entertainment for hundreds of Escanabans who will visit Ludington Park tonight. The concert will be the first "week-day" appearance of the band, on its summer concert schedule, and if the public evidences a desire to change permanently from the Sunday afternoon arrangement, the "Week-night" plan may be adopted permanently.

Dr. Jaynes has appeared before several local groups this week and hundreds of men and women of the city know that he is a highly entertaining speaker. He undoubtedly will be heard by a large crowd.

Legion Last Night. If the weather is inclement, the meeting—band concert, lecture and all—will be held in the Strand theatre.

Dr. Jaynes appeared last night before the American Legion and there created the deep impression which has accompanied his other speaking engagements this week.

Captains of the fifteen companies of workers who will do the field work in the Chamber of Commerce "Carry On" Campaign had accepted their commissions yesterday, and were preparing to complete their organizations. "Colonel" Albert J. Young announced.

Mr. Young already has appointed three majors—C. W. Malloch, L. M. Beggs and J. H. Slater. These, in turn, chose their own captains.

The official lineup now is as follows: Major C. W. Malloch—Captains R. H. Banks, L. A. Erickson, Oscar Kraus, T. J. Riley and William Warrington.

Major L. M. Beggs—Captains Charles Stoll, Matt Peterson, H. H. Hughtitt, O. C. Curtis and Miles Thomas.

Major J. H. Slater—Captains John A. Aho, August Blomstrom, Wilbur Lefean, E. F. Zuehlke and W. H. Needham.

VETERAN LAKE VESSEL MASTER PASSES AWAY

(By The Associated Press.) New Baltimore, Mich., July 10.—Captain J. B. Lozen, veteran Great Lakes vessel master died here today. He was 86 years old. Captain Lozen had sailed the lakes for nearly 70 years and was widely known in marine circles.

Michigan To Aid In Prosecutions

(By The Associated Press.) Lansing, Mich., July 10.—Michigan is prepared to co-operate with other states in bringing separate suit against the alleged oil combine, as suggested by United States Attorney General Stone, if it can be shown that intercession by this state would be of avail. Attorney General Andrew B. Dougherty said today. He will ask the federal attorney general for complete information regarding the steps Michigan might take.

Wolverines On Demo. Committee

(By The Associated Press.) New York, July 10.—Members of the New Democratic national committee officially recorded after the initial meeting of the committee today included William A. Comstock and Etta G. Boltwood, for Michigan.

LEGION POST JOINS SEE-SEE

Boys Want To Be Known As Service Men To The Public.

Cleveland Post of the American Legion yesterday took out membership in the Chamber of Commerce. Last night the officials were extremely jubilant over that forward step. "We have dropped the ex from ex-servicemen and we want to be just service men—service to the public," is the way one official put it.

And that is just what the boys are getting at. They want to be called upon by the Chamber of Commerce or the city officials to perform any service that any other organization might be expected to perform. They want to become and insist on becoming an active part of the community life in the performance of community service, whatever it may be. As a matter of fact they would greatly have preferred to have done most of the work in preparing the new tourist camp which has just been completed. That is what they call community service and that is what they want the public to understand they are existing for now—service to the public.

Dr. Jaynes Talks. Dr. Jaynes addressed Cleveland Post at a well attended meeting last night in which he took up the preamble to the constitution and praised the noble sentiments and high ideals embodied therein. He also explained about the privileges and duties of membership in the Chamber of Commerce and made a most inspiring talk generally about the work done by the Legion and yet to be done by it.

Bell's Hawaiians also went up to the club rooms after their performance at the Deift and entertained the members with a fine musical program.

In this connection it may be well to call attention to the fact that the bonus blanks have arrived. One notable case was brought to the attention of those members present in which a man entitled to the bonus dropped dead before he had filed his claim. His widow received \$400. Had his claim been filed even an hour before, she would have received \$1100. That is one reason

DAVIS TOLD HE'S MAN TO "CARRY ON"

SENDS SNAPPY REPLY TO M'ADOO FELICITATION.

End Feared To Be Near.

(By The Associated Press.) New York, July 10.—Samuel Gompers, president of the American Federation of Labor, is critically ill at the Hotel Shelburn, Coney Island, it was learned today.

"Mr. Gompers is very weak," said one of his two secretaries. Two nurses are constantly in attendance and specialists from Manhattan were to examine Mr. Gompers late today.

Mr. Gompers was brought to the hotel yesterday from the Lenox Hill Hospital, Manhattan, where he has been recuperating for some weeks from a general breakdown. No one has been permitted to see him for several days.

Mr. Gompers is 74 years old and has been president of the Federation since 1882.

AMERICAN BAR FAVORS CHANGE

Would Make Presidential Inauguration In January.

(By The Associated Press.) Philadelphia, July 10.—Election of officers, including Secretary of State Charles E. Hughes as president, and the adoption of a resolution urging congress to change the date of the presidential inauguration from March fourth to the third Monday in January, featured the closing session today of the national convention of the American Bar Association.

The resolution, which was submitted by William L. Putnam, of Boston, would have United States senators and representative take office the first Monday in January. Discussing the resolutions before its adoption, William C. Coleman, of Baltimore, said the members of the bar association believed the president should take office as soon after his election as possible and that by moving the inauguration dates of members of congress back to the first Monday "would give them more time to carry out the nation's business."

The annual banquet of the association was held tonight, the speakers including Robert Von Moschizker, chief justice of Pennsylvania; George B. Rose, of Arkansas and Stone Deavours of Mississippi. Robert E. Lee Senter, Dallas, Tex., retiring president, presided.

LAFOLLETTE TO HAVE TROUBLE FROM MICHIGAN

(By The Associated Press.) Lansing, Mich., July 10.—Senator Robert L. LaFollette, if he wishes to go before the voters of Michigan in the general election next November, apparently will have to form an independent organization in this state, create a state central committee, and hold a state convention. The election division of the department of state, the attorney general's department and election experts today puzzled the course the senator will have to pursue to enter this state as an independent presidential candidate, and arrived at the above tentative decision. The state law provides that presidential electors must be named by state conventions and that they must be certified to by the party central committee.

Ship Building Shows Decrease

(By The Associated Press.) New York, July 10.—Shipbuilding in the United States during the quarter ended June 30 decreased to 103,665 gross tons as compared with 119,000 tons in the previous quarter, placing this country fifth among the world nations in this industry, said a statement issued today by Lloyd's Register of shipping.

Dr. Carson Made Acting Head Of College of Mines

(By The Associated Press.) Houghton, Mich., July 10.—The board of control of the Michigan College of Mines today appointed Dr. C. M. Carson acting president until a successor to Dr. F. W. MoNair, president of the college who was killed in a railroad wreck recently, can be selected. Dr. Carson has been head of the chemistry department at the college since 1913.

WILBUR GOOD QUILTS K. C. AS A MANAGER

(By The Associated Press.) Kansas City, Mo., July 10.—Wilbur Good, manager of the Kansas City American Association baseball team, resigned tonight and George Muehlebach, general manager of the club, immediately announced the appointment of Bob LeMay as second baseman.

BRITISH LEADER EXPLAINS CASE

Why He Went To Paris On Dawes Plan Mission.

(By The Associated Press.) London, July 10.—The British prime minister, Ramsay MacDonald, made a statement in the House of Commons today explaining his recent visit to Paris and his discussion with M. Herriot, the French Premier on the reparations situation.

British Debate Monday. It had been agreed by the British ministers and liberal leaders to wait the outcome of the debate in the French senate before discussing the subject in the British parliament; hence, the British debate now is scheduled for Monday.

The memorandum accompanying the original British invitation to Italy, Belgium and Japan, to attend an inter-allied conference, the British government proposed in the event of a German default, the matter might be referred to the League of Nations or the League of Nations Tribunal.

No Hague Reference. The British prime minister's statement shows that idea of referring to the league or the Hague had been dropped and that in its stead an endeavor was being made to secure American help for such arbitration duties.

Two other important points came out in Premier MacDonald's statement, namely, that the British government declined to associate the question of inter-allied debts with the experts' report and would equally refuse to agree to any military pact with France.

Farm-Labor Party Doesn't Fall For LaFollette Plan

(By The Associated Press.) Chicago, July 10.—Senator Robert M. LaFollette, endorsed for president last week at the conference for progressive political action, will not receive the support of the Farmer-Labor party which held its convention recently at St. Paul, it was announced today by the executive committee of the party.

The executive committee concluded to the withdrawal of Donald McDonald of Illinois, and William Bouck of Washington state, its candidates for president and vice president respectively, and endorsed the candidacy of William Z. Foster and Benjamin Glow of New York, who have been entered as the candidates of the Workers' Party of America.

Just Walk In And Rob Place

(By The Associated Press.) New York, July 10.—Threading their way through the slow moving crowd on the sidewalk in front of Corbin Bros., jewelers, on Upper Broadway, three men, unmasked and armed with pistols, today entered the store, lined the occupants against the wall of the backroom and scanned in an automobile with \$75,000 in jewelry, mostly diamonds.

WIFE VOTES "AYE"; HUSBAND "NAY"

The time-honored theory that a wife votes as her husband has been finally exploded—at least in the Pattangall family. Both W. R. and Mrs. Pattangall, Augusta, Me., had voted at the Democratic convention. Pattangall presented the famous anti-Klan plank while Mrs. Pattangall sat calmly back and, acting as her husband's alternate while he was on the stand, voted against the plank he was presenting, proving that a woman may cling to her political convictions in spite of hubby's attitude.

