Look up your accounts. Change your appointments. This is the winter, but it's mighty else this is.

Now aren't you sorry that you didn't pay your taxes.

See that your children are regular in their attendance at school.

The days and nights are now about equal—particularly the nights.

The advance clerks of Mrs. Woodhull arrived here last Friday.

This cold weather has done away with the expression "dassaltee".

Some of our small boys should learn to play the bones—just for a change.

Oct. 20 is the day, Elliott's hall the place and Mrs. Woodhull the speaker.

For brotherly love and friendship, extend remembrance by leaving the same at the Tribune print shop.

Pumpkin pie festivals are now fashionable in some parts. A little cider goes good, too.

The celebrated Elder Ward will soon be now occupying the attention of the Detroit courts.

Charley Gannon, the imitative tenor of Escanaba, has been at Fayette for a week past.

Now is the time to brag about your big turkeys, pumpkins and potatoes and "dick" like.

Putting a pull-back neck tie on to "blow," is what Missouri teachers now call that amusement.

The Outagamie County fair, held down at Appleton, a short time since, was a complete success.

An article on the second page tells you all about when you should and should not catch brook trout.

Thirteen or fourteen vessels in the harbor last Monday morning, which made it seem something like old times.

Isabing is to have a new Presbyterian church, shortly to be christened that nest of inquiry is being christened.

J. W. Miller and J. McInnis of Ford River called in the office last week just too late to get a personal notice.

Why don't some enterprising tailor get up a "pin-back" pants fashion—they would so set off the appearance of fat men.

Sandy Thomas has removed his store to the building owned by him and formerly occupied by F. E. Bacon as a meat market.

Several deer were brought to town on Saturday last by the noble red men, who report this fine game quite plenty in the woods hereabouts.

Mike Shehan has been the happiest man in town for the past three weeks, all on account of a young son, which arrived at his house recently.

And now some elap wants to know if there would be anything wrong in calling the cook and the doctor "Ministers of the Interior." Certainly not.

Ice three-quarters of an inch thick formed on the ponds along side the rail road track at Menominee last week—Folks, come up here and get warm.

Since the first of January 303 journals and newspapers have suspended publication, but by the grace of God and a few greenbacks the Tribune will continue.

Talk about your reminders of "childhood's happy hours"—this office hasn't got 'em in the primary school located next door, we would like to know where you'll find them.

There hasn't been scarcely a word said yet by our granger exchange in regard to the withering and falling of the beautiful leaves—reminding one of the Autumn of 1916.

Our right hand man, "Tom," has gone away for a short vacation, and before he returns will probably visit the wicked city of Oshkosh. Use him tenderly, boys,—he was raised a pet.

A number of the Badger State papers are provided with spark-catchers and use them to catch Cinders from the Marquette Journal. As the ben article did not appear in any of them, we presume it was so strong that it got away.

Capt. Rogan's schooner Monitor ran against a snag some here in the vicinity of the Peninsula Light House, one day last week, staving quite considerable a hole in her. She was repaired here, and is now all right.

The pay car dropped the boys a few stamps this week.

Schiller, Winegar & Co., are daily receiving fresh vegetables even if it is late in the season.

Chris Olson has just received a fine lot of piece goods which he is making up into store clothes for the boys.

Burns left on last Friday's boat to select the largest and lightest stock of military and fancy goods ever brought to Escanaba. Ladies wait.

Our Satan was unfortunate enough to lose the key to this office this week, and anyone finding a large brass key will ever be held in grateful remembrance by leaving the same at the Tribune print shop.

The committee appointed to buy a hose cart for the village were unsuccessful in getting a cart built at home and so reported at the last special meeting of the Board.

Whether another cart will be purchased remains to be seen.

The Georgia Minstrel Troupe will be here again next Monday evening. In their previous performance in this place they gave universal satisfaction and this time they propose to give us an equally fine entertainment, with an entire change of programs hereover.

O'Rourke has re-opened his meat market with a fresh supply of meats all of the finest quality. Call on him and let the proof of the pudding—well you all know the rest of the adage. It certainly won't hurt you any to give him a share of your patronage.

The mill of Hubbard & Wood down at spaulding has been closed. For the past few months the mill has been run by W. H. Prettyman of Chicago, but a few days ago he vacated the premises, and since that time the boys have been making it lively by attaching his shingles which were on the Goodrich Transportation Company's dock.

Godley's Lady's Book for October is all that the ladies could reasonably desire in this, their favorite magazine. Literature and fashion are most happily blended, as usual, and the older grows this magazine the more enchanting it becomes.

The publisher is issuing a new chronicle for 1917, "The Morning Call," which is given to all advance-paying subscribers who remit direct to L. A. Godley, corner Sixth and Chesnut streets, Philadelphia. We have not seen this chronicle, but if it equals "The Reaction" given last year, it cannot fail of giving satisfaction. Various inducements are offered to getters-up of clubs, etc.

Butler & Eggs. L. D. McKenna has just returned from Wisconsin where he purchased an immense stock of fresh butter and eggs—all of the best quality.

Supervisors Meeting. The annual meeting of the Board of Supervisors of Delta County will be held at Escanaba on Monday the 11th of October. The Supervisors of the different townships will be in attendance as business of the utmost importance will come before the Board for their consideration.

