CAMP TRIPPOINT AWAITS SCOUTS

Escanaba Boys Will Gather At Erickson Store At 8 A. M.

Escanaba, Gladstone, Manistique, Masonville, Rapid River and Nahma Boy Scouts will leave Monday morning for Camp Trip Point, near Nahma, to begin their annual camp. The Escanaba boys will meet at 8 o'clock Monday morning at the L. A. Erickson store; the Gladstone boys will meet at 8:30 o'clock at the First National bank there. Transportation will be provided for the long jaunt around the bay. Gordon C. Adams, Delta-Schoolcraft Scout executive, announced last night that everything is in readiness for the boys when they arrive at the camp. Supplies have been delivered, the chef and his assistants are on the job, medical officers have been arranged for and a complete and interesting program of work and play mapped out. Mr. Adams will be camp director. He will be assisted by Ray Shaw.

OBITUARY

DONALD FRANCIS HART.
Funeral services for Donald Francis Hart were held Saturday afternoon at 2:00 o'clock at St. Joseph's church. Rev. Fr. Bertrand Labinski officiated at the services. Burial was in the family lot in St. Joseph's cemetery. Mr. and Mrs. E. Hart, parents of the little one, have the sincere sympathy of a host of friends in their loss.

JOHN EDWARD OLSON.
The body of John Edward Olson, son of Mr. and Mrs. Peter Olson will be removed from the Alto Funeral Home to the family residence, 1199 Ludington St., this afternoon. Funeral services will be held at the home Monday afternoon at 2:30 o'clock. Rev. C. A. Lund, pastor of the Swedish Lutheran church will officiate at the services. Burial will be in the family lot in Lakeview cemetery. Dr. Clarence Olson of Chicago; Mrs. Otto Torell, Bessemer, Mich., sister of Mrs. Olson, arrived Saturday. Mrs. W. J. Dalton and baby and Chester Olson of New York, N. Y., will arrive this morning.

Milburn Bergeon Burned by Battery

Milburn Bergeon, formerly of this city, was painfully injured recently when a battery on which he was working in a Battle Creek garage, exploded. His eyes were burned. He has been under the care of a specialist in Ann Arbor and is able to be about again with the aid of dark glasses, according to word received by his parents, Mr. and Mrs. James Bergeon, 317 Ludington street.

Baker Talks at Arcade Tonight

A. J. Baker, M. A., theological lecturer, will speak tonight at the Arcade hall, choosing as his subject "The Great Creative Plan." The talk will be illustrated. The lecture is free and open to the public, a cordial invitation being extended to all attend. The lecture begins at 8:00 o'clock.

BLUE GIRDLES.
Sapphire blue girdles are used effectively on black gowns, the effect being particularly good if some white is also used.

Meetings Thursday and Saturday evenings also.
Everybody is invited along to all of our services.
Captain O. Jernberg.
Lieut. A. Linder.
Lieut. P. Brustad.
Officers in Charge.

Aged Gladstone Man Makes Application for Naturalization

Wellington Carter, 79, of Gladstone, is perhaps the oldest person ever to file an application in Delta county for American citizenship. Mr. Carter is 79 years of age. He is the father of Charles R. Carter, member of the legislature, and he makes his home with his son in the upbay city. The elder Mr. Carter came to Gladstone from Barrie, Ont., a few months ago. His naturalization declaration was filed at the office of County Clerk George E. Harvey yesterday.

CORRECTION.
The Press, in a recent issue, said that John Pudvin of Garden was being held for a sanity inquiry in connection with the alleged theft of L. R. Messenger's automobile at Rapid River. The name should have been Edward Pudvin, according to a communication received from Garden yesterday.

NOTICE.
I will not be responsible for any bills contracted by any other but myself.
Signed, Peter Brown.
1033-201-31

ST. FRANCIS HOSPITAL.
John F. Cory, who submitted to an operation is improving.
Julius Tanguay, of Rock, was admitted as a medical patient.
Harold Martindale, of Hexton, was admitted suffering from an injury to his foot.
Mrs. James Rivest was admitted for treatment recently.
Mrs. Wm. Mattlich was admitted as a medical patient.
Sell it the Classified Way.

SOCIAL

Luncheon Bridge.
Mrs. J. H. Slater, 223 Ludington street, was hostess to a number of friends whom she entertained at a luncheon-bridge at the Peterson Tea Room Saturday afternoon. The ladies motored to Ford River where an enjoyable afternoon was spent.

Week-end Party.
Miss Louina Andrews is hostess over the week-end at a house party at the summer home of her parents, Mr. and Mrs. Wm. Andrews, at Bark River. The guests include the Misses Elin Nelson, Ellen Peterson, Tekla Carlson and Marvel Starline.

Report Denied.
Relatives of Miss Marie Saunders of this city denied yesterday that her engagement to Alfred A. Henes, of Menominee, had been announced, as stated in the Press yesterday. The news item came to the Press by mail and appears to have been the work of an unkind, untruthful and irresponsible practical joker. The Press begs Miss Saunders' pardon for the embarrassment publication of the item has caused her.

Marriage Licenses.
Marriage licenses were issued at the court house yesterday to George Lefortier and Francis Lafertier, of Perkins; and Edward G. Seymour of Duluth and Louise Parent, of Escanaba.

