## MEMORANDUM

TO: JAMES CARTER, office of Research and Development  
FROM: MARLENE GAUTHIER, editor of Nishnawbe News

I just wanted to let you know that we at Nishnawbe News have really appreciated the generous contributions you have made to us this past year. You have helped out in times when we thought we would be snowed under with work and inexperience. For example the article you did for us "Interview With Butch Elliot", and the tips you gave Cher King and I on layout. These kinds of actions are what pulled us out of many tight situations and on behalf of this staff-Thankyou Mr. Carter.