Change in running the Goodrich Boats. During the past week a change has been made in the running of the boats of the Goodrich line. Instead of arriving here Tuesdays and Saturdays as heretofore, they will for the balance of the season arrive on Thursdays and Sundays evenings, leaving here Friday and Monday mornings. The boats will leave Chicago Wednesday morning and Friday evenings.

The Georgia Minstrels. On Monday evening next the celebrated troupe of Georgia Minstrels will give another of their pleasing entertainments at this place. Probably thus far there has been no minstrel troupe ever visited us that has given such universal satisfaction, and all who had the pleasure of listening to them in our town, wish here to be rejoiced to hear that they intend visiting us again. We bespeak for them a full house.

Personal Mention. Mr. Morley, Editor of the Iron Horse put in a portion of last Saturday and Sunday in town. He is delighted with Escanaba and wants to swap offices and things with us, but we wouldn't hear to it.

We understand that it is the intention of Dr. G. M. Grondia, the talented French physician who has made it his home here for a few years past to take his departure for Mexico in a week or so.

L. D. Hurd and Charlie Lorence of Depeere wandered into town last Thursday and succeeded in making matters quite interesting for the boys for an hour or so.

Fayette G. Clark, our Ford River correspondent was here again this week. By the way Mr. Clark is our agent in that locality, and will receive and receipt for all the money he can get for subscription or job work.

We regret to learn that Ed Donovan the Ford River mail carrier is quite dangerously sick, and hopes to be able to announce his recovery soon.

Dr. Tracy and our Tom have gone to Chicago to take in the Exposition. George R. Abbott went home to Kankakee city Ill. this week.

Dr. Crawford, the dentist has been in town the past week, attending to his professional duties. Somehow or other the impression has gone out that the doctor was going to leave his friends for good, but such is not the case. To be sure he is intending going east on a short visit, but he will only remain about one month, when he will return and attend to the wants of his patrons.

M. Bennett returned on Thursday but we haven't had time to interview him yet.

F. E. Coop and N. W. Lammers, agents for the celebrated Georgia Minstrel have been in town this week and of course honored the Tribune office with their presence. They appear to be lively men, and are fitted for the positions they occupy.

The M. E. Church society have concluded to sell the seats of the church, and a meeting for that purpose will be held at the church next Saturday evening. Commencing at 7 o'clock. The entire public are invited to be present.

The Goodrich Transportation Co. offer excursion tickets for the round trip from Escanaba to Chicago and return, including ticket of admission to the Exposition in Chicago for \$13. Indulge of A. M. BENNETT, Agent.

Mr. W. H. Patrick has discovered a process of bleaching his bark pulp so as to make white paper, suitable for printing books or writing paper. Paper of any color or thickness can be manufactured from the pine bark and every new investigation adds to its value, so says the Escanaba Herald.

Of Interest to Boys. Just now we are in need of a well read youth to learn and work at the printing business. Preference will be given to one who hasn't got more than the farm hand knowledge and who will not expect his employer to wait on him more than half the time. Alexander kid gloves will be furnished him while rolling and doing other dirty work around the office so that he may not soil his hands. Address or apply at the Tribune Office, Escanaba.

They Want a Road. P. Mallman from Garden Bay writes us that the crops in that vicinity are remarkably good, the people healthy, and that if they only had a good State Road from there to the heart of Little Bay de Noc they would all be happy. Mr. M. thinks it would greatly benefit the county at large if more attention was paid to the roads in that vicinity, and thinks an appropriation of State Lands should be made for the purpose of building them. He represents that the farming land thereabouts is excellent—claiming that there is none better in the county. He also thinks to little attention is paid to that particular portion of the county.

The Woodhull Lecture. As previously announced in these columns, the talented, Victoria C. Woodhull, will deliver her lecture "The True and the False, Scellaly," in Elliott's Hall on Monday evening next. The following is what the Leavesworth, Kansas, Freeman says of this lady and her lecture:—"The propriety of a lady discussing such topics in public will undoubtedly be questioned by some, but the positions taken by the speaker are sound, and the arguments used seem to be incontrovertible. After seeing and hearing this noted woman, we are satisfied that the popular estimate of her does her much injustice. We expected to find a bawling 'bawd'—newspaper accounts had led us to picture her as such—but we found instead an accomplished and lady-like woman; she was mistaken but she is undoubtedly honest in her convictions, and terribly in earnest. Every one who undertakes to do anything in conflict with the established notions of the public must expect to be abused but we believe Mrs. Woodhull to be the best abused woman in the world. However she is able to see her own row, and in her way upon the sins and shams of modern society is doing a vast amount of good. Her way of telling the truth may shock some good people, but she tells the truth nevertheless."

Prescription Department. In our Prescription Department we will keep in stock all the medicines in the country, and our experience in the same will warrant us in saying that any prescription, in our care will be carefully and accurately dispensed, at all times. We hope by strict attention to the wants of our customers, and fair dealings to receive a good share of your custom.

For Sale or Rent. The premises owned and occupied by Chas. H. Corbin. Inquire of C. E. ROYCE.

Michigan Land and Office. L. A. CLAPP, Commissioner. No. of certificates: Primary School Land, 1012, 1013, 1014, 1015, 1016, 1017, 1018, 1019, 1020, 1021, 1022, 1023, 1024, 1025, 1026, 1027, 1028, 1029, 1030, 1031, 1032, 1033, 1034, 1035, 1036, 1037,