Jazz Incites Savagery, Woman's Club Music Chairman Declares

(By JACK JUNGMEYER.) Los Angeles.—In the wild cacophony of the jazz orchestra a war whoop inciting modern young city savages to anti-social and criminal ventures? Mrs. Anne Faulkner Oberndorfer, national music chairman of the General Federation of Women's Clubs, brands it just that in an effort to marshal American women against further spread of the world's most virulent tonal epidemic.

"Boys and girls are going wrong in alarming numbers," says Mrs. Oberndorfer, "because they get drunk on jazz—quite as powerful an intoxicant as alcohol. 'Some declare this provocative rhythm a mere symptom of our speedy, reckless age, but I believe it is also a decided cause, leading to much delinquency. It's Savage.

"We have long gaily quoted the mild phrase 'music hath power to soothe the savage beast,' but we do not seem to have comprehended the powerful physical effect of musical vibration; its power to excite as well as to allay the savage beast which throbs under the skin of civilization.

"A vibratory force which can rock bridges, break window glass, set inertia in motion, may play havoc with the sensitive human structure. Its effect depends upon the rhythm, upon stimulus of vague and varying race memories.

"When the American Indian wanted to awaken his bestiality to fever pitch, he first subjected himself to the monotonous tomtom of primitive music. The same with the jungle black. They knew its savage potency.

"In some sections of our southern states women for years locked their doors and windows when the negroes of the swamps began chanting their 'blues.' Youth Can't Resist.

"Jazz is the modern echo of ominous incantation—the pound, pound, pound that fires leaping pulses and allays the safety inhibitions slowly built up for social deportment from time immemorial.

"It is disorder, anarchy, the churning of primitive impulses, bound to stir the jungle beast more or less, whether its devotees recognize it or not. The

40,000 ELKS IN GIANT PARADE

Bring Boston Convention To Colorful Climax.

(By The Associated Press.) Boston, July 10.—More than 40,000 members of the Benevolent and Protective Order of Elks, brilliant in many colored costumes, parading behind two score bands brought to a climax here today the 60th annual national convention of the order, which opened its sessions in this city on Monday. A brief but heavy thunderstorm, which brought relief from the heat, drove both paraders and spectators to cover, but the long line of march was taken up again as soon as the sun reappeared. Governor Channing H. Cox, Mayor James M. Curley, and Grand Exalted Ruler John G. Price, of Columbus, Ohio, reviewed at different points the three-hour long parade.

LAND CAME OUT TO MEET HIM

Captain Pendlebury Discovers Floating Islands Near Borneo.

(By A. H. FREDERICK, N.E.A. Service Writer.) San Francisco, July 8.—Land was coming out to meet him.

Captain Jonas Pendlebury, master of the liner President Adams, couldn't figure it out. He scratched his head and looked at his charts. They only made him wonder all the more. He changed his course and slackened speed.

But still the land, trees and all, kept floating toward him. Eight little islands there were. Eight little islands haphazardly swimming around. Eight little islands inhabited by chattering monkeys, singing birds and innumerable cobras.

"Eight of them there were," the skipper says. "One measured some seven acres. We sighted them in the Palawan passage. That is a sort of 'cut' in the China sea between Borneo and the Palawan Island of the Philippine group.

"There were palm trees on them higher than our wireless masts. Fooled us, too. And they came within 40 feet of us."

A generalized substantiation of Captain Pendlebury's story comes from the National Geographic Society.

These islands are not unique, its records reveal. Others have been seen in tidal rivers, chiefly off the east coast of Borneo.

They are cut loose from the mainland by small inlets. And in time of flood or tidal disturbance, they are carried out into the sea.

LINCOLN, NEB. HAS A DOUBLE HONOR COMING

(By The Associated Press.) Lincoln, Neb., July 10.—Lincoln, already busy with preparations for greeting General Charles G. Dawes, Republican vice presidential nominee, scheduled to open his campaign here this fall, today concentrated on welcoming another man from home who had been honored by his political party—Governor Charles W. Bryan, chosen in the early hours of today for second place on the Democratic national ticket. It is to be a double-barreled celebration, with the first barrel for the governor, who is expected here Sunday.

The greeting for Governor Bryan upon his arrival from New York will be of a non-partisan nature, it is planned. State and municipal officials, civic and political clubs and friends of the Bryan family are expected to join.

HORN RIMS ATROCITY. London—Wearing of horn-rimmed spectacles was characterized as an "atrocious" by Clement Jeffery, eminent eye diagnostician, in a lecture here recently. He explains that horn rims were in no way harmful to the sight of the wearer, but were a "terrible sight" to others.

boys' pier constantly in Washington and on the train, carried the casket to the waiting hearse. Then the procession, more than a mile long, drove over the long road among the hills to the burial ground.

Walk Up Hillside. The party was forced to walk up the hillside to the spot where the grave had been prepared. After the marines had lowered the casket into place, a mixed quartet sang "My Faith Looks Up to Thee," the Reverend Kenneth B. Wells, Northampton pastor who had accepted Calvin into the church, read a few short passages from the Bible, then offered a brief prayer.

Softly again, then, the quartet sang, "Saviour, Like a Shepherd, Lead Us." After reciting the verses of the hymn "He Leadeth Me," Reverend Jason M. Pierce, pastor of the First Congregational Church in Washington, read the commitment service.

Hundreds of Villagers. In the course of the prayer, Mrs. Coolidge brushed away tears and leaned heavily upon the president. The hands of old Colonel Coolidge, holding his hat, trembled noticeably. On the hillside and on the slope across the road were gathered hundreds of villagers, silent and sympathetic.

Taps were sounded then by the same marine bugler who had sounded the notes at the funerals of former President Wilson and President Harding and at the service of America's Unknown Soldier.

As the exercises ended, Boy Scouts, to which young Calvin had belonged, filed by the grave, each dropping a rose as he passed.

The ceremony ended the long trip northward of the funeral train from Washington, which everywhere had drawn silent throngs of citizens.

Farm Boys Held On An Attempted Extortion Charge

(By The Associated Press.) Rockford, Ill., July 10.—George Peek and his son, Clarence, farm hands of Buncombe county, North Carolina, alleged to have sent a letter to Senator and Mrs. Medill McCormick demanding \$50,000 to "insure their happiness," were held to the October grand jury on charge of attempted extortion today at a preliminary hearing before a justice of peace. They were unable to furnish bonds and were sent to jail.

The elder Peek faced Mrs. McCormick in court today and repeated his charge that John Wright, well-to-do farmer and his employer, was responsible for the extortion letter and that Peek and his son went to a cult where a decoy letter had been placed on Wright's instructions, while unaware of the plan to obtain money from the McCormicks.

Wright is out on bond under a similar charge and will have his hearing on Saturday.

Prohi Agent Is Shot To Death

(By The Associated Press.) Meridian, Miss., July 10.—Posses tonight were continuing the search for Ed, Ben and Clyde Pickett, brothers, who are being sought by the authorities in connection with the killing today of D. S. Cleveland, prohibition agent, at a still, alleged to have been operated by the Pickett brothers eight miles south of Meridian.

Cleveland, who was a former Meridian policeman, and Sheriff N. E. Cannady engaged in a pitched battle with the alleged moonshiners when the officers attempted to raid the still. Cleveland was shot with a load of buckshot, nine of the missiles entering his head and upper part of the body. Sheriff Cannady was uninjured.

New York Guard Gets Insurance

(By The Associated Press.) New York, July 10.—Peace time insurance of members of the New York National Guard was assured today when Major General Charles W. Berry signed an application for protection totalling between \$40,000,000 and \$50,000,000 for the 21,000 men under his command. It marks the first time a state has undertaken to insure its guardsmen. Special legislation was necessary to bring it about.

AT THE DELFT.

Dell's Hiawian Revue, in which a group of talented musicians who also are clever entertainers play all of the instruments generally associated with Hiawian, and some other music-making devices, headlines the bill at the Delft theatre for the last half of the week. The music includes classic, standard and popular selections, vocal and instrumental, and a capable girl dancer adds charm to the offering. The Bell folks are well known to Delft patrons and were greeted enthusiastically yesterday.

On the same bill is "Boy of Mine," an appealing, human interest picture, in which Ben Alexander, Henry B. Walthall, Irene Rich and other screen notables are featured. The work of Ben Alexander is especially pleasing. This lad has climbed steadily towards stardom since his first important recognition in "Hearts of the World," and is one of the few professional children, who, as they grow older, holds fast to charm identified with extreme youth.

AT THE STRAND.

The Strand feature for Friday and Saturday will be Lester Cuneo's latest western melodrama, "The Silver Spurs." The piece is said to contain all of the elements for which Cuneo pictures are famed—speed, thrills and human interest. Mr. Cuneo is supported by a capable cast.

SUB CHASERS OF NAVAL RESERVE IN PORT HERE

Public Invited To Inspect Them Today

U. S. Submarine Chasers 412 and 432 arrived in port last night from Oshkosh and will remain here until Saturday. They are United States naval reserve boats, carrying three officers and 25 men each, who are on a three weeks' cruise. The boats will remain at the Merchants dock all day today and the public was invited, last night, to visit them, see their equipment, meet the men and hear the story of the new naval reserve.

The 432 is commanded by Lieut. Commander James McMillan, of Green Bay, well known in marine circles here, and the officer in command of the 412 is Lieut. Commander E. A. Lichtenstein.

The home port of both vessels is Milwaukee.

Resurfacing Work Proceeds Rapidly; 8th Ave. S. Next

Resurfacing of the unpaved portion of Lake Shore Drive was completed yesterday, and the oiling of South 11th, South 12th and South 13th streets was expected to be out of the way early today. Asphalt oil, containing about 40 percent of the ingredient for which it is named, is being used.

