The steamer Florence, running between New York and Congo Island, while returning from Backaway on Thursday, with about one hundred passengers on board, burst her steam pipe and became disabled. Uttermost attention was caused among the passengers, but no lives were lost.

The Secretary of the Interior has nominated Robert Lee, of Zanoville, Ohio, George O'Brien, of San Francisco, and Mr. Wilson, of Minnesota, commissioners on the part of the Government to examine the section of the Mississippi lately completed on the Southern Pacific Railroad of California.

The fruit crop of Ohio, promises beyond all expectation. Peaches are more abundant than last year, about average in quantity, and the fruit is of better quality. Apples have not been so good as usual for ten years, of which the yield is fair. There has not been such a crop of plums within a decade.

The jurist case upon the complaint of W. P. Fishback, editor of the Journal, against J. C. Bright, proprietor of the Sentinel, involving some of the accounts of the latter as state printer, came up for preliminary examination at Indianapolis on Thursday. The case was postponed to await the action of the grand jury.

A Caracas letter of July 26th, says that the Venezuelan under Herrero have defeated Gonzalez Blanco's forces at every point, but cannot hold out much longer. The sailing of Gonzalez's expedition for Cuba would, it is feared, cause a war with Spain, as it is in contravention of the treaty between the two countries. Spanish war vessels are expected to blockade the ports.

It was not their time for rest and sleep; Their hearts were too full of youth... In their lives the best of youth...

No fear for them! In the lower field... Let us toil with arms unslacked... That at last we be worthy to stand with them...

An Extraordinary Sale of Cotton.

From the N. Y. Herald. A sample of the finest bale of cotton ever produced was exhibited at the New York Cotton Exchange yesterday.

ALAME CONCLUSION.

I was on my way home from a "Monday" party, when my hat was dissolved, and my footstep was arrested by the sight of a female in distress.

Ancedote of Governor Trumbull.

An old story contains a lesson which many married couples have not yet learned. When Jonathan Trumbull was Governor of Connecticut, a gentleman called at his house one day requesting a private interview.

"I am glad to hear it, Mr. W." said the Governor, "and I hope you will continue to court your wife as long as you live."

In grouping flowers, complementary colors as far as possible should be placed side by side—blue with orange, yellow with violet red, and rose with green leaves.

The extravagant tendencies of the present generation suggests the inquiry whether it would not be better to devote half ones energies to learning to live on a small income than to devote all to one's energies in struggling and waiting for a large income.

For under those circumstances she would not have had the same need of protection. Still, I confess that I felt extremely hot and uncomfortable.

"Oh dear!" she cried, turning dreadfully pale. "I never thought of that! Now it has happened, for a wonder, that there was a crisp new five-pound note in my pocket-book.

"Yes, sir; O yes!" she and I turned to me eagerly. "Then I think I can tell you how you missed her," said I.

In a few days I received a letter from Major Duckling acknowledging my great kindness to his daughter.

The members of the M. E. Society are to hold a Donation and Festival at Clark's Hall Tuesday evening the 12th inst. We are told, that ice cream, lemonade, pretty girls etc., will be there in wholesale quantities. A general invitation is extended to all, and no pains will be spared to make it an enjoyable occasion. Admission free.

WEATHER.—The weather for the past week has been very torrid. Fires have been in order along the line of the Peninsula Division, and across Little Bay du Noquet at Stonington. The shower Thursday evening however, had the effect to cool things, and we are now enjoying the usual delectable cool weather peculiar to this locality.

The Annual meeting of the Delta Co. Bible Society will be held in the Presbyterian Church, Sabbath evening August 23, at half past seven o'clock, to hear reports and elect officers for the ensuing year. Rev. N. E. Pierson will preach a sermon appropriate to the occasion, on the "Power of the Bible." An invitation is extended to all.

By order of the Executive Com. We are indebted to Mr. C. L. Rhodes Supt of the Jackson Iron Company's works at Fayette, for a correction in regard to the fires in that locality; instead of several miles of fence and sixty cords of wood being destroyed, the real loss was about 25 cords of wood, 2,000 fence rails, and no valuable timber belonging to that Co.

The Ford River Lumbering Co., of which J. D. Ross has charge, recently purchased the pine lands on the river, owned by the N. Ludington Company for \$75,000. We learn the mill is in good working condition, sawing daily, from 65,000 to 70,000 feet.

Dr. Bellows of Fayette, while on a visit here recently, purchased between seven and eight thousand dollars worth of State Road Scrip. A snug little pile that, and we hope that it may increase in value.

Resolution Adopted by the Catholic Temperance and Library Association on the death of James Houllihan.

