To Glenn R. Stevens
Associate Provost

From Jeff Dickinson
Editor- Nishnawbe News

Dear Mr. Stevens:

I am sending you this memorandum, in reference to finding office space for the Nishnawbe News. With the current budget crisis, we find ourselves in need of rent-free space so that we can operate in the coming year.

I understand that there will be space opening up in the new skill center, if possible we would like to try for something there; however, we will consider moving elsewhere if need be. Are space requirements are approximately five-hundred square feet.

If we could acquire this space, it would most likely mean the difference between folding or continuing this newspaper.

The Nishnawbe News has been a great achievement by the Indian students on this campus. The paper has circulated through-out Michigan and the rest of the United States, and if we were to lose it, it would mean a great blow, to the students, and those who have supported the paper through-out it's history. I know that President Jamrich who has done more for Indian Programs than any other University president in the state, has also voiced his support for the paper.

In the short time that we have for finding office space, I hope something can be arranged. Please keep me informed as to any progress. You can reach me at 7-2241, or leave a message at 72143.

Sincerely;

Jeff Dickinson