The rebuilding of South Eighth avenue, between South 14th street and Lake Shore Drive, will be next on the city's repair program, and this job completed, the workmen will be started on the repairs to the Danforth road which are to be made jointly by the city of Escanaba and the township of Wells.

The entire program of street repairs and street building should be completed by August 1, City Manager Fred R. Harris estimates.

NOTICE.

CONSTRUCTION SANITARY SEWER.
Pursuant to Resolution of the City of Escanaba, at its session held on the 5th day of July, 1924, Notice is hereby given that the City of Escanaba proposes to make the following improvement: To construct a sanitary sewer in the alley in Block number thirty-eight (38), of I. Stephenson Company's Addition to North Escanaba, said block being bounded by Chicago Northwestern Railway Company property on the North, 16th Street North on the East, 16th Avenue North on the South, and Stephenson Avenue on the West, and also in the Alley in Block number nine (9), of Ludington Addition, and in the two alleys in Block number two (2), Cady Land Company Addition; said improvement being bounded on the north by 6th Avenue South, 17th Street on the West, 16th Street on the East and 8th Avenue South on the South.

That the following described lands do constitute the special assessment district upon which the special assessment will be levied to pay the cost of said improvement: Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11 and 12, of Block 9, of the Ludington Addition to the City of Escanaba, Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14, Block 2, of the Cady Land Co. Addition to the City of Escanaba, and Lots 1, 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13 and 14, Block 35, of the I. Stephenson Co. Second Addition to the City of Escanaba.

The specifications, plans, diagrams and estimates of cost have been filed in the office of the City Clerk, and are open to public examination; that the Council have designated as the district to be assessed for said improvement, all the land, lots and parcels of land herein described; the same to be assessed according to benefits derived therefrom.

The Council will meet at its regular session on the 15th day of July, 1924, when it will hear objections to the improvement aforesaid, and to the district to be assessed.

CARL E. ANDERSON,
City Clerk.

"ARMY" WORK IS WARMLY LAUDED

Adjutant H. Madsen Here To Inspect Activities, Aid Drive.

Praise for the work being carried on here by the Salvation Army, and gratitude for the "generous and sympathetic support" given the Army by the citizens of Escanaba, is contained in a statement, issued yesterday, by Adjutant H. Madsen of Chicago, divisional campaign director of the Salvationists. Capt. Madsen is spending a day or two in this city to assist the local workers in their drive for funds. He is using his time calling on some of the leading business and professional men.

"It has been my duty as well as my privilege to meet many leading citizens throughout the fifteen miles of the central west," Capt. Madsen said, "and I can say, frankly that in none of them have I met such genuine expressions of good will as those which have greeted me in Escanaba. The congenial, generous and sympathetic spirit is evidenced everywhere in your city. Confidence in Results.

The Salvation Army girls are doing a splendid work here and leaders of the community, as well as the rank and file of the people, are learning to appreciate their work more and more. The drive in progress can not be concluded this week because of insufficient workers, but it will continue until all have had a chance to contribute. The amount raised will be published after the drive is ended and a tag day has been held. I firmly believe that sufficient money will be raised to carry on the excellent work on a larger scale than ever before."

Paquin Committed to State Hospital for Mentally Ill

Albert Paquin, 36, of Hermansville, whose sensational escape from the psychopathic ward at St. Francis hospital Tuesday was followed by a night of harrowing experiences, in which he received a broken arm and severe bruises and cuts, was taken late yesterday by Menominee county officials, to the Newberry State Hospital.

Paquin spent another wild night, sheriff's deputies who were guarding him said yesterday morning. He attempted, desperately, to escape again, and during the scuffle his broken arm slipped from its splints, necessitating a resetting. Sheriff Peters, of Menominee county, took Paquin to Newberry. He was committed from that county.

A Plea to Men

Please keep your hair By Edna Wallace Hopper

You men admire luxuriant hair, thick and lustrous, healthy, clean. And so do we dear sirs. Then, why will you, through sheer neglect, let your hair disappear. My hair is finer than 40 years ago. It grows thicker every year. I have never known falling hair or dandruff, a n d never a touch of gray. Just because I searched the world for the best hair helps men know. And I had them combined in a d cleanser which I call Hair Youth. From time to time each better help discovered has been added to it. I believe the experts I consult know all that is known about hair. I know they supply me their utmost. Certainly no factors ever discovered have brought finer hair than mine. Now I offer you, as I offer women, this supreme help for the hair. It is concentrated. You apply it with an eyedropper directly to the scalp. There it combats the hardened oil and dandruff which so stifle the hair roots. It tones and stimulates. Then hair thrives just as flowers thrive in a well-kept garden. I know that here I place at your command the greatest hair help in existence. Not some fallacious theory, not some ordinary tonic, but the best that science has discovered, so far as I can find.

All druggists and toilet counters supply my Hair Youth under guarantee. The first package brings you help you seek, or I will pay the cost. The cost is 50 cents and \$1 with eyedropper. Let me urge you to try it. We women—all of us—love to see heavy, healthy hair. And I have found the way. I will send you a bottle to try without cost if you mail this coupon to me.

BURGLARS NOT YET CAPTURED

Flood Of Rumors In Circulation Yesterday Are Denied.

Escanaba was flooded with rumors yesterday, concerning the reported capture of the house burglars who have been operating here for several weeks with more or less success. The rumors of more than a dozen young men of more or less prominence were, during the day connected with the alleged "round-up."

All of the rumors were declared by the police to be totally without foundation.

"I'm sorry that I can't confirm the stories, insofar as they relate to the capture of the burglar," Chief of Police John J. Toian said. "But he has not been caught. Many of the rumors have come to our attention, and several of them were so widely improbable that I don't see how any one could put any credence in them. The police department is doing everything in its power to solve these crimes. Nothing is being overlooked or neglected. It is a well known fact that house robberies, generally speaking, are the most difficult of all crimes to unravel, but we aren't discouraged. I'm sure that the solution would come."

Department Busy. Chief Toian characterized as "the rankest kind of bunk," the repeated statement that the department is keeping developments under cover because of the "prominence of the boys involved."

"We have made no arrests," said the chief. "When arrests are made the public can rest assured that there will be no attempt on the part of the Escanaba police department to shield anyone."

TOM SIMS SAYS

Some men stand ready to back up what they say while others stand ready to back down. We are training for our vacation trip by giving dimes to everybody we meet.

It must be awful to be a genius and have to sit around thinking up new ways to act strange. Choose your words carefully because you may have to take them back.

This light that lies in a woman's eyes is so illuminating. It's a wise young doctor who settles down near a railroad crossing.

A pessimist is a man wondering how on earth his straw hat got so dirty. Reliable figures would show that by this time every good fisherman has had a hook stuck in his finger.

The baseball pools, full of sparks and suckers, are with us. The average man has a better average than the average man thinks.

A wise man paddles his own canoe, but a wiser one gets something to push it. Woman's place, after dinner, seems to be on the front porch.

Some men living a dogs life have no license to do it. You never see a bootlegger having a rummage sale on old stuff.

Many a boss at the office helps wash the dishes at home. Some men stay away so much that when they do eat at home they look for the menu.

No Fourth of July is complete without somebody calling our flag "The colors that never run." Every auto accident is caused by jay walkers or jay drivers.

We have our ups and downs. An optimist looks forward to the ups and a pessimist to the downs. Justice is blind, but most of us think we are eye doctors.

Men are known by the company they keep; women by the clothes they keep on wearing. A common dog is the safest watch dog. Get a good dog and some burglar is liable to steal him.

Too many tired business men work themselves into heart failure trying to avoid business failure. They captured 300 barrels of beer in Philadelphia. Had barrels of fun.

Lecture Series On Theosophy to Be Given Here

Mrs. A. J. Baker is in Escanaba to arrange for a series of illustrated lectures to be given by Alwyn J. Baker, M. A. national lecturer of the American Theosophical Society.

The lectures will be at the Arcade hall at Escanaba, beginning Monday evening, July 14. Mr. Baker will attempt in the course of the series to explain the origin of the soul, its growth and development and its destiny. He will describe the finer mechanism of man's consciousness and show how man is related to the finer worlds that lie beyond the ken of human senses.

According to Mrs. Baker, the society which she represents is non-sectarian and welcomes within its membership men and women of any race or faith who work for brotherhood and search for truth. The lectures are free and the public is cordially invited to attend. An opportunity will be given at the close of each lecture to interrogate the speaker. The lectures will begin promptly at eight o'clock.

ST. FRANCIS HOSPITAL.

Mr. and Mrs. Ralph Olson, 323 North 29th street, are the proud parents of a daughter, born yesterday afternoon.

Mr. and Mrs. Henry Casady of Gladstone are rejoicing over the arrival of a son who was called Floyd Robert.

Otto Nyquist, Sr., is improving after a severe illness. Mrs. John Peters is improving after an operation for peritonitis. Miss Josephine Welch is improving after an operation.

Fahy Flynn of Bark River who sustained a fractured leg when he was hit by a passing auto, is resting easily.

DUBLIN CABBY RICH.

Dublin—Everybody in Dublin is anxious to ride with William Brown, 63-year-old cabby, who recently inherited an estate worth \$400,000. Brown is plying for hire as usual. He has driven a cab on the streets of Dublin for 42 years. His father was in the business before him.

JELLY FISH HUNGRY.

Bremervaden.—Haddock and herring are being driven from the North Sea by great schools of jelly fish that were swept in from the Atlantic ocean in 1920. The jelly fish at once made themselves at home, consuming the food in the sea in such large amounts that the other fish are unable to subsist.