Nottingham-Rushton.
Announcement was made yesterday of the marriage of Carroll Rushton, son of Attorney and Mrs. H. J. Rushton of this city, to Miss Gertrude Louise Nottingham, daughter of Mr. and Mrs. Otis Nottingham of Evanston, Ill., which took place Tuesday, July 15th at Boston, Massachusetts. Following their wedding trip, the couple will make their home at Munising.

Slips From Ore Car; Badly Hurt

James Powers, 1114 Sixth Ave. So., met with a serious accident Thursday afternoon when he slipped on the end of an ore car at No. 5 dock. He fell between the two cars and became unconscious, having struck his head in the fall. He sustained painful injuries to his head, two fractured ribs and a cracked shoulder bone. He was rushed to St. Francis hospital where he was resting easily yesterday, but it will be some time before he is able to resume his work as switchman for the C. & N. W. Ry.

It seems miraculous that he was not instantly killed as he fell directly under the train of ore cars.

Henry Beauchamp of Chicago, who was visiting his parents, Mr. and Mrs. Regis Beauchamp, of Flat Rock, left last night for his home.

Our Appreciation—

We try to show through the medium of this advertising space; for your patronage during our Third Anniversary Sale just completed yesterday.

We tried honestly to give to you the biggest Birthday present you ever got in the Big Savings or reductions we placed on every article in our big store—That we must have succeeded is demonstrated by the enthusiastic response to our publicity.

It is our desire and our policy that there must not be any dissatisfaction with any purchase you make at The Boston Store. We stand ready at all times to adjust such to your entire satisfaction. It is through the service that we render to you, the public of Escanaba and environs, that we may profit.

So again we say "Thank you" for your valued patronage. It proves to us that we have many friends who have confidence in our ability to serve, and have confidence in the merchandise that we carry for you.

Kelvinator In Thousands of Homes

Kelvinator electric refrigeration, "The ice that never melts", is bringing comfort and satisfaction to thousands of American homes, scores of them right here in our own city.

Kelvinator is an automatic device that fits directly into your own refrigerator.

Kelvinator scientifically gives you a uniform degree of cold, dry temperature, several degrees below the ordinary ice refrigeration, which keeps your food better and longer because it automatically keeps it at the proper degree.

Kelvinator is not only far more healthful and sanitary than the old-fashioned ice box, but is just as useful in the preparation of cold foods, desserts and salads, as your stove is for hot things.

Kelvinator is being demonstrated every day at our showrooms, and we will welcome the opportunity of demonstrating to you the reason we are equipping so many of our leading homes with this modern system of refrigeration.

An Entirely New Degree of Riding Comfort

The Brougham

Chrysler engineers have added the last degree of riding comfort by the adoption, after exhaustive tests with the tire makers, of special six-ply, high-speed balloon tires which wear as long as ordinary cord tires and still have all the resiliency of balloon tires. Those who, in amazement, have been carried in comfort by the Chrysler over rutted roads or cobbled streets at speeds up to 60 miles, will now find Chrysler riding ease still further increased.

Our own experience proves to us—as yours will prove to you—that no car, whatever its weight or size, equals the Chrysler Six in buoyant, restful riding.

The special spring suspension, plus perfect balance, plus complete absence of any period of vibration, plus special six-ply, high-speed balloon tires, accounts for the greater safety and better riding which the Chrysler Six provides for its passengers.

This sensation has been aptly compared to the smooth skimming over the water of a sailboat. The Chrysler Six seems actually to level out its own path over road inequalities.

We are pleased to extend the convenience of time-payments. Ask about Chrysler's attractive plan.

New Clearance Lots will be featured in every department.

Sale to Continue Until End of July

Census Taking Job Started Chamber Of Commerce On Wonderful Service Record

When the United States census bureau in 1920 walloped Escanaba with an unexpected black-jack, a group of prominent citizens, in all walks of life, formed an organization to stage a re-count. This organization found more than 2,000 persons in the city that the census takers had missed. It was not possible to persuade the government to reconsider its figures, but the local totals have been listed in a dozen guide books, directories and other documents of national circulation.

It was this census taking job that the Escanaba Chamber of Commerce started. The months that followed have been busy months. Just now, with a campaign for the renewal of membership pledges about to begin, a summary of a few of the accomplishments of the organization should prove interesting.

Such a summary follows:

