Dear Mr. Bailey:

We have been notified that insufficient funds will prevent our awarding supplemental scholarship grants in order to assist the printing of your Indian newspaper, "Wishnawbe News."

Perhaps, if funding sources increase and hopefully more higher educational monies become available, we may be able to supplement in future times.

May we extend to you our best wishes for personal success as well as the Indian organization of which you are affiliated.

Sincerely,

R. C. Miller
Superintendent