In a cross-Paris race between a bicycle, an automobile, a subway passenger and a pedestrian, the bicyclist won.

Kentucky Insane Fugitive Held in Delta County Jail

James Julian, an escaped patient from the Lexington, Kentucky state insane hospital, was arrested by members of the sheriff's force at Gladstone yesterday and lodged in the county jail pending receipt of instructions from officials of the southern institution.

Julian was charged by a Gladstone woman with having made improper remarks, and suggestions to her.

If the state of Kentucky does not send to Delta county for the man, he will probably be committed to the Michigan hospital at Newberry.

POLICE AFTER GUIDES.

Paris—The police spotlight has been turned on Paris' mob or unofficial guides. Men who accept foreign visitors on the streets with knowing smiles and offer to show them "Paris" are being arrested and shown the jail instead. Under the new rules, anyone wishing to act as a guide in Paris must make a formal request for permission to the prefect of police.

SAYS HE'S CAVE MAN.

Cripple Creek—Dave Marsh, 86, a gold prospector, claims to be the only real cave man in the world. For the last 25 years of his life he has lived in a cave—a chamber 30 feet long and too low to permit his standing erect—furnished as elaborately as a fashionable apartment.

The last English king to command soldiers in action was George II, who directed the charge of the Suffolk regiment at Dettingen.

OBITUARY

DONALD ELYDE ARONSON. Funeral services for Donald Clyde Aronson, son of Mr. and Mrs. Olaf Aronson of Flat Rock, were held at two-thirty o'clock Thursday afternoon from the residence of Mr. and Mrs. F. Cole, Minnesota avenue, Gladstone. Oev. Colenso officiated at the services. Burial was in Fernwood cemetery.

Many beautiful flowers surrounded the casket of the little child who died after a brief illness due to septicaemia. The bereaved parents have the sympathy of a host of friends in their loss.

MRS. BESSIE DEBECK DOUGLAS.

Funeral services for Mrs. Bessie Debeck Douglas, daughter of Mr. and Mrs. Nicholas Debeck of Rock, who was killed in an automobile accident in Lower Michigan Tuesday, will be held this afternoon at Rock.

The body will arrive at Rock this morning and the services will be conducted at about 4:30 this afternoon, the Rev. Boss of Escanaba officiating.

HONOR PONY RIDERS.

Salt Lake City—The fearless pony riders of the old west have been commemorated by a bronze tablet placed on the site of an old pony express station here. The tablet, erected by the Daughters of the American Revolution, bears this inscription: "Placed in Tribute to the Personnel of That Gallant Enterprise."

Sometimes a man can't meet his friends because he can't meet his expenses. Many men can't go forward because they always have the brakes on to keep them from slipping backward.

Cold as ice— this new breakfast

and made with QUICK QUAKER without bother or muss! Here's the recipe.

IN thousands of homes, summer breakfasts have taken on a new charm. A dish so different, so innocently unusual that hot weather appetites instantly take on new life. To treat yourself and delight the family, do this: As you prepare dinner tonight, cook your regular breakfast quantity of QUICK QUAKER (the new Quaker Oats that cooks in 3 to 5 minutes).

When done, pour into a pudding mould and let cool. Then place in the refrigerator over night. Cut in medium thick slices and serve at breakfast with fresh or cooked fruit, or berries and sugar—float with rich milk or cream. The combination is delightful. A world noted chef discovered this new way. Just for the joy of it, try it.

Hank Shultz Signed By Esky Club

STAR SLABSTER SIGNS CONTRACT

One Of Wisconsin State's Best Box Workers To Oppose Uptays.

Hank Schultz, former American Association slabster, who pitched last season for the Menominee-Marquette team in the Wisconsin State League, has been signed for the remainder of the season, by the Escanaba baseball club.

Schultz will arrive in Escanaba today, and will pitch his first game for the locals at Gladstone Saturday.

Schultz has been pitching semipro ball in Central Wisconsin this season. He has turned in a string of 15 victories already this year, all of his wins being against fast and strong ball clubs. He would solve Escanaba's pitching problems, Hank Beyers will remain on the staff. Beyers' work has been satisfactory throughout the season. Joe Petka, the Menominee southpaw, has been released.

Oblin To Return. "Ole" Ohlin, who has played several games here this season, will be on hand for the Saturday game with Gladstone and the Sunday battle with the Royal Giants. It was announced definitely yesterday. He also will arrive here, today for a workout with the team.

Other additions to and changes in the lineup may be expected before another week has gone by, the management said last night.

FAVORITES WIN BULK OF RACES

(By The Associated Press.)

Columbus, O., July 10.—Favorites won three of the four events in today's Grand Circuit race card, which was characterized by ideal weather conditions and fast time. In the Columbus Dispatch stake for 2:05 trotters Nat Ray's Peter The Brewer, a long shot, upset predictions by winning the first two heats in fast time, while the favored Grey Worthy was never a serious contender. In the final mile Cupid's Albiner won through closely pressed by Peter The Brewer. The other stake decided today was the Hotel Desher for 2:11 pacers which was won by Baron Worthy in straight heats from a big field, after driver Johnson gave way to Harry Stokes to drive Anokia. She then won the next two heats, the second mile of the race being more than five seconds faster than the first. In the third mile Murphy made a great bid with Iskander but could not quite reach. Mina Dillon was a straight heat winner in the first race of the afternoon, the three-year old trot.

SENATORS LOSE LEAD IN LEAGUE

(By The Associated Press.)

Washington, July 10.—Washington lost clear claim to the American League leadership today for the first time since it attained that position June 24, by losing the first game of a double header to Detroit, 12 to 10 after 13 innings.

The defeat sent the Senators into a first place tie with New York which won two games from Chicago. More than four hours were needed for the first game and the second went only five innings to a 3 to 2 score because of darkness.

The overtime contest was a seesaw with Detroit using four pitchers and Washington six. Twenty players got into Washington's lineup in the opening.

JIMMY BRADY IS IN SAULT

(By The Associated Press.)

Jimmy Brady, Michigan lightweight champion and an undefeated victory over many of the best men in his class is in the Sault to spend a week previous to his going to Buffalo where he is to meet Jimmy Goodrich or Ted Meyers, July 18.

This is Brady's first visit to the Sault in a year. Since then he has been fighting frequently in lower Michigan, the East and in Canada. A week ago he gave Johnny Mitchell the K. O. in four rounds at Buffalo.

Brady was scheduled to fight Frank Garcia at Michigan City July 4 as a semi-windup of the Greb fight which was cancelled by the State Health Commission's smallpox ban.

In dozens of fights Brady has yet to be knocked to the canvas. His nearest approach to defeat came last year when he fought ten rounds with Dundee at Windsor, Ontario. Dundee's referee gave the champion the decision but it is understood that Dundee still lists the fight as undecided.

Brady is making his present home in Detroit. Mrs. Brady accompanied him to the Sault.

New York, July 10.—Stock prices turned reactionary today but not until after a sensational bullish demonstration had been staged in the public utility shares, 21 of which established new peak prices for the year.

Net losses in the standard industrial pressures ranged from one to three points.

Politics and Prices. While the market letters of most commission houses expressed satisfaction with the Democratic national ticket, many observers agreed that it was without apparent effect in the day's price movements.

Publication of the United States Steel Corporation's unfilled tonnage figures for June showed a decrease of 365,584 tons, somewhat smaller than expected.

This inspired a short lived movement in the steel shares and other standard industrial shares. U. S. Steel common which had reached a new peak on the current movement, at 101 1/2, in the early trading eventually fell back to 99 1/2 for a net loss of one point.

Crude Oil Cuts. Further cuts in crude oil, and gasoline prices were overshadowed by a sharp decline in crude production for the week ending July 6 and a substantial increase in gasoline consumption, but most of the oil shares reacted in sympathy with the general list.

Losses of a point or more also were quite common in the rails. Call money again ruled at 2 per cent; time money and commercial paper markets were dull with no change in rates.

Foreign exchange reflected improved slightly in reflection of the more hopeful feeling regarding a reparations settlement. Demand sterling advanced 1/2 of a cent to \$4.34 1/2 and French francs ruled about five points higher at 5.10 cents.

FINLAND WINS DISTANCE RUN

Yanks Superior In Pole Vault And Hammer Throw.

(By The Associated Press.)

Olympic Stadium, Colombia, France, July 10.—Within two hours this afternoon Paavo Nurmi, Finland's great distance runner, raced to spectacular victories in the 1500 and 5,000-meter events, breaking the Olympic records at both distances and winning an Olympic triumph such as no individual has ever achieved before.

Nurmi captured the 1500-meter run against a fine field in three minutes, 53 3/5 seconds, chipping off 3 1/5 seconds from the old record but falling by 2 1/2 of a second to equal his own world record. He won the five thousand meter race from his fellow countryman, Wilho Ritola, in 14:31 1/5 seconds, beating both the Olympic and the world record by several seconds.

But even this super-triumph of Finland's greatest ace could not check the onward march of the United States for the Americans demonstrated vast superiority in the pole vault and hammer throw, the remaining finals of the fifth day of the Olympic competition and lengthened their mounting lead over the rival Scandinavian nation in the duel for international athletic supremacy.

The glory which went in double measure to Nurmi was also shared for the day by two young Americans, Fred Tontel, Boston A. C., who captured the hammer throw by a decisive margin from his countryman, Matt J. McGrath, New York A. C. veteran of four Olympics, and Leo Barnes, the 17-year-old California high school boy, who won the pole vault laurels in the jump-off with his coast rival, Glenn Graham, after they had tied for first place at a height, 3.95 meters (12 feet 11 1/2 inches) which equaled the Olympic record.