ESCANABA, Mich., June 25, 1871. At a meeting of the Catholic Temperance and Library Association of Escanaba, Charles O. Malley Ch'n., and E. P. Boland Secretary, the following Resolutions were adopted relative to the death of the late James Houllihan:—

Resolved, That we have Almighty God to thank from our midst James Houllihan, a member of this Association, therefore.

Resolved by the members of the "Catholic Temperance and Library Association of Escanaba," that by the death of James Houllihan, this Association has lost an active and exemplary member, and the community a peaceable and worthy citizen, and as the death of the deceased deserves and should receive from this Association an appropriate recognition.

Resolved, That our appreciation of the kind, genial and manly traits which characterized the deceased in all his relations and intercourse with us and his fellow men, give a depth to our sorrow and a pang to our grief, produce only by the death of one, entitled to be called a friend.

Resolved, That his bereaved wife and family we extend with deepest sympathy our condolence in the loss of a true and loving husband and Father.

Resolved, That these Resolutions be entered upon the Journal of the Association, last a page thereof be set apart for that purpose, and that the Secretary be directed to transmit a copy of these resolutions to the family of the deceased.

CHAS. M. O'MALLEY, Ch'n. E. P. BOLAND, Secretary.

MARINER.

Capt. Young, of the new schooner Fred A. Morse, reports the losing of one of his sailors on his trip up. The young man had been ordered aloft to clew up some of the sails, after doing which, he busied himself in the rigging when he lost his balance in some way and fell from the mizen mast to the deck. The Captain, hoping to arrive at Port Huron in time to obtain medical aid, immediately put back, but the injuries of the unfortunate sailor were so severe, that he died before the vessel reached port.

NOTICE TO MARINERS.—Vessels entering the harbor at Sheboygan after dark are notified that several new crabs have been sunk east and on the north harbor pier, as an extension of the same. The beacon light being about 150 feet inside, they must make allowance accordingly.

COOL CONSENT OF COASTING LAWS Yesterday the British schooner H. P. Murry arrived here from Kingston, Canada, carrying a load of iron ore, originally from the mines of Sherman & Weatherby near Rouse's Point, Lake Champlain.

After the seizure of a lot of the same ore, which was laws seems very remarkable. The result, thus far, has not been very satisfactory to at least a portion of those concerned. Captain Reid yesterday came to the Custom House to report, expecting to pay the thirty cents per ton tonnage tax, but after that was duly paid, Collector Gaggia ordered him to pay a fine of fifty cents per ton, for violation of the coasting laws. This clears the vessel, but the ore is liable to seizure, and perhaps confiscation, by the Government.—Erie Dispatch, 1st.

BOY REPEARED.—The boy which by some unexplained means got misplaced or removed from Martin's Office has been replaced by another which has been well secured and planted.

The Green Bay Advocate gives an account of a young forger in that place, who had been engaged in selling washing machines. He sold one to a Mr. Curtis, and took in payment therefor a check on the First National Bank of \$25. He then procured blank checks and from this made out three more for \$50 each, disposing of one of them to Crandall & North, who took the same to the bank where the forgery was detected.

In the same paper we find this acct of HEAVY GALE AT DEFER.—The storm of rain and wind at Defere on Monday eve, between 8 and 9 o'clock, was much more severe than at this locality. The roof was entirely taken off from Mat. Reynold's large barn, a wing to Jane Remington's house completely demolished, a barn owned by Mr. Patrick was blown down; the barn on the river bank just north of G. L. LAWTON'S residence was entirely blown down, breaking through the roof, the brick falling on to an unoccupied bed; a new dwelling house, owned and occupied by Mr. C. Cart, was taken from its foundation and moved some ten feet, breaking the sills in the house; just causing no personal injury to its inmates. Apple trees were blown down in different parts of the village. The storm lasted about half an hour. The most fortunate part of it is that no one as far as heard, was seriously injured.

The Ontonagon Miner says: HOBOKEN & ONTONAGON RAILROAD.—The ground for this road was broken last week, and work is now being pushed ahead as fast as men and materials can be got together, nearly every steamer both up and down the lake are adding to their force of workmen. At the terminus of the road in LaSalle Bay a new town is being laid out, and settlers are coming in and building, and in all probability the place will soon assume the airs of a busy town, and cannot but be a place of some importance. The name given to the new town is "Fall River," from a small river of that name in the immediate vicinity.

A new Silver Company has been organized in New York to construct a silver mine upon localities on, on Lake Superior, immediately adjoining that upon which the Ontario Company, of this city, have just commenced operations.
