#### Range Items.

John Paul Jones, who last season managed the business of the Briar Hill company at Iron River, has been appointed general agent for that company at Cleveland, Ohio, and has gone thither to assume his new duties. We are not informed as to his successor at Iron River. It needs be a good man to fill his shoes satisfactorily.

Bowlders, in the last number of the Florence News, tells a story of two range pioneers—Capt. Whitehead, then manager of the Menominee mining company's infant business, and John O'Callaghan. Each had been south after money; one to pay his month's wages and the other to buy a saw mill, and each had it in a shabby satchel. At Fort Howard the satchels were somehow exchanged and each thought himself ruined until the mistake was remedied. A thousand dollars would not be so much matter to either of them, now.

We hear of a movement, by the people of the northern townships of Menominee county, in favor of the long-talked-of division of the county. Pretty late. Ought to have begun a month ago to have got any action by the legislature at this session, not but that there is still time to get a bill upon the calendar if prompt measures are now taken, but it will be toward the foot and not so likely to be reached as though it had been presented two weeks earlier.

J. H. Outhwaite & Co., Cleveland, have contracted for the product of the Nanaimo mine for the coming season. Two hundred men were discharged from the Youngstown mine on Jan. 31, leaving a force of twenty-five only. At the Point River mine a miner fell, head foremost, down a shaft 35 feet deep, all right upon another who was working at the bottom—neither man hurt enough to quit work. Highway robbers about. Leopold & Co., Crystal Falls, assigned to Hart Brothers, of Republic. Florence school-board can't get a building to use for a school-house. Woman masquerading in male attire—Bowlders is going to "know all about it" next week. Mining News.

The townships of Spalding, Breco, Norway and Breitung will ask to be set off as a county—the county of Iron—and expect very

little if any opposition. The Iron River and Crystal Falls folks are not ready yet, but will ask for a division of Marquette county in good time. The Indiana mine, the most valuable part of it at least, has just been discovered and it is now the best twenty-five-thousand-ton-a-year mine on the peninsula.—Norway Chronicle.

The Youngstown mine, at Crystal Falls has been "closed down." At the Chapin mine the ore grows harder as the deposit increases, changing from a soft hematite to a hard slate ore. C. J. L. Meyer has transferred his Hermansville property to the Wisconsin Land and Lumber company, a stock organization of which he is president and J. P. Meyer is secretary and treasurer. Iron Mountain must have a fire department. The Menominee River Improvement company has 45 men in camp at the falls and will soon "improve" them out of existence.—Men. Range.

For a good Cigar, a box of good Cigars—a thousand or ten thousand good Cigars. Mead's is the place to inquire.

Ready made clothing, a supply adequate to the demand and just a little more, now arriving at Ed Erickson's. If he can't suit you there is no other recourse but the tailor.

Nick Barth's "Home Pleasures" are made of the best Havana tobacco, all but the wrapper, which is Connecticut leaf or Sumatra, and is the best ten-cent smoke in town, by all odds.

ESCANABA, Feb. 8, 1883.

I feel it a duty to warn my neighbors, in case of fire and the necessary removal of goods from their houses, not to trust their stuff to the care of the Livery Stable opposite my place. My goods, taken there when the Escanaba house was on fire, are gone and I can't get them back or find out where they went to.

JOSEPH EMBS, Tobacconist.
