RE: April 15, 1975 letter from Lutheran Social Services

I have received the attached letter from Rev. James McClurg informing us of our being awarded funds for the Nishnawbe News project. Although we were not awarded the total funds requested, their award is certainly one we can put to good use.

As it was noted that they will make available their funds in the coming months, along with our present subscription donations, this will allow us to plan more soundly for future issues.

I think it would be in order for us to plan on submitting another proposal to the National Indian Lutheran Board for their consideration. As you will recall, they indicated previously we could submit a proposal for spring funding. I was recently in touch with their office and they stated that they will not review proposals until late this summer and it will be appropriate for us to submit a request for that review.

Dear Mr. Bailey:

I am happy to inform you that the Upper Peninsula Indian Coordinating Committee has elected to fund your proposal in the amount of \$1,200.00. We will be gathering together these funds within the next several months. As soon as we receive them we will attempt to disburse your money to you.

We hope that this money enables you to carry out your program effectively. We would also appreciate a semi-annual report from your organization as to its progress. Enclosed is a form that may be useful in your reporting.

Sincerely,

The Rev James K McClurg