- 1. Purchased choice water front property which was about to be sold to private interests by the I. Stephenson Company Trustees. 2. Secured cooperation of the various organizations dispensing aid to the needy of the city, by which duplication of effort was eliminated and increased efficiency secured. 3. Secured 400 jobs for men and women during the unemployment period. 4. Instrumental in securing the election of the first city council through a patriotic appeal to the electorate of the city to select commissioners solely for their business qualifications and to disregard religious, partisan and political affiliations. 5. Eliminated unnecessary and fraudulent solicitations. 6. Prevented in large measure the sale of fraudulent securities. During the past nine months the Chamber has been the means of preventing the sale of approximately \$38,000 worth of stock in two concerns which were not sound. 7. Established the first Tourist Camp site at Ford River with shelter, spring water and electric lights. Established the present site at South Park—one of the best in the central west. 8. Assisted in securing additional parking facilities at C. & N. W. R. Station. 9. Aided in securing the first series of land clearing schools in Delta County. 10. Promoted the establishment of a permanent summer camp for college girls on the Garden Peninsula. 11. Adopted and secured the present system of street decorations for Ludington Street and Stephenson Avenue. 12. Used the strength of the Chamber in securing the White Way for Ludington Street at a saving of \$15,000 to the city and thus inaugurating a street lighting program which has since been further carried on by the city. 13. Devised the now famous "Escanaba Plan" of equitably apportioning the State Primary School Interest Fund and made greater progress toward securing its enactment into law than even the most sanguine had thought possible. The enactment of this plan into law is believed by scores of legislators and prominent state officials to be certain and inevitable in which event Escanaba will annually receive \$60,000, Delta County \$139,000, the Upper Peninsula \$500,000, and poor school districts in the lower Peninsula \$1,800,000 additional primary school interest money. All of the announced candidates for the Republican nomination for Governor have publicly endorsed this plan in their respective political platforms. 14. Played a vital part in securing an amendment to Michigan's School laws, raising the tax limit from twelve to eighteen miles. Without this change our public schools would have been very seriously handicapped. 15. Endorsed House Bill No. 110 known as the Closed Cab bill. This bill was sponsored by the local Brotherhoods of Engineers and Firemen and was made a law at the last session of the legislature. 16. Sold portion of Chamber of Commerce water front to Hansen & Jensen Oil Co., thus clearing the way for the building of a modern farmers' dock which is now completed, and at the same time securing for the city a clear title to an alley, which is of strategic importance to the city as a means of ingress and egress to Little Bay de Noc. 17. Secured the co-operation of the city in securing the removal of the two unsightly, dilapidated docks extending north from the Chamber of Commerce property into Little Bay de Noc and at the same time making it easy and inexpensive for the city to equip itself for shipping its coal, cement, gravel, and construction supplies. 18. Acquainted the public through the Forum meetings of the need and aims of city planning in order to pave the way for the city to retain a city planner. A comprehensive city plan has already been submitted to the city council by T. Glenn Phillips, Consultant of the Detroit City Plan Commission. 19. Developed through various committees, numerous retail activities consisting of cooperative bargain days, retail merchants information bureau, uniform closing hours, spring and fall openings, sales lectures, a retail merchants institute, cooperative bill-board advertising and Goodwill tours. 20. Stimulated tourist traffic by cooperating with the Upper Peninsula Development Bureau in maintaining a display at the National Travel & Outdoor Life Exposition, held in Chicago during May 1923 and 1924, and securing for the Theodore Roosevelt Memorial Highway Association \$500 to be used in promoting tourist travel. This is in addition to numerous mailings and replies to inquiries. 21. Organized the first live stock improvement association in Delta county, thus paving the way for the organization of others in the near future. Assisted by the Upper Peninsula Development Bureau in promoting better dairying in the Upper Peninsula. 22. Fostered the organization of a city band under the leadership of a city employed band director. Council has appropriated \$2,500 for a band which will provide 12 weekly concerts during the summer months. 23. Instrumental in securing the establishment of a public market for two days each week during the summer and fall. The ordinance, which was submitted to the City Council by the Public Market Committee, has been adopted by the City Council. The Public Market will open sometime in the month of August. 24. Compiled and edited the first descriptive booklet of Escanaba and vicinity, 16,000 copies of which have been printed and are now being distributed. Demand for the booklet has far exceeded the supply. 25. Assisted the Salvation Army in becoming established in Escanaba on a more efficient and permanent basis. 26. Worked towards organizing the manufactures of Delta County for the purpose of maintaining an exhibit at the Michigan Industrial Exposition of 1924 held in Convention Hall, Detroit, May 3rd to 17th. The first prize loving cup was awarded the Delta County manufacturers' exhibit and a great number of business prospects secured for the participants in the exhibit. This proved to be the greatest advertising project that has ever been attempted in the history of Delta County. 27. Co-operating with the Escanaba Trades and Labor Council, have been instrumental in securing the establishment of a municipal department of recreation in charge of a full time trained recreational director. The director will be employed in the near future. 28. Stimulated a much better spirit of co-operation and established closer relations between all elements of our citizenship in the city and county. 29. Initiated and sponsored "Fire Prevention" Week in the Fall of 1923, resulting in activities which have measurably reduced the fire hazards of Escanaba. 30. Inculcated a spirit of enterprise which is largely responsible for the many improvements now being made, not only of a public character but also of many private homes and premises. During the past three years Escanaba's bank deposits, school census, school enrollment, number of telephone subscribers, users of water, gas and electric current have all increased from ten to twenty-five percent.

TESTS SHOW MANY HAVE EYE DEFECTS

(By The Associated Press.)

Detroit.—More than one-half of the workers who make the nation's motorcars lack normal vision, an investigation at Michigan motor company plants by the Eye Sight Conservation Council of America has revealed. Conditions not dissimilar, the council said, exist among millions employed in other enterprises.

Tests carried out by the Buick Motor Company at its plant in Flint, in co-operation with the council show that 56 percent of the company's employees have defective eyesight, the eyes of all having been examined when application for employment was made. This statement is embodied in a report to the council by R. F. Thalmers, safety director of the personal services department of the company.

