

Mr Carter File

3/29/73

Robert Bailey
Indian Coordinator

Dear Mr. Bailey;

This letter is to verify my decision to step down, as editor of the Nishnawbe News. My decision was based on the fact that my academic studies are in jeopardy, at the present time. You will recall that I spoke to you concerning this matter on Mar. 23.

Also, as was brought up at that meeting, I would like to confirm in this letter the appointment of Gary Webber as acting Editor of the Nishnawbe News, tentatively until Sept. 1973, when the organization of North American Indian Students, will meet to elect an editor for the next year term.

I have already met with Gary Webber and mentioned to him, that the present policy of the operation of the newspaper will remain in effect until the Sept. elections. Also, I have mentioned to him that the quality and content of the newspaper is to remain essentially the same.

Gary Webber, I further believe, is among the most capable persons in our student organization, to handle the job as editor of the Nishnawbe News. I will continue to cooperate with him (Gary) in any way he may have need of me, and I have expressed this commitment to him. I know that Gary can do the job.

I ask you to notify all interested parties concerning this announcement.

Sincerely

Michael J. Wright