Another Hero. These feats sent Finland's emblem and the Stars and Stripes exclusively up the victory pole for the day. But another hero sprang for the day in Joseph Imbach, unsung and unheard-of Swiss whirlwind, who won his heat in the second trials of the 400-meter run in the world record time of 48 seconds, a performance which came with startling suddenness.

A crowd of nearly 25,000, the largest since the opening day, assembled in the expectation of witnessing the greatest of struggles for honors in the epic Olympic battle and they were not disappointed. They saw and paid deafening tribute to, probably the greatest single day's athletic achievement in memory, when Nurmi swept over the line, winner, in his second one

TENSE CLIMAX IN GOLF PLAY

Mrs. Stewart Hanley Defeats Mrs. Phillip Sheridan.

(By The Associated Press.) Detroit, July 10.—If the climax in the women's state golf championship match tomorrow at Oakland Hills is half as spectacular as was the semi-final match today, in which Mrs. Stewart Hanley, Oakland Hills, won from Mrs. Phillip Sheridan, runner-up last year for the title, the large gallery expected will receive a real golf thrill.

Mrs. Hanley has never worn the laurels of state champion, but when she rolled her ball into the cup on the eighteenth green today, handicapped by a stymlie, to win the match, one up, from Mrs. Sheridan, that momentary silence which hovers at a crisis proclaimed her worthy of a title chance.

Defending Champ Loses. Miss Elsie Hilding, defending champion, lost her match to Mrs. Sidney Small, two up. One up at the fourteenth tee, Mrs. Small held her opponent even until the home hole, which the former won to clinch the match. Only 94 strokes were necessary for Mrs. Small to round the course, while the dethroned title holder was forced to take 101.

The surprises brought about by the fallen champion's failure to play and the defeat of a seasoned player who has held the crown several times were due to the excellent form of the winners. Both had scores of 94 and their match play was enviable.

Mrs. Booth, President. At the annual women golfers meeting in the afternoon, Mrs. Charles Booth was unanimously re-elected president, results of this year's activities were read and lauded.

This has been the most successful year in the history. More were entered than ever before and 22 clubs in the state have affiliated with the district organization.

May Turn On Lights By Saturday Night

There is a possibility that the new boulevard lighting system on North Stephenson ave., will be in operation Saturday night. City Manager Fred R. Harris said yesterday. If weather conditions are favorable, and the crews installing the lights meet with no unexpected setbacks, Saturday night probably will be the date for starting the service. Failure to complete the job by Saturday will not mean a delay, longer than next Monday, Mr. Harris promised.

Boston Store Finds Advertising Drive Brings Big Returns

One of the most intensive advertising campaigns ever conducted by a local retail establishment, is getting big returns at the Boston Store, the management said last night during a discussion of the institution's anniversary sale. A four-page advertisement in the Daily Press was supplemented and followed up by thousands of large hand bills and posters with which the country for miles around was saturated. The tremendous crowds and the record-breaking sales at the store have been proof of the campaign's effectiveness.

How it Works.

The bonus is given in the form of a 20-year insurance policy, the full amount of the policy being paid to the veteran at the end of 20 years, or in case of his death the full amount of the policy will be paid to the beneficiary at once. No physical examination is necessary in order to get the bonus. The amount of each bonus is determined by the length of service. For each day of service in this country, one dollar will be paid; for each day of service overseas, \$1.25 will be paid. Of the total amount, \$60 is deducted, this being the amount of the bonus paid at the time of discharge. The distribution of the bonus will not begin until March 1, 1925, and all applications must be filed before January 1, 1925, although it is hoped by the government that applications will be filed as soon as possible in order that the authorities can determine more accurately the amount of funds needed.

LaFollette's Party Workers Meet Saturday

(By The Associated Press.)

Washington, July 10.—As a preliminary to the completion of a national ticket supporting the presidential candidacy of Senator LaFollette, of Wisconsin, executive committee members of the conference for progressive political action were summoned today to meet here Saturday. William H. Johnston, president of the International Association of Machinists, and temporary chairman of the convention at Cleveland which endorsed Senator LaFollette's candidacy, issued the call.

By action of the convention the selection of a vice presidential candidate was left to committee action, after conference with Senator LaFollette and representatives of other groups interested in his candidacy, to be taken up in Washington July 15. The preliminary session called today is expected to make arrangements and to canvass the situation.

No spokesman for Senator LaFollette is said to have had as yet any indication of a certain choice for the second place convention left vacant.

Only one drift of sentiment has been marked in the discussions thus far, persons interested in the movement apparently considering that Senator LaFollette's status as a Republican member of the senate should require the naming of a vice presidential candidate who has been identified with the Democratic party.

Senator LaFollette himself has withheld all public statement on the subject of the campaign.

WE KNOW a man from Iowa. He is handsome. He is amiable. He is cultured. He is politically wise. He is 'Eye-wuh' instead of 'Eye-way'. And he hasn't said a thing in our presence about the tallness of the tall corn. He had a sort of suspicion that Edwin T. Meredith would be the choice of the Democratic party for the presidency. The action was built, we surmise, on the shifting sands of friendship. Instead of the hard rock of his undoubted prophetic vision. But every time he mentioned the name of Mr. Meredith, some body in the crowd, without enthusiasm, 'Who is that hotel bill is Meredith?' And what can even a man from 'Eye-wuh' reply to that kind of question?

Mr. Meredith is the man who sold the department of agriculture to the people. He sold it to us. We were persuaded during the reading of one of his speeches to write to the department asking that we be sent, post haste and forthwith, a copy of a bulletin telling 'How to Raise Wild Ferns in the House.' The bulletin came in due time. It was a well-written, well-printed and exceedingly interesting monograph, prepared by an expert. The only thing we didn't like about it was that the only information it contained was how to protect the rice crop from the Chinese moth. We regard rice as a companion of human food. We have never seen a moth in a laundry. So we carefully placed the booklet in the Meadick's archives and went over to the Window club where we learned more about transplanting ferns in five minutes than Edwin T. Meredith ever dreamed of. The moral is: Why send to Washington for information about anything when the Window club is clubbing?

IT IS ONLY fair to Mr. Meredith, however, to add that the Window club experts told us that we would be unsuccessful in our attempt to transplant the particular variety of wild fern we had in mind. In our bright lexicon there can be no such word as 'can't'. We transplanted the ferns. They grew, and thrived, and flourished and bore the kind. And when we reported the facts to the Window club, we were given a devastating look which translated meant 'Poor boy, I knew him when, etc.' and we were asked courteously but with a touch of insinuation whether we desired to purchase anything. And so we say without a quibble—whatever a quibble is—that the Window club has just as high a quality of misinformation about ferns as the department of agriculture, and one doesn't have to spend any postage to acquire it.

YOUR TOWN AND YOU. How thoroughly do you believe in your town? How real is your enthusiasm for the work that must solve her problems? How genuine your faith in her future? A town is very like a man. It has hands and feet—feet to move with, hands to work with. It has veins and arteries—its streets and railways—through which its life blood circulates. It has nerves, which center in telephone exchange and telegraph offices. Its strength of bone and sinew is in its banks, its manufacturing and its mercantile establishments. And it grows, just as does the body. It has a brain, for a city must think. And it has, for it must have a spirit.

What is the spirit of your town? How truly are you a part of that spirit? The answer to such questions is not found in any psychological analysis, but solely in what you are doing.

Every man is part and parcel of the body of his town. That body needs him. It gives him a great deal, and he is expected to give it something in return, and the measure of the unselfishness with which he and his fellow citizens give the whole-heartedness, the genuineness of the spirit of the giving is the thing that determines the spirit of the town.

A writer of holy writ reminds us in striking language that no part of the human body can detach its independence of the other parts. The hand can hardly say that because it is not the foot 'It is not of the body.'

And the merchant cannot say that because he is not the banker he is not of the body of the town, nor can the manufacturer say that because he is not the doctor, the lawyer or the public official, he is not of the same body.

The truth is that all men who live in a town are inter-dependent. No one of them could live in the town—no one of them would be willing to live in it—if there were no others to keep him company, buy of him, sell to him, help him and be helped by him. He would have incentive neither to work nor to plan.

And, speaking of work, it matters not whether a man sells his labor to another or buys it from another—whether he works for another or has that other work for him—they work together.

And the beneficiary of their working together is society—their town or city, their state, their country, the whole world.

Do you believe in your town? Do you look ahead to a time when your town will be bigger, wealthier, more progressive, better equipped to serve its own people and its neighbors? Do you see, through your mind's eye, the town you'd like your town to be?

What are you doing to help make your town just that—that what you want it to be? Your town will be just what its people make it, and it is no more the duty of your fellow townsman to make it what it may be than it is yours. It is the duty of you. It is a collective duty.

Don't forget that you are a part of the body of your town. You are one member, and the other members are just as dependent on you as you are on them. You are all inter-dependent.

Show that faith in it by what you do for it. For, to use the language of holy writ again, 'faith without works is dead.'

A THUNDERING MAJORITY.