Working with the council in a nation-wide campaign of eye conservation, the Buick company is testing the eyesight of each applicant for work, the result being recorded daily on the personal record cards of employees who, at the time of the report, numbered 24,451. The situation at the Buick plant, following similar revelations at the Ford Motor Company here, and at other large industrial establishments, continues wide-spread, according to the council which, in its report, just issued, says:

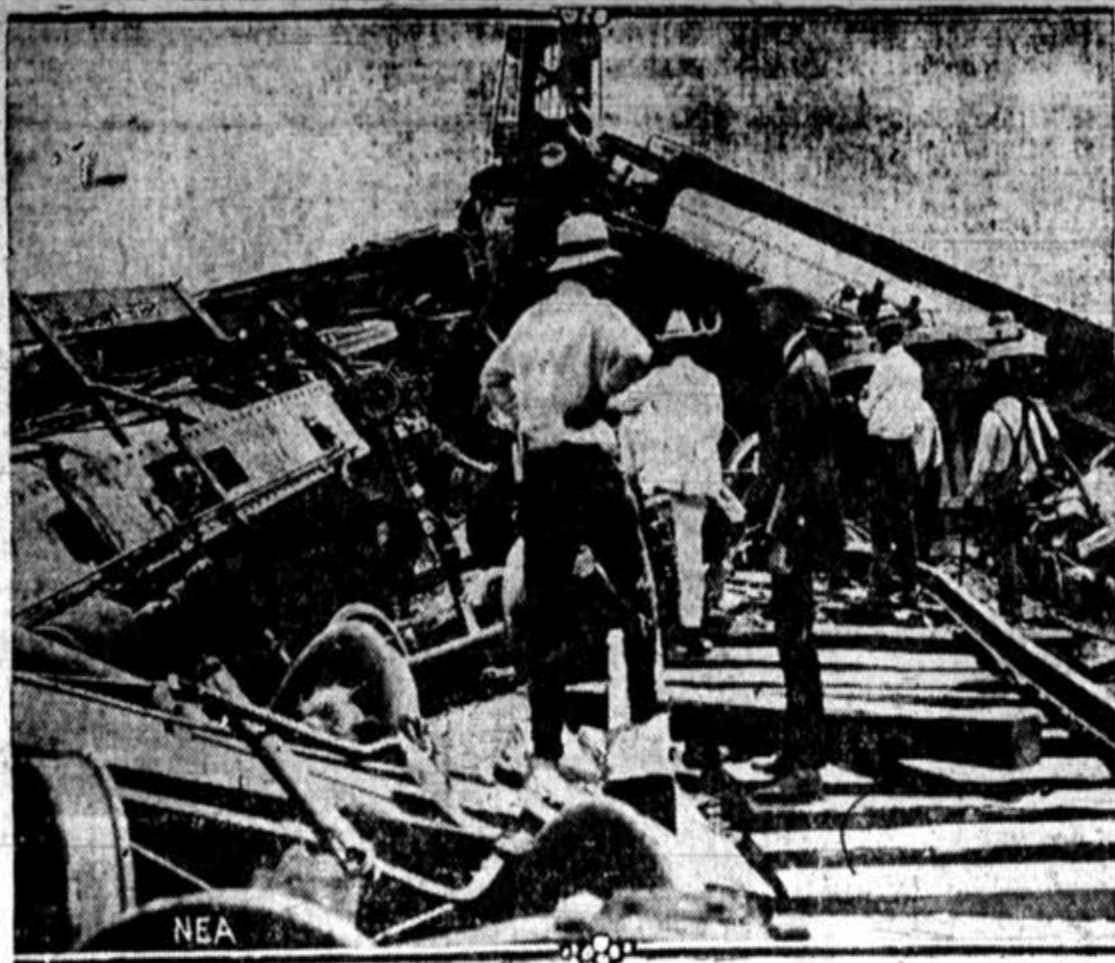

"The result of eye tests of the 3,513 applicants for employment with the Buick company may be considered as representative not only of millions of other persons as the persons examined at the Flint plant came from many different types of occupations seeking employment in the great variety of jobs to be had in a large plant manufacturing a highly complicated product."

PESANT COSTUMES.

Pesant costumes, sleeveless and embroidered in bright colors, are shown in voile and linen as well as in silk.

ALL ON BOARD SAVED THEMSELVES!—Dr. W. L. Baum, commodore of the Chicago Yacht Club, his wife and two children and the crew of six were compelled to make for shore in a lifeboat when a fire on board the 120-foot gasoline yacht Merwyn got beyond control. The blaze started five miles off South Haven, Mich., in Lake Michigan. Coast guards towed the flaming craft in to the beach. Here the flames are seen eating it up. The Merwyn, valued at \$75,000, was the flagship of the Chicago club's fleet.

WHEN AN AUTO UPSSET A TRAIN—A locomotive and four cars of a Southern Pacific freight train were overturned when the train crashed into an automobile at Lacassine Crossing in southwestern Louisiana. One person was killed instantly and seven seriously injured, five probably fatally.

Eric Liddell, the athletic young Scotch divine who can run as well as he can preach. On Sundays he appears in the pulpit of the Scotch Presbyterian church, Paris, and on the Olympic games field he shattered the world's record for the 400-meter run.

BOOTLEGGERS ARE BLAMED—Run-runners are blamed for the dynamiting of the Ottawa Street Methodist Church in Joliet, Ill., of which Rev. Henry E. Rompel, "three-gun parson," is pastor. Dynamite, placed under the rooms the minister used as a parsonage, blew out the rear end of the church and shattered nearly every plate-glass window in Joliet's business district. But Rompel and his wife escaped injury, for they are touring Europe now. Rompel, when in Joliet, "picks" three revolvers.

DOWN ON THE FARM—This honest rustle is none other than Senator Royal Copeland, who hoists a mean stack of hay when Congress has "let out" for the summer. He is pictured on his Goshen (N. Y.) farm.

