Dear Mr. Blythe:

I would highly recommend that John Hatch, a junior at Northern Michigan University, be a participant in the National Indian Media Conference in Anaheim, California May 12-14.

On Ojibwa from Sault Ste. Marie, Michigan, he has shown outstanding abilities during the past year as editor of The Nishnawbe News, A Great Lakes Indian newspaper published by American Indian students on our campus. I think John has much potential in journalism, and would certainly profit by attending the NIMC-IV conference.