The Republican convention adopted a platform by a vote of about 1950 to 40. Anyone who will bolt that sort of a convention platform would have a hard time answering the question what he would expect the minority to do if he had been one of the 1950. If majorities are ever to rule, surely a majority as big as that ought to have a right to expect acquiescence in its decision. If a man refuses to abide by a majority such as that in the convention, upon what line of reasoning does he feel himself bound to abide by the result of

Dora was gone at last. As the train drew out of the station Alan said: 'Let's make a day of it. I have to go back to the office for an hour or two, then I'll meet you anywhere you say. In the meantime you get tickets for some show, and we'll have dinner in some gay place, anywhere you like.' The evening passed delightfully, and as they took the train for home Lois looked at the handsome man sitting beside her and wondered how she had been so stupid, why she hadn't realized he was growing away from her—why she had not been wise enough to know she must be his companion or he would find someone who would? Now that Dora was gone would come the real test. He was pleased with her, she knew, but that wasn't enough. She would be patient, as Dora had advised, but the general election? A man who does not expect to abide by the result of a convention, if honestly conducted, ought not to go to the convention at all. No one denies that the Cleveland convention was honestly conducted. Mr. Coolidge had been endorsed at the primaries by an overwhelming majority, and the platform is merely a rehearsal of his message to Congress last December. The platform, like the candidate, therefore, had the endorsement of the Republicans of the country. 'Bolting the platform' would, therefore, be nothing less than repudiating a vote of the members of the party in direct primaries.

Alan was more talkative when they were alone and told her something of his affairs. But he still admired Ellen Shannon, and seemed to, more than Lois liked—and more than the gossip seemed proper, although they could not be as outspoken now that Lois often made a third with them. And, her wits sharpened, Lois thought she detected a determination on Ellen Shannon's part not to give up the hold she had on Alan—a strange, almost incomprehensible thing to Lois. What could Ellen Shannon, a married woman, think would come of it? Lois knew Robert Shannon was indifferent and would probably divorce Ellen should she wish it, but even so, Alan—could it be possible Ellen thought he, too, might get a divorce and marry her? It was the bits of gossip, overheard by Lois, that gave her thought this turn. She set her lips tight. Alan was hers. They had struggled, worked, and won together. No Ellen Shannon or any other woman should take him from her! Obstinate, but very quietly, she kept to the line Dora had laid out for her. She was right. A rich man's wife owed him the same duty that a poor man's wife did—to work and play with him, to be a helpful companion,

JAMES C. WOOD IS CANDIDATE

Manistique Man Enters Race For Congress In 11th.

Former State Senator James C. Wood of Manistique yesterday announced his candidacy for the Republican nomination as Representative in Congress for the 11th district, the following statement accompanying his announcement:

"After canvassing the situation and receiving much encouragement from all portions of the district, Mr. Wood has decided to enter the race for the nomination at the September primary.

"The three terms as a recognized leader in the Michigan Senate have brought to him a legislative experience which should qualify him for the position of Congressman.

"He is a Republican and has always been a consistent fighter for Republican principles. He stands for economy in government, reduction of the burden of taxation, favors legislation for internal improvements, the establishment of deep waterways, conservation of natural resources, relief for agricultural interests without delay or partisan benefit, and for fair treatment of labor in matters of legislation. He accepts the platform of the Republican party as adopted by the National Convention.

"He believes in party responsibility and responsiveness to the needs of the people, and will support and uphold the policies of a Republican administration when beneficial to our people.

"He believes that representative service in the interests of the people should not be sacrificed to political expediency and that personal welfare should not govern the actions of a representative of the people.

"He asks fair consideration of his candidacy, his qualifications, and his ability to represent the district, pledging his best efforts in the interests of all the people of his district.

"He asks the support, assistance and vote of all who are in sympathy with a conscientious desire to perform an important duty as a representative of a people in the interests of all."

Bells Hawaiians Are Well Received

Bell's Hawaiians were given an enthusiastic reception by Manistique people at the Grand Theater Wednesday evening. This entertainment was the first show other than movies that has been seen at the local theater since 1916, though the show house has a remarkably well-equipped stage and can accommodate large companies. The success of Wednesday evening's performance indicates that the management will book other attractions of similar calibre in the future.

Tonight's attraction at the Grand is a production of Zane Grey's famous book, "The Lone Star Ranger," with Tom Mix.

The noted author's work has been thru more than seventeen editions and from the demand that still exists it is likely that it will pass through many more before it is finally shelved.

The book has been translated into many foreign languages and found fertile soil in the readers of these countries.

Western Union Manager Wedded

Matrimony annexed another victim at Manistique on Wednesday evening at 8 o'clock, when Warren W. Nightingale, manager of the local Western Union Station, was united in marriage to Miss Adele Jones of Manistique. The ceremony was performed by Rev. R. S. Sidebottom at the Presbyterian manse. The couple was attended by Miss Lucilla Tyrell and Lawrence Gorsche. Mr. and Mrs. Nightingale are making their home at the Wilson residence on Cedar street.

CITY BRIEFS

Mr. and Mrs. J. W. Reed and home of Dr. S. H. Rutledge in son of Chicago are guests at the Manistique. Mrs. Reed is a sister of Mrs. Rutledge.

Mr. and Mrs. Herbert Peterson have returned from a honeymoon trip to Minneapolis and Duluth. Walter Willoughby of the Northwestern Leather Co., returned to his home at the Sault Thursday, after a short business visit at Manistique.

Miss Myrtle Brunet of Manistique has returned from Gladstone, where she has been the guest of relatives and friends for the past few days.

Shower baths have been installed at the Park Hotel by Proprietor John Hallen, as an added convenience for the "over-increasing tourist trade."

Berger Neesman has returned to his work at Rockford, Illinois, after a vacation spent at Manistique, his former home.

Mr. and Mrs. C. W. Adkins and family returned Wednesday from Milwaukee, where they joined other members of their family for a week's visit. While there they were guests at the home of a daughter, Mrs. George Young. Gillette Adkins and Miss Ruth Adkins are also employed at Milwaukee, the former in one of the municipal departments. Dorothy, the daughter of Mr. and Mrs. Young, accompanied the Adkins family on their return to Manistique.

SON OF DOCTOR O'NEIL DIES AT IRON MOUNTAIN

Friends of Dr. and Mrs. J. W. O'Neill of Iron Mountain, formerly of Manistique, were shocked to learn of the death of their youngest son, Franklin, age 3, who passed away suddenly at Iron Mountain on Monday, after an illness of only 24 hours. Scores of Manistique people remember the chubby little youngster who only a few weeks ago played about in this city with his brother "Jimmie," and their sympathy goes out to Mr. and Mrs. O'Neill in their sorrow.

According to the meagre report received here, the little lad had played outdoors on Sunday as usual, with no symptoms of any sickness. At six o'clock that evening he became suddenly ill, and died the next day.

The oldest son, Jimmie, has been ill with scarlet fever for the past three weeks, and was not considered entirely out of danger at the time the report was received.

Gets Diploma In Electrics At The Age of Fifty-One

Studying in his spare time while in the employ of the Manistique city waterworks department, George Himmelsberger of this city has accomplished the unusual feat of winning a diploma in electrical engineering at the age of 51 years.

Having considerable leisure time at his disposal while on and off duty at the local pumping station, Mr. Himmelsberger conceived the idea of utilizing this spare time for his profit, and started a course with the Chicago Engineering Works. Recently he completed his 62nd and last lesson.

The 51-year-old student's success in his endeavor is indicated in a letter just received by him from L. L. Cooke, chief engineer of the Chicago school. Mr. Himmelsberger is warmly commended for his fine work, and is designated as one of the star students in the school.

Williams Wizards Coming July 17th

J. Williams' Musical Wizards will make their second appearance at Manistique on July 17, when they will provide the music for a dance in the K. C. Hall.

The local K. C.'s sought to secure this orchestra for Manistique's Fourth of July Dance, but the musicians had previously been engaged by the Marquette Legion, so the club arranged to have them here at a later date.

The seniors of Manistique high school were the first to engage the Wizards in this section of the peninsula, at their Senior prom ball.

A vaudeville act and singing is also a part of the orchestra repertoire.

Marquette Firm Buys Out Stock Of "Lion Store"

Trucks transported the entire stock of the Lion Store on Deer street to Marquette yesterday.

The goods were purchased by the C. Barnston company of that place from D. Wendroff, proprietor of the local store, who is selling out preparatory to moving from the city. The goods were hauled to Marquette by the Flanagan Bros. trucking service.

After disposing of his household goods in Manistique, Mr. Wendroff plans to move with his wife and son to Dayton, O., where he expects to engage in the women's ready-to-wear business.

STOUT PERSONS Institute to Fall Feeding after Relief and Hygiene approved by CHAMBERLAIN'S TABLETS

Gladstone's five piece orchestra has been engaged to furnish the music for the dance at Larson's Hall in Rock tomorrow evening. Many of the younger set from this city plan on attending the event.

It is estimated that high water this spring washed away several thousand stiles.

TWO VACANCIES TO BE FILLED

Manistique School Election To Be Held Next Monday

The usual lack of interest is evident as the time approaches for the annual Manistique school election, which is to be held next Monday, July 14.

Wednesday was the last day for the filing of petitions from candidates to fill the two vacancies on the board of trustees. The members whose three-year terms expire this year are C. G. Ekstrom and W. L. Middlebrook. Mr. Ekstrom's petition was the only one filed on Wednesday, though Mr. Middlebrook stated that he would be a candidate for re-election, and his failure to file a petition had been due to an oversight on his part.

Rumors of a third candidate to oppose either Mr. Ekstrom or Mr. Middlebrook failed to develop up to the time for filing petitions, and if any such candidate is produced it will be by the nominating petitions. These petitions were to carry 25 names.

The election set for Monday will be held in the high school building, the polls opening at 9 a. m., and closing at 8 p. m., according to the announcement of Mrs. Albet Reilly, secretary of the board of education.

Westside Boys Beat Lakeside

Knocking two Lakeside pitchers out of the box, the Westside boys baseball team defeated the Lakeside "pickup" nine 11 to 10 on Tuesday, in a close and interesting battle.