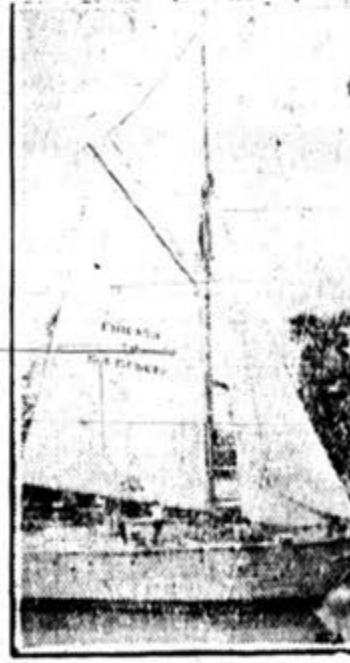

THE DEMOCRATIC NOMINEE IN MANY MOODS—Mr. and Mrs. John W. Davis as they appeared at the close of the Democratic convention. At left is the candidate in more formal attire, taken when attending to ambassadorial duties. At right he is shown in street attire while below (right) he is caught in an informal pose fixing his tie. Below (at left) is his daughter, Mrs. William McMillan Adams.

NO, GIRLS, YOU CAN'T HAVE 'EM—White egrets are now in their full plumage, but they will no longer adorn milady's hat. The birds were fast becoming exterminated when protective laws were passed by all countries. This egret in the London Zoo is an unusually fine specimen.

IN THE WAKE OF A KANSAS "TWISTER"—Here are a few of the things a tornado did to Augusta, Kas. Above can be seen the wreckage of four buildings, all piled together. On top of the mass of timber, brick, stone and iron is the debris of the Catholic church, a stone structure. At the right of the pile is the new high school building, completed only recently, with part of its roof gone and windows broken. A dozen injured and the body of a woman were found at this spot. Below is a view of the devastation along State street, principal business thoroughfare. A national guardsman is seen patrolling the district.

"BIG BILL"—Here is the first picture of the 68-foot schooner, Big Bill, that will carry the expedition of former Mayor William Hale Thompson of Chicago to the South Seas. The party intends to make motion pictures of squirrel fish which Captain Albert J. Dukes, commanding the expedition, says he saw on a previous trip. The boat sailed from Chicago, July 5, going down the Illinois Canal, Illinois and Mississippi Rivers.

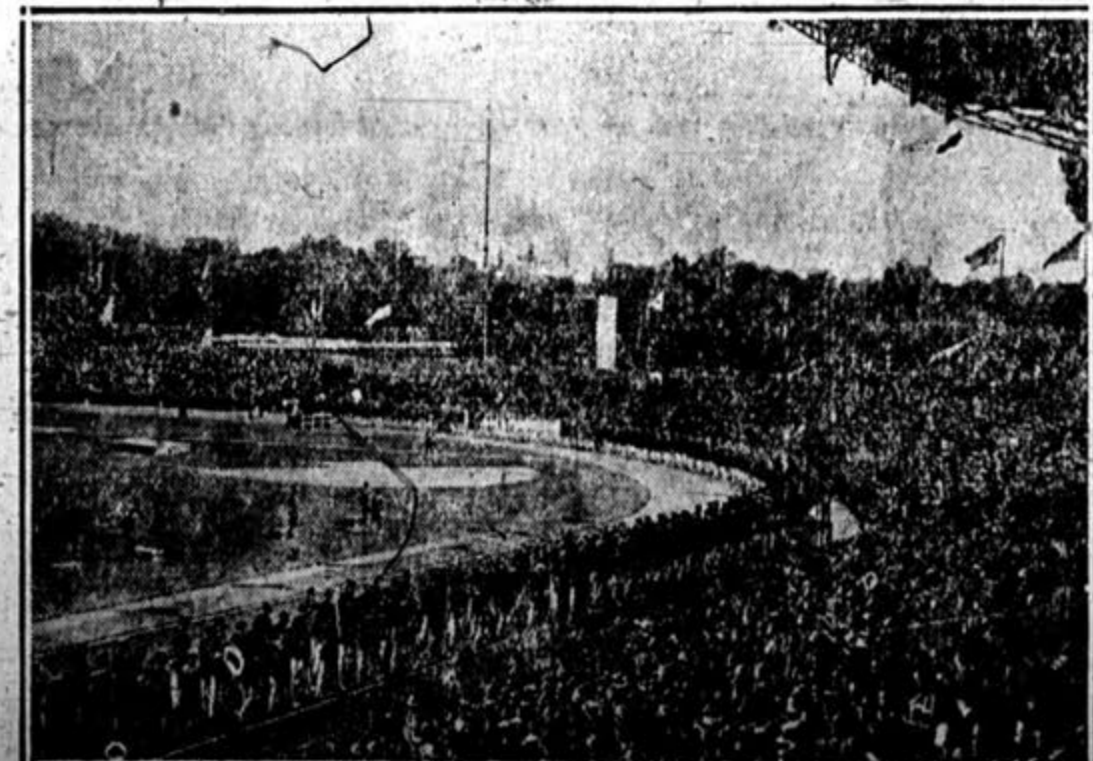

IN THIS PEACEFUL COUNTRY ESTATE at Winchester, Va., Harry K. Thaw now plans to stage a peaceful "fade-out" to his Seditious life story. Determining upon the quiet, simple life of gentleman-farmer, the chief figure of one of the most sensational cases in criminal history has purchased this idyllic southern farm with the avowed intention of settling down. What a contrast to the lurid flesh pots that figured in his spectacular trial!

