

MEMORANDUM

FROM

OFFICE OF THE PRESIDENT

September 1, 1972

To: Mr. James Carter

From: John X. Jamrich 

With reference to the financing of the Nishnawbe News, the thought has occurred to me that we might redesign the proposal in such a way as to be able to present it to several of the major newspapers of the state with a request for them to consider the funding of the Nishnawbe News.

For example, I think if we included the Detroit News, the Detroit Free Press, the State Journal, the Panax Corporation, and the Grand Rapids Press we might find enough dollars there to carry this on. And, if we were to be in a position to say to these newspapers that the University thinks enough of this to continue a portion of the funding and are simply seeking some matching funds from these newspapers, it might be even more appealing.

I would appreciate it if you would look into this as a possibility.