The batteries were Bill Morden and George Marin for Westside; Rick Hayden and McLellan for Lakeside.

The various city teams now stand as follows:

	W.	L.	Pct.
Lakeside	5	1	.833
Oakland Owls	1	1	.500
Lake Street	1	1	.500
Westside	1	2	.333
Central	1	3	.250

SCHOOL ELECTION

The annual election of the Public Schools of the City of Manistique will be held at the high school building Monday, July 14, 1924, at which time two trustees will be elected for a term of three years each.

Polls will be open from 9 o'clock in the morning until 8 o'clock in the evening.

Danielson Returns From Trip Abroad

Fridolf Danielson, daughter Elva, and son, Gus, returned this week from a three-months' trip abroad, during which they visited with relatives in Sweden.

Various points of interest in the foreign countries were visited by the Manistique people, who report a pleasant and profitable trip.

FORESTERS IN REGULAR MEET WED. EVENING

Gladstone's branch of the Women's Catholic Order of Foresters conducted a regular meeting at the Parish Hall Wednesday evening, at which there was a good attendance.

The meeting was an event that proved to be very enjoyable and much appreciated by the large gathering. During the summer months, as has been the custom in the past, there will be only one meeting each month in July and August, and these will occur on the second Wednesday of the month. The Society meets regularly twice a month during the year.

MANY ATTEND F. R. A. MEET LAST NIGHT

Members of the Fraternal Reserve Association of this city held a meeting at Wassa hall last evening, and a good sized attendance was reported. After a brief business session a pot luck lunch was served.

It was the original plan of the officials to enjoy a little outing at the Van Cleve Tourist Park, preparatory to the regular meeting, but due to the dampened condition of surroundings resulting from the drizzles of the past few days, it was found necessary to dispense with this feature, and hold the business meeting at Wassa hall without resorting to additional festivity.

Madames Webster and Marble will be hostesses to the members of the Women's Foreign Missionary Society of the Methodist Church this afternoon at 3 o'clock. All members of the organization are urged to be in attendance.

Gladstone's five piece orchestra has been engaged to furnish the music for the dance at Larson's Hall in Rock tomorrow evening. Many of the younger set from this city plan on attending the event.

It is estimated that high water this spring washed away several thousand stiles.

WILL DISCUSS ROAD MATTERS WITH ROGERS

July 15 has been designated by State Highway Commissioner F. F. Rogers as the time when he will be at liberty to receive representatives of the city of Manistique for a conference relative to the proposed re-routing of Highway M-12 east of this city.

The city council recently named the mayor, Harry Eriksen, and E. N. Cookson, as representatives of this city to go on the mission to Lansing, and a wire was sent to Commissioner Rogers to fix a convenient date for the conference.

In a letter received by the city clerk this week Mr. Rogers states that he will be at the disposal of the local delegation next Tuesday afternoon, following a forenoon meeting of the administrative board.

PERSONALS

Mrs. Christine Belongie and son Albert, Mike Belongie of Wabeno, Wis., Louis Belongie and daughter, Mrs. Lucy Duchaine of Sagola, have returned to their homes after a short stay here with relatives. On their return, they were accompanied by Mr. and Mrs. J. Belongie, and children, Lee and Esther, and Mrs. Aurelia McNellis and son, Ralph, who will visit with them indefinitely.

We wish to make a correction relative to a mistake that crept in the account of the Lindblad festivities Monday evening. The article should have read that Mr. Lindblad was a member of the Swedish Mission church, and not of the Swedish Baptist church as the account narrated.

The Misses Ruth and Stella Weingartner left the city yesterday for the Soo, where they will visit with relatives.

Mr. Holridge of the T. Mikle-John Company of Fond du Lac, Wisconsin, was a business caller in Gladstone Wednesday.

Born to Mr. and Mrs. B. Young of Delta, a baby boy on July 6, and to Mr. and Mrs. Marion Azle, Michigan Ave., also a boy.

Mrs. Raymond Mailhot of St. Ignace is visiting at the home of Mr. and Mrs. Carl Olson.

Mrs. N. McGraw of St. Ignace is the guest of relatives in the city this week.

Mrs. Katherine Call is visiting relatives in Peshtigo and Sturgeon Bay.

Mr. and Mrs. J. J. Miller of Ironwood have returned to their homes after a short and pleasant stay here with Matt Miller.

GLADSTONE IS PRIMED FOR ESKY BATTLE

Determined to stop Gladstone's rushing ascent to U. P. baseball honors, Escanaba's insurgent representatives on the diamond, will invade the local ball park tomorrow, bent on wiping out, incidentally, the defeat sustained at the hands of the Gervais crew on July 3.

Lefty's crew are entering the tussle tomorrow, all perked up in virtue of their continued string of wins, and are out to maintain the pace, thereby retaining their commanding position in the Association race.

Millard, on whom Gladstone fans pin their hopes of a pennant winning aggregation this season, is in first class condition for the argument, and is eager to fling his slants at the neighboring rivals. There is plenty of reserve strength, too, in the other Ohioan flinger, Borman, by name, who makes twirling a specialty. White and Bovin are both ready to answer summons for the back-stopping labors.

For the Esky tribe, Petka and Devers, will essay to deliver their charms. Koenigke and Perrow are two catchers who give the hurlers plenty of support. Otherwise the personnel of both teams, it is understood will remain intact.

When the two clubs wheel into action tomorrow, it is expected that a banner crowd will be on hand for the ceremonies. Intense rivalry is apparent as arguments dating way back, will be thrashed out on the field in the afternoon matinee.

According to Manager Mettle, Gladstone has signed articles for two more engagements with Manistique, one to be played there on Aug. 6, and the other to be played in this city on August 16. Both games promise to be heated arguments, inasmuch as Manistique has greatly improved its team under the new management of Fred M. Walker.

Mix Building Now Undergoing Repairs

Extensive exterior improvements are being made this week to the W. J. Mix building on Delta Avenue by Contractor Henry Roesch of this city.

The building, which is being leased by B. Mix, who conducts a grocery there, will, when completed, add considerably to the general improvement of immediate surroundings. A modern front is being installed, the use of the plate glass, being constructed of brick masonry. The work will be completed probably within a week or ten days.

It is estimated that high water this spring washed away several thousand stiles.

POLICE BATTLE WITH INMATE OF STATE HOSPITAL

Quite a stir was created in the vicinity of the Soo Line depot early yesterday morning, when members of the police department engaged in a battle of wits with James Julian, age 30, an escaped inmate of the Eastern Kentucky State Hospital in Lexington. It required several shots from the guns of the police officials to frighten the fugitive into submission.

Julian, who gave his home address as Newport, Ky., was sought by the Gladstone police, upon the complaint of a local woman, who maintained that she had been insulted by the approaches of the Kentuckian, and that his indecent remarks compelled her to seek protection from the officials. In her telephone message, she gave a description of the stranger, and members of the department started off in immediate pursuit.

The man was nowhere to be found in the city limits, and the search was then extended to West Gladstone. He was found sitting at the foot of the West Hill and upon the approach of the officers, inquired as to the nature of their mission. When informed, he feigned an entrance into the waiting car, and as he was about to make his ingress, closed the door with violence, and then made a hasty exit towards the vicinity of the railroad yards.

The police officials started in pursuit, but the oncoming of a freight haul, precluded further efforts in the chase. The stranger crawled between the passing freight cars, and as he did this, two shots were fired to attract the attention of men employed in the yards. Chase was thereupon given by these men, and Julian was apprehended a few minutes later in the post yards of McGillis & Gibbs.

He was brought to the city lockup and later remanded to the home of the woman he had insulted. Upon identification, he was returned to the city jail, and the county sheriff notified. Julian was brought to the county jail in Escanaba by Under Sheriff Swanson, where he will be held pending word from the Kentucky institution.

When questioned at the local jail, Julian confessed that he had been improper in his remarks, and that he was subject to periodic spells of insanity. Prior to his commitment at the Kentucky institute, he stated that while employed in a Southern steel plant, he had suffered mental derangement, when hit on the head by a piece of steel.

Julian was dressed in a suit of overalls and wore a light grey cap; when approached by the police officials, he had removed the cap, thus making the description rendered by the woman, a little more difficult. When asked concerning his delay at that point, he insisted that he was waiting for a comrade, and that he would proceed to points farther north upon his arrival.

Gladstone Radios On Demo. Convention

"Did you tune in for the word war at Madison Square Garden last night?" Such has been the query among local owners of radio devices for the past three weeks. And as the demonstration convention swayed in its endeavor to nominate a candidate, its conciliatory overtures to the early morning crowd were met by listening in on the radio, and eagerly awaiting a settlement of the nomination.

The 99th ballot was taken the hundredth, and so on, and as the delegates higgled and haggle over a settlement, many local people could be seen clanking among themselves the ability of commanding candidates.

And now with the cessation of the convention, the ear muffs are being hung up, only to be taken down again, when KYW broadcasts some exceptionally good music.

L. P. Boyer has returned to his home in Milwaukee after a short visit in this city. His wife and family will continue to remain here as the guests of Mr. and Mrs. P. Cardin.

Lloyd Beeghly, Roadman for the Ford Motor company, was an official caller at the H. Norton agency Wednesday.

Mr. A. Williamson and daughter, Dorothy left the city last evening for Milwaukee, where they will visit for several weeks with relatives.

EXPECT MUCH INTEREST AT ELECTION MON.