HIS BASEBALL FACE—Charles W. Bryan, Democratic vice-presidential nominee, is one of those baseball fans who calmly studies a game from under a tilted hat. He was caught in an interesting study at Washington, where he went after the historic "bottle."

CHICKS BY MAIL—Chicks have taken to wings that fly—wings of the U. S. airmail service. One-day-old chicks are sent this way over long distances. P. T. Collins, one of the airmail pilots, is shown here with the first consignment of chicks from New York to Chicago.

OPENING OF THE 1924 OLYMPIC GAMES—Here is the opening of the Olympic games at Colombes Stadium, Paris. Athletes of all nations participated in the parade preceding the preliminary events. The United States, needless to say, easily landed first place, with Finland finishing second.

CAN'T KEEP A GOOD MAN DOWN—The Prince of Wales, coming to America this fall—shown ready to tackle polo, or hard or any sort of riding in spite of his much-advertised falls. This picture was taken at the recent contest between the Oxoniens and Old Contabs.

FIRST GAME IN BOYS' LEAGUE WON BY GIANTS

Using three pitchers, the Lakeside Giants won the first game in the Boys' League series at Manistique on Friday afternoon, trimming the Oakland Owls 4 to 1. The Owls filled the bases in the last inning, and threatened to tie the score.

R. Harbin, R. Williams, and Charley Wachter were the pitchers used by Coach Benny Thibault of the Lakeside big boys. Joe Wachter, brother of Charley, pitched a full game for the Owls, and showed no signs of weakening. Lyle Wilson started as catcher for the Owls, but was shifted to third base, early in the game, and was replaced by Don Wood, who finished the game. Johnny Thurman caught a good game for the Lakesiders.

The Giants, who are bigger boys, on the average, than the Owls, got away to a good start, and rolled up four counts in the first inning, largely on Owl errors. They scored three more in the second, but after that Charley Burn's Owls tightened up, holding their opponents to one score, while they chalked up three tallies.

The Oakland scores came in the second, fifth and sixth innings. In the fifth, Harbin struck out three of the Owls, after Tommy McNamara had scored on a base on balls.

Norm Jahn was the heavy hitter of the day for the Giants, getting two singles and a double in four trips to the plate.

The following players were in action: Oakland Owls—Harris Johnson cf, D. McCauley rf, M. Weber lb, Don Wood c-3b, Joe Wachter p, A. Anderson 2b, L. Lindstrom ss, L. Wilson 3b-c, T. McNamara lf, L. Stoor, cf. Lakeside Giants—J. Thurman c-3b-c, R. Williams p-ss, C. Wachter ss, N. Jahn cf, C. Smart lf, J. Forshar 2b, U. Malloy lb, E. Cowman rf, R. Harbin c-p, S. Rutledge rf.

An alibi claimed by Charley Burn, coach of the Owls, is that his men being Owls, could not see with the bright sunlight, consequently could not hit the ball as well as they can in the twilight. A good-sized crowd saw the game.

Scores: R. H. E. Giants 3 1 0 0 0—8 11 5 Owls 0 1 0 1 2 0—4 2 10

Boys Stage Parade; G. Dupont Is Victim

George Dupont, Manistique barber, was the victim and guest of honor in a pre-nuptial sight-seeing parade given by several of his friends Friday evening.

In recognition of the fact that Mr. Dupont is to be married next Tuesday to Miss Annette Spellmacher of this city, a group of friends gathered in his barber shop to await the completion of his day's work, before starting the party.

Their victim was tied with ropes in a bright red auto trailer, and in this position was paraded through the streets of the city.

A god time was reported by all.

CITY BRIEFS

Miss Lillian Johnson of Detroit is spending her vacation with her parents, Mr. and Mrs. Peter Nelson of Gulliver, also with friends in this city.

William Warfield of Loganport, Ind., Frank Warfield of Manistique, and Ed Hughson, also of this city, left Saturday for a visit at the Soo. The Indiana man has been the guest of his brother and at the Hughson home for the past week.

Mrs. Elmer Ackerman of St. Paul, Minn., arrived Saturday for a stay in Manistique.

Mr. and Mrs. Alfred Blomquist of Detroit are among the resorters at Harfishon Beach, Indian Lake. Mrs. Blomquist was formerly Miss Caffey of this city.

Mr. and Mrs. Lewis W. Sippel are visiting the latter's parents, Mr. and Mrs. Charles Kandel, 923 Deer Street.

Mrs. Antone Weber, Miss Eva Hart, Mrs. Ted Redmond and daughter, Faye, have returned to the city from a two weeks motor trip spent in Cheboygan, Petoskey, Flint, and Charlevoix. Mrs. J. E. Timmons of Detroit, who accompanied them, remained in Cheboygan for a visit with relatives.

Anthony Buch expects to leave Monday on a motor trip to Detroit, where he will join his wife for a visit with relatives, returning by way of Chicago.

Put 10,000 Bass In Indian Lake

Fishermen of Schoolcraft county were pleased to learn yesterday that 10,000 bass were added to the stock in Indian Lake by the planting process.

The baby fish were distributed by E. H. Jewell and Angus McLeod of Manistique. Anglers of future years will benefit from the planting of this large consignment.

Walker's Wife And Son Arrive

A broader smile than usual was displayed by Fred Walker, manager of the Manistique baseball team yesterday, due to the arrival of his wife and small son.

Mrs. Walker and son arrived Friday evening from Charlevoix, and will remain in Manistique for the rest of the season with Mr. Walker.

Announce Raise in Price of Lincolns

In a telegram received yesterday from the Ford Motor Co., the People's Auto and Tractor Co., at Manistique was advised of an increase in price of \$200 on all Lincoln cars, and \$75 on all Fordson tractors.

According to the wire, no increase in the price of Ford cars is contemplated at the present time.

1861—Jefferson Davis delivered his second inaugural message to the Confederate States Congress at Richmond.

MAINE PASTOR ACCEPTS POST

New Baptist Preacher Is Coming To Manistique In August.

Rev. Joseph Grosa of Monson, Me., is to be the next pastor of the First Baptist church at Manistique.

Rev. Grosa was a visitor in this city early this month. After his departure for Maine, members of the First Baptist church here voted unanimously to extend a call to Rev. Grosa, asking him to accept the pastorate of the local church.

The Maine man's acceptance of the offer was received yesterday, in a letter to the officials of the church. He is expected to arrive in Manistique about the middle of August, or soon after.

Mrs. Rutledge Is Dinner Hostess

Mrs. S. Rutledge was hostess to 25 guests at a bridge dinner given Friday evening at her home on Arbutus avenue.

The tables were attractively decorated with peonies and larkspur. High honors at bridge were won by Mrs. Gordon Shipman.

The hostess was assisted by Mrs. W. R. Gillette. This is the first of a series of dinners to be given by Mrs. Rutledge.

Case of Small-pox Reported in City

One case of smallpox arrived in Manistique by automobile on Friday.

The victim was Leonard Saunders, son of Dr. W. J. Saunders, local health officer. The disease was contracted at Iron Mountain, where Leonard is employed as a pharmacist. As soon as the nature of his sickness was learned, he was advised to leave for his home in Manistique. He is not seriously ill, was able to drive his car to the home of his parents on Walnut street.

No other cases have been reported at Iron Mountain, and the Saunders case is the only one at Manistique.

Switch Engine Off Track at Crossing Holds Up Traffic

North bound highway traffic was blocked for a half hour yesterday morning when a North Western locomotive, pulling a string of fifty ore cars, was derailed just east of the ore dock crossing, near the north city limits. A track crew was engaged in repairing the track at that point and had just placed a new rail in position and had but partially spiked it down when the train approached. It was believed that the rail would carry the load, but as soon as the heavy engine struck the spot it was derailed, halting the train with the ore cars stretching across the highway. Traffic was blocked until an engine could be sent from the west yards to pull the ore cars from the crossing. Nearly 200 north and south bound automobiles were jammed at the point before the crossing was cleared.

FLORAL DESIGN.

Embroidered borders in floral designs are seen on the white flannel coats for midsummer. Frequently they are part of a three-piece costume of which the dress is also embroidered.

1851—One hundred and fifty monks drowned when a wooden bridge near Moscow collapsed while a religious procession was passing.

COOL BLOUSES.

Blouses of tucked net, practically sleeveless and with trills about the neck, are very cool and attractive for summer for those who cling to the tailleur.

Some Good Buys

Look over this list of cars and get busy with the pencil and you can figure out where you are the winner of some good hard cash.

1919 DODGE TOURING
This job is in fine shape and includes a winter top. The first man or woman with \$195.00 takes this one, or on your fishing trip, if you wish.

1923 LIGHT SIX TOURING
Equipment includes bumpers, front and rear; motometer; spotlight, automatic windshield wiper, and brand new spare tire. This car has had very low mileage. Priced ridiculously low for quick sale.

OVERLAND SEDAN
Been driven just 962 miles. If you want to save \$300.00 on this one, come in and take it home with you. But don't hesitate, or you'll be disappointed.

1923 OVERLAND REDBIRD
This car has been driven just 5280 miles. You can imagine the condition of this one with so little use. If you want a practically new car for a few hundred dollars, come in and see it. Our price is so low we're ashamed to put it in print.

Walter P. Chrysler Says Maxwell Now Excels Among Fours

In the four-cylinder field, the good Maxwell is now duplicating the revolutionary results which the Chrysler Six has already registered among the sixes.

That in brief is the story of the recent developments which, in my opinion, now stamp the Maxwell as a most remarkable four-cylinder car.

The new results are so vital and so valuable that they put the good Maxwell far beyond previous conceptions of four-cylinder cars.

You've ever driven a four-cylinder car in which the last noticeable trace of vibration is gone?

Well, that's what you'll find in the good Maxwell of today, with its floating platform spring suspension of the motor.

I don't know that you can appreciate how much this means in new steering, handling and riding ease and far longer life, unless you experience it in the good Maxwell yourself.

As you go along, you will find the Maxwell riding the way you thought only far heavier cars could ride, and displaying a nimbleness that makes you wonder why anyone wants more than Maxwell gives.

Now turn to the other side—costs and upkeep and so on, which are materially reduced by the unusually high proportion of costly alloy steels.

You may not know that Maxwell owners are now averaging 24 miles per gallon of gasoline.

There are a dozen other things I could tell about, but do you know of any four that matches up to Maxwell in these respects?

21 Years of Service

In the 21 years since its founding, on June 16th, 1903, the Ford Motor Company has contributed largely to the motorizing of modern life. Ten million Ford cars have quickened the pace of business, have brought convenience to day-by-day travel and healthful enjoyment to the American family. Economical manufacture on a large scale makes personal transportation available to all.