Gladstone's Board of Education will hold its annual meeting next Monday evening, and indications point to a very interesting and important meeting. The terms of office of two members of the board expire at this time, namely those of Doctor Mitchell and James T. Jones. Both men, however, have signified their intentions of being candidates for re-election, subject to the wishes of the electors.

Opposed to the foregoing candidates, there will be two young men, who have heretofore not sought public office, the names of H. J. Skogquist and W. A. Swenson appearing as candidates for election as members of the board. Whether other local residents will appear in the field has not yet been declared, but according to the school law, any qualified voter in the district whose name appears upon the assessment roll at the time of such election, and who is the owner in his own right of the property so assessed, shall be eligible for election.

In electing school officials, a qualified voter is a citizen of the U. S., at the age of 21 years, male or female, or who is the parent or guardian of a child of school age, and who has resided in the district for a period of three months. On the question of voting school taxes, every citizen

of the U. S., at the age of 21 years, male or female, who owns property which is assessed for taxes, and who has resided in the district for three months, shall be a qualified voter.

At this meeting, the board will submit a statement showing the expenditures for the past year, and will also offer a budget for spreading on the tax roll for the present year. The amount requested thru taxation this year is considerably under the amount spread on the roll last year, and shows that the Board has lived up to its promise that there would be a substantial reduction in school taxes this year.

To cover loans incurred by new buildings and equipment, and in order to wipe out a deficit, which had been growing through their former inability to assess sufficient taxes for running expenses, the board offers a budget at the last annual meeting of \$119,448.88, and this was accepted by the voters present. The budget proposed by the board this year totals \$84,525.00, a decrease of \$34,923.88. A member of the board stated that this would have been nearer \$40,000, but it was thought advisable to cancel an additional \$4,500, indebtedness, and thus save considerable interest during the past few months. This reduces the school tax rate from \$56 per thousand to approximately \$40 per thousand, a reduction of nearly 30 per cent.

The board of education has passed thru several strenuous years, and the members are greatly pleased that such a substantial reduction can be made at this time, and this fact also will be greatly appreciated by local tax payers. The growth of the local schools has impressed its importance upon the voters, and a large number, therefore, will undoubtedly attend the meeting at 7:30 o'clock next Monday evening, and participate in the election.

Mr. and Mrs. Dalore Bunno and son, Ewald have returned to the city from a trip to various places in Canada, where they visited with relatives.

from tomorrow night. During the present period subscriptions count many votes more than they will during the final periods of the campaign, so the wise candidate will get in every possible subscription and take advantage of this big, liberal vote advancement. And at the same time the 100,000 Extra Vote Offer for each and every "club" of \$25 turned in will help you in winning. Remember, there is no limit to the number of clubs that a candidate can turn in. If you turn in \$50 during the present period, you get 200,000 extra votes; if you turn in \$75 you get 300,000 extra votes, and so on. Get in every subscription possible and pile up a big reserve in extra votes. Two Big Days.

Two big dates now stand on the horizon in the Press campaign. There is Saturday, July 12th, the closing day of the "Second Vote Period," the biggest and best remaining vote offer to be made. Then comes the other date, Saturday, August 2nd, the end of the campaign, and the day when the great array of prizes will be awarded to the energetic workers in the campaign.

Real results can be achieved in the campaign right now. The present vote offer is positively the biggest and best that remains. Throw your whole force into the campaign and make doubly sure of winning the prize of your choice.

Many Changes in Line-Up. The changes in today's list are many. Some of those candidates who have been pretty well down in the list are today near the top. It is truly anybody's race up to this time, and the candidate that does the "real work" from now until the close will no doubt be the big winners.

Today's Honor Roll. The place of honor for today goes to Jack Greis, of District No. 1, and to Charles Duranceau of District No. 2, these candidates having turned in the greatest amount of subscription collections up to 4 p. m. yesterday.

The Erring Wife And Mother is the woman who sacrifices her health and consequent happiness to her ambition. We all know such women,—anxious that their homes shall be kept immaculate, neat and attractive and their children well dressed they overdo and soon bring on some feminine ailment which is evidenced by nervousness, irritability, headaches, backache and other aches and pains attending such ills. Every woman should remember that the most successful remedy for such conditions is Lydia E. Pinkham's Vegetable Compound which for fifty years has been restoring women to health, strength and happiness. Adv.

READ THIS! IMPORTANT!

The attention of all club members is again called to the importance of EXTENSION SUBSCRIPTIONS. This means an extension of any subscription you secured earlier in the campaign. The importance of these EXTENSIONS cannot be stated too plainly and every candidate is strongly urged to get in every EXTENSION POSSIBLE these last few days of the exciting race—just ONE subscription now is liable to turn the tide and register the difference between a wonderful motor car or a smaller prize.

EXTENSIONS COUNT BIG NOW and in putting them on your report sheets be sure to mark plainly "2nd payment" also stating for how long the first subscription was paid for and when it was turned in, 1st or 2nd period. A subscription given on the 1st period will earn first period votes on an extension. The same applies on those given on the 2nd period. A subscription given on the 1st period will earn first period votes on an extension. The same applies on those given on the 2nd period. A subscription given during the first period and extended now for another year would give you 18,000 votes—making the full 30,000 given on a subscription for 2 years.

A subscription given during the first period for one year and now extended for 2 years more, making a 3-year subscription in all, would earn 48,000 votes, plus the "Club" Votes.

But—Be Sure to mark these subscriptions 2nd payment—extension from 1 to 2 years—or whatever the extension may be for. These will then be looked up on the original report and when found correct, the extension votes will be allowed. Fill out the votes on your report sheet and run up the total yourself.

Explain this feature to your friends who have given you a subscription before—explain the tremendous voting power of EXTENSIONS to them and have them extend their subscriptions for at least another year or two. Work EXTENSIONS strongly—it will pay you handsome dividends.

Second Vote Period From July 7th to July 19th. Table with columns: Term, Carrier, Mail, Votes. 6 Months: \$3.50, \$2.50, 4,000. 1 Year: 7.00, 5.00, 10,000. 2 Years: 14.00, 10.00, 25,000. 3 years: 21.00, 15.00, 50,000. 4 Years: 28.00, 20.00, 100,000. 5 Years: 35.00, 20.00, 175,000.

NEW SUBSCRIPTIONS Count 25,000 Extra Votes For Each Year in Addition to the Above Regular Votes. NEW SUBSCRIPTIONS WILL HELP YOU WIN.

FARMERS PLAN FOR ROUNDUP

Delta County To Be Well Represented At Chatham.

Delta county will have its usual large representation at the annual Upper Peninsula Farmers' roundup at Chatham, August 9. County Agent J. E. Turner, said yesterday.

NEW SHAPE FOR BAGS. The newest bags are cylindrical in shape and finished with a long tassel. Sometimes brilliant or colored stones are introduced.

PANELS CHANGE SHAPE. It is remarkable to see the slender lines that may be achieved for stout figures by the ingenious use of drapes and panels.

STATE OF MICHIGAN. In Chancery. ANNA MARIE LOFGREN, Plaintiff, vs. CONRAD A. LOFGREN, Defendant.

And it is further ordered, that within twenty (20) days after the date hereof, the said plaintiff cause a notice of this order to be published in the Escanaba Daily Press, a newspaper printed, published and circulated in the county of Delta, and that said publication be continued once in each week for six (6) successive weeks, or that he cause a copy of this order to be served personally on said defendant, within at least twenty (20) days from the date of this order, and that he cause a copy of this order to be served personally on said defendant, at his last known place of residence, by registered mail, and a return receipt demanded, within at least twenty (20) days from the date of this order.

SOCIAL

Lawn Social. The Epworth League of the Swedish Methodist church will give a lawn social this evening on the church lawn to which the public is cordially invited. Ice cream, cake and coffee will be served.

Gildrud-Arntzen Nuptials. Among the pretty mid-summer weddings which took place recently is the wedding of Miss Esther Gildrud and Arvid Arntzen which was solemnized Wednesday afternoon at three o'clock at the home of Mr. and Mrs. A. M. Arntzen, 1018 Sixth Ave. So., parents of the bridegroom.

The bride was charmingly attired in a pearl gray canton crepe dress with shoes and other accessories of corresponding color; her hair was a bandeau of silver with pearls. She carried a shower bouquet of Ophelia roses and sweet peas in the pastel shades. The bridegroom wore a handsome suit of blue and white stripes and a white tie.

Naval Band Pleases. Not since the appearance of the famous Peterson orchestra and entertainers at Terrace Gardens, has the public responded so genuinely with its praise and applause, as during the present engagement of the famous California Naval Band, which is at the Gardens this week and playing to big crowds every night.

HAY FEVER. If you can't "get away," ease the attacks with VICKS VAPORUB. Over 17 Millions Used Yearly.

ent where it was the headline attraction. It came to Escanaba from Appleton where it played a continuous 12-week engagement at the famous Rainbow Gardens. Those facts alone, if it were not for the really splendid reception being given this unusual organization, would be a sufficient guarantee of its wonderful appearance than it does now, both the interior decorations and the exterior landscaping, blending into a most delightfully cool and inviting spot to spend an enjoyable evening.

Sewing Circle Meets. The Priscilla Sewing circle of the Norwegian-Danish Lutheran church will hold its regular meeting tonight at the home of Mrs. Christ Ohmsa, 706 South 13th street. All members are urged to be present.

Luther League Meets. The regular meeting of the Luther League of the Swedish Lutheran church will be held tonight at 8:00 o'clock. At this time reports on the Luther League convention, held at Marinette the early part of the week will be given. All members of the organization are urged to be present.

ORCHID SMART. The orchid is apparently the smart flower of the moment and is introduced with great success with the all-back costume.