The Piffle Hook

THE BAREFOOT BOY (Bows to Mr. Whittier)
Curse on thee, little sneak, Barefoot boy with so much cheek, Fussing with our pantaloons,

By: Carl Berglund. Under date of November 23, 1922, Rev. Father Ducholski, of Marquette, who was executor of the estate of Father Barth, writes Judge Yelland as follows:

THE OTHER dented fender on the opposite side of the table says the burglar visited his home last night and after making a thorough examination of the premises, left a \$2 bill on the dresser.

Helen Lorimore's Legacy

BY JANE PRELPS. WHEELLOCK DECLARES THE PUMP HOUSE HAUNTED. Chapter VI.

Mr. Drayton had expressed a wish that his niece keep Wheellock on until she had learned something of a rancher's life—if she decided to occupy the ranch. So although she instinctively distrusted the man, Helen felt in duty bound to keep him on in deference to her uncle's request.

She was about to enter when Wheellock accented her. Not knowing he was near, she was a bit startled and more than a little annoyed. "Why is this building not kept in better repair?" she asked.

Escanaba Voters Only in County to Re-Register. Chapter "A" commencing on page "97" of the Revision of 1923 Election Laws, being the pamphlet issued by the secretary of state, concerning election laws, provides, that in all cities and townships, having a population of 10,000 or more, there should be a re-registration of all voters of said city or township, unless the township board of any township, or the government of any city, passed a resolution before the fifteenth day of February last, requiring a re-registration.

Another Feature. FOR the benefit and protection of our depositors with checking accounts, we have installed the Protectu Check System. With this System, you can write your checks for a certain amount and then protect your check by tearing it at that amount. That being done, no check can be raised to a higher amount.

AMUSEMENTS

TODAY'S PROGRAMS. At The Delft—"The Man from Brodney's," a screen version of the famous novel by George Barr McCutcheon.

Acting for two audiences. This was the task confronting Gloria Swanson during the filming of her latest Paramount starring vehicle, "Zaza," which comes to the Delft theater Monday, for a three day run.

Strand Program. Roy Stewart in "Pure Grit" will be the first attraction of the week at the Strand theater, arriving Monday for a two-day stay. It is an outdoor story, with plenty of action and heart interest, adapted from William MacLeod Raine's novel, "The Texas Ranger."

Escanaba Daily Press, Escanaba, Michigan. "WILLY you kindly mention through the columns of The Press, my sentiments regarding the Probate Office of Delta County, of which I think is deserving of special mention."

THE PROBATE OFFICE A JUDICIAL POSITION.

As a general rule The Escanaba Daily Press will not favor any candidate for a local office before the primary election is held. We make only one exception to this rule and that is when the office is a judicial one. Our courts should be kept out of politics and only persons highly qualified for such positions should be elected to fill them. It is easy to convince any disinterested and fair minded person that Judge Yelland should be nominated and elected without opposition.

But it just so happens that there are a lot of laboring men in Detroit and Wayne county, where Alex has the power to control the newspapers of that Fordist city remains to be seen, but it just strikes us that there may be one or two sufficiently untrammelled to set labor right on Groesbeck's position.

Let Groesbeck go ahead and run a third time. If he believes he owns the office of governor, maybe the people of Wayne county will need it to him in fee simple, but we have a sort of sneaking idea that "the great commonality," one of which we hopefully aspire to be, will contribute to his defeat in such a full and wholesome and unquestioned way, that he, nor any other, will ever forget it.

Groesbeck should be defeated. As a matter of honor to the great state of Michigan, Michigan never should permit herself to put one man's ambition above her common sense.

Groesbeck wanted to be a United States senator. We don't know what for. But he had appointed Jim Couzens and he couldn't very well come out and run against the man he appointed. Couzens was quite a sick man and Alex was holding off in the hope that Jim might not decide to run again. Then Couzens got well enough to make an announcement that he would make the race.

It put Alex in a kind of a touchy place. Naturally, having served two terms and having become used to the ways of the capitol, he couldn't retire. So there was but one thing left to do and that was to run again. He's a lawyer but he doesn't care to be trusted.

TODAY'S BIRTHDAYS.

Alberto Santos-Dumont, the famous French aviator, born at Sao Paulo, Brazil, 51 years ago today.

Dr. Josiah H. Pennington, president of the University of Pennsylvania, born at Concord, Mass., 55 years ago today.

Dr. Hubert E. Bolton, of the University of California, who recently declined the presidency of the University of Texas, born at Wilton, Wis., 54 years ago today.

Walter F. Lineberger, representative in Congress of the Ninth California district, born in Hardeman county, Tenn., 41 years ago today.

Michael J. Gibbons, noted as a middleweight pugilist, born in St. Paul, Minn., 35 years ago today.

Senators Ladd and Frazier have announced that they will support LaFollette, which seems to bear out predictions that Battling Bob will be beaten by his friends.

SIR: You've had the Piffle Hook all to yourself long enough. What's the matter with Merry Ann, and her little friend in the lawyer's office across the hall.

Don't Pan the Others, Dolly! Explain to Us Where You Have Been Hiding. "Why hasn't somebody told Bob LaFollette that 'two's company, three's a crowd'?" inquires Hannibal Hamm. Very well, he'll know it when he reads it in this column.

WE'LL NEVER SEE A traffic cop arresting himself for speeding.—JEANNIE

POPULAR FICTION. "Right reserved to reject any or all bids."—HIPPO

SHORT CUTS TO ALMONY. Tell her you like bobbed hair on everybody else except her.—LEO

PERTINENT PERSONAGES. Governors who stack the field full and then decide to run themselves.
